Sunday Sermon Topics

A record number of Sanford and Seminole County Church members heard their ministers deliver messages of hope and peace from the pulpits of local churches.

The Rev. Milton Wyatt, at the First Methodist Church yesterday morning, preached on "The Law of Kindness." He said, "Kindness is an expression of love, is a fruit of the spirit and is purity of motive." As he continued his sermon on kindness, Rev. Wyatt brought out, "kindness is the central supreme simplicity of the Christian religion which finds expression in terms of deeds, words and attitudes."

Dr. J. B. Root speaking in The Little Brown Church on the Hill on the subject, "Safe Foundations for the Home," called to mind the home and habits of Daniel, the Hebrew captive in pagan Babylon. "The Temple of Bel," he said "was one of the most pretentious of ancient times. The hanging gardens were of the Seven Wonders of the World. The protective walls were 500 feet high."

Dr. Root continued, "It was a city of luxury—they worshipped power. Daniel held the highest office in the gift of the king, but he longed for his own city of Jerusalem 800 miles away. By going to his chamber, kneeling in prayer, with the windows open to Jerusalem he was able to bring his beloved city within arm's length and live unspoiled amidst wicked surroundings."

Preaching yesterday on "Prayer for the Harvest" at the First Christian Church, Pastor Perry L. Stone said, "I think it nothing short of wonderful that God has so honored and dignified us as to call us into partnership with him in doing his work in the world. Significant spiritual results may be achieved by divine-human cooperation. God requires our services and the success of our efforts depends on His help. We have adopted as a major goal of His additions to the congregation by baptism or transfer at the end of three months of work. Dec. 11, 1955. It will be impossible to attain this aim in our own strength; but we are not alone in this venture. God is our strength, the source of our power to do what He wants done. So, I call on you this day to commit yourselves to pray daily for this great harvest of souls."

The Rev. J. W. Parham, pastor of the Central Baptist Church, used as his sermon topic yesterday, "Behold the Feet of the Lord Jesus Christ."

"Every feature and every character of Jesus is worthy of study by the Christian," he said, "whether his head, his form, his hands, his feet. Jesus, speaking to his disciples, asked that they behold his feet. Even so, we are invited to look in order that we may be able to get a greater view of him, the better witnesses, love more fully, and be more zealous about winning the lost."

The Rev. Parham pointed out that as Jesus walked the roads and climbed the hills to go to Jerusalem, he made spiritual footprints that all time cannot erase. Some of the Beatitudes found in the study of the feet of Jesus are suggestive of his suffering, his healing power, the comfort and help he gives, the power to blot out sin, of one worthy of worship and of victory, he concluded.

SENATOR GEORGE SMATHERS will speak in Sanford Thursday at a joint meeting of civic clubs at the Holy Cross Episcopal Parish House.

Assistance Is Needed From County Citizens

What is it going to be Mr. and Mrs. Citizen of Seminole County?

Will you enjoy prosperity with a modern highway serving the majority of the Seminole County citizens along the present route of 17-92 or will the City of Sanford and the millions of dollars invested in businesses along 17-92 merely "write itself off" with a by-pass along a route that will serve no one but selfish interests?

Just face the facts, pure unadulterated facts and figures and the majority will agree. Who and what is the POTENTIAL FORCE attempting to keep 17-92 dormant? Just this—an interest, a person, a thing—that does not have the courage to come out frankly, honestly, and present his case to the people. If a by-pass were feasible, hundreds, upon hundreds, yes, even thousands, would be flocking toward that end to accomplish such a project.

A friendly, helpful, and level-headed State Road Board now stands ready with \$800,000 to build a necessary highway for the betterment of the State's road system. A helpful, friendly, and understanding Road Board Member from our section of Florida knows what the problem is today and is willing to help.

NOW IS THE TIME to add every single effort necessary to make this four-laning, widening and paving project a complete success.

There is no telling what next year will bring. It may be even to the point where the Road Board was several months ago when the following excerpt from a letter was written:

"According to data available in this office, the location for the Interstate System in Florida which, in this area, is designated as U. S. 92 lies several miles west of Sanford. The northern terminus for this particular section would be near the bridge crossing the St. Johns River and the southern terminus west of Longwood. Under the policies of the American Association of State Highway Officials Route Numbering Committee, several copies of which are attached, this routing would carry both the U. S. 17 and U. S. 92 designation. This precludes the possibility of French Ave. being permanently designated as 17-92 unless the proposed location described above was abandoned and this possibility appears to be extremely remote. However, it would be possible for the Road Department to submit a request that French Ave. be designated as a temporary routing of U. S. 17 and U. S. 92 after it is improved as a truck by-pass with the understanding that it would be removed when the proposed new location of the Interstate System was built."

Mind you, Mr. and Mrs. Seminole County Citizen, the above excerpt is from an official letter from one State Road Department Official to another.

It can happen if action is not taken NOW while Sanford and Seminole County citizens have a friend in the State Road Department.

The time for action is today. Complacency has no place if we are looking toward the future for our area.

Tomorrow morning at 7:30, the Citizens Committee and members of the Seminole County Chamber of Commerce Long Range Highway Planning Committee, are meeting at the Glass Tower on 17-92 for a complete day of ACTION. Get out and help! Do your part!

Weather Advisory Issued On Hilda

MIAMI (AP)—The Weather Bureau issued this advisory No. 1 on hurricane Hilda:

Air Force reconnaissance this morning indicates that the disturbed condition north of the Leeward Islands which has been under observation for the past 24 hours has now just developed hurricane intensity.

The hurricane was located at 11 a.m. (EST) at latitude 20.0 north, longitude 80.1 west, or 165 miles southeast of Turks Island. It is moving in a west-northwest direction at 13 m.p.h.

Hurricane winds are occurring in squalls around the center, particularly north of the center with gale winds extending outward 125 miles in the northeastern semicircle and 70 miles in the southwestern semicircle. The central pressure is calculated at 29.52 inches.

ACADEMY AWARDS
HOLLYWOOD (AP)—The 1956 Academy Awards will be presented next March 21, Academy President George Seaton announced.

Miss McCormick Dies Here Friday

Miss Mary Jane McCormick, 83, died Friday at her home on West 20th St. She had been in ill health for some time.

Born in McCorkle, W. Va., Aug. 9, 1872, she had lived in Sanford for the past three years and was a member of the Church of Christ.

Among her survivors are two brothers, Grant McCormick, St. Albans, W. Va.; J. H. McCormick, Sanford; two sisters, Mrs. Geneva Lacey, Mrs. May McComas, Sanford, and several nieces and nephews.

Funeral services were held Sunday at the Paola Church of Christ with burial taking place in the Sylvan Lake Cemetery. George Haskins officiated.

Meeting Is Tonite

A meeting of the Police Benevolent Association of the Sanford Police Department, will be held tonight at the Pig N' Whistle. Time for the meeting is set for 8:30 p. m.

It is probable that a discussion of the forthcoming fourth annual Policemen's Ball will be the only matter of business to come before the group this evening.

City Commission To Consider Plans Of Raising Revenue

Children Injured In Auto Collision; Damage Runs High

An accident, at midday yesterday, injured two children and claimed a property damage of over \$700.

At exactly 12:30, according to witnesses at the scene, a 1930 Oldsmobile sedan and a 1942 GMC truck crashed at the intersection of Park Ave. and 25th St., directly underneath the traffic signal light.

Carol Douglas, 12-year-old seventh grade pupil, was thrown from the truck and Curtis Ray Douglas received a cut forehead when he apparently was thrown into the windshield. Carol received multiple cuts and bruises over her body.

The truck was driven by Mrs. Grace David Edwards, a Seminole County School Bus driver who lives at the high school farm. She was accompanied by her son, George Edwards and her sister, Mrs. Lillian Copeland, and her sister's two children.

The Oldsmobile sedan was driven by W. D. Sharp of Higley, Missouri who had only recently arrived at the Orlando Air Force Base for duty. The 19-year-old air force man traveling north on 17-92 said that the light changed just as he reached the intersection, and at 30-miles-an-hour, could not stop before he smashed into the side of the truck. He skidded 62 feet before coming to a stop on the west side of the intersection. The car was a total loss.

Mrs. Edwards said that she was traveling west on 23th St. when the light changed about 15 feet before she reached the intersection. She said that she could not see a car coming in either direction as she continued on through the green light direction. The truck came to a standstill behind a power pole on the west side of the intersection of the two streets.

Sanford Police Department Patrolman Ben Butler and Arnold Williams investigated the collision.

Drivers Licenses Report Is Issued

A total of 13 Seminole County drivers licenses were revoked or suspended during the month of July.

The latest report by the State Department of Public Safety's driver license division showed the following actions for the month of July:

On a statewide basis, 883 driver's licenses were revoked, 271 suspended and 23 were cancelled. During the time, the Parole Commission returned 81 licenses with restrictions.

Seminole County action was as follows: Sanford — John Carey, Johnnie Lee Collins, Oscar Lee Kirksey, Claude Cleveland Locke, Lewis Charles Mackey, Lewis Benjamin Mays, Stanley Pochard, Leroy Small, Horace Wood, revoked; Bob Elks, Johnnie Claud Ivey, suspended; Lake Monroe-Albert Everett Hawkins, revoked; Longwood — Joel Fabian Nelson, revoked.

Four Items Are Slated For Agenda

Collection Fee Thought Solution

Ways and means of raising enough revenue to carry the City of Sanford through the 1955-56 fiscal year will undoubtedly be discussed this evening at the regular meeting of the Board of City Commissioners.

A discussion of the 1955-56 budget is one of the four items appearing on the agenda for tonight's meeting.

At Friday night's informal discussion of the budget, the five-man board agreed that the most feasible manner to raise the necessary funds to balance the proposed budget would be through a "garbage collection fee".

City Manager Warren E. Knowles was instructed by the commissioners Friday night to prepare a schedule of garbage collection fees necessary to raise \$50,000 needed by the city to provide funds to balance the budget and at the same time pay for capital improvements necessary within the coming fiscal year.

It is expected that the garbage collection fee will be adopted instead of the addition of two mills tax. The proposed two mills would raise and provide for necessary revenue only to the neighborhood of \$30,000.

In addition to the discussion of the 1955-56 budget, the commissioners will be confronted with appointments to the Board of Adjustment and the Zoning and Planning Commission, two important citizen-functions of the city.

Another item that will probably be heard debate from some corners will be the discussion of eliminating the loading zones and restricted parking stalls. With diminishing parking space in the downtown shopping area, the Board of City Commissioners is now finding it necessary to relieve the congestion throughout the entire business district of Sanford.

Safe Is Discovered By Lyman School

A safe apparently taken from the Frostie Bottling Company of Maitland, was found yesterday behind the Lyman School on a culvert road from State Road 434.

Two boys found the safe, Deputy Sheriff O. G. Owens said this morning, and reported it immediately. A number of checks were in the safe and scattered about it, most of them dated Sept. 10.

The safe was returned to Orange County authorities for further investigation.

Guavas For Taking

R. W. Lord, South Sanford Ave. said today that if false, planning to make guava jelly wanted some of the fruit they could help themselves from the bushes alongside of his house.

There was no charge for the fruit, Lord said, just help yourselves as long as they are available.

Knife, Glass Battle Is Fought In Tavern

Parish House Set As Meeting Place To Hear Smathers

The Seminole County Junior Chamber of Commerce announced today that the joint meeting of Sanford civic clubs to hear Senator George Smathers, will be held at Holy Cross Episcopal Church Parish House.

Committee Chairman Tommy Stringer, in charge of the planning for the event, said that the luncheon meeting will begin sharply at 11 o'clock with members of the Jaycees, Rotary Club, Kiwanis Club and Lions Club assembled to hear the report on accomplishments of the 53rd congress.

Stringer said that a limited number of reservations can be accepted today by calling 1372. However, he said, we cannot take care of more than 200 at the Parish House.

The reason for the change in location for the luncheon meeting, Stringer revealed today, was the fact that the number of reservations were smaller than anticipated.

Plans are not yet complete, the committee chairman said today, for the reception to be given Senator Smathers as he arrives in Sanford.

Dr. L. Meriwether Dies Unexpectedly

Dr. L. Meriwether died suddenly yesterday in New Orleans, La., where he had served on the staff of the Oschner Clinic.

Born April 10, 1901, in Lynchburg, Va., he is survived by three brothers, C. J. and F. T. Meriwether of Sanford, H. O. Meriwether of Lynchburg, and several nieces and nephews.

Funeral services will be conducted Wednesday at 11:15 a. m. at Brisson Funeral Home with Father R. L. Zimmerman of Holy Cross Episcopal Church officiating.

Funeral services are W. A. Adams, Valle Williams Sr., Jodie Cameron, Brown Miller, George Stine, Tom Baker, Howard Monteth, B. E. Campbell, R. B. Monroe, and W. B. Brunley.

Traffic Crackdown Appears Underway

A crackdown on highway traffic violations seems to be underway, according to arrest reports at the Seminole County Sheriff's Office this morning.

The arrests involved reckless driving, while intoxicated, excessive speed, and improper passing, in a summary of the cases taken from individual arrest reports. Florida Highway Patrol Trooper Mark Mack, Patrolman Carl Williams, Constable J. Q. Galloway, and Deputy Sheriff Robert Carter, made the arrests over the weekend.

Most of the arrests were made in the 6 to ten miles south of the Sanford vicinity.

STRICTLY CONVERSATION between Representative Valle A. Williams Jr. and Senator Douglas Smathers at the Democratic Rally held at the Yacht Club last week.

Parking Meter Violations Rule In City Court

Parking meter violations predominated Friday's session of the Sanford City Court.

Twenty-seven violators who had received 34 violation tickets either paid the \$2 per violation fine or entered bonds that had been posted, earlier.

Twenty-seven received notice of their fine for violation, one person paid fines for 11 violations, one person paid fines for nine violations, another for six violations, two persons for four violations each and one for three violations.

Late yesterday, the Sanford Police Department arrested one parking meter violator who had received 10 meter violation tickets but had paid none of them. This case will come before City Judge John Leonardly this afternoon. Another violator arrested yesterday will either pay fines for four parking meter violations or answer charges before the City Judge.

A total of \$173 was collected Friday afternoon from fines paid by motorists who had received notices before the judge of their violation.

Police Chief Ray Williams said Saturday that the crackdown on parking meter violators would continue. He urged all citizens who received the yellow violation notices to drop their quarter in the machine and then use the convenient courtesy boxes at frequent intervals along the metered areas, and the envelopes by mail, which requires no stamps, or return them immediately to the Police Department.

In taking care of the violation cases immediately, the Chief said, would emphasize on the part of the violator and the necessity of sending notices to every motorist when the violation charge is ignored.

Cash Is Missing From Country Club Robbed Friday Nite

The Mayfair Inn Seminole Country Club's club house was broken into Friday night according to Deputy Sheriff O. G. Owens.

Owens said that the building was entered through a rear door where the glass was broken and the loot released.

Missing from the building was \$145 in cash, Deputy Sheriff Owens said, that no liquor, golf balls, clubs, and other paraphernalia was taken or even bothered.

"We found a leather glove for the right hand at the scene," Owens said.

In order to get the cash that was taken a file-safe was pried open with what looked like a tire tool. The drawer was a complete loss from the damage. Taken from the safe were one roll of quarters, two rolls of nickels, two rolls of pennies, one package of fifty \$1 bills, one \$20 bill and the balance in either \$5 or \$10 bills.

No fingerprints were found at the scene when Sergeant R. W. Trench of the Sanford Police Department and Constable J. Q. "Slim" Galloway were called to the scene of the breaking and entering.

The juke box in the building was pried open and an unestimated number of nickels and small change taken.

CofC Directors Meet Tomorrow

The regular monthly meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held tomorrow evening at 8 p. m. in the commissioner's room of the City Hall.

The agenda announced today by Forrest Breckenridge, manager, will include a Highway Report, the announcement of committees for the coming year by president-elect George Touhy, and an explanation of the Shopping and Red Check Law by Senator Douglas Stinson.

TOTAL LOSS was the estimated damage to this 1942 Olds sedan involved in a collision at 25th St. and Park Ave. yesterday. (Staff Photo)

Commissioners Tonight Faced With Great Revenue Decision

Five men will be faced with a big decision tonight as the Sanford Board of City Commissioners meet the problem of bringing revenue up to the equal with the city's expenditures.

For a number of years, as the proposed budget is placed before the businessmen who guide the destiny of our community, expenditure has been trimmed, whittled, chopped and lopped off to prevent the addition of a mill or two in additional tax assessment.

That chain of events has depleted every penny of what might be called "reserve" which every city government should have stored away in case of some catastrophe or some sudden shift in the sometimes shaky economic condition.

There comes a time when the elected officials of your city must stand pat, put two and two together, and come up with the answer that additional funds are needed for the operation of the city.

The City of Sanford listens attentively to requests for the addition of street lights, repairs to streets, new streets, more policemen, additional fire fighting facilities, expansion beyond its present boundaries, new sewers, new water mains, and thousands of other necessary requirements to keep the citizens of the community happy, contented, protected and corded.

But, when the request on the part of the commissioners is made for new funds to take care of the thousands upon thousands of requests, they're left high and dry to take care of the mounting problems the best they can.

The City of Sanford has been confronted with the continuing loss of cigarette tax revenue and it is estimated that in the coming year alone the city will lose nearly \$17,000 from this source alone. The climbing costs of labor and services, the cost of materials on the upgo, the keeping of employees salaries on a comparable level with outside-of-government salaries, are just a few of

the problems before the Board of Commissioners daily.

Today, the citizens of Sanford are asking for better streets, better lights, greater protection, recreation directors, a Sanford Civic Center, and numerous other capital improvements. But the citizens making the request never suggest a source of revenue.

Whether it's the garbage collection fee or the added two mills, it is a necessary requisite because of mounting costs in the maintenance of a good city.

It is imperative that the revenue of the city be increased because of mounting costs in the maintenance of a good city. As the cost of government rises, the source of income must increase.

Keep in Fight Lane!

We're not complaining, because we know that traffic must be engineered and controlled to suit the growing demands of our major roads and streets.

But, we would like to extend a friendly warning to Sanford and Seminole County citizens who visit Orlando, to be sure to stay in the right lane at Killarney Corner, Winter Park. Should the unsuspecting motorist veer into the left lane at this popular and heavily traveled intersection, even though the light is green, he will be fined three dollars at the Winter Park Police Station.

Certainly the officials in Winter Park do not want to create a hardship for motorists. It is just plain facts that the traffic engineering demands such traffic regulations at this point which should settle the matter once and for all.

That leads us to the point that we necessarily point out the need for uniform regulations on a nationwide basis. Not with Federal regulations... that would be the last word because we're too involved in Federal regulations now. We need a great influx toward grass roots regulations. But, it would be to the advantage of cities to cooperate with one another in adopting plans that are uniform with sister cities so that one might understand motoring regulations wherever he might go.

Millions of dollars annually, are poured into coffers of police stations because of unique relations in solving of traffic problems that are not understood by visitors from afar off.

One Sanford citizen traveling to Orlando on business, was fined the necessary three bucks at Winter Park because of his unfamiliarity with the sister city regulations. Possibly many more have suffered the same penalty. So, this is warning enough that should you want to avoid paying the trio of dollar bills, stay in the right lane at Killarney Corner.

Remember — It pays to drive "right".

HAL BOYLE

Frontiersmen Come Into Industry

NEW YORK — American industry today has more frontiersmen than the old Far West ever knew.

These Davy Crocketts of the business world are pioneers with a new idea or a new product to sell. Nate Halpern, who dresses and looks more like Clark Gable than the rifle-totin' Davy, at 40 is the founder and chief promoter of a new multimillion-dollar offspring of the video industry called big-screen closed-circuit television.

"It's a terribly long name for a basically simple thing," he admitted.

Halpern, president of Theatre Network Television, Inc., isn't interested in the nonpaying home-viewing TV spectator. He sells up networks over phone lines which enable him to:

1. Television paying theater audiences big sports and special entertainment events too costly for any advertiser to sponsor. Example: The Marjorie Moore fight, which Halpern predicts will draw the first million-dollar TV box office gate in history.

2. Replace expensive business conventions, which cost some firms up to a million dollars a year. It is as a new tool for business communication that Halpern expects closed circuit television to make its greatest success.

"It is estimated that businessmen spend 45 million dollars a year on transportation alone going to conventions, and an additional 210 million for room rentals, meals and entertainment," he observed.

Halpern doesn't expect to destroy the tradition of conventions—"people always need to meet each other face to face"—but in many cases he feels closed circuit TV can do the job better and cheaper, particularly for giant corporations.

"A convention may take up the time of top executives for days or even weeks," he said. "Over a TV closed circuit, management can get over its messages to all its employees or stockholders in a few hours."

Last June over a TNT network which he set up, Sun Oil Co. executives introduced and demonstrated a new kind of gasoline in a one-hour program to 14,000 dealers gathered in 27 hotel ballrooms, two theaters and one auditorium in 30 cities.

Other closed circuit networks organized by Halpern have enabled him to:

Televise 16 championship fights. Give a citywide examination to teachers for the New York City Board of Education.

Brief doctors in 40 cities simultaneously in the use of a new drug firm product.

Televise three performances of the Metropolitan Opera.

Help a large corporation hold its largest shareholders' meeting. Demonstrate to salesmen and scattered factory workers a new electronic brain built by the International Business Machines Corp.

Halpern, who himself is almost as tall as a TV antenna, once bounced basketballs for the University of Southern California.

He went on to Harvard law

school, became a Navy ensign, served as a psychological warfare specialist on Gen. Eisenhower's SHAZAF staff in Paris.

In 1948 he quit a top job as assistant to Bill Paley, head man at CBS, to gamble on the unexplored field of closed-circuit television.

Veterans Corner

Here are authoritative answers from the Veterans Administration to five questions of interest to former servicemen and their families:

Q. If I take a correspondence course under the Korean GI Bill, at what rate will I use up my GI training entitlement?

A. One-fourth of the length of the course will be charged against your entitlement. If the course runs for two years, for example, you will have used six months of entitlement.

Q. I have just been discharged from military service. What is my time limit for applying for Korean GI insurance?

A. You must apply, and pay your first premium, within 120 days after the date of your discharge.

Q. I am a disabled veteran in school under Public Law 18. Would I be entitled to VA dental treatment if I need it to prevent interruption of my training?

A. Yes, you would be entitled to dental treatment to avoid interrupting your training.

Q. I am a World War II veter-

JAMES MARLOW

An Empire Started Dying In 1935

WASHINGTON — An empire began to die, just a little bit, around 4 a.m., 30 years ago Saturday. It was Sen. Huey Long's political empire in Louisiana.

It began to die, I think, in Our Lady of the Lake Hospital in Baton Rouge a moment after Long himself died there from a bullet wound, and before he was cold. It was in the hospital at the time.

On Sunday night, Sept. 8, 1935, he walked down a hallway of the Louisiana State Capitol accompanied as always by his bodyguards, who later said this is what happened then:

Dr. Carl Austin Weiss, a physician, walked up to Long and shot him. The bodyguards riddled Weiss to death on the spot. Long was taken in the nearby hospital and died there at 4:10 a.m., Tuesday, Sept. 10.

Long's was the most complete political machine in America in our time. He controlled it, from the State Legislature and the state police on down to the sheriffs. It was terrible power for one

man to have. And Long's bodyguards, who were on the state payroll, were the symbol of it.

They had a long record of beating up reporters and photographers who worked for newspapers Long didn't like. Their assaults varied from fracturing a skull with a blackjack to smashing a face with a fist.

The ones they hated most were reporters on the New Orleans Times-Picayune, which had fought Long for years. It was a perilous expedition for one of them to approach Long to ask a question or take a picture.

The newspaper finally ordered them not to try. George Healy, then city editor and now editor of the T-P, recalled this week over long-distance telephone: "For a while the beatings averaged two or three a month."

I worked on the T-P then and early on the morning of Sept. 10, when we heard Long was slipping, I was sent to the hospital to keep a death watch. Arrangements were made with the hospital to let me in.

I couldn't have gone in, otherwise. Bodyguards stood shoulder to shoulder on the hospital steps. Thirty or 40 of them sat in the chairs in the hospital lobby, and two more endlessly went around trying the doors in the basement and examining the hallways.

They seemed afraid, even with Long dying, that one of his many enemies might break in or sneak in to finish off the senator on his deathbed.

Another reporter and I were allowed a telephone in a small office next to the lobby. Long was upstairs in a room on the second floor. We couldn't go up the stairs watched us steadily.

I ran for the stairs. The whole lobbyful of guards ran for the stairs. I was squeezed in tight, trying to go up. I couldn't move. I thought: "This is where I get it." A strange thing happened.

The bodyguards who as long before might have thrown me down the stairs fell back and let me through. No one said anything to me. We all went up the stairs together, walking, no running, with me in front.

Later, I thought: Long had been their link with the fantastic political machine which was their protection and their bread and butter. And now he was dead and the link was broken.

In the rush to the stairs they acted for the first time without Long around to guide and save them in whatever they did and without him, suddenly they felt alone, each of them individually, and uncertain.

Their power had been diminished and it was diminished more as time went on.

YOU'RE TELLING ME!

By MOTT KING
Central Press Writer

SECRETARY HUMPHREY says government departments are holding "old fashioned revival meetings" to effect an economy drive. That's the trouble with economy, it always has to be revived.

The mid-year government budget revealed an upward trend in spending. A billion here, a billion there.

Both Republicans and Democrats are talking about a tax cut. So you know next year is an election year.

If there is a tax cut, both parties will claim the credit. If there isn't, the taxpayer will need it.

You've heard about living within your means. Well, the real trick is living without it.

Get rid of all the services you get from tax money. Highways, Congress, the courts, maybe even preservation.

Harry Truman cites the Republican's 1932 campaign promise of a balanced budget. Well, after being out for 30 years you can't blame them for trying to get used to balanced meals first.

Try and Stop Me

By BENNETT CERR

LOTS OF PECULIAR CHARACTERS in Peter De Vries' novel, "The Tunnel of Love." One thinks a screwdriver is a good who spends all his dough on fortune tellers. Another assured talks, "When I wake up and find I have the flu, I know I'm sick." A third keeps asking his analyst, "Have I told you about my aberration?" My favorite, however, is the one who calls his place Moot Point (because there's a legal difficulty about the boundaries and right of way) and who, when asked if he ever heard of a dance called the cardas, asks dubiously, "That's by Heagy. Carmichael, isn't it?"

Eddie Condon, a musician who is rated high in legend circles, had a low opinion of "big" and "progressive jazz." When a waiter dropped a loaded tray with a horrendous crash, Eddie cautioned, "Hey, boy, none of that progressive stuff in this joint!"

Ed Richardson, Texas oilman, reminds us, "You ain't learned nothing when you're talking."

How Big? How Fast?

TODAY'S BIRTH VERSE
For his sake I have suffered the loss of all things.—Phil. 3:8.—Paul lost material things but gained immortal joy while still on earth.

Astronomers Take Look Way Back

DELAWARE, Ohio, (AP)—Astronomers here, peering back billions of years, now say more stars produce heavy elements once thought to be heavy only at the birth of the universe.

Until recently, one theory held that all matter in the universe was combined into an enormous ball at the time of creation. The ball was thought to have expanded rapidly from internal pressure, filling the universe with its material.

But now Dr. Geoffrey Keller, director of the Ohio Wesleyan University observatory, says many elements common today may not have existed five billion years ago when scientists believe the universe was born.

Dr. Keller mentions heavy elements such as lead, iron and barium. He says the theory now is that only the lighter elements were formed five billion years ago; the

heavier ones developed later and still are being developed.

Dr. Keller credits a colleague, Dr. Philip C. Keenan, in making considerable progress in determining the origin of certain elements.

The old theory held that nuclei of heavier elements were supposed to have been created when neutrons were added to lighter nuclei. Dr. Keller says this theory was shaken when it was found that certain light nuclei will not take in new neutrons.

He says some experts discovered that technetium, whose nuclei destroy themselves within a million years by radioactive decay, was present in certain stars. It was determined, then, that technetium must be manufactured constantly or it would long since have vanished.

Astronomers also noted extraordinary abundance of other elements, carbon and silicon in particular, in some stars. They reasoned that if a star could produce technetium it also could manufacture its excess of other elements.

Dr. Keller states that experts discovered that elements, such as rubidium, found in exceptional quantities, have neutrons so stable that they take on no more neutrons. He terms it a "satisfactory internal arrangement."

Consequently, the supply of these elements tends to stabilize proportionately. He says research shows that stars manufacturing heavy elements are old stars operating

at a temperature of 100 million degrees.

In order to distribute its manufactured elements through space, the stars would have to explode with tremendous violence, Dr. Keller says.

Someone In Hurry Buys' Auto Part

TULSA, Okla. (AP)—Laron Stanbery, service manager for a local automobile agency, said mechanics working with a new car couldn't start the engine. After several attempts, including putting gasoline in the tank, they looked under the hood.

There they found wrapped around a wire leading into the distributor were two one dollar bills. Further examination showed the distributor rotor was gone, apparently "bought" by someone in a hurry.

"Whoever it was," chuckled Stanbery, "is due some change."

The number of U.S. men between the ages 20-28 has fallen from a record 74 million in 1945 to six million.

CIVIL SERVICE BOARD CITY OF SANFORD

Due to the resignation of the Superintendent of the Water Department, applications for appointment to this position will be accepted at the office of the Civil Service Board in the City Hall, not later than Sept. 24, '55.

QUALIFICATIONS desired are: Good Character, experience in the principles and practices of engineering as applied to the development, construction and maintenance of a water and sewer system.

Knowledge of the principles and practices of public administration. Ability to plan and direct, and to establish good public and employee relationship.

Oviedo Teachers Are Honored Guests At Covered Dish Supper Friday Night

The teachers of the Oviedo High School were guests of honor Friday evening when the Oviedo P-T-A entertained with a covered dish supper; the 11th and 12th grade mothers being chairmen of the occasion.

Mrs. J. L. Malcolm and Mrs. C. E. Willis, co-room mothers for the 12th grade, were assisted in serving by Mrs. J. I. Malcolm.

Mrs. Roger C. Miller, 11th grade room mother, was assisted by Mrs. John Duda, Mrs. Ferdinand Duda, Mrs. Joe Mikler Jr. and Mrs. Esther Beitel.

Teachers were met at the door by Mrs. James A. Partin, substituting for Mrs. R. W. Ester as hospitality chairman and Mrs. James Pearson, P-T-A president. Each was presented with a hibiscus corsage.

Mrs. Walter Teague, program chairman of the Oviedo P-T-A introduced the entertainers for the evening. Mrs. J. L. Lee and young daughter, Allison. Little Miss Lee rendered several piano selections and Mrs. Lee gave a delightful and entertaining recitation.

About 110 were present for the occasion.

Room mothers for the coming year are Mrs. Leon Olliff, first grade; Mrs. B. F. Wheeler Jr., second; Mrs. W. A. Ward Jr., third; Mrs. J. B. Jones Jr., fifth; Mrs. Leslie Foster, sixth; Mrs. Milton Gore, seventh; Mrs. Ben G. Wainright, eighth; Mrs. J. E. Brookshire, ninth; Mrs. Roy Weisenbarger, tenth; Mrs. Roger C. Miller, 11th; and Mrs. C. E. Willis and Mrs. J. L. Malcolm, 12th. Mrs. J. B. Jones Jr. is the room mothers' captain.

A GIFT FOR ALL.—The teachers of the Oviedo school were honored with a covered dish supper Friday night. P. S. Gabriel, principal, introduced each with a gift from the P-T-A. Teachers are not shown in order. Miss Ernestine French, first grade; Mrs. Dorothy Rice, second; Mrs. Katherine Teague, third; Mrs. Galer Hart, fourth; Mrs.

Virginia Holslaw, fifth; Mrs. Florence Windom, sixth; Mrs. Virginia Staker, seventh; Miss Lois Rudell, eighth; Professor Floyd Phillips, ninth; Mrs. M. B. Smith, tenth; Mrs. Frances Fisher, eleventh; and Professor Paul Mikler, twelfth. (Photo by Jameson Studio)

Personals

Friends of Jim Robson will be glad to learn that he is recuperating at his home on 610 E. 14th St.

Mr. and Mrs. R. F. Robison and Ronnie left Saturday for Charleston, S. C. where Ronnie will enter his freshman year at The Citadel.

Sanford Demo Club Listens To Reports Given By Delegates

The Sanford Home Demonstration Club met Friday afternoon in the County Home Demonstration center at 2:30 o'clock.

Mrs. J. N. Arzavolo, president, presided. Following routine business, Mrs. E. F. Turner and Mrs. John L. Clark who attended the state home demonstration short course in Gainesville this summer, gave their reports.

Lake Monroe Club Has Work Project; Hears Mrs. Marrs

The Lake Monroe Home Demonstration Club met Friday evening for its first session of the fall season at the home of Mrs. Arthur Harris on W. 21st St.

As a work project, Miss Myrtle Wilson gave instructions for covering clothes hangers with colored yarn. While the work was in progress Mrs. Clover Marrs gave an interesting account of her lecture course at the state meeting this past summer.

Assembly To Meet

Sanford Assembly No. 25 Order of Rainbow for Girls will have its first meeting at 7:30 p. m. Monday at Masonic Temple. The Assembly has been closed for summer vacation. Mrs. Katherine Reynolds, mother advisor, urges all officers and members to be present as there will be an election of officers and plans made for the coming term.

Roche, Chairman, with Mrs. W. P. Brooks, 417 at 2nd St. at 8 p. m.; No. 3, Mrs. Claude Howard, Chairman, with Mrs. C. L. Residing, 846 Valencia Dr. at 3 p. m.; No. 4, Mrs. D. C. Howard, Chairman, with Mrs. Oliver Clouse, Celery Ave. at 3 p. m.; No. 5, Mrs. George A. Stone, Chairman with Mrs. M. L. Cullum, 209 S. Elliott Ave. at 9:45 a. m.; No. 6, Mrs. Arthur C. Moore, Chairman, with Mrs. C. R. Dawson, 607 Oak Ave. at 3 p. m.; No. 7, Mrs. W. D. Strupion, Chairman, with Mrs. P. T. Piety, Octon at 2 p. m.; Evening Circle No. 1, Mrs. W. S. Brunley, Chairman, with Mrs. W. S. Brunley, Mrs. Harry Kent, Mrs. Carrie Smith, and Mrs. Miriam Vinup, on Celery Ave. Covered Dish Supper at 6:30 p. m.; Evening Circle No. 2 and 3, Mrs. C. W. Johnson and Mrs. M. L. Land, Chairmen, will meet with Mrs. Thomas Rattiff Jr., Mrs. Bob Humberly, and Miss Frances Club in the Education Club at 8 p. m.

Circle To Meet

The Elsie Knight Circle of the First Baptist Church will meet with Mrs. Irving Pryor at 209 Margaret Road at 8 p. m.

TUESDAY

The Glenside Circle of the First Baptist Church will meet with Mrs. Carter in the Bigelow Apts., 611 Park Ave. at 8 p. m. Mrs. Cleland will be co-hostess.

The CPO Wives Club will meet at 8 p. m. in the CPO Club on the Sanford Naval Auxiliary Air Station. They especially extend an invitation to the wives of active members of the club. Refreshments will be served after the meeting by Mrs. Howard Wolfe, Mrs. Joe Stepe, and Mrs. Jean Wolfe.

The State Mission Program in the First Baptist Church will be held at 2 p. m. with Circle No. 2 in charge. Mrs. J. M. Moye is the leader.

The Pilot Club will hold a business meeting at the Yacht Club at 8 p. m. at which time Mrs. Marie Gleason of Okala, district Lt. Governor of Pilot International, will make her official visit.

Circles of the W.S.C.S. of the First Methodist Church will meet at the following places: No. 1, Mrs. W. L. Kirk, 215 W. 20th St., 10 a. m.; No. 2, Mrs. Chester Daniels, Lake Markham, 9:30 a. m.; No. 3, Mrs. R. W. Herron, 2410 Palmrith, 9:45 a. m.; No. 4, Mrs. W. W. Tye, 1109 Oak Ave., 9:45 a. m.; No. 5, Mrs. H. B. Crumley, Silver Lake, 9:30 a. m.

The Unity Class will meet at 7:45 p. m. in the Valdez Hotel with Jerry Meacham as teacher. The public is invited.

The First Baptist Intermediate Royal Ambassadors meet at 7:30 p. m.

The First Baptist Church Bux leaves the church at 6:45 p. m. to carry Training Union members to the Associational Training Union meeting in Oak Hill.

Geneva Garden Club Has Meet; B. E. Wiggins Guest Speaker

The Geneva Garden Club of finest photographs, test soup and for held its first meeting of the season at Community Hall on Wednesday with Mrs. U. L. Campbell, president, presiding.

Mrs. J. H. Bilbrey, program chairman, introduced B. E. Wiggins, manager of Seminole Soil Conservation District, the guest speaker, who spoke on soils and conservation.

He informed the club that it was only recently that the people realized the need for passing a conservation law. Due to the fact, extinction of native trees, plants and wild life. He went on to say that the policy of this law calls for foresight, restraint and controlled exploitation of natural resources in order to provide a material basis for the welfare of future generations. With the increase in population, our very life depends on it. If land is not productive enough to support the population, a lower standard of living is the outcome as in Japan and Korea.

Mr. Wiggins also informed the club that the Seminole Soil Conservation District stands ready to chart your boundaries by air photographs, test soup and for productive and suitable planting, stock your fish ponds with balanced specie and also advise on controlled cutting of timber, which was illustrated by a film on forestry.

This was followed by the regular business meeting, capably conducted by the following executive officers: Mrs. U. L. Campbell, president; Mrs. J. V. Stowell, treasurer; and Mrs. J. J. Leffler, secretary.

Reports of committees were given, and the following new members were introduced and welcomed into the Club: Mrs. J. C. Schuler, Mrs. F. E. Lusk, Mrs. J. W. Maxwell and Mrs. W. A. Ellenswood.

The hostesses, Mrs. Brown, Mrs. LePils, Mrs. Ballard and Mrs. Schuler, were thanked and complimented for the delicious refreshments and commented for arranged and very attractive creation well arranged and very attractive creations of hibiscus, all kinds and colors, which drew admiring comments from club members.

Southside P-TA Plans Reception

A P-TA board meeting was called Thursday at Southside school with 21 members being present.

Plans for a reception to be given for the new parents and teachers in the school were made. This reception will be held tomorrow at 7:30 p. m.

The first half hour will be spent reception will be held Thursday with teachers in their rooms.

Mrs. Bamlerger, president, told of the study course recently held and the School of Instruction at which State officers will be present. The county council representatives, Mrs. A. H. Harris, and Mrs. Dallas Loop made their reports.

Monforton Twins Honored By Choir

A surprise farewell party honoring the Misses Sandra and Sonja Monforton was given Thursday at the home of Mr. and Mrs. Joe Coggeshall by the choir of the Christian and Missionary Alliance Church.

The girls will leave soon to enter Interment Junior college in Virginia. Several musical games were played and enjoyed by the group.

Each of the twins was presented with a gift and Tommy Stringer, president of the choir, expressed appreciation for the girls' services with the group.

Light refreshments were served to the 16 guests present.

Assembly To Meet

Sanford Assembly No. 25 Order of Rainbow for Girls will have its first meeting at 7:30 p. m. Monday at Masonic Temple. The Assembly has been closed for summer vacation. Mrs. Katherine Reynolds, mother advisor, urges all officers and members to be present as there will be an election of officers and plans made for the coming term.

Refreshments will be served after the meeting.

100 County Citizens Start 17-92 Campaign To Get Right-Of-Ways

A five foot eight inch rattlesnake was killed Monday by Roy Hawkins at his home on Magnolia Avenue. (Staff Photo)

Expert Confronts Deportation Order Back To Red China

LOS ANGELES (AP)—One of the world's foremost rocket experts, Dr. Hsue-shen Tsien, head of the nonmilitary jet propulsion center at California Institute of Technology, will leave for Red China Friday under a deportation order.

Immigration officials said the order alleged that Dr. Tsien was a member of the Communist party before he entered the United States in 1936. He was granted a permanent residence permit in 1947.

Robert Robinson, acting officer in charge of the Immigration Service here, said yesterday that in leaving the United States, Dr. Tsien would, in effect, be deporting himself.

Friends of the Chinese said, however, that he was bitter against the United States for first ordering his deportation and later refusing him permission to leave the country for five years. The ban on his leaving was lifted last Aug. 4 and Dr. Tsien resigned from Caltech shortly thereafter.

A. E. Ericson Dies In Winter Park After Long Illness

Alfred E. Ericson, 77, died in the Winter Park Memorial Hospital at 8:10 p. m. Sunday after being in the hospital for three weeks. He had been in ill health for two years.

Born in Sweden, July 14, 1878, he was a retired citrus grower. He came to the Uppala section of Sanford with his parents in 1880 and pioneer that section.

He was a member of the new Uppala Presbyterian Church, a Spanish American War Veteran, a former commander, and was the chaplain of the post.

Survivors include his widow, Jennie Marie Ericson of Sanford, three daughters, Mrs. Charles W. Pusey, Miami; Mrs. Dan Tener, Miami; and Mrs. S. G. Buscher, Orlando; two sons, Alfred E. Ericson, Winter Park and Clarence Gilbert Ericson, Sanford, six grandchildren; one brother, Dr. Carl J. Ericson, Miami; and one sister, Mrs. Augusta Lindgren, Miami.

Funeral services will be conducted at 2:30 p. m. tomorrow at the Brisson Funeral Home with the Rev. C. C. White officiating. Burial will be in the veterans plot of Evergreen Cemetery. Members of the Spanish American War Veterans will serve as honorary pallbearers.

Nearly 100 Seminole County citizens, most of them residents along 17-92, met this morning at 7:30 for breakfast at the Glass Fountain in Casselberry, prior to contacting property holders along the highway relative to contributing property for the right-of-ways.

J. Bralley Odham, chairman of the Citizens Committee and of the Seminole County Chamber of Commerce Long Range Highway Planning Committee, headed the group and began discussion and planning for the day's work even before breakfast was served.

Conferring with Odham relative to the highway property and about work already accomplished, were Herman L. Joyce, Byron L. Kimball, John E. Fox, Forrest Breckenridge, Hibbard Casselberry, and the committee's secretary, Mrs. Vera M. Tolle.

Commenting on the possibilities of the proposed four-laning project, Representative Velle A. Williams Jr. said, "Looking out the window, I can envision acres of wonderful pastureland where 17-92 used to be, if this project doesn't go through and be completed." Williams also told the group later in the morning, as he explained a point in question that "The people who don't go along with this four-laning and widening proposal are holding an umbrella over them to protect themselves from a shower of diamonds."

Odham opening the meeting at 7:30 a. m. (Continued On Page Two)

Vets May Consult Tom B. Deen Here

Veterans of this area who need assistance in obtaining benefits provided by law may receive guidance from Tom B. Deen, Assistant State Service Officer, Veterans, or their dependents may consult Deen while he is in this area and may receive assistance in filing applications for filing hospitalization, compensation, pensions, insurance problems, loan benefits, educational training, burial benefits and miscellaneous subjects, where legal entitlement is involved.

Deen has been invited to this area as a special consultant by Karlyle Housholder, County Service Officer, Brimley-Pluiston Bldg., and may be contacted as follows: Sept. 14, 3 p. m. Oviedo at the Post Office; Sept. 15, 8:30 p. m. Sanford at the County Service Office.

All Souls School Plans Kindergarten

A nursery school and kindergarten, under the direction of Miss Leone Zambouris, has been established at the All Souls Catholic School in Sanford at the corner of Oak Ave. and Ninth St.

Pupils of all faiths are welcome at the new addition to the local parochial school which is conducted from 9 a. m. to 12 noon.

Children attending the nursery school and kindergarten may use the school bus taking them to school but other transportation must be arranged for the noon hour.

Additional details concerning the school may be obtained by calling 254-M or 226-J.

Congratulatory Letter Is Sent To Red Cross

The Rev. Milton H. Wyatt, chairman of the Seminole County Chapter of the American Red Cross, has received a letter from John W. Gates, Director of Field Service, Atlanta, Ga., congratulating the local chapter on the successful solicitation for flood relief funds for six stricken Northeastern States.

The total amount contributed in Seminole County is \$1,091.52. The chapter chairman extends his appreciation to all those, who by their efforts and contributions, were instrumental in bringing the drive to a more than successful conclusion.

Special mention, said the Rev. Wyatt, is made of the Sanford Atlantic National Bank and the Florida State Bank for handling the contributions. Recognition is given, he said, to The Sanford Herald, Radio Station WTRR, the Orlando Sentinel, Ritz Theatre, the Pilot Club of Sanford, the churches, clubs and other organizations throughout Seminole County who cooperated in the special fund drive.

The Rev. Wyatt had particular praise for the officers and personnel of the Sanford Naval Auxiliary Air Station who organized a special drive for a total of \$549.50.

All of the money collected for flood relief has been forwarded to the National Red Cross for specific use in alleviating distress and help rehabilitate individuals and families in the affected area, said the Rev. Wyatt.

Alvin O. Wright Enrolls At GMA

Among the more than 500 students enrolling this year at Georgia Military Academy, Milledgeville, Ga., was Alvin O. Wright, son of Mr. and Mrs. Job H. Wright, 2661 Magnolia Ave., Sanford.

GMA began its 60th year last week with cadets from the Southeastern States, Central America, and Cuba registering. There were 35 students from Cuba and 60 from the state of Florida.

Twenty-six Florida towns were represented in the student body. Major John Abbott, Dean of the school reported that, "This is the largest enrollment since World War II days."

Rattlesnake Killed At Magnolia, 25th

A rattlesnake, five feet eight inches long, was killed late yesterday afternoon, on Magnolia Ave. just off 25th St.

The huge reptile had 11 rattles when he was killed shortly before 6 o'clock yesterday. It was crawling through underbrush behind the home of Roy Hawkins.

Hawkins shot the snake with a .22 rifle. The rattler was later brought downtown on First St. where it attracted much attention.

Sowder To Address Medical Society

Dr. Wilson T. Sowder, State Health Officer, of Jacksonville, will speak to the Seminole County Medical Society tonight, at its regular meeting.

Dr. Sowder is expected to address the members of the local medical organization on the "bill adopted in the last legislature which appropriated \$500,000 to the hospitalization of indigents."

Budget Unanimously Approved By City

FLORIDA'S CHIEF EXECUTIVE is shown as he discussed National Guard affairs following a review of the 48th Infantry Division at Fort McJannet, Ala., on Saturday, Aug. 20, honoring the governors of Florida and Georgia. Left to right are Brig. Gen. Maxwell C. Snyder, Deputy Commander of the 48th; Maj. Gen. Joseph B. Fraser, Commanding General of the 48th; Hon. LeRoy Collins, Governor of Florida; Maj. Gen. Mark W. Lance, Adjutant General of Florida; and Capt. Velle Williams, State Legislator from Sanford. (48th I. I. O.)

Rhode Island Fire Leaves 5 Buildings Completely Ruined

CUMBERLAND, R. I. (AP)—Five big industrial buildings on the banks of the Blackstone River were destroyed last night by flames that roared uncontrolled "until there was nothing left."

Loss was estimated unofficially at five million dollars.

Nearly 600 employees fled from burning structures unharmed. One fire fighter was injured and required hospitalization.

Two of the buildings were occupied by the Royal Electric Co. A third was used as a storage warehouse by the Owens Corning Fiberglass Corp. The others were occupied by the Atlantic Wool Combing Co. and the Allen Wool Waste Co.

The plants suffered heavy damage in last month's flood and only recently resumed operations. An estimated 2,000 persons will be idle.

Therm-O-Tane Door Is Broken

A glass door at Term-O-Tane Gas and Appliance Company, 209 Magnolia Ave., was broken sometime over the weekend, according to a report at the Sanford Police Department.

The small glass at the bottom of the entrance door was smashed and a money box taken. However, C. D. Robinson, manager of the gas company, said that only about \$20 was missing.

Smathers To Receive Golden Key To City

Senator George Smathers will arrive in Sanford by plane Thursday, at 12 noon, to speak to a joint meeting of the Sanford Civic Clubs under the auspices of the Seminole Junior Chamber of Commerce.

The luncheon honoring Senator Smathers, will be held at the Parish House of the Holy Cross Episcopal Church, corner Fourth St. and Magnolia Ave., beginning at noon.

Tommy Stringer, Chairman of the committee in charge of the event, said that reservations had been accepted right up to the last hour in which arrangements could be made for the crowd of 200 that will hear Senator Smathers.

Arrangements have been completed to present Senator Smathers with a key to the city. Mayor Denver Cordell is expected to present the gold key and the resolution by the Board of Sanford City Commissioners welcoming him to Sanford.

The Seminole County Chamber of Commerce, through its president, Earl Higginbotham, will present Senator Smathers with a huge picture of the Sanford Naval Auxiliary Air Station.

Senator Smathers won't have

Cragg Equipment Hits Water Main

A two inch water main was broken Saturday at 7:12 p. m. when equipment of Cragg Construction Company smashed into the line.

According to the report, received at the Sanford Police Department, the two inch pipe was located at 15th and French.

Collection Fee Ok'd By Leaders New Lights Set For French Ave.

The Board of Sanford City Commissioners met Monday to approve the proposed 1956 city budget without drastic change but with the millage measure and 7 1/2 mills for general government operation. The total budget for the forthcoming fiscal year amounts to the same as the three previous years.

In order to meet the income necessary to adapt the budget and to provide the city of Sanford with capital improvements, the Board of Commissioners unanimously approved a refund collection fee that will be added to the monthly bill received from the city.

The refund collection fee, which will affect 2,000 Sanford water users, will be an extra \$1 a month to be added to the proposed and adopted "city service bill." Services appearing on the new bill will be water, sewer service charge, and refuse collection fee.

Also affected by the new refund collection fee will be 100 multiple family dwellings designated as "residence apartments." (Continued On Page Two)

Ground, Air Search Resumed For Group

LAKEPOHLE, Calif. (AP)—Ground and air search was to resume today for four young persons whose plane disappeared Sunday over mountains in forests about 120 miles north of San Francisco.

Air Force and Civil Air Patrol planes searched all day yesterday while rangers of the U.S. Forest Service covered on foot the area where the plane was believed to have gone down.

Adult Swimming Lessons To Start

Adult swimming lessons for Navy wives will begin Wednesday morning, Sept. 14, at 10 o'clock at the Sanford Naval Auxiliary Air Station Swimming pool.

Mrs. P. D. Scott will be the instructor for the first class of the season.

Those wishing to attend the classes and enroll for the swimming lessons are asked to call Mrs. D. W. Linker at 2305.

Naval Exercises Set For Thursday

A series of routine night searchlight exercises by Naval aircraft will be held at the Lake George bombing target area on Sept. 15 from 7 through 10 p. m. The Navy announced today.

The Lake George target area is north of Sanford. As a safety precaution all persons, boats, and civilian aircraft are advised by the Navy to stay away from this area.

ASSISTANT DISTRICT Engineer C. A. Benedict explains some of the intricacies of highway planning to a group of interested ladies this morning. (Left to right) in the foreground are Benedict, Mrs. Hibbard Casselberry, and Mrs. H. L. Wilson. Looking on are Mrs. Thomas A. Mayo and Mrs. E. J. Mowbray. (Staff Photo)

HEADS GROUP—L. E. G. Love is in charge of the Marine Security Guard which will be based at the Sanford Naval Auxiliary Air Station. Most of the 40 marines who make up the group have arrived with the remainder expected to be in this week. They are from the Jacksonville Air Station. (Photo by Jameson)

THOMAS A. MAYO of Orlando looks on as John E. Fox, Seminole County Right-of-Way Agent, prepares a deed for property to be contributed to the right-of-way on 17-92 by Mayo. (Staff Photo)
