PORT MYERS, Mar. 5.—(A.P.)—In a wild batting spree, the regulars of the Philadelphia Athletics yesterday defeated the "B" team 9 to 5 in six innings. DuShong and Mahaffey pitched for the veterans, while Madetti, Carter and Manor led in the box for the rookies. Three lacy home runs featured the game, the first of the year coming off Mickey Cochrane's bat with two on base. Jimmy Foxx pounded one with a man on base. Oscar Roetiger, new first baseman, scored a home run for the "B" team when his apparent single bounded away from Bing Miller in right field.

WINTER HAVEN, Mar. 5.—(A.P.)—George Davis, the new outfielder from St. Paul, Minn., turned out for his first practice with the Philadelphia Nationals yesterday, and, according to the veterans on the team, made a good impression.

With the arrival of other players yesterday, Manager Burt Shotton expected to review his ensemble today.

Infielder Dick Bartell is still a holdout, having notified the club he does not like the looks of the town of his contract.

ST. PETERSBURG, Mar. 5.—(A.P.)—The X-ray revealed that Bruce Cunningham, Boston Braves pitcher has a broken bone in his right thumb which will keep him idle for at least a week. The hurler received the injury Thursday, when he was hit by a line drive.

Wes Willie Sherdel arrived in camp and Manager Bill McKechnie had all of his squad on hand for yesterday's twin practice session. During the afternoon Fritz Kneib, new third sacker, and Art Shires, were struck on the face holding grounders that took unexpected hops. Neither was forced to retire.

BRADENTON, Mar. 5.—(A.P.)—Gaby Street, manager of the Cardinals is alarmed at the progress they are making in their

preparation for the 1932 pennant race. Street said his men have been going at such a clip he is afraid they will be ready too soon. "If we don't have some bad weather pretty soon," he said, "I will be forced to declare a few artificial holidays. The boys are too far along."

Street and his men left for Miami yesterday to meet the Athletics today in the opening exhibition game.

ST. PETERSBURG, Mar. 5.—(A.P.)—Joe McCarthy, of the New York Yankees, organized a special hitting class for some of his recruits yesterday after the regular practice session was over. He took special pains with his two likely looking infield prospects, Frank Crosetti and Saltzgaver, as well as with the young outfielder, Jesse Ell, who was an all around athlete in his student days at the University of Southern California.

CLEARWATER, Mar. 5.—(A.P.)—Manager Max Carey, of the Brooklyn Dodgers, turned his attention yesterday to the missing members of his high-powered ensemble.

He wasn't so much worried by the absence of Babe Herman as he was by that of Lefty O'Doul. The latter signed his contract but is almost a week late already and no word has been received from him. Carey believes he's traveling by automobile and run into some unexplained delays.

SAVANNAH, Ga., Mar. 5.—(A.P.)—Wilkey Moore's "mules" and Ed Durham's "bulls" battled to a 3-3 tie here yesterday in the Boston Red Sox first practice game of the training season. The contest went six innings and was featured by Al Van Camp's home run and the long and violent altercations over umpire Hugh Duffy's decision.

When peace was restored, Manager "Shono" Collins told his players that he was certain they had rid themselves of all their bad baseball.

RUSSIA ADMITS PREPARING TO DEFEND SELF

(Continued from Page One) Far East, emphasized by such facts, compel the soviet union to strengthen its defensive capacity and the safety of its border, particularly by increasing the army near the Far-Eastern borders.

"The most we can do is to adopt all possible measures to defend our frontier against outside attacks."

This first official admission that Russia is engaged in defensive maneuvers was also inspired by documents attributed to high Japanese military officials. These documents the newspaper said, proposed not only the invasion of Siberia but a combination with other nations in an attack on the soviet union.

One of them as quoted by Izvestia said:

"(person unidentified) considered it necessary to assume a firm policy with relation to the soviet union and to be ready to start war at any moment. The first purpose of such a war must be not only to protect Japan against communism but to occupy the soviet Far-East and eastern Siberia."

Another quoted document: "Taking into consideration the armed forces of the soviet union, war must begin soon. Any delay would make conditions more favorable for them and I consider it necessary that the empire start a war against the soviet union as quickly as possible. There must be propaganda to attract the western neighbors of the soviet union so that it may be destroyed from within and outside by means of white guards and other anti-soviet elements."

Considering the general conclusion, we may conclude that the soviet union is unable to carry on a war at this time. The situation is very favorable for the soviet union to decide the problem of the Far-East."

It was concluded that these documents compelled Russia to pay strict attention to everything that is happening in the Far-East. The newspaper reported that the Russian proposal for a pact of non-aggression with Japan has gone unanswered for some months.

It was also said a movement toward Japan toward yielding to the fishing concessions in the Sea of Japan.

CARDINALS WILL MEET ATHLETICS IN MIAMI TODAY

Pepper Martin To Be Headliner In Opening Exhibition Tilt

By ALAN GOULD.
Associated Press Sports Editor
MIAMI, Mar. 5.—Picking up their rivalry for the first time since Pepper Martin made the last putout of the 1931 baseball championship, the St. Louis Cardinals and the Philadelphia Athletics open their spring "world series" here today.

Martin will be the headliner again as the pennant winners of the major leagues fire the first shots of the exhibition warfare in the Florida "grapefruit circuit." Two games will be played here, Saturday and Sunday, a third in Fort Myers, the Athletics' camp, on Monday, and a fourth on the home training grounds of the Cardinals at Bradenton, Mar. 16.

At least part of the confidence that inspired the Cardinals to win the world's championship last year was gained in beating the Athletics, then the rulers of all they surveyed, in the 1931 spring series. The Cards even went so far as to treat the great Robert Moses Grove roughly, meanwhile adding insult to injury by using rookie pitchers to check the mighty White Elephant.

Both clubs are anxious to win, even though it doesn't mean much and they will be shy a number of their stars, including Grove, Earnshaw, Cochrane and Simmons, of the Athletics; Hafey, Bottomley, Frisch and Gelbert, of the Cardinals. The rookies view the impending battles as the first crucial test of the training season, particularly as they will do most of the pitching.

The performances of Dizzy Dean, Ray Starr, and Tex Carleton in the box for the world's championship will be watched with special interest. Starr is due to work today, along with Red Teachout, a southpaw obtained from the Cubs. Dean and Carleton probably will

TIMELY TIPS FOR TOURISTS

More Japanese Reach Shanghai Despite Letup

(Continued from Page One) tions around the 12 1/2 mile limit imposed by their recent ultimatum.

If China has rejected the Japanese demands, the Japanese military officials expressed the opinion Sunday.

The Athletics have Ed Rummell and Roy Mahaffey, two seasoned flingers, on the squad coming here today, but Krause, Bowman, Cain and other recruit twirlers will get most of the work.

Pepper Martin came to town yesterday with the Cardinal crew. The hero of the world series is eager to get on the bases again. His supporting cast includes Orsatti and Watkins in the outfield, Collins, Ford, Delke, and Adams in the infield.

Jimmy Foxx will be at third for the Athletics as the forecast of a pending switch in Connie Mack's organization. Roetiger will occupy first, with Jimmy Dykes on second and Doh Williams at short. Haas, Miller and Ed Coleman, recruit from Portland, Ore., will be in the outfield.

Passage to Paris

Patou launches a color called Rose Opaline. Agnes creates a little string beret, and Vionnet startles Paris with her diaphanous evening gowns worn over incredibly brief maillots. Bruyere makes a coat with a scarf, and Schiaparelli sponsors dinner pajamas.

Those things happen within the closely guarded portals of the great French houses. Only one woman in a million will see them as the mannequins pass by. But two weeks later—three weeks at most—every American woman who reads a newspaper may know as much about the Paris Openings as the fortunate few.

Great department stores, tiny specialty shops, alert manufacturers, offer through their advertising what practically amounts to a restaging of these semi-annual presentations. Every successful model will be shown. Every significant trend will be recounted—and America will wear its Banquet berets and its evening pajamas as nonchalantly as Cannes or Juan les Pins.

Two generations ago—or even one—this could not have been. And advertising has been a tremendous force in making it possible. Advertising has become the common carrier of fashion. There's a passage to Paris in the advertisements almost any day you look.

THE SANFORD HERALD

Pezold Farmers Will Bowl Habes Outfit Tonight

New records were established, and several teams advanced in the standings of the Sanford City Bowling League during the past week.

Witte's Five came out of the cellar for the first time by winning three games during the week from Herbat's Specials, who are now in last place.

Herbat's Bunch took two out of three games from the Habes Outfit, and both are now tied for third place.

Paul Pezold was high bowler, getting a new three game total for the league by bowling 245 pins. He also tied Roy Herbat for second place in the high singles with 244.

All bowlers predict a real game tonight between Pezold Farmers and Habes Outfit, and a large attendance is looked for.

Here are the standings last night:

Team	W	L	Pct.
Pezold Farmers	19	2	.901
Bender Boys	11	10	.521
Habes Outfit	10	11	.476
Herbat Bunch	10	11	.476
Witte's Five	7	14	.333
Holler Specials	6	15	.285

Team high for three games is held by the Bender Boys with 2521 pins; team high for a single game is held by Habes Outfit with 971 pins; individual three game high is held by Paul Pezold with 645 pins; individual high single game score held by Peter Thurston with 266 pins; second individual high single game score held by Paul Pezold and Roy Herbat with 244 pins, and increased averages during the week are as follows: Jim Haron, 18; George Thurston, 11; Paul Pezold, 12; Elmer Toll, 6; John Bolly, 7; Eugene Terwilliger, Henry Witte, five; Peter Thurston, five, and W. A. Nagle, four.

In the telegraphic match with Leesburg Friday night, Sanford lost by 29 pins. The match, now at the end of its fourth week, finds Leesburg having scored 10,724 pins as against Sanford's 10,634 pins. The match ends Friday night of this week.

A Sanford team went to Oklawaha yesterday, but were unable to become accustomed to the fast alleys there until too late, the team losing the match, two games out of three. Oklawaha team bowled a total of 2653 pins against a 2371 total for Sanford, which won only one game, the second. The Oklawaha team will play a return match here next Sunday.

Peter Thurston won the February prize with a high score of 266 for a single game, and Eddie Bender won second prize with a 248 score. Paul Pezold won last week's prize with a 241 score, while John Herbat yesterday scored a 228 as a starter for high score for this week.

CHINESE FEAR NIPPON ATTACK UPON NANKING

(Continued from Page One)

Chinese officials began to clear Chong today, removing the dead for burning and disposing of unexploded shells.

Within Hongkong the utilities companies began the gigantic task of repairing power, light and electric railways and telephone lines, destroyed during the month or more of hostilities.

International Settlement authorities today intensified their efforts to round up a gang of alleged communists, raiding the headquarters of the "Anti-Japanese Masses' Association."

The raiders sought to prevent a repetition of the huge fireworks demonstration of Friday night staged by mobs of Chinese excited by false reports of victories. The settlement authorities said communistic literature had been seized and seventeen rioters were in custody.

said, was a major factor in the country's restricted credit.

Hoover was introduced last night from Chicago. Col. Frank Knox, chairman of the citizens reconstruction organization, prefaced the introduction with a brief address of his own, declaring the task assigned to him was "to awaken America... to the necessity of saving itself."

Speaking on the eve of the delivery through his committee of an anti-hoarding instrument in the shape of an unlimited "baby bond" issue by the Treasury in denominations as low as \$50, paying 60 days notice, Knox said:

"Tonight after three weeks of intensive effort more than 1300 communities comprising nearly the entire urban population of the United States await the starting gun. Their quest is to find the hidden dollar and to urge its re-employment as part of the working capital of the country.

"Most emphatically the drive to be launched tomorrow is not a drive to sell government bonds. It is, however, broadly speaking, a nation-wide campaign to put money back to work. We have organized a national employment agency to find jobs for idle dollars. We do not care what the job is so long as the dollar goes back to work."

After the President spoke, following Knox, the scene again was shifted.

The three remaining speakers stood before the microphones of both major broadcasting systems, placed in the Willard Hotel.

Secretary Mills endorsed the campaign of the citizens' reconstruction organization. Detailing the government's efforts to relieve credit strain he added that the real task of reconstruction must be undertaken by the people themselves.

The Treasury chief asserted that hoarding could be accounted a major factor in the inability of our banking system to function fully in the emergency and in fact been one of the primary causes of the later phases of the business depression.

Senator Robinson declared his belief that recovery cannot be accomplished until the huge volume of money now stored in mattresses, and safety deposit boxes, has been restored to circulation. He named various "safe investments" such as real estate and some type of bonds, but urged any peace or armistice negotiations were making headway.

Japanese authorities said they were willing to continue peace negotiations, but it appeared that the Chinese officials here were not responsive, contending that public opinion was opposed to any negotiations whatsoever. The Chinese said they were looking to Geneva, and neutral mediators said they had not the slightest idea what the next step in negotiations would be.

Five thousand Japanese soldiers were thought to Japan's "defense army" in Shanghai today.

Arriving off Woonung late Sunday, two transports docked there, while other ships came to Shanghai's International Settlement. The troops came ashore here today.

What disposition the Japanese command was making of any of the fresh forces was not yet known this morning. All it said was that the men were on the way from Japan when the fighting around Kiangwan was at its fiercest and that it was impossible for them to turn back when the hostilities ceased.

Today's reinforcements were believed to be members of the Japanese Fourteenth Division coming from Osaka.

most strongly the purchase of government securities.

Dawes pointed an oral finger directly at those whose money has been withdrawn from banks or investments and held in the shape of currency.

"No matter whether you have now in your possession \$10 or \$10,000 in coin or currency," Dawes said, "you, and others like you, combined, possess about one billion dollars of hoarded money and belong to a most powerful financial group upon whose actions, in response to the President's call, largely depends the return of prosperity to the United States."

"As long as this currency is out of circulation we must remain as a people for an indefinite time under the terrible hardships of an unprecedented business, industrial and commercial stagnation with all its consequent human misery."

with its center at the Delaware breakwater where a barometer of 28.36 was reported. Richmond and Norfolk had the lowest barometer readings on record.

Snow was general throughout Virginia. Temperatures fell from 44 to 32 and still were dropping last night. An inch of snow at Bristol disappeared during the afternoon despite a 21 degree drop.

The snow continued down through the Carolinas but did not reach Georgia. Durham, N. C., reported two inches but the white covering was erased around Charlotte under warmer weather during the day. Chester, S. C., reported snow.

Atlanta, after a downpour of rain Saturday night, shivered yesterday morning a 25 degrees, a 23 degree drop from the midnight reading. Macon, Ga., reported 1.86 inches of rain with high winds. Street lights were broken by the storm at Savannah.

Snow flurries accompanied temperature readings in the 20's in Tennessee, the coldest weather of the year, but the snow disappeared at Nashville as it did at Memphis and at Birmingham, Ala., where it was 20 above.

The sun shone at Little Rock with a reading of 41 degrees yesterday afternoon against a 21 low Saturday night. New Orleans said it was clear and crisp there.

The high wind blew away mist and clouds and left the day clear and cold generally. The Carolinas and Virginia had some fog, however, which stopped air mail planes. Mail and passenger schedules were continued on all lines south and west of Atlanta.

General freezing weather was promised last night along the entire Atlantic Coast except for Florida where frosts were likely to reach as far south as the Everglades. Sub-freezing was promised for the interior of Georgia and some other Southern states.

There was a ray of hope for low coal bins, however. It's going to warm up today.

The severest blizzard in years, accompanied stangely by thunder and lightning struck the capital yesterday.

A heavy wet snow fell all day, reminding old-timers of the three-day snow which caused the Knickerbocker theater roof to collapse here a decade ago with a toll of nearly 100 lives.

The weather bureau said the snow would be followed by colder, clear weather.

The wind velocity was 35 miles an hour, although gusts registered up to 57 miles an hour.

The worst storm of the winter struck New York and vicinity, as a high wind, rain, sleet and snow combined to impede land and ocean traffic.

The temperature dropped steadily
