Lyman Boy Wins Medal Of Valor

Lyman High School Student Marvin Jewell is one of four young men in the state to receive the Bronze Medal of Valor for "gallant, conspicuous, heroic action when the danger to self was known."

Jewell's award came for his work in installing an emergency generator at the Klamath Hospital on Sept. 10 last year during the Hurricane Donna emergency. A baby girl was born in the hospital just 20 minutes after the installation was completed.

The medal presentations were made by Brig. Gen. Stephen D. McElroy, national commander of Civil Air Patrol.

New Lyman Gym Nearly Completed

The new Lyman High School gymnasium, expected to be completed by June 15, needs only sanding, some plaster work and several minor jobs done before it will be ready for use.

The basketball court is done and with each new step, student anxiety for the facility to be opened is growing, faculty members report.

Lyman Installs FTA Officers

New officers of the Lyman Future Teachers Club were installed at the last meeting of this school term on Tuesday.

Taking over next year will be Darlene Shea, president; June Kilgus, vice president; Beverly Yates, secretary; Glida Pettinari, treasurer and Barbara Komisar, historian.

Lake Monroe Jottings . . .

By MRS. H. L. JOHNSON

Hello again. . . . Two proud parents in Monroe are Wesley and Thelma Giles. Daughter Sharon made the Honor Society at Seminole High School. Congratulations Sharon and keep up the good work. That is really something of which to be proud. . . . Recently at the Monroe school, the second and third grades held a palm tree planting ceremony on the school grounds. Miss Arie Mann had given the two palm trees to the two grades. So, under the supervision of their teachers, Miss Mable Chapman and Mrs. Eunice Lee, they put their names in a bottle and planted it under the palm trees. Wasn't that cute? The school sure has a nicely landscaped yard and the children are taking part in keeping it nice. . . . The Lake Monroe Home Demonstration Club is sponsoring an essay contest for the eighth grade class on "Americanism" and will award three prizes to the winners at their promotion exercises on June 3 at the school. . . . Monroe was saddened again this past week with the untimely passing of Ruby K. Elliott. She will be sadly missed by every one who knew her and our sympathy goes out to Uncle Lee and Aunt Allie Keller, her parents, and to her sisters and brother. She also left behind three wonderful girls and a son, Billy, who is stationed with the Navy in

Mayport. Relatives here from out of the state were Mr. and Mrs. Floyd Keller, Mrs. Hazel Dinnens and Miss Evelyn Keller of Knoxville, Tenn. . . . We sure glad to see an old girl friend and former Monroeite, Annie Belle Kinard. I sure wish I could have been able to talk to her longer because we have so many old memories to talk over. I am going down to Miami one of these days before very long to see my brothers and I will look her up as that is where she now lives. Will also go to see Annie McArthur too. . . . The Halsey Swagerty had visitors from Knoxville this past week. Harvey Cain and his wife spent a short time with them on their way home. . . . The school baseball team won another game Friday by defeating the Enterprise team. Good going boys. Keep it up. . . . Jeri Wheatland was on the program of the Joan Johnson dances entertainment given at the Seminole High School auditorium Saturday evening. Jeri is a very talented girl and will go far if she keeps it up. I understand she has taken up the organ, now, too. That is just wonderful. . . . Monroe sure has some talented teenagers. I could name quite a few. . . . Tolar and Vordelle Rabun gave a hamburger fry for son, Terry, on Friday evening at their home. Games were played and dancing enjoyed to hi-fi. Terry

is a member of the eighth grade promotion class. Twenty boys and girls were present for the occasion. . . . Grace Edwards and I had the pleasure of being guests of the Seminole High School Band at its annual banquet Monday evening. A roast beef dinner was most delicious and the strawberry shortcake was, well let us say, it added poundage to those who were on diets. I met the bandmaster's parents, Mr. and Mrs. Cowley, who were here from Tampa for the event. They are a most charming couple. You feel like you have known them always. A Monroe boy, Charles Rabun will be drum major next year. Congratulations Charles. . . . Hear Lynn Giles hurt her leg in a fall at home Sunday. Hope it isn't serious. Lynn. . . . Mrs. J. C. Sapp had a birthday dinner at her home Sunday for Mr. Sapp, also daughter, Clara White, and Eddie John and Carol White who all have birthdays this month. . . . Herbert and Jessie Muse were hosts to the eighth grade class on Saturday evening at their home on the Wekiva River. Barbecued chicken was the main dish on the menu. Games and a baseball game were greatly enjoyed by the boys and girls and the grown ups present. Helen Stapler, Sammie Keel, Mrs. Braaswell and Louise Roberts assisted with the arrangements.

Lyman P-TA Installs Officers

New Lyman High School Parent-Teacher Assn. officers were installed at ceremonies conducted during the May meeting of the group in the school auditorium.

James Birkenmeyer, past president, served as installing officer for Burbon Farrell, president; Mrs. William Ramsey, vice president; Mrs. Clara Balmer, secretary, and Glen Humes, treasurer.

A program of musical entertainment was presented by members of the Junior High Chorus under direction of Mrs. Dorothea Benson.

Mrs. Pat Dome, outgoing president, announced that \$300 has been raised to aid the school library in the purchase of needed books which are to be selected by Principal Ralph Diggs and Librarian R. Gamble.

Announcement also was made that the association has made two \$50 scholarships available to qualifying graduates who plan to attend college.

Betas Take Trip

Thirty Forest Lake Academy Beta Club members, accompanied by Miss Mary Elam and William Fuchs, traveled by school bus to the Central Florida Museum for a recent visit to the planetarium.

Court Of Honor, Pageant Set By Lake Mary Scouts

Lake Mary Boy Scout Troop 342 will hold a Court of Honor and the annual Indian Pageant at the Lake Mary Scout Park beginning at 7 p. m. Friday.

The court of honor is scheduled to open the program and will take place in the Scout Hut. Following, at 8 p. m., the Braves and Maidens will present their program of ritual dances around a huge campfire in the park dance circle.

The boys, under the direction of Scoutmaster Harold Keen and junior assistants, have been preparing for the show for the past several months. Assistant scoutmasters are Richard Scott, Indian lore; Robert Norwood, drill instructor; David Willis, camping; and Paul Chauncy, individual patrol work.

The dance routines include Entry Fire Dance, Rattle Dance, Sun Dance, Chicken Dance, Medicine Dance, Social Dance, Chippewa Deer Hunter, Fluffy Dance, Elk Mystery, Stop Pow Wow, Blanket Dance, Foolish Hunters, Eagle Dance and Rabbit Dance.

Scouts taking part in the program will be Josh Chase, Randall Chase, Chuck Scott, Eddie Wanka, Kenny Dooley, Danny Tillis, Bob Lee, Raymond Norwood, Bob

Corbin, Greg McPherson, Bob Jackson, Topper Avanceal, Jay McCracken, Jim Hay, Greg Haush, Danny Wiremann, Ronnie Rose, Larry Chester and the junior assistants.

Indian maidens who make guest appearances with the boys are Susie Stubbings, Carolyn Keen and Judi Taylor.

On Saturday at 3 p. m. the dance team has been invited to perform at the Casselberry Cub Pack meeting at the Community Methodist Church. Cubmaster Walter Khroner of Fern Park also has invited the scouts to remain for a swimming party and picnic supper which will follow the pack meeting and dances.

Race To Moon Decision Hailed

WASHINGTON (UPI) — Congress today hailed President Kennedy's decision to race Russia to the moon, and space agency officials predicted the United States would get there first.

Chairman Robert S. Kerr, (D-Okla.), and Overton Brooks, (D-La.), of the Senate and House Space Committees, threw their backing behind Kennedy's proposal for a five-year, \$7 billion to \$8 billion program to put an American on the moon by 1970.

Federal Space Agency Director

James E. Webb and Deputy Director Hugh Dryden confidently predicted they would win the race with Russians to send a man to the moon and bring him back.

Brooks said Kennedy's request meant the United States had taken a truly bold step into the New Frontier beyond the earth's atmosphere. He called it "a tremendous stride forward."

Kerr told a space conference in Tulsa Thursday that Kennedy had "pushed the button on a booming new space age." He said he

believed the American people and Congress would respond favorably to the challenge.

Democrats and Republicans alike predicted Congress would approve the \$549 million increase proposed for the National Aeronautics and Space Administration in the fiscal year beginning next July 1.

If the president's request is approved, NASA's budget for the coming fiscal year would jump from \$1,235,300,000 to \$1,784,300,000.

The largest single increase asked for by the President was a \$130 million boost for the Apollo space craft. The Apollo is designed to eventually carry a three-man crew on a voyage around the moon.

In another recommendation, the president requested \$76 million for research and construction of facilities needed to develop the enormous Nova space booster which NASA hopes will carry man to the moon.

Senate Okays Federal School Aid Proposal

WASHINGTON (UPI) — The fate of federal aid to education rested today squarely in the House — traditional graveyard of school aid — but chances this year were counted stronger than any.

The Senate Thursday night approved by a 65-34 vote a \$2.5 billion, three-year program of financial help for public grade and high schools. It would pay for more classroom construction and ease the burden of paying teachers' salaries.

House school aid supporters predict passage. Opponents forecast only a hard fight and possible defeat.

NEW OFFICERS OF THE RED CROSS, Seminole County Chapter, were elected at a meeting held today. Chosen to serve next year are, from left, John McClosky, chairman; Mrs. George Wells, 1st vice chairman; T. J. Demers, 2nd vice chairman and W. E. Gray, secretary. Stanley Brumley, treasurer, was not present for the picture. (Herald Photo)

Woodruff Questions Building Report

Dr. Ralph Woodruff of Englewood, N. J., one of the owners of the Woodruff Building at First St. and Park Ave., said today that he would like "to set the facts straight" on reports about the value and prices re-

portedly offered for the building. In fact, he said, the building could be bought for the same price paid for the controlling interest in 1957.

Woodruff wrote a letter to The Herald regarding comments in

a story in the paper from a city commission meeting in which a statement was made that the building is assessed at \$40,000 for taxation, but that an offer of \$125,000 for it had been refused by the owners.

Here is what the letter said:

"Regarding the recent item and editorial comments in your paper on the Woodruff Building, I wish to set the facts straight:

"First—No offer of \$125,000 has ever been received nor turned down by the Woodruff family.

"Second—The controlling interest in this building was bought in Nov. 1957, on the basis of \$93,000.

"We will gladly accept the same amount for this choice business location. No profit is involved and I'm sure you and others will agree that after four years of municipal growth and with a bright future for Sanford, that is not unreasonable."

Nazis in Another Jail-Threaten Rescue Action

NEW ORLEANS (UPI) — The vanguard of American Nazism tried out their second local jail today, hoping for the appearance of a Nazi rescue party armed with tear gas.

City police geared to receive a group from Pensacola, calling itself the "National Nazi Party," and headed by Doug Oleifke, 27, who promised Thursday to come here.

Oleifke, who said he took part in racial rioting in Montgomery, Ala., this month, said he and five comrades "have supplies of tear gas, roofing nails and other things if anything starts."

Police said "let them come. We're ready too." The remark came as police sources reported Oleifke and his group left Pensacola for New Orleans Thursday night.

Oleifke said his group is not connected with the "American Nazi Party," whose 10 "storm troopers" hail George Lincoln Rockwell, 43, Arlington, Va., as their "Fuehrer."

Rockwell and his troopers, wearing their khaki uniforms with swastika armbands, were transferred Thursday from city jail to Parish County prison to await trial.

They were arrested in front of a theater Wednesday night on charges of "alarming the public" with their anti-Jew, anti-Negro picketing against the pro-Israeli film "Exodus."

Rockwell had earlier boasted of "many highly placed contacts in New Orleans," but after a day and two nights in jail no one had offered to put up \$500 bond for him or any of his troops.

"This was the first murder I ever witnessed in my life," he told the court.

This was the first time the court has heard a charge that Eichmann actually committed a murder with his own hands.

Gordon stuck firmly to his story despite raking cross-examination by defense counsel Robert Servatius and searching questions by the three-man bench of Israeli judges.

Eichmann listened intently in his glassed-in prisoner's box. Usually he pays little attention to the witnesses, but this time he scribbled notes furiously.

Oviedo Constable Seeks Burglar

Oviedo Constable George A. Kelsey today reported two robberies, apparently the work of a "cat burglar," in the town Thursday night.

Kelsey said that the home of Mr. and Mrs. L. A. Hardy was broken into and \$20 in cash taken. Also burglarized was the James Partin home where the thief got \$18 in cash and a portable TV set.

"Both parties were sleeping at the time of the robberies," Kelsey said, "and the thief must be pretty slick because we have found no clues as yet."

"Identification numbers or records on the TV weren't available either," he added.

Engineers To Hold Memorial Service

Two Executives' Wives Murdered

PLAINFIELD, N. J. (UPI) — The wives of a Mack Truck Co. vice president and a Wall Street bond broker apparently were murdered early today a few hours after they were reported abducted from their auto by two men, police said.

Police arrested one suspect within a few hours after the bodies were found, and said they expected to pick up a second man shortly. They refused to identify the suspect.

Promotion Runs Through Tonight

"Operation 25," a new type auto sales promotion, pioneered here by Strickland-Morrison Motors will continue through tonight.

The management at Strickland-Morrison announced that this is the most effective sales promotion they have ever had in the 50 years they have been in business in Sanford and Seminole County.

The Blood Bank was completely emptied by a recent emergency and still needs more donations. Jaycees Officer Installation Fete Tonight

Johnny Davis, new state president of the Jaycees, will install local president-elect Garnett White and other new officers at ceremonies at the Shrine Club tonight.

A banquet will begin at 7:30 p. m. for all the Jaycees and their guests. George Shearouse, new national director from Orlando, will also be present along with Jim Godwin, Leesburg, Fourth District vice president.

Retiring president John Alexander will present awards to outstanding members who have served during his administration this past year.

Eichmann Killed Boy, Man Says

JERUSALEM (UPI) — Adolf Eichmann, the man charged with driving six million Jews to the gas chambers under the Nazi regime, beat a Jewish boy to death with his own hands for stealing cherries from his garden in Budapest, a Jewish witness testified today.

Abraham Gordon, 35, told the court trying Eichmann for mass murder that he himself saw the former Gestapo colonel drag the boy screaming to a toolshed heard yells and beating inside, saw Eichmann leave the toolshed disheveled and cursing, and later saw his bodyguards drag the boy's swollen, bloodied body away.

"This was the first murder I ever witnessed in my life," he told the court.

This was the first time the court has heard a charge that Eichmann actually committed a murder with his own hands.

Gordon stuck firmly to his story despite raking cross-examination by defense counsel Robert Servatius and searching questions by the three-man bench of Israeli judges.

Eichmann listened intently in his glassed-in prisoner's box. Usually he pays little attention to the witnesses, but this time he scribbled notes furiously.

Home Rule Proposal Dies In Committee

TALLAHASSEE (UPI) — The Senate Constitutional Amendments Committee today abandoned for this legislative session controversial proposals for a lieutenant governor and limited home rule for counties.

Proposed revision of articles in the state Constitution dealing with these subjects were left to die in committee with final adjournment of the Legislature next Friday.

The action came shortly before the House went into session to act on a motion for reconsideration of its vote Thursday killing the lieutenant governor proposal.

The Senate concentrated today on teacher pay raises, the biggest issue blocking legislative agreement on a general appropriations bill for the next two years.

Chairman John Rawls of Marianna said he will concentrate on getting through the Legislature between now and adjournment of nine other articles, the preamble and declaration of rights which were voted to the calendar last week.

Rawls gave up on them after the committee voted 7-4 to kill the whole section dealing with home rule, and showed enough strength to kill the lieutenant governor proposal had it come up for a vote.

"We're just tilting at windmills here," Rawls said. "I see no chance of our getting anywhere with these proposals in the waning days of the session."

Rawls said he will not call any more meetings on revision before sine die adjournment.

The Senate Appropriations Committee Thursday night approved bills providing a \$200 across-the-board pay raise for all teachers and \$400 merit raises for some.

The committee, however, only provided \$1 million, compared to the House's \$4 million, for the merit raises.

A weak House-approved conflict of interest bill designed to discourage legislators and state employees from accepting payola was

unanimously approved by the Senate Roads Committee today.

It will be against the law to defile the Confederate flag or use it for advertising purposes under a bill passed by the Legislature Thursday. It was introduced by Rep. Mack Cleveland Jr. of Seminole.

A bill to ward off possible school integration problems headed for the Senate today.

The bill, passed Thursday by the House, would require transfer students or children of new state residents to give 30 days notice before signing up in a Florida school.

Outsted state Rep. E. Bert Riddle of Walton County has been committed to the State Mental Hospital at Chattahoochee for observation. Riddle, expelled from the House Wednesday for writing an obscene note to a young girl page, was committed to the hospital by Leon County Judge James Gwynn after he was examined by two physicians.

Residents Hear Charter Explained
By MONA GRINSTEAD
More than 80 North Orlando residents attended a called meeting by Mayor Frank Fasula Thursday to discuss a number of questions on the charter brought up since the village council annexed a 48-acre section at its May 2 meeting.

Neither Art Ferrin, spokesman of the group protesting the annexation, or Lawrence Swafford, former District 3 County Commissioner, were present. Fasula announced earlier this week that both men had been invited.

Before getting into discussion of the charter items under question Fasula announced that B. Robert Swartzburg, a Miami architect, has been named the new president of the North Orlando Co. with John Schwartz as his associate.

He told the residents that differences which have sprung up since the annexation should be strictly a village matter and again advised that the water company, the North Orlando Co., the North Orlando Utilities Co. and the North Orlando Village all are separate and should be questioned as such.

He explained that when the charter was drawn it had contained a clause which would allow the village to be placed under bonded indebtedness, however, this was changed to read that the action only can be taken when a full council is elected by the residents.

Various other items including a candidate's qualifying fee and village franchises were interpreted by the mayor who concluded by saying "if this charter isn't legal, all of us would like to know it... let's pool our resources and work together to find out."

David G. Tilson and R. C. Sullivan were appointed to contact representatives of Ferrin's group and arrange a meeting with village representatives to "iron out the difficulties."

Mayor Fasula offered to bring in any lawyer the people wanted to read and explain the charter to them and said he "would go along with anything the people wanted in order to get the issue settled."

Britons Ponder Title For Plain Armstrong-Jones
LONDON (UPI) — Tradition-minded Britons busily tried out the sound of new titles today for Antony Armstrong-Jones, confidant of the royal family who would not let his child be born a commoner.

The announcement Thursday that Princess Margaret is expecting to give birth in the fall—probably October or November—set off a national guessing game to pick a title for her husband.

"Fifth in line to be a commoner?" asked one newspaper headline in disbelief.

Britons Ponder Title For Plain Armstrong-Jones
LONDON (UPI) — Tradition-minded Britons busily tried out the sound of new titles today for Antony Armstrong-Jones, confidant of the royal family who would not let his child be born a commoner.

The announcement Thursday that Princess Margaret is expecting to give birth in the fall—probably October or November—set off a national guessing game to pick a title for her husband.

"Fifth in line to be a commoner?" asked one newspaper headline in disbelief.

Lake Mary Church Announces School

Plans have been completed by members of the Lake Mary Community Presbyterian Church to hold the Annual Vacation Bible School from June 12 through June 23 with daily sessions to open at 9:30 a. m.

A parade to precede the Bible school opening has been scheduled for June 10. Bible stories, songs, games, arts and crafts, plus a few surprises, are some of the activities planned for the two weeks with the school theme to be "Living For Jesus."

Rev. John W. Pilley, pastor of the church, has stated that "with full cooperation of parents and prayer by all, we can have a bigger and better Bible school than ever before."

Mrs. Kay Sassman, director, has announced that the morning sessions are open to all children from three years of age through 10th grade school age, regardless of church affiliation.

A nursery will be provided for children under three years of age for mothers who assist in the school.

WSFR 9:00 SUNDAY 12:00 A. M.

STORM OF LIFE

"If only I could get out from under, get away from it all, find some island of peace..."

Like everybody else, we want to escape our problems and pressures. We are seeking calm away from the storm of life.

But we can't escape from life. We can't run away from the storm but we can find calm in the storm. When a hurricane sweeps across the countryside, its circling winds lashing out in destruction, there is always in the center, an area of quiet. In the eye of the storm there is calm.

Faith is not an escape, a running away into religion. It is finding the presence and adequacy of God to face life triumphantly. It is finding an inner center of peace while the winds blow outside.

The Church points the way to peace. It helps us to find the inner experience of faith.

"I have found my island... an island of peace in my heart. I have found calm... the calm of God in the storm of life..."

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Garden Clubbers Model Funny, Fancy, Flowery Creations

MRS. STRINGFIELD

MRS. CULLEN

There were about 150 ladies with crazy hats made of every imaginable kind of material and fabric at the recent "Crazy Hat Luncheon" held by the Sanford Federation of Garden Clubs at the Capri Restaurant.

Space does not permit the showing of all the clever and ingenious creations thought up by the garden clubbers but here is a sampling of the type of things that can be used by a smart lady to make herself an attractive and eye-catching bonnet.

Mrs. John K. White has donned a Maypole hat made of green and yellow satin ribbons and little buds, which looks fetching on her blonde hair, and she is wearing "chandelier" styled earrings with her creation.

Mrs. Bill Stringfield, wife of the Florida highway patrolman, wears a bride-doll for a chapeau, the lovely white lace skirt forming a cute hat, topped with the little doll, complete with earrings, veil and flowers.

A guest at the luncheon, wore an outdoor type model, made of palmetto leaves, ferns, seed pods and wild flowers in shades of brown, beige and gold.

A dozen giant red single hibiscus formed the lovely headpiece for Mrs. M. L. Cullen, and complimented her dark hair. Thanks to a secret formula, the flowers were fresh, crisp and as lovely as if they had just been picked, when she wore it to the luncheon.

A very practical hat was worn by Mrs. H. A. Moreland. It was a sewing basket, turned upside down and garnished with accents of a spool of thread, a pair of scissors, a big bow of cloth in the back and garnished with a pretty white flower. When she is tired of wearing it, she can take it off and get to work.

A real Southern charmer was the ingenious fashion created by Mrs. Ralph Jarvis out of a big rice plant leaf and two magnolia blossoms, all put together in such a way as to draw many an admiring glance, and she wore it with a very sophisticated air.

Prom-Home Parties Can Cap Graduation

By KAY SHERWOOD
NEA — "After graduation, what?" is a chief topic of conversation among parents these days and they're not talking about careers or college. High school post-graduation festivities in many cities have been something less than sane and sensible.

The way the young folk carry on is the subject of concern to their elders. I gather, both from listening to friends and reading vivid descriptions in newspapers. Graduation from high school is a major milestone and should be

celebrated. But it should, scarcely trigger a celebration that reads more like a wild party than a happy rejoicing.

My own daughters are too young for teen-age shenanigans but I know several high school seniors who are not the wild party type and resent the implication that commencement night celebrations always get out of hand and therefore should be abolished.

In some communities where the problem exists of too-gay, all-night parties, sometimes followed by long drives to neighboring cities, a variety of solutions has been tried.

These include school-chaperoned dances, parent-chaperoned parties, elaborate entertainment provided by parents in school gyms, and so on.

There are still many towns where prom-night festivities are not nightmares but pleasant occasions for graduate and parents alike. No one really feels compelled to spend lots of money for galas. Food, drink, dancing and re-hashing the week's events make a successful formula.

However, now as always, parents are definitely "at home"; greeting guests as they arrive, lingering for conversation and then withdrawing discreetly but within reach.

The spread can be set up on the dining room table ahead of time. If you've invested in one of the new serving carts, load the goodies on this and push it to the living room.

Mrs. G. H. Hiers Honored By Church Class

Members of the TEL Sunday School Class of the First Baptist Church met at the home of Mr. and Mrs. A. E. Dobson, recently, to honor one of the oldest members. Guest of honor was Mrs. G. H. Hiers, mother of Mrs. Dobson.

Mrs. W. P. Brooks Jr., led the group in the closing prayer and refreshments of apple pie with whipped cream and coffee were served to those present. Mrs. Fred Cawley and Mrs. Helen Carter assisted Mrs. Dobson with the serving.

The guest of honor received good will wishes from those present as the guests departed. Others attending were Mrs. Willie Pippin, Mrs. Lillian Vickery, Mrs. Helen Carter, Mrs. W. T. Wheelis.

Good Tip For Many

Former President Eisenhower, who hasn't had to drive his own car for many years, says he's a little afraid he might be inclined to day-dream when he gets behind the wheel.

But if he just grabs the wheel with both hands and keeps looking ahead he probably won't have any trouble. And he'll be several safe leaps ahead of those all-too-numerous drivers who drive with a finger or a wrist, drape an arm out of the window, and chatter constantly while looking everywhere but at the road.

Dr. Crane's Worry Clinic

CASE 11-26: Dorothy M. aged 34, is an attractive nurse. Recently she accepted a blind date with a college bachelor named Roscoe.

"Dr. Crane," she began, "I was shocked to find that any man who had 4 years at the university would be so rude and impolite."

"I'm not a grade about table manners or etiquette, but at least when a man is with a girl for the first time, wouldn't you think he would try to put his best foot forward?"

"Well, when we had dinner at a restaurant downtown, Roscoe blew his nose violently at the table several times."

"Being a doctor, you know this is a very bad taste anywhere, and certainly more so in a crowded dining place."

"He also ate peas off his knife, believe it or not. And he left his napkin standing in his coffee cup after he had stirred the sugar through."

"Then he cleared his throat repeatedly. Maybe his heavy use of cigarettes had caused extra phlegm in his trachea, but why didn't he excuse himself and go to the rest room for his coughing?"

"All he lacked to finish the picture properly was a cupful of spittoon beside our table."

"Being a nurse, I am accustomed to a lot of unpleasant things, but when I go out to eat in a pretty restaurant, I prefer to get away from human excreta. If you know what I mean."

"Yes, Dorothy, I know what you mean. We need a revival of Emily Post's vigorous tutoring of Young America on etiquette."

"In Medical School even we callous students were rather shocked by one of our psychiatry professors who would pick the wax out of his ears during his lecture."

"He used the end of the temple bar of his horn rimmed glasses to dig out the wax."

"Then he'd contentedly lick the wax off the bar piece, like a toddler sucking on a lollipop. Apparently he didn't even realize his addiction to this infantile habit."

"Another professor used to stand in front of the class and pick his nose. Then he'd lick the salvaged secretion from his fingers, without even breaking the tempo of his lecture."

"One of these profs was a bachelor, so maybe he had never had any home training by his mother and missed a wife's criticisms."

"The other prof, however, had a wife, but perhaps she was so in-

timidated she feared to correct him.

"Even your best friends won't tell you," was a familiar advertising slogan 30 years ago by the firm attacking halitosis.

Every new generation needs to be tutored in simple etiquette. A lot of you modern women thus leave your hats on during a show and offend the folks behind you.

Many of you sweaty folks also need more deodorants and frequent baths.

Some fastidious females quibble over a man's use of a toothpick in public, yet they'll apply make-up at the dinner table and belch cigaret smoke into the faces of other diners who are just starting their meal.

So send for my "Tests for Sweethearts," enclosing a stamped addressed envelope, plus 20c. They'll give you an objective view of your self.

Prisoner Release Aids Peace Hope

EVIAN-LES-BAIENS, France — (UPI) — French officials hoped that release of Algerian rebel fighters and Moslem refugees would now quicken the pace of today's third session of the Algerian peace talks.

The French army in Algeria Wednesday released the first of 1,000 rebel prisoners as ordered by President Charles de Gaulle. Today the army began freeing the first of 100,000 Moslem refugees from re-groupment camps in Algeria.

French negotiators here hoped the moves would encourage the Algerian negotiators to get down to specific details on ways to end the 5 1/2 year war. The first two sessions of the peace talks have produced only general preliminary statements.

SAN FRANCISCO (UPI) — Bernard Wolf, who is six feet tall, Wednesday married Helen Magdalene Pekar — who is three feet, eight.

The new Mrs. Wolf is a night club singer known professionally as "Tiny Dollie — the little red-head bombshell." Wolf, 36, is her manager.

There are between 1,800 and 2,000 rooms in the Palace of Versailles.

OUT WHERE THE TALL CORN GROWS!

From Rome

Henry McLemore

RAPALLO, ITALY — We are on our way from Rome to the country that was divided into three parts, and are using the same highway the Roman legions did when they went to divide it.

Gaul is our destination, and I guess I have plenty of it to tell you that Gaul is where Caesar said he was going when he threw his toga into a suitcase and headed for France.

The highway we are following has two names, E. S. (State Aurelia) No. 1 and Via Antica Aurelia, the last in honor of its builder. (There are some stretches where it would appear they have left part of the original road in honor of Aurelius.)

Breaced with espresso coffee as black as the inside of Satan's hat,

we were off to an early start, my watch reading 10:30 when we swung through the Gate of San Pancrazio atop Janiculum Hill, and onto the Via Antica Aurelia.

Anyone who questions 10:30 in the morning as an early start has never had the dual job of getting both a wife and a 2 1/2-year-old daughter ready for departure anywhere, much less to Gaul. It is always the husband who puts the show on the road. The wife and daughter busy themselves mightily, but at nothing that has to do with getting the bags closed and in the car, and making final checks on the house. I often wonder how unmarried women, even without babies, manage to get anywhere. Highway No. 1 is a coastal road.

It swings down to the Tyrrhenian (I never am sure how to spell it) at once and sticks pretty close to it all the way to its end at the border of France. It passes through the big and little towns of today and antiquity, and taking the road map is like reading a rattrasher course in history.

Today — this is being written in late afternoon on the balcony of a hotel not far from the villa of the late Max Beerholm, The Incomparable — we passed through Civitavecchia, an ancient port, Tarquinia, whose Etruscan heritage is everywhere to be seen, once a mighty Lgherna, Pisa, Viareggio, and La Spezia.

And, as we rolled along, under the cool of shade trees whose forebears were planted to provide shade for the Roman foot soldiers, there were road signs pointing to Viterbo, Florence, Lucca, all within tantalizingly close distances. It was hard to convince ourselves that life was too busy for even a short visit to its splendors.

There is no speeding on the Via Antica Aurelia, although the speed limit is unlimited. The old roadbed is too narrow, and there are too many auto-trees, as the Italians call those mighty trailer-trucks. And when the road begins to climb the mountains past La Spezia one has to travel at a rate which allows ample time to appreciate the view of land and sea, and the multitude of roses, dahlias, geraniums, and a dozen varieties of wildflowers which line the road.

It is an old and lovely road. There is a view pleasing to the eye at every turn — a glimpse of the blue, blue sea, an old castle aboast against the sky atop a peak, sheep and shepherds idling their way across meadows, quiet fishing coves, and wondrously pretty girls on the backs of scooters.

Before closing, I am happy to report that the Tower of Pisa was at its leaning best when we passed it at a distance. It seemed to be making a deep bow to the city in which it stands.

Letters

Editor:
 The headlines this morning scream that an out-of-county architect has been called in to say where and how the courthouse offices can be moved. Undoubtedly it will be found that the building must be torn down immediately before it collapses upon the heads of the occupants.

Do the taxpayers in this county realize that there are THREE REGISTERED ARCHITECTS IN SEMINOLE COUNTY? The Commissioners I am sure are aware of this fact. These architects have met the requirements set up by the State Board of Architects and they pay a license to the state. In addition, they pay occupational license taxes to both the City of Sanford and the County of Seminole. They operate established businesses, pay personal and real estate taxes, and contribute to the economy of the area. Why not let them help raise the living standards in our own Seminole County?

How about the carpenters and other workmen? These Seminole residents buy their food, gas, clothing and other necessities in this County, thereby helping merchants to pay taxes. But they can't get jobs in their own county. WHY?

The Commissioners in both the city and the county set the economic pattern to a large extent. How can they cry: "LET'S HAVE PROSPERITY AT HOME! LET'S SHOW SOME LOYALTY TO THE DOWNTOWN MERCHANTS!" and then not practice what they preach. Be assured that there will be no spending where there is no earning!

Suppose ALL OF US took our business elsewhere! How long do you think just the present status quo could be maintained — let alone talk of prosperity? SPENDERS will modernize downtown Sanford and make it grow. Wishful thinking and the handing out of Seminole dollars to surrounding counties will certainly not bring

prosperity to this area. **EARNERS ARE SPENDERS!**

 The following letter was written recently to our two representatives Honorable Mack Cleveland and Honorable Gordon Frederick.

"The Classroom Teachers Association of Seminole County would like to express their sincere appreciation for your stand in retaining the \$50,000 race track money which pays part of the teachers' salaries in this county."

"The positive stand which you took is highly appreciated to us that you are vitally interested in our education program in Seminole County and the State of Florida."

"We feel certain that you will continue to support our program as you have in the past so that we may be able to provide quality education for the children of our great state."

Peter Edson's Political Notebook

WASHINGTON (NEA) — A prediction of business upturn made last March by Dr. Walter Heller, chairman of President Kennedy's Council of Economic Advisors, seems to be coming true. And administration planners are hailing this as about the only good news there is in a naughty world.

What Heller said in his highly qualified statement before the Congressional Economic Committee was that "an upturn may be in the making in the next few months, but it will be just the beginning of the end of the recession."

Announcement that Federal Reserve Board's index of industrial production rose from 102 in March to 105 in April is the first robin which the economic bird watchers are hailing to prove that spring recovery is at least around the corner. Other harbingers are a lengthened work week and slight drop in unemployment.

This is a slower recovery than after the 1954 and 1958 recessions, but the 1960 recession was milder. It is conceded around Washington that this recovery would have come anyway, even if there had been no change in administration last January. The 1960 decline is described as an inventory adjustment, and in time it corrected itself.

The recession bottomed out, or

reached its trough as the economists now say, in late February-early March. But no one is saying that Kennedy administration economic policies have been responsible for the rise since then.

There haven't been enough Kennedy economic policies put into effect and not enough time has elapsed to see what their impact will be.

The extension of unemployment insurance payments and the temporary relief measures may have accentuated the recovery a little, for the turn has come earlier than expected.

The administration has not revised its earlier estimates of pumping about \$3 billion more government money into the economy during its first year. But that is not a great deal in terms of a \$500 billion-a-year gross national product.

So there is still some question of how vigorous the coming recovery is going to be, and what's going to happen to gross national product and unemployment rates.

In the first year after the 1958 recession trough, there was a 10 per cent increase in the gross national product. There is some doubt that the 1961 recovery will be that big.

The most optimistic estimate now — and it is emphasized this is not a prediction — is for an 8.5 per cent increase by the second quar-

ter of 1962, at the end of the first year after the February-March trough.

This would put the gross national product rate at \$545 billion a year. But the discouraging aspect of this is that it would still leave the unemployment rate at about the present level of 6.5 per cent of the labor force. The reason given is that new workers will be coming into the market for jobs faster than they can be absorbed.

What seems to be bothering the administration's planners more than anything else is an economic gap. Not the missile gap, but an economic gap. This is the great amount of unused productive capacity in the country.

It is estimated at about 10 per cent — or with a gross national product rate of \$500 billion a year in the first quarter of 1961 — about \$50 billion-a-year gross national product.

So there is still some question of how vigorous the coming recovery is going to be, and what's going to happen to gross national product and unemployment rates.

In the first year after the 1958 recession trough, there was a 10 per cent increase in the gross national product. There is some doubt that the 1961 recovery will be that big.

Ed Koterba's Assignment Washington

WASHINGTON — Just beyond your upstretched hand in an ancient building of the Smithsonian Institution is suspended the fragile little crate known as the Spirit of St. Louis—a nostalgic, red dramatic eight.

Below it in a glass case you find the intimate holdup of a possession that Charles Augustus Lindbergh took on his flight across the Atlantic May 20 and 21, 1927.

There is the small container of bouillon cubes, a needle and thread set, a pair of pliers, a box of laxatives—a pitiful array of gear which would help him across the lonely Atlantic from New York to Paris in the man-killing time of 33 1/2 hours.

"Lindy" became a national hero, as he deserved to be. Here was a young man of 25 who on his own — employing primitive methods, calling together knowledge, intuition, determination—blasted a new trail as had Columbus.

So in the year 1961, a 27-year-old Communist is shot up in a rocket, circles the earth in 106 minutes and lands safely to become history's first man in space. A tremendous feat, a reason for the Soviets to rejoice.

But why lionize Yuri Gagarin? Why compare him to Lindbergh and Columbus?

It wasn't Gagarin who guided himself into space and around the world. It was his fantastic machines, the product of a hard core of unused heroes, the scientists. (And there is good reason to believe some of these scientists were American.)

All Gagarin did was risk his life — and which Communist doesn't — for the cause. Certainly, as in the case of our astronaut, a man should receive credit for his capabilities to survive certain strains and stresses and submitting himself to unknown factors, as weightlessness.

In a way, Gagarin was a guinea pig. Just like some of our prisoners who submit themselves to testing new vaccines, and who die in the experiment.

So the Soviets lionize their man — and we join in — for completing only the final phase of a program of tedious hours of work and brain-stretching by unheralded scientists.

They're the ones who should

be lionized. And some of them may well be Americans, for the Soviets have had access to many of our rocket "secrets."

This may sound shocking, coming in this frustrated period of our holding down second-best, but because our Vanguard project was part of the International Geophysical Year, the Russians were allowed to take copies of the plans. And take them they did.

But the strangest thing to come out of the Soviets' man-in-space shot is the lack of hard facts about the flight. We read colorful description of how the earth looked from up there, yet Russian scientists said at the outset the spaceship had no periscope. Did Gagarin see the earth through a television camera mounted on the outside? And, if so, could he really tell whether fields were plowed or not? I doubt it.

But if that is true, then I say the Soviets should release our "spy," Francis Powers, because what Gagarin supposedly did was just what pilot Powers was sent to a Soviet jail for.

Asian Trip Gave Fresh Appraisal, Johnson Says

EDITOR'S NOTE: This is the second of two dispatches by UPI Correspondent William M. Thisis who accompanied Vice President Lyndon B. Johnson on his Asian tour.

WASHINGTON (UPI) — Was Vice President Lyndon B. Johnson's Asian trip worthwhile?

Johnson said he advised against making the six-country trip at this time. He also said now his judgment was off, and that President Kennedy was right in sending him to Communist-menaced Viet Nam and other Asian countries.

Two main things were accomplished by his 29,000-mile trip: —It put fresh heat into some Asian leaders and gave them reassurance of American intentions to stand fast against communism in the wake of the Cuban and Laos debacles.

It gave the Kennedy administration in general, and Johnson in particular, a needed fresh appraisal of just how bad or good conditions were in the troubled area. It put a trained politician, with a "small" for political troubles in a position to look, listen and report back to Kennedy.

MRS. FRANK HENDERSON turned the first shovelful of earth to begin the building of the new Good Shepherd Lutheran Church, which will be located on Highway 17-92. Rev. Ernest Bolick stood by to add his blessing as Dwight Blackwelder III observed.

Altamonte Church To Dedicate New Building

By ATLANTA MEGINNIS The new educational building of the Altamonte Springs First Baptist Church will be dedicated at 11 a. m. services Sunday.

It specified, however, that the UN commander, Gen. Carter B. Magruder of the United States, would "use his operational control only to defend Korea from Communist aggression."

This was tantamount to an agreement by Magruder to keep hands off South Korea's internal situation. In the early hours of the military coup 10 days ago he issued a statement opposing it.

The ROK generals who staged the coup had withdrawn them to Seoul to guard against a counter-revolt.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Recently our 16-year-old daughter went on a date with a 17-year-old boy. The date was arranged by the boy's mother and myself, as we are friends. Our daughter came home a nervous wreck. It seems this boy took her to a movie, and didn't even offer to buy her a soda afterwards. He took her to a place to park and she had to put up the fight of her life to get him to take her home. Should I speak to the boy's mother about this? UPSET

DEAR UPSET: No. Have your husband speak to the boy's father.

DEAR ABBY: I have a son, David, who is a doctor. When his wife talks about him she always says, "The doctor did this" and "The doctor did that."

I can understand why a doctor should be called "Doctor" in his office, but it seems to me that when he is out of the office, his wife could call him "my husband" or "David."

Would it be wrong for me to tell my daughter-in-law to please drop the "doctor" business when she is out socially? I don't want her to hate me, but I get on my nerves. MOTHER OF A DOCTOR

DEAR MOTHER: If your son's wife helps him in his office, she has probably formed the habit of calling him "doctor," in which case you should understand and overlook it. If she just likes to call him "doctor," your criticism will only irritate her. Skip it.

DEAR ABBY: I am a happily married young woman and I love my husband very

much. We really have a wonderful marriage.

I would like to know if you think a married woman should throw away all her old pictures. I mean the ones of herself and the many boys she used to run around with before she got married. These boys mean nothing to me now. I think it might be fun to keep these pictures so that my husband and I can laugh at them when we are 80. My husband was quite jealous of some of these boys. NEEDS ADVICE

DEAR NEEDS: Ask your husband if he objects to your keeping the old pictures (stored away in a box, of course). If he does object—throw them all away. When you are 80, you will have other things to laugh about.

DEAR ABBY: I got a charge out of the letter from the woman who was ashamed to ask the man at the service station for the key to the ladies' rest room.

I work at a service station and think whoever wants the key should ask for it. My brother works at a drug store and he says the same goes for purchases in a store. Whoever needs something should ask for it. And the person who waits on you, whether man or woman, couldn't care less. BOB and BILL

Yes, Abby will answer your letter personally if you write to ABBY, Box 3365, Beverly Hills, Calif., and enclose a stamped, self-addressed envelope.

We The Women:

By Ruth Millet

Now that some men have come out boldly in defense of the cluttered desk, perhaps a woman can get by with a defense of the feminine equivalent, the cluttered handbag.

In answer to any man who has ever tried to be funny at the expense of what goes into a woman's handbag—here's our defense: A handbag is a combination of portable desk and dressing table. Its contents can be roughly divided into two categories: beauty and business.

On the business side the essentials are something like this: A

billfold and coin purse, a check-book and fountain pen, bills to be paid and sales slips for articles to be returned, a driver's license, an address book and keys.

On the beauty side are compact, lipstick, rouge, nail file, comb, and maybe a small jar of cleansing cream and a few tissues for a quick facial. Also, if it's a rainy day, there may even be a change of nylon in case these worn get splashed or watermarked. Of course, there may also be some extra bobby pins and a bottle of nail polish for touch-up work. Dump all that into even the

roomiest handbag, and it's bound to look cluttered to anybody except another woman.

And that cluttered bag is as comforting to her as a cluttered desk is to a man. Both figure that if they look long enough they're sure to find anything they want or need.

There's a neat array of tidy suggestions in Ruth Millet's "Happier Wives (Hints for husbands)." Just send 25 cents to Ruth Millet Reader Service, c/o The Sanford Herald, P. O. Box 436, Dept. A, Radio City Station, New York 19, N. Y.

Jacoby On Bridge

By Oswald Jacoby

With 12 high card points and strength in all suits East could well have afforded to redouble North's take out double.

Acting on the principle that all trappers don't wear fur hats, East passed to see if something pleasant would not materialize for him. It sure did. South responded in his four card spade suit and West passed. At this point North made a bad bid. He had a 15 point double, but he had two diamonds and only three spades and had no reason to invite game by raising his partner. However, North went to two spades and East sprang his trap.

West opened the six of spades. He knew that East could stand a trump lead. South struggled away manfully, but the best he could do was to salvage North's ace-king of spades and ace of hearts from the wreckage. Down five tricks for a loss of 500 points. Let's see what would have happened if East had redoubled.

Bridge hand diagram showing North, West, East, and South cards and scores.

set would be three tricks and any slip by the defense would give him a chance to escape with a mere 300 point loss.

Bryant Asks Action On Ex-Official

TALLAHASSEE (UPI) — Gov. Farris Bryant disclosed today he has asked the state attorney to investigate whether criminal action should be brought against former Road Board member Earl Powers of Gainesville.

Bryant said he has turned over to State Atty. T. E. Duncan at Gainesville the results of a legislative committee investigation into sales of road materials to the state by firms in which Powers had an interest.

At the same time, Bryant said he has decided not to sue the Collins Road Board for over-spending primary highway funds unless he has reasonable assurance the state could recover a substantial sum of money by such action.

He said he has asked Atty. Gen. Richard Ervin for an opinion on this and will be guided by it in reaching a final decision.

"If we could expect to recover no more than a dollar or so, it would not be worth subjecting the state to the unfavorable publicity," said Bryant.

Powers admitted to the Legislative Interim Roads Committee that firms in which he had an interest sold materials to the Road Department and contractors working on state projects while he was a member of the Road Board under former Gov. LeRoy Collins.

Ervin said in a ruling for the committee that such sales violated the law prohibiting Road Board members or firms in which they have an interest from doing business with the Road Department.

CLARK GABLE and VIVIEN LEIGH created one of the most memorable romantic teams in film history as Rhett Butler and Scarlett O'Hara in David O. Selznick's production of "Gone With the Wind."

'Gone With The Wind' Coming Back

Although Clark Gable had already won an Academy Award before producer David O. Selznick selected him for the role of Rhett Butler in "Gone With the Wind," his spectacularly successful portrayal of Rhett clinched his tremendous popularity with movie fans the world over.

Filmgoers will be able to see this memorable Gable portrayal again in Metro-Goldwyn-Mayer's new release of "Gone With the Wind," presented in tribute to the year of the Civil War Centennial,

starting Sunday at the Movieland Drive-In. Vivien Leigh, Leslie Howard and Olivia de Havilland are the other stars in the epic film version of Margaret Mitchell's famous story of the South, which has gone down into history as one of the greatest motion pictures ever made.

Also on the Movieland screen as a co-feature Sunday, Monday and Tuesday will be "Ole Rex," a moving tale of boy-dog devotion with a breath-taking action climax. This stars Billy Hughes and the newest dog star, Rex.

Twilight Zone. — "Will the Real Martian Please Stand Up." Fans will enjoy the guessing game and will probably be fooled tonight. A roadside diner houses seven guests including a man from outer space and state police have a time trying to identify the real Martian. The tip-off is quite funny. 10 p.m. CBS.

The Detectives. — "Shuttle." (Repeat) OK outing. Matt and Chris take a plane home from a brief fishing trip and, naturally, it's just the flight on which a couple of hoods commandeer the plane. A nice change of pace for this generally grounded show, and handled with interest throughout. 10 p.m. ABC.

Jack Paar Show. — This "Best of Paar" repeat is another of Jack's 1961 London shows. Robert Morley's chatter makes it worth your while even if Peggy Cass' toothpaste troubles were tactless and tasteless, to say the least. Also, a New York segment with Joey Bishop, Genevieve, and Jonathan Winters filling in. (Color) 11:15 p.m. NBC.

Law and Mr. Jones. — "No Law for Ghosts." Well-acted episode. An old drunk, known as a temple robber that caused his victim to die of a heart attack. For some inexplicable reason, the D. A. is treating the old man like a hardened criminal, and Mr. Jones decides to defend the alcoholic. An "A" for effort, as usual, and it's too bad this well-meaning series is going to be canceled. 10:30 p.m. ABC.

Profit Is Power For Jerry Lewis

By ERSKINE JOHNSON

HOLLYWOOD (NEA) — As the only clown with his own circus, Jerry Lewis has a theme song enjoyed today by no other movie-maker.

It is "Anything Goes" (courtesy of Paramount Pictures) based on the old theory that you don't argue with success.

While the rest of Hollywood is pinching pennies, Jerry Lewis is running amok with dollars—Paramount dollars plus a large number of his own — making movies the way he likes to make them.

The way Jerry likes to make them isn't officially recognized at Paramount but, roughly, it adds up to out-firing Cape Canaveral, making Keystone Kops look like men of distinction, and rolling out the camera every day to have a barrel of fun while keeping the director of the budget as confused as an artillery sergeant in Laos.

Paramount's stockholders may cringe and even resist on occasion but—you don't argue with success. Especially in Hollywood.

Twenty-six Lewis films, the early with Dean Martin and the current ones with Jerry as both star and director, have earned \$138 million for Paramount.

So it's "Anything Goes," and what goes as Lewis goes to work on a movie set is a slight Paramount permits no efficiency expert to behold. Thirty seconds over a Lewis set would kill any efficiency expert.

After four months and a reported \$2.5 million, Jerry just completed "The Ladies Man," featuring himself, opera star Helen

Arroyo Helps Ford Get Sixth Win

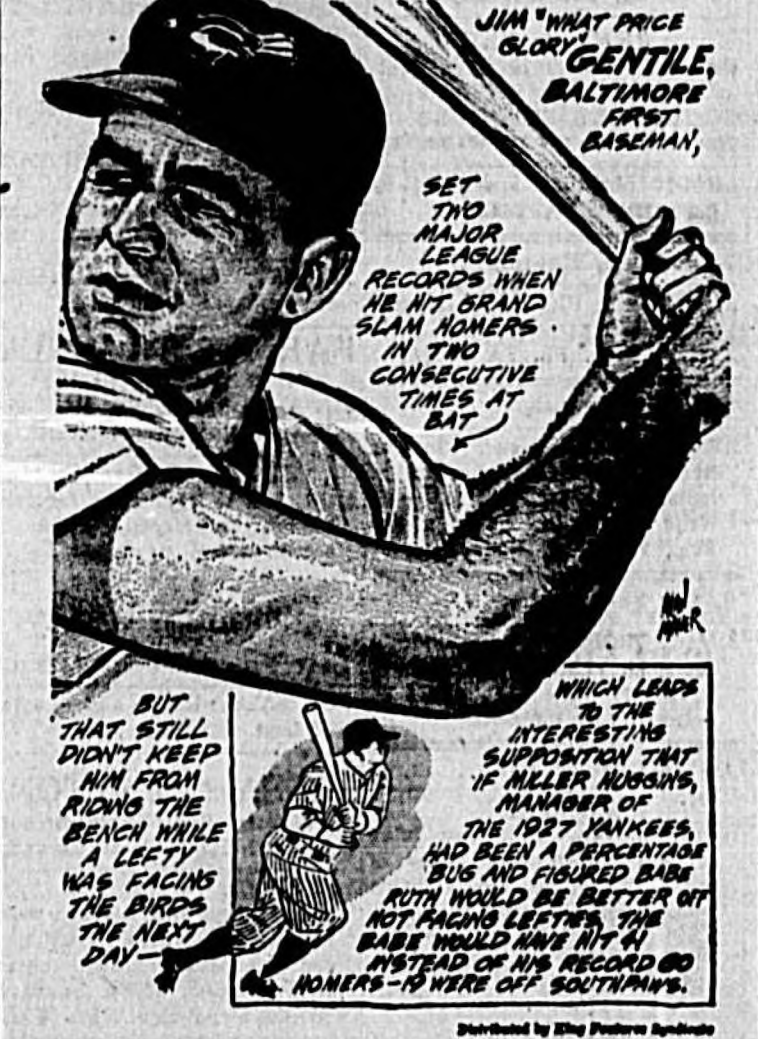

United Press International
It looks like Whitey Ford will go on winning as long as Luis Arroyo's arm holds up.
That's a familiar quip in the New York Yankees' clubhouse these days but it's not funny to the Yankees' American League rivals. They know the chunky, 32-year-old Arroyo was supposed to be washed up as a major leaguer a year ago but he somehow manages to find the holes in their bats.
The ex-St. Louis Cardinal left-hander hustled to Ford's rescue again Thursday night to preserve a 6-4 victory over the Boston Red Sox. The win raised Ford's record to 6-1 but it was the fourth time Arroyo has come to his assistance this season. In all, Arroyo has made 17 relief appearances for the Yankees and has been credited with seven "saves" this year.
The Cleveland Indians routed Los Angeles Angels, 13-5, and

moved to within 3 1/2 games of first place when the Minnesota Twins scored an 11-inning, 7-8 victory over the Detroit Tigers; the Baltimore Orioles beat the Chicago White Sox, 6-4, and the Kansas City Athletics downed the Washington Senators, 4-3, in other American League games.
Sandy Koufax pitched a three-hitter and Tommy Davis hit his eighth homer of the season as the Los Angeles Dodgers shaded the St. Louis Cardinals, 1-0, and moved to within a half-game of

first place in the only National League game.
Tony Kubek and Johnny Blanchard hit two-run homers to lead the Yankees' 11-hit attack that dealt Billy Muffett his fourth loss. Arroyo relieved Ford with two men on base and none out in the eighth inning and pitched hitless ball the rest of the way. Jackie Jensen homered for Boston.
Willie Kirkland and Johnny Romano drove in four runs each and Kirkland, Romano, Woody Held and Bubba Phillips hit homers to

lead the Indians' 17-hit attack. Jim Grant staggered through 6 2-3 innings to pick up his fourth win with Barry Latman cleaning up. Leroy Thomas hit two homers for the Angels.
The Twins overcame a five-run first-inning deficit to send the game into extra innings on Reno Bertoia's run-scoring ninth-inning single and won it in 11th when Jim Lemon singled in Lenzie Green. Paul Giel, ex-Minnesota football star, won his first game for the Angeles and Green's four hits extended to his hitting streak to 22 straight games.
The Orioles scored four runs in the first inning and routed Herb Score before he retired a batter to pave the way for Steve Barber's sixth win. Hoyt Wilhelm relieved in the eighth and shut out the White Sox for the last two innings. Sherman Lollar hit a three-run homer for the White Sox.
Joe Nuxhall, 32-year-old ex-Cincinnati left-hander, pitched a seven-hitter to win his second game for the Athletics. Dick Howser and Jerry Lumpe had two hits each for the winners while Willie Tasby and Gene Green homered for the Senators. Dick Donovan suffered his fifth consecutive loss.
Koufax, pitching the most consistent ball of his wildness-plagued career, carried a one-hitter into the ninth when the Cardinals threatened on singles by Curt Flood and Bill White. Right-fielder Duke Snider made a shoestring catch of Ken Boyer's low liner, however, and completed a game-ending double play by throwing to second base. Bo Gibson was the hard luck loser for the Cardinals.

Weather Slows Pros In 500; Palmer Leads

INDIANAPOLIS, Ind. (UPI) — A weather break was the major desire today of 140 golf pros chasing Arnold Palmer, Jim Ferree and Johnny Pott into the second round of the \$50,000 "500" Festival Open tournament which will pay the winner \$9,000.
Palmer, Ferree and Pott led the field after 18 holes with four under par 67's, but there was a massive group within striking distance and all of them figured good weather would help them move into the top spot.
In the first round high winds, increasing throughout the day, hampered all but the earliest starters, and the three front-runners all were out in early threesomes, so that the bottom two-thirds of the starting field had to combat less favorable conditions.
The unfavorable weather didn't help the pros at all in their expectations to rip apart the 6,905 yard Speedway course which was so simple last year when 63 players broke par on the first round.
Thursday, only 38 bettered the par of 71 and nobody approached the performance of Jerry Barber's course record 63 on the opening day of the 1960 event.
Behind the front runners there were eight deadlocked at 68, one stroke off, Art Wall Jr., Peconic Manor, Pa.; Peter Thomson, Australia; Billy Maxwell, Dallas, Tex.; Ken Still, Tacoma, Wash.; George Bayer, South Pasadena, Calif.; Bob Shave Jr., Willoughby, Ohio; Bill Collins, Crystal River, Fla.; and Hulen Coker, San Diego, Calif. Another 11 were at 69 and 16 more at 70, with 14 at 71.

Ole Miss Star Signs Biggest Yankee Bonus Contract Ever

NEW YORK (UPI)—Jake Gibbs, former University of Mississippi All-America quarterback who signed the biggest bonus contract ever offered by the New York Yankees, reports to Coach Frank Crosetti today for two weeks of special training before reporting to Richmond in the International League.
"I want to indoctrinate him in our type of play," explained General Manager Roy Hamey of the Yankees, who added that Gibbs would be used at third base.
Gibbs, who had been drafted by the Cleveland Browns of the National Football League and the Houston Oilers of the American Football League, signed Thursday for a bonus estimated at \$110,000. The previous high paid by the Yankees was \$60,000 to pitcher Ed Cereghino in 1951.
"I didn't want to try to make a career of a combination of sports," said Gibbs in Grenada, Miss. "And when I decided on a baseball career that was the end of football."
Gibbs, 22, hit 338 for Mississippi this year and had a three-year average of .380. A left-handed batter and right-handed thrower, he has been clocked in 3.8 seconds from home plate to first base. He was scouted by 30 to 35 scouts representing every club in the majors.
Gibbs led all major college players with 12 touchdown passes last season and completed 66 of 109 passes during the season. He also starred in Mississippi's 14-0 Sugar Bowl victory over Rice.

Sachs To Go All Out For First Lap In 500 Contest

INDIANAPOLIS, Ind. (UPI) — Eddie Sachs vowed today to "give it all I've got" to beat the pack to the first and most hazardous turn when the 500-mile Memorial Day auto race opens Tuesday.
He is in a good spot to take the lead at the outset of the 200-lap grid since he sits on the pole—the inside position in the first of 11 rows of three cars that line up for the flying start.
And he said he is going to be alert as the flying start won't be a duplication of last year when he also sat on the pole and two other drivers beat him into the southwest turn.
"Last year they told me about the responsibility of leading the race lap, that I should take it easy to insure a safe lap," recalled the Allentown, Pa., restaurant owner.
" Heck, I had so much to do I couldn't stay in front. I was in third spot going into that first turn. I lost the first lap to Roger Ward and Jim Rathmann."
So that this won't happen again the fast-talking Sachs said he'll "drive all the way until I'm in first place—I really try to lead going into the first turn."
However, he isn't kidding himself. He said he was aware that several other drivers have the same idea.
"Jim Hurtubise might try for the early lead, and Ward is right behind me," said Sachs. "That Ward is one of the toughest competitors, and so is Hurtubise."

Swim Association Seeks Members

If you are between the ages of eight and sixteen and can swim the length of the Fort Mellon Park pool, you are eligible to join the AAU Swim Association.
Registration of old members and try-outs for anyone interested in joining will be held June 1 from 4 to 6 p.m.
Although these try-outs are for swimmers only, non-swimmers should take advantage of the swimming lessons offered by the Red Cross.
The Seminole Swim Association is hoping for a large turnout the day of registration at the Ft. Mellon pool. Members of the AAU travel to surrounding cities and compete in swim meets, and the association hopes to see Sanford well represented.

New Faces Join Top Boxer Ratings

NEW YORK (UPI)—Alejandro Lavorante of Argentina was named "fighter of the month" today by the Ring Magazine and boosted into top 10 heavyweight ratings for the first time, along with Cleveland Williams of Houston, Texas.
Both "new faces" in the top 10 are knockout specialists. Lavorante scored a sensational kayo over third-ranked Zora Folley of Chandler, Arizona, and smashed into the ratings at number six while Folley sank to seventh.
Williams knocked out seventh-ranked Alex Mihoff of Argentina and entered the rankings at number eight. The defeat dropped Mihoff out of the top 10. Inactive Mike DeJohn of Syracuse, New York, also sank from number eight out of the ratings.
Because of Folley's defeat, Henry Cooper of England and champion Ingemar Johanson of Sweden and George Chuvalo of Toronto each rose a notch, to third, fourth and fifth, respectively.
In the welterweight class, Jorge Fernandez of Argentina rose from fourth to third because of his impressive victory over Ted Wright of Detroit, who dropped from eighth to ninth.

Man In Oviedo, Spain, Wants To Live In Oviedo, Florida

T. L. Lingo of Oviedo has received a letter from Jose Angel Cabal Clordia, 33-year-old resident of Oviedo, Spain, which he thought might be of interest to other Seminole County boosters.

The letter reads: "Dear Sir: I address my letter to you expecting you be so kind to hear me and help me.

"It's a long time that I have heard about Oviedo in Florida; since that moment I dreamt of going there to live. A few days ago, somebody handed me a handbook from the Seminole County. It's about the marvel of Sanford and The Seminole Land.

"I saw your name printed in it and here I am writing you. Could you help me to be the first (maybe) Ovistense from the old Oviedo, Spain, to settle there.

"I am single, 33, and from six years ago, I am a teacher of English, at the Victoria Club, a center dedicated to the diffusion of the English language and the British culture.

"Being an admirer of the States, I should very much like to go there. I have special interest in Oviedo, Florida, on account of the place, the nature, the climate, the people, and of Oviedo, from Old Oviedo. My dream is to be the first 'ambassador.'

"As a person, well situated and connected, I apply to you, hoping you be able to do something for me. I know the great difficulties there are by now, to enter the country. But I trust in the good will of people there.

"I don't really mind to take any job, whatever it be, manual or educative. I am well trained in both

Will be this I ask you for, too troublesome to you? I beg you pardon.

"I expect this first contact with you and your town will be good and promising. It will be a pleasure for me to help you in every-

thing you be interested in from the old Oviedo.

"Thank you in advance, I remain yours sincerely," Jose Angel Cabal Clordia, President of Victoria Club, Victoria, English Club, Apartado 202, Oviedo, Spain.

Longwood Realtor To Visit Home

By BETTIE SMITH

Mrs. Ruth Hamilton of Longwood left today for her home town of Alta, Iowa, where she will be guest speaker at her High School Alumni Banquet on June 1.

From there she plans to visit the University of Iowa in Iowa City where she and her husband lived while he was a medical student. Mrs. Hamilton says "he was a noted athlete in those days and

many pictures of him are in the Field House which I have longed to see. Just now I have the time to do this and it will be such a thrill to revive precious memories and meet dear friends of those gay and carefree years."

The Longwood businesswoman will return home on June 8 for a brief stay before leaving again on June 15 for Old Orchard, Me., to spend the summer, returning home soon after Labor Day.

"ALOHA, WAHINI" SAYS GENE TUCKER, president of the Florida State Bank, as he presents Mrs. Joyce Jones with a lei, one of the 700 that the bank is donating to the Senior Class of Seminole High School for the big luau party being held at Golden Lake Recreation Park on the Naval Air Station as part of Fun After Graduation. Patty Gatchel heartily approves the little ceremony. Mrs. Jones is favors chairman of the FAG committee. (Herald Photo)

The services will be an open event and interested residents are invited to attend.

Hot dogs and soft drinks will be furnished by the Sunday school department and each family is asked to bring a covered dish.

X-15 Flies To 3,370 MPH Speed With Pilot In Control All Way

EDWARDS AFB, Calif. (UPI)—X-15 pilot Joe Walker flew 3,370 miles an hour Thursday, controlling the rocket plane's near mile-a-second run with deft wrist movements.

His top speed was a new record for the winged, pilot-controlled X-15, designed to investigate the bottom side of space. Moved nearer by his success was an all-out flight sometime this summer at speeds of 4,000 m.p.h. in the fringe of space.

"Nothing too terrible happened," Walker jokingly commented after flying five times the speed of sound.

Broken by Walker's 12-minute flight was the old X-15 speed record of 3,074 m.p.h. set April 21 by Maj. Robert White. Walker, 40, already held the X-15 altitude mark of 108,000 feet.

Walker, unlike Russian and U.S. spacemen, had complete control of his destiny once the X-15 was dropped from a B52 bomber flying at 45,000 feet.

He used a unique side stick designed for space conditions when gravity forces would keep a pilot from moving his arm to maneuver

with the floor-mounted control stick.

Top altitude for Walker was 110,000 feet. He hit his top speed at 90,000 feet shortly after shutting down the X-15's 57,000-pound thrust rocket engine. The engine burned at full throttle for 73 seconds.

New Integration Attempt Gets 17 More Jailed

By United Press International
Seventeen more "Freedom Riders" who pulled into Jackson, Miss., Sunday aboard two buses, were promptly arrested without incident and faced swift court action today.

In Montgomery, Ala., officials predicted martial law would be lifted within the next few days. The National Guard took over control of the former capital of the Confederacy on May 21 to climax a weekend of racial violence resulting from the first wave of "Freedom Riders" which entered the state.

Sunday's attempt to break down segregation barriers in Jackson was touched off by the conviction Friday of 17 riders who were arrested earlier in the week in a much-publicized trip from Montgomery to the Mississippi capital.

Police were waiting when nine Negro students from Tennessee A&I University arrived from Nashville at dawn. They bypassed Negro waiting rooms at the Greyhound terminal, ignored police orders to "move on" and were taken into custody.

Of the nine, four were females. The only persons present at the terminal were police, newsmen and passengers.

The second group, composed of six Negro men, two whites and one Negro girl, left from Montgomery later in the day. The Negro members of the group used the "white only" waiting room at Montgomery under the eyes of national guardsmen.

Highway Patrol cars escorted the riders to the Mississippi border and the bus proceeded to Jackson without incident. Three Mississippi patrol cars followed the vehicle to the capital.

The group scattered throughout the white waiting room at the Trailways terminal and were arrested when they refused to leave on police orders. Several were arrested at a refreshment stand and the girl was pulled from a telephone booth.

The ninth member of the group was believed to have used the Negro waiting room and was not arrested. It was indicated he came to Jackson to confer with local integration leaders.

The 17 "Freedom Riders" were charged with breach of peace and were to be tried late today in city court. Twenty-two of the riders convicted Friday remained in jail during the weekend rather than pay \$200 fines. Five were released on appeal bonds.

Scooter Accident Hospitalizes Boy

Tommy Fay, 15-year-old son of Mr. and Mrs. Lenox Fay, 205 Collins Dr., Sanford, today is still under observation at the Orlando Air Force Base Hospital following a motor scooter accident around noon Sunday.

The accident occurred in Lake Mary on Country Club Rd., near Crystal Lake when the youngster apparently lost control of the scooter, running off the highway into the soft sand shoulder.

He was rushed to Seminole Memorial Hospital for preliminary observation before being transferred to the Base hospital. Reports from his father earlier today say that the boy suffered a severe laceration over one eye but that early X-rays indicate that he is not suffering from concussion.

Teenage Arsonist Sought After Fire

NEWARK, N. J. (UPI)—Police and fire officials questioned a number of teenagers today in search of an arsonist who set 19 fires here Sunday and placed the city in a state of emergency for three hours.

A citywide alarm was out for an unidentified 15-year-old boy who was believed to have set the fires in a number of tenements. Seven of the fires broke out in a seven-block area.

No one was seriously injured, but at least 12 firemen were felled by smoke. More than 100 persons were forced to flee their homes.

Strike Threatens All Cape Work

CAPE CANAVERAL (UPI) —

The threat of a wildcat strike which could halt all missile and space shots from this huge test center hung over the Cape today pending requested action from President Kennedy.

Unionists said the dispute, if unchecked, could lead to a wildcat walkout despite a labor-management agreement announced last week guaranteeing uninterrupted work at U.S. missile bases.

The possible strike, which two

labor unions say they don't want, centered around the layoff of 18 photographers.

Representatives of labor, management and the military were scheduled to meet today to discuss the argument involving the Radio Corporation of America and photographers union locals 666 and 780 of Laboratory Technicians and Camera Repairmen.

Meanwhile, the union claimed their 300 members had showered Kennedy with requests that the administration's new 11-man gov-

ernment-management-labor mediation commission step in to referee the fight.

One union member said in his telegram to the president, "It now seems that the only way we can protest this unfair labor action is to strike—unless you intervene."

The unions claim that RCA, which has a government contract to handle photographic coverage of rocket tests at the Cape, had violated a work contract by cutting off the 18 cameramen without regard to a seniority clause.

Big Bills Studied For Compromises

TALLAHASSEE (UPI)—A conference committee settled House-Senate differences on a state budget bill during the weekend but appropriations chairmen said the recommendations wouldn't be released to the Legislature until late today.

Sen. Wilson Carraway of Tallahassee and Osceola Rep. J. J. Griffin, the chairmen, said this morning the compromise figures would be released after they reviewed the bill together.

The big issues of congressional reapportionment and constitutional revision remained unresolved as the legislators returned from the weekend. A possible dying-hours segregation hassle loomed in the Senate.

The lawmakers hope to spend a busy four days cleaning up their calendars, then be ready for side die adjournment Friday.

The joint conference committee on appropriations spent the weekend working out its proposed compromise between the \$755.7 million Senate bill and the \$767 million House bill to finance state operations in the coming two years.

Another joint committee was to be named today to work on a compromise bill realigning Florida's 67 counties into 12 instead of the present eight congressional districts in order to accommodate four new congressmen the state will get in 1962.

A segregation debate in the Senate could come on a bill passed by the House on Friday providing a credit of up to \$250 on property taxes for parents who put their children in private schools to avoid integrated public schools.

The issue of new taxes is also still alive, although the Legislature's experts seem convinced that even the House's higher state spending proposal could be financed from present revenue sources.

Funds Held Up

WASHINGTON (UPI) — The House Appropriations Committee balked today at giving the U. S. Information Agency extra funds recommended by President Kennedy for stepping up cold war propaganda efforts in Africa and Latin America.

Motorists Racing Toward Record Toll

By United Press International
The nation's motorists raced toward a new Memorial Day holiday traffic death record today.

The toll for the first 64 hours of the 102-hour holiday weekend reached 300 and was higher than that of any other Memorial holiday on record. Traffic accidents were claiming more than four lives every hour.

National Safety Council President Howard Pyle said, "Unless our motorists show more respect for traffic law and exercise better judgment in every other way, this Memorial Day holiday will become the most tragic we have ever recorded."

A United Press International count at mid-morning, more than 64 hours after the holiday's start at 6 p. m. Friday, showed 299 deaths in traffic. There were 58 drownings and 50 miscellaneous deaths for a total of 607.

A wave of drownings pushed Florida's Memorial holiday weekend death toll to at least 17, the Highway Patrol reported today.

The patrol reported seven persons have drowned, seven died in traffic accidents, two suffocated, and one was accidentally shot to death since the holiday period began at 6 p. m. Friday, Seminole County had six accidents.

Laos Conference Halts Suddenly

GENEVA (UPI)—Today's meeting of the 14-nation conference on Laos was postponed suddenly and without explanation "for at least one or two days."

A Russian spokesman made the announcement not long after the Soviet and British co-chairmen had summoned the delegates to resume their plenary sessions this afternoon after four days of inactivity because of a deadlock over procedure.

Offices Take Holiday

Offices of the Courthouse, Post Office, and City Hall will be closed Tuesday in observance of Memorial Day, but the banks and most stores will remain open.
