

## CONGRESS PROVIDE FOR LOSS TAX DEFICITS LOOM LARGE BONDS FOR APPROPRIATIONS

### Looks Like Spending More Money Than Estimated

### MUST ECONOMIZE

#### VARIOUS DEPARTMENTS FAIL TO LIVE WITHIN THE BUDGET SYSTEM.

WASHINGTON, Aug. 29.—The senate finance committee decided Saturday to put the tax bill ahead of the tariff. Plans call for consideration of the revenue measure to begin next Thursday after hearings on the tariff have been concluded.

WASHINGTON, Aug. 29.—A half billion dollar anchor to windward has been provided by the house of representatives against failure of the new tax law to provide for the government's expenditures for the current year.

This anchor may be a life-saver in either of two likely contingencies.

One—if the new schedule of taxes provided by the law fails to produce sufficient revenue to cover the total appropriations.

Two—if the departments fail to live within the amounts provided for them under the slashing of estimates by Budget Director Dawes.

In order to make possible an apparent reduction in federal taxes, which, politically, is declared imperative, provision is made for increasing the public debt by \$500,000,000 during the year. The cash thus raised would be used in lieu of taxes in meeting the current expenses of the government.

This provision is inserted as an amendment to the Second Liberty bond act, authorizing an increase in the amount of that issue from \$7,000,000,000 to \$7,500,000,000, "to meet public expenditures authorized by law." It is an index of the uncertainty and apprehension with which congress views the whole revenue situation.

The revenue needs of the government for the next year, despite any reductions that may be made by the budget commissioner or voluntary economies within the departments, probably will not shrink proportionately to the tax-paying abilities of individuals and industries.

The whole range of returns from income and profit taxes and from customs duties has been so disarranged by existing unemployment, industrial depression and stagnation of world commerce that the best estimates of what revenue a given tax will return is only a guess.

While the revenue bill thus guardedly provides against a possible deficit of \$500,000,000 in government income necessary to cover appropriations, there is a further fear lurking in congressional minds that despite all administration efforts at economy, deficiencies amounting to many millions will be incurred in several departments during the year.

One reason is that the arbitrary chopping off of \$350,000,000 from the estimates of sums needed by the departments of war, navy and agriculture, and the shipping board and railroad administration, was apparently done with little consideration for many claims and probable expenditures that will have to be met.

The result of this reduction, many congressmen, including republicans, believe, will only be an increase in the deficiencies which will have to be provided for next year.

The deficiency bill for 1921 amounted to \$480,492,283. The 1920 deficiency was \$1,129,931,270.

The peak of appropriation deficiencies was reached in 1918, as a result of war expenditures, when it amounted to \$8,806,180,209.

The chief hope for forestalling a deficiency this year, both in expenditures of the government over appropriations and of appropriations and expenditures alike over government income, lies in the salvaging of several hundred millions from supplies and property acquired during the war.

If the estimated deficiency of \$800,

### MOB LOSES PEP IN MASSACHUSETTS CASE NEGROES GO ON TRIAL.

(By The Associated Press) BARNSTABLE, Mass., Aug. 29.—Extra guards are at the court house here today when the three negroes were transferred from jail to the court house for a hearing on charges of assault on a young white woman. The men were threatened with lynching at the time of arrest, but today's crowd which surrounded the court house and jail composed mainly of curious persons, who showed no indication of intent at mob violence.

### NO MORE BODIES FOUND AT HULL IN ZR-2 WRECK

#### INQUEST TO BE HELD TODAY OVER BODIES RECOVERED

(By The Associated Press) HULL, Aug. 29.—Salvaging operations continued today but no more bodies were found up to mid-day. An inquest will be held today over the recently recovered bodies. Official government inquiry at Howden continued today behind closed doors.

### QUARTER MILLION LOOT FROM SAFE IN A CHICAGO BANK

#### Robbers Worked Leisurely and Secured Large Amount from Security Company.

(By The Associated Press) CHICAGO, Aug. 29.—A raid on a safe deposit vaults of the Security Safe Deposit Company in the Masonic Temple last night by four unmasked robbers netted the bandits about two hundred and fifty thousands dollars it was estimated today. Detectives today characterized it as an inside job and held two custodians of the vaults who are said to have told contradictory stories. Four robbers appeared at the vaults at about eight o'clock. One applied for a safety deposit box. When the doors to the vaults were opened the robbers bound the custodians and then proceeded with lead mallets to open several boxes. They worked leisurely for more than an hour and escaped unhurt.

### Two More Bodies Found in ZR-2

LONDON, Aug. 29.—The bodies of Lieut.-Commander Emery Coil, U. S. N., and Ad Pettitt, a rigger, who were killed in the fall of the dirigible ZR-2 at Hull last week, were recovered yesterday during salvage operations on the hull of the airship, according to an announcement made last night by the air ministry.

Lieut.-Commander Coil's home was Marietta, O. He was to have been executive officer of the airship when it was turned over to the United States navy. Pettitt lived in New York.

The air ministry reports that a considerable portion of the airship has been salvaged.

### BODY OF COMMANDER FOUND IN WRECKAGE OF DIRIGIBLE ZR-2.

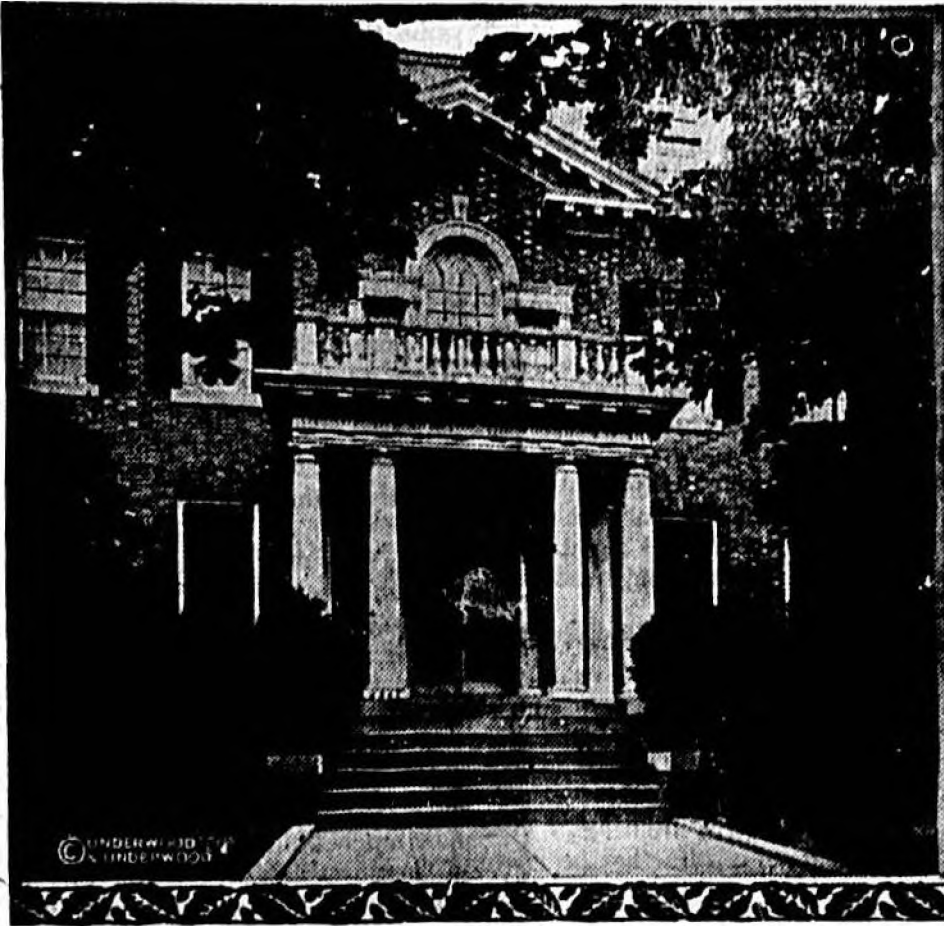

HULL, Aug. 29.—The body of Air Commander Maitland, of the British flying force, was recovered from the wreck of the ZR-2 late today.

000,000 in the shipping board alone can be avoided, either by the sale of ships at junk prices or otherwise, the one biggest saving may be made.

That it will be a saving at a sacrifice of stangible assets will be the least of the administration's concern. The big thing will be to reduce the necessity for taxes and to keep expenditures inside the taxes laid.

At present the government is spending far more than its estimated budget. For July, the first month of the new fiscal year, it spent \$15,000,000 more than in July, 1920. In the first half of August it spent \$20,000,000 more than for the same period last year.

### Chief Justice Taft's Residence

Former President William Howard Taft, having become chief justice of the Supreme court, is again a resident of Washington, and he has obtained as his residence this handsome house on Wyoming avenue.

### Presbyterian Minister on the Mother-in-Law Problem Scores Heavy

#### Would Have University for Education of Mother-in-Law

(By The Associated Press) CHICAGO, Aug. 29.—A "university for the education of mothers-in-law" was advocated by Rev. Charles B. Stevens of the Third Presbyterian church in a sermon here last night. He asserted the mother-in-law problem had ceased to be a joke. "Seventy-five per cent of all matrimonial disasters are precipitated by her interference," he asserted. "She is an outlaw instead of an in-law."

The more the oil crowd respects Oregon, the more it hates him.

### American Federation of Labor Takes no Action on R. R. Reduction

(By The Associated Press) ATLANTIC CITY, Aug. 29.—The executive council of the American Federation of Labor has decided to take no action regarding the railroad wage reduction.

### ANOTHER ASSISTANT ATTORNEY GENERAL FROM CALIFORNIA.

(By The Associated Press) WASHINGTON, Aug. 29.—The appointment of Mrs. Mable Walker Willebrandt, of California, as assistant attorney general of the United States, was announced today at the White House.

## LIVE WIRES FROM ORLANDO CHAMBER OF COMMERCE WILL BE HERE AT BANQUET

### MURDER IN HERNANDO PUZZLES THE OFFICERS FORMER MARSHAL KILLED

(By The Associated Press) BROOKSVILLE, Aug. 29.—Hernando county authorities today continued investigation of the murder of Ubo T. Jones, former marshal of Tarpon Springs, and Bert Scott, who was shot to death from ambush near Weeekiwatchee Springs late Saturday night. Both are residents of Port Richey. Indications still point to robbery as the motive, as it is known Jones carried a large sum of money and this is missing. Jones is widely known on the west coast for his fearlessness while marshal.

### Prominent Citizens from Orange County Capital Will Attend

### IMPORTANT MEET

#### THAT MEANS MUCH TO THE PEOPLE OF SANFORD AND ORLANDO

The Orlando Chamber of Commerce has advised that they will send at least fifteen representatives from their organization to meet with the members of the local Chamber at the latter's monthly banquet which will be held Tuesday evening at 8 o'clock in the Valdez Hotel.

Orlando, through its Chamber of Commerce, has accomplished a great deal for that city, and also for Orange County. The individuals at the head of the organization have always been prompt in taking advantage of everything that would add to the prosperity of Orlando. When freight rates became oppressive the business men of Orlando realized the advantages of water rates, and while they could not bring the water to Orlando they made the practical move of going to the water, or in other words had their goods shipped to Sanford and hauled by truck to Orlando. They realized and took advantage of Sanford's greatest natural advantage, the St. John's river, and utilized it for their own benefit.

There are a number of men in the Orlando Chamber of Commerce who recognize the possibilities Sanford possesses as a distributing point, due to its competitive rail and water transportation facilities, and have signified their willingness to co-operate in any movement which would assist in developing Sanford as a distributing point.

In order to develop Sanford along these lines it is necessary that the various merchants and shippers in the cities in close proximity to Sanford be educated to the advantages to be derived from using Sanford as a destination point in routing their shipments. In the event that a sufficiently large volume of business is secured to warrant it, warehouses would be required and built to handle this business.

The benefits accruing to a city that is recognized as a distributing center are innumerable, and Sanford, with its geographical location, cheap freight rates, good road communications, possesses all the necessary requisites to make it a distributing center for this section of the state.

The Sanford Chamber of Commerce is endeavoring to secure this important prestige for Sanford and is enlisting support and co-operation of the Orlando Chamber of Commerce in its efforts. With sufficient water borne commerce terminating at this port, this organization has a stronger argument to present the United States government upon completion of the proposed survey for the St. Johns-Indian River Canal. The banquet, which will be in the nature of a get-together meeting, should be largely instrumental in more closely uniting the business interests of both Orlando and Sanford for the greater development of both cities and this section of the state.

Every member of the organization should be present on this occasion and display to the Orlando live wires the pep which is putting Sanford forward as an important commercial city of Florida.

Tickets for the banquet can be purchased from any of the banks, Parkins & Britt, Bower & Roumillat, the Western Union or from S. M. Lloyd, who is chairman of the entertainment committee.

### MORE EXAMINATIONS FOR POSTMASTERSHIPS.

WASHINGTON, August 29.—The postoffice department has announced that examinations for positions as postmasters at the following offices in Florida would be held September 24th: Coleman, Cottondale, Dowling Park, Floral City, Hilliard, Lemon City, Orange City, Ponce DeLeon, Port Orange, Punta Gorda, Sneads, Valparaiso.

The United States is the greatest cattle raising country in the world.

### AUTHORITIES AWAITING LATE DOPE

#### FROM THE EASTERN PART OF LOGAN COUNTY WHERE TROUBLE BREWS

(By The Associated Press) CHARLESTON, Aug. 29.—State authorities early today are anxiously awaiting advices from the Eastern part of Logan county. Somewhere in that district Adjutant General Char-nock and officials of the mine workers Union are doing missionary work following yesterday's report to Governor Morgan that the state police and deputies on one side and unidentified armed men on the other side had fought an engagement in Beach creek, near the Logan-Boone county line.

### Rep. Fordney Expects Soldiers' Bonus Bill Be Passed by December

(By The Associated Press) SIGNAW, Mich., Aug. 29.—Belief that a soldiers' bonus bill will be passed by congress by December was expressed yesterday by Representative Joseph W. Fordney, chairman of the ways and means committee, who has just arrived here from Washington. "Passage of the bonus bill is the only honorable thing to do," he said. "The boys deserve it and shall have it."

The Republican house leader said he favored a 1 per cent wholesale sales tax as a means of raising money with which to pay the bonus. Discussing the tariff, Mr. Fordney said that, with the exception of the wool schedule, he expected the tariff bill to be but little changed from the form in which it passed the house.

### INSURGENTS KILLED IN FIGHTS IN INDIA WITH BRITISH FORCES.

(By The Associated Press) CALCUTTA, India, Aug. 29.—Nearly seven hundred members of the insurgent bands which have been creating disorders in the district south of this city, were killed in fights with the British forces. Several Europeans were killed while seventy men of Leinster's regiment and seventeen native policemen are missing. Many Hindus have been massacred.

### SILESIAN QUESTION TAKEN UP TODAY BY LEAGUE COUNCIL.

(By The Associated Press) GENEVA, Aug. 29.—The solution of the Silesian question which has puzzled the ablest or diplomats of the allied nations, for many months, was taken up here today by the council of league of nations. The fact that all members of the council and not substitutes present in any case is indication of importance the council attached to the subject.

### WEEK'S WEATHER

Forecast for the Period August 29th to September 3, Inclusive  
WASHINGTON, D. C., Aug. 29.—South Atlantic and East Gulf States: Considerable cloudiness; normal temperature; scattered local rains. Pressure low over West Indies, but no positive indications of disturbance.

## TEN COMMANDMENTS FOR YOUR HOME TOWN

### To Interpret For Our Own Town the Command "Thou Shalt Love Thy Neighbor as Thyself."

WRITTEN BY E. FRED EASTMAN

- I. Thou shalt love thy home town above all other towns. Thou shalt be loyal to her people and to her institutions.
- II. Thou shalt guard thy home town from the hosts of evil that would invade and destroy her soul. Thou shalt keep the good name of thy home town clean and without stain or blemish.
- III. Thou shalt elect as thy public servants in political office men of strong character, eager to conserve the best interests of thy people. And when thou hast elected such men thou shalt stand by, support, and encourage them, for their temptations are many and their burdens are not light.
- IV. Thou shalt exalt thy public school and honor it all the days of thy life with the best of teachers, building, and equipment, for the school is the cradle of the future. Thy children are here and they shall be the citizens of tomorrow. No training is too good for them and no preparation superfluous.
- V. Thou shalt defend the health of thy home town from the death that lurks in marshes, swamps, and heaps of filth. Thou shalt exterminate the fly and the mosquito, for they carry typhoid and malaria. The tubercle bacillus shalt thou drive before thee with the sun and fresh air as thy allies.
- VI. Thou shalt build good roads and keep them good. For by her roads is a town known for good or ill. Eternal watchfulness shall be thy motto, that thy roads may not ravel nor thy supervisor forget thee.
- VII. Thou shalt keep thy home town beautiful. The hills, the trees, the waters that Nature has given her thou shalt preserve in sacred trust. No hovel shalt thou permit to disfigure them. Thou shalt keep thy homes and thy door yards clean and cheerful. Thy waters shalt thou purify that they may bring thee life and strength. The future of thy town shalt thou plan with care and diligence that thy growth be not haphazard, but full of thought and loving care as the plans of a mother for the growth of her child.
- VIII. Thou shalt honor thy community institutions. Thou shalt play together with thy neighbors with all thy heart and strength and mind. Thou shalt work together in thy organizations, clubs, and Chautauqua for the common welfare. Thy leaders shalt thou learn to obey. Thou shalt serve on committees where thou art put and not intrude on committees where thou art not put. Thou shalt thou know each other better, thy work shall prosper, and thy friendships shall multiply.
- IX. Thou shalt be a good neighbor to all who live in thy home town whether they be rich or poor. Thou shalt speak ill of none and good of many. Thou shalt be a friend to strangers and visit the sick in their affliction.
- X. Thou shalt go to church for the honor of thy home town and for thine own good. Thou shalt not consider thyself too wise nor too busy, too bad nor too good to spend an hour or two on Sunday with thy neighbors in the worship of God. Thou shalt not send thy children to church, thou shalt bring them there. Thou shalt offer thyself to thy spiritual leader for the service of God and thy community. So shall ye win many battles together.

# SALE OF SHIPS IS DEFERRED BY BOARD

### WILL GET LESS FOR 205 SHIPS THAN ONE OF THEM COST

WASHINGTON, Aug. 27.—Chairman Lasker, of the shipping board, late yesterday afternoon, following a visit to the White House, refused to comment on the prospective sale of the 205 wooden ships the board contemplates selling to the Ship Construction and Trading Co., of New York for \$2,100 each, or \$430,500 for the fleet.

If this deal goes through, the board fully realizes the government will be getting less for the fleet of wooden ships—white elephant shipping board officials call them—than it cost to build a single one of them.

Chairman Lasker's attention and that of other members of the board was invited to a story printed yesterday morning that Frank J. Fulton, president of the Ship Construction and Trading Company, put in a claim to the shipping board for \$1,952,230.94 for constructing two of the wooden vessels, minus the machinery, at Stonington, Conn., in the face of the published allegation that the shipping board officials now have before them official audits in which the auditors are said to make the claim that there is over \$300,000 due the board for excess payments under this contract. None of the shipping board members would comment on the story.

At a hotel here, Mr. Fulton would say that he had only come to Washington because the sale of the ships to his firm was under consideration. It had been said that this contract, which had been under consideration by the legal authorities of the board, was to have been taken up for consideration and final action yesterday, but late in the afternoon it was informally but authoritatively stated at the offices of the board that no action had been taken, that the contract was still being considered by legal officers, that the financial standing of the bidder was still being considered and that no action was likely for two weeks.

It was emphasized that while the board had previously informally decided to accept the bid of the Fulton company no sale had been made and none would be made until the contract was signed.

## Sanford Band There With the Real Goods at Wedding, Dance

The Sanford Band was so good last night and earned so many fine compliments from all those who gathered at the wedding and street dance that the Herald believes they are entitled to special mention. It is a grand thing and certainly a step in the right direction for any city to have a good band. Sanford has one of the best in the state now and most of the members are seasoned musicians and those who were in the beginners class have graduated into the real musician's class. The music they played last night was just simply great and it is with a feeling of pride that the Herald can point to the Sanford band and say it is a home institution and one of the best.

The Sanford Band should be encouraged in every way. They have a fine bunch of boys in the ranks and a fine leader in Prof. Harvey and everything that the city can do for them should be done. The day is past when we need to send out of town for good music and the day is past when it is necessary to pay big sums for traveling bands to come here for concerts. The Sanford band is equal to any occasion and can put up as fine concerts as any of the traveling aggregations. Their performance last Sunday and last night entitles them to first place in the hearts of the people of Sanford and a little encouragement will help the boys along wonderfully.

When talking about the many good points of this city always remember that one of them is the Sanford band.

### "WHISKEY RING" CLAIMS IMMUNITY.

NEW YORK, Aug. 27.—A special anti-bootlegging force sent to New York by the department of internal revenue has found evidence of three big separate whisky rings operating in the belief that they are "grandly immune to the law" said a statement made public today by Howard R. Kiroack, head of the force.

Numerous fraudulent permits have been forged. Mr. Kiroack declared he expected to see "persons high in the business and social life of New York and high and low officials past and present," implicated in liquor frauds before the investigation was completed.

The world news the day it happens, the Herald office.

## STATE NEWS

TALLAHASSEE—Governor Hardee has accepted, effective September 10th, the resignation of Miss Christian McDonald, of DeFuniak Springs, as State Rural School Inspector. In tendering her resignation, Miss McDonald informed the governor that she was resigning to accept the position of Rural Inspector in Volusia county.

JACKSONVILLE—The State Railroad Commission will meet here September 3rd to hear a petition and determine whether the comfort and convenience of passengers require the gates at the north end of the concourse of the union station here to be kept open. The gates are at the Bay street entrance to the station and being closed permanently persons entering the station are forced to walk some distance from the cars on Bay street to the main entrance.

JACKSONVILLE—Coincident with the announcement of a local bank that construction of its safety deposit vault had been completed it was learned that one of the first deposits in the new vault was 200 quarts of high grade whiskey, the property of St. Lukes Hospital. The whiskey is regarded as in a safe place as the vault can be entered only after a door weighing sixteen tons and equipped with a time lock has been opened.

HASTINGS—Farmers of this section expect to plant a bumper crop of Irish potatoes next season according to a compilation of reports from growers. Federal agriculture reports showing a shortage and continued increase in the price of potatoes is the principal factor in plans of the growers to produce a huge crop and indications are that every acre of land in the Hastings district will be planted by January.

PALATKA—The local Chamber of Commerce, which recently grew out of the Business Men's Club, and added a few finishing touches designed to maintain the city's commercial body on a more successful basis, has adopted a tentative budget of \$8,000 for the present fiscal year. Two thousand four hundred dollars of this amount is contingent upon an appropriation from the city for publicity purposes, and will be sliced off should the city fail to provide the money. The budget calls for a salaried secretary and an office. A campaign to increase the membership of the organization to 300 members will be launched early in September.

PALATKA—Parents are exercising a close vigil over their youngsters as a result of the running-amuck several days ago of a mad dog. Before the canine was finally killed, he had bitten the ten year old niece of A. Baker Thomas, owner of the dog, and continuing his rampage, attacked several other dogs. The little girl's pet was rushed to Jacksonville for treatment as soon as it was determined the dog was suffering from the rabies. It is not known how many dogs were attacked and local authorities are on the alert for any further symptoms. The police have been directed to kill any dog found on the city streets without a muzzle. Incidentally, it was pointed out that a mad dog seldom veers from his straight course to make an attack and the victim is usually found to have interfered with the stricken animal. In the case of Baker's dog, he took a straight course down the road. An automobilist had to turn aside to keep from striking him and a street machine passed the dog swung on to one of the wheels, being thrown several feet.

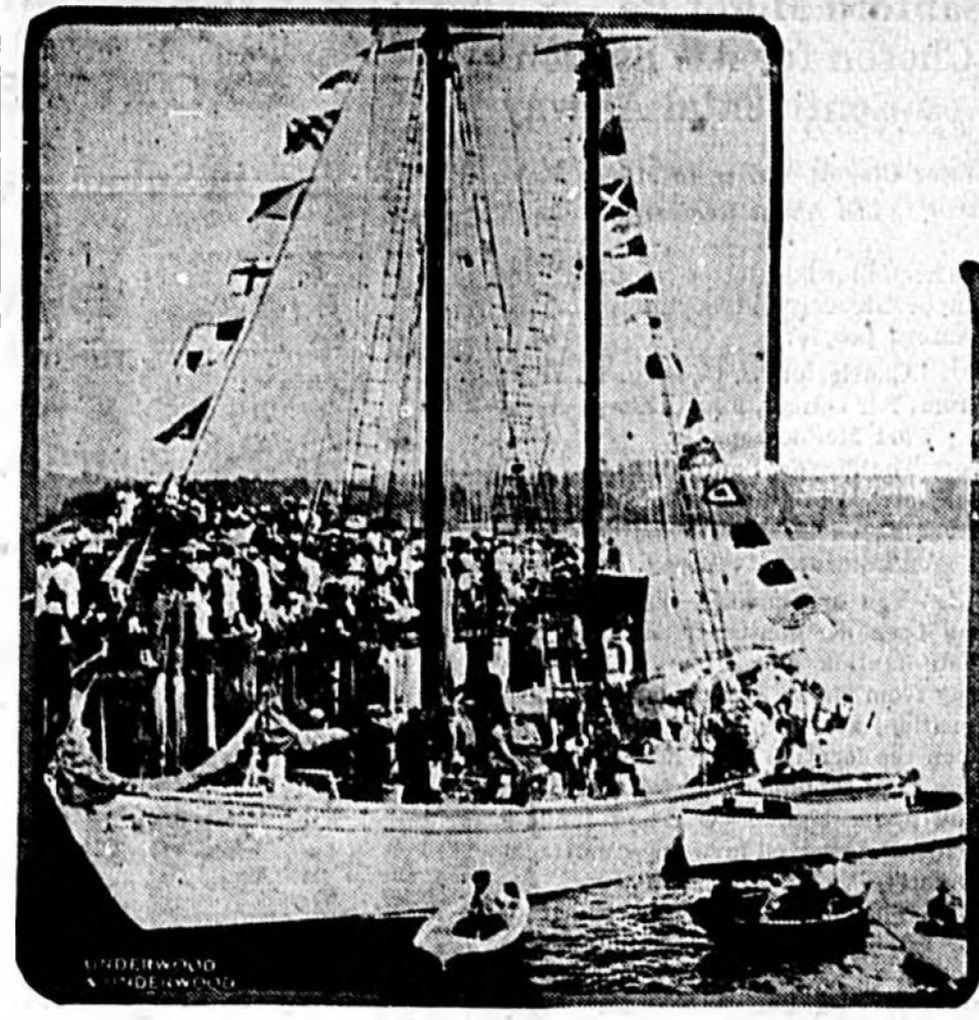

FORT MYERS—Contractors in charge of work on the new \$100,000 high school building here believe the structure will be ready for occupancy before the opening of the school year next month. Furniture for the building has been shipped by the manufacturers.

GAINESVILLE—The city council has instructed the city engineer to reimburse houses throughout the city, considerable confusion having arisen because blocks are not numbered uniformly. Under the new plan each block will be allotted one hundred numbers. West Main street will be used as the north and south and University avenue the east and west dividing line.

The census taken at the close of last year gave Chile a population of 3,806,328, a gain of about 500,000 in thirteen years.

About one-sixth of the world's quinine is used in India.

## MacMillan's Ship Starts for Arctic

Donald B. Mac Millan's arctic vessel, Bowdoin, in which the noted explorer is making his seventh trip to the frozen north, leaving Wiscasset, Maine, on the northern journey. The Bowdoin is of the knockabout fishing schooner type with pole masts.

## Grafts, Beggars and Fakirs Better Pass Up Kissimmee

Kissimmee will do her best to keep her streets clear of the thousands of undesirables which come here each winter season—following the lines of least resistance—as well as the largest volume of visitors. That verdict has been tacitly agreed upon—and legislation will be enacted along required lines to make such a thing possible.

It is an acknowledged fact that at the present time Florida is in actually better shape than any other state in the union—better shape in every way that goes to make a good name. Because of this fact eyes from all states are looking towards this state. Men in trade, of all occupations, specialists, farmers, merchants—in fact nearly everything is represented in the long list of people who will reach this state within a few months' time—who will come to Florida seeking to better themselves. Prophecies have been made and are being made that the coming season will see this state far more crowded than ever before.

With this great influx there will come the clever fakir; the man who will escape from chains and padlocks; the man with the wonderful soap; the man who partially crawls into a small milk-keg; the man with the rack of decrepit dolls and the worn-out baseballs; the photo-enlarger; the advertising stuntist; the well-dressed ne-gress seeking contributions for feet-washers in Senegambia—or somewhere; the found diamond ring fakir; the short-change artist; the bogus horse-racing expert; the forger; the subscription agent; the Weary Willie with the Wanderlust; the attractive widow with the crippled child who seeks to be returned to her home in a distant state; the cane-you-ring-the-can-you-get man; and these and hundreds more that make the days a torment and the nights a terror, are to be done away with in Kissimmee if the legislation to be asked of the city council at the next meeting shall be ratified.

Earl Lupfer, W. J. Steed, and Leo H. Wilson are to appear before the council at its coming session, representing the Chamber of Commerce, to see if certain ordinances can be agreed upon regarding the protection of the home merchants and private citizens and the visitors who purpose to make Kissimmee their winter home. There are bound to be many irregularities carried on and many persons annoyed unless some such measure is provided and rigidly enforced. Once the ordinance or ordinances become effective it will be up to the chief of police to see that they are strenuously enforced.

If this project can be carried out as contemplated conditions in Kissimmee will be far ahead of the average city in Florida, and this city will receive a quantity of excellent publicity that can be gained in no other manner.—Kissimmee Gazette.

### CHARGES MULTIPLY.

CHICAGO, Aug. 27.—A small brown book of 20 typewritten pages came to light today, bearing the newest plan of Charles W. French and John W. Worthington, alleged swindlers, to form a \$500,000,000 corporation whose tentacles were to reach into every corner of the United States, Canada and England. Efforts to lend their plan prestige through the use of J. P. Morgan's name in London were revealed, but a prompt denial from Mr. Morgan seemed to have ended that part of the plan.

F. F. Barden, a prominent business man of Lake City, has been here for several days looking over the city with his old friend, E. D. Mobley and several others of his acquaintances here. He was favorably impressed with Sanford and will no doubt return at an early date to take up his residence here.

### COLONEL HARVEY HAD A PREMONITION THAT DISASTER AWAITED ZR-2.

LONDON, Aug. 27.—George Harvey, the American ambassador, had a premonition that disaster would befall the ZR-2 and was uneasy about the whole enterprise, according to the Daily Mail. The newspaper says that Mr. Harvey, talking to friends, including Major Sulbert, military attache, and Captain Hyatt, assistant military attache of the American embassy at his country home at Weybridge, Wednesday, said: "I distrust the whole undertaking of the R-38, the old name of the dirigible, crossing the Atlantic, especially at this time, although I am not criticising the navy department for buying the ship. Although my premonition is not founded on a scientific basis, I think the enterprise is hazardous and useless and that it will not be of much gain."

Mr. Harvey added, according to the Daily Mail, that when he saw the ship he acquired an involuntary distrust of the "whole business," and had worried about it since.

Later, on Wednesday, the newspaper asserts, Mr. Harvey said: "I can not rid myself of the fear that something has happened to the airship," and that soon after this he received a telephone message informing him of its fall.

Lake Worth is to have a community circus on September 15-16, and many interesting features are being planned for the entertainment of visitors, among them being an old-fashioned dance, about which the Lake Worth Herald has the following to say: "Back to the good old times for a night. Back to the days of grandpa and grandma, when they swung instead of hugged each other. For several hours on Tuesday, September 15, the first night of the Community Circus, old-fashioned dances will be the order. Banished for a time will be jazz, the onestep and the toddle. Quadrilles, Virginia reels and two-steps, good old waltzes and sweet music."

Among the new packages for shipping freight is a reinforced canvas bag that folds compactly when empty.

### CITRUS SEMINAR.

The Twelfth Annual Citrus Seminar will be held at the College of Agriculture, University of Florida, Gainesville, on Tuesday and Wednesday, October 4 and 5. The program is now under preparation and will contain discussions of scientific and live horticultural topics. Everything is being done to fill the program with timely discussions that will be of value to citrus growers.

The Annual Livestock Roundup will be held the 6th and 7th, also the Beekeepers' Convention, so that the week will be a full one and anyone interested in other subjects, as well as citrus, will have an opportunity to spend the week profitably on the University campus.

A garden rake has been invented that can be widened by pulling out the end sections of the three of which it is formed.

## SOCIAL CALENDAR

Monday—Little Miss Helen Douglas will entertain a number of little friends at the home of Mrs. C. L. Goodhue, from 4:30 to 6:00 p. m., the occasion being her eighth birthday.

Thursday—Stay at Home Club will have a dance at the home of Mr. and Mrs. R. J. Holly, Thursday night.

Saturday—Children's Story Hour will be held at the Central Park at 5 o'clock.

T. B. Wilson, of Birmingham, Ala., is spending several days here.

Dr. and Mrs. J. C. Gibbs, of Crown Point, Ind., are visitors in this city.

Mrs. J. M. Dawson and little son of Virginia, are stopping at the Montezuma for awhile.

G. A. Brown, is spending some time in Meridian, Miss., visiting relatives.

Mr. and Mrs. C. P. Treglner, of Jacksonville, are spending a few days here at the Montezuma.

Mr. and Mrs. J. Roland Lyles and daughter, Pattye, returned to Sanford Saturday, after an absence of three months which they spent with relatives in South Carolina.

D. R. Brisson, of Daytona Beach, is spending some time here with his sister, Mrs. W. J. McBride.

Mrs. Frank Milteer, and daughter, Frances Fair, who have been the guests of Mrs. Ella Leffler, left this afternoon for their home in Fort Myers.

Mrs. M. S. Wiggins, and attractive daughter, Dorothy, leave today for Cincinnati, where they will join Mr. Wiggins. They will be away until December.

Mr. and Mrs. Vivian Speer, Mr. and Mrs. G. A. Speer, and Algernon, motored to Daytona Beach yesterday where they spent the day.

Mr. and Mrs. W. A. Lester and guests, Mr. and Mrs. O. R. Linton, Misses May, Margaret and Jean Linton, and Miss Julia Zachary, and Mr. Albert Bearden, were a congenial party spending the day at Daytona Beach yesterday.

Mrs. Ella Leffler and guests, Mr. and Mrs. W. S. Fair, and family, Judge and Mrs. J. Q. Smith and daughter, Marie, Mrs. Frank Milteer, Miss Mary Armstrong, Mr. and Mrs. Braxton Perkins and children, Mr. and Mrs. W. A. Leffler and Mrs. M. S. Wiggins, formed a congenial party motoring to Daytona and Coronado Beaches yesterday.

Messrs. Victor McLaulin, J. G. Niblack, and C. F. Chapman were among the Sanford people at Daytona Beach yesterday.

Mr. and Mrs. O. R. Linton and Misses May, Margaret and Jean, who have been the guests of Mr. and Mrs. W. A. Lester, left this morning for their home at Monticello, Fla.

Mr. and Mrs. W. S. Fair and family of Prattville, Ala., spent the past three days in and around Tampa, visiting St. Petersburg and Clearwater while in this section. The party motored through by way of Birmingham, Sanford and Winter Haven to Tampa, where they were the guests of Mr. and Mrs. Woodward F. Barnwell. They were joined in Sanford by Mrs. Ella Leffler and Mr. Braxton Perkins and wife. The beauty of the cities and scenery, and the good condition of the roads were praised by all, who declared this to be a wonderful part of the country. The party returned to Sanford yesterday.—Tampa Tribune.

Mrs. F. L. Miller, Mrs. Lulu Clay, and Misses Esther Miller and Marjorie Clay returned home last night from Daytona Beach, where they have spent the past two weeks.

Miss Anna Mason was the weekend guest of Miss Esther Miller at Daytona Beach.

Mr. and Mrs. S. M. Lloyd and Mr. Herndon, motored to Daytona Beach yesterday afternoon.

Mr. and Mrs. Roy Symmos, of Winter Park, were in this city this morning, combining business and pleasure.

Mr. and Mrs. J. M. Simmons, Misses Olga, Teague, Rachael and Master John, Jr., who have been the guests of Mrs. W. T. Langley left this morning in their car for their home in Mountville, S. C. Miss Mildred Simmons will remain some time yet as the guest of her aunt.

Mr. and Mrs. J. B. Lawson spent the day in Orlando today.

Mrs. H. B. Connelly visited her daughter, Mrs. Getzen at Lakeland, yesterday.

Everybody should go to the Chamber of Commerce banquet tomorrow night.

Judge J. Q. Smith, of Birmingham, left yesterday for Sanford, after spending three days as the guest of his cousins, Mr. and Mrs. Woodward F. Barnwell, of this city. He was accompanied by his wife and daughter and his sister, Mrs. Frank Milteer of Fort Myers. The party drove from Birmingham, stopping at Camp Walden, on the Alabama Gulf coast for several weeks, coming from there to Pensacola and through Palatka and Daytona to Tampa. The members of the party expressed themselves as being delighted with this section of the state and especially the condition of the roads around Winter Haven, Tampa, Clearwater and St. Petersburg. Judge Smith visited Florida about fifteen years ago and says that the development since that time is nothing less than amazing. The return trip will be made through Jacksonville.—Tampa Tribune.

The Education Committee of the Woman's Club will meet at the club house Wednesday afternoon at four o'clock, at which time a full report of the proceedings of the committee in regard to the School Lunch matters will be given in full. All the committees working in conjunction with the school committee and all those who are interested in this movement are requested to be present.

Corsica annually produces about 6,000 tons of roots for the manufacture of briar pipes for smokers.

## Murrell Innocent of Wrong Doing in Auto Robbery

### Merely Made Out Papers in Case and Was Acting as Attorney

The many friends of Oliver Murrell the attorney mentioned in connection with the automobile robberies in Polk county in Saturday's papers will be glad to know that he is innocent of any wrong doing in the case. Oliver made the following statement in yesterday's Tribune and The Herald gives the article in full in justice to Mr. Murrell:

In statements to The Tribune's representative here tonight, Attorney T. Hart Getzen of this city, and W. O. Murrell of Wauchula, accused of being members of the gang of auto thieves arrested in Polk and Hardee counties Thursday and yesterday, made vehement denials of participation in the gang's activities.

Both men were released on bond today. The other alleged members of the gang are in jail, being unable to make bond.

Murrell claims he first met J. M. Lee and J. F. Flynn, leaders of the gang, when asked by Getzen to aid him in securing freedom of the two men when they were arrested at DeLand some weeks ago on the charge of running into and injuring a man and a girl. He admits that he made out three bills of sale for Lee but denies that they were delivered to the man. He states that he told him that day that he (Lee) had stolen two Ford cars.

Murrell's statement follows: "I was at a dance in Lakeland one night and Mr. Getzen asked me to go with him on a case at Daytona, and I went with him, where I met Mr. Lee, who was charged with culpable negligence, of injury to a woman and a boy, and Flynn, who was charged with aiding in case of Lee. We waived preliminary hearing and Lee and Flynn were bound over on bond amounting to one thousand dollars and five hundred dollars respectively.

"At that time Lee had a car in DeLand, and Flynn had one in Tavares. These cars were turned over to me and Getzen, and we came back to Lakeland and when Flynn got out of jail, one of the cars was turned over to him and Mr. Getzen kept his. Mr. Lee's wife had a bill of sale for the car in DeLand, which Mr. Getzen got from her and the car in Tavares belonged to Mr. Getzen which he had a clear title to, purchased from a Mr. Parker of Wauchula.

"I made several trips to DeLand, held a habeas corpus proceeding for Mr. Lee and finally got him out on bond.

"This was about three weeks ago. I came through Lakeland going to Wauchula and Mr. Lee's wife joined us in Lakeland and we went to Wauchula and I was there about three or four days, saw Mr. Lee frequently and he came to my office and I asked him for the money for my services in the case. He told me he didn't have it then but said that he was going to Lakeland and would be back with the money on the following Wednesday.

"I was in Wauchula until Saturday night and saw him again on Thursday and asked him again for the money for my services. He told me that he was going to get it in a day or two; and so I never saw him again until Friday, when he came to my office and introduced me to a man who asked me if I would look into his case that was about to be tried at Wauchula. I told him I would and to come back to my office later and I would see what I could do for him.

"On Saturday night I left for Daytona Beach and returned on Monday morning to Wauchula, when I heard there were two cars stolen at Zolfo, Mr. Lee came to my office about 11:30 and told me he wanted three bills of sale made that, he was going to make a deal. I had my stenographer to fill in the blank forms and I gave them to him unsigned, unsealed and with no names except the ones he gave to my stenographer and myself. He came to my office about 4 or 4:30 the same day and told me that he wanted the bills of sale. I gave them to him and told him they would cost him \$7.50.

"He then called me outside the door and told me that he had stolen two Ford cars and intended to leave Wauchula about 4 o'clock next morning. The next I heard from him he was in jail, and he sent for me and I told him that I could do nothing for him as I had resigned from his case. His wife was in a delicate condition. He learned through some source that she had left Wauchula and would not live with him any longer. I later found out that he has been convicted for murder in Wauchula some time ago.

"The deputy sheriff came to me on Tuesday afternoon and asked me if I knew anything about Lee. I told him I did and that he had told me of stolen cars, and I considered it my duty to tell him, because it was a crime against the state and the community, and I did not feel it my duty, even as his attorney, to keep this to

myself. I learned afterwards that Lee had made an alleged confession to the sheriff in which he involved Mr. Getzen and myself.

"The sheriff asked me if I had made three bills of sale for him that afternoon, and I told him my stenographer did fill in the blank forms, but left them unsigned and unsealed, as Lee said he would complete the deal in Polk county through a notary public.

"I know nothing about the gang of auto thieves. I have had no connection with them, and so far as I know Mr. Getzen knows nothing about them and had no connection with them, and I only ask for a trial to establish my innocence. I feel that I have been done a great injustice by the publicity of certain papers, that took it upon themselves to implicate me in this deal, and I hope that when I establish my innocence it will be as widely published as the fact that I was charged with such a crime."

Sanford, Fla., August 20th, 1921. Editor Sanford Herald:

Believing you are always ready to see justice done I am asking you to publish the statements of Attorneys Murrell and Getzen as they appeared in the Tribune Sunday. I wish further to say that I investigated the charges against these attorneys last Friday at Wauchula and I can assure you that there is nothing whatever to convey the idea of guilt in any particular against them. I know positively of my own knowledge that W. O. Murrell never knew or heard of the parties accused of the theft until they were jailed in DeLand on July 20th. He met Lee and Flynn at the Volusia county jail and was asked by Mr. Getzen to assist in getting them released. He made several trips up to DeLand and finally secured their release on bond. This was for reckless driving of an automobile on the public highways and injury to others. That there will be complete vindication of these charges there is no doubt when the proper time comes, against Oliver Murrell and Hart Getzen there is no doubt.

I will thank you to publish this in behalf of W. O. Murrell as he is a Sanford boy and it is unjust to him to allow these statements to go unchallenged.

K. R. MURRELL.

### DEATH OF MRS. SELLECK.

Mrs. Selleck, wife of H. S. Selleck, died at her home on Mellenville avenue last night after a short illness. The funeral will occur from the home tomorrow afternoon at 3 o'clock.

The Sellicks came to Sanford about two years ago from Connecticut, Mr. Sellick being the foreman at the Sanford Novelty Works, and the death of the mother has cast a shadow over the many friends who had learned to love her. The death leaves the loving husband and one daughter bereft of wife's devotion and mother's love. The sympathy of the community goes out to them in their bereavement.

### DR. FENERSTEIN HEAD OF MODERN LANGUAGES AT ROLLINS COLLEGE.

Richard Fenerstein, J. D., has been appointed head of the department of Modern Languages at Rollins. Dr. Fenerstein received his degree from the University of Vienna, in 1913, after which he studied in the Sorbonne, Paris, for a year. For six years he was Professor of French and German in Staats Realschule and Gymnasium in Vienna. He comes to Rollins from the University of Pittsburgh where he has held a teaching fellowship in modern languages and has done notable work.

Dr. Fenerstein is a man of maturity and experience and a specialist in philology and French and German literature as well as a master of the modern languages of Europe. Rollins has never had better conditions for leadership in the field of Modern Lan-

## WOULD REDUCE GOLF LINKS TO 12 HOLES

Englishman Advances Reasons in Article in Sphere.

Ancient Sport Could Be Made Tolerable If Course Was Cut Six Holes—Numerous Evils of Game Would Be Eliminated.

There is only one golfer in England whose ideas should appeal strongly to the Western Golf Association, says an Eastern writer. He is A. P. Herbert, and he writes as follows in the Sphere, a British publication:

"I think that by strong measures it may still be possible to make golf a tolerable game. The chief thing is that it is frightfully complicated and frightfully laborious. The fundamental cause of this is the unfortunate fixing of 18 holes. I wonder who did that? It is six holes too long.

"It is because of these six holes that the bond-slaves have to bolt their breakfasts and miss their baths and come back late for lunch; that every one rushes around the course at a hand gallop; that every one is always either pressing some one in front or letting somebody go through behind; that every one is touchy in the morning; that every one totters exhausted into the clubhouse and takes to secret drinking before lunch. If the normal course was 12 holes these evils might disappear."

## BASEBALL NOTES

The Boston Americans have purchased outfielder Bent of the Ludington (Mich.) club of the Central league.

A series after the close of the regular season between the Baltimore Orioles and Brooklyn Robins ought to prove interesting.

With Rupp, Monroe, King, C. Walker and Henline with the Phillies the latter might well be called the Little Giants.

Charley Dorman, twenty years old, San Francisco boy, has been signed by the Washington club of the American league.

The lively ball will disappear shortly, it is whispered. Since July the life has been taken out of the ball by the manufacturers.

"All we want," said Max Carey, "is good pitching and our share of luck. Give us both and Pittsburgh will win the championship."

Carl Sawyer, Vernon second baseman, who broke his ankle early in the season, is in uniform again and about ready for regular work.

The New York Americans announce the signing of Earl Johnson, a full-blooded Indian pitcher. He is twenty years of age and left-handed.

Jimmy Dykes is improving constantly. He is one of the best second sackers in the game, and the best man on the Philadelphia team.

Three umpires in the South Atlantic league went on a strike recently. Whereupon the president of the league called them out on one strike.

The purchase of Clarence Mueller, outfielder, from the Syracuse club of the International league, has been announced by the St. Louis Nationals.

Clarence Rowland, former Sox manager, later boss at Milwaukee, and now leading Columbus, is reported as being in the market for the Portland club.

Frank Hratel, the rookie the Sox recently obtained from the Chattanooga club of the Southern league, is making quite a favorable impression.

John Mukan, Pittsburgh National league outfielder, has been released to the Minneapolis club of the American Association under an optional agreement.

When Max Carey, the Pirate captain, captured 11 flies in the game against the Giants on July 25, he equaled a National league record that had stood for 20 years.

—Get your Scratch Pads from The Herald—by the pound—16c.

## SCHALK'S BURDEN

Catcher Ray Schalk is working himself thin handling Kid Gleason's kid pitchers. A great deal of the burden of developing the young Sox moundmen has fallen to the lot of the diminutive Schalk.

There isn't a catcher in the game today who works as hard as the diminutive Ray.

He loses from five to ten pounds during an afternoon's battle royal.

If other players worked as hard as Schalk they'd lose soundings, too. It would do him but a lot of good to get Schalk's recipe.

## MITCHELL WON'T LEAVE RING

Milwaukee Scrapper Has No Intention of Retiring Despite Many Recent Reverses.

Ritchie Mitchell, whose gameness against overwhelming odds has made him the prize fight idol of the central West, has no intention of retiring from the ring despite recent reverses.

Following his sensational losing fight against Champion Benny Leonard in New York, Mitchell met

Ritchie Mitchell.

defeat twice at the hands of Rocky Kansas and lost a newspaper decision to Johnny Mendelsohn. The defeat caused reports that the Milwaukee fighter would retire, but Mitchell insists that he is far from through and after a short rest will be back facing the topnotchers.

## Diamond Squibs

"Swat the fly" is the motto of other players besides Babe Ruth.

Des Moines has a new second baseman answering to the name of Yuua.

Burratt, the young shortstop for the Athletics, looks like a good ball player.

Manager Jawn Evers sometimes leaves the field during playing hours—by request.

Report has it that the New Orleans club will ship Pitcher Abe Lincoln Bailey back to the Brooklyn Dodgers.

Reports circulated that the Florida State league might close its season earlier than scheduled time are denied.

Babe Ruth would be the greatest single attraction in baseball if he wasn't the greatest four-base attraction.

Earl Sheely is starting to crown the ball, and is rising so rapidly that he soon will be numbered among the elect.

Scott Perry jumps again. Thus far this season he has played with the Athletics and two other semi-pro teams.

Pitchers who admit that the ball is lively have probably been in there when Babe Ruth was exercising his wrists.

Umpiring is becoming simpler. When a ball is hit all the ump has to do is to wait until the runner circles the bases.

Oscar Stange, veteran catcher, now with the Los Angeles team, has been laid up with a burst blood vessel in a leg.

## RECEIVES BRUTAL BITE ON CHEEK

Bill Simpkins, a substantial farmer living in South Georgia, near the Florida line, was brutally bitten on the cheek last Saturday night by an anopheles mosquito. This bite inflamed one side of his face and almost closed one of his eyes. The mosquito was not overtaken until next day when it was found resting quietly on the bed post. A barrage of torment was shot into him and he fell lifeless on the floor. Torment does not bluff, frighten or scare them; it kills them and does it now. Bill Simpkins says he wants a barrel of it. Won't ever keep house without it. Sold by all merchants.—Adv.

## LEADERS ASK MARCHERS TO CALL A HALT.

MADISON, W. Va., Aug. 27.—The advance guard of the marching miners on their way from Marmot to Mingo a sn protest against Gov. Morgan's martial law edict, was turned back by Charles F. Keeney, president of district No. 17, United Mine Workers, and Fred Mooney, secretary after it had passed through Madison shortly after noon yesterday.

The men, numbering some 200 or 300, had camped in a hollow here for dinner and then passed on their way toward the Logan county line.

Keeney and Mooney, who left Charleston early yesterday with the avowed intention of stopping the marchers reached Madison within half a hour after the men left. After a brief conference with county officials they hurried down the road and overhaling the party induced it to march back to Madison.

The men camped in the court house yard and Keeney said he was arranging to automobiles to take them to the baseball grounds, where he expected to address them.

"The men have come a long distance and are not feeling very good about this situation," said President Keeney. "I shall do all in my power to turn them back and just as soon as the rest of the men come in from the mountains I'll talk to them. It is no easy job.

"I never say so many men on the march before. From Racine to Madison this morning there must have been between 9,000 or 10,000 men. There are about 2,000 former service men among them."

Mooney said: "It would be a good idea for the men to advance. Bandholtz seems to command state. He summoned us—Keeney and me—at 4 o'clock this morning and a short time later we left Charleston to stop the men."

Most of those phantom ships leave in their wake an odor of spirits.

## HARDING IS ASKED TO CALL PARLEY IN W. VA. MINE REGION.

INDIANAPOLIS, Aug. 27.—President Harding was asked in a message sent him late today by John L. Lewis, president of the United Mine Workers of America to call a joint conference of mine workers and operators of Mingo county, West Va., with the view of reaching an agreement that would end the industrial conflict that has continued there for more than two years.

Mr. Lewis' message proposed that the conference first consider the abolishment of what he termed the guard system maintained by operators through a private detective agency, and second that it consider an adjustment between the operators and miners "upon any honorable basis which can be found."

In concluding his message of more than 800 words, Mr. Lewis pledged the co-operation of the International Union "in an honorable attempt to adjust the Mingo county situation" and offered to arrange for the miners' representation at any conference called by President Harding.

## STEAM ELIMINATES WATER HYACINTHS.

Elimination of a serious pest from Louisiana's waterways may result from the suggestion of Governor John M. Parker to the Texas Oil Co., that it try live steam as a method of despoiling the water hyacinth. Pre-bent extremely successful and the use of live steam may supersede the arsenical poisoning method in use by the government since 1902.

Steam as a destroyer of the hyacinth was first tried last Friday in a "lily jam" in Bayou Lafourche, near Donaldsonville, where boats of the Texas Oil Co., have been blacked for three weeks. So successful was the first effort that the experiment was resumed Monday, and the tow-boat Lucille, using two improvised steam nozzles, was able to move through the jam at a mile and a half an hour. At one point in the bayou, according to reports, the lily jam extends unbroken for nine miles.

Since its introduction into Louisiana about thirty years ago, the water hyacinth has spread rapidly and frequently blockades the tidal streams. The arsenic poison used by the government is declared to have resulted in the death of thousands of cattle and of many fish in Louisiana bayous and streams.—New Orleans Times-Picayune.

To prevent sunburn while bathing masks to cover the heads and faces of women have been invented in England.

Post cards—local views—1c each at the Herald office.

MRS. FRED DAIGER, Society Editor, Phone 217-W

## SOCIAL CALENDAR

Monday—Little Miss Helen Douglass will entertain a number of little friends at the home of Mrs. C. L. Goodhue, from 4:30 to 6:00 p. m., the occasion being her eighth birthday.

Thursday—Stay at Home Club will have a dance at the home of Mr. and Mrs. R. J. Holly, Thursday night.

Saturday—Children's Story Hour will be held at the Central Park at 5 o'clock.

T. B. Wilson, of Birmingham, Ala., is spending several days here.

Dr. and Mrs. J. C. Gibbs, of Crown Point, Ind., are visitors in this city.

Mrs. J. M. Dawson and little son of Virginia, are stopping at the Montezuma for awhile.

G. A. Brown, is spending some time in Meridian, Miss., visiting relatives.

Mr. and Mrs. C. P. Treglner, of Jacksonville, are spending a few days here at the Montezuma.

Mr. and Mrs. J. Roland Lyles and daughter, Patty, returned to Sanford Saturday, after an absence of three months which they spent with relatives in South Carolina.

D. R. Brisson, of Daytona Beach, is spending some time here with his sister, Mrs. W. J. McBride.

Mrs. Frank Milteer, and daughter, Frances Fair, who have been the guests of Mrs. Ella Leffler, left this afternoon for their home in Fort Myers.

Mrs. M. S. Wiggins, and attractive daughter, Dorothy, leave today for Cincinnati, where they will join Mr. Wiggins. They will be away until December.

Mr. and Mrs. Vivian Speer, Mr. and Mrs. G. A. Speer, and Algernon, motored to Daytona Beach yesterday where they spent the day.

Mr. and Mrs. W. A. Lester and guests, Mr. and Mrs. O. R. Linton, Misses May, Margaret and Jean Linton, and Miss Julia Zachary, and Mr. Albert Bearden, were a congenial party spending the day at Daytona Beach yesterday.

Mrs. Ella Leffler and guests, Mr. and Mrs. W. S. Fair, and family, Judge and Mrs. J. Q. Smith and daughter, Marie, Mrs. Frank Milteer, Miss Mary Armstrong, Mr. and Mrs. Braxton Perkins and children, Mr. and Mrs. W. A. Leffler and Mrs. M. S. Wiggins, formed a congenial party motoring to Daytona and Coronado Beaches yesterday.

Messrs. Victor McLaulin, J. G. Niblack, and C. F. Chapman were among the Sanford people at Daytona Beach yesterday.

Mr. and Mrs. O. R. Linton and Misses May, Margaret and Jean, who have been the guests of Mr. and Mrs. W. A. Lester, left this morning for their home at Monticello, Fla.

Mr. and Mrs. W. S. Fair and family, of Prattville, Ala., spent the past three days in and around Tampa, visiting St. Petersburg and Clearwater while in this section. The party motored through by way of Birmingham, Sanford and Winter Haven to Tampa, where they were the guests of Mr. and Mrs. Woodward F. Barnwell. They were joined in Sanford by Mrs. Ella Leffler and Mr. Braxton Perkins and wife. The beauty of the cities and scenery, and the good condition of the roads were praised by all, who declared this to be a wonderful part of the country. The party returned to Sanford yesterday.—Tampa Tribune.

Mrs. F. L. Miller, Mrs. Lulu Clay, and Misses Esther Miller and Marjorie Clay returned home last night from Daytona Beach, where they have spent the past two weeks.

Miss Anna Mason was the weekend guest of Miss Esther Miller at Daytona Beach.

Mr. and Mrs. S. M. Lloyd and Mr. Herndon, motored to Daytona Beach yesterday afternoon.

Mr. and Mrs. Roy Symmes, of Winter Park, were in this city this morning, combining business and pleasure.

Mr. and Mrs. J. M. Simmons, Misses Olga, Teague, Rachael and Master John, Jr., who have been the guests of Mrs. W. T. Langley left this morning in their car for their home in Mountville, S. C. Miss Mildred Simmons will remain some time yet as the guest of her aunt.

Mr. and Mrs. J. B. Lawson spent the day in Orlando today.

Mrs. H. B. Connelly visited her daughter, Mrs. Getzen at Lakeland, yesterday.

Everybody should go to the Chamber of Commerce banquet tomorrow night.

Judge J. Q. Smith, of Birmingham, left yesterday for Sanford, after spending three days as the guest of his cousins, Mr. and Mrs. Woodward F. Barnwell, of this city. He was accompanied by his wife and daughter and his sister, Mrs. Frank Milteer of Fort Myers. The party drove from Birmingham, stopping at Camp Walden, on the Alabama Gulf coast for several weeks, coming from there to Pensacola and through Palatka and Daytona to Tampa. The members of the party expressed themselves as being delighted with this section of the state and especially the condition of the roads around Winter Haven, Tampa, Clearwater and St. Petersburg. Judge Smith visited Florida about fifteen years ago and says that the development since that time is nothing less than amazing. The return trip will be made through Jacksonville.—Tampa Tribune.

### EDUCATION COMMITTEE OF THE WOMAN'S CLUB WILL MEET WEDNESDAY.

The Education Committee of the Woman's Club will meet at the club house Wednesday afternoon at four o'clock, at which time a full report of the proceedings of the committee in regard to the School Lunch matters will be given in full. All the committees working in conjunction with the school committee and all those who are interested in this movement are requested to be present.

Corsica annually produces about 6,000 tons of roots for the manufacture of briar pipes for smokers.

## Murrell Innocent of Wrong Doing in Auto Robbery

Merely Made Out Papers in Case and Was Acting as Attorney

The many friends of Oliver Murrell the attorney mentioned in connection with the automobile robberies in Polk county in Saturday's papers will be glad to know that he is innocent of any wrong doing in the case. Oliver made the following statement in yesterday's Tribune and The Herald gives the article in full in justice to Mr. Murrell:

In statements to The Tribune's representative here tonight, Attorney T. Hart Getzen of this city, and W. O. Murrell of Wauchula, accused of being members of the gang of auto thieves arrested in Polk and Hardee counties Thursday and yesterday, made vehement denials of participation in the gang's activities.

Both men were released on bond today. The other alleged members of the gang are in jail, being unable to make bond.

Murrell claims he first met J. M. Lee and J. F. Flynn, leaders of the gang, when asked by Getzen to aid him in securing freedom of the two men when they were arrested at DeLand some weeks ago on the charge of running into and injuring a man and a girl. He admits that he made out three bills of sale for Lee but denies that they were delivered to the man. He states that he told him that day that he (Lee) had stolen two Ford cars.

Murrell's statement follows: "I was at a dance in Lakeland one night and Mr. Getzen asked me to go with him on a case at Daytona, and I went with him, where I met Mr. Lee, who was charged with culpable negligence, of injury to a woman and a boy, and Flynn, who was charged with aiding in case of Lee. We waived preliminary hearing and Lee and Flynn were bound over on bond amounting to one thousand dollars and five hundred dollars respectively.

"At that time Lee had a car in DeLand, and Flynn had one in Tavares. These cars were turned over to me and Getzen, and we came back to Lakeland and when Flynn got out of jail, one of the cars was turned over to him and Mr. Getzen kept his. Mr. Lee's wife had a bill of sale for the car in DeLand, which Mr. Getzen got from her and the car in Tavares belonged to Mr. Getzen which he had a clear title to, purchased from a Mr. Parker of Wauchula.

"I made several trips to DeLand, held a habeas corpus proceeding for Mr. Lee and finally got him out on bond.

"This was about three weeks ago. I came through Lakeland going to Wauchula and Mr. Lee's wife joined us in Lakeland and we went to Wauchula and I was there about three or four days, saw Mr. Lee frequently and he came to my office and I asked him for the money for my services in the case. He told me he didn't have it then but said that he was going to Lakeland and would be back with the money on the following Wednesday.

"I was in Wauchula until Saturday night and saw him again on Thursday and asked him again for the money for my services. He told me that he was going to get it in a day or two; and so I never saw him again until Friday, when he came to my office and introduced me to a man who asked me if I would look into his case that was about to be tried at Wauchula. I told him I would and to come back to my office later and I would see what I could do for him.

"On Saturday night I left for Daytona Beach and returned on Monday morning to Wauchula, when I heard there were two cars stolen at Zolfo, Mr. Lee came to my office about 11:30 and told me he wanted three bills of sale made that, he was going to make a deal. I had my stenographer to fill in the blank forms and I gave them to him unsigned, unsealed and with no names except the ones he gave to my stenographer and myself. He came to my office about 4 or 4:30 the same day and told me that he wanted the bills of sale. I gave them to him and told him they would cost him \$7.50.

"He then called me outside the door and told me that he had stolen two Ford cars and intended to leave Wauchula about 4 o'clock next morning. The next I heard from him he was in jail, and he sent for me and I told him that I could do nothing for him as I had resigned from his case. His wife was in a delicate condition. He learned through some source that she had left Wauchula and would not live with him any longer. I later found out that he has been convicted for murder in Wauchula some time ago.

"The deputy sheriff came to me on Tuesday afternoon and asked me if I knew anything about Lee. I told him I did and that he had told me of stolen cars, and I considered it my duty to tell him, because it was a crime against the state and the community, and I did not feel it my duty, even as his attorney, to keep this to

myself. I learned afterwards that Lee had made an alleged confession to the sheriff in which he involved Mr. Getzen and myself.

"The sheriff asked me if I had made three bills of sale for him that afternoon, and I told him my stenographer did fill in the blank forms, but left them unsigned and unsealed, as Lee said he would complete the deal in Polk county through a notary public.

"I know nothing about the gang of auto thieves. I have had no connection with them, and so far as I know Mr. Getzen knows nothing about them and had no connection with them, and I only ask for a trial to establish my innocence. I feel that I have been done a great injustice by the publicity of certain papers, that took it upon themselves to implicate me in this deal, and I hope that when I establish my innocence it will be as widely published as the fact that I was charged with such a crime."

Sanford, Fla., August 29th, 1921. Editor Sanford Herald:

Believing you are always ready to see justice done I am asking you to publish the statements of Attorneys Murrell and Getzen as they appeared in the Tribune Sunday. I wish further to say that I investigated the charges against these attorneys last Friday at Wauchula and I can assure you that there is nothing whatever to convey the idea of guilt in any particular against them. I know positively of my own knowledge that W. O. Murrell never knew or heard of the parties accused of the theft until they were jailed in DeLand on July 29th. He met Lee and Flynn at the Volusia county jail and was asked by Mr. Getzen to assist in getting them released. He made several trips up to DeLand and finally secured their release on bond. This was for reckless driving of an automobile on the public highways and injury to others. That there will be complete vindication of these charges there is no doubt when the proper time comes, against Oliver Murrell and Hart Getzen there is no doubt.

I will thank you to publish this in behalf of W. O. Murrell as he is a Sanford boy and it is unjust to him to allow these statements to go unchallenged.

K. R. MURRELL.

### DEATH OF MRS. SELICK.

Mrs. Sellick, wife of H. S. Sellick, died at her home on Mellonville avenue last night after a short illness. The funeral will occur from the home tomorrow afternoon at 3 o'clock.

The Sellicks came to Sanford about two years ago from Connecticut, Mr. Sellick being the foreman at the Sanford Novelty Works, and the death of the mother has cast a shadow over the many friends who had learned to love her. The death leaves the loving husband and one daughter bereft of wife's devotion and mother's love. The sympathy of the community goes out to them in their bereavement.

### DR. FENERSTEIN HEAD OF MODERN LANGUAGES AT ROLLINS COLLEGE.

Richard Fenerstein, J. D., has been appointed head of the department of Modern Languages at Rollins. Dr. Fenerstein received his degree from the University of Vienna, in 1913, after which he studied in the Sorbonne, Paris, for a year. For six years he was Professor of French and German in Staats Realschule and Gymnasium in Vienna. He comes to Rollins from the University of Pittsburgh where he has held a teaching fellowship in modern languages and has done notable work.

Dr. Fenerstein is a man of maturity and experience and a specialist in philology and French and German literature as well as a master of the modern languages of Europe. Rollins has never had better conditions for leadership in the field of Modern Lan-

## RECEIVES BRUTAL BITE ON CHEEK

Bill Simpkins, a substantial farmer living in South Georgia, near the Florida line, was brutally bitten on the cheek last Saturday night by an anopheles mosquito. This bite inflamed one side of his face and almost closed one of his eyes. The mosquito was not overtaken until next day when it was found resting quietly on the bed post. A barrage of torment was shot into him and he fell lifeless on the floor. Torment does not bluff, frighten or scare them; it kills them and does it now. Bill Simpkins says he wants a barrel of it. Won't ever keep house without it. Sold by all merchants.—Adv.

## LEADERS ASK MARCHERS TO CALL A HALT.

MADISON, W. Va., Aug. 27.—The advance guard of the marching miners on their way from Marmot to Mingo on a protest against Gov. Moran's martial law edict, was turned back by Charles F. Keeney, president of district No. 17, United Mine Workers, and Fred Mooney, secretary after it had passed through Madison shortly after noon yesterday.

The men, numbering some 200 or 300, had camped in a hollow here for dinner and then passed on their way toward the Logan county line.

Keeney and Mooney, who left Charleston early yesterday with the avowed intention of stopping the marchers reached Madison within half an hour after the men left. After a brief conference with county officials they hurried down the road and overtaking the party induced it to march back to Madison.

The men camped in the court house yard and Keeney said he was arranging to rent automobiles to take them to the baseball grounds, where he expected to address them.

"The men have come a long distance and are not feeling very good about this situation," said President Keeney. "I shall do all in my power to turn them back and just as soon as the rest of the men come in from the mountains I'll talk to them. It is no easy job."

"I never say so many men on the march before. From Racine to Madison this morning there must have been between 9,000 or 10,000 men. There are about 2,000 former service men among them."

Secretary Mooney said: "It would be suicide for the men to advance. Gen. Bandholtz seems to command the state. He summoned us—Keeney and me—at 4 o'clock this morning and a short time later we left Charleston to stop the men."

Most of these phantom ships leave in their wake an odor of spirits.

## HARDING IS ASKED TO CALL PARLEY IN W. VA. MINE REGION.

INDIANAPOLIS, Aug. 27.—President Harding was asked in a message sent him late today by John L. Lewis, president of the United Mine Workers of America to call a joint conference of mine workers and operators of Mingo county, West Va., with the view of reaching an agreement that would end the industrial conflict that has continued there for more than two years.

Mr. Lewis' message proposed that the conference first consider the abolishment of what he termed the guard system maintained by operators through a private detective agency, and second that it consider an adjustment between the operators and miners "upon any honorable basis which can be found."

In concluding his message of more than 600 words, Mr. Lewis pledged the co-operation of the International Union "in an honorable attempt to adjust the Mingo county situation" and offered to arrange for the miners' representation at any conference called by President Harding.

## STEAM ELIMINATES WATER-HYACINTHS.

Elimination of a serious pest from Louisiana's waterways may result from the suggestion of Governor John M. Parker to the Texas Oil Co., that it try livestock as a method of despoiling the water hyacinth. Pre-bred extremely successful and the use of live steam may supersede the arsenical poisoning method in use by the government since 1902.

Steam as a destroyer of the hyacinth was first tried last Friday in a "lilly jam" in Bayou Lafourche, near Donaldsonville, where boats of the Texas Oil Co., have been blacked for three weeks. So successful was the first effort that the experiment was resumed Monday, and the towboat Lucille, using two improvised steam nozzles, was able to move through the jam at a mile and a half an hour. At one point in the bayou, according to reports, the lilly jam extends unbroken for nine miles.

Since its introduction into Louisiana about thirty years ago, the water hyacinth has spread rapidly and frequently blockades the tidal streams. The arsenic poison used by the government is declared to have resulted in the death of thousands of cattle and of many fish in Louisiana bayous and streams.—New Orleans Times-Picayune.

To prevent sunburn while bathing masks to cover the heads and faces of women have been invented in England.

## WOULD REDUCE GOLF LINKS TO 12 HOLES

Englishman Advances Reasons in Article in Sphere.

Ancient Sport Could Be Made Tolerable if Course Was Cut Six Holes—Numerous Evils of Game Would Be Eliminated.

There is only one golfer in England whose ideas should appeal strongly to the Western Golf association, says an Eastern writer. He is A. P. Herbert, and he writes as follows in the Sphere, a British publication:

"I think that by strong measures it may still be possible to make golf a tolerable game. The chief thing is that it is frightfully complicated and frightfully laborious. The fundamental cause of this is the unfortunate fixing of 18 holes. I wonder who did that? It is six holes too long.

"It is because of these six holes that the bond-slaves have to bolt their breakfasts and miss their baths and come back late for lunch; that every one rushes around the course at a hand gallop; that every one is always either pressing some one in front or letting somebody go through behind; that every one is touchy in the morning; that every one totters exhausted into the clubhouse and takes to secret drinking before lunch. If the normal course was 12 holes these evils might disappear."

## BASEBALL NOTES

The Boston Americans have purchased outfielder Ben of the Ludington (Mich.) club of the Central league.

A series after the close of the regular season between the Baltimore Orioles and Brooklyn Robins ought to prove interesting.

With Rupp, Monroe, King, C. Walker and Henline with the Phillies the latter might well be called the Little Giants.

Charley Dorman, twenty years old, San Francisco boy, has been signed by the Washington club of the American league.

The lively ball will disappear shortly, it is whispered. Since July the life has been taken out of the ball by the manufacturers.

"All we want," said Max Carey, "is good pitching and our share of luck. Give us both and Pittsburgh will win the championship."

Carl Sawyer, Vernon second baseman, who broke his ankle early in the season, is in uniform again and about ready for regular work.

The New York Americans announce the signing of Earl Johnson, a full-blooded Indian pitcher. He is twenty years of age and left-handed.

Jimmy Dykes is improving constantly. He is one of the best second sackers in the game, and the best man on the Philadelphia team.

Three umpires in the South Atlantic league went on a strike recently. Whereupon the president of the league called them out on one strike.

The purchase of Clarence Mueller, outfielder, from the Syracuse club of the International league, has been announced by the St. Louis Nationals.

Clarence Rowland, former Sox manager, later boss at Milwaukee, and now leading Columbus, is reported as being in the market for the Portland club.

Frank Heatch, the rookie the Sox recently obtained from the Chattanooga club of the Southern league, is making quite a favorable impression.

John Mukan, Pittsburgh National league outfielder, has been released to the Minneapolis club of the American Association under an optional agreement.

When Max Carey, the Pirate captain, captured 11 flies in the game against the Giants on July 25, he equaled a National league record that had stood for 20 years.

—Get your Scratch Pads from The Herald—by the pound—15c.

## SCHALK'S BURDEN

Catcher Ray Schalk is working himself thin handling Kid Gleason's kid pitchers. A great deal of the burden of developing the young Sox moundmen has fallen to the lot of the diminutive Schalk. There isn't a catcher in the game today who works as hard as the diminutive Ray. He loses from five to ten pounds during an afternoon's battle royal. If other players worked as hard as Schalk they'd lose poundage, too. It would do Babe Ruth a lot of good to get Schalk's reeple.

## MITCHELL WON'T LEAVE RING

Milwaukee Scrapper Has No Intention of Retiring Despite Many Recent Reverses.

Ritchie Mitchell, whose galleness against overwhelming odds has made him the prize fight idol of the central West, has no intention of retiring from the ring despite recent reverses.

Following his sensational losing fight against Champion Benny Leonard in New York, Mitchell met

Ritchie Mitchell.

defeat twice at the hands of Rocky Kansas and lost a newspaper decision to Johnny Mendelsohn. The defeat caused reports that the Milwaukee fighter would retire, but Mitchell insists that he is far from through and after a short rest will be back facing the topnotchers.

## Diamond Squibs

"Swat the fly" is the motto of other players besides Babe Ruth.

Des Moines has a new second baseman answering to the name of Yuua.

Barrett, the young shortstop for the Athletics, looks like a good ball player.

Manager Jawn Evers sometimes leaves the field during playing hours—by request.

Report has it that the New Orleans club will ship Pitcher Abe Lincoln Bailey back to the Brooklyn Dodgers.

Reports circulated that the Florida State league might close its season earlier than scheduled time are denied.

Babe Ruth would be the greatest single attraction in baseball if he wasn't the greatest four-base attraction.

Earl Sheely is starting to crown the ball, and is rising so rapidly that he soon will be numbered among the elect.

Scott Perry jumps again. Thus far this season he has played with the Athletics and two other semi-pro teams.

Pitchers who admit that the ball is lively have probably been in there when Babe Ruth was exercising his wrists.

Umpiring is becoming simpler. When a ball is hit all the ump has to do is to wait until the runner circles the bases.

Oscar Stange, veteran catcher, now with the Los Angeles team, has been laid up with a bursted blood vessel in a leg.

Member of The Associated Press

Every Sanford booster at the banquet tomorrow night.

There are other matters on that night it is true for Sanford is a busy city but the Chamber of Commerce should come first.

This is the night that Sanford and Orlando will get together on the big movements that will make both cities great. We need the help and co-operation of Orlando and they need the same good offices of Sanford.

It is that great movement of getting together that will put Florida on the map and make every community in the state better and bigger. We should have a representative crowd at the banquet. Come out and get in the great game of boosting your city and state.

Every day brings us closer to the opening of the city schools and we should all be looking forward to this great event. Sanford is fortunate indeed in being able to open the schools with a force of competent teachers and a good principal. Give them your help.

There are certain parts of the city of Sanford that are black spots in an otherwise good city. All cities have them it is true but all cities are not compelled to put up with them and Sanford should take steps to rid the city of that class of undesirables who know no law and recognize no authority. There are certain places in this city where there is flagrant breach of the city ordinances and if the state laws cannot touch them they should be put out anyhow. They are a menace to the law abiding community.

**FLORIDA NEWSPAPERS.**

Among the newspapers of the Nation there is none whose spirit is finer than those published in Florida. The enterprise, the progressiveness and the public spirit of the Florida press is proverbial. Nowhere in the country is more attention given to constructive news, to items that make for community upbuilding.

Just now a number of quite good newspapers in Florida are becoming still better. We have in mind several dailies and weeklies which are now making substantial improvements, both mechanically and otherwise. There will be one or two new dailies in the state; existing daily papers will be enlarged, in some instances, and in the weekly field the list of those publications now improving their facilities is most creditable.

This is interesting as reflecting improvement in general business conditions in Florida, for the daily and weekly press is a faithful mirror.—Industrial Index.

**VOLUSIA SHOULD OWN HALF OF OSTEEEN FERRY BRIDGE.**

A bridge will be built over the St. Johns river at the Osteen ferry if the war department grants a permit for it, and there is no reason to doubt that it will not. A hearing was held at Sanford last week to hear objections to this project and the decision of the department will probably be made public soon.

The people of this section of the

county are very much interested in this proposed bridge and feel that Volusia county should bear one-half the expense of the construction.

So much in earnest, are the people of this section in securing the bridge at this point that the tax payers of the New Smyrna special tax road and bridge district, which includes the fifth commissioners district and part of the first district have signified their willingness to bear one-half the expense of the construction of this bridge, thus relieving the rest of the county from any financial responsibility in the project. So far we have been denied this privilege, but we understand that another attempt will be made to allow the fifth commissioners district to do its part in the construction of this bridge, which will mean so much toward the development of this part of the county.

While the people of this section appreciate the efforts of Seminole county in securing this bridge, they feel that it is their right to assume some of the responsibility and bear some of the burden, but if we cannot do so, we say godspeed to good old Seminole, and assure its people that when the time comes when we are able to do so we will gladly do our part.—New Smyrna Breeze.

**CITIES TROUBLED WITH MOSQUITOES.**

We have noticed in a number of our exchanges complaints against the local prevalence of mosquitoes. Quite a number of cities up the Atlantic coast seem to be suffering considerably from them and this condition is not peculiar to the South or to the state of New Jersey. From far up the Hudson the Troy Record tells of a number of communities that are "wrestling with unprecedented visitations of mosquitoes" and from what it says we see that Troy, while not as bad off as some other places is not free. It says the people have not swatted the mosquito as vigorously as they have swatted the fly but thinks the mosquito is fully as great a nuisance as his more persecuted fellow pest. The Record adds:

"Therefore, let us be rid of the mosquito. If we do not hate him a germ carrier then we have excellent reason to as a producer of discomfort. To sit on the veranda or the front stoop for any length of time frequently means to endure such agony that one moves indoors where it is bearably hot rather than stay outdoors where it is unbearably pestiferous."

Swatting is not the best means of getting rid of flies or mosquitoes. "An ounce of prevention is worth a pound of cure." Mosquitoes and flies are both reasonably preventable. Of course it is not possible to take any measure that will result in absolute freedom from either of these pests but measure are possible and should be adopted in every city that will make annoyance by either negligible. As for swatting, the flies that call around may be killed in that way but mosquitoes don't like to be swatted.

We know what mosquitoes and flies are in Jacksonville and we have been acquainted with them in the past in such numbers as to be intensely disagreeable. But if a city is kept clean it will be almost free from flies and Jacksonville is a clean city. We don't know any place where there are fewer flies. And for several years there have been very few mosquitoes. The pest is being kept down in a way that is very conducive to the comfort of the people but very injurious to the sale of those lotions that are supposed to very effective to mosquitoes but are not half as objectionable to them as is claimed.

The houses of Jacksonville are practically all screened but this would not keep out mosquitoes if there were many of them here. If there is no stagnant water there will be no mosquitoes but with so many families away it would not be strange if stagnant water could be found on premises temporarily vacant. We have sanitary patrolmen and the fact that there are so few mosquitoes is a testimonial to the thoroughness of their work.—Times-Union.

On a commercial club excursion around Lake Okeechobee some time ago one of the propositions discussed was a boat line to supply the needs of the lake towns with a shipping center and rail connection at Moore Haven. In speaking of the proposed line, the Moore Haven Times has the following to say: "We are glad to be able to announce that progress is being made in this connection and plans of a corporation with a capital stock of \$25,000 to establish and operate a boat line between all points on the lake from this city around the southern lakeshore to Canal Point on the east beach."

An economist says there are too many obstacles between the buyer and the seller. Also, in these dry days, between the buyer and the cellar.

**BLACKBERRY CHARLOTTE RUSSE**

For a simple Charlotte Russe, place slices of stale cake around the edge of a serving dish, pile Pol Monte Blackberries in the center and heap whipped cream over the top.

**THE WHINERS.**

I don't mind the man with red-blooded kick

At a real or fancied wrong;

I stand for the chap with the grouch, if he's quick

To drop it when joy comes along;

I have praise for the fellow who says what he thinks,

Though his thoughts may not fit with mine;

But spare me from having to mix with the ginks

Who go through the world with whine.

I am willing to listen to sinner or saint

Who is willing to fight for his rights,

And there's something sometimes in an honest complaint

That the soul of me really delight;

For kickers are useful and grouches are wise,

And their purpose is frequently fine;

But spare me from having to mix with the guys.

Who go through the world with a whine.

—Selected.

**BERRY IS FIELD AGENT FOR SANFORD GROWERS.**

The Sanford Farmers' Exchange, the vegetable affiliation of the Exchange at that point, has introduced a brand new feature in the appointment of a field agent to assist the growers in producing bigger and better crops, much after the manner in which Manager Lenfest, of the horticultural department of the Exchange Supply Co., lends aid to citrus growers.

President Ben Fish, of the Sanford Farmers' Exchange, announces the appointment of C. M. Berry, of Sanford, to fill this position. Mr. Berry is an agriculturist well known not only to that section but to all of South Florida. As county agent for Seminole county for the last several years, he has devoted much study to celery, lettuce and the other crops in which Sanford specializes. He also operates a model farm of his own on the west side of Sanford and has most successfully demonstrated in practice the things he has taught.

Mr. Berry himself has been a staunch and active member of the Sanford Farmers' Exchange since its beginning, and has done much to aid the cause of cooperative marketing in that section. His wife, Riley M. Fletcher Berry, is a writer of some note and a culinary expert of national reputation. The cook books distributed by the Florida Citrus Exchange have been built around recipes originated or compiled by Mrs. Berry.

Manager R. R. Deas, of the Sanford Farmers' Exchange, is enthusiastic over the new move and believes that in making Mr. Berry's services thus available solely to Exchange growers in the Sanford field, that results will be obtained which will greatly gratify the members of the organization. Mr. Berry is an accepted expert in the production of celery, lettuce and kindred crops, and his services are expected to be of very considerable advantage to his fellow cooperators.—Florida Grower.

**BACK YARD FLOCK.**

With eggs at \$1 a dozen in the winter, as they have been for the past several years, the price seems prohibitive to the average housewife.

With the newer knowledge of the nutritional value of milk and eggs, two of the most important sources of the essential vitamins, no family can afford to not include them in the diet. Altho it may not be practical for every family to own a cow, it is practical for most families in the small town and for many in the city to keep a back yard flock of at least two laying hens, for every member of the family. These can largely be maintained from the kitchen and table scraps of food, says Miss Minnie Floyd, poultry specialist of the State College, Tallahassee.

A flock of ten pullets should produce at least 100 dozen eggs in a year. At an average of 50 cents a dozen, these would be worth \$50, to say nothing of the satisfaction of having strictly fresh eggs.

If one has not, or cannot secure pullets for fall and winter laying, year-old birds can be bought from some of the commercial plants of the state, or from other breeders who do not wish to carry birds over a year old.

The State Marketing Bureau, Jacksonville, is in position to put those desiring to purchase in touch with breeders who can supply their needs along this line.

It should be remembered that the fool laws that trouble us are not passed by aliens, but by patriots who profess to love America.

**ARE YOU A DISABLED EX-SERVICE MAN? HAVE YOU A CLAIM AGAINST GOVERNMENT**

If so, has your claim been filed? Has an award been made? Are you receiving checks regularly? Are you in need of medical treatment? Has your compensation been reduced? Are you handicapped in your former occupation? Have you applied for training?

If your answer is yes to any of these questions, now is the time to have your claim adjusted. In order to give prompt service and have each and every case handled speedily and satisfactorily, sections of the District Office and Washington have been sent direct to you. It is now up to every interested man to take advantage of this opportunity to get a prompt and just settlement of his claim.

You have probably seen in the papers of the coming of the Clean Up Squad, a body of men, expert in the handling and adjusting claims of ex-service men. Watch the papers to see when they will be close to you, or if you do not have an opportunity to see daily papers, ask your nearest Red Cross chapter, or American Legion Post, either of which will be glad to give you any information about the work of the Clean Up Squad. This squad wants you to report to them if you are a disabled man. They cannot go to every man individually, nor to every county, but they will be close to you in a short time, and if your claim is deserving of consideration, you will be furnished with transportation home, and meal and lodging until your business with the squad is completed. If your claim is not a just one, do not take up the time of the Squad which belongs to the worthy disabled soldier.

This Clean Up Squad furnishes you an opportunity to have all troubles of compensation, vocational training and medical treatment handled right at home. It is very necessary that you bring your papers with you, your discharge and all correspondence from the Bureau of War Risk Insurance or Federal Board for vocational training. Help the Squad by coming prepared.

Your claim will be prepared for immediate hearing, and every man will be given immediate action, as the government has special departments for handling the claims approved by

the Clean Up Squad. It is up to you now to present your claim in proper form.

It is the duty of every man who reads this to pass this information on to home disabled ex-soldier.

Of French invention is a vehicle that runs like a launch over water and upon endless trends on land.

A mechanical hammer that has been invented for a number of purposes can deliver 420 blows a minute.

Falling in line with the City Beautiful plan which is sweeping the country, citizens of Coconut Grove have submitted a plan to the city council calling for the building of a municipal park along the water front. The plan calls for an expenditure of approximately \$50,000 by filling in behind a bulkhead line, dredging yacht basins, building piers, etc. Coconut Grove is one of Florida's prettiest points and the improvement contemplated would add greatly to its attractiveness.

**There Wouldn't Be So Many Classified Ads Printed if They Did Not Mean Anything to You**

If you have never given earnest attention to the classified ads it is certain that you have missed some opportunities which were almost made to order for YOU.

Why not determine to learn for yourself what the classifieds mean to you?

There are two ways. One is to advertise in the classified columns for whatever you may need. The other is to read and answer classified ads—to investigate those that seem to offer something to you. You'll be surprised to learn how many of these little ads do talk business to you—how many of them seem to point to opportunities for you.

Some of your friends and acquaintances are using the classified columns regularly. Some of them have found profitable investments in real estate; some have found good positions; some have bought and sold used articles.

**YOU'RE LIVING IN A TOWN WHERE PEOPLE ACCOMPLISH THINGS THROUGH THE CLASSIFIED ADS. Why don't you?**

Floating Small  
Talks Succinctly  
Arranged for  
Herald Readers

#### THE WEATHER

For Florida: Partly cloudy tonight and Tuesday; probably showers in extreme south portion.

E. Honig, of New York, was a business visitor here Saturday.

Get a repaired tire to use as extra. Ford tires for \$3.00.—S. A. Huston. 118-26tc

J. A. Beard, of Tampa, was in the city Saturday on business.

Buick Roadster for sale. New tires and is in first class mechanical condition.—B. & O. Motor Co. 129-tfc

J. B. Smith, of Birmingham, Ala., is stopping at the Montezuma while in the city transacting business.

Get a repaired tire to use as extra. Ford tires for \$3.00.—S. A. Huston. 118-26tc

LINCOLN HOUSE DINING ROOM now open. Try a good meal. We think you will be satisfied. 134-2tc

Don W. Smith, one of the best watchmakers and engravers in this part of the state, will come back to McLaughlin, the jeweler, September 1.

Red Speed Wagon for sale. Slightly used and is a bargain for the price we are asking. If you need a truck, see us at once.—B. & O. Motor Co. 129-tfc

E. B. Brown, state manager of the sales department of the Virginia-Carolina Chemical Co., is in the city for a few days and his many friends are giving him a warm welcome. He intends to make a trip down the state and will be out for several weeks.

A NUMBER of crate mill and saw mill laborers can get permanent employment under first class working conditions at fair wages on our new mill near Bartow, Fla.—Roux Crate Co., Bartow, Fla. 129-6tc

B. T. Corey, a former resident of this city, but now interested in California, is here for a few days visiting transacting business. Mr. Corey has considerable Sanford property and while he is now a California resident he still retains his love for Sanford and is a Sanford booster.

LEXINGTON, 5 passenger, 1920 model for sale. New tires, looks good and runs good. We are offering this car for \$900.00 less than list price.—B. & O. Motor Co. 129-tfc

E. Honig, of the firm of Honig & Hockenberry, of New York city, has been here for several days, the guest of A. Raffeld. Mr. Honig is engaged in the manufacture of skirts and wearing apparel for the ladies and is greatly interested in Sanford. He makes this city regularly on his rounds and sees a great improvement in Sanford in the past year.

For office supplies, stationery, etc., come to the Herald office.

#### SANFORD'S TEMPERATURE

Yesterday was cool and comfortable with a fine breeze blowing although the report gives us 92. It might have been that much on the maximum but it certainly did not seem like it. And while it is warm today it is looking like fall again and the hot weather will soon be a thing of the past:  
5:40 A. M., AUGUST 29TH  
Maximum ..... 92  
Minimum ..... 68  
Range ..... 72  
Barometer ..... 30.12  
Rain, trace. Calm and clear.

Curtis Barber and Paul Dooley hiked to Geneva yesterday where they were the guests of friends.

Send your old mattress to Bradley factory. Make them like new, for \$5.00. 50 lb. new cotton mattress only \$8.00. Guaranteed. 500 W. South St., Orlando, Fla. 122-26tc

H. A. Neel, of the Herald Printing Co., is at Okeechobee City on business connected with the firm. He will be absent for a week or ten days.

We have at present in stock one slightly used Hupmobile that we are offering for sale at a reasonable price. If you want the best for your money, see us at once.—B. & O. Motor Co. 129-tfc

#### FUNERAL SERVICES OF MISS TURNER TODAY HELD AT CLEARWATER.

(By The Associated Press)  
TAMPA, Aug. 29.—The funeral services for Virginia Turner, whose body was found in Booker's Creek near Clearwater Saturday, is being held at Clearwater today while county officers are nearing the west coast town with Dr. I. J. Belcher, of Tarpon Springs, arrested in connection with the crime. He was to be placed in jail at Clearwater pending preliminary hearing set for tomorrow. Every precaution is being taken to prevent any attempt to take the prisoner from the officers by force following reports that attempt would be made some where between Tampa and Clearwater.

Belcher was arrested after it was learned that he had visited the spot where the body, with a knife wound and broken shoulder, had been found, and a garage owner stated that he had pulled the doctor's car out of the mud near the spot. Investigation is said to have resulted in finding blood stains on the bridge near the scene of the discovery of the body and that tires on the doctor's car corresponded with tracks found there. Autopsy of the body Saturday by three physicians is said to have shown criminal operation performed on the young woman. Physicians are authority for this report.

When people cheer a famous man, about one-fourth of them cheer the man and the others cheer his fame.

#### SANFORD BUSINESS MEN WILL VISIT GENEVA TONIGHT

Third Trip of the Trade Extension Committee

Geneva will be the next objective of the Trade Extension Committee of the Sanford Chamber of Commerce. Advice has been received that arrangements have been completed in Geneva for the reception of the business men comprising this committee. The two previous trips have proven most successful and afforded those who attended the opportunity of becoming personally acquainted with the people of the sections visited.

The reason for changing these trips from afternoon to evening was for the reason that a greater number of people could be reached at the latter time. The program of the committee calls for prompt departure from the Seminole at 6:30 p. m., and the members of the committee have been requested by Chairman Yowell to be present and ready to leave promptly at that time.

Those in Geneva, who have charge of the arrangements, advise that there will be a large crowd out to greet the Sanford delegation. This means an opportunity to meet a great number of people in a short space of time.

Reports coming in from different sections of the county are to the effect that a great deal of interest is being manifested in the proposed Gala Day Thursday, September 29th at which time the business men of Sanford will be hosts to the sections visited by the Trade Extension Committee.

#### SATURDAY BUSY DAY AMONG LIGHT FINGERED GENTRY HEREBABOUTS

Saturday and Saturday night seemed to be a busy time starting off the new season with two burglaries reported. Some one broke into the home of John Bolley on the West Side and extracted a bunch of jewelry and it was first reported had stolen a lot of Liberty Bonds but luckily Mrs. Bolley had deposited the bonds with the bank and they were safe. The following list of articles have been reported to the Sheriff's office: 1 Iver-Johnson 32 revolver; 1 safety razor, white handle; 1 brush and razor strap; 1 gentleman's ring; 1 Elgin watch, gold. Engraved on cover "L. B."; 1 chain and watch pin; 1 silver watch (open face); 1 wrist watch, engraved "A. B."; 1 ladies' watch and black ribbon chain; 1 Egyptian bracelet; 1 camera; 1 Waterman Fountain Pen; 1 Moore fountain pen; 1 hand mirror, engraved "B"; 1 brush, engraved "B"; 1 leather suit case.

Burglars also entered the Drummond home on Magnolia avenue while they were down town Saturday night and lifted a diamond engagement ring of Mrs. Drummond and several other articles. These two burglaries look like the work of local talent as the snow birds have not started operations in Florida as yet confining their attentions at the present time to the summer colonies.

However, we have capable officers on the job and the guilty will be apprehended. As the season progresses it behooves people to be more cautious about leaving jewelry around the house where sneak thieves can get it and also about leaving the homes open while the owners are away.

#### NO MEETING TONIGHT.

There will be no meeting of the Rod and Gun Club tonight as previously announced. It has been postponed to a later date. Watch for announcement.

#### HUNGARY NOW AT PEACE WITH UNITED STATES TREATY SIGNED TODAY.

(By The Associated Press)  
BUDAPEST, Aug. 29.—The peace treaty between Hungary and the United States will be signed here today at five o'clock.

#### KEY WEST WOMEN IN A GOOD GOVERNMENT LEAGUE; HAVE TICKET

KEY WEST, Aug. 29.—The Woman's Auxiliary of the Good Government League held an important meeting at the Harris school building a few days ago, at which further plans for the campaigns were made. The executive committee to co-operate with the men's league was completed at this meeting, as members from the fourth and fifth wards were not selected at the last meeting. The organization as formed at the meeting last Tuesday, has the following officers and representatives: Mrs. M. P. DeBoe, chairman; Mrs. C. R. D. Crittenton, vice-chairman; Mrs. G. Robinson, secretary-treasurer. Executive committee, first ward, Mrs. W. S. Aakins; second ward, Miss Iileen Williams; third ward, Mrs. George F. Archer; sixth ward, Mrs. James Adams.

#### PAST MASTER'S NIGHT TUESDAY

All arrangements have been made for the big meeting of Masons to be held on Tuesday evening at 7:30 which will be called past master's night.

All past masters of the local lodge have been assigned for work and have been notified of their appointment. The work will be handled exclusively by the eleven past masters of Sanford Lodge and work in the Third Degree will be conferred upon four candidates.

In addition, the district deputy grand master, E. L. Shear, of Daytona, will visit this meeting in an official capacity. He will bring with him from Daytona several members of the Daytona lodge and one of the visitors has been asked to deliver the lecture of the degree. The lecture will be illustrated by the use of the lantern slides recently purchased by the lodge here.

A big attendance is expected at the meeting on Tuesday evening and the past masters are looking forward with a great deal of pleasure to this big reunion meeting and all are enthusiastic about it.

#### CUTTING SCRAPE SATURDAY NIGHT NEAR STATION.

A. C. Gamble, a negro residing near the union station, cut up his wife, Rose Gamble, badly Saturday night, and then fled the scene. The officers think they know where he has taken refuge and will land him soon. The cause of the cutting is not known but the woman is badly injured, having cuts on the arms and body. The cutting was done with a knife in the hands of the husband.

#### REV. FORD RESIGNS PASTORATE

EUSTIS, Aug. 29.—Rev. J. N. Ford who has been the pastor of the Baptist church for the past year or more, has resigned his pastorate and will leave Eustis October 1. During his residence here Mr. Ford has made many friends who will wish him every success wherever he may locate. He has not made known his definite plans.

Ships can now be operated by wireless, but operating the Ship of State still requires more or less wire pulling.

#### Central Florida Construction Company

Now doing business in Orlando, wants to extend their business to Sanford and is ready to give estimates on any and all kinds of construction work.

#### Central Florida Construction Company ORLANDO, FLA.
