PROMPT, QUALITY SERVICE

It has been a long time getting here. But this delay has done more than highlight local differences and attract diversionary attempts by outsiders to Now that a culminating conference is taking

place tomorrow in Maimi, it is well to realise that City Manager Warren E. Knowles is taking with him much more than the official strength-important as that is of the city commission. For there accompanies him the deep-rooted and solid support of the people of Sanford. They are tired

the transformation of the 1800 acre-base and its air-

down to brass tacks with industries who are still They want their elected representatives to get on

tion for the good, not on growing Central Florida. Federal officials may not be fully aware of depth of this feeling, of the sound thinking which has produced these convictions, of the innumerable meetings, conferences and debates which have taken the

But it exists. It will not dissipate. Nor is the solution of the base problem being sought at a time when the future is not aglow with promise. We believe that no responsible official in any agency would want to see this glow fade into a dim, unattrative and useless darkness. Thus we look forward to the return of our City Manager with a solu-tion with which the city can live financially and get

waiting at the gates.

HARMONIZING

tration does, that the needed agreement which would our south, the Disney World on our west, the excepplace the base and its facilities in Sanford's hands would be the starting gun for a race to improve the airport section for the benefit of all Central Florida. time and the energies—even the tax dollars—of our

It is no secret, indeed it is an alarming fact, that our area is being hampered in its growth by the lack of proper airport facilities in almost every category. On the subject of airport use we are not suffi-ciently expert to comment usefully in detail. But it does not require any expertise to see what the future

holds in this respect. Without question our city and county are headed more and more industrial growth. We already have and will soon welcome other national concerns whose officials are accustomed to air travel. Orlando already has had this traffic outgrow its

facilities. Within a year or so the entire complex

gested. It is in this context that our existing airport facilities and the adjoining acreage which can support air-oriented industries assumes a character of In making these comments we do not overlook the other benefits which would come, not only to the

Seminole-Volusia region. But, for the present, we would express our strong support for the City Commission and the City Manager in the conference tomorrow which could well be 'moment of truth" for all concerned!

SHERIFF ELECT

**JOHN POLK** 

The opportunity to campaign for the office of Sheriff of Seminole County enabled me to meet many wonderful people in this great county of ours. The tremendous response I received from the people during my campaign and the results of the ballots that were cast on my behalf is very gratifying. I accept this office with a feeling of deep appreciation. I will do my very best for all the people of Seminole County.
