NAS Improvements: \$1 Million By 1963; \$7 Million By 1965, Herlong Declares

By LARRY VERHEIL
A CONVERSATION WITH SCHOOL ADMINISTRATIVE AIDE WALTER TRAGUER:
Reporter: How much is the new air conditioning?
Trager: About \$50,000.
Reporter: How much with-out air conditioning?
Trager: Slightly more.
Reporter: How?
Trager: Well, type of structure will be different and with less window space will cut the cost some five percent.

A CONVERSATION WITH SENATOR DOUG STENSTROM:
Reporter: There's been some talk about your being interested in running for the senate if the reappointment amendment is passed in November.
Stenstrom: I will not be a candidate in 1963.
Reporter: You mean you're not interested in the senate?
Stenstrom: That's right.
Reporter: Any political aspirations at all?
Stenstrom: Not in 1963.
Reporter: What do you mean? In 1964?
Stenstrom: Ha, Ha, Ha.

SOME RANDOM THOUGHTS
Hospital wing open house scheduled for Sept. 23 and Sept. 30... New wing will receive patients Oct. 1... Al Wilson will be acting as mayor this week while Jim Crapps is off up country to think over the fall race... County judge moved into his new offices this morning... 25th St. will be ripped up in about three weeks... John Kader remodeling his store on Park Ave... First on the beautification list... Someone left the rear of the lion's cage open over the weekend... Bus 68 in Oviedo still hauling 50 kids per day.

The Seminole Warriors started a skin that the football team and their many fans hope will last a LONG time—they kept their goal line "pure and undefiled"... Their Titusville opponents led them in all the statistics except passes completed, distance for yards... And, of course, that very important one—the final score!

Speaking of that game, the cavalcade of cars that swept SR 46 as the Seminole fans descended on Titusville spread out for "more than a mile even at the slowed down pace of bumper to bumper" as they approached the football field... It caused one Titusville native to remark that "they're more of 'em here than there are of 'em"...

This Friday's fracas is at Memorial Stadium against Edgewater... It should be a loo-loo... And the pep of the local fans will be matched by that of the visitors... They think that the Orlando club is "THE BEST"...

Buck Metts' Greyhounds are "off and running" too... Gave the Lyman folks a real thrill with their 26-0 win over Crystal River... And they liked what they saw in Paul Blackford's ball-tossing—and the way the "lads up front" opened the gate for him.

Memorial Hospital's Bob Bassener has a little less than two months to find a "scarce-as-hen-teeth" director of nurses to replace the capable Mary Detyens... She joins the exodus of Sanfordites who are on the staff of Braley Odham's Florida Care, Inc... Lessee, now—Rose Hanum, Don Graevemier, Mary Detyens, Bill Bentley—well, at least Braley knows where to come for GOOD people!

The Navy has an extensive improvement and development program for the Sanford Naval Air Station over the next few years. Congressman A. Sydney Herlong Jr. told the base personnel when he visited the base today.
"In addition to the works that are now being completed at the Sanford Naval Air Station," he said, "there are ambitious plans in the making for future enlargement and improvement of the Station. Projected for 1963 is the Trainer Building, and this not only will provide training facilities for Atlantic Coast pilots but also will take over the training of the Pacific Coast pilots as well in the next several years.

This will mean that a much larger number of trainees will be using the base.
Also authorized in emergency construction of three buildings which will cost approximately \$1,300,000. The first building will house the Avionic System, the second will house the Aircraft system and the third will be a 300-man barracks. All told, this will run into an expenditure at the Sanford Naval Air Station during 1963 of one million, six or seven hundred thousand dollars.
"Looking further into the future, for 1965, it is proposed that about \$7,000,000 be spent at the Sanford Naval Air Station.

Construction would include a cross-wind runway, a control tower, an extension of the sewer system, a bachelor officers' quarters and mess, and an operations building. These latter projects are up for consideration now and are fairly high on the list of projects which will be considered in the military construction program for 1965.
"We have had repeated assurances that the Sanford Naval Air Station will continue as an important naval facility. These plans appear to put down a clincher on those assurances," the congressman added.

Congressman Herlong Here For Visit

THIS IS A VIEW OF THE damage to the windshield of a car driven by Charles F. Lee, Sanford, when he struck Ronnie Howard and three other boys riding their bicycles South on Sanford Ave., last Saturday night. Howard's head struck the windshield and he suffered severe lacerations. (Herald Photo)

Speeding Car Hits 4 Boys

Near midnight Saturday, Charles F. Lee, 24, a commercial fisherman, of Sanford, driving at a high rate of speed south on Sanford Ave., plowed into four boys riding their bicycles, single file, also southbound. Severely injured was Ronnie Howard, 15, of the Gladesville section. Lee left the scene of the accident.
Young Howard was thrown onto the hood of Lee's car, and his head went completely through the windshield, his body twisted and writhed until he fell off the car, resulting in serious lacerations completely encircling his head, and in a number of fractured ribs.
After Howard fell off witness said they heard Lee accelerate as he left the scene.
The boys were riding in single file down the highway and Harry Wilkin, 14, Gladesville, being last in line heard the approach of Lee's car, he turned and saw the car bearing down on them, and took to the ditch. He wasn't injured, but was badly shaken up.
The other boys, Douglas Shuck, 16, and James Winter, 15, tried to make the ditch but were sideswiped by Lee, who then struck the Howard boy. According to Lee he saw them, and when he hit the Howard boy he panicked and drove on. He took a round about way to his home, where he told his wife about the accident and then went to the Sanford Police Department and turned himself in, where he was found by FHP Trooper Bill Stringfield. Stringfield was assisted in his investigation by Trooper J. L. Siker. Stringfield said Lee was being held without bail at the city jail and will be brought before Judge Ver-non Mize this afternoon on charges of reckless driving and leaving the scene of an accident in which personal injuries were involved.
Winter was taken to Seminole Memorial Hospital and treated and released 'or bruises on his left leg and Shuck was treated and admitted for bruises and abrasions.
This morning hospital authorities said Howard's condition was only fair.

Speaking of that game, the cavalcade of cars that swept SR 46 as the Seminole fans descended on Titusville spread out for "more than a mile even at the slowed down pace of bumper to bumper" as they approached the football field... It caused one Titusville native to remark that "they're more of 'em here than there are of 'em"...

Any Opinions?

If any Seminole County customers of the downtown Sanford shopping area have opinions they would like to express on what should be done to make the area more convenient and attractive for the public, The Herald invites them to fill out the coupon below and send it in as part of a public poll.

3 Naval Officers Astronauts Chosen

HOUSTON, Tex. (UPI)—Nine new U. S. astronauts, including veteran X15 rocket plane pilot Neil Armstrong, were introduced to the nation today. One probably will be the first American to set foot on the moon.
The second generation of spacemen includes three Navy and four Air Force officers and two civilian test pilots. The original seven astronauts all were military men.
The new astronauts were presented at Houston, site of the manned spacecraft center where preparations are being made for the two-man Gemini space flights and the ultimate goal — the Apollo three-man flight to the moon.
The nine:
Neil Armstrong, 32, of Wapakoneta, Ohio, a veteran civilian test pilot for the National Aeronautics and Space Administration on the X15 rocket plane program at Edwards AFB, Calif.
Air Force Maj. Frank Borman, 34, of Gary, Ind., research pilot instructor who has 2,600 hours of jet flying time.
Navy Lt. Charles Conrad Jr., 32, of Philadelphia, a former flight squadron safety officer with 1,500 hours of jet flight time.
Navy Lt. Cmdr. James A. Lovell, 34, of Cleveland, Ohio, former flight instructor and also a former flight safety officer. He has 2,300 hours of flying time, including 1,600 in jets.
Air Force Capt. James A. McDivitt, 33, of Chicago, an

experimental flight test pilot who has logged 2,500 hours of flying time including 2,000 hours in jets.
Elliott M. See Jr., 35, of Dallas, civilian experimental test pilot for General Electric Co. He has more than 3,200 hours in the air, including 2,300 hours in jets.
Air Force Capt. Thomas P. Stafford 32, of Weatherford, Okla., a test pilot with more than 3,500 hours of flying time, including 2,800 hours in jets.
Air Force Capt. Howard H. White II, 32, of San Antonio, Tex., an experimental test pilot with 2,900 hours of flight time, including 1,700 hours in jets.
Navy Lt. Cmdr. John W. Young, 32, of San Francisco, a one-time maintenance officer who has logged 2,300 hours of flying time, 1,800 hours of it in jet craft.
The destination of these new astronauts all 35 years of age or under, is the moon in five years—or less.

news... BRIEFS

No Support
LONDON (UPI)—Prime Minister Harold Macmillan failed to get commonwealth support today for Britain's proposed entry into the European Common Market.

Building Crumbles
BRUSSELS (UPI)—A four-story government building weakened by excavation work next door crumbled and collapsed like a house of cards with about 50 persons inside today.

Rain Hits
By United Press International
Rain washed scattered areas from northern Michigan to the Texas Panhandle during the night. Rochester, Minn., cleaned up the debris left by two tornadoes.

Plea To JFK
MIAMI BEACH (UPI)—The 11th constitutional convention of the United Steelworkers of America opens today with a plea to President Kennedy to "strike out boldly" for new anti-recession laws.

Hunt Border
BERLIN (UPI)—Fifteen Communist guards with seven dogs searched a border area close to the American sector today, presumably for an East Berliner trying to flee across the anti-refugee wall.

Violence
SANTO DOMINGO, D. R. (UPI)—Violence which left a number of persons wounded here and in the northern coast city of Puerto Plata Sunday marred the proclamation of a new constitution and scheduling of presidential elections Dec. 20.

Refugee Tells Herald: Castro In Trouble

(Two weeks ago the Herald mentioned having established a contact with the Cuban anti-Castro element. This is the first story obtained through a conversation Friday night. Soon we will begin to receive regular bulletins from Havana, put out by the underground for distribution to sympathetic American groups.)
Castro has troubles.
We set across the table from Jose, an ardent worker for the anti-Castro elements in Cuba who spends a great deal of time off from his Orlando job maintaining contact with the Cuban dissidents, and acting as a liaison between them and the leaders of the opposition here in this country.
Thursday night Jose returned from a secret trip to Cuba.
The news he brought back is startling, to say the least. To put it bluntly, the fuse is getting short. And Castro knows it.
Jose was originally associated with Castro when the main effort was to displace the much disliked Batista regime, which had been making the country dry for years. Batista was in the tradition of the Latin American caudillo, who would take over by revolution and rule with a strong hand.
After years of this, there grew up in the far southeast end of Cuba a movement to overthrow the regime.

Let Congress Decide On Cuba--Keating

WASHINGTON (UPI)—Sen. Kenneth B. Keating, (R-N. Y.) said today Congress should make its own decisions on what should be done in the Cuba crisis and "not attempt to read the mind of the President."

Keating made the statement to a joint meeting of the Senate Foreign Relations and Armed Services Committees. The session was called to get the administration's views on a resolution to give congressional backing to any action Kennedy might take in regard to Cuba.
The House Foreign Affairs Committee was considering a companion measure sponsored by Chairman Thomas E. Morgan, D-Pa., and Chairman Carl Vinson, D-Ga., of the Armed Services Committee.

Secretary of State Dean Rusk was the top administration spokesman before the Senate group. William P. Bundy, assistant defense secretary for international security, represented Robert S. McNamara.
Before they were heard, Keating and Winston L. Prouty, R-Vt., urged approval of stronger proposals than those offered last week by the Democratic congressional leaders.
Keating said it was "dangerous and unrealistic" to call the present military buildup in Cuba only defensive, as Kennedy has done.
"Who is to judge whether a gun, a tank, a torpedo boat, a military plan, is intended for offensive or defensive purposes?" he asked in a prepared statement.

Prouty urged support for a resolution specifically mentioning the Monroe Doctrine and giving the President additional powers to cope with the situation.
The County then decided the land to the State Board of Education without a reverter clause, and the city immediately filed a quit claim deed to the Board cancelling their reverter clause.
Under this arrangement the land belongs to the State Board of Education and any efforts to recover the use of the property by the county for a new county home will have to be carried on with the state people, according to Beckwith.

Reds Swamping Cuba; Tents Barracks Needed

NEW YORK (UPI)—So many Russians have been arriving in Cuba recently that the Fidel Castro regime has been forced to put them up in barracks and tents, according to The New York Daily News.
The News said reporter Anthony Burton, a British subject, to the island eight days ago to obtain a story on Russian "technicians" who are arriving daily. He returned to Miami Sunday and filed an eyewitness report.
Burton said observers in Cuba feel there are at least 10,000 Russians, including women, on the island. He said Castro is trying to hide their main camps from news-men and no reliable figures were available.
He said many of the Russians are living in buildings converted to barracks. Others are forced to live in tents just a few inches apart.

Newsletter Hits Out On Water Rates

Some 1,000 copies of a United Citizens of Casselberry newsletter strongly opposing a raise in water rates as requested by the Casselberry Utility Co. were mailed out early Saturday.

The letter points out that Casselberry Utility is operating under a franchise guaranteeing the present rates until Jan. 1, 1963 and calls for any change in the franchise to be put before the people through a referendum vote to be included on the ballot for December Municipal Elections.

It also states that the proposed hike, which the company is requesting in order to make certain improvements required by the State Board of Health, would raise costs by some 30 per cent to 0.800 gallons and would cost as high as 80 to 70 per cent more for those who use a great deal of water.

The people, warned in the letter that Alderman Cliff Overman, George Howard and Paul Bates indicated by their votes last week that they intend to grant the water rate hike, are asked to attend the continued session tonight in opposition of the "steam roller tactics of H. G. and his boys."

The meeting will be held at 7:30 p. m. in the Women's Club building on Overbrook Drive.

Car Upsets, Skids On Roof Into Tree

Early Saturday morning, Glen Gibson, 23, RNAS, failed to negotiate the Elder Springs curve on SR 427, turned his over on its roof, and skidded. Little European economy model upside down, into a tree.
Gibson turned his car back on its wheels, and when it wouldn't start, hitch-hiked back to the Naval Air Station, where he was found in his bunk by FHP Trooper Bill Stringfield about 6:50 a. m.
Stringfield charged Gibson with failure to make an immediate report of the incident and failure to have his vehicle under control. Damages to the little Italian car totaled \$500.

Refugee Tells Herald: Castro In Trouble

skills, as though they were grown men.
That, says Jose, is the reason action must be taken now, and cannot wait. And they tell him in Cuba the action is much more imminent than anybody here imagines. President Kennedy's tough words at his Thursday news conference carried a hint of foreboding for Cuba.
It is the opinion of the anti-Castro elements that Fidel is not a confirmed Communist. He is the victim of pressure. Che Guevara and Raul Castro are the Reds. But it is Fidel that will have to pay the piper. And the price will be high, very high, Jose says.

Sabin Immunization Set

By United Press International
 Most of the nation's health authorities have adopted a wait-and-see attitude about the cherry-flavored Sabin Type III polio vaccine.

U. S. Surgeon General Luther Terry was taking an extra measure of caution in recommending that adults not be given Type III, state and local health authorities were pretty much in agreement.

Most made no plans to cancel immunizations scheduled with Types I and II, but where new-type Type III immunizations already had been planned they were suspended pending further study.

Terry, after a day-long meeting with Public Health Service and other medical advisers, made the recommendation Saturday.

He said the nation's mass immunization program using the Sabin vaccine should continue with all three types for those of school age and with Types I and II for adults.

But Terry stated that the final decision on how to administer the immunization program would rest with state and local authorities.

He said a special report was

being prepared and its results would be made public "within the next few days."

The health committee sessions were touched off after the Canadian government ordered an end to the use of the Type III vaccine because of its possible link with polio cases.

Terry noted that in the United States 40 million persons had been given the vaccine, and only 16 cases of polio has been reported. Thirteen of these followed administration of Type III, he said.

Terry indicated that those

who have already taken Type III should feel no concern. He said many local authorities may decide to administer all three types of vaccine to persons of all ages, despite his committee's recommendations.

Secretary of Health, Education and Welfare Anthony Celebrezze concurred with Terry's view. He declared on a national television show that the chances of getting polio after taking the vaccine are "one in a million." Celebrezze said he himself took the vaccine last July and would take it again.

No Need To Hike Gold

WASHINGTON (UPI) — For Jacobson, manager director of the International Monetary Fund, said today that "formidable lines of defense" protect the dollar and remove any possible need for an increase in the price of gold.

Jacobson, a highly regarded Swedish economist, lined up solidly behind the U. S. view that gold guarantees for foreign dollar holders have "no merit" and that the official U. S. gold price should re-

main at \$35 an ounce.

It has been suggested, mostly abroad, that the price of gold should be doubled to increase the world's financial resources. Raising the gold price would be tantamount to devaluing the dollar, the major reserve currency held by other nations.

President Kennedy has said the United States will not devalue. He undoubtedly will reaffirm this stand in a speech Thursday to free world fi-

nance ministers gathered here for the annual conference of the Monetary Fund and World Bank.

Jacobson told the conference's opening session that the international currency situation was stronger and more stable than at any time since World War II. As this becomes better understood, he said, confidence in the dollar and British pound "will be reinforced."

Fears of a race among gov-

ernments to acquire gold and convertible currencies — a "scramble for reserves" — have been "exaggerated out of all proportion to reality," Jacobson declared.

He said the flow of dollars and gold out of the United States in recent years had led to a redistribution of financial assets and "one country after the other is beginning to think" its reserves are adequate.

NEW TEACHERS AT PINECREST SCHOOL gather in the library during the second week of school. From left seated are Mrs. Linda McKee, second grade; Mrs. Esther Hindman, sixth; Mrs. Cathy Harrison, fifth; Mrs. Marilyn Farmer, third; Mrs. Jere Stanelly, music and Mrs. Corinne Lowrey, second. Standing are J. E.

Springston, sixth; Mrs. Barbara West, fourth; Mrs. Elizabeth Gallant, third; Miss Helen McMullan, fourth; Miss Linda Kaufman, fourth; Miss Dede Sharon, fourth; Mrs. Cathryn Hubbard, sixth and Fremont Long, sixth. (Herald Photo)

Eddie, Ted Both Predict Demo Senate Wins

BOSTON (UPI) — Teddy Kennedy and Eddie McCormack both predicted victory today in Tuesday's battle for the Democratic nomination for U. S. senator. But they were so cautious that they sounded like a couple of fellows trying to whistle their way past a political grave yard.

"I will win, but it will be very, very close," Teddy said.

"I'm confident I will win, but I'm not predicting by how much," Eddie said.

Teddy is Edward M. (Ted) Kennedy, youngest brother of President Kennedy. Eddie is Edward J. McCormack Jr., state attorney general and nephew of House Speaker John W. McCormack.

Boston bookmakers rate it even—"six to five and take your pick," which means you put up \$6 to win \$5 either way. The bookie pockets the other dollar against a rainy day at the race tracks.

The Teddy - Eddie show, which has been on the road since last spring, appears to be a smash hit with the voters. A record turnout of 1.1 million is predicted for Tuesday. That will be 250,000 more than voted in the primary of 1960, a presidential year which usually pulls people to the polls.

Republicans also are choosing a candidate for U.

S. senator Tuesday, but they have been forced to take second billing to the Teddy-Eddie spectacle. George Cabot Lodge, son of Henry Cabot Lodge, is running against Rep. Laurence Curtis. Lodge appears to be a slight favorite despite the fact he is only 33 years old and a rookie in the great game of politics.

Lodge's confidence exceeds that of the political experts because he claims a big victory for himself and furthermore has decided that Teddy is going to beat Eddie. Much of his last minute campaigning has been devoted to advising the voters how he will take Teddy to the cleaners in the November election.

What makes the Teddy-Eddie contest difficult to figure is that nobody can say for sure how many votes will swing on the issue of—borrow the title of a durable soap opera of the air waves—"One Man's Family." Democrats who are privately convinced that two Kennedys in Washington are enough are likely to keep their mouths shut rather than alienate the political powers in the nation's capital.

gro Samuel Hendles, both of Gainesville.

Everett B. Brown of St. Petersburg, was killed Friday night in a car-motorcycle accident in St. Petersburg.

William Charles Rhoden, 29, of Lake Butler was killed Saturday in an accident just south of Lake Butler on State Road 21.

Adolph Edward Maletta, 45, of Cocoa Beach was killed Saturday in an accident in Cocoa Beach.

Miamian Jennings D. Howard, 39, was killed Saturday when his car rammed into a banyan tree in Miami after he suffered a heart attack.

ed that to the trained artist's eye, a tan cow, lying under a green tree, with reflections from the blue sky, may look purple, and shades of this color would be used in painting.

Dr. Giles pointed out the emotional and spiritual effects of the color spectrum with the "hot" shades of yellows and reds and the "cool" shades of green and blue.

He encouraged beginning artists to continue with their work under the old adage that practice makes perfect and there is much to be gained from experience.

In a brief business meeting it was announced that the Sanford Art Association will make huge plywood Christmas cards with which to decorate downtown Sanford during the Christmas season. Work on the cards will commence soon, new president Mrs. Mildred Babcock said.

Weekend Traffic Accidents Leave 9 Dead In State

MIAMI (UPI)—Traffic accidents in Florida killed at least nine persons this weekend, including a North Carolina man who wrecked a stolen car Sunday near Plant City.

Police said James Rufus Duggins Jr., 35, of Kernersville, N. C., apparently fell asleep at the wheel of a stolen car. The car flipped over twice killing Duggins on State Road 60 north of Plant City.

An accident in Orlando killed David Oliver Cowles, 19, of Orlando.

Dan Johnson, a 47-year-old Negro from Fort Lauderdale died in an accident in Fort Lauderdale Friday night.

Two separate accidents in Gainesville killed Carl Maxwell, 47, and 66-year-old Ne-

gro Samuel Hendles, both of Gainesville.

Everett B. Brown of St. Petersburg, was killed Friday night in a car-motorcycle accident in St. Petersburg.

William Charles Rhoden, 29, of Lake Butler was killed Saturday in an accident just south of Lake Butler on State Road 21.

Dol Ray Manor 4-H Mothers Plan Meeting

By Shirley Wentworth
 Mothers of the Dol Ray Manor area 4-H Girls Club will meet at 10:30 a. m. Wednesday at the home of Mrs. Thomas Brockenbrough on Genevieve Drive in Dol Ray Manor. Mrs. Brockenbrough is co-leader of the club.

Mrs. John Groves of Weathersfield, leader, and mothers will outline the program for the coming year.

Mrs. Groves has asked that ladies of the area interested in the program volunteer to serve as pilots for the club which are needed for instruction in child care, cooking, sewing and other homemaking fields.

Those interested may contact the leader at her home on Notre Dame St. in Weathersfield.

Everyone Affected By Color, Local Art Assn. Hears

The use of color in homes, offices, hospitals and any other rooms where people live, work or play has a very definite effect on them, whether they know it or not, Dr. Charles Giles president of the Florida Federation of Art told members of the Sanford Art Association Friday.

More than 45 persons attended the dinner at the Capri Restaurant, which was preceded by a social hour. Besides Dr. Giles' lecture, new officers for the year formally took office.

In illustrating his statement that there are such things as "purple cows," Dr. Giles stat-

ed that to the trained artist's eye, a tan cow, lying under a green tree, with reflections from the blue sky, may look purple, and shades of this color would be used in painting.

Dr. Giles pointed out the emotional and spiritual effects of the color spectrum with the "hot" shades of yellows and reds and the "cool" shades of green and blue.

He encouraged beginning artists to continue with their work under the old adage that practice makes perfect and there is much to be gained from experience.

In a brief business meeting it was announced that the Sanford Art Association will make huge plywood Christmas cards with which to decorate downtown Sanford during the Christmas season. Work on the cards will commence soon, new president Mrs. Mildred Babcock said.

Clinic Mothers To Organize At New School

By Jane Casselberry
 Mrs. Grace Fisher, county health nurse, will meet with interested mothers of South Seminole Junior High Students at 9 a. m. Tuesday to organize a Clinic Mothers group for the new school.

The meeting will be held in Room 16 and all mothers who can and would like to volunteer services for the program are urged to attend.

ed that to the trained artist's eye, a tan cow, lying under a green tree, with reflections from the blue sky, may look purple, and shades of this color would be used in painting.

150 At Meeting To Hear State Moose Director

SANFORD MOOSE MEMBER Bob Small, center, gets a congratulatory hand shake from State Director Jim McKeone, left, and a pat on the back from Lodge 1851 Governor Otis Sjoblom, right, for being the first of the local group to win the diamond ring offered during the order's Jubilee Year for 12 new memberships. Small, himself one of the newest members here, received recognition at last week's special meeting of 1851. He has signed 13 new members and leads the state in the current membership campaign. (Herald Photo)

State Moose Director Jim McKeone of Clearwater, special guest speaker for last Wednesday night's meeting of Sanford Lodge 1851, was welcomed by one of the largest groups ever to attend a function of the local lodge. An estimated 150 members, wives and guests were present to hear McKeone who spoke after the Orlando Degree Team conducted enrollment for 32 new members. The lodge met for this special occasion in the Lake Mary Fire Hall in order to provide necessary seating arrangements but it was still "standing room only" for many of those attending. Officials and dignitaries present from lodges in Orlando, New Smyrna and Leesburg were welcomed by Lodge 1851 Governor Otis Sjoblom and introduced by McKeone.

Repeating the Moose creed, "A Helping Hand in the Hour of Need," the director opened his talk by telling of the Order's humble beginning 75 years ago in America with less than 250 men. He told of its struggles through the depression years and of its growth despite problems presented by the nation's financial distress, emphasizing that the increase in membership came "because Moose understood the needs of men."

The women were highly praised for their work during those years when they began raising funds for the \$100,000 high school at Mooselhart, the lodge supported orphanage which was dedicated in 1913 and was first housed in a large circus tent borrowed from Ringling Bros. They also received recognition and commendation for their recent contribution of another \$100,000 to build a fishing pier and sea wall at Mooselhart, the retirement home on the St. Johns River at Orange Park now in its 50th year. Touching briefly on the financial structure of a lodge, McKeone explained

that of each \$5, two goes to Mooselhart, two to Mooselhaven and \$1 to the national organization which supports various programs for old people and children on the average of one a month. An invitation to attend the State Moose Convention scheduled this weekend at Hialeah was extended by McKeone who, in closing, jokingly remarked "the horses won't be running but the Moose will."

Buffet refreshments were served at the close of the meeting in the adjoining room where the large sandwich and snack laden table was centered with a mammoth cake baked and decorated down to the last detail in exact replica of the moosehead emblem. The local organization of lodge wives, which has grown in three months to a membership of 50 women, were in charge of the social hour.

The Sanford Herald Sept. 17, 1962 — Page 3

Instructors Attend Safety School

Six members of the Seminole County Water Safety Committee attended a three day

Aquatic School at Camp We-wa in Plymouth recently, studying with nationally famous water safety instructors. Wally Van Clausen, former national director of small

craft and former Olympic Canoeing coach conducted a course in rowing and paddling and Nathan Mallison, superintendent of recreation for the city of Jacksonville was the speaker of the evening, Saturday.

Jack Horner, assistant chief safety engineer for Martin of Orlando demonstrated Resuscit-Annies for the more than 40 instructors gathered at the camp.

Other courses offered included the use of rescue equipment such as ring bouys, torpedo bouys, grappling irons and paddle boards. Outboard boating was presented by Vincent Holmwood, chairman of small craft of the Orange County Chapter of the American Red Cross. Water skiing, scuba diving, sailing and competitive paddling were also taught.

The food service was under the direction of the Orange County Chapter Disaster Canteen Service, headed by Mrs. Marie Tyson and Mrs. Rose McCoy. Those from Sanford attending included Mr. and Mrs. Jack Horner, Mrs. Reba McFarland, Miss Sally Neider, Mrs. Martha Kilpatrick and Rusty Horner.

They also received recognition and commendation for their recent contribution of another \$100,000 to build a fishing pier and sea wall at Mooselhart, the retirement home on the St. Johns River at Orange Park now in its 50th year. Touching briefly on the financial structure of a lodge, McKeone explained

that of each \$5, two goes to Mooselhart, two to Mooselhaven and \$1 to the national organization which supports various programs for old people and children on the average of one a month. Small Business Asked To Bid On Pavilion

Bids are being taken at the Naval Air Station on the construction of a covered pavilion complete with patio seats and lighting to be erected at the Lake Golden recreation area. The bid invitation was notable in that it stated that the procurement is limited to small business concerns only. The notice stated that the action is based on a determination by the contracting officer, that it is "in the interest of maintaining or mobilizing the nation's full productive capacity, in the interest of war of national defense programs, and in the interest of assuring that a fair proportion of government procurement is placed with small business concerns."

The small business concern is defined as one that is independently owned and operated and is not dominant in its field of operation and average annual receipts of the concern and its affiliates for the preceding three years are \$7,500.00 or less.

Lyman Boosters Set Meeting

By Jane Casselberry

Job Well Done

After years of devoted and untiring service to the patients of Sanford Hospital here, Mrs. Mary Debraux has given the hospital staff the satisfaction of a new job, to be exact, the position of director of a new unit of the hospital, the new Florida Care, Inc.

The new position will give Mrs. Debraux more room to exercise her talents in her chosen profession. The nursing of the aged, or geriatric nursing, is a new specialty in the field and one which will challenge the ingenuity and skill of Mrs. Debraux in developing methods of care specifically for the life and instruction of the aged.

Mrs. Debraux will find the psy-

chological and spiritual insights required in her new field, to be unlike any other she has ever needed. But with her developed skills she will be able to meet these challenges by adaptation of her deep fund of knowledge and experience.

The loss of the Sanford medical and social community will be the enormous gain of Florida Care, Inc. We regret that Mrs. Debraux feels she must leave her field of service here. We also rejoice that we have had the services of a woman so dedicated to her profession, and that she has shared her skills with us for the past seven years.

She is joining the ranks of pioneers in this relatively new field of medicine. The Herald wishes her all the good luck in the world in her new nursing adventure.

Dr. Crane's

Worry Clinic

Let's just list the thousands of other college freshmen who will find out of school before the end of the first semester. For those young folks cannot read swiftly! You parents can help lower your children's reading grade, even in high school, by the methods outlined below, or throughout this year.

CASE N-451, Lake O., aged 18, is a college freshman. "But Dr. Crane," she moaned, "I am not a fast reader so I could spend the entire night on my various reading assignments and still not finish them."

"Indeed, I don't seem to remember much of what I do read, so I just know I shall get low grades and be forced to drop out of school by next term unless some miracle happens."

"Can you please offer me that miracle?"

Yes, indeed, for there is a definite way by which any normal person can seem his reading rate, as well as his retention of what he reads.

First, Lois should spend a few hours each week in a "Reading Clinic," such as many colleges now conduct. Therein the students can easily quadruple their reading speed just by having pages of copy flashed in front of them

for a few seconds at a time. For many years in our psychology laboratories we have used a machine called a tachistoscope which lets us expose printed copy for brief moments of time.

Nowadays, an adaptation of this machine is employed in many high schools and colleges to speed up the reading rate of slow readers.

Some formerly very slow readers who could spend all evening stumbling through a couple of chapters in a week, will now slip through a 400-page volume in the same evening.

"Yes, Dr. Crane," you may protest, "but do they absorb what they read so swiftly?"

Yes, they do, and we prove that by giving them tests over the printed copy they have covered!

They make just as high scores, (and often higher) than the folks who pore over those same pages very slowly.

Indeed, our psychological tests in past years have also proved the falsity of the old maxim about being "Slow but sure."

That is wrong. "Fast but sure" has been demonstrated to be the rule, for fast workers and fast readers make fewer mistakes than the "Slow but sure" people.

You parents can teach your children faster reading by a simple game that is fun. Buy two or three copies of this newspaper. Then give each of your children the comic page, face down (or the editorial page, sports page, etc.).

Then, at your given signal, let them turn the page face up and scan it as rapidly as possible while you allow them maybe 10 seconds.

Then you can call "Time!" This means they must turn the comic page face down.

Then ask them one or two questions on each one of the many comic strips and single panel cartoons on that page.

You will find that even a few days of such reading games will produce a child remarkably. For he will tend to look at the WHOLE page instead of concentrating on one cartoon at a time.

He will thus learn to grasp ideas instead of spending time on unimportant words such as "and," "the," "an," etc.

For he will soon develop the habit of grabbing the nouns and verbs that carry the main ideas, which is the basic secret of faster reading. For further advice, send for my booklet "How To Tutor Your Child At Home," enclosing a stamped, return envelope, plus 20 cents.

Letters

To The Editor

P. O. Box 87
Williamsburg, Va.
Sept. 13, 1952

To The Editor:
After reading all the debate about the parking on First Street in the Herald, I'd like to express my opinion. You have a street wide enough and the Beautification Program sounds wonderful. I think it would be simple to follow the example of most towns and cities today and eliminate all parking on First Street between Sanford and Oak Avenues, and keep your two way traffic. The people of Sanford do not realize how lucky they are to have such a large and convenient free parking lot for downtown shopping. The way to attract people to stores is by making the street pleasing to the eye and that means a little effort of the stores in window displays, as well as painting the store fronts and putting in planters along the street. By all means keep the overhangs along the street. Other cities are putting them on the stores and everyone will admit they are needed in the Florida sun and rain.

The longer I stay away from Sanford the better it will look to me with no improvements at all. All cities are fighting the shopping centers but the smart merchants are making their stores more interesting and attractive, in order to keep customers and in my opinion spending the taxpayers money unnecessarily is not the way to improve public relations.

Ruth H. Gallagher
1717 Park Ave., Apt. No. 1
Sanford, Florida
Sept. 13, 1952

Dear Editor:
Along with my opinion for your poll, I wish to express my appreciation of your newspaper. I am a new resident, and this is my first experience away from a metropolitan newspaper. I find it concise and pertinent to TODAY. It is tremendously satisfying to me to read a newspaper all through in one sitting and feel that I've read the news.

Today I make special note of your "Letters to the Editor" written by Vernon Dunn. I have been thinking precisely what Mr. Dunn wrote. But what can an individual do about it? This is the dilemma of us all in who have a substantial—and personally needed—portion of our incomes taken away before we even see the paycheck and doled out into wastebaskets. I wouldn't mind if it were helping someone, somewhere, but I strongly suspect it is doing more harm than good, especially to the low-range welfare of the U. S. A.

Yours very truly,
E. K. Lowe

Dear Sir:
In your editorial comment, "Library Boost," Thursday, August 30th, we are pleased to note your interest in the importance of libraries. We would like to call your attention to the Longwood Public Library. This library has served the surrounding communities since 1912. It is the special project of the Longwood Civic League (Woman's Club). It is supported by the Club with an annual tag day and other money making projects. This past year we have enlarged the library section of our building. There are approximately 5,000 books on our shelves, and it is free to all in this area. It is staffed by our dedicated librarians, Mrs. John Hanner and her two able assistants, Miss Dorothy Heath and Mr. Charles Stewart. The hours are Tuesday—7 to 9 p. m.; Thursday—3 to 5 p. m. and on Saturday 9 to 12 a. m. We would like to have you visit us at your convenience. May we take this opportunity to thank you for your fine cooperation in publishing our items of interest from time to time.

Sincerely,
Lillian Cox, Pres.
per Leola Pritann, Cor. Secy.
Longwood Civic League
Member of Seminole County
Federation of Women's Clubs.

Dear Sir:
I enjoy reading your column very much, but concerning attached clipping which appeared in today's paper, I believe you slipped up a little.

As a past president of the Zeta Xi Chapter of Beta Sigma Phi sorority, I feel I should let you know that "The Little Red Schoolhouse" has been our major project for the past three years and still is. For a chapter of fifteen to twenty girls we feel we have made a number of very nice contributions and I assume you were speaking of money. Your paper has been most generous in giving us publicity. We are very grateful and we appreciate Mrs. Farmer very much. There have been a number of articles and pictures in the past concerning this most worthy cause, I'm sure you must have read them and just forgot. Maybe an apology or correction could appear in your column. We the Zeta Xi girls deserve all the credit we can be given. Patting ourselves on the shoulders gets kinda old. Thank you very much. Very truly yours, Mrs. Robert Reeves, Publicity Chairman

Matter Of Fact

The French chef may criticize the American housewife for using canned foods, but credit the French, themselves, for first inventing the canning process. Specifically, Francois Appert, a Parisian confectioner, succeeded in 1809 in preserving foods in especially made glass bottles which had been kept in boiling water for varying lengths of time.

Political Notebook

WASHINGTON (NEA) — A principal reason why the Communist party in the United States has been able to stay in business is that the federal government has not been able to get at its source of funds. American Communist leaders constantly claim that the party is broke. Government officials know that it is not, for it continues to print propaganda and stage organizing rallies. Whenever the party gets in a pinch—to fight legal battles against government prosecution or to raise defense funds for Communist fugitives to trial—money is always forthcoming. One of the few successful government efforts to tap Communist funds has been in the seizure of posted bond money when convicted Communists have jumped bail to avoid imprisonment. The most recent is late Communist spy Robert A. Soblen's forfeiture of \$100,000 bond when he fled to Israel to escape life imprisonment. This bond consisted of \$10,000 cash posted after his arrest in 1950, plus \$90,000 more in cash and \$90,000 in government bonds furnished by his non-Communist New York attorney. Convicted spy Gerhard E. Eiler forfeited \$23,000 bond when he fled the country on a Polish liner to avoid imprisonment. Four of the 11 top U. S. Communist party officials convicted in 1951 forfeited \$30,000 bail each when they fled to evade imprisonment. They were Gus Hall and Robert G. Thompson, who were later apprehended, Henry Winston and Gilbert Green who later surrendered. All served extended sentences. But the \$303,000 in forfeited bail is about all the government has collected. For six years, United States Internal Revenue Service tried unsuccessfully to collect from the Communist party U. S. A. \$381,544.83 in unpaid taxes and penalties on 1951 income. To protect this claim, Department of Justice filed suit to collect the amount last March. Communist lawyers are fighting the case, now pending before United States Tax Court, with every petition they can dream up. A long action is in prospect. It is claimed that the Communist party U. S. A., is a political association and that since income taxes are not collected from Republican, Democratic, Socialist or other parties, the Communists should also be exempt. If this should be affirmed, it might subject the Communist party to prosecution for failure to report its finances to Congress. But this legal ditch has yet to be crossed. Communist evasive legal tactics over the last six months show how the party bleeds prosecution and the up courts. Politicians find by party counsel John J. Abt said dismissed of the suit, claiming that the party has no taxable income, that expenses always exceed receipts, and that because of government harassment, the party kept only payroll records. It is also asserted that the most notable penalties for failure to keep books and that the court lacks jurisdiction. So far the court has denied all petitions. In June the government subpoenaed Phil Bart as party treasurer and ordered him to produce party financial records. Bart, on court appearance, took the fifth amendment frequently but testified that he was only an acting financial official for about a year in 1950-7. He signed checks to pay party bills but he kept only daily

Essential For U. S. To Back Exile Government—Smathers

WASHINGTON (UPI) — Sen. George A. Smathers, (D. Fla.), said today it was essential that the United States recognize a Cuban revolutionary government in exile. He said the Cuban exile government, as the legally recognized leaders of the Cuban Government, could call on the alliance for help against Castro. "If the day ever came and it is in the wisdom of the leaders the time was propitious," Smathers said, "the military alliance would probably be led by the Cuban freedom fighters in any landing." Smathers did not advocate any military attack on Cuba. He said this was a step that would have to wait and be decided by the leaders at that time.

Stop Alice In Wonderland Government—like Kankakee, Ill. (UPI)

Former President Eisenhower told cheering Cork Bell Republicans last week the GOP must be united in order to end "Alice in Wonderland government." Eisenhower, on his first political stump tour of the 1952 campaign, motored from Kankakee, Ill., to this eastern Illinois farming center and made a plug for the other half of the "Ev and Charlie" show. "It would be better to have the government in exile outside the United States," Smathers said, "because it would minimize the criticism." Smathers said there would be a definite connection between the exile government and the hemispheric military alliance, if they were established.

New Monroe Doctrine

By A. S. Herlong
A resolution calling for the re-investigation of the Monroe Doctrine was introduced in Congress today by Congressman A. Sydney Herlong Jr. The resolution asks Congress to take this action in view of the Communist buildup in Cuba.

In introducing the resolution, Congressman Herlong said: "I want the Congress to indicate clearly to those who are formulating our foreign policy that America adheres to the doctrine set forth by President Monroe in 1823 and make clear that the United States will take appropriate action when any power or powers outside the American hemisphere attempt to establish influence within the immediate sphere of the American continent. "The situation in Cuba is worsening all the time. They have expropriated American property worth millions and embraced Communism. They have encouraged the establishment of Russian, Chinese and other Communist teams of technicians and military experts on the island and have built up large stores of arms from these Communist countries. They have also attempted to spread Communism throughout Latin America. "Our foreign policy should be turned in the direction of thwarting this outside influence in this hemisphere."

Television Tonight

Dear Abby:

By Abigail Van Buren

DEAR ABBY: My husband is a traveling salesman and makes a very good living selling on the road. His weakness is young girls, and in 18 years of marriage this is his third jam. A girl in Iowa claims he got her in trouble. He says he isn't sure he is responsible as he saw her only once. We have five children and my husband it 47. If this is made public it could cost him his job. How do we get out of this mess without having it in all the papers? JERSEY

DEAR JERSEY: You need a lawyer! And your husband may have another mouth to feed, so he had better start making more calls and fewer stops.

DEAR ABBY: I answered an ad in the newspaper and am now having second thoughts about it. A retired gentleman, 62 and a semi-invalid, advertised for an unmarried woman between 30 and 45 who could drive a car and travel with him. It further stated that she must have a pleasant personality and dress well. He requested that she enclose a recent photograph of herself. The position, it stated, paid very well and would be a pleasure for the right woman. How can I check up on this man if he decides to hire me? AVAILABLE

DEAR AVAILABLE: Ask the gentleman to furnish character re-

ferences on himself. If he is honorable, he won't object. If he is not, it's best that you find out now. If the job is really "a pleasure," a woman has the right to know with whom she may have that pleasure.

DEAR ABBY: My husband owns a small bar and makes a nice living from it, but he has to work from 12 noon until 2 in the morning six days a week. Maybe I shouldn't complain because he doesn't gamble, drink or chase women, but we have four kids who don't even know they've got a father. I would like to have my husband home for supper at least two nights a week. We tried getting a relief bartender, but he drank more than he sold so we had to let him go. Is my request unreasonable? ALONE WITH THE KIDS

DEAR ALONE: In my opinion, your request is not unreasonable. Your husband should take off two nights a week to have supper with his family. And get a bartender with ulcers to relieve him.

Unload your problem on Abby. For a personal reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Jacoby On Bridge

By Oswald Jacoby

In the World Championship match, the combination of light opening bids—one by South and the other by West—gave America 13 International Match points.

East passed at both tables and the American South made one of those 11-point openings. Then the bidding went as shown in the box.

East opened the four of hearts. The deuce was played from dummy and West was in with the king. Had he shifted to a spade the game would not have made, but he did not know that North's spade call had been semipsychic and he led the nine of diamonds. North went up with the ace,

NORTH 34
 ♠ A83
 ♥ 863
 ♦ AQ553
 ♣ Q9

WEST 34
 ♠ Q9873
 ♥ K7
 ♦ A7
 ♣ K864

EAST (D) 34
 ♠ K104
 ♥ Q1084
 ♦ KJ1084
 ♣ 2

SOUTH 34
 ♠ A75
 ♥ A753
 ♦ 2
 ♣ AJ10753

North and South vulnerable
 East South West North
 Pass 1♣ Pass 1♠
 Pass 1♥ Pass 1♠
 Pass 2♣ Pass 3NT.
 Pass Pass Pass
 Opening lead—♥4

then played the queen of clubs. West held off once, but took his king on the next club lead. He led another diamond. East won and led another heart. At this point North could have finessed the jack and made 10 tricks, but North was happy to settle for nine. He played the ace and made his contract.

At the other table the Italian South could not open one club—it is an artificial bid with them—and the American West stuck in a "gulfic" spade bid—so-called because anyone who makes such a bid is likely to gulp. Anyway West wound up playing and making two spades.

We The Women:

By Ruth Millett

Officials of one of the country's super turnpikes recommend that the motorist traveling cross-country stop every hundred miles to give the driver and passengers time to relax and to allow the car's tires and engine to cool off.

The first reason for stopping—relaxation—isn't going to impress the male driver, as any woman knows.

In vain does mama—when papa is at the wheel, happily putting the miles behind him—plead for frequent stops.

If she wants to stop and see something that has caught her eye papa steps on the gas and explains that what she wanted to see is "way, way back."

If she tries to get the man at the wheel to stop for a cool

glass of something or other, she is told they'll lose at least a half-hour.

If she points out a restaurant or motel that "looks good," papa always puts her off a little longer, protesting that it doesn't look too hot to him, or that it's too early to stop, or that there's sure to be something much nicer a little further down the road.

So trying to sell the male driver on stopping every hundred miles on a cross-country trip simply because it is a relaxing thing to do isn't going to work.

But perhaps the second appeal will go over better.

A man who thinks it is silly to keep stopping on a trip simply to get out of the car

and stretch and relax and maybe do a little sightseeing might possibly be sold on the idea of stopping for the sake of letting his car's engine and tires cool off.

At least, women can start promoting this idea and see what comes of it. They certainly haven't had much luck persuading the male driver that stopping for relaxation is anything but a waste of valuable time.

Tour into the teen world: Ruth Millett's booklet, "Tips On Teenagers," Mail 25 cents to Ruth Millett Reader Service, c/o The Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

Highlights

TV Time Previews

7:30-8:30 p. m. NBC. Premiere. It's a Man's World. "Four to Go." A fresh new series with some fresh new faces. Offbeat format has a college boy (Glenn Corbett) living with his teen brother (Michael Burns) on a houseboat near the campus. Another college boy (Ted Bessell) lives with them and an itinerant youth (Randy Boone) will make it a permanent four before this debut episode is over. Tax problems and a money loss key this opener, which nevertheless has a fair amount of whimsy and charm.

8-8:30 p. m. CBS. I've Got a Secret. (season premiere). This popular panel show starts its eleventh season tonight with Garry Moore again playing host to panelists Betsy Palmer, Henry Morgan, Bess Meyerson and Bill Cullen, and special guest, singer Paul Anka.

8:30-9 p. m. CBS. Father Knows Best. "The Imposter." (a rerun) This series ends its CBS run tonight, but will be seen on ABC starting Sunday, September 30. This

last episode is about a young attorney who sees Kathy and falls for her without realizing she is the daughter of his benefactor. Robert Young stars.

8:30-9:30 p. m. NBC. Premiere. Saints and Sinners. Nick Adams is back with a new series, this time playing a news reporter. He's particularly surrounded by an editor (John Larkin), a photographer (Richard Erd-

man), a femme reporter (Barbara Rush) and a copy editor (Robert Simon). Featuring guest stars, this debut has Brian Donlevy as a reporter joining forces with Adams in rescuing a kidnapped man. Lola Albright plays the distraught wife and Gary Lockwood, also guests as a sophomore copy boy. With better than average action and dialogue, series looks promising.

New Shows On TV This Fall

"Biography," a series relating to lives of world-famous personalities of the past 60 years will begin on Sept. 19th on Ch. 9 at 7 p. m. as part of overall educational television program.

"Winston Churchill: The Valiant Years" based on Churchill's history of World War II begins on Sept. 30th on Ch. 9 at 8:30 p. m.

In October a new program "Discovery '62" especially designed for pre-adolescents will be seen at 4:30 p. m. over Ch. 9.

"The Magic of Music" a series of eight musical programs presented by Henry Mazer, musical director of the Florida Symphony Orchestra will begin on Oct. 8th at 1 p. m. These will be live broadcasts and will originate at Ch. 6. They are presented by the Junior League of Orlando in cooperation with the Orange County Elementary Music Dept.

Paralli Paces Patriot Win

By United Press International

In his checkered 10-season pro football career, quarterback Babe Parilli rarely had a job he could call his own.

This year, coach Mike Holovak told Parilli, "You're my quarterback, all the way," and the Boston Patriots could wind up in the American Football League's championship playoff.

Parilli threw two touchdown passes and ran 33 yards for another score Sunday as the Patriots snapped the champion Houston Oilers' two-season 11-game winning streak, 34-21.

Priscilla E. Nixon to marry Kenneth Hosack

Priscilla E. Nixon, daughter of Mr. and Mrs. W. H. Nixon, of Sanford, Fla., is to be married to Kenneth Hosack, of Sanford, Fla., on September 23, 1950, at 8 p. m. at the Church of Christ, in Sanford, Fla.

Mr. Hosack was born in Sanford, Fla., and graduated from Sanford High School in 1947. He was active in FFA during his four years in high school.

He is now employed at the E. and S. manufacturing company in Sanford. Plans for the wedding which will be in the early fall, will be announced at a later date.

MISS PRISCILLA NIXON

Sorority Names New Committee Chairmen

The Beta Chapter of Beta Sigma Phi held the first meeting of the new committee for the year's program, Mrs. G. Andrew Speer, social, Mrs. John Alexander, Mrs. Wally Tyre and Mrs. Charles Brundage, ways and means, Mrs. E. C. Harper and Mrs. J. L. Horton Jr.; courtesy, Mrs. Verena Hardin; service, Mrs. Gordon Frederick and Mrs. E. W. Freeman; and publicity, Mrs. J. Harold Chapman.

New program books were given to the members and plans were discussed for ways and means projects. New Beta Buckles were given out for the year to be discussed at the annual banquet in April.

A letter was read from a former member, Mrs. Carleton Bliss, who recently moved to Norwood, Mass., telling the members about her new home.

A very interesting program was held on "Self Analysis," the first in a series of original programs to be used by the group this year. Refreshments were served by the hostesses, Mrs. McCall and Mrs. Alexander, to those present.

Local Events

WEDNESDAY

Welcome Wagon Club meets at 10 a. m. with Mrs. Don Cahill, 118 Lake 'Ivanie Drive, Park Ridge. Box lunch served at noon. For reservations or transportation, call Mrs. Robert Brown, FA 2-8939.

Northern Visitors Enjoy Central Florida Vacation

Recent guests of Mr. and Mrs. John Lyons, of Fern Park, were Mr. Lyon's sister, Miss Anna Lyons and his aunt, Miss Anna McNicholas, both of Philadelphia, Pa.

Miss McNicholas came over to this country from Ireland many years ago to make her home in Philadelphia. This was her first visit to other parts of the U.S.

The two women spent a week in Fort Benning, Ga., before visiting in Fern Park. While here they visited the beaches and many attractions of central Florida.

They also visited Mr. and Mrs. Malvin Campbell, in North Orlando. Miss McNicholas is the great great aunt of the Campbell children and Miss Lyons is their great aunt. With that kind of titles the children, John, Ellen, and Pat, gave the visitors quite a reception and are still talking to their playmates about them.

MISS ANNA LYONS, left, and Miss Anna McNicholas.

Osteen Personals

Mr. and Mrs. P. E. Shafer of Elkview, W. Va., recently called on Mr. and Mrs. Guy Beall. The Shafers are now staying in Port Orange for the winter season.

Mr. and Mrs. Robert Williams attended the district meeting of the World War I veterans and the auxiliary in Sanford last week.

Mr. and Mrs. Norman Miller are on an extended vacation trip. They first want to visit their daughter and son-in-law, Mr. and Mrs. Hugo Bertini and family, in Oak Ridge, Tenn., then visited another daughter, Mrs. Robert Workman, and family in Ellnor, W. Va. From there they will go to California.

Area Residents Attending Convention

Local women who will serve on committees at the 1950 Florida Fruit and Vegetable Assn. convention at the Americana Hotel, Bal Harbor, Miami Beach, this week include:

Ladies' Hospitality Room committee, Mrs. John W. Evans of Oviedo and Mrs. S. O. Chase Jr. of Sanford. Mrs. Andrew Duda Jr. of Oviedo will serve on the lecture committee and Mrs. Harold H. Kestner of Sanford is chairman of the bridge committee. Mrs. J. C. Hutchison, Sanford, is also a member of the bridge committee.

J. Don Wright is chairman of the golf tournament and S. O. Chase Jr. is a member of the reception committee.

VAH-5 Wives Plan Reception For Mrs. Sette

Members of the Enlisted Mens' Wives Club of VAH-5 will be hostesses for a reception honoring the incoming commanding officer's wife, Mrs. L. H. Sette, this Thursday at 8 p. m. at the Naval Air Station ballroom.

The present commanding officer's wife, Mrs. R. E. Farmer, who will soon be leaving the squadron, will be a special guest of the evening.

All wives of enlisted personnel of VAH-5 are invited to attend. Club members are requested to be present at 7:30 p. m.

A folding raincoat for purse or desk comes under the heading of costume insurance as fall approaches.

Horr - Goucher Wedding Solemnized In Ceremony At Church Of Christ

Miss Iris Lydia Horr, of Santa Maria, Calif., and Norman W. Goucher, of Sanford and Bowling Green, Mo. were married Aug. 23 at 8 p. m. at the Church of Christ, in Sanford, Rev. William Beck minister, officiated at the double ring ceremony.

The bride is the daughter of Mrs. Opal Horr, Santa Maria, Calif. and the groom is the son of Mr. and Mrs.

Charles N. Goucher, of Bowling Green, Mo. Church decorations included an altar arrangement of white carnations, candles and ferns.

MR. AND MRS. NORMAN W. GOUCHER (Photo by Raymond Studio)

Mrs. DeYoung Makes First Jet Flight

Mrs. S. H. Luxen accompanied her mother, Mrs. J. DeYoung of Longwood, on a plane. This was the first jet trip to New York by jet flight for Mrs. DeYoung, who is 85 years old.

Mrs. Luxen's daughter, Janice, hostess for Eastern Air Lines, met her mother and grandmother at Idlewild and drove them to New Jersey. Mrs. DeYoung plans to visit with her daughter and son, in Oakland, N. J.

Chuluota

Personals

New residents of Chuluota are Mr. and Mrs. Chester Williams, 400 E. 3rd St. The Williams, who purchased the home recently owned by Mr. and Mrs. George Madden, moved here from Orlando but are originally from Vincennes, Ind. Mr. Williams is a retired plumbing contractor.

Sorority Plans Rummage Sale

The first meeting of the year for Theta Epsilon Chapter of Beta Sigma Phi was at the home of Mrs. Wall Bohannon in Sunland Estates. Mrs. Bohannon and Mrs. Burt Revels presented a very interesting program on the "Body Beautiful."

Mrs. Revels, who at one time was a professional model, explained the seven points of good posture. She also demonstrated the correct way to stand, sit, get in and out of a car, and how to walk gracefully. Mrs. Bohannon explained the importance of a good diet to assure one of a beautiful figure.

After the program, the president, Mrs. Jack Erickson, presided over the business meeting. Plans for fall rushing were discussed, and names submitted for rushing. The social committee is busy making plans for rush parties to be held next month.

Mrs. Don Smith, ways and means chairman, reported that plans are being formulated for a rummage sale to be held some time during the next month. Many of the members have signed up to help at the City Library during the coming year. They have volunteered their help

to the librarian for a number of hours to be designated at an early date.

Mrs. Rick Walker a transfer member from Fort Lauderdale was welcomed to the chapter. Highlight of the evening was the selection of Mrs. Burt Revels as "Valentine Girl of the Year" for the chapter. Her photograph will be submitted to International for competition in the international valentine girl of the year contest.

Refreshments were served to the following members: Mrs. Joe Colons, Mrs. Al Davis, Mrs. Erickson, Mrs. Dick Houghton, Mrs. Charles Kruse, Mrs. Tom Largent, Mrs. Cameron Lawrence, Mrs. Paul Lewis, Mrs. Jack Little, Mrs. Bob McKee, Mrs. Revels, Mrs. Bill Rivero, Mrs. Smith, Mrs. Stuart Stetson and Mrs. Walker.

Fifth Birthday Observed At Party

LITTLE MISS CARLA LA CORTE, at far end of the refreshment table, at her fifth birthday party. Guests helping her with the celebration grouped around the table are, Christopher Wentworth, Kirk and Glenn Powell, Linda Paolo, Kathy, Gregory and Mickey Burns and Ricky Murgio.

By Shirley Wentworth Little Carla La Corte, daughter of Mr. and Mrs. Stan La Corte, Cecelia Drive, in Bear Lake, celebrated her fifth birthday recently, with a party for all of her little friends and playmates.

The living room was decorated with colorful balloons and crepe paper streamers. The birthday table was elaborately decorated with a Hucliberry Hound cover, matching plates, napkins and cups.

Beside each plate was a dainty basket filled with assorted goodies, a party hat and noise makers.

All types of birthday games were played, including the always popular "pin a tail on the donkey." Ricky Murgio was the winner of this fun game. While the lovely orange and white birthday cake was being cut a photograph played selections of children's songs, the group joining in when the "Happy Birthday" song was played.

Served with the delicious orange cake was ice cream and glasses of coolade. Following refreshment time, the youngsters selected toys from a large grab bag and once again the party was in full swing.

Handle wool blankets gently in lukewarm water to prevent shrinkage and matting.

New Arrivals

Mr. and Mrs. Robert T. Geib announce the birth of a daughter, Louise Beatrice Sept. 3, at the Good Samaritan Hospital, in West Palm Beach.

Mrs. Geib will be remembered by friends here as Bebe Biabee, daughter of Mr. and Mrs. Hamilton J. Biabee, of Sanford. Paternal grandparents are Mr. and Mrs. Arthur J. Geib, of Caro, Mich.

Mrs. Biabee is expected to return home soon from a visit in West Palm Beach, where she has been getting acquainted with her new granddaughter.

Drafting Course Prepares Student For Employment

The new course in Drafting Design Technology which is now being taught at Seminole High School is designed to give the student a practical understanding of the basic principles of drafting and design.

Robert J. Schmidt, teacher of the course said that upon successful completion of the two year course the student will be qualified to enter the engineering field as a beginning product design draftsman.

The studies undertaken will familiarize the student with the scientific and mathematical knowledge necessary in the field of drafting design technology, including lettering, geometrical solutions, orthographic projection, dimensions, auxiliary views, intersections and developments and free hand sketches.

Application of science and mathematics to design drafting will be taught, including empirical design in working drawings, tolerances and manufacturing methods.

In addition the student will learn technical writing and comprehension of technical data.

Throughout the course a positive and wholesome attitude toward design technology will be stressed with methods of evaluating, obtaining and retaining employment and advancement, particularly emphasized.

JUNIOR VARSITY CHEERLEADERS at Seminole High School this year include these six girls, led by Capt. Bonnie Casolo, left. Behind Bonnie are Linda Spencer, Carol Torres, Susan Piercy, Sandra Biebee and Donna Collins. These girls will lead the cheers for the Junior Varsity football and basketball games, as well as joining in with the Varsity cheerleaders in pep rallies, parades and sports events. (Harald Photo)

Rollins Bans Through Traffic

Non-college traffic has been routed around the Rollins College campus by the City of Winter Park.

The move was made upon the recommendation of Jefferson Hamilton, planner for the Rollins' campus, who pointed out that the former situation was one which "would inevitably result in an accident of the most serious nature."

Single entrances have been created at the intersections of Holt and Park Avenues, and Interlachen and Fairbanks with the aim of eliminating through traffic on the Rollins' campus.

College officials estimated that during the average college day, more than 1,900 trips are made across Holt

OVIDIO'S JIMMY FOX takes a pass in Friday night's game in which Ovidio went down to Ocoee, 28-7. (Herald Photo)

Ocoee Ruins First Ovidio Grid Scrap

Ocoee hit fast in the first and last quarters Friday night to lead all the way and ruin Ovidio's first varsity football game by a 28-7 score.

Ovidio failed to score until the last quarter of the game and just couldn't seem to get going. A blocked Ovidio punt in the first quarter opened the way for the first Ocoee score.

A fine 65 yard and sweep accounted for the second tally for Ocoee. Ocoee led 13-0 at halftime.

Ovidio seemed to come to life in the third quarter as they marched down and scored on a fine 12 yard pass play from Jimmy Courier to Jimmy Fox. That Lingo ran the extra point and made the score 13-7. Ovidio had one touchdown called back because of a penalty, which could have made a difference in the outcome of the game.

The scoring play was a 35 yard pass from Courier to John Jakubek.

An intercepted pass put Ocoee in scoring position in the final stanza of the game with a 14 yard run climaxing the drive. Ocoee's final drive ended in a score for the visitors and the scoring ended. The Ocoee team scored 12 points in the final quarter and the final gun sounded with Ocoee out in front 28-7.

Despite the loss, Ovidio coach Jim Palmer was pleased with the performance of his boys. Not as many mistakes as expected were made but a few rough spots will have to be polished up. Ovidio plays the Ocala JV's Thursday night in Ocoee.

SUNDAY
 MONZA, Italy — Graham Hill of Great Britain clinched the 1962 world driving championship by winning the Grand Prix of Italy auto race.

SEATTLE—Jack Nicklaus won the \$30,000 Seattle golf tournament with a 72-hole total of 265.

BELGRADE — The Soviet Union won 13 gold medals to dominate the European track and field championships.

It is estimated that 114 billion gallons of water flow through the Detroit River daily.

By United Press International The Cleveland Browns may have the National Football League's "new look" but there's nothing wrong with the "old look" of stars as Paul Hornung, Johnny Unitas, Willie Gailor and John David Crow. Coach Paul Brown of Cleveland abandoned much of his old conservatism and let his Browns try some fancy-dazzle Sunday in a 17-7 vic-

Yanks, Bums Backing Into World Series?

United Press International When it comes time for the champagne, both the Yankees and Dodgers may have to drink it glass backwards.

No team likes to back into the pennant. There's something of a stigma attached to it, like coming up through the service entrance instead of the front door.

Nevertheless, that seems to be the common course the Yankees and Dodgers are headed on in their aim to meet each other come Oct. 3.

Practically everybody who is anybody in both pennant races lost Sunday.

The Yankees lost... the Dodgers lost... the Giants and Reds lost... and the Angels lost.

The second-place Minnesota Twins were the only contenders who managed to win, defeating the Cleveland Indians 4-3, to climb within three games of the first-place Yankees in the American League.

Nothing changed at the top of the National League, where the Dodgers retained their four-game lead despite a 5-0 defeat at the hands of the Cubs.

Pittsburgh subdued San Francisco, 6-4, in 10 innings, and the New York Mets all but extinguished Cincinnati's hopes with an 8-3 victory that left the third-place Reds six games back. The Philadelphia Phillies licked the St. Louis Cardinals, 3-1, and the Milwaukee Braves beat the Houston Colts, 5-4.

Lanky Gene Conley, who hadn't beaten the Yankees in nine previous starts, finally defeated them by pitching the Red Sox to a 4-3 victory although he needed Dick Redata's help in the ninth.

Conley, now 14-13, scored what proved to be the winning run in the eighth, when he doubled off the left field wall and rode home on Lu Clinton's single. Whitey Ford absorbed his eighth loss against 16 wins.

Camillo Pascual won his 19th for the Twins while striking out 12 and hurling an eight-hitter against the Indians.

Jasual, who had three of Minnesota's nine hits, also singled home the winning run in the eighth off loser Jim Grant after Harmon Killebrew's 40th homer tied the score in the seventh.

The Detroit Tigers downed the Los Angeles Angels, 4-2, and the Kansas City A's humbled the Baltimore Orioles, 12-5, and the Chicago White Sox defeated the Washington Senators, 7-4, in other AL games.

tory over the New York Giants. The Browns looked like the powerhouse of old with a more spectacular attack.

Hornung, the "Golden Boy" of the champion Packers, began the new NFL season much the same as he ended the old one. He scored 28 points and led the Packers to an easy 34-7 victory over the Minnesota Vikings.

Unitas also looked like the quarterback of the Colts' championship clubs of 1958 and '59 as he threw four touchdown passes. Two of these came within slightly more than two minutes of the final period as Baltimore rallied to beat the Los Angeles Rams, 30-27.

Gallimore and Crow were largely responsible for the two upsets on the NFL's season-opening show. Gallimore galloped 37 and 77 yards for touchdowns in the Chicago

Wesslund Big Gun

By Ronnie Broadway Herald Sports Editor Seminole High School football coach Jim Pigott said that he and the entire coaching staff were "real pleased" with the fine performance turned in by his boys in Friday night's 14-0 opening win over Titusville.

Pigott added, "Titusville was much improved over last year but our boys put forth a fine overall effort in the win. We still have a few rough spots to smooth out before meeting Edgewater in the first home game next Friday."

Jim Wesslund was the big gun for the Seminoles, scoring on a 51 yard run on Sanford's second play from scrimmage and then taking a two yard pass from Butch Riser for the second tally. Riser added both conversions, as well as being a defensive standout all night.

Titusville took the toes and elected to receive and Butch Riser booted the ball for the Seminoles. The kickoff was returned to the 38 yard line where Riser made the tackle. Leading ground gainer for the Terriers, Jim Magner, rattled off six yards on the first play from scrimmage with Alex

Carmen making the Seminole stop. Titusville then picked up the first down of the game. With the ball resting on the midfield stripe Bill Higgins made a fine tackle which resulted in a loss for the Terrier club. Titusville was then unable to move the ball and Sanford took over on their own 46. On the first play from scrimmage Riser hit for four yards. Wesslund then broke through the right side of the line and bulled his way past tacklers to go 51 yards for the first Seminole touchdown. He completely outran the secondary for the score. Riser added the point after touchdown and Sanford led 7-0 with seven minutes and 50 seconds showing on the scoreboard clock.

Titusville was unable to move the ball and was forced to punt. A bad pass from center enabled the Sanford line to charge in and nail the kicker and the Seminoles took over first and ten on the Titusville 28. Riser and Wesslund carried for a Sanford first down on the 11 yard line. Lawson carried the ball to the four where a short lob pass from Riser to Wesslund resulted in the second Sanford score. With two minutes and

53 seconds left in the first quarter Riser added the PAT and Sanford led 14-0.

Titusville made two first downs in a row and was moving into Seminole territory when Don MacMurry, picked off a Titusville pass and returned it to the Sanford 23 yard line for a ten yard return. Two plays later Hinson threw a pass to Riser that was complete to the mid field stripe. Pigott then sent in the second unit, which was the only team that the Terriers could stop. Lloyd Freeman's punt rolled to the goal line and was returned to the 19 yard line. The Terriers then slowly moved down-field picking up four first downs in a row. Riser then intercepted a Terrier pass and ran it back 15 yards. Jack Gault carried for four yards and Hinson passed to MacGillis for 18 more. With a first down on the Titusville 15, Sanford was unable to move the ball and the Terriers took over. Two plays later the half ended with Sanford in front 14-0.

A reverse on the kickoff from Lawson to Wesslund fooled the Titusville eleven and Wesslund got back to the 43 yard line before being hauled down. However, the Seminoles were forced to punt. Titusville moved to their own 31 before a pitchout resulted in a recovered fumble for Sanford. A penalty hampered the Seminole drive and they were forced to punt. A fake punt with Wesslund carrying was just inches short of a first down and Titusville took over. The ball changed hands once again and the Seminoles had the ball on the Titusville 37. Hinson passed to Crawford for a first down. Sanford was on the move when the third quarter ended. After Sanford was unable to move any farther Titusville took over on their own 20. It was no go for the Terriers and again they punted. A Sanford penalty gave the ball back to the Terriers and they tried again to move. Once again they were forced to punt. After Sanford couldn't move the ball and punted Titusville took over on their own 44. Titusville punted four plays later but got the ball right back on an intercepted pass.

Titusville then picked up a first down and with a little over a minute showing on the clock the Titusville quarterback lofted a long pass to one of his receivers. The ball was hauled in on the one yard line. Buddy Lawson made a fine tackle to save the score. Time ran out before Titusville could get off another play.

Information on the 1963 Johnson and Evinrude motors will be passed along this week in two subsequent articles.

In the meantime, if anybody hears of a new bait that never fails to catch fish, let me know about that too.

Plum, making his debut with the Detroit Lions, threw three TD passes in a 45-7 romp over the Pittsburgh Steelers. The Redskins showed an explosive attack in coming from behind to tie the Dallas Cowboys, 35-35.

All of these heroics were achieved before football-happy crowds that set an opening-day record by turning out 341,913 strong for the seven-

game show.

especially suited to water ski duty.

The 85 hp. "350" has a 90 cubic inch, six in line power-head replacing the 76 inch displacement of the 1962 model. It has been engineered to develop high thrust at low and moderate speeds for skiing and large, heavy boats.

The Mercury people also announced other "running changes" in this year's line, including use of improved alloys, better bearings and switches, better fits and balancing and wiring harness improvements. The new 50, 650 and 850 also have the exclusive Power Dome combustion chamber introduced last season on the Merc 100 hp. engine.

The big 90 cubic inch six in line Merc 1000 again tops the Mercury motor line, with its outstanding glossy black paint job.

Featured on all the '63 Mercurys are exclusive Jet-Prop exhaust; standard single lever remote controls; fixed jet automotive type carburetors; exclusive shear-proof propeller drive with safety clutch; propeller selection from as many as 20 props for each model; choice of short or long shaft for 15 inch or 20 inch transoms and no extra charge for long shaft models of 50 hp. and up.

Gene Meadors, owner of the Sanford Mercury agency, said the new models should be on hand in a short while and he will announce availability of the four new motors as they arrive.

Information on the 1963 Johnson and Evinrude motors will be passed along this week in two subsequent articles.

In the meantime, if anybody hears of a new bait that never fails to catch fish, let me know about that too.

LYMAN QUARTERBACK Gene Griffin (with ball) reels off yardage before being hauled down by an unidentified Crystal River player in Friday night's opening game action at Lyman. (Herald Photo)

Blackford Paces Lyman Win

By Ronnie Broadway Herald Sports Editor Paul Blackford scored two touchdowns in the first quarter and added an extra point to lead the Lyman Greyhounds of Coach Buck Metts to a 26-0 rout over Crystal River in the opening tilt of the season at Lyman Field.

Lyman took the kickoff and marched 75 yards to paydirt with Blackford wrapping it up with a 12 yard burst into the end zone. The Greyhounds then kicked off and proceeded to halt any Crystal River threats.

The ball changed hands back and forth several times throughout the first and second quarters. Blackford had added six more points to the scoreboard before the first period was over, however, and the Lyman eleven led 19-0 at the halftime intermission.

When Lyman kicked off to start the second half, Metts' newly formed "Mad Dogs" really went to work. The new

group is for the purpose of making the tackles in the kick offs and they really do the job. Metts was real proud of the boys.

Lyman put the game on ice in the fourth quarter, after a scoreless third period, as quarterback Freddie Grant lofted a 26 pass to end John Criswell for the score. The TD was set up on a pass interception. Blackford, Gene Griffin and Frank Hundley all contributed to the scoring spree as each added an extra point. All the PAT's were on runs.

Metts was continuously substituting in the game and sometimes it was a whole new unit. Quarterbacks Grant and Griffin both showed excellent qualities in the game. This combination is regarded by Metts' as the best in Lyman history. David Haines also sparked in the game, scoring on a 22 yard dash, looking real good at the half-back spot on offense, as well as on defense. The defensive

end play by Criswell and Bill Burkhardt was outstanding and assistant coach Walt Daurus is to be commended. However, Metts felt that the boys were not quite up to par and some work will be needed in preparation for next week's game.

Mira Sparks First College Grid Weekend

By United Press International George Mira and the Miami Hurricanes rest on their laurels this week while seven of 1961's national powers see action on the first big Saturday of this year's college football season.

Mira and Miami had the college grid stage practically to themselves last Saturday and made the most of the opportunity with an impressive, nationally televised 23-14 victory over Pittsburgh. Ranked 19th last season, the Hurricanes are shooting even higher this year with a schedule that includes games with Alabama and Louisiana State.

One victory doesn't make a national champion but those who saw Miami in person or via television Saturday are pretty sure today that only the best will beat the Hurricanes this season.

Mira completed 13 of 25 passes for 162 yards and also ran for 86 yards in a brilliant exhibition.

Utah State, ranked No. 10 in the nation last season, opened

its season with a 29-18 triumph over San Jose State; Miami of Ohio beat Xavier, 23-14, Tulsa routed Hardin Simmons, 39-0, Wyoming beat Montana State, 13-0, and Louisville edged Wichita, 21-20, in some of the other games on the slim card.

Alabama, which won the national championship with a 10-0 record in 1961, opens its season with a Saturday night game against Georgia. Next Saturday's schedule also sends LSU against Texas A&M.

YOU CAN'T BEAT THIS HARRELL & BEVERLY SEZ —

Browns Sport 'New Look'

By United Press International The Cleveland Browns may have the National Football League's "new look" but there's nothing wrong with the "old look" of stars as Paul Hornung, Johnny Unitas, Willie Gailor and John David Crow. Coach Paul Brown of Cleveland abandoned much of his old conservatism and let his Browns try some fancy-dazzle Sunday in a 17-7 vic-

tory over the New York Giants. The Browns looked like the powerhouse of old with a more spectacular attack.

Hornung, the "Golden Boy" of the champion Packers, began the new NFL season much the same as he ended the old one. He scored 28 points and led the Packers to an easy 34-7 victory over the Minnesota Vikings.

Unitas also looked like the quarterback of the Colts' championship clubs of 1958

and '59 as he threw four touchdown passes. Two of these came within slightly more than two minutes of the final period as Baltimore rallied to beat the Los Angeles Rams, 30-27.

Gallimore and Crow were largely responsible for the two upsets on the NFL's season-opening show. Gallimore galloped 37 and 77 yards for touchdowns in the Chicago

Bears' 30-14 win over the San Francisco Forty Niners. And Crow scored three touchdowns in the St. Louis Cardinals' 27-21 victory over the Philadelphia Eagles.

"There was something of a "new look" about Mill Plum, who appears happy to be away from Paul Brown's rigid reign, and also the Washington Redskins, the NFL's "party" of the past two seasons.

Plum, making his debut with the Detroit Lions, threw three TD passes in a 45-7 romp over the Pittsburgh Steelers. The Redskins showed an explosive attack in coming from behind to tie the Dallas Cowboys, 35-35.

All of these heroics were achieved before football-happy crowds that set an opening-day record by turning out 341,913 strong for the seven-

game show.

AROUND THE CLOCK
By LARRY VESSEL
You can't go wrong with Syd Herlong!
Throughout the Fifth District people will be hearing that chortle a lot . . . The "Send - Byd - Back - To - Washington" workers yesterday at the City Hall meeting of the popular Congressman are a part of the big chorus that will be singing it . . .

Quite a bevy of the candidates for the postmaster job here were "buzzing the ear" of the influential veteran of the political wars . . . And he was courteously attentive . . . But his purpose here was to work on keeping his OWN job—not worrying too much for the time being about somebody else's.
Overheard one of the Herlong fans ask Mack Cleveland when they could start working for him for a NEW job . . . The speaker of the afternoon thanked this Seminole legislator for keeping staunch Seminole in the Fifth District.

Much rejoicing at NAS as well as "downtown" because of the announcement of the approved expansion of our greatest "industry" . . . Thoughtful consideration of the people in Sanford who have worked so well with the Navy authorities prompted the programming of the extended north-south runway . . . MORE safety . . . LESS noise over town . . . So MORE cooperation from the grateful citizenry.
Greater training facilities for expanding schooling that will include squadrons from the west coast . . . Looks like Vail Three will be REAL busy . . .

BIG barracks . . . Brand new, too . . . New Bachelor Officer Quarters . . . Control tower . . .
United Fund directors have been called into session by their new president, Loring Burgess, Thursday, 4:30 p.m. First Federal Caucus Room . . . Important! What to do about getting the October campaign under a full head of steam.
You'd better NOT believe that the Oviedo fans are disheartened by their Lions' loss to their more experienced adversaries from Ocoee . . . The same drive that built that new stadium over there will also build a fine football club . . . Jim Palmer isn't impatient as he brings his charges along . . . The mistakes that were made were mostly those that come from lack of experience, not from any lack of effort.
Speaking of athletics, haven't heard a peep out of Athletic Director Fred Ganas at Seminole about the Family Plan ticket sale . . . How's it going, Fred? . . . Looks like a bargain to me . . . Twenty dollars for the family for the season's home games . . . And anything else in the regular schedule of athletics for which you might have to pay . . . Whatever that is . . . It DOES include the Jay-vee home battles.
Look for some big news out of Orlando Junior College concerning North Orlando's Seminole College. Pres. Morris Haw tells us there will be a series of big meetings today and tomorrow, with the news for release Thursday. With things busting out all over the area, like they are, the sooner the better for our college.

No Funds For Tito

Foreign Aid Slashed

WASHINGTON (UPI) — The House Appropriations Committee today ordered a 30 per cent cut in President Kennedy's \$4.7 billion foreign aid money bill and voted to ban the use of funds for Communist Yugoslavia and Poland.
The \$1.4 billion slash in aid funds was the heaviest ever imposed by the committee in the program's 15-year history.
The surprise provision to prohibit U.S. aid to any country with a government based on Communist "theory" would apply to Yugoslavia, which gets arms aid, and Poland, which receives surplus farm commodities.
Only a few months ago, the House reluctantly agreed to let President Kennedy extend aid to such nations when it was clearly in the U.S. interest. The committee action, if sustained by Congress, would reverse that decision.

However, an effort undoubtedly will be made to kill the provision on the House floor on grounds it violates a rule against putting legislation in a money bill. Administration officials warned last week that any cut over a billion dollars would have grave foreign policy and defense repercussions.
The action was taken on the recommendation of a subcommittee led by Rep. Otto E. Passman, (D-La.), a long-time critic of aid spending.
The biggest slash was made in military aid. These funds were cut by one-third from \$1.5 billion to \$1 billion. Loans to other countries for economic development were reduced 38 per cent—from \$1.25 billion to \$775 million.
Alliance for Progress aid for Latin America was trimmed \$200 million to \$325 million. In addition, an 18 per cent cut was imposed on the Peace Corps. This would mean reduction in the number of volunteers.
The real shocker, as far as the administration was concerned, was the big cut in arms aid for allies and friendly nations overseas. It was a surprise even to Passman. He had sought a cut only half as large.

Reds Attack UN Structure

MOSCOW (UPI) — Soviet Communists unleashed a new attack on the structure of the United Nations today in an article laying down the party line for the 17th UN General Assembly session in New York, which convenes today.
Writing in the Communist organ Pravda, commentator Viktor Masevsky outlined the Russian position on most of the issues the General Assembly will discuss and a few it may not.
These included the marathon Geneva disarmament negotiations, U2 flights, colonialism, the Congo, world trade, the question of a UN seat for Communist China, and Cuba.
Tass news agency reported Foreign Minister Andrei Gromyko has formally asked the United Nations to discuss the possibility of calling an international conference on trade. It did not mention the European Common Market that has caused concern to Communist leaders.

Lee Enters Guilty Plea

Charles F. Lee, 23, hit and run driver, entered plea of guilty Monday afternoon in County Judge Vernon Mize's court, to charges of leaving the scene of an accident and reckless driving. Lee was driver of the car that struck four boys on bicycles on South Sanford Ave., Friday night.
Both charges were lodged against Lee by Trooper Bill Stringfield, who covered the accident.
Ronnie Howard, Ginderville, was seriously injured when he was tossed into the hood of Lee's car and his head went through the windshield, resulting in serious and multiple lacerations around his head and face and several fractured ribs.
At the hearing Lee declared the boys were not riding single file, but were occupying about half the southbound lane, and he also said there were no lights on the bicycles. Lee said he didn't see the boys until he "was on top of them." He admitted to a speed of between 40 and 45 miles per hour.
Judge Mize deferred sentencing until this afternoon when Stringfield will be available.
Hospital authorities reported this morning that young Howard's condition had improved during the night.

UN Delegates Gather For Meet

UNITED NATIONS, N. Y. (UPI) — Delegates from 104 nations gathered for the opening of the 17th annual General Assembly today in a conference with a workload of political and economic problems that may carry it into next year.
Africa, Berlin and Cuba are expected to dominate the debates even though the latter two items, like the perennial demand to seat Red China, are not on the 89-point proposed agenda.
The Soviet Union indicated it would make another frontal attack to change the composition of the UN secretariat more to its own tastes.

Tanks Move Up By Berlin Border

BERLIN (UPI) — Western tanks and troops occupied strategic posts in West Berlin today in an exercise designed to test their ability to defend this isolated city.
The Allied "operational readiness test" involved American, British and French tanks, armored personnel carriers and other military vehicles. It was called less than an hour after a Soviet statement Monday night said Berlin's four-power status no longer existed.

Grand Jury Reverses Move

DELAND (UPI) — The Volusia County grand jury reversed its sharp criticism of July Monday and said the county school board "has not been negligent in the performance of its duties."
The jury issued its criticism of the board after the construction of Deland Senior High, Euclid and Taylor Junior-Senior High schools was delayed in July.
The jury criticized the board for allowing the several months delay in the schools' opening and suggested an investigation be made to see if any action should be taken against the contractor, J. Hilbert Sapp of Orlando.

Any Opinions?

If any Seminole County customers of the downtown Sanford shopping area have opinions they would like to express on what should be done to make the area more convenient and attractive for the public, The Herald invites them to fill out the coupon below and send it in as part of a public poll.
Diagonal Parking . . . One Way Traffic . . .
Street Widening . . . Wider Sidewalks . . .
Beautification . . . Added Parking . . .
Other . . .

Nominated

SYRACUSE, N. Y. (UPI) — Robert M. Morgenthau was nominated for governor of New York today on the second ballot in one of the most bitter Democratic convention floor fights in the state's political history.
Final OK Nears
WASHINGTON (UPI) — Tax relief for self-employed persons headed for final congressional passage today with a head of election-year steam that seemed big enough to bowl over anything short of a pocket veto by President Kennedy.

Drive Stepped Up

ALGIERS, Algeria (UPI) — Strongman Ahmed Ben Bella's vigilance committees stepped up their campaign today against the prestige of the troublesome wily military district leaders.
Prediction
WASHINGTON (UPI) — Federal Highway Administrator Rex M. Whitton predicted Monday the nation's interstate highway system will be finished on schedule in 1972, despite a construction lag in the last fiscal year.

Discharged

NEW YORK (UPI) — Former President Herbert Hoover, 88 who underwent surgery last month, was discharged from Columbia Presbyterian Medical Center today.
Roughed Up
By United Press International
Storms roughed up parts of Texas and Oklahoma during the night in advance of a day which promised to bring fair skies over most of the nation.
Now Available
JACKSONVILLE (UPI) — The Florida Department of Public Welfare said Monday that federal government welfare funds are now available to eligible Cuban refugees at any welfare office in Florida.

Milwee Stresses Needs

Year round use of Seminole County schools is on the way, said Supt. of Schools R. T. Milwee, today, and this county can look forward to the twelve-month school year in the near future, with complete utilization of the facilities.
Milwee also said a program of gradual air-conditioning of present facilities of the school system is currently under study and if proved feasible will be undertaken.
"The time has come when we can no longer afford to waste schools with only part time utilization," declared Milwee, in discussing the new air conditioned school program that is now sweeping the state of Florida.
Milwee pointed out that the installation of air conditioning in a new school not only increases the efficiency of the building as a teaching tool, but also vastly increases its availability as an educational adjunct.
Looking into the future, the superintendent said that in the rapidly growing sections of the state, such as Seminole County, increased utilization is a must, and the 12 months school year is coming.
In pointing up the subject, he asked a rhetorical question, "How many industries build a half million dollar plant and then use it only nine months of the year?"
The immediate added use of the school building at English Estates, the first Seminole County air conditioned school, will be for holding professional conferences for teachers and administrative personnel, inservice training programs for teachers in curriculum planning, library work-shops, grade group meetings and, "Importantly, the summer school program will be of much more effectiveness than at present," said Milwee.
A very important point, brought out by the school superintendent, was the fact that nationwide, the reports have stressed in a series of teacher effectiveness and efficiency, and greatly increased pupil response, indicated by a greater willingness to study and do in-class work.
It is estimated that 170 days in an air-conditioned school is equal to over 180 days in a non-climate-controlled building.
One of the reasons for the lower construction cost of the new air-conditioned units is the fact that the building is much more compact and the heating unit and air-conditioning unit are all tied into one package. This means a lower maintenance cost, as well, because it requires fewer custodial personnel to keep a smaller building clean and in repair.
It was pointed out by Milwee, that the trend to air-conditioning of school buildings has received wide spread acceptance all over the nation by parents, pupils, teachers and tax-payer groups who have realized that with lower costs and increased efficiency the new type schools are a tremendous asset to the community.

Cuba Resolution Action Nearing

WASHINGTON (UPI) — The House Foreign Affairs Committee made another attempt today to agree on the wording of a congressional resolution backing President Kennedy in the Cuban crisis.
The group met briefly Monday but took no action for lack of a quorum. It was considering a resolution proposed by Chairman Thomas E. Moran, (D-Pa.), and Chairman Carl Vinson, (D-Ga.), of the House Armed Services Committee.
Two Senate committees hoped to complete action Wednesday on a similar resolution aimed at strengthening the President's hand in dealing with the Soviet arms buildup in Cuba.
Informed senators predicted the language finally approved by the foreign relations and armed services committees would be along the lines of a resolution introduced by Senate Democratic Leader Mike Mansfield, Mont. But one or two changes were regarded as likely.

Grand Jury Reverses Move

DELAND (UPI) — The Volusia County grand jury reversed its sharp criticism of July Monday and said the county school board "has not been negligent in the performance of its duties."
The jury issued its criticism of the board after the construction of Deland Senior High, Euclid and Taylor Junior-Senior High schools was delayed in July.
The jury criticized the board for allowing the several months delay in the schools' opening and suggested an investigation be made to see if any action should be taken against the contractor, J. Hilbert Sapp of Orlando.

CONGRESSMAN A. S. HERLONG JR., left, looks over campaign literature with State Rep. Mack Cleveland Jr. and Altamonte Springs Mayor Lawrence Swofford at a meeting of Herlong supporters Monday afternoon at City Hall. (Herald Photo)

Herlong Hits GOP Smears; Calls Cuba Blockade Silly

It read like a "Who's Who" in Seminole County Monday afternoon as Congressman A. S. Herlong Jr. kicked off his political campaign for reelection at City Hall. Hundreds jammed into the tiny commission chambers to hear Herlong take a few verbal shots at his Republican opponent and offered a plan to "rid Cuba of the yoke of Communism."
Speaking of his opponent Hubert Hevey (without mentioning his name) Herlong called him a "miserable failure using smear tactics to challenge my record of 14 years in Washington."
"This man, who couldn't even win a city commission race has resorted to half truths and name calling to win this election," Herlong declared. Herlong asked an end to Democratic party complacency and urged his supporters to "put me over the top in this county."
On Cuba, Herlong said, that "action is indicated" and called any blockade "silly."
He proposed evacuation of families of servicemen at America's Guantanamo Naval Base, reinvoication of the Monroe Doctrine, full scale air and surface military exercises in the Caribbean; alert the armed forces including the air defense command and the taking of diplomatic steps to halt further transport of Soviet military goods to Cuba.

Fouls Called By Chairman At Council Meet

Casselberry Board Chairman Paul Bates had to call fouls for use of profanity upon occasion Monday night as other members of the board played a near two-hour game of verbal ping pong with the water rate raise issue.
Permission to raise the rates was requested at last week's regular board meeting by Casselberry Utilities which said it needed the money to pay for plant improvements required by the State Board of Health.
At that time a one week delay was approved to give Hubbard Casselberry, owner of the company, time to decide whether or not he would allow the city to have an audit made of his books.
This week the board completely reversed its decision concerning the audit and voted instead to give the company until next month's meeting to provide satisfactory evidence that it is loosing money and cannot afford the improvement costs.
One of the reasons for the lower construction cost of the new air-conditioned units is the fact that the building is much more compact and the heating unit and air-conditioning unit are all tied into one package. This means a lower maintenance cost, as well, because it requires fewer custodial personnel to keep a smaller building clean and in repair.
It was pointed out by Milwee, that the trend to air-conditioning of school buildings has received wide spread acceptance all over the nation by parents, pupils, teachers and tax-payer groups who have realized that with lower costs and increased efficiency the new type schools are a tremendous asset to the community.

Navy Wife Dies In Car Crash

A young Navy wife was killed Monday night, about 10:30 p. m. when her small European car skidded and rolled over twice on a Lake Howell Lane curve.
Trooper J. L. Sikes estimated that Mrs. Margaret Moore, 17, was traveling between 60 and 70 miles per hour on the sand road when the accident happened. She was caught between the door and the door post and the car rolled over on her causing her death by internal injuries.
Her husband, AT2 James A. Moore, SNAS, is on overseas duty with the aircraft carrier Enterprise. Mrs. Moore was living with her parents, Mr. and Mrs. William Heath, of 719 Morocco Ave., Orlando.
The body was taken to Gramkow Funeral Home.

19 Days Left To Register

Mrs. Camilla Bruce, county registrar reminded voters today that there are only 19 days left to register for the November 6th election. The office at First St. and Sanford Ave. is open from 9 a. m. to 5 p. m. daily and from 9 a. m. to 12 on Saturday.
The same books are now used to register both city and county voters, Mrs. Bruce said. Persons eligible to register include those who have reached their 21st birthday, have been a resident of the state for one year and of the county for six months.

Mass. Voters Stream To Polls

BOSTON (UPI) — Massachusetts Democrats were voting in apparent record numbers today on the issue of whether 30-year-old Edward M. Kennedy is too young and inexperienced to sit in the United States Senate.
The President's youngest brother is a slight favorite to defeat Edward J. McCormack, 39-year-old nephew of House Speaker John McCormack for the Democratic nomination for U.S. senator.

Free Steaks

The Elks Club will give steaks for blood at the monthly Blood Donor Day. The steak dinners will be served from 1:30 to 6:30 p. m. after blood is drawn at the Blood Bank on East Second St., Ralph Wight said today.

Caramel Plus Cheese: Apple Pie

NEW YORK (UPI) — A sponsored by Pillsbury and General Electric. The nation's former first lady, Mrs. Dwight D. Eisenhower, presented Mrs. Smogor the first prize check at an awards lunch at the Waldorf-Astoria Hotel.
Mrs. Erwin J. Smogor, wife of a truck dispatcher, became the new first lady of cookery for her efforts in the contest
Two Alabama homemakers were big winners in the bake-off.
Mrs. Bessie L. Gentry of Alexandria, Ala., took second prize of \$5,000 for "smokey barbecue buns" — a French bun topped with sesame seeds and brushed lightly with barbecue sauce to produce an out-door flavor.
Mrs. Rena G. Propst of Tuscaloosa, Ala., won \$3,000 first prize in the senior division with "tato flake cheese buns," an easy yeast bun flavored with cheese and potato flakes and baked in a muffin tin. A moist, delicate texture is produced by the potato flakes.
Richard W. Klecks, 12, of Tinley Park, Ill., was the big junior winner. He picked up \$3,000 for a "cheeseburger casserole" and said he learned how to cook in the Boy Scouts.
In the junior division, \$1,000 runner-up prizes went to Frances S. Spomer of Junction City, Ark., and Peggy A. Mahor of Hagerville, Ga.
