

Deltona Doings

By FANNETTE EDWARDS
Herald Correspondent

LABOR DAY FESTIVAL — Deltona's Bicentennial kickoff will be an old-fashioned Labor Day Festival, long to be remembered by old and young alike according to Deltona Civic Association President Scharon Scheffer, Paul McElroy, public relations director and Jack Spencer, association first vice-president, who are formulating plans for the event.

The festival, which they hope will become an annual event, will take place from 11 a.m. and continue throughout the afternoon and evening, on the grounds of the Deltona Community Center.

The event, according to Mrs. Scheffer, besides being the first money-raising project of the association, since it has leased the community property from the Deltona Corp. for \$1 per year and taken over the maintenance of the complex, will provide a real old-fashioned picnic for all Deltona citizens and at the same time serve to show them the improvements civic association members have made in the Community Center complex, since the take over on June 1.

The festivities will include an art show featuring area talent, a plant sale, and booths of wares by local clubs and merchants, all in the main building of the complex. There will also be showings of Charlie Chaplin and Laurel and Hardy films, in the Little Red School House and for the children elephant rides and games on the grounds of the complex. There will also be games for adults where they can dunk prominent figures, have their fortunes told or have their portraits painted.

Refreshments will be served all day and evening. From 8 p.m. until midnight, people can dance in the main building to the peppy music of The Furz, a group of musically inclined policemen for Winter Park, during which time a trip will be awarded to the winner of the lucky tickets, to the Bahamas for two. Other prizes to be announced later.

Admission is \$3 per couple or \$1.50 per person. For further information, persons should contact any officer of the association or call the civic association office.

MOBILE HEALTH UNIT — "Health on Wheels", Volusia County Health Department's unit, will be stationed at Saxon Park in Deltona's third housing area on Thursday, Aug. 21 at 8 a.m.

Persons coming for cardiac screening must have had nothing to eat or drink (except water) for at least six hours prior to taking the tests and should bring a urine sample.

The unit offers clinics for immunizations, hearing planning, venereal disease control, tuberculosis control and cardiovascular cholesterol level readings. All tests must be taken.

Each person participating is asked to bring a stamped, self-addressed envelope. Cardiovascular screening is available only to those persons with no known history of heart disease or high blood pressure. Acceptance will be based on a first come, first served basis.

PROFESSOR TO SPEAK ON NUTRITION — The public is invited to an informal talk by Professor C. Curtis Shears on "Nutritional Science—Know Your Deficiencies," on Aug. 26 at 7 p.m. in the DeBary Mansion, DeBary, at the invitation of Mr. and Mrs. Kenneth F. Davis of Deltona. Mr. Davis, Commander U. S. Navy, retired, will present him to the audience. Following his address a question and answer period will ensue.

During World War II, Professor Shears served as captain of the flagship of the Eighth Fleet. Later, he was an officer of the American Bar Association, a special assistant to the attorney general of the United States and chief counsel of a Congressional investigating committee. He also served as chairman of the health committee of the Youth Council of Washington, D. C.

Shears director of the Nutritional Science Research Institute in Gloucester, England. He lectures throughout the world and is training people from many countries to spread more widely, his theories on nutrition.

He is the author of two books: "Nutritional Science and Health Education" and "The Science of Self-Healing."

DELTONA CIVIC ASSOCIATION — The Deltona Civic Association is beginning a community membership drive, according to Mrs. Charlotte Weydig, chairman, who announces that each of the 10 District Directors of the Association will visit the residents residing in their respective districts.

After the association took over the maintenance of the Deltona Community Complex, annual dues were raised from \$1.50 per family to \$5 per family or \$2.50 per individual. Each member of a family, 18 years of age or over may join.

At the same time, while calling on each family, the directors will deliver the new Deltona telephone directory, one per household, compiled by the civic association directory committee.

"It is the hope of the association, that every household in Deltona will subscribe to membership," said Mrs. Weydig, "as money is needed to meet the obligation of maintaining the community center we have assumed this year."

SPORTSMAN'S CLUB GIRLS' SOFTBALL TEAM PICNIC — Members of the Deltona Sportsman's Club girls softball team were the guests of the Sportsman's Club at a picnic Sunday in Campbell Park. They were celebrating their first place tie in the minor division of the Miss Middle-American League. Hot dogs, potato salad, hamburgers, potato chips and soda was the menu of the day, with games and three-legged races enjoyed by girls and parents.

Each member of the team was presented with a certificate of appreciation from the coach, Martin Smith and their manager, Pauline Wisniewski, for their good sportsmanship. The afternoon ended with a game played by the girls competing with the fathers and then with the mothers. The game ended in a tie.

AMERICAN LEGION AND AUXILIARY 255 — Due to the recent destruction by fire of the Deltona American Legion Home of Post 255, on Highway 17-92, the weekly Games Night sponsored by the Post will be temporarily discontinued. The purchase of a new bingo outfit will be necessary as that was destroyed in the fire.

However, enthusiasm by members of the post and auxiliary has not diminished for the bake sale scheduled for last Saturday, was held at the Deltona Shopping Plaza in front of the Winn-Dixie store. Commander Betty Leonard says it was one of the most successful sales, financially, the post has ever enjoyed.

Never to be doubted, the women's auxiliary unit held its regularly scheduled fashion show and card party in the Community Center on Friday, at 2 p.m., when the civic association offered the location to the ladies when their home site was demolished in the fire. It, too, was a huge success, according to Joan Leutschinger, unit president.

Next regular meetings of the post and auxiliary will be Aug. 27 at 7:30 p.m. in the Little Red School House for the auxiliary and the arts and crafts building for the post.

WANDREYS ATTEND CLINIC — Dr. and Mrs. Clarence W. Wandrey of Deltona, members of the Lutheran Church of Providence, are attending a two week orientation clinic of the Bethel Series, an international Bible study program administered by the Adult Christian Education Foundation. The clinic is being held in Madison, Wis.

More than 3,500 congregations, representing 17 denominations have involved over half a million lay teachers and students in the series, since its inception in 1962. The Wandreys are world travelers and lecturers and have been in many foreign lands to teach Mrs. Wandrey is also active in aiding the blind with braille literature. They possess many priceless, art treasures given to them in appreciation.

Enjoy the Scotty's Do It Yourself Feeling and Save in the Bargain...

The most satisfying do-it-yourself project in terms of added value, beauty and comfort, is the installation of carpeting in your home. Especially with the new foam-backed carpet which eliminates the complication of nailing strips and carpet stretchers.

Now, you can simply snip-to-fit and enjoy an almost immediate transformation of any room in your home. You actually save three ways . . . save up to \$1.50 a yard on padding . . . plus \$1.50 a yard by installing it yourself, and of course, you save even more at Scotty's sale price right now!

With the helping hand of Scotty's You can Do It Yourself!

FAREWELL TO THE OLD ZOO
With the last of the animal inhabitants moved out Thursday morning to the new Central Florida Zoo at Lake Monroe, City crews went to work razing the old Sanford Zoo in favor of a parking lot (Photos left and above). Although happy over the bigger and better facilities, several generations of Seminole Countians, who have enjoyed visiting the familiar old zoo, could not help but view the destruction with a touch of sadness and nostalgia (Herald Photos by Bob Lloyd, Bill Vincent, Jr.)

Employment Official Optimistic County Upswing Predicted

By ED PRICKETT
Herald Staff Writer

A Florida State Employment officer, Ralph Prescott, predicted today Seminole County's economy will "take an upswing" by the middle of next month.

"I've always felt in the fall we would see an upswing — and I still feel that way," said Prescott, the manager of the state's Sanford office.

The upswing by mid-September, he says, is because "citrus and general farming will increase — causing an upswing right on through December."

As far as businesses are concerned, Prescott says Seminole County firms presently are "not hiring or firing."

"It's pretty stable. There's not many changes — some layoffs," — Ralph Prescott

turnovers but not too many layoffs," he added.

Prescott's comments come on the heels of a report from the Commerce Department which says the Gross National Product (GNP) — the total output of goods and services — showed an increase in volume of 1.6 per cent during the three months ending in June.

Economists say the rate indicates the sharpest midyear improvement in four years.

Not all the economic news, however, is good: the government also reported consumer prices jumped 1.2 per cent in July, the biggest inflationary surge this year.

Economists view any increase in consumer prices as an ominous sign in the midst of a recovery from the longest and deepest recession since the 1930s.

Higher prices for food, gasoline and used cars were responsible for three-fourths of the increased prices, according to the U.S. Labor Department.

Agricultural Secretary Earl Butz said the U.S. grain sale to the Soviet Union is not totally responsible for higher food prices.

Butz says the grain sale itself will cause a 1.5 per cent increase in food prices, but he said the higher prices will be spread over the next 16 months.

Butz also said food prices will rise another 1.5 per cent through December for a total average increase this year of 9 per cent. Retail food prices rose 12.4 per cent in 1974.

Meanwhile, Tom Lawton, the state's Metropolitan Employment Manager, said it appears Florida is sliding back into the old, "historical" pattern of high employment during the fall — with lows in the summer months.

Unemployment has steadily decreased in the metropolitan area which includes Seminole County over the past few months.

In May, the rate was 12.7; in June, 10.7 and 11 per cent in July.

Figures were available for August.

Though Lawton chose not to make any predictions, he said, "historically," employment picks up in the fall.

Home Construction Starts Gradual Recovery

TALLAHASSEE (AP) — Home construction in Florida has started a gradual recovery from the recession after hitting bottom the first three months of 1975.

Community Affairs Secretary William H. Ravenell says.

Meanwhile, economists in South Florida also pointed to an upswing, revising forecasts on sellout time for the area's condominiums.

They said the unsold inventory may be liquidated within 20 months instead of the 33 to 36-month estimate earlier reported.

Kenneth D. Campbell, a New York-based real estate consultant, said "the condominium glut may be pretty well cleaned up by mid-1976." But South Florida economists said it might not be until early 1977.

before about 50,000 unsold units in Dade and Broward counties are off the market.

Ravenell said in a news release Thursday that building permits and housing starts in the state decreased more than 70 per cent in the first three months of the year from the first quarter of 1974.

Residential building permits dropped from 46,836 to 10,173 and housing starts fell from 44,071 to 12,546, he said, quoting figures from the McGraw Hill Information System.

But construction started to move upward in April-June, although the month-by-month recovery was unsteady, he said.

By June, housing starts were down only 34 per cent from 1974 and building permits off 20 per cent, he said. Single family house starts for the month were 3,356 compared with 5,833 in June 1974, while starts on condominium apartments remained hard hit, down to 1,683 from 9,673.

Construction was up from May to June in Pinellas, Hillsborough and Duval counties and down in Broward, Dade, Palm Beach, Orange, Seminole and Leon counties.

Ward Building Purchase Included Commission Reaches Tentative Budget Agreement

(EDITOR'S NOTE: One mill is equivalent to \$1 per \$1,000 of assessed property value and is used to determine the amount of taxes paid. Thus, if a tax of 5.34 mills is levied, each property owner would pay \$5.34 for each \$1,000 of the assessed value of his property.)

By MICK LOCHRIDGE
Herald Staff Writer

After burning the midnight oil Thursday, the Seminole County Commission has reached a tentative 1975-76 fiscal year budget, which includes the purchase of the vacant Montgomery Ward building in the Seminole Plaza in Casselberry.

The Office of Management Analysis and Evaluation (OMAE) staff today was totaling budget figures for the commission's review on Monday at 8:30 a.m., Eleanor Anderson, budget analyst said.

Mrs. Anderson said the five commissions worked until 1 a.m. today on the "first tentative budget."

Sig Pearson, head of OMAE, was attempting to contact Ward officials today to begin discussions on the county's possible lease-purchase plan for the more than \$7,000 square foot building. Current sale price for the building is \$1,050,000.

Pearson said the county "can't absorb" the full price "right now" and said he would investigate a lease-purchase plan, where lease payments go towards the purchase of the building.

The building would serve as a courthouse annex in the south part of the county to house courtrooms, provide additional space for county departments and possibly house the south Seminole county library.

Pearson said 10,000 square feet of the building may be set aside for the library. Commissioners have budgeted \$225,000 for the establishment of the

Chuluota Woman Gets \$500 Fine

By BOB LLOYD
Herald Staff Writer

A 54-year-old Chuluota woman was fined \$500 today by County Court Judge Wallace Hall on her plea of no contest to a charge of operating a convalescent home without a license.

Hall meted the sentence to Mrs. Mary W. Kenny, of 21 Overlook Drive, Chula Vista, Chuluota, after considering the case for two weeks following her plea.

The misdemeanor charge is punishable by a maximum 60 days in jail or \$500 fine.

Mrs. Kenny was served with a summons July 30 alleging the July 25 violation. The case resulted from a sheriff's department investigation into the unattended death of an 82-year-old man who was living at the Kenny residence, along with his 89-year-old wife and three other elderly persons.

Sheriff's investigators said an autopsy showed the man died from a heart attack.

On July 29, County Health Department Director Dr. O.L. Barks ordered Mrs. Kenny to "cease and desist" operating the unlicensed facility within 14 calendar days.

Elderly patients were later reported removed from the residence to comply with state law.

In other County Court actions today, the owner and manager of a Fern Park nightclub pleaded guilty to violating the county alcoholic beverage ordinance and both were fined.

Judge Hall fined Circus-Circus A-Go-Go club owner Gerald W. Uranich, 37, of Orlando, \$200 for being open on Sunday for sale of alcoholic beverages.

Club manager George A. Moore, 37, also of Orlando, was fined \$100.

Uranich and Moore were issued summons by Sheriff John E. Polk received complaints from citizens about the Sunday operation at the club on U.S. 17-92, Fern Park.

Uranich told the court today that he had obtained erroneous information that the club could sell beverages on Sunday. He said he has now obtained a copy of the county ordinance.

City May Reduce Standards Inside Sunday

By BOB LLOYD
Herald Staff Writer

The Sanford Planning and Zoning Commission (P&Z) is considering a recommendation to reduce the city's minimum square footage for a single family dwelling unit to 260 square feet for an efficiency apartment.

Sanford's current restrictions allow living units to be no less than 700 square feet except for planned unit development (PUD), according to Bill Braceland, city building official.

Braceland presented to the P&Z board Thursday the recommendations from the city Builders Forum requesting square foot restrictions be lowered to allow for less expensive living units. The Forum is composed of area builders and developers.

Other recommendations include a one bedroom dwelling of 460 square feet, a two bedroom unit of 600 square feet and anything more than a two bedroom will have to be a minimum of 700 square feet.

Braceland said the P&Z will consider establishing a special zone for the smaller living units.

What's in store for a person applying for a Florida driver's license? Sunday's Seminole Magazine highlights those in Sanford who either pass or fail applicants for the privilege of being a licensed driver.

Haynes Debuts

NATION IN BRIEF

Release On Bail Sparks

Angry Black Demonstration

WILMINGTON, Del. (AP) — Policemen using tear gas and nightsticks turned back an angry crowd of black demonstrators protesting the release on bail of a white man charged with shooting a black girl.

The girl, 13-year-old Sheila Farrell, was in critical condition today with a bullet wound in the back. John Bailey, 24, allegedly shot the girl for raising a peach tree in his backyard.

First Lady: No Regrets

VAIL, Colo. (AP) — First Lady Betty Ford says her outspoken comments on sex may have won a few votes for President Ford.

She told reporters Thursday that she didn't regret a story in the September issue of McCall's magazine, adding, "I hope you read the whole interview — it should be a big sell."

Fireman Admits Kidnaping

NEW YORK (AP) — City fireman Mel Patrick Lynch confessed that he kidnaped whisky heir Samuel Bronfman 2nd and picked up a \$2.3 million ransom from the victim's multimillionaire father, an FBI affidavit alleges.

Unleashed Thursday by U.S. Atty. Paul Curran, the affidavit, one of four, also says Lynch admitted writing the ransom demand last June and then looting the typewriter on which it was written to the daughter of his confederate, Dominic Byrne.

Whoman Welcomes Challenge

CHICAGO (AP) — Gillian McLaughlin has been kicked by a horse named Safeguard and ribbed by coworkers for sometimes looking like a man. But she says being Chicago's first mounted policewoman has its advantages, too.

"It's a close-knit bunch and there is no horsing around," said the 26-year-old trainee. "I like the Snyker Bear hat, riding breeches and the rest of the same uniform worn by the men."

Red Pimientos Recalled

WASHINGTON (AP) — The Food and Drug Administration has announced that 155,000 cans of Spanish red pimientos are being recalled because of a possible danger of food poisoning.

The cans of Spanish red pimientos being recalled bear the code number R7-7511 and carry labels reading "Roland Whole Red Pimientos" in choice or standard grade and "Roland Broken Red Pimientos."

Ringleader Said At Large

ATLANTA, Ga. (AP) — A federal prosecutor has testified that she believes the ringleader behind the landing of a planeload of marijuana in northeast Georgia is still at large.

Asst. U.S. Atty. Glenn Stone said Thursday at a preliminary hearing for 10 men accused of conspiracy to smuggle 3,200 pounds of marijuana two weeks ago that he also believes the trail may lead to Arizona.

31 Dead Of Encephalitis

JACKSON, Miss. (AP) — The death toll in Mississippi from encephalitis has risen to 31, and Gov. Bill Waller has called for a stepped-up effort to kill the mosquitoes that carry the disease.

State health officials said the encephalitis outbreak has stabilized but that mosquito-killing programs must be expanded to keep it under control and head off future outbreaks.

Nudists To Campaign

TRURO, Mass. (AP) — Leaders in a campaign for nude bathing at Brush Hollow Beach are planning a big party for Saturday. Dress is optional.

"The federal government has stripped Americans of the traditional right to social skinninging on Cape Cod, and it proposes to do away with this tradition of previous and constitutional right nationwide," the Free Beach Committee for Brush Hollow Beach says.

Murder Attempt Called Second

SAN RAFAEL, Calif. (AP) — Police say a widow charged with giving her two teenage sons fatal overdoses of barbiturates tried to kill them and herself the same way four years ago.

Kent State Jurors To Get Case Today

CLEVELAND, Ohio (AP) — Jurors in the civil damages trial stemming from the 1970 Kent State University shootings prepared to begin deliberations today after being marshaled under guard by U.S. marines.

U.S. District Court Judge Don J. Young said he would define the issues and explain the law before sending the panel of six men and six women away for deliberations.

The families of four students shot to death and the nine persons wounded in the incident are asking for \$46 million in damages. The shootings came as Ohio National Guard troops tried to break up a campus anti-war rally May 4, 1970. Gov. James A. Rhodes and 29 present former guardsmen are the defendants.

Young ordered round-the-clock protection for the jury Thursday after one juror was assaulted and threatened. Young refused to give details of the assault but said later the juror had been physically abused.

Boy On Bicycle Struck By Auto; Man Wounded

A six-year-old Chuluota boy has been hospitalized with head injuries after a bicycle-car collision in Altamonte Springs man treated and released after an argument that ended in a shooting, sheriff's deputies reported today.

A spokesman at Winter Park Memorial Hospital said Tommy Cummings of Chuluota is listed in "satisfactory" condition in the hospital's intensive care unit.

The youth suffered head injuries, officials said, when his bicycle exited a driveway at 151 Second St., Chuluota, into the path of an auto driven by Betty Riepe, 48, of 470 Fourth St., Chuluota.

Deputy Archie Freeman said Florida Highway Patrol Trooper C. L. Tomlinson Jr. is investigating the accident.

Sheriff's detective Sgt. William Hogan and Deputy David Daquid arrested George Robinson, 20, of 202 Harris St., Altamonte Springs, Thursday night on a charge of aggravated assault in connection with the wounding of John Watkins Jr., 30, same address.

Ms. Robinson was booked at county jail on \$5,000 bond. Watkins was treated for a gunshot wound in the right shoulder at Florida Hospital North, Altamonte Springs, and released, a hospital spokesman said today.

Deputies said Watkins was shot reportedly after an argument "over another woman."

Sheriff's vice squad Lt. R. C. Parker jailed a Fort Lauderdale couple on drug charges after their arrest Thursday at a motel at 14 and SR-436.

Damon Andre Leonard, 23, was held on \$11,000 bond on charges of possession and delivery of controlled substance, grand larceny and carrying a concealed firearm.

Katherine Louise Palmer, 25, was held on \$5,500 bond on charges of possession of controlled substance and conspiracy to commit a felony: grand larceny.

Altamonte Springs police jailed a 21-year-old Jacksonville man on a possession of stolen motor vehicle charge. Timothy Vance Tye was held on \$5,000 bond.

Seminole sheriff's deputies and Orlando police arrested Richard A. Collier, 27, of 165 Blue Heron Lane, Casselberry, Thursday on felony burglary charge and the suspect was turned over to Orange County authorities.

Altamonte Springs police arrested a 21-year-old Jacksonville man on a possession of stolen motor vehicle charge. Timothy Vance Tye was held on \$5,000 bond.

Seminole sheriff's deputies and Orlando police arrested Richard A. Collier, 27, of 165 Blue Heron Lane, Casselberry, Thursday on felony burglary charge and the suspect was turned over to Orange County authorities.

His announcement of the assault came at a break in final arguments, during which lawyers for the shooting victims claimed no defense had been offered except in an attempt to link the victims with civil disorders that rocked Kent for three nights before the shootings.

Attorneys for the defendants said the plaintiffs failed to prove, as they said they would in opening statements 14 weeks ago, that Rhodes superseded local law enforcement authorities with the troops and that guardsmen fabricated a claim of self defense after the incident.

The troops were ordered to Kent 36 hours before the shooting when city officials decided they could not control demonstrations sparked by then-President Richard M. Nixon's announcement of the U.S. military incursion into Cambodia. Reports conflicted, but court

sources agreed the juror assaulted was one of the men on the panel and that he had received the threat in a face-to-face confrontation.

The sources said the juror was told either he would be killed, his family harmed or his house blown up if he did not vote a certain way. The sources would not reveal which juror further, but none of the panel members showed signs of physical abuse. The sources said they did not know whether

the assault constituted a beating or just a shove. Sources said that the assault was reported to the FBI and was relayed to Young.

It was not clear whether the juror was approached more than once. Young spoke of threats, but one source said the judge had included threats reported earlier this week by the lead attorney for the victims, Joseph Keiner. Keiner said he received telephone calls and messages at his hotel warning him "to lay off the defendants."

Check for \$7,000 from the Casselberry Police Benevolent Assn. is presented to Harold R. Peck, (center), founder of Camp Mohawk for dependent underprivileged children in Geneva, to purchase bonds in the building program for the children's home summer camp. Police, Firemen Back To Work

SAN FRANCISCO (AP) — Police and firemen were back on the job today after Mayor Joseph L. Alioto invoked emergency powers and granted their salary demands, stunning the city's board of supervisors.

Strikers began reporting for work Thursday night only after the supervisors rejected a strike settlement. Alioto ignored the supervisors, suspended the city charter and ordered a 13 percent wage increase, twice what the supervisors wanted to grant.

"All the pickets are removed," the mayor said. "Everyone is back to work even earlier than we anticipated."

The mayor's action ended a four-day-old police walkout. Firemen joined the strike Wednesday.

The settlement, hammered out during early morning negotiations between Alioto and strike leaders, was approved overwhelmingly by members of the Police Officers' Association and Fire Fighters Local 798.

The supervisors, who administer San Francisco's combined city-county government, turned the agreement down in a 9 to 0 vote. They complained that Alioto was usurping the board's

power and pushing through an agreement the city could not afford. The supervisors normally set salaries for all city employees.

"It's a sad day for San Francisco when its mayor becomes the first dictator in the United States," said Supervisor John Barbagelata.

The mayor's emergency proclamation said settlement of the strike was "of paramount importance to the preservation of the lives, property and welfare of the citizens of San Francisco."

The agreement will provide police and firemen with a symbolic 6.5 per cent pay hike for the single day of July 1, 1975. Wages will then remain at present levels until Oct. 15, when a 13.05 per cent salary increase will be granted for the rest of the fiscal year.

Currently, pay for police and fire fighters ranges from \$18,044 for rookies to \$25,944 for captains.

City Atty. Thomas O'Connor said the city charter gives the mayor power to "do whatever he may deem necessary for the purpose of meeting the emergency."

O'Connor said a 1944 court ruling stipulated that salary setting for public employees was among those emergency powers.

Most of the city's 1,205 police and 1,700 firemen look part in the strike.

A second accident that came as police "learned the wreckage injured a woman and her young son."

The names of those killed in the Thursday train-truck collision were withheld pending notification of next of kin.

More Labor Action Likely

WASHINGTON (AP) — The nation's policemen, buoyed by the apparent success of the San Francisco police strike, were more likely to participate in similar labor action in the future, the president of the International Conference of Police Associations says.

Edward J. Kiernan, once a New York City policeman and now head of the 180,000-member association of police unions, said that "this action in San Francisco is going to give a lot of people something to think about."

San Francisco police tentatively agreed Thursday to accept an offer of a 13.5 per cent pay hike, consisting of 6.5 per

cent retroactive to July 1 and a 7 per cent increase beginning Oct. 15. Most of the city's 1,205 policemen walked off the job Monday.

"The way the courts have been handing down decisions today, it's not really based on legalities any more," he said. "It's based on emotions and like that. It's hard to lay a lot of faith in the judicial system when you find out it's only used harshly against you."

As more policemen realize this and that politicians who determine police salaries "are going to turn around and kick your teeth in," threats of strikes within police departments will rise, he said.

But he said police frustration over what policemen see as leniency with criminal offenders may make it somewhat easier to break the law technically.

FLORIDA IN BRIEF

'Problem-Oligist' Arrested

On License Law Charges

TAMPA — A Tampa man who calls himself a "problem-oligist" has been arrested on seven counts of practicing law without a license by giving legal advice on divorce.

Larry James Todd, 52, was arrested Thursday after prosecutors received complaints about him from more than five circuit judges and several citizens, said Assistant Hillsborough State Atty. Robert Bonanno.

Todd advertises himself as "Larry J. Todd and Associates, Problem-Oligists" with the motto "Don't worry about it." Todd said he charges \$185 for typing up divorce kits.

He was accused of giving legal advice on divorces for six couples and of providing legal advice to an investigator from the Florida Bar. If convicted, Todd faces a maximum of seven years in jail and a \$7,000 fine.

Harrison To Referee Dispute

TALLAHASSEE (AP) — Comptroller Gerald Lewis has called upon Deputy Atty. Gen. Baya Harrison as a referee in a public-records dispute with an attorney for a fired securities investigator.

Lewis asked Harrison Thursday to determine if documents sought by Benjamin Patterson, attorney for dismissed investigator Robert L. Prince, are public records.

Patterson wants the comptroller's office to provide him with about 350 pages of records regarding Prince. Patterson contends that he needs the documents to prepare for a Career Service Commission hearing attacking the dismissal.

Pot Legal In Plastic

DEERFIELD BEACH (AP) — Gary Dodson has invented something for the pot smoker who has invented. And now the U.S. Justice Department says he can sell it.

Dodson, who runs a specialty store, went to the Broward County state attorney's office two months ago to find out if he could legally sell "bowl" seats featuring marijuana leaves and stems encased in plastic.

Local prosecutors weren't sure, so they asked the Justice Department. Federal officials approved the item, saying tests showed that burying the pot in plastic made it unsmokable.

Prison Hunger Strike Ends

JACKSONVILLE (AP) — A state prison official says a hunger strike on death row at Florida State Prison was brief and ended when he agreed to check out requests for canteen privileges.

The strike was made public Thursday when Jacksonville attorney William Sheppard released two letters written by inmates.

Elwood C. Barclay, 24, condemned to death in two racial slayings at Jacksonville last year, wrote that 30 of the 53 inmates on the row took part in the hunger strike last week to protest the quality of prison food.

O'Connor said a 1944 court ruling stipulated that salary setting for public employees was among those emergency powers.

Most of the city's 1,205 police and 1,700 firemen look part in the strike.

A second accident that came as police "learned the wreckage injured a woman and her young son."

The names of those killed in the Thursday train-truck collision were withheld pending notification of next of kin.

Teenager Killed By Train

ANTHONY (AP) — Officials are withholding the identity of a teen-aged boy who was killed when he and a female companion were struck by a train in this small Marion County town.

Authorities said the girl, who identified herself as Marge Beth Swedlund, 14, of New Smyrna Beach, lay beside the tracks for almost five hours Thursday before someone heard her cries for help.

The identity of the boy, who was dragged along the tracks and dismembered, was withheld for undisclosed reasons, a sheriff's spokesman said.

Regents' Pay Policy Rapped

TALLAHASSEE (AP) — The Board of Regents should not be paying two law firms while negotiating with them on a contract for their services, a state legislator says.

Rep. Jerry Melvin, D-Fort Walton Beach, said in a news release Thursday that the terms of the contract should have been clarified "months ago, before the regents paid over \$150,000 of taxpayers' money to the law firms."

The money was paid to Thompson, Wardsworth and Messer of Tallahassee and to Bond, Schoeneck and King of Syracuse, N.Y., in an agreement in which the firms were supposed to advise each other.

Airline Fears Fuel Hike

MIAMI (AP) — Eastern Airlines' fuel bill will increase by \$90 million a year if the Ford Administration lifts federal oil-price controls, says company President Frank Borman says.

Borman said Thursday that decontrol of domestic fuel prices would cost the airline industry \$1 billion a year.

"Quite obviously, we can't sustain that, as an industry or as an airline," the former astronaut said.

Brutality Charge Quashed

JACKSONVILLE (AP) — A grand jury says it failed to find evidence of police brutality in the death of an escaped convict in Jacksonville last month.

Alexander Thorpe, 36, died of a brain injury July 29, the day after he was taken into custody after a policeman was wounded during a traffic check.

Barron Denies Knowing About O'Malley

MIAMI (AP) — Senate President Demopsey Barron said he had no information to give to a federal grand jury today about the business affairs of former Insurance Commissioner Thomas O'Malley.

"He has no interest in anything ever was involved in anything I have no interest in anything he ever was involved in," Barron, D-Panama City, said.

Barron said he had been assured by Asst. U.S. Atty. Charles Intriago that he personally is not the subject of the probe.

Intriago, directing the probe which reportedly is investigating possible income-tax evasion by O'Malley, declined to discuss his talk with Barron about the subpoena on grounds that such conversations should be private.

"I have already advised the assistant U.S. attorney that I have no knowledge of wrongdoing by Mr. O'Malley and I'm in no business connected with Mr. O'Malley," Barron said.

"I hope there are no connections between my references with the governor and the assistant U.S. attorney's former employment with the governor,"

Intriago, who resigned a year ago as Gov. Reubin Askew's organized crime adviser to make an unsuccessful campaign for Congress, said witnesses are called only for reasons based on the merits of the investigation.

"That applies to any witness," he said.

Barron, who has been in a running feud with Askew, said the grand jury subpoena was waiting for him in his Senate office when he returned to Tallahassee Thursday after three weeks vacation, which included a national legislative conference.

Barron is a partner in Gulf States Enterprises Inc., which obtained a loan commitment from Gulf Life Insurance Co. and two other Jacksonville insurance companies to expand one of the Holiday Inns the firm owns in Panama City.

The other partners are former Sen. William "Big Boy" Barrow, D-Crestview, and James E. Carter, a Panama City accountant and firm president, Barron said.

After resigning last month, O'Malley pleaded no contest to pressuring Gulf Life to make a loan to his secret business partners, including Barrow.

He learned of the subpoena after he told The Associated Press in a telephone interview from Denver last Friday that his only connection with the grand jury had been a conversation with a U.S. marshal seeking business records he did not have, Barron said.

Decisive Action Necessary In U.N.

Last Dec. 6 Ambassador John Scali, then our ambassador to the United Nations warned his colleagues there that the United States of America had had its fill of the "tyranny of the majority"

Premier Rabin of Israel summed up the "tyranny" precisely when he said recently that if a delegation from the Third World introduced a resolution in the United Nations declaring that the world was flat it would receive 100 yes votes, 30 absences — and the United States, Britain and Costa Rica would oppose it.

The provocation that led to Mr. Scali's speech, the straw that broke the camel's back, was the U.N. majority's blatant disregard of its own charter when it invited Yasir Arafat, the chief Palestinian Liberation Organization guerrilla, to address the world body last November.

Congress reinforced Mr. Scali's warning when it voted to limit the U.S. contributions to the U.N. budget to 25 per cent of the total.

All things considered, it was a relatively mild reprimand, and there was no hint that the majority in the United Nations got the message. So the United States delivered another one-two punch. Speaking in Milwaukee on July 16, Secretary of State Kissinger warned the U.N. majority about its practice of "adopting one-sided, unrealistic resolutions that cannot be implemented."

Should the lobby be propped? Should citizens know if their support is given to manipulation? In a free society the questions are unnecessary. Yet some who have tried to investigate have been hoodwinked. Carl Marcy, former staff member of the Senate Foreign Relations Committee and currently editor of the Foreign Affairs Newsletter, says that a recent attempt by his publication to approach the sensitive subject was stillborn by second thought and a kind of fear.

Mr. Kissinger and Mr. Moynihan succeeded in awakening the Third World majority it is not yet evident. The other day the U.N. Security Council refused to consider South Korea's application for membership, but approved membership for North and South Vietnam.

South Korea is an ally of the United States and a productive, responsible citizen of the world. It is a de facto state with a visible government. North and South Vietnam are an amorphous Communist entity with an unresolved administration.

In short, the U.N. is maneuvering to add to what Mr. Scali called the tyranny of the majority — the anti-U.S. faction — despite all of our efforts to say that we will not tolerate much more of that kind of behavior.

It is clear that the United States will have to make another U.N. policy decision before the General Assembly reconvenes in a few weeks. The basis of the decision must be that words are not enough, that the United States will have to act decisively to back them up or our position in the U.N. will become worse and worse.

Spotted a rather unique sign painted on the back of a City of Sanford refuse truck while driving south on U.S. 17-92 yesterday and thought it too good to keep to ourselves.

That reminds us of a classified advertisement we saw in a northern newspaper quite a few years back which said: "Wanted, Garbage Collector. \$1.50 per hour and all you can eat."

Maybe it's just nostalgia, but there was a certain sadness in the air yesterday as workmen went about the business of demolishing the old Central Florida Zoo at the corner of Seminole Boulevard and Park Avenue.

The last of the animals were transported to the new zoo, located west of Sanford near I-4, early in the day and shortly thereafter city wrecking crews moved in.

Granted, all the animals are now comfortably housed in a much more spacious site where zoo officials can give them much better care, but it kind of gives you a gut feeling when thinking back to the many hundreds of thousands of people who have stopped at the old location in the heart of Downtown Sanford. It was always a favorite for many folks. It's all history now, however, and probably within a week we'll have a new parking facility.

According to the Committee For The Survival Of A Free Congress (CSFC), watchdog over the jurisdiction in Washington, there is a "significant strain of truth to media claims regarding the swelling freshmen of the 94th Congress."

The CSFC says "It's true enough that not all members of the freshmen class in Capitol Hill are big-spending liberals, only about 90 per cent of them."

One of those not fitting the liberal mold, according to CSFC, is Republican Richard Kelly, who serves the Seminole County district of Florida.

CSFC says "Rep. Kelly rates 80 per cent on the rigorous conservative index and is among the relative handful of staunch conservatives who can be relied upon to consistently for reducing taxes, strengthening defense and restoring our Constitutional Republic."

Yet on this matter of shortages there is profound lethargy in Congress and at the White House. Only Arthur Burns of the Federal Reserve Board seems worried.

The charts are clear. The predictions on looming scarcities are seemingly hardheaded calculations. There is no apparent disagreement. But official Washington nods in appreciation of the problem, clicks its teeth and turns to other matters.

Police sources said the two guerrilla groups were behind a series of attacks Wednesday and Thursday in Cordoba and two other cities.

Buenos Aires, Argentina (AP) — Two days of terrorist violence in the northern city of Cordoba have left at least 10 dead and 24 wounded. Minor violence erupted in two other cities, and more was expected today.

Interior Minister Vicente Damasco announced that police and military units were put on full alert because today is the third anniversary of the death in a navy prison of 16 members of the left-wing Peronist Montonero and People's Revolutionary Army (ERP) guerrillas.

Police sources said the two guerrilla groups were behind a series of attacks Wednesday and Thursday in Cordoba and two other cities.

Bangkok, Thailand (AP) — Police in northern Lamphoon province have ended a four-day strike sparked by the release of eight farmers and a student activist arrested during anti-government demonstrations.

Castel Gandolfo, Italy (AP) — Egyptian President Anwar Sadat has invited Pope Paul VI to visit Egypt, according to Vatican sources.

London (AP) — Great Britain has a special quickie divorce procedure for dissolving marriages of separated couples with no small children, and Scottish singer Lulu didn't waste time in divorcing herself from her husband of six years, British pop guitarist Maurice Gibb of the Bee Gees. It took her just ten quarters Thursday.

Minneapolis (AP) — American Legion support for a "constitutional, democratic form of government, law and order, Americanism and patriotism" is as important now as ever, says Harry G. Wiles, the organization's new president.

Sanford Alliance Youth Fellowship church was closed, Clem Leonard's Shell, 25th and Park, 10 a.m. to 4 p.m.

Funeral Notice HOWARD, JOHN E. — Funeral services for John Howard, 87, of Seminole Trailer Park, Fern Park, died Thursday at his residence. Born in Baraboo, Wis., he came to Fern Park in 1957 from Elmhurst, Ill. He was a retired railroad signalman.

action of the Supreme Court, denying a further hearing, has settled the matter for all practical purposes.

Mrs. O'Hair has stated that neither she nor any of her staff are involved in or know anything about the renewal of her 1969 petition drive against the astronauts, which preceded her account of the federal contract I understand that according to NASA, the official position of the agency is that astronauts, like any citizen are free to exercise their constitutional rights — including the right to religious freedom — wherever they are.

I agree with Mr. Trot, that acting on distributing these unctuated circulars is just one of the many instances in which many sincere and dedicated Christians respond without having the facts. Personally, as a Christian I have more important areas of ministry, responsibility and interest in making Christ known and making Him real in my personal life and in this community where I minister!

I have every confidence in the Baptist Joint Committee on Public Affairs and American United for Separation of Church and State which over the years have been doing a good job as watch dogs in Washington in assisting us to bring to bear influence when necessary upon the Congress and the administrative agencies of government in the areas of freedom of religion!

Dr. Harold A. Harris First Christian Church Sanford

plained cryptically that the accompanying Air Force escort officers were carrying ten \$100,000 U.S. Treasury checks "to cover certain costs of the trip."

The cable asked whether "cashing checks in these amounts (\$100,000) was a problem." Apparently, it was not.

What is a problem, however, is finding out the purpose of this mysterious \$100,000 allowance. No one at the Pentagon or State Department could explain to us exactly why the escort officers brought along the 10 Treasury Department checks. No one seemed to know what "certain costs" would be paid out of the \$100,000.

We found out how the money won't be spent. No part of the \$100,000, for example, will be handed out to congressmen as spending money. This will be distributed to them, from counterpart funds — that is, local currencies belonging to the United States — at the rate of \$75 a day for each congressman.

Nor will the \$100,000 be used to offset the cost of operating the special Air Force jet (\$2,300 per hour). We are assured the money also won't be spent on the 19-man Air Force crew, the four Air Force escort officers or the two State Department aides who are accompanying the congressional delegation.

We are told the special plane will cost the taxpayers \$64,900 and the daily expenses will run another \$33,000. When we find out how the \$100,000 was spent, we'll let you know.

WATCH ON WASTE: The State Department fired off a curious, classified cable the other day to Barcelona, Belgrade, Bucharest, Copenhagen, Leningrad and Moscow.

These are the cities, apparently, where Speaker Carl Albert is taking a delegation of 19 congressmen and their wives. The cable ex-

posed a rather unique sign painted on the back of a City of Sanford refuse truck while driving south on U.S. 17-92 yesterday and thought it too good to keep to ourselves.

That reminds us of a classified advertisement we saw in a northern newspaper quite a few years back which said: "Wanted, Garbage Collector. \$1.50 per hour and all you can eat."

We are told the special plane will cost the taxpayers \$64,900 and the daily expenses will run another \$33,000. When we find out how the \$100,000 was spent, we'll let you know.

WATCH ON WASTE: The State Department fired off a curious, classified cable the other day to Barcelona, Belgrade, Bucharest, Copenhagen, Leningrad and Moscow.

These are the cities, apparently, where Speaker Carl Albert is taking a delegation of 19 congressmen and their wives. The cable ex-

posed a rather unique sign painted on the back of a City of Sanford refuse truck while driving south on U.S. 17-92 yesterday and thought it too good to keep to ourselves.

That reminds us of a classified advertisement we saw in a northern newspaper quite a few years back which said: "Wanted, Garbage Collector. \$1.50 per hour and all you can eat."

Maybe it's just nostalgia, but there was a certain sadness in the air yesterday as workmen went about the business of demolishing the old Central Florida Zoo at the corner of Seminole Boulevard and Park Avenue.

The last of the animals were transported to the new zoo, located west of Sanford near I-4, early in the day and shortly thereafter city wrecking crews moved in.

Granted, all the animals are now comfortably housed in a much more spacious site where zoo officials can give them much better care, but it kind of gives you a gut feeling when thinking back to the many hundreds of thousands of people who have stopped at the old location in the heart of Downtown Sanford. It was always a favorite for many folks. It's all history now, however, and probably within a week we'll have a new parking facility.

According to the Committee For The Survival Of A Free Congress (CSFC), watchdog over the jurisdiction in Washington, there is a "significant strain of truth to media claims regarding the swelling freshmen of the 94th Congress."

The CSFC says "It's true enough that not all members of the freshmen class in Capitol Hill are big-spending liberals, only about 90 per cent of them."

One of those not fitting the liberal mold, according to CSFC, is Republican Richard Kelly, who serves the Seminole County district of Florida.

CSFC says "Rep. Kelly rates 80 per cent on the rigorous conservative index and is among the relative handful of staunch conservatives who can be relied upon to consistently for reducing taxes, strengthening defense and restoring our Constitutional Republic."

Yet on this matter of shortages there is profound lethargy in Congress and at the White House. Only Arthur Burns of the Federal Reserve Board seems worried.

The charts are clear. The predictions on looming scarcities are seemingly hardheaded calculations. There is no apparent disagreement. But official Washington nods in appreciation of the problem, clicks its teeth and turns to other matters.

Police sources said the two guerrilla groups were behind a series of attacks Wednesday and Thursday in Cordoba and two other cities.

Buenos Aires, Argentina (AP) — Two days of terrorist violence in the northern city of Cordoba have left at least 10 dead and 24 wounded. Minor violence erupted in two other cities, and more was expected today.

Interior Minister Vicente Damasco announced that police and military units were put on full alert because today is the third anniversary of the death in a navy prison of 16 members of the left-wing Peronist Montonero and People's Revolutionary Army (ERP) guerrillas.

Police sources said the two guerrilla groups were behind a series of attacks Wednesday and Thursday in Cordoba and two other cities.

Bangkok, Thailand (AP) — Police in northern Lamphoon province have ended a four-day strike sparked by the release of eight farmers and a student activist arrested during anti-government demonstrations.

WORLD IN BRIEF

Communist Headquarters Stormed By Protestors

LISBON, Portugal (AP) — Demonstrators stormed a Communist party headquarters in northern Portuguese town today, injuring nine persons, and a bomb destroyed the national radio transmitter on the Portuguese island of Madeira, 600 miles northwest of Lisbon, officials said.

The attack on the party headquarters in the conservative city of Braganca, 285 miles northeast of Lisbon, brought to nearly 50 the number of Communist offices wrecked in a strong anti-Communist backlash in Portugal in recent weeks.

Meanwhile, a large charge of TNT destroyed the state radio's transmitter in Madeira, where anti-government dissidence has promoted a movement for the island's independence.

Officials blamed the sabotage on separatist groups which reject the tutelage of the proCommunist government in Lisbon.

Streets Littered With Dead

SYDNEY, Australia (AP) — "Many dead bodies are lying in the streets" of Dili, capital of the embattled colony of Portuguese Timor, and the city has been without electricity since Thursday, the colonial administration said in a message today.

It said at least 30 persons were hospitalized, but there was no count of the dead.

Portuguese officials are trying to arrange for the evacuation of more than 1,000 Portuguese and other foreigners from the tiny territory where rival parties are fighting a civil war for control.

Terrorists Leave 10 Dead

Buenos Aires, Argentina (AP) — Two days of terrorist violence in the northern city of Cordoba have left at least 10 dead and 24 wounded. Minor violence erupted in two other cities, and more was expected today.

Interior Minister Vicente Damasco announced that police and military units were put on full alert because today is the third anniversary of the death in a navy prison of 16 members of the left-wing Peronist Montonero and People's Revolutionary Army (ERP) guerrillas.

Police sources said the two guerrilla groups were behind a series of attacks Wednesday and Thursday in Cordoba and two other cities.

Thai Police Strike Over

Bangkok, Thailand (AP) — Police in northern Lamphoon province have ended a four-day strike sparked by the release of eight farmers and a student activist arrested during anti-government demonstrations.

Elvis Presley Cancels Las Vegas Engagement

MEMPHIS, Tenn. (AP) — Elvis Presley has canceled the remainder of a two-week Las Vegas hotel appearance to undergo tests and treatment for exhaustion at Baptist Hospital in Memphis, his doctor says.

Presley, 40, returned to Memphis by plane Thursday. He was accompanied by his personal physician, Dr. George Nichopoulos.

Pope Invited To Egypt

CASTEL GANDOLFO, Italy (AP) — Egyptian President Anwar Sadat has invited Pope Paul VI to visit Egypt, according to Vatican sources.

The Vatican had no official comment Thursday on the invitation, which the sources said had been carried here by the Pope's summer residence by an Egyptian delegation.

Quickie Divorce In England

LONDON (AP) — Great Britain has a special quickie divorce procedure for dissolving marriages of separated couples with no small children, and Scottish singer Lulu didn't waste time in divorcing herself from her husband of six years, British pop guitarist Maurice Gibb of the Bee Gees. It took her just ten quarters Thursday.

Legion Gets New Head

MINNEAPOLIS (AP) — American Legion support for a "constitutional, democratic form of government, law and order, Americanism and patriotism" is as important now as ever, says Harry G. Wiles, the organization's new president.

AREA DEAD

JOHN HOWARD Baldwin-McNamara Altamonte Drive Funeral Home, Altamonte Springs in charge.

Funeral Notice HOWARD, JOHN E. — Funeral services for John Howard, 87, of Seminole Trailer Park, Fern Park, died Thursday at his residence. Born in Baraboo, Wis., he came to Fern Park in 1957 from Elmhurst, Ill. He was a retired railroad signalman.

Kissinger, Israelis Huddle Amid Protests

JERUSALEM (AP) — Secretary of State Henry A. Kissinger and Israeli officials went to work today on disputed points of the proposed new Israeli-Egyptian agreement amid more noisy demonstrations against the pact.

Several hundred motorists drove by Kissinger's hotel shortly before dawn, shouting anti-American slogans through loudspeakers. The police chased them away.

As Kissinger met this morning with Prime Minister Yitzhak Rabin's negotiating team in Jerusalem, hundreds of right-wing demonstrators blocked traffic in Tel Aviv and fired guns into the air until the police dispersed them.

Kissinger was flying later today to Alexandria to see President Anwar Sadat of Egypt and return to Israel via Damascus Saturday.

Egyptian officials say an agreement for another Israeli withdrawal in the Sinai Desert is virtually concluded. The Israelis want that while much progress has been made, there is still a "lot of work to be done."

Israel is reported ready to withdraw behind the strategic Mitla and Gidi mountain passes and return the Abu Rudeis oil fields captured in 1967. Egypt is reported willing to promise not to resort to force unless it or its allies are attacked, and to support a three-year extension of the United Nations peacekeeping force separating the two sides.

Israeli officials say the main points still unresolved include the nature of the presence of American technicians at electronic warning posts in the two passes and the location of certain sections of the withdrawal line where topographical difficulties exist.

Egyptian officials say the two governments still are at odds over whether the crews operating the listening stations will be limited to 100 American civilians or will include Israeli and Egyptian representatives.

Israeli officials say their government also is not yet satisfied with the commitments in aid and political support Washington is offering Israel in return for its signature.

Israel is seeking \$2.8 billion in economic and military aid

Embargo Remains In Force

WASHINGTON (AP) — The 14-year-old ban against direct U.S. trade with Cuba was left unscathed by the State Department's decision to allow subsidiaries of American companies to sell to Cuba.

The State Department's announcement Thursday that foreign subsidiaries may resume trading with Cuba came three weeks after the United States joined with 15 Latin American countries in voting an end to the hemispheric embargo against Cuba.

Although the United States retains its prohibition against direct trade with the island, one U.S. official said the decision announced Thursday may help accelerate movements toward a more normal relationship with Havana.

White House Press Secretary Ron Nessen said lifting the ban would be a "good idea" but that any change in U.S. policy would be a bilateral relationship with Cuba. It relates more to American relations with other inter-American countries.

Asked about President Ford's view of U.S. relations with Cuba, Nessen said there would be no advantage to permanent antagonism between the two countries but that any change in bilateral relations would depend on Cuba's attitude.

Clinging outstanding issues between the two nations, he said it was impossible to predict when work might be done on resolving them.

The State Department announcement brought expressions of criticism from Cuban exiles in the Miami area. Juanita Castro, sister and avowed enemy of Cuban Prime Minister Fidel Castro, said "It is disappointing that the leaders of the free world cannot learn from history when dealing with the Communists. We feel betrayed by the United States once again."

However, the move was hailed by Sen. George McGovern, D-S.D., as a "major step forward on the path toward renewed relations" between Cuba and the United States.

McGovern, who visited Cuba during the next four months, Agriculture Secretary Earl L. Butz and his economists say.

That would put 1975 prices 9 per cent above last year's, with part of the increase due to the 10.3 million metric tons of U.S. grain sold to the Soviet Union since last October, they said Thursday.

But they said the full impact of the sales to Russia will not be felt until next summer and fall because it takes three to 12 months for higher grain prices to be reflected in retail prices of meat and cereal products.

The 1.5 per cent push on food prices that the Soviet purchases would contribute by themselves to inflation over the next 16 months will increase with their buying of perhaps another eight million tons this season, officials said.

The Russians already have bought in the world market about 16.5 million tons and can handle a total of about 25 million this season, although they say it could be a "little higher," he said.

But any further purchases before January are already accounted for in the 9 per cent estimate.

WEATHER

Thursday's high 94. Over-night low 68. Partly cloudy through Saturday with a chance of thundershowers mainly during the afternoons. Highs mostly in the lower 80s and lows tonight in the 70s. Winds variable, mostly easterly around 10 m.p.h. but stronger and gusty near thundershowers. Rain probability 30 per cent today and Saturday.

Extended Forecast Scattered mainly afternoon and evening thundershowers daily except occasional night and morning showers along the southeast coast and Keys. Afternoon highs mostly upper 80s and low 90s. Lows in the 70s except low 80s southeast beaches and Keys. Daytona Beach tides: high 9:39 a.m., 9:53 p.m.; low 3:13 a.m., 3:26 p.m. Port Canaveral: high 9:13 a.m., 9:29 p.m.; low 3:04 a.m., 3:22 p.m.

One of the curious facts about the Christian faith is that the biggest stumbling block in the way of our acceptance of it is not so much what we believe or don't believe about God, but rather what we believe about ourselves.

Notice how God has worked: not in the center of the world's stage but in a corner where you'd least expect him.

Teen 'Discovered' For Wendy Role

Winning a blue ribbon in the United Methodist Church of Casselberry's Youth Talent Contest was quite enough for 13 year old Dena McFarland. Little did she know that several days later it would thrust her into quite another spotlight.

At the same time she was doing an interpretive dance to the music of the late Jim Croce's "I've got a name," the wheels were set in motion to give her a new name—that of "Wendy," the theme girl and representative of the national chain of hamburger restaurants.

One of the judges, Lee Engell, was the first to recognize the similarity between the red-headed, freckle faced teenager and the pigtailed youngster whose picture is used on "Wendy" insignia. And it was Ms. Engell who brought Dena the daughter of Mr. and Mrs. Dean McFarland to the attention of the restaurant's area supervisor, George Willis.

"I was really surprised and excited," said Dena when she learned they wanted her to appear as "Wendy" in parades, promotions, civic affairs and grand openings. There are four restaurants in the Orlando area—one just four miles from her family's home in English Estates,

Maitland, with three more scheduled to open. "But I was worried about how much time it would take it," she added. An honor student going into eighth grade at Tusculwilla Middle School this fall, Dena is already involved in a number of activities. She is on the literary staff, plays flute in the band, is president and sweetheart of the Junior Methodist Youth Fellowship and takes dancing lessons.

"Wendy" who according to Dena is the daughter of the man who started the Wendy's chain, but who is grown now, is typed as an old-fashioned, all American girl. So it won't be hard for Dena to fit the role just by being herself. "I guess I am old fashioned in some ways that I look at things that are happening today and in ways that I handle some situations," says Dena. To round out the All-American facet of Dena's personality, add her interest in bicycle riding and swimming.

Dena is now being fitted with the costume she will wear as "Wendy." The old-fashioned Gibson girl dress in deep turquoise and white stripes is being made by Jean Friedman of Orlando.

—By Jan Monahan

Spotlight focuses on Dena McFarland.

Pigtailed youngster whose picture is the trademark for Wendy's hamburgers (above) seems to have a twin (see photo right)

Smokers Packing For Camp

A combined week's vacation and an intensive medically-supervised program designed to help hard-core smokers kick the habit is the latest effort of Florida Hospital in its anti-smoking program.

The hospital, which for 12 years has sponsored a five-day "Stop Smoking" program under which smokers attend evening classes but return to their regular routines each day, this week announces a five-day "live-in" program at Camp Kulauqua, near High Springs, Florida.

Many persons addicted to tobacco have been helped by the five-day plans but the new live-in program is for long-time smokers for whom everything else has failed.

So-called "live-in" stop smoking programs have been tried with success in California and Maryland and this new program, starting October 19 at Camp Kulauqua is the first such program in the South, according to the hospital.

"We are now offering a Five-day Program in a recreation area away from the rat race of city life, out in nature where there is pure, fresh air to breathe, free from the smell of tobacco," says John Reaves, one of the program's coordinators.

The program will feature exercises, physical and occupational therapy, film, lectures, weight management and will power development. Supplemental activities will be hiking, canoeing, tennis, trailriding, guided nature walks, crafts and evening programs of folk singing and other activities.

Mary E. Dean (center) honored by family — Dr. Odell and Mary Dean Thompson (left), Beatrice Dean Christian, Eugenia Dean Scott and Thelma Dean Njaka (right).

Banquet Reunites Old Sanford Family

The Dean family gathered recently to pay tribute to a fine lady — mother, grandmother, great-grandmother, mother-in-law, close and distant relative and dear friend to all who assembled in the banquet room of the Holiday Inn.

Mary Etta and Leslie Dean, and their children, Mary Lou, Eugenia and Beatrice, came to live in Sanford in 1923. Thelma and Odell were born here later. The family has lived at 1800 Alexander Ave. since July 4, 1927. Leslie Dean passed away Nov. 1, 1953.

The children of Mary and the late Leslie Dean are Mary Lou Dean Thompson and her husband Samuel, New York City. Mary Lou is a counselor at Springfield Gardens High School, Jamaica, N. Y. Samuel is assistant editor of the Pilot, National Maritime Union.

Eugenia Dean Scott and Ezra, are both school principals in Los Angeles, Calif. Their daughter, Sandra, is a teacher in Los Angeles. Her husband Vincent Benson, is an attorney. Grandsons are Scott Randall and Danielle Patrice Benson. Beatrice Dean Christian, Indianapolis, Inc., is a supervisor, claims adjustment Army Finance Department. Her daughter Joyce Green and family who live in Los Angeles, were unable to attend the reunion.

Thelma Dean Njaka and Chibueza are of Charleston, West Va. Thelma is a veterinarian and is assistant director of Animal Health for the state of West Virginia. Chibueza is an engineer with the Bell Telephone Co. Their children are China, Ikech and Ifeoma Njaka.

Dr. Odell and Mary E. Dean live in New Orleans, La. Odell is a specialist in gynecology and Mary is a teacher. Their children are Alisha, Leslie and Derrick Dean.

Other relatives attending were Mr. and Mrs. Authur Dean, Clermont; William Dean, Clermont, and Mr. and Mrs. Leroy Browning, Miami, Fla.

The ABCs Of Back-To-School Clothes

Clothes designed for the way kids live — casual, comfortable, and rugged — are as welcome as the cooler weather that comes with fall and Back-to-School.

And the colors of nature — the browns and rusts of the earth, greens of the trees and grass, and blues of the skies — have fallen from the adult to the children's line like the leaves from the trees. It's almost as if a thoughtful designer somewhere up there in New York said "let's try to make kids' clothes in colors that will camouflage dirt and grass stains."

And denim — that fabric that made Levi Strauss famous — may not say "chic" to you, but combine it with any of the western touches and mom's bound to get a look of approval from her big brown or blue-eyed son or daughter. That's right, jeans and denim are just as popular with the girls as they are with the boys. You've gotta admit—at least they'll take the beating an active child can give better than anything else.

Children's department managers at the J.C. Penney store in Sanford, and Sears and Roebuck in Altamonte Springs reinforce nationwide trends like a broken record. "Anything in denim" from a slack set with red stitching for girls or kinky frayed jeans for boys at Penney's to the real western look with fancy embroidered yokes at Sears. "If it has the prewashed or western look it just walks right out," says Ms. Wilma Lindsey, Sears.

What goes up top? For boys it's the equivalent of the man's leisure long sleeve arnel print shirt, according to Joe Crispell at Penney's. It's the same at Sears except they call it the wet-look jersey shirt. Also popular says Eddie Howard at Sears are the Western shirts in chambray fabrics.

Fashions of adults and older teenage brothers and sisters have a big influence on what the younger children want and this year, according to sales personnel they're having a much greater input into the selection of their clothes. "Children have a lot to do with it because if they don't get what they want, they won't wear it," says Ms. Lindsey, Sears.

And according to a national report, child psychologists are encouraging parents to let children choose and dress themselves.

T-shirts are as big a part of the children's market as they are for men and women. These aren't just plain old undershirt type T-shirts. They all have something to say and the kids pick them out to suit their personality by selecting one with a screen print

Jumpers adopt smock and turt neck

Jeans and jackets neat for class

Patchwork knit overalls for girls

WOMEN

Evening Herald, Sanford, Fl. Friday, Aug. 27, 1975—A

Pre-Marital Affair Haunting Marriage

DEAR ABBY: I am able to appreciate the wisdom of your advice to the girl who was reluctant to tell her fiancé that she had undergone an abortion before they met.

The adage "honesty is the best policy" can, in some cases, hold nothing but regret for the wide-eyed innocent who is eager to start married life with no secrets.

As a naive 19-year-old, I confessed to my fiancé that there had been another man in my life before I met him. And I foolishly told him who it was. Thirty years and four adult children later, my husband still throws this man in my face periodically, even though I have been a devoted and faithful wife.

How much better off we both would have been had I not made that confession.

I hope you will print this for others who might be inclined to tell all. Silence is indeed golden.

DEAR BRIDE: Silence is not always golden. It is sometimes "guilt."

DEAR ABBY: I would like to be cremated when I die. Is that possible? I am a Catholic.

Also how much is involved, moneywise? Please answer in your column. There must be others wanting the same information. Thank you.

WANTS CREMATION

DEAR WANTS: Catholics may now be cremated. The cost will depend upon your funeral director, but it shouldn't cost any more than \$300 to go up in smoke.

DEAR ABBY: Venereal disease is now SECOND on the list of communicable diseases. The first is the common cold.

Most people don't know that if V.D. goes untreated, it can affect the heart, and spinal cord, and can eventually lead to death.

The National Community Service Corps has established a national hotline that can be called FREE from anywhere in the U.S.A.

It is operated mostly by teenagers who have all the answers concerning V.D., including the symptoms to look for as well as where to go for free examination and treatment in your own community.

The number to call is 1-800-523-1885.

DEAR JO-ANNE IN MASS.: I checked it out without disclosing my identity and received straight, accurate and easily understood answers to all the questions I asked about V.D.

I highly recommend this service to anyone who has reason to believe that he (or she) has a venereal disease.

CONFIDENTIAL TO G. IN ANCHORAGE: It is said that one does not look behind the door unless he has once stood there, himself. If I were you, I'd watch HIM!

Dear Abby

Penn State Faces Eastern Football Challenge

NEW YORK (AP) — Rarely has Penn State had so many challengers for Eastern college football supremacy. Alphabetically, Boston College, Navy, Pitt, Rutgers, Temple and West Virginia all think they have a shot at dethroning the Nittany Lions and most of them will get a chance to prove whether or not they are for real before the season is many weeks old.

Boston College opens against Notre Dame, followed by Temple and West Virginia. Pitt starts with road contests against Georgia and — gulp! — Oklahoma. Temple starts with none other than Penn State itself and the Owls also show West Virginia, Boston College and Pitt among the first five foes. West Virginia meets Temple, B.C. and Penn State in the first five weeks of the campaign.

Joe Paterno refuses to call Penn State's schedule the toughest in his nine years as head coach but it is an impressive one, with Temple, Stanford and Ohio State — in Columbus — the three first opponents. Paterno has the best winning percentage (85-15-1-847) among the nation's major college coaches so it's a good bet the Lions will win a goodly share of their games.

"This is a young squad that probably will have to struggle," Paterno says, "but it is a squad that should get to be pretty good before the season is over."

The interior line, flanker and tailback appear to be the strong points of an offense that may include eight underclassmen in the starting line-up but could develop quickly if either John Andrews or John Carroll takes charge at quarterback. "Our problem is inexperience; there is no question about the potential," Paterno says.

Defensively, there are more experienced players available, led by linebacker Greg Buttle and tackle John Quinn, but Paterno is concerned "about our inexperience and lack of size on the defensive line."

Boston College returns its entire backfield, including Mike Kruczek, a 6.8 per cent passer, and national scoring leader Keith Barnette, while wide receiver Dave Zumbach is on the verge of setting a number of school pass-catching records.

The defense, led by cornerback Dave Almeida, will be solid while the Eagles' kicking game — placekicker Fred Steinfort, punter Jim Walton — is one of the best in the country.

Navy upset Penn State last fall and led Notre Dame for three quarters and the Midshipmen could make it to the winner's circle for the first time since 1967 if they can beat up the offense to go with a veteran defense. Eight defensive starters return, headed by rover Chet Moeller, tackle Dave Papak and linebacker Andy Bushak.

At Pitt, Coach Johnny Majors has gone to the Veer to take advantage of speedsters like running backs Tony Dersert — an All-American as a freshman in 1973 — and Elliott Walker and quarterback Robert Haygood. But the Panthers have holes on the offensive line and in the secondary.

The offensive line and the secondary also are concerns at Rutgers, which returns its top two rushers — Curt Edwards and Mike Fisher — and quarterback Bert Kousp.

Temple has gone 17-3 in the past two seasons and the defense, led by 260-pound middle guard Joe Klecko, hopes to improve on last year's 12th-place finish nationally. The problem is finding a replacement for quarterback Steve Joachim, the country's total offense leader.

West Virginia has a flock of fine runners — Artie Owens, Ron

Lee, Heywood Smith, Dwayne Woods — but allowed 224 points a year ago and is inexperienced on both sides.

The other independents have problems of one sort or another, although Holy Cross has a solid defense featuring Lou Kobza, Frank Matsavaga and John Trimbach up front. Wide receiver Dave Quell caught 62 passes last year, a New England record.

But Syracuse is still sorely lacking in team speed, Army's defense must play over its head while the offense shifts between a ground attack led by Scott Gilgoly and the passing arm of Leonard Hall, Villanova looks to new coach Dick Bedesem to improve on last year's 3-8 record and Colgate must bolster a defense that surrendered 31.3 points a game in '74.

In the well-balanced Ivy League, everyone is given at least an outside shot at the title except Cornell and Columbia.

Yale will rely on a defense led by John Smoot and John Cahill while the offense catches up. Harvard lost record breaking receiver Pat McNally but the main concern is at quarterback, where no one has ever completed a pass in varsity competition.

O's Triumph; Palmer Fails Test For 20th

By THE ASSOCIATED PRESS

By the time Baltimore got around to winning the ballgame, it was too late for Jim Palmer.

The Orioles' ace right-hander, gunning to become the major leagues' first 20-game winner this year, gunned down Texas in masterful fashion for 12 innings Thursday night.

But it took Baltimore two more innings to pull out a 4-2 victory.

"Those were the two best pitchers in the league out there," Baltimore's Brooks Robinson said of Palmer and Gaylord Perry. Both Palmer and Perry allowed two runs and struck out six batters in their stints — but while Palmer allowed only five hits in 12 innings, Perry was bounced around for 13 hits in his 11 innings.

A's 5, Brewers 2

Jim Holt drove in two runs and scored two to lead Oakland past Milwaukee, a victory that handed the Brewers their sixth straight defeat and enabled the A's to widen their AL West lead over Kansas City to 6½ games.

Indians 7, Royals 3

Frank Robinson noted that Jackie Brown had been 4-0 against Kansas City last year when he'd pitched for Texas. So he started Brown against the Royals and was rewarded with a victory and a route-going performance.

Heners by Oscar Gamble and George Hendrick and Frank Duffy's two-run single made his job easy.

A new dance it is not; simply a collision at a Lyman football practice. (Herald Photo by Gordon Williamson)

Browns' Eye 1975 Season: Sea Of ????

KENT, Ohio (AP) — The Cleveland Browns are a question mark and no one knows it better than new coach Forrest Gregg.

The former Green Bay Packer all-pro offensive tackle has taken the reins of a club which in 1974 had its first losing season since 1955, finishing last in the American Conference's tough Central Division with a 4-10 record.

"We've got our work cut out for us," Gregg said when he was named as the fourth head coach in the history of the Cleveland franchise.

Nine, four weeks into the preseason with a 1-1 record, Gregg knows even better what he faces.

"We've got to have improvement in nearly every area," he explained with a grave smile. "I'd say we've come along pretty well and we have progressed some in the areas where we need it the most."

"Over-all, we're pretty well on schedule," Gregg added.

The Browns' defense ranked 23rd among the 26 teams in the National Football League last season. But the addition of several rookies and maturation of some of the team's young veterans could turn it around.

Defensive tackles Jerry Sherk and Walter Johnson, middle linebacker Bob Babich and strong safety Van Green, all veterans, give the Browns proven strength up the middle.

And defensive line coach Dick Modzelewski is sold on rookie defensive ends Mack Mitchell and Stan Lewis. Mitchell is 6-foot-7½, 284-pounds and Lewis is 6-4, 246, and both could earn starting positions.

Rookie linebacker Dick Ambrose and first-year cornerback Tony Peters also could work their way into starting roles, giving the Browns a big boost.

On offense, the Browns failed to move the ball consistently last season either on the ground or in the air. But Gregg is counting on a bevy of young running backs and receivers and the setting of Mike Phipps or young Brian Sipes at quarterback to remedy that.

Phipps, a five-year veteran from Purdue, has the starting job but is being pushed by third-year man Sipes. Both have strong accurate arms and will have the likes of veteran tight end Mill Morin and former New England Patriots wide receiver Reggie Rucker to throw to.

First rookie wide receiver Willie Miller has been the most impressive end so far this season, but the Browns' quarterbacks can also choose among Billy Lefear (moved from running back), rookies Willie Armstrong and Oscar Roan and 1974 starter Steve Holden.

Furniss Sets World Record

KANSAS CITY (AP) — Bruce Furniss really aren't World Records' cup of tea.

"Just winning is the real payoff in swimming," Furniss said Thursday night. "Even winning isn't so important. Doing your best is the big thing."

Yet, if a swimmer does win and manages to set a world record, Furniss figures that's fine.

Furniss did both Thursday night during the Amateur Athletic Union long course championship and brushed aside Tim Shaw, his Long Beach, Calif., Swim Club teammate and an old jinx, in the process. His world shattering time of one minute, 50.32 seconds came in the men's 200-meter freestyle.

(Continued On Page 2-B)

Brothers Pitch Record Game

CHICAGO (AP) — Rick and Paul Reuschel of the Chicago Cubs have chiseled their place in baseball history with a feat that stands among those of the Deans, McDaniels, Perrys and Neikos.

The Reuschels combined Thursday afternoon for a six hit, 7-4 victory over the Los Angeles Dodgers, the first time in modern baseball history that a pair of brothers have pitched a shutout, according to Seymour Sieff of Elias Sports Bureau Inc. of New York.

Sieff said he checked back 50 years and could find no other instance when two brothers pitched a tandem scoreless game. That period includes Dizzy and Paul Dean of the St. Louis Cardinals, Jim and Gaylord Perry of the Cleveland Indians, and Joe and Phil Niekro of the Atlanta Braves.

But Rick took the feat in stride as he said, "That's the second time I've gotten into the record books this year."

Earlier this season, he joined numerous other pitchers when he made three consecutive putouts in an inning.

Rick had allowed five hits in 1.3 innings when a recurring blip on his index finger Association with 15 saves and had a 5-7 record as a reliever.

Marshall to pull him.

"I've tried everything. But the finger has bothered me for three years. It usually happens when it's humid," said the 26-year-old right-hander, who boosted his record to 10-13 as he collected his third straight victory this season over Los Angeles.

Enter Paul, who joined the Cubs in July from the Wichita Aeros.

"I like to be first," said Paul, who has a 1-1 record since he came to the Cubs.

"I was just trying to get them out," said Paul, 28, who allowed only one hit in 2-3 innings of relief. "I didn't want to lose it for him."

But Paul failed to record a save because he didn't pitch the required three innings. Only three Dodger baserunners reached second base as Los Angeles never seriously threatened to score.

The brothers hail from Camp Point, Ill., and both Reuschels played baseball at Western Illinois University.

Rick joined Chicago in 1972 and has a 47-48 record in four seasons. Paul spent six full seasons in the minor leagues before he came up with the Cubs. Last year, he led the American League in his index finger Association with 15 saves and had a 5-7 record as a reliever.

Lyman Travels Rough Road

By JIM HAYNES
Herald Sports Writer

Lyman High School's football team has added a new twist to the old melody "September Song."

Greyhound Coach Dick Copeland has learned that it is indeed "a long time from May to September."

Last spring he felt he had matters figured out in the area of player personnel. But when 10 players from spring practice failed to show up, Copeland went back to the proverbial drawing board.

"Right now we have three positions really wide open," he said at Thursday's practice.

At question is defensive end, split end and an offensive tackle.

"Oh, we have candidates," added the Greyhound coach, "three or four at each of those spots."

Vying for the defensive end starting berth are Kevin Burnes, Rick Knight, Bob Lora and Brian Bentley. Battling it out for split end are Mickey Manning, John Osborne, Kevin Luby and Danny Williams.

Kim Sweet, Ken Place and Rory Stone have the inside track on the offensive tackle spot.

"As always, one player won't necessarily nail down the job all to himself," said Copeland. "It's a long season, and depth factors are vital to any football team."

Copeland has a 41-player squad in two-week workouts until school starts. First day high school players may work out in pads is Saturday.

Lyman players worked out in the off-season and made use of weight room facilities at Seminole Community College.

Among returnees who reported in top shape include Jerry Human, Al Stanley, Bob Griazzi, Bob Burkhardt, Horace Alexander, Jim Barron and Craig Smith.

SHS Schedules 'Booster Day'

The Seminole High School Booster Club, football players and coaches, and other persons interested in SHS athletics will conduct "Booster Day" on Aug. 22.

The SHS delegation will travel through Sanford seeking program and sign advertising, and selling tickets for athletic events, season tickets and memberships to the Booster Club.

"Booster Day" will begin at the Greater Sanford Chamber of Commerce and proceed through the business and residential districts.

Booster members hope to solicit enough advertising for the football program that the programs will be available free at home games. Advertising also will be sought for the fence surrounding the SHS football field.

The SHS group will work in pairs for four hours in the morning. Sanford Mayor Lee P. Moore will proclaim Aug. 22 "Booster Day."

At a recent Booster Club meeting, club members set the following 1975-76 ticket prices:

Varsity football season reserved tickets — \$15 adult, \$12 student; season tickets — \$12 adult, \$9 student; advance tickets, \$2 adult, \$1.75 student; tickets at gate — \$2.50 adult.

Junior varsity football season tickets included in varsity season ticket; no advance sale; at gate — \$1.50 adult; \$1 student.

Basketball season tickets — \$15 adult, \$9 student; at gate — \$1.75 adult, \$1.25 student.

Wrestling at gate — \$1.50 adult, \$1 student. Baseball at gate — \$1.50 adult, \$1 student. Track at gate — \$1 adult, 50c student.

A Geiberger Trades Boonlocks To Fire 66

FORT WORTH, Tex. (AP) — "It was really a funny round," smiled Al Geiberger, "sort of a funny round." Not funny ha, ha. Funny weird.

He misfires, visited bunkers, romped through the wilderness, muffed short puts, explored the "boonlocks" and shot a remarkable four-under-par 66 Thursday.

He tamed Colquhoun's terrors with birdies on four of his five closing holes and seized the first round lead in the \$50,000 Tournament Players Golf Championship.

"I was very lucky," he grinned.

The lanky sharpshooter opened an 18-foot putt at the last hole to sweep past Jack Nicklaus, Hale Irwin and Bob Dickson in national diving championships.

4:30 p.m. (131) — Car and Truck

5 p.m. (131) — Wide World of Sports (Little League World Series from Williamsport, Pa.)

10:30 (144) — Greatest Sports Legends (Don Carter)

10:30 (144) — Pro Football (Los Angeles Rams vs. Bills at Buffalo, Pa. season game)

race for the \$50,000 grand prize.

That trio was in at 67.

Nicklaus, the defending champion, finished dramatically four hours before Geiberger and held the lead alone most of the sultry, serene afternoon.

Big Jack knifed through the par 35-35-70 Colonial course like a killer shark, slashing four shots from par through 16 flawless holes.

He squandered a bit of glory in a jungle at the 17th hole, taking a double bogey, then struck back with a near eagle at the 44-yard 18th green for a sparkling 67.

"I played a fine round of golf," said Nicklaus

somewhat quizzically. "I really did."

Irwin, playing with Geiberger and Arnold Palmer, also committed but one major miscue, and it cost him a share of the lead. He was four under par at the time.

"I tried to play smart golf by hitting a three wood off the tee at No. 68 but I smarted it right into the left rough," he confessed. It cost him a bogey.

Dickson, admittedly floundering about in "quite an open year," said he entered the first round totally without confidence but that his game suddenly and somewhat mysteriously crystallized.

"I was playing with Lale Douglas and Dave

Jax Express Sets Sights On Wings

The Orlando-based Blazers is unbranded John Walton, who was on the Los Angeles Rams for three years but saw little action in the National Football League. He's ranked second among NFL quarterbacks.

"We don't know a lot about Walton, but in the films of two San Antonio games he threw the ball real well," said Jacksonville coach Charlie Tate.

"They also have a good fullback in Jim Strong, and running back Billy Sailer."

Sailer is fourth best rusher in the league with 218 yards, fourth best receiver with 14 catches for 168 yards and leading scorer with 20 points for 18 yards and touchdowns last week.

"We have a pretty solid team," said Wings coach Perry Moss, "but we have some soft spots. Jacksonville might find them."

Although San Antonio has played twice as many games as the J-1 Express, Tate said his Jacksonville team had more experience and confidence by beating Birmingham last week.

"They are doing things a lot better," Tate said of his rookies and younger players.

Jacksonville's offense rides on the passes of NFL veteran George Mira, who rates fourth in the NFL at this point, and the running of speedy Ramon and strong Alfred Haywood.

Conigliaro Says Body Not Willing

He was a power in the team's successful pennant drive in 1967. But in mid-August, a high, inside fastball struck him in the eye and put him out of action for the next season.

He played again in 1968 and was named "Comeback Player of the Year." In 1970, he hit 36 home runs but was traded to the California Angels in late August.

In California, he was plagued with double vision and recurring eye problems. He played in only 74 games in 1971 before quitting baseball for the first time.

Devine: Irish Season 'Mystery To Me'

SOUTH BEND, Ind. (AP) — No one seems to know what kind of football team Notre Dame will have this season. And that includes new coach Dan Devine.

"So much is a question mark. At this point, it's a mystery to me," said Devine.

Devine inherited a team from Ara Parseghian, who asked out as coach last year, that has little left in the way of seasoned performers.

All but seven starters have graduated or are sidelined for the season by injuries, and only one offensive starter returns.

That's guard Al Wojcik, an exceptional talent, says Devine.

The other line positions may be filled by newcomers or converted defensive players like sophomore Ernie Hughes, an end.

Converted defensive back Ted Burgmeier should make a quality split end, but Devine is still looking for someone to throw the ball to people like Burgmeier. Third-year starter Tom Clements has departed and two seniors, Rick Sager and Frank Allico, are fighting for the position. Devine, however, would like to go with the promise of youth unless he's convinced one of the seniors can do a spectacular job.

At running back, the Irish have talent and power, although little speed in Tom Pat-

before playing again this fall. On defense, Notre Dame is traditionally tough, and Devine has an extremely strong nucleus to build around this year.

The five players who were suspended last year because of the dormitory incident should give Devine a big boost on the line and in the secondary. Ross Brown, an Willie Frye, are prime candidates for all-American honors.

At tackle are two all-American candidates, Jim Stock and Steve Niehaus.

Vilas, Laver Win Matches

Brookline, Mass. (AP) — Top-seeded Guillermo Vilas of Argentina won his 34th title in his last 25 matches, whipping Mike Ester of Dallas, 6-3, 6-3, 6-3.

At Harrison, N.Y., top-seeded Chris Evert and second-seeded Martina Navratilova of Czechoslovakia defaulted before playing again this fall.

On defense, Notre Dame is traditionally tough, and Devine has an extremely strong nucleus to build around this year.

Spain's Manuel Orantes qualified by default.

Vilas, the 1974 Grand Prix champion, won his 34th title in his last 25 matches, whipping Mike Ester of Dallas, 6-3, 6-3, 6-3.

At Harrison, N.Y., top-seeded Chris Evert and second-seeded Martina Navratilova of Czechoslovakia defaulted before playing again this fall.

The secondary should be especially potent with regulars John Dusenberry and Randy Harrison returning.

At tackle are two all-American candidates, Jim Stock and Steve Niehaus.

Tampa Gains LL Finals

WILLIAMSPORT, Pa. (AP) — Tampa, Fla., led by the pitching and hitting of Albert Everett, has qualified to meet Lakewood, N.J., in Saturday's deciding game of the 1975 Little League championships.

Everett went three-for-three at the plate and struck out 14 batters Thursday as Tampa held off a late rally and beat Davenport, Iowa, 5-5.

It was the concluding first-round game in the four-day sudden-death tournament. In girls' softball Thursday, Dix Hills, N.Y., defeated Sturgeon Bay, Wis., 3-1 and will meet Medford, Ore., in Saturday's final.

Today's schedule was set aside for consolation games between the losers. Foreign teams were excluded from this year's series.

Everett, a 5-foot-9, 145-pound

12-year-old, dominated the 10-year-olds until the final inning when Davenport scored five runs on five hits.

"In the last inning, I just got hit," said Everett. "I was pleased," he said. Everett was replaced by Greg Davis, who pitched the final batter to ground out.

"That's the first time this year he was put out of a ball game," said Everett's manager, Edmonds said of Everett.

In the softball competition, Dix Hills came from behind with a sixth inning rally that began with a single by Janine Buckley.

After Buckley loaded the bases, Sturgeon Bay pitcher Jody Zahn walked home a run.

Jaycees Set Fish Contest Penn State

The Sanford-Seminole Jaycees will sponsor a fishing contest Saturday at the small lake behind the Sanford Civic Center, adjacent to Ft. Mellon field.

Prizes and plaques for all age groups will be awarded for the most fish caught, the largest linebuckers, quarter Williams and Skip Commins.

Princeton Park and Ben Beble, a d receivers Neil Chamberlin and Kevin Group, a potential starter, and Bob Cascola has the Tigers on the way back. Graduation left a large offensive hole in Penn despite the return of running back Jack Witzend, but the Quakers could be sold on defense.

George Seifert, Cornell's new coach, is searching for a passer to go with running back Don Fanelli and some fine receivers. Columbia, which isn't yet much worse, looks to some promising newcomers for improvement.

WIN AT BRIDGE

By OSWALD AND JAMES JACOBY

must have started with five hearts. This left just one for West. South was sure to make his contract provided West's singleton heart wasn't the king. South led a heart, finessed his queen successfully and promptly played out three rounds of clubs.

It didn't matter who won the trick. If West won he would have to give a ruff and discard. If East won he would have to lead from his king of hearts up to dummy's jack or give that same ruff and discard.

Of course, South might have worked this play out anyway. Knowing East's type made it easy.

Ask the Jacobys

A reader from Georgia asks what you should lead with:

▲ 8 2 ♠ 9 5 3 ♠ J 10 8 3 2
▲ Q J 6

The oldest expert was holding forth. He remarked, "I always shudder when a really bad player is defending against me. His plays are so random that I can't draw real inferences. Give me the predictable man with a little knowledge and he will bring me down."

Today's hand illustrates this. East was a good, steady, unimaging player.

South won the first trick with dummy's ace of diamonds and led a trump to his 10. West took the ace and played a second diamond.

South ruffed and led a trump to dummy. East discarded a small heart. At this point South knew that predictable East

To Boost Crime-Fighting Arsenal

Sheriff Plans 'Air Force'

By BOB LLOYD
Herald Staff Writer

Seminole Sheriff John Polk hopes to add an "air force" to his department's crime-fighting arsenal by November.

Polk said Saturday that he's already started the paperwork toward purchasing a two-place helicopter available from St. Lucie County.

"There are so many uses for it, you're only limited by your imagination," Polk said.

If a cop is purchased for the asking price of \$7,000, Seminole would join Duval, Orange and Pinellas Counties and the Orlando Police Department in using the highly-maneuverable craft for routine patrol and special assignments.

Polk has requested a \$2,635,913 budget for the fiscal year starting Oct. 1 for his department's overall operations. County commissioners approved all but \$255,398 of the request. Polk is appealing to the state Department of Administration, which could rule that Polk must receive all of the requested budget.

The budget appeal was delivered to Tallahassee on Thursday. No date has been set for a hearing on the appeal.

Polk says the entire \$2.6 million is needed to operate the sheriff's department in an effective and efficient manner.

The \$255,398 that Polk is appealing is reflected in the areas of deputies salaries, expenses other than salaries, capital outlay, investigations and contingency funds.

Polk said there are funds in his proposed budget to buy the helicopter.

He said the 'copter was purchased by St. Lucie County through Civil Defense and brought to current specifications, including a complete mechanical overhaul.

Polk and members of his staff recently visited Fort Pierce and inspected the 'copter and discussed with St. Lucie officials its use in law enforcement.

Polk was taken aloft for a practical demonstration of how St. Lucie County utilizes a second helicopter, purchased at the same time as the one Polk hopes to buy, for surveillance and routine patrol over the county.

"It will cost us an estimated \$4,000 to equip the 'copter with radio, siren, public address system and lights," Polk said.

"In St. Lucie County the sheriff uses helicopter patrol two hours a day," Polk reported, "and they've practically cut out car-stripping and have recovered more than \$40,000 in stolen property."

Seminole is plagued with increasing burglaries, many occurring during daylight hours, when residents are away from home. Polk says the 'copter would be used to patrol this area.

Figures gathered so far by Polk indicated the model TH-55 helicopter available in Fort Pierce would cost approximately \$20 per hour of flying time, exclusive of pilot and observer salaries. "There's no way with that amount of money, you can cover this county with two men in a car in two hours," Polk said, "and spot all the things you can see from the air."

If Seminole deputies get the 'copter, Polk says he plans to hire an experienced helicopter pilot as a regular patrol deputy.

"When he's not flying he could also patrol in a regular ground unit."

St. Lucie County Civil Defense Director Philip Theobald is co-ordinating the sale of the 'copter for the two law enforcement agencies.

The Orange County Sheriff's Department has a three 'copter air patrol with nine deputies assigned to the division.

A spokesman in Orange County Sheriff Mel Colman's department said that two small helicopters similar to the one Polk is seeking to buy for Seminole were flown on 55 "missions" for a total of 45.9 hours in the month of June.

Orange County uses a larger 'copter for medical assistance during the weekend, as these two young outdoor enthusiasts demonstrate. So can it be fun cruising up the river, for that matter. Handling the paddles are Spring Teal and Scott Bates as they paddle merrily along out of Camp Seminole. (Herald Photo by Bill Vincent Jr.)

Man-On-The-Street Poll

Residents Differ Over Possible Courthouse Annex

By MICK LOCHRIDGE
and DONNA ESTES
Herald Staff Writers

Should the Seminole County Commission acquire the Montgomery Ward Building in Casselberry for a courthouse annex?

Reactions to that question were put to a cross section of county residents yesterday and the answers were just as varied as the persons asked.

Most residents admitted they are unaware of the space problems in the current county courthouse in Sanford yet have few objections to their tax monies being spent for an annex—as long as it doesn't mean a hike in property taxes.

The county is currently paying \$945 a month to lease two offices in the Seminole Plaza occupied by the Manpower office, a representative of the building department and supervisor of elections and license bureau.

Mrs. Peggy LeMaire, Casselberry, thinks acquiring the Montgomery Ward building for a courthouse annex would be fine if the renovation is done in a "simple, economical and feasible way" without hiring architect to reconstruct it.

"But, if this is going to be an excuse to raise our taxes, the county commissioners should forget it. We are being taxed to death already," said Mrs. LeMaire.

"The commissioners keep spending all this money and I don't see anything happening. The county has all these judges and courtrooms already, yet people are being kept in jail awaiting trials."

"I don't know whether having a courthouse annex will expedite matters. Nothing seems to be expedited. Public officials seem to take their own blessed time about doing anything."

"If the commissioners could just make things more convenient for the people..." Mrs. LeMaire said.

"It would be a good idea if it is needed," said Sanford resident Isaac Hines. "It would be beneficial to the citizens." Hines said, however, that he was "not familiar" with the county's search for a south Seminole annex.

Linda Yourshaw, a receptionist in the county judge's office, said a branch courthouse is "a good idea."

"We need some more room somewhere," she said.

Robert Williams of Sanford, said he did not know much about it, but a library would be nice for the kids.

"I'm for it, I think it's a great idea," said Connie McLaughlin of Winter Springs. "It is a very convenient spot for South Seminole residents. A good deal of parking area is available there and the space is definitely needed."

Mrs. Pat Martin of Altamonte Springs said, "It sounds like a good idea as long as it does not mean an increase in my county property taxes. It is about time the residents of South Seminole have more county services available right here."

"It sounds like a good deal as far as the space is concerned," said Mrs. Marilyn Gugliemello of Casselberry, "but I don't know if it is a good deal financially. I don't know how the county commissioners can afford it."

"If it will mean a raise in taxes, I don't know. It looks like Casselberry is going to have a city tax for the first time. I think that is needed and I'm for it. I think school taxes are going up, too," she said.

"I might go along with the idea if the building would include recreational facilities for the young people and a library. Educational standards here are below par, and the library is needed," Mrs. Gugliemello said.

Dave Herndon of Altamonte Springs said the county should spend the tax money, "if it is warranted."

"We don't have the room in Sanford for a building. You would have to build something and that would be expensive. The annex would not be that far away," she said.

Greg Knight, 15, of Sanford said, "there's nothing like that down in that area."

"It would help the Seminole Plaza merchants," he said.

"I don't pay much attention," Janice Meagher of Winter Springs said.

"I guess it would be a good idea," Lizzie Baker had no comment on the matter because she says she is unaware of the county's plans.

Bo Simpson, Longwood realtor: "All I know about the county's prospective purchase of the Montgomery Ward buildings is what I've read in the newspapers, but I have noticed that nothing has been said about the county having the property appraised."

"I don't know how they could have come to a purchase price without having appraisals done. I find nothing objectionable about the location. I think it is probably as good a place as the county commissioners can get."

"It gets back to proper ways of doing things. It would be proper for the commissioners to get appraisals before they start negotiating on a price," he said.

Jackie Emery of Altamonte Springs: "We need something like this proposed courthouse annex. We have nothing at this end of the county. When one has business to transact, now a trip to Sanford is necessary. This is a step in the right direction."

Mary Cordian of Longwood: "I think it is a good idea. It is certainly a much shorter distance to Casselberry than Lake Monroe. The shopping area may not be too conducive to a courtroom atmosphere, however."

Disclosure, Interest Conflict Laws Are Proving Tough To Interpret

By DONNA ESTES
Herald Staff Writer

Lofty language was included in the preamble to the financial disclosure and conflict of interest law passed by the Florida Legislature in 1973.

"It is essential to the proper conduct and operation of government that public officials be independent and impartial, and that public office not be used for private gain..." the law reads.

But the broad and general language of the law has become a "thorn in the side" of elected officials, who are left to decide for themselves whether a conflict of interest exists on an issue.

At the same time, any citizen can complain to the Florida Ethics Committee that an elected official has voted on a matter which could lead to his benefiting financially—directly or indirectly.

Lake Mary Council member Lillian Griffin was caught in the web of the law's broad language in the past 10 days.

Full partner with her husband in a business, her firm had been purchasing, for some months, dirt from Leo Trepanier's property near Rinehart Road.

Trepanier requested a change in zoning to permit development of a mobile home park on the 80-acre site. Mrs. Griffin voted with two of her colleagues to grant the zoning and one or more unnamed citizens accused her of a conflict of interest.

"I'll file the conflict of interest papers," Mrs. Griffin said, "but I honestly don't believe there is any conflict. My company buys dirt from Trepanier. He is not paying me for any kind of service."

The irony of the charge is that a good portion of the dirt Mrs. Griffin has purchased from Trepanier has been donated by her to the city.

Griffin is not the only thing Mrs. Griffin has given the fledgling Lake Mary community, celebrating its second year as a city this month.

A native of Lake Mary, Mrs. Griffin tossed her hat into the ring last year.

Clay, dirt and cold patch is also stored there.

"I've always heard that a person who puts his hand forward to help is likely to get it bit off," Mrs. Griffin said. "It looks like that is what is happening to me."

"I don't believe Mrs. Griffin's vote could be considered a conflict of interest. She was not receiving any direct or indirect pecuniary benefit from Trepanier," City Attorney Gary Massey said. "It was a business deal where Mrs. Griffin's company removed dirt and paid Trepanier by the yard."

"I don't believe this falls under any provision of the conflict of interest law," Massey said.

Sanford City Attorney Vernon Mize, a former county judge, said the law contains "broad, general language." Noting that no local body refers to the law, Mize said it is up to each elected official to determine whether a matter is a conflict of interest.

Anyone can complain to the ethics committee.
