

RUSSIA HANDED REPLY TO ALLIED REPRESENTATIVES AT 11:45 THIS MORNING

Long Looked for Letter Has Finally Come To Light

STRAIN IS OVER

WHAT WILL BE RUSSIANS ATTITUDE TOWARD FOREIGNERS IS THE QUESTION

(By The Associated Press) LONDON, May 11.—(Reuter's Genoa correspondent telegraphed that the Russians at 11:45 this morning handed to Foreign Minister Schanzer, of Italy, their reply to the Allied memorandum.

LONDON, May 11.—A dispatch to the Evening Standard from Genoa says if the French and Belgians quit the economic conference Lloyd George will remain "and try to work the ship to port with short-handed crew."

GENOA, May 11.—The economic conference cannot stand many more days of strain such as it has undergone in connection with the framing of the allied memorandum to the Russian delegates and the rumors connected with the Russians' reply, which has been eagerly awaited for three days, but was not presented yesterday.

The great question bearing on the reply is: What will be the attitude of the Russians toward foreigners' property nationalized by the soviet government? Clause seven of the memorandum was drafted and redrafted to meet the objections of the French and Belgians. The Belgians finally refused approval and the French approved it with reservations. Every effort has been made by the allies, and the Germans as well, to have the Russians' concessions relative to the restitution of the property of foreigners in order to prevent disruption of the conference.

While the leaders of the "big five" powers were discussing the vatican memorandum today concerning freedom of religious worship and education in Russia and the return of church property, Premier Lloyd George issued a warning that if the conference backed the Roman Catholic church in a demand for restoration it would immediately provide powerful ammunition to the soviet government. Bolshevik Russia, he declared would certainly reply that the western countries, notably France and England, had confiscated church property in the past—England at the time of the reformation, France at the time of the revolution and during the period of separation of the church and state.

GERMANY TO MANUFACTURE OUR ZEPPELIN

TO REPLACE ONE ALLOTTED TO THE UNITED STATES BY VERSAILLES

(By The Associated Press) VERSAILLES, May 11.—Germany will manufacture a Zeppelin of 70,000 meters capacity to replace the one allotted the United States by Versailles treaty but destroyed in Germany, under award of Ambassadors Council, which allows America 3,000,000 gold marks in reparation.

NAVY TO SELL THOUSANDS OF VACUUM TUBES

(By The Associated Press) WASHINGTON, May 10.—Thirty thousand radio transmitting vacuum tubes will be sold by the navy department on May 15, it was announced today. Sealed bids, now being received, will be opened on that day. The sales will be made in lots of 10,000 each.

Various restrictions will be placed about the disposal of these tubes by purchasers. In throwing the 30,000 tubes on the market the navy department will ease the present pronounced shortage in this line of radio equipment.

DO YOUR SHOPPING IN SANFORD WHERE YOUR MONEY GOES FARTHER

The Herald expects to put on bigger editions this summer than we did in the winter. Sanford is not a winter town but an all-the-year-round town and this summer when a half million dollars worth of business blocks start to build, when a half million dollars worth of bond money will be spent in improvements, when hundreds of new farms will change hands and be cleared up and put in cultivation, when the golf links and country club will be all ready for the summer tourists, when the \$60,000 pier and boat basin is built, when the new million dollar tourist hotel will be started—

Well, can't you see that Sanford in the ten thousand class will come into her own and this summer will be SOME SUMMER? Our merchants are responsible for the continued prosperity of the Daily Herald and the city of Sanford for they believe in having special sales all through the summer and keeping the trade coming in here day by day and it is growing day by day. Read the advertisements in this issue—read the special sales and tell your neighbors and all your friends about them. Sanford is going after the trade of this part of Florida and Sanford will get it. Keep your eye on the Daily Herald and watch us grow.

ONE DEATH REPORTED FROM HEAT YESTERDAY IN MINNESOTA CITY

Read and Keep Cool You Poor Deluded Floridians—Cooler Here Always

(By The Associated Press) ST. PAUL, Minn., May 11.—One death from heat yesterday was reported here. Today the temperature reached eighty-five.

SPECIAL TREASURY REPORT MADE ON PUBLIC PRINTING FOLLOWING RECENT SHAKEUP

(By The Associated Press) WASHINGTON, May 11.—Report of a special Treasury committee which made inventory of supplies and equipment of the Bureau of Printing and Engraving following a recent reorganization of the Bureau's personnel was completed today and it is understood to be a substantial vindication of the declaration by treasury officials no material output of illegal bonds, note or stamps issued taken place within recent years. Report will record, however, discrepancy of some fifty sheets found when a check was made of special paper used in the Bureau for printing bonds and notes.

SEMI-GOVERNMENTAL CORPORATION FOR OPERATING MUSCLE SHOALS TO KEEP HENRY FORD AWAY

Corporation Sharks Are Getting Busy Putting Something Over on the People

(By The Associated Press) WASHINGTON, May 11.—A semi-governmental corporation for completion and operation of the government power and nitrate projects at Muscle Shoals, Ala., probably will be formally proposed to the senate agricultural committee today, it was outlined partially yesterday by James T. Floyd, of Washington, D. C., an attorney and former member of congress from Missouri, who announced later that the proposal would be completed last night and prepared for presentation to the committee probably at its next session.

J. H. Levering, a consulting engineer of Los Angeles, Calif., Mr. Floyd said, had originated the idea and asked him to draft it into the form of a bill for congressional consideration. It was the intention, the witness said, to provide in the bill for co-operation with directing body of seven comprising a representative for each of the departments, war, treasury and agriculture, to lease the projects for fifty years, complete those yet in unfinished stages and at the termination of the lease period, return to the government every penny it had expended at Muscle Shoals.

Henry Ford's proposed contract for lease and purchase of the shoals projects was made the subject of further comment by Chairman Norris, of Nebraska, who requested R. F. Bower, local official of the American Farm Bureau Federation to criticize the senate bill proposing a government owned and operate corporation for Muscle Shoals' development. In reply Mr. Bower said his opinion was that the bill could not be passed by the senate or house. Influences opposed to Mr. Ford's proposed operation at Muscle Shoals, added to those congressmen who were against government participation in business en-

OUR BUILDING PROGRAM VERY ATTRACTIVE ONE RUNNING TO A MILLION

GIRLS TEAMS PLAYED BALL AT LOS ANGELES

SCORE WAS 66 TO 16 AND GAME DELAYED WHEN GIRL TORE STOCKING

(By The Associated Press) LOS ANGELES, May 11.—A girl's baseball team of the University of Southern California and Occidental College met yesterday in a seven inning game which ended with a score of 66 to 16 in favor of California. At the end of the fifth inning the score was 30 to 7. Home runs were too numerous to tabulate. Contest would have gone regulation nine innings but one player tore hole in stocking and refused to play any more, until damage was repaired. Delay shortened contest to seven frames.

RED CROSS TO SOLICIT CONTRIBUTIONS

FOR FLOOD SUFFERERS IN THE MISSISSIPPI RIVER BOTTOM

(By The Associated Press) WASHINGTON, May 11.—Local chapters of the Red Cross are requested today by John Barton Payne, national chairman, to solicit contributions for the relief of victims in the flooded areas and valleys of the Mississippi, Illinois and Ohio rivers. At least half a million dollars is needed. President Harding has endorsed the appeal.

CROKER'S WILL IS PROBATED IN IRELAND

LOOKS LIKE TRIAL TO PROVE COMPETENCY OF TESTATOR

(By The Associated Press) DUBLIN, May 11.—Solicitors acting on behalf of the late Richard Croker's two sons in the United States served notice upon Mrs. Croker's solicitors today. They were instructed to enter caveat in Irish court against the will of Croker when it was lodged for probate. This, it stated, would mean a trial to prove the will and competency of the testator.

JULIA LUCKENBACH HAS EXPLOSION ONE MAN KILLED

(By The Associated Press) JERSEY CITY, May 11.—One man was burned to death and eleven were injured in an explosion today aboard the steamer Julia Luckenbach at pier here.

METROPOLIS HAD FIRE IN MAILING ROOM WITH SMALL LOSS

(By The Associated Press) JACKSONVILLE, May 11.—There was a fire in the mailing room of the Metropolis shortly after noon today with about one thousand dollars damage. The flames were on the ground floor, but the dense clouds of smoke surging up the stairways forced the employees to leave the building for half an hour.

CLERGYMEN SEND CONGRATULATIONS TO LLOYD GEORGE

WASHINGTON, May 11.—The convention of non-conformist clergymen yesterday received the following message from Premier Lloyd George at Genoa: "The humanitarian forces of the world are closing their ranks against brute force. The Genoa conference has sounded the tocsin of peace. We shall not rest until we have won."

For quick results, try a want ad.

Business Blocks and Pretentious Dwellings All Over the City IMPROVEMENTS

IN STREETS AND SEWERS, ON LAKEFRONT AND IN SUB-URBAN LOCATIONS

Sanford will have one of the greatest building records of her history this summer when the six-story First National Bank building, the six-story building on the opposite corner is started, the three story Meisch building next to the post office, the one or two story Merriweather building on Magnolia, the new theatre on Magnolia, the new theatre on Park avenue and several new buildings on lower Park avenue on the bulkhead totalling in all more than half a million in business blocks alone. In conjunction with all of this new building in the business portion of the city there will be at least one hundred new dwellings started in various parts of the city, there will be new school buildings, new street paving, new sewers, new pier and boat basin, several garage buildings of brick construction, at least two wholesale houses, a new laundry building and many others making in all about a million dollars worth of new buildings of various kinds. If this is not an ambitious building program for Sanford there has never been one. It means that this city will climb into the ten thousand class in another year and into the twenty-five thousand class in less than five years.

Investors have their eyes on Sanford and today this city is the greatest gold mine in the south for the man with money to invest. There is so much building to be done and not nearly enough money to go round.

And the best part of the story about the new buildings is that home people are doing all the building, doing all the financing, building their own city without asking any outside help. If we just had about three millionaires to visit us now there is no telling how many buildings we could put up between now and the next time it rains.

There are more new subdivisions being opened up than ever before and property is moving everywhere.

TORNADO IN LEXINGTON NEBRASKA

FIVE PERSONS MISSING, MANY ARE INJURED IN BIG BLOW

(By The Associated Press) OMAHA, Neb., May 11.—Five persons are missing, a score suffering from minor injuries, and large property damage by a tornado at Lexington, Nebraska, last night.

BISHOPS ELECTED FOR LIFE AGAIN IN METHODIST CHURCH

(By The Associated Press) HOT SPRINGS, Ark., May 11.—The Bishops of the Methodist Episcopal Church, South, will continue to be elected for life instead of a specified term of years, the general conference decided today, when a proposed legislation changing tenure of Episcopacy was rejected.

THE WEATHER

For Florida: Partly cloudy in north and central and probably showers in extreme south portion tonight and Friday.

Dean Turner, Frank Giles and R. J. Holly, of Sanford, were in Orlando yesterday looking over the town. Mr. Turner, who is district treasurer of the Boy Scouts, attended the Y. M. C. A. convention.

GO OUT TO THE LINKS AND COUNTRY CLUB THURSDAY AFTERNOON

Those folks who want to spend a real Thursday afternoon need not take a long trip to the beach any more. They can go out to the golf links and the country club, play a round of golf, take a swim and come home feeling like a two year old. The ones who have tried out this new course of pleasure and training say it is the finest tonic in the world and already Ed Higgins, Jack Davison and many others who usually go elsewhere to spend the half holiday have eschewed the beach and springs and even the ball games and it is the golf links and the country club for them. And they are really enjoying it to the fullest. Go out tomorrow afternoon and try the links. This club is for you and you should take advantage of it.

WILL HAVE CARD PARTY

The Woman's Guild of the Episcopal church will have a card party at the Parish House Monday afternoon at 3 o'clock. Elimination Bridge all can play. Come and bring your partner. Reserve table from Mrs. S. O. Chase, Phone 125 or Mrs. Forrest Lake, Phone 224.

THE WEATHER

For Florida: Partly cloudy tonight and Thursday; probably light showers in the extreme South portion.

WANTED—Position as construction foreman for contractor or private parties. 12 years experience handling construction of frame, concrete and brick, according to blue print. Can deliver the goods, if not, don't pay me. Address "Carpenter foreman", 607 W. First St. Phone 466. 37-3tp

WANTED—By first class carpenter and wrecker, with 23 years experience, to do your building, repairing and roofing. No job too small. Quick service and first class work. Just a trial will convince you that I can do the work. Address "Carpenter", 607 West First St. Phone 466. 37-3tp

WANTED—\$2,500 for 18 months. Security, life insurance and first mortgage if required.—Major L. R. Elkins, Chuluota. 37-2tp

1 Buick 4.
1 Goldsmobile 8, nearly new.
All in good condition and painted.—N. H. Garner at Wight Bros.' Garage. 36-3t&w-1tc

The Herald, 16c per week, delivered.

Flagler County is Mining Ochre From Tremendous Field

(By The Associated Press)
BUNNELL, May 10.—Flagler county has the distinction of shipping on Tuesday the first carload of fine grade yellow ochre, mined, ground and prepared at the Pidcock-Roberts ochre mine near Haw creek, about eight miles southwest of Bunnell, it being the only industry of the kind in the state of Florida.

The car was consigned to Jacksonville destined for local consumption. The company has been compelled to suspend mining during the potato harvesting season, but expects in a few days to be in full operation again and will ship in large quantities to Philadelphia and New York.

One of the principal products of this new industry for Florida will be pure oxide of iron, for which there is great demand at good prices and of which they will in a few days be ready for quantity production. Burnt silica, in its wide variety of high colors and all of a superior quality will take precedence over other mining, which is merely to be a side line or by-product, and from a small experimental start by Mr. Dave Roberts, a gentleman who has devoted years of study and trial of the Florida deposits the business now promises to rank among the largest and most important mining enterprises in the state.

So far as at present known these mineral deposits exist in no other portion of Florida in mining quantities, but Mr. Roberts states that the supply is sufficient in Flagler county to supply the entire country for a good many years to come. One of the real deposits is that it is almost exclusively surface mining, the overburden being one foot or less throughout the field, covering several thousand acres upon which the company has secured options. The company owns outright a considerable acreage, the mineral deposits alone being estimated at millions of dollars.

MRS. SHIELDS TO GO ON TRIAL TOMORROW FOR KILLING HUSBAND

(By The Associated Press)
DELAND, May 10.—The case of Mrs. Anna E. Shields, charged with murder in connection with the killing of her husband along the highway near here, several months ago, will come up in circuit court here Thursday, it was announced today. It is expected that all of the opening day will be used in selecting a jury.

Mrs. Shields is now the only person under charges for the death of her husband, the grand jury recently having failed to find a true bill against a negro named Pete Smith, originally charged as being a party to the alleged conspiracy to kill Shields.

Mrs. Shields' arrest came about through information furnished by the Ku Klux Klan. Much interest attaches to the case as to whether members of the Klan will be called a witnesses against her.

GUARD ACQUITTED IN ST. JOHNS COUNTY FOR KILLING PRISONER

(By The Associated Press)
ST. AUGUSTINE, May 10.—The jury last night acquitted Frank Quigley, former convict guard, charged with manslaughter in connection with the shooting of a convict of this county two years ago. Quigley pleaded self defense, saying the convict had attacked him.

GOLDSTEIN'S NOMINATION INTERNAL REVENUE COLLECTOR IS WITHDRAWN

(By The Associated Press)
WASHINGTON, May 10.—Nat Goldstein, whose recent nomination as Internal Revenue Collector at St. Louis, and has been the occasion of much criticism in the Senate, has asked that his nomination be withdrawn.

SCHOOL BONDS CARRIED BY FIGURES OF 13 TO 113 —LADIES WERE CLERKS

The election held yesterday at Sanford for bonds for school improvements in District No. 1 carried by a handsome majority. There was but little interest manifested in the election and a small vote was polled as is usual in bond elections and especially at this time of the year when the men are busy. The vote was 113 for bonds and 13 against bonds which show the determination of the people to vote for the improvements needed in the public schools. Mrs. Schello Maines and Mrs. June Roumillat were the clerks at the court house and Mrs. M. A. Phillips and Mrs. Kenneth Murrell were clerks at the building in the Hines block. The ladies are making fine clerks and inspectors at the elections and are in great demand.

SANFORD'S TEMPERATURE

Honestly folks, it is getting so blamed dry around here that people have to pin on their postage stamps, but then we should worry. Even with the continued drought we always live in hopes of a rain and if those folks in the Mississippi valley would just get through with the excess water in that part of the country maybe we would get a little down this way. However, the temperature still shows that we are having nice weather. Read the report today and sent it north.

17,700 Acres in East Orange County
On Famous Orlando to Ocean Highway
Rich Farming, Citrus and Trucking Lands
Being Syndicated in
30 Acre Tracts
Each tract fronting on Orlando-Ocean Boulevard at the extreme low price of—
\$28.24 per Acre
Five Years in Which to Pay—
Title Good—Warranty Deed Guaranteed
Land May Be Occupied Before Payment Completed
This tract consists of 17,700 acres bordering both sides the Orlando-East Coast Sixteen-foot Boulevard for about eight miles, is intersected by the Florida East Coast Railroad and two other main county highways one of which is to be hard-surfaced also.
Upon completion of these hard-surfaced roads the value of this land will increase very substantially as has already been demonstrated in all other sections of Orange County, and the syndicate proposes to sell in small tracts the syndicate holdings at a profit.
This tract is virgin timbered and the timber is conservatively estimated to be worth \$12.00 per acre.

**Thirty Thousand Manufacturers Make Report as
"Stable, Sane and Continuous Advance"**

(By The Associated Press)
NEW YORK, May 10.—Business and trade conditions throughout the United States as reported by thirty thousand manufacturers to John H. Edgerton, president of the National Association of Manufacturers today, show "Stable, sane, definite and continuing advance," summary issued by Edgerton declared.

**PRESIDENT MAY FAVOR
SALES TAX FOR BONUS**

(By The Associated Press)
WASHINGTON, May 10.—Views of the president on the soldier bonus legislation declared at the White House today as unchanged, will be transmitted during the next two days to Chairman McCumber and Republican members of the senate finance committee.

The president's ideas on the subject will be presented to the majority committee members as a result of the visit of Chairman McCumber and several of his associates to the white house recently, at which time the outline of the bill approved by the

committee majority was laid before Mr. Harding. The bill differs only slightly from the measure passed by the house.

The president's position on the soldier bonus was outlined in a letter to Chairman Fordney of the house ways and means committee when the matter was pending before that body and which was to the effect that either a sales tax to raise the funds for paying the bonus should be enacted or some other effective means should be.

WEST PALM BEACH, May 11.—Chief Mathews, after confiscating twenty-four quarts of liquor here one night last week had the evidence

stolen from his automobile, parked in front of the jail under the nose of a policeman. It happened that about seventy-five negroes were congregated about the jail to see the police lock up twenty others who had been arrested in a raid on a dice game. Someone in the crowd noticed the whiskey in the car shouted, "Liquor!" the spectators gathered around the machine and that was the last seen of the evidence. No arrests were made for the crowd scattered, and it was not known who was guilty, but the Chief is confident there was a joyous party in "Reno," the negro quarter, later in the evening.

**WE, the growers who compose
the Florida Citrus Exchange,
take justifiable pride in this,
our Sealdsweet trademark.**

of FLORIDA— by FLORIDA— for FLORIDA

**Consider These
Points**

The history, aims and purposes of the Florida Citrus Exchange may not be told in a few words.

They are identical with those of the citrus industry in Florida. The two cannot be intelligently separated.

After more than a dozen years of successful operation, the Florida Citrus Exchange today typifies the success of co-operative marketing carried on with the true co-operative spirit.

It is to co-operative marketing that all the producers of the United States today are turning and everywhere the Florida Citrus Exchange is regarded as a model of efficient service to members.

Whatever the problems of the future they must be the problems of the growers—those who own the land and the trees which produce citrus fruits—and only the organized growers successfully may solve them.

The expansion of carlot markets for Florida oranges and grapefruit has been due to the efforts of the growers' own co-operative organization. Future expansion of such markets must be made by the growers.

The first commercial introduction of regular supplies of grapefruit into Great Britain, with accompanying educational work, is but a single one of the achievements of the Florida Citrus Exchange during the current marketing season.

**Remember These
Facts**

Sealdsweet oranges and grapefruit are accepted by the trade as nationally advertised products.

And they are distinctly Florida products. Likewise distinctly citrus.

Hundreds of thousands of housewives who demand Sealdsweet from their grocers associate the name only with oranges and grapefruit—from Florida.

While the Florida Citrus Exchange preserves most cordial relations with co-operative marketing organizations everywhere, it has no entangling alliances.

A freeze in California or a drought in New York State for this reason may only bring the benefits of better prices to members of this organization.

Any member of the Florida Citrus Exchange always is in a position to obtain the "high dollar" for his fruit whenever there is a market upturn. Nothing could demonstrate this better than events of last ninety days.

In number of members, acreage and volume of fruit, the Florida Citrus Exchange shows constant and consistent gain. There must be reasons for these facts. Investigate and you will readily find what are these reasons.

IT is ours. It belongs to no one else. It cannot be taken away from us. Its value increases from season to season. That value and its increase, belong solely to us.

We are constantly working to upbuild the good-will value of our Sealdsweet trademark by advertising to consumers and to dealers; by consistent grading and packing practices; by intelligent co-operation with the trade.

We do this secure in the knowledge that the Sealdsweet trademark must remain a distinct asset to the citrus industry of Florida, and to Florida alone. It cannot be adversely affected by association with the products of any other section, or with other than citrus fruits.

During this last season we have made an increase of forty per cent in the private-sale, carlot markets in which Sealdsweet oranges and grapefruit have been sold, as compared with any previous year in the history of our organization. This is indicative of the progress which this co-operative body has been making, and is making, in every department of its operation.

The close of the season will find the Florida Citrus Exchange in the strongest position that ever it has occupied, having marketed successfully the largest volume of fruit in its history; and having made every possible preparation for the greater tasks which lie before it in protecting the interests of Florida producers, who must look to it, and to it alone for the solution of their problems, as citrus production further increases in the groves of the state.

In the ranks of the hundred-and-one associations of this organization there is room for every grower who has the ability to co-operate—"to conduct yourself that others may work with you." For detailed information consult the manager of the nearest Association or of the sub-Exchange in your territory; or write to the Business Manager of the Florida Citrus Exchange, Tampa, Florida.

Remember, there is no capital stock; there are no initiation fees; there are no membership dues.

AN EVENT OF UNUSUAL CHARACTER

THIS

OUR FIRST ANNIVERSARY FESTIVAL

IT IS MORE THAN A SALE

It is the celebration of our first year of service in Sanford. It is a fes-
 tival commemorating the first year of public confidence. To show our ap-
 preciation, we have planned this big event for the thrifty feminine shopper
 who is desirous of completing her summer wardrobe, in Mid-Season at ex-
 ceptional reductions.

Our entire stock of Ladies' Wearing Apparel, Millinery and Accessor-
 ies will participate in this event. It is not necessary to give a detailed de-
 scription of our merchandise for it already has established a reputation for
 itself.

Make your plans to pay us a visit for you cannot afford to miss this
 money saving event.

All rights of republication of special dispatches herein are also reserved.

Great is Sanford—The City Substantial.

And with deeper water she will be greater than the greatest.

Orlando is assisting in the waterways nobly. And when the St. Johns river is deepened Orlando can easily cut a canal to the river. We said it when we lived in Orlando and we say it yet.

An electric line to the sea would be just about the greatest thing that central Florida could have. And there are several ports on the east coast that could be made greater than any ports in the entire south.

There is so much for our congressmen and senators to do here in Florida in the way of deeper water and better ports and other improvements that we should think they would be rustling around some and going after these big things. There is no project in the United States with greater merit than the St. Johns river and yet the Florida delegation rarely opens up their voices in song about it and we have had nothing in the way of improvements in ten years.

Attorney General Daugherty says the U. S. Senators can spend all the money they want on their candidacy campaign since Senator Newberry has been whitewashed. They can spend all they want in every state except Florida and here they are held down by the Bryan Primary law. Some of them however never needed any Bryan primary law to hold them down in their expenditures. If they ever spent a nickel for a cigar they would have had a fit and jumped into the river. The campaigns now are just like Sunday school picnics with the red lemonade cut out and swimming prohibited. But one thing is sure and certain—the candidates get no more free notices from the newspapers. They pay for what they say now or there is no say and the peanut politicians that formerly rode the newspapers are paying in advance or they get no notices. The editors of Florida have torn their shirts for candidates the last time.

WHAT MOTHER REALLY WANTS

Each succeeding Mother's Day gives one a new vista down the winding years about mother and we come to think that if mother is living she ought to have the flowers instead of waiting until she is dead. Our mothers have done so much for mankind that they are entitled to much more than they ever get in this life and it is only when we have children of our own that we begin to realize just what sacrifices mother made for us. Col. Nolan speaking here for the Ku Klux Klan very truthfully said that "he held no brief for the young people of today but what the nation needed was to put grandma back on the pedestal where grandpa placed her many years ago."

This was putting it mildly but putting it in the proper light. We have gotten away from the old time chivalry and respect for women. Grandma, mother and sister are no longer on the pedestal where they were many years ago and where they should be today. The Lakeland Telegram says:

"The saying that a bad man is one who can not speak of a good woman without tears in his eyes is clever because there is a deep truth beneath. This truth is that the worst of men frequently try to atone for their misconduct by a strict attention to sentiment. The unfaithful husband bringing expensive gifts to his wife lives on in cartoon and vaudeville because he lives on in real life.

Mother's Day properly calls forth the expression of much beautiful sentiment toward mother in particular and toward women in general. It is not amiss to ask if we are sincere.

No matter what other countries have been or are—for they have shown that they can be most immoral while most "chivalrous"—in a land where men prey on womanhood, while boasting of the protection and luxuries they give their own family; where thousands of women every year die in childbirth for lack of knowledge or attention; where large numbers of prospective mothers earn by their own manual work the money to pay the expenses of the birth; where thousands of women every year undergo operations made necessary by the results of their husbands' infidelities; in a country like this we can be excused for viewing with a critical eye our Mother's Day sentiments and our talk about our reverence for women. We are not the worst nation in the world, but we have a long way to go.

What mother wants, people of America, is not merely the annual Mother's Day gift and sentiment while she lives and flowers on her grave after her death. She wants such sons and such daughters, as she can, without too much effort, take a pride in. This is her greatest possible happiness. What women in general want from men is—sentiment, no doubt, but, first of all, genuine and sincere protection, and, individually and collectively, a square deal.

INDUSTRIES ADVERTISE YOUR CITY.

The best publicity a city can have is out the advertising of Chamber of Commerce or Boards of Trade, but that of successful industries located there, according to Henry L. Staples, of Richmond, Virginia, chairman of the Southern Council of the American Association of Advertising Agencies.

In responding to an address by the mayor, welcoming the quarterly session of the Council to Winston-Salem, Mr. Staples also emphasized the growth of advertising in the South as indicative of the business development of this section, among other things saying:

"As late as fifteen years ago, a prominent advertising man after traveling for weeks through the South, told me that he found no products good enough to advertise.

"It must be a source of gratification to every southern man to note the changed conditions of today—not only in textiles but in other lines as well.

"Sandsweet Oranges and Grapefruit the incomparable gift of Florida's golden groves, greet you on the breakfast table at the Ritz or the Waldorf.

"Carloads of Coca-Cola—that advertising prodigy of Atlanta—are quenching thirst in Kansas City and Seattle.

"Planters of Peanuts—made in Suffolk, Virginia, smile at you from the news stands along the subway as you wait for the South Ferry Express.

"Ivory Garters—made in old New Orleans, are in evidence in the locker rooms at Pine Valley, Woodlawn or Sunset Hills while their owners are enjoying the carol of the creak and melody of the mashie.

"V.C. Fertilizers, made out of the fertility that went to nourish the bones of animals in bygone centuries, are being shipped from the South to the corn belt so that fields may stay productive for man and his children's children.

"These products have all outgrown the swaddling clothes of sectional distribution. These manufacturers are not only manufacturing the goods, but they are manufacturing public opinion concerning them.

Each of the products which I have just referred to have been helped by national advertising prepared by members of the Southern Council of the American Association of Advertising Agencies who are meeting here this evening.

"Quantity production was America's first great gift to industry. Quantity selling or advertising was her second. We have discovered the only selling force that can be multiplied as fast as machine-made merchandise, machine-made salesmanship or advertising. Many businesses still suffer because of attempted mass production without mass selling. They need to make an

UNCLE HANK

Note that mothers are naming their newly born sons, "Warren." It's doubly important that our new President make good.

advertising investment in proportion to the money paid for plants, materials and labor."

DIGGIN' THEIR OWN 'TATERS.

It is most noticeable this spring that the papers of Florida have refrained from going into ecstasies over candidates for state and county offices.

The Miami Herald noticing it also, very aptly says:

"Florida newspapers are giving every candidate who announces his ambitions before the coming primary a friendly notice, but none of them seem to be taking sides as between those who have announced. The fact is that the newspapers of this state are beginning to realize that, heretofore, they have been something of a catspaw for ambitious politicians and that they have been used to further factionalism, something that is now fast disappearing from the state. Their present attitude seems to be to let candidates do their own electioneering without any material aid from the press."

If the candidates for political offices in this state want the newspapers to devote columns and pages to them again, ever, they will have to pay for said columns and pages at the regular rates we would charge any other "gusher," "wild-catter," or "promoter," to say nothing of the solid business men.

In other words politicians from now on in Florida are going to "Dig 'taters," instead of "standing round braggin' on father, jollyin' mother, kissing baby Sue, and eating the yams after they are roasted.—Tampa Tribune.

GO TO JAIL OR BE SOMEBODY.

The first chapter in the life story of what some day may be called "The Making of Guy Robbins," was ended the other day by Judge Scentel, of Urbana, Ill. He gave Robbins, a farm hand, the alternative of going to prison for 10 years for robbing a store, or agreeing to obey these ten commandments laid down by the court:

Go to church or Sunday school at least once a week.

Give up cigarette smoking for one year.

Stay away from pool halls one year. Read books selected by the public librarian, and report to the probation officer what he had read.

Keep employed constantly, and keep account of expenditures.

Stay off streets at night except on business.

Keep all laws of state, city, or village.

Drink no intoxicating liquor.

Pay all court costs in \$5 monthly installments.

Report to circuit judge the first day of each court term.

If Robbins lives faithfully to this contract for six months the penitentiary will never get him. It is an interesting experiment, one that the country well might watch.—Capper's Weekly.

WHERE THE STATE ROAD MONEY IS GOING

The Tampa Times is compiling some valuable statistics about the road building in Florida and showing that the bulk of our money—South Florida money—is going for roads west of the Suwannee river and show the truth of these assertions by the following statistics:

"On state Road No. 1, from Jacksonville to Pensacola, on 134 miles of the project the department estimated that there would be expended by the department or under its supervision \$3,382,990, of which the federal government was to provide \$1,541,720, the state \$1,212,930 and the counties thru which the road is to be built \$628,338. This is distinctly a north and west Florida project, and represents more than one-third of all the work undertaken by the department since its organization. The physical shape of Florida is largely north and south, and the travel into and out of the state is principally in those directions. Road

No. 1 is in large measure a local project—and will not serve a general purpose.

"Road No. 2, from the Georgia-Florida line to Fort Myers, a distance of 146 miles, comprehends expenditures of \$2,460,409, of which the federal government is to pay \$800,769, the state \$573,302 and the counties through which it will be built \$1,026,337.

"Note the disparity: on road No. 1—an east and west project—to cost \$3,382,990, the counties pay \$628,338 while on road No. 2, a north and south project, facilitating travel in and out of the state, of the total cost of \$2,460,409, the counties pay \$1,026,337.

"Road No. 3, Jacksonville to DeLeon Springs, is to cost \$780,831, the federal government to pay \$227,365, the state \$288,357 and the counties \$265,108.

"On state road No. 4, along the east coast, the projects approved by the road department are almost entirely in St. Johns county and north. They are estimated to cost \$1,694,211 of which the federal government will pay \$399,204, the state \$698,567, and the counties \$596,440.

"On road No. 5, from High Springs down the west coast through Tampa, extending to Fort Myers and thence following the Tamiami Trail, projects which have been approved by the department are located only in Levy, Hillsborough and Manatee counties. These projects are estimated to cost \$663,848, of which the federal government will pay \$196,924, the state \$344,553 and the counties \$122,370. It should be borne in mind, however, that this does not include the large amount of money spent by Hillsborough county to build this road from the Pasco county line to the Manatee county line, the only state aid given being \$175,000—\$100,000 of which has not yet been paid, though long past due—and the cost of two bridges, approximately \$100,000.

"Road No. 6, in Calhoun county, from Port St. Joe to the Jackson county line, a distance of 65 miles, is to cost \$195,000, on which the state will pay \$113,000 and the county \$82,000.

"Road No. 7 in Escambia county will cost, it is estimated, \$334,203, the cost to be shared by the federal government, and the county.

"Road No. 8 in Highlands and Okeechobee counties will cost \$314,933, of which the state will pay \$53,034 and the counties \$261,899.

"The Hernando, Pasco and Pinellas

state aid road, No. 105, is to cost \$300,513, the counties paying \$60,140, and the state \$240,373. This project includes two bridges in Pinellas county to cost about \$200,000.

"The estimated cost of all projects approved by the state road department aggregates \$10,529,415. The total cost of all projects in the first congressional district as \$1,668,555. This county alone has expended nearly twice that sum, realized from county and district bond issues, in the construction of roads.

"Federal aid allotted to the state on approved projects aggregates \$3,365,682. Of this the first congressional district gets but \$272,823, and the balance of the state \$3,092,859.

"Of state funds used for these projects in the entire state there is allotted \$3,745,504. The first congressional district gets of this sum \$287,934 and the balance of the state \$2,457,570.

"The counties of the state put up as their portion of these projects \$3,418,229. The counties in the first congressional district put up \$567,796, and the counties outside this congressional district \$2,840,431."

WEATHER AND CROP CONDITIONS IN FLORIDA FOR THE WEEK ENDING MAY 9

Temperature: The temperature averaged from 3 to 5 degrees above the seasonal, except in the south and extreme west where it was about the normal.

Rain: Showers occurred over all divisions—least in the lower central

and southern counties. Rainfall was locally heavy west of the Suwannee River, especially in Jefferson, Gadsden, Walton, Escambia and adjoining districts. There are areas, however, in the peninsula where drought continues, although relieved to some extent by showers.

Crops: The rain of the current week and that of the last days of the previous week saved a critical situation over much of the peninsula. Corn that was withering generally and apparently beyond recovery, showed much improvement, although the growth is backward and some in highlands was lost; early corn is in market. Cotton is coming up—long delayed by drought, and chopping and first work made progress; plants are small. Tobacco made good progress as did peanuts, cane and minor crops. Melons improved, but growth is backward; some complaint of premature ripening—result of hot, dry weather. The oat crop is generally poor; some fields were abandoned; harvesting continued under favorable conditions. Sweet potatoes were set out where soil moisture was sufficient, and the harvesting of Irish potatoes continued. Beans, tomatoes, and other truck made fair progress. Citrus trees, as a whole, improved, but there are areas where the rainfall was entirely insufficient, and the dropping of young fruit continued. The last week or ten days were the most favorable in the peninsula since crop development began, but more rain is needed in all divisions.

Bargains found each day by reading the Herald Ads.

If you have any friends visiting you who are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving the name of the person and the item. It will be greatly appreciated.

CALENDAR

Friday—Mrs. Emma Johnson will entertain the members of the Mothers Club at 3:30 p. m. at her home, 206 Laurel Avenue.
 Friday—Tacky Dance at the Parish House at 9 P. M., given by the "Harmony Three."
 Saturday—Children's Story Hour will be held at Central Park at 4 p. m.
 Monday—Social Meeting of the Business and Professional Women's Club at 6 P. M., at the Welaka Building.
 Tuesday—Card party at the Parish House at 3 P. M., under the auspices of the Women's Guild.

Mr. and Mrs. Frank L. Woodruff and Mr. and Mrs. A. T. Rossiter are spending this week at Fort Myers.

Mr. and Mrs. H. A. Nagle of Baltimore were in the city Wednesday. Mr. Nagle represents Daniel Miller Company.

Mrs. H. A. Bivins leaves today for her home in Arcadia after spending a few days here with her parents, Mr. and Mrs. B. W. Herndon.

Mrs. Henry C. Ball and little daughter, Louise Mae of Gainesville are the guests of Mr. and Mrs. J. G. Ball at their home on Park avenue.

Mr. and Mrs. A. A. Boone and Erwin Seay of Dade City arrived in their car yesterday and are the guests of Mr. and Mrs. Wideman Caldwell.

Mrs. George Fox and son George, Jr., and Mrs. E. A. Douglass are visiting their sisters, Mrs. Charles Leffler and Mrs. Albert Jones in Miami, this week.

Mrs. R. J. Starling returned home yesterday from Jacksonville where she spent the past two weeks with her sister, Mrs. Robert Simms, at her home in Riverside.

Mr. and Mrs. Charles Lawrence Britt announce the birth of a son Wednesday, May 10 at their home on Palmetto avenue. The young man weighed twelve pounds.

Mrs. Duncan McDonald of Miami who has been the attractive house guest of Mrs. Edward Lane, left Tuesday evening for Palatka where she will spend some time.

The delegates from the local Business and Professional Women's Club to the convention which is being held this week at Orlando, are Mrs. Porter Wakefield, Mrs. John Leonard, Mrs. Clara Phillips and Miss Mill Whitner.

Mrs. Robert W. Simms of Jacksonville and Mrs. Susie Tripp of Atlanta, Ga., motored to Sanford yesterday from Jacksonville and are the guests of Mr. and Mrs. B. J. Starling. They were accompanied here by Mrs. Starling, who has been the guest of her sister, Mrs. Robert Simms, for the past two weeks.

CARD PARTY CHANGED
 The card party to be given under the auspices of the Women's Guild, has been changed from Monday afternoon to Tuesday afternoon, May 15th, at the Parish House.

BRIDGE PARTY FOR VISITOR
 Mrs. Edward Lane was the gracious hostess Monday afternoon, when she entertained at bridge at her home on Park avenue, honoring her charming house guest, Mrs. Duncan McDonald of Miami. There were four tables of players and a number of tea guests.

Quantities of pink and white petunias and oleanders in wicker baskets and vases were artistically used in the various rooms where the card tables were arranged.
 The prize for high score, a cut glass mayonnaise dish was won by Mrs. Tom Jackson of Deland, while the cut prize, a bottle of toilet water was won by Mrs. A. W. Lee. The honoree, Mrs. McDonald was presented a silver vanity as memento of the occasion.
 Following the awarding of prizes, the hostess served a tempting salad course, followed by an ice course.

ENTERTAINS AT BRIDGE
 Mrs. Charles Ward, who has been spending the winter here at the Seminole, and who expects to leave Friday for Jamaica, entertained a number of her friends last evening at bridge at the Seminole.
 Bright colored spring flowers were effectively used in decorating for this delightful affair.

Of exceptional interest was the game of bridge played, high score being made by Walter Connelly who was awarded a set of bridge cards.
 At a late hour, delicious refreshments were served, and the occasion was one of much enjoyment to the guests who were, Mr. and Mrs. B. W. Herndon, Mrs. Frank Miller, Mrs. H. A. Bivins, Dr. and Mrs. Potter, Mrs. A. P. Connelly, Miss Esther Miller and Walter Connelly.

BUSINESS AND PROFESSIONAL WOMENS CLUB
 The Social Meeting of the Business and Professional Women's Club will be held Monday evening at the Welako Building, instead of at the home of Mrs. Porter Wakefield as first announced.

ENTRE NOUS BRIDGE CLUB
 The members of the Entre Nous Bridge Club were most pleasantly entertained last evening by Mrs. B. F. Whitner at her home on Oak avenue, there being two tables of players.

The rooms where the card tables were placed were adorned with quantities of spring flowers combined with greenery.
 In the interesting game of bridge played during the evening, top score was made by Mrs. J. G. Ball, who was presented a hand painted vase filled with Shasta daisies.

At the conclusion of the card game the hostess served a dainty ice course.

The Congregational Men's Club will meet tonight. Business of importance is to be considered. Let every member be present on time at 8 o'clock.

STATE GAME LEAGUE WILL MEET IN ORLANDO

Plans are being perfected for a state meeting of representatives of gun clubs, wild life leagues, fish and gun associations, etc., to be held here on June 14, under the auspices of the Orange county branch of the Florida Wild Life League, it became known yesterday.

Secretary Benjamin S. Cox, of the Orlando Chamber of Commerce is sending out calls for the meeting, urging that every county and every organization of this character be represented at the meeting here.

The object of the meeting is to perfect a state organization for the "propagation, protection and preservation of the game and fish of this state which at one time abounded in profusion, but is now being rapidly destroyed on account of a lack of interest on the part of citizens and of proper laws for their protection.

It is planned to have the state organization, if one is organized, urge the passage of game protective laws at the next session of the state legislative.—Orlando Sentinel.

CHURCHWELL'S EIGHT DAY SALE STARTS FRIDAY MORNING

In today's Herald is the page advertisement of Churchwell Co., setting forth the fact that they are starting their first sale held in Sanford since coming here. Churchwells sell cheap for cash all the time but this does not keep them from putting on sales and cleaning up for the new stocks of goods coming in all the time. They are not only having a big sale but they are putting on special runs and drives all through the 8 days sale that will be big bargains in every particular. Read the advertisement in all its parts in the Herald today and note that the prices are the cheapest for standard goods that have been offered anywhere in the state.

BAUMEL'S FIRST ANNIVERSARY SALE STARTS FRIDAY THIS WEEK

Read the page advertisement in this issue of Baumel's first anniversary sale. This well known establishment has been in business here just one year and feels so good about locating in the best city in the south that they will celebrate the occasion by giving away a bunch of new and up to the minute suits, dresses, hats, etc., at prices that will astonish you. This sale includes everything in this fine store and the patrons of Baumel's know what this means. Hose, bathing suits, petticoats, skirts, capes and wraps, silk and muslin underwear, corsets, etc., all go at prices that will move them. Remember the sale starts Friday and lasts for eight days only. Get yours the first thing Friday.

YOWELL'S SPECIALS FRIDAY AND SATURDAY

The public has come to look in Thursday's Daily Herald for the special sales put on by the Yowell Co., every Friday and Saturday. These sales mean so much to the buying public and today the advertisement says that table linens, damasks, table cloths, ladies cotton dresses and

many other bargains are offered for this week. Read the advertisement and get the prices and then go to Yowell's Friday and Saturday.

BUSINESS WOMEN'S CONVENTION OPENS IN ORLANDO TODAY

The Florida Federation of Business and Professional Women's Clubs will open its 1922 convention in Orlando this afternoon at 2 o'clock. All sessions will be held at the Grand Theatre. An executive board meeting will take place at 2 o'clock and at 2:30 there will be the first open meeting. Miss Grace Holt, president of the Orlando Business and Professional Women's Club, will give a short address of welcome to the delegates, and this will be followed by a welcome from Mayor E. G. Duckworth. There will be reports by Miss Margaret Taylor, president of the Ocala club. Mrs. W. J. Morrison is scheduled to give several piano selections, and after this there will be the address of the state president, Miss Lilla M. White. This will be followed by the treasurer's and auditor's reports. There will also be announcement of committee and special business.

At 4:30 p. m., the delegates will leave in automobiles for Lakeside Park where a picnic supper will be enjoyed, the local club being host. Tomorrow there will be a full day of the convention. Many interesting addresses are scheduled, all dealing with woman in industry. The convention will be in session three days, closing Saturday evening with a banquet at the San Juan hotel.—Orlando Sentinel.

BEACHAM WAS A PROPHET

When Braxton Beacham, of Orlando, was a candidate for congress from the state at large several years ago his platform contained some of the best propositions for Florida people that have ever been written into a platform but the people, as usual, did not want constructive legislation, they did not want a business man and state builder in congress and they failed to send Beacham to congress at a time when his presence would have been felt and Florida would have profited thereby. Among the many good things that Beacham advocated that we are now trying to adopt and have adopted was the deepening of the St. Johns river in order that ocean going vessels could reach Sanford, have refrigerator ships and haul all the fruits and vegetables from this great section of Florida by steamer to the northern and eastern markets. Beacham had sense enough to look ahead and see the time when the railroads would take the part of Shylock and demand their pound of flesh and that time has come—the trouble with the people of Florida was that they did not know a real man when they saw one and Beacham running from the entire state had to cover too much territory and he failed of election. He also advocated federal aid and state aid roads for Florida part of which has been put into effect—in other words part of the state is getting state aid and part of it is getting the finger—if you know what we mean. But at any rate Braxton Beacham, of Orlando, advocated these two big things among others and he was turned down because he had a real platform that meant something.

However, he can now sit in his office in the business block that he has builded and have the satisfaction of knowing that he was right and that is something and the Herald has had the satisfaction of telling the world about his good points and that is something, also.

COMMISSIONERS OF STATE MEET IN ORLANDO IN 1924

Session at Tampa Ends With Selection of Tallahassee for Next Meet

TAMPA, May 11.—The selection of Tallahassee as the 1923 meeting place, Orlando for the 1924 sessions and the re-election of President E. C. Wilkinson, of Naples, Lee county, were the principal features of the final session of the State Association of the County Commissioners here last night. Commissioner S. S. Sadler, Tangierine, Orange county, was elected secretary and the following commissioners as vice-president: R. A. Cochman, Miami, Dade county; Charles T. Friend, Tampa, Hillsborough county; J. P. Swope, Oviedo, Seminole county; A. H. St. John, Jacksonville, Duval county, and J. G. Taylor, Moore Haven, Glades county. The selection of the sixth commissioner, to come from West Florida, was left to the discretion of the president.

It was voted unanimously to exert every influence towards having Royal Palm Hammock, south of Fort Myers, set aside by the government for a national tropical park. Action was taken in line with a speech made at

Tuesday's session by Charles O'Conner, field representative of the American Automobile Association, who stressed the importance of having some spot in Florida designated for this purpose. It was the consensus of opinion among the visiting commissioners that a national park was a great possibility in store.

The secretary was instructed to communicate with the American Automobile Association asking that body to use their means toward having this plot set aside for the stated purpose.

Upon motion of Commissioner Swope the organization voted in favor of reforestation and endorsed the instituting of a state forester in this state. An effort was made on the part of several commissioners to have the body take definite action toward endorsing the no-fence law with a local option. The sentiment of the majority of the commissioners was against the taking of any action in regard to this matter and after a short speech by Commissioner Oscar A. Ayala, Tampa, Hillsborough county, in which he stated that "the association was in session to exchange ideas and not to discuss any political matter" the proposed measure was killed without further discussion.

CHILDREN IN SPRING TIME.

Mrs. C. Osborn, 7812 Hillside Rd., Cleveland, O., writes: "My granddaughter was troubled with a cough for nearly two years. She took Foley's Honey and Tar and her cough is now gone. It loosened the phlegm so she could raise it easily." Foley's Honey and Tar is just what children should have for feverish colds, coughs, "snuffles," and tight, wheezy breathing. Be sure to get Foley's. It checks croup and whooping cough, too. Sold everywhere.—Adv.

Room and board \$12.50 per week and up.—Hotel Montezuma. 35-5tc

NOTICE!

Having sold out the book and periodical and magazine business to E. D. Mobley, all of our old customers will now find a complete line of all the magazines, papers and periodicals at Mobley's Drug Store on Park Avenue. 29-tfc T. J. MILLER & SON.

In the Circuit Court, Seventh Judicial Circuit, Seminole County, Florida

CITATION

Special Tax School District No. 1, Seminole County, Florida, by G. W. Spencer, S. O. Shinholser and H. C. DuBose, Trustees and by C. F. Harrison, Fred T. Williams, and C. A. Dallas, as members of the County Board of Public Instruction for Seminole County, Florida.

vs. The State of Florida, ex rel Geo. A. DeCottes, State Attorney for the Seventh Judicial Circuit of Florida. TO THE CITIZENS AND TAXPAYERS OF SAID SPECIAL TAX SCHOOL DISTRICT NO. 1, SEMINOLE COUNTY, FLORIDA: Whereas: A petition has been filed in the above styled Court by Special Tax School District No. 1, Seminole County, Florida, setting forth the fact that an election has been called and

held in said Special Tax School District No. 1, on the 9th day of May, A. D. 1922, to determine whether or not there should be issued by said Special Tax School District, bonds in the sum of \$60,000.00, to bear interest at the rate of 5 1/4% per annum, interest payable semi-annually, principal to mature thirty years after date of bonds, and the said bonds to be dated July 1st, 1922, the proceeds of the said bonds to be used for the purpose of acquiring, building, enlarging, furnishing or otherwise improving school buildings and school grounds and for the exclusive use of the public free schools within said Special Tax School District No. 1; that a canvass of the returns of the said election show prima facie that said election was in favor of the issuance of the said bonds, as aforesaid by the said District.

Now therefore in pursuance to an order of the Court herein made and in conformity with law NOTICE is hereby given that the citizens and tax payers of the said Special Tax School District No. 1, Seminole County, Florida, are by the said order and by law required to be and appear before the Honorable Circuit Court of the Seventh Judicial Circuit of Florida, on the 1st day of June, A. D. 1923, at 10 o'clock in the morning, at Sanford, Seminole County, Florida, then and there to show cause, if any they have,

why said bonds should not be validated and confirmed.

Witness my hand and official seal of office at Sanford, Seminole County, Florida, this the 11th day of May, A. D. 1922.

(SEAL) E. A. DOUGLASS, Clerk, Circuit Court, Seventh Judicial Circuit, Seminole County, Florida.

SANFORD, FLORIDA

WELAKA BLOCK

STATE NEWS

MIAMI, May 11.—A legitimate liquor carrier came into port here recently and although overworked prohibition officers examined the vessel papers closely not a flaw was to be found.

It was the auxiliary schooner Rogers, out of Cuba for Nassau with 120 barrels of Old Kentucky Rye aboard. The vessel developed engine trouble and put in here for repairs. Captain Miller, commander of the coast guard Vidette, mistress of the prohibition death bounds in these waters, was attending a liquor hearing in court when word of the Rogers' arrival reached him. He hastened to greet her. It was found that the vessel had furnished a \$20,000 bond with the Cuban Government and \$6,000 with the American government representatives at Havana, to insure that the cargo would not be landed on America's dry shores.

ORLANDO, May 11.—Baptist churchmen in this city have decided upon a building program which will give them another edifice here and a material enlargement of the present church.

An addition to the main church will be built where the parsonage now stands. According to the plans it will be a three story auditorium and will be devoted to the Sunday School classes, thus saving more room in the main edifice for regular devotional services. This work will cost approximately \$30,000 and will necessitate also the building of a new parsonage.

The new edifice is planned for the northeastern section of the city, at the corner of Mills and Wisconsin streets.

All of the work will be financed on the volunteer subscription plan.

ST. PETERSBURG, May 11.—Golfers and fishermen here have induced the fire department to ring the fire bell at 6 a. m. daily to awaken them so they may get up for an early round of golf or start for the bay for an early contest with Spanish mackerel of other fish which may be running at the time. The fire bell for many years has been sounded at 8 a. m. noon and 6 p. m., as a test, and the big gong can be heard in a large part of the city. In future the first test, made two hours earlier, will serve as an alarm clock for early risers.

PALATKA, May 11.—County Commissioner Gale Turner believes inmates of the Putnam county home for the poor fare too well and at the last meeting of the Board of County Commissioners declared three cups of coffee each day is too much of a luxury for them. Mr. Turner's remarks resulted from the receipt of a bill for twelve pounds of coffee used during the month of April by the boys at what inmates.

that more economy be practiced at the home, Mr. Turner suggested that the commissioners take a few meals there to learn how the county's wards are faring.

ORLANDO, May 11.—Evans Cooper, negro, has confessed, according to Sheriff Karel, that he killed Will Pinckney, negro, whose body was found in a shallow grave in the yard of Pinckney's home at Lockhart April 28. Code Hill, Pinckney's employer, misled the negro and went to his home to look for him. Hill noticed freshly turned earth under a pile of trash and digging into it uncovered the body.

Cooper was arrested last week at Oldsmar and Sheriff Karel says the negro told him he struck Pinckney on the head with a club during a quarrel. Pinckney's skull was crushed and he died instantly. Cooper according to the Sheriff, said he buried his victim in the hope that the killing never would be discovered.

ST. PETERSBURG, May 11.—They do it differently here. A patient leathery youth was standing in front of a drug store here a few days ago when a young woman accompanied by a male escort passed. "Ain't she cute," said the youth to a companion.

Without a word the escort turned walked over to the masher and a fist flew out with lightning speed, landing on the masher's jaw. The masher sprawled on the sidewalk, and the escort overtook the girl and proceeded down the street.

No complaint was made to the police.

LAKELAND, May 11.—The semi-annual meeting of the South Florida Press Association will be held here May 19-20. Miss Gall Binkley, of Bartow is president of the organization.

MIAMI, May 11.—The local police and the sheriff's office are searching for a motorcycle rider who posing as a traffic officer has been holding up motorists for speeding and collecting cash bonds in sums ranging from \$5 to \$20. He held up a deputy sheriff the other night and shoe kane day this week when the when stopped the deputy disclosed his identity and suggested that the "traffic officer" perhaps was a new man on the force. The unidentified rider said, "Oh, it's all right if you are a deputy," and moved off. At that time the deputy did not know a fake officer was operating.

Another citizen help up and ordered to give bond happened to be without money and the "officer" told him he would have to accompany him to the police station. They started for headquarters, with the "officer" riding along side, but when within a block of the station the cyclist suddenly disappeared down a side street.

Table board at Hotel Montezuma, \$10 per week. Best of service and cuisine. 35-6tc

LUCKY ARTIST WON FORTUNE

Comfortable Sum Bequeathed Painter Who Had Reproduced Features of Beloved Daughter.

A fortune of \$46,000. (\$230,000), which was bequeathed by the late Robert B. Hawley, president of the Cuban-American Sugar company, to Mr. Learned and his family was the romantic sequel to Mr. Learned having painted a portrait of the sugar magnate's dead daughter. Mr. Hawley made a fortune in the export business, and in 1899 he was elected to congress. Just after he left congress his daughter Sue died, and he was heart-broken. The only likeness that he possessed of his loved one was a small photograph, and this lacked much of the fine animation that had characterized her face.

Taking the photo Mr. Hawley went to Arthur G. Learned, a rising young artist, and asked him to make a portrait that would recall something of the inspiration the girl had been in her father's life. The picture was made and it exceeded the hopes of the grief-stricken father. The latter was so grateful that he became on the closest terms of friendship with the painter and his family. Mr. Hawley died in November and left to Mr. Learned and his wife \$200,000. (\$1,000,000), and to their little son \$2,000. (\$10,000), and a trust fund of \$24,000. (\$120,000).—Manchester Guardian Weekly.

OPEN FIREPLACE A NUISANCE

Women of Past Generations Considered the Huge Affairs of Those Days as Unnecessary.

Nowadays one of the most convincing proofs that you can give to the fact that your city apartment is of the highest class and unlike the ordinary is to say that it has "open fireplace." Even a single "open fireplace" in an apartment is enough to raise it from the shoddy majority. And, of course, when we dream of owning a house in the country most of us, nine out of ten of us, think of an open fireplace as a sine qua non of such an abode.

But our grandmothers had no such opinions of open fireplaces.

Open fireplaces were a real humiliation to the woman who had them in her house 50 years or more ago. At least that feeling prevailed in this country. A small grate fire, that held a few shovels of coal, was another matter, but the sort of fireplace where logs burned across a firebox was—well, it was one of the crudities that most persons did not like to possess. Yes, there was a time when a Franklin burner or a drum stove was considered more of an ornament to the well-furnished drawing room than the sort of wide-hearthed fireplace that we covet nowadays.

Section Men Watch Step.

Section men are known for their deliberate movements. They never get in a hurry unless there is some urgent work to be done. As long as they are on the go they are supposed to be working fast enough.

Track workers on the subway lines are even more deliberate in their movements than men employed on regular railroads. Where the old-time section workers had to look out for flares and occasional freight trains the subway track men have to be on the watch for express and local trains passing every few minutes. In addition, they've got to have a care for the third rail. In crossing the tracks every movement is taken with the death-dealing current always in mind. A hurried, reckless step might end fatally. Probably in no other line of work is efficiency so measured by slow work.

Royal Parish Church.

Although St. Martin-in-the-Fields (London, England) once the Royal Parish church—has just celebrated its 200th anniversary under the Royal name, the church stands on a site consecrated centuries before. The first organ used in the present building was purchased by George I, who had the royal arms worked in relief on the portico. Soon after its erection the church was thus referred to in a periodical of the time:

"The inhabitants are now supplied with a decent tabernacle, which can produce as handsome a show of white hands, diamond rings, pretty snuff boxes, and gilt prayer books as any cathedral, says the Daily Chronicle. If in ghostly form he could return some wet and wintry midnight and see the outcast refugees in those once jeweled pews.

Wormwood.

The Kaiser's pet racing yacht was the Germania. He kept it at the Kiel Yacht club and dreamed of world power as it carried him on cruises.

The war changed a lot of things. It changed the name Germania to Half Moon. It also changed the yacht's ownership. Gordon Woodbury of New York owns it now. He starts on the Half Moon for a cruise in the South seas.

When Bill Hohenzollern heard about this at his famous woodpile in Holland, it's a safe bet he broke his jaw.

United States Leads World.

There are in the United States today more than thirteen and three-quarter millions of telephones. This is an average of 12.7 telephones for every 100 persons or, put another way, better than one telephone for every eight people. From a telephone standpoint this country is by far the best developed in the world. In fact, no other country is even a close second.

MEAT INJURIOUS TO THE KIDNEYS

TAKE A TABLESPOONFUL OF SALTS IF BACK HURTS OR BLADDER BOTHERS

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Adv.

ACT ENDS AGE-OLD ENMITY

Students of History See Significance in Recent Move of the Dean of Westminster.

There is more than meets the eye in the announcement that the dean of Westminster has assigned a particular stall on the north side of the choir for the use of the mayor of Westminster whenever he visits the abbey in either a public or a private capacity.

CALL TUESDAY UNLUCKY DAY

Members of the Greek Church Have Reasons to Look Upon It With Misgivings.

To most persons of western tradition Friday is more or less considered to be an unlucky day. Many of them prefer not to say this straight out, but they are a bit wary of starting any large enterprise on a Friday.

Unless That Will Live Forever.

It is not generally known, but there are many of the leading personages of the last century whose voices will never die. These are records which are part of the Edison collection at Menlo Park, N. J.

Lawsuit of Long Duration.

The longest drawn out lawsuit on record in legal history is between two neighboring French villages in Jura—Charchillat and Meussia.

The Family Silver.

"Whenever I'm invited out to dinner or one of those society affairs, you can leave it to me to make some bad break." Spud Murphy complained bitterly.

ASH IS NOT GENUINE TEST

Merely Shows That Cigar is Well Made, Not That Its Quality is of the Highest.

Can the quality of a cigar be told by the ash? To a certain extent it can. Many smokers take a great delight in seeing how long the ash will stay on.

ELOQUENT TRIBUTE TO TREES

Writer Beautifully Expresses What Every Lover of Nature Must Have at Some Time Felt.

Trees are the arms of Mother Earth lifted up in worship of her makers; where they are, beauty dwells. Trees are the shelter of man, beast and bird; they furnish the roof above us, the shade about us, and the nesting places of love and song.

Useful Oil.

Few industries have grown so rapidly as the manufacture of cottonseed oil. In 1867 there were only four cottonseed oil mills in the United States; in 1902 there were 618, and by 1920 the value of the oil and the by-products of it were estimated to be \$125,000,000.

Is No National Holiday.

Christmas is not a national holiday. New Year's day is not a national holiday. Thanksgiving day is not a national holiday. The Fourth of July is not a national holiday.

Totally Obscured.

A certain callow Chicago swain had an amazingly large mouth which he conformed into an all-pervading smile when he wished to make a good impression.

DO MORE THAN GUARD SHEEP

Dogs of Scotland Are Also the Companions and Protectors of the Crofter Children.

The sheepdogs of Scotland are guides and defenders not only of the sheep flocks, but also the children of the crofters. Were it not for these shaggy, intelligent fellows, horn sheep herds of the weak and defenseless, it would be unsafe for the children to go far from the lonely and isolated crofts in the outlying districts.

IN SHADE OF HIMALAYAS

Majestic Panorama Displayed When the Gray Clouds Break and Reveal the Great Mountain.

Northward from Darjeeling the view of the Himalayan mountains is inspiring. When the gray clouds break, they reveal crystal ramparts, lifting far to east and west, and a majestic panorama of range beyond range in the blue distance.

Tara, "Beautiful Hill."

From the coming of Heremon, husband of Tara, to the desolation of Tara in the sixteenth century, 120 kings of the Scotts or Milesian stock ruled from their palace on the famous hill.

Girdle Reminder of Ancient Times.

Girdles of metal, adorned with brilliant ornaments, now quite commonly used largely for purposes of ornamentation in women's dress, is a reminder, or the revival of a custom of ancient times, when they were worn by both men and women to confine to the person their long flowing garments.

Chinese Wear Stoves.

Chinese women wear practically the same clothes in winter as in summer. In the most severe weather, however, they wear heating baskets under their cloaks.

LIMIT ON SALARIES FOR SHIPPING BOARD

(By The Associated Press) WASHINGTON, May 10.—The deadlock between the senate and house on the independent offices appropriation bill was broken yesterday when senate conferences agreed to accept the house limitation on salaries for shipping board officials.

The senate had added an amendment to the appropriation measure permitting the employment of thirteen officials at salaries in excess of \$11,000 but did not fix a limitation on the amount that could be paid. The house refused to adopt that provision and conference committees compromised with the exception that one officer might be paid \$15,000.

TO SEEK TO GARNER TREASURE CARRIED ON THE LUSITANIA

(By The Associated Press) PHILADELPHIA, May 10.—An expedition for salvaging the Lusitania and other ships that have gone to the bottom of the ocean in the last few years, will start from this city May 25th.

The steamship Blakely has been chartered by the Lusitania Salvaging Company. Estimates of gold that lies at the bottom of the sea run into the millions. A single passenger alone deposited \$75,000 with the purser of the Lusitania, while Mme. Antoine de Page, wife of the medical director of the Belgian Red Cross, carried more than \$100,000.

BOY, HOWDY!

Buy your shoes, those good Regal Shoes, \$1.50, \$2.00, \$2.50 and \$3.00.—E. H. Peters, Inc., 402 Sanford Avenue. 37-51p

The Reliable Buick Transmission is a Feature of the Buick "Four"

The same quietly operating, dependable transmission that has been so pronounced a feature of the Buick Six, is employed in the Buick Four. The design is the same—the quality is the same—only in size is there any difference.

Table with 2 columns: Model and Price. Includes Buick Marial 1922 Six-40, Buick Six-40 Coupe, Buick Six-40 Sedan, Buick Six-40 Touring, Buick Six-40 Roadster, Buick Six-40 Touring, Buick Six-46 Coupe, Buick Six-47 Sedan, Buick Six-48 Coupe, Buick Six-49 Touring, Buick Six-50 Sedan.
