Dr. Al at the vestibule of heaven

Dr. Al, 77, to realize dream of priesthood

By Ruse White HERALD STAFF WRITER

SANFORD - Doctor Al will become Father Al on Saturday morning in a very special ordination at All Souls Catholic Church.

Come early if you want a seat.

The friends and family of Al Fornace surely will fill the place to see Bishop Norbert M. Dorsey ordain Fornace to the priesthood at 10 in the morning.

CNN, CBS, ABC and NBC ought to be there, too.

After serving more than 50 years as a physician helping to save lives. Fornace will now try to help save souls as a Catholic priest.

A couple of weeks before he turns 78, he is

A couple of weeks before he turns 78, he is beginning a life he felt called to six decades ago as a junior at St. Joseph's Prep Jesuit high school in Philadelphia.

Fornace said that a quarter of the boys in his class at St. Joseph's entered the priest-hood and he wanted to be with them. "But I didn't think I was in their league," he said. "And I turned to medicine."

New Tribes delegation to testify in D.C. about missing missionaries

By Nick Pfeifauf HERALD STAFF WRITER

SANFORD - A delegation from New Tribes Mission in Sanford will be going to Washington, D.C. soon. Two of them will be testifying before a congressional committee regarding 3 men held captive in Columbia, South America for more than 5 years.

The 2 who will appear before the committee are Tania Rich, wife of one of the captives, and Dan Germann, a member of the Crisis Management Committee and the Executive Committee of New Tribes.

Public Affairs Manager Macon Hare said most of the other members of the Crisis Management Team will also be in attendance. "And the wives of the other 2 missing men, Nancy Mankins and Patti Tenenoff, are also going," he said.

The Committee on International Relations was scheduled to open hearings today at the Raburn House Office Building. The hearings, entitled "U.S. Narcotics Policy Toward Columbia" are not specifically aimed at the captives. The main focus is to investigate international drug trade and importation.

The Sanford connection was instigated by U.S. Congressman John Mica who asked committee Chairman Benjamin Gilman to include the New Tribes Mission representatives in the hearings.

The committee is to turn its findings over to

zuela next month. It will be attended by the heads of state from countries throughout the North, Central and South Americas as well as Spain and Portugal.

Mica has sent letters to members of the Inter-

Rights, (IACHR), scheduled to be held in Vene-

Mica has sent letters to members of the International Relations committee suggesting they hear the New Tribes Mission people regarding the kidnapping and turn its findings over to the liberian-American hearings. Mica wants the IACHR to urge the Colombian guerrillas to release the missionaries.

Gilman has subsequently sent a letter to Tania Rich, wife of Mark Rich, one of the three New Tribes men being held by the guerrillas. She has been asked to address the hearings on March 31. Your testimony regarding your experience since the kidnapping of your husband Mark Rich by the FARC (guerrillas) would be beneficial to and welcomed by the members of the committee,"

Germann is also expected to play an important part in the testimony. Hare said Germann was maintaining contact with the guerrilla leaders via radio for the first few years following the capture of the three missionaries. "He has only been back here in Sanford for about a year," Hare said, "but I'm sure he'll have some interesting information for the members of the congres-

State of the county includes partnership with business

By Russ White HERALD STAFF WRITER

ALTAMONTE SPRINGS - Not a disparaging word was uttered Thursday afternoon when the county's government and business leaders held a Team Seminole rally at the Hilton Orlando North.

County Commission Chairman Randy Morris gave an upbeat State of the County address that stressed the importance of partnerships and teamwork by the public and private sectors.

teamwork by the public and private sectors.

"There used to be lots of friction among the cities - a let's protect our own turf attitude," said Winter Springs Mayor Paul Partyka. "People didn't even want to talk to each other. The more we talk now the quicker we're find solutions to problems."

"I'm pleased by the tone of the chairman's address and the emphasis on operating as a team," said Lake Mary Mayor David Mealor. "Our success is our neighbor's success and their success is ours. There are no more border wars."

Morris asked for a concentrated effort from the county, city and business leaders to redevelop 13 miles along U.S. Highway 17-92, which runs from the Orange County border to Lake Monroe in Sanford. The blighted road touches five of the county's seven cities. Four of the five have joined the redevelopment effort.

Casselberry Mayor Bruce Pronovost said the city was eager to do all it can in the 17-92 redevelopment. Residents of Casselberry and Fern 'There used to be lots of friction among the cities - a let's protect our own turf attitude' -----Winter Springs Mayor Paul Partyka.

Park are begging elected officials to rid the area of the adult entertainment and sexually oriented businesses - most of them on 17-92.

"This is a very complicated matter," Pronovost said Thursday. "It is a land use issue, a Constitutional issue, an economical development issue. We're moving very slowly." Casselberry, he said, has not determined whether to have an interlocal agreement with the county as Sanford recently adopted.

One of the more intriguing possibilities is that there will someday be an interchange constructed at the intersection of 17-92 and Route 436, the busiest intersection in the Orlando area. Such a construction might cause two or three adult clubs to move.

There are a number of road projects that will affect everyone who lives in Seminole County. Mealor is excited about the widening of Rinehart Road in Lake Mary, and the construction of an I-4 interchange at County Road 46 A.

24 students injured in bus accident

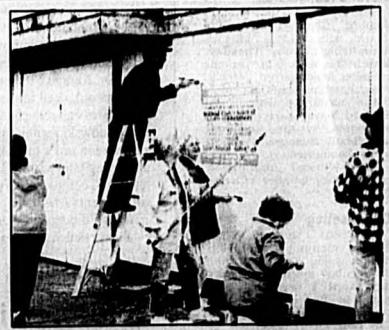

From Staff Reports

WINTER SPRINGS - On the way to the Orlando Arena for the NBA Stay in School Jam, 24 Tuskawilla Middle School students suffered injuries as three school buses collided.

The accident occurred on the East-West Expressway as the lead bus driver overshot the exit onto Interstate-4; the other buses were following too close behind and rear ended each other. The wreck caused a 30 -minute delay, and 6 ambulances were dispatched to transport the injured to Columbia Park Medical Center, Florida Hospital-Orlando, Orlando Regional Medical Center and Princeton Hospital.

The buses sustained \$30,000 in damage, and the drivers of bus 2 and 3 are being issued citations for careless driving. The accident happened around 10 a.m.

Sanford Main Street progresses: Should area be expanded?

By Nick Pfeifauf HERALD STAFF WRITER

SANFORD - A report on Sanford Main Street before the Sanford City Commission Monday afternoon, resulted in one commissioner questioning if the project might be expanded to include merchants in the Goldsboro area.

The question arose following presentations by Main Street coordinator Jennifer Singeisen and President Elect Michael Skat at a commission work session.

painted an extremely bright picture regarding the future of downtown Sanford. The focus of their comments dealt with what is being accomplished as the result of previous committee appointments, formulations

and activities.
Singeisen explained that

there were a number of committees presently operating. "Right now, our Economic Restructuring Committee is compiling an assessment of vacant downtown buildings," she said. "From that we will be looking at what might be leased as is, or improved to make them leasable and up to city code requirements."

She continued, "From that point on, we'll be making recommendations to property owners about what we believe might be necessary to make their buildings more available." She added that this year, the committee plans to expand efforts on this to include vacant buildings in the historical downtown residential area as well.

McKinney to sing out as minister of music

Special to the Herald

LAKE MARY - As a part of the continuing and expanded outreach, First Baptist Church of Markham Woods is pleased to announce that it has engaged Tom McKinney as the Minister of Music. McKinney has an extensive background in music performance and music education. He was a soloist at the Metropolitan Opera during the 1970s, and then was engaged for more than seven years as principle soloist and guest artist at most of the major opera houses in Europe. He served as one of the principle baritones at both the Vienna Volksoper and Staatsoper during his time in Europe. McKinney has starred in more than 50 musicals, 25 operas and has appeared as guest star at New York's famed Radio City Music Hall five times. McKinney has per-formed opposite such luminaries as Vincent Price, Milton Berle, Jerry Lewis, Farrah Fawcett, Beverly Sills, just to name a few. McKinney appeared on the Mery Griffin Show many times and was a guest on The Tonight Show with Johnny Carson in both New York and Los Angeles.

McKinney has been teaching the 'Seth Riggs Speech Level

Tom McKinney is now at First Baptist Church Markham Woods.

Singing Technique" for more foremost vocal technique than 25 years. Riggs is the teacher in America today, and

there are only a select few that are certified to teach his technique. McKinney is the only certified teacher of this extraordinary technique in the South East. Riggs' roster of star studded students include Michael Bolton, Bette Midler, Celine Dion, Barbara Stricsand. Whitney Houston and many more, too numerous to mention. Some of McKinney's own outstanding students. both past and present include: Kathy Damon, star of "Soap"; Jan Eckhart, soloist, New York's City Opera; Dennis Duggan, star of more than ten Disney Movies; and Julio Eglesias, Jr., recording artist. Ann Jeffries and the late Jose Ferrer are Just some of the other stars that have studied with McKinney and his teacher, Seth Riggs.

First Baptist Church Markham Woods invites you to call the church office for an appointment to visit with McKinney. He is accepting voice students of all ages and experience; and he will be teaching at the church which is conveniently located near Heathrow, Alaqua, Sanford and Lake Mary Communities. You may call the church office at (407) 333-2085. The first evaluation lesson is always free.

Upsala chapel named for former pastor

Upsala Community Presbyterian Church, 101 Upsala Road, Sanford, honored former Pastor Darwin Shea and his wife Jeanne with a special celebration on Feb. 15. The theme Honoring Dar and Jeanne--Servants of the Lord' was carried out throughout the day. Following morning worship in the main sanctuary, the congregation gathered in front of the little white historical church building and the Sheas, with Rev. Lloyd Alamaha (left) were presented a marble plaque from the Elders and Congregation declaring that this building will be known hereafter as Shea Chapel. Mezzo Soprano to perform in Holy Creative Cross Lutheran concert series

Special to the Herald

LAKE MARY - On Sunday, April 19, at 7 p.m. the Concert Series at Holy Cross Lutheran Church, 760 Sun Drive, Lake Mary, Florida will present Dr. JoAnne Stephenson in concert. Stephenson is a Mezzo Soprano with a wonderfully versatile range and tone. Her interpretations of the songs in her concert range from boldly contemporary to warm and heartfelt renditions of the Classics. Her accompanist, an equally talented pianist and ballet choreographer is sure to delight the audience as well. This is guaranteed to be a wonderful concert presented in a unique and warm performance venue. The concert is free to the public and will be followed by a reception to meet and honor the performers.

JoAnne Stephenson is an active performer and lecturer in the field of vocal music. She has recently performed in Lady Lake, at The Villages, in the Church on the Square's artist series. The performance was video taped, and was shown on The Villages local cable television station this past March. Other artist series include, The Village, in Gainesville, The Cathedral at St. Lukes, Bachs' Lunch concert series, the Ninth Annual African American Artist Series, in West Palm Beach, Florida, and the 1995-1996 Artist Series in Tampa. She has also presented lecture/recitals including the 1995 College Music Society's National Conference, in Portland, Oregon, and the 1996 College Music Society's Regional Meeting in Miami. In November 1997, Dr. Stephenson was invited to perform in Decatur, Georgia, at the Chicago Renaissance Symposium, held on the campus of Agnes Scott College. This performance featured some of the classical songs written by Florence Price, and was aired in February 1998 on WABE, Atlanta's classical Radio station. Dr. Stephenson has also been an occasional soloist at the First Presbyterian Church in Orlando, and has participated in some of their Christmas and Easter concerts. As a recitalist, JoAnne Stephenson is actively preparing and performing recitals to present at various ven-

In addition to these staged performances, her operatic performances include the roles of the Mother in Scott Joplin's Treemonisha, the Countess in Le Nozze di Figaro, and Fioridiligi in Cosi fan Tutti. Other performances include the singing of the "Star Spangled Banner" for a 1998 Orlando Magic game.

Joanne Stephenson is currently an Assistant Professor of Voice at the University of Central Florida, where she has been teaching since August 1994. For two and a half years, Dr. Stephenson directed the UCF Gospel choir. Under her leadership, the choir performed in several venues, including Bethune Cookman College in Daytona Beach, Trinity Christian Methodist Episcopal Church in Miami and the Central Florida Community College, in Ocala, Also Dr. Stephenson had the honor of being asked to present the Gospel Choir, for the first time, before the Board of Regents for the universities in the Florida state system.

Dr. Stephenson is also an active adjudicator, and master class presenter. As an adjudicator, she has judged voices for the National Association Teachers of Singing, including the central and regional competitions, and the Florida Association. As a master class presenter, she has presented several classes, including the master class for the Community College Symposiums held at the University of Central Florida, in 1997 and 1998.

The accompanist for Dr. Stephenson will be Kim Tuttle, Artistic Director and Resident Choreographer for Dance Alivel Tuttle began her studies in Gainesville, continuing at the prestigious Stuttgart Ballet where she was ballet coach and staff planist. Tuttle majored in music on scholarship at the University of Florida and subsequently became a recording artist. She received a choreographic fellowship from the State of Florida in 1979 and 1986 and is in demand as choreographer. master teacher and artistic advisor. Tuttle has choreographed well over sixty ballets in the last twenty years, among them Bolero, Tango Rose, Don Quixote, Taming of the Shrew, Mass Celebration, Dracula, Tom Jones and Rite of Spring. Tuttle served as Ballet Mistress for Zurich Ballet under Patricia Neary for the 1984-85 Scason. As Director of Pofaht Studios, Tuttle served on the State of Florida Dance Panel for 1991-92 and the faculty of SFCC for three years.

Can lymphoma cause anemia?

DEAR DR. GOTT: Are there disorders that cause the body to destroy its own blood cells? My wife is 45, has lymphoma and was given chemotherapy, which broke down her immune system. Subsequently, she developed anemia from blood destruction. Have you heard of similar cases?

DEAR READER: Yes, I have They're not all that unusual,

A person can develop anemia from three fundamental situations: She's not making enough blood, she's losing what blood she has, or she is destroying blood cells.

In the first instance, nutritional deficiencies are usually to blame not enough protein, iron or essential vitamins

In the second instance, bleeding is occurring somewhere: from an injury, peptic ulcer, excessive menstruation and so forth. Treatment is directed toward stemming the loss of blood.

In the third instance, the situation is more complex. There are many reasons why patients destroy their own blood autoimmune diseases (lupus and others) rank first, followed by certain cancers, severe allergies and chemotherapy. As you pointed out, one would expect chemotherapy (which reduces the immune response) to reduce hemolysis (bloodcell destruction) - and sometimes it does. However, along with affecting blood formation, it often has the additional effect of causing the body to attack its own blood cells, Granted, your wife's lymphoma is a notorious cause of hemolysis and is probably the cause of her anemia. But you should check with her oncologist to discover the cause of her hemolytic anemia, Is it the lymphoma or the therapy'

The treatment for this type of anemia is blood transfusions, until the precise cause can be determined by blood tests

DEAR DR. GOTT: For several years, I've experienced an unusual symptom: Without warning, my testicles draw upward out of my scrotum. I don't have a hernia. My doctor keeps prescribing antibiotics, to no avail. Now I have a nagging ache in my groin and I'm quite worried

DEAR READER: Nature has supplied a mechanism to help protect the testicles from harm. Under certain circumstances - notably stress and exposure to cold - the testicles are pulled up out of the scrotum by the cremasteric muscles. Once the "threat" has disappeared, the muscles relax and the testicles drop back into their normal positions.

If you have been checked for a hernia and do not have an infection to explain your symptom, it is probably caused by an overactive cremasteric DR. GOTT **PETER** GOTT, M.D.

response: The cremasteric muscles are simply contracting inappropriately. Although you may wish to see a urologist for confirmation, this cremasteric response is not harmful and will not injure you. The aching that you experience is common and should disappear with time.

Tonight: Oviedo at Lyman baseball, 7 p.m.

See if the Greyhounds can rebound from a crushing loss to Lake Mary on Wednesday. They led 2-1 going into the sixth inning before blowing the lead on a series of errors. They had been at the top of the conference before the loss which has seemingly every

team in the county trading places at the top. Lyman is led by a strong batting order which includes leadoff man Billy Hess and the heart of the order, Tyler Carr, David Milton and Jose Torres.

Ovtedo is strong as usual and headed by coach Kenne Brown. Scott Farrell, Jeremy Frost, Ben Knapp and Paul Werner are only some of the leaders from a talented team that always competes for a trip to states.

Knapp, considered one of the top two pitchers in the county, is expected to be on the mound with his 90-plus mile per hour fast-

March 31: Lake Brantley at Lake Mary, softball, 7 p.m.

The Rams have been unbeatable for several weeks and are continuing to improve with each game. They feature a three-person plttching staff of Halite Sowards. Sarah Smith and Kelly Harbour that is saybe the strongest and deepest in the state.

Then you have to take a look at the Lake Mary offense which features slugger Brea Van Swearingham and Lyndsey Manz who is just now returning to the Lake Mary lineup. The Rams' already have two state titles in girls' sports but don't count out a third.

April 1: Lake Mary at Lake Brantley, baseball, 7 p.m.

The Patriots are the leaders of the pack in the SAC and have the county, and maybe the state's, best player in Felipe Lopez. He can fly and usually doesn't have to since he sends at least a shot each game over the outfield fences.

Brian Chancellor and Justin Smith are just two of the other sluggers who rack up the runs for the Patriots and Robbie Sitz is the leader of a deep pitching staff.

Lake Mary over came a sluggish start and is now one of the hottest teams in the county. Brian Bretzer doesn't get the attention he deserves, but he should. He's been the anchor to the staff for two years. Josh O'Brien, Matt Allegra and Randy Lewis are big-time hitters who pace the Lake Mary offense with Eric Otero leading the attack as leadoff man.

April 1: Seminole at Oviedo, baseball, 7 p.m.

This is as good as it gets.

You already know about Oviedo, but Seminole has been ranked as high as 17th nationally and third in the state. The game also matches most of the players on the Sanford Post 53 American Legion team that won the state title. All but two of the players went to either Seminole or Oviedo.

The 'Noles have probably the county's most loaded batting order including Paulo Silva. Tim Raines, Chaz Lytle and C3 Williams.

"Challenged" Lake Mary softball team blanks Seminole

By Jeff Berlinicke ASSISTANT SPORTS EDITOR

LAKE MARY _ The biggest challenge to the Lake Mary softball team may not be from any of its competitors in the district or the county.

It may be coming from the Rams' girls basketball and soccer teams.

Lake Mary became the first school in state history to win state titles in same-gender sports during a single season when the girls basketball team and soccer team came state champions this win-

Now the Lake Mary softball team is off to a 15-2 start and is beating teams under seven innings with regularity. The trend continued when the Rams knocked off Seminole, a team off to its hottest start in years, 10-0 in a game called in the bottom of the sixth.
"I think we all want to win states

this year," pitcher Hallie Sowards said. Especially after the basketball and soccer teams won states. It's our turn now."

Sowards is one of three aces on the Lake Mary staff, along with

Sarah Smith and Kelly Harbour, goes every night but it's rare to find a staff as deep as the Rams.

Sowards allowed only one hit, a sixth inning single to Seminole pitcher Maria Duval which was deflected off Sowards' glove into center field. Until then, only ty Seminoles had reached base when the 'Noles put runners on second and third in the third inning after a walk and an error. Sowards struck out the side under pressure to keep Seminole at bay. On the night, Sowards struck out 10 in six innings and struck out the side in the second and fifth innings.

Lake Mary started the scoring in the second when Jackie Crispell led off the inning with a single. Two outs later she was advanced to third and Jill Wolcott lined a single to center to give Lake Mary the lead and all Sowards needed.

The game stayed 1-0 until the fifth when Lake Mary broke it open. With one out, Yarah Otero reached on an error and Sowards blooped a single down the right field line. Nicole White lined a single to score a run an Crispell and

Fielding woes doom Raiders on road

OCALA _ This is getting monotonous.

The best six inning team in the state, i.e. Seminole Community College, again saw a great chance at a victory turn into a big loss as the Central Florida Community College Patriots scored five runs in the seventh and eighth innings to pull away for a 7-1 Mid-Florida Conference baseball victory in Ocala Thursday after-

The Raiders took a 1-0 lead in the top of the third inning as New Smyrna Beach's Kentrelle Evans led off with a walk. Andres Correa then forced Evans at second, but got to second base himself on a throwing error.

Sanford's Rob Denmon then singled Correa to

third and Sanford's Phillip Eubanks lifted a sacrifice fly to center field, scoring Correa.

But the Patriots came back to take a 2-1 lead with singled runs in the third and fifth innings, both runs scoring without the benefit of a hit. A walk, a stolen base and an error plated the

third inning run and a fielding error, a stolen base and a throwing error got home the goahead run.

Central Florida Community College then broke the game open in the seventh inning, but again a miscue helped. A walk, a stolen base and a double got home one run, but the next run scored on a passed ball.

The Patriots then closed out the scoring in the eighth inning, plating three runs on four

Providing the offense for SCC were Travis Gamble (1-for-4 with a double), Correa (1-for-3, run), Evans and Denmon (both 1-for-2) and Eubanks (RBI).

GFC restructures fisheries rule

SANFORD _ The Game and Fresh Water Fish Commission, today approved a thorough restructuring of fisheries rules, proposed by the agency's staff in an effort to harness the latest technology in fisheries management.

Commissioners voted to establish a daily bag limit of 25 black crapple (speckled perch) statewide. Previously, black crappie counted in the daily bag limit of 50 panfish, but under the new rule, anglers will be able to catch the daily limit of 25 crapple in addition to the daily limit of 50 panfish (bream).

Also, the Commission adopted a staff proposal to eliminate the daily bag limits for chain and redfin pickerel.

other regulations on fish management for all nongame fish.

areas, however, would differ considerably from these statewide rules. Anglers still would need to check rules for individual fish management areas before taking to the water.

Another new rule repeals the prohibition against use of gigs to take catfish Bag limits, size limits, slot limits and and would authorize jigging at night

Commissioners also adopted an assortment of rule changes to set hunting dates, bag limits and other regulations on Type I and Type II wildlife management areas and on wildlife and environmental areas.

Other rule changes establish new procedures to make it easier for alligator trappers and alligator egg and hatching collectors to comply with regulations and reduce the cost of hide validation fees for nuisance-alligator trappers.

In addition, Commissioners recognized retired education specialist Rudy Howell for his 34 years of service and retired Wildlife Officer Tom Largent for his 31 years of service.

Tim Raines hit the ball hard all night, but only had one hit to show for it, but the senior outfielder still drove in one run and scored one and also threw out a runner at the plate to help Seminole beat Mainland 11-6.

Tribe-

Josh Blanton was making his first pitching start of the year after overcoming early-season arm problems. And they were playing a less-than awe-

inspiring Mainland team.

And the game started that way as the Fighting Seminoles defense made a couple of early intscues; Blanton was having a hard time locating his pitches; and the Seminole offense was virtually silent for the first two innings.

Then Ryan Abetjon stepped to the plate. The Tribe's new third baseman led off the third inning with a triple over the Mainland rightfielder's head that started a two-run rally that tied the game and an inning later Clyde "C3" Williams' long home run capped a sevenrun outburst as Seminole built an 11-2 lead and waltzed to an 11-6 Class 5A-District 5 triumph.

Another key to the comeback was Brent Templeton, who relieved Blanton after the second inning and gave up no runs on one hit over the next four innings before getting touched for four runs in the top of the seventh inning.

The Tribe, who are getting votes in the Class 5A state poll this week, improved to 13-5 with the victory and will host Spruce Creek in another Class 5A-District 5 contest on Saturday starting at 1 p.m.

The Buccaneers took a 2-0 lead in the top of the first inning as Brokaw led off and reached on an error and Spencer bunted for a hit when Blanton slipped and fell trying to make a play

on the ball. A wild pitch moved the runners up a base before Brokaw scored on a single by Cash and

Spencer came plateward on a sacrifice fly by Cousins. But Blanton found the range after that, retir-

Abeljon led off the third for Seminole with his triple and scored an out later on a single by Ned Raines. After Raines was thrown out stealing. Paulo Silva doubled, went to third on a single by Tim Raines and scored on an infield single by Chaz Lytle.

Mainland could have gotten out of the fourth inning with no runs, but a miscue opened the floodgates. With one out, Bill Johnson got all the way to

second when the Buccaneer outfielder dropped

his fly ball. Johnson moved over to third on a wild pitch as Abeljon walked and came home on a grounder by Andy Hall. Ned Raines then singled again and Silva

loaded the bases when his grounder was booted. Tim Raines walked to force home a nm and Lytle doubled in two runs ahead of Williams' blast over the leftcenter field fence.

The Tribe scored its final two runs in the bottom of the sixth inning, again with help from Mainland. Lytle was hit by a pitch, but was erased on a Williams grounder. Donald Taylor then singled to left, but the ball got through the fielder and Williams scored all the way from

FISHING FORECAST

The river is great for boating, but forget trying to find fish. They are roaming acres and acres of newly flooded areas. Bass fishing will be fair in local lakes and in the Wekiva River with large shiners. Plastic worms will also work well.

Sebastian Inlet is featuring fair snook action, along with scattered flounder, redfish, trout and bluefish. The best all-around offering is a bare ilg tipped with a large live shrimp. Work this rig slowly around rocky structure for sure strikes. Captain Jack at Port Ca-

naveral reports that high seas have kept boats in port.

Inside the Port, snook, flounder and sheepshead have been providing fair action. Snook are hitting live pinfish fished near the many pilings and docks. Trout and redfish are scattered in the Banana and Indian Rivers.

Bluefish and sheepshead continue to dominate the action at Ponce Inlet. Drum. redfish and jack crevalle can also be caught in fair numbers. Live or dead shrimp is the top bait, but sheepshead have a preference for fiddler crabs. Trout and redfish are slow in Mosquito Lagoon due to cool weather, but the warm weather this week should make an improve-

Nutrition facts aid thirsty juice lovers

Juice lovers thirsty for nutrition information will welcome the new "Nutrition Facts" panels, which are beginning to appear on food and drink products. The new food labels are required by law and regulated by the Food and Drug Administration (FDA). The food labels make it easier for you to make informed food choices. They serve as a guide to help you choose the foods that meet your needs.

Here are four features of the food label:

The heading "Nutrition Facts' signals the new food la-

* Serving size is based on a typical amount eaten and is listed in household measures.

* The Percent Daily Value tells you how much of the recommended daily amount of each nutrient is in a serving of the food or beverage.

The Percent Daily Values for vitamins A and C. calcium and fron will appear on all labels. Percent Daily Values for other vitamins or minerals may also be listed if that nutrient has been added to the food.

When you look at the new Nutrition Facts panel on juices and juice drinks, you'll notice that it states the percentage of juice in the product. Like many customers, you may believe that 10 percent juices are nutritionally superior. However, the percentage of juice has little bearing on nutrition value. Here's how to use the new Nutrition Facts panel to compare the nutrition value of juices and juice drinks.

Read the Nutrition Facts panel for vitamin C content. You will find that many 100 percent juices contain less than 100 percent of the recommended Daily Value of vita-

min C. See the graph for Percent Daily Value information on vitamin C.

Note the Nutrition Facts panel does not distinguish between natural and added sugars-both are listed under Sugars. That's because nutritionally, there is no difference between fructose (fruit sugar) found naturally in fruits, and added sugars such as high fructose com syrup. Scientific evidence shows our bodies

naturally occurring and added sugars. That means regardless of whether a juice or juice drink is naturally sweet or is sweetened, the sugars are used by the body the same way.

Don't be concerned if you see water and sugar listed on the ingredients section of the panel. All juice products contain water and sugar. Since 100 percent juices like orange Juice are made from fruits naturally high in sugar and water, the sugar and water aren't listed separately as ingredients. Other Juices or Juice drinks, such as cranberry, are made from fruits with a naturally concentrated tart taste requires a sweetener. These juices are blended with water and sweeteners to make them palatable. In the end, all juices and juice drinks have about the same amount of fruit

solids, water and sweeteners Remember, the key to good nutrition is balance--cating a variety of foods in amounts

that are right for your lifestyle. For more information: The American Dietetic Association/National Center for Nutrition and Dietics. For answers to your food and nutrition questions and to get a referral to a registered dietitian in your area, call the Consumer Nutrition Hot Line at 1-800/366-

Some tips for taking mastery tests

It's hard to believe we are in the last quarter of this school year. During the remainder of the year, students will be expected to prove mastery of a lot of material through tests. they will also likely be required to take standardized tests indicating grade equivalent achievement using national norms. High school students are expected to take even more tests, with a standard high school diploma being contingent on passing the High School Competence Test

With so much importance placed on test results, we want our children to get the best possible score on each one. One of the biggest problems some kids face is their fear of taking tests. So, as parents we

need to help our children overcome their anxiety. It is important that your child knows that you love him or her regardless of how they do on any test. Of course, you expect them to do the best they can, but regardless of the test's outcome, your love and acceptance remain unchanged. Then let them know that there are specific skills that will help them do better on tests.

1. Be sure to read the directions carefully. If there is something you don't understand about the directions--

2. Skim over the test quickly to plan how much time you need to allot to each section. It's usually smart to answer the easiest questions first. then go back and spend more time on the harder questions.

3. If you come to a question you don't know, skip it. Answer all the questions you do know, then go back and either try to do the ones you're not sure of or guess if there is no penalty for wrong answers.

4. Look for "clue words" on true-false questions. When you see words such as "all", "every".

"none" or "always", you can probably eliminate that choice as the right answer.

5. Finally, always check your work before turning the test in. Be sure you followed the directions and didn't make any careless errors. On tests which will be scored electronically, be sure that there are no pencil marks in areas other than where you have marked your

Caring presence eases fears of patients in nursing homes

DEAR ABBY: I have waited for more than two months to write this letter, and many prayers have been said to Our Father to help me get it right.

I have traveled from the Southwest to the Northeast visiting nursing homes with family members and dear friends, as well as doing volunteer work in them years ago. I have seen people there with cancer, Alzheimer's, emphysems, and some who were just old and sick. The staff in some homes is not very kind to many of the lonely residents.

Please, Abby, urge your readers who want to do something worthwhile to volunteer in nursing homes. I have been there and heard the residents crying out for their family members by name all night. I would go up and down the halls and stop to pat them on the hand or brush their hair.

Please tell families to stay with the loved ones when their days are numbered - or hire, ask or even beg someone to be by their side. Believe me, they are scared to death, and no medicine I have seen completely eradicates the pain.

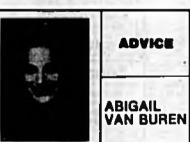

My darling aunt, whom I loved dearly, died last Thankagiving Day of cancer - so beautiful, but so afraid of being alone. There was no way I could leave. She would say, "Please don't leave ... I'm afraid," and so I stayed.

Abby, I hope your readers will take what I've said to heart. After all, any one of them could be next. GRIEVING IN ORANGE, TEXAS

DEAR GRIEVING: Please accept my sincere sympathy for the loss of your beloved aunt. I'm hopeful your eloquent letter will move others to volunteer in nursing homes. Although there are medicines that can alleviate physical pain, the most effective cure for loneliness is caring human contact.

DEAR ABBY: Is the following happening all over the country, or is it just happening in the Southern states? I mean, females going all out to get a man.

My husband and I are retirees who have moved to Florida for our so-called "golden years," and this is the second time that this has happened. The most recent incident concerns a somewhat younger woman (a clerk in a food specialty shop) who used sexy conversation and spoken intimacies to attract my husband — who will be 80 years

old his next birthday, but doesn't

look it. I am afraid that if this business continues, I will use physical vio-lence on this person. I don't know what to do otherwise. Please help

R.L. IN WINTER HAVEN, FLA.

DEAR R.L.: Calm down there is no guarantee your hus-band is buying what she's "selling." A word to the owner of the shop should be sufficient to stop the problem. Or you can take your business elsewhere. Violence is not a viable option.

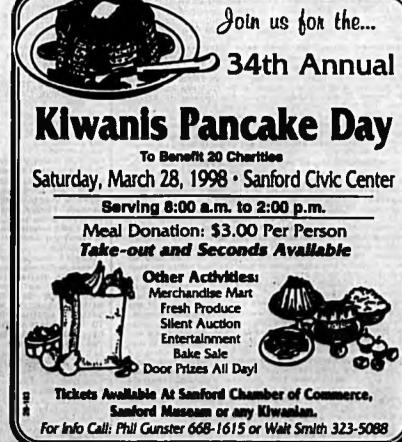

DEAR ABBY: The letters you receive about the kindness of strangers are always enjoyable to read. Let me take this opportunity to thank the gallant young man who, during an unexpected gust of wind, chased after my wig as it rolled across the library parking lot. NOW COVERED IN PHOENIX

DEAR ABBY: I am having a difficult time trying to find the correct name for a function, and I'm asking for your help. The function I'm erring to is a net-together where food is served after a funeral and burial. Generally it is held at a church social half or a community

Thank you, Abby. I'm waiting for YOUR reply.
EDWARD C. HOGGE, BENA, VA.

DEAR EDWARD: There is no specific term for it. In the Jew-ish religion, it's called "sitting shive" — and during that week-long period, friends and rela-tives bring food to the bereaved tives bring food to the bereaved family. In the Christian religions, it might be called a wake, a repast, a memorial lunch or dinner, a reception — or simply a gathering.

ST. JOHNS RIVER WATER MANAGEMENT DISTRICT SIVES NOTICE OF INTENDED AGENCY ACTION

The District gives notice of its intent to issue a permit to the fol-towing applicants; on April 7th, 1994; OVERSTREET INVESTMENT COMPANY, 200 EAST ROBINSON SUITE 875, ORLANDO, FL 32801, application #4-117-0375ACM2 The project is located in Seminole County, Section 03 04, 09, 10 & 11, Township 20 South, Range 29 East, The MESW application is for MODIFICATION TO THE PREVIOUSLY ISSUED PERMITS TO SERVE THE BERT TREE GOLF AND COUNTRY CLUB The receiving waterbody is the WEKIYA RIVER BASIN.

The files (6) containing each of the above-listed application(s) are available for inspection Monday through Friday except for

legal holidays, 8 00 a.m. to 5 00 p.m. at the St. Johns River Water

Management District Headquarters or the appropriate Service Center The District will take action on each permit application isted above unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of sections 120.645 and 120.57, F.S., and section 40C-1.511, F.A.C. A person whose substantial interests are affected by any of the Districts proposed permitting decisions identified above may petition for an administrative hearing in accordance with sections 120 569 and 120 87. FS or all parties may reach a written agreement on mediation as an alternative remedy under section 120 573. Choosing mediation will not adversely affect the right to a hearing it mediation does not result in a settlement. The procedures for pursuing mediation are set forth in section 120.573, Florida Statutes, and rules 28-106.111 and 28-106.401-405 Fiorida Administrative Code Petitions must comply with the requirements of Florida Administrative Code Rule 40C-1.521 and be filed with (received by) the District Clerk, located at District Headquarters, Highway 100 West, Palatka, Florida 32177, Petitions for administrative hearing on the above application(s) must be filed within fourteen (14) days of publication of this notice or within nineteen (18) days of the District depositing notice of this intent in the mail for those persons to whom the District mails actual notice. Failure to life a petition within this time period shall constitute a waiver of any night such person may have to request an administrative determination (hearing) under sections 120 569 and 120 57, F.B., concerning the subject permit application. Petitions which are accordance with the above provisions are subject to disnussal. Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Districts final action may be different from the position taken by it in this natice of intent. Persons whose substantial interests ed be affected by any such final decision of the District to become a party to the proceeding, in accordance with the requirements set forth above hannun Barican, Senior Permit Data Technician 61 Johns River Water Management District
