A two run rally in the ninth inning at the Municipal Park last night gave Harry Rice's Deland Reds a 6 to 4 victory over Manager Bill Rodgers' Sanford Lookouts in a game in which Deland recorded 12 hits off two Lookout pitchers while two Red hurlers allowed the local delegation an even half dozen.

Dutch Schneider started on the hill for Lookouts but was replaced by Charlie Atwater after giving up three runs, allowing two hits and walking two men. Schneider just returned to the mound after a three week's layoff due to a rib injury.

Atwater replaced Schneider but was hit freely. He was nipped for 10 hits but he kept them well scattered except in the ninth when the Reds bunched four infielders. The Lookouts rapped George Belknap, newcomer to the Reds, for six hits. Belknap was taken out after pitching 8 and two thirds innings and replaced by Earl Porter.

The Reds started the scoring in their half of the first inning as Newell walked and took third on Parrett's single to deep right Parrett going to second on the throw in to third. Aleno fled out and Smathers walked. Contreras let one of Schneider's fast ones get away and Newell tallied. Jackson singled to right-center scoring Parrett and Smathers.

The Reds scored one more in the fourth when Jones singled to right look second on Belknap's walk and scored on Newell's single to short center.

Sanford scored twice in their half of the sixth when Langston singled to left and took second when Davis walked. A passed ball advanced both men and they scored on Pitman's single to left.

In 1933, there were 370 motor vehicles in Afghanistan.

their half of the eighth when Bob Pitman tripped to the right-center field wall to score Langston and Davis.

The Reds broke the tie in their half of the final stanza when Belknap singled. Newell fanned but Parrett singled to left. Aleno was safe on a fielder's choice sending Belknap to third. Smathers singled scoring Belknap and Jackson's single scored Aleno.

## Islets Nose Out Saints By Narrow Margin of 2 to 1

ST. AUGUSTINE, July 19.—(AP)—Islet's nose out St. Augustine 2 to 1 here last night behind the six hit hurling of Donnelly. The Saints lunched three hits for their lone run in the third. Molloy's single, a double by O'Neill, and Kirkland's infield hit accounted for the score. Morton drove in the first Islander run with a single in the first and Creven's double and Jack's single produced the winning score in the fifth. Dallas O'Neill relieved Benoit in the first and hurled five hit ball for the Saints.

## Ten Major Golf Tournaments Listed for Florida East Coast

**DOUBLE VICTOR**

ST. AUGUSTINE, July 19.—(AP)—Ten major golf championships will be played during the 1933 Southern season at three leading Florida East Coast resorts—Palm Beach, St. Augustine and Ormond Beach—according to the official dates just released.

The National Championship of Club Champions, for the Walter J. Travis Memorial Trophy, one of the leading golf competitions of the Florida campaign, will be staged for the twelfth year in succession at St. Augustine, February 13 to 15. Last season's winner was Dwight E. Jacobs, Jr., 18-year-old Wauwatosa, Wis. schoolboy, who defeated Frank Strafaci, former national public links champion, in a thrilling 29-hole final.

The Amateur-Professional Best Ball Match Play Championship to be played on St. Augustine Links, March 15 to 19, is expected again to attract the country's leading amateur and professional. Notable professionals who have competed in this classic are Ralph Guldahl, who recently won the national open title for the second year in succession; Henry Picard, Sam Sneed, Gene Sarazen, Byron Nelson, Jimmy Thomson, Johnny Rowlett and Denmore Shute, twice P.G.A. king.

Three women's tournaments are listed. Miss Kathryn Hemphill, of Columbia, S. C. won both the Championship of Palm Beach at Palm Beach and the Florida East Coast title at St. Augustine, while Miss Patty Berg, twice runner-up for the national crown, annexed the South Atlantic championship at Ormond Beach.

ORMOND BEACH—February 7 to 11: Ormond Beach Championship; February 21 to 25: Women's South Atlantic Championship.

PALM BEACH—January 9 to 13: Lala Worth Tournament; February 4 to 10: Women's Championship of Palm Beach; Feb. 13 to 17: South Florida Championship; Feb. 27 to March 3: Men's Championship of Palm Beach.

The 1933 tournament dates for Palm Beach, Ormond Beach and St. Augustine, follow:

Miss Kathryn Hemphill, of Columbia, S. C. who won golf championships at Palm Beach and St. Augustine last winter.

## Chinese Were First To Enjoy Music From Air

CHICAGO, July 13.—(AP)—Long before radio filled the ether with swing tunes and symphonies the Chinese enjoyed music from the air by attaching whistles to the tails of pigeons. They released the birds over their cities.

The Field Museum, Chicago, has acquired a collection of these whistles made from reeds and small gourds. The whistles contained from two to eight pipes each.

The Continental Divide is a watershed created by mountains ranges or tablelands of the Rocky mountains and extends from Mexico to Canada.

The first Protestant missionary to China was Robert Morrison, sent out by the London Missionary Society to Canton in 1807. Nevada has produced more than a billion dollars in mineral wealth since 1860.

## Hawkers Force Police To Use Loudspeakers

PARIS, July 12.—(AP)—Paris policemen have found that they can't contend with the barrel-chested Norman farmers who hawk their wares in Paris' central markets, so loud speakers have been installed at the markets to aid the officers.

Traffic in the market zone has been in a hopeless tangle for years because the policemen couldn't make themselves heard above the bellows of the farmers' merchandisers.

ELKS DIE FROM STARVING

8 Movie Firms Are Charged With Monopoly

Cummings Files Suit In Federal Court After Probe By Justice Department

Case Is Largest In Recent Years

Announcement Brings Sharp Decline In Shares On Market

WASHINGTON, July 20.—(AP)—A. Attorney General Cummings charged eight major film companies with virtually monopolizing the motion picture industry.

He filed a civil suit in the Federal district court in New York asking that firms be required to divest themselves either of their ownership of theaters or of production and distribution facilities.

The case, among the most comprehensive brought in recent years under the anti-trust laws, was presented after a long investigation by the Justice Department. It was disclosed last as a committee of congressmen and federal administrative officials started broad monopoly inquiry.

The government's bill of complaint charged eight companies, 25 subsidiary or affiliated corporations and 132 individuals with controlling about 65 percent of the nation's moving picture business.

The Justice Department named as principal defendants Paramount Pictures, Inc., New York; Irving Trust Company, New York; Radio-Keith-Orpheum Corporation, Warner Brothers Pictures, Inc., Twentieth Century-Fox Film Corporation, Columbia Pictures Corporation, Universal Corporation and Artists Corporation.

The announcement was followed by the loss of several points in amusement shares on the New York stock market.

10 Are Killed In Premature Dynamite Blast

The premature explosion of 450 pounds of dynamite killed 10 members of a crew of 11 workmen blasting a water tunnel through solid rock two hundred feet below the surface near the city pumping station.

Seven of the men were killed outright as a burst of rock rolled through the tunnel. Three of 11 brought to surface alive died in hospitals.

Only four escaped injury. All of the dead were negroes, while those who escaped with their lives were white men.

An Opportunity

The impetus which started many a little lad on the way upward was a small classified ad placed in the daily newspaper. The thread that often links a man to the chain of success are frequently the messages which he places in the want-ad columns.

Earthquake In Greece Causes Death And Ruin

Worst Tremor In Recent Years Rocks Athens, Demolishing Nearby Villages

ATHENS, July 20.—(AP)—The strongest earthquake in Greece since 1903 struck the capital and nearby villages today, causing death and ruin.

The island of Euboea, north of Athens, suffered most heavily.

In at least two villages nearby every house was shaken down. Reports said the shocks caused fires in some which small buildings toppled.

The government hurried relief by motor truck and railway to stricken communities. Officials said it was impossible to estimate the material damage.

The epicenter of the quake, felt in Athens at 2:15 A. M. (8:15 P. M. EDT, Tuesday), was at Chalki, on Euboea Island, about eight miles from Athens.

There apparently was no damage in Athens itself but the population was thrown into panic by the tremor. The majority of residents fled into the streets when the shock was felt.

The village of Kakeklessi also was partly destroyed.

The population in the Euboea village affected numbers about 5,000.

The shock lasted between 45 and 20 seconds.

The last serious earthquake affecting the same vicinity, including Athens and Corinth, occurred in 1923 when more than 100 persons were killed and a most 700 injured in a shock on the Balkan peninsula. At that time 275,000 were left homeless.

Northern Solons Protest Revision Of Freight Rates

BUFFALO, N. Y., July 20.—(AP)—The protests of two New England governors were added yesterday to Northern arguments against a Southern demand for northbound freight rate revisions.

Governors Wilbur L. Cross of Connecticut, and George D. Aiken of Vermont declared at an Interstate Commerce Commission hearing that Northern industry would suffer if the proposed rates were put into effect.

They followed in the witness stand chief executives of those other Northern States—Rhode Island, Indiana and New York—which are opposing the Southern rate application.

Governor Cross predicted that the "general level of wages would be reduced" if the plan were approved. He added that industry is being attracted to the South by "lower costs of production in the form of wages, fuel and living conditions."

"No new jobs would be created," he said, "but the job of the Northern worker would be handed over to the Southern worker."

Florida Ranks Second In Production Of Gum

GAINESVILLE, July 20.—(AP)—Florida produced 26 percent of the nation's natural stores last year, the United States Department of Agriculture announced here.

Georgia continued to be the biggest producer of gum turpentine, sending to market 57 percent of the total crop. Florida ranked second and Alabama was third with ten percent of the total.

Final Plans For New Court House Needed, Kiwanis Barbecue Made For July 28

Annual Affair To Be Held At Sandloto With 2 Other Clubs

Final arrangements for the annual chicken barbecue to be held at Sandloto Springs next Monday, July 25, was discussed Wednesday at the regular meeting of the Kiwanis Club.

Participating with the local club will be the DeLand and Winter Park clubs.

Members of the local chapter suggested their intention of attending. In addition members have the privilege of taking guests with them.

John G. Leonard is general chairman in charge of all arrangements.

Several members of the club will be appointed later to work in conjunction with members from the DeLand and Winter Park Clubs to take care of preparations.

Pointing out that while members could gather anytime during the afternoon they might choose Mr. Leonard said the barbecue would not be ready for serving until about 6:00 o'clock.

T. E. Simpson announced that tomorrow has been proclaimed "Deland Day" as the last park by Mayor Higgins and street all to attend at least one of the six games scheduled for the afternoon and the other tomorrow night.

It was reported that the club has provided four box seats with necessary funds to enable them to attend the event.

Sino Forces Return Shell For Shell In Spite Of Heat

MADRID, July 20.—(AP)—The United States embassy building here was hit by four shells when insurgent artillery bombarded the city. Some damage was caused but no one in the embassy buildings was hurt. Elsewhere in the city seven persons were wounded.

On the eastern coast of Spain the government's defense lines showed signs of intense drive toward Valencia.

The British foreign office, its position nearly exhausted by the situation, said British shipping companies would not sail until it could be known whether the bombing of Valencia was deliberate or part of a general insurgent raid.

The attack was the first in Madrid since Spanish forces for several weeks a halt having followed a series of British protests to the insurgents.

It was disclosed that a reply still was awaited to the third British note to Generalissimo Franco, insurgent leader, on the general subject of the safety of British shipping.

SHANGHAI, July 20.—(AP)—China's air force suffered along the Yangtze River as temperatures soared beyond 100 degrees.

Swooping Japanese troops tried hard last night to keep going toward Hankow and to blast the way into Kiating, but Chinese defenses returned shell for shell despite the terrific heat.

Chinese newspapers reported organization of a new fourth route army under the leadership of Chiang Ying-shan, time Communist chairman, was almost completed.

Japan's long-awaited "big push" up the Yangtze River against Hankow apparently was under way.

Terrific aerial bombardment yesterday of Hankow and nearby cities, intensified naval operations and air raids on Chinese strongholds defending approaches to the provincial capital indicated the campaign had started a new phase.

Reports from Hankow quoted Generalissimo Chiang Kai-Shek as saying the forces of Hankow, Wuhan and HanYang were prepared to withstand whatever onslaughts Japanese unleashed upon them.

The Chinese commander-in-chief also was said to have declared Manchuria and Korea are destined soon to become battlefields.

His reference was to increasing Japanese-Soviet friction over a Manchoukuo border incident.

An Old Story

Just how well the South will fair under any system of government which concentrates economic power in Washington, and one reason why the South is the nation's "Number One economic problem"...

Inasmuch as the South was the principal area of the country from which objection to the measure came, and since in this section practically every senator and most of our representatives were opposed either in whole or in part to the bill...

On the contrary, however, a man from New York state was appointed whose record has been anything but friendly to the South...

In commenting upon his appointment, Mr. Andrews said, "The wage and hour bill will prove especially beneficial to industry in this state (New York)..."

We doubt if the industries or labor of the South will be benefitted to any great extent by a law, and the administration of that law, which proves "especially beneficial to the industry of New York State"...

And yet it was hardly to be supposed that the South would fair as well from any federal legislation as other parts of the country. We have had a long and bitter experience with tariff laws which ever since the Civil War have discriminated against the South...

Of course, politics being what it is, we could hardly expect anything else. Most of the people live in the North and most of the people have most of the votes...

DISPELLING THE FOG BY CHARLES MICHIELSON

Naturally the President's trip across the country and the speeches he has made to make have been the source of a lot of newspaper comment.

Just as naturally the anti-administration papers have attributed his favorable mention of certain candidates, particularly for the Senate, to personal resentment against those who opposed the administration...

The reactionary press, and the reactionary spokesmen generally, speak of the process as a "purge," borrowing the phrase used to indicate the ghastly doings in Russia and in Germany...

In the President's Florida talk, made just before he started on his journey, he made his position perfectly clear. He said: "Do not misunderstand me. # Ninth Inning Rally Gives Reds 5 to 4 Win Over Locals

## Lookouts Lead For Five Innings But Lose Contest

### Schneider Allows One Hit In 8 Innings; Rice Doubles Off Hudson To Score Winning Runs For DeLand

After Sanford held a 4 to 1 lead for five innings, the DeLand Reds staged another ninth inning rally at Conrad Park last night to nose out the Lookouts by a score of 5 to 4.

Outfit 6 to 2 the Reds took advantage of breaks in the ninth frame to put four runs across the platter and with the lone run scored in the second inning gave them the winning margin.

After the DeLand crew scored one in the second, the localites retaliated with four in the fourth and held the Reds scoreless until the fatal ninth. Schneider, on the hill for the locals for eight innings allowed only a single hit but gave up nine free passes while striking out five batters. Hudson who relieved Schneider allowed one hit in the ninth and with three walks accounted for the DeLand tallies.

The Reds were forced to use Harper, Wolfberger, and Porter on the mound and between them gave up six hits to the Lookout batters.

Langston and Adz lead the hitting attack with two hits each, including a two-base clout each. Rice pounded out a double bagger for the Reds in the ninth which drove in the winning runs.

The Lookouts journey to Orlando tonight and play the Senators on Tinker Field at 8:15 o'clock. Tomorrow the Senators visit Sanford for a double-header with the Lookouts and "Orlando Day" as planned by the officials of the Seminole Baseball Association.
