owners over the state and indications are that they will not race under present contracts," said Stutz.

A St. Petersburg owner, A. L. Sparks, commented on the Racing Commission statement that tracks may be permitted to buy and race their own dogs: "Where will they get dogs? We own all of them."

William B. Watson, Jr., secretary of State Racing Commission, said:

"We've exhausted every resource. If owners don't comply with the order we will have no recourse except to bar them. We are notifying each owner of the decision."

MIAMI, Feb. 13 (AP)—An ultimatum to greyhound owners to produce dogs for racing at Florida's eight tracks by 6 P. M. Monday, Feb. 16 or be barred from the tracks was issued yesterday by the State Racing Commission.

William B. Watson, Jr., commission secretary, said the order was given members of the Greyhound Owners Benevolent Association when an all day meeting of owners and track operators failed to produce a solution to end a strike which has kept all of Florida's tracks closed since Saturday.

"We got absolutely nowhere toward a settlement," Watson said at the end of the afternoon's executive session.

He said the commission's ultimatum was based on the failure of the individual licensees to enter their dogs in accordance with their contracts in violation with racing rules. The rule states that once a dog is entered, it must be raced unless excused.

If necessary, Watson said, the commission will permit the individual tracks to purchase and

Palestine Commission delegates over how strongly they should phrase their request for military help in partitioning the Holy Land.

After intensive discussions, the five-man commission expects to have a report to the Security Council on the subject of international force read shortly. Two drafts have been scrapped in the midst of debate. A third version is reported virtually completed.

Competent sources emphasize there has been no open split. One group of delegates wants stronger words verging on demands. Another group wants to make the report purely factual. Some of the delay has been due to determination of Chairman Karl Liskaly of Czechoslovakia to get unanimous agreement on every clause and to avoid votes.

Members of the commission are Czechoslovakia, the Philippines, Denmark, Bolivia and Panama.

One factor underlying the tug-of-war over words is the ticklish position of Britain as mandatory power. Some delegates apparently fear that strong language might be interpreted as criticism of the British government.

All commission meetings are closed.

So far not a single Security Council delegate has been willing to be quoted on his views. President Truman said yesterday only that the United States is supporting the United Nations on the question.

race their own greyhounds. A demand for revocation of purchase by a GOBA representative brought the afternoon session to an abrupt halt.

Florida's eight greyhound racing ovals have been closed since Saturday when owners refused to produce dogs for racing "until satisfactory arrangements are completed."

Grocery Stocks Fell Toward End Of Year

WASHINGTON, Feb. 13 (AP)—Stocks of wholesale grocers were lower at the end of December than at the start of the month, the Commerce Department reported today. This was the first time since July that stocks were lower at the end of a month than at the beginning, the department said.

By lowering inventories acquired at high prices, wholesalers protected themselves to some extent against loss after price drops. Dollar sales of both wholesale and retail grocers reached record highs for 1935 as a whole and for December alone.

Wholesalers' sales totaled \$8,681,000,000 for the year, up seven per cent over the 1934 record. December sales were estimated at \$709,000,000, up two per cent over December, 1934.

Retail grocery sales were \$24,896,000,000 for 1935, a 26 per cent jump above the 1934 record.

Stock Market

NEW YORK, Feb. 13 (AP)—Early recovery continued on a selective basis in today's stock market although many leaders stumbled.

Post-holiday sentiment in Wall Street still leaned to caution but stiffening commodities provided a prop. Stock covering and other bidding by professionals was predicted on the thought that at least a good technical comeback was likely. A certain amount of selling again was blamed on doubts regarding taxes, business, labor and unsettled foreign economies.

Dealings slowed after a fairly active start. Gains and losses running to a point or so were pretty evenly divided near the fourth hour.

Intermittent forward moves included Santa Fe, Southern Pacific, Atlantic Coast Line, Chrysler, Goodrich, International Harvester, Oliver Corp., Allied Chemical, American Woolen, Philip Morris, Mission Corp., Gulf Oil and United Air Lines. Steels did little either way.

A weak performer was American Telephone which dipped more than a point to a 1947-48 low. Sliders were General Motors, Great Northern Railway, Consolidated Edison, Deere, Woolworth, Union Pacific, Standard Oil (N.J.), J. C. Penney, Owens-Illinois, Texas Co., U. S. Gypsum and United Fruit.

Cotton steadied. Grain futures rallied. Bonds were uneven.

Truman Seeks More Aid For Greece, Turkey

President Says That
Greeks Are Sub-
jected To Increas-
ing Force By Reds

WASHINGTON, Feb. 16 (AP)—President Truman told Congress today he will ask more money for military assistance for Greece and Turkey. Mr. Truman gave this word to the legislators in a report on use of the \$400,000,000 they voted last year to help the Greeks and Turks resist Communism. He did not say how much more will be asked. Last year's fund was \$300,000,000 for Greece and \$100,000,000 for Turkey.

In a letter sent to Congress with the report on use of this money, the President said Greece has been subjected "to ever higher increasing pressure" by a Communist minority subservient to "foreign influences." There was no mention of Russia by name, or of the Russian satellites in the Balkans.

Greek Communist guerrilla forces reportedly have been driven back from Greece's Communist-dominated neighbors. Mr. Truman said economic assistance can be given Greece under the proposed European Recovery Program.

He added: "The European Recovery Program will not provide, however, (Continued on Page Six)

CIO Longshoremen May Shelve 1 Year Plan For Long One

SAN FRANCISCO, Feb. 16 (AP)—CIO longshoremen may discard their traditional one-year contract policy and seek a long-term agreement, according to a report from the union, called for each action at a stop work meeting yesterday.

"It's going to get tougher before it gets better," he declared but did not elaborate.

The proposal was approved by Local 10, the biggest unit of the union. Some 5,000 members of the San Francisco area attended. Bridges also proposed a strike if necessary to preserve the union's hall. The current contract with west coast employers expires June 15. The local approved.

The waterfront employers' association (WEA) wants to modify the extent of union control over the hiring hall. However, association President Frank P. Folio said the employers don't want to end the hiring hall system.

The local decided to seek a 30 hour work week with no decrease in pay and to work toward unity among CIO maritime unions.

Wall Plumbing Opens On Sanford Avenue

Roy Wall, who has been in the plumbing business in Sanford for the past two years, has opened his office at 503 Sanford Avenue under the name of Wall Plumbing.

Associated with the Scruggs Plumbing Company of Tampa where he was foreman for five years, Mr. Wall lives with his wife and son in their home at 1401 West First Street, where his shop has been located formerly. In addition to putting in new installations, Mr. Wall also specializes in all types of repairs to plumbing and fixtures.

NEW FORD PAN DETROIT, Feb. 16 (AP)—Ford Motor Co. announced today its engineers have developed an automobile radiator fan that operates only when needed. Operation and speed of the fan are controlled by a thermostat in the radiator hose.

THE WEATHER

LAKELAND, Feb. 16 (AP)—The Federal State Frost Warning Service forecast for peninsula Florida tonight and Tuesday morning was partly cloudy and slightly warmer with, along the lower east coast, scattered showers.

Tuesday's forecast was partly cloudy and warm with the outlook mild Tuesday night and as frost through Thursday.

Lucky Speculator

SECRETARY of Agriculture Clinton P. Anderson disclosed that E. T. Maynard (above), of Chicago, was the big-time commodity speculator who made "profits of between \$300,000 and \$400,000 in the last few days." Anderson told the Senate Agriculture Committee that Maynard, a veteran of more than 30 years trading on the Chicago market, had no inside information from the government. (International)

Senator Thomas Objects To Probe Of Speculation

Serves Notice To He
Doesn't Want To Be
Bothered Any More

WASHINGTON, Feb. 16 (AP)—Senator Elmer Thomas told senators investigating grain and cotton speculation today that he doesn't want to be "bothered" any more about his "private activities."

The Oklahoma Democrat, who has admitted speculating on commodity markets, wrote a Senate Appropriations Subcommittee that if he or they are "bothered," he said, "then, I shall consider such activity unjustified and unwarranted attacks upon myself and my assistants."

And he said he would regard any further interference with the business of his Senate office as "an insult to the sovereign state of Oklahoma."

The subcommittee, headed by Senator Ferguson (R-Mich.), has been inquiring generally into speculation. It began the investigation after President Truman denounced speculation on commodities and blamed it for sharp rises in prices.

4 Shots Fired Into Church During Meet

BUENA VISTA, Ga., Feb. 16 (AP)—Four shots were fired into a Holiness church here during a union meeting last Thursday, says E. P. Gieger, CIO organizer from Atlanta. Sheriff R. E. Dillard says he found three bullet holes in the building.

The CIO has been trying to organize workers at the Burgin Lumber Co. and the Marion Brokeage Co., which is an affiliate. The sheriff says workers have been on strike since Oct. 6, but the plants are still in operation. Union officials call it "a partial operation."

BRITISH CLAIMS

LONDON, Feb. 16 (AP)—Britain served notice today she intends to uphold her claims to the Falkland and other islands off the southern tip of South America, on the approaches to the Antarctic.

Herbert Morrison, minister of state, expressed British opposition to any Argentine and Chilean claims to islands in that area which Britain has considered hers. The foreign office said the 1,000-ton cruiser Nigeria left South Africa today for the Falkland area.

SINKS TO DEATH

RIVERSIDE, N. J., Feb. 16 (AP)—Eleven-year-old Dorothy Kenney sank to her death as the ground gave away beneath her. Her eight-year-old brother, Joseph, stood by helplessly yesterday as Dorothy plunged and was killed by a pile of debris.

Her body was dug from a hidden wall by a fire rescue squad two hours later.

Grain Prices Starting Long Return Climb

Big Commodity Mar-
kets Show Strength
Thruout Day With
Stocks A Bit Higher

NEW YORK, Feb. 16 (AP)—Grain prices climbed a little today in continuation of Saturday's rally, but midway through the day's trading they began falling slightly from opening highs. The general trend was strong in other major commodities and stocks were slightly higher in relatively light trading.

In New York grain prices pushed ahead sparked by some corn contracts which at one time advanced the full daily limit of eight cents a bushel. Deliveries of wheat were up as much as 6 1/2 cents a bushel. Oats climbed as much as 4 1/2 cents.

New highs for the day were established in some grains after a mid-day falling off. Other major commodity markets showed strength generally and stocks were a bit higher in relatively light trading.

In Chicago the weather and reduced country offerings came to the rescue of grains on the Board of Trade. Corn led a sharp upturn, spurring as much as 8 cents at times. Soybeans and land were strong.

Wheat closed 3 1/2 to 5 1/2 higher, may \$2.40 1/2 to \$2.45 1/2, oats were 1 to 4 1/2 higher, may \$1.07 (Continued on Page Eight)

Raymond M. Ball Elected President Of Realty Board

Raymond M. Ball was elected as president of the Sanford Board of Realtors at a meeting held Friday afternoon at the City Hall. He succeeds Edward F. Lane, who has completed two terms in that capacity and who was thanked for his loyalty and service in behalf of the membership by Fred Bender, mayor.

Robert A. Williams, mayor of Sanford, was elected vice president and treasurer of the group.

A schedule of rates and commissions on sales was adopted by the board. The next meeting was scheduled to take place Mar. 26.

Thad L. Lingo, city clerk of Ovid, was welcomed as a new member of the board which includes R. M. Ball, T. L. Harris, Jr., W. W. Moore, A. B. Peterson, W. R. Williams, H. James Gut, R. A. Williams, Edward F. Lane, Fred R. Black of Longwood and Fred Bender.

The Sanford Board of Realtors is affiliated with the Florida Association of Realtors and the National Association of Real Estate Boards which has its headquarters in Chicago.

Howard Dague Heads Hospital Campaign

Howard Dague, local agent of the Mutual Benefit Health and Accident Association, will head the coming membership drive of the Fernald-Laughton Memorial Hospital Association. It was announced this morning by T. W. Lawton, association president.

Mr. Dague, he said, accepted the chairmanship in response to the request by a committee headed by Ned Smith which was selected at the annual meeting of the Association to find a chairman for the drive. "The date for the drive has not yet been set, but when it is underway I am hoping that everyone will respond generously to the appeal of this worthy cause," Mr. Lawton declared.

Mrs. Gertrude Gilbert, chief clerk in Supt. Lawton's office in the Court House, is in Jacksonville attending a three day course in the keeping of financial records and conducted by the State Department of Education.

16 Clubs To Be Train- ing On 8 Diamonds By 15th Of March

There will be 16 baseball clubs training on the eight baseball diamonds of the New York Giants at the Municipal Airport by Mar. 15, Bill McKechnie, Jr., business manager of the Trenton, N. J. club, told the Rotary Club today at its regular weekly luncheon at the Tourist Center.

"This is something entirely new in baseball training," he said. "At the present time we have about 250 untrained boys we are trying to teach something about baseball. Some of them will make the grade, but some of them will have to be sent home. They will never make baseball players. That is the hard thing about baseball."

"There is no such thing as pull in baseball," he continued. "If there had been, I would have been a baseball player for my father. Baseball has been mighty good to me and my family," he said. "It's a good life if you put every- (Continued on Page Six)

Eleven In Family Die In Utica, New York, Fire

ELEVEN members of one family perished in a flash fire that swept a two-story frame house (above) in Utica, New York. Firemen and rescue workers are shown around the collapsed building. Ten bodies were recovered by firemen from the smoldering ruins. Eight were those of children. One was that of a woman, clapping an infant. Fourteen severely clad persons fled from the building. These persons were hospitalized with burns after jumping from a second-floor window. (International Photographs)

Russian Puppet Government Is Established In Northern Korea

By ROY ROBERTS
SEOUL, Feb. 16 (AP)—A high American official said today a Russian puppet government has been established in North Korea. He declared it has an army, a flag and a constitution in open defiance of international agreements.

The official charged that establishment of the government was timed to coincide with the United Nations Commission's recent announcement of failure of its mission to Korea.

He made his charges at a news conference, but added that he not be named.

Russian occupation officials are charged with governing North Korea. American administrators South Korea. The U. N. Commission was refused entry into the Russian zone to plan nationwide elections preliminary to giving Korea a self government. Chairman K. P. Moon said to report the commission's failure to the assembly next week.

The American source said "We have ample information" that an army estimated at 50,000 North Koreans is equipped with Russian materials, munition tanks and light planes.

He expressed belief the Russians would not be able to hold the territory for long.

Democratic Chairman Ponders Dinner Meet

WASHINGTON, Feb. 16 (AP)—National Democratic Chairman Howard McGrath studied his engagement schedule today to determine whether he will be able to speak at the Georgia Jefferson-Jackson Day dinner, which has been postponed from Mar. 5 to 9.

Governor M. E. Thompson telegraphed McGrath yesterday that a school teacher meeting in Atlanta, Mar. 16 made the postponement necessary. The national chairman said last night he had not received the telegram and would have to wait until today to see whether he could alter his schedule to conform with the new date.

According to Editor Ralph McGill of the Atlanta Constitution, McGrath might also consider what effect anything he might say in an Atlanta speech about President Truman's Civil Rights Program would have on already rebellious Southern party members.

"Gentleman's Agreement" Rates Highest In Academy Nominations

HOLLYWOOD, Feb. 16 (AP)—"Gentleman's Agreement" stands a chance of winning seven "Oscars" when the Academy of Motion Picture Arts and Sciences presents its annual awards on Mar. 20. The picture, a 20th Century Fox production with anti-Semitism as its theme, and seven persons connected with it were nominated in seven categories yesterday.

More than 12,000 members of the motion picture industry participated in the preliminary nominating poll and ballots for final 1947 members of the academy Mar. 1. "Gentleman's Agreement" was nominated for best picture and its stars, Gregory Peck and Dorothy McGuire, were named in the best actor and actress competitions.

Others connected with the picture who received nominations were: Ella Kazan, for directing; Anne Revere and Celeste Holm, for supporting actresses; Moss Hart, for best written screenplay and Harmon Jones, for film editing.

Close competition is expected all the way down the line however. Opposing "Gentleman's Agreement" for best picture are "The Bishop's Wife" (Samuel Goldwyn, RKO Radio), "Crosfire" (RKO Radio), "Great Expectations" (J. Arthur Rank, British) and "Miracle On 34th Street" (20th Century Fox).

For the best acting awards, Peck, John Garfield ("Body and Soul"), Ronald Colman ("A Double Life"), William Powell ("The Sign of the Cross") and Charles Laughton ("The Sign of the Cross") are expected to be present.

House Bank Group Votes To Extend Control Of Rents

Rent Controls Are Upheld By Supreme Court

War Powers Seen As
Not Terminating At
End Of Hostilities

WASHINGTON, Feb. 16 (AP)—The Supreme Court today refused to order a negro woman admitted to the all-white university of Oklahoma's Law School.

The court issued an order rejecting a demand by Ada Lois Sipuel Fisher for immediate admission as a student.

The court's order said that the case was in the hands of the Oklahoma state courts and that the Oklahoma courts must rule on the case before the Supreme Court could take any further steps.

WASHINGTON, Feb. 16 (AP)—Investigating powers of the House Committee on un-American Activities today, in effect, were upheld by the Supreme Court.

It refused to consider an appeal attacking constitutionality of the committee's authority. The appeal was filed by Leon Josephson, a Trenton (N.J.) attorney who was convicted of contempt for refusing to be sworn or to testify before a subcommittee of the Committee on un-American Activities.

WASHINGTON, Feb. 16 (AP)—The Supreme Court today unanimously upheld Federal Rent Controls.

Justice Douglas spoke for the court. He said "The war power sustains this legislation," Douglas added.

"Whatever may be the consequences when war is officially terminated, the war power does not necessarily end with the cessation of hostilities."

The court's ruling reversed a lower court decision which had held that the war power was exhausted at the end of the war.

Registering Will Continue 2 Weeks In County Books

The registration books for DeKalb County will remain open in the various county precincts for two more weeks and then will be returned to the office of the Supervisor of Registration. It was revealed this morning by Louie A. Real, who also stated that the books for the 15 county precincts will be open in her office in the Sanford Herald building from Saturday, Apr. 17, when they will be closed to prepare for the election on May 4.

Mrs. Real advised those in the county to take advantage of registering while the books are open, but added that if for any reason anyone is unable to register during February while the books are in the county precincts, he will have the opportunity of doing so from Mar. 4 through Apr. 12 at her office.

The books are located in the (Continued on Page Eight)

Dollisons Seeking New Trial Of Suit

Fred Wilson, an attorney for Mr. and Mrs. T. M. Dollison, filed motion Saturday for a new trial in the action of ejectment which on Thursday was decided by a jury in Circuit Court in favor of the plaintiff, Frank Russell.

Mr. Russell, who was represented by G. A. Speer, claimed to own one acre and a quarter of land on the Orlando highway near Park Shores Mr. and Mrs. Dollison built a three room cottage.

Plans Announced For New Orchestra

George C. Fellows, former leader of the Sanford Concert Orchestra, today announced that he had received many requests to reorganize the orchestra, and will do so, provided enough musicians can be secured who will attend at least one rehearsal a week.

"We wish to hear from all musicians in Sanford and Seminole County, both young and old, boys and girls of the High School and Junior High School age," he declared. "We want to hear from at least two pianists who can read standard orchestra music, both classical and popular. 'Everyone who plays an instrument is welcome to join.'"

He stated, "There are no dues or assessments. Reorganization depends on response to this call for musicians and we want to hear from all former members of the Sanford Concert Orchestra," he declared. Applicants may telephone Mr. Fellows at 11433, or Raymond Hall, at 060.

NEW U. N. SITE

LAKE SUCCESS, Feb. 16 (AP)—Paris has been selected as the site of this year's meeting of the General Assembly, the United Nations announced today.

The decision was reached 60 minutes after Secretary-General Trygve Lie went into consultation with a special committee. The French capital was selected over Geneva.

Auto-Trailer Wreck Damages Reported

Oranges were scattered all over Park Avenue at the Thirtieth Street intersection shortly after 11:00 o'clock Saturday morning when a north bound semi-trailer, loaded with fruit, smashed into a tree after colliding with a Buick sedan which attempted a left turn from Park Avenue to Thirtieth Street.

No one was reported injured. The truck, owned by Chase and Co., was driven by Henry Daniels. Hardy Westley Williams, 70 year old negro minister, was the driver of the Buick sedan. Damage to the cab and right front of the semi-trailer is estimated at \$600 to \$1,200, according to police. The Buick was damaged on both sides as it careened into a pole. Both drivers are charged with reckless driving.

Full Blood Indian
Gives Sermon At
Fellowship Front

The Rev. Pat Withrow, "the converted saloon-keeper" and the Rev. C. R. Pamp, full blooded Indian gave sermons yesterday and this morning at the Fellowship Front at the Municipal Airport. The Rev. Pamp brought along his G.I. Indian quartette. The Rev. Withrow was introduced by A. Ashworth of Kimball, West Va. and by former Congressman William D. Upshaw of Atlanta, Ga. The latter in his introduction told of the mission conducted by Rev. Withrow in Charleston, W. Va. of his slogan: "Soup, Soap and Salvation," and declared that since conversion he had done more work for God and humanity than any man in West Virginia.

"He cleans them up, fills them up, then leads lost men to Christ," he declared.

The Rev. Pamp in his sermon declared, "I hated the white man because his laws and treatment to my race had been unjust and cruel; but when I was converted I loved all men, white, black and yellow."

In order to allow more room for visitors the Sunday night sermon by The Rev. Withrow was held at the Auditorium instead of at the Homotel lobby. He spoke this morning at the lobby, and united with the G.I. Indian quartette in a radio broadcast program. He will continue morning sermons at the Homotel at 10:00 o'clock and evening sermons at the auditorium.

Preparations are being made at the Fellowship Front for an all day service on Washington's birthday, Feb. 22, with free dinner to be served. The service will be from 9:00 A. M. to 9:00 P. M. with many nationally known speakers on the program.

Longwood

By A. PIERCE MENICK

The Civic League had a large attendance at the February session Tuesday. Mrs. C. B. Searcy presided and reports were made by several committees. A scale of prices was set for rental of the library. It was planned to have entertainments for profit this month. A supper one night when cards will be played. A food sale of home made cakes, pies and candy on Feb. 21 in the empty store in center.

Attending the Sanford Woman's Club luncheon were Miss Mary Robertson, Mrs. Alice Wadsworth and Mrs. J. H. Menick.

Service will be held by Father Carpenter next Sunday at Christ Church school at the same hour 2:00 o'clock.

Longwood Card Club were guests of Mrs. Marie Dige of one Saturday night of Lieut. and Mrs. Ernest on the last Saturday evening.

For the social hour at the Civic League were hostesses Mrs. George Bridge, Mrs. Ralph Hammond, Mrs. Burmaster, Mrs. B. R. Gray who served coffee, sandwiches and cakes. Mrs. LeRoy Kenessey poured coffee. There were attractive floral decorations.

The Home Demonstration Club met with Mrs. Ben Green Thursday. Mrs. Ralph Hammond presided. Mrs. Ouida Wilson explained money management for her program. The hostess served delicious fruit punch, sandwiches and cup cakes.

At the P.T.A. session at Lyman Tuesday night the seventeenth annual Founder's Day will be observed at 8:00 o'clock.

Pat Blankenship and Jack Searcy have returned to University of Florida after their vacation.

There will be a reception for the new Baptist Pastor, Rev. and Mrs. N. Jackson and Mrs. Jackson on Feb. 19 in the library to which all interested in welcoming them to Longwood are invited.

No American has ever won an Olympic figure skating championship.

Chester Bowles

(Continued from Page One)

But, Bowles added: "There is one fact that we must all face squarely: We could not possibly expect that our economy could be subjected to the wholly unnecessary inflation of the last year and a half without eventually paying the price."

"Sometime in the not too distant future—if it has not already started—we will find ourselves moving into a depression of some sort."

Stating that there now are many controls which make an exact duplication of the 1929 depression unlikely, Bowles said that nevertheless "an extremely serious situation can develop." He added:

"Even though the number of unemployed reaches only six or eight million—roughly half the number of 1932—the effects throughout the world would be drastic."

To cushion another depression, Bowles proposed the following nine-point program "based on our experience in the past":

1. "Tax cuts all along the line . . . The time to cut taxes is when purchasing power is lagging to dry up."

2. "An all-out program of slum clearance and housing," building 1,000,000 homes a year.

3. "Continue rent controls 'for at least another year or two.'"

4. "Broaden Social Security payments to include self-employed, domestic help and farm workers."

5. "Enact a National Health Insurance Plan."

6. "Once a recession begins, we should move ahead promptly with our plans for the development of the Missouri Valley Authority, St. Lawrence Valley Authority, and for similar developments on the other major rivers."

7. "An all-out program for the building of schools . . . We should extend the principle of our GI Bill of Rights to enable all of our young people who are intellectually qualified to go to college."

8. "Increase minimum wages from 40 to at least 75 cents an hour."

9. "Pass the European Recovery Program without crippling amendments as rapidly as possible."

He emphasized that "a recession of some kind will sooner or later be inevitable, and, when it comes, Congress and the Administration must take strong leadership if we are to keep it from deteriorating into a serious economic collapse."

In a message to the mayors of 250 U. S. cities yesterday, President Truman urged congressional action on legislation for enactment of a long-range housing bill.

Academy Awards

(Continued from Page One)

"Life With Father" and Michael Redgrave ("Mourning Becomes Electra") were named among leading men.

Actresses competing for the coveted award for leading ladies will be Loretta Young ("The Farmer's Daughter"), Susan Hayward ("Smash-Up, The Story Of O Woman"), Miss McGuire, Rosalind Russell ("Mourning Becomes Electra") and Joan Crawford ("Possessed").

Miss Crawford is the only former winner nominated. She won the "Oscar" two years ago for "Mildred Pierce." Fred and Miss Russell were nominated last year for the awards won by Fredric March ("Best Years Of Our Lives") and Olivia De Havilland ("To Each His Own").

Nominees for other major awards include:

Best supporting actor—Charles Bickford ("The Farmer's Daughter"), Thomas Gomez ("Ride The Pink Horse"), Edmund Gwenn ("Miracle On 34th Street"), Robert Ryan ("Crossfire") and Richard Widmark ("Kiss Of Death").

Best supporting actress—Miss Holm, Miss Raver, Ethel Barrymore ("The Paradine Case"), Gloria Grahame ("Crossfire") and Marjorie Main ("The Egg And I").

Best directing—Henry Koster ("The Bishop's Wife"); Edward Dmytryk ("Crossfire"); George Cukor ("A Double Life"); David Lean ("Great Expectations") and Kazan.

In addition to the British-made "Great Expectations," two other foreign films came in for consideration. "Shoe Shine," made in Italy, brought writers Sergio Amidei, Adolfo Franci, C. G. Viola and Cesare Zavattini nomination for the best original screenplay award. Ferns Mc Donnell was nominated for editing "Odd Man Out," a British film.

Oviedo News

Special to The Sanford Herald
By MARIAN H. JONES

This afternoon the W. M. U. Association and her husband, Rev. Frank Tuttle, will be the guests of the Oviedo W. M. U. of the Baptist Church for the day. The occasion will be an all day Mission Study "How To Pray" by Torrey, beginning at 10:30 A. M. A covered dish luncheon will be served at noon.

Mrs. T. H. Hutto and children, Rose and Emily, of Oxnard, Calif., who have been the guests of Mrs. Hutto's sister, Mrs. T. E. Partin, Mr. Partin, Shirley and Tommy, have returned to their home via McHenry, Miss.

The W.M.U. of the Oviedo Methodist Church will meet at the church, Mrs. J. H. Staley, president, presiding. Mrs. Thelma Lee had charge of the program, her subject being on Payne College. Mrs. Owen Burnett, gave plans for a study circle group program, which will be held the second Monday in March, at which time a covered dish luncheon will also be served.

The Oviedo Woman's Club met for the regular monthly meeting and luncheon Friday, Mrs. Lena T. Hunt, President, presiding. Mrs. J. C. Hills, Jr., of Geneva, have a very interesting talk on "Americanism". Mrs. Paul Miller, chairman of the luncheon committee, assisted by the members of the committee, Misses Carl Dant, James Partin, Don Caraway, T. L. Lingo, Tommy Moon and Charles Lee, served a very delicious luncheon to approximately 44 guests and members.

Mrs. Ruby Jones, Mr. and Mrs. H. C. Parker, and Mr. and Mrs. Ben H. Jones of Oviedo, and Miss Beverly Ann Jones, of Orlando, enjoyed a recent trip to Bok Tower and Cypress Gardens.

Mr. and Mrs. J. M. Jones, of Orlando, spent Saturday here with their mother, Mrs. Ruby Jones.

Miss Beverly Ann Jones spent the week-end with her grandmother, Mrs. Ruby Jones.

Mrs. R. W. Foster, who has been confined to the Orange Memorial Hospital, has returned home.

Mrs. B. F. Wheeler, Jr. is confined to the Orange Memorial Hospital.

Mrs. Lilla Kunschiller, mother of Mrs. James W. Wilson, is confined to her home because of sickness.

Mrs. Mae E. King, Mrs. George Meant and guest, Mrs. W. H. Pollard, of Melrose, N. C., spent one day this week at Silver Springs.

North Korea

(Continued from Page One)

Plans were planning to set unilaterally in North Korea, regardless of any U. N. decision. He added that formation of the puppet government had raised speculation among U. S. military officials that the Russians may suddenly withdraw their occupation troops. He said such a move would be an effort to force similar withdrawal of American troops from the southern zone.

A radio broadcast from Pyongyang, Soviet occupation headquarters, announced creation of the "North Korean Peoples Army," and a constitution which would establish the Democratic People's Republic of Korea.

The broadcast, by Chairman Kim Il Sung of the North Korean Peoples Committee, said the army was not for purposes of "staging international civil war as certain reactionaries maliciously publicize."

The move, he went on, will "move to check in advance any attempts on the part of reactionaries to divide and kill the people."

A draft of the constitution, he said, was introduced at the fourth plenary session of the North Korean Peoples Council. It was "referred to the people for discussion" and will be voted upon at a special council session in mid-March, he added.

The North Korean flag was described as having a red star in the center, with crossed hammers above and crossed sickles below.

The broadcast was monitored by the U. S. Army.

Such actions, said the American source, who are in violation of the Moscow agreement on Korea. He said the Russians cause the United States-Soviet joint commission to fail by refusing to consult the large rightist segment of the population.

Enough water flows into the Caspian Sea annually to create a lake the size of Erie.

PONTIAC

A FINE CAR MADE EVEN FINER!

A Product of General Motors

GM Hydra-Matic Drive optional on all models!

Today, Pontiac announces a series of notable advancements in the car that has already won the wholehearted endorsement of more than a million owners and friends.

Foremost among these advancements is the great General Motors Hydra-Matic Drive—now offered as optional equipment on all Pontiac cars. Pontiac is the lowest-priced car in the world to provide this great mechanical

masterpiece—which shifts gears automatically, and completely eliminates the clutch pedal.

Coupled with this great engineering triumph is a striking improvement in beauty and luxury. New exterior smartness extends from the new radiator grille to the streamlined rear bumper.

Interiors, too, are remarkably improved. Upholsteries are more beautiful and are expertly blended to achieve new attractiveness and charm. Instrument panels are finished in a smart design adapted from quarter-tweaked mahogany—and an adroit use of chrome moulding adds a deft touch of modernity.

Engine and chassis have been refined wherever possible—but they remain, basically, the same engineering masterpieces which have become

synonymous in the automotive industry with goodness and dependability.

There are many more things we could tell you about the new Pontiac, for there are countless improvements which add to its traditional quality and value. But we feel that, for those who know Pontiac, we need only say—

—here is, by far, the most beautiful Pontiac ever built.

—here is the most luxurious Pontiac ever built.

—here is the most dependable Pontiac ever built—and it is now available with GM Hydra-Matic Drive—*optional as additional cost.

We wish only to add that it is here—on display in our showroom—and that you are most cordially invited to see and inspect it.

BIBLE VERSE FOR TODAY

WE ARE ON THIS EARTH
TO LIVE A LIFE AND A
SHORT ONE. WE HAVE A
SPECIFIC BUSINESS AND IT
IS LATER THAN YOU THINK.
—1 S. 218: The king's business
required haste.

Senator Pepper calls upon the
nations of the world to reduce
armaments by 50 billion dollars.
Wonder if he mentioned that to
Stalin when he was over there
a year or two ago?

Prominent Florida visitors this
winter include Gypsy Rose Lee, the
famous strip-tease artist, currently
reported to be stopping at the
Linger Longer Trailer Camp near
Tampa Springs. And down in
Palm Beach Winthrop Rockefeller,
was married Friday night to the
actress Barbara Sears, the divorced
wife of Richard Sears, Jr., third
Secretary of the American em-
bassy in Paris. Here, boy, page
the society editor, while the rest
of us stand around and watch
the price of oil take another
jump.

Even the vigorous and versa-
tile pen of Editor Henry Wallace
could not turn the anaemic left-
wing New Republic which has
just learned that one of the first
obligations of any newspaper,
magazine or other business en-
terprise is to pay its bills, into
a self-supporting proposition. Pub-
lisher Michael Straight, who in-
sists he is not a Communist, has
just fired in cold blood six trust-
ed employees simply because the
magazine was losing money. There
just doesn't seem to be much in-
terest in leftwing publications any
more even when edited by former
Vice Presidents of the United
States, and even the Communists
are sensitive about red ink when
they see too much of it.

A serious flaw in Florida's tax
structure is brought to light by
the current dispute between the
greyhound owners and the race
track operators which has closed
the tracks all over the state for
the past week. Because of this
"strike" the State is being deprived
of much needed tax revenues in the
amount of approximately
\$50,000 a night, the money from
which goes primarily to the coun-
ties, the schools, and old age as-
sistance. Other big sources of
State revenue include the horse
tracks, liquor, cigarette and gaso-
line taxes, none of which can be
regarded as a dependable source
of revenue. Under the present
system, let something happen to
our "tourist season" and the State
would be broke.

We suggested the other day
that while the United States is
considering a law against lynching,
which accounted for two deaths
in this country last year, it give
some attention to the crime of
murder. Now comes Governor
Thornton of South Carolina with
the astonishing revelation that,
while lynching has been on the
decline, rape has been increasing
in unprecedented proportions. Dur-
ing the past ten years the num-
ber of arrests for rape increased
181 percent and in the one year
of 1944 there were 1,693 arrests.
But of these 1,693 only 369 served
the full time for which they were
sentenced, with the average time
being little more than three years
before they were out again to
prey upon the public. Yet lynching
is a hideous crime but its seri-
ousness is being emphasized, for
political reasons, all out of propor-
tion to its true importance.

Speaking Of Discrimination

It is a terrible thing, say the Northern Democrats, for
the people of the South to discriminate against a racial
minority solely because of the color of their skin. But it is
no less reprehensible, in our opinion, for the people of the
North to discriminate against the Southern geographical
minority, solely for political considerations.

But such discrimination against the South has been
going on in the halls of Congress ever since the Civil War.
It has been practiced by members of the Republican Party
and by Northern Democrats alike. It is understandable
from the Republican side because they were in the bag. But
it is nothing but rank ingratitude from the Northern
Democrats because they have always had us in the bag.

This discrimination against the South turned the rich-
est section of the country into a poverty-stricken land and
kept it that way for half a century. Only by dint of
countless sacrifices, tremendous suffering, and relentless
struggle has the South in recent years succeeded in lifting
itself by its own bootstraps until it is on an economic level
with the rest of the country.

This has been accomplished in spite of discriminatory
freight rates which make it possible for a farmer in the
West to ship his products to eastern markets for less
money than the farmers of the South, only half the dis-
tance away. This has been done despite discriminatory
tariff rates which keep our citrus fruits out of Canada,
make us pay high prices for manufactured products in the
North, and restrict the sale of cotton in foreign markets.

Florida alone could produce sufficient sugar to supply
all the people of the United States, but the government
places quota restrictions on Florida, and makes us buy our
sugar in Cuba and Puerto Rico. Florida vegetable growers
are given virtually no protection whatever against vegeta-
bles grown in Cuba and Mexico and produced with cheap
peon labor.

Politically, the discrimination against the South is even
worse. Time was when most of the Presidents of the United
States came from the South and none had greater influ-
ence in the halls of Congress than men like Pinckney, Cal-
houn and Clay. But today it is absolutely impossible for
any person from the South, no matter how able or how
popular, to be nominated for President of the United States,
simply because "the South is in the bag."

Had this not been the case a great and noble South
Carolinian would be President of the United States today.
James F. Byrnes had served his state with distinction in
the United States Senate for many years. He had been one
of President Roosevelt's most trusted friends and advisers.
He had been appointed to the Supreme Court. Early in the
war he was made chief of the War Mobilization Board in a
position which became known as Assistant President. He
later became Secretary of State.

Yet in 1944, though he was acceptable to Roosevelt as
a running mate, he was rejected by the Convention because
he did not come from a "doubtful" state and so could not
pass muster with the corrupt political machines of New
York, Chicago and St. Louis.

It is no defense of racial discrimination to point out
that people who live in glass houses shouldn't throw stones
and that discrimination against minorities covers a multi-
tude of sins.

Handsome Candidates?

Television will revolutionize politics, says David Sar-
noff, president of the Radio Corporation of America. He
is likely to be right. Everyone knows how radio has in-
fluenced the selection of candidates, and affected the vote
of those who did not speak well. Television should have a
profound effect on the large numbers of persons who take
in impressions through the eye rather than the ear.

At first thought it seems as if fine-looking, manly
men would be at a premium. Unkind males will say that
the women will be sure to fail for them if television gives
an undue advantage to public men on the order of Presi-
dent Harding, a splendid shell with little underneath. It
will be disastrous. On the other hand, many have enough
faith in the American people to believe that even television
would not repel them from a candidate of the ungainly
appearance and inner worth of Abraham Lincoln.

FLORIDA AND GEORGIA
FLORIDA TIMES UNION

W. T. Anderson, editor and
publisher of a Macon, Ga., news-
paper at that time, said in an
interview incident to a conven-
tion of the Georgia Hotel Associa-
tion in Jacksonville 13 years ago
this Spring that he felt Georgia
and Florida had a great commu-
nity of interests.

The way Mr. Anderson ex-
pressed his sentiments on the
two great neighboring Southern
commonwealths is reminiscent of
a remark made by a prominent
department store owner of Or-
lando who said:

"If Georgia will just hold out
long enough, Florida is going to
be a great State some day."

Faculous though it was, the
Orlando man's statement carried
an element of truth. Florida is
considerable measure owes its
greatness to the initiative and
enterprise of former citizens of
many states who have chosen
this as the place for their adopt-
ed home, and many of those peo-
ple have come from Georgia. Of-
ficial statistics, if there be any,
are not readily available, but the
percentage of Georgians in Flori-
da runs high.

To the attention of those many
Georgians now residing in Flori-
da, we wish to call the fact that
today begins the commemoration
of the 215th anniversary of the
founding of Savannah and the

Colony of Georgia. A major ex-
hibit dramatizing these historic
events will be opened today in
the Library of Congress with an
address by Senator George
of Georgia. The exhibit will
continue until March 15. It will
be sent to Chicago for display in
schools, libraries and museums.

It is difficult to find in the
South a finer people than the
Georgians. They are brave for
each other and for the world. It is
something to be proud of and pre-
serve as a heritage which will
develop the South.

Florida and Georgia will join in spirit
with Georgia in the anniversary
celebration. We are not prepared
to do honor to the belief that
Georgia is the "Empire State of
the South," believing as we do
that one would have to go a long
way to find something that out-
does Florida. We will go along
a part of the way, however, with
that Georgia Power Company
motto that "It's Great To Be A
Georgian," because it is that
former pride in being a Georgia
Cracker which gives our adopted
citizens from the neighboring
State that inherent something
which also makes them good
Florida Crackers. We pride in be-
ing that which we are in the one
great force which produces good
citizenship.

AGAIN THOSE RIGHTS
NASHVILLE BANNER

Article X of the so-called Bill
of Rights—Tenth Amendment of
the Constitution—clearly defines
the states-rights principle:

"The powers not delegated to
the United States by the Consti-
tution, nor prohibited by it to the
states, are reserved to the states
respectively, or to the people."

Under the title "To Secure
These Rights," President Tru-
man's Civil Rights Committee re-
cently outlined a series of pro-
posals which it urged be written
into law. It did not propose to ac-
complish that by amendment of
the Constitution, nor it, but by
legislative enactment.

It wants a "Fair Employment
Practices Commission," abolition
of all poll taxes by federal law,
a federal anti-lynching law,

etc. It also wants complete
abolishment of "segregation,"
what it calls "discrimination," at
all. In fine, it advocates fed-
eral laws to accomplish by fiat
what cannot be accomplished by
law and it also advocates fed-
eral laws encroaching directly on
a domain of private and public
affairs fixed by the Constitution
beyond the legitimate reach of
federal authority.

The South—against which most
of these legislative shafts are
launched—hasn't forgotten the
states-rights principle. It doesn't
regard the Constitution as a
"horse and buggy" contrivance.
It will have its own answers
to these proposals from the left,
both on the legislative floor and
at the polls next November.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

General Dwight D. Eisenhower
in his final report as U. S. Army
Chief of Staff emphasizes that
the solidarity developing among
the peoples of North and South
America is a significant contribu-
tion to security in this hemis-
phere.

That is a gratifying appraisal
—double gratifying because it
comes from the man whose sta-
tuey figured heavily in the win-
ning of the late war. However, he
obviously isn't telling us this as
an invitation to complacency. On
the contrary, he intends it as
encouragement for a strengthen-
ing of hemispheric solidarity, be-
cause he also gives this grave
warning:

If the Mediterranean nations
should lose their independence to
totalitarianism, "war would be
close to us." And again:

"Our traditional friends in
Western Europe are in straitened
circumstances and some are
threatened with strangulation by
a militant political party whose
obvious purpose is to promote
chaos and insurrection for the
advantage of an alien ideology.
Were those countries to give up
the good fight for our common
heritage of liberty, and become
the pawns of totalitarianism, Amer-
ica's security would be in dire
danger."

In short, if the Democracies
should lose the "cold war" in
Europe to aggressive totalitarian
Communism, the Western Hemis-
phere would be next in line of
attack. That danger surely ought
to be enough to make the nations
of North and South America pull
together. From the military stand-
point "solidarity means this, to

quote Eisenhower:

"It is evident that a potential
aggressor against any nation in
either continent would hesitate to
launch an attack which he believ-
ed would provoke coordinated,
hemispheric defense."

The general also points out
that the Western Hemisphere is
linked with the British Common-
wealth and Western Europe in
common basic purpose. The bonds
among these nations "weigh
heavily as a stabilizing influence"
toward world peace. It would be
a formidable task for any power
to defeat the Democracies—if
they stand together. And Eisen-
hower calls upon them to agree
that a challenge to the existence
of one should be recognized as a
challenge to all.

So hemispheric solidarity is
vital to security. That is the clear
writing on the wall, and any
nation which disregards it is in-
viting trouble not only for itself
but for Pan-America.

Now of course there's no
thought of little countries con-
tributing much in the way of
military strength to the common
defense. That must be provided by
the major nations—primarily the
United States. One of the chief
contributions of small countries
would be to ensure that the enemy
didn't use them as a base for any
sort of operations.

This means that every nation,
big and little, already should be
battling the infiltration of Com-
munism. There's no use mincing
words, it's totalitarian Bolshevism
which we are up against. If it
gets a strong foothold in any
country in Western Hemisphere,
that country might be used as a
Red base of one kind or another
in event of hostilities.

And we shouldn't overlook that
solidarity in itself is a mighty
defense for, as Eisenhower indi-
cates, it will make any aggressor
hesitate before striking the New
World.

WHAT WE BELIEVE

JACKSON (MISS.) DAILY NEWS

If President Truman wants to
know what Mississippi means
when demanding a return of the
Democratic party to Jeffersonian
principles it is quite easy to in-
form him.

Jeffersonian Democracy is built
on a firm foundation. Prior to
the advent of the New Deal it
was reiterated, time and again,
in some party platform. To jog
human memories on the subject
here are some of the things for
which those who still believe in
true Democracy still stand.

1. Local self-government and
full recognition of state rights.
2. Government by majority and
not minority groups fortified with
plenty of money and powerful
lobbies.
3. Full recognition of individual
initiative and free enterprise.
4. The restoration of a sound
monetary system, based on the
gold standard.
5. The adoption of a systematic
plan for payment of the national
debt.
6. The balancing of the national
budget in times of peace.
7. The reduction of Federal
expenses, and the elimination of
all unnecessary Federal employ-

8. The withdrawal of the Fed-
eral Government from competi-
tion with private business.
9. The restraint of all monop-
lies, whether of government, busi-
ness or labor.
10. Elimination of Federal sub-
sidies and establishment of a
public policy condemning same.
11. The establishment of a
sound tax system that will re-
store and protect the incentive to
produce.
12. A public policy rededicated
to the protection of the right to
acquire and own private property,
and guaranteeing equality of obli-
gation in all contractual rela-
tions.
13. The guaranty to the individ-
ual of his constitutional right to
work without fear of domination
or control from any source.
14. Restoration of the dignity
of the individual and a return
to the fundamental principle that
the government is the servant
of the people.

These are the principles upon
which this nation was founded,
and they must be maintained in-
violable if our nation is to sur-
vive. — (Miss.) Daily News.

TO OUR VISITORS
TAMPA TRIBUNE

You are enjoying Florida's
natural recreational and climatic
advantages, and we are sure you
are having a good time, whether
you are seeking rest, entertain-
ment or health. Most of you are
here for a temporary sojourn and
will return to your homes in oth-
er sections with the close of the
season.

We would ask you, while here,
to take a look at Florida's more
material aspects—the induc-
ments the state offers to those
contemplating a new home, a new
location for business or invest-
ment.

No state in the Union can pre-
sent a more attractive picture to
those who would profit from
favorable conditions or opportu-
nities.

Let us remind you, first, of
Florida's exceptional exemptions
in taxation.

- Florida has:
- No State Income Tax (and can-
not have without constitutional
amendment.)
 - No General Sales Tax.
 - No General Homesteads \$5000
Value.
 - No State Realty Tax.
 - No State Married Debt.
 - No Poll Tax as a Voting Pre-
requisite.

These fortunate and attractive
safeguards will be maintained,
because, overwhelming public
sentiment will prevent the im-
position of any new taxes.

No other state can match
Florida's freedoms from tax-
ation.

Let us call your attention, also
to the state's steady gains in
population, income and industry.
A recent survey by the United
States News shows that this
state had the third greatest in-
crease in individual income in the
nation in the period 1940-47, and

the greatest in the South—184.3
per cent far exceeding the nation-
al average increase—111.7 per
cent.

In another important particu-
lar, Florida led all the states of
the South—in population gain
during the present decade. Its
population, 1946, was 2,310,803,
a gain of 327,000 since 1940, a
net gain of 16 per cent, ex-
ceeded only by 10 states. Florida is
reasonably sure to have three
million people in 1950.

Dunn's reports show that the
Florida barometer of consump-
tion expenditures, which reflects
retail trade, was the highest in
the United States last year.

These actual figures prove that
this state is steadily and subst-
stantially advancing along ma-
terial lines; and its natural re-
sources are, of course, undiminished and unimpaired.

In every particular, Florida is
the best state in the nation as a
place to live, a place to work,
a place to play.

Stay in Florida—join its perm-
anent citizenry in enjoying its
advantages, participating in its
progress.

Guard Against
Vacation Ills

By W. F. Bittling

Toschem Drug Co.

That glorious vacation you
have planned won't end with
unpleasant memories if you
take the few precautions. Like
guarding against over-exposure
to the sun, for a bad case of
sunburn can be extremely
painful; watching where you
walk so that you can avoid
deep scratches and cuts . . .
and you can raise small holes
and ruts that might cause a
sprained ankle or a torn liga-
ment.

Take care too, that water
you drink is pure, and that the
milk has been properly kept.
Pack a first aid kit in a
handy place in case of minor
injuries. A quality pharmacist
can supply you with one con-
taining fresh, sterile bandages
and potent antiseptics.

Joyce Went Weds Col. Des Georges

Mr. and Mrs. Roy Van Schaick went announced today the marriage of their daughter, Joyce Cecilia, a lieutenant in the Women's Army Corps, to Lieut. Col. Herbert Elienne Des Georges of the United States Air Force. The marriage was performed on Feb. 14 at Westover Field, Mass.

Lieut. Went lived in Sanford with her family for several months last year before leaving for Winter Park where Mr. and Mrs. Went are making their home. Lieut. Went served for some time in Germany during the recent war and is the niece of Mr. and Mrs. Leslie Went of this city.

Rollins Sorority Has Dance Feb. 14

The Kappa Kappa Gamma sorority of Rollins College were hostesses for a Valentine dance given on Saturday night in the ballroom of the Mayfair Inn. Decorations carried out a Valentine theme with large red and white hearts and white satin streamers forming a lovely setting for the dance. About 350 guests were present and enjoyed dancing to a Rollins College orchestra from 9:00 P. M. until midnight.

Miss Evans Wed To Thomas R. Young

Of interest to friends in Sanford is the announcement of the marriage of Miss Virginia Bonnaville Evans, daughter of Mrs. W. B. Evans and the late Samuel Clark Evans of Wadley, Ga. to Thomas R. Young of Savannah, Ga. son of Mrs. Bertha B. Young of this city. The candlelight service was performed in the Wadley Methodist Church on Jan. 17 by the Rev. S. A. Douthett and the Rev. L. N. Hartfield.

Masses of ferns, pink gladioli and snapdragons were used in the chancel and candles encircled the altar and outlined the windows. Pewes were marked with pink satin streamers. Prior to the service a program of nuptial music was rendered by Mrs. E. T. McElreath, organist, and by Mrs. Jack Jordan, soloist, youngest sister of the bride.

The bride given in marriage by her brother Sam C. Evans, wore a dress of white duchess satin fashioned with a net yoke and fastened with tiny, satin-covered buttons, long tight sleeves and a fitted bodice. The full skirt featured a small bustle and extended into a long train. Her veil of illusion was caught to her hair with a coronet of orange blossoms. She carried a white satin prayer book, topped with a purple, throat-throated orchid showered with Roman hyacinths.

Serving as maid of honor was Miss Virginia Foster, her only attendant, who was gownned in sky-blue taffeta. The dress was fashioned with a tight fitted bodice of an off-the-shoulder design with a small bustle and long, full skirt. She carried a bouquet of Better Times roses.

A. K. Williams served the bridegroom as best man and usher-groomsmen were Jack Jordan of Wrens and Howard P. Neal of Statesboro, brothers-in-law of the bride.

The bride's mother wore black crepe with a corsage of pink camellias and Mrs. Young, mother of the bridegroom, wore a gown of black and white taffeta complemented with a corsage of pink camellias.

Later a reception was held at the home of the bride. Following the reception Mr. and Mrs. Young left for a short wedding trip after which they plan to make their home in Savannah where the bridegroom is in business.

For traveling Mrs. Young wore a light green wool suit with a cobra gray accessories and a purple orchid.

Listed among the out-of-town guests for the wedding were Mrs. Young, of Sanford and Joel Forrester and James King of Leesburg.

Senior Class Play Given Friday Night

The senior class play of Seminole High School was presented at the high school auditorium on Friday with two performances, one at 10:00 A. M. and one at 8:00 P. M.

"Tattletale", a comedy in three acts, furnished much enjoyment for the audience in its tale of the secret diary which by mistake was published in the local newspaper. Miss Margaret Partin was very convincing in the leading part of Patty, the teen-ager, who was responsible for the publishing of her sister's diary. Miss Joanne Williams ably played the part of Ida May, Patty's girl friend and Bobby Park, portrayed the part of Ted, and received many laughs as Patty's harassed boy friend.

Others who took part in the play were the Misses Frances LeFils, Lois Holloway, Jane Chapman, Maryanna Springer, Betty Lynette Hall, Ethel Vining, Margaret von Herbolis, Nancy Pitts, Mary Lewis and Estelle Gracy. Also Billy Brinson, Watson Jennings, Charles Brown, Bobby Pullin, Fred Rosetter, Byron Beard, Leslie Harvey, Douglas Bruno, Walter Gardner and Keith Schumacher.

The play was under the direction of Miss Rebecca Stevens and Mrs. W. R. Fort and the stage committee consisted of Dottie Ann Whitely, Margaret von Herbolis, Leslie Harvey, Douglas Bruno and William Cagle. Louise Lundquist, Barbara Chapman, Betty Rose Hoolehan and Miss Rebecca Stevens served as the business committee, and prompters were Billy Brower, Myra Madden and Margaret von Herbolis. Ushers were June Rose Dutton, Hazel Routh, Lois Rader, Marie Nettles, Jackie Collins and Wilma Bland. Between the acts of the play music was furnished by Miss Lillian Moran, pianist, and a duet song by Miss Anita Aiken and Keith Schumacher.

Officers Elected At Ixora Meeting

Officers for the coming year were elected at the monthly meeting of the Ixora Circle of the Sanford Garden Club held on Friday afternoon at the home of Mrs. E. B. Smith at 110 West Nineteenth Street. The chairman, Mrs. Edward Higgins, presided over the meeting. Mrs. A. W. Epps made an impromptu talk to the group on varieties of trees.

New officers include Mrs. Clyde Terwilliger, Jr., chairman; Mrs. H. B. Odham, Jr., vice chairman; Mrs. James Crapps, secretary; and Mrs. G. D. Bishop, Jr., treasurer. Delegates elected to attend the Garden Club convention to be held in Jacksonville in April were Mrs. Smith and Mrs. Terwilliger. Alternates are Mrs. James Terwilliger and Mrs. Charles Vedopich.

Members were reminded of the annual Garden Club luncheon to be held on Feb. 19 at the Mayfair and Mrs. Higgins stated that reservations must be made by Tuesday at 8:00 P. M. She also stated that the bridge party which had been planned to be given by the club had been approved by the board and would be given sometime following the Lenten season.

Those attending the meeting were Mrs. Smith, Mrs. Terwilliger, Mrs. Bishop, Mrs. Dale Scott, Mrs. G. E. Spencer, Mrs. C. P. Henderson, Mrs. Vedopich, Mrs. James McElhannon, Mrs. Terwilliger, Mrs. Higgins and Mrs. Crapps.

"Glass Menagerie" Opens At Rollins

WINTER PARK Feb. 16 (Special)—"The Glass Menagerie," Rollins Players' Founders' Week production, opens tomorrow night in Anne Russell Theater, and will continue through Saturday, with a special matinee on the last day.

Nina Oliver Dean, associate professor of English at Rollins, and wife of Rollins Dean, publisher of The Sanford Herald, makes her Anne Russell stage debut as Amanda, the role created by the late Laurette Taylor on Broadway. Mrs. Dean has previously been associated with the Rollins College University of Virginia and Harvard Dramatic Clubs, the Brookline Amateurs, Theater Guild in New York, and Miami Civic Theater.

Director Howard Bailey has surrounded the guest cast with a top flight cast. Sidney Lanier, who appeared in the title role of "Tattletale", played director Jimmy Masters in "Joan of Lorraine". Tom, the son, Betty Pottinger has the important role of Laura, Amanda's crippled daughter. An active Theater Arts major and Rollins Junior, she had roles in "The Pidgeon," "The Admirable Crichton," and the Fred Stone Theatre presentation, "The Old Maid." Bob Cannon, who portrayed Joe Ferguson in "The Male Animal," is seen as Jim, the gentleman caller.

"The Glass Menagerie" has an impressive past. It opened on Broadway in 1945, and was acclaimed a smash hit by critics. The New York cast included Laurette Taylor, Eddie Dowling, and Julie Hayden. The play has the distinction of being the only production to win the Critic's Circle Award by unanimous vote. Tickets for the Rollins offering may be secured at the Theater boxoffice which is open each afternoon from 2 to 5, and the evenings of performances.

Miss Amy Hilliard Wed To Sgt. Cogburn

In a simple ceremony performed by Mr. J. B. Root and Feb. 15 Miss Amy Hilliard became the bride of Sgt. Deway R. Cogburn at 2:30 o'clock at the home of the bridegroom's parents, 1701 Magnolia Avenue.

For her wedding the bride chose a soft blue wool suit with black accessories. She wore a corsage of white roses. Miss Faye Mae Cogburn, sister of the bride groom, served as maid of honor. She was gownned in a powder blue dress with which she wore black accessories with a corsage of pink carnations.

R. F. Bullard, brother-in-law of the groom acted as best man. Mrs. Cogburn is a native of Webster, but for the past two years has resided in Sanford. Sgt. Cogburn was born in Sanford where he received his education. He is at present stationed at the Orlando Air Base and Sgt. and Mrs. Cogburn plan to make their home in Sanford.

Out-of-town guests for the wedding were Mrs. M. J. Hilliard of Webster, mother of the bride; Mrs. V. P. Allman and family of Tucson; Mrs. Wilfred Holland and baby of Fall River, Mass. and Mr. and Mrs. George Houser and family of Deland.

Herlong Continues Firm Policy With Umps At Meet

Arbiters Told To Be Umpires Only; Bill Summers Is Guest At Conclave

By ARTHUR BECKWITH, JR., Herald Sports Editor

President A. S. Herlong continued his firm policy with the umpires of the Florida State League last night at a meeting of the board of directors of the circuit at the Longwood Hotel, when he told the nine new FSL arbiters that they will be required to be in the town of the game by 3:00 p. m. and nothing else. A man can not do a good job on the field when he is thinking about something that may have upset him at the office during the day.

He also declared that "This business of umpiring is going to be a full time job this year. We are not going to tolerate a two job man this year. Our umpires are going to be umpires and nothing else. A man can not do a good job on the field when he is thinking about something that may have upset him at the office during the day."

Bill Summers, veteran American League umpire, introduced the eight newly appointed umpires for the 1948 season. They include Roy Douglas, Bradenton; Tom Stanton, Covington, Ga.; Andy Anderson, Daytona Beach; Travis Greer, Winter Park; Tex Cofer, Orlando; Bill Reedy, Umatilla; Elbert Butler, student at Stetson University in Deland and Frank Andreu, Sebring.

Summers also introduced Al Faehr, 42, of Cincinnati who will be the 1948 Florida State League umpire in chief.

On the business side of the meeting, the directors voted to rescind the 45 minute rule on rain-out contests and will leave the calling of the contests up to the discretion of the umpires. This action was taken after being suggested by Summers.

The circuit leaders also decided to allow each team as many options as could be acquired and only pay the amounts appearing on the contract. This amount is to be charged against the \$2,000 salary limit set for the teams. This ruling is in accord with the National Association regulations.

Any game which is stopped because of lighting failures will be played from the point of the interruption at the next regularly scheduled meeting of the two clubs, it was decided.

The directors approved the 1948 schedule, which was drawn up by Peter Schaal, league secretary. They approved adoption

McKeever's Ruckus At 'Frisco Shows Signs Of Following Him

SAN FRANCISCO, Feb. 16 (AP)—The football eligibility ruckus kicked up by Coach Ed McKeever at the University of San Francisco showed signs today of following him into professional football.

President Tony Morabito of the San Francisco 49'ers is en route to Chicago with demands for an investigation by the All America conference of the "white paper" on USP football which McKeever left behind when he became coach of the Chicago Rockets.

After coaching at USP for a year, McKeever abruptly resigned last month to take the pro team job and wrote a widely circulated letter in which he questioned eligibility of 22 USP players and said money was paid to some of the players.

Morabito left last night for a weekend meeting of officials of the All America conference, of which the 49'ers and Rockets are members.

"I'll say plenty about this at the meeting," Morabito said. He said he considered McKeever's action "My business and I don't like it."

"We're trying to build good will—not tear it down," Morabito added. "He is one of us and people can't help but ask: 'What kind of coaches do you hire?'"

Asked if he believed McKe-

ver's job with the Rockets would be endangered, Morabito said: "This certainly won't enhance it."

University of San Francisco officials meanwhile returned a heavy fire of counter charges at McKeever.

1. Told five players he brought here for the USP team to cover up the fact they had previously attended other colleges.

2. Stripped the athletic files of such papers as schedule negotiations, alumni letters on prospects and football plans.

3. Repeatedly exceeded budget for grid games.

Father Jerome Sullivan, athletic moderator, announced that only one of the 22 players named by McKeever—Phil O'Connor, formerly of Notre Dame and St. Louis University—definitely was ineligible. Only one other—Joe Mocha, said by McKeever to have attended Pittsburgh, Bethany and Maryland—remains in doubt.

He added that McKeever had "compromised" five players who failed to mention previous college attendance but that their names will be clear unless any opponent objects to their playing.

Graeco-Turk Aid

(Continued from page one) for any additional military assistance required for Greece and Turkey, which will, at an appropriate time, be sought from the Congress under Public Law 75.

Public Law 75 is the one under which Greek-Turkish aid funds were voted last year.

It was also announced that President Truman has made personal and direct appeals to other governments for "restraint in dealing with the Palestine situation."

His press secretary, Charles G. Ross, gave out this brief statement:

"In an effort to prevent the spread of disorder in the Middle East, this government has, during recent months, addressed appeals to certain interested governments stressing the importance, in the interest of Middle East security and world peace, of the exercise of restraint in dealing with the Palestine situation. Some of these appeals were made directly by the President."

Ross's statement, on which he refused to elaborate, was prompted by questions of a radio report that Mr. Truman had appealed directly to the Kings of Saudi Arabia and Iraq to use their influence to prevent a spread of violence.

Ross said he could not go "beyond that" when he handed out the brief typewritten statement. He added the President's messages "of course were confidential."

In response to a question whether Mr. Truman had received a letter from the President of Pakistan, Ross said no such letter had arrived at the White House the last time he checked.

The questioner did not elaborate.

Rent Control

Up any rent legislation for floor debate before next Monday.

Toley said there was no vote at the morning session on any of the controversial provisions of an extension bill drawn up by a banking subcommittee.

This subcommittee, headed by Senator Cain (R-Wash.), proposed to liberalize controls and extend them through April 30, 1949.

Art Valney Is Named New Coach At Harvard U

CAMBRIDGE, Mass., Feb. 16 (AP)—The herculean labor of restoring ancient Harvard to its once 'fifty intercollegiate football peak has been placed on the shoulders of 32-year-old Art Valney, who has had but three years of varsity coaching experience as an assistant at the University of Michigan.

Valney's acceptance of a three-year contract as successor to the veteran Dick Harlow, who resigned because of ill health two months ago, was announced last night by Athletic Director William J. Bingham. The salary terms were not disclosed.

"After long and careful examination of numerous candidates, I am convinced that Arthur Valney has a sound background of football and the necessary force and enthusiasm to put over this knowledge to young and eager football players," Bingham said.

The Crimson athletic director added that Valney was highly recommended by Fritz Crider, Michigan athletic director and head football coach.

Last Friday Bingham submitted the names of two others of the 50-odd who applied for the Harvard gridiron vacancy.

The nine-man committee on the regulation of athletic sports, which has final say on all coaching appointments, voted unanimously for Valney, who now becomes Harvard's second non-graduate coach since 1881. The other was Harlow, who came to the stadium from little Western Maryland in 1935.

Florida Opens Grid Drills With Other Sports In Progress

GAINESVILLE, Fla., Feb. 16 (Special)—The thudding sounds that go with football joined those of regular spring sports here last week as the University of Florida's gridiron Gators returned to the practice field for seven weeks of training.

Centerbacks Doug Belden and Dick Pace have called for basketball activity for the year and returned to the molekines until after the big spring practice game on March 26th.

Two 1945 lettermen—Quarterback Angus Williams and Guard Henry Brown—were on hand to brush away whatever rust has collected on their football abilities during their absence in the armed services. One of last year's lettermen, Tackle Wilbur Force, withdrew from the squad because of scholastic ineligibility at the end of the semester.

Coaches Ray Wolf, Ted Twomey, Buster Brannon, Paul Severin and Mush Battista are putting the gridmen through their daily drills. Coach Sam McAllister is still busy with his Gator basketballers, and Coach Dave Haller is ready to start working with the Florida baseballers Monday.

Celerymen Bow To High Flying Sand Crabs By 51 To 34 Score

DAYTONA BEACH, Feb. 16 (Special)—The Seabreeze High School Sandcrabs had an easy time of it Friday night as they walked roughshod over the visiting Sanford High Celery Feds in a 51 to 34 contest. The Crabs held a 14 to 4 lead at the end of the first quarter and kept well ahead from then until the completion of the contest.

Lanky Seabreeze Center Bill Byrom sparked the Daytonians with his brilliant under the basket short shots. He totalled eight field goals for 16 points with Kelly McBride coming in second with 10 for the Crabs.

"Squirrel" Bowen dumped in 12 points for the invaders and was trailed by Bill Thomas with 11.

Through the first half the Crabs brought the ball down the floor, Gillespie to Wrenx to Carlin, then whipped to Byrom, McBride or Carlin for field goals. The lighter and shorter Celerymen had little chance under their own basket as the Seabreeze aggregation recovered the Sanford backboard shots and came down the floor again and again.

In the "B" squad contest the Daytonians combine downed the Feds by a 29 to 18 margin.

Tomorrow night the Feds make their final home appearance of the 1948 season in a contest with the Leesburg Yellow Jackets and on Thursday the Feds enter the East Florida Conference tourney at Daytona on the Seabreeze gym floor.

15 Lettermen Form Foundation For U Of F Track Team

GAINESVILLE, Fla., Feb. 16 (Special)—Fifteen lettermen form the foundation on which Coach Perry Beard this week started building the 1948 University of Florida track team for a five-meet schedule and participation in the Florida Relays and Southeastern Conference meet.

His eligibility completed, lanky Hank Gardner, Conference champion high jumper, will not be with the squad this year. Gardner set a new Florida high jump record last year with a leap of six feet, six and one-half inches against Miami. Back again, however, is George Hills, the Jacksonville boy who won the SEC shot put a year ago.

Rotary Luncheon

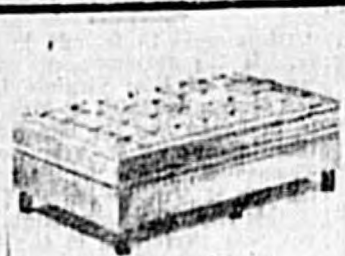

(Continued from page one) thing you've got into it. "It's like it is in any other line, I suppose, you get out of it, just what you put into it. And I am mighty proud to be a part of it."

Mr. McKechnie, who was introduced by Charles Morrison, said that there have been vast changes in baseball during the past 20 years. The men today are a little smarter and a little quieter than they used to be. They realize they have about 10 or 12 years to play baseball and that they can make good enough to retire in that time. They take good care of themselves.

They are also more willing to help the younger players, he added, explaining he did not know exactly the reason why although it might be because there are more clubs and leagues. In the old days every player figured the younger men were trying to take their jobs away from them. Now, always they do not seem to feel that this is the case.

Mr. Morrison also introduced Pete Stoneham, son of Horace Stoneham, owner of the New York Giants.

Other visitors included C. C. Mahen of Wayne, Mich.; H. Kurkowski of Tonawanda, N. Y.; Herbert Sheets of Indianapolis, Ind.; Garland Ashworth of Kimball, W. Va.; Ralph Ralston, Kalamazoo, Mich.; Charles Marian of Lakewood, N. J. and Gerald Frier-son of Deland.

Stocks, and soybeans were 8 cents higher, March \$3.33.

Stocks revived somewhat after a lengthy string of "Blue Mondays," with market leaders pushing up fractions to 2 points.

The principal flaw in the bullish picture was lack of volume. Mild professional short covering and other bidding followed a rally in commodities and resulted in good gains for rails and industrials after a hesitant opening.

While extreme advances were shaded here and there near the close, many pivots held around the day's best. Transfers ran to about 800,000 shares, smallest for a full session in a week.

As a result of the committee's inquiry, Secretary of Agriculture Anderson has made public names of speculators reported to the Agriculture Department by brokers. These included Thomas, the Senator's wife, Mrs. Edith Thomas, and a member of his secretarial staff, Miss Beth Gage.

Thomas gave reporters copies of his letter to Ferguson. In it, he said that he considers the matter of his speculations "a closed incident." He had said before that he would not agree to testify before the committee about them.

decision by Federal Judge Paul Jones in Cleveland that Congress cannot exercise its war powers to control rents when "in fact" the nation is at peace.

Jones said Congress lost its rent control powers on Dec. 31, 1946 when President Truman declared hostilities at an end. Jones declared unconstitutional the rent control section of the 1947 Housing and Rent Act. The act expires Feb. 29.

Douglas referred to a previous court finding that the war power includes the power "to remedy evils which have arisen from its (war's) rise and progress." The Justice said:

"The legislative history of the present (rent control) policy makes it clear that there has not yet been eliminated the deficit in housing which in considerable measure was caused by the heavy demobilization of veterans and by the cessation or reduction in residential construction during the period of hostilities due to the allocation of building materials to military needs."

"The war effort contributed heavily to the deficit. Congress has the power over the

WAINWRIGHT DIES
STARKE, Feb. 16 (AP)—Funeral services for W. M. Wainwright, 52, candidate for the State Railroad Commission who died at Lakeland Saturday of a heart attack, will be held here tomorrow.

The Rev. W. J. Churchill, pastor of the Methodist Church, will officiate. Burial will follow here.

Mr. Wainwright, former resident of Starke, resigned last December, as auditor of the State Road Department to make the railroad commission race.

FREIGHTER MISSING
MIAMI, Feb. 16 (AP)—Army, Navy, Coast and Guard and air craft were combing a wide area of the Caribbean Sea from Cuba to Panama today in an effort to locate the missing 110-foot freighter Sue.

The vessel, captained by William Pond, 50, of Miami, left Miami Feb. 2 for Manatee, Cuba. It departed Cuba for Colon, Panama Feb. 5 and has not been heard from since.

Mrs. Pond, wife of the captain and owner, reported the ship overdue to the coast guard air sea rescue station here who referred the message to the 10th coast guard district in San Juan, Puerto Rico.

Livestock Growers Receive \$246,029 In Last Week Sale

JACKSONVILLE, Feb. 16 (Special)—Livestock producers received a cash total of \$246,029.16 through sales on 13 markets, during the last weekly report period for which figures were available today in Jacksonville offices of Florida State Markets.

These markets reported handling 2,709 cattle and 3,282 hogs. The cash total represented sales on 12 markets, figures on the thirteenth being unavailable.

Four State-operated markets, and six independent markets reported on sales conducted during the current week, the remaining reports representing sales handled on three independent markets during the preceding weekly report period, but not previously published.

The State-operated markets reporting on sales this week included Arcadia, Jay, Bonifay and DeFuniak Springs. The fifth active State-operated market at Quincy, did not have a regular sale on account of the fat cattle show and sale conducted there, during the week.

Manager John D. Kelly of the Arcadia State Livestock Market reported the market "was steady to strong on all classes of cattle." A light sale of hogs at Bonifay was attributed by Market Manager Lamon Williams to the slump in prices.

Manager J. N. Hawkins of the Monticello Stock Yards, independent, reported: "Cattle sold about steady. Hogs sold about six cents per pound cheaper than last week, with No. 1 grade going at \$18.15 per hundredweight."

Cattle prices at the Gainesville Livestock Market, independent, were off 50 cents to \$1 per hundredweight on most grades. Manager L. H. Thompson noted. Hog sales were reported light, prices declining \$3 to \$7.75 per hundredweight.

At the Jacksonville Livestock Market reported handling a record volume of livestock during the week.

Sales on the four State-operated markets during the week were summarized as follows:

Arcadia—Livestock arrivals consisted of 50 cattle and calves, and 24 hogs, with 209 head of cattle, mostly cows, going back to pasture. Packers and butchers took the rest.

Bonifay—33 hogs, sold for a cash total of \$327.91.

Jay—97 cattle, 170 hogs, \$8,624.41.

DeFuniak Springs—23 cattle, 95 hogs, \$2,008.78.

Summary of reports of sales this week on independent markets:

Gainesville Livestock Market—500 cattle, 760 hogs, \$49,000.

Jacksonville Livestock Market—24 cattle, 70 hogs, \$37,028.

Kissimmee Livestock Market—560 cattle, 61 hogs, \$44,392.94.

Miami—G. E. Sampson and Sons Livestock Market—73 cattle, 74 hogs, \$5,361.03.

Monticello Stock Yards—183 cattle, 406 hogs, \$18,419.18.

Trenton—G. H. F. Cooperative Marketing Association—529 hogs, \$15,294.72.

Reports from three independent markets for the preceding week noted sales of 105 cattle and 463 hogs on the Columbia Livestock Market, Lake City, for a cash total of \$17,900.54; and 371 cattle and 607 hogs on the Mills Auction Market, Ocala and Williston Livestock Market, both owned and operated by E. E. Mills. These two markets, in a consolidated report, noted cash for cattle totaling \$27,582.09, and for hogs, \$17,910.66.

Selling Burst Hits Markets Near Closing

Nervousness Strikes All Grain Markets; Leaders Stalled In Light Stock Sales

NEW YORK, Feb. 17 (AP)—A burst of selling hit the Chicago wheat market midway in today's session, sending wheat 3 1/2 cents below Monday's close. All commodity markets joined in the downturn after making a stab at recovery during the forenoon.

Grand Union Chain stores in New York, however, began marking up prices on some meats, poultry and other staples, which dropped to 63 cents a pound last week, were marked at 73 cents today.

May corn contracts were up almost a cent, but other deliveries were down. Oats were down slightly. Soybeans, however, maintained an earlier advance of 8 cents, the daily limit.

Wholesale prices advanced 3 to 4 cents a pound at New York, wiping out the unusually sharp declines of last Friday. A reduction of 1.2 a pound was announced in lined oil prices.

Cotton futures were down as much as \$1.00 a bale in moderate active dealings. Scattered commission houses and New Orleans selling was influenced partly by renewed eagerness in grains. There was also a tendency to take profit following Monday's sharp advance.

Germany was reported in the market for some \$8,000 (bales of) (Continued on Page Eight)

Guard Commander Asks For Boycott Of Wallace Speech

LAKELAND, Feb. 17 (AP)—Bradford G. Williams, 59, Florida chairman of the Henry Wallace for President committee, today suddenly here today of a coronary occlusion.

TAMPA, Feb. 17 (AP)—A national guard major general called for a boycott of Henry A. Wallace when he speaks here tonight. The Third Party presidential candidate laughed off the proposal.

Major General Sumter L. Lowry, commanding general of the 51st Guard Division, asked "right-thinking people of Tampa" to stay away from Wallace's appearance.

Lowry said Wallace is "either ignorant or a hypocrite when he says he sees nothing wrong in accepting support from Communists. Mr. Wallace says he is fighting for peace. This is hypocrisy. He knows nothing about war."

At a press conference, sitting on the edge of a hotel bed, Wallace grinned "It's just like we'd (Continued on Page Eight)

TRAIN WRECK

LILLE, France, Feb. 17 (AP)—Police said about 10 persons were killed and 40 injured in a train wreck early tonight 15 miles from Lille.

A freight collided with a passenger train at Thurgie, a small town on the Lille-Douai line. One passenger car was pulverized.

The passenger train had just taken aboard a load of Thurgie factory workers. It was going to Douai, six miles away.

FLIERS HELD

WARSAW, Feb. 17 (AP)—Poles held today the five American fliers who returned U. S. Ambassador Stanton Griffiths from London. The fliers are charged with trespassing.

Authorities said the crewmen entered Poland without clearance and that all lacked visas. The crew was arrested yesterday and held four hours at Okęcie airport. They have been detained since 1 P. M. last night in a Warsaw hotel under guard.

Truman Advises Housekeepers To Fight High Prices

Women Are Said To Have The Power To Lower Living Costs

WASHINGTON, Feb. 17 (AP)—President Truman advised today that women use their power over the household purse to fight "the high cost of living."

Mr. Truman addressed a conference of women leaders at the Labor Department. It was arranged by the department to commemorate the 100th anniversary of the movement for women's rights.

"Women's organizations have at hand a ready weapon which they have not yet used to its full capacity—the power of the consumer," the President said.

"It has been said over and over again that women control the bulk of the nation's wealth; they certainly channel its day-to-day spending for food, for clothing, for education, for better living conditions that make for better living." (Continued on Page Five)

Sanford-Oviedo Celery Shipments Reach 942 Cars

Despite railroad car shortages, celery shipments from the Sanford-Oviedo section through the weekend brought total shipments to 942 cars for the season or within one car of the 1947 total as of Feb. 14.

American Fruit Growers Inc. were forced to shut down Friday at the new west side plant, due to freight car shortage, but were able to secure enough for today's operation. Chase & Co. reported enough cars for today, but were uncertain as to the future outlook. Trucks for shipping are reported to be even more scarce than railroad cars.

Perhaps the shortage of railroad cars is responsible for the (Continued on Page Eight)

Trucks Blocked In St. Louis By Snow

W. B. Moses, former Sanford resident, who arrived here yesterday from St. Louis to a produce buying trip, reported that because of snow and ice no trucks could get in and out of St. Louis on Thursday and Friday.

Mr. Moses, a discharged Army veteran, attended local schools starting at the age of 10. He is employed by Joe Cusumano, St. Louis produce jobber, who in 1942 drew front page publicity in the St. Louis Star Times for purchasing a head of lettuce for \$1,000 with the proceeds going to aid Bataan fighters in the hands of the Japanese.

SHRINE MEETING

Colored movies made and exhibited by Clarence Welch were enjoyed by Shriners at their meeting Friday evening at the Masonic Temple. Parades of Shriners in O'neville, Jacksonville, Daytona Beach and Orlando were shown, also pictures of a fishing expedition in south Florida and the Glades region. Ed Lane presided.

Driver Slain In 3 Day Old Taxi Strike

Cab Employes Protest In Support Of Demand Their Pay Be Hiked To 54 Percent

PITTSBURGH, Feb. 17 (AP)—A patrol shot from a passing cab early today killed a striking Yellow Cab Co. driver in the first fatal violence in the steel city's three-day-old taxi strike.

Other major labor developments included:

The CIO United Steelworkers pledged not to introduce a strike threat into its wage negotiations in April.

The U. S. Circuit Court of Appeals in Philadelphia ruled that, in certain cases, owners of wartime plants can collect damages from employees who struck without adhering to the 90-day "cooling-off" period prescribed in the Smith-Connally Law.

The plain Pittsburgh cabby was identified by Police Inspector Edward Mass as Louis E. Di Lenho, 28, one of 1,100 on strike there against the Yellow Cab Company.

Witnesses said the shot was fired from a passing taxi into a group of drivers standing on a downtown street corner.

The Yellow Cab employes, members of the AFL taxi drivers union, struck Sunday in support of a demand that their pay be raised from 45 per cent of their motor receipts to 54 per cent. Two other cab companies are not affected by the strike.

Philip Murray, head of the CIO and the Steelworkers Union, promised that a peaceful atmosphere will prevail during the steel industry bargaining sessions. He declined to name the amount of a wage demand set at a meeting of the union's 44-man executive board.

Albers Speaks At Townsend Meeting

Wayne B. Albers, national representative of the Townsend Club of Florida, was the main speaker at the all day meeting of the Fifth Congressional District Council held at the Woman's Club in Port Orange Sunday, Feb. 15.

Mr. Albers announced that Dr. Francis E. Townsend has been invited to meet some time in the near future with the executive Social Security Board. There were over 100 persons attending the meeting, representing clubs from Miami Park, Orlando, St. Cloud, Casselburg, Sanford and Daytona Beach.

President P. V. Draz and Charles H. Nutting, secretary, both from Daytona Beach, presided over the business session which took up most of the forenoon luncheon was served at the noon hour. It was announced that the next council meeting will be held in Sanford, the date to be announced later.

Italian Police Find Red Munitions Cache

ROME, Feb. 17 (AP)—Police have discovered a Communist munitions cache in a bomb blast factory in Milan, the government said today.

The announcement said the officers had come upon a "well-equipped workshop with electrical plants for arms repair in a bomb damaged building of the Fiat Iron Works factory."

"Search led to discovery of arms and ammunition which had been valued up," the announcement added. "On the wall of the room Carabinieri discovered a red flag with this phrase written on it: 'Italian Communist Party—Workers of the world unite.'"

Among arms reported found were 41 Italian and "foreign-made" machine-guns, 9,000 rounds of ammunition for automatic rifles, 48 handgrenades, two 75-MM shells and six German time bombs.

RED MEETING

MIAMI BEACH, Feb. 17 (AP)—Police Chief P. R. Short said today he was "satisfied" that a Communist meeting was held at a hotel here Sunday. He said an investigation by detectives had turned up little information on the session but "we're satisfied that's what it was. The next time there's a meeting like that here we want to get on it."

BUDGET SURPLUS

WASHINGTON, Feb. 17 (AP)—The government's budget surplus has risen to \$4,073,951,189 (b) for the current fiscal year. Treasury records today showed that in well over half the year, the \$1,482,610,000 surplus President Truman had predicted will be on hand June 30.

State Agencies Urge Approval Of Florida Flood Control Plan

TALLAHASSEE, Feb. 17 (AP)—Representatives of six state agencies today recommended that Governor Caldwell approve the U. S. Engineers' \$208,000,000 south and central Florida flood control plan.

They suggested his approval be given subject to legislative action on methods of raising Florida's share of the project's cost. The State will be asked to contribute \$29,152,000 towards construction and share in maintenance expenses.

There has been no decision on the division of building and upkeep costs between the state and local interests which will benefit directly.

The recommendations will be presented to Governor Caldwell when he returns from Washington today. His decision is expected this afternoon.

A. G. Matthews, head of the Florida Division of Water Supply, said that a special session of the Florida legislature will be needed to act on the flood control plan, the next regular session is in 1949.

Atomic Energy Official States Need For U. S. Atom Education

NEW YORK, Feb. 17 (AP)—Major General Harold R. Bull, chairman of the Army's Civil Defense Board, today told the U. S. Conference of Mayors that the atom bomb was so destructive that all large communities should create disaster relief agencies.

He said an atom bomb of 40,000 tons of high explosive potency would destroy a circular area a mile and one-half wide beneath its aerial explosion point.

CINCINNATI, Feb. 17 (AP)—Atomic Energy Commissioner Sumner T. Pike said today human thinking has been left in the lurch by atomic energy.

"There exists today a condition of intellectual distress in time of peace that is almost without parallel," Pike told a group of members of the National Education Association.

"The need for clear thinking and steady judgment is obvious. 'Those of you who are in educational work know probably better than any other group of comparable size that fear is no foundation for intelligent thought and understanding.'"

"Fear is never on your side, but only against you—no matter what is frightened, you or the other fellow."

"It is dangerous to a democracy for its people to feel fear, for it is a producer of panic or, even worse on a wide scale, of escape or fantasy."

"The danger to our democracy is that the atom bomb has been put into the hands of a few men who are not yet ready to use it."

When they understand it, he said, the American people will appreciate the "three great benefits of the atom age." He listed these as:

1. New ways and materials to treat disease.

2. New sources of energy to help man lift his load of drudgery and free him to develop further the mind and the spirit.

3. New methods to increase world food production so that it will not be outstripped by increases in population.

Pike said people are going to "get out from here on out" as much atomic information as the schools can provide. The reason is, he said, that they will be called upon to make vital decisions "about science as related to peaceful living" and "about war versus peace."

He urged the schools to encourage the skills of students who show scientific and engineering ability. "Which atomic energy must develop if it is to realize its possibilities."

"Our tightest bottleneck in the National Atomic Energy Development Program," he said, "is the lack of manpower to do research and development work."

L. T. (Les) Bryan Offers Candidacy For Commissioner

L. T. (Les) Bryan of Altamonte Springs, citrus grower and business man, qualified as a candidate for County Commissioner for District No. 3 here yesterday.

District No. 3 consists of Lake Mary, Longwood, Fern Park, Altamonte Springs, Forest City and Bear Lake. He is a life resident of Florida, having lived for more than 45 years in Seminole and Orange Counties.

He is now employed in an executive capacity with the Fugate Growers Cooperative, which was formerly a part of the Chester C. Fugate Company, a position he has held for more than 10 years. He owns his home and grove, also considerable acreage in Altamonte Springs. He has served for six years as town councilman, part of which he was chairman of the board and acting Mayor. He has taken an active part in civic affairs.

Mr. Bryan also stated that he is not a politician and will not make a house to house canvass soliciting votes, but will depend on the support of the people that have urged him to represent them in District No. 3 of Seminole County.

Gen. Meyers Indicted For Tax Evasion

Air Force Officer Is Accused Of Making \$36,301 In '41 And Reporting \$3,808

BALTIMORE, Feb. 17 (AP)—A Federal Grand Jury indicted retired Brig. General Ernest I. Meyers on a charge he evaded \$33,500 worth of income taxes.

Meyers was the Army Air Forces No. 2 equipment officer during the war and retired from Washington. He shipped 42-year-old Army cases to his home in Maryland in 1947 when he actually made \$40,101.

Federal prosecutors explained audits of General Meyers' income and tax payments for more recent years are not yet complete. Today's charge was filed because the time to which a 1941 indictment must be presented is about to run out.

Meyers was not present when the indictment was returned. It said he "willfully and knowingly attempted to 'defraud and evade' a 1941 income tax of \$35,844 by making a 'false and fraudulent' return on which he paid \$3,808."

Revelations that the general made personal profits in aircraft products led to several investigations last fall.

General H. H. Arnold, wartime commander of the Air Forces, told a congressional hearing, Meyers was a "rotten apple" and a "disgrace to the uniform."

Registering Will Continue 2 Weeks In County Books

The registration books for Seminole County will remain open for two more weeks and the will be returned to the office of the Supervisor of Registration, it was revealed this morning by Louise A. Pete Nash Catches Bass Limit In River

B. E. "Pete" Nash, former resident of Sanford, caught a limit of bass in the St. Johns River during the week end after obtaining a temporary non-resident fishing license. His biggest catch weighed nine pounds and others were more than seven and eight pounds. He showed them to the Sanford State Farmers' market yesterday. He is the son-in-law of Mr. and Mrs. H. D. Longwell of 1210 Magnolia Avenue, and is here from Salisbury, N. C.

Police Press Hunt For Weiner Killer

NEW YORK, Feb. 17 (AP)—Police pressed a nationwide manhunt today for an "armed and dangerous" ex-convict, tabbed by them as the ambush killer of Benjamin (Chippy) Weiner, one-time associate of the Murder, Inc. mob.

District Attorney Frank S. Hogan, warning police to "use caution" in identifying the object of the widespread search as 28-year-old Santa Bratoguo, he said Bratoguo had been quoted as saying "They'll never take me alive."

Weiner, also a former convict, was killed Jan. 19 in a hail of gunfire as he sat in his East Side apartment caring for his infant son.

8 Men Feared Lost As Midway Launch Is Swamped In Sea

Accident Occurred As Men Returning From Honor Shore Party

WHEELING, Feb. 17 (AP)—An eight-man crew of the U. S. Navy's carrier Midway was feared lost in the swamping of a Liberty launch off the River today, a French police official said.

The official from the prefecture of nearby London, said no bodies had been recovered. He said the officers of the carrier did not know whether the men drowned or merely failed to report back from shore leave.

The French press agency, which said the launch was carrying 10 men, said the launch was carrying 10 men, said the launch was carrying 10 men.

The launch was carrying 10 men, said the launch was carrying 10 men, said the launch was carrying 10 men.

2 U. S. Officers Mauled, Arrested By North Koreans

SEOUL, Feb. 17 (AP)—The U. S. Army reported today two of its liaison officers were maulled and placed under temporary arrest at Pyongyang in Soviet-occupied North Korea. They were trying to watch a parade of the newly disclosed North Korean people's army.

They are Major Daniel G. Coselle, Ingene, Iowa, and Major Richard C. Buge, Berkeley, Calif. A spokesman for U. S. occupation headquarters said the incident occurred Sunday. The same day a radio broadcast from Pyongyang announced establishment of a North Korean government with an army.

The spokesman said the American officers were taken into custody of a Korean constabulary while Russian officers looked on. The two were released unharmed—about without explanation—about 10 minutes later. Costello said a Russian pointed a pistol at him, the camera was taken. He protested to Soviet authorities.

The incident was reported to both the Army and State Departments.

Awards Are Made At Court Of Honor

Awards and merit badges were presented at the Seminole District Court of Honor held Monday night at the Episcopal Church. A first class award was presented to Robert Morris of Troop No. 5 by Robert Brown, a member of the Troop.

Robert Morris, a member of the Troop No. 5, was presented by H. C. Hetzel with second class awards.

Evans McCoy, member of the Troop No. 5, was presented by H. C. Hetzel with second class awards.

STOP FILIBUSTERS

WASHINGTON, Feb. 17 (AP)—Former Senator Robert M. La Follette, Jr., urged today that the Senate change its rules so that a majority vote could stop a filibuster. A filibuster is talk-talk to keep a bill from coming to a vote. Southern senators have resorted to it in recent years to block such things as proposed anti-lynching and anti-poll tax laws.

BUSINESS FAILURES

NEW YORK, Feb. 17 (AP)—Business failures in the week ended Feb. 12 totaled 128, high for any week since January, 1943. Dun & Bradstreet reported today. This compared with 97 in the preceding week and 62 in the like week a year ago.

Despite this upward trend, the report noted, failures remained considerably below the pre-war level, being only about half those in the similar 1939 week.

THE WEATHER

Partly cloudy this afternoon, tonight and Wednesday. Gentle to moderate variable mostly south-east to east.
