two, four and five. Elections shall be held each September.

Earth Tremor

(Continued from Page One) as France and Belgium. Most guesses were that the center was around Thuringia, in Soviet East Germany.

In New York the Rev. Joseph Lynch, director of the Fordham University observatory, said the estimated location of the center definitely indicated an earthquake of the "resettlement" pattern common to certain areas.

Among the changes in the by-laws adopted by the directors were the following: 1) "Any person or corporation may subscribe for one or more memberships but no person or firm shall be permitted to cast more than five separate votes regardless of total paid memberships."

The shock was felt as heavy seas pounded the European continent, accompanied by fierce gales which tied up shipping and inflicted widespread damage.

2) "Dues of this organization shall be \$12.50 a year, payable in advance semi-annually or annually."

Prof. Friedrich Becker, director of the Bonn, Germany, Observatory, said the atomic explanation had not been entirely eliminated, but the Western scientists trying to run down the origin and cause of the shock were handicapped for lack of definite information from behind the Iron Curtain.

Hunting Is Fun Again

Construction business is hard work, says Maurice H. Rummell, of Mabelvale, Arkansas, but he likes it. He said he had that rundown feeling, aches and pains, and just didn't seem to have any appetite.

M. H. Rummell feeling well, and decided to do something about it. He heard about how HADACOL had helped many folks with troubles like his due to a deficiency of Vitamin B12 in iron and Nicotin and decided to give it a trial.

RFC Reorganization

(Continued from Page One) agency, now under fire on charges of yielding to influence in making loans.

So the fact of a majority vote against reorganizing the agency—even though it fell short of the required 218 to block it—was a possible indication that later tests might pass proposed legislation to kill the RFC.

This underlying issue was recognized in the debate. Conservative Republicans blocked

Korean War

(Continued from Page One) the northern section of the city. "I am very happy to be entering Seoul again," said General Paik Sun Yup commander of the ROK Division.

At the end of the day when race track pari-mutual odds were totaled to arrive at the winning number the result was—Yep. 159.

Utility Regulation

(Continued from Page One) not oppose any state-wide regulatory measure," Smith said in a statement.

Pilot's Club

(Continued from Page One) phases under the Disaster Service as: 1) committees for emergency relief; 2) action immediately when disaster strikes; 3) rehabilitation of disaster victims.

Mrs. Maxwell urged all those who have not contributed to the Red Cross to do so and to secure the Civil Defense supplement to the regular Red Cross course of training and to take advantage of the information it offers.

Started in the Florida State Bank Building, the Association had initial capital of \$5,000, of which the end of the first year of operation had grown to \$30,824.

Miss Allie Lee Rush of Ocala, past district governor of Pilot International, was also welcomed as a visitor.

Administrative efforts to get a quick vote in the House Banking Committee on a 90-day extension of present federal rent ceiling.

Hunch Players Win On Gamblers Arrest

WASHINGTON, Mar. 14.—(AP)—The Bureau of Internal Revenue almost broke the numbers game bankers in Washington yesterday.

McCarthy Claims

(Continued from Page One) said, "and it is only a matter of time, our atomic carrying bombers will act as no deterrent to Soviet Russia. They will be useless."

Crime Investigation

(Continued from Page One) safe, Costello said: "I don't know exactly if I have \$40,000 or \$50,000."

For the best that's new... SEE THE NEW DODGE "Job-Rated" TRUCKS. The trucks that do the most for you!

ENJOY YOURSELF AT THE SEMINOLE COUNTY FAIR MAR. 12TH THRU 17TH SPONSORED BY THE SANFORD AMERICAN LEGION POST NO. 53 BEING HELD AT MELLONVILLE AND CELERY AVE. FEATURING PRELL'S BROADWAY SHOWS SEE THE FASHION SHOW! 8:00 P. M. EVERY EVENING SPONSORED BY THE CHAMBER OF COMMERCE FEATURING FLORIDA FASHIONS AND PETITE PARIS LINGERIE SAME BEAUTIFUL MODELS ATTRACTIVE ENTERTAINMENT—MANY AMUSEMENTS AND MORE THAN EVER

NEW! MORE POWER Power increases as high as 20%. Eight high-efficiency truck engines—94 to 154 horsepower. The most powerful Dodge "Job-Rated" trucks ever built provide dependable power for your job! NEW! BETTER ECONOMY Higher compression ratio (7.0 to 1) on models through 1 ton, for top efficiency with flashing power. Here's real economy with outstanding performance—more power from every drop of fuel. NEW! EASIER HANDLING Shorter turning diameters than ever—and extra-easy steering with new worm-and-roller gear. Short wheelbase, cross-steering and wide front tread assure easier maneuvering. NEW! GREATER SAFETY Molded Hydraulic-brake linings on hydraulic-brake models 1 1/2-ton and up. Brand-new! Extra-quiet! Other safety features include new, improved independent hand brake, extra-big windshield. Exclusive gyrol Fluid Drive—Available on 1/2-, 3/4-, and 1-ton models. Provides marvelously smooth performance with cushioned power. PLUS... all these time-proved features Dodge trucks have had for years: Steering column gearshift standard on 1 1/2-, 3/4- and 1-ton models with 3-speed transmission. Chrome-plated top photo ring for longer life, better sealing. Synchrony-shift transmissions (3-speed, 4-speed, or 5-speed) rugged, silent, precision equipment. Ductless and Custom cabs (with rear quarter windows) available on all models. And many other dependability features! What Job-Rated means to you... A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... use your money a lot longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to last a special-lined over the roads you travel and at the speeds you travel. Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires and body—is engineered to provide the right strength and capacity. Every unit that MOVES the load—engine, clutch, transmission, propeller shaft and rear axle—is engineered right to meet a particular trucking need. Come in for a good deal on a truck that fits your job... DODGE TRUCK SEMINOLE COUNTY MOTORS 519 E. 1st St. FT. MELLON PARK PHONE 1011

To Produce Prosperity for Sanford.

THE WEATHER
Clear to partly cloudy and cool with slightly higher temperatures this afternoon, tonight and Friday. Light to moderate westerly winds, becoming light variable tonight and Friday.

Allies Surge Toward Border Of North Korea

Hongchon Base Falls To Advancing U. N. Troops In Center; Three Planes Lost

TOKYO, Mar. 15—(AP)—United Nations troops returned in force to Seoul today and searched the rubble-strewn streets of the old South Korean capital for hide-out Communist soldiers.

The capital's remnant population of old folks and children cheered the return of the Allied fighting men. Communists had held the city since Jan. 4, their second occupation of the war.

All along the Korean front, Allied troops surged northward on the heels of retreating Reds. At some points Allied troops were less than 18 miles from the old Parallel 38 border to North Korea.

American assault troops stormed into Hongchon Thursday and found the former main Communist supply base on the central front in ruins.

G. I.'s rode tanks across the Hongchon River to reach the one-time city of 15,000. Only five civilians and one man, a white horse greeted the U. S. column, arms fire when they first entered.

The Americans met only light Hongchon. Later mortar fire fell in the town.

Hongchon is a vital road junction 20 miles south of the 38th Parallel.

The big push was rolling toward (Continued on Page Four)

Scout Fund Drive Falls \$500 Short Of Campaign Goal

Total contributions to the Boy Scout drive in which many local organizations participated totaled \$1,600 or \$500 short of the \$2,100 goal, W. F. Hunt, chairman, reported today.

"I feel that many people were not given the opportunity to contribute to the campaign," he said today, and added that gifts may be sent to P. O. Box 360, Sanford.

Mr. Hunt expressed thanks to the organization which gave valuable aid in the drive in February. These included Rotary, Kiwanis, Lions, Jaycees, Business and Professional Women's Club, the American Legion, the Elks, P. T. A., and the Sanford Woman's Club.

The proceeds of the drive become a part of the budget of the Central Florida Council, Boy Scouts for 1951 and will be used to further Scout activities in the area of which Seminole County is a part.

The outlay is devoted toward camping and Scout activities, the training of Scout leaders and for office service.

On June 10 the summer Scout program will be started for a six week period at Camp La Noche. The maintenance of this 200 acre camp is a vital part of the Scout budget, said Mr. Hunt. The camp is located north of DeLand in Volusia county.

CHECKER CHAMPION

The Seminole County Chamber of Commerce will sponsor a chess and checker exhibition by former U. S. checker champion Norman Banks at 7:30 P. M. tonight at the Tourist Center, Manager Ed Whitney has announced.

The talk and showing of still pictures by George Swartz scheduled to be shown at the Tourist Center tomorrow night has been postponed to a later date as Mr. Swartz has been called out of town.

MRS. ROUTH ELECTED

Mrs. E. J. Routh was elected vice-chairman of the Sixth District of the Business and Professional Women's Clubs at a meeting Sunday morning at the Melbourne B. and P.W. Club. Helen Bennett of Orlando was elected chairman.

Following a luncheon, Ruth Paschal of Daytona Beach was the main speaker. Mrs. Marian Harman of Sanford was present with Mrs. Routh.

TIT FOR TAT

LONDON, Mar. 15—(AP)—Britain's Labor government, which has nationalized much of this country's industry, is raising a storm of protest today against nationalization by Iran of the Anglo-Iranian Oil Company, more than 20 per cent owned by the British government.

A Foreign Office spokesman indicated the British cabinet will consider what steps should follow yesterday's strong official protest against the vote in Iran's parliament to nationalize the rich oil concession.

EARLY SANFORD HOSPITAL

This picture was taken about 1892 in front of the Plant System Hospital No. 1 in Sanford. The hospital, a large, one-story building, was located a short distance northeast of the present site of the A.C.U. Depot. Dr. Frank H. Caldwell was chief surgeon and Dr. W. G. Aldrich was pharmacist. Other physicians were Dr. Lynch, Dr. Petty and Dr. Crookshank. The latter treated nine year old Edward F.

Lane after the latter was thrown from his pony and a nail was run into his jaw bone. The accident occurred on the Pump Branch Bridge which spanned a creek on East Second Street not far from the present Claude Whitten home. Built in the early '90s, the hospital was discontinued here when the Plant System built a new one in Waycross, Ga. Persons shown in the picture could not be identified.

Three Are Killed In Rail Accident; Thirty Are Hurt

DETROIT, Mar. 15—(AP)—Two women and the infant child of one were killed in a train wreck of here last night and more than 30 persons were injured.

Five cars of a Cincinnati-bound New York Central passenger train left the rails in suburban Tinton as the train fell its way through fog and snow.

The victims included a Michigan State College student's wife and child.

Early today the body of the second woman was still unidentified at the Wayne county morgue. Crushed to death in one overturned coach were Mrs. Grace Allen, 25, East Lansing, Mich., and her year-old baby, Janet.

The young husband, R. S. Allen, was injured. His hurts were reported minor.

Rescuers and wreckers worked for hours in the fantastic glare of searchlights playing over upset and tilted cars.

Two cars lay on their sides. Three others, including a baggage car, were off the rails. The jumble of a fleet of ambulances, including some from the nearby Grosse Ile (Continued on Page Two)

Attendance Rises At Legion's Fair

Attendance is expected to improve greatly at the Seminole County Fair during the remainder of the week now that the weather has improved. James G. Galloway, American Legion chairman of the Fair Committee announced this morning.

School children will be admitted free tomorrow afternoon at 1:00 P.M. he stated, and will have reduced rates on rides at the midway.

Much interest is being shown in the high pole act which is staged nightly at 10:30 o'clock on the midway, he said, and which is shown free.

Oil, Air Force Bases And Military Aircraft Production Boom In Texas

(Editor's Note:—Here is another in the series of reports by Associated Press staff writers on progress of the U. S. mobilization board. Today—Texas.)

By CLAYTON HICKRON

DALLAS, Mar. 15—(AP)—The mobilization program has Texas humming, with three things most noticeable:

1. More oil, gas, and synthetic rubber are being drawn out of the fabulously rich soil.

2. A growing stream of military planes—from small liaison craft and the world's fastest jets to the giant strategic bomber, the famed B-36—is coming from Texas manufacturing plants.

3. Air Force bases are being reactivated wholesale, to turn out more trained warriors and technicians.

With the employment index in Texas at an all-time high, much (Continued on Page Five)

Increase In Dope Smuggling Is Connected With Lucky Luciano

NEW YORK, Mar. 15—(AP)—Narcotics smuggling into the U. S. increased one year after vice king Charles "Lucky" Luciano was deported to Italy, Senate crime probes were told today.

Samuel Levine, an agent for the U. S. Bureau of Narcotics, testified that the flow of illegal drugs from Italy began rising sharply in 1947.

"Was this one year after one Luciano was deported to this country?" the witness was asked.

"Yes," he said.

Levine, the first witness on the fourth day of the committee's New York hearings, did not give Luciano's full name. But the sensitive U. S. underworld power for years has been connected with the narcotics traffic.

The committee recently named him as the long-distance czar, or intermediary, between a Chicago crime syndicate and a New York-New Orleans crime axis ruled by gambler Frank Costello.

Tracing narcotics operators in the U. S., Levine said 1936 Bureau records showed that a "mob" headed by Thomas Luchese controlled distribution in this key (Continued on Page Four)

Fish Estate Unable To Aid On Project, Stemper Declares

A four man committee composed of Senator L. F. Boyle, Rep. Volie Williams, G. W. Spencer and Fred R. Wilson has volunteered to draft a local bill authorizing a bond issue to finance the construction of a county hospital, President W. H. Stemper told today's Jaycee meeting.

Mr. Stemper pointed out that the Fish Estate trustees had informed a meeting of the Hospital Emergency Committee in DeLand Saturday that no funds are now available for a Seminole County hospital although the estate may be willing to assume cost of plans for the project.

The proposed hospital to be built with bond issue funds could be built at a cost of from \$10,000 to \$12,000 per bed, Mr. Stemper said.

Mervin Oiler of the Oiler-Weller Development Company told the group his firm had made a private estimate of the construction of the building could be put up at a (Continued on Page Four)

Frost Is Forecast For North Florida

LAKELAND, Mar. 15—(AP)—Scattered light frost in low ground locations in the north portion of the Gainesville district of peninsula Florida forecast for tonight and Friday morning by the Federal State Frost Warning Service.

The forecast for tonight and Friday morning: clear to partly cloudy, rather cool northern districts with lowest temperatures 25 to 30 degrees and patches of scattered light frost in low ground locations in north portion of Gainesville district. Moderately cool in south and central districts.

Friday clear to partly cloudy and slightly higher temperatures. Outlook: slightly higher temperatures Saturday and Sunday mornings.

FRAUDULENT CLAIMS

TALLAHASSEE, Mar. 15—(Special)—Fourteen persons were prosecuted during February by the Unemployment Compensation Division of the Florida Industrial Commission for filing fraudulent benefits claims. This brought the year's total of prosecutions to 32.

Failure to report wages for partial employment resulted in 79 persons being disqualified from receiving benefits for one year. All benefits received illegally must be repaid. Approximately \$1,950 was collected during the month from previously over paid claims.

Some 16,000 claims were screened during the month to detect any possible fraud activities. During February 12 persons were found to have filed claims illegally and were subject to prosecution. This was 17 less than the number for January.

Perjury Charged To Jet Scientist During Spy Trial

NEW YORK, Mar. 15—(AP)—A jet propulsion scientist was accused of perjury today in connection with the atom bomb spy case on trial in federal court.

The expert, William Perl, 32-year-old Columbia University physics instructor, was called into court to face a federal indictment.

The government charged he lied when he told a grand jury that he was not acquainted with two of the spy trial defendants and other persons connected with the case.

Perl was described by a spokesman as a "mole" who controlled distribution in this key (Continued on Page Four)

County Boards Can Improve Schools, Council Declares

TALLAHASSEE, Mar. 15—(AP)—The State Advisory Council on Education isn't ready to say most of Florida's 47 county school boards are doing their best.

Orange City Wins Shuffleboard Match

Eleven teams comprising 22 players of the Orange City Shuffleboard Club visited the Sanford Tourist and Shuffleboard Club for a contest yesterday afternoon in which the visitors had a "slight edge."

Following the games players and spectators were entertained at the Tourist Center and served coffee and doughnuts. A chery fire in the fireplace warmed the room.

Among the visitors from Orange City was Col. A. J. Mead, president of the club, and J. C. Inch, director of tourist activities. Both expressed pleasure at the reception given here and praised the facilities provided by the City and Chamber of Commerce for the tourists.

"We regard Sanford as a live town," said Col. Mead.

Mrs. Nancy Dobbin was chairman of the serving committee and was assisted by Mrs. John Reinhold of Illinois, Mrs. Nancy P. Falkenburg of Illinois, Mrs. Clinton Gordon of Springfield, Ohio, and Mrs. W. R. Brown.

KNIGHTS TEMPLAR

Taylor Commandery, No. 28, Knights Templar, will meet Friday night at 7:30 o'clock at the Masonic Hall. The order of the Red Cross and Knights of Malta will be conferred.

A delegation of Sir Knights from Oriental Commandery No. 9, Daytona Beach, is due to be present and will assist in the conferring of these degrees. Light refreshments will be served at the close of the meeting.

House Group Rejects 4 Million Man Limit On Armed Services

Wagner Accused Of Bad Faith By Boyle And Dawson Rollins Faculty Testify On RFC

Summary Dismissals Described As Detrimental To College

WINTER PARK, Mar. 15—(AP)—Rollins College faculty today charged President Paul A. Wagner with dismissing "over 20" of their members.

They released a statement which said further that the situation, "if not handled with the utmost wisdom, good will and speed by all concerned may well result in disaster to the college."

All had been serene on the pretty little campus in central Florida since 33-year-old Dr. Wagner became president youngest in the U. S.—in September, 1949. But an announcement last weekend that a thinking budget with no prospects for additional funds would force faculty cuts and abandonment of intercollegiate athletics brought on a future which has died hardly at all since then.

The number of members marked for dismissal has ranged from 17 (Continued on Page Four)

Research Results On New Vegetables Are To Be Revealed

Farmers of the central section of the state will be brought up to date on research for new vegetable varieties for Florida and plant disease and insect control here Friday, Mar. 23.

Attention will be a field day at the University of Florida's Central Florida Experiment Station, Dr. R. W. Ruprecht, vice-director in charge, says two field tours, one from 10 A.M. until noon and the other from 2 until 4 P.M. will be held for visitors.

Plots or research to be reviewed include new blight resistant celery varieties; variety tests with lima beans, cantaloupes, Irish potatoes, corn, cabbage and sweet corn; and nematode and corn earworm control work.

Scientists to appear on the program include Dr. J. R. Christie and V. G. Perry, U. S. Department of Agriculture nematologists stationed here, and Dr. Ruprecht, Dr. J. W. Wilson, Ben F. Whitner, Dr. George Swank, Jr. and Dr. P. H. Westpole, horticulturists, and all of the Central Florida station.

Midnight Tonight Is Last Chance To File Tax Returns

By CHARLES MOLONY
WASHINGTON, Mar. 15—(AP)—Midnight tonight is the deadline for filing 1950 income tax returns, but it's pretty much a cinch that most of the 92,000,000 Americans who have to file them already have done so.

Orange City Wins Shuffleboard Match

County Commissioners H. A. Dadd today pointed out that the Billie Auction Market manager, stationed here, and Dr. Ruprecht, Dr. J. W. Wilson, Ben F. Whitner, Dr. George Swank, Jr. and Dr. P. H. Westpole, horticulturists, and all of the Central Florida station.

Porter H. Lansing and a group from Sanford will attend the meeting of the Florida Wildlife Association Sunday at the Lakeland Civic Center, Mrs. J. S. Ebern, secretary, announced today.

The object of the meeting, she said, will be to discuss bills concerning game and fish projects which will be presented for legislative action.

Among those who will attend will be Mr. and Mrs. Lansing, Mr. and Mrs. Ebern, and George A. Roper.

Ragged Seoul Inhabitants Cheer First Allied Force To Enter City

By JIM HECKER
SEOUL, Korea, Mar. 15—(AP)—Old men wept unashamed. Women hugged and kissed us. And squealing children fought to touch us as the first 19 United Nations men reached the heart of four-blackened Seoul today.

Six were U. S. Third Division infantrymen. One was a Korean interpreter. Eleven were an assortment of correspondents and photographers. The 19th was a British 29th Brigade Corps driver. A police dog named "Buck" completed the party.

We were the first to penetrate to the center of Seoul after abandonment of the ancient capital by North Korean Reds. And we walked there without a shot being fired.

Handsome Lt. John Hougren, of Minneapolis, Minn., led the infantry patrol.

The stragglers were deserted as Hougren's squad moved cautiously from the outskirts. But the news began to spread.

Proposal Releasing World War II Vets After 12 Months Service Approved

WASHINGTON, Mar. 15—(AP)—The House Armed Services Committee today knocked out of its military manpower bill the 4-million-man limit on the size of the armed forces.

Chairman Vinson (R-Ga.) said the vote was 18 to 15 in support of a move he made to strike the ceiling from the committee's bill to widen the draft and set up Universal Military Training.

The action was taken in closed session.

Any limit on the size of the armed forces has been approved by President Truman and military leaders, but the 4 million man ceiling was passed by the Senate.

Vinson said the House Committee rejected 9-21, an earlier amendment by Rep. Short of Missouri, ranking Republican member, to impose a 3,200,000 man ceiling.

The committee also rejected an amendment by Rep. Norblad (R-Ore.) to limit the size to 3,500,000.

In taking up the bill section by section the committee approved a proposal that would release World War II veterans in the inactive volunteer reserve who have been on active duty for 12 months since June 25, 1950, the date the Korean war started.

The bill originally had said that such reserves could apply for release after 12 or more months active duty and stipulated they should be released at the "earliest practical date without impairing the national security."

The Committee voted 20 to 12 to strike out that stipulation. Vinson said that would have the effect of making release mandatory after 12 months.

To be eligible for release these reserves must have 20 or more days of active duty for more than 90 days between the period Dec. 7, 1941, and Sept. 2, 1945.

The initiative and volunteer reserve are those who do not receive drill pay while in a reserve status.

Vinson said that provision would have no effect on National Guardsmen now in federal service.

However, a committee staff member said the provision would extend the period of service for Guardsmen and organized reserves beyond 21 months.

Practically called up for 21 months under the present law, however, (Continued on Page Four)

Balance Is Almost Achieved In 1950 Jobless Benefits

TALLAHASSEE, Mar. 15—(AP)—The loss' contributions and the "offset" workers' contributions from the Florida Unemployment Compensation Fund almost struck a balance in 1950.

Employers' contributions \$7,841,750. The Industrial Commission paid out \$7,572,092 in benefits to men and women who were thrown out of work. Workers pay nothing into the fund.

The reserve for future payments grew from \$71,377,993 at the beginning of the year to \$73,199,918 at the end mostly through \$1,548,467 in interest earned by the big pile of money that is invested in U. S. government bonds.

TODAY'S BIBLE VERSE

We should have no tears for our
departed loved ones. They are
gone. They have attained en-
lightenment. It is those who remain
who are in darkness. He shall wipe
away every tear from their eyes.

—Rev. 21:4

Rep. Richard Simpson of Monticello complains in a letter to the State Welfare Commissioner that a woman living in Georgia is drawing aid-to-dependent-children funds from Florida. Not only that, he gives her name and the amount she received.

Elliott Roosevelt of the marry-
ing Roosevelts is engaged to be
married to Mrs. Minerva Bell Ross,
California heiress who earlier this
week secured her divorce. Elliott
was formerly married to Faye Em-
erson of television, and before that
to Ruth Donner of Texas, and be-
fore that . . . but why go on?

A citizens group in Washington estimated yesterday that America will need \$14,000,000,000 (14 billion, that is) of new school construction in the next ten years on account of our expanding population. But such school construction cannot be financed if government officials continue to dissipate tax revenue as they are at present.

The estate of Jimmie Luma, the late Tampa gambler and Mafia leader, rubbed out in a gang war, has been appraised. It shows that the racketeer had \$35,000 in cash, \$87,000 in real estate, \$43,000 in stocks, \$65,000 in accounts receivable, \$915,000 in unsecured notes, \$4600 in secured notes, and \$250 in personal property. Among the unsecured notes was one from \$1500 from Nick Nusio, a Hillsborough county commissioner.

How much does it cost to be a dope fiend? Least of all is the \$15 a day required to buy the dope, says the U. S. commissioner of the Bureau of Narcotics. This inevitably drives men and boys to crime, women and girls to prostitution, he continues. The final cost is the loss of soul. How many dope fiends are there? Well, says the commissioner, it runs high. "In New York and Chicago it seems like an epidemic."

The Seminole County Chamber of Commerce, despairing of early construction of a local hospital by the Fish estate, goes on record as favoring an immediate bond issue by the county to build whatever hospital may be deemed necessary at the earliest possible moment. Such a bond issue will require State legislation which must be advertised 30 days in the news paper before it can become law. Some steps to this end should be taken at once.

The Chinese are reported to be building up enormous ammunition and gasoline supply dumps just across the Manchurian border in anticipation of the expected big push by some 400,000 Chinese troops in North Korea. Over 600 Russian built planes are just waiting for the attack to be thrown into action. And yet MacArthur is restrained from bombing these supply dumps by United Nations or United States orders which prevent him from crossing the border. It's a hard way to fight a war.

A petition for a re-hearing has been denied in the wage and hour case of the Cadery City Printing Co. The U. S. Department of Labor held that because this Sanford firm sold letter heads and envelopes to local people who in turn mailed them out of the state, the firm was engaged in interstate commerce and therefore subject to the federal wage and hour laws.

Fateful Assassinations

The death stroke of a political assassin may rock the world, even though the victim be a figure of only local importance. The motives or results of the assassination may link the death to events far distant both in space and time. Such might be the case with the death of Ali Razmara, premier of Iran, whose name probably was scarcely known to most Americans.

Razmara's name was very well known to our State Department and to high figures in the oil industry, however. He was reckoned as a man capable of withstanding Russian pressures against the Iranian government, and as long as he remained in power friendship between Iran and the United States appeared assured. He resisted a movement in Iran to put the oil fields and facilities under government ownership, shutting out American and British interests from a share in control of the Iranian oil, an important part of the world supply. Now these matters must be in question until the tendency and strength of his successor are established.

Many times the future of the world has hinged on the slaying of a leader of no more apparent international note than Razmara. The assassination of Dollfus of Austria was the end of effective Austrian resistance to the Nazis, and the expansion of the Nazi empire got its start. The murder of Archduke Ferdinand of Austria-Hungary set the stage for the start of the First World War.

At other times, world-shaking effects of assassination of more notable figures than these have somehow been averted. The killing of Gandhi might have upset the birth of the new Indian nation, but it did not. The ambush of Count Folke Bernadotte almost blew up both the new nation of Israel and the first real peacemaking test of the United Nations, but again these dire results did not come. There is precedent for hoping for the best in the unfortunate Iranian incident.

Brakes On Militarism

Why does the House Armed Services Committee want Congress to have a device by which it can stop the drafting of men for the armed services at any time, without the approval of the President? Would this not be a usurpation of the proper executive powers? It is questionable whether the scheme is workable. But it is significant that the plan comes from so responsible a source.

Congress already has complete and final control over the size and development of the armed services, and this control is continuing—it is not interrupted or diminished by the approval of long-range military plans. Any act of Congress, authorizing a military project or development, can be undone by Congress, at any time. Every long-range program in practice is subject to congressional review every year, for the appropriations are made annually. The Constitution expressly prohibits a military appropriation for a period of more than two years. Hence, although the present draft law is a three-year law and a new three-year extension is likely, Congress nevertheless retains effective general control over the draft.

It may be that the Committee desires to emphasize this control for psychological effect. The members may wish to make clear, both to the military leaders and to the people, that they have misgivings about the growth of militarism, for its own sake, in this period of crisis. Such misgivings are held by many citizens.

The military development which is needed for our own defense and for support of our international objectives should not be hampered. But it should not be a springboard for military domination of government, industry and the people's lives. There is probably no actual danger of this. But to help obviate such danger, whatever is done, both in building military forces and in limiting them, should be clear and direct.

Threat Of Formosa

In a recent Chinese Nationalist government statement, charging that the Reds are carrying out a blood purge in China, it was remarked that the return of the Nationalists to the mainland is only a matter of time, and that when they return the Reds will be forced to abandon South China at once, as they could not hold it.

This suggests one of the reasons why possession of Formosa is of such great importance. It is sometimes wondered why the people of Russia do not rebel against their tyrannical government; the answer is that the hold of the government is so tight that a revolt does not have a chance to get started. The Red Chinese are prevented from obtaining a similarly revolt-proof hold as long as the Nationalists remain entrenched on Formosa, since that could be the breeding place of an uprising.

The ancients believed the topos would relieve insanity, asthma, Great Bear Lake and Great Slave Lake in Canada are each about half as large as Lake cool boiling water. Michigan.

Entry Into Seoul

(Continued From Page One)
selves at our feet and sobbed hysterically. Tears coursed down the cheeks of bearded old men. Most citizens wore tattered clothing.

The children shoved and pushed each other in a scramble for the us. The shouts of "Manzal" grew louder as our following multiplied. The noise was like that back home at a ball park when someone hit a home run with the bases loaded.

Women hugged and kissed us. Our hands were squeezed by hundreds. Other children gave me a ride on a flat car down the streetcar tracks of Seoul. It was the only vehicle that was running. It required dozens of the children to push it.

Six U.S. infantrymen were with the group. With Hagen were: Col. Clarence Williams, Norfolk, Va.; Cpl. Charles Coulter, Toledo, Ohio; PFC. Slesos Shoemaker, Killeen, Tex.; Sgt. Walter E. Clarkson, Burlington, Iowa; and Sgt. Roy L. Hollabaugh, Philadelphia.

The British corps driver was John Blackwell of Luton, Bedfordshire.

Seoul was a sorry sight. Buildings were demolished. Many were destroyed during the three previous times the capital changed hands. During the past month, it was pounded daily by 1,600 rounds fired by Allied artillery into Red positions.

Hagen's patrol found one enemy—a Chinese medical officer. He was taken prisoner. Civilians said some North Korean soldiers still lurked in the town in civilian clothes. But not a shot was fired in the first hours of Thursday.

The South Korean flag flies in bright spring-like sun over the capitol building. It was raised there at 7:15 P.M. Last night by a South Korean patrol.

Yesterday, Allied outposts had noted civilians looting the foxholes of the defenders. That was

Three Killed

(Continued From Page One)
Navel Station on the Detroit River, raced with the injured to a hospital in neighboring Wyandotte.

Crews of rescuers worked in the mud and sleet left from two days of rain, slush and snow.

The train, which left Detroit at 11:30 P. M., was to have hooked two of its cars onto the NYC's Florida Resorter, Royal Palm, at Cincinnati this morning.

A light snow was falling as it reached Trenton, a sleepy little steel town seven miles west of Detroit.

State police said the train apparently hit a split rail or open switch in the heart of the town. Two of the train's coaches tumbled over.

The bodies of Mrs. Allen and her baby were removed from the crumpled seat of one of the coaches.

State Police Commissioner Donald H. Leonard, in command of troopers at the scene, said their deaths were a "pathetic sight."

Others told of the husband frantically calling "Grace, Grace, where are you?" and "My wife, my baby, they're under there."

A carload of enlisted Marines headed for induction were unhurt. Their car remained upright. All clambered out on the snowy

the first tip that Seoul was being abandoned by the Reds.

No opposition was encountered as patrols of the U. S. Third Division and the South Korean First Division rode across the blue green waters of the Han and moved into Seoul.

The first patrol, a South Korean reached the west gate at 7 P.M.

The South Koreans returned to positions outside the city last night.

American patrols remained on hilltops in the eastern sector of the city. About 80 soldiers of the U. S. Third Division maintained an outpost vigil in the city until dawn.

Then they began to scour nearby roads.

Hagen's group proceeded toward the city's heart. And the some 200,000 civilian left of Seoul's one-time 1,500,000 population came to life.

Balance Achieved

(Continued From Page One)
ment bonds in Washington.

The State Industrial Commission in its annual report showed unemployment compensation benefits paid last year were \$3,449,684 less than the \$11,141,167 paid out the year before.

Heaviest payments went to citrus canning and packing plant employees and tobacco products workers who left idle by seasonal shut-downs.

The Commission said \$2.40 was paid out to citrus packing house workers for every dollar paid into the fund by their employers. Tobacco workers drew out \$2.24 for each dollar paid in.

The State Employment Service found jobs for 248,880 persons during the year—including 11,273 handicapped men and women. It gave 14,917 aptitude and proficiency tests and job counseling service to 14,858 persons.

The Industrial Commission Workmen's Compensation Division said industry paid \$5,607,213 to employees who were injured on the job. Of 92,000 accident cases reported to the commission, 81,051 were settled at a cost of \$2,980,548 to industry.

Personals

Harry Toome is expected to arrive tomorrow after spending some time in Texas and Mexico.

Mrs. W. E. Smith of Ocala is spending some time with her sister Mrs. J. B. Ray.

Friends of Charles H. Shaffer will regret to learn that he is confined to the Fernald-Laughton Memorial Hospital.

Friends of A. K. Liveright, winter visitor at the Mayfair Inn, will regret to learn that he is ill in the hospital in Orlando.

Les Baggett and Joe Surz of Richmond, Va., are visiting Mr. and Mrs. Richard Farrell for several days.

Friends of P. P. Campbell will be glad to learn that he is improving after several days of illness at his home.

Jack Russell plans to leave tomorrow for California on a business trip and en route home he will visit his brother and sister-in-law in Chicago.

Kenneth Leffer is expected to arrive tomorrow from the University of Tennessee to spend the spring holidays with his parents Mr. and Mrs. W. A. Leffer.

Mr. and Mrs. Ernest Neff and son Donald, Mr. and Mrs. H. J. Comfort and Mr. and Mrs. G. A. Proenier all of Canada have been recent guests of Mrs. Francis Bala.

Mr. and Mrs. D. K. McNab have as their guests Mr. McNab's brother and sister-in-law, Mr. and Mrs. Roy L. McNab and family of Indianapolis, Ind.

Friends of Mrs. Paul Biggers will be glad to learn that she has returned home after being confined to the Orange General Hospital.

Mr. and Mrs. James R. Bond of Toronto, Can., who have been visiting Mrs. Richard Ten Eyck left for Bradenton Beach and return for the Mills-Walker wedding.

AUDUBON SOCIETY
The Florida Audubon Society will meet at the Garden Center Mar. 19 at 8:00 P. M. Merritt C. Farrar, the executive director of the Society of Florida, will show a technicolor motion picture "The Birth of the Soil."

There will be a bus trip Mar. 31 to Merritt Island. The bus leaves the Garden Center at 6:45 A. M. and from there to the Chamber of Commerce in Winter Park and the bus will leave for the island at 7:30 A. M. Reservations may be made until Mar. 29.

proof of its eternal place in the world's music is evident as many groups all over the Christian world are now preparing to present this work during the Easter season. It is inconceivable that the future will see anything different. A thousand Easters from now, groups yet unborn will be rehearsing and presenting George Frederick Handel's masterpiece.

When the Seminole Choral Society undertakes this great work Sunday afternoon at 3:00 P. M., we would do well to remember the great tradition behind it—and for the soloists' and chorus' sake, the vocal demands it exacts.

Plans Announced For Miss Mills' Wedding

Miss Mona Ruth Mills announced today the final plans for her marriage to Richard Ten Eyck Walker which will be an event of Mar. 24 at the First Baptist Church at 7:00 o'clock.

Serving as the only attendants will be Mr. and Mrs. Charles B. Flanders. Ushers will be Wallace Tyre and Wallace Albritton.

Following the ceremony an informal reception will be held in the Baptist Memorial Educational Building. All friends of the couple are invited to attend.

Class Is Entertained By Mrs. Haynes

The Woman's Bible Class of the First Baptist Church met at the home of Mrs. M. C. Haynes with Mrs. H. H. Newman and Mrs. J. A. Strange as co-hostesses.

Mrs. B. C. Moore, presided over business meeting and Mrs. Fred Myers gave the devotion. Mrs. S. G. Harriman conducted a quiz contest which all the members enjoyed.

Those present were Mrs. Moore, Mrs. Newman, Mrs. Myers, Mrs. Strange, Mrs. Harriman, Mrs. B. F. McWhorter, Mrs. Esie Wilson, Mrs. Eunice Dunn, Mrs. Nolie Williams, Mrs. E. B. Carter, Mrs. M. L. Denton, Mrs. C. A. Andrews, Jr., Mrs. A. J. Peterson, Mrs. O. C. Gibbs, Mrs. G. T. Newby, Mrs. H. H. Slaughter, Mrs. G. Lewis and Mrs. F. E. Bala.

Elliott Roosevelt Marries Mrs. Ross

MIAMI BEACH, Mar. 15 (AP) — Elliott Roosevelt, second son of the late president, married Mrs. Minerva Bell Ross, California heiress, in a simple ceremony here today.

The wedding was completed at 10:25 A.M. at Mrs. Ross' home on fashionable Sunset Island No. 1. It was the fourth marriage for each.

Roosevelt came out of the house, smiling broadly, immediately after the brief service, and invited newsmen and photographers to follow him around the house to a back lawn facing the water, where his yacht, Storm King II, was anchored.

Mr. and Mrs. James R. Bond of Toronto, Can., who have been visiting Mrs. Richard Ten Eyck left for Bradenton Beach and return for the Mills-Walker wedding.

Rules Announced For Flower Show

The Annual Flower Show sponsored by the Garden Club will be held in the Episcopal Parish House Mar. 29 from 2:00 to 9:00 P. M. and Mar. 30 10:00 A. M. to 9:00 P. M.

Everyone in this vicinity interested in flowers and gardening is invited to take part in the flower show. Mrs. Michael Ginson, chairman, announced today.

Rules for entries and exhibits are as follows: 1. All entries must be brought to the show rooms between 8:00 and 10:30 A. M., Thursday, Mar. 29. Exhibitors will use their own containers.

2. Exhibitors shall have only one exhibit in each section of each class.

3. All containers should be marked on the bottom with owner's name. Containers will be furnished for specimen classes.

4. First, second and third awards and honorable mention will be made in a variety in each class.

5. Two trophies will be awarded by the judges, one for horticulture, the other for the best arrangement in the show. It may only be given to a blue ribbon winner. All specimens must be labeled.

Flower show committees are Mrs. Ginson, general chairman; Mrs. H. B. Crumley, artistic arrangements; Mrs. James Terwilliger, awards, judges and clerks; Mrs. B. F. McWhorter and Mrs. Herman Jacobson, classification and entries; Mrs. Jacobson, Mrs. Terwilliger and Mrs. Paul Chesterson, horticulture exhibits; Mrs. R. G. Hinson, information and hostesses; Mrs. John Schirard and Mrs. Clyde Ramsey, Junior Garden Club; Mrs. Ginson, properties; and Mrs. Floyd Palmer, publicity.

BPW Fashion Show Is Slated Tonight

Models for the Easter Fashion Show sponsored by the Yowell Co. and the Business and Professional Woman's Club tonight at 8:15 o'clock at the Woman's Club are as follows:

Mrs. Miriam Russell, Mrs. Douglas Stenstrom, Mrs. Max Furdum, Mrs. M. D. Conway, Mrs. W. H. Stemper, Mrs. Cherry Singletary, Miss Dillon Baker, Miss Gloria Studstill, Miss Diane Gingles, Miss Donna Gale Routh, Miss Bobbie

GENEVA NEWS

By ADDIE PREVATT

Mr. and Mrs. Sam Levy of Sanford were Sunday guests of Mr. and Mrs. Ed Guyette.

Mrs. Judson Lanter of Fort Pierce was a recent guest of her brother-in-law and sister, Mr. and Mrs. Lattie Alderman.

Mr. and Mrs. Horace Wesson and sons, Mrs. Thelma Bachelor of Winter Park called on Mrs. Corrie Wesson and Mr. and Mrs. Roland Wesson and daughter.

Henry Levy visited friends in Lake Mary Sunday.

Mrs. Scott Kizer was taken from the Fernald-Laughton Memorial Hospital Sunday and taken to Mims to stay with relatives there a few days.

Dan Dreggers and Charlie Bowen were taken from the Fernald-Laughton Memorial Hospital last week and are at their home doing very well.

Mr. and Mrs. M. H. Sellars of Rest Haven on Lake Harney spent the weekend in Sanford.

Mr. and Mrs. Cecil Blankenship spent the weekend at Rest Haven on Lake Harney before returning to their home in North Carolina.

Mr. and Mrs. Cyeann who have bought the Sellon home on Rest Haven have returned to their home in Connecticut.

Mr. and Mrs. W. L. Seig and Mrs. Spero had dinner Sunday with Mr. and Mrs. Carole Calpepper in Eau Gallie.

Mr. and Mrs. Billy Geier and son Jimmy of Orlando spent Sunday with Mr. Geier's mother Mrs. Harry Geier and family.

Mr. and Mrs. Joe Goodson and son Donnie of New Smyrna spent Sunday with Mrs. Wendell Brantley and daughter Julie.

Mrs. Margaret Everett of Umbrella visited her brother and sisters, Mrs. Allen, Mrs. Street, and W. L. Sieg last week.

Morton, Mrs. Kay Ivey, Miss Ellen Vihlen and Miss Dusty Crawford, Mrs. H. B. Smith will be the commentators.

War Preparations

(Continued From Page One)
 The plant at Fort Worth working on stepped-up B-36 bomber orders.
 Two companies at Houston are building small arms. Another is building heavy artillery. Other Houston area firms opened up new tank assembly and repair shops.
 Almost everything in the air line is being built within a 40-mile circle that includes Dallas, Fort Worth, and suburban Garland.
 The federal government reactivated synthetic rubber plants along the Texas gulf coast, and also encouraged farmers to plant Texalut—a strange plant from which natural rubber can be processed.
 Reynolds Aluminum Company announced plans to build one of the greatest aluminum plants in the nation near Corpus Christi. It will cost at least \$40,000,000. Three or four nearby towns will have great reduction plants.
 Plans for Texas' second fully-integrated steel processing plant were announced by Lone Star Steel Company, which will erect it at Daingerfield in East Texas. Sheffield's plant at Houston is so far Texas' only plant which produces plate steel from raw ore.
 Heavy chemical industries recruited several thousand new workers at Beaumont and Port Arthur. New River Ordnance plant at Texasiana added several thousand in its stepped-up ammunition production program.
 Texas' great oil industry is putting heavy emphasis on high-octane aviation gasoline.
 When World War II started, Texas refinery capacity was 1,950,000 barrels daily. Daily crudes now are hitting a record of 5,500,000 barrels, compared to 5,200,000 a year ago. Refinery capacities reached a record of 7,322,200 barrels daily last year, and oilmen expect to add 100,000 in 1951.
 Oil production is barely holding its own at 2,400,000 barrels daily in Texas. But the industry expects the Texas railroad commission—which regulates the industry—to allow greater production.
 Of the many refinery expansions being planned, those announced include Gulf Oil's multi-million dollar Ethylene gas plant at Port Arthur. Ethylene is used in making synthetic rubber and plastics.
 Magnolia Petroleum Company, a Standard affiliate, has completed two cracking units to speed up the output of higher-valued chemicals essential to aviation fuel. Continental Oil Company plans a \$10,000,000 catalytic cracking plant (modern refinery) at nearby Lake Charles, La.
 West Texas is in on the mobilization effort as well as the industrial east and Dallas-Fort Worth areas.
 On a four-acre tract east of Amarillo, the Atomic Energy Commission has a mystery project. AEC has been non-communicative about what is going on except to say it does not involve radioactive materials. The site is 17 miles from Amarillo and was Pantex Ordnance plant in World War II. About 1,000 persons will work there.
 To the south, the midland-Oletha area has at least one order for 100,000,000 gallons of high octane aviation gasoline.
 Biggest military center in San Antonio, site of Lackland Air Force base, Fort Sam Houston and Randolph Air Force base, Lackland—where reports of overcrowding and lack of facilities for Air Force recruits drew a Senatorial investigation—is handling one of the greatest floods of manpower in Air Force history. Randolph AFB, assigned a new \$30,000,000 aero-medical center, will be the top military medical center in the world, according to Rep. Paul Kilday (D-Tex.).
 The Air Force wants more than 50 million dollars for work at Amarillo air Force Base. Sheppard Air Force base at Wichita Falls is bulging with Air Force recruits recruited there from San Antonio. Carswell Air Force base at Fort Worth—home of the B-36—will get new space for its super-bomber fleet at a cost of more than \$2,500,000.
 New barracks will go up at Fort Hood in central Texas. Fort Bliss in West Texas is being a guided-missile center and an anti-aircraft firing center. Canon Walters at Mineral Wells is being reactivated as a training site for Air Force construction engineers.
 When Caesar conquered Egypt, part of the tribute was paid in glass.

Minneapolis Millers And Ottawa Play Exhibition Game Saturday

The Minneapolis Millers and the Ottawa Giants will play an exhibition game Saturday at 2:30 P.M. at the Municipal Baseball Stadium, Ottawa Manager Hugh Poland announced today. A second game is scheduled for Sunday afternoon.

Although neither squad was at full strength both the Millers and the Giants went through pitching, batting and infield drills yesterday in spite of the cold snap. Manager Poland expressed himself as well satisfied with the first drill which concentrated heavily on hitting practice and throwing to loosen up shoulder muscles.

Jacksonville and Sioux City were scheduled to begin spring drills today along with the Sanford club.

In addition to manager Richard Klans five Sanford players have reported in. They include Joe Elbe of East Alton, Ill.; Eugene D. Kister of Hammond, Ind.; Donald C. Bailey of Pittsburgh; William Wadking of Dale, Ind.; and Orville Melinger of Jasper, Ind.

Business Manager John Kridler pointed out that the local club will be able to carry 21 players during the first 30 days of the season before the roster is cut to 15. By that time, he said, the cutting process begun in the majors will have sifted down to the Florida State League and the Sanford Giants will be able to field a stable roster.

Kridler emphasized that every player on the tight 15 man squad will have to be utilized to the utmost of his ability. Promotion does not make Deland and Gainesville the toughest teams but Kridler said this could change at any time.

Minneapolis, last year's pennant winner, and Ottawa stand to profit heavily from an overloaded Giant roster of sixteen stars. When the parent club begins to cut back to its 25 player maximum, both the triple A clubs may get great infield prospects such as Dave Williams and Pete Pavlek.

Bill Gardner, hard-hitting Sioux City third baseman, is another hot prospect.

Field Trials Enter Final Phase Today; Mirror Is Favored

HERNANDO, Miss., Mar. 15—(AP)—An eager point that ditched his handle but stuck with the judges came back today for another round at the United States Field Trial Club's Derby Title. Mirror, owned by Dr. H. A. Scott of Cantonment, Ill., ran a high handsome hunt while his handler was beating the bushes for him in another direction, being him off on a private foot.

But Mirror stuck with the most who count and showed them fine style on one day. It was enough to make the judges want a second look—complete with handle. Mirror and nine other ten-year-old biddens up for judging today marked the final round of the Derby stake, which started Monday. The winner was expected to be named tonight. Twenty nine dogs are entered.

Pointers and setters that snoped for quail yesterday operated under tough weather conditions. It was cold and windy. A light blanket of snow melted under the afternoon sun and left the field soggy. Many of the dogs, however, were on game.

Lopes owned by Sheldon Smith of New Orleans, looked good. He handled two stylish beets. His brace mate, Eufaula Wyatt Gada, about from the Wyatt Plantation Kennels at Comer, Ala., went birdless.

Wyatt Celebration, also entered by the Wyatt Plantation, was traveling fast and accurately when his hour ended. But he got off to a bad start and was charged with an unproductive point.

Others who showed were included Hishill Peerless Diamond owned by Mike Jennings of Columbia, Ga.; and Bishop John owned by Lehmann Vennek of Union Springs, Ala.

Greyhound Gas is on the air tonight over WDBO at 6:10 with all the 'dope' on the dogs of the Orlando-Sanford Kennel Club.

PHOTO FINISH USED NO MINORS ADMITTED ROUTE 17—8 MILES South of Sanford.

Hot Seton Hall And St. John's Favored In NIT Tournament

By WILLIAM GRIMSLEY
NEW YORK, Mar. 15—(AP)—The National Invitation basketball title, in the final reckoning, may hinge on the individual duel tonight between Dayton's brilliant Don Meineke and big Bob Zurek of St. John's.

St. John's, top-seeded, will make its home debut at 7:45 P. M. in the first semifinal game of the 14th annual tournament at Madison Square Garden.

Red hot Seton Hall and Brigham Young, champions of the other Young, champion of the Skyline game at 9:30 P. M. The winners clash Saturday for the championship.

Seton Hall, impressive competitor of high-scoring Heloit and North Carolina State, is rated by rival coaches as the hottest team in the tournament.

St. John's, however, remains the tournament favorite.

Dayton will provide the test for the No. 1 seeded entry. The Ohioans showed plenty of class and drive in eliminating Lawrence Tech, 77-71 and fourth-seeded Arizona, 74-68.

Meineke, a six-foot-seven 170-pounder who is also a tremendous rebounder and floor man, scored 33 points in the first game and 27 in the other. His 67-point total makes him high man of the meet.

At the same time, although zealously guarded, he committed only four personal fouls, two in each.

Against Arizona he got 21 free throws, converting 15 for a new tournament record.

Zurek, a rugged six-foot-six junior, is more prone to foul out in this two-man wrangle. Bob had four on him in the St. Bonaventure game, which St. John's yanked from the fire.

The Seton Hall-Brigham Young fray also presents two good big men in Walt Dukes, the New Jersey team's seven-foot sophomore, and Mel Hutchins, a star four-footer.

The tournament is taking a beating at the gate, the result of the recent gambling scandal that knocked out strong local teams.

The first four doubleheaders have attracted 4,130 patrons compared with 71,000 for the same period last year.

Round Robin Planned For Indoor Matches
PHILADELPHIA, Mar. 15—(AP)—Round Robin play is planned for the 1951 World's Professional Indoor Tennis Championships sponsored by the Philadelphia Inquirer-Charities, Inc.

The sponsors announced today each entry will meet every other contestant in the tournament once, adding that this is the first major professional tennis event ever planned along these lines.

The doubles will be run in the usual manner.

Defending champion Richard Gonzales and former champion

WRESTLER KNIFE BEDDING, Calif., Mar. 15—(AP)—A knife-wielding operator went into the act at a team wrestling match last night.

Frank Jares was lying with his head on the mat just outside the ropes. An late customer rushed up and stabbed the wrestler between the eyes.

Jares' partner, Herb Holled Haggerty, leaped from the ring and chased the knifer over customers and seats.

Haggerty lost the chase, just as he and Jares had lost their two fall match to Vincent Lopez and Pat McGill.

Straight from the Horse's Mouth

By ED BARBER

For the University of Miami basketball team the 1953-54 season was a paradox. The squad had an indifferent 10 win and 12 loss record but set quite a few team records.

High scorer Cy Chadroff—bushy-haired, bespectacled forward of the Hurricane court team—set a new record from the free throw line converting 51 out of 68 tries to take the crown from his teammate Mackey MacDonald.

This 794 average on fouls was only one of the versatile Chadroff's sterling qualities in the season just finished.

He also scored the most points on the team—208—for a 12.3 average per game equalling that of Mackey MacDonald who played in one game less.

MacDonald, touted as one of the best courtmen in the state before the season opened, lived up to predictions scoring 265 points and acting as a catalyst on scoring plays.

Using a slam-bang break which often befuddled his opponents, the Miami squad was a hot and cold aggregation. Losing the first game to a weak Rollins College team, the Hurricanes soared back to beat Florida Southern, Louisiana State, Connecticut Teachers College, Florida State University and Dartmouth before losing to Yale.

A few weeks later Coach Hart Morris' team to establish itself on Rollins 79 to 51 establishing their superiority over the magnificently Western Kentucky school in an altogether different contest from the first flaco.

State Champion Tampa eked out a two-point victory over the high scoring Hurricanes 77-75. Only twice were the Miami basketballers held to less than fifty points during the season.

St. Joseph's College did as did the magnificent Western Kentucky squad which lapped the Florida team 89 to 47 for the worst defeat of the year.

This year's Hurricanes broke all scoring records for Miami teams with a blistering average of 67.4 points per game. But the Magic City basketballers were no hall-of-fame on defense. Their opponents scored almost at will and often the Hurricane fast break degenerated into a wild-passing, uncoordinated down court scramble for the ball. But it worked smoothly if almost as often.

King of the Hurricane defense was big, rangy Howard Keene who set a Miami record with 271 rebounds in 22 games.

Smoothness was the biggest lack of the Miami five and the squad will be hard pressed to improve in 1951-52 since MacDonald, Joe Grist and Tony Ferrara have played their last games.

Cy Chadroff, one of the best courtmen in the state, should improve on defense—his offense leaves little to be desired. But aside from him and Keene Coach Morris has a very big job to look forward to except another so-so season.

Hobby Riggs head the list of stars that includes also Jack Kinner, Frank Kovacs, Francisco (Pancho) Segura and Volvy Van Horn.

The tournament opens Mar. 21, and offers \$10,000 in prize money.

HOW LONG SINCE YOU FELT REALLY GOOD?

Maybe you're just tired, fatigued, slowed down! Or maybe you're tormented by vague aches and pains, gas, indigestion, heartburn! If those troubles are due to a lack of Vitamin B₁₂, Niacin and Iron you may find relief with beta's great HADACOL. Thousands of my good friends are writing in constantly to tell me how my great formula, HADACOL, has helped them get back on the track to feeling really good, really alive again, by relieving the very cause of troubles due to such deficiencies. You can trust the words of these folks, good people just like yourself, from all sections of the country, who have found new hope, a chance for a brighter tomorrow, with HADACOL. Why delay? Why wait? Won't you give my formula a chance to help you, too? I'll refund every penny you pay if HADACOL doesn't help correct your trouble when this is such deficiencies. Just ask your druggist today for HADACOL.

Training Camp Notes By ASSOCIATED PRESS

PHOENIX, Ariz., Mar. 15—(AP)—Casey Stengel, manager of the New York Yankees, is impressed with the play of rookie third baseman Gil McDougald.

McDougald, most valuable player in the Texas League last season, has played every inning in the Yanks four exhibition games. He hit safely in every game for a .252 average.

ORLANDO, Mar. 15—(AP)—Bobo Newsom, one of baseball's active ancients trying to prove he's still good enough to pitch major league baseball, has given the Washington Nationals proof he still has a hot on the ball.

Manager Bucky Harris let Bobo Newsom, who is probably not a day over 45—don a Nat's uniform yesterday to face a few tyouts in Mickey Vernon, first string Nats catcher.

One of Bobo's first warm-up pitches was a fast breaking curve that wound up on the tip of Vernon's right hand middle finger. Vernon was out of action at least 10 days.

BRADENTON, Fla., Mar. 15—(AP)—Warren Spahn seems to be recovering from his first sore arm. The Boston Braves' left-hander hurled 10 minutes of batting practice yesterday before the Tribe left Sarasota to play the Red Sox.

Today the Braves play a "home game" against the St. Louis Cardinals.

PASADENA, Calif., Mar. 15—(AP)—Coach Roger Cramer says the Chicago White Sox are going to learn a new word, it's "win."

Cramer contends the Sox must overcome a defeatist attitude. "I used to like to come to Chicago," he said, "we had the White Sox beaten before the game. The Sox pre so used to losing they don't know what it's like to win. We are going to put the winning spirit back in the club."

Player optimism is growing in the Sox camp. Some players have the club climbing as high as fourth in the American League race.

ORLANDO, Mar. 15—(AP)—The Detroit Tigers would like very much to forget a game they won 10-8 from the St. Louis Cardinals yesterday.

The Detroiters did just about everything wrong—made misplay hit into three double plays and saw pitchers Hank Borowy and Earl Johnson pummeled for 10 hits and eight runs in five frames.

Nine runs in the eighth inning on seven bases on balls, a hit bat-man and three singles gave Detroit the victory.

SAN BERNARDINO, Calif., Mar. 15—(AP)—Willie Mays saw home run king Ralph Kiner playing first base instead of left field this year?

The Pittsburgh Pirates tried him out at first yesterday in an exhibition game against the Cleveland Indians. He didn't do so badly. He handled nine chances without an error.

Ralph has feared playing first might interfere with his batting.

In three trips yesterday he got one hit, a triple that drive in two runs.

MIAMI, Mar. 15—(AP)—Manager Luke Sewall hasn't started chewing his fingernails in desperation yet, but it may come soon—the Cincinnati Reds' batting punch is getting weaker by the game.

Joe Hatten and Carl Erskine held the Reds to four hits last night as the Brooklyn Dodgers licked them, 3-2.

That was the latest phase in the decline of the Cincinnati attack. The Reds got 12 hits when they won their opening spring training exhibition game Saturday. They dropped to eight hits Sunday. They added to five hits Tuesday and then hit the low of four safe blows last night.

ST. PETERSBURG, Mar. 15—(AP)—Talk of the possible sale of trade of St. Louis Cardinal pitcher Howard Pollet cropped up again today.

Pollet is the club's only holdout. Pollet won't come here to meet with club owner Fred Saigh. He said he will stay in Houston, Tex., until he gets terms that are satisfactory.

Saigh said previously he won't change his mind about cutting Pollet's salary for last year by 25 per cent.

Sanford - Orlando Kennel Club Entries

TONIGHT'S ENTRIES

School Tournament Is Won By Room 9

Room Nine won the recent Round-Robin Soft Ball Tournament at the Sanford Grammar School. Captain elected by secret ballot were Bobby Gentry and Ann Thurston.

Members of the winning team were Bobby Gentry, Ann Thurston, captain, Irene Keely, Eugenia Dowling, Mary Ann Hall, Troy Richardson, Raymond Weinman, Laura Phillips, Betsy Westfall, Buddy Dunn, Donald Earnest, Sylvia Pearson, Randall Robins, Edward Cowan, Branley Schieler, Alice Wells, John Pennington, Joan Kampf, George Arnold, and Jackie Miller.

Each team was composed of six boys and four girls. Room seven took second honors winning four and losing two. Captains of room seven were Jim Warner and Joan Mynes.

Features of the tournament were Joan Mynes hit five home runs, Tony McDaniel hit the longest home run and the pitching of Gentry for room nine, all teams won at least one game. All teams used a girl on first base and their play was very fine.

Room nine used a total of 20 players during the tournament losing one game. Students officiated in all games.

Ford Frick, now president of the National League, is the ninth individual to hold that job.

Cinderella Kid Johnny Bratton Wins Split Decision Over Fusari

By JERRY LISKA
CHICAGO, Mar. 15—(AP)—The NBA's brand new welterweight champion, Cinderella Kid Johnny Bratton, has a tentative May 4 date to defend his title against Cuba's Kid Gavilan at New York's Madison Square Garden.

But it will be a long time before cloud-and-stare Bratton forgets the bloody 15-round battle with game-to-the-core Charlie Fusari which gave him Sugar Ray Robinson's vacated crown at Chicago stadium last night.

A sparse stadium crowd of 6,254 and millions who viewed it on television saw Bratton gain a split decision over Fusari.

The fight appeared finished when Bratton, a cute clipper who fights in spurts, whistled a right that knocked Fusari flat on his back in the 10th round. But Fusari rolled over, clutched onto the referee's shirt and hauled himself to his feet at the count of nine.

The gross gate was \$42,021.90. The crowd was held down by rain and snow—as well as television. Of the net take of \$42,255.52, Bratton and Fusari each collected 27 1/2 per cent, or \$4,899, plus \$1,560 television fee.

Although Bratton ran out of gas after flooring Fusari in the fourth round for a four count and almost ending the fight in the

tenth, it was a great night for the 23-year-old Chicago Negro.

Twice previously, in the same ring, Bratton had his jaw broken—by Beau Jack and Ike Williams—and until last year he appeared headed for losing's limbo.

Fusari paid dearly for five months of idleness. It was his first bout since he had stopped Tony Pelina at Chicago stadium last October. His timing was bad, and although he had Bratton in trouble frequently, he never could get a left-right combination going.

But on canvas the 25-year-old Irvington, N. J., fighter was the champion of the evening.

Partly cloudy this afternoon and Saturday, fair tonight. Not quite so cool tonight, warmer Saturday. Gentle to moderate variable winds becoming moderate southeast by Saturday afternoon.

UN Troops Win Artillery Duel Near Hongchon

Reds Stand And Fight Defending Key Base Near 38th Parallel In Vicious Battle

TOKYO, Mar. 16—(AP)—American troops overwhelmed desperate Reds in a roaring artillery duel on the Korean war front today and then crashed ahead for new gains.

The Reds threw their heaviest artillery fire of the war.

Americans answered with a barrage that out-thundered the Reds, 50 shells to one.

The drive carried an American division onto high ground north of Hongchon, an important road hub 20 miles south of Parallel 38.

Earlier Friday the Reds abruptly halted their eight-day retreat on the central front. They turned on the Allies with their heaviest artillery barrage yet.

Then came the roaring American echo.

United Nations warplanes joined in the blasting with rockets, firebombs and machine guns.

The Allied answer to the Communist stand loomed throughout most of Friday.

Front dispatches did not identify the U. S. troops in the action. Nor did they give the distance of the American advance.

But they said that Chinese Communists had thrown reserves into the fight north of Hongchon. Elements of the 39th and 40th Chinese Communist armies (Corps) were identified in action there. The units last were reported farther east in February.

The defense line the Reds were trying to set up was roughly 20 miles south of the Parallel that used to separate Communist North and Republican South Korea.

It stretched across Korea for 80 miles. Its keystone is the Chuchon.

Elsewhere along the fighting (Continued On Page Six)

State Attorney Is Asked For Inquiry Into Maddy Leases

An investigation of leases and "life memberships" to tenants at the Fellowship Foundation, of which I. A. Maddy is manager, was requested of Assistant State Attorney Hubert Griggs this morning at the Court House by a group of about 25 tenants who are faced with the necessity of moving due to pending Navy regulations of the Naval Air Station.

One elderly man declared that many persons, tenants of buildings at the Foundation, had bought life annuities, with some of them putting in as much as \$10,000 to \$15,000 for what they supposed to be 99 year leases.

Attorney Griggs told the group that he would check into any possible legal violations in the contracts or leases, and suggested that they employ a competent attorney in behalf of their civil rights.

"I assure you that if I find any law violations, I will set in motion," he declared.

Hiss To Be Forced To Begin Sentence

NEW YORK, Mar. 16—(AP)—A mandate expected to be filed in U. S. District Court today will begin the way for Alger Hiss to start serving his five year prison sentence for perjury next Thursday.

The U. S. Supreme Court refused last Monday to review the case of the former high-ranking State Department official. He was convicted of lying when he told a grand jury he never gave government secrets to Whittaker Chambers, an admitted Communist courier.

U. S. attorney Irving H. Saypol said yesterday he would ask that Hiss be sent to prison Tuesday. He added that Hiss could move within 60 days for modification of the sentence, but that such action would not delay imprisonment.

NEWS WINS CONTINUE
NEW YORK, Mar. 16—(AP)—Walter Davis of the Miami Daily News has been awarded first prize in Editor and Publisher's 12th Annual Spot News Photo Contest. It was announced today.

The first prize of \$500 went to Davis for his photo showing reporter Ross Malloy of the News being tossed into the sea from a wrecked plane on the enemy beach at Iwo Jima.

Malloy was seen to step ashore to the Japanese camp when a high wave struck the boat and sent her spinning into the water.

Tourist Club Officers

Officers of the Sanford Tourist and Shuffleboard Club, which numbers more than 175 members are shown as they appeared at a recent meeting and entertainment of the Club at the Tourist Center. Front row, left to right includes Mrs. W. H. LaFetra, secretary; Mrs. William McCarthy, president; and Miss Mary McManis, trustee. In the back row: Fred Hasky, treasurer; John Reinwald, trustee; J. R. Jones, trustee; and Tom Vernon, vice-president.

German Question Snags Discussion Of Big 4 Deputies

Russians Expected To Demand Question Be Decided Separately

PARIS, Mar. 16—(AP)—Word from the Kremlin was awaited today on whether the Big Four can discuss arms for Germany as part of the whole European problem, or whether Moscow will insist the question be taken up separately.

It is believed the Russians will continue to insist on separate discussion of the German question, shadowed by Soviet Deputy Foreign Minister Andrei Gromyko at yesterday's session of the Big Four deputies trying to draw up an agenda for a Foreign Minister's party.

France, Britain and the United States contend the issue European situation has led them to think about German defense and they cannot properly discuss the issue without the cause.

Rhodes' Ernest Davies emphasized that again yesterday. The Western delegates have made it their main contention.

Gromyko, however, has been harping on the importance of the 1945 agreement at Potsdam to disarm Germany.

To meet his objections, U. S. Ambassador At Large Philip Jessup offered a new statement of the first point the western powers want the ministers to discuss.

"An examination of the causes of the present international tension in Europe and of the means to secure a real and lasting improvement in relations between the U. S. S. R. and the U. K., the U. S. and France such as: The existing level of armaments and its effect on the question of demilitarization of Germany and the means for control and reduction of armaments; measures to eliminate fear of aggression and fulfillment of present treaty obligations."

It was the first time, after 10 days of proposals and counter-proposals that the western powers, had agreed to the words "demilitarization of Germany." (Gromyko (Continued On Page Five))

Danger Of Germ Warfare Minimized By Civil Defense Administration

By ELTON C. FAY
ASSOCIATED PRESS MILITARY AFFAIRS REPORTER
WASHINGTON, Mar. 16—(AP)—The Civil Defense Administration wants to head off public panic over fear of germ warfare attack, real or rumored.

It started circulating today a pamphlet on "what you should know about biological warfare." The booklet is a companion piece to the previously published official pamphlet "Survival Under Atomic Attack."

Like the A-Bomb guide, it is intended to bring the weapon into proper focus, to show it is not a universal killer although, like the atomic bomb, intended for mass destruction.

The biological warfare booklet says:

"Start a rumor and you may start a panic. A panic may cost your own life. So disregard wild talk about biological warfare and don't pass it on to your friends. Don't listen to propaganda or rumors about germ warfare."

C. Of C. Outlines Party On Monday For Tourist Club

Games and guessing contests, including the determination of the identity of "mystery man," will be featured at the party to be held Monday night at the Tourist Center by the Chamber of Commerce for the members of the Sanford Tourist and Shuffleboard Club. It was announced today by Ed Whitney, Chamber of Commerce manager.

The Tourist Club recently received a plan which will be used for the first time at the party, said Mr. Whitney. Music during the evening will be played by a string trio under direction of Harry Wester.

Two 10 year olds, June Jennings and Joe Andrews of the Duxbury School of Dancing will perform a novelty tap dancing with Peggy Wright accompanying.

Mrs. P. M. Gingles will serve as hostess in behalf of the Chamber of Commerce.

The program, said Mr. Whitney, will include a TNT show, meaning "tourists' night talent."

The center will be decorated with flowers, and each of the lady guests present will receive a corsage. Refreshments will be served.

POT OF TEA

LONDON, Mar. 16—(AP)—The St. Pancras police station received this morning a report that a five-ton truck loaded with 3,000 pounds (1,360 kg) worth of tea had been stolen.

One hour later the same station received a report of the theft of a five-ton truck loaded with four chests of tea.

ROYAL COLLISION

LONDON, Mar. 16—(AP)—It sounded like a royal collision. A bicycle ridden by Louis King, a lady driven by James Victor King collided.

The name of the traffic policeman who saw the accident? Albert King.

ZONING HEARING

The Sanford Zoning Board will hold a hearing tonight at 7:30 o'clock at the City Hall to consider the request by W. H. Conrad of DeBarry to erect a duplex dwelling on First Street immediately west of Station WTRR.

The property is zoned R-1-A, a high residential classification, said City Manager Clifford McKibbin.

Jap Pact Contains No Unjust Items, Acheson Declares

Dulles Offer To Confer With Russians Is Rudely Rejected

WASHINGTON, Mar. 16—(AP)—Secretary of State Acheson said today he hopes Russia will reject a proposal to confer with the United States on a new treaty and join in concluding one before the end of the year.

Acheson told a news conference he sees no reason why the tentative treaty that Ambassador John Foster Dulles is now drafting should be found objectionable by the Soviet or any other government.

Acheson said he had made a full study of the Paris talks, had been in direct touch with Jessup this week, and was impressed with the skill with which Jessup was representing the United States.

Acheson's remarks about the (Continued On Page Six)

Egg Prices Rise In Spite Of Halt In Support Program

By OVID A. MARTIN
WASHINGTON, Mar. 16—(AP)—Government farm officials wondered today if their efforts to get farmers to produce fewer eggs haven't been too successful.

This speculation was prompted by the fact that consumer egg prices are averaging more than a third higher than a year ago. Normally they dip rather sharply during the season of the year giving the housewife a bargain buy.

A year ago Secretary of Agriculture Brannan started a campaign to reduce the volume of egg production. He lowered the level at which his agency supported producer egg prices from a national average of 45 cents a dozen to 25 cents.

In doing this, Brannan said, he was moved by a desire to cut down on government buying of surplus eggs.

But despite this lowering of the price support level, the production of eggs last year continued at a relatively high level.

In November Brannan announced the government would junk the egg price support program in 1951.

This action was followed by heavier than normal selling of young laying hens. Many poultrymen figured that withdrawal of price supports would be followed by a sharp decline in egg prices. They saw little opportunity of making any money.

As a consequence, the nation's laying flock started the year with at least three per cent fewer layers.

Egg production naturally (Continued On Page Five)

CONFIRMED BACHELOR

LONDON, Mar. 16—(AP)—"No, no, no!" cried Isaac Langley, just turned 101, "I don't want to get married again."

And he wrote to three women who told him they were eligible and looking for a husband that he is not in the market for a wife.

The suggestion made at his birthday party last Saturday that he was seeking a mate was not correct, he said.

C. Of C. Asks For Abolition Of RFC Agency

Tarnished Integrity Of Loan Agency Has Ended Usefulness, Organization Says

WASHINGTON, Mar. 16—(AP)—Directors of the U. S. Chamber of Commerce today called for abolition of the RFC.

The 45-member board of the business organization adopted a resolution saying:

"Facts disclosed by the Fulbright subcommittee have created uncertainty and distrust concerning RFC procedure. Engaged as we are in a national mobilization the integrity or general moral level of the government or any of its agencies subject to question."

Senator Fulbright (D-Ark.) heads a Senate Banking Subcommittee which has been investigating RFC lending. The group has charged that some directors of the RFC have yielded to influence in making loans.

As a result of the committee's disclosures, considerable sentiment has built up in congress for killing the RFC.

Fulbright himself has taken the stand that the agency should be continued but reorganized and "cleaned" up.

Some Congress members also argue the RFC is a big help to small business and ought to be continued for that reason.

There is a dispute in the Senate also as to whether the Fulbright committee should continue its RFC investigation. Fulbright has said he wants to bring the inquiry to an early end, but Republicans in particular are calling for its continuation. Chairman Maybank (D-DC) of the full banking committee said he thought it should go on.

The U. S. Chamber of Commerce is a business-civic organization on a national scale similar to the Chambers of Commerce in most cities. Many local chambers are affiliated with it. The national organization says its members represent all phases and sizes of business.

In urging an end to the RFC, the chamber directors said:

1. Abolition of RFC "would save approximately \$18,000,000 in administrative expense and would reduce federal personnel—now at record high level—by 3,000 employees."
2. A "tendency toward increased interest rates" will make private lenders more willing to make business loans.

RFC was created in 1932 to provide emergency financing in (Continued On Page Six)

Munitions Contracts Are Placed At Rate Of \$60 Billion Per Year

Officer Describes Open Violation Of Laws On Gambling

WASHINGTON, Mar. 16—(AP)—The government today filed tax evasion charges against Ralph Capone, described as a "Chicago racketeer" and brother of the late Al Capone. The criminal complaint was filed before a U. S. commissioner in Chicago and announced here by revenue commissioner George J. Schoeneman, who said a warrant had been issued for Capone's arrest.

NEW YORK, Mar. 16—(AP)—High-stakes gambler Frank Costello, who suggested today that a senate crime committee hearing, said today he will return for questioning at the committee's orders. Costello, who had been told he would be arrested and brought before the committee forcibly if he did not appear, gave in a few minutes before a deadline set by the committee.

Disabled Vets Pledge \$100 For Hospital

Members of Post No. 30, Disabled American Veterans, at a meeting at the Legion Hut last night, pledged \$100 toward the building of a new hospital in Seminole County.

Lynn Twyman, commander of the Post, and 100 per cent disabled war veterans, led the movement for the action, with the active support of John Kauter, Tim Crawford and George Swann.

Commenting on this public spirited action, the first by any local group in regard to a new hospital, Judge Douglas Stenstrom declared: "These are boys who fought and were wounded and who know the value of a hospital to the city and county."

"By this action," he added, "they have stolen the march on all other Seminole County organizations."

The Post, which has a membership of 26, enjoyed a turkey supper at which 40 persons were present.

It was reported at the meeting that 47 babies have already been entered for the baby contest which the Post will stage on March 30 at Seminole High School.

Beefed Up Navy Concentrates On Stopping Red Submarine Menace

(Editor's Note: Here is another story in the series on American industrial and military mobilization. This article deals with the Navy's fast build-up since the start of the Korean war and its plans for the future.)

By DON WHITEHEAD
WASHINGTON, Mar. 16—(AP)—The American Navy today is beefing up its sea and air power with startling speed to meet the threat of Red Russia's big submarine fleet.

The Navy's emphasis is on anti-submarine warships and increased air strength aboard fast-moving carriers.

The Navy is confident that within another year it will have the Russian submarine menace pretty well licked—even if there is a shooting war.

Vice Admiral Donald B. Duncan, Deputy Chief of Naval Operations, said in an interview:

"We think we can get convoys across the ocean without too much trouble right now in case of war. I know we can do it next year without strain."

But the Navy's progress in (Continued On Page Five)

Rotary Luncheon

The Rotary Club will meet in the high school auditorium Monday where Prof. Herman Morris will present a program on "What's New in Education." President Orville Touchette announced today.

Luncheon will be served on the stage and members are asked to park in back of the school.

ST. PATRICK'S DAY

NEW YORK, Mar. 16—(AP)—Fifth Avenue's pavement was dressed in green paint today for St. Patrick's Day.

The center dividing line—usually white—was a real shamrock green.

"We paint the lines three or four times a year," a police department spokesman said. "They need repainting. Tomorrow, St. Patrick's Day and there'll be a big parade up the avenue. So, we painted the line green."

The green line extends from 28th to 119th Streets. The parade extends from 4th to 96th Streets.

Defense Housing Program Cut In Half By Senate Committee As Economy Move

WASHINGTON, Mar. 16—(AP)—A mobilization spokesman reported today the government is placing munition contracts at the "satisfactory rate" of about \$60,000,000,000 a year.

Actual production targets, while still low, are being met and in some cases exceeded, it was stated.

Howard Chase, leaving his post as information chief for Mobilization Director Charles E. Wilson, told reporters that contracts totaling \$5,700,000 were let in January and \$4,700,000,000 in February.

"It is perfectly obvious that the production charts are curving upward even now," Chase said, "at a rate which no one would have forecast on Sept. 9 when the Defense Production Act was passed."

Chase said Wilson was satisfied with the production showing early in the year. But, in response to questions, he indicated the mobilization loss is disturbed over the prospect of blocking inflation.

Economic Stabilizer Eric Johnston has sent to Wilson's office proposals for revising the Defense Production Act, Chase said. He did not say whether these might include firmer curbs on food prices, but added:

"Food prices are an area which the stabilization people feel must be dealt with."

Congress will have to decide whether the special provisions which protect farm prices should be changed, Chase said, but "most serious thought" is being devoted to the question within the government.

Of the \$97,000,000,000 program of military spending and contracting for this fiscal year and next (through June 30, 1952), about \$25,000,000,000 remains to be allocated for the military, Chase said. Much of the total still will be voted by Congress.

More public information on production soon will be available, Chase said. The first of a series of monthly progress reports will be ready shortly, he said.

Meaning it can be stated, Chase added, that the production goal of 10,000 jet aircraft engines monthly will be achieved in 1952. And, as an illustration of progress in the basic metals, he said new aluminum plant facilities will be operating this year to produce a 50 to 60 per cent increase in domestic aluminum output.

Chase introduced his successor as information director, Andrew (Continued On Page Six)
