Schools OK Lease Of City Stadium

A two-year lease was approved last night by the Seminole County School Board for Sanford Municipal Stadium. The board will have the option to renew the lease, of the stadium for 23 years after the two-year lease expires. The stadium will be used by Seminole and Crooms High Schools for football purposes.

It was pointed out that presently the city is spending \$9,500 per year to maintain the center but, according to the School Board operations department, it is felt that the stadium maintenance can be cut to an average of \$5,000 to \$6,000 per year.

The Sanford City Commission as the lessor is expected to approve the contract at its next regular meeting.

After receiving bids for the Lyman Stadium, which apparently far exceeded School Board budget planning, the board tabled construction proposals until the next meeting of the assembly.

The bids specifically concerned seating for the new athletic complex. Two bids were received and one invited bidder informed the board that his company did not wish to enter a bid.

Leroy C. Bobb Construction company, of Sanford, entered a base bid of \$76,715,000, with an alternate bid of \$70,330,000, for a variation of the specified seating design. Sunspan Engineering and Construction company, of Orlando, entered a base bid of \$90,570,000, with alternate of \$62,631 for the variation.

The board was seeking a bid in the area of \$40,000 to \$50,000.

By JOHN A. SPOLSKI

Thinking Out Loud . . . Isn't it a miracle that we can send some of our Congressmen to the fighting area for a day or two — and they become experts.

And yet we send our young to die in that hell for 10 miserable years and these some self-styled experts didn't express a solution during that time period!

Let's all congratulate Thailand . . . they certainly must be the shrewdest people in all the world. Couldn't be that we're getting dumber, now could it? They put in a little more than 1000 troops into South Vietnam and how do we show our appreciation? Well, we provide them with logistical support, send to Bangkok a battery of Hawk anti-aircraft missiles, increase the military assistance program by about \$30 million during fiscal years of 1968 and '69.

That's not all folks . . . According to AP, we've also made a "token" payment to them of \$200 million!

Now, as I have it calculated . . . that's \$20,000 per year, per man . . . NOT COUNTING ALL OF THE OTHER INDUCEMENTS.

And I just don't have the heart to tell you that we also provide them with "mustering-out" pay! As Jack Barr used to say, "I kid you not!"

Has anyone bothered to check what we're paying our own troops lately?

Talking about checking . . . you know, of course, that the Cambodian Air Force fly MIG jets, (made in the U.S.S.R., for your info.)

Just the same as attending a ball game and you hear the guy yell out, "Hey, getcha score card cause you can't tell the players without one."

The next time you hear someone like Spiro Smith mouth-off about the "biased press" . . . just remind them that without the press we wouldn't have ever known about this big deal . . . and if you really want to rub it in, although they could have accepted the ready-made handouts from the many Public Information Offices (of which I was once an Air Force member).

But no, these dedicated servants wanted to see it first-hand. In the last two months of the Indochina War, we have lost four correspondents killed, and at least 25 others missing in action. The missing newsmen include American, Japanese, French, German and Indian nationals. There is a woman among them, too — Elizabeth Ford of THE CHRISTIAN SCIENCE MONITOR.

Small opportunities are often the beginning of great enterprises. Demosthenes

Seminole Growth 50%

By CHARNER LEONE
 Seminole County has increased in population by 50.3 per cent, according to the preliminary population count released today. "That's very good!" said Miss Ellen Brubach, district manager, Bureau of the census for Orange and Seminole Counties.

The increase is from 54,947 in 1960 for the county to 82,636 in 1970, Congressman Bill Chappell noted in a telephone call from Washington to The Herald.

The most spectacular increase is to the cities of Altamonte Springs and Casselberry. In the decade, Altamonte Springs leaped 249 per cent, from 1,212 to 4,223.

Casselberry, in that same period, had a 207 per cent increase, from 2,463 to 7,350. The population of Sanford now stands at 17,210. No 1960 figures are available for comparison, Miss Brubach explained, because of a change in the census division line.

North Orlando has experienced a growth of 88 per cent in the 10-year period, from 609 in 1960 to 1,142 in 1970. Longwood's population increased 84

per cent, from 1,655 to 3,105. The only incorporated area in Seminole County to have a decrease in population is Oviedo, from 1,926 in '60 to 1,873 in 1970. The percentage of de-

crease is minus three per cent. "The city boundaries have not changed in Oviedo and in Sanford, and consequently the major growth has occurred

outside of the city limits," explained Miss Brubach. She did not give the figures for these unincorporated areas. Orange County experienced an increase of 51.7 per cent. "That's very good, also," said the Census Bureau manager. In the decade Orange County has moved from a population of 283,540 to 344,694.

SILENT SYMBOL OF PATRIOTISM
 AN AMERICAN FLAG to fly perpetually over the Sanford public library until the undeclared war in Indochina has been concluded is received by Mrs. Leon Walker, librarian, from Mrs. Betty Hannum and Mrs. Edna Norman, president and treasurer, respectively, of Unit 8207, Veterans of Foreign Wars Auxiliary.

School Plan Is Challenged

By TOM ALEXANDER

Seminole County's freedom of choice desegregation plan was challenged last night by 20 parents from the Goldsboro-Lincoln Heights area at a meeting of the County School Board.

Speaking for the group was Mrs. Ruthea Riggins, president of the West Side Improvement Association. She told the board, "Until you discontinue free choice, we will send our children to any school we choose. We petition you to abide by the law."

The visiting assembly questioned why there are only 22 instructors at Goldsboro School, while there are 28 classrooms. The basis of this objection was that the School Board was sending youngsters to the new Idylwild School on the basis that Goldsboro is overcrowded.

John Evans, board chairman, explained to the parents that the board freedom of choice plan is not unlimited and that the classrooms at Goldsboro in question are being used for compensatory education. Evans then reasoned that this necessitated sending students to Idylwild even though they had requested Goldsboro.

Questioned about the legality of the freedom of choice plan, Evans replied, "We are presently in compliance until we are proved guilty."

The parents then pointed out that it is dangerous for their children, especially the first graders, to walk to Idylwild. Supt. John Angel explained that the students were bussed to Idylwild last school year and that this policy will be in effect again this year for safety reasons.

The board then granted a special meeting with the group for next Wednesday. The interested parents will meet with the board's administrative staff on Tuesday to discuss their present objections.

Following the discussion, board member A. P. Bue moved that the board not accept federal moneys for operation of the county schools. Bue's motion tied for lack of a second.

VFW Unit Spreads Patriotism

They're "tuned in" and "turned on," these women of the Longwood Veterans of Foreign Wars Auxiliary Unit 4207. They're "doing their thing" by giving away a small part of America, the symbol that means so much to Americans — the red, white and blue.

The V.F.W. Auxiliary, with less than 50 members, has given away 134 flags in less than a year. Mrs. Edna Norman, patriotic instructor of the post, proudly listed the institutions in two counties which have received a flag in the year: Forest Park School, Orlando, 12; Pine Crest Elementary School, 38; Longwood Elementary, 12; Milwee Junior High, 68; English Estates, 2; Seminole Little League, 1; Maitland Home Improvement Club, 1; Edgewood Boy's Ranch, Orlando, 1; and most recently, the Sanford Library, 1.

"The value of these flags is over \$500, said Mrs. Norman. That's not peanuts for an organization of this size, and they gave the money with pleasure.

"To defend the flag from desecration and to instruct the children of this land in the proper use and respect for the flag is the purpose of our organization, as stated in our ritual," said Mrs. Norman. When the flags are donated, a lesson in proper flag accompanies the gift.

The rewards for their efforts are intrinsic. "We have gotten some lovely thank you notes from the children in the schools," said Mrs. Norman with a pleased smile. "The chil-

dren take our instruction to heart and promise to treat their flag properly." She added simply, "It makes it all worthwhile."

The project was adopted by the Longwood Auxiliary about a year ago. Their first gift was to the newly opened Lakeview Junior High.

"We'll be happy to present a flag or flag to any organization, institution or school in need of them," added Mrs. Norman.

This auxiliary has recently been honored for its outstanding record in this area by District 18 of the V.F.W. Next weekend, representatives of the organization will go to a convention in Tampa where they hope to receive a citation for their work in distributing flags—more than any other club in the state.

There are over 10,000 V.F.W. Auxiliaries in the nation. The Longwood unit is in the process of planning a new building. Their other projects include relief work for local veterans and work with the Lake City Veterans Hospital.

It's a small unit, doing a big job. "We're expanding our membership now," said Mrs. Norman. The organization is open to all women who have relatives who have fought overseas in time of war. The post is located on highway 427, near the Big Tree Park. For more information call Mrs. Norman, 322-3546 or Mrs. Harriet Harris, incoming president of the organization, 838-3569.

Trailer Hearing Scheduled July 6

By MARION BETHA

NORTH ORLANDO-Councilman Richard Allen told a meeting of Village Council last night that the zoning change which has been requested by Gerstung Construction Company for a rental trailer park was "for the birds." The change from T-1 to R-1 has been requested by the concern since last March. The zoning change classification was authorized to be advertised for public hearing by council. Public hearings will be July 6 at 7:30 p.m.

At Land, Land Engineering Service, asked the council to

expedite the matter, since the developers are anxious to proceed. A motion was made by Councilman Charles Kelly to advertise for public hearing, with the stipulation that construction begin within six months or the zoning would revert to Z-2. Village Attorney Thomas Freeman advised that conditions could not be attached, and the motion was amended stating only the zoning change. It was stated that the council could institute action if the change were granted and no immediate building took place. At a poll of council vote, Charles Rowell and Allen voted against the zoning change.

Allen explained his vote with the statement that the trailer park developers had attached a list of restrictions which he considered "for the birds." He continued that this stipulation for the park stated that any trailer would be admitted which was in "presentable condition." Allen said that a great many people oppose a trailer park, but that if the village had one it should be a model park, not one with "riff-raff coming in." Allen was reminded that the vote was only for a public hearing, that before official action was taken, the concern would have to meet village standards and criteria.

Rowell said that the village would receive no appreciable revenue from the rental trailer park and would subsequently be known as "trailer city" instead of North Orlando. Allen continued his vendetta by asking when the developer

agreed that most of the village is opposed to trailers, but felt the park is "the lesser of two evils." He went on to explain it. "Well, they said the area is already zoned for trailers. Mayor Clifford Jordan said that he was looking at "several plans." Since the area is zoned for trailers, he said, the german issue would be a question of the type of trailers.

Councilman Wayne Miller

AN ORDEAL IS WHAT AN IDEAL BECOMES AFTER YOU MARRY HIM

Home to Mrs. Anne Cury, Stamford, Vt.

Appeal Is Made

An appeal was issued this morning to determine if a Sanford dog has had its rabies shot. A young man was bitten by a male dog, orange and white, with a white stomach, resembling a Spitz and smaller than a German shepherd in the South Pinecrest area on Park Avenue. The young man has three days before he must submit to the painful and rabid shots unless it is determined the dog has had its shots. The young man and his family are not concerned about rabies and they do not want the dog destroyed. They just want to know if the dog has had its rabies shot. The dog's owner is requested to telephone 322-8225.

Christian Home

By REV. WILLIAM R. BARBON
First Presbyterian Church

A great mass of material has been written about the importance of the home and family relationships. The Christian faith has always stressed the role of the home as having top priority in the lives of believers.

Here are four questions to use as a check list for your home.

(1) Is the relationship between parents exhibit A in real love? Psychologists have pointed out repeatedly the tremendous influence parents have with their children. In your home, does your family see and feel real love?

(2) Is each member of the family free to do his own thing? Individuality is such an important element in the family. We need the freedom to disagree. Is each person seen and known as an individual?

(3) Is each member of the family asked to accept responsibility? A study of young people who were involved in religion in New York, revealed that 97 per cent had never been asked to be responsible in the home for chores, etc. Responsibility leads to involvement and participation. Parents often in their spirit and real concern for their children do too much "for them."

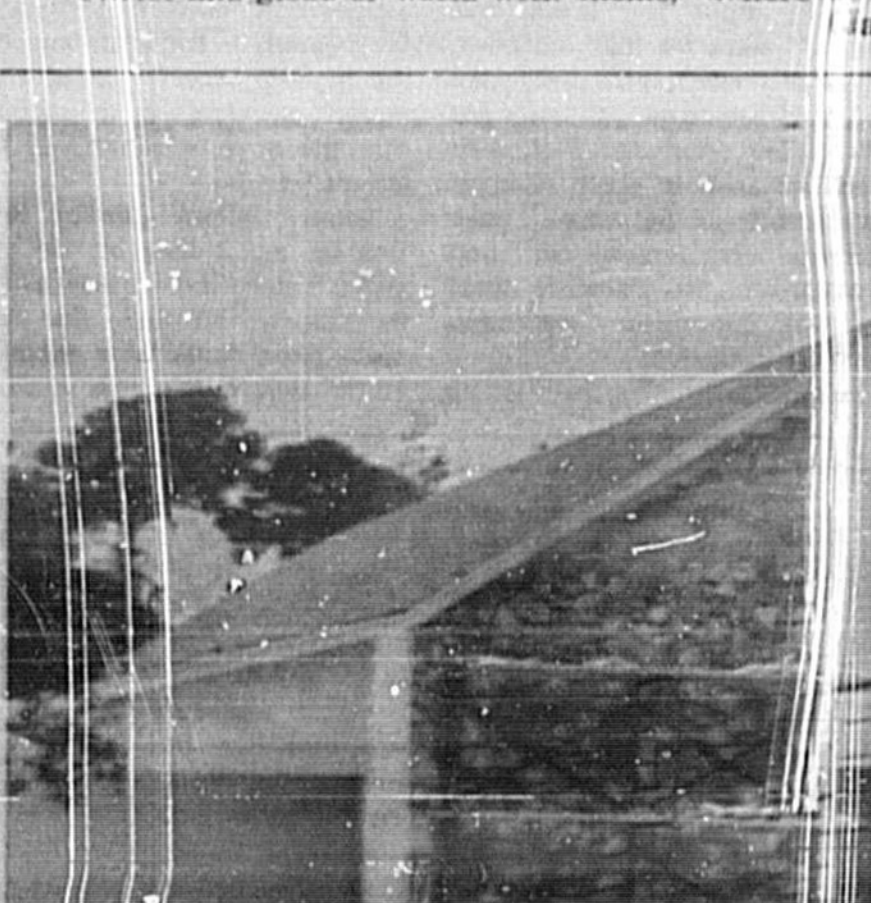

(4) What kind of God is seen and believed in your family? We have all heard and many of us said things such as, "It doesn't matter what kind of God a person believes in as long as he believes there is a God." This is just not true. Do members of your family believe in a God we ought to be afraid of, who will punish us? Do they believe in a personal God? Do they believe in a loving God? This list could go on and on.

Finally in all of these things, does your family feel people are more important than things? We use things and love people, but when we have things, we hurt, trample, destroy people in order to get them.

It may sound simple but it is not. Pray for each other in the family each day — each person for each other person. Thank you.

REV. AND MRS. DELMAS COPELAND and family were honored at a farewell luncheon Sunday at the morning worship service. An informal program and presentation of gifts followed the luncheon. The family moved to a church in Dundelm. The cake on the right was decorated with figure of Christ and globe of world with theme, "Where I shall meet with thee." (Melinda Casselberry Photo)

ROLLING HILLS MORAVIAN CHURCH will have Vacation Bible School June 15 through 19, 9:15-10:30 a.m. June 21 at 7:30 p.m., the annual Congregational Council will meet. There will be an election of two new elders and two trustees, a vote on change of rules and regulations of the congregation, and a decision on the proposed youth building is also on the agenda. June 23 at 7:30 p.m., the board of elders will meet. June 23-25, a youth retreat will be held at Lake Placid June 23 at 7:30 p.m., a special workshop for the choir will be conducted by Paul Peterson, head of the music department from Salem College, Winston Salem, N.C.

BEAR LAKE METHODIST CHURCH will celebrate Youth Sunday at the 11 a.m. worship service June 14. Rev. Ralph Simon will speak on "School Life" at 3 p.m. A family picnic will be held at the Lakefront home at 7:30 p.m. on Monday, June 15. All children are invited to come to the church at 7:30 p.m. when he speaks to the teenagers.

HOLY CROSS EPISCOPAL CHURCH presented graduating high school seniors from the church with paper weights with a picture of the church engraved on them. LAKEVIEW Christian Church, Bear Lake Road, will have first services in the new sanctuary, Sunday, June 14, through next completed. Vacation Bible school will also be held here, starting Monday, June 15, 9 to 11 a.m., through Friday morning when there will be a hot dog picnic for all the

FTU Grad Plans Pastoral Career

If his present plans work out the way he hopes they do, Carl T. Cannon will return to his native Orlando in about three years as a brand new pastor in the Episcopal Church.

There's no reason to believe the plans will fail. Cannon, 26, is one of the older members of the charter graduating class that will receive absolutions June 14 at Florida Technological University.

Like some of his classmates, Cannon will continue his education. Unlike others, he'll handle his wife and two small daughters in the family car and head north in August for Evanston, Illinois, and three years on a seminary.

"She's all for it," he says. And she plans to continue helping family members in the student housing at Seabury-Western Theological Seminary. Betty has been working as a bank secretary in Orlando.

The Cannons hope to return to Orlando after the stay up north. Betty, who met Carl in Sarasota while she was vacationing, has become a dyed-in-the-wool Floridian since the

move a few years ago. At the time, Cannon was a college dropout and freely admits his first try at higher education was a dismal flop.

Three years ago, in the midst of a blossoming career, he returned to college. This time as a husband and father he picked up an Associate of Arts Degree at nearby Seminole Junior College and enrolled at FTU as a sophomore major in

theology. He is now a member of the church and plans to continue his education through the seminary.

Dewey O. Boster Prexy Of Methodist Men Club

The regular monthly breakfast meeting of Methodist Men was held Thursday in the Fellowship Hall of the Deltona Methodist Church of Deltona.

The speaker was Harry Ebb, a member of this organization.

He was at one time a professional baseball player in the Eastern League. For many years, he was a volunteer fireman in his hometown of Westport, N. Y. He is presently interested in Deltona's fire department.

For two years that he would say, Ebb was in the field manufacturing business in New York, and this was the subject of his talk at the breakfast meeting.

This was the first breakfast meeting of the new officers of the United Methodist Men elected at the May meeting. They are Dewey O. Boster, president; William Sowers, vice president; Angelo Marcelloni, secretary; Raymond Carosso, treasurer.

This group also sponsors a Men's Bible Class that meets each Sunday morning at 9:30 in the Fellowship Hall. The lesson material for the current quarter is "The Story of God and His People." Devotions will be held Sunday by Boster and the teachers will be Al Furbey, Cliff Bird, Ward Davis and Carosso.

The new officers are busy on plans for their meeting of July 10, when United Methodist Men of Deltona will be hosts for the quarterly DeLanta District Men's Fellowship dinner. They are on about 200 guests from all this section of Florida.

REDEEMER LUTHERAN CHURCH, 102 W. 25th Place, began its summer school Sunday, June 14. Worship services will be held at 8:30 and 10:30 a.m. with Sunday School and Bible Class at 9:15 a.m. Holy Communion will be celebrated in the 10:30 service on June 14 and in the 8:30 service on June 21.

FIRST UNITED METHODIST CHURCH GENEVA will welcome the new minister on his wife, Mr. and Mrs. E. W. John Sunday with a covered dish luncheon following the 11 a.m. service.

CASSELBERRY BAPTIST CHURCH will hold a Vacation Bible School June 15-19 at the church at 79 Seminole Boulevard, Casselberry 8:45-11:30 a.m. A Bible lesson will be taught, and handcrafts and refreshments enjoyed by the children. There is no charge for the school and pupils will enjoy Bible stories, handcrafts, refreshments and a variety of other things during the ten days.

GOOD SHEPHERD LUTHERAN CHURCH worship services will be held at 8:15 and 11 a.m. Vacation Church School is underway at the church each week day 9:15-10:30 a.m. under the leadership of Maria Hill.

RAVENNA PARK BAPTIST CHURCH will conduct a Vacation Bible School starting Monday and continuing through Friday, 9:15-11 a.m. when the church will have a picnic at 1:30 p.m. All children in the neighborhood are invited to come to the church at 7:30 p.m. when he speaks to the teenagers.

HOLY CROSS EPISCOPAL CHURCH presented graduating high school seniors from the church with paper weights with a picture of the church engraved on them. Cedes Half Of Nation To Reds

Cambodia Yields To Communists

By JOHN F. WHEELER
Associated Press Writer

PHNOM PENH, Cambodia (AP) — Faced with sharply increasing pressure from the Viet Cong and North Vietnamese, the Cambodian government has reluctantly decided to cede almost half the country to Communist control, while informed diplomatic sources reported today.

Western military experts termed the decision hardheaded and realistic. They said that even by concentrating its forces around Phnom Penh and northwest of the capital, the government will have only about a 30-35 chance of surviving the next four or five months of monsoon rains.

The government reported today that a strong Communist force attacked Kampong Speu, 30 miles southwest of Phnom Penh on the only highway open to Cambodia's major port, Sihanoukville, and a strong attack 80 miles northeast of Phnom Penh in what could be the prelude to new assaults on the key Mekong River town of

Kompong Cham. Spoken from the fighting at Siem Reap, the Angkor temple ruins, had died down, but strong Communist forces were still in the area.

The diplomats said Premier Lon Nol's government, in assessing its prospects, had been reluctantly decided to cede almost half the country to Communist control, while informed diplomatic sources reported today.

Western military experts termed the decision hardheaded and realistic. They said that even by concentrating its forces around Phnom Penh and northwest of the capital, the government will have only about a 30-35 chance of surviving the next four or five months of monsoon rains.

The government reported today that a strong Communist force attacked Kampong Speu, 30 miles southwest of Phnom Penh on the only highway open to Cambodia's major port, Sihanoukville, and a strong attack 80 miles northeast of Phnom Penh in what could be the prelude to new assaults on the key Mekong River town of

Cedes Half Of Nation To Reds

Cambodia Yields To Communists

By JOHN F. WHEELER
Associated Press Writer

PHNOM PENH, Cambodia (AP) — Faced with sharply increasing pressure from the Viet Cong and North Vietnamese, the Cambodian government has reluctantly decided to cede almost half the country to Communist control, while informed diplomatic sources reported today.

Western military experts termed the decision hardheaded and realistic. They said that even by concentrating its forces around Phnom Penh and northwest of the capital, the government will have only about a 30-35 chance of surviving the next four or five months of monsoon rains.

The government reported today that a strong Communist force attacked Kampong Speu, 30 miles southwest of Phnom Penh on the only highway open to Cambodia's major port, Sihanoukville, and a strong attack 80 miles northeast of Phnom Penh in what could be the prelude to new assaults on the key Mekong River town of

No 15 Month Halt On Cross-Florida Barge Canal

We oppose any 15-month moratorium on the construction of the Cross-Florida Barge Canal as requested by Secretary of the Interior Walter Hickel for one more study of the project.

The group would be centered on the effect of its construction on the ecology of Florida, especially in regard to the Ocala-Wauchula Valley.

doors to progress and growth which had been closed entirely too long. Perhaps the other situation which concerns us is the fact, about which we have commented from time to time, that waterborne traffic is very much involved in the St. Johns-Indian River Canal which is to be cut from Lake Monroe in Sanford to the Indian River thus creating a final link in a network of waterways which needs just that addition.

The expenditure of these millions of dollars have every prospect of being a sound investment from the point of view of the national interest and the forward growth of the state of Florida.

Flag Day 1970

Flag Day is officially celebrated on June 14th, the date on which the Stars and Stripes was adopted by the Continental Congress in 1777 and declared by both Presidents Wilson in 1916 and Coolidge in 1927.

"Give Me a Place to Stand and I Will Move the World!"

Patient Neglect In Nursing Homes Cited.

WASHINGTON (AP) — A congressman charges the government is "boeking under" to pressures of nursing home lobbyists by failing to insist on adequate care for the elderly.

Rep. David Pryor, D-Ark., sharp critic of nursing homes who went inside them to work as a weekend aide earlier this year, pegged his House speech Wednesday with examples of patient neglect.

Pryor blasted a Department of Health, Education and Welfare decision to drop its federal standards for intermediate care facilities. He said aged patients were being made victims of "power politics and an apparatus of bureaucracy."

However, Welfare Administrator John D. Twyman said the change this week is merely a change in the way the standards are set, not a reduction in the quality of care.

The 35-year-old congressman, who is pushing legislation for a House probe of nursing homes, cited letters from patients' relatives that included these cases:

1. In Elizabethton, Tenn., a woman whose husband was moved from a hospital to a nursing home found him tied with blankets to a wet bed and dying.
2. In Laurens, N.Y., a daughter found her aged mother unconscious. The nurse told her, "You know your mother is very ill and doesn't have long to live — we can't call the doctor over every little thing."
3. In Swanton, Ohio, another woman who found her mother becoming fussy-minded and not eating discovered that she and other patients were "being kept under the influence of sedatives and drugs so the help would not be bothered."
4. In Hot Springs, Ark., a daughter who found her mother suffering from an extreme case of insulin shock, Pryor said, as a result of a failure to adjust the dosage of medicine properly.

When the daughter called a doctor herself, he found the patient suffering from an extreme case of insulin shock. Pryor said, as a result of a failure to adjust the dosage of medicine properly.

Canada Ready To Do 'Their Thing'

By MAX HARBELSON
Associated Press Writer
OTTAWA (AP) — Canada is feeling a new sense of national self-respect because of the oil embargo, and by a recent letter from presidential assistant William E. Timmons to a group of U.S. senators who had complained about the oil embargo.

Timmons said America's national security requires a comprehensive agreement with Canada on all energy matters and that Canadian oil imports had been restricted "pending the conclusion of such a pact."

Greene denied that the U.S. all moves had led to his switch to nationalism, which he described in a speech in Denver on May 13 to the Independent Petroleum Association of America.

"I always took the stand," he said, "that ownership of Canada's resources and business was not very important as long as the owners carried out Canadian corporate law. I also said that this could become relevant only if Canadians decided to build a very different society."

Timmons tried to say in Denver that Canada has now specified they are going to do something different.

3. In Swanton, Ohio, another woman who found her mother becoming fussy-minded and not eating discovered that she and other patients were "being kept under the influence of sedatives and drugs so the help would not be bothered."

4. In Hot Springs, Ark., a daughter who found her mother suffering from an extreme case of insulin shock, Pryor said, as a result of a failure to adjust the dosage of medicine properly.

Miss Davis Bride Of R. E. Pleasants

By MARYANN MILES
Miss Nancy Ann Davis, daughter of Mr. and Mrs. Everett Allen Davis, became the bride of Richard Earl Pleasants III, son of Pastor and Mrs. Richard E. Pleasants Sr., Sunday, June 7, 1970 at 8:00 p.m. at the Forest Lake Seventh-day Adventist Church, Forest City.

MR. AND MRS. RICHARD E. PLEASANTS III

Charter Graduate Honored At Party

Mr. and Mrs. J. C. Mitchell were hosts at their Magnolia Avenue home at a neighborhood party honoring Dick Schmitt who will graduate Sunday, June 14, from Florida Technological University.

This graduation exercise marks the first for the new university since it opened its doors and this is the charter graduating class.

On hand for the celebration were Dick's pretty wife, Carol, and three children, Ginger, Fred and Bill.

The young family moved into an old home in this neighborhood about three years ago. In the struggle for his degree, both Carol and Dick worked hard at a laundromat which they ran and operated. Their neighbors are over-joyed at having the enterprising young couple in their midst.

Guests attending the party brought monetary gifts wrapped as diplomas and were served refreshments by the hosts.

Attending the festive graduation party were Mrs. H. J. Bisher, Mrs. W. R. Dyon, Mr. and Mrs. Hugh Trulock, Mr. and Mrs. Don Tabor and son, Ivan, Mr. and Mrs. W. B. Kirby and Miss Betty Balls and Mrs. R. C. Collier, Mrs. Mitchell's sister, from Montezuma, Ga.

Sorority Initiates, Installs

The Alpha Nu Chapter of Alpha Delta Kappa (teacher's honorary society) recently held the formal initiation ceremony and installation of officers at the home of Elizabeth Shanon.

Co-hostesses for the occasion were Mildred Lind and Ollie Reese Whittle.

The pledges initiated were Geneva Cochran, Kathleen Leach and Rebecca Holmes.

The following newly elected officers were installed by the outgoing president, Dorothy Morrison: Margaret Reynolds, president; Marion Nichols, vice president; Lorraine Whiting, corresponding secretary; Marie Stump, chaplain; Gene Allen, recording secretary; and Esther Williams, treasurer.

A social hour followed in the beautifully decorated dining room. The refreshment table was overlaid with an antique lace cloth, on which was arranged a May Day motif.

Alpha Nu Chapter members met Gene Hen, Ruby A. Booth, Gletta Cochran, Cynthia Crain, Mary Elizabeth Dunn, Hazel Fyatt, Faye Gaines, Elizabeth Gallant, Mary Grimes, Mary Grace Kosky, Kathleen Lew, Mildred Lind, Dorothy Morrison, Kate Nash, Marion Nichols and Catherine Pearce.

Also Margaret Reynolds, Roberta Richards, Helen Richy, Joyce Roberts, Mary Rogers, Belle Rumbley, Marie Stump, Aggie Taylor, Dora Walefield, Lorraine Whiting, Ollie Reese Whittle, Eloise Wilkins and Esther Williams. Elizabeth Shanon was a guest from the Gamma Gamma Chapter.

New College Grad To Fly With TWA

Miss Donna Howland, daughter of Mr. and Mrs. Ben M. Howland, was graduated on June 6 from the University of Georgia with the Bachelor of Science Degree in Home Economics.

She was named to the Dean's List for the Fall, Winter and Spring quarters.

Donna will leave for Kansas City, Mo., in July where she will be employed by Trans-World Airlines.

CALL THE PLUMBER!

BUGS BUNNY

Knock Blam! Haha, Porky! You kids say 'yet'?

We The Women:

Everybody says they will be selective and take time to read the critics' comments but, if we do, will we find time to read the books? The best way I have found is to avoid the critics and concentrate on the publishers' advertisements. Just a little effort and you can crack the ad writers' code and discover what their ads really mean. Take the one which says, "An indispensable addition to YOUR library..." This means, "The book is a dog on the spring legs and we have 180,000 copies on our hands."

Polly's Pointers

DEAR POLLY— I have just been given a VERY old wicker trunk which needs a thorough cleaning. Can anyone tell me how to do this safely? Would it be advisable to spray on a protective coating after cleaning the trunk?—MRS. W.

DEAR POLLY and Mrs. W.— H. who is in doubt about your new house warming party and how—Several years ago when we moved into our new home I was a schoolteacher and very active church worker. I gave

By Betty Canary

two different house warmings—one for the teachers at school and another for my Sunday School class and the preacher and his wife. Both husbands and wives were asked. I sent out comical invitations which gave the old and new addresses and the time of the party but there was no mention of gifts.

By Polly Cramer

DEAR POLLY— Mrs. R.V.H. should do the inviting to her housewarming. On her invitations she should not only ask for gifts but specify precisely what she wants from each, such as a gas range instead of an electric. It would be well to include a plumber and electrician on her guest list.

SIDE GLANCES

"Our gardening manuals are attracting lots of attention since you put up that sign!"

By Galzraih

I think you will enjoy reading the following tongue-in-cheek (we hope) letter that expresses the way one of our gentlemen readers feels about the whole idea—POLLY

DEAR POLLY— Mrs. R.V.H. should do the inviting to her housewarming. On her invitations she should not only ask for gifts but specify precisely what she wants from each, such as a gas range instead of an electric. It would be well to include a plumber and electrician on her guest list.

SALUTE to OLD GLORY

—FLAG DAY SUNDAY, JUNE 14th—

We Are Very Proud To Be American!

As Americans, we love our country, support the Constitution and honor our flag. The essence of the Spirit of '76 means just as much as it did those eventful years of our Country. Only the times have changed. The thirst for freedom has grown and OLD GLORY is its most meaningful symbol in all the world. We believe its place is on every home on every national holiday. We also believe failure to fly a flag is due to no lack of patriotism... rather to inability to find a good home flag set easily at the moment it's needed. You can be sure we will be Saluting OLD GLORY Sunday, June 14, Flag Day. So long as men love liberty more than life itself; so long as they treasure the priceless privileges bought with the blood of our forefathers, so long as the principles of truth, justice and charity for all remain deeply rooted in human hearts, OLD GLORY will continue to be the enduring banner of the United States of America.

yours is the hand
that lights your child's face

We've heard so much about the effects of insecurity on the life of a child! It seems urgent to find a picture of security... that elusive ideal that parents want to provide but can never be sure they have.

Notice the importance of the light in our picture. It doesn't really come from that fatherly hand. Someone else has provided the light which links father and son. The father merely stood in that light... and held his son's hand!

Sunday - Father's Day - in hundreds of thousands of churches, earnest fathers will stand in the Light. With their sons they'll worship God... experience again the spiritual understanding of life. See the brightness of that true security reflected in youthful eyes.

Sanford Boy And Youth Are Drowning Victims

By TOM ALEXANDER

Two Sanford residents, a four-year-old boy, Richard Joseph Gilmartin, and an 18-year-old youth, Johnny Pringle, drowned Sunday afternoon, according to sheriff's reports. Richard, son of Mr. and Mrs. Eugene G. Gilmartin, of Sanford, became Seminole County's second drowning fatality within a week during a family picnic at Lake Golden.

The youngster was apparently playing at the fringe of the lake when his mother noticed that he had disappeared. Other swimmers in the lake said they felt something just off shore and a lifeguard at the Sanford Airport beach found the youngster in waist deep water.

All efforts to revive the youth at shore-side failed and the youngster was pronounced dead at SMH after being rushed there by Herndon Ambulance Service.

The drowning occurred around 3 p.m.

According to the Volusia County sheriff's department, Johnny Pringle, a resident of Broadway Street, in Midway, drowned late yesterday afternoon in the Indian River at Bethune Beach near New Smyrna.

Pringle apparently was trying to swim the river, according to sheriff's reports, when he evidently panicked and went under.

Pringle was rushed to Fish Memorial Hospital in New Smyrna and pronounced dead at 7:15 p.m. Perry Funeral Home in Sanford is in charge of arrangements.

A visiting South Carolina youth, Howard R. Pickett, 18, drowned last Wednesday while swimming at a man-made lake just west of Sanford off SR 46. Pickett was pronounced dead at the scene.

Gilmartin is survived by his parents, Mr. and Mrs. Eugene Gilmartin; six brothers, Daniel, Eugene, Brian, Michael, William and Patrick.

Brisson Funeral Home is in charge of funeral arrangements.

By JOHN A. SPOLSKI

It's Hard To Understand . . . We have a dedicated individual, completely qualified in water safety and life-saving, willing and anxious to start his classes . . . with names of almost 2,500 who'd like to avail themselves of these free lessons, and there isn't any local facility "available" to him and his group.

Notwithstanding the fact that the City of Sanford does have four swimming pools . . . presently inoperative!

Yesterday, we had two local residents drown and last weekend a visitor to this area lost his life in a swimming mishap.

We're not in a position to determine whether any or all of these lives could have been saved . . . if they would have had the opportunity of attending a class of life-saving. But, if it's a case of "money" for not opening all four pools again this summer, why can't at least one of the pools be opened . . . JUST FOR THOSE INTERESTED IN LIFE-SAVING CLASSES, and only for that period of time required to teach the applicants.

Dr. Tom Largent received a minor blow Sunday. Some months ago he complained to his fellow trustees at Seminole Hospital that "outsiders" were using the physicians' private parking lot. The hospital got busy, rearranged the parking lot and put in a gate. A control box mounted on a post, with a gate, supposed to block the driveway except when the doctors inserted a key in the control box and the gate would rise. Only the gate — finished for several weeks — hasn't been used. The gate for these several weeks had been extended straight up, leaving the driveway open. Sunday a motorist missed the driveway and laid low the control box, gate and post, all laying on the ground.

In betting parlance (I am told) you may often hear the phrase, "Put your money where your mouth is . . ." Evidently, the "Silent Majority" did not put their flags where they should have been yesterday . . . while trying to do a composite of the many homes in the area, it took our photographer more than an hour to fill a "roll" of film, and guestimates that the ratio was one house for every 25 (and then he was being generous in that estimate, he says . . .)

In all of his driving around, there was only one area where two houses . . . side-by-side . . . had Old Glory waving in the breeze.

Bond Ceiling OK 4 Damage Suits Filed In Deaths

By MARION BETHEA

Two civil suits in excess of \$500 have been filed in Circuit Court by William Browder against Edward Fitzgerald and the Government Employees Insurance Company. The suits charge that the defendant on Jan. 10, 1970, at about 7:13 p.m., while under the influence of alcohol which caused his faculties to be impaired, caused the death of Richard Eugene Browder, 17-year-old youth, who was changing a tire on a disabled vehicle at the intersection of 25th Street and Cedar Avenue. The suits have been assigned to Judge Tom Washell and Judge William Abridge, Orlando attorney William Whitaker represents the plaintiff.

Two civil suits in excess of \$5,000 have also been filed in Circuit Court by Lawrence Boggs against Ray Gamme and the Insurance Company of North America in the death of Allen Neil Boggs. The suit charges that Gamme, driver of a city garbage truck, struck the boy on June 11, 1969 at 3:45 p.m. The suit states that the driver had stopped the truck, which was north bound in the vicinity of 137 Pinecrest Drive, and had observed young Boggs riding his bike at the rear of the truck. The driver, the suit alleges, backed the truck in a southeast direction along Pinecrest until it struck the minor. There were no warning horns, bells or whistles, the suit charges, nor did the driver station a watchman or flagman at the rear of the truck. Further, the suit charges, Gamme did not ascertain reasonable safety nor take evasive maneuvers to avoid the youth. The suit has been assigned to Judge Volie Williams. William Tiller, Daytona Beach attorney, represents the plaintiff.

An order setting the six per cent interest ceiling in the wording of the courthouse construction bond issue, which has been validated, has been signed by Judge Roger Dykes. According to the new state constitution the interest rate is 7.5 per cent in the \$2.9 million issue.

LOWERING THE COLORS EAGLE AWARDS were presented to these Scouts (from the left): Ernest Elsea and Ralph (Skip) Elliott, Troop 507, and Michael Crumpton, troop 545, in a Court of Honor ceremony Saturday evening at Silver Lake Scout Camp. Herald Editor John A. Spolski was the speaker for the rites.

Food Stamp Report Scheduled Tuesday

A relatively light agenda faces County Commissioners at a meeting tomorrow.

Mrs. Margaret Cammack will appear to discuss the proposed central sanitary landfill at Ocoee Airfield relative to a prospective buyer for the site and alternative locations. Mrs. Cammack was scheduled at the meeting last week but advised the board that she was not in a position to give a report, and the matter was continued.

A report will be given by Road Supt. J. C. Lavender upon the transfer stations for the landfill. The four present landfills will be utilized as transfer stations, and Lavender was to ascertain their capabilities.

It is anticipated that Commission Chairman John Alexander will give a report upon the progress of the Food Stamp program in the county. The report is contingent upon Alexander's being able to reach Lee McCubbin, of the Division of Family Services for comment.

Public hearings will be continued in a request to remove from A-1 to C-1 and from A-1 to B-LAA property adjacent to Lake Harney for a development to be known as Paradise Bay. Several objections were voiced by commissioners at last week's meeting relative to half the site being in a flood plain area, which will necessitate a considerable amount of fill to bring it to the required elevation.

A remaining request from A-1 Y to C-N on property at the intersection of SR 436 running westerly on the south side of Winter Woods Boulevard is also scheduled in continued hearing. This, too, was the subject for much contention by residents of the area, who oppose the change to accommodate convenience and (Cont On Page 1B, Col. 4)

422 FTU Graduates Hear Astronaut

By MELENDA CASSELLBERRY

"What happens to our world depends more than ever on the individual. It is up to each of you graduates of 1970 to contribute the change in your lives for the better," said Astronaut John W. Young at the graduation exercises of the charter class of Florida Technological University, held in the Orlando Municipal Auditorium, Sunday.

A reception hosted by FTU President Charles N. Millikan was held in Sunshine Park immediately following the commencement.

In 39 years there will be six billion people living on this planet, Young forecast. "Apollo 13 showed us there is hope . . . when all the nations of the world showed genuine concern for the safety of the crew," Young said.

Young cited a few benefits to man from the space program. "Through lunar missions, scientists are able to detect and learn the causes of radiation and weather which tremendously affect earth, and learn to control them for the betterment of mankind. The astronauts also discover lunar rocks and minerals which help them to understand how planets are geologically formed which, in turn, enables us to know where to look for certain minerals in exploring earth.

"The space program is a type of national commitment to correct pollution," Young remarked.

"The single most thing you and I can do to improve the world is to 'brighten the corner where you are,'" said Young to the 422 listening graduates.

"If you take your place in society instead of out, you will be 'well placed,'" he advised. And added that "nothing is more effective than a rebel within a cause."

Sanford graduates include Sybil W. Best, Earl C. Bourquard, Charles R. Brabban, John J. Cannavino, Nancy Charrliza, Nicholas A. Conant, Linda Courier, John Culum, Donald Doyle, James Fay, Charles Huff, Ida Jalliet, Daryl McLain, William McQuatters, Virginia McQuatters, Simon Minick, Phyllis Murphy, Eunice Murray, Glenn Richards, Richard W. Smith, and (Melenda Casselberry Photo)

2-Car Crash

A spectacular two car accident on Interstate Four last night, just north of SR 436 sent three area residents to an Orlando hospital.

According to Florida Highway Patrolman Robert Lovring the accident involving two compact cars occurred at 11:30 p.m.

Lovring's report states that both cars were heading west on the four lane artery, when apparently a car driven by Joseph D. Lieber, 6236 Spanish Oak Drive, Orlando clipped the rear section of a car driven by Rose H. Lycaeus, 59, of 224 Warren Street, Longwood.

This sent both cars rolling down the interstate with the Lycan car turning over 3 1/2 times before stopping. Lieber's car traveled 206 feet before halting. Lieber and two of his passengers, John P. Perkins of Orlando Naval Training Center and Tom Patterson of 1284 Purlain Avenue, Winter Park were thrown from the car as was Mrs. Lycaeus and her Passenger Leona West of 174 Palmetto Street, Longwood.

Mrs. Lycaeus, Lieber, and Patterson were taken to the Florida Sanitarium and Hospital in Orlando for treatment.

Lovring charged Lieber with failure to have this vehicle under control.
