**IT IS REALLY A HUGE ROCK.**

But to Vessels Passing Through the Strait of Le Maire It Appears to Be a Bark Running Under Short Sail. Other Rock Ship Formations.

The "phantom ship" seen in the vicinity of Cape Horn is, as has been proved by the investigation of various hydrographic bureaus, nothing more or less than a rock which under certain atmospheric conditions bears a deceptive resemblance to a ship.

Very often vessels coming from Europe to the west by way of Cape Horn have been started to see what appeared to be a derelict with the water washing over her deck. If the sailors were of an imaginative turn they would invest the unknown ship with ghostly qualities and call her the Flying Dutchman or sometimes the "ghost ship" of Le Maire, from the strait of that name, where she was usually seen.

One of the stories which have been longest remembered is that of the ill-fated Crown of Italy, which sighted the supposed derelict and subsequently went ashore. The Crown of Italy was standing close to the jagged black rocks at the entrance to the strait of Le Maire when she sighted what seemed to be a waterlogged bark drifting on the rocks of the strait. Many other ships rounding the Horn have seen a similar apparition, and the various hydrographic offices of the world have received many reports to that effect.

Some years ago the Norwegian bark Servia got into Seattle with the tale of a phantom ship that almost exactly corresponded to that given by the Crown of Italy. The second officer of the Norwegian vessel declared that he had seen a derelict with sails set and decks awash drifting in through the strait. It was this report that led our government officers to make public the declaration that the phantom ship was nothing but a combination of rocks and shadows.

The numerous reports of derelicts or ghost ships always appearing in the same place led even the Argentine government to look into the matter. A tender was sent out from the nearby lighthouse with the object of making an investigation, and it was found that the apparition was due to a strange freak of nature. Among the black jagged rocks that line both sides of the strait of Le Maire there is one in particular which, under certain atmospheric conditions, bears a deceptive likeness to a ship. The formation of the rocks and the shadows they cast combine to produce the effect of a bark running under short sail.

The passage through the strait of Le Maire is not often made. Steamers shorten the route by going through the strait of Magellan, while sailing vessels usually prefer to be entirely on the safe side by going still farther south and rounding the Horn itself. Only under the most favorable conditions of weather do they slip through the strait of Le Maire on the outward trip, going toward the southwest, but never when bound for the north. For this reason many old sailors have never met the ghost ship or the rock ship.

Those who have seen it give a minute description of the rock and testify to its striking resemblance to a ship. It seems to be standing head on, pointing to the south and low in the water. The sails are shortened as they would be in what sailors call half a gale. The whole formation is very dark, as if the hull were painted black and the sails weather beaten. It has three masts and is higher on the fore than on the main. Upon coming on the side of the vessel the illusion vanishes and the whole thing resolves itself into a conglomeration of black rocks. The perpetual fog of these regions helps, of course, to befuddle the vision.

The rock looking like a ship is by no means a rare natural formation. Almost every sailor has seen one in some part of the world. In the Clipperton islands there is a great white rock looking like a three masted schooner leaning on the wind with her royals set and the sun shining on her white walls.

About six or seven miles west of

Honolulu there is a rock known as French Frigate rock because once upon a time a French frigate went ashore on it. The cliffs looked so much like a ship that the frigate was deceived and thought she was meeting another vessel.

St. Paul Island, in the middle of the Atlantic, is said to look very much like a ship when approached from a certain direction, but it is a place that mariners prefer to give a wide berth.—Harper's Weekly.

**Her Unalterable Decision.**

To the new cook Mrs. Cross elaborately explained a certain method of preparing potatoes greatly approved of by the family. The cook listened to the directions with apparent attention.

"And now, do you quite understand, Della?" asked Mrs. Cross in conclusion.

"I do, mum," was the response, and then, in a firm tone that admitted of no contradiction, she added, "But it's boiled potatoes ye'll eat."

"Happy the man who learns the very wide chasm that lies between his wishes and his powers."—Goethe.

**Humor and Philosophy**

**PERT PARAGRAPHS.**

THE crook never puts off until tomorrow the man whom he can do today. This is a case where an old saw works against the good of society instead of doing what it was invented for.

It takes a bright man to keep a woman in the dark.

The man who is gone on himself always has his love returned.

The downward path is easy for the man who wears skates.

When the dog howls all night we can't help wondering how anybody ever got the idea that the dog is man's best friend.

Strange, but men don't seem to take to long hatpins any more kindly than woman takes to cigar smoke.

It always seems like a waste of energy for a pretty girl to be clever.

The small boy is beginning to wonder whether he had better go to the future show or save his money against the opening of the ball season.

**Fashion's Latest.**

Folly  
 Off its trolley!  
 That's the latest  
 And the greatest  
 Thing under the sun—  
 The hobble skirt outdone,  
 This former saucy gown,  
 Told to go away back and sit down.  
 Enter the trouserette.  
 On a bet?  
 No; on the fair, how shall we express  
 It? Yes,  
 That's the word.  
 We knew we had heard  
 It somewhere,  
 On the fair—  
 Lower extremities—don't crane your  
 necks—  
 Of the fair sex.  
 At last  
 The die is cast  
 And woman has a chance  
 To wear the pants.  
 Rumors  
 Of bloomers  
 Are in the air.  
 Take home a pair  
 To the loved one  
 And watch the fun.  
 Paris has tried 'em.  
 The small boys eyed 'em,  
 And the whoop they hurled  
 Forth sounded twice around the world  
 And is still going, with the echo to  
 come.  
 Which is going some.  
 How would you like to flirt  
 With a harem skirt?  
 The chance will soon be here.  
 Clear  
 The way!  
 It will be some display.  
 The circus parade  
 Will be thrown in the shade,  
 Business will stop,  
 Men with weak hearts will drop  
 Dead, and there will be some din  
 When the first bisected skirt drifts in.

**BAD ROADS AND COST OF LIVING.**

Bad roads are now classed by the experts as one of the contributory causes to the high cost of living and the migration of the farmer boy to the city. The United States government estimates, for example, that in the state of Indiana transportation costs 25.5 cents per ton for each mile. Over a bituminized road between Philadelphia and Atlantic City it is estimated freight can be transported for less than 1 cent per mile, and over some of the good roads in New York state the cost is 5 cents per mile.

**LIQUID CURES ECZEMA WHERE SALVE FAILS**

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. D. Prescription, penetrates to the disease germs and destroys it, then soothes and heals the skin as nothing else has ever done.

A 25-cent trial bottle will start the cure, and give you instant relief.

**COLE 30.**

The Car You'll Be Proud To Own

You must see these cars to appreciate them. It is so easy when one is thoroughly enthused about such a magnificent car as the Cole 30 to say that "nothing like it has ever been sold at anywhere near the price of the 1911 Cole 30"—to say that "it's the classiest car of them all"—that "it's the car you'll be proud to own"—"you will marvel that such a car can be sold at the price."

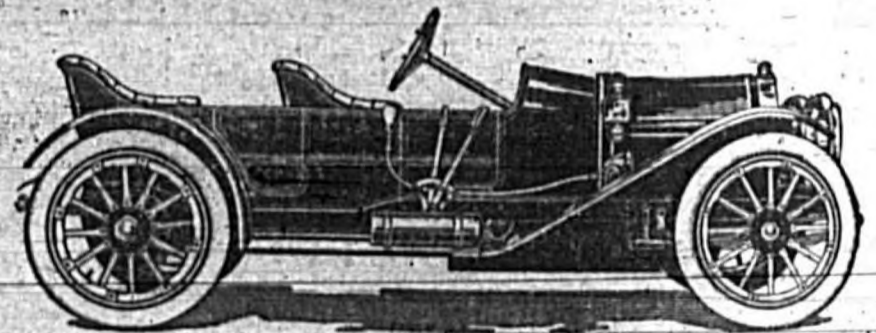

We can write volumes and present argument after argument to prove to you that these statements are merely absolute facts—but after it is all said our crowning argument must always be "see the car—have it demonstrated—compare it with other cars selling at the same price". When you have done this, we are willing to abide by your judgement.

## HIGH SCHOOL CLASSES

### Successful Term Added To Sanford's Good Record

### LARGE CLASS AND GOOD RESULTS

#### Commencement Exercises Were Interesting and Brought Many Visitors to the City

School commencements are always events that are eagerly anticipated by people in general as joyous, happy ones, but to teacher and pupil alike they are usually occasions of mingled joy and sadness. There is happiness because of a finished task and the opportunity to rest from labors, but there is sadness, because of the severing of the ties and pleasant associations that make the school days the very happiest of all.

The commencement exercises of the Sanford high school that took place last week at the high school building brought to a close one of the most successful school terms that our people have been privileged to enjoy.

The present graduating class is far the largest that has ever gone forth from this school, and owing to the careful, conscientious training given them by an excellent faculty, the class of 1911 will doubtless reflect much credit on the high school, an institution of which all Sanford is now justly proud.

GRADUATING CLASS 1911

classmates. She saw something bright and interesting in store for each of them, though they were following a variety of vocations. Another number "Kentucky Babe" given by the Glee Club greatly pleased the audience.

To Able O. Kanner was given the honor of speaking the farewell words which he did in a clear, manly way to teachers, classmates and audience. To the school board he paid an eloquent tribute, thanking them for the splendid school facilities that had been obtained through their

tastefully decorated with potted plants, ferns and palms, and from the chandeliers drooped lovely bunches of white and lavender crepe flowers, the clever handiwork of the juniors. A committee of juniors met the guests at the door and ushered them to the dressing rooms, from thence to the receiving party, standing in the library, to whom they were presented.

In the receiving line were Prof. and Mrs. N. J. Perkins, Miss Hoskins Jones, junior class president; Miss Sadie Williams, senior class president, and Misses Martha

Refreshments were also served on the second floor, the dainty class colors white and lavender being prettily carried out in the decorations and refreshments.

The hospitable juniors were everywhere in evidence, proving themselves equal to the occasion, and deserve much credit for the success of the beautiful affair.

No effort was spared in making the reception the brilliant success that it really was.

#### Commencement Exercises

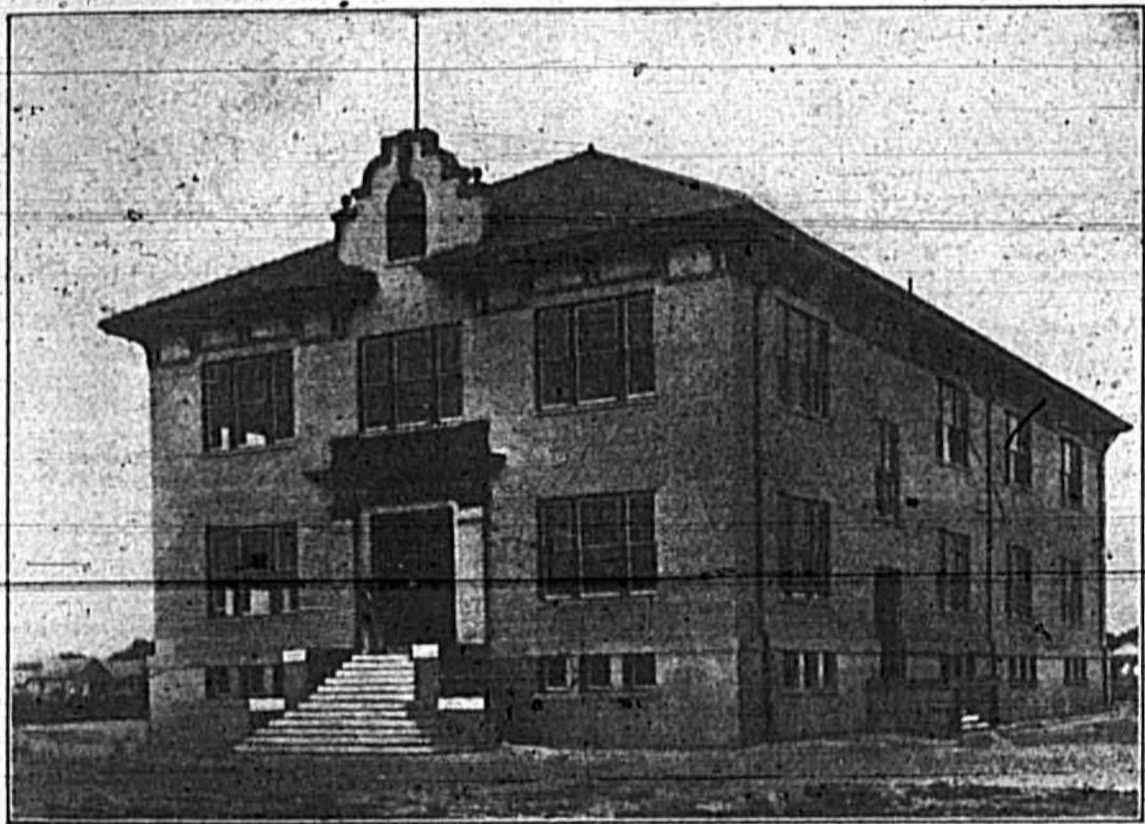

The event of the week around which more

bers of the large graduating class.

The following young ladies of the juniors class acted as ushers and handled the large crowd admirably, Misses Mildred and May Haskins, Ruby Betts, Hoskins Jones, Bertha Packard, Lillian Higgins, Ruth Stewart, Ethel Sharpe and Elizabeth Munson.

After the overture played by Stumon's orchestra, a march was begun and the classes entered. The procession was led by Marshall Clarence Mahoney of the junior class, followed by the trustees, C. R. Walker, D. L. Thrasher, L. R. Phillips, and B. F. Whitner. Next were Dr. J. A. Thackston of Gainesville and Rev. J. F. McKinnon. The faculty came in together Prof. Perkins and Miss Guild, Miss Tetherly and Miss Savage. Then came the graduating class, Miss Sadie Williams, president of the class, alone, then the young ladies and gentlemen by twos, Mable Cowan and Eugenia Pope, Willie Singletary and Gussie Tillis, Ruth Mettinger and Mary Chappell, Martha Fox and Carrie Lovell, Vail Lovell and Able Kanner, Seth Woodruff and Henry Carlson, Ernest Betts and Earnest Householder.

These were led by the marshal down the right aisle to the rostrum, then taking places on the left; the faculty on the right and the graduates in the center. The high school pupils entered in a body forming into two lines, ushered by Ray Maxwell and Robert McKlin, of the junior class. At the main door the lines separated, one going down the right aisle and the other, the left, taking places in the front row of seats. The young lady

GRAMMER SCHOOL BUILDING

#### Class Day

Class day that is set apart for the exercises conducted chiefly by the graduating class is always one of the most pleasing features of commencement week. One of the prettiest events of this kind took place last Wednesday afternoon at half past five o'clock on the grounds, just north of the high school building. The orchestra was stationed just inside the north entrance where all the high school pupils were formed in line and to the strains of inspiring music, marched out on the grounds, going through some very pretty and intricate figures.

The graduates then took their places at the entrance to the building, which served as rostrum on this occasion, and here the interesting program was carried out.

The boys and girls made a very pretty picture as they were grouped, the boys in the back ground and the girls in front. The girls were daintily dressed in white, wearing large white picture hats trimmed with lavender flowers. The boys wore black suits and badges of lavender and white ribbon, the class colors.

The address of welcome came first on the program and was charmingly given by Miss Sadie Williams, the class president. In behalf of her classmates, Miss Williams, in a few well chosen words presented to the high school, as a parting gift from the class, a slab from the northern frieze of the Parthenon. In behalf of the school board Mr. C. R. Walker responded and thanked the class most heartily for the highly appreciated gift, which hangs on the wall in the auditorium.

"The Rose Gatherers", a chorus, was sweetly sung by the glee club, composed of members of the high school class.

As class prophet, Miss Caroline Louise Lovell cleverly forecast the future of her

earnest, persistent efforts. The speaker noted the rapid development of the school in Sanford during the past few years, growing from one small building to three large ones that are splendidly equipped for school work.

The closing song was sung by the class, the words and music both being composed by members of the class.

#### Reception

Thursday evening the high school was the scene of a brilliant reception, given by the junior class in honor of the seniors. The spacious rooms were beautifully and

Fox, Carrie Lovell, Ruth Mettinger, Willie Singletary, Gussie Tillis, Mary Chappell, Mable Cowan, Eugenia Pope, Messrs Vail Lovell, Harry Carlson, Abie Kanner, Seth Woodruff, Ernest Betts and Earnest Householder.

Across the hall from the library, in the principal's office, a group of charming juniors, Misses Ruth Stewart, Ruby Betts and Lillian Higgins, served refreshing punch during the evening.

Stumon's orchestra, was stationed on the second floor and furnished beautiful music for the happy occasion.

than ordinary interest was centered was the graduating exercises on Friday evening at the high school auditorium. The beautiful auditorium was brilliantly illuminated and decorated for this, the first graduating class from the new high school. The rostrum was made very pretty with palms, ferns and plants and on the high arch was suspended the class banner of white with the lettering S. H. S. in lavender.

The large auditorium was filled to its utmost capacity at an early hour by the host of relatives and friends of the mem-

graduates were exquisitely dressed in pure white and carried arm bouquets of lovely white carnations. The young gentlemen were very handsome in conventional black and wore button hole bouquets of white carnations.

At the conclusion of the march played by the orchestra, the invocation was made by Rev. J. F. McKinnon, after which a beautiful chorus entitled Morning Invitation—"Yeazie" was sung by the school the other pupils marching on the rostrum and taking their places with the seniors. The accompanist was Miss Margaret Davis. Miss Mable Cowan was the first of the graduating class to read. With a sweet voice, she read a most interesting essay on "An American Favorite" who proved to be the inimitable Mark Twain; following the career of this unique American in a most charming manner from start to finish.

The Grand Opera was the subject of the next splendid essay, written by Miss Martha Fox and read by Miss Sadie Williams. The subject was well handled, showing familiarity with the classics, also much research and deep thought.

A lively selection was played by the orchestra at this time, after which William Vail Lovell read his excellent essay on A Decade of Electrical Progress. The paper was well read, and was carefully prepared, showing the young man's superior knowledge and interest in all affairs pertaining to electricity.

At this time Mr. L. R. Phillips in behalf of the county school board and the local trustees congratulated the principal, teachers and graduates on their excellent work and thanked them for co-operation and support of the board. Mr. Phillips then introduced the speaker, Dr. J. A. Thackston, Dean of the Department of

### CURBSTONE GLEANINGS

A Budget of Opinion "Just Between You and Me"

#### EVEN THE GATE POST NOT IN IT

A Chiel is Among Ye Taking Notes and Faith, He'll Prent 'Em"—So Says Saunterer.

Special Correspondence to The Herald.

I am glad to see that Sanford expects to celebrate the glorious Fourth. While not so young as I used to be it warms the cockles of my old heart to take part in an old time Fourth. There is no need to lay down on the job simply because it is summer time. We ought to be up and doing all the time and the more people you get into Sanford the more advertising the city will get. Our last celebration is talked of yet and many people who came here later were attracted to Sanford because we showed the progressive spirit in celebrating the Fourth.

Did you ever stop to realize that Sanford has the best public school system in the South? If you attended the commencement exercises last week you must have realized this fact and how proud each inhabitant of Sanford ought to be, of the fine schools. Did you ever stop to think that we have over 700 pupils attending our schools, that we have the best primary school, the best grammar school and one of the finest high school buildings in Florida? All of these buildings are separate and distinct and yet under one head and this system is far ahead of anything in the educational line that has been attempted. I doff my chapeau to Prof. Perkins and his assistants and hope they may continue along the line of advancement. The schools are our most valuable asset and all of us ought to take a greater interest in them in the future.

Teachers need our encouragement and a word of praise is a spur to greater efforts. Our population will be increased every year by people who come to Sanford to take advantage of our magnificent schools and it is up to you Mr. Citizen to speak a good word about the Sanford schools upon any and all occasions. When you have the best of everything don't hesitate to blow your horn.

I take great pride in the boys and girls

who have just graduated from our High School and hope to hear great things of them in the future. Now that your school days have ended you must not lay down on the job and expect to achieve greatness without work.

The roads to greatness are still open. The avenues to human preferment have never closed; no obstruction is there today that has not always existed. But not all who seem to reach the summit may be considered truly great. All greatness that lacks the element of greatness must be false. The man who rides over the just rights of others in order to secure his own advancement is lacking in all that constitutes true greatness.

Wisdom, zeal, courage, perseverance, knowledge are some of the traits of character that push one to the front. But above all things it takes industry to make advancement.

We must begin young. Time must not be wasted; it is too precious to those who expect to succeed. Idleness must not be tolerated. The men who reach notoriety are busy men. There are idlers in school; as a rule they are never heard of beyond the school room. There are street-corner loafers who spend days in whittling boxes and tie posts; but who ever heard of them as being noted for anything else? There are people who are fascinated by cards, or billiards, or baseball, or croquet; but there are few fascinated by their life history.

There will be great men yet, but they will be workers. God pity the man who has time to spare; on whose hands the days drag, who has to invent ways in which to amuse themselves. While they are doing this they will find that somebody has gone on ahead. While they are idling some one has worked; while they have been but drones in the hive, others have gone out and laboriously gathered the sweet stores.

#### Citrus Growers' Convention

The Florida Citrus Exchange has secured special rates from all the Transportation Companies in the State of Florida, from practically all Florida points, to Tampa, Fla., for practically half-fare for the Citrus Growers Convention, to be held in Tampa on June 8th.

This schedule is to in effect June 6th, 7th, and 8th, and copies have been filed with the Station Agents of the A. C. L. Florida East Coast, Seaboard Air Line, Louisville & Nashville, Georgia Southern & Florida, and Apalachicola Northern railroads.

Parties desiring to attend the convention, or to visit Tampa during the Convention, will simply ask at their railroad ticket office for a round-trip ticket to Tampa and return, on account of the meeting of the Florida Citrus Exchange.

These tickets are good coming to Tampa on June 6th, 7th and 8, and are good returning to starting point not later than mid-night of June 12th.

The Florida Citrus Exchange has arranged a very entertaining programme, at which addresses will be given, not only by men prominent in the Citrus Growing Industry in Florida, but speakers will come from various points in the United States, including Chicago, Philadelphia, Washington, Memphis, and other points to address this convention.

Tomatoes, Cantaloupe, Oca—Have you any. If so we can interest you, (if you don't want the earth.) Lewis Vegetable Exchange, Leffler Bldg. 41-11

## Some Observations On Florida Lands

**DO** Not come to Florida if you have not made up your mind to stay, to stick at it, to achieve something. The temporary pioneer is not desirable. There is nothing so damaging to this splendid section, and to Florida in general, as the reports of the merely tentative settlers who come here in the expectation of making a large fortune within a year, and, failing, return to their old homes depleted in purse, disgusted with the soil and the unaccustomed methods necessary to secure crops, with the climate,—disgusted with everything, in fact, and who use all their eloquence to dissuade others from investing or undertaking to establish their homes here.

There is Always a Reason for a Man's Failure. Before you are influenced by what a returning settler says about Florida, investigate why he failed to make good.

We do not encourage the tentative settler. It is not the kind of pioneering that benefits us or our section. It never promotes the best interests and progress of any country and never will in Florida.

Don't expect to get rich quick here in a day or two. Dollars do not grow on trees; and do not come here without money. The more accustomed you have been in making a dollar go a long way, the easier will be your first months on Volusia Farms.

Volusia Farms needs sturdy men and women, mentally and physically able to conduct farming as it is done here under Florida's sunny skies. Volusia Farms needs the permanent settler with small capital, large determination and industry who will not beat a retreat at the first disappointment. To such people Volusia Farms offers opportunities practically without limit.

**WE** Have never advocated the purchase of any of our lands sight unseen. While we have sold hundreds of acres to people who never saw the land before purchasing and have always given satisfaction, yet we prefer not to sell an acre without the purchaser personally makes a selection. The excursions running to Sanford from northern and central western states every first and third Tuesday of every month during the summer, afford every facility for coming to Sanford and Volusia Farms and making personal selection of a tract of this rich agricultural

land.

See What You are Buying. Come here and investigate what we are offering you. Talk with the many people we have been instrumental in bringing here from all over the United States. The larger the number of people we can induce to come here on a tour of inspection, the more quickly we shall close out our Volusia Farms, for the closer you know this tract the better it becomes.

**HAS** It ever occurred to you that there must be some sound fundamental reasons for Florida lands to be priced so low compared with lands in the north and west and even in the deserts where irrigation companies plan to supply water AT A PRICE!

The principal reason is, I take it, that Florida is only just beginning to come into her own. For many, many years she has been neglected. Development has just about begun, and developing a State as large as Florida, whose shore line is long enough to extend from Jacksonville to Boston, takes time. It takes people, too, and money. Development could not take place were our lands priced on a basis of their earning capacity to start with; but that time is coming. In the development of any country there must be inducements for people to come in and cultivate the soil.

**Florida's Inducement to You Today is the Low Price of Her Good Lands**

The development of the past three years has been wonderful. Immense wealth has been taken from the soil—TAKEN, mind you, not WRESTED as you wrest with the hard, heavy soils up north—and now the natural tendency and the natural law of supply and demand is toward higher prices for these income bearing lands.

For years lands were almost given away simply because the Floridian—HAD NO IDEA OF THEIR PRODUCING POSSIBILITIES; diversified farming was unknown. Witness now, the transformation of a few years. Even the day of twenty dollars an acre land has passed, and the time of thirty dollars an acre land is passing everywhere. If I am any judge of the Florida land situation and the purchase of large tracts consummated during this Spring are any criterion of coming events, I believe the coming fall and winter will see Florida lands retailing for \$50 an acre and upward according to locality and transportation.

Volusia Farms is worth every cent of \$50 an acre today and those who invest in the development stage are the people who will make the best turn-over. We have sold quite a large number of farms and the territory is opening up in an immensely satisfactory way to our settlers and to us.

**S**EVERAL times in these columns I have spoken of the apparent hindering of the development of Florida by the large financial interests, and the reasons why the Howard-Packard lands are good investments. I have just been reading an article in "Moody's Magazine" (a financial authority) relative to the large earnings of banks and trust companies who hoodwink the small depositor by ever saying 4 per cent is the utmost dividend to be expected consistent with safety.

In the face of this legend, the banks themselves are declaring dividends as high as 40 per cent made with YOUR money. Compilation of the profits of sixty-seven banks in the borough of Manhattan, New York city, after showing earnings of 17.19 per cent, declared dividends of 10.33 per cent. The dividends of the Liberty National amounted to 25 per cent for the year, the Chase National 20 per cent, the First National 40 per cent, the Mercantile Trust Company, 25 per cent, and so on, these figures being for the fiscal year ending last June, according to Moody's.

Unquestionably to influence a depositor not to draw from the savings bank for wild speculation is sound advice—very sound and commendable advice, but an investment in Volusia Farms at present price is NOT a speculation. Not one of the tracts of land offered by this Company has ever been a speculation. The VALUE was there in the beginning and higher value is there today. There has been more speculation in the stocks of the Northern Pacific and other railroads by the financiers than there ever can be with our lands, because our lands and prices are RIGHT. Our methods of doing business are RIGHT. We invite the strictest investigation of ourselves and of our lands. Our business has a better non-speculative foundation than thousands of business you yourself could mention.

Investigate for yourself the advisability of your Volusia farm investment remembering that good real estate in an advancing country is the basis of wealth.

Write for our booklet, "Resources of Volusia Farms"

## COUNTY HAPPENINGS

A Budget of Interesting Items From Correspondents

### THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

#### GENEVA JOTTINGS

Special Correspondence to The Herald: Mr. and Mrs. Potter who have been visiting Mr. and Mrs. Geo. Peters, have returned to Washington D. C. While in Florida Mr. Potter purchased real estate in Bartow and will return to the land of flowers next fall.

It is very gratifying to the many friends of Harrold Pattishall to learn that he not only graduated from the dental college in Nashville with first honor but won two gold medals besides. This means a good deal in a large class of intelligent young students and Geneva is justly proud of her citizen.

Herman Daniel and young sister, Miss Marie, have returned home from Southland where they've been attending school.

John Huddleston has recently gone to Washington, D. C., to prepare for an examination preparatory to entering Annapolis.

Miss Irene Peters is at home from Daytona Beach where she graduated recently. She has been visiting her two friends Misses Young and Sparger.

Mr. and Mrs. Moran are at home again and we learn with pleasure that Mr. Moran is much improved in health since his stay in Miami.

Mrs. A. B. Doane is home again after a visit to her parents in Miami.

Miss Mable Daniel has returned from a pleasant trip to Daytona Beach.

Mr. Shaddock was in Geneva last week in the interest of the new lodge of Woodmen just organized here.

Mr. and Mrs. I. D. Hart of Sanford visited their sister Mrs. B. V. David last Sunday.

Miss Mintz, of Taylorville who has been visiting her brother, returned home last week.

Mrs. Trowel, of Tampa, is visiting friends and relatives in Geneva, her old home.

Mrs. James Fultz and Roberson visited Sanford last week.

#### MOORE'S STATION

To the editor of The Herald: D. H. Moss was in Jacksonville last Thursday and received a position with an insurance Co., and left here Monday to begin his duties.

Mr. and Mrs. W. W. Miller are soon to welcome to their home after spending several months west of Sanford at the crate mills. They are building a new porch and other ways improving their house out side and in.

C. G. Perry, of Sanford Heights, has rented G. W. Kinahans house and farm also other farm land in the vicinity. Mr. Perry and family expect to reside here soon.

Mr. and Mrs. Fogg left here Monday for their home on the coast of New Hampshire.

Repp left Wednesday for Philadelphia, Pa., and will return in the near future with a bride.

A very pleasant recent event was a house warming given Mrs. Ella Greenland and Mr. and Mrs. P. G. Miller at their new home on Cameron Ave, by their nearby neighbors Mr. and Mrs. Sam Houston and daughter, Mr. and Mrs. H. K. Haldon, Miss Laura Fish and Mr. Ben Fish.

The Turner Grocery Co., at Beck Station is selling out. Mr. Turner will engage in the fishing business further south.

The committee on entertainments is planning an ice social to take place shortly at Pine Grove church.

George and James Mitchel are both doing guard duty at the Cow Creek camp. Mr. and Mrs. George Mitchel have moved there this week.

#### PAOLA POINTS

Special Correspondence to The Herald: Services at the Paola church closed for the season, Sunday, May 28th.

Mr. and Mrs. A. R. Powers of Wallace, N. C., are visitors at Zachery's mill.

The family of Mr. L. P. Hagan of Merham, have removed to DeLand where they will make their future home.

Mrs. L. J. Hartley, Jr., and Miss Nancy are visiting relatives in Jacksonville and points in Georgia.

Mrs. W. A. Zachery and daughters returned from Tallahassee Friday of last week.

The mother of Mrs. W. H. Taylor, whose illness called Mrs. Taylor to Georgia early

In April, died at her home in Oliver, May 25th.

The Misses Pearson attended commencement exercises in Sanford, Friday evening, the guests of Miss Clara Millen.

The home of Mr. T. E. Wilson at Sylvan Lake has lately been repaired and remodeled, and presents a most attractive appearance.

A delightful surprise party was tendered Mrs. C. A. Potter on her birthday—Monday the 29th, by her many friends at Bradville and Paolo. A jolly party assembled and spent a most pleasant evening.

#### Criminal Court Grind

Criminal Court held the boards at Orlando last week the following cases being disposed of:

State vs. Rich E. Butler, carrying pistol without license, \$20 and cost or sixty days.

State vs. John Davis, larceny, \$25 and cost or sixty days.

State vs. Will Worthy, entering to commit a misdemeanor, \$125 or eight months.

State vs. M. Jody Robinson, selling liquor in Orlando, 12 months on road.

State vs. Jim Arrington, concealed weapons, \$110 or four months.

State vs. Frank Lawson, larceny, six months.

State vs. Frank Lawson, temporarily taking property, plead guilty, two months.

State vs. Alonso Varner, common thief, 12 months on county road.

State vs. John Argrett, concealed weapon, Nolle.

State vs. Frank McKinney, using indecent language, plead guilty, \$5 and cost or twenty days.

State vs. C. C. Munyon, aggravated assault, Not guilty.

State vs. A. Butler, concealed weapons, plead guilty, \$100 or four months.

State vs. Mollie Sullivan, assault and battery, not guilty.

State vs. Wilson Woodbury, interfering with railroad track, Not guilty.

State vs. M. Jordan, selling liquor in Orlando, \$250 and cost or six months.

State vs. Wash Siplino, assault with intent to kill, Mistrial, Continued on account of sickness of state witness.

State vs. Gary Joiner, larceny, bond of \$75 forfeited.

State vs. N. H. Hawkins, seining in fresh water lake, Continued.

State vs. David Cooper, concealed weapons, Nolle.

State vs. Moyer Hull, concealed weapons, Nolle.

State vs. Robt. Shinholder, conducting bling tiger for other people in Sanford, \$25 and cost.

C. C. Munyon, selling liquor in Oviedo, \$250 or six months.

State vs. Henry Terrell, carnal intercourse with female under 18, not guilty.

State vs. C. C. Munyon, disturbing public worship, Nolle.

State vs. Henry Joiner, seining in fresh water stream, verdict guilty, Having been found guilty on previous charge the court ordered the seine confiscated and sold by the sheriff.

State vs. Joe Fernandez, selling liquor in Sanford. This was a very important case and hard fought by the lawyers, C. D. Landis, of DeLand, representing the defendant, while Solicitor DeCottes was assisted by T. Emmitt Wilson, of Sanford. The jury rendered a verdict of not guilty.

Opera House Almost Finished

The big steel braces are being put into place this week in the opera house and the building is now as solid as the rock of Gibraltar. The posts have been taken out thus affording a better view of the stage, and the house is rapidly assuming its original shape.

#### Card of Thanks

To the Woodmen Circle, the friends and neighbors who so kindly assisted us in life's greatest trial, by their kind words, and acts and beautiful flowers as tokens of their love and esteem, we wish to return our heartfelt gratitude.

M. D. Gatchell and family.

## WILL TOUR THE STATE

Itinerary Will Include Sanford and Will Get Glad Hand

The special committee of the Jacksonville Board of Trade, appointed to perfect arrangements for an automobile tour of the state in the interest of good roads, selected June 20 as the date for the start of the tour.

The committee also arranged the itinerary of the tour, which is as follows: Leave Jacksonville at 8 o'clock in the morning, arriving at St. Augustine at 11 o'clock, at which time a meeting will be held. After partaking of the noonday meal the party will start for Daytona, where they will have supper and a big meeting at which citizens of New Smyrna will be present.

The party will leave Daytona for DeLand at 8 o'clock in the morning of the second, arriving in the College city at 9:15 o'clock, when a meeting will be held, after which they will leave for Sanford, arriving there 12:30 o'clock, at which place luncheon will be served and a meeting will be held at 2:30 o'clock. The machines will then start for Orlando, where they expect to arrive in time for a supper and a meeting.

The party will leave Orlando the next morning for Leesburg, and a meeting will be held at that place, and dinner will be served. They will leave at 2 o'clock for Ocala, arriving in the Brick city at 5:30 o'clock. The party will have supper after which a meeting will be held, and at 1 o'clock they will leave for Gainesville, and will hold a meeting that night if possible.

On the fourth and last day of the tour, they will leave at 9 o'clock in the morning for Starke, where they will have luncheon and hold a meeting and at 1:30 o'clock in the afternoon they will leave on their return to Jacksonville, expecting to arrive here at 5 o'clock.

It was also decided at the meeting yesterday to send out a scout car, a week in advance of the party, to examine the roads and gather other important information.

#### Stockholders Will Meet

The annual meeting of the stockholders of the Orange County Fair Association will be held at the San Juan Hotel in Orlando on Tuesday, June 6th at 10 o'clock. Election of officers and other business.

#### Meeting of the S. I. A.

The regular annual meeting of the S. I. A. will be held at the park in band stand on Thursday, June 8th, at 3:30 p. m. Election of officers, also very important business to be transacted. All members are urged to be present.

#### NO REASON FOR DOUBT.

A Statement of Facts Backed by a Strong Guarantee.

We guarantee complete relief to all sufferers from constipation. In every case where we fail we will supply the medicine free.

Rexall Orderlies are a gentle, effective, dependable and safe bowel regulator, strengthener and tonic. They re-establish nature's functions in a quiet, easy way. They do not cause any inconvenience, griping or nausea. They are so pleasant to take and work so easily that they may be taken by any one at any time. They thoroughly tone up the whole system to healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. Two sizes, 10c. and 25c. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

**ASSOCIATION'S GOOD WORK**

**Growers are Pleased With Season's Outlook**

At a recent meeting of the Florida Vegetable Growers' Association it was shown that the affairs of the association were in remarkably good shape, considering the fact that this was the first season the growers attempted to market their products through their own organization. It was reported three weeks ago that there would be a deficit amounting to \$1,000 or more. Now it turns out that the deficit was a myth. The package charge due the association for selling was palmed at 10 cents minimum and 15 cents maximum. The assessment per acre for tilled land, which allows the grower to participate in all the benefits of the organization was \$2 per acre minimum and \$6 per acre maximum.

The general manager, Harry Wood, acting under the direction of the executive committee of the association, composed of W. D. Holden, B. A. Howard and H. Ward so managed the affairs of the organization that the minimum package charge of 10 cents and the minimum acreage charge of \$2 was all that was needed to tide the organization through the season and over the rough places.

The entire community feels itself under deep obligations to Messrs. Holden, Howard and Ward for the able manner in which they have handled the finances of the organization during the season. Mr. N. H. Colbert, who was Mr. Ward's traffic manager and who had personal control of the selling end of the business, manifested great ability in securing satisfactory prices for the grower's products. Mr. Colbert is known to the commission trade throughout the nation and is familiar with the best markets and most reliable firms, which information made him of inestimable value to the association. It is the general belief that the package charge should not amount to over 6 or 7 cents for the coming season, as much initial work has been done during the season just closing which will not have to be done over, thus working a great saving in the matter of postage and clerical help.—Times-Union.

**Sanford Hospital**

A few of the ladies who are members of the Sanford Hospital Association feel so deeply interested in making the undertaking a success, they have decided to go out and solicit contributions and new members. It is thought that there are many people in Sanford who fully realize the importance of having a first class non-sectarian hospital. One that they will feel free to apply to in case of necessity. In other words, they can feel that it is an institution that belongs to everybody who has occasion to go to it for treatment and they are asking no special favors. And if they have ever paid any money to the Association for membership dues or contributions, will know it stand to their credit on the books at the Hospital, and will be applied in the settlement for hospital services at any time. In order to build the Hospital, we must have money, and the public is expected to furnish it, and should not wait for someone to solicit it personally, but should send or give the money with as little delay as possible to the Treasurer, (Mrs. G. H. Fernald), Thos. E. Wilson, Esq., and Chester W. Goodrich, have each sent the Association \$25, without any solicitation, and are entitled to Life Membership Cards. In addition to this liberal contribution, they have each performed valuable services for the Association, and have other work yet to do. Mr. Thos. J. Check, has notified us that when we build the Hospital, he will contribute one hundred dollars worth of lumber, and this will be the same as cash when the times comes, even if we cannot count it in the treasury fund, which is gradually the slowing growing.

M. F. ROBINSON, Pres.

**Fire at Oviedo**

On Monday morning the entire roof of Capt. James Argo's boarding house was seen in flames, the volunteer fire department responding with a rush, succeeding after a hard fight in not only saving the surrounding property, but the boarding house itself, the services of several chemical hand fire extinguishers being called into play. Had it not been for these extinguishers there is a doubt that Oviedo would have suffered considerable loss.

**Sanford on the Fourth**

Sanford will celebrate the great and glorious Fourth this year, and while there will be no airships or aeroplanes there will be plenty of hot air, ball games, refreshments and everything to please the crowd. The public wants a place to go on the Fourth, and Sanford can always be counted upon to entertain the crowd. Don't make arrangements to go anywhere this time until you read our program, for Sanford will give you all that is coming, and a little bit more.

**DELINQUENT TAX LIST**

Notice is hereby given that the following described real estate now assessed for the city taxes in the city of Sanford, county of Orange, state of Florida, for the year Nineteen Hundred and Ten (1910) and the taxes thereon not having been paid on the last day of April, 1911, the taxes are now delinquent.

**THE Laundry Bag says:**  
 "I know collars that can take as much punishment as a punching bag."  
 "They're built that way."  
 "Have the edges of the interlining bound with an 'overcast stitch' to keep it from unraveling. Prevents cracking."  
 "Have a 'gutter seam'. Prevents 'saw' edges."  
 "Have the interlining cut away at the ends of the fold. Prevents breaking."  
 "No wonder Corliss-Coon Collars hold the record for trips to the laundry!"

**Pythian Sisters Entertained**  
 Monday evening in the Eagles Hall, the Pythian Sisters gave a very enjoyable reception, the Knights of Pythias and their wives being the invited guests. On the reception committee were Mrs Tom Davis, Mrs Briggs, Mrs J. D. Davison, Mrs F. L. Woodruff, Mrs C. F. Williams, Mrs M. Frank and Mrs E. E. Brady. The guests were entertained with the following very pleasing program: Instrumental solo, Miss Margaret Davis; Recitations, Mother at the concert, and Specialty Jim, Mable Carie, Ensminger; Vocal duet Miss Mable Carie and Miss Flossie Frank; Vocal Duet Mr. and Mrs. C. L. Folk; Instrumental solo Miss Margaret Davis. There were important speeches by some of the Knights present, after which refreshments were served. The punch bowl was presided over by Mrs Waleen.

**Sanford Will Play Ball**  
 Sanford expects to put a first-class team in the field at once and is open for engagements with any amateur or near professional teams in the state. This city never does anything by halves, and in our ball team we take an especial pride, and the 1911 team is out for the pennant. Under the management of G. W. Spencer and with that veteran, Clyde Pounds for field captain, there will be a strong team and good battery, there will be something doing all the time. Of course, the greatest number of games will be played with Orlando for who cares to see ball unless Orlando and Sanford can play each other.

**WANTS**

**IN AND ABOUT THE CITY**

**Little Happenings—Mention of Matters in Brief.**

**PERSONAL ITEMS OF INTEREST**

Summary of the Floating Small Talk Succinctly Arranged for Hurred Herald Readers.

Lyman Frank has gone to Pittsburg, Pa., to take a position with Crouchfield & Woolfolk.

C. C. Coffee is happy over the arrival of Mrs. Coffee and the children from Jacksonville for a short visit.

Miss Iva Knight has returned to her home in this city after an absence of some months teaching school.

D. E. Pattihall, representing Stetson University, is in the city in the interest of that well known institution.

Mrs. W. M. Simons of Orlando is visiting in Sanford this week, the delightful guest of Mrs. H. P. Driver at the Sanford House.

Prof. W. Wesley Smith, principal of New Smyrna High School, is in the city on his way to Columbia University, N. Y. City.

D. A. Caldwell has returned from a trip to Louisville where he attended the meeting of the Presbytery and thoroughly enjoyed his trip.

Elizabeth Taylor the little daughter of Mr. and Mrs. J. F. Taylor of Tampa, is visiting her cousin Martha Driver at the Sanford House.

G. R. Keller, editor of the Reporter-Star was among the prominent visitors to the city on Wednesday and paid The Herald office a fraternal call.

Mrs. W. M. Simons of Orlando was the pleasant guest of Mrs. Dr. Neal last week, and is the same of Mrs. H. P. Driver at the Sanford House this week.

N. A. Colbert the genial traffic manager of Florida Vegetable Growers' Association is taking a well-earned vacation in Maryland and Virginia.

Little Miss Elizabeth Taylor of Tampa, is spending some time at the Sanford House, the guest of her relatives, Mrs. Taylor and Mrs. Driver.

Mrs. A. E. Housholder of Plant City, spent a few days in Sanford last week, coming to attend the commencement exercises of the Sanford High School.

Miss Maude Steinmeyer and Miss May Alexander, two very successful kindergarten teachers of Lakeland, spent Wednesday in Sanford, the guests of Mrs. J. C. McDaniel.

Mac Lash leaves for his home in Ashland, Ohio, tomorrow. Mr. Lash has been with the Ensminger Studio for the past twelve months and made many friends here who regret to see him leave.

Mrs. Glide and family of Tampa have arrived in the city and will make Sanford their home. Mr. Glide is the representative of the Prudential Insurance Company.

"Hub, Jennings LaVerne Hurt tore himself away from Sanford this week for a short trip to Richmond, after which he will return to Daytona beach and join the house party there.

Mrs. S. C. Houston, accompanied by Miss Mabel Houston of Zellwood, left Saturday for her home at Ft. Lauderdale after a pleasant visit with relatives at Sanford and Zellwood.

The management of the Florida Financial and Industrial Record announces that George M. Chapin, has resigned as editor to enter a larger field, and that J. A. Holthorn, the owner of the paper, will take editorial charge of it.

Every Merchant in Sanford should contribute to the fund for a big Fourth of July celebration. It will not take much but we must show the visitors a good time. The merchant who will not make much out of celebration is not expected to give it all but the one who will make a good profit is expected to give all that he can. Show your patriotism and keep Sanford in the public eye.

**Sanford Wins First Game**

As The Herald goes to press we learn that the first game of the season played with DeLand resulted in a score of 2 to 2 in favor of Sanford. Our team is said to be very fast for an amateur nine and the fans can look forward to some classy ball.

**Woodland Park**

Woodland Park situated about three miles from Sanford on the west side, is one of the prettiest parks in this section. As the name implies the park is in the woods and the natural scenery is one of its strong points. A fine bathing pool has been installed and sulphur baths will exert a cooling effect upon your heated system. Amusements of various kinds are on tap and a good time is assured to all.

## NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

The government Monday won a sweeping victory over the so-called "tobacco trust." When the supreme court held the American Tobacco Company and its allied corporations to be operating in violation of the Sherman anti-trust law.

A virtual agreement to refer the Lorimer case to the senate committee no privileges and elections with the understanding that that committee shall entrust the proposed inquiry to a bi-partisan and "bi-Lorimer" sub-committee of eight, was effected in the senate.

The Vanderbilt cup race and the grand prize, the two feature road races for automobiles, will be held this year over the Savannah automobile club course in Georgia, according to announcement.

Christopher Columbus Wilson, president of the United Wireless Telegraph Company, and four of his associates were convicted in the criminal branch of the United States circuit court of fraudulent use of the mails to solicit subscriptions to wireless stock.

Medicine which is nothing more than sweetened water or pills composed of colored mud may be labelled "cures" and sold as such with impunity under the national pure food and drugs act, according to a decision rendered by the supreme court of the United States in the case of O. A. Johnson, of Kansas City, Mo. Provided there is no misstatement on the bottle or package as to its contents the manufacturer is free to sell his goods.

A severe storm, whose center, increasing in intensity, in Ontario, rushed down the St. Lawrence Valley, caused showers and thunderstorms practically everywhere east of the Mississippi River today. In the country the storm broke the world's record for force and Washington streets were strewn with trees and branches. At the White House two old trees were shattered. The disturbance wound up another hot day in the east and south, featured by a new record for high temperatures for May established at Fort Worth, Texas, where the official record was 104.

The recent decisions of the Supreme Court in the Standard Oil and American Tobacco Company cases will result in a sweeping attempt to secure criminal conviction of the anti-trust law, according to Attorney General Wickersham, who appeared on Wednesday before the house committee on expenditures in the Department of Justice.

Those Democratic leaders about the capital who are hailing with delight the signs of the advancement of the boom of Woodrow Wilson are professing the utmost satisfaction over the outcome of his trip to the West, according to the Washington Times. They say this trip has gone a long way toward clinching the nomination for Wilson in 1912.

May wheat skyrocketed to \$1.04 during the first hour this morning, shorts being squeezed and other options remaining nominal. Provisions are lower. Pork is nominal, July lard is 87, ribs are 7.70, hogs are from ten to fifteen lower, and cattle are ten lower.

### CHANGES IN LOCATION

Sanford Business Firms Are Getting New Quarters

Every growing city changes in appearance and the business firms of Sanford are seeking new locations, putting in new stocks and preparing for the big business which is coming our way every day. This city is recognized as the trading center of three counties and the stores are the largest and best in Central and South Florida. The large new store room in the Peoples Bank building will be vacated in a few days by the Title Bond and Guarantee Company, and the Growers' Association, the former company going to the Ensinger block on Park ave, and the latter taking the fine office suite in the rear of the Peoples Bank and next door to The Herald office. As soon as the necessary changes can be made in the room vacated by the Title Bond and Guarantee Co. this room will be occupied by the Boston store and the room will be made one of the prettiest in the city. This firm, under Manager Coffee, has been a great success and, with a natural desire to grow, have taken the larger room and more central location. Look for their announcement in The Herald.

Dr. Howard has returned and can be found at his residence in the forenoon and his office in the afternoon. 22-1f

## GREETINGS FROM DIRECTORS

### Members of The Florida Vegetable Growers' Association

This Association started business with less money with which to organize its campaign than any similar organization of which we have knowledge. The members contributed a very small assessment amounting in all to about \$1000.00 and the board of directors borrowed \$500.00 of their personal notes.

The previous year had been a very hard one on the farmers of this district and while it was fully realized that an association of the growers was necessary in order to handle the crops satisfactorily, it was difficult to get the organization started as money was hard to raise.

The question of the best sources through which to sell our products came up and when this was decided by popular vote some of our members having the largest acreages left our ranks—(whether with any right to do so or not is yet to be determined) taking away about one sixth of our total acreage.

This naturally reduced our resources both in assessments and package-charges for the season, without correspondingly decreasing our expenses.

The October hurricane then came along and almost totally destroyed our crops in the fields and seed-beds and forced us to re-plant. We did this replanting unwisely putting in too much lettuce to mature at the same time. The same acreage of lettuce distributed over six weeks of shipping, would have brought us more than twice what it did when crowded into three weeks shipping.

Unusual flooding rains for that season of the year followed the October storm after a few weeks and again injured our crops and seed-beds. Unusual sandstorms also added to our troubles and fungous diseases in lettuce and celery were worse than ever known in this district. A freeze in February destroyed 75 per cent. of our potato crop. The result of all of the misfortunes of this very unsatisfactory season for growing vegetables was poor lettuce, poor celery, and poor and few potatoes. And this, Association, in its very first year, with inadequate resources, had to go into the markets with products that were far below the usual grades of products grown in this district and establish itself.

Yet, with all of these drawbacks, this Association has made a showing that we doubt has ever been equaled by any similar organization in its initial year.

It is true that we have closed the season with outstanding debts amounting to about \$1600.00, but what have we to balance against this debt? We have all of the valuable and costly experience of a first year's operations as an organization that we will not have to go through with again; have established ourselves in the markets with good brokers outside of the old-line commission-houses and have shown clearly that we are on the right track to insure the future success and prosperity of the growers of this community.

We firmly believe that, had the inferior crops of this last season been consigned to old-line commission-houses, as has been the rule heretofore, we would not have received within 50 per cent. of what we did receive for these crops through our method of distribution, cash-sales, and sales through our brokers.

We see much room for improvement both in the fields and in the management of our business. We urge a more thorough grading, and a more uniform packing of our products to assist the sales-department in getting the very best results in the market.

We find that we can greatly improve and economize in the management of our business at our home-office here in Sanford and we have discovered we can much improve and simplify our system of book-keeping. We are putting these improvements and economies into effect right now, not waiting for a new season to start them. The potato-tens, freight-claims, package-charges, and other outstanding accounts due this Association, cannot be collected all at once, and this Association owes in the neighborhood of \$1600.00.

The matter is therefore open at this meeting to discuss the method by which we shall clear our indebtedness. If we had the amount represented by our outstanding potato-tens and package-charges we would be ahead instead of behind, on this season's operations, in spite of the fact that it was our first year's operations, with many mistakes and unforeseen contingencies arising.

"In time of peace prepare for war" is a wise admonition, and during this summer, while we have no crops to move, we want to do some effective work. We want to increase our membership and control a still larger percentage of the acreage of this district.

While we have had troubles of our own, this past season, others have had greater ones and men who were not with us and who again tried out the consignment-on-commission method, are most heartily

with us for the coming season. We want to secure better and cheaper transportation facilities and buy our crates, crate-materials, seeds and fertilizers at lower prices than we have been paying.

We want the cooperation of the members of the Association individually and collectively. This Association belongs to you in every sense of the word and your officers and employees must have your loyal support in both word and deed to accomplish the things we have set out to accomplish.

We are already a greater power in this community than many of us realize and through cooperation, confidence, and good fellowship, we will accomplish our aims and secure for the growers of this district what is justly due them for their products, ever working toward a more complete, and perfect system of F. O. B. sales for cash at Sanford.

The Board of Directors.

### Nominations By Governor

The following nominations have been made by the Governor:

Judge of the Tenth circuit for six years, Hon. F. A. Whitney, of Arcadia.

State's attorney for the first district, Emmett Wilson, of Pensacola; succeeds, C. L. Wilson, resigned.

Judge of Criminal Court, Walton county, Charles O. Andrews, DeFuniak Springs.

County solicitor, Walton county, A. G. Campbell, of DeFuniak Springs.

### FOR CONSTIPATION.

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for a like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation of irregular bowel action.

We will refund your money without argument if they do not do as we say they will. Two sizes, 25c. and 10c. Sold only at our store—The Rexall Store.

### Notice of Incorporation

Notice is hereby given that the undersigned, Joshua C. Chase, Sydney O. Chase and L. D. Chase, intend to apply to the Governor of the State of Florida, at Tallahassee, Florida, on the 24th day of June, A. D. 1911, for letters patent to be issued to the Isleworth Grove Company, under the following proposed articles of incorporation:

#### ARTICLES OF INCORPORATION

We, the undersigned, hereby associate ourselves together for the purpose of forming a corporation under the laws of the state of Florida, and do hereby adopt, declare and subscribe the following as our articles of incorporation:

#### ARTICLE I

The name of this corporation shall be "Isleworth Grove Company" and its business shall be conducted in the State of Florida and in other states of the United States of America and in foreign countries wherever necessary and convenient. The principal office of the corporation shall be in the city of Sanford, Orange County, Florida, with such other offices and places of business as said corporation shall establish.

#### ARTICLE II

The general nature of the business shall be to buy, lease or otherwise acquire lands and rights in lands in the State of Florida and elsewhere, and to dispose of the same by sale, lease or otherwise; to purchase, plant, improve, maintain and operate groves of citrus and other fruits, to grow produce of any kind or kinds, to construct, own, lease, or otherwise control packing houses and to operate the same for packing fruit grown by this Company or by other persons; to ship, market and otherwise dispose of the fruit and other products so purchased or grown, to operate team roads as may be found necessary or expedient for the purpose of transporting the property or products owned, held or controlled by said corporation, but not to use said means of transportation for the purpose of doing the business of a common carrier, to sell, mortgage, sublet, pledge, hire, lease or convey the property of said corporation, or any part thereof, at the discretion of the board of directors; to borrow money, issue bonds or other obligations, and to secure payment of the same by deeds, mortgages, pledges or any other kind of instrument; to make contracts of any kind whatsoever for the furtherance of the purposes or business of the Company, to deal in merchandise, to do all acts and things which may be necessary or proper, or which the board of directors may deem to be advisable or expedient to be done in the transaction of its said business generally; to have, exercise and enjoy all the rights, powers and privileges incident to a corporation for profit organized under the laws of the state of Florida.

#### ARTICLE III

The amount of the capital stock of this corporation shall be ten thousand dollars divided into one hundred shares of one hundred dollars per share. All or any part of the capital stock of this corporation shall be payable in or issued for cash or for the purchase of property, or for the purchase of services at a just valuation, or to be fixed by the incorporators at a meeting of the organization of the Company, or by the directors of the Company at a meeting to be called for that purpose. All stock when issued shall be fully paid and non-assessable.

#### ARTICLE IV

The time for which said corporation shall exist shall be perpetual.

#### ARTICLE V

The business of this corporation shall be conducted by the following officers: president, a vice-president, a secretary and a treasurer, and a board of not less than three directors or more than five. Any two of said offices except those of president and vice-president may be held by the same person. The number of directors shall be changed from time to time by the by-laws. The board of directors shall be elected by the stockholders at the annual meeting to be held on the second Tuesday in May, 1912, at the by-laws shall prescribe, and thereafter on the second Tuesday in May of each year. The board of directors shall elect the officers of the company. The president and vice-president shall be elected from among the members of the board of directors. The date of the annual meeting may be changed by the by-laws. A meeting shall be held on the 30th day of June, 1911, at 10 o'clock a. m. in the city of Sanford, Florida, for the purpose of adopting by-laws and completing the organization of the company, fixing a just value upon the property, labor or services which may be offered in payment for shares of capital stock of the company, and for transacting such other business as may properly come before the meeting. Until the officers to be elected by the directors chosen at the first election in May, 1912, shall be qualified, the business of this corporation shall be conducted by the following officers: Sydney O. Chase, president; Joshua C. Chase, vice president and treasurer; and L. D. Chase, secretary; and Sydney O. Chase, Joshua C. Chase and L. D. Chase shall constitute the board of directors.

#### ARTICLE VI

The highest amount of liability or indebtedness to which this corporation shall at any time subject itself is one hundred thousand dollars.

#### ARTICLE VII

The names and residences of these incorporators and the amounts of the shares of stock subscribed by them severally are as follows, and said shares of stock are hereby subscribed by them respectively:  
Sydney O. Chase, Sanford, Fla. Five (5) shares  
Joshua C. Chase, Sanford, Fla. one (1) share  
Joshua C. Chase, Jacksonville, Fla. Five (5) shares

SANFORD

FLORIDA

Improved transportation is the forerunner of increased values.

**Rules of the Road—To Auto Speeders**  
 "In the midst of life we are in death." But is generally why at funerals, when too late, that we are reminded of this, when some one has been killed by a high rate of speed, "for fun" "but out to see what she can do". Speeding alone kills many but so does ignorance of the laws of the road.

The other day two men were on the road speeding an auto. A woman in a wagon on ahead of them, hearing the warning toots, turned her horse farther to the right so that the auto was forced to pass at the left.

"Look at that! Isn't that just like a woman", exclaimed the driver of the auto.

"She happens to be right my friend", and the other man smiled, "if she is a woman".

As a matter of fact, just about half (if that many) of the men who owns autos, know or conform to the rules of road as to the passing others. The rules of the road dictate that (in slow autos) which meet, turn to the right, and that when an auto overtakes another conveyance of any kind the auto passes to the left, the vehicle ahead keeps to the right.

You may kill fewer people if you will remember this.

**A COUNTRY WOMAN.**

When in doubt, regarding where to ship or sell consult Lewis Vegetable Exchange, Leffler Block, courteous treatment no trouble to sensible questions 41-11

**MUSHROOM CORNS**  
 Most Painful of All Foot Ailments.  
 How to Cure Them.

The Mushroom corn is so called from its pitted cone top, resembling a tiny mushroom. It burrows deep into the toe and gets more inflamed than other corns. For the quick relief and cure of these and all corns and callouses the following is the most effective remedy known to science: Dissolve 2 tablespoonfuls of Calocide compound in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give desired results.) All soreness instantly disappears and the corn or callous can be easily peeled off. It may be necessary to repeat this for a number of nights for a complete cure, but if adhered to it will surely succeed. A little olive oil rubbed on the part is very beneficial. This Calocide is a very remarkable preparation for all foot ailments and is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually sufficient to put the worst feet in fine condition. Bad smelling feet and tender feet need only a few treatments, likewise with inflamed bunions. This item will be welcomed by persons who have tried ineffectual powders and tablets.

**Our Easy Payment Plan** seems to suit everybody. It's popular because we enable you to **Get a Home** Be the landlord's slave no longer. Strike out for freedom. We will help you if you will let us. Our **Homes at Markham Park** are just the thing for you. Take your wife to look at them. She will be delighted with the prospects of owning one of them.

### ALL AROUND FLORIDA

The General News of "The Land of Flowers."

#### CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Two enterprising citizens of Bradenton have formed a company to manufacture carpets, rugs and portieres. The weaving will be done with improved machinery and the raw material will be grown within the limits of Manatee County.

Fernandina is going to have a new national bank, to be called the Citizens National Bank of Fernandina. The capital will be \$50,000 and the president will be Carl Warfield, who since 1900 has been the cashier of the First National Bank of the same city.

Four little brothers, of Little River, among their other farming and propagating fields, have fifteen acres of strawberries. For two weeks they have been gathering their crop and are marketing for from thirty-five to fifty cents per quart, and estimate that the output will be not less than 50,000 qts. and will net them at least \$1,500, or \$1,000 per acre.—Ft. Lauderdale Herald.

Sanford has its celery, Lakeland its strawberries and Hastings its potatoes, but Pensacola farmers have gone to growing pepper as a specialty.—Pensacola Journal.

A. H. Ingle, a Western Union Telegraph operator, was found dead in his room at the Carlton House in Ocala last Sunday. Mr. Ingle did his usual work at the telegraph office yesterday, and went home at 9 o'clock last night. Heart failure caused his death, and the end must have come very suddenly for no one had any idea he was ill.

The monster excursion to Florida planned by the Atlantic Coast Line for early June will be the means of bringing many visitors to Tampa from Virginia, North and South Carolina.

Lord Grant one of the most prominent merchants of Lady Lake, was shot and killed there Sunday morning by a negro whom he was attempting to arrest, acting as a deputy. The affair created a good deal of excitement at Lady Lake, as Mr. Grant was quite popular there.

In the 126 working days of the present year up to Saturday, Tampa had shipped 117,603,000 cigars—almost an average of one million a day for the entire year to date.

General satisfaction all over the State has resulted from the passage by both branches of the Florida Legislature of the bill against the picking, packing, offering for sale, or the shipment of immature and unripe citrus fruit but no circle is the news more welcome than in the Florida Citrus Exchange from General Manager W. C. Temple down to the humblest grower identified with that organization.

In an effort to ride over the Governor's veto the second time the House struck a stump on Monday in its effort to pass the Angle anti-convict lease bill. By one vote the required two-thirds failed, and not until another Legislature meets will it be possible to consider the bringing of Florida's convicts into use for improvement of the public roads.

#### Will Have House Party

A merry party of Sanford girls will leave for Daytona Beach next week to be gone for two weeks taking in all the delights of that famous resort.

#### Closing Out Stock

The entire stock of groceries at my Beck Hammock store will be sold at cost. This is the time to get your groceries cheap.  
 Fred Turner  
 Beck Hammock

### Commencement Exercises (Continued from First Page)

Education in the University of Florida at Gainesville. Dr. Thackston's address was a gem, full of good thoughts and sparkling with bits of humor. He expressed his surprise at the beauty and attractiveness of Sanford; and especially the splendid school facilities of the place. His subject was Education and he dwelt briefly on what was the true meaning of education. He said that in past ages that different nations had their ideals and purposes in educations and called attention to their relative success and failures. He stated the education should be practical but broad and the great fundamental principle of the whole thing should be for the moral uplift of humanity and the making of better men and women. He also touched on the importance of education from the money making standpoint calling attention to the fact that it is the trained men and women who are taking the places in the commercial world.

Prof. Perkins, in his own pleasing, kindly manner addressed the graduates briefly, saying that such occasions were always times for rejoicing and sadness. He extended to them heartily congratulations from faculty and school board on what they had accomplished in completing the high school course. He then presented diplomas to the following: Mary Chappell, Mable Brown Cowan, Martha Gwynn Fox, Caroline Louise Lovell, Ruth Esther Mettinger, Sarah Eugenia Pope, Willie Mary Singletary, Gussie Emma Tillis, Sadie Christine Williams, William Ernest Betts, Harry F. Carlson, Ernest F. Housholder, Abie O. Kanner, William Vail Lovell and Seth Lee Woodruff.

At the close of the program, during the last number of the orchestra, Marshall Mahoney led faculty, graduates and trustees to the library where the graduates formed in line and received the congratulations of the faculty, trustees and host of relatives and friends, who were present and interested in their welfare.

#### Episcopal Club

The Rt. Rev. Wm. Crane Gray, D. D. Bishop of Southern Florida, will make his annual visitation to the church of the Holy Cross Sanford, on Sunday next June 4th, at which time services will be as follows: Early Celebration 7 A. M., Morning Prayer 10.30, Sermon and Celebration 11 A. M. at which service the Holy Rite of Confirmation, or The Laying on of Hands will be administered by the Bishop. Vespers as usual at 5 P. M. A cordial invitation is extended to the people of our City and Parish to attend these services.

#### Sale at The Boston

The Boston store will have a big removal sale commencing Saturday June 3rd. Bargains galore and the place to save money. See the bills.

#### WHAT CURES ECZEMA?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription.

Because—We know that it gives instant relief to that torturing itch.

Because—D. D. D. starts the cure at the foundation of the trouble.

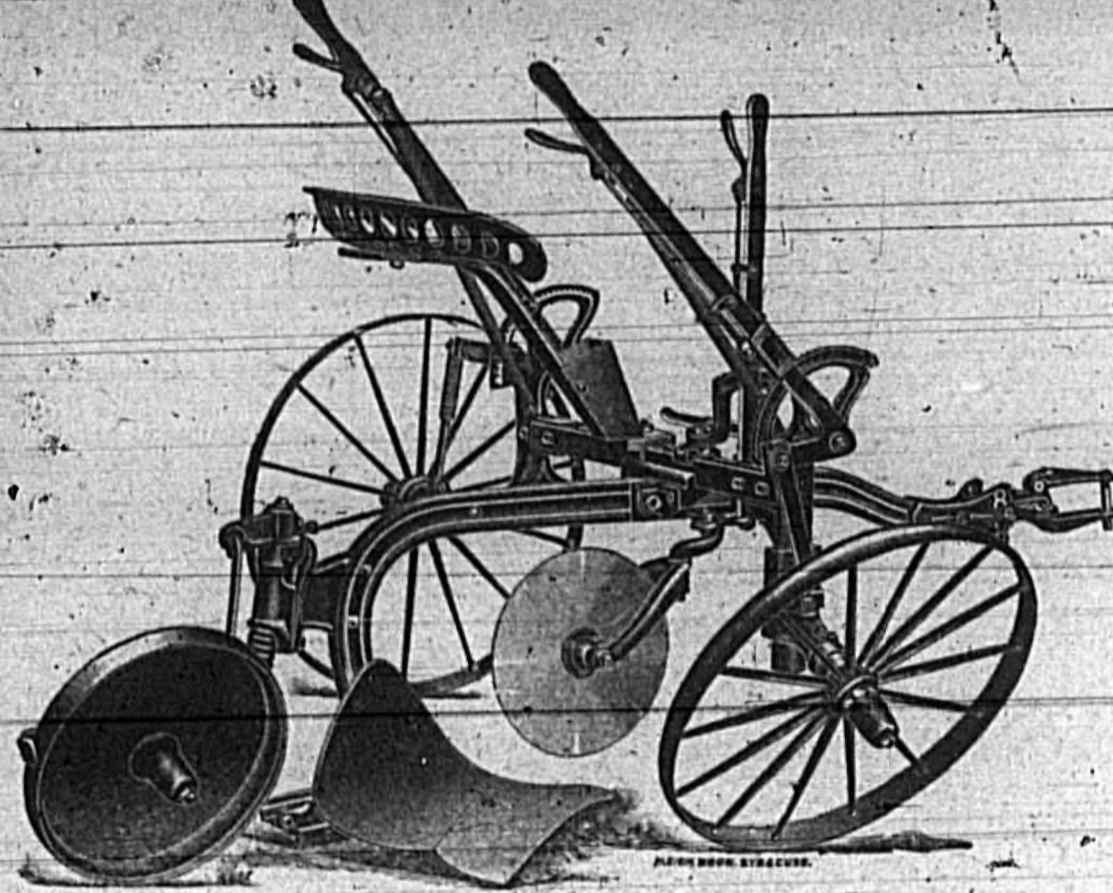

Because—It cleanses, soothes and heals the skin.

Because—It enables Nature to repair the ravages of the disease.

Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolutely reliable Eczema cure.

Drop into our store today, just to talk over your case with us.

# COLE 30.

The Car You'll Be Proud To Own

You Must See These Cars To Appreciate Them.—It is so easy when one is thoroughly enthused about such a magnificent car as the Cole 30 to say that "nothing like it has ever been sold at anywhere near the price of the 1911 Cole 30"—to say that "it's the classiest car of them all"—that "it's the car you'll be proud to own"—"you will marvel that such a car can be sold at the prices."

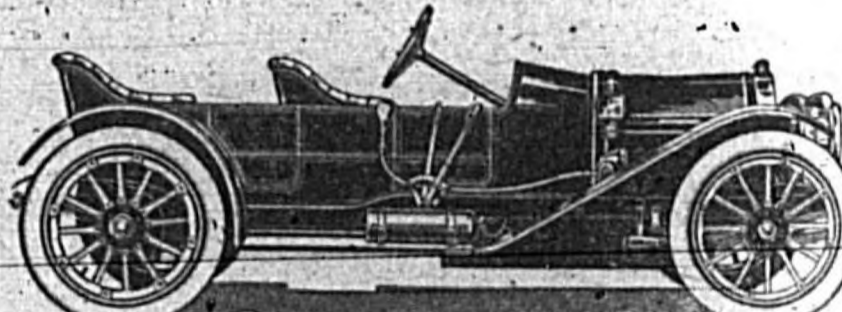

We can write volumes and present argument after argument to prove to you that these statements are merely absolute facts—but after it is all said our crowning argument must always be "see the car—have it demonstrated—compare it with other cars selling at the same price." When you have done this, we are willing to abide by your judgment.

Carload Just Received of Latest Models  
 Model L. Fore-Dore Torpedo Roadster 30-36 H. P. \$1,800  
 "Fore-Dore" Toy Tonneau 30-36 " 1,650

## ALL AROUND FLORIDA

### The General News of "The Land of Flowers."

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

"The East Coast has shipped 250,000 barrels of Irish potatoes this season," says the Mulberry Enterprise. "Think of the money that will bring into the state for one article of food!" And it is well to think of it, for a few years ago the general impression among those far away seemed to be that Florida could raise only alligators and mosquitoes—with a few oranges as a side issue. Now the early vegetables from Florida supply the Northern, Eastern and Western markets, and bring the highest prices. As the Enterprise aptly says, "Surely this is a great state."

Kissimmee is preparing to entertain the state convention of the Baptist Young People's Union which will convene there next Tuesday, about 250 delegates being expected.

Two Tampa men have perfected an arrangement by which the automobile crank cannot reverse and smash the arm of the operator. This will prove a splendid thing for automobilists and will prevent the recurrence of many accidents which have marked the progress of the amateur of the chauffeur.

Keepers of hotels, boarding houses and restaurants are reminded that a bill passed by the Legislature at its recent session requires that they screen all the openings on such premises against flies and mosquitoes. This bill is now a law and must be respected.

The Pensacola Journal calls attention to the fact that a budded grapefruit tree costs only \$1 and will bear in three years. Every Floridian who owns or occupies a piece of ground ought to set out one or two of them.

Charles Merwin, a well known young man of Palatka, while assisting in the driving of an artesian well on Palatka Heights yesterday during a thunder and electrical storm was the victim of a most unusual and painful accident. He wore a pair of heavy work shoes and when the storm was at its height lightning struck the heel of his right shoe, ran up the metal fasteners, into the heel of his foot and tore it into shreds, shattering the bone and pulling the flesh away from the bone in other parts of the pedal member. The capricious bolt completely converted the shoe into bits of torn and twisted leather, it having been rent asunder as would a piece of tissue paper between the fingers of a Sandoz.

Failure on the part of the Atlantic Coast Line and various other Southern railroads to comply with an order of the Interstate commerce commission fixing rates on citrus fruits and vegetables from Florida points to Northern destinations, resulted in a supplementary hearing on Wednesday before Commissioner Prouty.

The stock-holders of the Orange County Fair Association met at the San Juan parlors Tuesday morning for the annual election of officers and other business. Besides the Orlando members present, there were quite a number from Sanford and other parts of the county. The meeting was called to order by President Seth Woodruff and the minutes of the last regular meeting were read by Secretary W. R. O'Neal. After their approval the election of officers was held which resulted as follows: Seth Woodruff, president, re-elected; W. R. O'Neal, secretary, also re-elected, and James Giles, re-elected treasurer.

#### Ball Games Schedule

There will be two games of ball here next week, the first one Tuesday with Leesburg. On Thursday Orlando will be here in full force and the fans can get a line on the strength of the two teams. Friday Orlando and Sanford will play at Orlando and both games will draw a large crowd.

The grand stand at Holden park will be repaired and made comfortable and the ladies are expected to attend and cheer the boys to victory.

#### Memorial Service

The Odd Fellows will hold their annual memorial service at the Methodist church next Sunday night at 7:30. Every one is cordially invited to attend.

## WILL REDUCE CELERY ACREAGE

### Growers in Southern California Have Decided to Quit

The Sanford celery growers will likely take due note of the decrease in celery acreage in Southern California, when deciding on the extent of the acreage here. The fact is that the shortage in Southern California crop is apt to cause more interest in celery not only here but in other sections of the country where the crop can be successfully grown to mature along about the time the California crop goes on the markets. It is learned here that the Orange county, California crop, which is the Southern California celery belt, will not have out more than 2,000 acres this year, a big reduction under former years.

Various reasons are given, among them poor returns to the growers and run down land making it unsuitable for celery culture. Whatever the cause the California celery growers are giving up the crop for beet culture, that being considered more profitable. Celery, as is well known is rather trying on land and in Southern California they have to use about \$15 worth of commercial fertilizer to the acre each year. It is likely, therefore, that there may be something in the claim that the fertile celery land of southern California has been overworked with that crop. The growers here are not inclined to rejoice at the misfortunes of others but naturally, here as elsewhere, they will in putting out their crops, take into consideration the fact that California is reducing her celery acreage.

### Greater Sanford Band

Sanford is to have a full Military Band of Fifty (50) men. The present organization is to be increased to that number. New recruits will be received, special instruction will be given them and all possible will be done to make musicians of them.

The band is now under a new leadership and plans are now under way for making this one of the great bands, not only in Florida, but in the entire south. This can all be successfully accomplished and much more easily than is generally supposed.

The band will furnish the instructor, the music, the room for rehearsals and many other incidentals. The charges for all this, if any, will be insignificant. The candidates will be required to provide themselves with instruments, of a standard specified by the band and also with the necessary brains.

As a school of music, the Military Band is emphatically the finest in the world and with proper study and application, it is possible to receive a musical education, in some respects superior to that given by the best conservatories of music.

In making up the new membership, the experienced musicians residing in the vicinity are invited to come in with us. The boys of from fourteen years of age and up and the young men are wanted. It is desired to begin the new class at once and to start all the new recruits together. After the start, it may be difficult to arrange for others.

All who are interested should meet the Musical Director at the band room in city building, at 8 o'clock on Wednesday evening, June 14th, 1911. The entire proposition will be explained fully and organizing will begin at that time and time and after that, lessons will begin as soon as possible. If at all interested, come and talk it over.

### West Side Park Social

Thursday afternoon June 8th, being a half holiday, the Ladies of the West Side Improvement Society held an informal Park social at West Side Park on French Ave., from four to six. Invitations were extended to the ladies of the village, Improvement Society and others who were interested in the improvement of our city. There was about one hundred present. The Sanford Band kindly added to the enjoyment of the occasion with several beautiful selections.

Ice cream and cake was served by the ladies of the society. Old Sol very thoughtfully hid his face so that we had a most delightful afternoon. All expressed themselves well pleased with the improvements made in so short a time. Let the good work of improvement continue.

### Cole is a Hustler

J. H. Cole, the manager of the public sale that starts at Meitinger's next Wednesday, is one of the greatest hustlers in the business and promises the people some great surprises during the public sale.

## FINE FARMING SECTION

### Sanford Stands The Test Of Drouth and Floods

### SANFORD MADE GOOD ON CROPS

#### Visitors To The State Claims Sanford Is The Section For Diversified Farming

Since the siren song of the flat woods land promoter has flooded the state with people seeking the second Paradise at ten dollars per acre, one dollar down and one dollar per year, the real estate men of Sanford have had but little to say about their section preferring to let the average man of average intelligence see the state for themselves and find out the real garden spot where vegetables can be grown at any time of the year regardless of drouth or flood and where growers have made money and are still making it. The Sanford section is not an experiment, has never been a colony proposition of cheap lands and is the real vegetable section of the state by actual facts and figures. The visitors to the state are quick to note the real value in Sanford lands as the following articles in the Altoona, Pa., Mirror indicates:

"Conductor and Mrs. J. A. Numer of 2410 Oak avenue, Altoona, have returned from their trip to Florida, where Mr. Numer was in attendance at the convention of the Order of Railway Conductors, at Jacksonville, together with touring the state. Mr. and Mrs. Numer are delighted with certain sections in Florida, especially the lake region and the portion of it in a twenty to thirty-five mile radius of Sanford. One thing that surprised them, and upon which they laid special emphasis, was that, contrary to the generally accepted idea up here in Pennsylvania, that Sanford and vicinity was too far north to be in the citrus belt, and that grape fruit and oranges would not thrive there was contrary to the facts, as they were driven through miles of groves and were surprised at the quality, which they say was superior to anything they had eaten at home, shipped from anywhere. They were also pleased at what they saw at Sanford and vicinity, in the vegetable trucking section, especially celery, and in explaining the methods in vogue, such as sub-irrigation, sub-drainage and sub-irrigation, and that certain sections of Florida were certainly favored."

Here is another one of the same sort: "Conductor and Mrs. W. J. Sherman of East Altoona and Conductor and Mrs. W. L. Wolf of 308 Fifth avenue, Altoona, have returned home from their Florida trip. They attended the Jacksonville convention of the Order of Railway Conductors. They also made a tour of Florida's famous places and resorts.

Among the wonderful things they saw was the famous Sanford Celery Delta. The party is indebted to Mr. Howard of the Howard-Packard Land Co. one of Sanford's leading citizens, with two autos, in showing Sanford, its environs and taking them through the famous celery fields, and who showed them how Sanford, by their flowing artesian wells, sub-irrigation-sub-drainage and sub-aerated lands were able to raise two carloads of celery to the acre. These are the features that impressed them most in Florida's most famous trucking centre, Sanford is a leading winter resort. The party were also in a number of Florida's famous winter and summer resorts."

### Knight—Reaves Nuptials

At the home of the brides father, Rev. J. W. Knight on Park avenue, Miss Eva May Knight and Mr. Rollins G. Reaves were united in matrimony. Rev. J. A. Hendry of the Methodist church officiating. The ceremony took place at 10:30 on Wednesday morning, the young couple leaving for a short wedding trip after which they will make their home at Newberry, Florida. The bride and groom were the recipients of many handsome wedding gifts, attesting to their popularity.

### Good Record

Hon. S. A. Robinson made a great record as Representative from Orange county in the legislature. Every measure he championed went through and he had the peculiarly good luck of getting three important bills through in one day. This was Mr. Robinson's first term but his work shows that he was well "onto" the job and knew where to strike that it would do the most good. Orange county has a right to feel proud of the work of its Representative, Messrs. S. A. Robinson and Forest Lake and its splendid Senator, Hon. L. C. Massey.—Reporter Star.

## LONGS FOR SANFORD.

### The Following Letter is Self Explanatory.

Goshland, Mo., May 24th, 1911.

Mr. R. J. Holly, Editor, Herald.

Herewith I send one dollar to renew six month subscription to the Herald, that I may know what is going on down there, do not see how I could be satisfied to close my eyes to such a bright spot as Sanford, and its able Exponent—The Herald. I am always glad to see it arrive, and thoroughly enjoy reading it. I am much pleased with what I hear about the Sanford district, of its climate and soil, a pleasing combination that spells success. This "poor old Missouri" is just out of the grasp of old Jack-Frost, and into the grip of a long spell, that is, fully as unpleasant and as disastrous as the past grim winter was. Twice each year the people of this glorious state have thrust upon them an ocular demonstration of the folly of trying to run a farm without an irrigation plant. In the fall, then in the summer. Also the severe winters kill our fruit, and the dry hot summer burns up our vegetation.

Thine for Sanford, its climate, water and soil.

F. J. Sprague.

### An East Coast Squash

The other day somebody showed Representative Stewart of Brevard, a clipping from the Times-Union describing an enormous tomato which had been exhibited in Manatee county. According to the newspaper report the tomato was almost as large as Colonel Floyd's head after he learned that he was "Intellectual leader of the house."

Mr. Stewart went the Times-Union one better with the following story of a squash grown by one of his constituents.

One day at the end of the season the farmer who had raised this mammoth affair went out into the fields to harvest same. He carried a broad axe on his shoulder together with a small ladder.

Placing the ladder against the southern end of the squash, he picked his way cautiously to the top, raised the axe and dealt the stem a vigorous blow.

The axe slipped in its descent and went smashing through the rind, into the interior of the vegetable. This rather disconcerted the farmer, as it was his best axe, so, with the aid of a sharp stick, he gouged a larger opening into the squash, crawled through and began to explore its interior for the missing implement.

The pulp of the squash was so soft and dense that the axe had sunk entirely out of sight, and for some time he groped his way around through the semi-darkness in vain.

At last he stumbled over something, and bending down, found himself face to face with a man, evidently just awakened from a dose. After they had exchanged greetings, the stranger said:

"So you lost your axe, eh? Well, I can tell you right now it won't do any good to look for it, because I've been in here for the past two days looking for a pet goat that eat his way through the north-west corner of this here thing!"—Dixie.

### Carraway—Tyler

One of Sanford's popular young ladies was united in wedlock on Wednesday to one of the prominent turpentine operators of this state.

Miss Jennie Carraway, daughter of Mr. and Mrs. Mc G. Carraway being the bride and Mr. E. D. Tyler of Salem, Fla., being the groom. The ceremony took place at the home of the brides parents south of town promptly at high noon, the ceremony being performed by Rev. J. A. Hendry of the Methodist church.

Mr. Locke Tyler of Fitzgerald Ga., brother of the groom acted as best man and Miss Annie Lang of this city was maid of honor. Only the immediate friends of the contracting parties were present and after a dainty wedding luncheon was served the happy couple took the train for Jacksonville and expect to spend their honeymoon in Arkansas.

The bride is a popular young lady having resided in Sanford for the past six years and held several responsible positions in the business world. The groom is a prominent turpentine operator and has several fine farms in the state at present making headquarters at Salem, Taylor County where they will make their future home.

## NEWS OF THE WORLD

### Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

#### Here the Readers Will Find a Brief Historical Spring Flowing For Married Readers

Justice Harlan of the Supreme Court was seventy-eight years of age June 1, and was the object of congratulations from many friends who admire him for his independence and rugged honesty. Should he remain on the bench a year longer, as seems possible, he will have served longer than any justice since the foundation of the court.

The Supreme Court seems to have side-stepped when it smothered upon the Circuit Court of New York to do for the trusts that which it ought to have done itself and done now. It is interesting to observe the modicums that the court will evolve within the next six months. However, no matter how well it may do its work the matter will come back to the Supreme Court for final adjudication.

The maximum record for temperature in Columbia this season was reported by a registration of 99.3-10. The hottest previous record was 98.8-10 several days ago. This breaks the record for this vicinity for June 4, the former record being 98 in 1895. No prostrations from the heat have been noted.

Daniel P. Winkie, aged 29 years, a conductor on an Oak Street car of the Chattanooga Electric railway, had his head knocked off while the car was crossing the McCalle avenue viaduct. The car was loaded with women and children who became frantic at the sight of the headless body. His head came in contact with a heavy girder, and the conductor was decapitated as by a guillotine.

That Lieut. Baguein, of the French army, who stated yesterday morning from Nice on an aeroplane flight for Corsica has met death in the venture is now considered almost certain. Torpedo boat destroyers and other naval craft have searched in vain for any tidings of the missing aviator.

A widespread plot against Francisco I. Madero, Jr., with ramifications in San Antonio, El Paso, New York and Mexico City has been discovered, according to news coming from Mexican government officers.

While about ten days the results of the investigation by the bureau of corporations into the organization and conduct of the United States Steel Corporation will be placed on the desk of President Taft. It will then rest with the president and Attorney General Wickersham whether the administration will begin proceedings in the courts against the alleged steel trust under the Sherman anti-trust law.

It is now reasonably certain that the senate will debate the reciprocity bill until near the end of July. The house will probably dispose of the wool schedule in two weeks and will be kept in session more than a month longer waiting on the senate. It should keep busy and will be able to accomplish much in a month.

Fifteen thousand people among them President Taft and Ex-president Roosevelt honored Cardinal Gibbons at a jubilee in Baltimore on Tuesday.

### Building Notes

J. H. Ferguson's new apartment house on First street is nearing completion.

M. A. Miot is building an elegant new home on Sanford Heights south of Spencer's home and will be another great improvement for the Heights.

The home of W. A. Glan on the Heights promises to be one of the finest among the many fine Sanford homes.

E. H. Herndon's new home on Fifth street is being pushed to completion and will soon be ready for occupancy.

The Herndon home on Magnolia has been put in first-class shape and is now occupied by Mr. and Mrs. Chandler for a home-like apartment house.

### Sanford Gets a Bank

Washington, June 8.—Fifty post-offices today were designated as postal savings depositories to open July 3, making a total of such offices, 500. Those today include: Reidsville, N. C., and Sanford Fla.
