VOL. XLIX United Press Leased Wire Established 1908 TUESDAY, FEBRUARY 16, 1960 SANFORD, FLORIDA NO. 630

OPENING THE COUNTY FAIR, County Commissioner Chairman John Krider cut the ribbon while, from left, J. Q. Galloway, chairman of the security guard; F. J. Demers, space chairman; Joel Field, general fair chairman; John McCloskey, director, and W. O. Page, midway owner, stood by. At right is a first place blue ribbon winning knife rack being shown by Home Demonstration Agent Myrtle Wilson. It was made by Mrs. Kay Sasmann of Lake Mary. (Herald Photos)

## Children Have Their Day At County Fair

Today is Children's Day at the Seminole County Fair. Two lucky youngsters will get trophies at the fair, Joel Field, president of the fair, said he expects a "tremendous mob" of youngsters at the gala event. The Fair Association has given 11,500 free tickets to county school children. Children under 14 will be admitted to the fair free today. Special hours for the youngsters are 4 to 7 p. m. Field said that cold weather kept many people away from the fair last night, when about 1,000 attended. Fair officials awarded prizes to so many home and farm produce entries Monday, that they ran out of ribbon. More ribbons have been ordered. More than 100 first prizes have been given out, and 500 ribbons went to the women's division alone. Prizes are still being given and award money will be presented Saturday.

## Board To Probe Refuse Dumping

The County Commission plans to crack down on garbage collectors dumping garbage in the Semando dumping area. The commission will begin a probe to regulate fees for dumping grounds. Commissioner Vernon Dunn told the board that collectors from Orange County have been using the Semando pit. In many instances the area is becoming a "health hazard" as dead animals are put there by residents, Dunn said. The board authorized Clerk David Gauchel to write to boards in West Palm, Orange, Volusia and Brevard Counties asking information on how they have coped with this problem. Under a recent act passed by the legislature, the board has the authority to regulate and restrict the methods of collecting, transporting, and disposing of garbage, refuse and debris. Attorney Mack Cleveland Jr. emphasized that the board is specifically authorized to police and license garbage and trash collectors.

## Seminole Collies Win Show Honors

Cherrivala Thunderstorm, owned by Mr. and Mrs. Al Decker, Jacksonville, took top honors of best in match at the Collie Fanclub of Central Florida collie show at the Mayfair Inn Sunday. The reserve winner was Gray Sun Chief Chatter, owned by Mr. and Mrs. Ralph Grayson, Sanford. With an entry list of 45-one from as far away as Pennsylvania—it was the largest collie show to be held to date in the state, according to officials of the association of which Mrs. Garry Fox, Geneva, is president. Garry Fox, Geneva, was chairman of the show, and Mrs. Peggy Lantz, Thonahola, secretary. Class winners were: Open bitch: first place, Decker's Fancy High Honey, owned

## Smathers Decision Near

WASHINGTON (UPI) — Sen. George A. Smathers (D-Fla.) was expected to announce today he will become Florida's reluctant "favorite son" presidential candidate. Smathers' office said an announcement was due Tuesday but declined to divulge its subject. However, previous statements by Smathers left no doubt that his long-awaited decision will be to enter Florida's primary.

## Crafts To Be Topic At Art Meeting

Mrs. Blanton Owen of Sanford will discuss wood, shell and other crafts at the Sanford Art Assn. meeting Monday in the Crafts Hut at Ft. Mellon Park. The 7:30 p. m. meeting will be a crafts workshop. Mrs. Helen DeWitt, president of the association said. The art group has decided to add crafts to its activities agenda and the Sanford Recreation Dept. has permitted use of the Crafts Hut each Monday night, she said. Crafts workshops will be held on the third Monday night of each month and on the fifth Monday of months which have them. Mr. and Mrs. F. H. Galloway will be in charge of the sessions, and participants are asked to bring their own materials. Mrs. DeWitt also announced a new schedule of meetings for the association. The first Monday of each month will be the date of the executive board meeting; the second Monday general meetings, with speakers, business and critiques in the Civic Center; and painting workshops supervised by Joe Mathieux on fourth Mondays. All meetings will be at 7:30 p. m. in the Crafts Hut except the general meetings in the Civic Center. The association invites new members and especially at this time those interested in crafts, Mrs. DeWitt said.

## 13,428 County Auto Tags Sold

Tax Collector John Galloway reported today that 13,428 1960 auto license tags had been issued up to last Friday. Galloway said that so far, \$801,883 has been collected from tag sales. Last year's sales total of \$822,138 and 28,000 tags were sold. Saturday is the final day for buying the licenses.

## Health Center Bid Opening Tonight

The County Commission will open bids on a new \$100,000 Health Center at a specially called meeting at 8 p. m. today. The center will be located between Eighth and Ninth Sts. on Hwy. 17-92 and Architect John Burton said construction should start within 30 days after bid letting. The newly-named county health director, Dr. Clyde Brothers, was due to arrive in the city today to take up his new post and sit in at the bid opening.

## Osteen Pupils Find Man's Body

Three Osteen children on their way to school this morning found a body later identified as that of an elderly Osteen resident, Everett Hall. Officers were investigating the death of Hall, reportedly last seen alive early Monday night by the Osteen postmaster, Mrs. Lois Brooks. Ronnie, Carol and Susie Sapp, children of Mr. and Mrs. J. A. Sapp, said they saw the body lying beside the road as they went to school and reported their discovery to the owner of a grocery store. The man was identified as Hall, believed to be about 80 years old.

## Casselberry Fire Damage \$35,000

About \$35,000 damage was caused by a Casselberry warehouse fire Friday. Fire Chief Paul Bates said today. The warehouse, near the A.C.L. railroad, belonged to town developer Hibbard Casselberry. The fire started at 2:15 a. m. The 3,000 square foot warehouse was a total loss, Bates said. Origin of the blaze has not been determined, he said. A truck and a car nearby also were burned. Longwood firemen came to the assistance of the Casselberry fire department.

## DeBary C of C Meets Wednesday

DeBary Civic clubs will get money from a fund raising dinner at the DeBary Civic Association building tonight. About 125 persons will be served, with money from the dinner going to town clubs. A speaker from a food service company will add to the program.

## Petition To Ask New Fire District

The need for a fire district in the southwest area of Seminole County was stressed before the County Commission today. A resident of the area complained that a shed in his yard burned he could not get help from fire-fighting units. Commissioner Lawrence Swofford reported that a meeting is planned within the next two weeks in the Bear Lake area to draw up a petition to present to the board asking that a referendum be placed on the ballot in November to set up a fire district. "If the majority of residents in the area want a fire district there is no reason why it shouldn't pass" Swofford said. At present the only fire district in the county is in Lake Mary. Ed Zimmerman, fire commissioner from that district, told the board that two fire commissioners resigned their posts and recommended that Bill Gray and John Fitzpatrick be appointed. They would succeed Charles Krueger and Richard Ivers who resigned. The board agreed to approve the appointments.

## Board To Ask New District 5 Hearing

The County Commission today agreed to request the zoning board to conduct another comprehensive zoning hearing for District 5 because of "overlapping meeting" was held at the same time. The hearing was held last Tuesday at the same time that a District 5 Voters League meeting was held. Commissioner Homer Little of District 5 said many people have called him to say that they missed the zoning hearing because of the conflicting time element.

## Coffee Klatch Features Prizes

Secretaries, receptionists and office assistants will be guests Thursday at an after-Valentine-Day meeting of the Coffee Club in the USO-Chamber of Commerce Bldg. at 10 a. m. Valuable prizes will be awarded at the meeting which substitutes for the regularly scheduled coffee klatch sponsored by the Seminole County Chamber of Commerce, according to Charlie Morrison, public relations director of the chamber.

## Pair To Return To NBC Late Spot March 7

NEW YORK (UPI) — Jack Paar has agreed to return to his late night television show March 7, the National Broadcasting Co. announced today. The agreement was reached at a Florida conference today between Paar and NBC's top executives, President Robert E. Kinner and Board Chairman Robert Sarnoff. "Bob Sarnoff, chairman of the National Broadcasting Co. and I met in Florida today with Jack Paar. On behalf of his large and loyal audience we asked Jack to return to the Jack Paar Show. Jack agreed to come back on Monday, March 7, after a three-week vacation. Bob Sarnoff and I are delighted." Thus apparently ended one of the most widely-viewed spats in entertainment history. Paar walked off his program in front of viewers across the country last Thursday night in a tearful protest at the manner in which NBC had censured a questionable joke from his previous night's program. For the following hour and 30 minutes, his guests hysterically castigated the network and defended Paar's action. The show went on Monday night without Paar, and also without censorship. (Another story on page 2).

## Board To Inspect Plans For New Jail

Preliminary plans for the new county jail are completed and will be presented to the county commissioners at their afternoon session today. Architect James Gamble Rogers sent a message to the board this morning that the plans are ready for inspection. No details were discussed. For the past month, the board has been surveying jails in the state and have been passing on their recommendations to Rogers.

## Orlando Jury Starts Probe Of Hoffa

ORLANDO (UPI) — A grand jury is expected to start at least 60 days to investigate charges that Teamsters President James R. Hoffa was connected with an ill-fated Titusville housing project. The jury, empaneled Monday, will investigate the charges brought by the Florida National Bank in Orlando, which the Teamsters are suing to gain release of \$400,000 in union deposits. The bank has refused to return the money. It claims the union deposited the money with the bank until it would let the funds remain in the bank until a loan to Sun Valley Inc., developers of the Titusville project, was repaid. The Sun Valley firm, now bankrupt, still owes \$200,000 on the loan. Hoffa and the union, in their suit to release the money, deny they had any connection with Sun Valley. The project was to have been a development for retired Union members.

## DeBary C of C Meets Wednesday

DeBary Civic clubs will get money from a fund raising dinner at the DeBary Civic Association building tonight. About 125 persons will be served, with money from the dinner going to town clubs. A speaker from a food service company will add to the program.

# 5 Candidates Open Race For Governor

TALLAHASSEE (UPI) — Five of the nine announced candidates for governor qualified today, officially opening the 1960 political season. But though the gubernatorial candidates were on hand at noon, Sen. Tom Adams of Orange Park stole a march on them and was the first candidate to actually qualify.

Adams was in line at 9 a. m. and Secretary of State R. A. Gray accepted his qualifying money and papers the instant the clock struck noon. Adams is a candidate to succeed Gray, who is retiring next January.

Gubernatorial candidates that made it official were Sen. Doyle Carlton and Fred O. Dickinson, former House Speaker; Ted Davis and Farris Bryant and ex-circuit Judge John McCarty. Dickinson mailed his papers in. The rest came in person to sign. McCarty was the first candidate for governor to hand his qualifying papers to Gray. He was followed by Carlton, Davis and Bryant.

## Southeast C of C Given Ad Funds

The County Commission today agreed to give the Southeast Seminole Chamber of Commerce \$1,000 to be used for printing and distribution of brochures for advertising purposes.

The Southeast C of C which includes Oviedo, Slavia and Chulitoia, had asked the board at an earlier meeting for the funds but was turned down until the chamber could come up with a budget for the year.

Ben Jones, president of the chamber, presented the budget to the board today. It included \$870 for membership dues and contributions and the board quickly approved \$1,000 for advertising. The board also heard two requests from the Lake Mary chamber, which asked that a traffic survey be conducted at the intersection of Lake Mary Blvd. and County Club Rd.

## News Briefs

### Fire Rates To Drop

TALLAHASSEE (UPI) — Fire and extended coverage insurance rates in Florida will be decreased effective April 1. State Insurance Commissioner J. Edwin Larson said Monday fire rates will go down 13 per cent and extended coverage rates 16.1 per cent.

### Rate Hearing Asked

TALLAHASSEE (UPI) — The State Utilities Commission took under advisement Monday a request by Miami officials for a prompt public hearing on rates charged by the Houston Natural Gas Co. Commission Chairman Jerry Carter said he hoped for a decision in less than 30 days.

### Drainage Need In Bear Lake Area Stressed

District 3 County Commissioner Lawrence Swofford today asked the board for a special effort to get the county engineering department to relieve drainage conditions in the Bear Lake area. Swofford said the request for County Engineer Robert Davis reported he hopes to advertise for bids on drainage work in Loch Arber.

## Board To Inspect Plans For New Jail

Preliminary plans for the new county jail are completed and will be presented to the county commissioners at their afternoon session today. Architect James Gamble Rogers sent a message to the board this morning that the plans are ready for inspection. No details were discussed. For the past month, the board has been surveying jails in the state and have been passing on their recommendations to Rogers.

## Britain Girding

LONDON (UPI) — Britain today announced a \$24,000,000 boost in her defense spending, bringing the annual defense bill to a record \$3,729,924,000, nearly a third of her entire budget. The increase was announced in a government white paper which said Britain also was increasing its conventional weapons instead of relying exclusively on the massive western nuclear deterrent.

## Snowstorm Loses Punch

The nation's third snowstorm in week all but disappeared over the Ohio Valley today. The storm, a cream puff compared to its predecessor, lost its punch when it was boxed in by two high pressure systems over the Carolinas and Texas. Only high snow was forecast by southern Ohio, Kentucky and parts of Tennessee. Rain was expected in the South and Pacific Northwest.

## Food Fair Staffs To Meet Here

Food Fair employees from Sanford and surrounding areas will meet here Feb. 24. The meeting will be to "talk shop" and discuss ways to improve the business, Sanford Food Fair Manager Gene Ashline said today. About 20 company employees are expected for the meeting.

## Rhee Opponent Dies

SEOUL, Korea (UPI) — The Korean cabinet met today to discuss political implications of the death of President Syngman Rhee's only opponent in the March presidential elections, Rhee, 84, was shocked at the death Monday in the U. S. of Dr. Cheong Pyang Ok, an independence leader of the Democratic Party, but predicted widespread defection from Cheong's to his own ruling Liberal Party.

## County Delays Awarding Contract For Paving Job

The County Commission today opened bids to pave South St. but delayed awarding any contract on the job to see if it would be more economical for the county to do the work with its own crews. Apparent low bid on the project was turned in by the L. L. Hall Paving Co. of Orange Park for \$20,385.40. Commissioner Vernon Dunn said he believed that the county could do the work at a smaller cost, but that the job would take longer. The board held off any decision until Davis can make cost estimates on the work. The board also agreed to study a request to reauthorize a road in the Forest Lake area with property owners sharing the cost of the project. They also agreed to lease property in the Seminole Humane Society for an animal shelter and agreed to survey various areas of land to be used for the shelter.

# Farm, Labor Crisis Plaguing France

PARIS (UPI)—A new farm and labor crisis boiled up today in France and turned government attention away from the mounting Afro-Asian criticism of its atomic bomb test and the threat of a series of diplomatic ruptures.

Another sharp split was reported within the cabinet with Finance Minister Wilfrid Baumgartner and Industry Minister Jean-Marcel Jeanneney at odds over how to meet growing demands for revised price policies.

Thousands of farmers rioted last Thursday in the northern city of Amiens against government price freezes. New mass protests rallies were called for this Thursday in

Clermont, Ferrand and Chartres. Against the demand for higher farm prices were demands from powerful unions that the government make good its pledge for an across-the-board raise in the big state-run gas and electric industry.

While President Charles De Gaulle struggled with the acute economic problems at home, dangerous developments were reported

in Africa where a series of diplomatic breaks threatened if he goes ahead with plans for further atomic tests.

Informed sources said France would follow up its first atomic test with the explosion of a tactical nuclear weapon within two months despite the diplomatic reaction.

The first major reaction came from Morocco, 200 miles north of

the French Sahara Desert bomb site at Reggane. Morocco recalled Ambassador Abdellatif Bendjeloul Monday and renounced a Franco-Moroccan accord of May 23, 1956.

Protests poured in from Ghana, The Sudan, Japan and other Afro-Asian nations and the Algerian rebel government announced it would make an "important declaration" sometime today.

## Mrs. Mary Hasty Dies At Her Home

Mrs. Mary Jane Hasty, a Sanford resident for 40 years, died at her home here Thursday night.

Mrs. Hasty was born in Peachland, N. C. She was a member of the First Baptist Church of Sanford.

Surviving Mrs. Hasty are five sons, E. G. Hasty, Ted Hasty and Curry Hasty, all of Sanford, Kempt Hasty of Los Angeles and Earl Hasty of Jacksonville; two daughters, Mrs. Pearl Austin of Jacksonville and Mrs. Jesse Allen of Charlottesville, N. C.

Funeral services were held Sunday at the graveside in Lakeview Cemetery, with Rev. Fred Fisher of the First Baptist Church officiating. Burial in the Home of the First Baptist Church.

## Georgia Native Dies In Longwood

Fred (Jack) Sanders, 61, of 2400 St. Longwood, died Sunday at his home.

Sanders was a native of Hartwell, Ga., and had been a resident of Longwood since 1932.

He was a member of the First Baptist Church, Longwood.

He is survived by his widow, Frances Sanders, Donald Gary Sanders, Charles Ann Sanders, Colquhoun Sanders, three brothers, Clio, Joe and Clinton, and sister, Mrs. Ethel Jones.

The body was sent to Royston, N.C., for services and burial. Grandson, Fred Sanders, is in charge of local arrangements.

## Mahany Child Dies In Hospital

Margaret Mary Mahany, two years old of Sanford, died at Memorial Hospital Monday after a short illness. She was the child of Mr. and Mrs. Walter E. Mahany, 2800 Laurel Ave. She was a member of All Souls Catholic Church.

Surviving Margaret are her parents; two brothers, Michael and Sean; a sister, Deborah, and her grandmother, Mrs. Walter W. Mahany of Savannah, Ga.

Funeral services will be held at 8:30 a. m. Wednesday at the graveside in All Souls Cemetery, with Fr. Richard Lyons and Fr. Niles Hubble officiating.

## Gene Humphrey Kadets Commander

Gene Humphrey succeeded Paul Bennett as commander of the Order of American Kadets at a meeting in the Sanford Armory.

Humphrey is a major in the youth military outfit and Bennett is a colonel. About 125 boys and girls from the entire Florida Kadet division attended the meeting.

The division will hold a dress parade at 11 p. m., March 19 at Ft. Meade park.

## Green Says He'll Seek Re-Election

TALLAHASSEE (UPI)—Ray E. Green, state comptroller, announced Monday that he will run for re-election.

He said "I deeply appreciate the trust placed in me by the people of Florida and will strive to continue to merit their confidence."

## Tearful Carole Denies Murder Plot

LOS ANGELES (UPI)—Carole Wright, on trial for the murder of her lover's wife, was to return to the stand today to face another withering cross-examination that reduced her to tears yesterday.

The red-haired mistress of Dr. E. Bernard Finch, 42, broke down Monday under questioning by Prosecutor Clifford Crill about the night of July 18 when Mrs. Barbara Jean Finch was slain.

Crill, Crill and Finch are charged with her murder.

Carole, 28, yesterday was on the witness stand less than five minutes under questioning by her own lawyer, who said "absolutely not" when asked whether she plotted to kill Mrs. Finch or tried to marry her.

When the grim-faced Crill took

BOY SCOUT TROOP 500 held their court of honor recently with 10 scouts honored. Scouts who received honors were front row, left to right, Leonard Eckhart, Danny Leads, Jimmy Winters and Ricky Benton. Center row, left to right, Rod Laney, Steve Piggat, Jim Sexton and Tommy Kennedy. Back row, left to right, Harvey Francisco and Wayne Stankiewicz.

## Renewed Effort To Be Made For Action On 'Rights' Bill

WASHINGTON (UPI)—Sen. Kenneth B. Keating (R-N.Y.) said he would make a renewed effort today to get the Senate Judiciary Committee to act on some form of civil rights bill.

The New Yorker, a co-sponsor of the administration bill, said he would seek a vote at the committee's first meeting of the year called by Chairman James O. Eastland (D-Miss.).

Keating conceded that approval was unlikely. If his motion failed, he said, he would seek action on a mild two-part bill approved last year by a subcommittee.

The second measure would extend the Civil Rights Commission until 1962—already done by other

legislation—and require that voting records be kept for three years.

Keating said he felt that even the two-part bill would be a better measure on which to hang civil rights action than the minor, unrelated bill brought up Monday by Senate Democratic Leader Lyndon B. Johnson as a civil rights vehicle.

Johnson's action, opening the Senate's long-awaited, election-year debate on civil rights, stirred up a storm of criticism from southerners and some civil rights backers who opposed the procedure he adopted.

Southern forces lined up their verbal artillery behind a delayed move to postpone Senate action on the entire civil rights question for a week.

Arguing that the Senate was debating civil rights proposals that weren't even on its calendar, the southerners sought support for a motion by Sen. Richard B. Russell (D-Ga.) to put off until Feb. 22 the bill called up by Johnson.

In a parallel move, Sen. Wayne L. Morse (D-Ore.) drafted a motion to relieve the Senate Judiciary and Rules committees of jurisdiction over various civil rights bills if they have not reported to the Senate by Feb. 22.

Johnson drew fire from both Morse and Russell when he brought up a local Missouri bill and invited civil rights supporters to offer amendments. The measure would let a Stellan M., school district temporarily leave part of Ft. Crowder, Mo., for school purposes.

## Fans Pushing For Paar Return

NEW YORK (UPI)—The "Jack Paar Show" went on Monday night without Jack Paar and without censorship.

Artist-author Alexander King made his swan song as a guest on the show "until Jack comes back" with a broadside verbal barrage on censorship and television programming.

King spiced his defense of Paar with risqué references to semi-nudes and charged that television shows today "are for morose and backward children."

National Broadcasting Co. censors started the controversy last Wednesday when the network cut five minutes from Paar's show deleting a joke about a water closet. Paar quit the program the next night in protest and has said he will not return to the Monday through Friday late night show.

Announcer Hugh Downs, substituting for the missing star, faced a sea of "Come Back Jack" buttons that adorned the lapels of the studio audience.

Downs said he was not there to take over the show from Paar but to carry on for him.

King said talent must have the freedom to express itself without interference from "button-pushers" or censors.

"I never heard of people with talent censoring talent," he said.

## State Can Use Used Out-Of Town License Plates

TALLAHASSEE (UPI)—Used out-of-state license plates are useful to Florida.

The Development Commission counts them and breaks them down by state, thus getting a fair idea of how many people from what states settle in Florida.

More than one third of the 154,000 motorists who swapped their plates for Florida plates last year were from New York, Georgia, Ohio and Michigan.

# Sorority Plans Leap Year Party

A program on "drama" was presented at the meeting of the Gamma Lambda chapter of Beta Sigma Phi when the group met at the home of Mrs. Faye Stetson in Loch Arbor.  
Mrs. Pauline White, Mrs. Betty McKee and Mrs. Stetson were in charge of the program. Mrs. White gave an informative talk on the phase of comedy as employed in drama. She explained that it denotes a light amusing side of life with the farce element employing an exaggeration of comedy.  
Mrs. Stetson reported on the tragedy aspect of drama. Pity and terror are employed about unhappy

events. She also explained that tragedy originated with the Greeks who portrayed adventures of their Gods.  
Mrs. McKee's report concerned melodrama which is a romantic and exciting incident which is stressed in the play. The program chairmen concluded the program with a short play entitled, "The Curious Courtship Of Captain Conrad".  
During the business session members voted to donate \$15 to the National Endowment fund to be used by the National Cystic Fibrosis Assn., Girls' State and the Beta Sigma Phi old folks home.

# It's Qualifying Time In State

The time is here for qualifying by candidates for state offices, who must put up their fees shortly or shut up about what they are going to do "when elected."

Reported ready to post the fee for the governor race are Sen. Doyle Carlton Jr. of Wauchula, John McCarty of Ft. Pierce, Haydon Burns of Jacksonville, Sen. Fred Dickinson of West Palm Beach, Farris Bryant of Ocala and Ted David of Hollywood.

This will be the big one statewide and most of those who say they will be candidates are well known in Florida politics. But there has been one thing missing so far in their travels around the state in the campaign warms-up.

That is a difference of opinion on a major campaign plank.

Those who have made serious talks have seemed to agree on most points. This reduces the race to a matter of which organization is able to get the most people to the polls on election day and has very little to do with the stature of the candidates, or what they stand for.

We hope that some of these good men who so far have spoken out only for clean government and progress will start banging away with a real program for Florida as soon as they lay their fees down in the secretary of state's office.

That could be today.

# Annual Test Shows That U. S. Mint Still Turning Out Good Coins

By DECK WEST

WASHINGTON (UPI)—Gov. this is a relief. According to the annual test made this week, the U. S. mint is still turning out good coins.

Like every other good citizen, I spend a lot of time worrying about money. So it is comforting to know that in this branch of the national monetary system, everything is as the up-and-up.

The test was made at the Philadelphia mint by an 18-member assay commission which President Eisenhower appointed last month.

Actually, the commission hasn't issued its formal report yet. But I wouldn't stand the suspense any longer. So I called up Leland Howard, assistant director of the Bureau of the Mint, to see if he had any advance word on the results of the test.

"I haven't heard anyone say anything was wrong," Howard said soothingly, in the absence of any evidence to the contrary, he thought it would be safe to assume that nothing was amiss.

For that matter, Howard said, the coin test nowadays is more symbolic than practical anyhow. It mostly just carries on a tradition that started back in the days when the nation was young and was trying to build a reputation for sound currency.

In those days, minting methods were crude and it was difficult to maintain uniform standards of purity and weight in gold and silver coins. I mean one silver dollar might be worth only 90 cents while another would assay out to 82.

The government thought it would help build confidence in the coin of the realm if it called in a group of prominent citizens each year so they could see for themselves that nobody was getting short changed.

Since then, the mint has developed precision equipment for coin production. But the assay commission has continued its ceremonial testing, as required by an 1875 law.

For this purpose, the Philadelphia and Denver mints, which will turn out about 1,700,000,000 coins this year, held back one out of every 10,000 produced. These samples are turned over to the commission on the appointed day.

The testing is more scientific than billing the coins and dropping them on the floor to see if they ring true. Officials of the Bureau of Standards and U. S. Assay Office are on hand to assist the commission.

The commissioners receive no pay for their services, not even an allowance for travel expenses. "All we give them is lunch," Howard said.

Safeguards are provided to make sure that nobody leaves the mint with any samples. But the testers do not go home empty-handed. They are presented with a presidential certificate and a bronze medal in honor of their labor.

In ancient times, a money-maker might have his hands cut off, but I don't think President Eisenhower would be that severe.

# WASHINGTON SEE-SAW by Win Pendleton

A bill has been introduced to award J. Edgar Hoover a Congressional Gold Medal in recognition of his 44 years of "devoted service to the United States." Congressman Paul Rogers thinks that the director of the Federal Bureau of Investigation should be given "a tangible expression of continuing confidence and respect of the American people through their elected representatives in Congress for his leadership in building a law enforcement agency of unparalleled efficiency and integrity; one which is constantly on the alert in order to safeguard our national security and promoting and encouraging a closer spirit of cooperation between law enforcement agencies at all levels of government."

When Congressman Charlie Bennett read that the Ambassador from England, Sir Harold Caccia, had been invited to speak at the homecoming ceremonies of Jacksonville University, he wrote him a letter and offered to assist in any way possible. Since the ambassador was anxious to learn all he could about Florida and Jacksonville, he invited Mr. Bennett to lunch. The luncheon turned out to be a formal affair with more than 20 other persons present and with the Bennetts as the honored guests. (This was a "three-course" luncheon—crepe suzette, followed by cheese and Mrs. Bennett. A lesser luncheon would have had only two desserts—and a casual luncheon only one).

The conversation at luncheon be-

gan with talk of Sir Harold's days at Oxford—where he was a top athlete. His favorite sport was cricket; also, rugby—with a bit of shooting. Talk finally got around to the early history of Florida—and Sir Harold said he would like to see some of our more historical sights. Result of all this is a side trip to St. Augustine for the ambassador—then a visit to Fort Caroline on the St. Johns River (established through the personal efforts of Bennett). After that, the ambassador will travel to Tallahassee where he will be a guest of Governor Collins.

Last week, the Congress was in recess so that the Republican members could return to their districts to attend the various Lincoln Day dinners. Many of the others—mostly Democrats—used the few days recess for relaxation. Something like 50 of these followed Syd Herlog to Leesburg, where they entered the annual Silver Lakes Invitational Golf Tournament. Although Syd was the unofficial host to these Congressional golfers, he had not time for golf himself due to a heavy schedule of speaking engagements.

The National Association of Supervisors, headed by John F. Garner, of the Pensacola Air Station, held their annual business meeting and banquet here this week. Also scheduled from Pensacola—Mayor Roy Philpot, former mayor and now director of civil defense, Admiral Charles Mason. From the Chamber of Commerce were Dick Merritt, president; Terry Richardson, a member of the board, and Walker Carroll, secretary-manager. A bill has passed the House designed to stabilize the price of tobacco for the farmer and at the same time protect our export tobacco market. This bill was introduced by Congressman Billy Matthews and had the approval of a majority of the members of the Agriculture Committee. Although the measure now goes to the Senate no trouble is foreseen since the tobacco program is one phase of the farm program that seems to be under little or no criticism.

## Quotable Quotes

By United Press International

NEW YORK—Artist-author Alexander King, vowing not to appear again on the Jack Paar Show until Paar comes back: "Until then, I'll see you in church—or perhaps a wayside chapel."

LOS ANGELES—James Pappas, former husband of Carole Tregoff, discussing the murder trial of Carole and Dr. R. Bernard Finch for the slaying of Finch's wife: "If they do both get out of this and they get married—they deserve each other."

ALEXON, France—Cook Arlette Paris, explaining why she put deadly weed killer in the soup she prepared for Count Cheval de Felines, 80, and his wife Elisabeth, 73: "I just wanted to make it taste bad. I just wanted to make them discharge me."

## State Increases Economic Output

JACKSONVILLE (UPI)—Florida increased again in 1959 in economic categories ranging from electric power production to sales tax collections.

The State Chamber of Commerce reported a 15 per cent increase in electric power and a 16 per cent increase in sales tax collections. Business incorporations were up 27 per cent and the dollar value of residential mortgages 36 per cent.

Employment rose 7 per cent, gross farm income 21 per cent, and motor vehicle licenses 8 per cent.

Production of men's suits and coats declined 19 per cent between 1947 and 1959.

## Collins Seeks Migrant Help

MIAMI (UPI)—Gov. LeRoy Collins has discussed pushing for new laws governing big farmers and their migrant help.

Collins indicated he might do this if the growers do not do more about helping their migrant workers in times of unemployment.

The January freeze killed more than 5,000 migrants in Dade County.

# ASSIGNMENT WASHINGTON by Ed Koterba

WASHINGTON — The peculiar situations a postal inspector finds himself in!

Digging for diamonds in hillside, dialing letters from muck, fishing for mail in the Gulf, or sailing the high seas plucking envelopes off the waves. Chief Postal Inspector David H. Stephens was telling about some of these oddball jobs when he appeared before the Committee of Post Office Appropriations. Later, in his office, he had some further disclosures.

For example, just the other week his inspectors salvaging mail at the scene of the National Airlines crash near Wilmington, N.C., noticed strange things that led them to report to their superiors that it looked like a bomb had exploded.

When the Andrea Doria sank in the Atlantic, among the first people at the scene was a postal inspector, bobbing around, spearing mail that floated around the site of the tragedy.

Stephens spoke proudly of the fishing prowess of his men in the Gulf of Mexico. The postal detectives, he said, fished out 90 per cent of the entire mail cargo on the National Airlines plane that crashed far off the coast several months ago.

Wreckage was buried deep. Quite a distance from the impact, postal inspectors kicked some mail locks from near the surface of the soil. They surmised that mail must be buried nearby.

They started to dig. Soon they came upon a handful of diamonds. They kept at it for weeks, sifting every inch of earth within hundreds of yards. The earth yielded 182 diamonds and 25 gold rings—nearly a quarter-million dollars' worth of jewelry. This was part of a cargo en route to New York by registered mail.

An even more bizarre diamond hunt came after another plane crash in Pennsylvania in the late '40s.

One thousand pounds of mail was known to have been on the plane. But only 10 pounds of it was recovered by postal detectives. They knew the plane carried some diamonds in registered packages. Before they closed down their operations, they had dug up 47 stones, some worth up to \$1,000.

After they poked up and left, the bystanders moved in with picks and shovels.

Some time later, the inspectors began to hear rumors that more diamonds were found. They returned and canvassed the neighboring homes.

The house-to-house search netted 518 additional diamonds—from 100 finders.

In all the voluminous regulations of the United States Post Office Department, said to say, there is no provision for finders-keepers.

# WORRY CLINIC by Dr. G. W. Crane

Joyce is a smart girl for she knows there is a proper way to write a letter of application for a job. But please remember such a letter's purpose is to win an interview. Then, during the interview, you answer detailed queries to obtain the real position. So hold your application letter to one page, typed.

CASE D - 475; Joyce J., aged 20, is soon to graduate from college.

"Dr. Crane," she began, "I don't know how to write a good letter of application for a position. The past few weeks I have been reading the ads in our daily newspaper and have seen several interesting jobs.

"But they ask the applicant to send a letter. So just what should a person say?"

Your letter of application is supposed to win you an interview, not the job!

So keep that distinction clearly in mind and stick to major facts instead of detailed information.

Since typewriters are so common nowadays, it is well to have your letter typed. If you do not have access to a machine, surely you have a friend who can copy your handwritten script on a typewriter.

If you can find out the specific name of the personnel director or prospective employer, then address your letter to him.

If you answer a newspaper ad that lists only a box number, then start out your letter with "Dear Sir" or "Gentlemen."

If you live in a city that has a public library, go there and look on page 715 of my college textbook "Psychology Applied" for a specimen letter that pulls phenomenal returns.

It starts out with this opening sentence, "Since I am looking for a position with a company which holds out a future for a person of my experience, I wish to cite the following qualifications:"

Let that sentence be your opening paragraph. Then indent deeply and enumerate these major headings, which can be capitalized in your letter:

Business Experience. Cite your previous work record, listing a few of your major positions. If you are a student who hasn't worked steadily, then indicate a few of your summer occupations or other practical experience that might enlist the interest of the prospective employer.

Education Experience. Here you can cite your degree or technical training. You may also include college honors, and other pertinent data, such as the fact you were editor of the school paper, or winner of a letter in sports, or member of the glee club, etc.

Personal Data. Here is the place for a brief listing of your

# Lundquist Sets Mark As Seminoles Win 14th

## Locals Top Oviedo

The fast breaking Sanford Seminoles picked up their 14th victory of the season in Oviedo last night by defeating the Lions 78-55 in a contest that was in doubt until the final quarter.

In the JV game, the Sanford youngsters rapped out a 49-37 win over the Oviedo squad.

In the contest little Ray Lundquist ripped the cords for 33 points and established a new SHS scoring record. The previous record was 31 points held by Jim Gracey in the Leesburg game last year. The hard driving Lundquist made them from all over the court hitting layups and shots from the outside. He also had tremendous success from the foul line dropping in 11 out of 15. He had 11 field goals. It was a tremendous effort by the little fireball and he seems all set to lead the local squad into the OBC tournament with plenty of spark.

Gracey, who saw his record tumble, didn't do badly either. The six foot ace dropped in 11 field goals and two free throws for 24 points. His work on the boards was also one of the big factors in the victory and this was probably his best effort this year.

Forward Terry Christensen was also a great help for the local cause. He hit 10 points for the evening and his passing set up many of the points by Gracey and Lundquist.

Husky Mike Duda paced Paul Miller's Lions with a 25 point outpour of buckets. In the second quarter he put the Lions back in the game when he hit 15 of his points and at the end of the half the Seminoles held a three point edge, 32-29. John Tesinsky was second in scoring for the Lions with 16 points.

In the JV game Mutt Johnson paced the Seminoles with a 17 point spree hitting seven field goals and three free shots. Bubba Davis was second in the scoring with 13 points along with John Boniface who scored the identical amount. For the losers, Mike Tesinsky made a tremendous effort dropping in 19 points.

The next action the high flying Seminoles will see will be in the OBC tournament when they will face the winner of the Wildwood-Leesburg game at 7 p. m. Friday in the arena.

## Fleck Takes Phoenix Open

PHOENIX, Ariz. (UPI)—"It was a long time between victories," commented Jack Fleck as he pocketed the winner's share of the \$23,500 Phoenix Open golf tournament.

Fleck, a Los Angeles shotmaker whose last victory was in the pressure-packed 1955 Open when he edged Ben Hogan in a play-off, got back into top money Monday when he beat Bill Collins, Crystal River, in a championship playoff here. They were deadlocked after the regulation 72 holes at 273.

Fleck shot a three-under par 68 and cashed in on Collins' mistakes to win it. Collins had a par 71 with a double bogie on the 16th hole.

Fleck won \$3,500 for first place and an additional \$1,800 as his share from the gate receipts for the playoff. Collins won \$2,100 and \$1,800.

## Winter Olympic Games Turning Into Political Battleground

SQUAW VALLEY, Calif. (UPI)—A "near revolution" among the East and West Germans turned the 1960 Winter Olympic games into a political battleground again today.

With added strife among the Koreans and also the Chinese, the games which were designed to promote international harmony were following a pattern long prevalent in this biggest of all winter sports events.

This latest battle — plaguing the games along with injuries and a melting sun — developed when East German officials refused to recognize the official ratings of the International Ski Federation (FIS).

Meanwhile, South Korea fought to compete as a separate entry and Nationalist China battled to be recognized and permit its four athletes to compete in the games starting Thursday.

Germany, divided politically since World War II, was equally far apart even in sports. Communist-dominated East Germany won this latest dispute — and succeeded in naming one of

## Moore, Jordan Rapped By NBA

PROVIDENCE, R. I. (UPI)—The National Boxing Assn., which vacated Archie Moore's light-heavyweight championship Monday night, threatened similar action today against welterweight champion Don Jordan unless he furnish official proof by Friday that he's fit to fight.

Another boxer, president of the NBA, announced that because of his failure to defend the 135-pound crown within the prescribed six months, a tournament would be arranged March 5 to determine his successor.

Jordan faces loss of his 147-pound crown unless he provides medical certification from the California commission by Friday that he's fit to defend against Cuban Benny (Kid) Paret at Las Vegas, Nev., on May 20 or 27.

The West Germans charged by intimidation that West German lawyer Herbert Kunes, chief of the overall German team, had "sold out" to the Communists.

## Covington Covers Sports

By JERRY COVINGTON  
All eyes are now focused upon the Orange Belt Conference Tournament that gets underway Thursday night in Apopka.

For the first time since joining the OBC the Sanford Seminoles go into action seeded second only to Winter Park and it looks as though these are the two teams that will be battling it out for the crown. The Wildcats took the conference during the regular season with only a single defeat to Lakeview while the Seminoles finished a fast second with only two defeats. These two defeats were by the Wildcats but the last one was a game that could have gone either way. The fast breaking Seminoles fell short by only three points in a game that ended, 78-72.

While the Wildcats and the Seminoles are set as the teams most likely to succeed, a tournament always puts a different spirit in most teams and they should all be tough. Apopka is comparatively small this year but they are well coached by Joe Sterling and they will be on their home court which will be a big advantage. Lakeview has also shown signs that they, too, can be rough and they are the team that managed to defeat the Wildcats of

Winter Park in their only loss. Of course, this 51-50 victory came while rugged Mike Mosher was out of the lineup and this probably had a great deal to do with it.

Wildwood can also be rugged if they happen to be hitting and Lucas happens to be on the pivot spot. The club that is the least likely to do anything is Leesburg. They have good height but very little experience.

The Parkers have a well balanced attack with Carl Dunn, Mike Mosher, Irv Broughton, and Danny Wiser all big scorers and excellent rebounders.

The Seminoles have the leading scorer in the OBC in the person of Jim Gracey and his little buddy Ray Lundquist can also drop in a few. Terry Christensen and George Peridas are also scorers in the double figure department and now that young Alex McKibbin has found the range, they should be able to match the Parkers point for point.

If there is a difference in the two ball clubs it is in the rebounding department. Cowboy Oravetz has been more than adequate all season and has done a fine job on most occasions but Mosher is far superior to anyone in the OBC when it comes to taking the ball off the boards.

## 'Whiz Kids' Closing In On One Of Big Ten's Top Cage Marks

United Press International  
Those Ohio State "Whiz Kids" are slowly closing in on one of the Big Ten Conference's most notable records.

No Big Ten basketball team has ever unbeaten in conference play since the Illinois Whiz Kids galloped to the 1943 championship behind the sharp-shooting of Andy Phillip and Art Mathieson.

Indiana came close in 1953, losing only one of 18 league games and clinching its season by winning the NCAA championship. Ohio State, though, is given a better than even chance of achieving an unbeaten league record this season. The Buckeyes, with sophomore Jerry Lucas dropping in 31 points, recorded their 10th straight conference victory Monday night by whipping Illinois, 108-81.

Indiana retained its hold on second place in the Big Ten by handing Michigan its ninth conference loss, 84-80, at Bloomington. Walt Bellamy paced the Hoosiers

with 28 points, one less than Michigan's John Tidwell.

Ron Johnson outscored Purdue's Terry Disinger, the Big Ten's top scorer, 25-22, in leading Minnesota to a 71-60 triumph over the Boiler-makers and Wisconsin snapped an eight-game losing streak by downing Iowa, 62-58.

Xavier Ohio, hoping for a bid to the National Invitation Tournament, presented Coach Jim McCallery with his 100th victory by turning back Marquette, 79-75. Bill Kirvin scored 18 points for the Musketeers, who now have a 16-5 record, while Don Kolis had 25 for Marquette.

Kansas State and Colorado remained tied for the Big Eight Conference lead when the Wildcats edged Iowa State, 72-70, and Colorado nipped Missouri, 63-62. Kansas remained on the heels of the co-leaders by downing Oklahoma, 64-63, on a free throw by Wayne Hightower after the final buzzer.

## Bears, Cinci Pace Ratings

NEW YORK (UPI)—California and Cincinnati, two basketball teams with 19-1 records, remained 1-2 today in United Press International's major college rating but Ohio State replaced Bradley in third place. Bradley slipped to fourth.

There were no newcomers in the top 10, but several teams in the select group switched places in the latest balloting by the 35 leading coaches who rate the teams for UPI.

West Virginia, beaten by St. John's last week, received less points in the voting but remained fifth. Utah and Utah State of the Skyline Conference continued their steady climb in the ratings. Utah moved from seventh to sixth and Utah from ninth to seventh.

Georgia Tech remained eighth. Villanova slipped from sixth to ninth following its Saturday night loss to New York University. Texas A&M remained 10th.

## WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturd-i-Bilt Sixties aren't just new, they're a full scale revolution!

### TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jabs and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

### NO SHIMMY, NO WHEEL FRONT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

### CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hams; more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 28% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

### 6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

### SHORT STRIKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

### BLACK NEW SUBURBAN CARRYALLS

These handsome new handy haulers "double in brms"—can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

## Cleveland Owner Frankie Lane Spends Busy Day

By United Press International  
Frank Lane signed one, sold one and sat tight with two, but those two can have a lot to do with whether Cleveland finishes one-two this year.

The player Lane signed was catcher John Romano, obtained this winter from the White Sox for whom he hit .394 last season. Romano's signing left only three Cleveland players who still hadn't agreed to terms and Lane cut that list to two by selling second baseman Jim Baxes to San Diego of the Pacific Coast League.

Only unsigned Indian players now are outfielder Rocky Colavito and pitcher Gary Bell, a 16-game winner last season. Lane says he expects Bell to sign a contract any day but he's not so confident in the case of Colavito, who earned approximately \$22,000 in 1959 and is said to be asking \$45,000 this year.

The world champion Dodgers announced the signing of three pitchers and saw how a total of 20 players under contract. Veteran reliever Johnny Kilgus was one of the three of sign and the other two were rookies Ford Young and Scott Breeden.

MAJOR RALPH C. WOOD, right commanding officer of the Marine Barracks at the Sanford Naval Air Station, is congratulated by Capt. Robert W. Slye, NAS commanding officer, upon presentation of the John H. Bear Memorial Safe Driving Plaque.

Sanford Soldier New Infantry Weapons Expert

FT. BENNING, Ga. — Thirteen officers, 42 enlisted men—one of whom is from Sanford—and two civilians, comprise the Special Purpose Weapons Committee of the Weapons Department, U. S. Army Infantry School at Ft. Benning, and devote full time to some of the newest and most interesting Army combat developments.

Searchlights that can reach far into a pitch dark night without being visible to the unaided eye, and a tiny transistorized transformer that can boost an ordinary flashlight battery to more than 16,000 volts are just a few of the special purpose items which are daily companions to these men.

Constant developments and improvements make the committee's work with such weapons as pistols, flamethrowers, mines, grenades, incendiaries, and observation devices, the carbine and submachine gun a challenging and rewarding assignment, according to Lt. Col. William H. Horan, Tonnawanda, N. Y., committee chairman. One of the most interesting items in the committee's locker is the Claymore, an effective anti-personnel weapon. So recently removed from security wraps it is still kept in the safe, the lethal weapon can cut a swath into attacking enemy troops about 30 yards wide and more than 35 yards deep.

Two of the enlisted men, Sfc. Joel T. Sandlin, Decatur, Ala., and Sgt. Willie S. Demps, of Sanford, are eager to demonstrate a new nondetectable plastic mine and the best method of using it. They explained they present a familiarization period "on foreign mines, and plenty of instruction on U. S. mine field laying, detection, and clearing and breaching."

Infantry School officers said that "when a new enemy develops a faster way of moving at night, a better tank, or better camouflage, the Special Purpose Weapons Committee will be conducting classes on equipment for seeing him better, penetrating him deeper, hearing him sooner and hitting him harder — night or day."

Nations May Retaliate Against U. S. On Protective Attitude

By PHIL NEWSOM UPI Foreign Editor U. S. Refusal to permit KLM Royal Dutch Airlines to pick up

passengers in Los Angeles en route to the Far East has rubbed an old sore spot. In Montreal, headquarters for the United Nations' International Civil Aviation Organization and the Airlines' International Air Transport Assn., aviation sources say they would not be surprised if a number of nations retaliate against what they regard as an unreasonably protective U. S. attitude. These countries may stall possible U. S. applications for corresponding rights in Europe until the U. S. government relaxes its attitude.

For instance there were many with 3 bedrooms, 2 or 1 1/2 baths, electric kitchens, terrace floors and etc., like SAN SEM KNOLLS, and some even had the same FHA financing with low down payment and low monthly payments. But there was always SOMETHING wrong — like not having city water and sewer, or not having the large covered patios you see in SAN SEM KNOLLS, or being located in a noisy neighborhood.

That is one thing we love about SAN SEM KNOLLS — it is QUIET. Another thing, we can let our children play in front because our home is on a dead end street and we don't live in constant fear that a speeding car will run them down. IT IS LIKE A NEAT, CLEAN LITTLE VILLAGE WITHIN A CITY! And, last but not least, the construction is guaranteed to be the very best because every bit of it was personally supervised by the builder, Philip Zeuli."

### Patricia Jackson, B. Wainwright Crowned Oviedo Ball Queen, King

Miss Patricia Ann Jackson, daughter of Mr. and Mrs. Douglas M. Jackson, and Benne Wainwright, son of Mr. and Mrs. Ben G. Wainwright, were crowned king and queen of the Oviedo High School Valentine ball in the school gymnasium Saturday evening.

### Babes, Bribes At Conclave Not Tax Deductible

WASHINGTON (UPI)—Any money spent for "babes and bribes" at that fancy dice jobbers' conclave in Miami last year won't be tax deductible, Internal Revenue Service (IRS) officials said today.

But expenditures for the "boozes" part of the entertainment could qualify as a legitimate business expense, they added.

The revenue service does not permit deductions for anything which violates federal, state or local law or public policy. This would cover dice and bribes, both illegal everywhere in this country.

The "babes, bribes and boozes" description of the Miami convention was given by a House investigator who headed the affair during the recent hearings.

Testimony before the Legislative Oversight subcommittee has brought out that record manufacturers spent more than \$100,000 on the convention, attended by disc jockeys from throughout the country.

Investigators were reported to be digging into rumors that girls were flown to the convention from New York and Chicago.

IRS officials said any deductions claimed for expenses found to involve illegal activities would be thrown out without hesitation.

### Oviedo P-T-O Has 180 Members

The Oviedo P-T-O now has 180 members.

The count from membership chairman Mrs. Robert Lee was received at a recent meeting.

Mrs. W. H. Harris, Mrs. Rex Clow and Mrs. William E. West were named as the nominating committee to get new officers for the coming year.

At the 8 p. m. meeting held in Oviedo's City Hall the members voted to buy a new hot plate for the concession table in the Oviedo High gym. Mrs. Lawrence Wood and Mrs. Henry Wolcott were named to investigate changing the meeting date from the second Tuesday in the month to the first Tuesday in the month.

This would eliminate time conflicts for some teachers who attend meetings at night.

John Milum's 8th and sixth grade classes were the room count for the third time in a row. Paul Miller asked members to turn out in support of the basketball team for the remaining home games.

Rev. George H. Carlson gave the invocation and later showed a film taken at the scene of last year's school fire, in Chicago.

### DeBary Vets Hold Meeting

DeBary Veterans 1197 of the World War I Veterans held their meeting at the Community Center last Friday afternoon. Charles Fraser, Frank Hanson, William Sanford and Joseph Van Dusen were named as a subcommittee on the membership committee by Commander William Joyce.

Special, historic and publicity center of the group and give an all pointing to any member who obtains five new members by June 30. Refreshments were provided by the Auxiliary.

### Tax Refund

NEW YORK (UPI)—A State Finance Court decision said Monday that the New York State Harbor Sealing Commission must to return \$200,000 in federal tax.

### Apple Becomes Silent Witness In Murder Trial

BOSTON (UPI)—An apple became an important item today in the first degree murder trial of a dapper radio operator accused of slaying his pretty shipboard girl friend.

The question in the minds of the 12-man jury was a vital one: Was the apple William Van Rie maliciously picked up in the dining saloon the night of the murder the same one that police found in the cabin of petite Lynn Kauffman?

Van Rie, handsome 31-year-old Dutchman, is accused of beating the pretty Chicago divorcee and throwing her into Boston Harbor the night of Sept. 18 after what the state called a "torrid" romance. Her half-naked body was found the next day washed up on Spectacle Island.

Monday's closing witness in the fourth day of the trial before Superior Judge Frank J. Murray was Stephanie Spector of St. Louis, 12-year-old daughter of the dead girl's employer.

She said Van Rie picked up the apple as he left the dining saloon of the Dutch passenger-carrying freighter Utrecht and "tossed it in the air a couple of times" as he left the room.

An apple turned up on a shelf beneath an open porthole in the Kauffman cabin Sept. 19, the day the ship docked in Brooklyn, N. Y.

The Utrecht purser, Andreas Van Oosten, testified earlier that Van Rie questioned him closely about the differences between murder and manslaughter and the penalties that apply.

"If you do something to somebody and it turns out to be fatal, is that murder?" Van Oosten quoted the defendant.

The purser, who grew impatient at times with the piddling course of the questioning by Assistant Dist. Atty. John J. McAuliffe, said the conversation took place some time after Van Rie was questioned four hours by New York police Sept. 22.

### DeBary Volunteers To Hold Dance

The DeBary Volunteer Fire Department will hold a dance at the Sanford Armory, Feb. 24 at 8 p. m. Tickets will be on sale at DeBary Plaza Wednesday, Feb. 23, all day, and Saturday, Feb. 26, in the morning only. Tickets, which are \$1 will also be sold at the door.

Two bands—the Toppers, from Sanford, and the DeBary Dance Orchestra, from DeBary—will provide continuous music. The dance is being held to provide funds for the planned recreation hall.

### Integrationists Plan N. C. Rally

RALEIGH, N. C. (UPI)—Leaders of a Negro protest against segregated lunch counters in North Carolina plan a mass rally in Durham tonight to bolster enthusiasm for the demonstrations that show signs of waning across the state.

Gordon Carey, a representative of the Congress of Racial Equality who came to North Carolina to direct the demonstrations, announced plans for the rally Monday night after Negroes failed to show up at lunch counters on streets along Raleigh's main street.

A demonstration in High Point was halted Monday after a fight broke out between two Negroes and a white youth. It was believed to be the first violence connected with the protest that has spread to nine North Carolina cities and some in South Carolina, Virginia, Tennessee and Florida.

### DeBary Library Has 3,300 Books

The DeBary Public Library now has about 3,300 books on its shelves. Miss Balch, the librarian, reports that of these, 1,100 are non-fiction; 7,000 adult fiction; 330 detective; and about 60 are children's books. In January, 285 adult and 80 children's books were borrowed. There are now 278 borrowers cards in the file.

Any DeBary resident may join free of charge. The library, which is staffed by volunteers, is located in the Civic building on Shell Road. It is open from 2 to 5 p. m. on Tuesday, Thursday, and Saturday.

New books received include "The King Must Die," by Mary Renault; "Nine Coaches Waiting," by M. Stewart; and "Admiral and Captain," by A. Drury. Non-fiction books include "Albany," "The Secret of Easter Island," by Thor Heyerdahl, author of "Kon-Tiki"; Peter Freuchen's "Rings of the Seven Seas"; "Folk Medicines," by Jarvis; and "Station Wagon in Spain," by F. P. Keyes.

# \$95,910 Health Center Bid Awarded

Work on the new Seminole County Health Center will begin in three weeks, Architect John Burton reported this morning after the County Commission met in special session and awarded the project contract to Shoemaker Construction Co. of Sanford on a bid of \$95,910. The bid is subject to approval by the Florida Development and Public Health Commissions.

The center is expected to be completed six months after construction starts.

The County Commission met Tuesday night to open bids on the center and at the time an apparent low base bid of \$114,321 was made by Hicks and Vogel Construction Co. of Jacksonville.

However, the board had several alternate bids to consider before awarding the contract, and the Commissioners wanted a contract that would not exceed \$100,000.

An alternate bid submitted by the Shoemaker Company, whose base bid was \$121,200, was elimination of a barrel type roof, substituting a more conventional type, and elimination of an auditorium in the rear of the building.

For the same alternate plan, the Jacksonville firm said it would deduct \$8,800.

After going over the bids with Florida Development Commission officials and Dr. Clyde L. Brothers, new county health director, the board agreed to award the bid to Shoemaker.

Other base bids were: Carroll Daniel Construction Co. of Sanford, \$119,820; John W. Hock of Titusville, \$148,700; Richards Builders of Winter Park, \$120,120 and Vail Construction Co. of Chuluota \$133,000.

The new center will be located between Eighth and Ninth Sts. off Hwy. 17-92. Cost of the building had been estimated at \$100,000 with \$45,000 of the funds to come from a Hill-Burton Hospital-aid grant.

# Churches, Reds Linked

WASHINGTON (UPI)—Sweeping Pentagon and congressional investigations were ordered Wednesday into an Air Force Reserve training manual which linked churches with communism and termed "foolish" demands that the American people know what is going on.

Air Force Secretary Dudley C. Sharp announced the manual had been withdrawn from use Feb. 11, but said a full inquiry will be made to find out who was responsible for the publication.

In Congress, Rep. John E. Moss (D-Calif.), chairman of the House Freedom of Information subcommittee, ordered his investigators to "analyze every fact." He termed the manual "an outrageous display of arrogance."

Sharp "categorically repudiated" the viewpoint of the manual which had brought a vehement protest from the National Council of Churches.

Moss said his group may hold hearings on the situation. "We want to know who approved it and we want to know its distribution," he said.

Defense Secretary Thomas G. Gates Jr. was reported "startled and stunned" at the contents of the manual.

Sharp said he acted immediately on learning of the existence of the manual Tuesday.

He found that Air Force headquarters had directed withdrawal of the document last Thursday, the day the church council sent a letter of protest to Gates.

The agreement, reached in London Feb. 15, was announced simultaneously by the State Department and in the British Parliament.

### No Anti-Semitism

BONN, Germany (UPI)—The West German government said today that although 683 anti-Semitic incidents were reported here between Christmas and the end of January, no organized Nazi conspiracy could be detected. The investigation, a government white paper issued on the eve of a parliamentary debate on the subject, provided "no evidence that significant sections of the people of the Federal Republic entertain anti-Semitic feelings."

# Realistic Estimate Of Jail Cost Asked

The County Commission Tuesday authorized Architect James Gamble Rogers to present a "realistic" cost estimate for the new county jail and remodeling of present courthouse facilities at its meeting next Tuesday.

Board members looked over preliminary plans for the new jail and courthouse remodeling job.

The new jail will be constructed adjacent to the courthouse on property now partly utilized for parking.

# County Health Director Sets 'Best Unit' Goal

"I hope to make Seminole County's health unit the best in the state."

With these words Dr. Clyde L. Brothers took over the office of county health director Tuesday.

Brothers comes to Seminole County with a wide experience, including the post of chief of staff at Alcatraz Prison in the early 1950's, and health director in Madison and Taylor counties.

Brothers a retired brigadier general, served in commands spanning the Far East theater of operations during the Korean War, Hawaii and in Washington.

He is a native of Richmond, Va., and has one son, who is a jet pilot stationed at Williams AFB, Ariz.

The 37-year-old medical officer said he plans to work closely with Sanitarian Val Robbins in familiarizing himself with county health policies until the new Health Center is built.

Although he said it was too early to discuss plans for the Health unit, Brothers did say he hopes to enlarge the present medical staff to meet the needs of the county's population.

"There is a great deal that has to be done," he said, "but it takes time and money."

"I'll have to cut the meatiest of the ribs of the budget now."

# President Raps U. S. Defense Policy Critics

WASHINGTON (UPI)—A fighting mad President Eisenhower lashed at his defense policy critics today and announced he would make a personal report to the people Sunday night.

His eyes glaring icily and his lips pursed in anger, he declared that if anyone believed he had deliberately misled the country, he would like to tell that person off in person.

Eisenhower said he regarded the charge as "repulsive."

His remarks were made at a news conference when a questioner said that critics contended that the Eisenhower administration is complacent and is putting economy above security. He then was asked if he thought he had misled the American people.

The President declared that U. S. defenses were strong and awesome and that he was tired of hearing people cite defense as an excuse for wasting money.

Eisenhower will go on nationwide radio and TV at 6:15 p. m. Sunday. He said the talk also will include a report on his Latin American trip which starts Monday.

The President told reporters he has no fear for his personal safety during his tour of four major South American countries and does not think the Secret Service is worried.

# Longwood Tourist Club Holds Dinner

The Longwood Tourist Club held a pot roast dinner today to raise money for a club building.

The noon dinner was in the town park on Church St. The club's last dinner of the season will be March 2, also in the town park unless bad weather forces the event into the Civic Bldg.

The Tourist Club beat Lake Helen players in a shuffleboard match Thursday.

# Mysterious Sub Believed Struck

PIERRO MADRYK, Argentinea (UPI)—The Argentine frigate Murature attacked and perhaps damaged the mysterious submarine of the Navy's Gulf Tuesday night, apparently with depth charges from the United States.

The boat, undetected for more than 24 hours, was picked up on sonar Tuesday night by the Argentine frigate King. The Murature, following word from the King, closed in and also detected it.

The Argentine vessels promptly attacked the mysterious undersea craft, and reports circulating today said the Murature may have hit it.

The report suggested the Murature may have been using the late-model depth charges bought from the United States. Argentine's own charges had proved ineffective because they could not be detonated deep enough to be a serious threat in the 300-foot waters of the gulf.

Naval circles were optimistic about the possible effect of the attack.

Unofficial reports said the submarine was operating at about 10 knots—approximately half its estimated normal underwater speed. It was said, however, that it was maneuvering more freely than the last time it was detected. The submarine had been reported damaged by naval gunfire in a surface attack shortly after it was first detected by the King 18 days ago.

Unconfirmed reports said the U-boat was believed to be one of a type developed by the Germans during World War II and now used by Russia, Red China and other Communist countries.

# Band Association Barbecue Saturday

The Seminole High School Band Assn. barbecue will be held Saturday, not Friday as previously announced. The chicken barbecue will be at 5:30 p. m. on the school site grounds.

# Governors Offer Highway Program

WASHINGTON (UPI)—The nation's governors presented to Congress today a program for pumping \$900 million into the interstate highway program.

The "formula" was presented by Gov. Abraham A. Ribicoff of Connecticut. Exact details of the plan were not spelled out.

The Connecticut governor scheduled meetings with leaders of both the Senate and House to outline the governors' proposal to restore funds cut back by the federal government.

Ribicoff said that he was asked by President Eisenhower to sit down with Congress to work out a method of restoring the cutbacks. The president already had offered a budget proposal to aid the highway program, including higher gasoline taxes.

# Children's Day Crowd At Fair At Record High

Nearly 8,000 persons attended the Seminole County Fair Tuesday night, according to Fair Director John McCloskey who said about 3,000 adults and 5,000 children passed through the gates.

Attendance was greater than at any other night in the history of the fair, Joel Field, fair chairman, said today.

He estimated there were 3,000 persons on hand for the awarding of the two bicycles, prizes which were given to a boy and girl about 6:45 p. m.

# Longwood Board To Study Zoning

Longwood's new zoning commission will meet to discuss the town zoning ordinance Feb. 20 at 8 p. m. in the town hall.

Fred Stiches, John Strong, Dewey Finch, Dick Zartman and John Reams are members of the new commission, appointed by the town council.

Amendments, additions and deletions in the zoning ordinance will be discussed at the meeting. Discussion will cover fence requirements, setbacks, minimum living area, land use permits and types of business and industry to be excluded from Longwood.

# Price Fixing Laid To 5 Large Firms

PHOENIX (UPI)—A federal grand jury indicted the nation's five largest manufacturers of heavy-duty trucks today on price-fixing charges Tuesday on price-fixing charges.

# Rep. A. S. Herlong To Seek Re-election

WASHINGTON—Rep. A. Byrd Herlong, serving his 12th year as U. S. representative from one of the most populous districts in the nation, announced Tuesday he will seek re-election to Congress.

An avowed proponent of states' rights and foe of excessive government spending, Herlong disclosed he had qualified with the Florida secretary of state as a candidate for the Democratic nomination in the May 2nd primary.

# Conner To Seek Seminole Support

Doyle Conner of Starke, a candidate for commissioner of agriculture, will be at Spencer's Restaurant Thursday from 10:30 a. m. until noon to set up his Seminole County organization for the campaign.

Conner will visit with persons interested in discussing the campaign during this coffee hour.

# Labor Organizers' School Ordered Out Of Business

ALTAMONT Tenn. (UPI)—A mountain school devoted to training labor organizers and racial integration leaders was ordered Tuesday to go out of business.

Circuit Judge Chester Chatlin ruled that Highlander Folk School of Monteagle, Tenn., violated both segregation and beer laws and was operated for the personal gain of founder Myles Horton, 55-year-old former YMCA secretary who worked as a labor organizer during the Depression.

The school, which sponsors a series of workshops rather than regular semester-style courses, has been under attack since Horton started it in 1924. Its administration building was closed for a month last fall after a night raid by editors who found supplies of beer in a building.

Horton said the board of directors will meet next week to decide what action to take. Cecil Branstetter of Nashville, an attorney for the school, said he will appeal Judge Chatlin's ruling.

Both Horton and the school have often been accused of subversive activities, but a legislative investigating committee said it could find no proof of such actions.

Horton, a native of Savannah, Tenn., who attended the University of Chicago and Union Theological Seminary in New York, worked as an AFI organizer in 1936 and for the CIO textile workers union in 1937 and 1938.

THIS SNOW IN SANFORD didn't fall here, it was imported from Tennessee by V. L. Hamby, 115 Frank Ave., who got back yesterday from a visit in the mountains. Hamby took his jug full of drinking water up and packed it with snow from the recent storm there for the return drive. He reported that the snow seemed to him to slide into a truck at one place near Nashville and made him enjoy Sanford's recent 48 degree temperature very much. Mrs. Ellen Tyra inspected the snow, quickly made a miniature snow man.
