More Defense Items Delay New Aid Bill

House Leader Says Need Of Price Control Measure Is Seen By Congress

Appropriation Is Held Up 2 Weeks

McCormack Favors 10% Over Parity On Farm Prices

WASHINGTON, Sept. 22 (AP)—Roosevelt returned today after a Hyde Park weekend and feared that the new \$5,985,000,000 lend-lease appropriation would probably not reach the House for two weeks because of a decision to add defense items.

House Majority Leader McCormack of Massachusetts said a congressional conference with the President required also a need for the early passage of a price control measure. Before the banking committee, McCormack said he favored a provision placing a ceiling on farm prices about ten percent above parity.

The Justice department, it was learned Sunday, has been asked to take action under the anti-trust laws against a provision placing a ceiling on farm prices about ten percent above parity.

Officials of the price administration said the provision concerning farm prices would be included in the lend-lease bill.

Captured By 'Chutists'

Twenty minutes after Private Howard took as landed with 127 others of the 602nd parachute battalion, he took as 'captives' Lt. Col. Edward J. Renth and Lt. Col. Austin F. Anderson (right), both of the Second Army. The parachute maneuvers, part of the war games at Clarence, La., were a complete success.

War Situation Is Discussed By Rotary Speaker

Teaching Youth Of Democracy Is Advised By Gurney

Declaring that the present situation is unparalleled in the history of the country, because never before have we been "engaged in war" and "not engaged in war" at the same time, J. Thomas Gurney, Orlando attorney, spoke at a Rotary Club today on "The Psychology Underlying War and Peace."

Mr. Gurney emphasized that democracy is the best form of government yet devised by man but he insisted that it must be protected to be preserved and that the best way to preserve it is to teach to the boys and girls in the nation's schools the advantages of being an American citizen.

Mr. Gurney was introduced by George A. Speer who had charge of the program. Dr. R. W. Kephart who presided over the meeting announced that the annual bar-becue will be held on Thursday afternoon, Oct. 2, and that this will take the place of the usual meeting on Oct. 6.

Declaring that the people are slowly making up their minds as to the alternative of war or peace, Mr. Gurney pointed out that democracy necessarily moves slowly. The people must make up their own minds and then express their desires through their duly chosen representatives.

"No nation," he declared, "ever went to war without first being prepared psychologically for war. To us here in this room war seems pretty remote today though the recently enacted tax bill may have brought it closer to home."

"And this is something the people are willing to fight for—the right to talk about what their government intends to do. So it happens that a nation may be free to discuss its policies but the people are not free to discuss them."

"The nation can engage in war without curbing some of its rights and liberties of its citizens. Any all out effort to win the war must cut down on the rights which the people have previously enjoyed. But in a Democracy a person must be prepared to surrender those rights voluntarily for the time being so that they may be preserved for him personally."

"Declaring that there are some advantages in war, Mr. Gurney pointed out that out of the present war may come unity and peace for the world. He said that during the next few years the war will be over and the world will be a better place than it is today."

"The Chamber of Commerce would like hotels, apartment houses, and rooming houses to keep a list of visitors, with their home addresses, to add to the present list of 1,200 names now on file at this office."

Mr. Higgins declared, "The visitor will then be mailed a letter of invitation and literature about Seminole County, and also a copy of the Tourist Edition of the Sanford Herald, to be published Oct. 27."

"We wish to emphasize that anyone sending in names should have not only the town of the visitor, but also the street address if it is a large city."

The Chamber of Commerce will pay the postage on the literature and will also pay for the copy of the newspaper, Mr. Higgins said. "We would like to get as many names as possible and as quickly as possible, and the deadline for this list is Sept. 30."

British Subs Sink 2 Axis Convoy Ships

Italian Liners Are Hit While Transporting Reinforcements To Africa

LONDON, Sept. 22 (AP)—The Admiralty reported today that British submarines, attacking a Mediterranean convoy carrying Axis reinforcements to North Africa, sank two large Italian liners and damaged a third, all believed to be nearly 25,000 ton vessels.

The R. A. F. in Cairo attacked Axis shipping off Tripoli. One ship blew up with such force it destroyed the attacking plane.

German machine-guns, troops and armored cars will move in against any organized attempt to prevent reinforcement in the Mediterranean. Authorized sources from Paris said Sunday night that Marshal Petain had begged Frenchmen to quit attacked Axis Germany to save all conquered France from reprisal.

The Paris sources said the aerial shooting and executions of hostages which live up to now have claimed 35 lives would be "a mere drop in the bucket" if what may happen if sabotage and terrorism continue.

In a radio broadcast condemning the assault on German army, Marshal Petain declared: "These attacks are crimes. They may lead to new troubles. They must be blamed on foreign agents because it is not in French tradition to attack soldiers in the dark while they are doing their duty."

The authoritative sources from Paris said the back and forth movement of reinforcements in the eastern front, there were still enough German soldiers to enforce peace in occupied France "even if the French don't want to keep it themselves."

The source said this was the situation as seen by officials at Paris.

"There are three groups in the occupied zone—the French, the Germans and the Communists. A small group of Communists is leading Frenchmen to a revolution against the Germans and the Germans are simple German soldiers who matter only in no matter what country, in no matter what kind of situation, the same principle stands: Don't let the enemy follow get the best of you."

The sources asserted the official view was that there would be no order in Paris without German troops, that Frenchmen would be fighting in the streets because French political groups can not get along together.

Only One NYA Worker On Job In Sanford Now

Appropriation For This Area Being Used For Defense

There is only one NYA worker employed in Sanford, Mrs. Edith Stankley, who is the secretary of Alex R. Johnson, Agricultural Administrator here at this time last year there were approximately 30 young girls and boys who had jobs in the school offices and lunch rooms, it was reported today by the NYA office in the County Court House.

This situation arises out of the fact that the appropriation for this area is being used for national defense, and must be divided among 12 counties, the office explained.

Since Seminole County has nothing that qualifies as national defense except the Agricultural Department at Seminole High School and the National Defense Council, Orlando and other towns which have big projects are getting most of the money. For example, the Orlando Air Base has employed several electrical workers (Continued on Page Three)

Reporter Visits Niagara Falls; Impressed With Tourist Trade

By FRANK COWLES

NIAGARA FALLS, N. Y., Sept. 22 (Special)—For over 50 years Niagara Falls has been one of the famous American tourist attractions, and this popularity, far from dimming, is on the increase. Though not as popular with honeymoon couples as it has been in the past, Niagara Falls is still packing 'em in during its entire summer season.

Sanford might take a lesson from the city of Niagara Falls. Not so many years ago there was little here except for the Falls themselves. But today tourist travel has built up a great city which derives its income not only from visitors but from several big industries.

The growth of this city shows what tourists can do for a place. Only once have the Falls frozen over completely. This was in 1937, and on that day, we were told 185,000 jumped in to see the sight.

Niagara Falls is easily one of the most magnificent sights to be seen anywhere. A park has been built along the river and to the Falls, so that they can be seen from the town. An elevator takes you about 200 feet down, and there is ample room to walk around and look up at the tremendous water plunging over the cliff. A loud roar is always to be heard.

The height of the American Fall is 167 feet, and Horseshoe Falls on the Canadian side, is 215 feet. The combined flow is 1,500,000 gallons of water pass over both falls.

Now, water and so much more are probably passing away from the city of the Falls. In the past, the city of the Falls was a small town. It produced peaches, pears, apples, peaches, and grapes. With such abundance of farm products and factory goods as we have seen here, it seems hard to believe that there would not be enough to supply the country.

Italians Sink British Ships At Gibraltar

Invasers Use Unidentified Type Of Warships Called "Assault Units"

Bulgarian King To Meet Hitler

Reports Say Turkey, Dardanelles Keeper, Facing Showdown

WASHINGTON, Sept. 22 (AP)—Two ranking members of the Senate foreign relations committee said the outcome of the drive for a decision in Russia would decide whether the Nazis must seek peace in six months or be able to wage a long war. They said the Germans were "throwing away men like paper dolls" in an effort to conquer Russia before winter.

Italians today reported four of their warships sank four merchant ships in the port of Gibraltar after entering under the big rock's guns. Apparently they took the harbor is protected by moles, nets and minefields and huge guns high on the rocks.

Italians with unidentified type of warships called them "assault units" which "entered today" and "batter" the harbor. No comment was made from London.

Warlike preparations in Bulgaria aimed at Turkey or Russia were emphasized by reports that King Boris III of Bulgaria is enroute to meet Hitler. These reports say Turkey, guardian of the Dardanelles, faced a "stony" death.

The Germans said Russian warships were beaten back by German shore guns in an attempt to flow Baltic waters off Leningrad. A Hitler bulletin also said the Luftwaffe scored two bomb hits on a Russian battleship, six on three cruisers and damaged two destroyers, a minesweeper and a gunboat off Kronstadt Island, the naval base near Leningrad.

Aside from an Italian torpedo attack last year this Gibraltar assault is the first naval attack since French and Spanish ships unsuccessfully shelled the British garrison in the winter of 1832.

The crushing power of Germany's drive into Russia was acknowledged today by the Russian, who admitted the evacuation of Kiev and said terrific Nazi assaults were being directed against Leningrad and Odessa.

The Russian admission came as German armor claimed new and shattering victories at both ends of the 200-mile front.

The fall of Kiev was first announced by the Germans Friday, but as late as midday Sunday the Russians had contended their troops were still hanging on in the suburbs. German reports of gains at the end of the front referred to Sunday fighting.

The retreat from Kiev was carried out in accordance with the Soviet plan of yielding ground if (Continued on Page Three)

Former Sanford Man, Paul Keely, Dies In Homestead

Paul Keely died suddenly Saturday afternoon in Homestead where he has been residing for the past few years. He had lived the greater part of his life in Sanford.

Mr. Keely was employed as an engineer with the Atlantic Coast Line Railroad for 23 years. Four years ago he began farming in Homestead.

Funeral services will be conducted Tuesday at 4:00 P. M. from the home of his brother, J. M. Keely, in Tampa.

Loaf Of Bread To 11 Cents In Miami

MIAMI, Sept. 22 (AP)—Housewives buying bread from independent merchants in this area will pay 11 cents a loaf today instead of the usual 10.

The merchants said the increase would be caused by a rise in the wholesale price from 9 to 10 cents a loaf, and wholesalers attributed the rise to the higher cost of materials, shortening of working hours and others.

Charles F. King, head of a local bakery, said the Atlanta-based Lowry Flour Co. had raised the price of its flour to 10 cents a bushel, and that the cost of other ingredients outside the Syracuse area.

Leesburg Takes Lead in Series With Thomasville

TALLAHASSEE, Sept. 22 (Special)—Leesburg regained the lead in the Georgia-Florida State inter-league series Sunday by beating Thomasville, Ga., 7-4.

Florida champions of the Florida State League, Leesburg scored its runs on 12 hits, but was aided by three Thomasville errors. The series now stands 3-2. Thomasville's winners of the Georgia-Florida league playoff, scored twice in the fifth and once in the sixth with eight hits.

Leesburg has won the first, third and fifth games in the seven-game series.

Gators To Face Tough One With "Ole Miss"

GAINESVILLE, Sept. 22 (Special)—One down and nine to go, the University of Florida's Fighting Gators football team Saturday met its first severe test of the 1941 season—the Mississippi State Maroons, champions of the Orange Bowl.

Last Fall the Orange and Blue was forced to open against Coach Allyn McKen's powerful combine, but this season the schedule gave them the Randolph-Macon game in line of experience. On the other hand, the contest was played in Florida Field Stadium here in 1940, but this year is set for State College, Miss., as State's first game.

Old rivals, the Gators and Maroons have met eight times in the past, but not since 1925 has Florida been victorious. The count stands five wins for State, two for Florida, and one tie.

In 1940 game the gators, despite unfamiliarity with their Notre Dame offense, went into a 7-0 lead early in the fray, on a standstill drive from Tommy Harrison to Woodron Mitchell, and the score stood at that mark at half time.

But the Maroons, having thoroughly tested Florida's defense, methodically and powerfully opened up in the third period, and before the second half ended, as great offense, and superior reserves had carried them to a 25-7 win.

With the exception of Capt. Bill Arnold, 205-pound candidate for all-American tackle, the great 1940 line has gone from State, but experts say there is little difference between it and the forward wall the Maroons have this year.

And in the backfield three of the men scoring against Florida last year are back—sonny Bruce, tailback; Blundy Black, wingback; and Walter Craig, wingback.

In Black and Craig, wingback, boasts two of the fastest running backs in the Southeastern Conference. Their scores against Florida were both on brilliant plays beginning outside the 50-yard line.

Bruce, a 180-pound triple-threat, was one of the conference's most outstanding sophomores in 1938, but an injury kept him out through the 1939 season, and he did regain his earlier peak in 1940. But with competition like Boots Johnson and Billy Jefferson no longer keeping him on the bench, he's reported ready for a great season as a senior.

On the Florida side of the picture, observers viewing with head rather than heart see faint hope for a Gator victory unless master of psychology Tom Leah can needle some of his inexperienced men to great heights. State's reserves were tried and proved in crucial test in the Orange Bowl, many of Florida's have less than

Secretary Knox Says Neutrality Act Is Crippling Country

No Handicap Should Be Put On Those Keeping War From U. S., Says Speaker

Declaration Made At Ship Launching

Navy Head Sees Prospect Of Russian Victory Very Dim

QUINCY, Mass., Sept. 23.—(AP)—Navy Secretary Frank Knox today declared the neutrality act was crippling this country and should be repealed immediately.

"There should be no handicap on those who are trying to keep war away from these shores," he shouted over the loudspeaker at the launching of the 35,000-ton battleship Massachusetts.

"There was no slip-up in the launching and the fact of the cruiser Plint was laid on the spot.

Knox said recent events on the Russian front made the "prospect of victory very dim."

The sinking of an American-owned freighter in waters off Iceland, where United States warships are patrolling with orders to "shoot first," was reported Monday by the state department.

The latest loss was the steamship Pink Star, a former Danish merchantman taken over by the Germans in July and placed under Panamanian registry.

It was the first such sinking since President Roosevelt proclaimed the United States neutral in the war.

The Pink Star sailed from New York Sept. 5 with a general cargo en route to a United Kingdom port by way of Iceland, and was sunk Sept. 19 only 45 miles from the coast.

The steamer, which also flew the flag of Panama, was carrying supplies for the United States.

The official announcement on the manner of the sinking of the fate of the crew of 34.

There were no Americans aboard, the crew consisting of eight British, eight Danish, six Canadian, eight Dutch, six French, three Belgian, three Chinese and one Estonian.

The neutrality act forbids American citizens and American flag vessels from sailing into combat zones. Transfer of the American-owned Pink Star to Panamanian registry and sailing under an alien flag violated the act.

The Pink Star was named the Lusitania when she sailed the Pacific before the war. She was 327 feet long of 1910 tons dead weight and was built in 1910.

The official text of the state department announcement follows:

The State Department has been informed by the Navy Department that the United States government-owned S. S. Pink Star was sunk on Sept. 19 at about 41 degrees, 15 minutes north latitude and 25 minutes west longitude, 45 miles northwest of the position of the steamer Lusitania.

The Pink Star (ex-Danish) was built in 1910 and was owned by the Danish company, the Pink Star Line. The vessel was chartered by the Danish government and was sailing from New York to Copenhagen.

Longwood Man Enlists In U. S. Navy

ROY C. WILLIAMSON, of Longwood, Fla., enlisted in the United States Navy today at the United States Naval Training Station at Hampton, Va.

Mr. Williamson will remain in the navy for a period of two years, during which time he will receive a commission as ensign.

He is the only man from Longwood to enlist in the navy since the outbreak of the war.

Wage Ceiling Is Next Step, Says Official

Henderson Advocates Agreement To Prevent Increases In Averting Inflation

WASHINGTON, Sept. 23.—(AP)—Price Administrator Leon Henderson today said voluntary agreements to prevent wage increases were the next step in the administration efforts to avert inflation.

Testifying before the House banking committee on the price control bill, he said British experience had been that "much more reliance is placed on voluntary understanding than on law although the British had broad powers over prices and wages. He said Sidney Hillman is seeking agreements.

In Detroit, Governor Murray Van Wagenen declared the ration laws "economic chaos within three months" unless civilian labor and material prices are granted immediately in areas unable to participate in the national defense effort.

He is a witness in the special House committee probing deflation. He said production quotas of essential materials threaten to wipe out small business and industry.

Proposals For Two Trailer Camps Made

Lions' Club Would Withdraw In Favor Of A. B. French

Proposals for two trailer camps were brought before the City Commissioners at their regular meeting last night but action on both of them was delayed until further information is obtained.

The first proposal was brought to the attention of the Commission by A. B. French who asked the City to allow the construction of a driveway into the camp site, near his home on French Avenue, adjoining the State Forestry Market, H. N. Sayer, City Clerk, stated today. Action by the Commission was deferred until Mr. French has his plans for the camp approved by the State Board of Health.

The other proposal was brought up by the Lions Club, which is planning to build a camp on the lakefront at French Avenue. The club requested the help of the City in clearing the land of weeds. Club representatives stated they would withdraw their plan if Mr. French in an attempt to reach an agreement about the camp, Mr. Sayer explained.

Mayor W. C. Hill was authorized by the Commission to issue a proclamation for the Municipal election of Nov. 4, to elect two commissioners for the vacant seats at the expiration of the terms of James Gut and E. E. Rollins. Mr. Sayer also said.

Mr. Hill is authorized to permit to convert the property at 112 West First Street, into a bar and restaurant. The plan was approved by the Commission. James Walker was given permission to sell wine and beer at 222 West First Street, provided he installs a telephone, as the place of business is not on the regular police beat.

Action was deferred on a petition presented by residents of the vicinity of Geneva and First streets, asking for a street light placed on that corner.

Turkey Will Block Dardanelles Straits

BERN, Switzerland, Sept. 23.—(AP)—The Ankara radio broadcast a statement by the highly placed Turkish newspaper Ak-Shefak Monday that "under no pretext will any fleet pass through the (Dardanelles) straits."

The broadcast, coming as it did from the government-controlled Turkish station, indicated the Turks would turn down any request by Bulgaria to transfer former Italian warships to the Black Sea for use against Soviet Russia.

Japs Rush Troops Into Manchukuo

SHANGHAI, Sept. 23.—(AP)—Japan is rushing masses of additional troops to Manchukuo as a result of mounting confidence in a series of outbreaks in one way or another, the Red Army, foreign military observers reported today.

The Japanese troop movement started the past week just as Germany was making considerable gains in the west. Some quarters believe the time may be ripe for a Japanese thrust against Siberia.

Nazis Report Destruction Of 750,000 Reds

ITALIANS PICTURE CHAOTIC RETREAT OF RUSSIANS IN AREA OF UKRAINE

580,900 Soviet Prisoners Taken

GERMAN PAPER ACCUSES HULL OF PUSHING U. S. INTO WAR

THE HITLER COMMAND TODAY REPORTED THE DESTRUCTION OF 750,000 Soviet troops, and the capture of 380,000 prisoners in a trap 125 miles east of Kiev, while Italians pictured a chaotic retreat of Russians in the Ukraine.

On the diplomatic front, the Germans said whatever help they could give to the U. S. was "in accordance with the law of war" and asserted Secretary Hull drove America a step nearer war with the comment that the neutrality law should be changed. The Germans said no U. S. troops or other aid had specifically reported the sinking of the Pink Star.

Russian warfront dispatches said fierce counter-attacks and heavy charges hurled back two German regiments on the central front and drove Finnish troops from strong fortification in the northern lake country.

The Nazi radio reported 50 heavy tanks and 100 heavy guns were captured in a battle on the central front. The Germans said they had captured 50 heavy tanks and 100 heavy guns.
