THE LETTUCE CROP

Sanford Vegetable Growers Are Making Large Profits on Their Lettuce Crop This Season.

It is nothing unusual to hear of single acres that net from \$500 to \$1200 per acre. The other crops are bringing prices in proportion. The general outlook for Celery Delta Farmers are brighter this very minute than they have been for many seasons.

Now is the Time for You to Buy

One of our **Vegetable Farms** at \$150 an acre on our very easy system of payments. The increased profits as shown this season by the growers will have a great effect in increasing the price of land, and if you want to do business in the vegetable line in Florida.

You Had Better Purchase One of Our Farms

Before the price is increased by the natural development of this section and the attendant success of our growers.

Title Bond and Guarantee Company's

Farms are situated on original transportation, are well drained, the soil is excellent and the community is in a flourishing condition.

Fourteen Families Have Moved to Monroe

Since we put this division of Celery Farms on the market. We are building new houses every day, breaking new land and planting crops of various kinds. This will have the effect of making all the land in that section more valuable.

If You Are Interested

Write to us about Florida Real Estate. We have all kinds of land suitable for groves, chicken farms, winter homes and vegetable farms.

Our Terms Are the Best Offered by Any Firm in Sanford

For land of the same quality, and the quality is such that it will produce anything that will grow anywhere else in the Celery Delta.

We Give You Six Years in Which to Pay for Your Farm and

Charge you no interest on the deferred payments.

INSTALLATION OF OFFICERS

Local Camp W. O. W. Install Officers For the Year 1911

The Woodmen of the World, and the Woodmen Circle of Sanford, held a joint installation of officers Wednesday evening January 11th, in the Masonic Hall.

Those on the reception committee were Dr. J. N. Robeson, J. H. Peabody, F. E. Milteer, Mrs. H. H. Chappell and Mrs. O. B. Singletary. About one hundred and twenty-five were present.

Next came the installation of the W. O. W., with officer Mitchell in the chair, who obligated them and presented each with his respective badge of office.

The following are the newly elected officers for the ensuing year. The Circle officers as follows: Mrs. T. M. Williams, Past Guardian; Mrs. John D. Parker, Guardian; Mrs. Edgar Biggers, Adviser; Mrs. W. H. Williams, Banker; Mrs. John D. Jenkins, Clerk; Mrs. H. H. Hill, Chaplain; Mrs. O. B. Singletary, Inner Sentinel; Mrs. Mary Hoolahan, Outer Sentinel; Dr. J. N. Robeson, Physician; G. R. Calhoun, M. F. Fountain and Edgar Biggers, Managers.

W. O. W. new officers as follows: J. J. Dickinson, Council Commander; W. H. Underwood, Adviser Lieutenant; T. J. Miller, Banker; Dr. J. N. Robeson, Physician; J. W. O. Singletary, Conductor; F. E. Milteer, Manager; H. H. Peabody, Inner Sentinel; A. N. Brady, Outer Sentinel and G. R. Calhoun, Clerk.

Early Morning Fire

Sanford citizens were disturbed in their slumbers about four o'clock Monday morning by the fire alarm. The Bothamly house at the intersection of Park avenue and Tenth street had caught on fire...

Some delay was caused by the hose company and water pressure and despite the gallant fight made by the volunteers the upper part of the house was destroyed and the entire structure will probably have to be rebuilt.

The house was occupied by the Noel and Lipe families and while most of the furniture was removed many articles were destroyed.

The origin of the fire is unknown and occurred at a time when a quick response of the volunteers was almost impossible but their good work after they arrived is to be commended.

The Annual Confederate Ball.

We cheerfully comply with the request from the Daughters of the Confederacy of Orlando to notice their annual reception and ball, which they will give in the Armory in Orlando on Thursday night, Jan. 19, for the purpose of raising funds to help the Soldiers Home in Jacksonville...

Sanford has almost always sent a delegation to this excellent entertainment, and it is one of the best social events of the season at our sister city. The ladies are trying to make this year's ball an especially fine one, the music will be better than ever, and all things will be done to make the occasion enjoyable to all who come.

THE PIANO CONTEST

Candidates Are Getting Ready For A Warm Campaign

The candidates in The Herald Popularity Contest are getting ready to make a hot fight and expect to get in with both feet next week. The subscription list is open for the candidates and you can get a line on those who already take the paper.

Table listing candidates and their scores: Miss Mildred Potter 5,785; Miss Jesse Stumon 2,775; Cameron City Church 2,800; Miss Mabel Leonard 2,000; Mrs. J. B. Stryker 1,500; Miss Sadie Williams 1,150; Miss Alice Robbins 1,075; Miss Lucille Richards 1,025; Miss Helen Rowland 1,000; Mrs. Mabel Johnson 1,000.

A Rare Opportunity

At 9:30 o'clock next Tuesday morning, Jan. 24th, the Bowman Realty Company, real estate developers of Huntington, W. Va., and Lexington, Ky., will open Sanford's first auction sale of building lots.

The present local force of the Bowman Realty Company, Messrs. Partridge and Taft, will be augmented by Major Theodore F. Combs, the south's most entertaining auctioneer, who will arrive on the 20th, and later by Mr. Bowman.

Arrangements have been made whereby free street car transportation will be furnished all desiring to attend the sale. In addition to the entertainment features—daylight fireworks, band concerts, etc.—two choice lots and many valuable cash and merchandise prizes will be given away to those in attendance.

Investors, as well as homeseekers, doubtless will avail themselves of this rare opportunity to purchase one of Sanford's choicest building sites, at their own prices, and on easy terms.

The sale will continue through Wednesday.

For the Tired Mothers

Through the courtesy of the railroad officials the Sanford W. C. T. U., has been allowed to install a pretty little white crib on a corner of the waiting-room, for the convenience of the tired mothers and babies who so often are detained here for a space between trains.

The little bed, with an abundance of linen, and sufficient money in hand to have it cared for quite a while, were all contributed in the most graceful spirit by the citizens of Sanford. The W. C. T. U., will make the most upkeep of this work an especial feature of their year's activity.

Statement of Postoffice Receipts

There is no surer indication of the growth and development of a town, than that shown by its Postoffice receipts. The Sanford postoffice under the able management of Postmaster Chas. F. Haskins, shows a very handsome increase along all lines, except a very slight decrease in registered matter forwarded, being only thirty pieces short, compared with the year 1909.

Table comparing 1909 and 1910 statistics: 1909: Sale of stamps \$14,252.50; No. money orders issued 1801; Amount received \$69,153.12; Money orders paid 443; Amount 343.90; No. registered pieces dispatched 3664; No. registered pieces received 5590. 1910: \$17,818.45; 1311; \$75,560.05; 483; 3634; 6174.

ACROSS THE EVERGLADES

New Railroad Will Run From Tampa To Miami

After having practically completed the organization of the Atlantic Okeechobee and Gulf Railroad Company, Hy C. Farriott, Robert L. Riley and Hiram McElroy will make final arrangements for the preliminary survey of the new road this week.

The gentlemen interested in this new railroad are all prominent citizens of this state and New Orleans, La., and they have been busily engaged for nearly a year in completing the arrangements for the organization of the company to finance the project.

On February 18, the gentlemen will apply to Hon. Albert W. Gilchrist, governor of Florida, for letters patent, incorporating the company. Those applying are, Daniel A. Simmons, Francis B. McGarry, the Broward Land Company, A. H. West, Walter Graham, Robert L. Riley, Hy C. Farriott, Hunter W. Raiford, J. O. McPherson, E. E. West and William S. Gordan.

The principal offices of the new railroad will be in Tampa, and the main line will begin from a point near the city of Tampa, extending easterly through the counties of Hillsborough, Polk, DeSoto, Lee, Palm Beach and Dade to a point near Miami, and a branch, beginning at Melbourne, in Brevard county, extending southwesterly through the counties of Brevard, St. Lucie, Osceola, DeSoto and Lee to a point near Ft. Myers; a branch from that point extending northerly through the counties of Lee, DeSoto, Manatee and Hillsborough to Tampa; a branch line beginning at Bassinger in Osceola county, and extending northerly to St. Cloud.

The capital stock of the company will be \$1,000,000, and as much as will give the company \$10,000 stock at par for each mile of constructed road.

The officers of the new company will be Henry Clay Farriott, president; Robert H. Riley, first vice president; Walter Graham, second vice president; A. H. West, third vice president; Daniel A. Simmons, secretary; W. H. Milton, treasurer and Francis Belding McGarry, general counsel.

The books for the subscription of stock will be opened within thirty days after the first organization meeting of the stockholders, which will be held in the office of the Florida Trust Company on the second Tuesday in March, 1911.

Mr. Farriott, who is a former newspaper man, stated yesterday that the road would be built just as soon as possible after the granting of the charter; that everything is now in readiness for the preliminary survey, and that he wanted the people of Florida to know that he and his associates meant business.—Times-Union.

Organizes Ladies' Chorus.

Mrs. Homrighous has organized her pupils in vocal music and other lovers of good musical work into a ladies' chorus, which will meet with her every Friday afternoon from 3 to 4 o'clock for rehearsal. The ladies are anticipating a pleasant season's work and expect to give a concert at the close of the season.

Mrs. Homrighous will be pleased to meet any of the ladies interested in joining the chorus, as it is the desire of those already interested that they have a large chorus.

About twenty-five have already enrolled and others expect to come in the next meeting.

Had a Good Time.

After a fifteen-year separation W. A. Rumohr and L. H. Rumohr united again and went for a camp hunt on the Wekiva with C. C. Los, H. A. Nolan, W. E. Lee, Miller and Hubbard.

The party had a jolly good time. L. H. Rumohr not being used to camp life was frightened at a bear and yelled: "Get up, Bill, and build a fire. No sleep for me tonight." The boys had a laugh on him. He wanted to go back to Michigan. Come out, boys! Lyman Rumohr, the pool player, has gone back north.

The Hunters Return

Messrs. Wakefield, Williams, Elder, Spencer, Davison and Holly spent several days of this week in Beck Hammock on Lake Jessup and succeeded in getting plenty of ducks, squirrel, etc. Spencer expects to start a book in a few days entitled "The Babes in The Woods or, Lost Upon Raging Jessup" which will prove most interesting to Holly and Williams.

Enjoying the Fishing

Judge M. F. Blake of New York City arrived here Saturday to be with Commodore Towne a few weeks. They are enjoying some fine bass fishing up the St. Johns. The Judge landed the record bass for Monday, a ten pounder. Mr. Blake has a son in the naval hospital at Pensacola, in the medical department, and after spending a few days there he hopes to return and enjoy some more fishing with the Commodore before returning to New York.

Sunflowers at Cameron

John Shinn brought some fine sunflowers to The Herald office this week and they reminded us of olden times. John lives at Cameron City where most of the population formerly resided in Kansas, and you can't separate a Jayhawker from his sunflowers any more than you can a Scotchman from his thistles. Sunflowers are a fine crop for the chickens and seem to grow prolifically in Florida.

CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chief is Among Ye Taking Notes, and Faith, He'll Prent 'Em"—So Says Saunterer.

Special Correspondence to The Herald.

One of my Kansas friends brought in some lovely sunflowers the other day. Do you know what the yellow blossom represents?

Do you remember the row of sunflowers which grew along the fence in the back yard at home, lifting their bright yellow heads high in the air? Perhaps you called them ugly and awkward and wondered why anyone ever planted flowers with so little fragrance and grace. That was because you had not caught their message. But one day when you noticed that they lifted their faces to the sun, followed its path across the heaven and then turned their faces to the east waiting for its return, then you learned the lesson of the sunflower. You admired the flowers because they stood so tall and waved their stalks so proudly; they were following the light. The lesson of the sunflower is the lesson of life. Turn your faces to the light. If darkness settles down for a time, turn your face to the east and wait expectantly. Look upward. Keep a heart full of courage and hope. Don't stop to mope and whine. The light is coming. Be sure your face is turned to receive the first rays.

Just as a reminder I want to say that we should not cease talking about that lake front. Every day some of the people who have resided in Sanford as long as two weeks come to me and tell me what a grand idea it would be to bulkhead the lake front. Just as if I did not know that we need it. It is the dream of my life to see that lake front boulevard and our representative, our mayor, our city council and our dear ladies must all work for it day and night. Don't wait for ten years to get it, but push the subject all the time.

There are several vacant lots in this business district that are a disgrace to our otherwise clean little city. These lots should be cleaned by the city gang and charged up to the owners if no other way can be devised. Some of this city property gets mighty shabby about tax time but I notice that the value increases fifty per cent when a prospective buyer appears. Some property owners in Sanford ought to reside in the Everglades where the appearance of the vacant lots would make but little difference to the inhabitants.

I see that politics seems to be warming up some in Sanford. Maybe the warm weather has brought out some candidates lately. As yet the boys have failed to come out in the open and let us look them over but I hear a good many street corner chats and such men as Brady, Knight and Geo. Fox Jr. are mentioned for Mayor. There is also said to be a new candidate for city clerk, this position being the only paid one that seems worth while. The election is drawing close and the boys ought to shy their costars into the ring if they intend to do anything. This gum shoe method never did appeal to me. I like to fight in the open and let them all know where I stand.

I see that the wet and dry election has been called in March and the wet forces want to try it again. Well, they will find it another matter when it comes to our homes. Some of my wet friends make the argument that only a real dry man ought to vote against licensed saloons losing sight of the fact that the poor devil who cannot control his appetite is the one who ought to work hardest against the saloon in our midst. And then our boys.

It is easier to keep a boy from acquiring an appetite for liquor, than it is to cure the appetite after it is acquired, when he becomes a man. Your high-toned, high licensed saloons, are simply snares for the feet of childhood, and pitfalls in the paths of men. They exist by reason of license laws, and will exist when those laws are repealed. Those laws are passed by the people, and you, as part of the people, are not only accountable for the existence of the saloons, but for the evils they produce; and how you can consistently pray to God while you license saloons to prey upon the people, is more than we can understand, and we believe we will continue to be led into temptation as long as we make the temptation in which to be led.

"Josiah Allen's wife" in giving the world at large a piece of her mind on the subject of license asks the following questions in her homely but pointed fashion:

"If a deadly serpent had broken loose from circus, and was writhin' and twistin' his way through Jonesville, swaljerin' down a man or woman every few days would men stand with their hands in their pockets, or leanin' up against barn-doors a-whittlin', arguin' feebly from year to year, whether it was best, after all, to let him go free? After they had seen some of their best friends swallowed down by it wouldn't they chase it into any hole they could get it into? Wouldn't they turn the first key on it they could get a hold off? And if it broke loose from that, wouldn't they try another key, and another, till they get one that would hold him?"

"Do you suppose they would rent out that serpent at so much a year to crunch and swaller folks accordin' to law? And would it be any easier for the folks that was crushed and swallowed, and for the survivin' friends of the same, if they was killed by act of Congress?"

The contest that is on between San Francisco and New Orleans for recognition by the federal government as to the proper place to hold the Panama Canal Exposition has elicited an explanation from President Wheeler of the University of California why San Francisco should receive such recognition which appears in a recent number of the "Independent". It is not his argument in detail concerning San Francisco's advantages that interests us but the almost positive conviction manifested by the writer that a conflict between Occident and Orient is an issue that must ultimately be faced and that the Pacific ocean is the stage already set for the conflict.

While President Wheeler plainly has no intention in his article of stirring up animosity or unrest one does not need to read between the lines to absorb his impressions of the situation.

In one paragraph he says: "The Orient is waking up. It is becoming conscious of itself and of its power. It cannot be quietly absorbed. By commercial intercourse and by exchange of ideas mutual assimilation must in terms of centuries take place, but meanwhile there will be conflict. The stage is now surely set for conflict".

In his closing paragraph he says: "The Occident and the Orient once stood back to back at the mountains of Turkestan. They now stand face to face at the Pacific, the arena of the world's coming conflict".

Meanwhile it may be well for Congress to take favorable action on President Taft's suggestion to fortify the new canal.

The Cecilia Music Club

The Cecilia Music Club programme of last Saturday, Jan. 14, was one of the many interesting and enjoyable occasions planned for this year's study. The Cecilia membership is composed of young music students mostly school girls. Who do a most creditable work. Besides the piano and vocal numbers, there is always a paper read covering some phase of history or important music topic.

Miss Helen Rowland's paper of last Saturday's program told of the reminiscences of Adelina Patti taken from her concert life, which began when a mere child. The story of her first appearance in this country at the age of ten in the Metropolitan Opera House New York, was most interesting. The tickets were small red cards and the price 50 cents.

"There was not enough of me", said Patti, "to be discerned upon the broad stage" so a table served for Adelina's pedestal of song.

The usual question asked Adelina Patti was "how high do you sing?" As if, commented Patti, that was the all and end all in the art of music.

"The ballad was in those days the choice and right of all great singers" From Jenny Lind down, throughout the profession this was true, and while the ballad has waned in America, in England it is still more pronounced in popular taste than ever before.

The next programme will be a complimentary one to patrons and will be given the last Saturday in January in the studio of Mrs. Fannie S. Munson.

Mrs. Hurt's Reception

Thursday afternoon at the Welaka Club rooms was the scene of a brilliant reception, given by Mrs. Jennings LaVerne Hurt, for her sister, Mrs. Julius B. Stryker, of Pennsylvania, who is spending the winter in Sanford, the guest of her parents, Mr. and Mrs. J. C. Higgins. Mrs. Hurt, who is a very pretty brunette, wore a most becoming gown of pale blue messaline, with a garniture of exquisite white lace. Mrs. Stryker was exceedingly handsome in a costume of a beautiful shade blue crepe de chine, over taffeta, with a corsage trimming of jeweled passamentrie. She wore a large black hat with white willow plume. Mrs. Hurt was assisted in receiving her guests by Mrs. Robert A. Nance. She was elegantly gowned in blue marquisette, fashioned over old rose messaline, with trimmings of gold passamentrie. The punch table and the coffee table were charmingly presided over by Miss Gelsie Butt and Mrs. J. C. Higgins. The tables were spread with white linen covers, over which was a dainty arrangement of feathery plumose and bunches of violets. The club rooms were prettily decorated and lighted candles were an added charm to the already pretty scene. Miss Flossie Frank added to the pleasure of the afternoon, by some exquisite piano selections. Misses Lillian Higgins, Peachea Lefler and Belle Smith assisted in serving a most delicious salad course. All during the afternoon the club rooms were crowded with elegantly gowned ladies, who called to meet and welcome to Sanford the charming visitor.

Reception at Mrs. Thrasher's

Mrs. David L. Thrasher gave a beautiful reception at her attractive home on Park avenue Monday afternoon. On entering the reception hall, one could have easily imagined that they were in some particularly pretty place in the Flowery Kingdom, for the decorations were all Japanese. Parasols, fans and lanterns of every description were everywhere in evidence. The mantles were banked with beautiful ferns and flowers; nasturtiums and peach blossoms effectively carrying out the Japanese idea. Mrs. Thrasher was assisted in receiving her guests by Mesdames Robert Newman, Samuel Puleston and B. W. Herndon, all daintily attired in becoming Japanese kimonos. Mrs. Thrasher stood in the drawing room to receive her guests and wore a very becoming toilette of blue and white messaline. The punch bowl was charmingly presided over by Mrs. Henry Wight, who wore a handsome costume of black and white taffeta. In the dining room, delicious salad and ice cream courses were served, the hostess being assisted by Mrs. N. O. Garner and Miss Nell Garner, who were also prettily dressed in Japanese costumes. The table was most effectively decorated, being centered with a vase of exquisite bride's roses on a reflector. Over the white linen cloth was a delicate tracery of maiden hair fern and violets, with lighted candles at the four corners, each bearing a pretty Japanese shade. Around the reflector was a circle of tiny Japanese parasols. A pleasing feature of the afternoon were the musical numbers, rendered by Misses Ward and St. John and a duet by Mrs. Fannie Munson and little Miss May Thrasher. A large number of elegantly gowned ladies called during the afternoon, and the affair was a decided social success.

A Surprise Party

Forest Gatchel was very pleasantly surprised last Friday night by a party of friends who gathered at the home of his parents, Mr. and Mrs. M. D. Gatchel, on East First street.

The occasion being that of his eighteenth birthday. Delicious refreshments of ice cream and cake, assorted nuts and candy was served at a late hour, after an evening spent in sociability games and music.

Forest is one of Sanford's most promising young men and the high esteem and love in which he is held was better expressed by the many beautiful presents he received. We wish for him a long, happy, useful life.

Japanese Party

Mr. and Mrs. D. L. Thrasher most delightfully entertained the young ladies and gentlemen of Sanford's social circle in their handsome home last Tuesday evening.

The rooms were tastefully decorated with Japanese lanterns, umbrellas and miniature parasols, interspersed with

handsome ferns, palms, trailing vines and bright flowers.

The unique and beautiful Japanese scheme was perfectly carried out in the costumes of the young ladies.

The most interesting and novel idea of the entertainment was the progressive game of "Heart Dice" played by the guests in true Japanese style, sitting around their paper tables, on the floor.

The highest scores were made by Miss Powell and Nixon Butt, and the prizes were a sandal wood fan and a leather wallet.

Another feature of the evening's entertainment was a contest for the young men, the victor being the one able to eat five soda crackers in four minutes. This contest was won by Braxton Perkins, who was awarded a handsome silver hat brush for his gastronomic achievement.

Punch was served during the evening. Mrs. Samuel Puleston presided over the punch bowl and dispensed the refreshing beverage in her usual charming manner.

Delicious refreshments were served at the conclusion of the games.

Those enjoying Mr. and Mrs. Thrasher's charming hospitality were Misses Madge Ward, Helen St. John, Veda Ward, Peachea Lefler, Belle Smith, Lillie Fair Smith, Flossie Frank, Gelsie Butt, Charlotte Keelor, Bessie Schumpert, Ella Stringfellow, Bessie Long, Gail Moore, Mabel Hand, Nell Garner, Mell Whitner, Alice Whitner, Mabel Bowler, Miss Roberts and Miss Williams. The young men were Nixon Butt, Willie Lefler, Eugene Roumillat, W. J. Thigpen, Jack Adams, Mr. Deas, Frank Milner, Will Watson, Mr. Brown, Archie Betts, J. D. Roberts, J. B. Lawson, Braxton Perkins, Wideman Caldwell, Phil Moore, David Caldwell, Mr. Sauls, Mr. and Mrs. Robert Newman, Mr. and Mrs. B. W. Herndon and Dr. and Mrs. Samuel Puleston.

A delightful musical had been planned by the house committee of the Welaka Club for Tuesday afternoon, but owing to the fact that some of the musicians were unavoidably detained, the program was postponed, and some of the members enjoyed an informal game of bridge. After the conclusion of the game, the tables were spread with linen covers and ice cream and cake served. Miss Alice Whitner and Mrs. Wallace, assisted the president, Mrs. Forrest Lake in entertaining. Visitors to the club on this occasion were Mrs. W. R. Anno, Mrs. W. C. Yelser, Mrs. Andrew Johnson, Mrs. Saundies, Miss Yelser, Miss Tynor and Miss Nettie Caldwell.

Welaka Club Lectures

Domestic Science lectures will be given at the Welaka Club rooms by Miss Margaret McCartney, one of the teachers in the Florida State College in Tallahassee, Jan. 25, 26 and 27th at 3 p. m. The following program has been arranged: Wednesday, Proper Food for Children and Invalids (lecture and demonstration). Thursday, The Place of Fancy Cookery in the Diet (lecture and demonstration, including preparation of salads, candy, etc.) Friday, Principles of House Furnishing (lecture accompanied by illustrated material). Tickets are 50 cents for the three lectures and may be obtained at Newlan's drug store, the Woman's Exchange and at the club rooms.

Unitarian Services

Dr. A. S. Garver of Wooster, Mass. will preach in the Congregational Church Sunday January 22nd, at 3:00 p. m. Dr. Garver is the Billings lecturer of the American Unitarian Association. The subject of Dr. Garver's sermon will be "The Religion of the Mind". The Congregational Society of Sanford have courteously tendered their church for this service, and the Congregational choir have kindly consented to sing. They will be assisted by Mrs. Wm. Keeler, contralto, and Mr. E. T. Woodruff tenor. Everyone cordially invited to attend.

IT GROWS HAIR.

Here Are Facts We Want You to Prove at Our Risk.

Marvelous as it may seem, Rexall "98" Hair Tonic has grown hair on heads that were once bald. Of course, in none of these cases were the hair roots dead, nor had the scalp taken on a glazed, shiny appearance.

Rexall "98" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum or permanently stain the hair.

We want you to get a bottle of Rexall "98" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store.

ARMOUR FERTILIZERS

Common Sense---That's All

Before commercial fertilizers were known animal manure was considered by the practical farmer to be the best form of plant food. He didn't know why except that it gave him the results. Liebig explained the reason when he showed that ammonia, phosphoric acid and potash were necessary as food for plants and that the ammonia in the animal manure was what produced the growth, but that it was necessary to also have phosphoric acid and potash to produce the maximum results.

With all the development of the fertilizer business, animal fertilizers have always held first place on account of their crop producing qualities. They have no superior as a source of ammonia, Armour Animal Fertilizers derive their plant food from Blood and Bone and Dried Blood (concentrated animal products) combined with phosphoric acid and potash in the best forms. It is because they contain the best and most natural forms of plant food that they are so popular and the demand for them is increasing so rapidly.

GIVE THEM A HOSPITAL

Sanford can boast of a most able corps of doctors. They have settled here not because our city is unhealthy but many of them came here to escape the rigors of a northern climate, many to engage in the vegetable industry and some to enjoy life in the best location in the world.

No department of the human endeavor contains a more devoted class of men than is to be found in the medical profession. It is a profession calling for the highest qualifications, deepest research and the most profound study. It carries with it the greatest responsibility, a responsibility which must be borne uncomplainingly by its followers. Constant care, laborious and patient application are demanded by all who enter its ranks if they would keep in line with the rapid strides that are being made in all its departments. The successful physician of today is the one who enters into the real spirit of his work to such an extent as to cause a sufferer to feel a relaxation from pain as soon as he approaches the bedside. Doctors must be large hearted and yet tender hearted men. Large hearted in the sense of having a feeling for all mankind, and not only enter with them the crucible of pain, but journey side by side with them as they cross the dark valley; stony hearted in the sense of knowing no fear when the knife is to be used in order to save life or limb; tender hearted in the sense of using the utmost precaution when a patient, whose feet have already felt the first splash of the dark waters, and who, longingly, looks up and asks: "Am I getting better doctor?"

Yes, the doctors of any community are eternal vigils who never sleep so long as there is human suffering unless, perchance, they themselves have reached the limit of human endurance.

Our doctors need a hospital and the public spirited citizens should lend their aid to this enterprise. The question has been agitated from time to time and is up again for discussion.

We have the physicians. Give us the hospital and the whole state will furnish the patients.

OUR BANKING INSTITUTION

In this issue of The Herald we have a statement of our banks, The First National and Peoples Bank.

No better evidence of the prosperous condition of a community can be found than the presence in its center of sound financial institutions. They are the axis around which revolve all the business of their respective districts. Without them our commerce—local, interstate or national—would be but a passing dream.

How many people have ever considered the part which the currency of a nation plays in the transaction of business in the general markets of the world and how small a part the currency represents? As shown by the New York clearing house reports, only 5 per cent of the actual business done is covered by the metallic money and its representative—the circulating note. The importance then, of banking institutions will be easily understood.

That the people must have some medium of exchange to facilitate commercial intercourse is self evident and that there must be some means by which the balance between commodities and this medium may be kept safe, is equally indubitable. The bank is the scale whose function it is to keep up this balance and so well is it adjusted that the clogging of the wheels of commercial activity is practically unknown.

The figures may be dry reading but every one should peruse them and take an interest in these two institutions which mean so much to Sanford.

JOINING THE ANVIL CHORUS

Possibly one of the greatest forces in deterring the development of Florida is the organized band of detractors at Jacksonville. Unfortunately everyone coming to Florida, generally speaking, must come thorough Jacksonville. There the land agents, boarding house agents and capers generally get hold of the tourist or prospective investor and pump him full of misrepresentations of all Florida beyond the immediate neighborhood of Jacksonville. Their purpose is, of course, to keep the tourist or the investor at Jacksonville. In years past St. Petersburg has found it absolutely necessary to send a representative to Jacksonville to meet people and tell them that the Jacksonville stories are untrue. So far as St. Petersburg is concerned, the chief scheme

of the detractors is to tell tourists that all the hotels and boarding houses here are jammed full and that no accommodations can be secured in the Sunshine City. Already they have been doing it this year. We are told so by scores of tourists coming from day to day. Of course this is not true, as St. Petersburg has accommodations for all comers. Isn't it time that the balance of the state require that an end be put to this misrepresentation?—St. Petersburg Independent.

HAS DONE HIS PART

An article in The Herald about the Florida delegation getting nothing for Sanford and all for Jacksonville seems to have peeved Frank Clark, our congressman. The Herald had no wish to single Mr. Clark out as the statement was made collectively. Frank Clark has accomplished all that he could to get the appropriation for deep water to Sanford and we appreciate his efforts. In regard to this project he writes as follows:

I received a survey of the St. Johns from Palatka to Sanford and from Sanford to Lake Harvey. These surveys were made and resulted in congress adopting a project for a channel one hundred feet wide and eight feet deep from Palatka to Sanford, and a channel one hundred feet wide and five feet deep from Sanford to Lake Harvey. The money has been appropriated for both these projects; it is now available and the work will be done just as soon as the engineer force can get to it. In addition to this we put on the current river and harbor bill in the house, a provision for a survey of the Wekiva river from Clay Springs to its intersection with the St. Johns, this with a view to improving the Wekiva and at the request of the Commercial Club of Sanford.

The Brooksville Board of trade is a live one and is doing a splendid work in building up that section of Hernando county. The board recently published an attractive booklet that was one of the best pieces of literature ever printed about any section of Florida. The people of Brooksville are to be congratulated upon having a real, live commercial body.

The banks observed Lee's Birthday yesterday by closing. Otherwise one would scarcely know in Sanford that the birthday anniversary of the south's beloved leader had passed. If there are enough daughters of the south in Sanford they ought to observe this day of days and also the south's Memorial day.

Planet Jr. Tools

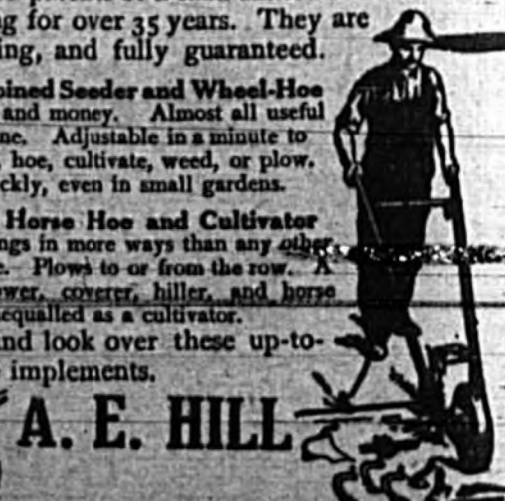

get largest crops with least work

What's the use of drudging to get ordinary results when a Planet Jr Seeder or Cultivator does six men's work, and gives you an increased yield besides? Planet Jrs are patents of a man skilled both in farming and manufacturing for over 35 years. They are light, strong, lasting, and fully guaranteed.

No. 4 Planet Jr Combined Seeder and Wheel-Hoe saves time, labor, seed and money. Almost all useful garden implements in one. Adjustable in a minute to sow all garden seeds, hoe, cultivate, weed, or plow. Pays for itself quickly, even in small gardens.

No. 8 Planet Jr Horse Hoe and Cultivator will do more things in more ways than any other horse-hoe made. Plows to or from the row. A splendid furrower, coverer, hiller, and horse hoe; and unequalled as a cultivator.

TO THE VOTERS OF SANFORD

W. H. Underwood Outlines Duties of Mayor's Office

Being a candidate for mayor I was told last week that I ought to let the people know how I stood on certain issues.

I am heartily in favor of economy, a clean city and honest, open administration I suggest that every owner and renter of property in the city resolve to do all in his or her power during 1911 to improve the beauty of our prosperous city and take precautions to prevent the spread of infectious diseases.

The program for the afternoon was both interesting and entertaining. Mrs. H. H. Chappell's paper on Home Building had reference to the earliest colonial times and the first settlers in America.

"Narratives dealing with Bacon's Rebellion" were read by Miss Guild, the causes and conditions which forced these otherwise loyal subjects to commit these so called treasonable acts.

I have been questioned as to the whiskey selling in Sanford. I am satisfied for Sanford to remain as it is, but should our city go wet, my idea is that we should have a limited number of saloons.

A meeting of the women of Sanford will be held in the Eagles Hall, Welborn Block Monday afternoon, January 23rd, at 3 o'clock.

This meeting is for the purpose of forming an association to aid in caring for the sick and needy of this community by having one or more rooms which are to be used as a nucleus for a hospital.

Every woman interested in charitable work and Sanford's progress and welfare is urged to attend.

Next week Wade, the tuner, will work in Sanford. Orders mailed to him to Orlando will receive attention.

Now, I take this method of soliciting your support. Should I fail to see you or mention my candidacy to you in person is no reason that I don't want your support.

Respectfully, W. H. UNDERWOOD.

The Wednesday Club

The members of the club will all please bear in mind that they are requested to meet at 2 o'clock instead of 2:30, the usual hour, next Wednesday.

The program for the afternoon was both interesting and entertaining. Mrs. H. H. Chappell's paper on Home Building had reference to the earliest colonial times and the first settlers in America.

"Narratives dealing with Bacon's Rebellion" were read by Miss Guild, the causes and conditions which forced these otherwise loyal subjects to commit these so called treasonable acts.

Mrs. J. C. McDaniel read a very interesting and instructive paper on "Politics in Colonial Virginia." Reviewing the political conditions of those early times revealed the fact that history repeats itself in many ways.

GREAT MEETING FOR FLORIDA

American Pomological Society To Meet in Tampa in February

On February 10th the American Pomological Society will hold its bi-annual meeting in Tampa. Twenty-two years ago this national society held its meeting at Ocala, which was a notable session in more ways than one. It was the guest of our Florida State Horticultural Society, which then was just an infant. It brought to Florida many of the best horticulturists from all parts of the Union. The members had the privilege of seeing one of the best citrus exhibits that has ever been made in Florida, as the State Fair was being held at Ocala at that time. After the sessions were over the railroads tendered to the members special trains to visit the different part of the State. These trains were in charge of special committees, who saw that nothing was left undone to make the time pleasant and profitable to the visiting members. The result of this meeting was that our State received such a favorable comment from those in attendance that it brought many permanent settlers to our borders.

It is said that history repeats itself, and it is to be hoped that it may. The meeting of Tampa will be attended by many more delegates, as not only the American Pomological Society will be there, but all the horticultural societies south of the Ohio and east of the Mis-

issippi and in Cuba have been invited to attend and make exhibits, so it looks as though there will be many more in attendance.

The exhibit at Tampa promises to be a large and varied one, but if it beats the Ocala display there will have to be something doing between now and February 10th. Tampa people, however, have a way of making good, and the people of Florida have just as much loyalty now as twenty-two years ago, so a fine exhibit can be looked for.

Excursions have been arranged for that will give the visitors a chance to see some of the famous orange and grape fruit groves and truck farms in the State. Florida people should not miss an opportunity to attend this meeting or to help in making the exhibit one of the best, as "bread cast upon the waters will return after many days."

Proceedings of Council

Council convened in regular session January 16. Members present: D. L. Thrasher, W. D. Holden, H. P. Driver and B. A. Howard. Members absent: A. T. Rossetter, H. R. Stevens and G. R. Calhoun.

Minutes of last regular session read and approved.

Communication from L. G. Stringfellow relative to cutting ditch along the front of his property on west First street was read and the following resolution was passed:

Moved and seconded that the street committee be instructed to investigate

and have a survey made and report at next meeting what relief, if any, the city should grant Mr. Stringfellow.

Moved and seconded that E. E. Brady's bid be accepted and that the city attorney prepare contract in duplicate to be executed by the proper city authorities, and embracing the terms of the specifications and the modifications as discussed before the council at this meeting.

Moved and seconded that the following sidewalks are hereby condemned: Along the east side of Lot 2, Block 9, Tier 7 and west side of Lot 5, Block 3, Tier 6.

Moved and seconded that all property not having sidewalks on the west side of Magnolia and north of Tenth street be condemned and construction is hereby ordered.

Moved and seconded that the matter of the Atlantic Coast Line assessment be referred to the finance committee with authority to dispose of the matter.

Moved and seconded to adjourn. Carried.

High School Notes

The Athletic Association met Wednesday afternoon and received the reports of the committees. Steps are to be taken to supply the gymnasium with everything necessary.

The seniors have received the subjects for their graduating essays.

The pupils are hoping that the school board will give them a day off for the county fair.

LAKE MARY MELANGE

Special Cor. to The Herald. The Lake Mary Industrial and Social League met again last Friday for a days work of improvement. A bountiful dinner was prepared and served by the ladies.

D. B. Smith of the Overstreet Turpentine Co., has rented a house from C. F. Lee and will bring his wife here to live.

Mr. and Mrs. J. B. Ring are happy over the arrival of a son in their home.

W. Dunn and B. ... hunt last week and brought back a deer and several smaller game with them.

Several parties have been trying to rent houses or buy lots to build on, recently. Mr. C. F. Lee who already owns property and houses here is intending to do more building in the near future.

A magic lantern show will be given at A. E. Sjoblom's Hall next Saturday night January 21st, 7:30 o'clock.

MOORE'S STATION

Special Correspondence to The Herald: Mrs. Fannie Lee will soon occupy her new home in Beck Hammock.

Herbert Beecher of Milam, Ohio, has removed on to the place owned by the deaf and dumb people at Beck Hammock.

Mr. Kinnehan had two more fine flowing wells completed at his place last week.

George Chamberliss is out again after an attack of grip and malaria.

George Mitchell, a guard at the convict camp at Cow Creek was here Sunday to visit his father and brothers.

The McClelland children are spending some time with their grandmother at Geneva.

The county ditch is being completed from street corner stop No. 14 to the St. Johns river.

There have been many northern visitors about here recently looking for garden lands.

OVIDO AND LAKE CHARM

Special Correspondence to The Herald: We were glad to hear of the return last week of Mr. and Mrs. J. Q. Adams to their home in Florida after an absence of several months.

Mr. Moore, a near neighbor, met them at the train in Ovido and conveyed Mr. Adams and party to their Geneva home in his new auto.

Our first pleasant acquaintance with Mr. and Mrs. Adams was several winter ago in St. Augustine where Mr. conducted for ten or twelve years the Railroad business of Florida.

We were going to say, in Mr. Flagler's Ponce de Leon hotel. Mr. Adams had been prominently identified with Railroad business in the city or Buffalo where there is probably more railroads business transacted than in any other city of the entire state.

Florida railroad officials persuaded Mr. Adams to leave his Geneva home for three short months during the tourist season and come up to St. Augustine, but Mr. and Mrs. Adams were always glad to fly away to their Geneva home at the earliest opportunity and they were received with open hearted hospitality.

I venture to say that on this particular return their friends and neighbors would have liked to have given them an ovation.

Speaking about Mr. Moore and his new auto, Captain Moore hails from our own summer home in the Thousand Island region of New York state.

He has been Captain many seasons of one of the very handsome private yachts of the St. Lawrence river "the Jule" owned by Mr. Costello of New York City.

Captain Moore and family were to leave Geneva Saturday last in his new car for Daytona and the East Coast to spend the balance of the winter.

Mrs. McClelland entertained the Ladies Magazine Club at her home in Ovido Friday January 13th. There was a goodly attendance and the members manifested considerable interest in taking up the study of Florida.

Miss Nellie King arranged a concise, comprehensive reading describing the Indian races who roamed this forests centuries before the Spanish explorers came.

Mrs. T. W. Lawton who had been a student in the Ft. Myers High School told us in a pleasant informal way of the Indians who came from the Everglades at stated

times for trade and barter, accompanied by "Bill Brown" so came Mr. and Mrs. Brown have given a life time of service to the Everglade Indian. Mrs. Brown stayed among them twenty years without once giving out when she learned that the Indians were some how suspicious of the missionaries goings and comings. Mrs. Henry Yonge, an honored ex-president, esteemed and loved by all is very familiar with Florida history and gave us much interesting information, referring incidentally to the Indians in her far away Canada home in the province of New Brunswick.

In introducing the subject, "Florida," the writer of these items called attention to the fact that Florida was the first named state of our United States of America and most beautifully named from Pascua Florida the Spanish for Easter Sunday. Florida, and the United States, had therefore its very beginning on an Easter Sabbath from centuries ago way back in 1613 when an old Spanish explorer by name Ponce de Leon landed on these shores, raised the standard of the cross and called the country Florida. Any state or nation holding true the spirit of an Easter Sabbath is sure to bring sunshine and happiness to human hearts and gives and keep the joybells ringing. Florida, and the United States are today enjoying the fruits of prosperity and claiming the attention of the world because of the Easter spirit. Florida's fountain of perennial youth is still flowing for old and young alike, and the chimes from St. Augustine, the oldest city in the Union, are still ringing throughout the land on a glad Easter morning. The club will continue the study of Florida down to the present time considering the subject under Spanish, British and French rule.

Conductor and Mrs. Brannon returned from Orlando to their Ovido home Saturday. Mr. Brannon's physician says he will be fortunate indeed to take up his active duties in a month's time. Accompanying them were Mr. and Mrs. Brown from southern Illinois. They came at the holiday time to spend two months with Mrs. Brannon and Mrs. Brannon's parents in Orlando. Mrs. Brannon and Mrs. Brown are sisters. Their guests had but just arrived at the time of the accident and all have been together in Orlando.

Miss Ella Bell Jones is entertaining a cousin, Miss Sapp of Georgia, who is to be with this week a guest in Sanford.

Mrs. Rigby spent Sunday with her daughter, Mrs. Turner, in her new home on the new trolley line near Sanford.

Miss Mattie Chapman was a Saturday guest of Mrs. Turner.

Rev. and Mrs. Brooke have been afflicted in having heavy grip colds. Mrs. Brooke has been critically ill these last few days. Dr. Nixon of Chuluota is in attendance.

Mrs. W. H. Luther has with her Miss Cauley of Savannah, Ga., who will spend the winter in Ovido.

Mr. and Mrs. Cater are guests of Mrs. Robert Lawton.

CAMERON CITY CLIPPINGS.

To the Editor of The Herald.

We are so busy with planting, cultivating and marketing our crops out here that we have little time to gather news items. Potato planting is nearly finished.

Mr. James Allison of Wichita, Kansas, is expected to visit here this week. He owns the farm cultivated by Mr. Earl Gornly.

Mrs. Minnick and her sister, Mrs. Stuart of Kansas City will spend a part of this week at Daytona Beach.

Mrs. Johnson's little folks have been quite sick, having taken cold while having measles.

Mr. Crippen made us a flying visit on Tuesday afternoon.

Saturday afternoon Mr. Potter and wife, Mr. and Mrs. Williams and daughter viewed our farms and visited our parks. They are winter residents at Sanford. If the winter tourists knew what pretty groves we have out here, with tables and seats ready for picnics, they would often bring a lunch and spend a part of some of these beautiful days.

The moonlight fish bake in Mr. Beck's grove last Tuesday night proved a success in every way and was thoroughly enjoyed by a large company of people. We were glad to see our editor present.

Among our Sunday visitors were Dr. and Mrs. Hamilton, Mr. and Mrs. Gus Hill and Mr. and Mrs. Dutton of Sanford and Mr. and Mrs. Berry of the West Side. Mr. Berry was much surprised at the development of the Celery Delta and much interested in our improvements.

Mr. Ellsworth has built a neat bungalow on Beardall avenue.

Among the prettiest crops growing in this vicinity is the Jumbo lettuce on Dr. Minnick's farm. Those who have had opportunity to try it say it makes a most delicious salad.

Rev. Dr. Swartz is expected to preach at Cameron City church next Sunday

morning. He is from Pennsylvania and comes to spend the winter with his son at Lake Onoro.

The strawberry season is on and some of our people are eating strawberry shortcake.

GENEVA JOTTINGS

Special Correspondence to The Herald:

The entire community sympathize with Mr. and Mrs. Frank Jones in the loss of their handsome home which was destroyed by fire on last Monday.

Mrs. Dr. Lewis of Chicago is again in our midst much to the delight of her many friends.

Mrs. Fultz and Mrs. Robinson spent a portion of last week in Sanford.

W. L. Sug made a business trip to Jacksonville last week, returning Saturday.

Mrs. Dann of Miami has recently visited her sister Mrs. Charlie Harrison.

Mrs. H. H. Pattishall is confined to her bed with the measles.

Little Henry Harrison had the misfortune to get his leg broken last week in a runaway, the buggy turning completely over.

Mrs. Dr. Heath, who lived here several years ago is visiting her friend Mrs. I. T. Peters.

Mr. and Mrs. John Adams are again welcomed to Geneva by a host of friends. Accompanying them are Mr. and Mrs. Will Adams of Buffalo, who are much admired by many friends in this place who are glad to have them with us.

Mr. and Mrs. C. A. Rauterson are home again from a pleasant trip on the East Coast.

Mrs. Grant and daughters visited Chuluota last Sunday and Monday.

P. L. Chambliss visited Sanford last Monday.

Captain Moore is now master of a handsome touring car and his friends as well as himself are enjoying it.

THE TRUTH MADE KNOWN ABOUT BLOUNT'S RECORD

SILLY CHARGES ARE MEETING WITH A SEVERE REBUKE

THE "BOOMERANG" MOST EFFECTIVE

Read the Following and then vote for the Man Whom You Believe Most Capable to Represent You in the United States Senate

WHAT DO YOU THINK OF BRYAN'S METHODS?

Under the head, "Mr. Blount and the 'Joker' in the Jim Crow Law," the Pensacola Journal, Sunday morning, January 9th, published the following editorial leader:

Mr. Blount and the "Joker" in the Florida "Jim Crow" law. A few days ago Mr. N. P. Bryan, candidate for the United States Senate, made a charge to the effect that Mr. W. A. Blount, also a candidate for the Senate, had put a "Joker" in the form of an amendment into the "Jim Crow" law which passed the Legislature in 1905, while Mr. Blount was a member of the State Senate, and that because of Mr. Blount's amendment the Supreme Court had declared the law unconstitutional.

In his speech in Jacksonville last Monday night Mr. Blount denied this charge, and in a telegram published elsewhere in this paper today he again denies it.

The Journal is tolerably familiar with the circumstances attending the passage of the "Jim Crow" bill, and of its own knowledge it is able to state all the material facts connected with it. The facts, briefly, are as follows:

Representative J. Campbell Avery introduced the bill originally in the House, and after consideration, and some slight amendment by Mr. Avery himself, it passed the House and went up to the Senate. In the Senate the bill was amended in certain particulars relating to method of separation, time the bill should go into effect, and penalties for violation, by Mr. Blount, but not until, in conference with Mr. Avery, he and Mr. Avery had agreed upon the amendments. The bill then, as agreed upon by Mr. Blount and Mr. Avery, passed both houses by a unanimous vote in each house.

Now as to the "Joker" which Mr. Bryan says rendered the bill unconstitutional. This was Section 7, and it was part of Mr. Avery's original bill. In the redraft of the bill by Mr. Avery and Mr. Blount Section 7 was not changed in any material respect.

Avery's Bill, Sec. 7.—That the provisions of this act shall not apply to colored female nurses on such cars or divisions of cars, having the care of white children or sick persons.

Blount's Bill, Sec. 7. That the provisions of this act shall not apply to colored nurses having care of white children or sick persons.

There is absolutely no difference, in effect, in these two sections. But, as an indication that both Blount and Avery acted in good faith in this matter we have but to show that they modeled Section 7 after the State law then in existence, and which governed the separation of races on railroad trains, but not street cars. That State law is found in Section 2268 of the Revised Statutes of 1892, and reads as follows:

The State statute: "But female colored nurses having the care of children or sick persons may ride or travel in such cars."

Therefore, the effect of Section 7 of the bill drawn by Mr. Avery was not only not altered at all by Mr. Blount's bill, but it was practically an exact copy of the State law which had been in existence for years as applying to steam-railroad cars.

When the roll call on the bill was taken it passed without a dissenting vote. (See Senate Journal, page 778.) Such men as Senators Bailey of Monticello, Crane of Tampa, Hudson of Miami, Neil of Westville, West of Milton, Wilson of Marianna, McCreary of Gainesville and Zim of St. Augustine all voted for it. These men were all known as radical anti-corporation members of the Senate. Mr. Bryan will hardly charge that they, too, were under corporation influence when they joined in the support of this measure.

But that is not all. When the bill was carried up to the Supreme Court on a test case, we find W. J. Bryan, County Solicitor for Duval County, afterwards appointed Senator by Governor Broward, member of the law firm of Bryan & Bryan, and late brother of N. P. Bryan, who now makes these charges—we find W. J. Bryan himself defending Section 7 and arguing that it is constitutional and effective.

In charging that Mr. Blount was guilty of putting a joker into the Jim Crow law, does N. P. Bryan also charge his late brother with bad faith, or with ignorance, or both, when he defended this same joker before the Supreme Court, as recorded in volume 50, page 132, of the Supreme Court Reports of Florida.

Mr. Bryan's charge at this time is nothing more or less than a piece of cheap political chicanery whose purpose is to catch votes by unfair means where he cannot get them by other methods. It is too small to come from any man who is big enough to be a United States Senator.

Mr. Blount's connection with the Jim Crow bill was absolutely open, honest and above board. Section 7, copied from the State law itself, was not drawn by him, and if he failed to discover its unconstitutionality he was not less able than all of the legislators, lawyers and judges who had for years regarded the State law as constitutional and sound.

TO THE DEMOCRATIC VOTERS OF FLORIDA:

The facts stated in the foregoing editorial are true. To them I add: The bill was entirely satisfactory to me and there was no reason why I should desire to have it declared unconstitutional.

If I had preferred the interest of the Street Car Company to that of the public, still I would have had no reason to desire to kill the bill, since it entailed no hardship upon the street car company and was practically identical with the ordinance in which a like system of separation of races has been in use on the street cars in Jacksonville, Pensacola and other cities.

The original bill contained no penalty upon the conductors of the street car companies for failing or refusing to enforce the law and I inserted in the bill such a penalty in order to make the law operative.

Any objection to any section of the bill as unconstitutional never occurred to me, nor did it occur to such men as George P. Rainey, former Chief Justice; Louis C. Massey, one of the revisors of the State's Statutes and Attorney for the Florida Railroad Commission; Park Trammell, since Attorney General; F. M. Hudson; C. L. Wilson, since State Attorney; and other able lawyers who were then in the Senate.

ANNOUNCEMENTS

For Mayor. At the earnest solicitation of my friends I have consented to announce my candidacy for the position of Mayor of Sanford at the primary to be held in November.

For City Clerk, Treasurer, Assessor. I hereby announce my candidacy for the office of City Clerk, Treasurer and Assessor. Many years of experience with city affairs and clerical positions have made me familiar with the work of this office and having made Sanford my home, I ask the voters of Sanford to look up my record and fitness for this position of trust.

Clerk, Treasurer and Assessor. I am urged by my friends to announce myself as a candidate for the office of Clerk, Treasurer and Assessor at the coming city election, to which place I was appointed to fill the unexpired term of Mark L. Scott.

For City Clerk, Treasurer and Assessor. I announce myself a candidate for the office of City Clerk, Treasurer and Assessor. A citizen of Sanford continuously since 1880, I have been actively identified with her every interest.

For Marshal. I announce my candidacy for re-election as Marshal. I propose to make the race solely on my record. I am not the candidate of any clique. I solicit the support of the voters on my merits.

Marshal and Collector. I hereby announce my candidacy for the office of Marshal and Collector for Sanford at the coming city election.

THE LETTUCE CROP

Sanford Vegetable Growers Are Making Large Profits on Their Lettuce Crop This Season.

It is nothing unusual to hear of single acres that net from \$500 to \$1200 per acre. The other crops are bringing prices in proportion. The general outlook for Celery Delta Farmers are brighter this very minute than they have been for many seasons.

Now is the Time for You to Buy

One of our **Vegetable Farms** at \$150 an acre on our very easy system of payments. The increased profits as shown this season by the growers will have a great effect in increasing the price of land, and if you want to do business in the vegetable line in Florida,

You Had Better Purchase One of Our Farms

Before the price is increased by the natural development of this section and the attendant success of our growers.

Title Bond and Guarantee Company's

Farms are situated on original transportation, are well drained, the soil is excellent and the community is in a flourishing condition.

Fourteen Families Have Moved to Monroe

Since we put this division of Celery Farms on the market. We are building new houses every day, breaking new land and planting crops of various kinds. This will have the effect of making all the land in that section more valuable.

If You Are Interested

Write to us about Florida Real Estate. We have all kinds of land suitable for groves, chicken farms, winter homes and vegetable farms.

Our Terms Are the Best Offered by Any Firm in Sanford

For land of the same quality, and the quality is such that it will produce anything that will grow anywhere else in the Celery Delta.

We Give You Six Years in Which to Pay for Your Farm and

Charge you no interest on the deferred payments.

IN SANFORD—Life is Worth Living

Number 24- SANFORD, FLORIDA, FRIDAY, JANUARY 27, 1914 Volume III

ALL AROUND FLORIDA

The General News of "The Land of Flowers."

CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Three men were dangerously hurt in a runaway on the streets of Wauchula Monday morning. The team took fright near the railroad crossing and threw the occupants out on the main street near the Dixie Hotel. Oliver Revels was probably the most dangerously hurt, sustaining some broken ribs, and internal injuries. His brother, Grady Revels and J. T. Phillips were also badly hurt. Drs. Kline and Wright are attending the unfortunate victims.

The Times-Union has a Washington dispatch discrediting the rumor that a deal is on foot to displace Congressman Sparkman from his just place as chairman of the next Rivers and Harbors committee. The rumor was to the effect that Congressman Randsdell would be selected for the place. Considerable juggling is going on in connection with the House committee chairmanships and their is a suggestion that not many of them will be awarded on the score of seniority. However, the Times-Union's correspondent says Mr. Sparkman has every assurance that he will receive the appointment.

Following an experiment that was made some time ago Ft. Myers has placed an order for a large quantity of crude oil, which, at present, is being generously applied to our streets in the hope that its use will not only aid in preserving the streets, which are of shell, but have a tendency to keep down the dust that arises therefrom and is a source of much annoyance to merchants and shop-keepers.

Alachua County's Board of Commissioners has issued a pamphlet containing much valuable information concerning the county. The vegetable sections of the county are described as are also all other sections. The different industries are named and their values are given for the benefit of the general public.

Keeping up with the State whose name it bears the Florida Life Insurance Company will erect a new ten-story home in Jacksonville. This company, during its short life, has made a record, and continues to grow.—Pensacola Journal.

In the January number of "Dixie Motoring" Governor Albert W. Gilchrist has an article upon the condition of the roads can be constructed at little expense. The writer gives these splendid avenues of travel credit for the great increase in population which the State has enjoyed in the last ten years.

Warnings have been sent to the owners of razorbacks near Sorrento that the citizens have decided to protect themselves against the divine right of the four-legged prowlers Gardens and crops have been ruined from time immemorial, and it will have to be stopped, according to the warnings just sent out.

Have Good Poultry Judge
The Fair management have secured the services of Hon. F. J. Marshall as poultry judge.

Mr. Marshall has had thirty-five years active service as judge of poultry shows and has officiated at fairs and expositions all over the United States. Among his many engagements were the Columbian Exposition at Chicago and the World's Fair at St. Louis. Owners of poultry may be assured that the merits of the exhibits will be satisfactorily judged.

Sanford Heights Improving
J. H. Ragsdale has sold this week eight lots on Sanford Heights and expects to let the contract at once for a fine residence to be built for himself. Mr. Ragsdale has also contracted for two new concrete sidewalks to be laid the entire length of the property and this choice location will present a busy appearance in a few days.

Yacht Augusta Here
The Yacht, Augusta. D. N. Reynolds owner, from Jacksonville has been at the wharf this week and on a cruise in the upper St. Johns. Mr. Reynolds is an uncle of Geo. A. DeCottes of this city and spends several weeks of each season at this point.

THE POPULARITY CONTEST

Many Out of Town Readers Are Getting Excited

The Herald Popularity Contest is exciting interest among the northern readers and many letters have been received and subscription paid by people who do not know the contestants personally but want to get into the game. We would advise the partisans to vote at once and not wait until the last minute. While such action is not prohibited those who are holding back the larger number of votes are apt to strike a great surprise on the last day for the fellow other is holding out also. Get in your votes and watch out for the big bonus offer next week. Following is the status this week.

COMMERCIAL CLUB MEETING

Annual Election of Officers and Other Interesting Matters

The Commercial Club held a most interesting meeting on Monday night. The regular election of officers for the ensuing year followed.

The question of having a booth at the Orange County Fair was taken up and discussed at length. Sanford should be represented at the fair in the best manner possible and every citizen should aid in making a creditable display. The curtailment of the East Coast schedule or the Titusville branch was also taken up and will be acted upon later.

Several other important questions were before the meeting for adjustment but were not decided.

The following officers were elected.
President—Forrest Lake.
First Vice President—F. P. Forster.
Second Vice President—D. L. Thrasher.
Secretary—E. T. Woodruff.
Treasurer—H. C. DuBose.
Directors—J. N. Whitner, B. A. Howard, W. D. Holden, R. H. Marks, Forrest Lake, J. O. Packard, D. L. Thrasher, G. H. Fernald, F. L. Woodruff, H. R. Stevens, A. T. Rossetter, T. K. Bates, W. T. Fields, F. P. Forster, Harry Ward, S. O. Chase.

Orange County's Big Fair

As the time for the Orange County Fair, February 7-11 approaches, the directors are making a very careful canvas of the situation.

The exhibits already secured of citrus fruits, farm products and the products of vegetable farmers will be larger and better than any fair ever held in Florida.

The exhibits of cattle, horses, hogs, poultry, are large. The arts crafts will have a fine display while the educational interests will not be neglected but will take front rank.

For entertainment there will be sports. Base ball, polo and track events.

Fifteen great shows, including a wild-west animal show, will interest all looking for excitement.

For free attractions there will be a balloon ascension daily, with double parachute drop.

Nick Carter, holding the world's record as a high diver, will jump 110 feet.

Hurricane, the fastest trotting ostrich in the world, has been secured and will give an exhibition once daily. This bird has been driven in harness all over the United States. He never disappoints. He is not an experiment.

Each day there will be harness races, in which high class and speedy horses have been entered. The association is a member of the American Trotting Association, which insures just treatment to all.

The fair is not conducted as a money making scheme, but is for the benefit of Orange county and supported by the county and its citizens.

Remember the date, February 7-11.

A Mistake

There seems to be some misapprehension on the part of some as to the cost of making an exhibit at the fair. There is absolutely no charge, if you are exhibiting to show your handiwork, or are competing for a premium. If you are making an exhibition of such a nature to require your attendance at the fair, you can get an exhibitor's ticket, good for every day during the fair, to come and go as you like, for \$1.00.

NEW CLOTHING AND FURNISHING STORE FOR SANFORD

Palmer and Seigh to Have One of the Finest Stores South of Jacksonville

Mr. W. C. Palmer, and Mr. A. B. Seigh the two enterprising young merchants who have cast their lot with us and will give us one of the finest clothing and gents furnishing stores south of Jacksonville. The display cases, clothing cabinet, hat cabinet and windows will all be a rich mahogany finish. The clothing cabinet is sixty feet long and will hold three hundred suits. The leading makes carried by Messrs. Palmer & Seigh will be treatment to all. Mr. W. C. Palmer came to Florida three years ago from Johnstown Pa., where he was manager of a large clothing and furnishing goods store and accepted a similar position with the Surprise Store Co., of St. Augustine, which he filled successfully until recently. Mr. Seigh has been actively engaged in business for the past 15 years, having

ALBERT SEIGH

Strouse & Bros., Isaac Hamburger & Sons and Burgher Hood & Co., of Baltimore and New York. The display cases sixty feet in all will be arranged in two lines down the center of the store and will be filled at all times with the very best gents furnishings. In interviewing the Messrs. Palmer & Seigh we find their policy to one hundred cents worth for the dollar, money refunded on all goods not satisfactory, one price and courteous

started in the grocery business, but later disposing of his store to take up mens clothing he has been connected until recently with the Penn. Traffic Co., of Johnstown, Pa., one of the largest stores in that section of the state. We find both men to be upright courteous gentlemen and think they will be good hustling citizens for Sanford.

ATTENTION, VOTERS!

Remember January 31st election for United States Senator, Hon. N. P. Bryan is the candidate for all the people. The "Special Interests," "Favor-Seeking Interests" are trying to defeat him, in order to name their own corporation attorney. Shall these "Corporate Interests" name your Senator, or will you elect N. P. Bryan?

IT'S UP TO YOU.

Yours truly,

The Orange County Progressive League

Special Auction Lot Sale

Saturday 2 p. m. Celery Avenue Addition

The interest in the sale of lots at Celery Avenue Addition continues unabated and a great many buyers have called on the Bowman Realty Company and made purchases at private sale since the close of the big whirlwind auction sale put on by them on Tuesday and Wednesday. So active is the demand that the owners of the property have arranged with the Bowman people to hold a special auction sale on the premises on Saturday afternoon, beginning 2 p. m., to accommodate those interested who were unable to attend before. Another lot and several other prizes including \$25 in gold will be given away and the fairness with which these awards are made assures a record breaking attendance for Saturday afternoon. A number of buyers to date have announced their purpose to begin improvements at once, and it is predicted that all unsold lots will go with a rush at the special Saturday afternoon matinee. Free Street Car service will be provided as heretofore, the free cars leaving the corner of First Street and Park Avenue, beginning 1 p. m. and running every few minutes, picking up passengers enroute. The fact that an entire plan of lots is being sold out in one week in Sanford speaks volumes for the future of Sanford and the confidence of the public in Sanford real estate.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

David Graham Phillips, age forty-three, editor, publicist and novelist was shot six times on Monday as he approached the Princeton Club, by Fitzhugh Coyle Goldsborough, aged thirty-one, a Harvard man who immediately after, committed suicide. Phillips died later from the wounds. The body of Goldsborough, whose career at Harvard was brief, lies in the morgue. Apparently insane, he had a fancied grudge against the author and sought his life.

What appears to be definite information that William Johnson, a negro, charge with the murder of Brakentian Humphries, white, at Avera, Ga., was lynched early Sunday morning, his body riddled with bullets and later burned, was contained in a special dispatch from that town to the Augusta Chronicle.

The first bill looking to the regulation of the sale of liquor in Texas, requiring that saloons close at nightfall, started on its journey to the Governor for his signature on Monday, after the House of Representatives passed the measure. The Senate, it is said, will follow suit on Wednesday, those favoring prohibition having a majority in both branches of the legislature. The bill, however, will in all probability not become a law, Governor Colquitt having expressed his opposition and test votes have shown the prohibition strength in the assembly short of the number necessary to over-ride the Governor's veto.

The bill provides that saloons open at 6 a. m., and close at 7 p. m., except Sundays. The selling of liquor on Sunday is barred.

Philadelphia is raising a million dollars for the Young Men's Christian Association.

Striking at the psychological moment won for Editor Luke Lea, of the Tennessean, the United States Senatorship in the fight before the Tennessee Legislature over the seat soon to be made vacant by James B. Frazier.

Up in Vermillion county, Illinois, known to fame as the residence place of Joseph G. Cannon, speaker of the House of Representatives, "leading citizens" are pleading guilty to having committed fraud in the recent national election, in which "Uncle Joe" was sent back to Congress.

SANFORD BRAND OF AUTOS

Our Ideal Location for Factory Causes Favorable Comment

During the visit to Sanford of several prominent automobile men and manufacturers, the Herald man had his suspicions aroused and upon inquiry found that Sanford was being investigated by several of the smaller manufacturers with a view of making the city a center for the manufacture of automobiles for the southern trade.

The factories will not be large, but they can be operated as cheaply as in the larger cities of the north and the good roads movement in Florida will make this the greatest automobile center in the world for all the year round sport.

The smaller manufacturers realize that in Sanford they can get a good location with railroad and steamship transportation. They can ship the parts here, assemble them and sell the machines in the south cheaper than their northern competitors and realize a good profit.

In connection with the manufacture of automobiles, a well known firm of airship manufacturers have also made inquiries regarding Sanford as a manufacturing center and it's up to our city now to furnish sites for those men who purpose to put Sanford upon the map in red ink.
