ON ALL FLORIDA FARMS

Florida farmers realize full sell that these calls for farm adjustments, and they are striving to make the proper adjustments for the benefit of both themselves and the country. Farmers as a group have enjoyed record incomes during the war and they know that war prices and practically unlimited demand for farm products cannot continue indefinitely.

While demand may continue strong for a while, farmers will soon be faced with decreasing prices and demand. It is generally expected that prices of many farm products will decline in price for farm products.

This major adjustment means that farmers must change their marketing methods. In instances where full production has meant partial depletion of the soil more positive conservation practices will need to be emphasized in revised plans.

With large wartime savings, farmers are planning necessary additions to their farm holdings; major improvements in farm buildings, fences, drainage and particularly in housing and living conditions. Better planned buildings and field arrangements will help to improve labor efficiency. Now, more than ever, let the farmer be concerned with what goes on beyond his own fence.

**BIBLE VERSE FOR TODAY**

IN EVERY PRAYER WE SHOULD ASK IF THE GRANTING OF OUR PETITION WOULD HELP OR HINDER THE COMING OF THE KINGDOM OF GOD ON EARTH. James 4:3—Ye ask and receive not because ye ask amiss that ye may spend it in your pleasures.

We hope that it does not prove to be true that the United Nations won the World War in order to engage in civil strife.

The Gainesville Golf and Country Club is planning a new clubhouse and swimming pool as its first post-war project.

Chairman Maury Maverick of the Small War Plants Corporation says it is up to small business, not to the big corporations, to absorb the jobs. Well, we know of a number of small businesses around here that would like to absorb a few jobs.

Monday was the 125th anniversary of the purchase of the state of Florida from the King of Spain for \$5,000,000. Considering the improvements which have been made since and the present value of the property, Uncle Sam at that time must have been a pretty good real estate speculator.

Of course Florida did not win the war all by itself, but it did its part. Governor Caldwell reveals that Florida put 227,627 men in the armed services, that 3,145 of them died in the line of duty, that Floridians bought \$1,429,000,000 in War Bonds and contributed \$8,331,238 to the Red Cross, and \$1,805,000 to the National War Fund, with the venture to say put us in the forefront of all states in proportion to population.

United Automobile Workers' Vice President Walter Reuther insists that General Motors could grant a 30 percent wage increase for workers, cut the price of Chevrolet cars by \$100 each and at the same time increase profits for the company by \$100,000,000. That's an interesting idea born, no doubt, of New Deal fantasies. We would like to see the government advance Mr. Reuther the necessary funds to buy the Willow Run plant and see what he can do along that line. It would be a noble experiment.

The burning of a fiery cross on the top of Stone Mountain near Atlanta is indicative of the stress and strain of the times in which we live. It is disheartening to see an organization based on prejudice and hatred able to raise its ugly head again after being presumably stamped out by enlightened public opinion some years ago. The conditions which have made its resuscitation possible as well as the evils which are bound to ensue from its organization are deplored by all right thinking people.

We are glad to see an organization being formed to take over the golf course, recondition it and operate it as a first class country club in the years to come. For some time it has been something of a white elephant on the hands of the City, probably because it seemed to be impossible to provide sufficient funds to keep it up. Under the new arrangement \$22,500 will be provided immediately for its improvement and club dues and green fees are expected to pay the future operating expenses. Thus the City will no longer be obligated for its upkeep.

An interesting story published in all Sunday papers declares that the United States Army has moved in on I. G. Farben, giant German chemical and munitions corporation, "to forever destroy" its stranglehold on German industry and end its war-making power. We hope no one is deceived by that statement. If it were possible to destroy Germany of any nation's war-making power, merely by destroying its munitions industry, then all of them, then all of the concern over the loss of World Security would be to the next war?

### Argentine Hitler

The Peron business in Argentina is not "just another South American revolution." It is serious business on the Nazi pattern. Hitler seemed to have popular approval in Germany in his early moves because his followers were so well organized that they were able to make a loud approving noise. Voices of sounder thinkers were lost under it. Runaway inflation following the war brought so much misery that millions of Germans were ready to follow any leader who promised full employment and pay, in money which would buy anything. In that soil of poverty and hunger Hitler planted his terrible seed.

He had the organized groups ready to spread his propaganda. As soon as he gained control, press, speech and radio were stifled and his propaganda was all the people had. Elections meant nothing as expression of the real beliefs of the people. Some followed blindly. Some doubted at first but ended in belief that their lot might be bettered by voting the Hitler way. Part shrewdly saw that they must vote that way or else.

The same thing is happening in Argentina. Peron is promising ill-paid workers benefits which he cannot possibly provide. He silences any paper or speaker trying to tell the truth. His side will be the only side any citizen can hear, if he is allowed his way. Elections, postponed over and over, will follow his plan. He will appear to be approved. That is his hope.

Free people hope he will not succeed in holding power. He is trying to be a Hitler. If he fails, there is hope for Argentina, if he succeeds, there will be trouble for Argentina and for other countries as well.

### Atomic Doubt

Many Americans, after sober second thought, are losing their enthusiasm about that famous atomic bomb. For a little while it did stimulate the American spirit immensely, in a great wave of confidence and power. Here, apparently, was Uncle Sam at his best, tinkering and inventing and experimenting with tremendous things, and apparently bringing the whole world into a new era of unimaginable power. Most of us were sitting on top of the world, and nothing could touch us now.

Many, perhaps, still have that glow and pride and sense of safety. But many others have done, and are doing, a lot of thinking since then. They seem to feel their security ebbing away and doubts arising as to the effectiveness and permanence of this new power. It slowly dawns on the public mind that even if we Americans can make atomic bombs, with the tremendous power in them that has been proved, and if we have a monopoly on the great discovery, this monopoly cannot last. Knowledge of the "know-how" reads slowly but irresistibly, and the impression grows that here is a gadget which might destroy the whole human race, or at least the civilization of our race.

So we seem to be drawn to first principles, moral and religious, and a way of life in which fearing God and obeying his commandments offer the only hope of survival for the civilization we have created.

### War Criminal Punished

The punishment of Nazi war criminals has already begun. Some minor non-commissioned officers have been executed for atrocities. Now comes the first civilian of any prominence to share their fate.

Dr. Josef Pfitzner, mayor of Prague under the Nazis, has been found guilty of treason and hanged. Pfitzner, an author and professor of history, was charged with being a member of the Nazi party when that had been outlawed by the Czech government, and also with removing the body of Czechoslovakia's unknown soldier and destroying the monument.

Pfitzner before long will have plenty of company.

### New Peanut Market Forecast This Year

TAMPA, Oct. 24, (FNS)—New markets for Florida's peanut crop, estimated at 70,560,000 pounds this year, are forecast with an announcement from James A. Stewart, vice president in charge of American Can Company's research and development division, that new canned peanut products are being tested.

Mr. Stewart said that his company's research department has canned experimentally peanut scrapple, peanut succinash, baked peanuts and soy beans in tomato sauce, peanut soup and chocolate pudding with peanuts. He added that results of this experimental

### Bishop Hurley Named Apostolic Regent

WASHINGTON, D. C. Oct. 24, (AP)—Bishop Joseph P. Hurley of St. Augustine has been named by Pope Pius XII as regent, ad interim of the apostolic nunciature in Belgrade, Yugoslavia, the National Catholic Welfare Conference announced early today.

The announcement said that word of the appointment was received in Washington by Archbishop Amleto Giovanni Cicognani, apostolic delegate to the United States.

Bishop Hurley was born in Cleveland, Ohio, in 1894. He spent more than a decade in the diplomatic service of the Holy See before being appointed Sixth Bishop of St. Augustine in 1940.

**Firestone Quality is the Reason Why More Cars Roll on Firestone Recaps Than Any Other Kind**

1. ORIGINAL INSPECTION  
 Actual experience has dictated our inspection standards. They are designed to select only those tires that justify additional labor and material.

2. BUFFING  
 Firestone's Dyna-Balance buffing equipment assures finished treaded tires which conform to the highest balance requirements.

3. REPAIRING  
 Bayon repair patches, together with special repair methods, combine to produce the highest quality of repair work.

4. TREAD RUBBER  
 Highest grade rubber available used exclusively in our process. The same rubber as that used in new tires. You get longer mileage.

5. CURING  
 Firestone's curing process is directed by special machinery and controlled with precision equipment.

6. FINAL INSPECTION  
 Only those tires which conform to Firestone's high standards of quality are permitted to leave the plant and inspection.

## Mrs. Mattie F. Pooles Weds John E. Fox

Mrs. Mattie Fort Pooles of Deland announces the marriage of her daughter, Gertrude P. O. Sumeford, to John E. Fox, of Sanford, Saturday morning at 11:00 o'clock. The double ring ceremony was performed by Rev. R. Grady Snowden at the parsonage of the First Baptist Church. The simple ceremony was performed in the presence of the immediate family.

Mrs. Fox chose for her wedding a blue suit with blue pink accessories. Her corsage was of pink roses surrounded by sweetheart roses.

Mrs. Fox is an active member of the First Baptist Church, a past president of Business and Professional Women's Club and a member of the Twentieth Century Club. Prior to her marriage she was secretary to Dr. Hugh West and previously was employed with the liquidation of the closed state banks of Volusia county.

Mr. Fox is a member of the Seminole County Veterans of Foreign Wars and American Legion in Sanford. He was at the time of the 33rd Engineer Regiment, receiving an honorable discharge in June. He served three years in the British Isles, France, Belgium and Germany. Mr. Fox is now in the office of the State Road Department in Deland.

Following the wedding the couple left for Daytona Beach where they will spend their honeymoon. They will be at home after Nov. 10 in Paola.

## Pilots Welcome 3 Members Into Club

An entertaining musical program was enjoyed at the dinner meeting of the Pilot Club held in the Hotel Mayfair last night with Mrs. W. C. Satcher, the club's new president, presiding.

Mrs. M. D. Smith and Mrs. Lourine Beal.

Mrs. Mayme Mara Hodgkin, Mrs. Bae Broome and Mrs. A. K. Shoemaker were initiated into the club with appropriate ceremonies directed by Mrs. O. M. Harrison and Mrs. J. P. Hall. The Code of Ethics was read by Mrs. B. E. Chapman.

During a short business session presided over by Mrs. R. C. Maxwell, the club voted to donate \$12.50 each month toward the salary of the director for the "Celery Crate" young peoples' club. Members also expressed the desire to assist in the proposed beautification of the city.

A report from the financial chairman disclosed that the proposed bridge party would be postponed indefinitely in lieu of the Tuberculosis Christmas Seal Sale which starts in November and which is a major project of the club. A motion was made and carried that the club purchase new song books.

The meeting was closed with the singing of "God Bless America" and the Salute to the Flag.

Those present were: Mrs. Maxwell, Mrs. Harrison, Mrs. Hall, Mrs. Joel Field, Mrs. Ruth Satcher, Mrs. E. H. Langley, Mrs. H. A. Swanson, Mrs. E. B. Randall, Jr., Mrs. Biting, Mrs. J. C. ## Program Presented At Woman's Club

A delightful program of music and literature was presented last evening at the Woman's Club by the Literature Department which included Miss Daphne Takach and Mrs. Roland Deas as guests from the Rollins College faculty.

Mrs. E. D. Brownie, chairman of the Literature Department, assisted by Mrs. H. C. Hetch, presided and announced that both Miss Takach and Mrs. Deas were well known in Central Florida music and literature circles and were outstanding members of the Rollins College Faculty.

Miss Takach, an instructor in the Conservatory of Music, played for the first selection, "The Bird Sermon" by Liszt. This was followed by her interpretation of "Etude in E Major" by Chopin. Both numbers were heartily applauded and as an encore she played "Bread and Butter Waltz" by Mozart.

In the interlude Mrs. Brownie remarked that both guests had a San Francisco background. She also said that Sanford happily sent its talented people to Stetson and Rollins and through excellent instruction they returned to Sanford as advanced artists. "It is indeed fortunate that Sanford is mid-distance between these two colleges," she said, "because we can receive the benefit of such gifted artists as we have had tonight."

Mrs. Brownie introduced Mrs. Deas by commenting on the work that she is doing as an assistant professor of English literature on the faculty at the Rollins College.

Mrs. Deas in her presentation of "Dear Loved Books" carried the audience through the pages of "Dyer Rabbit," "Alice in Wonderland," "Kipling's books," "The Bible," "The Illiad," "The works of the King," "Romeo and Juliet," "Dickens's books," "The Canterbury Tales," and "Boswell's biography of Dr. Johnson. Many other favorite biographies and lovely poems of memory were included in Mrs. Deas's interesting review of best loved books.

Following the entertaining program the hostesses for the evening, Mrs. Fred Williams, Mrs. A. Leavitt, Mrs. C. J. P. M., Mrs. H. C. DuBois, served refreshments.

Approximately 60 members attended the program.

## TERRACE TALK

The renovation of the Sanford Country Club is wonderful to everyone - particularly the young people! How we have hoped for just this - excellent greens, attractive club house, and a country club in general to be proud of.

MR. ED WHITNER, a Rollins College graduate and professional baseball player with the New York Yankees who is to be manager and part owner of the club, promises great strides in golf circles for Sanford. Have you noticed our peppy Seminole High School football team? The manager of that is young COACH SETTLES, a Rollins College graduate. So it looks as though Sanford is to be injected with a good dose of recreational enthusiasm.

Seems good to see the following in and out of town again - anyway back from the war: RICHARD DEAS, TONY HUBBLESTON, HENRY WIGHT HARRY LEE JR., JOHNNY BURRER, ELTON SOUTHWORTH, BOB WILKINSON, HARRY GRIMBALL, WALTER HAYNES RAY FOX, DANNY ALTMAN, FRED BELL, JIM HIGGINS, CLAY WILLIAMS, BRUCE E. PERKINS, HAROLD BELL, PHILEY HOLLYBROOK, JIMMY INGLE, JIMMY MC ELHANNON, JENNINGS HURT BRUCE BOLT, and O. D. LANE DRESS.

Theodore Roosevelt said: "This is a new nation, based on a mighty continent, of boundless possibilities. No other nation in the world has such resources. No other nation has been so favored. It is our duty to rise to the level of the opportunities offered us, our destiny will be vast beyond the power of imagination. We must master this destiny and make it our own; and we can make it our own only if we are as a vigorous and separate nation, develop a great and vaster different from any other nationality, of either the present or the past. For such a nation all of us can well afford to give up all other allegiances and high-of-heart to stand, a mighty and united people, facing a future of glorious destiny."

"The darkest hour in any man's life is when he sits down to plan to get money without earning it." - Horace Greeley.

"Unless in what you'll probably continue to be in and out of parental protests and milliner's mandates. For formal moments you'll wear a "gesture" in the right direction in the form of a flutter butterfly of twinkling sequins, or a ribbon wound in a cycle clip with a fetching nose yellow... small bows on a black lace snood... or bright strands of wool plaited into your hair-die."

Before Pearl Harbor, American refineries were producing about 40,000 barrels of 100-octane gasoline daily; during the war they turned out more than half a million.

**Sanford Grid Hero To Play For Ohio In Orange Bowl**

**CORAL GABLES, Oct. 24 (Special)**—Two Florida boys, both former University of Miami players, will be in the Miami University lineup when that team, hailing from Oxford, O., plays the University of Miami Orange Bowl Friday night, Oct. 26.

This game, scheduled as the outgrowth of 20 years of kidding which has gone on between the two schools because of the name similarity, shapes up as a tough battle for the Miami team from Ohio has marched through five straight victories this year as 12 wins in 13 starts over two years while the Florida Miamians have won three of their four games and are the newly crowned state champions.

Lilly Fleming of Sanford, is the left halfback for the Ontons while Bob Harrell of Stuart, is the alternate fullback. Max Leconte of Enterprise, Ala., is the regular left tackle and all three of them played for the University of Miami last fall. However, they are V-12 trainees and were transferred to the Ohio school last winter. Thus they will win their varsity 'MS' for Miami in two consecutive football campaigns—1300 miles apart.

What with this factor adding to the name similarity, the game has won national fame as the "Confusion Bowl" and is expected to attract some 18,000 fans into Miami's Orange Bowl.

The Ontons, lighter but with lots of speed, is a beautifully receptive at. They have scored 109 points this season and have blanked four of their five foes, allowing a fifth to tally 13 points. The Floridians, heavier and with lots of raw strength which is showing improvement week by week, have tallied 76 points but have been scored on to the extent of 40 points, Georgia competing most of the damage in making 17 points.

With Florida's starters back at a 500 winning advantage after a fast start, the Miami Hurricanes holding the state championship, will have to carry the burden of the state's football reputation. Thus far, their winning percentage is .750 but they have six tough games ahead.

The United States increased its aluminum production sixfold during the war, from 327,000,000 pounds in 1937 to 2,000,000,000 pounds.

And I like tough jobs with long hours. I'm on a 24-hour, 7-day shift. I'm so good at my job — so fast — so efficient — so thorough, I can do things for pennies. Yep, for a single penny, (at average household rates) I'll do any of these jobs—

- VACUUM CLEAN A SIX ROOM HOUSE
- RUN A SEWING MACHINE ALL AFTERNOON
- KEEP A REFRIGERATOR COLD FOR 4 HOURS
- LIGHT A 60 WATT BULB FOR 3 1/2 HOURS
- RUN THE WASHER FOR 6 TUBS OF CLOTHES
- GIVE YOU THE CORRECT TIME FOR 4 DAYS
- KEEP A RADIO PLAYING FOR 2 HOURS

Actually, the average family gets just about TWICE as much electricity for its money as it did 15 years ago. And you'll get a thrill when you find out what I'll be doing for you in the wonderful Electronic Age just dawning. So-o-o remember, you can't go wrong when you call in

Local Golf Club Is Leased By City To Sanford Group

(Continued From Page One) City Commissioners will serve on the three man finance committee that will supervise expenditures. An organization meeting of the new corporation will take place this week. Mr. Spencer said, and plans will be made for improving the locker rooms, installing a new water system to irrigate fairways, and making other improvements. Changes to the club house and additions are also planned. It is expected that nine holes of the course can be put in proper playing condition by Dec. 15, and the entire 18 holes made ready for play within a year. Mr. Whitner was a professional ball player for nine years. He played with the New York Yankees in 1942 and 1944. He then entered the U.S. Coast Guard from which he received a medical discharge. An injured back prevented him from re-entering professional baseball to go to a profession. Plans for a general cleanup of vacant lots, streets, parkways, and alleys of the city during the period of Nov. 1 to 15, were discussed by the Commissioners after they had heard the need of such a cleanup stressed by women representing the Sanford Women's Club, the Garden Club and the Sallie Harrison Chapter of the D.A.R. It was pointed out that only one City mowing machine is now

in operation. City Clerk H.N. Sayer was instructed to have the other machine repaired, and to secure someone to run it in order that unsightly weeds and grass be removed as quickly as possible. Fire Chief Mack Cleveland promised the co-operation of the Fire Department in supervising the burning of overgrown areas. Mayor Higgins assured the women that the clean-up work would be done as fast as possible. Acting on suggestions of the women to install outdoor fireplaces and picnic equipment in Ft. Mellon Park, the Commissioners agreed to confer with Park Supt. James Moughton to find out if labor and materials would be available for these improvements. Among those who appeared for the women's organizations were, Mrs. Julia Dingfelder, and Mrs. L.E. Spencer of the Garden Club, Mrs. H.W. Rucker, president, and Mrs. C.R. Dawson, head of the civic department of the Sanford Women's Club, and Mrs. E.B. Clements of the D.A.R. The Commission approved the employment of Miss Sara Warren Easterby and Mrs. Nell Striping in the City Clerk's office. Miss Easterby succeeds Miss Charlott Smith and Mrs. Striping succeeds Mrs. Lella Clark. A bid on magazines and periodicals for the Sanford Library was accepted. It was agreed to install white way lights between Oak and Wright Avenues. Purchase from the Government of a Huber roller, one pulverizer and one domestic sewer pump for \$565 was approved. On account of the high water in Lake Monroe and the fact that much of the piling is concealed under water, it was ordered that a sign be placed on the Municipal pier, warning boat owners that all boats tied there would be at their own risk. Since no primary election will be held for the office of two city commissioners, Mayor Higgins was instructed to issue a proclamation for a general election on Dec. 4.

## Jap Officials Are Seen Slow To Obey Orders

### Byrnes Says Russians Have Not Insisted Upon Four Power Control Of Japan

TOKYO, Oct. 26, (AP)—The Jap foreign office today showed some reluctance to obey General MacArthur's orders on the diplomatic isolation of Japan. Domei agency quoted informed sources as saying officials would sound out Allied authorities on whether the directive conforms to the Potsdam declaration.

MacArthur said plans fitting other Allied troops into the set-up must await the conclusion of policy discussions among the Big Three, and orders from Washington.

Secretary of State Byrnes disclosed last night that the Soviet Union is not insisting upon a four-power control council for Japan which would supersede Gen. MacArthur as Allied supreme commander.

He also revealed that he has been having diplomatic exchanges with Russia on its control council proposal. The council would consist of the Far Eastern Advisory Commission, to which Russia has not yet named a representative.

Byrnes' statement did not completely clarify the controversy, but it did make plain, however, that the Soviet Union still would not accept the Potsdam terms.

## Negro Is Charged With Breaking And Entering

John Robinson, negro, of 519 Cypress Avenue, attempted what is believed to have been a double steal, but got tagged out in the process, the tagging in this instance being by C. C. Hedenbough and George Fellows of the Sanford Police force. Robinson is now in jail charged with breaking and entering and with stealing two radios.

The first theft was reported Saturday night, when Charlie Harris, negro, reported his radio had been stolen. Robinson was arrested for this theft and put in jail Thursday morning at 12:45 o'clock. This radio had not as yet been recovered, according to police.

At 8:00 o'clock, Wednesday evening, Patrolman B. O. Kigin, making his night round of the downtown business section, saw the back door of Electric Service Company at 209 Magnolia Avenue to be open, and was unable to close it. Police investigation revealed the fact that the stolen radio was at the home of one other than Charlie Harris. According to Police Chief Roy G. Williams, Robinson had broken of the radio in an effort to keep Harris from hearing him in jail for the theft, had stolen the Philco radio, the property of Thomas Mingo, from a radio repair shop, and had given it to Harris.

On Wednesday evening it was reported by Patrolman L. Tindale by Jack Williams, employees of the City Bus station at Second Street and Sanford Avenue, that the latter had seen a negro carrying a mahogany colored radio under his arm, and then run toward Cypress Avenue.

## Forger Is Sentenced To 2 Years In Pen

At an open session of Circuit Court held this morning at the Court House by Judge B. E. Smith, and with Assistant State Attorney George A. DeLoach representing the state, Inez Quinn of Winter Park, pleaded guilty to forging a check for \$50 which had been cashed as a true check to O. E. Smith, who cashed it. She was sentenced by Judge Smith to two years at Sanford Penitentiary.

Action against two youths charged with breaking and entering the Seminole Feed Store on Sept. 23, was deferred until next Friday to determine if there was any possibility that they might enter the armed services. The youths are, Patrick, assistant county clerk.

## Group Organized For Operation Of Country Club

### Dean Elected President And Whitner Is Named Manager

A corporation to be known as the Seminole County Club, in which the City of Sanford has issued the Sanford Golf and Country Club for 25 years, was organized last night at a meeting of the stockholders held at the City Hall.

Other officers elected were: W. Spencer, 1st vice president; Henry Watson, 2nd vice president; Fred R. Wilson, secretary; J. L. Ingle, treasurer; E. G. Kilpatrick, assistant treasurer.

Members of the board of directors were elected as follows: Ed Whitner, G. W. Spencer, H. H. Coleman, John Ivey and H. James Gull, the first three for one-year terms, and the last two for one-year terms.

The president appointed G. W. Spencer, L. F. Boyle, Ed Whitner, Harry Tobe and H. H. Coleman to select a new name for the club. This group, meeting after the stockholders' meeting, decided upon "The Seminole Country Club" as the most appropriate name.

Other officers appointed by the President included a finance and building committee composed of W. A. Leffler, J. L. Ingle, E. G. Kilpatrick, H. James Gull, and W. C. Hill; a greens committee composed of Henry Watson, A. L. You, Roy Holler, H. C. Welch and James P. Ridge; a water system committee composed of H. B. Pope, George Stine and H. H. Coleman; and a membership committee composed of John Ivey, John Meisch, Fletcher Bolls, Andrew Stine and Lloyd F. Boyle.

The President also appointed a board of trustees who will be empowered to vote 50 percent of the capital stock of the corporation at all times except at the annual election of officers. Members of this board are Randall Chase, A. E. Yowell, John Meisch, Geo. A. Speer and Lea Lesher.

Upon motion of George Stine it was voted that the board of trustees should hold office for five years and that a new board will be appointed by the President every five years thereafter.

Following the stockholders meeting the board of directors met and employed A. Bryant, former Sanford man now living in Winter Park as greens keeper. Plans were also made for the immediate improvement of the golf course including the installation of a watering system and the replanting of the greens and fairways.

Other improvements will also be made to the clubhouse, the caddy house and locker rooms. The club is expected to begin operations about Nov. 1.

The Celery Feds are taking a much needed rest this week and there is no scheduled game of football tonight. Next Friday the team will play St. Augustine in the latter city.

The Seminole Sirens, an all girl orchestra made up of accomplished musicians at Seminole High School, will entertain the Rotary Club at its meeting Monday noon at the Mayfair hotel. The orchestra is under the direction of Miss Olive Whittle.

## Dr. Robert Ley, Nazi Laborite Ends Own Life

### One-Time Chief Of Labor Front Hangs Self With Towel In Cell In Prison

NUREMBERG, Oct. 26, (AP)—Bullheaded Dr. Robert Ley, one-time chief of Hitler's labor front, hanged himself in a cell last night at the Nuremberg jail where he was awaiting trial as a war criminal.

Capt. John H. Amen, interrogation chief assigned today, Ley left a document titled "My Political Testament" which Amen said was a "terrible apology for his anti-Semitism." He also left a will and a long discourse addressed to his three wives.

He called on his last wife out to testify, "because you know you love only me."

Ley was buried today in an unmarked grave. The suicide may mean major changes in the preparation for trial of 22 other Nazi leaders.

Ley's death may exclude certain documents of high value evidence, pertaining only to the ex-labor boss. Ley was found dead on a toilet seat in his cell with a wet towel looped around his neck and tied to the top of the toilet flush pipe. To make sure he had stuffed in his mouth a cloth torn from his underwear.

## Appeal Is Made For Training Of Returning Vets

### An appeal to Sanford and Seminole County business men and firms to qualify to train returned veterans in apprentice stage of work was today made by Mrs. Betty Bell Moseley manager of the local office of the U. S. Employment Service at 112 North Park Avenue.

"Every day" at least five young Sanford veterans, who were called into the service before they had acquired occupational skills, are leaving Sanford to secure this training elsewhere," she added.

Business houses in Sanford, even if each took but two men, could train our surplus young men back from the war, who left school to fight for freedom before acquiring a skill," Mrs. Moseley declared.

She added that business men can apply to Capt. T. W. Lawton for full information on the subject of apprentice training.

Potential or actual skills and capacities, and personal traits of veterans are carefully estimated at the employment office before prospective employers are telephoned about them, she asserted.

We compare and evaluate carefully the veteran's application to match the job requirements to select the most qualified veteran for the referral to be interviewed by the employer," she stated.

After reviewing his work, history, qualifications and experience, education and physical requirements, comparing the same with the corresponding qualifications required for the job, the traits listed are personal appearance, neatness, dress and personality traits which might affect his chances of securing or holding the job. We try to contact the employer by telephone immediately prior to referral, describing briefly the qualifications of the applicant and making the appointment.

Mrs. Moseley declared that she has been swamped lately by job applicants, and that Sanford's population is increasing rapidly. During October so far, more than 100 persons have been placed in jobs, mostly veterans who have necessary skill for employment.

## Victory Drive To Begin On Monday; Quota, \$571,000

The Victory Loan drive starts Monday, and Seminole County's quota is \$571,000, Edward F. Lane, publicity chairman of the drive, announced today, and urged citizens to "finish the job as quickly as possible."

"Our government is going to continue to need large sums of money in order to meet the reconstruction situation and help the nation to get back to normal living again," said Mr. Lane. "There are many individuals who seem to think that since the war is over they are under no obligations to purchase any more bonds," he added. "They are wrong. The obligation to buy bonds is just as great today as it was during the darkest days of the war."

Up to every loyal citizen to purchase his or her share of the bonds during this drive. Those who bought bonds during previous drives are now mighty glad that they did so. They will have the same feeling in connection with buying bonds during this drive."

## Sgt. Jere Dorminy Wins Two Bronze Stars In Action

### Presidential Citation Also Given Of Mrs. Workman

Sgt. Jere Dorminy, 19-year old son of Mr. and Mrs. G.D. Workman of Lake Mary and waist-gunner on a B-29 airplane, writes from Balpan that the flak was so thick during combat aerial fighting that he could not see the enemy until just before the end of the war that it looked as though anyone could walk on it. He wrote also that if anyone ever had any doubt as to whether there was God, he would change his mind if he lived to pass safely through the flak.

Balpan is not a beautiful Pacific Isle as one would imagine, he said but after 15 hours of steady flying it looked beautiful enough when the wheels of the old B-29 touched its ground.

For meritorious achievements, Sgt. Dorminy has received two bronze stars and a presidential citation, the latter given for bombing the Tokyo factories on Aug. 12, 1945. The citation reads: (Continued on Page Five)

## New Furniture Store Is Opened In Sanford

Among the new stores opening in Sanford is the furniture store in the location formerly occupied by the Cowan Company on 311 East First Street. The store will be operated by M. T. Hayes and A. J. "Red" Williams, owners.

Mr. Hayes was formerly connected with the Mather Furniture Store under the management of his brother, the late Hubert Hayes, and Mr. Williams, a World War II veteran, who was recently given an honorable discharge.

The store, which has been redecorated and painted, is well stocked with a selection of all types of furniture for the home. It will be opened to the public Saturday morning at 9:00 o'clock.

## Navy Day Dinner At Mayfair Hotel Tomorrow Night

Tomorrow night at 7:30 o'clock the Mayfair Hotel will be the scene of a party observing Navy Day in general and paying tribute to the officers and men of the Sanford Naval Air Station in particular. The function is being given by the Seminole County Chamber of Commerce, and members of the directorate of that organization will serve as hosts.

The attendance will be Capt. W. T. Easton and his staff from the local air station, officers of the Sanford unit of the Coast Guard and visiting naval officers, who will be guests of honor. There also will be representatives of the Lions, Rotary and Kiwanis clubs as well as the officers of the State Guard and the American Legion.

The address will be given by Dr. Walter J. Matherly, dean of the college of Business Administration at the University of Florida, and the dinner will be presided over by Senator Lloyd F. Boyle.

Artists who will provide the entertainment are Dick Aiken, Dr. H. H. McCaslin, Charles Morrison, Harry Kudell, William Connolly, and Larry Lassing.

The city and the county will be represented by the officials of these two governmental agencies. Mayor Ed Higgins said that it was a privilege to pay respect not only to the two ocean navy with its ubiquitous birdmen and the Coast Guard which tied in so brilliantly with their efforts, but also to the local Air Station whose officers and men have meant so much to Sanford.

## Lieut. Raymond Kader Receives Discharge

SHEPARD FIELD, Oct. 26—(Special) Raymond A. Kader, the son of Mr. and Mrs. Wm. E. Kader, 2559 Palmato Avenue, Sanford, has been honorably discharged from the AAF at the separation center here.

While in the service he attended Navigator School at Selman Field, La., and was commissioned in May, 1944. He served for 11 months in the ETO with the 487 Bomb Group. Lieut. Kader has been awarded the ETO Ribbon, the Air Medal with 4 clusters, the Soldiers Medal, and the Purple Heart. He was held as a prisoner of war in Germany and was liberated by the Russians.

## Princess Theater Re-Opens Nov. 2 For Double Shows

### Extensive Reconditioning Is Planned For Ritz Theater

The Princess Theater on West First Street, which has remained closed since 1938, will be re-opened on Friday, Nov. 2, for double feature screen productions. It was announced today by French B. Harvey, Ritz Theater manager. The theater will be open four days a week: Friday, Saturday, Sunday and Monday.

The theater has been thoroughly renovated, conditioned and painted and new sound equipment and screen installed. New draperies have also been hung.

Extensive new improvements are being planned for the Ritz Theater, Mr. Harvey said. Already the entrance way, the women's and men's rest rooms have been repainted, and the women's rest room has been refurnished. New silver trimmed draperies have been put on the doors. It is planned to do a complete interior and exterior paint job on the building.

## Lieut. Raymond Kader Receives Discharge

SHEPARD FIELD, Oct. 26—(Special) Raymond A. Kader, the son of Mr. and Mrs. Wm. E. Kader, 2559 Palmato Avenue, Sanford, has been honorably discharged from the AAF at the separation center here.

## New Cowan Store Opens For Business Saturday Morning

Workmen yesterday were putting the finishing touches to the windows of the new Cowan Dry Goods Store on First Street. A fine addition to Sanford's up-to-date, attractive stores, which will open Saturday morning at 9:30 o'clock.

R. T. Cowan, owner, said that his faith in Sanford was indicated by the amount of money he has spent on the new store and in modernizing the building. He operates dry goods stores in Orlando, Deland and Leesburg.

The building with its new coat of light green paint, presents a modern attractive appearance in much contrast to its former drab look. The former high sidewalk has been lowered to the level of other sidewalks on First Street.

The store is opening before it is quite complete, according to Mr. Cowan, awaiting the receipt of new materials which as yet he has not been able to get. However, it is complete enough to open and one upon entering is impressed with the roomy, well lighted interior which totals 4,270 feet of floor space. The new concrete flooring will be used until suitable floor covering can be obtained, Mr. Cowan said.

The new fixtures and shelves built into the green colored walls are of light buff color and have indirect fluorescent lighting. Fixtures were installed by the Kruger Manufacturing Company of Atlanta, Ga. Fred R. Dyson is contractor for the building improvements.

On entering on the right or west side of the store one finds a devoted to men's furnishings and in the rear are men's suits. Women's and children's clothing are on the left or east side of the store. In the rear center is the shoe department, while the center of the store will be devoted to novelty toys and handbags, etc. An addition in the rear of the building will be devoted to the soon expected heating and air condition units, and will also be used for storage.

## Ward Workers Plan Strike In 650 Stores

### More Labor Trouble Is Seen As 75,000 Decide To Quit At "Opportune Time"

Further labor trouble in Montgomery-Ward threatened today as the executive board of the CIO United Retail, Wholesale and Department Store Employees authorized a nationwide strike at an "opportune time."

The walkout would involve some 75,000 employees in 650 retail stores, nine mail order houses. The union says it is willing to arbitrate the issues.

The strike vote by General Motors workers showing nearly a 6-1 majority favoring the stoppage was accepted as a mandate by CIO union officials to press their wage demands. The results of the Chrysler vote are now awaited. Ford workers will ballot on Nov. 1.

Picketets have been withdrawn from all movie studios and the issues may be settled by the courts. Federal mediators are with CIO union and American Airlines Co. officials in efforts to end a strike which disrupted plane service to New York, Chicago and Detroit.

Two thousand Pan American Airways employees at Miami will end a three-day walkout. AFL Greyhound Drivers and Maintenance and Terminals workers have voted to strike on Oct. 31 in the Midwest, south and east.

President Truman moved to curb the postwar strike wave by appointing a trouble-shooter and by arranging to broadcast a new wage-price policy to the nation next Tuesday at 10 P.M., eastern standard time.

Truman announced at a news conference yesterday that he had appointed Dr. John R. Steelman at his special assistant, to be used in any capacity he saw fit. Steelman, former head of the U.S. Conciliation Service, has been widely regarded as one of the most effective peace-makers in the country. (Continued on Page Five)

## James C. Higgins Is Out Of Navy; With Holler Motor

SK 1-1 James C. Higgins, son of Mayor and Mrs. Edith Higgins, has returned to Sanford following his discharge from the Navy and is now employed as office manager for the Holler Motor Sales, local Buick, Oldsmobile, Cadillac dealer.

He is replacing A. E. Crocker who resigned recently to devote his full-time to his chicken farm and nursery and to the cultivation of hibiscus and japonica plants.

Mr. Higgins received his discharge on Oct. 15. He entered the Navy in November, 1943 as a first lieutenant in the Federal Reserve and Savings Company. He took his boat training at Bainbridge, Md. and went overseas in February, 1944. He was first stationed in North Africa and later transferred to Sicily and Italy where he worked in the supply department for Navy salvage.

He is living at 1216 Magnolia Avenue with his wife, the former Gene Martin Laney, and their son, Jim Junior.

## Sanford Designated As Woodmen Center

Sanford has been designated by the Woodmen of the World organization as one of the ten district office locations of the Woodmen in Florida.

The district comprises Seminole, Volusia, Flagler, Brevard, Orange, Lake and Osceola counties. Offices are to be located in the W.O.W. Hall at 116 S. Park Avenue, the second floor of which is equipped with ample facilities for the district office.

W. J. Finch has been assigned as manager of the Sanford district and is already in the field making plans for carrying on work in woodcraft. A Woodcraft Camp for boys will be organized soon under Woodman sponsorship, he stated. He added that he had a number of new members to be initiated at the meeting next Tuesday night in which State Manager W. H. Martin will be Master of Ceremonies.

During the month of August the State of Florida was fourth in new Woodman applications, and in the month of September was first with 600 new members, Mr. Finch stated.

C. C. Collins, one of Florida's leading citizens and fraternalists, is financial secretary of the Sanford Celery Camp, No. 625 and stated that it is important that all members be present at the meeting Tuesday evening.
