

# AMONG THE THEATRES

Chit-Chat of the Play Houses in Sanford

## The Green Swamp\*

Jealousy has some interesting incidents in the Ince-Triangle drama, "The Green Swamp." Bessie Barriscale, the talented and well beloved star of the photoplay has an emotional and dramatic role of great strength as the jealous wife of a successful physician. Bruce McRae, former leading man for Ethel Barrymore and Julia Marlowe, takes the part of the husband. Bessie becomes jealous of Bruce at a masquerade because he dances twice with a little child he had treated with the same woman. They get so excited that they tear off their masks in relief at the improvement of the tot so that they can better give vent. On another occasion, Bessie's jealousy to their feelings. It is an exciting story almost causes the death of a

child. She is very penitent and makes many promises of amendment.

Then her husband tries to console her from him that he is to be operated on for larynx, having become infected while treating a case at the hospital. Bessie finds that he has not left town as he told her. She goes to the home of another doctor and friend of Bruce, where she hears her husband is engaged in an intrigue. Just as she is about to break into the room where her husband is being operated on and where his life hangs in the balance her better nature triumphs. She resolves to trust him.

The next day word comes to her that her husband has been operated on successfully and that as he is out of danger she can see him. She now rejoices that she has been able to get out of the swamp of jealousy that has threatened to engulf her happiness and to get on to the solid ground of trust and love. Lyric Theatre tonight.

A Lovers Embrace That Passed All Censor in Paramount Picture  
Produced by Lasky

At the Star tonight

One of the things most carefully supervised in the studios of big motion picture producing companies that the players who are enacting lovers shall embrace in a manner most decorous in order that all may be pleased and no one offended. To the credit of the players near all the first concern, Maria Riva, in "The Green Swamp," Bruce McRae, in "The Wall Between," the various producers and managers have gone out for a promotion

Charlotte Walker in "Out of the Darkness" at the Star Saturday.

Heretofore the studio owners, anxious of success, is the owner of the Scott Cinema, a business which makes great profit but on the other hand, it is the desire of the management to provide a place of safety for the public. They spent the terrible conditions under which the women imposed in the factories, and specified the work to be done. Here is a list of the recommended tests them as follows:

Weaving, spinning, carding, fulling, oiling, the Florida coast, the craft is run down by a steamer and Helen, our heroine is found to be seriously injured by a blow on her head. She recovers her physical condition but is still in a semi-conscious state. She is given a position for her in the weaving

factory, where she is to be given the terrible conditions which she formerly in the old life had refused to better. Harvey Brooks, a young superintendent who is interested in bettering conditions takes an interest in Helen. They fall in love, Helen, however, sets aside her affection for Brooks, and the factory workers present the owner of the factory, and by promise of immediately eradicating the evils, she thwarted a great strike which would have ruined her. Brooks, the superintendent, and Helen work out their scheme of betterment together.

Sessue Hayakawa in "Shen Souls"

In keeping with the wave of preparedness which is sweeping over the country, the male portion of the Lasky Company is preparing itself against possible invasion of the yellow peril. They have induced Sessue Hayakawa, the Japanese actress, to give them instructions in Japanese fencing and jiu-jitsu.

Hollywood druggists report an increasing demand for armenia, but when the Mongolian hordes descend upon our shores they will be attacked in their own language by the valiant Lasky crew. Up to date the only one getting any pleasure out of the preparedness wave is Hayakawa

himself. He takes great delight in throwing stalwart leading men and handsome juveniles through pieces of scenery in a most approved fashion. Hayakawa is to be seen on Paramount night at the Star Theatre on Monday, May 22nd in "Allen Souls," a thrilling photo drama written especially for him by Hector Turnbull, author of "The Cheat" in which Hayakawa recently created such a success.

Franck X. Bushman and Beverly Bayne

Franck X. Bushman and Beverly Bayne, the crowned king and queen of the silent drama will be seen here at the Star on Tuesday, May 23rd in "The Wall Between," a sensational five act Metro wonderplay. This production is by far the most pretentious feature in which these stars have appeared in their long career on the screen. It is a military masterpiece and affords an excellent opportunity for the staging of scores of thrilling scenes. "The Wall Between" was produced under the personal direction of John W. Noble, of the Metro staff, who is a graduate of West Point and saw seven years active service as an officer in the United States army. A typical Metro cast will be seen in this feature and more than two thousand persons appeared in the production. "The Wall Between" was produced by the Quality Pictures Corporation for the Metro program.

ANSWER: The color of phosphate varies from a pale yellowish green to a dark grey, which is made by adding iron to the rock. The color of the rock vary and affect the color, though not the quality of the phosphate. There is no odor to straight sulphuric acid, nor to phosphate rock and only a slight acetic smell to it.

FOR SALE

For Sale One-horse carriage and one horse wagon Route No. 2, box No. 50. 77-2t

For Sale - Ford Roadster in good shape at reasonable price. Write or see M. Fleischer, Box 1156, Sanford. 76-tf

# Closing Days of Sanford Schools 1915-16

HIGH-SCHOOL COMMEMENCEMENT; ENTERTAINMENTS; JUNIOR RECEPTION

SANFORD SCHOOLS ADD NEW LAURELS WITH MOST SUCCESSFUL SCHOOL YEAR

Heralded by the excellent program of the preceding numbers of the Commencement exercises, the Senior Graduation on Friday evening was a fitting close to the week of good things.

The High School auditorium was filled with an eager throng of spectators and friends and they were disappointed for there has rarely been rendered a more delightful program of addresses, essays and music at any graduation than upon this occasion.

The entrance of the graduates was preceded by a beautiful program of music rendered by Wallace's orchestra which was as follows: "The Nightingale," from Mendelssohn's "Midsummer Night's Dream"; "Arioso," by D. Ricardo; "Lullaby," "Heart Whispers," "Gymnopide," "Hedra," "The Rain," "The Girl I Left Behind Me," "Home Folks," march, written by Dr. H. L. Hulley.

After the program the class of the Senior Class of the High School, Mr. E. L. Bell, Mr. W. M. McDaniel, Mr. H. L. Hulley, Mr. C. E. Anderson, Messrs. H. R. Bell, F. E. Whatever and S. Long, all school faculty.

The platform was appropriately decorated carrying out the scheme of green and white, while on the former occasions the platform was covered with blue and white.

The invocation was given by the Senior Entertainer, which was followed by the class song rendered by the graduating class. There were two essays, written by the senior pupils, "Constantinople Capital Point" written by Miss E. M. Anderson was read by Miss E. M. Anderson because of the absence of Mrs. Anderson, accompanying with the call of the teacher, "Come along" intelligently with her subject.

Next on the program came the address of Education and Life, emphasizing its value to the old world countries and the various forces that have controlled it, because of its important geographical position at the head of the Bushman. That it was the center of education and learning was a point made by the writer. Dr. Hulley's words were couched in such graceful language that the paper was interesting and replete with valuable information. This excellent address was followed by another equally good, the work of Miss Alma of the evening. Wearing the way schools, colleges, and universities

PHILLIPS STUDIO

*Esse quam videri*

He to whom this is given, may be a man or a woman, but he or she is to be congratulated on the attainment of the Palmer Method of writing. There were some very good specimens of the Palmer Method papers on the wall. It was commented upon by men and women could work upon them with white charcoal and other charcoal to make them look like the highest organization of handwriting and we hope many present to the Exposition both Primary and Secondary students will be enabled to do the same. A very good specimen of the Palmer Method was shown by a girl in the Primary Grade.

There were four exhibits of the Palmer Method, and the first was by Miss Edith Stewart's Second Grade, Hulley and if we master the things secretary treasurer of the Junior the Palmer Method was also empha-

sized. In all grades were papers on every subject studied by the children. The art works of the Primary grade, the art works of the Intermediate Grade, the art works by her mother throughout the school. A single sheet of paper showing the Palmer Method was exhibited by Mrs. White. There was not such a large number of exhibits as in previous years, but the exhibition was of a high order and reflects much credit upon the teachers for there has been no drawing teacher for the last term. At the Primary School the exhibit equaled that of former years and in some instances surpassed the efforts made before.

As the work was unfolded by the teachers it was so varied, interesting and became individual. The cut work and coloring done by the little girls was excellent and the sand table a source of infinite wonder and delight. The little blackboards were wonderfully made and attractive. Miss Ferris of the sixth grade corps of assistants have reason to be proud of their young charges and the splendid exhibit made by this school. A glimpse into the constant training and vigilant development of faculties, done by the teachers of both departments is given by these annual exhibits but it serves to inspire ambition in the pupils, gives parents and teachers a faint conception of the possibilities of a public school under good management and intelligent teachers.

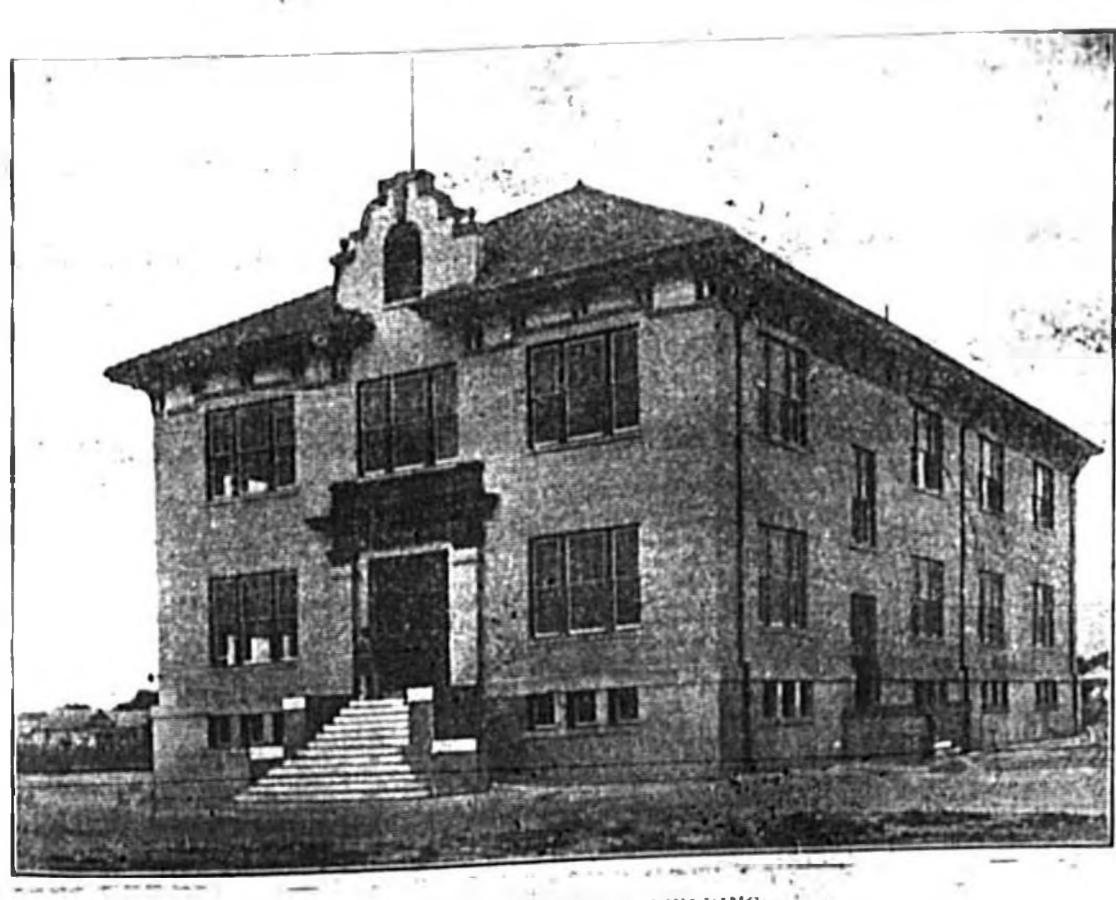

The Eighth Grade and the Sixth Grade boys, housed in the High School building for the 1915-1916 terms had no work on exhibition, the rest of the gratis, however, made a most creditable display.

In many of the class rooms the decorations were elaborate while in many others the charm of simplicity prevailed. In some of them a border design of colored flowers were noticeable above the black boards that was very attractive.

An arrangement that was excellent and an innovation was the name of the pupil in colored crayons, above his or her work, simplifying the location of each pupil's exhibit. Another innovation favorably commented upon that obtained in several rooms was the Honor Roll. On this roll was the name of every pupil that had made the honor roll, thus ending a week of pleasant work and entertainment whose keynote was education and humor that will go down in the history of the Sanford schools as one of the best, as well as enjoyable.

The social function of Commencement week and anticipated annually by the Senior and Junior classes with delicious little thrills of social pride and ambition is the reception to the Senior graduates by the Juniors. It is always the society event of the school year and year.

In the Girls Seventh Grade, Mrs. Friends and relatives of the two Goo, Dickenson teacher and principal of the Grammar School, the rule and the Junior reception was one of the most delightful features. In this room too the blackboard border was the work of the pupils. In Miss Clara Millen's

THE FLORIDA OF THE SOUL  
Editor Clarence Woods, of the Eustis Lake Region, pays a beautiful tribute to a deceased Kentucky friend, who had been a visitor to Florida for nearly thirty years, and in the same issue presents a splendid tribute to Floridians written some time ago by this same friend, Edward O. Guerrant. May he rest in peace and may he have gone to that better country he writes of herewith:

"A man who has ever lived in Blue Grass Kentucky ought to have good reasons for leaving there. I can furnish them for this is my twenty-ninth winter in Florida."

"First, my health brought me to Florida. I have never been sick in Kentucky since but once in Florida and then I brought the grip from Kentucky."

"Then I came for my comfort. The winters in Kentucky are generally a dangerous mixture of "good and bad weather". In Florida the rule is good weather and is generally delightful except about once I never had a cold winter. How a fine place we have."

"I have had many a hard time in Kentucky, but I have had a thousand times more fun in Florida than I did in Kentucky."

"That's all I have to say. Rest in peace, Edward O. Guerrant. May you rest in peace."

"The following is a copy of a letter from Mr. W. C. Powers, of Madison, Tenn., to his son, Mr. W. C. Powers, Jr., of Sanford, Fla., concerning the new sand oil road from Winter Park to Eustis. It is a copy of a letter which I received from Mr. Powers."

"When I write Florida, you be to go to the only better country. The Florida of the soul is here. You will be well and happy always forever."

More About the Roads

Dear Sir:

I note some agitation in your column relative to brick vs. sand asphalt road, and also the interests of the Seminole Indians. If you will kindly let me know what you think of the proposed sand oil road from Winter Park to Eustis, I will be glad to forward your views to the county commissioners of Orange county, Mr. Williams, engineer for roads of Seminole county, Mr. O. G. Stevenson, chairman of the board of county commissioners for Orange county, Messrs. McLean and Entzminger of the county commissioners board and several citizens of this county.

As a member of the local Board of Commissioners appointed by the State meeting of the County Commissioners held in Sanford on July 2d, 1915, I accompanied the committee on an inspection tour of about four miles on July 26, 1915, visiting Orlando, Winter Park, Pine Castle, Mount Dora and Eustis. An inspection was made of the proposed proposed road at Winter Park, the existing brick road with cement curb at Pine Castle, the sand oil road at Mount Dora and the alleged sand asphalt road and cement curb at Eustis. The committee was joined on the trip by Mr. G. R. Lusk, engineer of roads for Orange county, Mr. Williams, engineer for roads of Seminole county, Mr. O. G. Stevenson, chairman of the board of county commissioners for Orange county, Messrs. McLean and Entzminger of the county commissioners board and several citizens of this county.

To make a long story short, we found the cement grouted road which was in course of construction at Winter Park the best road of any inspected. It cost, according to the contractor in charge of the work, was \$9000 per mile. The cement curb at Pine Castle was good but the cost of the curb was so high that we did not recommend it to be recommended. The sand asphalt road being laid at Mount Dora in the opinion of the committee was far from being satisfactory, roads three months old showing bad spots and commencing to wear through. The alleged sand oil road at Eustis was in good condition but since this road was built by a private citizen who was an ex-road contractor and is now dead we were unable after careful search to find any information in regard to this road, either as to its cost or as to its construction.

From appearances and from the

meagre information that could be gathered it was apparent that the Hon. Geo. A. DeCotes was made chairman of the meeting and presided during the day.

An experiment was made at Mt. Dora and at Eustis in which a small piece of the pavement was taken up and saturated with gasoline. The result was that the paving thus treated crumbled into hundreds of pieces proving that this sort of pavement will not stand contact with gasoline. What will be the result when an automobile owner spills a few quarts of gasoline on this road? What effect will the hundreds of leaking cars have on this road after they have travelled over it for a few years? What will be the effect of water standing in occasional low spots in the road after each rain? It was proven to our satisfaction that as soon as the oil was taken from the pavement by gasoline or by other means that the road crumbled and became so much sand.

This road committee under the careful leadership of Hon. J. H. Lee of Oviedo as chairman, who was for so many years chairman of the commissioners board of Orange county and with the advice of Engineers Williams and Ramsey went over the matter thoroughly before making a report to the commissioners. Our conclusion was that Seminole county could not afford to experiment with the taxpayers' money. The sand oil road in Florida is an experiment and will be for ten years to come in as much as they are trying out for several years at least and either make good or fail. The difference in cost is approximately \$1.92 for sand asphalt against \$1.75 for brick. We know that the life of a brick road properly constructed is at least thirty years. At this rate the sand oil road would last only 10 years and at least fifteen years to give the same traffic proportion as a brick road. The

old home cooking reached the right spots. Those Sanford people present simply ate until they could not hold any more and after counting up the damage it was agreed that George DeCotes had won the

prize as having made away with more grub than any one man present. The good people of Chuluota, Geneva and Oviedo and Sanford had brought their baskets and it was a real dinner although there was much of it left. Some of the candidates thinking that maybe there would be there for supper if present had to speak.

After the candidates had waddled away from the table they managed to host the candidates for sheriff, F. L. Brady and C. M. Hand to the speakers of the automobile clubs of both Polk and Putnam counties.

Mr. Nichols will spend sometime in Sanford enjoying the delights of camping and fishing before returning home.

Mr. J. C. Hammond will remain in Sanford. He has accepted a position for the summer as manager of the Hotel Hammond.

## ELKS ANNUAL MINSTRELS WILL BE GREAT

NEXT WEDNESDAY AND  
THURSDAY BIG EVENT  
STAGED

On Wednesday and Thursday night, May 31st and June 1st respectively, the local order of Elks will present their first Annual Minstrel Show, and the cast includes the best minstrel talent of the city and surrounding country, and past performances have uncovered limitless talent of all kinds necessary to complete an almost perfect performance. All special scenery is being prepared for the play and the first part or opening scene will be one of beauty and detail, nothing to gadden the eye. One of the features of the setting will be a fountain of multi-colored waters flowing in the center of the stage. Elks colors will predominate, and the opening scene in itself will be one never to be forgotten. The show will be organized from the best talent procurable, and many wonders and surprises are in store. The last act of the minstrel is an entirely new comedy sketch of a class seldom attempted by local talent.

The interlocutor will be Mr. Louis Frank, the incomparable "Six Feet Wind man" with piano, drums, fiddles and parrot. These well-known makers will be the Mervin, Remond and McLaughlin Dragoons, and Marks, and Dunces, and Hounds. The dress will be in the style of the Merton, Parker, W. M. Morris and T. C. and the Michael, Harry, Tom, and the Sustains. W. D. and the Children, together with the "Big Six" band.

Admission Friday will be \$1.00 with their grandstand show, and \$1.50 with the grand finale.

For the work of lighting the stage, the campaign will be closely conducted. Special scenes of Christmas past and other plays will be produced and handled by Mr. Frank's own troupe.

Special and elaborate costuming will be made at the expense of the National Guard. The men will be dressed up to the nines to add to the immensity of the show. A special effort will be made to make the audience half way by appearance of the Mervin, Frank, and the banners half way by Lloyd and Osborne Remond; and the testing the advertising of fifty feet by producing and handling by Mr. Frank's troupe.

Mr. Frank has secured that no new or old material has ever been offered for public sale but which have been guaranteed by the New York publishing house. In other words, it is issues from whom they were produced to loan money to farmers cured to be the coming hits of song of good character and habits in dom. Some of the old classics will be introduced also to give a varied program to the immense program. News Lake County already is famous as novelties in singing, dancing, ballads, comic songs, duets, trio, quartettes, monologues and sketches are the order of the day, and Mr. Frank has been advised the latest in the market is none too good, and acting strictly under these instructions he has prepared with his financial stint, a program impossible to surpass. Among the new numbers to be introduced are the following, not yet offered for public use, same being under contract by the biggest theatrical stars and from whom special permission has been obtained to use them. "The Honolulu Blues," "Are You Half the Man Your Mother Thought You'd Be," "On the Back Seat of a Henry Ford," "The Phone Rang," also "Mother," "The Hand of the Old Church Choir," and medleys galore.

At noon, both days of the performances, a monster street parade of all Elks, and the players, headed by a twenty piece band will parade the principal streets with a escort at 3 o'clock in front of the Lyric Theater where the performances will take place.

The seats for both performances are on sale at Phillips Drug Store. The prices are either half-day for colored, 25 cents. First twelve rows down stairs 75 cents, and the last six rows 50 cents.

Miss Florence Frank at the piano, assisted by an eleven piece orchestra will furnish the music for the entertainment and the artists.

### CANDIDATES HERE Division B of the State Candidates Spoke Here Last Night

Division B of the state candidates, including the candidates for governor, secretary of state, supt. of public instruction, treasurer, etc., spoke here last night to a fair-sized crowd.

The first speakers introduced by Chairman G. W. Spencer were A. P. Jordan and H. Clay Crawford candidates for governors of state and they were followed by J. C. Lanning and A. H. Griner, candidates for state treasurer.

W. M. Sheats, the present superintendent of public instruction followed with an appeal to keep Kelly out.

The candidates for governor, Ion Faris, F. M. Hudson and W. E. Knott followed and made their appeals for the votes.

The crowd stayed to the last although it is work to stand for two hours and listen to the candidates and it is also work for the candidates to speak to the crowd, consequently all parties are probably glad when it was all over.

Chairman Spencer announced last night that Bon Forest Lake would speak here Saturday night in the interest of his candidacy for con-

stituency division of Presbyterian and Reformed Churches.

## PRESBYTERI-DRAINAGE DE- AN ASSEMBLY LAYED IN UP- IN ORLANDO PER ST. JOHNS

### MEETING OF CHURCHMEN CLOSES---SHORTEST SES- SION IN HISTORY

Orlando, May 26.—The fifty-sixth General Assembly of the Presbyterian Church in the United States was dissolved today at a few minutes past noon. This marks the second shortest Assembly in the history of the church, the shortest having been that at Bristol, Tenn., which was in session about one hour less than the one of this year.

In addition to the action of the Assembly regarding the protest matter, the session of today was occupied with the clearing of the docket in the adoption of reports not yet considered. An interesting address before the Assembly was that delivered by Rev. Robert H. Fleming, the representative of the body to the western division of Presbyterian and Reformed Churches.

Rev. A. C. Clark, who accepted the call to the ministry of the church, reported to the session that he had been elected to the ministry of the church.

The Presbytery and Board of the

Assembly

engaged with the plan of the war department to the effect that the Presbytery would

not be called to the next session of the Assembly. The Presbytery signed the resolution to the effect that the Presbytery would not be called to the next session of the Assembly.
