Methodist Council Plans Missionaries

BOSTON, May 6, (AP)—The Methodist General Conference today endorsed a proposal to school missionaries in Communist ideas

and then send them to "spread Christianity" in Communist centers. The plan was offered by Dr. Ralph E. Diffendorfer of New York, executive secretary of the church's division of missions, who said he hoped to get at least 200

workers trained. "I want them to know enough about Communism so they can talk about it," he said. "Believe me, I'm not afraid in the least how much they know about it because the more they know the

more they can do about it. "Such missionaries, wouldn't be able to get behind the iron curtain but they could be sent to Japan, Korea, China, the Philippines, India, Latin America and everywhere there is Communist infiltration."

OLEO BILL
 WASHINGTON, May 6.—(P)—The Senate Finance Committee voted unanimously today to hold two days of public hearings, starting May 17, on the house-passed oleomargarine tax repeal bill. Chairman Millikin (R-Colo.) said that at the hearings will be equally divided between supporters and opponents of the measure. The Senate voted 47 to 30 yesterday to send the bill to the Finance Committee. The action reversed a ruling of Senate President Vandenberg (R-Mich.) who held the Agriculture Committee should get the measure. It also represented a victory for backers of oleo tax repeal. Friends and foes of the measure predicted the Senate eventually will join the House in passing the bill to wipe out the 62-year old oleo levies.

BIBLE VERSE TODAY

GOD IS DRAWING US UPWARD BY THE POWER OF THE LOVE OF PARENTS. A FEW INSPIRED TEACHERS AND WRITERS AND PREACHERS IF WE WANT TO BE DRAWN UPWARD WE MUST BE WITHIN THE CIRCLE OF GOOD INFLUENCES.

Wouldn't it have been nice if we had voting machines in Seminole County? Then we could have known the results by 10:00 o'clock Tuesday night.

Secretary of State Marshall pays his respects to the assassins of the Greek minister of justice. It was a "cowardly and criminal act," says the American secretary.

Quick approval of President Truman's request for \$500,000,000 to lend to Latin American nations is expected from both houses of Congress. American legislators seem to recognize that there is far more justification for American loans to our Western Hemisphere neighbors than to countries across the seas.

The Supreme Court has ruled that the courts cannot enforce certain agreements barring negroes from white residential districts, and no doubt some negroes will try to move into some neighborhoods where they are not wanted. Particularly may this be true in the North where the cases upon which the Supreme Court rule originated. However, the average Southern negro is far more concerned over having a house of his own in which to live than he is over locating it in a neighborhood where he may be surrounded by unfriendly neighbors.

It must be a source of considerable satisfaction to those candidates who ran well in Tuesday's election. To have lived in a community a long time, particularly a small community where all your faults and virtues are apt to be well known, and then to receive from several thousand of your fellow citizens an expression of their confidence and respect in a free election where they could just as well stamp your neck, is a tribute which cannot fail to produce a glowing feeling of pride. To all those who won we extend our sincerest congratulations.

How the "rank and file" in the South feel about President Truman was indisputably proved in Alabama Tuesday when the constituency picked from 28 candidates for electors 11 electors (all the state is entitled to) pledged not to vote for President Truman or anyone who agrees with him. How the "rank and file" in Florida feel will not be known for several days, but from Jacksonville comes a straw in the wind. There former Governor Fred Cose, pledged to Governor Fielding Wright of Mississippi, led the entire field with 10,763 votes as compared with 7,273 for the more liberal Governor Caldwell.

The untimely death of Rev. W. P. Yesley at the comparative early age of 52 should serve as another warning to all those who are inclined to give too much of their time and energy to the cause of public welfare. No one could have worked harder or longer hours than Rev. Yesley did, not only in saving human souls, but in trying to aid broken bodies and re-establish broken homes. He was at virtually every meeting devoted to the public welfare. But there is a limit beyond which the muscles of the heart cannot be strained. He reached that limit Monday morning at a church conference at Orlando after attending a meeting of the Executive Club which he helped to organize the night before. Sanford has lost a faithful friend.

Battle Lines Are Drawn

The splendid vote received by Dan McCarty, not only in this county but also throughout the entire state, exceeded the fondest expectations of even his most enthusiastic admirers. That he would be in the runoff was reasonably well assured, but most of us would have been happy even if he had trailed the veteran campaigner from Jacksonville by 25,000 votes.

Off to a late start, McCarty gained strength steadily during the past three weeks and with the timing of an expert reached the peak of form just before the election. We were particularly gratified that in this county he ran even better than in the state as a whole. To a can be attributed largely, we believe, to Mr. McCarty's agricultural interests as well as the fine organization which he had here.

According to the latest tabulation which we have available, Fuller Warren is leading with 144,723 votes. McCarty is second with 142,485, scarcely more than two thousand votes behind. Of almost equal significance in this race is the large vote polled by the next three men. English has 72,240. Shands has 50,765. And Watson has 43,271. Where these 167,000 votes go in the runoff, is expected to determine Florida's next governor.

It had generally been conceded that Fuller Warren would poll his strength in the first primary. He was better known throughout the state than any of the other candidates, with the possible exception of Tom Watson who didn't have a chance to win. Warren had run for governor eight years ago, and had come very close to being elected. It seems logical that anyone who would vote for him at all would vote for him in the first primary.

The same cannot be said for Dan McCarty. The supporters of English, Shands and Watson could have nothing against Dan, and most of them had a very good word to say for him. They liked him too. They thought he would make a good governor. But for one reason or other they were obligated, or persuaded to vote for one of these three opponents. Now that they are out of the race, it may be presumed that they will give their votes to McCarty.

To say this is not to accept the battle as won. One of the toughest political campaigns in the history of this state lies immediately ahead. Fuller Warren is a master campaign strategist. He is one of the cleverest and most brilliant political orators we have ever heard. It would be foolish to assume that he will take Tuesday's setback sitting down. He will bombard the people of Florida from every stump in the state.

Another thing which places the May 25th primary in doubt is that we have no assurance at all that the people who vote at that time will be the same people who voted on May 4th, or that they will vote in the same numbers. At least 300,000 qualified voters did not go to the polls at all last Tuesday. And will those who did go to the polls Tuesday, go again on May 25th?

If you have the answer to those questions, you can tell better what the outcome of the next primary will be. In the meantime, it behooves those of us who believe in Dan McCarty and think him the best man to lead this state through the great period of progress and development which we confidently hope lies ahead, to work for him as we have never worked before.

International Ruhr

The rich Ruhr district has been tightly bound to the economy of Germany, and it has been of great political importance to the world because possession of the Ruhr has been essential to Germany's past ability to make war. Now it is indicated that the Ruhr may be placed under the control of an international authority, to include representatives of Great Britain, France, the Netherlands, Belgium, Luxembourg and the United States.

The Ruhr is important mainly because it supplies four-fifths of all the iron and coal found in Germany. The French industries of Lorraine depend upon coal and coke from the Ruhr, a fact which led to a tense situation between France and Germany after the first world war.

Russia also wants a share in any international control of the Ruhr now set up, basing its claims on the Potsdam agreement. But the Ruhr is west of the iron curtain, and the split between the two parts of Germany still widens.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

Is there any possibility of cooperation between Russia and the Democracies—with the United Nations or outside it?

That's the big question of the day, and yet it's one which a lot of peace-loving folk are trying to duck. They're attempting to evade the issue because they can't figure out the answer which they so deeply desire, namely "yes." However, British Foreign Secretary Bevin, whose bluntness sometimes carries him close to indiscretion, has given a categorical answer to the House of Commons. Without trying to balance the feather on his nose, Bevin declared that so long as Russian policy aims at spreading the Communist ideology there is little chance of reaching a lasting settlement.

"As long as this continues," said Bevin, "the world will be kept in turmoil, because the characteristics, the philosophy and the conception of life of the rest of the world will not permit us to indulge in compromises which are intended to achieve the objectives of Communism." That strikes me as being correct, and it's the fundamental fact with which we have to deal. There can be no real cooperation so long as the Communist general staff for world revolution, with headquarters in Belgrade, continues to spread the Red lam by intrigue and force in unwilling countries—Czechoslovakia and Poland, for example. As a matter of fact there is nothing

new in this situation. It has existed ever since the Bolshevik revolution of 1917 when the Soviet government was established.

It was because of Bolshevik efforts to Communize the United States and that we didn't recognize the Soviet Union until 1933, and then only after promises that Red propaganda would cease. Britain waged a continuous battle against Communist spies and fifth columnists after recognizing Moscow in 1921. London broke in 1927 and didn't resume them until 1929.

So the only change there is in the situation is that the Muscovites have intensified their world revolution to the point of waging a "cold war" which is dangerously close to a hot one.

Business Meeting Held By Woman's Club

Mrs. J. A. Young, Mrs. J. E. Courter, Mrs. C. J. Fisher, Mrs. Irving Feinberg, Mrs. J. E. Baker and Mrs. J. C. Bennett served as hostesses for the monthly luncheon and business meeting of the Sanford Woman's Club held yesterday at 12:30 o'clock. The luncheon tables were attractively decorated with colorful arrangements of nasturtiums and greenery with hollyhocks being used as decorations on the stage.

Mrs. George McCall was in charge of the musical portion of the program and accompanied the group singing of "America" at the piano. She also accompanied Billy Parks who rendered several selections on the violin. During the business meeting, Mrs. Fred T. Williams reported on the group on the fifty-third annual state convention held in St. Petersburg recently. In her report Mrs. Williams stated that 600 women were present for the meeting which had its headquarters at the Sereno Hotel. The national first vice president, Mrs. Hiram C. Houghton of Iowa, was one of the speakers and she gave several suggestions for Women's Club work. Mrs. Williams said that Canada, Cuba, Dominican Republic, Venezuela, Ecuador, Brazil and Argentina were all represented at the meeting and Mrs. A. T. McKee was elected as state president.

There were about 40 members at the meeting at the club house.

Refreshments were served in Laney's Drug Store at the conclusion of the meeting by the hostesses, Mrs. E. H. Laney, Mrs. Black, Mrs. Whitehurst, Mrs. G. W. Bailey and Mrs. W. C. Hill.

Those present for the meeting were Mrs. P. A. Rowland, Mrs. Chester Daniels, Mrs. M. B. Smith, Mrs. M. L. Wright, Miss Bessie Zachary, Mrs. Fred Wilson, Mrs. O. TEEN TALK

AP Newfeatures

Dear Judy,
Compulsory military training comes in for a big share of student discussion these days. A recent poll conducted by a magazine (Scholastic) showed that 65 per cent of high school boys and 62 per cent of the girls are in favor of compulsory military training for boys between the ages of 16 and 21. This is a marked increase over the 1941 poll when less than 39 per cent of the students polled were in favor of compulsory military training.

Girls who have been considering the music world as a career may take a few tips from Mary Osborne, talented guitarist and one of the proudest girl musicians in the business. Mary says it is strictly talent that counts and a girl shouldn't expect to get by on her looks alone. There's really no battle of the sexes in the music world and if a girl ventures into the jazz field prepared with a good musical background, she has reached musical maturity that even the most proficient male musicians will respect. Mary, who has been associated with Dick Stable, Bob Chester, Russ Morgan, Joe Venuti, Louis Armstrong, Coleman Hawkins and Dixie Gillespie, says the boys with saxen listen first and look second.

Along with Mary Lou Williams, Margie Hyams, Beryl Booker, Vivian Gary, and others, Mary appears in the new record album "Girls In Jazz" (RCA Victor). These girls have managed to wedge a speechhead into the hitherto exclusive male hot music world.

Many A Slip . . . Fortunately for the sub-deb set, petticoats with ruffles are in style. Kids whose slips are too short to wear with the "new look" dresses are adding ruffles to the bottom of slips. A white slip can take two or three rows of plaid or black ruffles. Large borders of lace can be sewed around the bottom. Insertions also can be made at the waist to lengthen slips.

You Can Too . . . Evangeline Bowing, 16, of Brackenridge H.S., San Antonio, Texas, has a record in 4-H club activities that would be hard to beat. A few months ago Evangeline won an all-expense paid 5-day trip to the 4-H Club congress held in Chicago, won "11 firsts and 1 second" in the 15 clothing division exhibits she entered and won eight "first" in cooking and preparing meals. In addition, Evangeline has done outstanding work in interior decorating, landscaping, poultry husbandry, canning and preserving foodstuffs.

Teenswags
Thirty-six students of Normandy H.S., St. Louis, Mo., operated a department store, filling all jobs from manager to stock boy - for one day . . . Gordon Macrea has just been signed for a star role in a picture. June Haver will play opposite him. . . Half the profits from the theatrical show put on by the Mount Holyoke, Mass., College faculty have been given for the purchase of layettes, prepared by the Save the Children Federation to send to Finland, Holland, France, Greece, Austria, . . .

Giants Nip Pirates In Well Played Game, 7-5

Lake Bangs Homer For Sanfordites: Daytona Will Be Here Tomorrow

By ARTHUR DECKWITH, Jr., Herald Sports Writer

The Sanford Giants came from behind three times last night at the Municipal Park to score a 7 to 5 victory over the Leeburg Pirates in what was considered by many to be the best game played here thus far this season.

Both pitchers went the route to mark a milestone in the 1948 baseball campaign for the Municipal Baseball Park. This was the first game played here this year that both hitters, who opened a contest, have finished on the mound. Eddie Lisiewski worked for Sanford and Bullard Branham handled the pitching duties for the invaders.

Leeburg opened hostilities in the first frame with lead off man Jack Anthony rapping a two fly poke down the left field line. Anthony moved to third on an infield out and scored on a long fly by Johnny Paszek.

Sanford tied up the contest in their half of the first inning after Lyle Clifton doubled to center. Eddie Rosenkranz singled to center to score Clifton.

The contest continued with three men up and three men down until the Pirates opened the seventh frame. Tony Smeraglia singled and was followed to the plate by Al Romanello who promptly bunched a sphere far over the left field wall for a home run.

Sanford came booming back. Johnny McManus drew a free pass, and Buddy Lake, playing third base for the night since Charlie Peipo is out with a pulled leg, muscle, leaned into one of Branham's pitches to place it on the east side of the right field fence for a home run. This knotted the count once again.

Bartolozzi opened the eighth by popping to Cataldo, but Lisiewski hit Salter to open a troublesome frame. Leip singled and on the play Kavakis allowed the ball to slip through with Leip pulling up at third and Salter holding at third. Salter tallied on a long fly by Smeraglia.

But Sanford was not to be outdone. Cataldo popped out to open the eighth inning. Les Booher walked and Kavakis singled. Karson hit safely to left, scoring Booher. Lisiewski walked and Karson tallied on an infield out by McManus. Clifton walked and Lake singled Lisiewski home for the fourth run of the inning.

Lisiewski ran into difficulty in the top of the ninth. Bill Green walked, Paszek singled and Ralph Bartolozzi walked to fill the bags. Dee Salter went down swinging and Manager Eddie Leip drew a free ticket, forcing Green across with a marker.

Tonight the Sanfordites invade Leeburg, and tomorrow night the locals play hosts to the Daytona Beach Islets in an all important contest.

Rebels Add Another Contest To Victory String In SE Loop

By ASSOCIATED PRESS

Two shutouts featured last night's action in the Southeastern League with the pacesetter Montgomery Rebels racking up their sixth straight triumph in a game of them. They beat Pensacola 5-0.

Selma downed Meridian, 2-0, on the tight, hurling of Ray Woodard, who bested Joe Jackson in a duel which was scoreless until the ninth.

In other games, Anniston left Gadsden in sole possession of last place by beating Vicksburg, 5-3, as the Pilots were losing to Jacksonville by the same score.

As a result of last night's games Jackson, Selma and Vicksburg are deadlocked for third place.

Joe Demoran, pitching for the visiting Rebels at Pensacola, handed off the Filers with four hits. Larry Hartley, who started for the local club, was replaced by Leo Murray in the ninth when the Rebels scored three times.

The Filers were charged with five errors while being blanked for the first time this year. It was only the second shutout the Rebels have had in winning 19 of 23 games.

Selma's shutout triumph was the fourth the Leaf have had thus far, and was the third suffered by the Pilots.

The Anniston Rams were play-

jointly what they cannot do individually," adding, "it can't possibly do anything but good."

Opponents have contended the legislation is aimed at permitting Negroes to set up negro institutions jointly and refuse admittance of colored people to regular state universities.

George Goyeau retired in favor of Bill McIntyre in the seventh after the Rams found him for two walks and two hits, including a two-run double by Ed Fife, to score three runs.

The Jackson manager, Willis Hudlin, came to the rescue of Zennie Britt in the ninth to halt a Gadsden rally.

With two runs across and two on, Hudlin came in to make Hummerson fly out, walk Guettler, and then force Mel Hicks to pop out.

Britt and Banks McDowell led the Jackson-Litling with three hits each, Britt including a run-scoring double.

Walt Widmayer drove out three hits for the Pilots.

Three unearned runs, led across by Pilot pitcher Carl Meurer's error in the 3rd led to the Pilots' downfall.

The game at Meridian was played in an hour and 47 minutes. Woodard held the Peeps to two hits, both by shortstop Jack Mauldin. Jackson had pitched a one-hit game until the ninth when Woodard led off with a single and scored on a double by Bob Talbert. With one out, Mike Schre singled to center to send Talbert to third when then Ralph Dickson followed with another single to score Talbert.

Rail Dispute

(Continued from page 1)
Charles G. Ross, who made the announcement, was asked if any definite proposal would be presented to the brotherhood leaders.

"I can't say any more than I have," Ross replied.

The brotherhood leaders are Alvanley Johnston of the locomotive engineers, David B. Robertson of the locomotive firemen and engineers, and A. J. Glover of the switchmen's union.

Johnston, who was in Cleveland today, said he would leave for Washington tonight. Robertson is already here.

Johnston told reporters Steelman indicated to him that he wanted to talk first with the union men, then call in representatives of railroad management.

Stelman has been keeping in constant touch with the railroad situation and reporting to President Truman.

Ross was asked whether Steelman would have a similar conference with representatives of the railroads.

"I can't say as yet," Ross said. "I have told you all that has been done to date."

Stelman reached Glover by telephone at Buffalo and got assurance Glover would attend. Robertson said he would.

White House aides would discuss what possible action might be taken if Steelman cannot persuade the parties to reach an agreement.

They turned aside such questions as whether Mr. Truman will talk personally with the disputants, whether the union leaders will be asked to postpone the strike date, or whether the government might seize the railroads.

PHILADELPHIA, May 6.—(AP)—The Pennsylvania railroad, the nation's biggest carrier of passengers and freight, said today a

strike of engineers and firemen Sunday may idle all its 140,000 employees.

PRR President M. W. Clement, in a letter to employees in all departments, said the strike call "is unreasonably and arbitrarily."

"If the engineers and firemen carry out this reckless intention to strike," Clement wrote, "it will become physically impossible to operate the railroad and, although

reluctant to do so, your management may have no alternative but to shut down in all departments."

Clement asked every PRR employee, fireman and heater to consider with the greatest care their obligations to their country, their families and their fellow employees and particularly their public responsibility for railroad service."

From where I sit... by Joe Marsh

"What's Your Opinion, Mister?"

Follow from one of those public opinion polls was in Andy's Garden Tavern, queering Andy's patrons on everything from that "new look" to the next election.

And it occurred to me that there's nothing more typically American than collecting other folks' opinions, as well as giving out with one's own. And from where I sit, it's a mighty healthy habit.

As long as people can discuss both sides of a question that comes up—whether it concerns short skirts versus long, beer compared

with cider, or the larger issue of party versus party—we're out of the individual liberty that has made this country great.

For it isn't differences of opinion that matter. The important thing is tolerance for differences of opinion—whether they affect the right of an individual to vote, to speak his mind, or to enjoy a glass of beer. They're all parts of the freedom that we cherish!

My Sincere Appreciation

FOR GOVERNOR
DAN MCCARTY
CAMPAIGN HEADQUARTERS
FORT PINEAPPLE, FLORIDA

My Fellow Floridians:-

May I take this means of expressing to each of you my sincere gratitude for your confidence. By your vote you have placed me in the second primary and I am humbly thankful.

It is difficult to express my feelings for the loyal, untiring work of my friends throughout Florida. I believe I can best express my appreciation by continuing with a clean and aggressive campaign and by giving all of Florida a sound, honest and impartial administration when elected.

And now, in the real tradition of American Democracy, we invite those who so loyally worked for my worthy opponents to join actively with us for success on May 25th.

Sincerely,
Dan McCarty

Air Force Plan

(Continued From Page One)
The House approved the bill 16 to 1 a week ago. The House already has stamped its approval, 343 to 3, on a similar measure.

The bill contains funds for both the Air Force and the air arms of the Navy and Marines. The only dispute is over an \$822,000,000 item which Secretary of Defense Forrestal neither asked nor wanted.

Forrestal and President Truman originally asked Congress to vote an expansion of air, land and sea forces, a temporary draft and a separate Universal Military Training program.

The defense secretary then suggested it might be wise to begin contracting for some of the new aircraft this fiscal year, which ends July 1, by moving ahead part of next year's funds and authorizations.

House leaders grabbed this suggestion and ran away with it. Instead of the 55-group Air Force proposed by Forrestal, the House said there should be 70 groups including many new jet-driven fighters and long range bombers. It tacked on the \$822,000,000 extra to start work on those planes.

Some lawmakers said frankly they hoped quick action to build up the nation's air power might avoid an election-year vote on the touchy issues of drafting young men or putting them in UMT camps.

Forrestal, insisting there should be a "balanced" defense program rather than one pegged to "emotional" factors, offered a compromise 66-group plan with 11 additional groups to be equipped largely with World War II bombers and fighters now in storage.

Congressional critics called this a "mothball" defense force and pushed ahead with the more expensive plans for new fighters and bombers.

Neither a UMT nor draft bill has reached the Senate or House floor, although a House Committee approved a UMT plan last summer.

The Senate Armed Services Committee met again behind closed doors today to try to perfect its plan for combining the draft and a UMT-substitute. This involves one year of training in regular services for 18 years with a two-year draft for those 19 through 25.

Housing Bill

(Continued From Page One)
Wolcott (R-Mich.) of the House Committee said he was "not interested" in the Senate's stopgap measure to revive the government's "title 6" home loan insurance program until June 30.

Approximately 3,000 persons listened to the President in the inter-departmental auditorium, a few blocks from the White House. His speech, made without notes, was broadcast.

Mr. Truman said "one of the worse things" in trying to solve problems affecting family life is that this is a presidential campaign year.

Saying a President can do only what he is authorized to do, he said:

"People talk about the powers of the President. Let me tell you something. A President may have a great many powers given to him under the Constitution.

"What those powers amount to is to bring people in and persuade them to do what they ought to do without persuasion."

That is the way the country functions, he said, and he thoroughly approves, but it makes the immediate solution of problems difficult.

Bailey's Race

(Continued From Page One)
railroad and utilities commission- Green 168874, and Mack 188089.

Developments elsewhere on the political scene today included:

Ohio—Final tabulation in the hot battle for 23 of Ohio's 53 Republican presidential delegates showed Senator Robert A. Taft capturing 14 to 9 for Harold E. Stassen. Taft, the state's favorite-son candidate, got the 30 other delegates without opposition making the total distribution—Taft 14, Stassen 9. Both candidates claimed a victory. In gubernatorial races, former Governor Frank J. Lausche held a nearly 3 to 1 edge over Ray T. Miller for the Democratic nomination. Lausche will oppose Republican Governor Thomas J. Herbert in November.

Twenty-three incumbent Congress members were renominated, four of them Democrats.

Alabama—The state's anti-Truman stand, reflected in early returns, was maintained in late totals from Tuesday's Democratic primary. Leaders among 28 candidates for 11 presidential elector posts are all pledged against voting for President Truman or any other candidate pushing a civil rights program. There was lesser success for a proposal to have Alabama's 26-man delegation to the Democratic National Convention walk out if civil rights is made a part of the party's platform. Leaders among candidates for the delegation were divided between those opposing and favoring such a walkout. Seven of nine U. S. Representatives were defeated. Two apparently were renominated. U. S. Senator John J. Sparkman outstripped four opponents for the Democratic senatorial nomination.

will lead the grand march, immediately following the entertainment. An orchestra sponsored here by the Sanford Kiwanis Club will play for the march and dance.

At intermission, a party in honor of Peggy Pippin, member of the Senior Class will be given at the home of her aunt and uncle, Mr. and Mrs. Roy Britt at their home at 314 Catalina Drive.

Miss Whittle reported that students were pleased with the record made by the Glee Club at the Musical Festival at Tampa, Monday and Tuesday. The Boys Glee club of 40 voices received first division rating, the mixed chorus, second division rating, and Fred Siegrist, tenor soloist, second division rating. The trip was made by 87 students and sang under direction of Miss Whittle.

Competition among the 2700 boys and girls from high schools in Florida was quite keen, according to Miss Whittle, who expressed pride that her groups attained high rating. Ratings, she explained, varied from a high one to a low five. Daytona Beach mainland, and Clearwater High Schools were also in the first division, she pointed out.

Chaperons who took the trip with the 87 students in the two school buses made available by the School Board, reported that their charges were very well behaved. Boys were quartered at the DeSoto Hotel and girls at the Hillsborough.

Chaperones included Mr. and Mrs. R. F. Cooper, Mrs. Joe Corley, Miss Whittle, Mrs. H. W. Rucker, Mrs. R. R. Pippin, Miss Rebecca Stevens and Miss Saldee Williams. Bus drivers were Roy Muse and Robert Howell.

The choral work, including the final massed chorus, was finer than ever, said Miss Whittle, and she quoted Paul Matthews, a musical authority from Birmingham, Ala., as stating that he had never heard finer choral work.

The joint committee will meet daily for several days to receive detailed reports from the AEC on its atomic program. Tomorrow the committee will be told what the AEC is doing in its chemical and physical processes.

Next week the AEC will give the committee a full report on the super-secret atomic experiment held recently on the little Pacific atoll of Eniwetok, Hickel-cooper said.

The Senator indicated the AEC has an extensive construction program "on the drawing board." This will mean, he said, new building and expansion of plants already making atom bombs. He declined to say how extensive this construction program might be.

mandated that the U.N. place Jerusalem under temporary trusteeship despite Jewish and Arab opposition.

Parodi said he could not accept the point of view that the U.N. limit its action to questions on which the Arabs and Jews agree.

Parodi proposed that the assembly appoint a special delegate to Jerusalem to insure observance of the cease-fire order in the walled part of the city, to control the municipal administration,

or someone holding similar views as Truman. Mississippi's electoral votes will not go to any man who does not unqualifiedly endorse states rights."

to insure the safety of the Holy places, and to organize the necessary police force.

Tsarapkin said the trusteeship council had proved unable to cope with the task entrusted to it by the assembly. He said Russia favored appointment of a responsible person to take over in Jerusalem, but could not agree to the recommendation that the commissioner be named by Britain.

One of the sharpest attacks on the trusteeship council's recommendations was made by Sir Carl Berendsen of New Zealand, vice-president of the council.

He said the proposed commissioner would be a straw man subject to the whims of Arabs and Jews and would not even have power to see that garbage was removed.

Almost every speaker in the forenoon session stressed the fact that the U.N. had only nine days to act before the British mandate ends.

A Security Council meeting scheduled for this afternoon at Lake Success on Palestine and other questions was postponed.

Neutral Mayor For Jerusalem Unfound Says Bevin To U.N.

Secretary Asks Council To Talk With Arabs, Jews On Man Acceptable To Both

JERUSALEM, May 7.—Arab League leaders agreed today on a Jerusalem truce, effective at noon tomorrow, if the Jews will cease firing, an official statement announced.

LAKE SUCCESS, May 7.—Britain informed the United Nations today she has been unable to find a neutral man, acceptable to Arabs and Jews, to serve as mayor of Jerusalem.

Foreign Secretary Bevin asked the U.N. to get together with Jews and Arabs here and try to find a suitable man for the job.

Informed sources said Bevin's report was delayed to Secretary-General Trygve Lie through the British delegation.

The British report threw a wrench in the General Assembly's decision yesterday to approve British appointment of a neutral to take over the municipal administration of the Holy City after May 15.

Bevin was said to have suggested that the presidents of the U. N. special Palestine Assembly, Security Council and Trusteeship Council go into immediate conference with Jews and Arabs in efforts to agree on a nominee.

A spokesman for the Arab Higher Committee, informed of the British action, said the Arabs would not accept any U. N. appointment. He said such a move would be a first step toward carrying out the U. N. assembly's 1947 decision to partition Palestine.

Unless the majority plan now can be salvaged, today's development wiped out the only affirmative action taken by the assembly since it went into session April 16 in efforts to cope with the Holy Land crisis.

An American delegation spokesman commented: "This is an example of the lack of control by the British with the United Nations." He said the British had no right to do this.

County Commission Takes Step Toward Limited Zone Laws

The County Commission yesterday afternoon took the first step toward the establishment of a limited zoning law designed to control construction of houses and buildings on main highways and in subdivisions adjacent to Seminole County.

After hearing Raymond Ball, president of the Sanford Board of Realtors, and Fred Bender, realtor, advocate such a law as approved by the realtors at a meeting Friday, Commission Chairman H. B. Pope suggested that a five man zoning committee for the county be named.

He told Mr. Ball however that before the Commission took further action on the matter it would like to have him and the realtors contact officials of neighboring counties such as Lake county, which has approved a county zoning law, to find out what course was taken on the zoning, and report back to the Commission on this.

Mr. Ball pointed out to the Commission that Seminole County has the authority to put such a law into effect for limited zoning, due to legislative approval last May of the bill introduced for this purpose by Senator L. F. Boyle and applying to Seminole County only.

The law authorizes the Board of County Commissioners to adopt zoning regulations and a building code governing the use of property outside city limits and construction of buildings.

Mr. Ball pointed out that the approval of the Board of Realtors for the zoning, not only included Sanford realtors but representatives throughout the county. The meeting of the realtors was at the City Hall, Friday.

Setting of insurance schedules for county property and buildings was discussed by H. J. Gut and the commissioners.

RISING FLOOD
WINNIPEG, Man., May 7.—Rising flood waters cracked the Assiniboine River dam at nearby Brandon yesterday, washed out two bridges and left more than 900 persons homeless.

Hundreds of additional families in the city's northern section were isolated by the turbulent waters when the bridges went out.

5 Czechs Flee To U. S. German Zone In Forced Flight

Passengers Say Reds Are Forcing Them To Join The Party

ERDING, Germany, May 7.—Five Czechs said today they fled their homeland in an airplane, forcing the pilot at pistol point to land them in Germany. Two of the refugees are young women.

As they told their story, Yui Benes, Czech vice consul in Munich, disclosed that a Czech training plane crashlanded Wednesday on a highway near Ingolstadt. It was piloted by another man fleeing his country. In all, three Czech planes have landed in the U. S. zone of Germany with refugees since the Communist coup in February.

The airliner passengers said they fled Czechoslovakia Wednesday because they were being compelled to join the Communist Party or lose their jobs. The leader was a former Czech air force pilot. He said he was ready to take over the controls if the pilot had refused to change his course. All asked that their identities be kept secret.

One of the girls, a brown eyed Czech of 25, said she held her small pearl handled revolver to the pilot's head and told him: "If you don't go where we say, I will shoot."

The leader said the food situation is becoming critical in Czechoslovakia. He said the Communists have imposed a "complete police state which considers to take over the party an enemy."

"You don't see Russians in the street, but you feel them," he said.

The refugees told U.S. investigators this was their third attempt to escape. The time the takeoff was delayed two hours, but we finally got away," the leader recalled. "After 20 minutes in the air we forced the pilot to fly through the Russian zone of Austria to the Danube River and then toward Munich."

Panama Vote Swings To Liberal Party

PANAMA, Panama May 7.—Latest returns from last Sunday's municipal election showed a strong swing toward the opposition today as Panama prepared for next Sunday's presidential election—first in eight years.

The count thus far showed the combined opposition polled more than 65,000 out of 70,000 votes. The administration's liberal party, however, led in the individual vote.

Official, but incomplete returns were: The Liberal Party, supporting Domingo D. Aracena for president, 34,639 votes.

The authentic Revolutionary Party, supporting former President Arnulfo Arias, 32,820.

The National Revolutionary Party and the Renovation Party supporting Jose Isaac Fabrega, 32,418.

Independent Party: 7,468.

ROTARY SPEAKER
Judge W. S. Criswell, judge of the juvenile court at Jacksonville, will address the Sanford Rotary Club Monday on the subject of juvenile delinquency. A. C. Stine, program chairman, announced today.

SPECIAL PRIMARY
JACKSONVILLE, May 7.—The State Democratic Executive Committee today called a special primary for May 25 to nominate a successor to Supreme Court Justice Rivers H. Buford who retired.

It also called a special primary for the same date to nominate a successor to circuit Judge T. Frank Hobson in the Pasco-Pinalas county sixth circuit. Judge Hobson was nominated for a new term without opposition, but resigned the nomination after he received a temporary appointment. They were married at Glendale, Calif., Jan. 26, 1940.

TVA's Plan To Build \$54,000,000 Plant Is Barred By House Group

WASHINGTON, May 7.—The Tennessee Valley Authority's plan to build a new \$54,000,000 steam electric plant was turned down today by the House Appropriations Committee.

The agency sought \$4,000,000 in the year beginning July 1 to start the plant as part of a proposed power expansion program to cost \$84,000,000 and be completed in 1953.

Included would be two additional generating units at Wheeler Dam, four other units at dams, and transmission lines.

Chairman Gordon R. Clapp said in testimony made public today that \$13,000,000 of the \$84,000,000 requested should come from revenues and the remainder was wanted in appropriations from the federal treasury.

The Republican-dominated subcommittee headed by Rep. Phoebe R. Coker (R-Mo) gave the TVA officials a tough going over during their appearance.

Rep. Cleveland (R-Ohio) and Coudert (R-N.Y.) joined Phoebe in critical questioning of various TVA activities and plans.

Rep. Gore (D-Tenn.), a subcommittee member, defended the proposed steam plant and the attitude of the TVA directors toward rejecting the treasury government's investment in the agency's power system.

The Republicans especially criticized the proposed steam plant and the attitude of the TVA directors toward rejecting the treasury government's investment in the agency's power system.

Cooper Talks On Anti Truman Solon State Law Change Hits At Requests For Demo Support

Says Constitution Is Hard Subject To Discuss With Public

The people of Florida should take more interest in laying the State Constitution revised, Dick Cooper of Deland, recent candidate for governor, told members of the Sanford Lions Club today at the Tourist Center. He was accompanied by John Ivey, and a fellow Lion of the Deland club, Gordon Kipp.

"In the past 14 days," commented "Lion" Cooper, "I have made 71 talks." He declared that six months ago he had decided to write a proposed revision of the State Constitution. In his campaign for governor, he revealed that it was a hard subject upon which to contact the average voter, yet the Constitution determines the taxes he pays and his homestead exemption.

"Getting the idea of constitutional revision across is like selling a pail of salt water to a sailor," he asserted.

He pointed out that the state constitution, written in 1885, had been amended 85 times, and said that under it, if Deland county wanted to consolidate city and county offices, disinterested citizens elsewhere as in Escambia county, have to vote on the question.

"The Florida Bar Association," he declared, "is doing a fine job of revising the Constitution and spending much time and money. However, it is a lawyer's constitution, and each one of us as citizens should determine what goes into it."

"Perhaps our leaders have failed to bring government close enough to the people," he said. continued on Page Two

Foreign War Veterans To Meet On Monday

Veterans of Foreign Wars Post 2226 will hold a luncheon chicken dinner at the America Legion Hut on the Lakeshore Drive on Monday night at 7:00 o'clock.

John Galloway, comm. adj. elect, today urged all members to be present, and to secure tickets immediately, so that the number to prepare for will be known.

The chairman for the committee to prepare the food is George Steele. The meeting will be the occasion of the installation of the officers for 1948, who were recently elected.

Tickets for the dinner may be secured from Roy Wright, Jack Gordy or F. D. Scott.

JANE REES
LOS ANGELES, May 7.—Jane Wyman has finally made up her mind about Ronald Reagan and her decision is divorce.

The 32-year-old actress filed suit yesterday charging Reagan, 56, with extreme mental cruelty. She asked custody of their two children, Maureen, seven, and Michael, three, and \$500 monthly support.

The Reagans made a property settlement last February, but later became reconciled temporarily. They were married at Glendale, Calif., Jan. 26, 1940.

Churchill Asks Formation Of European Pact

Tells 22 Nation Forum To Plead With Their Leaders To Create New Europe

THE HAGUE, The Netherlands, May 7.—Winston Churchill urged today immediate formation of a European assembly as the first step toward a Council of Europe free of the jealousies and rivalries of the past.

Churchill asked members of a 22-nation forum to plead with their governments to "create a new Europe" whose united voice can be continuously heard.

The new Council of Europe should be a subordinate but necessary part of the world organization, Churchill said. The world organization of the future, he added, should have three "autonomous but subordinate" regional councils:

1. The Soviet Union.
2. The Council of Europe, including Great Britain, joined with the empire and Commonwealth.
3. The Western Hemisphere.

Britain's wartime leader said that the West is grieved and perplexed by the attitude of the Soviet Union, "without whose active aid the world organization cannot function, nor the shadow of war be lifted from the hearts and minds of men and nations."

The resolution is before the meeting today. "European deliberative assembly through which views could be exchanged and a common European opinion expressed on problems of the day."

The meeting also is asked to create an emergency council to direct joint action for economic recovery and military defense to "preserve democratic freedom."

Churchill is honorary chairman of the meeting. "I am pleased to see that we seek nothing less than all Europe," Churchill declared. "Disfranchised exiles from Czechoslovakia..." continued on Page Two

Senate Group OK's Naming Larson As WAA Administrator

WASHINGTON, May 7.—The Senate Appropriations Committee today gave unanimous approval to the nomination of Jesse Larson of Oklahoma to be war assets administrator.

The committee also recommended without dissent that the Senate confirm Paul L. Mather, retired rear admiral, to be associate WAA administrator.

Senator Tydings (D-Md) had asked the committee to disapprove confirmation of Larson. Tydings contended Larson was not qualified for the job because of the way WAA handled the sale of a surplus war plant (Kalamazoo, Mich.) at Salt Lake City, Utah.

"The unanimous vote would indicate that the committee," Tydings did not make his case as strong as enough," Chairman Aiken (R-Vt) told reporters.

Larson was nominated by President Truman last Fall. He has been serving under a recess appointment.

Committee action was deferred because Tydings, not a member of the group, had been ill.

Jin Folsom And Bride Go To Panama City

MONTGOMERY, May 7.—Governor James E. Folsom and his "beachhead sweetheart" bride, married Wednesday will leave today for a weekend in Panama City, Fla.

The bridegroom of two days said it won't be a real honeymoon—just a short trip.

Folsom and the former Jamelle Moore, a pretty 21-year-old brunette, were married Wednesday afternoon in Rockford, Ala.

Mrs. Folsom was a receptionist at the state highway directors' office at the time of the wedding. Folsom met her two years ago while campaigning for governor in her home town, Berry, Ala.

The brown-eyed first lady had indicated they might take Folsom's two children—Melissa, 6, and Rachel, 8—with them, but the girls won't be along. They went to Cullman, their father's home town, yesterday with their aunt, Mrs. Ruby Ellis. The 38-year-old executive's first wife died in 1944.

FEC HEARING
JACKSONVILLE, May 7.—Six matters pertaining to the re-organization of the Florida East Coast Railway have been set down for hearing in federal court here before Judge Louis W. Strum on May 17.

One is a petition by the receivers, Scott M. Loftin and John W. Martin, to spend \$680,000 for additional bonds and betterments to the railway.

Conference To Avert Rail Strike Breaks Up With No Progress

U. N. Told Atomic Control Futile Without Red Aid

Western Powers Ask Delay Till Soviet Attitude Changes

LAKE SUCCESS, May 7.—The Western powers told the United Nations today atomic energy control is impossible unless Russia decides to cooperate openly with the rest of the world.

The United States, France and Britain proposed to the U. N. Atomic Energy Commission that the U. N. abandon attempts to set up world atomic controls until Russia changes her present attitude.

The three powers presented their opinions in the form of a report to the Security Council which they urged the commission to approve. If it is approved, the commission will be the first major U. N. organization to acknowledge failure.

The blame for the failure to write an atomic pact was laid by the three powers, chiefly upon Russia.

The move indicated a fight in the regular assembly in Paris next Fall over atomic control. If the pact is not approved by a Soviet veto in the Security Council, it was reported the United States would carry it to the floor of the assembly with a demand for full debate.

The Atomic Energy Commission reports that it has reached an "impasse" with the three powers.

2 European Nations Qualify To Receive Marshall Plan Aid

WASHINGTON, May 7.—Sweden and Luxembourg today qualified for Marshall Plan aid, and shipments exceeding \$4,000,000 were approved to four other countries—Denmark, Austria, Greece and the Netherlands.

Twelve of the 16 European Marshall Plan countries now have "letters of intent" pledging full participation in the mutual aid effort. They are needed to qualify. China also has qualified to start receiving her share of recovery goods.

Still to be received are letters from Portugal, Switzerland, France and Greece, although Greece is receiving emergency aid pending her filing. Western Germany also will be represented by a letter. Details of help for Germany to be worked out between the European Cooperation Administration and occupation authorities.

The allocations approved by WAA Administrator Paul G. Hoffman today bring to \$110,629,337 the total aid authorized for under the \$5,200,000,000 European Program. The figure does not include ocean transport costs estimated at \$5,951,000.

ATOMIC INJURIES
CHICAGO, May 7.—Sixteen physicians today completed the first medical course in the nation designed to teach them how to prevent and treat atomic radiation injury.

The students were physicians representing the Army, Army Air Force and U. S. Public Health Service. The six months course was given at the University of Chicago's Institute of Radiobiology and Biophysics.

The physicians who took the course will organize their own courses for other doctors.

COLORED VETS
Charles Young Post, No. 207, American Legion, will hold its regular meeting Sunday at 1:00 P. M. at K of P Hall West Thirtieth Street. Business of importance to veterans will be discussed. L. R. Eubanks, commander, announced today.

Forget Me Not Drive Helps Disabled Vets

The annual "Forget Me Not" drive sponsored by the Seminole County Chapter of the Disabled Veterans was the most successful ever sponsored by the local organization, it was announced today by Comd. James Young.

Comd. Young said that he wished to thank the people of Sanford and Seminole County for generously cooperating in the drive. The funds derived from the sale of the flowers will be used to benefit needy disabled veterans and their families in Seminole County, he said.

Those caring for the table on Tuesday included Robert Howarth, Lynn Tymann, John Kader, Bill Collier, Gaylord Muffley and Comd. Young.

Produce, Freight Shipping By ACL Stops At Midnight

Black Says No ACL Trains Will Move If Unions Strike

MIDNIGHT tonight will mark the deadline for shipments of freight, vegetables and fruits included, over the Atlantic Coast Line Railroad. W. M. Black, division superintendent, announced this morning is the railroad strike looms at 6:00 A. M. next Tuesday throughout the country.

The Seaboard Air Line is also reported to be putting an embargo on it midnight tonight and the Florida East Coast Railroad put it into effect last night.

Shippers of vegetables and fruits from Florida today had cars leave for the east coast and Baltimore area, according to Miss Mell Whitner of the J. C. Hutchinson Company, who reported that this was possible since the hookup into the Pennsylvania system from the ACL and SAL via the Richmond, Fredericksburg and Potomac and between Richmond and Baltimore would not be closed by embargo according to the latest advice from the railroad.

The Baltimore and Ohio Railroad is planning an embargo at 12:01 Sunday morning. Today was too late for the ACL and SAL to route produce westward or to the Central of Georgia, L. and N. or Carol WC systems. The ACL will take billing up to 11:59 P. M. tonight for movement over routes still not embargoed.

If the strike goes into effect on the morning of May 11, no trains will move on the ACL system, said Supt. Black, this morning. Except for the superintendent, train master, chief dispatcher and freight tender, no one will be on duty, he revealed.

If the strike should continue for even a few days, Miss Whitner pointed out, growers of vegetables and fruits throughout this section and the state of Florida are liable to lose many thousands of dollars as acres of celery and other vegetable crops over-ripe and rot in the fields.

There are not enough trucks to go around to deliver Florida's fruits and vegetables for the purpose will probably go to the highest bidder for the shipping service. continued on Page Three

McCarty, Warren Open Campaigns For 2nd Primary

JACKSONVILLE, May 7.—Luller Warren increased his gubernatorial lead to 16,477 over Dan McCarty today in returns from 114 precincts of 1547 following Tuesday's primary and Tom Hales had a 5,640 majority in 1389 precincts over his two opponents for superintendent of public instruction.

JACKSONVILLE, May 7.—Opening a three-week intensive campaign for the May 25 runoff primary, Dan McCarty will speak at a mass meeting in Orlando tonight at 8 p. m.

Delegations are expected from all nearby communities, with special delegations arriving from Ocala, Lake, Seminole and Polk Counties to hear the candidate for the Governorship.

Judge Wilbur Tilden will introduce McCarty, while outstanding civic and business leaders will be on the platform with the candidate.

Fuller Warren of Jacksonville will open the second phase of his campaign tonight at 8 o'clock at a rally in Courthouse Square in Gainesville. It was announced by Frank S. Wright, state campaign manager.

Warren's itinerary for Saturday will cover 11 counties, including a speech in each of them. It follows:

Starke, 9 A. M.; Lake Butler, 9:45; Lake City, 10:30; Leno, 11:15; Madison, noon; Monticello, 1:30 P. M.; Perry, 2:45; Mayo, 3:45; Trenton 5:15; Williston, 6, and Ocala, 8.

Warren left for Gainesville this afternoon, following a statewide conference of his supporters at the Hotel Roosevelt, beginning at 1:30. continued on Page Three

Attorney General Emphasizes That No Orders Of Seizure Have Been Prepared

CHICAGO, May 7.—Preparations for Tuesday's railroad strike threatened to hit American food tables a long range wagon today.

Handling of any new shipments of perishable foods, poultry or livestock were refused under embargo orders put into effect by six railroads last midnight. At least 11 other railroads have announced similar embargoes which will be in effect by tomorrow or Sunday.

WASHINGTON, May 7.—A White House conference aimed at averting a railroad strike broke up today without a sign of progress. Another meeting was set for 4 P. M. today.

Presidential adviser John R. Steelman talked for an hour and a half with heads of the three strike-threatening rail brotherhoods.

Eben Ayers, a presidential press secretary, told reporters that Steelman said it was only "a general exploratory conference."

Alvin Johnston, head of the locomotive engineers, told reporters: "All we did was spend an hour and a half talking with Mr. Steelman — exploring the situation."

Asked whether government seizure of the railroads was discussed, Johnston replied with a loud "no."

Asked if Mr. Steelman had advanced any proposal for settling the dispute, Johnston shouted "no" to reporters questioning him on a sidewalk outside the White House grounds.

Accompanying Johnston to the talk with Steelman were David H. Robertson, president of the firemen and engineers, and Arthur J. Glover, Jr., head of the switchmen's union. Neither Glover nor Robertson had any comment.

Earlier, President Truman went over the whole situation with his cabinet on Page Two
