German Caucasus Oilfield Campaign Apparently Ended

Since Recapture Of Rostov By Reds, Nazis Retreating Toward Mariupol

Admit Superior Russian Strength

35 Villages Retaken In Fierce Counter-Attacks In Sector

BERLIN, Dec. 1.—(AP)—German soldiers in advance units battling toward the Russian capital now "can see Moscow with the aid of good field glasses," a Nazi military spokesman asserted today.

The spokesman did not say on what part of the driving Moscow front the advance had been made.

The Russian recapture of Rostov, gateway to the Caucasus oilfields, apparently ended Nazi hopes of an immediate campaign into the Caucasus, and the Russians also reported that Germans were fleeing westward toward Mariupol before the reinforced Red army.

Before Moscow, the Russians claimed recapture of 35 villages and towns in fierce counter-attacks. The Germans admitted superior Russian strength in the Rostov sector.

The Germans also acknowledged recapture from R. A. F. night raids on Hamburg and Essen and claimed 41 British bombers were downed.

Far to the east the Red Army was reported to have captured a large area of territory before they took from the Caucasus approaches in a battle which sent the German commander there, Field Marshal von Kluge, fleeing to Mariupol on the shore of the Sea of Azov.

The only German answer to the Red victory claims in the Rostov-Donets basin region was that the language of attacking Russian troops was reaching "fantastic proportions."

In the Russian defense of the vital Soviet Caucasus oil supplies, German dispatches described waves after waves of Red crawling into the Nazi lines pushing up almost unopposed.

But the Moscow radio said these waves had hurled the Germans from Rostov clear back to Taganrog, 40 miles to the west which the Germans took six weeks ago.

Seven Permits Issued At City Hall Last Week

Among the seven permits issued at the City Hall last week were two in re-roofing buildings. The Temple Beth Israel will contract F. M. English to re-roof a synagogue on Sixteenth Street. Arnika Tabach also contracted F. M. English to re-roof her dwelling located on Eleventh Street between Park and Oak Avenues.

Luigi Prino was issued a permit to contract Henry Williams to make repairs on her dwelling on Third Street and W. E. Kirshoff secured permission to repair a wash house on Cedar Avenue.

Annand Hart will contract George Martin to tear down and rebuild a three-room house on West Seventeenth Street and George Peterson will erect a garage on Sixteenth Street.

Frank Bauer secured permission from the city engineer to erect a garage on Eleventh Street between Park and Oak Avenues.

U. S. Navy has had only one day in the past week in every year when it was so busy. The navy department and destroyed many ships.

THE DAYS OF CHRISTMAS
The Christmas season is here and the city is preparing for the holidays. The city hall is busy with the issuance of permits for the season.

ARBITRATION BOARD HAS LONG MEETING
NEW YORK, Dec. 1.—(AP)—The arbitration board of the American Federation of Labor and Congress of Industrial Organizations met today for a long session.

Newsman Captured

One of the two American newspaper correspondents captured by Axis forces in Libya, Geoffrey Anderson presumably will be brought to Rome and released after a short time, according to report. Anderson was with the advance British forces when captured.

Students Who Have Jobs Required To Get Certificates

School children between the ages of 16 and 18 must have a certificate from the State Labor Board in order to accept either full or part-time jobs according to information received by T. W. Lewin, county school superintendent.

This rule also will affect students now working. All will have to sign certificates at Mr. Lewin's office. At present there are five temporary forms to be filled out. They are certificates of age for minors, health certificate, school record, statement of need by parent or guardian, and record of documentary evidence of age.

Complete information on the rule has not been obtained. Mr. Lewin added, The State Board is working in Tallahassee now and more information on the various conditions of the law is expected soon.

The main purpose of the rule is to prevent children from quitting school to work unless it is absolutely necessary.

Building In South Records Big Gain

BALTIMORE, Dec. 1.—(AP)—Southern construction for the first 11 months of 1941 is valued at \$1,731,146,000, the largest total ever recorded for such activity in the area below the Mason and Dixon Line, the Manufacturers Record reported Sunday.

Large portions of these expenditures were used directly in development of Southern industry, and mass migrations of workers have taxed the facilities of many towns and small cities in the South, the publication added.

City Election Is Set For Tomorrow

No issues will be at stake when Sanford holds its general election tomorrow. City Clerk E. N. Beyer stated this morning. The election will confirm the primary election held in November.

George D. Bishop in Group No. 1 will be elected to the City Commission and H. James Gut in Group No. 2 will be re-elected to the Commission.

Mr. Bishop will succeed G. E. Rollins, whose term expires on Jan. 1. Mr. Rollins did not run in the primary. Mr. Gut defeated Gene O. Baber in the primary.

Mr. Beyer said that the votes will be cast in the Commission room at the City Hall, from 7:04 A. M. until sundown.

Churchill Works On His Birthday

LONDON, Dec. 1.—(AP)—Judges in the court, including permission of a judge to speak in the House of Commons on all subjects of men and women, Prime Minister Churchill will be 67th birthday today.

British Are In Position To Halt foe

English Troops Have Marched 300 Miles To Gulf Of Sirtre From Egypt Coast

LONDON, Dec. 1.—(AP)—Arrival in Britain of the first group of British tank units from the United States, was announced today by Canada.

The Associated Press—British Cairo Headquarters today announced the advance into Libya has carried 300 miles from the Egyptian border to the Gulf of Sirtre, south of Benghazi, placing the British in position to cut off the westward retreat of Axis troops trapped to the east in Libya.

The British have widened their corridor into Tobruk to 10 miles and have separated the two main remnants of German General Erwin Rommel's two battered armored divisions engaged in the battle for Libya.

One Nazi division, the 15th, last night was southwest of the corridor with British tanks pressing in from the south. These Germans were reported trying desperately to break westward through the British trap.

Rommel's other division, the 51st, in northeast of the corridor and yesterday morning launched an assault upon New Zealanders holding them in a vice-like grip.

The general commanding this latter division was captured by New Zealanders when he overreached himself with an armored assaulting column at Bir El Hamrak's defense perimeter. He was taken to Tobruk.

The most confident British communiqué in the 13-day-old battle declared that Imperial forces had thrust to the Gulf of Sirtre beyond Benghazi, slicing across the Axis supply line far from the main desert battlefront.

British sources indicated Axis resistance was crumbling and that the final phase of a fierce desert tank struggle may be near at hand.

Christmas Saving Club Checks Will Be Distributed

Christmas Savings Club checks written in the Sanford Atlantic National Bank are ready for distribution. J. L. Ingley, executive vice president, stated today. Persons who started weekly savings accounts last December may call for their money beginning tomorrow.

Records show that deposits in the club have made a considerable increase over last year and release of these checks means that thousands of dollars will be spent with Sanford merchants.

Mr. Ingley said, adding that this money is not used only for Christmas shopping.

"Many persons find the method a systematic manner of saving money to pay taxes, fuel bills and other necessities or payments which come due at this time of year," he explained.

Increase In Farm Income Predicted

WASHINGTON, Dec. 1.—(AP)—The Agriculture Department said Sunday that farmers were sending their last year's 1940, with the estimated cash income totaling \$11,500,000,000.

Moreover, the department said, next year should be even better with an income of about \$12,000,000,000—an increase bringing out of division improvement in demand for farm products and increased production under the food-for-peace program.

The department said prices were expected to average higher in 1942, but a decrease received by farmers and those paid by them, but this was commented.

"Recently, prices paid by farmers have been rising more than prices received, thereby lessening the purchasing power of farm products."

All American Air Unit Will Fly For China

American Pilots And Planes Will Defend Burma Road Against Japanese

MANILA, Dec. 1.—(AP)—In the near future the vital Burma Road supplying China will be defended from Japanese attack by an All-American air unit composed of American planes flown by American pilots under the Chinese flag, it was disclosed here today.

All personnel of the force will be listed officially as members of the Chinese Air Force. The majority of the men already serving in this unique branch of Chungking government's air force are former regular members of the U. S. Army and Navy.

There are more than 100 of these veteran service pilots. Officers and enlisted men were permitted to leave the United States armed forces for the China.

Officers will not lose Army Navy ranks or promotional opportunities in the American services, they continue to receive pay.

Sergeant Vickery Joins Army Class

FORT BENNING, Ga., Dec. 1.—(Special)—Start of the officer candidate class here with arrival of Sgt. Philip M. Vickery as a member of that class was announced today by Lt. Col. R. E. Courway, commanding officer of the Candidate Battalion.

The officer candidate course is under the supervision of the Infantry School, and is the first of its kind in 23 years, offering enlisted men opportunity to rise from the ranks.

Candidates are selected on the basis of leadership ability, taken from army clubs, teams and organizations in the Army. Successful completion of the rigorous three-month course results in commissions as Second Lieutenants of Infantry.

The new candidate is the son of Mrs. Lillian Vickery, 208 West Third St., Sanford. He entered the army in Nov. 1940 as a National Guardsman and was formerly with the 124th Infantry.

City News Briefs

The local American Legion Post will meet tonight at the Legion hut at 8:00 o'clock.

The Tourist Club will have its regular weekly meeting at the Tourist Center tonight at 7:30 o'clock.

There will be a meeting of the Boy Scout Board of Review tonight at 8:00 o'clock at the Junior High School.

Supper will be served at the meeting of Sanford Lodge No. 63 P. A. M. tomorrow night at 8:30 o'clock. Officers will be elected for the coming year during the business meeting.

Harry H. Brown of Orlando and Helen Bowls of Stuart secured a marriage license over the week-end. Also, a license was issued to Buford H. Hudson of Maitland and Opal M. Alderman of Orlando.

Smoke Park is the one place in the U. S. Naval Academy where informality reigns at all times.

Winter Visitors From Numerous States Arrive For Tourist Season

Winter visitors have begun to arrive in Seminole County from New Hampshire, Massachusetts, New York, North Carolina, Washington, D. C., Virginia, Georgia, Tennessee and Pennsylvania. Mrs. Mayne Hodgkin, recreation director, stated today. Last week she had a few calls on "early arrivals."

Mr. and Mrs. W. P. Davis who have spent several winters in various parts of the state and residing in Tallahassee, last season, were called by Mrs. Hodgkin to assist in the supervision of the "Welcome State" in many respects.

Russian Gains Influence Japs To Continue U.S. Negotiations

Florida Special Derailed — Second In Day

Second, New York-Florida train to be derailed in one day, the Havana Special is shown at Dover, Fla., with seven of its cars wrecked. Eight persons were injured. The other accident occurred 22 miles south of Jessup, Ga., where the Tamiami Champion jumped the tracks, killing one person and injuring 16. Three, two, seven cars were wrecked.

Fall Term Of Circuit Court Starts Today

Three Assault Cases Against Negroes First On Docket

Three cases opened the Fall Term of Circuit Court this morning in which three Negroes were charged with assault with intent to commit murder, according to Clerk of the Circuit Court O. P. Herndon.

The Negroes are William J. Lewis, Elmo Sykes and Vester Edge. The first of two murder charges starts Tuesday morning at 9:30 o'clock with Nelson Brown, colored, the defendant.

John Smith, colored, charged with rape, Dec. 3, at 9:30 A. M.; Willie Mae Hawkins, colored, charged with murder, Dec. 4, at 9:30 A. M.; and Le-Voy Lane, white, charged with assault with intent to murder, Dec. 18, at 9:30 A. M.

Circuit Judge M. B. Smith will preside. Mr. Herndon gave the following names as the list drawn for jury duty this week: Curtis Hughes, E. J. Meyer, S. O. Rhinholer, L. E. Floyd, E. E. Laney, Forrest French, A. H. Middleton, Donald Dunn, William Fleming, Samuel Levy, D. E. Howard, Charles Dunn, Sr., George Carter, George Smith, G. J. Browning, H. M. Watson, C. G. David, C. P. Henderson, S. F. Long, Charles Tale.

Also Albert Cruise, L. P. Field, H. E. Lee, Joel S. Field, Carl Bradbury, John E. Fox, R. W. Murphy, W. A. Mason, W. A. Pitts, Sr., Andrew Story, Andrew Carraway, J. R. Britt, A. K. Bessler, J. L. Jackson, J. P. McCalland, T. A. Proctor, Wilbur Goodall, Fred Black, Walter Coleman, John Hudson, S. D. Highlyman, Randall Priest and A. B. Doane.

Steven Dohanos, the nationally known artist who designed the 1941 Christmas Seal, is one of the hundreds of thousands of persons who have recovered from tuberculosis.

THE WEATHER

Florida, mostly cloudy. Scattered light rain except moderate over extreme south portion tonight. Tuesday little change in temperature.

Alabama—Partly cloudy, warming in north portion tonight. Tuesday partly cloudy.

Joe Gibson, new Navy Chief Engineer's mate, helped compose the sprightly ditty for "Navy Blues" and "Paddy's Blue Eyes."

Seminole County Has 120 Active Cases of T. B.

Florida has over 10,000 active cases of tuberculosis and Seminole County has 120 active cases, Mrs. Volie Williams, president of the local association, stated this morning in making an appeal for co-operation from the area during this year's seal sale which began Nov. 24.

Mrs. Williams continued by stating that the number of deaths caused by the disease reported from the county last year. The total number of deaths from tuberculosis was 12 and the report estimated that there are ten active cases to each death.

Mrs. Williams said, and she added that Seminole County has the highest death rate in the state.

The sale of Christmas seals is the only means the Tuberculosis Association has of collecting money. Mrs. J. L. Ingley, chairman of the sale, pointed out and the proceeds of the sale are used to discover tuberculosis cases in the first stages, that is early enough to be able to cure the patients.

Among the other uses of the money secured from people during the seal sale conducted at the local association are in the provision of X-ray for suspected cases and in the prevention or spread of the disease by building up the resistance of children who have undernourished and have been exposed to contagious diseases.

The amount which is sent to the Florida Tuberculosis Association in Jacksonville is based upon the percentage "per capita" of the county. Mrs. Ingley subsequently the more money collected where the more money we are allowed to keep in the county to carry on the work of the local association.

A total of \$912.06 was collected in 1940 of which \$312.50 went to the State Association, while a total of only \$239.63 was collected in 1934. Mrs. Ruth Scott, treasurer of the association revealed in a report she recently submitted.

"The Balance on hand Jan. 1, 1941," the report continued, "was \$1024.43 and the total amount spent from Jan. 1 to date is as follows for X-rays, \$184; for nurses services, \$73; for milk, \$70.66; for serum, \$1.70; courses for tuberculosis received by Mrs. Williams and Minnie Hall who is a colored worker, \$55; miscellaneous, such as medical supplies, postage, \$19.50; total amount, \$373.78."

Rotarians Hear Address On Guns From Byrd Goode

Former Instructor Relates Methods Used In Firing

Demonstrating guns from the earliest muzzle-loaders to the most modern machine guns, Byrd Goode, president of the Seminole Gun Club and a former instructor of the New York police force, told the Rotarians today that accurate shooting depends upon the trigger squeeze and advised holding the thumb against the latch so as to counteract the pressure of the trigger finger.

Mr. Goode also paid high tribute to Chief Roy Williams and the Sanford Police Department for their courage in protecting the public against criminals and for their efficiency in maintaining a modern and well equipped law enforcement department. In the course of his remarks he showed some of the latest weapons of the police department.

Rotarians Hear Address On Guns From Byrd Goode

Former Instructor Relates Methods Used In Firing

Demonstrating guns from the earliest muzzle-loaders to the most modern machine guns, Byrd Goode, president of the Seminole Gun Club and a former instructor of the New York police force, told the Rotarians today that accurate shooting depends upon the trigger squeeze and advised holding the thumb against the latch so as to counteract the pressure of the trigger finger.

Mr. Goode also paid high tribute to Chief Roy Williams and the Sanford Police Department for their courage in protecting the public against criminals and for their efficiency in maintaining a modern and well equipped law enforcement department. In the course of his remarks he showed some of the latest weapons of the police department.

Among these was a tear gas gun with a muzzle measuring one and a half inches in diameter which shoots either tear gas shells or shells with a sickening odor which causes the victim considerable nausea. A "Tommy Gun" shooting at the rate of 600 shots a minute and costing \$275 was also exhibited. Other implements for police work were hand grenades loaded with tear gas and a modern gas mask.

A number of old time rifles were shown including several Civil War muskets the original Winchester repeaters which were used first by the Indians at Custer's Massacre when the soldiers were still using muzzle-loaders, and some of the original frontier rifles.

What was demonstrated included the "Pewee Gun" made famous by Mark Twain, the "Fountain Pen Gun" which looks exactly like a fountain pen, the "President Killer" which is squeezed in the palm of the hand and is the type of gun used in the assassination of President Garfield, a "Gentleman Derringer," and a "Dictator Gun."

Other pistols included the "Swamp Angel," a .41 caliber Colt.

Woodmen Will Have Family Night Party

Family night will be held by the Woodmen of the World Thursday at their hall on Park Avenue, Secretary C. C. Collins announced this morning.

The plans are being made by Celery Camp, number 625, and the committee in charge of the arrangements is A. C. Madden, chairman, A. L. Thomas, C. B. Radd and Clarence L. Collins.

Conal Commander W. P. Fields will preside and the meeting will start promptly at 7:30 P. M. Mr. Collins stated. All families and their guests are requested to attend. Prizes will be awarded at the bingo party, and music will be provided for dancing.

Despite Differences In Viewpoints Of Two Governments, Talks Will Go On

President Cuts Short His Trip

Britain Sends More Ships And Men To Posts In Orient

WASHINGTON, Dec. 1.—(AP)—Negotiations on the delicate far eastern situation were resumed today by Secretary of State Cordell Hull, and Japanese Ambassador, after which the secretary hurried across the street to the White House to report to President Roosevelt, who had cut short his Georgia holiday.

The President and Mr. Hull conferred by the most in Mr. Roosevelt's oral study immediately after the secretary concluded his talk with the Japanese, which concerned only the subordinate phases of the Pacific situation.

BATAVIA, Java, Dec. 1.—(AP)—Netherlands Indies Army Air Force was ordered mobilized today under a decree explained officially as "based on the necessity, under the present circumstances, to render completely ready the military air force which must be able to fight in the front line."

The Japanese cabinet, in a special session, today decided to continue negotiations with the United States despite great differences in viewpoints of the two governments. The decision is believed to reflect new turns in the Russian-German war.

War across the Pacific appeared near yesterday as President Roosevelt cut short his visit to Warm Springs, Ga., to hurry back to Washington and the British sent additional warships and men to posts in the Orient.

A large contingent of British and Indian troops, veterans of various other campaigns, landed at Bangkok, Thailand, and reports from Bangkok, Thailand and Hanoi, French Indo-China told of Thai troops taking up positions along their frontiers as new Japanese forces poured into neighboring Indo-China.

Thomas Lambert Will Speak To Traffic Club

Thomas P. Lambert, Jr., Dean of Henson University College of Law, will be the principal speaker at the meeting of the Central Florida Traffic Club to be held 7:30 P. M. Tuesday at the Angell Hotel, Orlando, according to an announcement today by Frank L. Tourtelot, president of that organization.

In view of his wide knowledge of foreign affairs Dean Lambert's remarks are expected to deal with the present European and Far Eastern conflicts, pointing out how they directly and indirectly affect the American way of life, as well as how, in his opinion, our economic structure will be changed.

He will be introduced by J. R. Wells, attorney for the Growers and Shippers League of Florida. The meeting will be in the form of a dinner and will be the first of 10 held by the club. In addition, to the principal address the program will include a short session of quiz questions, as well as several entertainment features arranged by E. M. Wbernetts, chairman of the entertainment committee.

Dean Lambert was born in Michigan, and took his undergraduate work at the University of California at Los Angeles.

He then held a Sterling Fellowship at Yale University, where he completed the residence requirements for his J. S. D. degree. In September, 1936, Lambert joined the Henson Law faculty as instructor in Law and in September, 1941, was appointed acting dean of the Henson College of Law.

The meeting will be attended by transportation men from Jacksonville and Tampa and club members from the surrounding territory.

Great Events

Although the news from all parts of the world is not entirely discouraging, newspaper headlines of the last few days reflect the seriousness of the international situation, probably at the moment more tense than it has been at any other time since the Nazis invaded Poland. There is an air of expectancy everywhere as if something of tremendous importance were about to take place.

Sunday morning newspapers fairly screamed "Russians Recapture Rostov," "Roosevelt Warns World Americans United," "Vichy Government Yields African Bases to Germans," "Britain and America Scored by Jap Premier," "Germans Killed in Paris Explosion," "British Reinforcements Arrive at Singapore," "President Cuts Short Warm Springs Holiday."

Today they are scarcely less impressive. "War Signs are Increasing in Orient," cries one. "American Fliers Will Help Defend Burma Road Against Attack," shouts another. "President Speeds Back to Washington," "Fear of War is Increased in Philippines," "Hull Confers with Halifax on Pacific Crisis," "British Report Axis Resistance in Libya Crumbling," they continue.

Newspapermen do not make headlines. They merely write them. People and events are the ones who make them. Nobody can read such headlines as these without realizing that momentous developments are taking place and that the whole world is traveling at a terrific speed. That we in this country can escape its consequences seems beyond reason.

A hurricane blows up from the West Indies. It demolishes San Juan, Puerto Rico. It sweeps over Turks Island. It skirts along the Great Abaco Islands. It hovers over Nassau long enough to wreck its principal buildings. Wise Floridians take these headlines as a note of warning. They get ready for a big blow. Others go about their daily tasks in the same old way. The hurricane is a long way off.

America is strong and powerful. So was the dinosaur, now extinct. America cannot afford to be caught napping. If it has ever needed to be awake, it must keep awake now. Tomorrow will be too late.

Citrus Advertising

In the light of the remarkable success of the preliminary newspaper advertising of the Seminole County Chamber of Commerce, it is encouraging to note that the huge advertising program of the Florida Citrus Commission will begin this week in 127 newspapers throughout the North at a time when the market seems sorely in need of considerable stimulation.

Two points stand out in the 1941-42 citrus advertising campaign approved by the Florida Citrus Commission, says the Tampa Tribune. "One is that newspapers will be used principally to carry the fresh fruit selling program; the other that the health angle and high juice content of Florida fruit will be stressed in all advertisements. The use of newspaper advertisements is almost a complete reversal from last year's program when a chain radio program was the ranking advertising medium."

"The decision to make a hard-hitting promotional effect by stressing the health qualities in Florida citrus also is a step in the right direction. These are days when every consumer is 'vitamin conscious,' and the broadcasting of the fact that Florida citrus fruits, especially grapefruit, provide the cheapest natural source of vitamin C should be worth much to the Florida citrus industry in pushing the sale of fruit."

Altogether the Citrus Commission proposes to spend about \$375,000 in the campaign which is to get underway Dec. 1. The program calls for expenditure of \$708,000 for direct advertising and \$167,000 for publicity and sales promotion. We believe the Commission's advertising agency, Blackett-Sampel Hummer, Inc., and Granville Rutledge, its advertising and sales promotion director, have done a good job in preparing the program which has every indication of being a success.

"With uniformly good quality fruit, protected by strict inspection regulations, and promoted by one of the most carefully prepared advertising campaigns, this Florida citrus season should be the most satisfactory in many years. It should prove beneficial to the grower, the shipper and to the individual it is most essential to satisfy—the consumer."

WHEN YOU SEE a fellow so cocky that everybody says, "My, doesn't he just think he's something!" you may consider yourself perfectly safe in disagreeing with the popular verdict. That chap, nine cases out of ten, is whistling pretended egotism through an inferiority-complex graveyard. He spends much of his time secretly pained over his own estimate of his worthlessness, and is scared pink lest it become generally known and he lose out entirely. So he sticks out the chest that hides a trembling heart, and acts as big as he wishes he were.—Strickland Gillilan in Your Life Magazine.

Appeal Is Made By Chairman Of Local Legion Auxiliary

"Women who lost the battle for suffrage in 1917 and 1918, will help every man in Florida bring equality in American citizenship to all the rest of the world."

This was the statement made by Mrs. Raymond C. Gannon, chairman of the local Legion Auxiliary, at the annual meeting of the organization held at the local Legion hall at Sanford, Florida, on Sunday, Nov. 24.

The meeting was held in the hall of the local Legion, which is located at the corner of First and Main streets. The hall is a fine building, and the meeting was well attended.

The auxiliary is a fine organization, and the meeting was a success. The chairman, Mrs. Gannon, is a fine woman, and her speech was well received.

Woman can accomplish very little in America if she is not helped by a half million women who are in the same program can achieve much toward keeping America thoroughly American. There is a place for all in our American nation. There is work for every patriotic woman who will do her part; work which will count actively for the present and future of our country."

Thousands killed upon American soil in 1940. One woman in every 100 is a victim of the "Red" menace.

"THE SCARLET LETTER"

Rotarians Hear Address On Guns From Byrd Goode

(Continued From Page One) gun used by General Morgan during the Civil War; the "Brevet," a four barrel French cur; the "Adams Horse Pistol"; double pistols of an ancient vintage, a "German Luger" made in this country; the "Frontier Gun"; a modern "A1" which "made all men the same size," and the U. S. Col's "A1" automatic which was used during the World War.

The display of guns was arranged by Chief Williams, largely from a collection at the police department. The club voted to dispense with the regular meeting next Monday in view of a joint meeting which will be held with the New Smyrna club Tuesday night at the Valdez Hotel at 7:30 o'clock.

Songs were sung in honor of the birthdays of Henry Clay, B. P. Hallock, and John Pascoe, while the group sang, "I Love You Truly" for the benefit of Leonard McLucas, club bachelor, who recently lost his status.

Visitors at the luncheon included Don Emery of Daytona, and Frank Sogers, M. H. Lane and C. J. Finley of Orlando.

Major Langar Will Work With U. S. O.

Major William Langar, head of the local Salvation Army, left today to attend a conference in Jacksonville with Divisional Commander C. J. Hickey, during which time he will receive instructions concerning the work assigned to him in the United States Organization.

During his absence, Mrs. Langar will be in charge of local work which includes three Christmas projects, the dime board, the Christmas bottle and the Empty Stomach Fund.

Talmadge Refuses Pardon Of Six Men

ATLANTA, Dec. 1.—(AP)—Governor Eugene Talmadge refused the pardon or parole of six convicted fugitives who were identified at their trials as members of the Ku Klux Klan.

The governor's action followed a sensational hearing last week at which the six white men pleaded for clemency with evidence by numerous Atlanta residents that they were innocent.

The men are Don Edson, Walter Puryear, W. T. Warren, Raymond Bryan, George Campbell and Harry Givens. They were sentenced to 10 and 15 years in prison.

The men were arrested in 1938 and charged with the murder of a Negro man in 1937. They were held in prison for several years before being brought to trial.

The men were found guilty of the murder and sentenced to prison. They were held in prison for several years before being brought to trial.

Minnesota's Golden Gophers Again Claim National Title

MINNEAPOLIS, Dec. 1.—(AP)—Individual playing brilliance, ingenious coaching and general ability gave Minnesota another perfect football season and kept the Golden Gophers on top of the gridiron world.

Playing a schedule that started with perhaps the season's hardest test, the national All Big Nine champions had a fight on their hands in every ball game.

That was because of the calibre of the opposition and because of injuries to several key men. At one time, Tackle Urban Oden, Captain Bruce Smith, backfield lead man; Guard Heide Fukema; Smith's understudy Herman Frickey, and End Bill Baumgard-

ser, were sidelined. And all five were starting players.

But Bernie Bierman and his coaching staff always met the emergency, and they wound up with about everything a great football squad needs, including a big, fast hard-charging line and backfield punch and brilliance.

This outfit furthermore had a great leader in Bruce Smith, who never failed to rally his men when the going was tough, a resourceful quarterback in Sophomore Bill Gamaas, and a pinchhitter extraordinary in 145-pound Bud Higgins, hero of more than one game saving situation.

The fans who followed the team—and that just about includes everyone from Baby Sue to Grandma—knew first hand what problems popped up from the most unexpected sources to harass Bier-

man. Big Ten experts credit Bierman and company with one of the really great coaching jobs of modern football.

Here's the on-the-surface record of this march to gridiron glory: Minnesota 14, Washington 6—Smith cracked an even battle with open with a second period 38-yard pass to Hein on the Huskies 21. Bruce ran for 12 and then plunged it over. Washington got six points dash and then Smith clinched it, driving from the eight to the one on Steele's third period 12-yard and then looking it over.

Minnesota 34, Illinois 6—Zuppke's gang loaded for Smith, so Minnesota shot Fullback Bill Daley through tackle for a 73-yard touchdown play on the first play from scrimmage. Smith was the deuce and helped pour it on in his turn.

Minnesota 30, Pittsburgh 0—This looked like it was going to be one of those Pitt-Fordham upsets heading into the second quarter. But Smith broke it up with a 37-yard sprint to the Pitt two to set up the first score, engineered another, and then let Higgins do a three-touchdown tune-up for his big job in future games.

Minnesota 7, Michigan 0—it was all Smith against Michigan. He punted 70 yards over the safety man's head to the Michigan 12. After the return punt Minnesota rolled to the only score when Smith passed 43 yards to Frickey to the Michigan five. Smith was knocked out but Frickey hauled it over before he too, was hurt.

Minnesota 8, Northwestern 7—

Official Grid Bowl Lineups Are Announced

NEW YORK, Dec. 1.—(AP)—The Jan. 1 football bowl lineup: Rose Bowl at Pasadena, Calif.: Oregon State (Pacific coast) vs. Duke (Southern Conference).

Sugar Bowl at New Orleans: Fordham (Eastern) vs. Missouri (Big Six).

Orange Bowl at Miami: Georgia (Southeastern) vs. opponent still to be named. Possibilities include Texas, Texas Christian, Penn State or Virginia.

Colton Bowl at Dallas: Texas Aggies to represent Southwest conference. Other team may come from Mississippi State, Duquesne, Penn State or Virginia.

State NYA Program Will Be Reduced

JACKSONVILLE, Dec. 1.—(AP)—The Washington office of the National Youth Administration has ordered 3500 people dropped from the NYA in-school, out-of-school program in Florida, State Administrator Charles G. Lavin said today.

"Reductions are to begin at once and continue over a five months period," Lavin declared.

"The cut in the Florida program has been necessitated because of a \$28,000,000 reserve of the current national NYA budget having been established by the bureau of the budget. Similar or more drastic curtailments have been ordered in every state."

This was the game in which Minnesota pulled the no-signals, no-shift sleeper that whipped Higgins 41 yards for the clinching score. Smith played only briefly.

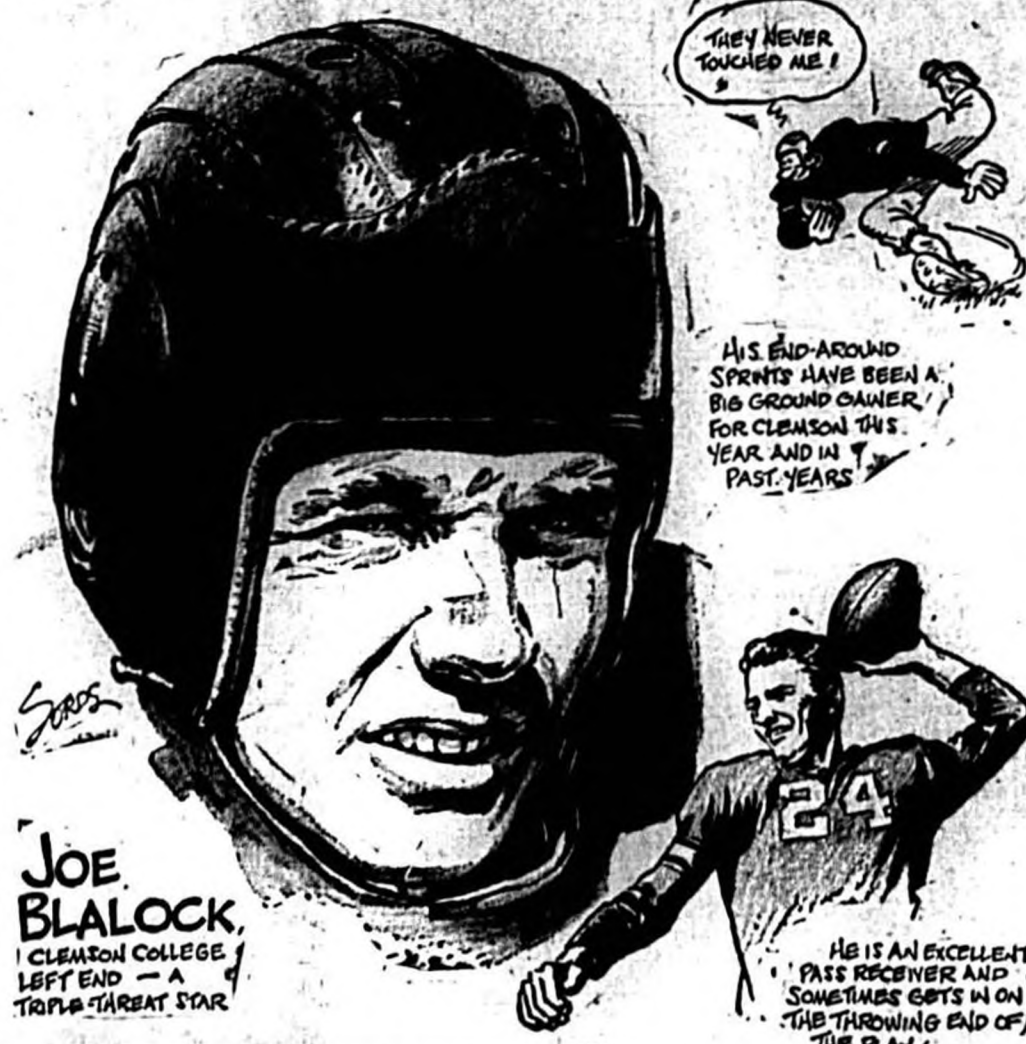

Minnesota 9, Nebraska 0—Smith let Daley, Sweizer and Higgins and others handle what became a very tough assignment. Higgins again provided the spark, passing to the Nebraska 12, then running to the Huskers' two to set it up.

Minnesota 34, Iowa 13—Iowa grabbed a seven-point lead in three minutes. Smith came in and ripped the game wide open. In six plays, he pitched and ran for 58 yards and the tying score. Then passes and powerhouse football smashed the Hawkeyes.

Minnesota 41, Wisconsin 6—This was Smith's greatest performance. In five plays after he came in to rally his team he passed and rambled to score, getting 18 set up three other scores, passing for two and running back a pass interception to 1 and from there Daley battered it over.

Reds Claim End Of Germany's "Invincibility"

Nazis Suffer Tremendous Losses As They Are Routed From Rostov Area

Russian Gain May Be Turning Point

Hitler's Troops In South Russia Get Their Worst Blow

(By Associated Press) The Soviets declared today the German retreat from Rostov is now a rout putting an end to tales about the invincibility of the German Army. On the central front, the Germans announced their forces have penetrated deep into Moscow's defense system, but a Soviet spokesman said the Germans can register so far only tremendous losses in all directions.

The German Armies of Southern Russia, already having suffered the greatest defeat ever to befall Nazi troops, still were retreating back last night under savage punishment in a spreading disaster that might well make an important turn in the whole course of the war.

His dream of a quick seizure of Caucasian oil fields and broken by the Egyptian forces fighting for their very lives in north Africa, the Fuehrer's army is now suffering her loss toward Rostov and the United States in time with the retreat from Rostov—all this brought to Hitler's attention the day after the Soviet army captured two years ago.

In urgent need of some victory, he sent his lieutenant, Reichsmarshal Goering, the top German airman, to a conference at St. Florin in France to demand gain of conquered Vichy—perhaps African air bases, and perhaps even more although this was only speculation—more "collaboration."

The Russians reported last night that they not only were still driving the Germans before them back to the west from Rostov, the Don River entrance to the Caucasus, but that a second Red counter-offensive from the north was heating down oblivious toward the sea and thus threatening the Nazi rear guard with annihilation.

Citrus Shippers Are Invited To Orange Festival

(Special)—Invitations are being sent this week to all citrus fruit shippers in Florida to attend the Florida Orange Festival on Friday, Jan. 23, and participate in the program which will feature the visit of members of the United Fruit and Vegetable Association to the thirteenth annual citrus exposition here. The festival opens Monday, Jan. 19 for a week's run, and approximately 2,000 members and visitors to the national fruitmen's convention at Orlando that week will come here to the festival.

President John A. Squires, Jr., of the festival association explained that the invitation to the shippers also included their northern representatives who are not members of the United Fruitmen's group, and it is expected that members of the national association's members at the barbeque at which the Florida Citrus Commission will play host.

Greater interest than ever will be placed on the show, and at this festival, the citrus growers' association will be the main attraction. The festival will be held at the Florida Citrus Commission building, which is located on the corner of Broadway and Duval streets.

Two Jumps To Safety

Private Charles Lankford, of Washington, D. C., member of the 502nd Parachute Battalion, landed in a pine tree after dropping from a plane during an "attack" on Maxton Field, N. C. He cut his chute away and is shown jumping to the ground. He was uninjured.

Cuban President Exam Procedure Wants Power In Nation's Cabinet To Be Changed

Asks Congress For Declaration Of Emergency State

HAVANA, Dec. 2.—(AP)—President Fulgencio Batista, after a night-long meeting of the cabinet and leaders of Cuba's political parties, said he would submit to Congress a message asking the declaration of a state of emergency and giving the cabinet extraordinary powers to prepare the nation for any contingency.

State Forest Fire Losses Rated High

TALLAHASSEE, Dec. 2.—(Special)—Florida stands second among 10 southern states in the number of forest fires thus far reported in the calendar year, according to figures just released by the Regional Office of the U. S. Forest Service, Alabama, with approximately 5,700 fires in the first nine months of the year, has lost 23,813 acres and had 2.2 percent of its protected forest acreage burned. However, only 63 fires were reported by that state for the month of September.

Florida, with 4,984 fires, had lost 2.5 percent of the protected acreage on October 1 and had 186 fires during the month of September.

City News Briefs

Sanford general election is held today with voters being sent to the City Commission room at the City Hall. The polls will be open until midnight. George D. Bishop is Group 20, and E. H. Smith is Group 21.

Battle Tide In Libya Is Held By Axis

10,000 British Are Claimed Captured As Nazis Advance In Tobruk Battle

LONDON, Dec. 2.—(AP)—Informal sources predicted today that British declarations of war against Finland, Rumania, and Hungary would come toward the end of this week and said Finland had been given its last chance to cease attacking Russia.

On the North African front the British admitted today that the Germans had succeeded in consolidating their divided Armies in the Libyan desert after bitter fighting. Axis commands suggested the capture of more than 10,000 British and Nazi sources said the Tobruk battle had taken a favorable turn for the Axis.

In the rising clamor of the fighting the decision was yet to fall. The British command acknowledged during the day that Nazi infantry supported by German rapid pursuit, northward to meet the disaster which had threatened him by the reported destruction of the Italian Ariete division.
