#### PAOLA POINTS

We were all shocked and saddened to hear of the sudden death of Capt. Marks, who for years lived in this vicinity and was ever a good friend and neighbor, genial, accommodating and generous to all.

Mrs. James is enjoying a visit from her brother, whom she has not seen for over forty years.

The Buchanans, Browns and Cleves, had spent a pleasant day in the woods last week, enjoying a sumptuous picnic dinner and calling on friends at Crystal Lake in the afternoon.

J. W. Kersey has gone to Jacksonville to accept a new position with increased salary. May good luck be his.

Harty Garwood is at home on a two months' vacation, while the Government dredge boat in which he is employed is being dry docked and repaired.

The oranges from the McCarmack grove at Twin Lakes have been shipped to Crescent City to be packed in the big McCarmack packing house there. This two acre grove turned out eight hundred boxes of fine sound fruit.

The orange trees generally are looking well and are full of bloom buds that will soon fill the air with their fragrance.

The Foy house has been rented to Mr. Tate of Missouri.

There are all kinds of rumors afloat of things that are going to happen, from a grand colonization scheme down to the straying and putting in good order the road from Paola church to Upsala. If the colonization materializes we hope it may be a success. As for the road, there seems to be no good reason why that should not be done.

This section has never had much county money spent on it and this would not be an expensive job anyway. Such a road would supply the missing link in a loop out from Sanford and in again, that would make a fine fifteen mile drive for autos and carriages right through the famous West Side gardens and celebrated Paola orange groves.

Firing passengers a glimpse of flat woods and sand hills, as well as many pleasant homes, both new and old.

Mr. and Mrs. Walker of Steubenville, Ohio are spending a month or two at Island Lake.

#### MONROE ITEMS

The stork left a fine baby boy at the home of Mr. and Mrs. A. S. Hawkins

on Jan. 24th. Mrs. J. A. Bell has been attending the spiritualist meeting at Lake Helen and reports a very pleasant and instructive meeting.

Miss Bove has resigned her position as assistant principal of the Monroe school and Mrs. Gora Hawkins Williams will take her place. Mrs. Williams was Monroe's first teacher and has many warm friends who are glad to have her again.

The Christian Endeavor Society held their usual Sunday meeting and was well attended.

Farmers are shipping celery and cauliflower every day and the fields are being set in lettuce.

We have had very heavy rains recently but very little damage was done to the crops.

Fishing is a good sport nowadays. Parties go out daily and return with fine catches.

The brick road is now a reality instead of a dream. 'Twill reach the ferry in several days and then what joy the folks can ride and walk in gear, not mud.

#### LAKE MARY POINTS

G. W. Herra and brother have moved to Lake Mary to take charge of the turpentine industry of the Liverstreet Turpentine Co.

H. D. Durant, section foreman of the Atlantic Coast Line has recently moved to Lake Mary and has assumed the responsibility of that section of track for the Atlantic Coast Line R. R.

There will be services at Lake Mary church every Sunday by the Rev. Mr. Pomeroy and Sunday school at 10:30 every Sunday. All invited to attend these services and we are sure you will enjoy Mr. Pomeroy's talks.

Mr. and Mrs. H. D. Durant happened to a misfortune last Thursday. Their little five year old daughter, Cornelia, while playing on a pile of cross ties near the house, a cross tie rolled off the pile and struck her on the left ankle and fractured the small bones in her ankle. She was attended by Dr. Miller of Sanford and is getting along nicely and will be up in a week or ten days.

Mr. and Mrs. H. H. and Mr. Chas. Lee of Jacksonville returned home after a pleasant visit to their sister, Mrs. J. G. Martin of Lake Mary.

Mr. and Mrs. Paul Keely of Jacksonville have moved here and will reside with Mr. Keely's mother, Mrs. A. W. Keely of Crystal Lake.

Mrs. Simons and daughter spent the day here Sunday and attended services at the Presbyterian church.

#### MOORE MOVEMENTS

Mrs. Ella Greenland arrived here last week from Columbus, Ohio to spend some time at her place on Cameron avenue.

Henry Huber of Peoria, Ill., is the guest of his friend, T. F. Johnson. Mr. Huber has been proprietor of the Farmers' Hotel in his home city for thirty-

five years. F. P. Chambers of Scottsburg, Ind., has been a recent guest at the Hancock home on Lake Golden. Mr. Chambers and Mr. Hancock are cousins and had not met for forty years.

Prof. G. L. Maris and wife are entertaining some friends from the north. Mr. and Mrs. F. F. Dutton have had as guests Mrs. Dutton's sister from New York and other northern relatives.

The farmers are complaining of too much rain. Irish potatoes recently planted have rotted badly, celery getting black heart and lettuce dampening off.

Mrs. Chandler and little daughter of Beardsall avenue are in Maysville, Ga., called there by the serious illness of her father.

The woods in the hammocks are full of the blossomed sweet yellow jessamine and blue and white violets. The live oaks have new leaves, the iron wood and sweet gum trees have hung out their tassels and old Dame Nature seems to think spring is here.

#### Depressed Spirits

EVERY ONE HAS IT WITHIN HIS POWER TO BE HAPPY

A celebrated French physician has said that "a man's liver is the barometer of his disposition."

Every man and every woman knows that the cheerful smile is a big factor in one's success.

Every one should know that the disordered liver is cause of ninety per cent of human ills. Lazy, overworked livers are the prime causes of headaches, indigestion, constipation and dozens of other ills.

But the inactive liver always warns by coated tongue, sour stomach, dull eye and even laziness. Heed your warning and you insure happiness to yourself and reflect it upon your associates. Calomel used to do. Modern day science has found a better way in Carswell's Liver-Aid which is a pure vegetable remedy on sale under guarantee of money refund at 50 cents for large bottle. Ask R. O. Bowers, druggist, about it.

THE FISH CULTURAL STATION WILL BE LOCATED AT SANFORD

SITE HAS SALE AND FRESH WATER TO OFFER

THE BEST SITE IN FLORIDA

ONE THOUSAND DOLLARS APPROPRIATED BY SENATE FOR ESTABLISH O. F. FISH HATCHERY HERE

Sanford is the logical place to establish the U. S. Fish Cultural Station and the site will be set forth in no uncertain manner when the investigating committee call for the report.

Location will be left to the department after investigation and study. Sanford will be given opportunity to be heard.

And this means that Sanford having so many advantages over all other localities in the state will be the site for the government fish hatchery.

The bill Senator Fletcher introduced appropriated an appropriation of \$50,000 for this purpose, and today he had passed it by the senate and sent over to the house for action.

As stated the bill appropriates \$50,000 for so much thereof as may be necessary for the establishment of a fish cultural station in the state of Florida, including purchase of site, construction of buildings and equipment at some suitable point to be selected by the secretary of commerce, and provides that before any final steps shall have been taken for the construction of a fish cultural station in accordance with this act the state of Florida through appropriate legislative action, shall accord to the United States commissioner of fisheries and his duly authorized agents the right to conduct fish cultural work and all operations connected therewith in any manner and at any time that may by them be considered necessary and proper.

Bearing on this matter, Acting Secretary Sweet of the department of commerce sent the following letter to the chairman of the committee on commerce of the senate:

"In referring to your letter of the 20th, transmitting a copy of senate bill 1899, for the establishment of a fish cultural station in Florida, the department makes the following statement and recommendations: It would appear to be very appropriate and desirable for this department to have a fish cultural station at some suitable point in Florida where both migratory and pond fishes could be handled for the purpose of supplying the supply in the waters of Florida and of contiguous states.

A Ham Fry was enjoyed at Enterprise Friday morning by the following ladies: Miss Stahd, Yockey, Herlin, Kara, Mrs. C. R. Phelps, Oklahoma City, Mrs. Gibson, San Diego, Calif. Those in the party from Sanford were: Mrs. Leonard, Mrs. Douglas and baby, Mrs. Goodbe, Mrs. Hutto, Mrs. Hoff, Mrs. Maslov, Miss Fox, Mrs. Gerrer, Mrs. Russell, Mrs. Hazel Hand, Mrs. R. L. Jones and Mrs. Taylor.

Soft Cold Weather Remains Washington, Feb. 9.—Winter's backbone is still a long way from being broken, according to the weather bureau experts.

The general distribution of atmospheric pressure over the North American continent and the adjacent oceans, said the weekly bulletin, today, shows temperatures considerably below the seasonal average and will continue so until the middle of the week east of the Rocky Mountains, and temperatures near the seasonal average on the Pacific Ocean.

The weather generally will be fair the first half of the week in the Plains states, the great Central valleys and the North Atlantic states. In the Gulf and South Atlantic states the weather will be overcast, with probably rains along the Gulf and South Atlantic Coasts until Wednesday.

The next disturbance of importance will appear on the North Pacific Coast on Tuesday, attended by general rains. It will prevail over the Middle West Thursday and the Eastern States Friday or Saturday. This disturbance will be preceded by a general reaction to higher temperatures, and be attended by general rains in the Southern States. "It will be followed by colder weather."

Dr. Russell Here Dr. R. M. Russell of Pittsburgh, Pa., preached Sunday morning in the Presbyterian church to a very large and interested congregation. His fame as being one wholly imbued with the spirit of Christ and being blessed with the ability to transmit it by word of mouth, had preceded him here with the result that every seat in the building was occupied.

Dr. Russell is moderator of the general assembly of the Presbyterian church in the United States, which position is the highest within the gift of the church. He is also president of Westminster College at Pittsburgh and is in Florida for the purpose of attending the deliberations of the Bible conference which is now being held at Enterprise, just across the lake from Sanford.

His address was much appreciated and his remarks relating to the process of obliteration, which is now taking place in the line that separates the Presbyterian church in the United States, was also received with duly manifested interest.

LECTURE ON BIRD PROTECTION High School Graduation Friday Evening Given Free

Dr. Eugene Swope, field agent for the Florida Audubon Society, will be in Sanford Friday, Feb. 13th and will deliver a stereoscopic lecture at the Sanford High School at 8 p. m. under the auspices of the Woman's Club.

Dr. Swope is an excellent speaker and has a fine collection of stereoscopic slides, mostly of Florida birds. He brings a message of interest to all bird lovers and possesses the gift of entertaining, as well as disseminating information. He visits the schools during the day and gives stereoscopic lectures at night. No charge is made for admission to the lecture, but Dr. Swope solicits membership in the Florida Audubon Society both at the lecture and privately. It is desired to greatly increase the number of members in all parts of the state, so as to solidify public sentiment in favor of bird protection. The Woman's Club of the state are cooperating in this movement with much enthusiasm and success. The Woman's Club of Sanford extends a cordial invitation to the people of Sanford to enjoy with them a rare treat that will cost you nothing. Teachers are especially invited to be present.

New Bridge Club The new Bridge Club met at the home of Mrs. J. C. Bennett Friday afternoon on Magnolia avenue. Vases of beautiful roses and ferns were on mantels, cabinets and piano. Three tables of players entered into a spirited game, and at the conclusion it was found that Mrs. Mary Symes had made highest score and was awarded the prize, a handsome deck of cards. The hostess, Mrs. Bennett, was assisted by Mrs. Willie Flanagan in serving dainty refreshments, consisting of strawberry ice cream, white cake and chocolate cake, the plates being decorated with sprays of nasturtiums. Those present were Mrs. William Flanagan of Christiansburg, Va., Mrs. L. W. Brady of New York, Mrs. F. L. Miller, Mrs. T. K. Bates, Mrs. Roy Symes, Mrs. Mary Symes, Mrs. B. A. Howard, Mrs. W. D. Turner, Mrs. Geo. Hoy, Mrs. W. P. Carter and Mrs. G. I. Loucks.

SANFORD LIBRARY ASSOCIATION HAVE AN INTERESTING MEETING

AFFAIRS ARE FOUND IN AN EXCELLENT CONDITION

OFFICIALS ARE HONORED

THE GOOD WORK OF LIBRARIAN RECOGNIZED AND SMALL TOKENS ARE GIVEN

The annual meeting of the Library Association was held in the Imperial Theatre on Tuesday, Jan. 29. A large attendance than usual manifested an awakened interest in the affairs of the library.

The treasurer's report was satisfactory, while showing no balance to commence the year's work with there was no deficit. During the year 1913 the library received by gift from various clubs and friends an amount that aided greatly in meeting the current expenses, as well as in the purchase of books and magazines. \$182.92 was given. \$152.28 was amount received from Librarian, the sum total of annual dues, rents and fines for 1913. The building fund on deposit amounts to \$200.13.

During the year, by purchase and gift 387 volumes have been added, making the number catalogued Jan. 1, 1914, 1728 volumes. Early in the year a book fund was created through the gift of \$60.25 from the Land a Hand Society and added to by others. This was divided into two orders of \$27.75 and \$30.25. The books were selected by the book committee and purchased through the Sanford Furniture Co., and Union Library Association.

Through the generosity of Mrs. O. W. Brady, Mrs. W. J. Hill and Mr. S. J. Biggers, cases and shelving were provided as needed.

On the magazine table fourteen periodicals were placed, purchased for \$27.65. Twelve others are donated more or less regularly. Election of officers resulted in the reelection of Mr. C. R. Walker for president, Mrs. Anna DeForest, vice president, Mrs. May Dickins, secretary, Mr. Raymond Key, treasurer. A new officer was elected, that of supervisory librarian, to which Rev. Arthur S. Peck was unanimously elected. Mrs. May Dickins, Mrs. M. Frank and Mrs. A. D. Key were re-appointed assistant librarians.

Dr. C. R. Walker appointed the following committees for the year 1914: Finance Committee—D. L. Thrasher, P. Forster, W. S. Laffer, Forrest Lake, Mrs. May Dickins, Mrs. M. Bigger, Miss Mel Whicker.

Membership—Mrs. Frank, Mrs. Chase, Mr. C. H. Laffer, Mrs. J. N. Whitner, Mrs. H. H. Chappell, Mrs. Laffer.

Books—Mrs. John Dickins, Mrs. Henry Wright, Mrs. Cox, Mrs. L. R. Phelps, Mrs. DeForest, Rev. Arthur Peck, Rev. Brownlee, Prof. Perkins, Dr. Walter Key.

A committee for incorporation was appointed, composed of the following gentlemen: Hon. D. L. Thrasher, chairman; Judge Herring, Messrs. S. O. Chase, M. F. Robinson, F. P. Forster, C. H. Laffer.

The following resolutions were offered by Mrs. John Dickins and adopted by the association: Whereas, The Sanford Library Association at its regular annual meeting hereby offers the following resolutions: 1. That we, the members of the Sanford Library Association, desire to express our sincere appreciation and gratitude to Rev. A. S. Peck for his deep interest, untiring labor and generous donations in the cataloguing of the library.

2. That we extend our special thanks to Mrs. A. D. Key, Mrs. M. S. Dickins and Mrs. M. Frank for their willing and helpful assistance to Rev. A. S. Peck. 3. That our gratitude is due Mrs. A. D. Key, Mrs. M. S. Dickins and Mrs. M. Frank, who have given so abundantly of their time, for their faithful interest in the library, and their valuable services as librarians. 4. That we desire to express our appreciation of the work of our president and executive officers and of their unflinching kindness and courtesy to us. 5. That we greatly appreciate the concessions made in the rent of the library room by T. J. Miller & Son. 6. That we desire to express our appreciation to Oshorne Herndon for the use of the Imperial Theater this afternoon. 7. That we extend thanks to W. J. Hill for the lumber used and to S. J. Biggers for building the magazine shelves. 8. That our gratitude is due R. J. Holly and the Sanford Herald staff for their kindness in publishing all notices.

LETUCE MARKET DEMORALIZED Poor Quality Generally Assigned as The Chief Cause

New York, Feb. 6.—The lettuce market is in a demoralized condition. Prices are much lower than usual at this time of the year and show a heavy decline from last week. This week the top for good dry lettuce has been \$1.25 and from that the price ranged down to 25c. This is in comparison with \$3 to \$3.50, which was realized for good lettuce last week.

Receivers say that one cause for this decline is the fact that a great deal of the lettuce which is coming from the San Francisco section is slippery, wet and unclean. Another contributory cause is the fact that on account of the fog last Friday it was impossible to float any lettuce over and there were sixteen cars here last Saturday. This was followed by thirty-seven Monday and this helped depress the market.

When some of the lettuce is assigned, it is believed that a large proportion of it has been purchased. If this is the case it shows heavy losses to the producers. This is a fairly good demand for good dry lettuce and the only stock that is filling that requirement is that which is coming from the Mahabes section. Even this does not bring a much better price than the San Francisco stock because of the depressed condition of the market. Produce News

Silver Party A beautifully informal and altogether enjoyable affair was the silver party given at the home of Mrs. C. M. Williams Thursday evening, for the benefit of the Ladies Aid Society of the Baptist church.

There was a goodly number of models and matrons and little folks and a great sum was realized for the treasury. A charming program was rendered as follows: Piano Duet, Jig Brown.

Mrs. Julia and Mary Zachary Vocal Solo, Lullaby, Miss Edith Stewart Reading, Poem, Song from Hingham, Mrs. Mary Gatchel. Piano, Meditation, Mrs. Julia Zachary Reading, Soliloquy, Mrs. Cox. Recitation, The Voyage of Arabella, Mrs. Vora Terhoun. Original Rhymes, "Creating a Knight" Mrs. Richard Terhoun.

By special request Mrs. Hon. Edith L. Key sang with her exquisite little song, "Love, You Little One."

To Florida in Hugs It is not often that settlers come to this country in any other manner than in the now expedient to wit, by train. But one expatriate man has given a rubber road triumph from Dayton, Ohio, to our 24th and drove about 10 miles a day. He followed through Cincinnati, Ohio, Georgetown, Ky. through the states of Tennessee and Georgia and into Florida.

Among the most important points through which he passed in Georgia were Macon and Valdosta, and he came into Florida at Jasper, going from Jasper to White Springs, from White Springs to Lake Geneva, Palatka, Deland, Daytona, New Smyrna, Titusville, Vero and Fort Pierce. He arrived at Fort Pierce on November 29th and after spending three weeks on the East Coast he drove to Titusville, Sanford, Orlando, Lake Alfred, Lakeland, Plant City and Tampa.

He reports that he had no difficulty whatever and his horse, which is a fine one, was not injured, and did not suffer any ill consequence, and there was not a scratch on his rubber tired runabout. He reports many interesting and amusing incidents and many interesting sights, one of which was 1,600 geese driven through the town of Monticello, Ky., just as people drive cattle. In this community he says that wages are but 60 cents a day, and the farmers say that is too high, and that they cannot afford to pay it.

The coming into Florida was like coming into an oasis from a desert, and Mr. Hughes expects to make Florida his future home. Thursday Afternoon Club Met as usual at the Eagles' Club room with Mrs. Harris and Mrs. Fernandez as hostesses. The ladies of the club will give a box party and dance Friday, Feb. 13th at the Eagles' Hall. Roy Roussan of the Herald force has returned from Euatis where he spent a week on the Lake Region, assisting Bro. Woods over one of the many difficult places in a printing office—lack of help.

SEMINOLE COUNTY SCHOOLS SHOW LARGE ATTENDANCE

IF SCHOOL FUNDS HAVE THE RIGHT APPORTIONMENT

IS LARGER THAN ORANGE

OTHER NOTES OF INTEREST IN THE GREAT STATE OF FLORIDA FOR BUSY PEOPLE

The superintendent of public instruction, Hon. W. N. Sheats, has apporportioned the interest in the school fund to those counties, which have made satisfactory annual reports. Orange is about the county that has reported and she will get \$887.49 for her 1912 pupils in attendance on the public schools. Seminole has 2,018 pupils and will get \$908.76. A number of the most populous counties have not reported and there still remains \$25,570.39 to be apportioned. Leon county shows the largest number of pupils of those reported, 5,534. Reporter-Star

The Orlando school district are holding an election today for the purpose of selecting the trustees who are to conduct the affairs of the district. The present trustees are Leroy B. Gile, A. B. Johnson and George E. Nolan, who have announced that they will continue to serve if elected, and it was expected that the voters would be served with a blank ticket when they came to vote, but such will not be the case. There is a new ticket in the field, composed of the following gentlemen: J. W. Shimmus, Geo. W. Phillips and C. E. Howard, who will present their claims to the electorate at that time.

Delivery of ice from Miami's new and fourth factory of this kind, was begun this week. It is the only ice plant of the sort to be located both on the river and the railroad, and in this position it is planned to do a large business with the fishing and yachting trade. The plant has a capacity of thirty tons per day. This new factory gives the Miami plants a total capacity of 165 tons of ice per day.

A jealous Tampa woman went to her husband's office in his absence and ran his pretty stenographer out. In his return he demonstrated with her and she got him.

Among the visitors to George DeSmet was W. A. Edwards of Atlanta, Ga., supervising architect for the Board of Control, Florida's highest authority of building. Mr. Edwards stated that in all probability the contract for the construction of the College of Law building, University of Florida, will be awarded at a meeting to be held in Jacksonville Monday morning. The appropriation for the structure is \$35,000. Gainesville Sun.

Tomatoes and grapefruit are rolling out of Duval county daily for the farthest parts of the continent, almost, according to reports from shippers who declare that never before has reached a wide distribution of Duval county products been secured. Today, the A. C. Marshall Company of Dania is shipping a car of tomatoes to San Francisco and another to Vancouver, British Columbia. A car of tomatoes will leave Miami today for Los Angeles, and another for Portland, Oregon. Miami Metropolis.

The National Association of Real Estate Exchanges is in session in Tampa. The large number of real estate men from all sections of the United States present are being royally entertained.

Another large ice plant is planned for Jacksonville. It will be erected on Myrtle avenue in that city and operated by the Doscher-Gardner Lumber Company.

New England Supper The ladies of the Congregational church will give one of their delicious New England suppers Saturday, Feb. 21st, place to be announced later. These ladies are famous for the baked beans, brown bread, pumpkin pie, salads and other delectable dainties that appeal to the New England epicure. To please the eye there will be charming serving maids in colonial dress of Washington's day, while no doubt there will be cherry trees and the hatchet that made the Father of our Country famous, largely in evidence in the decorations. A genuine New England supper appeals to the Sanford appetite and a generous patronage will assist the ladies in adding to the society's funds.

BROTHERHOOD CLASS Hold Regular Meetings and Have Great Time at Home of Mayor Thrasher

The Brotherhood Class of the Presbyterian church held their regular get together meeting at the residence of Mayor Thrasher last Friday night and like all the meetings of this popular organization the meeting was conducive of good results not only in getting together but in interesting others in the work of organization.

The Brotherhood Class had had remarkable success since organizing a few months ago and it has grown in numbers until the present Sunday school rooms are too small to hold the Sunday meeting and the members who from every denomination of the city.

Aside from the good work accomplished in Bible study and church work the meetings held once in every two or three months at the home of one of the members are looked forward to by all the members and the invited guests as the place to go for an evening of pleasure and the meeting at Mayor Thrasher's home was no exception.

There were forty men present and the evening was pleasantly passed in playing various kinds of games, absorbing delicious punch and eating of copious dishes of ice cream and lady fingers. After the eats had been disposed of, a croquet eating contest was held, there being fifteen entries. It resulted in a tie between R. H. Muirhead and Tenny Deane and this tie was "eaten off" by the result that Mr. Muirhead came off victor as the greatest gastronomist in Seminole county, upon the establishment of which fact the victor was presented with a beautiful necktie.

Among the visitors to George DeSmet was W. A. Edwards of Atlanta, Ga., supervising architect for the Board of Control, Florida's highest authority of building. Mr. Edwards stated that in all probability the contract for the construction of the College of Law building, University of Florida, will be awarded at a meeting to be held in Jacksonville Monday morning. The appropriation for the structure is \$35,000. Gainesville Sun.

John Travelling Through The editor of The Herald found the following note last Saturday morning: "G. A. Drelich, S. D. Jordan, W. A. Allen, Charles L. Colquhoun, minister in Sanford, Tampa, St. Petersburg, St. Petersburg, Fla. Signed "C. O. C."

We knew nothing of the circumstances as to whether the party had been arrested on the "streets" and had to give "bonds" and had then escaped to those other small towns to escape the police or not and were considerably worried over our old friend, "C. O. C." until we picked up the DeLand News and discovered that the party of gentlemen from DeLand were on a tour of inspection for the city of DeLand and that they wanted to find out what made other cities so lively when DeLand seemed to be asleep and they would investigate conditions and discover if it was the streets or the people that were at fault.

The Herald is sorry that these gentlemen could not stay longer in Sanford for we could have sold each of them a celery farm in fifteen minutes and they would have remained in Sanford during the remainder of their lives. However we live in hopes that they will return home this way and the police are on the watch for them and they will be pinched for slow driving and made to stay over here for an hour at least and the cause of their residing in DeLand will be thoroughly investigated.

Auton Bridge Club The Every Week Bridge Club was charmingly entertained by Mrs. Crum Barnes Thursday afternoon. Two tables of players enjoyed the game. Mrs. G. F. Bob Holly is the man who put the sand to Sanford. DeLand News. And Sanford put the sand in Delery.

Congressman Claude L'Engle has introduced a bill to amend the parcel post law so that seeds, cuttings, bulbs, sprouts and plants will be given the advantage of the parcel post rates.

Less than two weeks to the great Mid-Winter Fair at Orlando and all the counties are making great preparations to make the exhibits.

Sanford is the proper place for the U. S. fish agricultural station and while no one else in Sanford seems to be awake on this subject The Herald has started the ball rolling.

The tango is a great sedative for trouble, ventures Dr. Rydolph Schone in defense of the new social symposiums.

The Sanford Commercial Club is doing things again. The club recently gave an order for thirty-five thousand folders about Sanford and vicinity.

The Pensacola Journal has been sued for \$40,000 because Myers spoke out in plain language in an attempt to save the taxpayers some \$40,000.

Editor Andrews of the Eastern Eagle while standing on the corner of a street in Ft. Myers the other day was assaulted by Chairman Taylor of the board of county commissioners.

NEWSPAPER DEATHS

The Jacksonville News has ceased after a short career. It had all that was needed in equipment and men of ability, but no demand for a third paper.

SOUTH IS HUSTLING

So many people who come to Florida from the north in the winter take occasion to tell us how slow the southern cities are and it is a positive delight to see one northern editor tell the truth about Florida.

WHICH IS WORSE?

If whiskey ads were eliminated from the Tampa Tribune and the Tampa Times, South Florida would have two model daily papers.

APPLES TO SANEORND

The following from the Ft. Pierce News regarding the building of a new hotel applies to Sanford and can be quoted by the people who have tried to build here and those who have prevented it.

THE LAKELAND TELEGRAM

The editor of The Herald takes pleasure in congratulating Editor Hethington and his good wife upon their possession of a fine new home for the Daily Telegram and weekly News.

Dixon looks in a new office and a three-story building.

Monday we wish the Hethingtons and all the force good luck.

GOLDSTEIN IS RIGHT

Hon. Harry Goldstein, member of the legislature from Nassau county and the District of Florida will be a candidate to succeed himself and has announced that he will have but two planks in his platform.

A BEAUTY DOCTOR

Tampa has a beauty doctor and his name is Dr. Arnovick. He is not assisting the ladies to be beautiful but the cities to be beautiful and his work has been recognized in many cities of the United States.

FLORIDA'S CANNING INDUSTRY

The state of Florida is equipped for the canning industry as Birmingham is equipped for the iron industry, all necessary raw material at the door of the factory.

The question has often been asked why the state did not develop the industry more extensively. The main reasons are that the growers of the products needed for the canning factory usually can get more in the markets for their commodities than the cannery can pay for them in bulk.

Along this line of development the Hastings farm are inclined to take initiative so far. They have here the most extensively cultivated district in the state and are in a natural position to handle a large acreage in any one vegetable, with both water and railroad transportation at the door.

William Johnson of Jersey City has arrived in Sanford and will spend the remainder of the winter here. Mr. Johnson is a veteran of the Civil war and served for many years as fireman of Jersey City, being retired from active service. He finds the winters too severe in the north and being attracted to Sanford by the glowing accounts of Fred Schmidt, John Meisch and the Sanford Herald decided to see for himself with the result that he will become one of our permanent residents.

Mr. and Mrs. Fred Schmidt leave today for Jacksonville, intending to run down to St. Augustine for a few days ere returning to their home in Jersey City. They have been the guests of Mr. and Mrs. John Meisch of this city for several weeks and have greatly enjoyed the balmy climate of Sanford and the surrounding country. Mr. Schmidt is prominent in his home city, being a dispenser of buttermilk and other liquid refreshments, such as Jersey cream, cream of Kentucky and cranberry mints. We hope to see Mr. and Mrs. Schmidt in Sanford again next season when the editor of The Herald expects to play him a game of golf for the drinks of sulphur water.

Mr. and Mrs. F. L. Gonzalez entertained delightfully Thursday evening in honor of Miss Louise Sloan of Greenville, S. C., who is visiting at the home of Mr. and Mrs. Gonzalez. Mrs. Cecil Butt displayed the best artistic talent, and was awarded the prize, a dainty hand painted cup and saucer. Sewing Club Meets  
The All-Sew Club held its first meeting with Mrs. Henry at her home on Park avenue last Friday afternoon and a bunch of nice flannel underwear was made up for the Fiji Islanders. Women's suffrage and kindred topics assisted by a very pleasant afternoon and the club expects to make these weekly affairs most entertaining and instructive. Light refreshments were served and the ladies voted Mrs. Henry a most gracious hostess. Among those present were Mrs. J. H. Brown, Mrs. E. B. Brown, Mrs. Lawrence, Mrs. Wilson, Mrs. R. J. Holly, Mrs. Walsman and Mrs. C. H. Henry.

Garner for Treasurer  
In this issue of The Herald appears the announcement of N. H. Garner for the position of Treasurer of Seminole county. Mr. Garner needs no introduction to the people of Sanford having lived here for many years but being of a retiring disposition has not met all the voters of Seminole county although he wishes to run upon their list in a few weeks and explain his position to them. Mr. Garner guarantees to refund to the school fund of the county all the money that is actually needed to carry on the office of treasurer and does this believing that the office of County Treasurer is a sinecure and will not be filled by one and a half years. Mr. Garner is a large employer of the south and believes in supporting the taxpayer in every way, hence his determination to save them this money that would otherwise go to the treasurer for a salary. This plan of Mr. Garner's has already been in operation in several of the counties of Florida and redounds to the credit of the treasurer and the county.

Will Save County Money  
Robert A. Newman of this city has announced his intention of running for County Treasurer and if elected he promises to save the county considerable money. In other words he will demand that the banks of Seminole county pay interest on the monthly balance of funds entrusted to their care by the treasurer and in the instance of Seminole county to a rough estimate Mr. Newman should be able to save the county about \$1200 a year. This ought to appeal to the tax payers, not that they are losing that much now but that in the event Mr. Newman is elected the school fund and the road and bridge funds will have that much money that is now being turned in to them.

This idea on the part of Mr. Newman is certainly worthy of consideration on the part of the voters and when fully explained to them will win Bob Newman many votes and aside from this plank in his platform he is a good fellow and has a host of friends who will support him for the office because they think he is the man for the place or any other place to which he may aspire. The Orlando Sentinel has the following to say regarding this same act on the part of Treasurer Tucker of Grange county: "County Treasurer J. R. Tucker figured up the interest on the county funds yesterday, and found that they had earned during the past year, since the first of February, 1913, when the banks began to pay interest on monthly balances, the sum of \$1,423.59. The county is just that much better off by having J. H. Tucker as its treasurer, for Mr. Tucker is the first treasurer, so far as he knows, to require the banks to pay interest on the county deposits."

Recital at High School  
The younger pupils of Mrs. J. W. Barnes' Expression Class will give a recital in the High School Auditorium next Friday afternoon at 2:15, which will be interspersed by a few musical numbers by Mrs. Munson's pupils. Visitation are welcome.

"Seven Hours in New York"  
The New York theatrical producing firm of West & Lambert struck something good in their musical comedy called "Seven Hours in New York" which they produced last season. From the first performance success has perched on the banner of this venture. Business has been surprisingly good, and the audience managers and newspapers have voiced their approval of the offering in no uncertain way. There is a steady stream of requests for return dates, and managers voluntarily write or wire ahead of the company, sincere endorsement of the performance. In these days of over production, the success of "Seven Hours in New York" is most gratifying. There isn't the slightest "off-color" act or suggestion in the entire performance, which is in itself a passport to favor. The songs, of which there are eighteen, are all new and fit into the action of the play, which is the English manner, and a commendable feature of the performance. With the big original company and chorus, "Seven Hours in New York" will be seen at the Imperial Theatre Saturday matinee and night, Feb. 11th.

Feb. 14 Music. American Women in Music. Music: Women's Compositions. Piano, Voice, Violin. Reading: Extracts from Amy Fay's "Music Study in Germany." In charge of Mrs. Newton.

The general business meeting of the Woman's Club was held in the Club rooms Thursday afternoon, with a large attendance. The president, Mrs. J. W. Dickens was in the chair, and owing to the absence of the secretary, Mrs. A. D. Key was appointed secretary pro tem. Many matters of importance were taken up and decided upon or referred to the proper committees. This being the last meeting before the annual meeting, preliminary ballots were taken for president, second vice president, third vice president and corresponding secretary. Mrs. H. C. Gerror was appointed by the president as delegate to the third annual conference of charities and corrections for Florida to be held at Gainesville, Florida, Feb. 13 to 15. The chairman of revision committee, Mrs. C. R. Walker reported a number of corrections which seem necessary in the constitution.

Mrs. Torheim, chairman of the Welfare Department reported that the health committee were informed that the council is preparing an ordinance that will cover many subjects concerning the betterment of health conditions in Sanford. Immediately after adjournment a called meeting of the Welfare Department was held for the purpose of discussing the ordinance of petition on a play for the purpose of the department. A committee was appointed to act upon the petition and the matter will be decided upon at an early date.

Attention is called to the following: Braids and Having. Since the house wife usually does the braiding for the family, it naturally follows that the house wife controls the market, not only the kind of product, but the kind of selling place. Whenever the house wife senses to buy from the dirty food shop, the dirty food shop will cease to exist. Is it not worth while to put brains into the buying of food for your family? Every club woman knows the importance of good food and the danger that always lurks in impure or carelessly handled food. In these days we are not willing that only the fit shall survive, but are cutting down the death rate and making many abnormal children normal. In this work nothing is more important than the wise selection of food. Let us select with as much care the materials first are to make brain and sinews as the materials that are to make our clothes. Can we ask for more privileges and authority unless we use the power that has been in woman's hands for ages, the power that lies in intelligent buying. We need pure food laws and market inspection. As women are the housekeepers of the world, they make the best food shop housekeepers, i. e., local market inspectors. But with perfect laws and perfect inspection, if women buy dirty food the merchant will find a way to evade the law, and dodge the inspector. The impure milk, the unwrapped bread, the infected meat, and fly contaminated food of all kinds will be sold to careless housekeepers. To me, the most important thing for every community to do is to decide that they will have no more dirty food. The flies must go, the filthy milking shed must go, the food shops must be clean and sanitary, the people who handle the food must be healthy and clean. You can readily see that the success of this sort of organization depends on numbers. A few women are only "some meddlers," a mass of house wives, simply by their numbers, control the market. A merchant studies the

market. If clean food is called for, he will furnish it. If the food shops are not right, it is the fault of the careless buyers.

To my mind, this better-buying campaign can best be managed by fitting your work to local conditions. If you have no active civic organization, club, congress, or city federation, do the work through them. If you have none, organize one. In any case, district the town and hold district meetings in the school house if possible, getting all the mothers out. Have occasionally a mass meeting when your state or local health officers will give you inspiring and helpful talks.

Never make the mistake of fighting the local health officials. Help them and ask them to help in your work. Have instructions to mothers a part of the district meeting. Don't be afraid of opening the doors of your organization wide. Remember our work of bettering humanity will be most effective when we are in touch with those whose needs are greatest.

Cordially,  
JANE MARRIBEN,  
Ohio Good-Sanitation Comm.,  
Genl. Fed. of Women's Clubs.

HAVING AN OBJECT

"The man who does not and cannot save money cannot and will not do anything else worth while. The best way to accumulate money is to resolutely save and bank a fixed portion of your income, no matter how small the amount. Andrew Carnegie."

It is not the easiest thing in the world to save money. To become independent one must pay the price. To save money there are two things that are very important—having a definite object in view and being systematic. These two things go hand in hand.

Having an object will help you to concentrate your efforts and bend all your energies in the desired direction. "Concentration is the secret of strength," said Emerson. A man of only average ability, with concentration, can accomplish more than a man of unusual talents without it. Moreover, system and objective will give you enthusiasm and that is the power that drives our mental machinery.

As one of the best ways to get out and keep out of a rut is to have some fixed object to work for, save money with some definite, worthy purpose and you will find it is comparatively easy, while without such an aim it is hard. Perhaps there are a few who are able to save money for the pure pleasure of saving it but the average individual must have some very attractive object in view to prevent his spending his money for the numerous pleasant things that attract him day by day. Children put money into their small banks in the morning, and quite frequently shake it out the same afternoon to spend it for the toy of the hour. Men and women are but children of a larger growth. They may not find it so hard to save money, but their difficulty is to make savings a habit.

Even as the most successful business enterprises are the best organized and managed, so the individual who uses level-headedness and system in the handling of his personal financial affairs is the most likely to make satisfactory progress. A banker in Chicago, who gives this practical illustration of systematic thrift: I have in mind a young man about twenty years of age working as a plate maker in one of our quarries who is one of our regular depositors in the savings department. During a period of four years just passed he has deposited each month an average of \$25, a total of \$1,200 for the period of \$300 per year. This is a good yearly saving, considering the average of steady work for him is nine months out of the year.

Periodically this young man withdraws \$600 and invests in good bonds, yielding a fair interest. Since the inauguration of his saving habit, about four years ago, he has accumulated \$1,600 in such securities, and if he maintains his average savings for several years to come he will undoubtedly have the nucleus of a small fortune and be in a position to establish himself comfortably in the world.

Such an example of thrift is worthy of imitation and is unquestionably the surest way to become independent. This idea of system in savings is at the root of such schemes as the Christmas and Vacation Savings Clubs, the use of little home banks and many other plans which help to keep people in the straight and narrow path of thrift rather than in the, for the time being, more pleasant "Broadway" of extravagance.

SANFORD LIBRARY ASSOCIATION HELD INTERESTING MEETING

(Continued from Page 1)

for the Sanford Library Association. That we tender thanks to all who have contributed or donated to the library in any way...

Resolved, That Rev. A. S. Peck, Mrs. A. D. Key, Mrs. M. S. Dickens and Mrs. M. Frank be made life members of the Sanford Library Association.

We desire that these resolutions be published in the Sanford Herald and entered upon the minutes...

Committee: Mrs. A. M. DeForest, Mrs. J. W. Dickens.

A most delightful surprise to the acting librarian followed, when Pres. Walker in gracious words of approval for the work accomplished by them during the past year...

By the request of Pres. Walker the following letters received from Rev. Peck are printed below:

Sanford, Florida, Jan. 30, 1914. My Dear Mr. Walker:

I felt at the time and more assuredly so later, that I needed to give you and through you to the others a most humble apology for leaving your interesting meeting for the Library Association...

"I believe that you could get men of recognized ability and integrity to serve on the board of commissioners, just as you have on the board of public works at present."

My great pleasure has been that I was permitted to be of some service. But evidently as it were, your pleasure to do all this, it certainly is my personal privilege to accept with the greatest gratitude...

Ever with kindest regards and again

assuring you of my appreciation, I remain,

Very sincerely and truly yours, Arthur Seagrave Peck.

To Mrs. May Dickens, Sec'y of the Sanford Library Association:

"The work of and success of the library are matters of a most strong interest in. In any way that I can be of any service and especially in a material way, I shall be most pleased...

Very sincerely for the property of the Library.

Arthur Seagrave Peck.

To the Sanford Library Association: We wish to extend our most hearty appreciation of the excellent work and thought expressed to the city of those lovely hours which we passed and will proudly wear as a souvenir of the "Cataloguing Days" of our library.

The work brings its own compensation in a measure, but we hope they are made more happy by this expression of your approval. Your cooperation we count on always. Thank you very much.

M. Key, M. Frank, M. Dickens.

ST. JOHNS RIVER FARES WELL IN RIVERS AND HARBORS MONEY

MEANING THAT JACKSONVILLE WILL GET THE HOG'S SHARE

\$300,000 APPROPRIATION OTHER NEWS OF THE STATE AT LARGE PUT UP IN BROKEN HOSES FOR BUSY PEOPLE

The Florida Metropolis correspondent is enabled to announce authoritatively the Florida items carried in the river and harbor bill which has been completed but not yet officially made public. It contains appropriations for the following new Florida projects: Oklawaha river, \$175,000 out of a total of \$733,000 estimated as necessary to complete the project. Kissimmee river, \$47,000; Caloosahatchee river, \$25,000; Crystal river, \$10,000; Anclote river, \$22,000; Coa Coega Bay, \$10,700; Deepwater, \$40,000. In all of these projects except the first the amount appropriated is the estimated amount necessary to complete the project.

Blackwater river, \$5,000; channel from Clearwater harbor and Boca Ceiga Bay to Tampa Bay, \$5,000; channel work from Apalachicola river, to St. Andrews Bay, \$65,000; Choctawhatchee river, \$25,000; Escambia and Conecuh rivers, \$15,000. Florida fares exceedingly well in the bill. Jacksonville Metropolis.

WILL BUILD NEW CROSSING

Geneva People Want to Connect With the National Highway

There was a meeting on the banks of the St. Johns river on Saturday just above the point where it enters Lake Harney, which means a great deal for Seminole county. Those present were Mr. Dwyer, president of the Southern Fruit and Farm Co., Mr. Klingsmith, their local representative, Messrs. J. J. Horne and Keiser representing Bradford county's board of commissioners, Messrs. Clark and McLain for Seminole, and Messrs. L. M. Rheinder, E. H. Kilbes, Homer Nicholson representing the Geneva board of trade, and M. E. Dooley representing the River Sanford Land Co. The object of the meeting was to locate a crossing for the road to be built, connecting us with the east side of the river, and this was definitely established at the place known as Rat Island, a mile and a half south of Lake Harney. It means that Geneva and East Seminole will be within about fifteen miles of the National Highway, under construction from Montreal to Miami and that Sanford will be but little more than thirty miles by automobile from Titusville instead of more than sixty as it is at present.

The Southern F. & F. Co. have already built seven miles of sixty foot hard surface road through their holdings due west from Mims, where the work has stopped until a definite place of crossing should be established. It will now be pushed on rapidly to the river. The Geneva board of trade has undertaken to construct this road on this side, from a point a mile and a half south on the clay road, due east to the river.

Bridge Luncheon

The beautiful bridge luncheon which was given by the ladies of the Social Department of the Woman's Club on Tuesday was one of the most enjoyable social functions of Sanford's gay winter season. Elaborate preparations were made by the committee in charge and every detail was carried out to make the party affair the success it was. The attractive club rooms never looked prettier than on this occasion, and the artistic decorations of red and green displayed thought and skill with the volent idea predominating. There was a pouring rain, but it in no way dampened the enthusiasm of the crowd that made its way to the club rooms in automobiles and carriages. With shades drawn, an open fire and lights shaded with red, there was a cheery glow that made a pretty picture as the rooms were filled with handsomely gowned women. Covers were laid for fifty-two, four ladies at each table, with the exception of the middle table, where six were seated. The pretty place cards were red hearts and the lettering was done in gilt. Each table was ornamented with a centerpiece of red geraniums and ferns, these pretty flowers being largely used in the decorations. The favors were dainty red and green baskets, filled with motto candies. Beginning at 6 o'clock a six course luncheon was served that was elegant in every detail. After the luncheon was over bridge was played at five tables for the rest of the afternoon. At the conclusion of the game Miss Marie Allison was presented with a handsome basket of red geraniums for making the highest score.

The hostess for the day was Mrs. Cecil Butt, who was assisted in serving the delicious luncheon by a charming bevy of young ladies as follows: Miss Elizabeth McLaughlin, Miss Anna McLaughlin, Miss Mabel Hand, Miss Charlotte Hand, Miss Salden Williams.

The ladies present were: Mrs. John Dickins, Mrs. George Fox, Jr., Mrs. Forrest Lake, Mrs. J. N. Bradshaw of Orlando, Mrs. C. O. McLaughlin, Mr. Cruse Barnes, Mrs. L. G. Stringfellow, Mrs. R. E. Rox Lubraco, a young Italian, was brought to this city from Bartow this morning, with his throat cut from ear to ear, as a result, it is alleged, of an attempt to take his own life. The man is now in the Gordon Keller Memorial Hospital, under the attention of City Physician Sheldon Stringer. He is in a precarious condition. Tampa Times.

With Col. N. B. Forrest of Memphis expected here at any time now to begin a campaign of enlisting the interest of the young men of the state in the approaching Confederate Reunion, the appointment of several officials for the social side of the Florida division by Gen. J. J. Inglis, and the announced plan of the reunion association's finance committee to flap out important work, this week shows signs of being a busy one for the reunion's promoters. Co. Forget is at the head of the United Sons of Veterans and will come here for a stay in connection with the organization. He feels that the arrangements for the great reunion here can be greatly aided by the young men of this city and other points of the state falling into line. Times-Union.
