

FSU GRIDIRON BOUND are two of Sanford's 1968 stars, Eugene Williams and Butch Riser, who signed scholarship agreements with Florida State Saturday. Shown are, from left, Gene Wil-

liams and his father; Jim Riser and Butch, Coaches Jim Pigott and Jim McCoy. Bill Proctor, at rear) former Lyman High coach now at FSU, signed the two for the Tallahassee school.

J. B. PHILLIPS JR. became the first Sanford high griddier to win a University of Florida scholarship in 32 years as he signed his grid scholarship in Orlando Saturday night. The hard hitting center was a bulwark for the locals on defense throughout the past two years.

### Rayborn Cops Top Honors

Harold Rayborn took top honors at the Central Florida Golfers' Assn. monthly pro-am play at the Mayfair this past weekend. Sharing the spotlight with Rayborn was Moe Norman. Both golfers shot a 69 to tie for low pro honors.

Four fish were caught by the average Wyoming fishermen on every fishing trip he took in 1968.

### Packers Close In On Third Division Title

By Norman Miller  
The Green Bay Packers' bruising ground game and rugged defense have carried them through another National Football League crisis, and only a miracle win next Sunday by the Los Angeles Rams can prevent them from clinching their third straight Western Division title.

As for the Detroit Lions, who now have won seven straight games in an effort to earn that playoff berth opposite the New York Giants, it looks like a nice try but no cigar.

For the manner in which the Packers battled back from the 11-point deficit to beat the San Francisco Forty Niners, 21-21, Sunday, they appear hardly likely to blow

next weekend's game against the Rams, whose 1-11-1 record is the poorest in the NFL. Detroit clinging to its forlorn hope of catching the Packers by defeating the Minnesota Vikings, 27-28, in a raggedly played game. The Lions wind up with the Chicago Bears next weekend.

Meanwhile, the Giants, playing without any championship pressure, defeated their old adversary, the Cleveland Browns, 17-13, for their eighth straight victory. This is the Giants' longest streak since 1956.

In other games, the Pittsburgh Steelers clinched second place in the Eastern Division by defeating the Philadelphia Eagles, 24-17; the Chicago Bears assured them-

selves of a third-place finish in the West by beating the Rams, 30-14; and the St. Louis Cardinals trounced the Dallas Cowboys, 22-20. On Saturday, the Baltimore Colts beat the Washington Redskins, 24-21.

Two NFL records and two team records were set Sunday. Lee Nomellini, Forty Niners defensive tackle, played his 150th consecutive game and Lou Michaels of the Steelers kicked four field goals to set a season mark of 24.

Rich Pettibon of the Bears ran 101 yards with an intercepted pass to set a Bears club record and Dick Bass of the Rams gained 160 rushing yards for a season team record of 955.

SERIOUS EFFORT is mirrored on the faces of both teams, as Linda Spencer races around end with the ball, while opposing players rush in for the tackle and teammates fight to keep the

ball-carrier free. Grim determination seen here was players' attitude throughout game. (P. S.—she made it!) (Herald Photo)

### Seniors Outscore Juniors In Powder Puff Tilt

By Dottie Higginbotham  
Herald Features Editor

The outnumbered, underdog Senior girls Powder Puff team, calling on an experienced backfield paced by fleet-footed Linda Spencer, quarterbacked by Nylene Albers and captained by "veteran" halfback Louise Higginbotham, outdistanced the Junior girls team to take the third Annual Powder Puff Game with a 20-17 score Sunday.

This was the biggest score and the most decisive victory of the games' three year history, and the Juniors almost tied it up in the closing minutes of the game, but the Seniors determined line stopped the Titans drive on the goal line to keep their one touchdown lead.

The game was marred by an injury to Helions quarterback, Nylene Albers who suffered a broken collarbone as she fell after making a goal line block.

The Senior Helions drew the first scream of outrage as tall rany Linda Spencer scored with a pitch out from Albers midway in the first quarter.

But the Junior Titans came fighting back with seatback Rena McKenzie passing and calling her teammates down to the five yard line where she took the ball over on a keeper play, and Michele Jones ran the extra point to put the Juniors ahead, 7-6 at the end of the first quarter.

The Seniors took the ball on the kickoff and started a drive right on down to the goal line with Higginbotham, Spencer, Cox and Albers carrying off

tackle, around the ends and plunging up the center all the way to the goal, where Barbara Cox dove over from the one yard line for the TD. A snap pass from Albers to Spencer added the PAT, and the Seniors again took the lead, as the first half ended.

After a highly entertaining show during the break by the wildly costumed members of the two bands, play was resumed in the second half, with the Powder Puffers rested, refreshed and ready to go.

On the kickoff, halfback Shirley Bowen of the Juniors tore down the sidelines and almost got away with a TD punt return but stepped out of bounds on the Seniors 40 yard line.

A series of razzle dazzle plays, passes, pitchouts, reverses and double reverses by Bonnie Caslo, Marilyn Hunt, Rena McKenzie and Shirley Bowen, all doing their share of the ball carrying carried the Junior Titans right down to the goal line where halfback Bonnie Caslo plunged over tackle for the touchdown

and the game was all tied up 13-13.

In the fourth quarter, Donna Beard's kickoff, low and hard, bounced off one of the Helion's linemen and fell to the ground where center Ann Farless recovered it.

With their hands on the ball again, the determined Seniors, ran, skipped, wiggled, squirmed, plunged and fell toward the goal line, 50 yards away, as the Titans tried desperately to hold the line.

The drive was marred by penalties as the hard pressing seniors jumped off sides, but they managed to rack up enough first downs with the end sweeps of Halfback Higginbotham, the keeper plays of Albers and the sweeping end runs of Linda Spencer to get to the goal line, where the ball was handed off to Spencer who raced around right end for the third TD to give the Seniors a one touchdown lead.

Pat Bruce leaped over tackle for the extra point and the seniors took a luscious 20-13 lead, which they defended to the last whistle as the Titans

**GET INTO CIVIL SERVICE WORK!**  
Many appointments to U. S. Civil Service jobs will be made during the next 12 months. These positions provide SECURITY for you and your family with good pay, steady employment and advancement. Many jobs require little or no specialized education or experience.  
Lincoln Service, a privately owned school, helps thousands prepare for these tests each year. For full information on U. S. Civil Service jobs, mail TODAY.

took over and tried hard for that missing TD.

Holding the line for the Seniors were Sergeant, Boyd, Klusafelter, Julian, White, Miller, Farless, Collins, Conner, Middleton and Wynne.

Junior linemen included Oxford, Williams, McGuire, Arnold, Whittam, Clauss, Deal, Samuela, Lavender, Karns, Repp, Orter, Sandage, Shipman, Busbee, Butler, Thomas, Miller and Scott.

George Westinghouse invented the air brake.

### Seminole Get 41-31 Victory Over Titusville

Seminole's Seminoles overcame a two point deficit to come from behind and wallop Titusville Terriers, 41-31, in the local season curtain raiser Friday night.

A highly pleased Coach Ralph Stumph gave last year's Junior varsity graduates the credit for the victory saying, "It was those boys who sparked us during the last quarter and by applying a full press held Titusville to a meagre six points while they ran up 18 counts."

Mike Woodruff led the Seminoles offense with a total of 15 points.

The Sanford Jayvee offense also was from Titusville's B team, by a close 26-22 score.

The Seminoles will be playing tonight in the Davis Armory at Orlando, where they take on the Hornets of Bishop Moore at 8:15 p. m. The Bishop Moore team defeated Osceola in a 44-37 contest Friday night.

### Jai-Alai Changes Matinee Days

Monday matinees for the month of December have been cancelled at the Orlando-Seminole Jai Alai Fronton general manager Norman Stobell announced.

On the December schedule, matinees will be held Wednesdays and Saturdays except during the Christmas week, when the afternoon performance will be held on Christmas Day and Saturday.

QUANTITY RIGHTS RESERVED 25TH & PARK PRICES GOOD THRU WED., DECEMBER 12

By LARRY VERSHEL  
Those long awaited potted plants were put out along First St.

The Carroll Daniel Construction Co. has been given the contract to build those new locker rooms at the Mayfair Golf Course. Estimated cost \$25,000 with work expected to be completed in six weeks.

Out by W. Lake Mary Blvd. . . where the overpass will be by Interstate 4, there's a sign about the federal highway project. . . The only gimmick is . . . the sign is facing the pasture. . . Only ones that can see the sign are the cows.

It sure would be nice if someone cleaned up that lawn by the Edwards Building.

In that same area, don't be surprised if that Amoco station is torn down and something goes up in its place.

The contract has already been let on the old Malfitt Building.

Air Force men pulling out . . . only skeleton crews left. Troops gone from the Giant dormitories. Talked with AF Colonel Michael Barry who wants to thank the people of Sanford for their warm greetings.

City Manager W. E. Knowles added a poetic touch (in blank verse) to the Christmas bonus season. Included in each pay envelope will be a brief eulogy . . . We'll take Frost.

87 new street name signs have been erected in the city since last month.

Notice the way city crews touched up and beautified that Nativity scene this season by City Hall? By the way, a choir will perform in front of the scene at 7 p.m. Dec. 22.

Chamber of Commerce new directors name their new president at 7:30 p.m. today at the Florida State Bank lounge. Francis Roumillat Jr. a sure bet . . . with Scott Burns groomed for the office next.

Can you imagine Seminole County and its five neighboring counties having more people living in them than will be residing in some 16 or 17 STATES by 1970 . . . That's what Bob Doyle, who heads up the East Central Florida Impact Committee, told the Altarians yesterday. . . Also said that by 1970 one out of five folks living in Florida would be living in these six counties.

"Planning Can Save You Dollars" is the foundation from which all this growth may be assimilated, adds Doyle. . . Plan to maximize benefits, minimize problems, he goes on. . . And THAT, neighbors, is basic for any one's business, too, isn't it? . . . On the county and city level plans MUST be made — and then FOLLOWED — for the road systems, land use, . . . Make sure land developers take care of ALL the costs incident to the housing subdivisions, streets, sewers, water supply — and by all means, drainage. . . This is NOT a political subdivision, and the general poster of taxpayers should not be saddled with these "neighborhood developments", was the idea expressed to the attentive Rotarians.

Oh, by the way, Doyle said that in spite of the expense involved in preparing for this "population explosion" the ANNUAL cost is just "one cup of coffee per capita" — ten cents a year.

All four plants that had groundbreakings last August are nearly ready for production. Antenna Systems, Hunt, Alix of Sanford and Dearborn Electronics Labs. When queried on progress, Dearborn's bossman, Frank Dorigan, wouldn't talk to us, but told his secretary to say, "No comment." Hummmmm.

A berserk father beat his wife to death, choked his daughter, then slashed his own throat and wrists with a knife early today at nearby Margate.

The man, David Nicholson, was in critical condition under police guard at a hospital. The reason for the attack was not determined.

# Freeze Covers County - Low Is 25

## The Sanford Herald

WEATHER: Partly cloudy, little warmer. Scattered frost tonight, low 25.

### Angle Parking Termed 'Mess,' But It Stays

Angle parking along First St. was termed "silly" and a "mess" by Commissioner Earl Higginbotham Monday night and he added "I'm sorry I voted for it."

The discussion came up after commissioners agreed to keep angle parking on Palmetto by the old post office. In other business during a routine session, the commission awarded the low bid for two long wheel base dump trucks to Superior GMC trucks for \$6,500; Awarded sewer and trash pumps to the Machinery Service Co. of Tampa for \$7,887; Denied a request from the Sanfly, a NAS publication, asking for a full page ad; Denied a request to relocate a street light pole on South Park Dr.; Heard a protest from 23 Academy Manor residents protesting farming in the area. A petition was read by the 23 calling the farming in the area "harmful." The commission took the petition under advisement.

### Stevenson Furor Traced To Bandy

WASHINGTON (UPI) — The Columbia Broadcasting System said Monday night that presidential adviser George Bandy provided the inside information for the Saturday Evening Post article that created a furor around Adlai Stevenson.

### Schools Have 3 Texts On Reds

TALLAHASSEE (UPI) — The Cabinet Textbook Purchasing Commission adopted three texts today for use in public school classes on the new course on Americanism versus Communism.

### Man Kills Two, Slashes Wrists

### Whole State Hit By Cold

Seminole County was freezing early today and damage to vegetable crops, shrubs and flowers was extensive. There also was some damage to citrus groves, but Asst. County Agent Ernie Lundberg said "it is too early to estimate this."

### Driving Snows Are Plague To Midwest

United Press International — A driving snowstorm sweeping across the Great Lakes slowed its pace today, but continued to plague Indiana and Ohio "snow belt" cities. A huge mass of arctic air moved southward over the plains, plunging temperatures well below zero at many points.

South Bend, Ind., remained under a state of emergency. The city, along with Ashland, Ohio, received the worst of the storm's ravages. Fifty South Bend schools were closed Friday and Monday and there was doubt they would open today.

The Miami Airport reading of 38 was the coldest ever recorded there for Dec. 11. The previous low was 46 on that date in 1937.

The thermometer dropped to as low as 22 in some low-ground locations around Orlando with temperatures in high ground locations generally 32 and higher.

The Weather Bureau said temperatures would be slightly higher Tuesday night but there were indications the very cold weather would return Wednesday night.

### U.S. Warned On Testing

# Railroad Winner Of Job Demand

WASHINGTON (UPI) — Railroad management won another round Monday in its effort to eliminate jobs its says are no longer needed.

The New York Central Railroad, the nation's second largest, and the Order of Railroad Telegraphers reached agreement in their five year old security dispute after two months of steady negotiations with federal mediator Francis A. O'Neill.

The railroad will have the right to lay off telegraphers on 90 day notice subject to substantial severance pay.

ORT President G. E. Leighty and NYC Vice President L. B. Fox said in announcing the agreement that it fell a closely the settlement reached under arbitration in September between the ORT and the Chicago Northwestern Railway.

The ORT has now reached agreement with three railroads but still has to settle with 27 others.

The agreement with NYC, Leighty said, was reached without "threat or force" and he considered it an "acceptable, fair and equitable" settlement. Under the agreement telegraphers laid off will get severance pay ranging from \$800 to close to \$10,000 with most experienced workers receiving about \$7,000.

## Legion Post To Meet Friday In Casselberry

By Jane Casselberry  
American Legion Memorial Post 236 of Casselberry will meet a week earlier than usual on Friday at 8 p. m. at the Women's Club Building on Overbrook Dr.

There will be a Christmas Party and all legionnaires and their ladies are invited. Everyone attending is asked to bring a contribution of food to help fill a Christmas basket as the Post is co-operating with the Casselberry Lions Club in helping needy families.

Representatives from local civic organizations and churches who are serving on the committee will attend and Mayor and Mrs. A. E. Lormann will represent the city.

## Layo Calls Special Meeting On Party

By Donna Estes  
Chief Claude Layo, general chairman of Longwood's annual Christmas Party has called a special meeting of the party committee at 8 p. m. today at the City Hall.

The 172-pound satellite, appropriately named "Relay," is scheduled to be fired into space Thursday night aboard a three-stage Delta rocket that already has run up a string of 13 successes.

Relay will take up where America's famed Telstar satellite left off—by connecting North and South America and Europe in the broadest communications system ever attempted with artificial satellites.

If all goes well, "live" television broadcasts via earth satellites will be bounced back and forth between the United States and Europe. In addition, Relay will handle telephone calls from Brazil, although South America will miss out on the television feasts this time.

It could mean that Christmas greetings will be flashed this year instantaneously for the first time from Rio de Janeiro to San Francisco to Andover, Me., to Goochilly Downs, England, to Pleumeur-Bodou, France, and elsewhere on the European continent.

Later, if plans work out, a station in Japan will join the Relay satellite's network to extend its range halfway around the world and to provide millions more with a hint of what satellite communications of the future can provide.

Japan is especially interested. That island nation still has hopes that the 1964 Olympic Games, which it will host, may be telecast "live" to the rest of the world via satellites.

But the Soviet Union, for the time being at least, is out of the picture despite the re-

CRAIG M. BRAMLEY, left, discusses his new job with the ICBM project, at the Atlantic Missile Range in Cocoa Beach, with Rex Ubben, Astronautics operations manager.

## Three-Continent TV Coming

CAPE CANAVERAL (UPI) —The United States plans to launch a miniature radio relay station into orbit this week to link three continents in a new space communications network.

The 172-pound satellite, appropriately named "Relay," is scheduled to be fired into space Thursday night aboard a three-stage Delta rocket that already has run up a string of 13 successes.

Relay will take up where America's famed Telstar satellite left off—by connecting North and South America and Europe in the broadest communications system ever attempted with artificial satellites.

If all goes well, "live" television broadcasts via earth satellites will be bounced back and forth between the United States and Europe. In addition, Relay will handle telephone calls from Brazil, although South America will miss out on the television feasts this time.

## Bramley Returns To ICBM Post

Craig M. Bramley, new Industrial Relations Analyst at Cape Canaveral, is expected to arrive in Florida with his wife, the former Carol McInnis of Sanford and their two sons, Craig, two and Douglas, one, soon. The Bramleys are now living in Roswell, N. M.

Mrs. Bramley is the daughter of the Rev. and Mrs. A. G. McInnis who now live at Charlotte, N. C. but formerly lived in Sanford. Rev. McInnis was pastor of the First Presbyterian Church here for many years.

Bramley, who joined Astronautics in 1964, received his B. A. degree in business administration from Hobart College in 1962.

The Astronautics division of General Dynamics is the integrating contractor on the Air Force Atlas ICBM project. The current project on which Bramley is employed is the installation of underground silo launching emplacements of the ICBM version.

## Garden Circle To Meet In Bear Lake

By Shirley Westworth  
The regular monthly meeting of the Bear Lake Garden Circle will be held at 8 p. m. Wednesday at the home of Mrs. Vernon Herrington on Craig Dr. at Bear Lake.

Members will hold a Christmas party with an exchange of homemade gifts following the business meeting.

## Area C Of C To Hear Telstar Story

By Donna Estes  
The Longwood Area Chamber of Commerce will meet at 7:30 p. m. Thursday at the Civic League Building on Church St.

Guest speaker for the evening will be Kenneth Palocquin of the Winter Park Telephone Co. who will speak on the subject, "The Telstar Story."

Following the business meeting and appearance of the guest speaker, the choir from the First Baptist Church of Longwood will give a program of Christmas music.

Refreshments will be served and those attending are invited to bring guests.

## DeBary Civic Assn. To Elect New Officers

By Mrs. Adam Muller  
The DeBary Civic Assn. will elect new officers at today's 7 p. m. meeting in the Community Center.

Professor Fred Messersmith of State University will be guest speaker for the program and will give a resume of his recent trip to Italy. He also will have on exhibit a collection of his paintings.

Members of the association are reminded that annual dues are now payable.

## Board To Meet

By Donna Estes  
The executive board of the Longwood Elementary PTO will meet at 7:30 p. m. Wednesday at the school auditorium. Members of the board are urged to attend.

## Geneva Citizens Have Dinner

The Geneva Citizens Assn. sponsored a covered dish dinner and program Sunday at the Community Hall in conjunction with its annual drive for members with some 60 Geneva families represented at the event.

Meat and beverages were provided by the association and those attending brought salad, vegetable or dessert dishes. During the serving music was provided by the Geneva Community Band under the direction of Ronnie Anderson of Sanford.

Sanford Fire Chief Mack Cleveland Sr., guest speaker who was introduced by Lewis Hughey, president of the association, spoke on fire prevention and means and methods of setting up a Volunteer Fire Dept. and Fire Control District for the Geneva area.

Membership donations for the coming year were received by Mrs. Louise Grayson, newly installed secretary of the group.

The hall was attractively decorated with branches of clematis by Mr. and Mrs. Charles Lamb and Donald Alt-

wood. Tables were covered with Christmas cloths. The program closed with all present joining in for an old-fashioned community sing of Christmas carols.

AMONG NEW OFFICERS of the Geneva Citizens Assn. presiding at Sunday's membership dinner were Lewis Hughey, president and Mrs. Ralph Grayson, treasurer. Some 60 families of the Geneva area were represented at the event. (Herald Photo)

## Gantt Service Set Wednesday

Funeral services for Mrs. Josephine Gantt, 82, who died Sunday night at Seminole Memorial Hospital, will be held at 10:30 a. m. Wednesday at Brison Funeral Home.

Rev. Fred Knosinger will officiate and Rev. W. A. R. McPherson will assist. Burial will be in Oaklawn Memorial Park.

Born Aug. 14, 1889, in St. Louis, Mo., Mrs. Gantt had been a resident of Sanford for the past 41 years making her home on W. First St.

She is survived by her husband, C. C. Gantt of Sanford, three children, Charles J. Gantt of Orlando, Mrs. H. W. Emmons of Daytona Beach and Mrs. Dudley Glover of Tampa; seven grandchildren; three sisters, Mrs. Mary G. Young of St. Louis and Mrs. Emma Tinsler of Hollywood, Calif.; one brother, Joseph Swanson of St. Louis and a niece, Mrs. Helen Linnell of Sanford.

Palibearers will be Percy Chapman, J. Videl Jones, Henry Schumacher, Charles Forester, C. E. Bernard and Lawton Scott.

## VFW Auxiliary Sets Election

By Jane Casselberry  
The newly organized VFW Auxiliary of Post 10666 of Casselberry will meet Thursday at 8 p. m. at the Women's Club Building on Overbrook Dr.

There will be an election of officers and Mrs. Maude Herrell will be instituting a floor in charge of the elections.

## Longwood Circle Sets Meeting

Longwood's St. Catherine's Sienna Circle of the Church of Nativity Women's Club will hold its regular monthly meeting at 8 p. m. Wednesday in the Social Hall of the church.

Following the business meeting the circle will have a Christmas party. Acting as hostesses will be Mrs. William DeRosa, Mrs. Ann Hopkins and Mrs. Yester Elgin.

## Troop 497 Enjoys Camp

By Shirley Westworth  
Girl Scouts of Bear Lake Troop 497 enjoyed a weekend at camp in Moss Park on Bear Island Nov. 30 through Dec. 2.

Assisting Mrs. John Hall, leader of the troop, were Nancy Fishinger, senior scout and Geraldine Aldrich, scout.

A campfire was held Saturday night to add zest to the festivities and a Scout's Own was conducted on Sunday morning.

Making the trip were Vickie Brannon, Cheryl Hall, Linda Watt, Candice Herrington, Patty Stevenson, Cathy Aldrich, Sandra Elliott, Patty Forward, Barbara Weinstein, Cheryl Clark and Jane Eppinger.

# Citrus Jungle Law

Fruit's demand is strong in Italy, with a huge crop on the trees, estimated at 115,000,000 boxes of oranges, is faced with a surplus of fruit. We've heard in recent days of some ridiculously low offers for oranges in this area.

Marketing its own crop is, of course, the responsibility of each individual grower and we would not presume to offer advice on that score. However, it should be pointed out that this is no time for panic or for selling crops at giveaway prices.

The fact is, that the real citrus market for 1962-63 has not yet opened. Florida Citrus Mutual reports estimated fruit sales of frozen concentrates overtook in Northern markets. Mutual says better on - tree prices ought to be in the offing if the sales efforts continue to be successful. In other words, sell for what you think your fruit ought to bring, but don't let anybody panic you.

# Coonskins And Culture

While few well - read foreigners believe America is a nation of coonskin - capped barbarians, the impression still exists that we are a bunch, uncouth, money - chasing people. A lot of us even believe it ourselves.

A recent study by Stanford University's Institute of Education has some surprising statistics:

One - hundred - twenty million Americans attend cultural events every year.

Fifty million participate in amateur art activities - \$3 million of them play musical instruments, 15 million paint, sketch or sculpt, a million are serious photographers and a half-million are amateur actors.

By comparison:

There are more theatergoers than golfers, skiers, boaters and skindivers combined.

Twice as many people attend concerts as see major league ball games.

There are more piano players than licensed fishermen; as many painters as hunters.

Perhaps this doesn't mean much. If money is the measure of everything in the United States, consider this:

Spending on art and culture rose by 100 percent between 1953 and 1960 - more than six times as fast as spending on spectator sports, and twice as fast as spending on all recreation.

The "culture market" now runs about \$2.5 billion a year; it is expected to almost triple by 1970.

One of the causes of all this, the researchers conclude, is the greater exposure and dissemination of the arts through modern electronic means. But that old bugaboo, the status symbol, has something to do with it.

Americans are becoming disenchanted with cars, boats, mass - produced goods. With personal creativity in the arts, they can achieve satisfaction and self - expression, as well as social status.

Culture is definitely "in" in America.

Phil Newsom Says . . .

# Wives Give Crisis Signal

Guatemala is emerging from its war-torn state. The simple return of domesticity seems to establish that the Cuban crisis is a crisis anymore.

As wives rejoined husbands on the big naval base, UPI correspondent John Goldsmith reported this burst of affection from hospital technician Edward C. Adams, who but for a turn of events might have been engaged in far less pleasurable pursuits.

Said Adams:

"We really missed those hushed-in-the-night conversations."

Castro's Cuba also seemed to be returning to normal.

Scarcely had the last Russian bomber departed in its crate from Cuban shores than the government set about confabulating more business and returning to its normal denunciations of the United States.

If this seems like a light approach to a most serious problem, it is not intended as such. Rather it is a sign of relief echoing in many quarters that the world has managed to emerge relatively unscathed from what could have been its first, and perhaps its last nuclear war.

The fact that a firm hand, plus diplomacy, had turned an untenable situation into one of some advantage to the United States did not, however, provide a total solution nor the answer to several remaining important questions.

One of the most intriguing of these is, what now for Fidel Castro?

If the Soviet Union simply used the bearded leader as a means for placing missiles and bombers on Cuban bases and thereby gaining a military advantage over the

United States, Castro's usefulness to Russia now would seem to be considerably reduced.

Despite the jovial appearance of Soviet First Deputy Anastas Mikoyan on his departure for Moscow after a 24-day Cuban visit, it also seemed obvious that Castro had proved a hard man to handle, thus further reducing his usefulness.

There is no doubt also that he has been badly hurt in Latin America.

When such a man as Brazil's Loomis Briaola, anti-Yankee governor of Rio Grande do Sul state, lashes out at him for "dishonoring" the Cuban revolution, it is apparent that the portrait of an idealistic champion of the people has been dimmed considerably.

As for the United States, the administration opposes now as it has in the past an invasion of Cuba, both for its high cost in lives and for the effect it would have on other American nations.

But President Kennedy clearly made known of alternative when, in his announcement Oct. 23 of the Cuban quarantine, he told the Cuban people:

"Many times in the past the Cuban people have risen to throw out tyrants who destroyed their liberty. And I have no doubt that most Cubans today look forward to the time when they will be truly free . . ."

Castro's own history is one of violence and it seems his end also must be violent. Whether the end comes from internal revolt or from the outside, the cost still will be high.

# "I Thought Everybody Loved Me"

# Dr. Crane's Worry Clinic

Dr. Crane faces a widespread dilemma of fathers. You must "worry" him to get him to do what you want, or you must leave him alone to do what he wants. And this holds true what you want to get your son to do your own profession so you can then add the "Worry" to your child.

CASE 9-406: Dr. Gaken B. aged 26, has a common problem of fathers.

"Dr. Crane," he said, "I have a fine son who is a senior in high school.

"And I'd like for him to study medicine so we could then practice together. Don't you think it is also when a father-son team can work in the same field?

"But my boy seems to prefer ANY occupation except that of his father, for then he escapes any belittling of his attainments in comparison with his dad's success.

If you fathers want your children to enter your occupation, then by all means start out very early by letting your child infuse his ego in some way by means of the tools of instruments employed in your trade.

"I WANT TO FEEL IMPORTANT!" is the magic formula for winning recruits to your field, so plant your tactics so the boy will soon feel important.

But do this via the "persuasive" instead of the "dictatorial" route!

Remember the old adage: "You can lead a horse to water but you can't make him drink."

Many smart fathers still think they can MAKE their sons like medicine or law or business, etc. That's wrong.

In Chapter 1 of my textbook "Psychology Applied," I show that you must "worry" instead of trying to "club" them into a fondness for anything.

So sugar-coat the approach to your profession via letting it increase the pride of your child. Then he will soon like your vocation.

Send for my 200 - point "Tests for Successful Parents," enclosing a stamped return envelope, plus 20 cents. They may let you add the "A Son" to your shingle 10 years hence!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 4 cent stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Men in a nuclear age who pick quarrels are fools. Men who stir pot that is simmering are knaves.

—Earl of Home, British foreign secretary.

Teaching a machine is much more difficult than teaching college students because machines are stupid; they have very small minds.

—Prof. Robert F. Peck, University of Texas psychologist, on working with electronic computers.

A tax system as voracious as a tankful of barracuda.

—Ladd Pimmley, U. S. Chamber of Commerce president charging that taxes are destroying business incentive.

What we need is more income to tax—in other words, more profit and more jobs.

—Roger M. Blough, chairman of U. S. Steel Corp.

I suggest a simple solution . . . for separating unrelated issues and facilitating more meaningful (political) debate. State and national issues and offices should be untangled and two separate elections held.

—Richard M. Nixon.

This is not a new problem, for it has perplexed fathers ever since the time of Biblical Isaac, whose elder son Esau became a hunter instead of a sheep rancher like Isaac.

And the "why" is largely a matter of psychology.

First, many Dads unwittingly are rather domineering. They tend to rule by a dictatorial fiat instead of by tactful persuasion.

So their sons often resent their dads and thus transfer this veiled hostility to their father's occupation and even his religion as well as his politics.

Thus, a clergyman who forces too much religion down his son's throat may find that his own boy is often the ring-leader in "wine, women & song" disturbances at college.

The late F. D. Roosevelt also had a father who was a successful business leader but apparently rather autocratic. So that may explain in part

the tendency of FDR to hamstring a big business.

A second reason why sons avoid their father's trade or profession is the fact most boys want to feel important in their own right.

But if they enter their dad's occupation, they know they will play second fiddle, since the older man has had 25 years' head start.

So the son may prefer ANY trade except that of his father, for then he escapes any belittling of his attainments in comparison with his dad's success.

If you fathers want your children to enter your occupation, then by all means start out very early by letting your child infuse his ego in some way by means of the tools of instruments employed in your trade.

"I WANT TO FEEL IMPORTANT!" is the magic formula for winning recruits to your field, so plant your tactics so the boy will soon feel important.

# Peter Edson Political Notebook

WASHINGTON—(UPI)—Should E. Hoover, Director of the United States Information Agency, urge our propaganda efforts are becoming steadily more competitive with the massive Communist barrage.

He likes the bottle. And he has no present plans to go back to the camera and microphone, he abandoned to take this post.

His appetite for the job may be checked by the fact that under USAID auspices are now over the horizon.

Very soon the world's biggest and most powerful long range radio transmitter, a 500 kilowatt, will start operating in Guatemala, N. C.

It will nearly blanket Latin America and reach out also to Europe, Africa and the Middle East.

Next August another large complex totaling 1.5 million watts is slated to crank up in Liberia. Strong radio signals will be transmitted in an arc covering northern and central Africa, where today we have, in Murrow's words, "only a whisper."

These new facilities together will make us generally competitive, he says, in the radio field still dominated now by the Russians and the Chinese Reds, P-1.

And on the hot-project list is a one-million-watt facility planned for Thailand, to cover all Southeast Asia and reach into mainland China as far north as Chungking.

To help support this enlarged activity and to permit more and better personal training, more television production, and a vastly multiplied book distribution, Murrow will be asking Congress for more money next year.

How much more can't be stated, since the budget is still in work. The current appropriation is \$150 million, up about \$9 million from last year. Murrow asked for a \$14 million increase.

He believes that to stay in the game with Moscow and Peking and turn out a consistently better propaganda product, USAID could do with

During 1960, 121,845 of the 1.9 million drivers registered in Minnesota were involved in accidents.

# Eye Removal Set To Save Child

**NEW YORK (UPI)** — A New York eye specialist prepared today to remove the remaining eye of a 15-month-old Scottish girl in a postponed attempt to save the child's life.

Dr. Algernon B. Reese told the parents of pretty, blonde Margaret McKown two weeks ago that only removal of her cancer-stricken right eye could save her life, but Mr. and Mrs. Matthew McKown decided against the operation in favor of prayer.

However, they changed their minds and arrived by jetliner with Margaret and her three small brothers Monday night. Reese will begin tests on the child at Columbia Presbyterian Medical Center today and will operate later this week.

The McKowns' travel expenses, the operation, and the rent on an apartment near the medical center are all being paid for by a philanthropic Nevada housewife, Mrs. Marie Ramsey, 50, wife of a Las Vegas business man. Mrs. Ramsey offered McKown a job and enough money to stay in New York a year, but he turned it down.

"The pace is too fast for us in America," he said.

# VFW Post Sets Deadline For Charter Members

**By Jane Casselberry**

George Howard, commander of VFW Post 10060 of Casselberry, has issued a reminder to veterans of the area that the deadline for becoming charter members of the new post will be at this Thursday's 8 p. m. meeting at the Country Club of Casselberry.

Howard also has announced that the veterans group has received a large shipment of Scotch pine Christmas trees from Canada and that a sales lot has been set up at the corner Hwy. 17-92 and Triplet Dr. in the Casselberry Shopping Center. This sale is the new Post's first money-raising project and proceeds will be used toward future work of the group.

**ANNUAL DINNER** honoring the three remaining Spanish-American War Veterans of this area was given Sunday at Lake Mary by Frank Evans. They are members of the First Florida Infantry. From left, seated, are Mrs. Mary Pfiffner of DeLand, Veteran Leon Pickering; Frank Evans, C. G. Priest and Mrs. Priest. Standing are Mr. Walter Landers, Mrs. Evans, Mrs. Mary Jameson and Mrs. Mae Shaefer. (Harald Photo)

# Altamonte Garden Club Plans Holiday Program And Meeting

**By Louise Simunek**

Executive Board members of the Altamonte Springs Garden Club, who have been busy planning an elaborate and entertaining program for this month's meeting, have, in part, announced plans for the program.

The meeting and program will be held Thursday at 6:30 p. m. at the Community House, opening as is customary with the covered dish supper. A brief business meeting will follow with a guest horticulturist as speaker.

Members of the club will present a play as part of the program and a guest singer also will entertain. Christmas decorations and centerpieces will be sold.

Serving on the refreshment committee for this meeting are Mr. and Mrs. Robert Bradford, chairman and Mrs. H. T. Guest, Mr. and Mrs. L. O. Willard, Mr. and Mrs. W. R. Wigley, Mrs. Helen Bauman and Miss Deborah Glover.

The club's Shuffleboard Tournament is in final stages, however playoff will be delayed until the weather is warmer.

The next meeting of the board will be held at the home of Mr. and Mrs. Don Harris at 1:30 p. m. on Jan. 2.

# Civic League Holds Meeting And Program

**By Donna Bates**

The Longwood Civic League Building was beautifully decorated with poinsettias, pine cones and a small manger for last Wednesday's Christmas meeting of the Civic League.

A special program of hymns was presented for the occasion by Mrs. Darwin Shea, Mrs. Tom Pratt, Miss Becky Wagner and Miss Valerie Shea and a beautiful Christmas story was told by Mrs. E. P. Richards.

Prior to the program a business meeting was held and dessert luncheon was served.

Presiding at the business meeting was Mrs. Lillian Cox, president, who, after calling the meeting to order, led in the pledge to the flag and repeating of the collect. The devotional, consisting of Bible reading, was given by Miss Ella Cummings.

Hostesses for the luncheon were Mrs. Vesta Payne, Mrs. Margaret Hyland, Mrs. Eric Swanson, Mrs. A. C. Maler, Mrs. Steven Rockwell and Mrs. Maurice Rudolph.

# Busy Line Keeps Aid From Child

**JACKSONVILLE (UPI)** — Two vain attempts were made to clear a four-party telephone line to summon help for a dying child Sunday, but each time someone refused to give up the line for the emergency call.

The child, apparently suffering from a respiratory ailment, died shortly afterwards in a local hospital.

Duval County Patrolman D. G. Aspinwall said Joseph Claude Roberts told him his son, Joseph Jr., began choking and he tried to summon help by telephone but a man on the line was in the midst of a conversation and refused to surrender the line.

Roberts hung up and began mouth-to-mouth resuscitation.

A neighbor, Mrs. Mary Ludwig, stopped by the house for a visit and she called the patrol on a then-open line.

Minutes after Aspinwall arrived, he ordered Mrs. Ludwig to call the Westconnett Volunteer Fire Dept.

Once again a man on the line refused to get off.

"I begged him to let me have the line," Mrs. Ludwig said. "I told him it was an emergency, that a baby was sick, but he just kept on talking."

The woman said the caller finally cleared the line about 10 minutes later.

Despite further resuscitation efforts by Roberts and Aspinwall, the child died. An autopsy will be performed.

# Altamonte Boy Scouts Open First Tree Lot

**By Louise Simunek**

Altamonte Springs Boy Scouts of Troop 26 began operations at the first of two planned Christmas Tree sales lots late Monday afternoon at the corner of Hwy. 17-92 and SR 436. Scouts hope to open the second lot this weekend at Super Valu Food Store parking area on SR 436.

These sales constitute a main money-raising project for the Scout Troop and need the cooperation of all the boys plus that of parents to make them successful. An appeal to mothers and to any retired men of the area who could help out a few hours a day has been issued by the scouts and by Scoutmaster Jack Stuart who has worked hard along with assistants to get the sales project underway.

With sufficient help from volunteers to keep the lots open the sales will be successful and provide funds for a good deal of much needed troop equipment.

# Equipment Bids Approved By Casselberry Aldermen

The Casselberry Board of Aldermen Monday night opened and approved bids on a dump truck for the Town Road Board and on radio equipment to be used by the fire and police departments in conjunction with civil defense and other emergencies.

The low bid of Strickland-Morison of Sanford in the amount of \$4,302.20 for a new Ford dump truck was approved and the bid of General Electric in the amount of \$2,322.50 was accepted.

Aldermen Rehn Lady objected to approving either purchase while Mrs. Hope Bennett refrained from voting. Both bids were approved by the deciding vote of Chairman Paul Bates who voted "yes" with Cliff Overman and George Howard.

The most heated issue of the meeting developed over discussion of unsanitary conditions of the public rest room at the Town Hall which also is the only facility available for use by city officials.

Bates advised that he would look into the possibility of providing additional facilities and report back to the new council in January.

The Thursday deadline was extended until Dec. 10 for

# Fire Auxiliary Plans Holiday Party Meeting

The Ladies Auxiliary of the Lake Mary Volunteer Fire Dept. will hold its annual Christmas party and election of new officers at a meeting to be held in the Fire Hall this Thursday beginning with a covered dish supper at 6 p. m.

Members and families of the Auxiliary and of the Volunteers are invited to the supper and those attending are asked to bring a covered dish and their own place setting.

Children are especially invited since Santa Claus is expected to visit at the Fire Hall during the evening.

# Suspect Found In Stranglings

**BOSTON (UPI)** — The 23-year old son of a Cambridge minister today underwent questioning in the deaths of seven women believed to be victims of a "phantom strangler."

"He's the best suspect we've had since this started," police Lt. Edward Sherry said after the man underwent a lie detector test, fingerprinting and several hours of questioning.

Sherry said the suspect, who voluntarily surrendered at police headquarters Monday night, denied being the strangler but admitted being in the apartment building where the latest victim was found last Wednesday.

He was held on a charge of suspicion of receiving stolen goods, a typewriter which was not connected with the stranglings, police said.

# Correspondent In Hospital

Mrs. Adam Muller, correspondent for the Sanford Herald in DeBary and immediate vicinity, is a patient at the West Volusia Hospital in DeLand.

Mrs. Muller, who is in Room 815 at the hospital, was entered for observation last Saturday and expects to remain confined for at least a week.

# Popular Spray Paint

Those handy spray cans of enamel and varnish are becoming more popular all the time for touch up and for decorating small and irregular shaped objects. It's estimated that nearly \$5,000,000 of these cans were used last year.

# GOP To Meet

An executive board meeting of the DeBary Republican Club will be held at 10 a. m. Thursday at the Fire Hall. Ralph Witherell will preside.

**YOUNGEST CADILLAC IN SIXTY-ONE YEARS!**

Take a good look at a new 1968 Cadillac and you'll see what we're talking about.

For this one has a freshness . . . a brightness . . . a spirit . . . a flair that has never been seen before in a Cadillac car.

It's the look of youth—and it's written in every clean, crisp line . . . and mirrored in every lithic, nimble move that the car makes.

And so it is not surprising that this beautiful new Cadillac is adding a host of youthful admirers to the ranks of its enthusiasts.

Nor is it remarkable that so many younger motorists can be seen this year at its wheel.

In fact, motorists of all ages have taken this Cadillac to their hearts as never before. The reception that has been accorded this new "car of cars"—whether measured by the praise of its followers or the number of its owners—is simply without precedent.

Why not visit your authorized Cadillac dealer soon—and see for yourself what the talk is all about?

Young in fact or young at heart—we know you'll want to make it yours!

WHO PUT THE FORD IN SANFORD?

# Colorful Gala Opens

E. C. and Sue Harper, Don and Ann Reynolds, Ada and Bob O'Neill, Sylvia and Bob Brown, Carolyn and Herbie Stenstrom and Tricia and Frank Stenstrom were among the merry makers at the Mayfair opening.

Harry and Margaret Echelberger had a chat with Bill and Mary Merritt at the gala.

## 15th Mayfair Season

Three ladies in mink . . . Mrs. Roy Williams, Mrs. Mary Welchel and Mrs. Helen Carraway.

Crela Higginbotham has the new look at the party with husband, City Commissioner Earl Higginbotham.

Mrs. Robert D'Aversa (right) illustrated a point with Mrs. Bill Southward and Mrs. Bill Kirk.

Capt. Joe Tully greeted Mrs. Gloria Stanul, in white fur stole, and Mrs. Jane Ames, Mrs. Stanul's houseguest.

Jane and John Spolski

Mayfair double doors opened wide as Host Richard Regan greeted Cdr. and Mrs. Chuck Meisher.

### Episcopal Chapter Meets At Lee Home

St. Anne's Chapter of Holy Cross Episcopal Church met at the home of Mrs. A. W. Lee on Laurel Avenue. She was assisted by Mrs. A. S. McCallum.

The meeting was conducted by Mrs. S. O. Chase Jr. in the absence of chairman Mrs. W. H. Stewart.

Highlighting the program was the reading of a Christmas story centered around the three wise men. Mrs. Hawkins Connelly read the story and conducted the Christian education portion of the program.

In a report from the recent board meeting of the Churchwomen, Mrs. Chase reminded members of the following dates: Dec. 23, a children's Christmas party; Jan. 8-10, an evangelistic crusade in Orlando; Jan. 15, the annual Feast of Lights observance of the church; and on Jan. 23, the yearly Parish dinner.

It was also stated that fruit cakes are being sold this year by St. Mary's Chapter and members of St. Anne's may contact Mrs. McCallum to obtain them. Fourteen members were present for the meeting.

### South Seminole Welcomes More New Families

Mrs. Nora C. Norris, Welcome Wagon hostess reports the following new families welcomed to the South Seminole area:

Mr. and Mrs. Harold Beske and son Michael from Orlando; Mr. and Mrs. Robert Johnson, Marshall and Randy from Bristol, Va.; Mr. and Mrs. Raymond Lucote and Janet from North Tonawanda, N. Y.; Mr. and Mrs. L. A. Michaux, Raymond and Warren from Miami; Mr. and Mrs. A. B. O'Neal, Ronny and Danny from Jacksonville.

Mr. and Mrs. D. S. Wessett, David, Dennis, Dorothy and John from Whidby Island, Wash.; Mr. and Mrs. Edward Wightman, Dennis and Margaret from Denver, Mass.; Mr. and Mrs. J. W. Hicks, John, Lillian, Pam and Anne from Sanford; Mr. and Mrs. S. P. Broadie, Jimmy and Diana from Trenton, Fla.; Mr. and Mrs. Harley Mick, Steve and Joanna from England.

Mr. and Mrs. George Miller from Cleveland, Ohio; Mr. and Mrs. Carl Fox, Gregory, Jeffrey and Melissa from Covington, Ky.; Mr. and Mrs. Charles Logren from Stamford, Conn.; and Mr. and Mrs. Fred Buss and Freda and Mr. and Mrs. Donald Shell, Garry and Larry all from Orlando.

### Church Calendar

**TUESDAY**  
Brownlee Bible Class of the First Presbyterian Church meets at 8:45 p. m. in Fellowship Hall, for covered dish Christmas supper meeting.

Dorcas Class of the First Baptist Church meets at 8 p. m. with Mrs. Eugene Pennington in Lake Mary for a Christmas party and gift exchange.

**WEDNESDAY**  
Circles 11 and 12 of the First Presbyterian Church meet at 9:45 a. m. with Mrs. Roy Mann, 121 W. 18th St.

### Alan Observes Birthday At Family Dinner

Alan Braddock celebrated his 12th birthday with a family dinner party at the home of his parents, Mr. and Mrs. E. E. Braddock, in Enterprise, Thursday evening.

Those helping with the celebration were his aunt and uncle, Mr. and Mrs. Don Stowell, Corky and Vince, of Sanford; his grandmother, Mrs. Lois Brooke and a cousin and her family, Mrs. Danny Neal and children of Osteen.

# Club Presents Christmas Program

Highlight of the annual Christmas program, sponsored by the Sanford Woman's Club, was the children from the Stepping Stones Kindergarten, who entertained the women so well the audience sat spellbound.

Mrs. W. L. Kirk in introducing the group, said "What is a Christmas without children? Today we have 17 of them who will entertain us."

All were dressed in costumes, portraying a Christmas toy. Theme of the program was "The toys that came to life." All sang or recited their parts and presented rhythmic dances. The group sang Christmas carols and recited a part of the Christmas story, from the Bible. Santa Claus, (Lewis Dogson) served as the announcer and introduced each performer.

Others taking part were Linda Dixon, a fairy; Bob McHenry and Paul Thomas, brownies; Terri Tetensbaum and Linda Dixon, dolls; Monica Olliff and Melodie Chance, kittens; Kevin Beckwith and Alan Winn, soldiers; Tina Persons, raggedy Ann; Jeff Behrens, raggedy Andy; Mark Metts and Kevin Epps, cowboys; Marchelle Olliff and Randy Brown, Dutch dolls and Mark Noyes and Jimmy Brodie, sailors. Judy Jensen, another doll had to move to another town the day before the program.

A luncheon preceded the program and hostesses in charge were Mrs. Ben Wade, Mrs. Al Hunt, Mrs. W. B. Stringfield, Mrs. Harry W. Sells, Mrs. Donald Ellis and Mrs. Charles R. Sims.

Mrs. B. C. Moore led the group in singing Christmas carols, accompanied at the piano by Mrs. Clarence Snyder, Mrs. J. C. Mitchell, a special guest. Introduced Mrs. Fred Chance who gave a Christmas devotion, using as her theme, the "Wisdom, courage and faith of the Three Wise Men."

Mrs. R. A. Smith read excerpts from the Woman's Club minutes of June, October and December 1961 stating that the club had established the first school lunchroom program, in Sanford at the Grammar School on Oct. 10. Members raised the money to build a place for serving the lunch and also served as voluntary helpers.

Mrs. William Reynolds and Mrs. Wade were in charge of decorations, including Santa and a Christmas scene on the mantle and a beautiful arrangement of glided pine cones and gold candles, on the speaker's table.

The silver tree, with blue ornaments, on the stage was surrounded with packages, gifts from the members to an orphanage in Jacksonville. The American Home Department was responsible for the tree and decorations.

Invited to a wedding and the reception? Be sure to reply if you can't attend. Plans must be made based on number of people attending the reception.

THE TOYS THAT CAME TO LIFE presented the Christmas program for members of the Sanford Woman's Club. Left to right (front row) are Bob McHenry, Melodie Chance, Terri Tetensbaum, Jimmy Brodie, and Mark Noyes. Second row Alan Winn, Monica Olliff, Paul Thomas, Linda Dixon, Kevin Epps and Mark Metts. Back row, Kevin Beckwith, Marchelle Olliff, Randy Brown, Jeff Behrens, Tina Persons and Lewis Dorton. (Herald Photo)

### CREATIVE WOMAN

**Toy Pony**  
Fun to make, so nice to give—this top pony is ideal for small hands to cuddle.

No. 254-H has a pattern pieces; sewing directions.

To order send 35 cents in coins for each pattern to: Creative Woman, Sanford Herald, Box 438, Midtown Station, New York 18, N. Y.

Print name, address with style number and add 10 cents if first class mailing is desired.

If you write someone that you would like to come for a visit and the answer is slow in arriving, or reads less than enthusiastic, cancel your plans.

Don't ever introduce the boy you are going steady with as "my boy friend." Use his name.

12 INCHES TALL

### Officers Wives Of VAH-3 Meet For Bridge

The Afterburner room of the BOQ was the site of the monthly bridge session of the VAH-3 Officer's wives.

Mrs. William Malicowski, Mrs. Kenneth Sharp, and Mrs. Andrew Reno were hostesses for the afternoon affair. Refreshments included coffee, cakes, pretzel sticks, and assorted candies.

Those attending were Mrs. Walter Kuehn, Louis Krizer, C.J. Youngblade, Clinton Dowell, Vincent Monroe, William Goodman, Amy Rust, Earl Achord, James Bell, C. W. Mester, Patrick O'Gara, Wendell Powell, E. C. Tallman, George Waters, Richard Wright, Roy Farmer, and Richard Dunleavy.

### Local Events

**WEDNESDAY**  
Executive Board meeting of the Sanford Garden Club, at 8:30 a. m. in the Caucus Room of First Federal.

Sanford Welcome Wagon Club, their husbands and guests meet at the Capri at 7 p. m. for get-acquainted hour with supper at 8 p. m. Special guests will be members from South Seminole Club.

Sanford Home Demonstration Club will meet at 3 p. m. this Thursday, at the Home Demonstration Center for a Christmas party.

Each member is requested to bring an inexpensive homemade gift to exchange with another member.

### Lake Monroe Home Club Meets Wednesday

The Lake Monroe Home Demonstration Club will hold their annual Christmas party this Wednesday evening starting at 7:30. The event will be held at the home of Mrs. H. L. Johnson on Narcissus Ave.

Mrs. Ed Fitzgerald will give a demonstration on "Breads" and each member is asked to attend and bring a gift costing not over a dollar. A delightful evening is planned for the members. Miss Myrtle Wilson, County HD Agent and her secretary, Miss Ruby Cohen have been invited to attend as guests.

### Home Club Plans Party Thursday

The Sanford Home Demonstration Club will meet at 3 p. m. this Thursday, at the Home Demonstration Center for a Christmas party.

Each member is requested to bring an inexpensive homemade gift to exchange with another member.

# Lyman Standout Ruled Ineligible

Lyman's hopes for a successful season's basketball opened with glimmering Monday night when Gary Ferrin, top point maker for the squad, was declared academically ineligible for competition this season. Coach Walt Dzurus said today.

## Strikes . . . Spares

Just a quickie reminder, right off the bat! Charles Music Co./Sunday Sweeper this coming Sunday starting at 1 p.m. Remember, two weeks ago we awarded over \$500.00 in prize money. It's handicapped . . . everyone stands an equal chance of going home a winner.

Ole Orville Jones, in this same Spare Ribbers bunch, also came into the spotlight with his sterling 208 game. Jonesy has been known to un-learn a Big Game on more occasions than not!

Evidently, those few lessons are starting to pay-off for Louise Cadenhead.

A couple of weeks ago she said she was having a bit of a problem. So we watched her roll a couple of frames and told her what I thought she was doing wrong. If my memory serves me correctly, since then her name has been mentioned either for the high game or series in the last three or four league reports I've seen.

Just this past week she was tops in the Holler Motors Navy Wives Lg with a 190/400 duo.

If you're ever in a spot and you don't know what you're doing wrong with your bowling, remember, I give FREE LESSONS EVERY FRIDAY at 10 a.m.

My only point in mentioning these free lessons is that quite often, as in Louise's case, everyone had a different idea of what she was doing wrong. And you know what, not a one picked out the right thing!

In addition to Dot Powell burning up that Thursday Nite Mixed Lg. Erma Anderson has herself a "goodie" too. Erma just missed that magic plateau as she checked in with a 198 game. Wound-up with a respectable 537 series. Eleanor Anderson (Pryor Insurance) didn't miss out either. She shot a 203 scratch. That's the way to keep our "left-handed" morale up, Eleanor.

I think it was in last week's column when we casually mentioned that B. P. Ward of the Jet Lanes Kegler's Lg. was doing some fine bowling. I guess he likes to see his name in print (don't we all) cause he's gone and done it again.

Top man for this Kegler's Lg. is none other than Mr. Ward with a 217/533 series. You keep on bowling 'em high and I'll keep right on reporting it!

Bill Stein of Bill and Louise's Tavern barely missed on that 200 - strike with his 198 game. Incidentally, we certainly appreciate the comments he relayed to us from his sponsors regarding the increase in their business due to becoming a bowling team sponsor!

We talked with Mrs. Louise Holbrook of Bill & Louise's and she's just tickled pink for being asked to sponsor a team. What pleases me most is the fact that our bowling public recognizes her for what she's doing to help our sport and it in turn reciprocates by patronizing their place of business.

It's a two way street like we've been saying all along. It's good business to do business with your bowling league sponsors.

Remember, Sunday Sweeper this Sunday starting at 1 p.m.

Gene Litterer finished a distant second with \$66,200.83 and rookie Jack Nicklaus was third with \$61,868.95, barely edging out Billy Casper, who earned \$61,842.19. Bob Goalby rounded out the top five with \$46,340.61.

The PGA figures included money earned in last weekend's Coral Gables Open—the last tournament on the 1963 schedule.

Palmer, who won his first money title in 1960, competed in 21 tournaments this year.

LYMAN HIGH'S BASKETBALL squad is composed of these regulars. Front row: Doug Bartle, Gary Ferrin, Don Smith, Jim Shuster, Jim Topen. Middle row: Fred Grant, Joe Pavelchek, Gene Griffin, Larue Palmer. Back row: Gene Winkleman, Mark Eppinger, Bill Tolson.

## Hornets Defeat Sanford, 71-55

Sanford felt the sting of Bishop Moore's Hornets last night as they swarmed all over the Seminoles to gain a 71-55 victory at Orlando's Davis Armory.

With three Hornet players over six-foot on the floor, the Sanford lads had a job of containment to do and with Moore's Jansen hitting 15 and missing three, it wasn't until the third quarter that the Indians were able to throw a zone defense against the big boys that did the job.

Sanford's Mike Woodruff was high man for the local quintet with 21 points. Score by quarters: Sanford 17 25 11 18-71; Hornets 16 14 11 14-55.

## Baker Named Best Of Backs

NEW YORK (UPI)—Terry Baker, Oregon State's left-handed quarterback whose total offense mark this season ranks second in college football history, today was named 1962 "Back of the Year" by the United Press International.

The 6-foot, 3-inch, 195-pound Baker received more than twice as many votes as runner-up Jerry Stovall of Louisiana State in the nationwide balloting of sports writers and broadcasters. Baker drew 137 votes compared to 60 for Stovall.

Other top vote-getters were George Saines, of Michigan State with 23; Eiden Fortie of Brigham Young, 14; Billy Moore, of Arkansas, 13; George Mira of Miami (Fla.) and Tom Myers of Northwestern, 12 each; Roger Kochman of Penn State and Billy Lothridge, of Georgia Tech, 8 each, and Glenn Griffing of Mississippi and Mel Renfro of Oregon, 6 each.

## Skiers Killed

VAL DISERE, France (UPI)—Alain Roudi, 16, and Pierre Belet, 17, junior members of the French skiing team, were killed when an avalanche swept over their practice area on the Col de Bellevue.

## New Scratch Team Mark Is Set In City League By Monroe Inn

A new scratch team series was set in the City League when the Lake Monroe Inn Keglers rolled a 297 total for three games. This score bettered the existing all-time high for the Sanford Bowling Assn., also held by Lake Monroe Inn, with an average of 195 for each man. Top man was Garry Fox with a 622 series, followed closely by De Palma's 621, Pentecost's 602, Pivec's 540 and Callan's 533. A new high single for the league was also established during this series when the "Durzo men" came up with a 1024 scratch total for their second game.

Despite the high games against the unfortunate team No. 1, Lake Monroe Inn failed to gain ground on the league leaders, Jet Lanes, who also took 4 points from their opponents. B&W Marine Service, Spolaki again led his team with a 216/501 score with Borsdorf rolling an even 200 for the only other 200 game in the match. Rodriguez was high for the losers with a 506 series.

Sweeney's came up with three 200 games in their match with Buddy's Auto to take 3 points and move into third place. Dorman with 4201, Marcotte 210 and Dunson 214, led the winners while Von Herbulis had a 202 in a losing cause for Buddy's Gene Estridge came blasting through with a 211/602 series, but even with Forgy's 230 second game, Engle's could only take one point from team No. 4 and dropped from third to fourth place in the standings. Haney was high for team No. 4 with a 526 series.

In the last match, Harry's Lajour took the measure of Sanford Mfg. Co., by 5-1 score. Farella's 201/561 and Ben's 208 single for Harry's proved too much for Meltzer's man to overcome, although Bidegas was in there trying with a 210/564 series.

Except for the exchange in standings between Engle's and Sweeney's, all positions remained the same this week. For the first time this season there were four 600 series rolled in the same night, with 17 games of 200 or more, a real good start for the second round of the schedule.

## Canada Gets Star

MONTREAL (UPI)—Dave Hoppman, Iowa State backfield star who led the nation in total offense during the college football season, has signed to play with the Montreal Alouettes. Hoppman had been drafted by the New York Giants of the National Football League.

Boating enthusiasts spent \$2.525 billion in pursuit of their sport during 1960.

## Four Teams Vie For Loop Lead

There are four teams battling for the first three positions this week in the Sanford Herald Mr. and Mrs. League.

Johnsons and Kostivals are tied for first, 33 wins and 19 losses; Bassett's are second with 32 wins and 20 losses, and Spolakis moved up into third with 31 wins and 21 losses.

Helen Altman rolled high game of 190 and John Spolakis rolled a high series of 334. High games were rolled by John, 187, Harold Johnson, 183, and Don Spotts 183. Jack Weible converted the 3-10 split twice.

## Button Sparks Mayfair Win

Dot Button was back in the groove again as she rolled both high game and series, 201-311 to help the Mayfair Inn split their points 2-2 with Nationwide Insurance in the Hi-Nooners League.

Showmaker Construction won three points from M&R Bar. The CPO Wives and the Mar Low Restaurant split their points 2-2, and Grapeville Nursery made a clean sweep against Stenstrom Realty.

Leth Ward converted the 6-7; Fernie Schaefer 5-7-9; Carolyn Sallee 2-10; Teena Armas 3-10; and Mildred Nichol 7-4. Turkeys were rolled by Dot Button and Charlotte Sierra.

## Bobby Lundquist Nets 53 Points In Biddy Contest

Bobby Lundquist set a scoring mark of 53 points in Sanford Biddy Basketball play as his team, WTRR, defeated Robson's Sporting Goods by a 67-9 score. Phil Lindsey led Robson's with five points.

Sanford Atlantic Bank nipped Day and Night Grill, 34-29, in a real thriller. Bruce McKibbin had 18 points for Sanford Atlantic and Ken Hinsen had 14 for Day and Nite Grill.

Standard Oil continued undefeated by dumping First Federal, 45-23. The oilmen were led by Bill Higginbotham and Dave Richards with 14 points each. Rick Fordham gathered 13 for First Federal.

Sanford Electric defeated Strickland Morrison. Mike Long led Sanford Electric with 80 points.

## 30 Racing Kennels To Enter Season At Sanford-Orlando

A total of 30 racing kennels, representing the most impressive lineup of greyhounds ever assembled at the track, have been booked for the coming season at Sanford-Orlando Kennel Club.

The kennel list announced by Manager Jack Ledoux, includes virtually all of last year's top performers plus many powerful newcomers. Some 900 fleet greyhounds will be ready for action when schooling starts Dec. 25, and the cream of the crop will be selected to race opening night, Jan. 5.

Carl Tracy and Orville Moses, who finished one-two in a tight battle for leading kennel honors last season, head the list of returnees. Altogether eight of the top 10 money winners from 1962 are coming back to the bustling Longwood racing strip.

J. M. Edwards rates as perhaps the most prominent name among the newcomers for 1963 as many of his greyhounds rank among the all-time favorites at Sanford-Orlando for years gone by.

Other interesting additions to last year's roster include Circus City Ranch, Cecil Austin, T. J. Daniels and Fred Tevillon.

Mac Tray, Derby winner last year, Barnacle Bob and Ed's Exodus rate high among the champion greyhounds slated for action when the season opens Jan. 5.

CHEVROLET...on the road every day! ITS RELIABILITY COMES FROM ITS QUALITY. A nutshell description of Chevrolet trucks could be "Trucks That Work". It's not exactly earthshaking but it says a mouthful. It's what Chevrolet trucks are best known for—their reliability. Ready to work, day after day, whenever you are. You can't build trucks that perform like this if you don't put quality into engine, chassis and body. Chevrolet does: double-wall construction, insulated cab, select-wood body floor, chain-supported tailgate, ladder-type frame, the careful attention to upholstery and finish. It's this kind of quality that makes any Chevrolet truck—from pickup to heavyweight tandem—worth more on the average at trade-in!

HOLLER MOTOR SALES CO. Cor. 2nd & Palmetto SANFORD, FLA. FA 2-0711

# Sanford Is Proposed For New HHFA Center

Officials of the Housing and Home Finance Agency expressed interest today in Sanford as a possible location for a new regional office of the agency and announced that a former Sanford man, Harry Lindsay, would head the office.

An announcement of Lindsay's appointment to supervise an East-Central Florida office of HHFA was made to a group of city and county officials by McCallan Hatchford, chief of the agency's Atlanta office.

Mayor J. H. (Jimmy) Crappa, who offered the full cooperation of the city as a site for the new six-county area office, pointed out the central location of Sanford and the excellent transportation to any location as prime considerations.

The new office is the result of the NASA Nova development for the Cape Canaveral area, and the need arising out of the super-rocket project there.

Hatchford, addressing the group, called together by former senator Douglas Stenstrom, declared that the impact of the moon shot effort has made establishment of an office in the East-Central area of the state a necessity because of the exploding needs of the towns here for funds to meet new demands on their services.

Hatchford explained to the group that the HHFA is the result of consolidating five federal agencies in the business of providing funds for needed construction: Federal Housing Administration, Public Housing Administration, Urban Renewal Administration, Community Finance Agency and the Federal National Mortgage Assn. The combining of the agencies into one organization has made the acquisition of federal funds easier and faster for local communities.

The new local office will make information more easily available and Lindsay's job will be to prove the necessary guidance to those needing the services of the agency.

HARRY LINDSAY to head office

WELCOMING FRANCIS ROUMILLAT JR. as incoming head of the Seminole County Chamber of Commerce is outgoing president Richard Deas. Shown, from left, are Howard Hodges, new secretary; Roumillat, Scott Burns, vice president, and Deas.

## Improvement Set By Hospital Board

Decision was made Tuesday by the Seminole Memorial Hospital Board of Directors to have Attorney Gordon Frederick draw up an agreement for board approval, with Architect John Burton, IV, for plans to expand the hospital kitchens and services and complete the outfitting of the pediatric wing.

The project, which will cost \$100,000, will be financed out of HHI-Burton money from the Florida Development Commission, and \$33,000 which the hospital has on hand.

The board also voted \$7,858 to finish paying the construction costs on the new wing.

Originally built to serve 65 to 70 patients, the kitchen is taxed to capacity to serve the present patient load of the facility. The new plans to expand the services will bring them up to standard for the anticipated increase in the number of patients which made the additional wing necessary.

## Farm Chemical Program Urged

ATLANTA (UPI) — The American Farm Bureau Federation's annual convention was expected today to call for an aggressive educational campaign to help farmers use chemicals without leaving dangerous residues on foods.

The resolutions committee urged the campaign in a proposal to delegates to the 44th annual convention of the national biggest farm group. Final action on resolutions was scheduled Thursday on the convention's closing day.

Farm Bureau policy drafters hit at "attempts to create the illusion of farm chemicals or that their use is a serious threat to public health and welfare."

But the proposed resolution added to that: "We have a responsibility to see that agricultural chemicals and drugs are properly used."

## 13 More Stills Go

TALLAHASSEE (UPI) — State beverage agents knocked out 13 more stills Tuesday and early today, pushing the total of moonshine operations put out of business since Dec. 1 to 24. Arrests totaled 20.

Speaking of friend Cecil, he can't get out of preparing that Central Florida Fair exhibit, but the Commission did relieve him of his responsibilities as far as the County's 50th anniversary goes.

Outgoing County Commissioner Vernon Dunn said he was going to take political newcomers Lee Gary and John Alexander for a tour around the county today. "Keep 'em out of the Third District," chimed in Jim Avery, joking.

## Save Again

People can save at least 10 percent by purchasing items as advertised in newspapers, a recent university survey showed. Seminole County shoppers can save more than that in many cases and be eligible for free gift certificates of \$45, \$35 and \$25 in addition by shopping Sanford Friday specials.

Thursday's Herald will carry another two-page spread of downtown merchant's special offerings for Friday and Saturday, with the free gift certificates being awarded right after the 9 p. m. closing hour Friday.

## Roumillat New C Of C President

Francis Roumillat Jr. was unanimously elected president of the Chamber of Commerce at a meeting of the board of directors Tuesday night.

Other officers elected were Scott Burns, first vice president, and Howard Hodges, secretary.

Robert Besserer and Douglas Stenstrom were named executive committee members.

In other business, directors tabled action on supporting a proposal that the commercial aircraft terminal facilities at McCoy Air Force Base at Orlando be designated as the Central Florida regional airport.

Most directors wanted more time to study the Orlando city council proposal before lending their support.

One director said "it looks like all Orlando is trying to do is hog everything," while another chimed in, "let's give it more study."

The board agreed to turn the matter over to the executive committee for study.

## 'Hot' U.S. - Kremlin Phone Line Asked

GENEVA (UPI) — The United States asked the 11-nation disarmament conference today to approve five ways of reducing the risk of war by accident, including a "hot telephone" between President Kennedy and Nikita Khrushchev.

The "hot telephone" proposed by the United States in April and later endorsed by the Russians, would be used for instant White House-Kremlin consultation in case nuclear war threatened.

An American spokesman said later that such a phone would have been of use during the Cuban crisis in October. The United States would not be averse, he said, to having UN Secretary General Thant hooked in on it.

U. S. Ambassador Arthur H. Dean said the list of peace-keeping measures "offers an early opportunity for agreement on such matters which should not be passed by."

The paper called for consideration of five major areas of possible agreement on means of avoiding the risk of war.

## Change Planned In Driver Exam

There will be a change in time for driver's license exams here beginning Jan. 1, the Highway Patrol announced.

Effective on that date, the exams will be held only on Tuesdays and Thursdays and hours will be from 8 a. m. until noon and from 12:30 p. m. until 5 p. m.

The exams still will be held at the academy.

## Woman 114, Dies

MIAMI (UPI) — Mrs. Josefa Encarnacion, who loved big coronas cigars and strong rum, died Tuesday at the reported age of 114 at a local nursing home. The tiny Puerto Rico native did not know for sure whether she was 112, 114 or 115. "Too many years have gone by for me to remember," she once said. The funeral home listed her as 114.

# The Sanford Herald

WEATHER: Turning colder, with near freezing tonight. Occasional rain. VOL. 88 United Press Landed Wire Established 1906 WED., DECEMBER 12, 1962 SANFORD, FLORIDA NO. 608

## All County Crops Near Destruction

County truck crops stand perilously close to ruin today as county agricultural officials plan a wait and see policy until Thursday before counting up the extensive damage to the county's million dollar vegetable industry.

Freezing weather ripped into the county's tomato, bean, egg plant, okra and pepper crops, virtually wiping out the entire production, Asst. County Agent Ernie Lundberg said.

The king of the truck crop industry here, cabbage, is still strong but continued freezing temperatures as forecast for tonight could ruin that, too, Lundberg said.

"Right now, it's just impossible to determine the amount of damage in dollars and cents," Lundberg added.

"The only hopeful sign was the early morning rains which helped the vegetable crops more than any sunshine could," Lundberg said.

Temperatures reached below freezing this morning here and continued cold is forecast for tonight and in the morning, with lows in the 20s predicted.

Sanford temperature was rising during the early morning rain, but began to dip again about 6 a. m. and had dropped 10 degrees by 10 a. m. when it was 34. It still was 34 at noon.

A windy cold wave moved into Florida today on the heels of a freeze Tuesday, and the Miami Weather Bureau predicted temperatures in the northern part of the state would drop to 15 degrees tonight.

Clouds and rain accompanied the new onslaught.

A Weather Bureau forecaster said the cold wave would be "worse than Tuesday's," which hit the state's truck crop region hard, but went easy on the citrus belt.

Dividing the state into north and south with a line stretching from Tampa to Melbourne, the forecaster said temperatures would drop 10 degrees lower than the sub-freezing mercury recorded in northern areas Tuesday.

"Lows will vary from 15 to 20 degrees in the north today and tonight," the forecaster said, "and from 30 to 35 in the southern part." He

added, however, that windy, rainy weather in the northern area would drift south tonight, making it "hard for farmers to protect crops."

This cold is entirely different from Tuesday's, he said. "Not only will the temperatures be lower, but the wind will make things worse. A high wind almost kills the effectiveness of smudge pots."

Tuesday's freeze sent temperatures plunging to 25 in Tallahassee, 23 in Gainesville, and in the mid-20's in Jacksonville. It was the coldest spell in South Florida since the disastrous freeze of the 1957-58 winter.

Tourists in South Miami shivered to the tune of 27 degrees early in the day, and suburbanites found their cars covered with frost.

The coldest weather of the year knifed all across Dixie, causing at least one death.

Chattanooga, Tenn., reported its first exposure death of the year—a 73-year-old Negro man found frozen in an unheated room.

Weather bureau forecasts promised no relief.

In the heart of Dixie temperatures were expected to drop to zero in some areas again tonight.

Six to seven inches of snow were reported on the Cumberland plateau in Tennessee where temperatures dropped to nine below.

\*\*\*

## Beach Aid Asked

JACKSONVILLE BEACH (UPI) — City officials here have asked the federal government for an additional \$275,000 to help the beach city repair damage to its water system and boardwalk suffered in the recent Atlantic storm.

## Copters Tested

ORLANDO (UPI) — The Army is testing techniques of using its newest helicopter to haul Pershing missiles to launching points. The tests started Tuesday at McCoy Air Force Base using the CH-47 Chinook helicopter, scheduled for delivery early next year in Army units.

## 3 Hurt, Damages \$5,000 In Mishaps

Two accidents within 40 minutes Tuesday night in South Seminole caused an estimated \$5,000 damage to six cars and injuries to three persons, the Florida Highway Patrol reported.

A car operated by William Grice going west on SR 436 made a left turn and was hit in the rear by a vehicle operated by Richard Steiner. The Steiner car spun around and crashed head-on into a vehicle operated by George Crumley. All three drivers were from Orange County.

Steiner and two passengers in his vehicle, Raymond Hagley and Mitchell Hagley were taken to Florida Sanatorium and treated for severe cuts and bruises after the accident at 7:40 p. m.

Some 40 minutes later, a foreign made car driven by Arthur Caplick, Casselberry, going north on Hwy. 17-92, hit the back end of a parked car, knocking it into the rear of another vehicle causing approximately \$4,000 in damages to all three vehicles.

Caplick was charged with reckless driving by Trooper J. L. Sikas.

## British Fighting For Rebel Jail

SINGAPORE (UPI) — British troops mopping up rebel resistance in Northern Borneo today besieged a rebel-held jail in the Brunel oil town of Seria where nine Europeans were being held hostage.

British officials said they had crushed the main force of the five-days-old revolt against British control of the protectorates of Brunel and the crown colonies of Sarawak and North Borneo.

Troops in Sarawak recaptured the town of Limbang, 10 miles southeast of Brunel Town, today and prepared to move south to wipe out pockets of resistance in Sibul and surrounding areas.

The situation remained calm in North Borneo, where rebels never established a stronghold.

A Sarawak government announcement from Kuching, the capital, said all government officers in Limbang were safe. There was no mention of an unidentified American Peace Corpsman believed to have been in Limbang when it fell to rebels Saturday, shortly after the revolt broke out.

## Expert On Sex Crimes Joins Suspect Hunt

BOSTON (UPI) — The FBI sent its expert on sex crimes here today to help police in an all-out drive to capture the "phantom strangler" who has slain seven women since last June.

Police Commissioner Edmund L. McNamara, a former FBI agent, disclosed that Walter McLaughlin will conduct a week-long course for detectives on the solution of sex crimes. Five of the seven victims had been sexually assaulted, police said.

Still being questioned was the 23-year-old son of a Cambridge Negro minister.

But Lt. Edward Sherry said Tuesday night the suspect appeared to have had nothing to do with the death of Sophie Clark, 18, in her apartment last Wednesday.

## Yule Funds Lost In Mail Theft

TAMPA (UPI) — A sack of registered mail, crammed with Christmas checks, cash and money orders, was stolen from a mail truck Tuesday night when the driver got out to pick up more mail.

The driver, Ralph Pugh, said he left the truck for only a few seconds to pick up mail at a box some 10 to 15 feet from where his truck was parked.

## Snow, Freeze Leave 94 Dead

By United Press International  
Bitter, sub-zero cold and a week-long avalanche of snow punished the Midwest and Northeast today with winter officially still nine days off.

It was warmer in Anchorage. The Alaskan city had 42 early today.

Four feet of snow was on the ground at Paw Paw, Mich., and heavy snow continued to fall in the Wolverine state near the Indiana border. South Haven, Mich., got 13 more inches in five hours.

Dozens were dead from weather-caused accidents and heart attacks. A United Press International count showed Michigan with 22 dead, Ohio 21, New England 10, New York 7, Indiana 7, Kentucky 6, Pennsylvania 6, Tennessee 4, West Virginia and Illinois 3 each and Missouri and Kansas 2 each for a total of 84.

Five foot drifts piled up at Grand Junction, Mich. In the South Bend, Ind., area, hard hit earlier in the week, schools remained closed.

Hundreds of chilled apartment dwellers in Chicago called city offices to complain. Officials said they had never had so many protests.

The Automobile Club of Pittsburgh predicted 12,000 drivers in Pennsylvania's Allegheny County alone would find their cars dead this morning. Schools in Erie, Pa. were closed Tuesday after seven inches of new snow.

Record lows were set across a wide band. Three below zero was recorded at the Greater Pittsburgh Airport early today and broke the old mark of 2 set in 1960. The mercury reached only 6 at Omaha, Neb., Tuesday, another record. Chicago's 7 below was a new low for Dec. 12.

The temperature plunged to 26 below zero at Sawbill Lodge, Minn., 18 below in Wisconsin's Sawyer County, 17 below at Williston, N. D., Tuesday.

Twelve more inches of snow heaped on to 17 inches already on the ground at Watertown, N. Y. and more was falling.

## Snow Blocks Hell

HELL, Mich. (UPI) — The roads to Hell today were clogged with snow. Three-foot drifts were reported in Angole Pass and Seim's Hills near this village northwest of Ann Arbor.

Legislative leaders who met with Gov. Farris Bryant late Tuesday said the meeting did not draw the Legislature any closer to a solution of the state's reapportionment problem.

"Right now, we are no closer to a solution than when the last special session adjourned in November," said House Speaker Mallory Horne of Leon.

Senate President Wilson Carraway of Tallahassee, who left the meeting about 15 minutes before Horne, had no comment.

Horne said chances that the Legislature can agree on a reapportionment plan are "very uncertain." But he said there is still a remote possibility of reaching an agreement in time for a special session before the regularly scheduled 1963 session.

## Apportion Action Still Uncertain

TALLAHASSEE (UPI) —

## 120 Million Box Orange Crop

WASHINGTON (UPI) — The Agriculture Department predicted Tuesday in its monthly national citrus estimate that Florida would produce 120.5 million boxes of oranges and 36 million boxes of grapefruit this season.

The orange crop prediction is about seven million boxes over last year—a six per cent increase. The grapefruit forecast is not much higher than last season.

According to the forecast, Florida's orange crop will include 56 million boxes of Valencia and 64.5 million boxes of early and mid-season varieties.
