HARDING IS ELECTED WITHOUT WAITING FINAL DETAILS DOUBTFUL STATES

Cox's Own Newspaper Has Conceded Election Harding

REPUBLICAN YEAR

PEOPLE PREFERRED HARDING AGAINST LEAGUE TO COX AND THE LEAGUE

(By The Associated Press.)

NEW YORK, Nov. 2.—On the face of returns showing the growing landslide for Harding, Governor Cox's own newspaper, the Dayton Daily News, and Chairman White, of the Democratic National Committee soon after 11 o'clock tonight conceded the election of Senator Harding without awaiting returns from the west which four years ago elected Wilson in the face of pluralities for Hughes throughout the East. The Democratic candidate and his chief manager conceded that in the solid referendum which President Wilson declared would decide the League of Nations question, American voters had preferred Senator Harding, who favored staying out to Cox who favored going in. Governor Cox, who was in his newspaper office when the concession of Senator Harding was published, said he would issue a statement. Senator Harding, at his home in Marion, said he was more given to prayer to God to "make me capable of playing my part" than he was to exultation. Chairman White also conceded the election of a Republican congress. Filed at 11:10.

DAYTON, Nov. 2.—Governor Cox's paper, the Dayton News, issued an extra shortly before 11 conceding the election of Harding.

NEW YORK, Nov. 2.—Returns from 1520 districts out of 4576 in the state outside of New York City give Harding 418,667, Cox 199,840.

CHICAGO, Nov. 2.—John Adams, in charge of the Republican western headquarters in a statement to the Associated Press at 8 o'clock said there is a landslide here for Harding.

JACKSONVILLE, Nov. 2.—Twelve districts out of one thousand in Florida gave Cox 603, Harding 64.

ATLANTA, Nov. 2.—379 districts out of 1659 give Cox 25,065 and Harding 8,477. Three counties, Polk, Pickens, Gordon reported in the Harding column. In Atlanta Harding carried first four wards.

NEW YORK, Nov. 2.—At 9 o'clock Eastern time, no single state had reported complete returns but all over East the cities were reporting heavy majority for Harding. Just before 9 the New York World, which supported Cox, flashed its signal lights to announce the election of Harding in New York and in New England as well as in Ohio, Indiana Harding majorities being reported indicated landslide in the East.

NEW YORK, Nov. 2.—At 9:30 Democratic Chairman White said: "Thirty-six states with an electoral vote of 338 haven't been heard from yet with any completeness; neither Cox nor Harding yet anywhere near the 266 necessary to elect a president. We have an equal chance to win."

DENVER, Nov. 2.—State Republican Chairman Holland at 8:30 in a statement declared Harding had carried Colorado by 40,000 and the entire state ticket carried by 30,000.

BIRMINGHAM, Nov. 2.—Democratic Chairman Lee announced at 9:45 that Representative Rainey had carried the seventh Alabama district by 2,000. This was the only doubtful district in Alabama.

WASHINGTON, Nov. 2.—After receiving early election returns President Wilson retired to his bedroom at 9 o'clock and was asleep half an hour later.

HEAVIEST WOMAN IN THE WORLD DEAD

(By The Associated Press.)
BRISTOL, Eng., Nov. 3.—Lucy Moore, reputed to be the heaviest woman in the world has just died here. At one time she weighed 608 pounds. Miss Moore was born in Kentucky and had been in the show business for many years. She traveled all over the world and was said to have received many offers of marriage.

QUIET DAY IN SANFORD AND SEMINOLE COUNTY EVERYTHING DEMOCRATIC

tionally unheard of but Harding majorities continue to roll up in the East with the indications that the state of New York will give the Republican candidate a tremendous majority. Scattered returns from other sections of the country showed Harding's vote conspicuous in normally Democratic communities. Metropolitan papers on the face of incomplete returns regarded the election of Harding certain.

NEW YORK, Nov. 3.—One of the most sweeping Republican victories in history was recorded for Harding for president and a Republican congress. Tremendous Republican pluralities continue to mount. The Democrats also lost governors, state legislatures and local candidates and the "Solid South" even threatened. Indications point that Harding will get 329 electoral votes and Cox 127 and doubtful 75. The women's vote contributed to the Republican majorities.

BIRMINGHAM, Nov. 3.—The Democrats, it is indicated, won all districts except the doubtful seventh, where the Democrat is leading by 477.

OKLAHOMA CITY, Nov. 3.—Half of the returns from Oklahoma indicate the Democrats are leading by 4,000.

NASHVILLE, Nov. 3.—It will be a close race in Tennessee. The Commercial-Appeal gives Harding 10,000 lead. Unofficial returns give Harding 71 out of 95 counties and Taylor, Republican, 10,000 lead over Robert, the Democratic candidate for governor. The Democrats claim the complete returns will show a Democratic victory.

NEW ORLEANS, Nov. 3.—The result in the Louisiana sugar belt is in doubt.

ATLANTA, Nov. 3.—Returns from half the counties in Georgia indicate a Democratic victory 4 to 1. Harding carried some mountain precincts which are usually Republican.

ST. LOUIS, Nov. 3.—Champ Clark was passed by his Republican opponent by 1,500 votes from not quite half the precincts.

BALTIMORE, Nov. 3.—Ninety per cent of the returns show Harding leading in Maryland by forty thousand.

MARION, Nov. 3.—Senator Harding is pleased with the prospects of a Republican congress. He is planning a vacation on the Texas coast and the Panama Canal zone, returning via New Orleans. He will speak at (Continued on page six)

AMERICAN LEGION WILL DANCE AT COURT HOUSE

WILL BE COSTUME DANCE BUT NOT MASKED AFFAIR

Through the kindness of the County Commissioners, the American Legion will have the use of the Court House to hold its Armistice night costume ball. This affair promises to be the greatest event of this sort that the city has ever seen, and will be in keeping with the spirit of the day.

All arrangements are now complete for the festivities of the day. Obtaining a floor suitable for the occasion, was the only uncertain part of the program and the Campbell-Lossing Post certainly feels indebted to the Honorable Board of Commissioners for their interest in our welfare.

The costume ball will be for the American Legion and invited guests, masks will not be used, but a prize of \$15 will be offered for the couple appearing in the best costume—the D. A. R. patronesses to be the judges. Also, a prize of \$10 will be offered to the couple putting on the best exhibition of dancing.

EMPEROR WILLIAM WELCOME GUEST

(By The Associated Press.)
DOORN, Holland, Nov. 3.—The village of Doorn now begins to look upon the former German Emperor as a welcome guest. His residence here, under the new tax assessment levied on the exile, is expected to increase the town's income by about \$13,265 annually, being about 25 per cent of the entire municipal tax receipts of Doorn. This is the municipal share of the anticipated revenue from taxation of William's income which the Dutch government has estimated at the normal equivalent of \$522,600 annually.

HAND ELECTED SHERIFF SEMINOLE YESTERDAY

At Chuluota Hand received 27, and Brady 17.

In No. 3 precinct Sanford, Hand received 575 against 268 for Brady.

In No. 1 precinct, Sanford, Hand received 476 against 169 for Brady.

The ninth amendment on the bonding of the state for twenty millions for roads was snuffed under by an avalanche of votes in Seminole county there being very few votes for the amendment.

BOARD OF GOVERNORS BOARD OF TRADE HELD MEETING ON MONDAY

Meeting to Devise Method For New Organization

TAKE LEGAL STEPS

TO COMPILE DATA AND GET READY FOR SEASON'S BUSINESS

A joint meeting of the Board of Governors of the Sanford Board of Trade and the recently elected officers of the Sanford Chamber of Commerce was held in the Valdez Hotel Monday afternoon.

The purpose of the meeting was to devise some method whereby the new organization could proceed to function until all legal formalities had been complied with and the old Board of Trade dissolved.

Judge Householder, who is preparing the charter for the Sanford Chamber of Commerce, advised that it would be completed and recorded within the next thirty days.

At the meeting it was decided that the fiscal year for the new organization should begin May 1st, for the reason that the Governors elected at that time could formulate and perfect plans for the following winter seasons activities. The new officers elected at the recent meeting will hold office until May 1st, at which time Governors will be elected for one, two and three year terms. The Board of Governors will also elect their own President and first and second Vice-presidents. Judge Householder was instructed to embody these provisions in the new charter.

A new finance committee consist-

ing of R. C. Bower, John Melach, and H. R. Stevens was appointed by President Miller.

The Secretary was instructed to proceed with whatever arrangements were necessary to perfect an efficient organization, and he has already stated that his initial move will be to have the Sanford Chamber of Commerce become affiliated with the National Association of Commercial Secretaries, The U. S. Chamber of Commerce, The Florida State Commercial Secretaries Association, and the Southern Commercial Secretaries Association. This will give Sanford's representative business organization prestige and publicity unobtainable elsewhere.

The practical results of the Sanford Chamber of Commerce, however, depend upon the continuation of that spirit of co-operation, so much in evidence during its organization. We feel confident that the new Board of Governors will continue the efforts of a few in making Sanford the greatest town in the central part of Florida.

Trouble Started Over Negro Being Refused a Vote

TROUBLE AT OCOEE

NEGRO WHO STARTED TROUBLE HUNG FROM TREE AND BODY RIDDLED WITH BULLETS

(By The Associated Press.)

ORLANDO, Nov. 3.—A negro named Perry, was hung from a tree and his body riddled with bullets after a night of rioting starting when the negro went to the polls armed with a shot gun because they refused to let him vote on account of his failure to pay poll taxes. Two white men are dead, and an unknown number of negroes were killed.

Particulars on the case gleaned over the phone gives the following about the rioting and killing:

The negro, July Carr, came to the polls at Ocoee yesterday to vote and not being on the list of registered voters was refused the ballot. He made his threats about what he was going to do and returned with a gun. He was disarmed and told to leave the polls and he left but returned with another gun and started shooting, and in the melee Leo Bogard and Elmer McDaniels, two white men, were killed and the negro Carey, had an arm shot off. Three other negroes were killed and two white men, Sara Saulsbury and John Turner, were wounded. The negro Carey was taken to Orlando and there he was taken from the police officers by a mob and taken to the Country Club where he was hung to a tree and his body riddled with bullets and left swinging to the tree.

Leo Bogard, is the son of W. G. Bogard, of Winter Garden, and Elmer McDaniels, is the mail carrier for that section and both young men are ex-service men and well known in the community.

Saulsbury, who was wounded, is the former chief of police of Orlando, and together with John Turner was among the prominent residents of the (Continued on page six)

NEW BANK ORGANIZED IN BERLIN BY SYNDICATE

BERLIN, Nov. 3.—A new bank capitalized at 11,000,000 marks has been organized here by a syndicate of German bankers and industrialists to foster trade relations between Germany and Russia. The new institution will cooperate with Petrograd and Moscow banks as well as with leading Russian industrialists.

It is proposed to include the Baltic and border states in the newly formed bank's sphere of influence. The VOSSICHE'S financial editor says that the lively interest displayed by the United States and England in Russian trade relations should be an incentive for Germany to turn her trade eye to the East.

He declares that world conferences will discuss the European situation in vain so long as they continue to exclude Russia from their economic calculations.

TOURIST BUSINESS IRELAND RUINED

(By The Associated Press.)

DUBLIN, Nov. 2.—The tourist business in Ireland has been injuriously affected by the revolutionary disorders. Tourist agents and hotel keepers are in despair. North Wales and the Isle of Man have captured the visitors who used to come to Killarney and Glengariff. There has been a notable absence of the usual influx of Americans.

Dublin has suffered less proportionately than other places, but Dublin's visitors did not take the risk of leaving it for the provinces. There was no danger to life or limb, but the dislocation of the railway service caused by the refusal of the railway men to carry soldiers, police or munitions made the train service so uncertain that nobody could count safely on reaching or returning from any given destination within the limits of a holiday.

PRINCE HAS RIVAL

(By The Associated Press.)

Christmas Offerings To European Young

**METHODIST BOARD OF SUNDAY
SCHOOLS WOULD DEVOTE OFFERINGS
TO STARVING ONES**

(By The Associated Press)
CHICAGO, Nov. 2.—The Board of Sunday Schools of the Methodist Episcopal church is sending out an appeal to its 4,500,000 Sunday school members to devote their Christmas offerings this year to sending food, clothing, medicine and other relief to the suffering children of Europe. Announcement is made from headquarters in Chicago.

Bishop John L. Nuelson, a member of the International Committee for the Relief of Children, who recently returned to this country from Zurich, Switzerland, says the outlook for the coming winter in the needier sections of Europe is dark.

"Those countries before the war could not support their own populations but were depending upon large imports of provisions," he said. "South Russia, which supplied large sections of Europe with grain is not in a position to support its own populations. These countries have no gold to buy grain from Australia or America. They cannot manufacture goods for export because they have not enough raw material or coal and they have no credit.

"If you draw a line north through the devastated area of Belgium and South through the entire continent and then travel east through Dalmatia, Albania, Montenegro, Slovakia, Macedonia, and Greece into Turkey, and then travel north through Serbia, Bulgaria, Czechoslovakia, Hungary, Austria, Rumania, South Germany and on through North Germany, Poland, Lithuania, Latvia and Estonia into Russia, through Russia to Siberia and South into Asia-Minor and Syria, Armenia and Mesopotamia, you will find in that vast territory hardly one child in a thousand which is not under normal either physically, mentally or morally."

Bishop Nuelson added that thruout all the war-swept and famine-stricken sections of Europe the "teachers in the schools find that the children are so undernourished that it is a physical impossibility for many of them to concentrate their attention upon school work for even three hours a day."

L. S. Brown, of Jennings, Hamilton County, who bears the distinction of paying the price of record for a three week's old pig, was a visitor to Jacksonville recently. Mr. Brown made his purchase a month ago at the Harvard and Poteet auction sale of pure bred hogs, in Live Oak, paying \$725 for the pig.

More than forty acres in the naval stores yard afford ample capacity for 200,000 barrels of rosin and 50,000 barrels of turpentine, assisting materially in making Jacksonville the largest naval stores market in the world. These belong to the Onizodore Point Terminal Company, the naval stores yard being the largest in the world.

STEALING OLD COINS

LISBON, Nov. 1.—Authorities of the National Library have been mystified by the theft of more than 100 gold coins of inestimable value from the famous numismatic collection at that institution. The fact that the keys of five doors were used and replaced and that all the most valuable coins were stolen, leads to the belief that the theft was committed by a member of the library staff.

The thief carefully rearranged the remaining coins so that those taken would not be quickly missed.

A large number of ladies were present and enjoyed the afternoon working on articles for the Christmas bazaar, after which a salad course was served.

The club will meet next Monday with Mrs. Volle Williams at the home of Mrs. A. C. Williams on Oak avenue.

Miss Martha Fox has returned from a very pleasant summer in the north.

G. F. Smith left Tuesday on a business trip to Denver.

BRIDGE AT THE WELAKA

The ladies of the Welaka Colony delightfully entertained at cards on Tuesday evening.

Bridge was played at four tables in the lobby. High score, a library table set of scissors and paper cutter was won by Miss Mable Bowler.

Coffee and sandwiches were served at the conclusion of the game.

DUPLICATE LUNCHEON CLUB

The Duplicate Luncheon Club was beautifully entertained Tuesday by Mrs. D. C. Thrasher.

A delicious four course luncheon was served to eight in the dining room which was most attractive in the orange and black of Hallowe'en. The table was lovely; a large glass basket of orange cosmos tied with a bow of black maline formed the centerpiece. The place cards were tiny bewpice dolls with orange hats and black bows and the favors were or-

ange baskets with black cats on the handles.

The prizes, attractive little gold pins, were won by Mrs. Roumillat and Mrs. Bowers.

Mrs. Bowers and Mrs. Thrasher were substitutes for the absent members.

AUSTRIAN DEFICIT 13 BILLION CROWNS

(By The Associated Press)

VIENNA, Nov. 3.—A deficit government for the current year of 13,000,000,000 crowns is admitted by the Finance Department. Other estimates, however, place it at a much larger figure, in view of the constant demands of state employees for increased wages and allowances which the government must concede.

Replying to a delegation of civil servants the government admitted that there were 60,000 more employees on the payroll at present than were covered in the estimates. Also it was confessed that it was next to impossible to reduce the list and throw these people into the ranks of the unemployed with the approach of winter.

AMENDMENT LOSES OUT OVER THE STATE

The State of Florida has turned down the amendment to vote twenty million dollars worth of bonds on the people for roads that would run anywhere and nowhere and that were not specified for any amounts and for any time or place. From all reports over the state it seems that the large majority of the people turned down the amendment and turned it down so hard that it will not be thought of in the same breath for many years to come. People want good roads but they do not want them in the shape that the amendment would give them. Meantime if some one gets up an amendment in terms to suit the taxpayers it might be possible to carry it. The amendment was defeated about five to one in almost every county in the state.

Six Kinds of Safety

Have you every paused to consider the safety of the bank where you deposit your money?

The first consideration is the capital, which should be ample to meet the requirements of the community the bank is to serve.

The next question to consider is the officers in charge. They should be men of experience, high character and successful. Without men of ability no institution can succeed.

Then there is the question of confidence. The public should have confidence in the officers and in the bank.

These three principles determine the success of a bank.

We adopted these principles in the outset of our career and we expect to live up to this high standard and increase our usefulness to the community as the years go by.

We Offer You:

- 1ST: LARGE CAPITAL AND WORKING RESERVE.
- 2ND: TRAINED MEN IN CHARGE—MEN OF SEVERAL YEARS EXPERIENCE.
- 3RD: THE CONFIDENCE OF THE PUBLIC, WHICH IS PROVEN BY THE DAILY ADDITION TO OUR LINE OF DEPOSITORS.
- 4TH: PROTECTION BY TWO EXAMINATIONS EACH YEAR BY THE STATE BANKING DEPARTMENT, TWO AUDITS EACH YEAR BY AN INDEPENDENT RECOGNIZED PUBLIC AUDIT COMPANY AND TWO SWORN STATEMENTS SUBMITTED TO THE STATE COMPTROLLER BY THE CASHIER, GIVING THE BANK'S CONDITION IN DETAIL, ALL OF WHICH INSURES REGULAR, SYSTEMATIC AND THOROUGH OPERATION OF THE BANK.
- 5TH: THE ADVICE OF A COMPETENT BOARD OF DIRECTORS, WHO MEET WITH THE OFFICERS REGULARLY EACH MONTH AND ADVISE THEM AS TO THE OPERATION OF THE BANK.
- 6TH: INSURANCE OF ALL DEPOSITS EVERY DAY OF THE YEAR. THIS IS A PROTECTION NOT COMMONLY FOUND IN BANKS AND IS AN ABSOLUTE PROTECTION FOR YOUR FUNDS, IN ADDITION TO ALL THE OTHER USUAL SAFEGUARDS.

THESE ARE REASONS WHY YOU SHOULD DO BUSINESS WITH US, AND WE BELIEVE THAT NO BANK CAN OFFER BETTER INDUCEMENTS.

Well, it is all over.

And a good time to forget it.

And get down to real business again.

And by real business we mean building of those new hotels and golf links.

And all the new houses and the boat basin and the yacht club and that White Way and a hundred other improvements.

We lose a lot of valuable time talking politics and yet it is no doubt for the good of the public and unless we take an active part in politics we will never elect good men to office. And we believe this will apply in greater measure to the women than to the men.

And now that it is all over we still believe that the Republican party means more wars and more battleships and greater armies in order that the big trusts and corporations and big business can sell their goods to the government at war prices. This has always been their game and there is no reason why they should change. Time will tell.

Armistice Day is the next big thing on the calendar and this will be next week November 11th. Let us help the Legion boys to make it one of the biggest days in the history of the city and to make it the biggest will take the united efforts of the boys and all of their friends. It should be the day in history for to our mind it is that and then some. When you think of what Armistice Day really meant to all of us it begins to dawn on the mind that we cannot do too much that day to show our appreciation to the boys who sacrificed so much to "make the world safe for the Democrats."

REPUBLICANS WIN

At this time it looks like a landslide for Harding for president and also the senate and house will be Republican. If the latter it is much better that Harding is elected than Cox for no man can do anything in the office of president when the house and senate are against him. We just had such a condition and with it four years of back-biting and handicapping of the president until it broke his health and his spirit. Now with the Republican president and the Republican senate and house and with the "Round Robin" senators to back him up it will be most interesting to watch the progress of the "me too" president that the Republican bosses have selected to pull their chestnuts out of the fire. It will be more than interesting to see what Harding does with the League of Nations and it will be most interesting to see what he does with the Irish question that he has promised to settle without the League of Nations and for which he obtained the Irish vote. It will be most interesting to see what he does with Germany now that he has obtained all the German votes in America by such promises and it will also be most interesting to see how he appeases the American mothers who were wanting to see peace and yet who did not think enough of the League of Nations to vote for Democracy. THE RACE QUESTION WHICH CONCERNS ME MOST IS THE FINANCIAL RACE. THE MORE YOU PUT INTO IT, THE MORE YOU GET OUT OF IT. WE ARE BOUND TO WIN ACCORDING TO OUR EFFORTS. START IN THE RACE BY INVESTING IN 8 PER CENT CUMULATIVE PREFERRED STOCK OF THE SOUTHERN UTILITIES COMPANY. THE GOAL IS SURE, SOUND AND SAFE. THERE'S NONE BETTER.

see how soon Mannikin Harding will start jumping on the bosses wire when they want to build up a bigger navy and army and spend millions for the same.

Yes, we are waiting to see many things that could not be forecast before the election and in this next four years it will be Republicanism with a big R and after it is all over they cannot lay anything to the Democratic party. It will be their own particular funeral and the people will be the ones to suffer as usual. But here in the solid South we can stand the pressure all right and perhaps remain in the United States for another four years. After four years of this bunch in power it is dead certain to go Democratic in 1924.

THE WOMAN VOTE IS WITH US AT LAST

The present campaign has demonstrated one fact "beyond the shadow of a doubt," as the spell binders say, and that is that the entrance of woman into political life has been attended by none of the evils which were so freely predicted by the opponents of equal suffrage. Women have not been lowered, they have not "dragged their skirts in the alleys of politics," they are no worse for taking an intelligent interest in the government of the country in which they have always lived. When the summing up is made, there will stand to the credit of woman the example of intelligent, conscientious citizenship, which she has set for man.

Everywhere the women have formed clubs and classes to fit themselves for their new duties. They have studied the constitution of the nation, and the laws which govern citizenship; they have practiced voting in mock elections to familiarize themselves with the methods of voting; they have listened to addresses from competent instructors, and have attended political meetings of both parties to post themselves on the issues of the day. They have done all this and much more, without the sacrifice of a single womanly charm, without neglecting a single home duty. They have proved all the predictions of evil with the coming of equal suffrage, to have no other foundation than the ignorance and prejudice of the false prophets who put them out.

Where and when in all time have the male voters of the nation shown one-half the zeal and conscientious interest in voting that the women have shown in the brief time they have had to prepare themselves? A man goes to the polls in a careless, indifferent way, urged by the dictates of party, or the desire to help a friend to secure an office. It is a mere incident of the day with many. Some do not go at all, considering politics a dirty business, with which they have no concern. Not so with woman. She considers it a solemn, conscientious duty which she owes to the nation which has always protected her in the enjoyment of her home and the education of her children. She has endeavored to fit herself, as best she might for the performance of this sacred duty, and she will cast her ballot in accordance with her convictions formed after a careful study of the issues of the campaign. She will not be influenced by party traditions, for she has no such traditions behind her. She will be an elevating and purifying influence in political life, which we sorely need at present. So we say all hail to the women voters.—Tampa Times.

FARMS IN FLORIDA

On October 16th the Associated Press reports carried the information that the number of farms in Florida, according to the last census were 6,808 less than in 1900 and 16,010 less than in 1910. Realizing there was some mistake, Secretary Holworthy laid the matter before the director of the census and has just received the following information:
The number of farms in Florida in 1900 was 40,814; in 1910, 50,016; in 1920, 54,006, making an increase of 30.5 per cent in the twenty year period.

The increase in Polk county from 829 in 1900 to 1,365 in 1910 to 2,552 in 1920. These figures, of course, only include those farms which were enumerated because there is every reason to know that there are many farms not only in Polk county but in the state at large which the enumerators never saw. As a matter of fact the enumerator of farms for Polk county was in the office of the Chamber of Commerce three weeks ago (at which time the report was in type) asking for assistance in securing proper parties to get this particular information, therefore, so far as Polk county is concerned, the statistics can be but the result of a guess.—Lakeland Telegram.

The Facts of the Telephone Situation in Florida

By J. EPPS BROWN, President.
SOUTHERN BELL TELEPHONE & TELEGRAPH CO.

Florida's Telephone Service Needs

The Company has 660 unfilled applications for telephone service in the state of Florida today.

We can not furnish this service because we do not have the facilities. During 1919 our forecast for 1920 warned us to expect and prepare for this demand. This we did.

During 1919 adequate facilities to meet the 1920 service demand were planned, the necessary money arranged for, their immediate construction authorized and orders for material and equipment placed with the manufacturers.

To complete this 1920 construction program for Florida, now under way, requires the expenditure of \$400,000.00.

The 5th and 6th advertisements of this series give the details of this construction program and the reasons why the material and equipment orders have not been filled.

Until these orders are filled, sufficient facilities to supply this service can not be provided.

The demand for service continues to grow.

Modern conditions and business methods have made telephone service a basic unit of commerce.

As the population and business of the country grow, the need for telephone service grows.

No one doubts that the population and business of Florida will continue to grow.

Our forecast for the next five years' service requirements shows that, at the end of 1925, there will be a net gain of 9,300 telephones in this state.

These forecasts are based upon population, present and prospective, and an analysis of business conditions, present and prospective. The Company's present plant in Florida was built upon such forecasts, and experience has proven their accuracy.

To meet the almost certain demand for telephone service in Florida during the next five years (in addition to the 1920 construction program now underway), plant must be installed and expenditures must be made as follows:

FIVE-YEAR PROGRAM OF CONSTRUCTION, STATE OF FLORIDA.

	Telephone Installations	Telephone Disconnections	Net Gain	Total No. of Telephones	Construction Cost
In 1921	5,400	3,700	1,700	28,428	\$ 959,154
In 1922	5,700	4,000	1,700	28,128	658,710
In 1923	6,400	4,500	1,900	30,028	1,164,510
In 1924	6,900	5,000	1,900	31,928	1,765,010
In 1925	7,700	5,800	1,900	34,028	1,040,510
Total	32,100	22,500	9,300	464,028	5,587,896

These amounts are subject to increase in the amount we fall short of completing the 1920 program.

In no other way can this service be furnished. The necessary facilities do not exist; they must be built.

They must be built in advance of their actual need; in no other way can there be a "readiness to serve."

The next advertisement will tell you why and what you can do to insure telephone service for the immediate future.

WEATHER REPORT

For Florida: Fair tonight and Thursday slightly cooler in north and east and south portion tonight.

W. V. Dunn, of Lake Mary, is in the city and reports his precinct as being on the right side.

O. G. Walcott, of Oveido, was in the city today bringing in the election returns from that precinct.

J. H. Huddleston, of Geneva, was among the prominent visitors to the city today bringing in the news that Geneva was still Democratic.

Claude Massey, of the Richmond Paper Co., is in the city today calling on the local printing trade. Claude is always a welcome visitor to any printing office in the state.

James A. Adams, of Sorrento, was in the city today and called at the Herald office. Mr. Adams is a former newspaper man from the New England states and has come to Florida to make his home.

Mr. and Mrs. Robert Waltham, of Sanford, Fla., are spending several days at Key West. They will visit Miami, Palm Beach, and will return to Sanford the latter part of next week, via Jacksonville.

The Thirteen Club had their weekly luncheon at the Valdez Hotel today and transacted much business of importance with one or two of the members absent. The Valdez furnished a fine menu and the club enjoyed it to the fullest.

Mr. and Mrs. C. D. Brumley, of Chuluota, are in the city today on business. They will open the splendid Chuluota Inn on Thanksgiving day with a big turkey dinner and many from Sanford expect to be there. Read the advertisement in this issue.

Remember the demonstration of the Ideal Fireless Cooker is going on at the Hill Hardware Company. Whether you wish to purchase one of these time and labor savers now or later, do not fail to call and acquaint yourself with its numerous good features. A factory representative will explain it in detail. 181-1tc

Bert Krogstadt, the golf expert of Winter Park, was in the city today looking over the prospects of an early start on the Sanford golf links. Nothing has been done about this matter as yet but the Board of Trade is expected to get ready for it now that the election is over and people can get down to earth again.

L. J. Baker has a small store at the corner of Sanford avenue and Fourth street, with small overhead and he is selling groceries at a small profit. If you will read his ad in today's Herald you will see where you can save money on several items—he has other money saving specials not advertised.

M. M. Smith is in the city today from his home at Winter Park. Mr. Smith was head of the road department up until last week when his time was out and Governor Catts refused to reappoint him. Mr. Smith has many friends here who hated to see him leave the State Road Department but they are also glad to know

that if Mr. Smith could not be reappointed that a Sanford man, Forest Lake, could get it.

Rivers Bros. recently put on a 10-day sale that was so successful that they have continued the sale prices throughout November. This is a real, honest-to-goodness cut-price sale. You can save one-fourth on all shoes—the Selz brand—just to mention one item among many. Rivers Bros. are at the corner of Sanford avenue and Fourth street—clear out of the high rent district and they give their customers all this saving in overhead expense. Read their ad in another column of the Herald each day this week. They are advertising some money saving specials that will interest the careful buyer.

Attend the demonstration of the Ideal Fireless Cooker at the Hill Hardware Co., all this week and learn of the real merits of this wonderful time and labor saver. It's all free and you are invited. 180-1tc

NOT GUILTY VERDICT IN CASE AGAINST A. C. L. BROUGHT BY W. B. TALLEY

Lakeland friends of W. B. Talley, of Jacksonville, will be interested in the following from the Jacksonville Times-Union:

The case of W. B. Talley against The Director General of Railroads (Atlantic Coast Line railroad) growing out of the very distressing accident which occurred last year, on Sunday afternoon, in which an automobile collided with an engine on the Atlantic Coast Line at the railroad crossing on the old Orange Park road, about three miles from the Southwest city limits, came to an end Friday afternoon after having been on trial in the circuit court before Judge D. A. Simmons for the last eight or nine days. This case has been exciting a great deal of interest on account of the fact that five children and one lady, the wife of W. B. Talley, were killed in this accident.

The whole community remembers the catastrophe and it was not surprising when public interest all over the city was aroused as to the outcome of the case. The testimony was closed Thursday night, and arguments of the attorneys for the plaintiff and defendant were made Friday, Judge Simmons charging the jury about 1 o'clock.

The jury was out about three-quarters of an hour and returned into court rendering a verdict of not guilty. This verdict exonerates from all blame the engineer and other members of the train crew for the unfortunate accident.

There are four or five other cases yet for trial growing out of the same accident, but as to whether they will be tried or not, since the verdict of not guilty in this case, is yet to be seen. The attorneys representing Mr. Talley were A. H. and Roswell King. The attorneys representing the defendant were J. L. Doggett, W. K. Jackson and J. L. Doggett, Jr.—Lakeland Telegram.

The Logical Treatment "ENERGIZER"

For Many Human Ills.

A prominent business-man woke up last Monday with a real case of Sciatic Rheumatism. He was "Energized" twice and on Thursday he was found "cleaning-house" at his store. Ask him.

A younger well-known man came in Friday with an immovable stiff Neck—Neuritis, probably—and in 20 minutes he went out with his neck O. K., and feeling better ALL OVER.

BUT—why wait till it strikes you? Surely there is enough PROOF all around us that "a stitch in time" is much more intelligent than any other way.

WHO WAS IT?

Who was it that put on the first cut-price sale this season? Who was it that started the downward trend of prices in Sanford? And who is it that has their clothing marked at a figure right now to where there is no money in Clothing this fall? ITS

THE STORE THAT IS DIFFERENT

And it is well for you to remember that you can still get clothes at all prices and it is difficult to understand just what is meant by lower prices. To realize the price situation you must use as a standard, clothes of known value. That's Society Brand. We make it clear when we offer THESE clothes at THESE prices. And again you must remember—

We are offering Special Bargains on Special Suits
but we have cut the Price on all our Clothing
