SIGNS OF CONFIDENCE AMONG SINN FEIN LEADERS IN DUBLIN AT PRESENT

Have Received Knowledge of Premier's Latest Note MADE PUBLIC

THIS EVENING AND DeVALERA'S REPLY GIVEN OUT AT THE SAME TIME

(By The Associated Press)
DUBLIN, Sept. 8.—Signs of confidence and good spirits again are apparent among the Sinn Fein leaders here this morning. They have received knowledge of the contents of Premier Lloyd George's reply to DeValera which will be made public here this evening at the same time as note given out by the British. As far as could be judged Irish leaders are not disturbed or surprised by Lloyd George's communication.

LONDON, Sept. 8.—The British cabinet has invited Mr. DeValera to send delegates to a conference with the cabinet ministers at Inverness on Sept. 20, according to the Daily Mail's Inverness correspondent, who adds: "Only one condition is imposed, namely, the understanding that Ireland must remain within the empire."

The communication to Mr. DeValera, according to this dispatch, asks for an early reply and points out the apparent uselessness of conducting negotiations by a further exchange of notes. In order to allay any fears regarding Ulster that the decision that northern Ireland must not in any circumstances be seceded was reaffirmed by the ministers.

Dealing with the cabinet meeting the Daily Mail says:

"The premier told the ministers that he regarded the situation as grave and critical and he was convinced that a further interchange of notes was useless. One minister, who had been in personal contact with Sinn Fein opinion, said he was informed that it was the real intention of his leaders to secure a plebiscite of the Irish people after a further exchange of notes and to ensure that such plebiscite resulted in a mandate for a conference."

INVERNESS, Sept. 8.—An official confirmation of the British cabinet's reply to the latest note from DeValera invites representatives of the Sinn Fein to further conference, was given out here today.

Woman Stabbed By Husband Yesterday in Tampa Will Recover

(By The Associated Press)
TAMPA, Sept. 8.—Physicians said today that Mrs. Lilly S. Stephenson, who was dangerously stabbed late yesterday by her husband, during a family quarrel, will recover. They have grown children.

RAIN IN FOREST FIRE AREAS OF MINNESOTA AIDS CHECKING BLAZE

(By The Associated Press)
ST. PAUL, Minn., Sept. 8.—Reports of rain falling in the western part of the forest fire area near McGrath and White Pine, the latter of which was destroyed yesterday, encouraged officials to believe that the check put upon the flames could be maintained.

All night efforts at backfiring and cutting of fire lines by the 1,000 militia men and volunteers gave the fire fighters the upper hand early today.

FORD INVITED TO WASHINGTON

(By The Associated Press)
WASHINGTON, Sept. 7.—Henry Ford was invited today by Secretary of War Weeks to come to Washington at his convenience to discuss with government officials his proposal to purchase and lease the Muscle Shoals, Alabama, nitrate, and water power project. Secretary Weeks said that he desired to discuss several phases of Mr. Ford's offer but was not prepared in advance of the conference to make public the subject matter.

WHAT REPEAL EXCESS PROFIT WOULD MEAN

Individual income tax returns would fall off \$70,000,000 to \$830,000,000 in 1922, through increased exemptions to heads of families, while in 1923, the total would be cut \$150,000,000 to \$750,000,000 as a result of repeal of the higher income surtax brackets. Collections of back taxes next year would be \$300,000,000 under these estimates and \$340,000,000 in 1923.

The House bill would cut miscellaneous taxes from \$1,340,000,000 under the present law to \$980,400,000 in 1922. The changes include:

Repeal of the Transportation Taxes \$263,000,000.

Repeal of the Insurance Premium Taxes \$19,000,000.

Reduction in Cereal Beverage Taxes from \$19,000,000 to \$13,000,000.

Reduction in the tax on soft drinks, fruit juices, syrups, etc., from \$41,000,000 to \$12,000,000.

Reduction in the levy on sporting goods from \$4,000,000 to \$1,000,000.

Reduction in the Candy Tax \$22,000,000 to \$14,000,000.

Reduction of the tax on fur articles from \$9,200,000 to \$4,600,000.

Repeal of the tax on toilet soaps, etc., \$2,100,000.

Reduction in the tax on luxuries from \$20,000,000 to \$5,000,000.

Repeal of the levies on perfume, cosmetics, proprietary medicine, etc., \$6,000,000.

ALL IS QUIET ALONG BORDERS WEST VIRGINIA

ATTENTION BEING TURNED TO RESPONSIBILITY OF DISORDERS

(By The Associated Press)
CHARLESTON, S. C., Sept. 8.—With everything reported quiet along the Logan and Boone county line and federal troops in complete control of the situation, attention has now been turned to efforts to determine the responsibility for the disturbances along Spruce Fork Ridge that resulted in government forces being sent into West Virginia last week.

LOGAN, Sept. 8.—About forty warrants was issued here for the arrest of men alleged to have formed part of the armed forces whose march on Logan county brought the troops into the coal fields.

DOCK MEN AGREE TO TAKE PAY CUT OF TEN PER CENT

NEW YORK, Sept. 8.—A ten per cent cut in wages was proposed by representatives of the International Longshoremen's Association at a conference yesterday with a committee of the American Steamship Owners' association on the proposed new wage scale effective October 1. The steamship men submitted an agreement providing for a cut in wages from 80 cents an hour straight time and \$1.20 an hour overtime, under the existing contract, to 55 cents an hour straight time and \$1 an hour overtime.

The Longshoremen proposed a rate of 72 cents an hour straight time and \$1.08 overtime as the basis for a new agreement. The steamship men came out for a nine hour day. The Longshoremen were firm for an eight hour day. Another meeting with the Longshoremen will probably take place next week, it was said.

Burial Place of Stolen Autos

Chicago police not long ago discovered that an abandoned quarry pit full of water was a burying place for stolen automobiles that had been stripped of valuable parts. Already a considerable number of cars have been recovered from the pond, which is very deep.

COTTON BROKE 150 POINTS TODAY IN NEW YORK

WHILE IN NEW ORLEANS VIOL- ENT FLUCTUATIONS RECORDED

(By The Associated Press)
NEW YORK, Sept. 8.—Cotton broke 150 points more on the opening of market here today while in New Orleans that market opened with violent fluctuations, quotations being lower by 141 to 200 points. New buying developed on both markets and prices recovered part of loss.

WEALTHY FARMER CAUGHT SHINING IN THE MOONLIGHT

(By The Associated Press)
TAMPA, Sept. 8.—George Deahong, of Keyville; said to be worth two hundred thousand dollars, was arrested and arraigned here today on a charge of operating a still on his farm. J. E. Thompson, brother-in-law, was also arrested. Both were released on bond, pending trial.

Gay Embroideries On Dark Frocks and Lace Effects

For Evening Wear Will be Part of Winter Wear

(By The Associated Press)
CHICAGO, Sept. 8.—Gay embroideries on dark frocks, lace effects for evening wear and striking color combinations will be characteristics of winter styles for women according to the Fashion Art League of America. Gowns will be fashioned after lines of figures but not form fitting, the League announced. Skirts down to ten inches from the ground. Sleeves will be tight from the shoulder to elbow with decided flares below.

PURELY NEGATIVE POSITION OF THE UNITED STATES RESPONSIBLE FOR DELAY

BRIDGE OVER OLD TAMPA BAY UNSAFE FOR HEAVY TRUCKS, SAYS ENGINEER

ST. PETERSBURG, Sept. 8.—The bridge across Old Tampa bay, connecting Safety Harbor with Hillsborough county, has been declared unsafe for heavy trucks by County Engineer C. E. Burleson. Pleasure automobiles and light trucks also should be careful in crossing the bridge, according to Mr. Burleson, and it should be crossed very slowly.

The bridge is safe enough for the ordinary automobile, he said, but care should be taken to avoid speeding. The piles supporting the bridge have been eaten away, according to the county engineer, and are being replaced as rapidly as possible.

DEMONSTRATION OF UNEMPLOYED IN ENGLAND

SEVERAL CITIES HAVE SERIOUS DISORDERS AND UGLY SPIR- IT BROWN

(By The Associated Press)
LONDON, Sept. 8.—Demonstrations by unemployed held in many places throughout England yesterday and in several cities serious disorders narrowly averted. An ugly spirit was in evidence at Bristol where the crowd attacked a building occupied by the Board of Guardians and clashed with the police.

VOTE OF CONFIDENCE REVOLUTIONARY SOCIALISTS SENT FROM MEXICO

(By The Associated Press)
MEXICO CITY, Sept. 8.—A vote of confidence in "revolutionary socialists in West Virginia" was extended last night by the communists congress now in session here. An agreement was reached during the meeting to assist in any way possible the "revolutionary socialists."

John Hartridge, Jr., Jacksonville Lawyer, Indicted for Forgery

JACKSONVILLE, Sept. 8.—John E. Harrington, Jr., member of a prominent Jacksonville family, and local attorney, was indicted by the federal grand jury yesterday on a charge of forgery. The charge grew out of a recent smuggling case in which Hartridge acted as the attorney for a Bermuda negro, held as a material witness.

It is charged Hartridge forged a check given to the woman, by the government in payment as a witness fee. Hartridge was arrested several weeks ago on a similar charge, but was exonerated when brought before Federal Commissioner Noble.

In Application of Man- dates Says Lord Robert Cecil

(By The Associated Press)
GENEVA, Sept. 8.—Charges that purely negative position of the United States has been responsible for the delay in the application of mandates by the League of Nations was made by Lord Robert Cecil, representative for South Africa at today's session of the assembly of the League, which took up a general discussion of accomplishments of organization to date. He said he did not want to appear to criticize the United States, "But mandates should be settled in the interest of the peoples directly entrusted with them and without further delay."

RAWLINGS INDICTED TODAY FIRST DEGREE MURDER KILLING OF HICKMAN

MELLON'S PLAN TAX REVISION BE UP TODAY

WASHINGTON, Sept. 8.—Secretary Mellon's suggestions for tax revision, which were abandoned by the house ways and means committee after the intervention of President Harding, will come up again today before the senate finance committee. Mr. Mellon will be on hand prepared to discuss those suggestions, the estimates as revised after the white house conference on August 9th and the tax bill as passed by the house.

The senate committee completed preliminary consideration of the house measure yesterday, but decided to postpone any decision on the various changes made by the house until after the treasury secretary had been heard. Mr. Mellon said today he would have no prepared statement for the committee but the senators will have before them treasury tables showing estimated revenue yields and government expenditures.

The contemplated new sources of revenue such as a one-cent increase in first-class postage; a stamp tax of two cents on each bank check and a graduated license tax on automobiles to average \$10 yearly for each machine and increased levies on cigarettes, and smoking and chewing tobacco to yield an additional \$50,000,000.

ASK PROTECTION OF MILITARY FOR THE A. B. & A. R. Y.

FREIGHT TRAIN DYNAMITED LAST NIGHT AND ENGI- NEER KILLED

(By The Associated Press)
ATLANTA, Sept. 8.—Military protection for employees and property of the Atlanta, Birmingham & Atlantic Railway will be asked of Governor Hardwick as a result of numerous cases of dynamiting freight trains according to a statement by Colonel R. I. Bugg, receiver for the road, following the blowing up of a freight train on the outskirts of Atlanta last night in which the engineer was killed and several trainmen injured.

STEAMER APACHE TOWED IN TODAY ENGINES BROKE DOWN

(By The Associated Press)
NORFOLK, Sept. 8.—The Clyde Line steamship, Apache, anchored in Lynn Haven Roads early today and is being towed in by the coast guard cutter Manning, from off Cape Hatteras, after her engines broke down.

GRAPEFRUIT WILL BE STORED IN KENTUCKY

LAKE WALES, Sept. 8.—Joa H. Briggs has made arrangements with H. Guy Nickerson of the Bayshore Development Co., of Tampa, to store 5,000 boxes of grapefruit in Mr. Briggs' cave in Kentucky, not far from Mammoth cave, as an experiment to see if the fruit will keep well in storage. If they do it is probable that a company will be formed and the storage facilities of the cave developed to a large extent. The cave maintains a year around temperature of forty-eight degrees and is dry as can be. Mr. Briggs is confident that it will keep grapefruit in fine condition so that they may be released at time during the summer when the market is favorable and prices are good. There is a tremendous amount of space available in the cave and Mr. Briggs is sure that the plan will be a success.

Jacksonville Makes No Delays for Carrying Out Justice

WILL STOP CRIME

WAVE THAT IS SWEEPING OVER COUNTRY ON ACCOUNT OF LAW'S DELAY

(By The Associated Press)
JACKSONVILLE, Sept. 8.—Rawlings was indicted today for first degree murder by the county grand jury for the killing of George Hickman Sunday night. The jury returned the indictment eight minutes after it began consideration of the evidence. W. G. Melton, of Atlanta, and Rodney Smith, local taxicab driver, in jail in connection with the investigation of the killing of Hickman, bonded over to criminal court on a charge of vagrancy. Court officials said it was hardly possible to begin Rawlings' trial before Monday.

Russian Government Will Not Permit In- vestigation Conditions

(By The Associated Press)
MOSCOW, Sept. 7.—The Russian Soviet government has declined to permit the International Russian Relief Commission recently appointed by the Allied Supreme Council to investigate conditions in Russia preparatory to aiding in the famine relief.

MIAMI SHRINERS TO HAVE OWN TEMPLE

MIAMI, Sept. 8.—Officials of the Mahi Temple, Ancient Order, Nobles of the Mystic Shrine, will be elected at a meeting in the temple's temporary headquarters, today. Special dispensation was granted local Shriners to organize the temple by the recent meeting of the Imperial Council at Des Moines, Iowa. The second floor of the Seibold building, No. 228 West Flagler street, has been selected as temporary headquarters until arrangements are completed for the building of a temple.

NORTH CAROLINA MAN BURNED AT MASON BUT NOT SERIOUSLY

(By The Associated Press)
JACKSONVILLE, Sept. 8.—E. F. Wyatt, registered from Wilson, N. C., overcome by smoke and burned about the neck and shoulders early today as a result of fire in his room on the sixth floor of the Mason hotel, was removed to the hospital where physicians say his injuries are not believed to be serious. The flames were confined to Wyatt's room, and damages will amount to about one thousand dollars.

U. S. SETS FORTH MANDATE STAND MORE DEFINITELY

WASHINGTON, Sept. 7.—The position of the American government on the question of mandates has been set forth more completely than heretofore and especially in reference to those of class "A" and "B" in a new note to Great Britain, France, Italy and Japan, and through some of them, it is understood, has been submitted to the meeting of the assembly of the League of Nations at Geneva for consideration.

Announcement was made at the state department that the note was dispatched last week, but no intimation was given as to when it would be made public, if at all.

Although officials would not discuss the matter, it is understood that the note was forwarded after inquiries had been received from some of the powers as to the American attitude toward the "A" and "B" mandates for their guidance in possibly considering the allotment of some of the former enemy territory at the Geneva meeting.

For office supplies, stationery, etc., call on the Herald office.

SANFORD AND ORLANDO MET AT BANQUET TABLE AND CLASPED HANDS OVER IT

Greatest Meeting of Great Boosters Ever Staged Here

WAS ONE BIG NIGHT

SOME SIXTY MEMBERS ORLANDO C. OF C. WERE GUESTS OF SANFORD CHAMBER

One of the greatest gatherings that has been held here in latter years was the banquet of the Sanford Chamber of Commerce at the Valdez Hotel last night, when the local chamber was host to about 60 members of the Orlando Chamber of Commerce. The banquet was scheduled for 8:30 and at that hour the dining room was filled to overflowing and several who came in late were unable to get a seat.

The Schall-Robinson orchestra rendered several selections during the entire and all through the meal kept the crowd in dancing humor and during the banquet Mrs. J. A. Takach gave several vocal selections being accompanied by her sister, Mrs. Seth Woodruff. The home people expected something good from Mrs. Takach and they were not disappointed but those from Orlando who had never heard her sing were literally enthralled as her voice filled the banquet room and she was obliged to give encores to every number. The musical part of the program was excellent but had nothing on the gastronomic part as Mine Host Campbell had prepared something special in the way of chicken, Maryland style, and everything that goes with it. From soup to cigars the service and the viands were most excellent and Manager Campbell came in for much praise from the visitors.

As the cigars were lighted President George W. Knight called for order and in a cheerful vein extended to the guests from our neighboring city a most cordial welcome. He outlined the aims and ideals of the Chamber of Commerce and gave many reasons why Sanford and Orlando people should stand together for the many good things that could be obtained by concerted action.

In fact this was the spirit of the evening and as speaker after speaker arose when called upon each and every one expressed the feeling it was a most auspicious occasion when Sanford and Orlando could get together with the one idea of helping each other and putting over the great ship-by-water project that just now is in the public eye and public mind.

And in the speaking the men were not alone for Mrs. Leonardi, of the Business and Professional Women's Club, when called upon gave a most excellent talk along the lines of city building and co-operation. Lack of space forbids a special mention of the speeches and since so many of the Sanford people were present and heard them it is hardly necessary as they were all good, all of them made a hit and all of them helped in cementing more firmly the bond of friendship between Sanford and Orlando.

President Knight called upon the following who responded: Mayor Stevens, of Sanford; M. J. Dastwyler, president of the Orlando Chamber of Commerce; I. W. Phillips, of Orlando, and Sanford; F. P. Forster, president of the First National Bank of Sanford; W. M. Glenn, editor of the Morning Sentinel; S. Kenneth Guernsey, president of the Orlando Rotary Club; Mrs. John Leonard, president of the Woman's Club of Sanford; J. P. Holbrook, former president of the Rotary Club, of Orlando; John M. Cheney, former judge of the Federal court and prominent lawyer of Orlando; Forest Lake, president of the Seminole Bank, of Sanford; R. B. Brossier, editor of the Orlando Reporter-Star; John McCulloch, prominent capitalist and business man of Orlando; B. J. Holly, editor of the Sanford Herald, and N. P. Yowell, head of the Yowell-Drew department store of Orlando.

After a closing address of a few words in which he assured them this meeting would not end the love feast and telling them that tonight the representatives of various cities would meet here to take up these important matters of interest to all of Florida President Knight adjourned one of the most interesting and important meetings that the Sanford Chamber of Commerce has ever held.

It was not that so much work was accomplished—no work is ever accomplished at a meeting of the body as a whole—it was not that the speeches taken as a whole really put over anything constructive—they are not expected to build cities at a banquet. It was not that any big plans were ma-

tured looking toward better freight rates and bigger cities—plans are not matured with 200 people present enjoying a good time.

It was simply that great spirit of welcome from one good city to another good city, it was that great spirit of hospitality that distinguishes the south from any other portion of the globe where good people gather, it was that spirit of the old Indian custom that when you take salt together friendship enduring forever results. It was that spirit of get-together, of real discussion, of good times, boosters meeting boosters, of city builders meeting city builders and discussing their various problems.

It was a meeting that will go down in history as one of the greatest occasions that Sanford or Orlando have ever staged and much good will accrue from it. Old lines that while they were imaginary existed none the less have been wiped away. Old prejudices that might have existed have been obliterated, old ideas of county and city boundary lines have been dissipated and as the bright sun of another day rises over the cities of Sanford and Orlando those who were at the banquet no doubt arose with a different feeling this morning toward their neighbors and friends. Did this happen to you?

It was great, it was good, it was real and the Sanford Chamber of Commerce never did a finer thing than to extend the invitation and the Orlando Chamber never did a better thing than to accept.

PAST MASTERS NIGHT WAS A BIG SUCCESS

One of the best meetings held by the local Masonic Lodge for many years was the Past Masters meeting held in the Masonic Hall last night. The attendance is said to exceed any meeting in the past four years, with approximately 100 Masons in attendance.

The work was wholly in charge of the past masters of the lodge, none of the present officers taking any part in the work. Some of these men have not participated in the work of the degrees in many years but to see the enthusiastic manner in which they welcomed the opportunity to assist in the work would lead one to think that this was their first opportunity of a life-time.

The third degree was conferred upon E. D. Brownlee, Geo. Chamberlain, J. S. Routh and George Smith. Rev. F. H. Rudder, master of the Daytona lodge, delivered the lecture at the close of the work and District Deputy E. L. Shear, also of Daytona, was an official visitor at the meeting and delivered the charge to the candidates.

Sanford lodge is fortunate in having a large number of capable and efficient past masters who are always ready and willing to assist in the work of the lodge in any capacity. The work last night was handled by the following past masters: Jno. D. Jenkins, C. J. Rumph, F. L. Miller, Jas. Moughton, W. C. DeCoursey, T. E. King, J. E. Terwilliger, A. C. Martin, L. R. Phillips, G. W. Spencer and H. E. Tolar of Sanford lodge and C. O. Bradbury, past master from Georgia.

Sanford Lodge No. 62 now has over 200 members and is in a very fine condition. The next meeting will be held on Tuesday evening, September 6th at which time the First Degree will be exemplified.

SEEK LAW TO CREATE STANDARD PACKAGES FOR SHIPPING FRUIT.

WASHINGTON, Sept. 1.—The American Fruit Growers' Association is much interested in a plan that is of vital concern to the fruit people of Florida and Georgia. They desire the early passage by congress of a bill now pending in the house, to fix standards for hampers, round stove baskets and splint baskets for fruits and vegetables.

It is said that by standardizing these packages the cost of manufacture would be reduced, there would be a saving in the expense of packing, loading in cars would be easier and the packages would reach their destination in better condition than they now do. The consumer would also be assured of full measure, which is not the case with many odd sizes of packages that are now manufactured and sold.

When congress meets again after its recess it is probable that this matter will be speeded up.

BELCHER HELD, MANSLAUGHTER IS THE CHARGE

Coroner's Jury Verdict Says Dr. Belcher Guilty

NO TESTIMONY

FROM DR. BELCHER AT THE CORONER'S INQUEST AND HE RETURNS TO HIS HOME

CLEARWATER, Aug. 31.—Virginia Turner died as the result of a criminal operation performed by Dr. I. J. Belcher, was the verdict returned by the coroner's jury here at 5:30 o'clock yesterday evening. A bond of \$10,000 was immediately fixed by Judge Charles Evans. At 6 o'clock, Dr. Belcher was on his way to his home at Tarpon Springs, his release obtained by the furnishing of the \$10,000 bond by Barnard Kilgore of Clearwater and W. L. Hackney of Safety Harbor. September 6th has been set as the date for his preliminary hearing at which time he will face a charge of manslaughter. Whether or not Belcher will waive this preliminary hearing could not be learned today as he refused to state. Belcher and the girl were cousins.

At the inquest, which was formed at 2:30 o'clock, Fred Thomas, detective, of Tampa, who was engaged by the girl's father, A. C. Turner, to investigate the case, took the stand and related the course of his investigation of the murder which resulted in the arrest Sunday evening of Dr. Belcher. Following Mr. Thomas, Miss Violet Albury, twenty years old, residing at No. 3608 Tampa street in Tampa, told the jury of her acquaintanceship with Virginia Turner. According to her testimony, she was a close friend of the Turner girl and the two girls saw each other frequently last spring. Upon several occasions, according to Miss Albury's testimony, the two girls spent part of their time together with several boy friends of Tampa. The boys she named as being mutual friends are, Royce Crum, residing at No. 808 East Ross avenue; Gene Menendez, residing at No. 2204 Central avenue; Emmitt James, residing at No. 306 East Ross avenue and a boy by the name of Julian Whitman, a shipyard worker. Miss Albury was brought to Clearwater by Detective Thomas as a witness.

Miss Albury further brought out the fact that she had not seen the Turner girl since May 1. Prior to that time, it was admitted that the girls made frequent trips by automobile with the boys between here and Tampa. She had known Miss Turner for about a year, she testified.

Dr. J. T. Bowen and Bird McMullen of this place, who performed the autopsy, told the jury of their findings. They stated that a criminal operation unquestionably had been performed, but that in their opinion no physician did it. As their explanation, they said that the work was that of an amateur and it was badly bungled. The stab wound, which showed upon the girl's skin as a very small spot, could not have been the cause of her death, and that in their opinion the stab wound was inflicted after her death. The right shoulder had been broken also.

Mrs. Iva Straight, who resides in Tarpon Springs, took the stand and told of seeing a young woman in Dr. Belcher's office last Wednesday afternoon, who closely resembled Miss Turner. She admitted that she was not positive that the woman was Miss Turner, but that she believed that it was she. She failed to identify Miss Turner's clothing as those worn by the woman that afternoon in the doctor's office.

The story of how Dr. Belcher's car was pulled out of the sand bank on the edge of Booker creek before daylight Saturday near where the girl's body was found Saturday evening, was told by W. L. Ballard, proprietor of the garage at Oldamar, to which place Belcher walked four miles thru the woods early Saturday morning to secure aid.

Judge O. K. Reeves of the Tampa law firm of Mabry, Reeves and Carlton, was present at the inquest, to assist State Attorney Wilson on the evidence.

Dr. Belcher has steadfastly refused to make any comment beyond a denial of his guilt, and did not testify at the inquest yesterday.

Local officials continued their investigation last night and it was expected other arrests would be made shortly.—Tampa Tribune.

The Osceola Cypress Co., at Sanford, is another one of the state's largest industries. They are now cutting about 100,000 feet a day.

The modern system of education teaches almost everything except a way to live comfortably on a teacher's salary.

LAKE MONROE

Really, we believe we are the first upon the job. Inelegant to be sure, to style it as such, as the teaching of school is quite a profession and falls under the heading of position, but when we gathered them all in Monday morning and wrought order from chaos, it was a job. But a bright and happy one and an atmosphere of smiles filled the auditorium when Lake Monroe school opened its doors for another year of work and fun. The old proverb is frayed at the end but nevertheless true, that Jack gets to be a stupid boy when he works all day and never plays. So, between times, around and about, the earnest study and hard endeavor, we have planned all kinds of happy little surprises and pleasures for our boys and girls, and our good patrons too, who are always so welcome to share our joys. Yes, we shall work hard and play hard in the allotted times of each and we hope our children will repeat at the close of the school year, the same as they said last year, "Oh, we are so sorry school is out, we just love to go to school."

Our popular superintendent, Prof. T. W. Lawton, was with us Monday, and his kind and encouraging words were thoroughly enjoyed by the large number of patrons present and extended away deep into the appreciation of the teachers. Our children all love Mr. Lawton, and know he is a friend and a genuine old, Kentucky hospitality is extended him with a sincere invitation to come often. We also had with us Rev. who gave the invocation and made a nice talk. O'course our good trustees, Messrs. John Bell and Charles Bales, had a lot of good things to say by way of cheering us up and starting us off right. Really, it was a very delightful occasion, and patrons, teachers, and children, were happy and pleased over the bright prospects for the coming year. The former teachers will hold the different positions as follows: Prof. J. T. Jacobs, principal; Mrs. Jacobs, primary; Mrs. Buchanan, intermediate; also music teacher.

The new Baptist church at Monroe is being rapidly completed. The building is large and airy, with a nice Sunday school room, a pretty pulpit, beautiful lighting fixtures, and all other necessary furnishings. Mr. L. K. B. Mann is to be commended upon his generosity in the gift of the beautiful corner lot.

Miss Shelby, of Chattanooga Tenn., is a guest of her brother, Mr. Marlon Shelby.

Mr. W. J. Jewell will make a trip to his farm at Wauchula upon business Saturday.

Miss Lilly Miles, of Louisville, Ky., is visiting her niece, Miss Linda Miles, at this place.

Dr. W. F. Blackman has returned from a business trip to Chicago.

Mr. and Mrs. Henry Lappin, of the West Side, have returned from a business trip to New York City.

Mrs. R. A. Stephens is confined to her home by illness.

GENEVA

A large crowd from here attended the society wedding in Sanford Friday evening.

Mrs. Kate Wilks called on Mrs. Ballard Tuesday afternoon.

Christine McClellan, Lula and Ethel LeFiles, and Mrs. May Rivers, Ossie Howard and Jack Flynt, were visiting in Moore Station Monday evening.

Mr. and Mrs. T. W. Prevatt moved into the Flynt property.

Lula LeFiles and Rev. Wright took dinner with Mrs. T. W. Prevatt.

The B. Y. P. U., meet Sunday night at the Baptist church.

Prayer meeting was held at the Baptist church Wednesday night.

The community club met at the town hall Monday afternoon with a large attendance.

A large crowd from Sanford attended the road meeting here Monday night.

Miss Ruth McFarland spent Sunday with Ethel LeFiles.

Mr. Claude Coffie and Miss Clara Harrison left Friday night for Miami. Mr. Coffie and wife came home Sunday. Miss Harrison will stay for a couple of weeks.

Mr. and Mrs. Fred Ballard, of Back Hammock, spent Sunday with friends and relatives.

Work will start the first of the week on a 50-mile asphalt highway in Sumter county.

You never realize how small a millionaire's income really is until his wife asks for alimony.

Every mother should pride herself on having a boy who is hard on clothes. It shows he is normal and is blessed with a whole lot of life. We have taken particular interest in the boy's needs, and can furnish him with the toughest and most durable clothes that are made. Let us help you solve the problem of clothing your boy.

Sanford Shoe & Clothing Co.

OVIEDO

Mrs. O. W. Wolcott entertained at a dinner party last Wednesday in honor of Mrs. J. C. Lettice, of Winter Park. The guests were Mrs. J. C. Lettice, Mrs. D. N. Batchelor, Mrs. Walter W. Rose, Miss Harriet Rose, of Winter Park, and Miss Allie Knox, of Atlanta, Ga.

Mr. and Mrs. C. L. West are the proud parents of a fine baby boy, born Monday, August 29.

Misses Ruth and Elizabeth Young, Miss Virginia Wright and Reverdy Wright returned Saturday from Sarasota.

Mrs. O. G. Wolcott and son, Henry, spent last week in Orlando and Winter Park.

Mrs. C. S. Lee and Miss Mable Swope, entertained most delightfully last Friday afternoon in honor of their mother, Mrs. S. W. Swope. The party was a surprise to Mrs. Swope, which added much to the pleasure of the occasion both for Mrs. Swope and the guests.

Mrs. Z. Spinks and baby, of Leesburg, are visiting Mrs. M. M. King.

Mr. and Mrs. W. B. Young and daughters, Catherine, Maxine and Wilda, returned Saturday night from a trip of several weeks duration to a business trip to New York City.

James Rush, left Wednesday for his home in Opelika, Ala.

W. E. Argo, who has been quite ill for the past week, is able to be out again.

Miss A. D. Mitchell entertained Monday night in honor of Mrs. A. K. Crawford, her 1921 graduating class, Misses Elizabeth Lawton, Olive Lissette and Mabel Swope, and James Rush, and Francis Swope. After supper, Messrs. Dowdy, Withers and McCall, joined the party and rook games were enjoyed for the rest of the evening.

Mrs. D. N. Batchelor, Mr. and Mrs. Arlie Schultz, Mr. and Mrs. John

Coleman Lettice, M. M. Smith, Sr., M. M. Smith, Jr., and Miss Sledge, of Winter Park, visited Mrs. O. G. Wolcott Sunday afternoon.

Mrs. C. T. McCully and little daughter, Naomi, returned Saturday from an extended visit to Mrs. McCully's parents in Ohio.

Mr. and Mrs. W. R. Kimbrel and Mrs. W. M. Wright motored to Sanford via the beautiful Geneva road Sunday afternoon.

Miss Olive Legotte and Mrs. A. K. Crawford left Thursday for Jacksonville where they will enter Massey Business College.

Mrs. T. W. Lawton and her Sunday school class, entertained at a chicken picnic at White's Wharf Tuesday evening. The party was given in farewell to two members of the class, Miss Olive Legotte and James Rush, who are leaving for school this week.

Mr. and Mrs. L. E. Wright and family and James Rush spent Tuesday in Orlando.

Messrs. John Robertson and S. L. Murphy spent Sunday at Daytona Beach.

W. J. Lawton and family spent Saturday afternoon in Orlando.

Mr. and Mrs. A. K. Wade left Wednesday afternoon for Wildwood where they will reside for the present, Mr. Wade having given up his run on the Seaboard into Oviedo.

N. H. Tanner is spending the week in Miami.

Mr. and Mrs. S. W. Swope and family spent Saturday afternoon in Sanford.

Miss Olive Legotte entertained a number of her girl friends at a rook party Saturday night.

Mrs. O. P. Swope and children returned Thursday from Daytona Beach where they have been spending the summer.

Mrs. Ralph Basford is visiting her parents, Mr. and Mrs. N. F. Legette.

Passing the buck isn't original with statesmen of today. "The woman" said Adam; "tempted me."

A wholesale tobacco business has been organized at Cocoa. It will be known as the Tobacco Dealers Co.

ST. JOHNS RIVER BENEFIT TO ALL OF FLORIDA IN WATER TRANSPORTATION

Clyde Line Rates Much
Cheaper Than
Rail

COMPARE FIGURES

DELAND NEWS TAKES UP GREAT
QUESTION OF SHIPPING
BY WATER

At the present time a great deal of interest is being awakened in Florida on the question of water transportation, especially of the citrus crop to northern markets.

One of the most important factors in this very important problem is the St. Johns river. This very remarkable stream, the like of which cannot be found elsewhere in the world, supplies the one thing needful, to a large extent, for an unlimited amount of water traffic. If one were to compute the commercial value to the state of Florida of this stream of water, he would soon get far above the six figure mark. It is simply an immense resource, and its value is shared by every acre of land in West Volusia county to a generous extent.

In order to secure reliable and first-hand information on a number of important particulars pertaining to the water transportation route from DeLand northwards, the News addressed a series of questions to the local agent of the Clyde Steamship Company.

Mr. Miller forwarded our queries to the general freight agent of the company, Mr. L. S. Scoble, at Jacksonville, and that gentleman has very kindly supplied us with quite complete and interesting replies. We give herewith the questions, together with Mr. Scoble's answers:

1.—How many boats has the Clyde Line of the St. Johns river traffic? Clyde Line is at present operating one steamer between Jacksonville and Sanford, handling both freight and passenger business, making three trips a week in each direction.

2.—What is the average carrying capacity in tons of their river boats? Capacity of Steamer Osceola is 200 tons.

3.—What is the time required for a boat to make the trip from DeLand landing to Jacksonville? Fourteen hours.

4.—How frequently could boats leave DeLand landing for Jacksonville, with present equipment? With present equipment only three trips a week can be made in each direction between Jacksonville and Sanford, touching DeLand landing in each direction. However, another boat is available which can be placed in service, should business justify, which would give a daily service between Jacksonville and Sanford, touching at DeLand landing in each direction.

5.—Do all the river boats carry passengers? Yes.

6.—What are the facilities at Jacksonville for transferring merchandise from river boats to ocean vessels? The facilities for transferring merchandise or other commodities from river boats to ocean liners at Jacksonville are first-class by reason that both lines receive and discharge freight

from the same terminal, there being no delay on account of switching or draying.

7.—What kind of connections are made at Jacksonville between river boats and ocean vessels? The closest possible connection is made at Jacksonville between river boat and ocean vessels.

8.—What is the time required for the transportation of freight from DeLand Landing to the several points touched by the ocean vessels? (Give the time for each terminal point). Present schedule is as follows: Ocean line steamer scheduled to arrive at Jacksonville in the forenoon of Sundays, Tuesdays and Fridays. North-bound sailings, 2 o'clock p. m., of Tuesdays, Thursdays and Saturdays. River line steamer is scheduled to leave Jacksonville for the south at 4 o'clock p. m., of Tuesdays, Thursdays and Saturdays. River boats are scheduled to arrive in Jacksonville at 7 a. m. of Mondays, Thursdays and Saturdays.

Note: While the information that is given by Mr. Scoble in reply to No. 8, is of interest and value, it does not touch the point that is intended by the question. Another effort will be made to secure the desired information, and if successful will be given in another issue.

9.—Quote transportation rates, per cwt. or ton, from DeLand Landing to each of the several terminal points, on three of the most common classes of merchandise, and give examples of the merchandise included in those classes. The freight rates in tariffs issued by Clyde Steamship Company, are governed by Southern classification on interstate business. Class rates apply in both directions. Interstate class rates, applicable between Jacksonville and DeLand Landing are as follows: First class, 53c; second class, 47c; third class, 44c; fourth, 37½c; fifth, 30c; sixth, 25c. Between Jacksonville and New York as follows: First, \$1.28½; second, \$1.09½; third, 90c; fourth, 63½c; fifth, 50c; sixth, 38½c. There are a great many commodity rates carrying less rates than regular class, applicable on ocean liners.

Note: Our question called for rates from DeLand Landing to each of the several terminal points of the ocean liners. Perhaps that may be secured later on.

10.—Is there any difference between north bound and south bound freight, if so what, in the matter of tariff rates? None.

11.—What is the passenger tariff from DeLand to Jacksonville? Passenger rates DeLand Landing to Jacksonville for transportation only is \$2.88, plus 22c war tax. Transportation, including meals and stateroom berth, is \$5.98, including war tax.

12.—What is the passenger tariff from DeLand to each of the several terminal points touched by the ocean vessels? For your information, I am attaching ocean liner passenger tariff, which will give you additional rates, applicable between Jacksonville and New York, which is applied according to location on steamer.

These rates include transportation, meals, stateroom berth and war tax.

The document referred to by Mr. Scoble quotes rates on five ocean steamers, viz: Apache, Arapahoe, Comanche, Lenape and Mohawk. Different locations on the vessels are specified, and the tariff named accordingly. As a matter of general information we will quote only the rate from Jacksonville to New York, which varies according to location on the vessel. The different rates are as follows: \$39.46, \$45.67, \$47.29, \$48.37, \$51.07.

This is sufficient to enable one to make an intelligent comparison with the rates by rail, which will be given in the next chapter.

In further connection with various rates which our section of the state is directly interested in, Mr. Scoble states that the rate on oranges and grapefruit, all-water, Clyde Line, DeLand to New York is as follows: Car load lots, 69½c per box; less than car load lots, 77½c per box.

The rate on potatoes in standard barrels of 185 pounds, is \$1.18½ per barrel, in any quantity. Other vegetables, taking estimated weight of fifty pounds, is 58c per crate.

A questionnaire has been submitted to the officials of the Atlantic Coast Line Railway, covering substantially the scope of the foregoing queries, and when replies are received we will give the next chapter in the transportation story. We would suggest that for parties who are interested in this subject, it will be well to save this paper so as to be able to make an intelligent comparison between all-rail and water routes available from DeLand.—DeLand News.

PERSONAL NOTES

(From Monday's Daily)

J. G. Ball returned Friday evening from Jacksonville, where he went on business.

Miss Jennette Appling, of Orlando, is the guest of Virginia Hyman for a few days.

Mrs. W. H. Belding returned home Friday from a ten week's visit with relatives in Michigan and Ohio.

Sam Younts left Saturday night for Daytona Beach, where he spent the week-end.

Fred S. Daiger, and R. T. Thrasher, left in the Daiger car Saturday night for Tampa, where they will spend two days with the former's parents.

Mr. and Mrs. F. L. Woodruff, J. D. and Ralph Woodruff, and Miss May Thrasher, arrived home Saturday evening in the Woodruff car from Hendersonville, N. C., where they have been spending some time.

H. A. Jones, Sanford, was listed among the arrivals in Tampa yesterday on a combined business and pleasure visit.—Tampa Tribune.

G. W. Springer, of Sanford, is visiting among friends and acquaintances in Tampa and may remain for the next few days.—Tampa Tribune.

Miss Mary Elizabeth Moya is visiting in Arcadia as the guest of the family of R. G. Moya.—Arcadia notes Tampa Tribune.

Miss Lola Evans returned home yesterday from Black Mountain, N. C., where she spent several weeks.

James Higgins, of Haines City, was in the city yesterday.

Mrs. C. L. Smith, of Dade City, is the guest of her cousin, Mrs. Robert Waitour.

Mrs. R. L. Griffin, Misses R. E. and Emily Griffin, Elizabeth Black, and Sara Evelyn Williams, and James Huff and Mrs. A. Lijja, are a congenial party spending the day at Palm Springs.

Mr. and Mrs. Archie Betts are spending a few days at Daytona Beach.

Mr. D. A. Caldwell and Master Joe, left yesterday for Jacksonville, where they will spend several days.

Mrs. E. D. Brownlee returned home Saturday from an extended visit to North and South Carolina and Georgia.

Miss Virginia Palmer is visiting in Orlando, the guest of Mr. and Mrs. E. G. Duckworth.

Misses Perrie Lee Bell and Mina Howard, leave tomorrow for Queen College, at Charlotte, N. C.

Mr. and Mrs. John Purdon and family, Mrs. J. J. Purdon, Sr., Frank Purdon and Mr. and Mrs. Robert Grovenstein and baby, are spending some time at Daytona Beach.

Mr. and Mrs. D. C. Marlowe, Bobbie Marlowe, Mr. and Mrs. Henry Purdon and Louise Purdon motored to Daytona Beach yesterday where they spent the day very pleasantly.

Mr. and Mrs. Martin McDaniel, of Bunnell, are in the city visiting their parents and friends. Martin is a former employee of the Herald, and Mrs. McDaniel, as Miss Susie Brown, was one of the popular girls of Sanford. Their many friends are giving them a warm welcome home. Martin is now the presiding genius on the Bunnell Herald, and is making good.

Dr. and Mrs. Osenbach, of Orlando, and their son-in-law and daughter, Mr. and Mrs. Jack Sparling, of Kissimmee, spent most of the day yesterday in Sanford looking over the city and surrounding country. Mr. and Mrs. Sparling have fallen in love with Sanford and in all probabilities will make this their future home. Dr. Osenbach is one of the leading physicians and surgeons of Orlando. He was head surgeon at the Methodist Hospital in Indianapolis for twenty-five years.

(From Tuesday's Daily)

Mr. and Mrs. John G. Leonard spent the week-end in Plant City with relatives.

Mrs. W. F. Blackman, of Wekiwa Ranch, is in the city today shopping.

Mrs. C. E. Stafford and daughter, Mrs. Ed Betts, leave today for Norfolk, Va., and Greenville, N. C., where they will spend the next two months.

Dick Terhune, Jr., is in Miami the guest of his sister, Mrs. J. W. Eowe.

Mrs. G. S. Harding and children, of Jacksonville, are visiting Mrs. Harding's sisters, Mrs. J. F. Abbott, and Mrs. W. N. Culp, while here they expect to motor to Daytona.

Mr. and Mrs. Roland Reed, Mrs. Eichner, and Mr. and Mrs. Endor Corlett, of Geneva, were among the visitors to the city today, Mr. Corlett coming in to attend the regular meeting of the commissioners.

Mr. and Mrs. D. K. Eberwine, of Miami, are spending several days here at the Montezuma.

Mr. and Mrs. M. J. Torchy, of Newark, N. J., spent the week end here at the Montezuma.

Miss Ruth Mettinger, of Jacksonville, was the week end guest of her sister, Mrs. Walter Morgan.

Dr. and Mrs. W. F. Blackman, of the Wekiwa Ranch, at Lake Monroe, were in the city today on business

and their many friends were delighted to see them. Dr. Blackman has just returned from a trip to Chicago.

Miss Jettie Westmoreland left yesterday for her home in Greensboro, N. C., after spending some time here as the guest of Mr. and Mrs. John Snow.

Mr. and Mrs. John Snow and their guest, Miss Jettie Westmoreland and William Snow, motored to Daytona Beach Sunday.

Mrs. Clarence Mahoney left Thursday for Oswego, Kans., where she will visit her parents for a month or six weeks.

Mr. and Mrs. A. W. Smith and little daughter, Juanita, spent the week end in Tampa as the guests of Mrs. Smith's sister.

Mr. and Mrs. L. C. Kolb left Friday for Ozark, Ala., where they are the guests of the former's parents.

Mr. and Mrs. A. W. Lee motored to Titusville where they were the guests of the former's parents, Mr. and Mrs. A. W. Lee, Sr., for the week end.

Mrs. W. J. Thigpen and little daughter Katherine leave tonight for New York, where they will visit her sister, Miss Katherine Wilkey.

Misses Mina Howard and Perrie Lee Bell left today for Charlotte, N. C., where they will enter Queen's College.

Dr. and Mrs. H. K. Murphy, of Mulberry, Fla., were the week-end guests of Mr. and Mrs. R. L. Peck, at their home on Ninth street.

Mr. and Mrs. J. L. Burk and daughter, of Dublin, Ga., are spending some time here.

Miss Neel Hatchcock, of Plant City, is the attractive guest of her sister, Mrs. John G. Leonard.

O. P. Swope, of Oviedo, attended the meeting of the county commissioners today.

E. H. Kilbee, of Geneva, was in the city today on matters pertaining to roads and other county affairs.

Mrs. R. J. Holly, Robert Holly, Jr., and Mrs. T. C. Vincent returned last night from Vero where Mrs. Vincent went to look after her orange grove and truck farm. They found it very dry and dusty down that way but everything is booming and the people are expecting a great season.

Among the visitors from Geneva today was M. E. Dooly, one of the live wires of that section who is greatly interested in good roads and other improvements for that bustling place.

IF KIDNEYS ACT BAD TAKE SALTS

SAYS BACKACHE IS SIGN YOU
HAVE BEEN EATING TOO
MUCH MEAT

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

THE BOY SCOUT CONTEST

In the Boy Scout Contests of last week, a tabulation of the twenty boys named gives the troops credit as follows:

Methodist	9
Baptist	8
Presbyterian	4
Congregational	1
Catholic	1

Read What U. S. Dept. of Agriculture Says About What Two Rats Can Do.

According to government figures, two rats breeding continually for three years produce 359,709,452 individual rats. Act when you see the first rat, don't wait. RAT-SNAP is the surest, cleanest, most convenient exterminator. No mixing with other foods. Dries up after killing—leaves no small cats or dogs won't touch it. Sold and guaranteed by Ball Hardware Co.

GOOD LUCK LUNCHEON

Mrs. George Hyman entertained a few of the young girls at lunch Saturday, in honor of Virgie's 13th birthday. Horse shoes were used in many ways to insure good luck to the guests and honors. From rusty old horse shoes hung in all doorways to the pretty horse shoe favors and a birthday cake adorned with tiny silver horse shoes. At 12:15 the girls went into the dining room where a three course luncheon was served.

At two o'clock Dr. Hyman took the happy singing crowd of girls for a ride and then each to their several homes. Virgie was the recipient of many lovely gifts. Those in the party were: Misses Jennette Appling, Orlando; Clifford Shinniser, Margaret Miller, Ruth Henry, Dorothy Ryan, Mary Elizabeth Moya, Thelma Godbye and Virgie Hyman.

Mrs. Keach Tells How She Got to Know Rat-Snap.

"Have always feared rats. Lately noticed many on my farm. A neighbor said he just got rid of droves with RAT-SNAP. This started me thinking. Tried RAT-SNAP myself. It killed 17 and scared the rest away." RAT-SNAP comes in three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

THE CLYDE LINE IS BUSY MORE FREIGHT THAN EVER BEFORE AT THIS SEASON

Summer Excursions Are
Bring People to
Florida
SEEING FLORIDA
AT THE TIME WHEN THEY CAN
GET A TOUCH OF SUMMER
WEATHER

Thanks to the boosting that the Clyde Line is receiving from the various trade bodies, and merchants generally in the ship-by-water campaign the steamers are carrying more freight in the summer time than ever before. The Clyde Line in putting on the summer excursions is doing a great thing for Florida and all the cities on the water trip and adjacent cities. They are bringing many hundreds of people from the northern cities to Florida—a class of people in the main that would never see Florida at any other time—people who are busy in the winter and cannot get away. They are people who are looking for a home in Florida many of them, and they are going back home telling the home folks about the wonderful summer climate of Florida and the beauty of the state in the summer that will make many of the winter visitors open their eyes in astonishment.

Mr. and Mrs. Calder, of the Clyde Line are also assisting in the great work by meeting the boats here with automobiles, taking the folks to Orlando, Daytona and other places of interest and catching the boat again at DeLand Junction, thus giving them a touch of the real Florida. All of this demonstrates beyond any doubt the great results to be achieved from the better and wider road between Sanford and Orlando and taking advantage of the water transportation in every way.

The many thousands of tourists that now come to Florida by Clyde Line in winter and summer are the greatest boosters for the state and with the passenger service enlarging and the freight service being greater, the Clyde Line will soon be in a position to put on a daily boat in the summer time and two boats in the winter time daily thus giving Sanford a wonderful opportunity to become a basing point and one of the greatest inland ports in the state.

The Sanford Chamber of Commerce put on a big show when they started the "Ship-by-water" campaign—bigger than they ever dreamed of and now is the time to keep it alive and keep pushing for better river service, government aid and all the essentials that go to make for better and cheaper transportations.

There never was a time in the history of Sanford when such an active interest was being taken in the river transportation and this great artery of trade and travel that has lain dormant at our doors for so many years bids fair to be the greatest asset of this city and all the adjacent territory.

The Clyde Line officials seem disposed to assist in the movement in every way possible and it is up to the business men of this city to help them by routing all their shipments possible by the Clyde Line.

NEW MATRON TEMPLE GIRLS CLUB COMING

A message from the newly elected matron of the Temple Girls Club states that she will reach Sanford in about a week. She is Mrs. Louise Shaw, of Altoona, Pa. Mrs. Shaw has had considerable experience fitting her for the work she is to do in Sanford. The endorsements given state that one of her great assets is her fine personality. She is an excellent book-keeper and business woman. The dining room will be well cared for by her. She is a Christian woman, being a member of the Presbyterian church. Sanford will welcome her and the new institution she will manage.

WEEK-END HOUSE PARTY

Quite a number of prominent people from Eastis, Orlando, Jacksonville, DeLand and Sanford attended the week-end house party at Daytona Beach given by George Davis. Among those from Sanford were, Mr. and Mrs. Hal Wight and Mrs. E. P. Morse. The other guests included: Weary Miller, Miss Ann Davis of DeLand; Mrs. Angie Whitaker, of Daytona; Robert Browning, Mrs. "Scrappy" Robinson, of Orlando; Mr. and Mrs. Sneed, of Orlando; Mr. and Mrs. Harry Hannah, of Eastis; Harry Hammond, of Orlando, and Ted Bises, of Jacksonville.

Buy it with a Herald Want Ad.

THEATRE AND BUFFET SUPPER PARTY.

(From Thursday's Daily)
Mr. and Mrs. W. A. Whitcomb entertained the members of the Peck-Whitcomb bridal party and a few extra guests, last evening at a theatre buffet supper, at their home in Orlando.

The party left Sanford at seven o'clock, arriving in Orlando about eight. Mr. and Mrs. Whitcomb then escorted their guests to the Phillips theatre where they all enjoyed the show, after which they returned to the Whitcomb home, which had been beautifully decorated for the occasion, in pink and green. Quantities of pink vines and fern were effectively used, in decorating the various rooms. The color scheme of pink and green being later carried out in the refreshments. Mrs. Whitcomb served a delicious salad course followed by an ice course.

Mr. and Mrs. Whitcomb's guests included Mr. and Mrs. R. L. Peck, Mr. and Mrs. Dooley, Dr. and Mrs. E. D. Brownlee, Misses Serita Lake, Ethel and Florence Henry, Hermina Lehman, Agnes Dumas, Dorothy Rumph, and May Thrasher. Messrs. Lee Peck, Frank Purdon, Benjamin Whitner, Glenn Whitcomb, Paul Dooley and Sherman Moore.

EAST SANFORD

Mr. and Mrs. Joe Cameron and Mr. and Mrs. R. C. Long and their young folks picnicked and bathed at Crystal Lake on Labor day.

Mr. and Mrs. A. B. Commons were over from Stone Island Sunday, the guests at the Dutton home. The Commons just recently returned from a trip up the Maine coast, and to Boston and other points.

Dr. and Mrs. R. J. Fay, of Cameron avenue, are expecting their son, Donald, home this week from Alpina, Mich., having finished a 3-years service with Uncle Sam as radio wireless operator. Donald is a No. 1 operator and has received many promotions.

A daughter was born to Mr. and Mrs. Ruben Hardy September 2nd. Mrs. Hardy will be remembered as Miss Lena Warren.

B. J. Starling has made many improvements to his 2-tenant houses and has them both neatly painted red with white trim.

Mr. and Mrs. J. W. Corley have made many improvements on their home recently and have erected an attractive sign, "Englewood Farm."

Little Miss Helen Morse was over from Rutledge the guest of Alys Chorpining from Saturday until Monday.

The directors for the Sanford Truck Growers, Inc., circulated petitions for the stockholders to sign to reinstate C. M. Berry as county agent. A. C. Company presented it at the county commissioners meeting Tuesday morning.

F. L. Greens is back on the mail route again with his car painted red.

Miss Hattie Estridge is sending some very interesting post cards from Utah, saying the west is wonderful to her, the scenery grand.

Mr. and Mrs. I. D. Hart and Miss Ruby Hart and their guests, Miss Irma Lee Mickler, of St. Augustine, and Miss Lucile Proctor, of Chuluota, spent Labor day at Daytona Beach.

Dairymen to Meet at Miami, September 20

The executive committee of the Florida Dairy Association has arranged to hold the fourth annual convention in Miami on September 20th and 21st, 1921. That city was selected primarily because under freedom from cattle fever ticks in Dade county the dairy farming industry has been rapidly developed and dairymen from other sections of Florida will have an opportunity to see the benefits of dairying where the cattle ticks do not get a large part of the blood of the cows.

With approximately sixteen million dollars worth of milk and dairy products imported into Florida each year there is no danger of over-doing the dairy industry along paper lines. Several creameries have been organized in recent months to manufacture the surplus milk produced in their respective communities into butter for consumption in the state.

The program which is being arranged will cover a wide range of subjects so every dairymen can find something of special interest at the convention and all are invited to attend.

Get your Scratch Pads from The Herald—by the pound—1c.

EXECUTIVE COMMITTEE FERNALD-LAUGHTON HOSPITAL HELD MEETING LAST NIGHT.

(From Wednesday's Daily)
The new members of the executive committee of the Fernald-Laughton Memorial Hospital met at the hospital last night and re-organized the committee, electing A. P. Connelly, chairman, and Mrs. W. F. Blackman, of Lake Monroe, secretary.

The committee discussed many things of importance to the hospital, and will take steps immediately to collect the membership dues that have been due for two years, and have never been collected since no campaign has been made to obtain them. The membership dues are for the current expense of the hospital and are supposed to be paid each year. The first year of the existence of the hospital every one paid up, but since that time, they have not been solicited for their dues, and they now owe two years for membership. However, if they will pay up for one year, it will help the hospital and pay the deficit that faces them in the summer time, when there are no patients in the institution, but the expenses are going on as usual.

Miss Kathleen Brady is collecting the dues now, and everyone should pay up when approached. It is for one of the greatest institutions in our midst. No hospital pays expenses, but is dependent upon the public for funds every year. The local hospital is no exception to the rule, but up to the present time has struggled along and managed to pay the bills. It is really up to every citizen in the county to help keep the hospital going by the membership dues. The county pays nothing for the upkeep of the hospital while other counties in the state pay large sums in their budgets each year for the maintenance of the local hospital.

The Fernald-Laughton Hospital is installing a new sterilizing machine, and making several improvements in the operating room that will give the hospital all the necessary facilities for operating this winter. The hospital is the pride of the city and county, and should have the help and support of the people at all times.

SAGE TEA DANDY TO DARKEN HAIR

IT'S GRANDMOTHER'S RECIPE
TO BRING BACK COLOR AND
LUSTRE TO HAIR.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wayth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because, it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wayth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

ORDERED TO LEAVE.

T. C. Cassaroff, a Bulgarian, who has been conducting a negro pool room on Sanford avenue, was taken out of his place last night by a band of men, supposed to be Ku Klux, and carried some distance from the city, where he was whipped and told to leave Sanford at once, as some of his actions were distasteful to the people of this section. It is said that this is his second warning and that he will heed it and get out.

FOUND ROADS IN SOUTH THE BEST ON BIG TRIP

J. R. and Charles Greenless returned overland this week from Florida. They made the journey all right until they reached Missouri roads, and day before yesterday their car upset, pinning both of them beneath. Neither was more than bruised and made the rest of the journey to Lawrence without incident.

"The roads in the southern states are far ahead of those in Kansas and Missouri," said Charlie Greenless this morning. "State control of road work in most of the southern states thru which we passed, has resulted in the building of concrete roads or dirt roads that are finely surfaced and well kept up. We have always thought the roads of Kansas are bad enough, but our experience with Missouri roads puts them in a class by themselves. The Kansas highways are much better."—Lawrence (Kans.) Journal, World.

LONGWOOD

J. E. Phipps returned Friday from Tampa.

Mr. and Mrs. J. S. Dinkel and Miss Olive, were visitors in Sanford Friday.

Misses Lillian and Oline Waits were the guests of Mr. and Mrs. Bill Satcher a few days this past week.

Mr. and Mrs. Ruter and children were visitors in Sanford Saturday.

Mr. Rinecue and Miss Fay and Martin were visitors in Orlando Saturday, going down to see Mrs. Rensau who has been in the Orange General Hospital for several weeks.

J. A. Bislline was transacting business in Orlando Saturday.

Mr. and Mrs. Payton Musselwhite of Winter Park, were calling on friends in town Sunday.

Mr. and Mrs. Frank Topliff were the guests of Mr. and Mrs. A. Y. Fuller.

Miss Susie May Lyle returned to her home in Orlando Saturday after a visit with Miss Emma Fuller.

Miss Ellen Fuller arrived Thursday from Troy, N. Y., where she has been all summer and will spend a couple of weeks with her parents before leaving for college.

Mrs. B. J. Overstreet and little son, were visitors in Sanford last Wednesday.

Mr. and Mrs. Fuller, and daughters, Lella, Frances and Emma, and Miss Olive Dinkle motored up to Sanford Thursday to meet Miss Ellen Fuller who has just returned from Troy, N. Y.

W. S. Entsminger, of Plant City, is a visitor in town.

Roy Coleman was a visitor in town on Friday.

HON. JNO. D. JINKINS HONORED.

(From Wednesday's Daily)
On his seventh anniversary of the Superintendency of the First Baptist Sunday School of this city, Hon. Jno. D. Jinkins was presented with a substantial purse by the officers and teachers of the school and was asked to use the same on a vacation. It was suggested that he spend the vacation in Atlanta visiting the Tabernacle Sunday school which is the largest in this section of the country. Mr. Jinkins is one of the recognized Sunday school leaders in the state of Florida.

In the seven years that he has served in Sanford the school has grown from an average enrollment of 180 to 517. He is live, wide-awake, full of pep and enthusiasm. He makes anything go he puts his hand to. He is a member of that school of workers that has as its stimulant:

"If you say you can—you can.
If you say you can't—you can't."

For first class job work—the Herald

Exchange Supply Company how its work is done

Saving money is making money. The Supply Company makes money for members of the Florida Citrus Exchange.

These growers purchase their supplies at the lowest possible cost through the medium of the Exchange Supply Company.

The various Sub-Exchanges and Associations of the Florida Citrus Exchange are stockholders of the Exchange Supply Company and members place orders with local organizations.

Sales of commodities are made by the Exchange Supply Company to members of the Florida Citrus Exchange at prevailing retail prices, when these are fair, to avoid disturbance of the regular markets and trade channels.

In the end, however, all earnings above costs of operation are returned to the grower-purchasers. Refunds are in proportion to the amounts of purchases and expenses of doing business are extremely low.

Cooperative buying is no less a success than cooperative marketing. For particulars of the Exchange Supply Company see the nearest Sub-Exchange or Association manager of the Florida Citrus Exchange.

EXCHANGE SUPPLY COMPANY

ARRESTED FOR MURDER.

LAKELAND, Sept. 5.—Bud Strader, negro, alias Will Johnson, wanted for the killing of another negro at Madison six years ago, was arrested here last night by Deputy Sheriff John Purvis. Purvis said Strader admitted he shot the other man but declared did so in self-defense.

TEXTILE STORES MOVE.

The United Textile Stores Co., have removed their stores from the second floor of the Garner-Woodruff block to the store room in the Swape block, occupied in part by Dr. Tom Moore, as an optical parlor. This gives the Textile Company a much better store and they will have something to tell the people about in a few days.

You'll enjoy the
sport of rolling
'em with P. A.!

FIRST thing you do next—go get some makin's papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback!

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a 'jimmy pipe or a cigarette!

Ship by water is some slogan.

Started by Sanford, it is being used everywhere in the State.

And by using it, and doing it everywhere in the State, the State will become great.

Florida has more waterways than any State in the Union, and has been using them less. We need more government aid for them, and this will come if we direct more traffic on them.

No married man should ever allow his business to interfere with his home life. If business cannot be attended to during spare time give up business—and starve to death.—Clear-water Sun.

Many new buildings and many big buildings are planned for the next few months among them some new stores on First street and other streets. Sanford will be a city before this time next year.

With the many big meetings of the growers and shippers, scheduled to meet in Florida on the ship by water question, it is a cinch that the people of this State will get results, and the ship by water idea will get the proper impetus.

The Sanford Chamber of Commerce has started something in the "ship by water" campaign. It will mean more to this section of the State than one can foretell at this time. It will mean an inland waterway through Florida, cheaper freight rates, refrigerator boats and many other things too numerous to mention.

Henry Ford is the man of the hour. They can call him a crank and everything else in the category, but he does things without consulting any of the higher authorities who may look upon him as a crank. He raised the wages of his factory employees many years ago and seemed to make money by it. He raised the wages of his railroad employees and made good at it. He lowers the price of autos when he gets ready and gets by with it.

The Clyde Line is feeling the effects of the "ship by water" campaign and are hauling more freight now than ever before at this time of the year. Keep at it, you merchants. Ship all your goods by Clyde Line. It is only through the water competition that you can ever expect to get reasonable rates. Your river is the thing. Help it to become greater and greater with two boats on every day. It will make Sanford the greatest city in central and south Florida.

The Sanford merchants expect to entertain a big crowd here on September 29th. It will be a day of events, and everything will be free, even to the eats and the drinks. The Sanford business man are the greatest in the State when it comes to doing things, and they will entertain the folks from out of town that day, and show them the time of their lives.

If there is anyone around Sanford who is out of employment they can get a job with the government on the Canadian or the Mexican border in the prohibition service. The only drawback is that the mortality rate on the "far flung bottle lines" is very high. However, there are probably many hard boiled boys who would take the job if there is sufficient of the wassona in it to pay.

Reports from Russia say that half a million are starving unless U. S. give them aid. The U. S. ought to stipulate that unless they give Lenin and Trotsky the "bum's rush" out of Russia there would be nothing doing in the soup kitchen. If they believe in Trotsky let them starve and the world would be better off without them—only Lenin and Trotsky should be starved to death first.

The rain came as close as Orlando last night.

PURCHASE THE OKEECHOBEE NEWS.

The first number of the Okeechobee News, under the new management, was received at the Herald office this week with distinct pleasure. And it was a pleasure because we know that Harry Neal of the Herald, was taking care of the News. N. J. Lillard, H. A. Neel and R. J. Holly, are the new owners of the Okeechobee News, and Mr. Neel will be down there for several weeks getting everything in shape and starting the News off with an eight page edition. The new owners expect to have a chain of weekly newspapers in the State close enough to Sanford to make this the central plant from which the other papers will be supplied with paper and printing material since Sanford gets the benefit of water transportation.

The Okeechobee News is published in Okeechobee City, the county seat of Okeechobee county, and is in the heart of the great stock raising country, orange growing and trucking, and one of the coming sections of Florida. Better railroad facilities and the new roads that are now being built into Okeechobee City will make it the central point for the activities of the southern part of the State, and the new owners will make it one of the best weekly papers in that part of Florida in a few months if possible.

The following editorial notice of the change was in last week's News: "With this issue of the News the paper passes into the hands of Messrs. N. J. Lillard, R. J. Holly and H. A. Neel, all newspaper men of many years experience, who are majority stockholders in the Sanford Herald. For the present, the paper will be under the management of H. A. Neel, who took charge last Monday. It will be the endeavor of the new management to give the people of this section the best paper possible consistent with the support received. A number of improvements, both in the plant and paper are contemplated, and will be made as soon as possible.

Mr. N. J. Lillard, the senior member of the firm, has been secretary and treasurer of the Herald Printing Co., for the past year. Before that he was for some time business manager of the Neel-Lillard Publishing Co., owning weekly papers at Brewton, Foley and Florida, Ala., and was for some time business manager of the Pensacola Evening News and secretary and manager of the Escambia County Fair Association, for six years.

Mr. R. J. Holly, the youngest member of the firm, is the editor and majority stockholder of the Sanford Herald. He is one of the best and most favorably known newspapermen in the State. He has done much to bring the varied resources of the Sanford section to the notice of the world and stands high in his profession.

The writer has for the past year held the position of general manager of the Sanford Herald. Prior to that he was for several years owner and publisher of papers in Alabama, coming there from Colorado, where he was connected with a number of newspapers as editor and owner. A cordial invitation is extended the people of this city and section to call and get acquainted."

WE WANT TO KNOW.

We are living way down here in Sanford, Florida, U. S. A. Some things get by us on account of being out of touch with the main arteries of big business but we cannot help but think that some things are also getting by the president of the United States, his cabinet, his officers, his secret service and all the congressmen and senators and all the rest of the small fry and large office holders.

For instance—millions of dollars' worth of government piers burned up the other day. Several fine ships have been burned at the same piers at Hoboken in the past few months. Who is responsible for this, and why should anyone want to burn the ships and piers? The New York Post states that the U. S. Government owns THREE BILLIONS worth of ships, and yet we cannot have a Merchant Marine. Who is holding back the greatest thing that America has ever attempted?

We have just finished fighting for these things. Our boys went over to get these things for America, and many of them never came back. Did the men responsible for the boys who go over or did they remain in America to pick up a fortune while our boys were fighting to make America safe for the corporations?

The rivers of Florida and the rivers of other States could be made navigable if the congressmen would look after the people's business, instead of the corporations. With navigable streams, there would be no exorbitant freight rates.

Somebody is responsible for all of this burning of piers, of ships, for the delay in the merchant marine, for

Not a dollar's worth of this will go in our new store, so it must be sold and sold quick,—hence these prices. Make your dollar do double duty now while you have the chance.

HUNDREDS OF VALUES THAT WE HAVEN'T SPACE TO LIST

ANOTHER ICE FACTORY

In Saint Augustine the price of ice was painfully high and the service painfully poor. A new company was formed and commenced to sell ice, with a good service, at a modest price. Then the old company came down in its rate (it couldn't afford to do so before) and bettered its service. Then the customers deserted the company that had been instrumental in getting the lower rate and went back to the old company. That was wholly unfair. But it's the way many merchants will do who desert the railways and patronize boat service—until the railroads reduce their rates. Then, the chance are the merchants will return to the rail service—and the business will whistle for their income.—Kissimmis Valley Gazette.

WEATHER AND CROP CONDITIONS IN FLORIDA.

Weather and crop conditions in the State of Florida for the week ending September 6, were as follows:
 Temperature:—The temperature was generally higher than usual over the section, except that it averaged about normal or below in the extreme west and south.
 Precipitation:—Except light, local showers the weather was generally fair, and the weekly deficiency rainfall ranged from 0 to approximately 2 inches. Rain is needed generally, especially on high land. The greatest total reported was 1.58 inches at DeFuniak Springs.
 Condition of Crops:—The weather as a whole during the week was unfavorable for crop growth such truck, and the dry weather delayed cane and sweet potatoes on uplands. The planting of strawberries and celery began, but the growth of truck is generally backward. Planting has not begun, however, in a general way; seed beds need rain. Much hay was saved, the weather being ideal for the purpose. Citrus leaves are "curling" in some instances, but the crop, as a rule, is holding well. Much corn was housed. Cotton deteriorated during the week, as a result of shedding and rust; weevil, also, were bad in localities. Opening of cotton was stimulated by clear, hot weather; ginning is increasing locally. Cane is in local markets, and appears well matured for the season. Plowing for all truck has begun but such work is delayed by dry weather.

ADVERTISING SPELLS SUCCESS

EVERY BUSINESS, LARGE AND SMALL, MUST ADVERTISE TO KEEP ALIVE

(From C. O. McLaughlin)

Norfolk, Va., Sept. 2, 1921.
Mr. R. J. Holly, Editor,
The Sanford Herald,
Sanford, Florida.

Dear Bob:
As time goes on and I become more familiar with advertising, and the successful business people who do advertising, I naturally notice most anything that comes within my sphere having any relation to it.

I attach for your edification an advertisement I clipped a day or two ago from the New York Times, of August 29. Many of the New York papers, and large papers in other cities are advertising special features, hoping to increase sales and general circulation. This advertisement from the New York Evening Post is interesting. You are aware that the Saturday Evening Post, with its large circulation, and The Country Gentleman constantly advertise for the purpose of increasing circulation. If the New York daily and weekly magazines having tremendous circulation feel the necessity of advertising, it seems to me most anybody engaged in any other business might fairly consider the example.

In the September, 1921 issue of the Silent Partner in an item which appeals to me strongly:

"The business that does not

need advertising can afford to advertise for the day when it will require more customers. The business that needs advertising cannot afford to remain silent on the subject of service."

In a recent issue of your paper you called attention to a Sanford organization which really deserves the support, not only of the people of the city of Sanford, but the people in Seminole county.

During my recent visit I said something about advertising to the manager of this organization, and he told me it was no use to advertise. My recollection is that he said it was his opinion people would buy stock if they wanted to, and advertising would not get additional subscribers. Of course, I did not argue the point with him, because my mind is well fixed about advertising and I know that advertising pays when it is properly and intelligently done.

Yours sincerely,

C. O. McLAUGHLIN.

Tanlac has the largest sale of any medicine in the world. Over Twenty Million bottles have been sold in six years. No other medicine has ever approached it as a seller.—Union Pharmacy.—Adv.

GENEVA

Jack Flynt left Monday for Mt. Verde where he will attend the industrial school. His mother accompanied him there.

A community sing was held at the school house Thursday night. After a few hours of music and song light refreshments were served.

Mr. Wakefield was a visitor in Sanford Tuesday.

Mrs. Endor Curlett attended the club meeting in Sanford Wednesday. E. H. Kilbe was calling on friends in Sanford Tuesday.

Mr. and Mrs. Endor Curlett, Mrs. Eickner, Mr. and Mrs. Roland Reed were among the visitors in Sanford Tuesday. Mr. Curlett went in to attend the regular meeting of the county commissioners.

Mr. and Mrs. David Speer, of Sanford, are visiting Mr. and Mrs. M. E. Wicks.

Mr. and Mrs. Harry Geiger and baby of Pennsylvania, arrived here Monday night to spend a few days with Mr. Geiger's mother.

Dr. and Mrs. Denton and son, Robert, and Katherine Aycock and Lucile Denton, of Sanford, called on Mr. and Mrs. T. W. Prevatt Sunday.

Mr. and Mrs. T. Walker Prevatt and Mrs. Fred McFarlane had a most miraculous escape from death Friday noon when on their way to Sanford in the Prevatt car, a car driven by a negro was about to turn onto the brick road in Geneva when he saw the Prevatt car and instead of putting on his brakes he stepped on the gas, smashing into the Prevatt car, turning it over, throwing Mr. and Mrs. Prevatt clear of their car, but pinning Mrs. McFarlane under the running boarding. Just by a few inches did her head escape being crushed by the car. Her legs were badly mangled and other portions of her body torn and bruised. Mr. and Mrs. Prevatt were cut and bruised considerably. Dr. Puleston made the trip to Geneva in a very short time to attend them. Mr. and Mrs. Prevatt are able to be out but Mrs. McFarlane is still confined to her bed.

LONGWOOD NOTES

C. W. Entamner and Bill Satcher were visitors in Orlando Saturday.

J. S. Dinkel was transacting business in Sanford Saturday.

Mrs. Bell Allen is spending a few days in Plant City, the guest of her brother, W. G. Entamner and family. Mrs. Jack Hartley and Miss Etha, left Tuesday for an extended visit to Thomasville, Ga., and other points.

Mr. and Mrs. Frank Topliff were the guests of Mr. and Mrs. A. Y. Fuller and family, Sunday.

Mrs. D. W. Clouser and son, Maurice, were calling on friends Sunday.

There were services at the Baptist church Sunday; Rev. Burr, officiating. Mr. J. E. Phipps gave a welcome roast at Palm Springs in honor of Mr. and Mrs. C. E. Stuart, of Orlando.

Misses Ellen and Lella Fuller spent the week-end in Orlando, the guests of Mr. and Mrs. Topliff.

J. S. Dinkle is having an addition built on to his store building, occupied by Mr. Bellany.

Mrs. C. L. Morton and Miss Gertrude, were calling on friends, Labor Day.

Mr. and Mrs. George Shippe and children, of Sanford, were visiting Mrs. Shippe's mother, Mrs. Geo. Lewis.

CAMP FIRE GIRLS HELD COUNCIL FIRE

(From Thursday's Daily)

The weekly meeting of the Camp Fire Girls, was held at the residence of Mrs. R. C. Maxwell, yesterday afternoon, with a good attendance. After attending to a few business matters, a Council Fire was held, and a candle lighting ceremony performed. One of the members, Miss Gayle Marshall, was initiated as wood gatherer, and after singing a camp fire song, the members started out to follow a mile trail, blazed by other members of the group, for which, all received an honor. After returning to the house an hour later, refreshments were served, and it was pronounced one of the best meetings of the season.

Two weeks ago, the girls camped for a week, out at Clay Springs. While there, two Council Fires were held, at which, two other members were initiated as wood gatherers; Misses Demarius Hudson and Margaret Berner. These initiations show the progress the girls are making, for a large number of the others are soon to be initiated in that first rank of their achievements.

Tanlac, the celebrated medicine, is now sold by the Union Pharmacy.—Adv.

What Henry Ford Says About Machine Power Farming

"In the tractor the farmer now has a machine in which is harnessed one of the most adaptable, efficient, economical sources of power in the world—the internal combustion engine.

"The tractor will multiply the productive capacity of each individual farm worker from three to four times over.

"It will put the farmer on a par with the city manufacturer. It will put his produce-producing factory—for that is what a farm is—on an efficient production basis.

"It will enable each worker to earn so much more that he can be paid more and still leave a greater profit for the man who hires him. It will enable the farmer to work fewer hours in the day, giving him more time to enjoy life.

"I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

OVIEDO

S. P. Mills and family have moved into the S. W. Swope cottage on Graham avenue.

Mr. and Mrs. W. E. Argo, Palmer Argo, Miss Nell Williams, Wm. Robt. Williams, and Edward Argo, are spending ten days on a camp at the prairie.

Miss May Conally returned to Oviedo Friday afternoon for a visit to Mrs. J. B. Jones, and Mrs. R. W. Lawton.

A call meeting of the Women's Club was held at the club house Friday afternoon. The object of the meeting was to inspect the work that has been done on the club house during the summer. The club voted to accept the work of the carpenters and to have the inside painting done at once. A committee was appointed to look after the further improvements.

In the absence of the president, Mrs. W. P. Carter, Mrs. T. W. Lawton, vice-president, presided. After the business was over, delightful punch and wafers were served.

Misses Mary and Alice Brannon, came home Friday night to spend Labor Day with their parents, Mr. and Mrs. T. J. Brannon. When they had been in the house about thirty minutes a knock was heard at the door and when it was opened they greeted all the young people of Oviedo, who had planned for them a surprise party. A most delightful evening was spent, under the leadership of Misses Ruth Young and Mable Swope, hostesses with the Misses Brannon.

Dr. Weathers left Sunday afternoon for a business trip to Jacksonville.

Mr. and Mrs. S. W. Swope, Miss Mable Swope, Mrs. C. S. Lee and Frances Swope visited Orlando Friday.

Mrs. O. G. Wolcott and Mrs. J. H. Jones visited Orlando Friday.

Emmett McCall returned Friday for a visit to his parents, Mr. and Mrs. H. B. McCall.

Mrs. J. N. Thompson and Miss Wanna Pope are taking the teacher's examination in Orlando this week.

T. J. McCall of Brunswick, Ga., is visiting his brother, H. B. McCall.

Mrs. C. A. Brannon, Mrs. A. Leinhardt and Mrs. W. M. Wright visited Sanford Tuesday.

A band of men, thought by some to be the Ku Klux Klan, have been at work in Oviedo for the past three weeks, and according to reports, have been endeavoring to rid the community of some objectionable characters among the colored population.

P. R. Weaver, of Orlando, is relieving T. C. Brannon as conductor on the Oviedo branch of the Seaboard this week.

Mrs. L. R. Mitchell and Miss A. D. Mitchell spent Labor Day in Orlando.

L. A. Paine, of Tampa, is taking A. K. Wade's place as fireman on the Seaboard.

N. H. Tanner has returned from a visit to Miami and is at his place in the postoffice once more.

Orlando C. of C. Will Entertain Sanford Chamber Sept. 29th

Invitation Was Extended To Sanford Today by Orlando

The following wire was received by the Herald this afternoon:

"An invitation was today extended to the Sanford Chamber of Commerce to meet with the Orlando Chamber of Commerce on the night of Thursday, September 29."

"BROSSIER"

"I Spent \$1.25 on Rat-Snap and Saved the Price of a Hog."

James McGuire, famous hog raiser of New Jersey, says: "I advise every farmer troubled with rats to use RAT-SNAP. Tried everything to get rid of rats. Spent \$1.25 on RAT-SNAP. Figured the rats it killed saved the price of a hog." RAT-SNAP comes in cake form. No mixing with other food. Cats or dogs won't touch it. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.

BOY SCOUTS AQUATIC AND TRACK MEET

The aquatic and track meet held by the Sanford Scouts, Thursday afternoon, proved to be a big occasion for the Sanford Scouts. Besides the fifty or more Scouts taking part in the meet, there were several visitors present to witness the interesting contest. The boys showed great interest in the meet, and expressed themselves as being well pleased for the opportunity of matching their respective abilities against each other. The Boy Scouts are looking forward to the time when they will be given another such opportunity and promise that the next meet will be even a greater success than this one.

Those winning and receiving mention in the meet are:

Aquatic Events—Swimming under water: Dubose first; Carter, second; McLaughlin, third.

Plunge for Distance—Jim Jones, first; Berner, second.

Dash 200 Feet—McLucas, first; Whittle, second; Dubose, third.

Cross Chest Carry—Geo. Wilson, first; McLucas, second.

Diving—McLucas, first; Fith, second.

Track Events—100 yards sprint: McLucas, first; Joe Meisch, second.

Fifty Yard Sprint—McLucas, first; Alton Gunter, second.

Standing Broad Jump—Dubose, first; Alton Gunter, second.

Running Broad Jump—Dubose, first; Alton Gunter, second.

Running High Jump—George Wilson, first; J. D. Ferrit, second.

Those in charge of the Boy Scout work in Sanford, wish to thank the banks of the city for their co-operation in making this first meet a success. It is hoped that more people will take an interest in the Scout work and show their interest by being present at the Scout camp when the boys meet there for Scout work and play. Be a Scout booster by DEED and ACT, not merely by word of mouth. What the Scout movement needs is more real hard effort on the part of the citizens of Sanford. It is easy to boost by word of mouth but it takes more than words to put the Scout movement over and make it worth while. The prize winners in the meet will be given their prizes next Thursday afternoon at the Boy Scout camp. Be there.

YES INDEED.

Says the Tampa Tribune: "That's a good provision of the traffic ordinance which forbids young children at the steering wheel of automobiles. But we know some grown-ups who should be barred also."

The abominable recklessness that prevails with a large number of automobile drivers, notably young men and older ones of a sporting character, calls for a traffic law of a very stringent character. Offenders should be put under bonds to keep the peace.

WORKERS COUNCIL

One of the most enthusiastic meetings held recently in the Baptist Temple was the workers council on last Friday night at which time fifty-four Sunday school teachers and officers had dinner in the banquet room of the Temple. They made plans for the future growth of the school. The Baptist Sunday school is a live, growing institution.

HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast.

TELLS WHY EVERYONE SHOULD DRINK HOT WATER WITH PHOSPHATE IN IT BEFORE BREAKFAST

Headaches are caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar.

If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphated hot water cure to rid your system of toxins and poisons.

BIRTHDAY PARTY

(From Thursday's Daily)

Little Miss Martha Bishop, the dainty little daughter of Mr. and Mrs. G. D. Bishop, entertained a number of her little friends yesterday afternoon at her home on Parke avenue, the occasion being her fifth birthday anniversary.

Quantities of hibiscus were used in decorating the rooms. The color scheme of pink and white was prettily carried out in the decorations and refreshments. The dining table had for its center-piece the wonderful birthday cake iced in pink and topped with five tiny white tapers.

Several childish games were played by the young folks and stories were told by Misses Ruth Henry and Carmets Barber. Late in afternoon Mrs. Bishop, assisted by Mesdames Thigpen, Wallace, Marlowe, Bower and Hart served refreshments carrying out the color scheme, and consisting of ice cream in white paper cups, cake, iced in pink and pink and white candies. The favors for the boys were horns meta. Late in the afternoon Mrs. presented with dainty parasols filled with candy.

Among the children enjoying this party were: Betty McKinnon, Margaret Franklin, Mary Elizabeth Tolar, Mary Elizabeth Neely, Katherine Thigpen, Mary Hart, Georgia Hart Wilson Smith, Frederick Daiger, Russell, Billie Thigpen, Franklin Bennett, Bryan Higgins, Harry Bower and Bobbie Marlowe.

Among the "grown ups" were Mrs. R. C. Bowers, Mrs. D. C. Marlowe, Mrs. George Fox, Mr. W. J. Thigpen, Mrs. G. D. Hart, Mrs. A. B. Wallace and Mrs. Fred Daiger, Jr.

DAUGHTERS OF WESLEY

(From Wednesday's Daily)

The Daughters of Wesley held their regular business meeting and election of officers last night at the Methodist church parlors.

Mrs. Howard P. Smith was elected president; Mrs. R. T. Thrasher, vice-president; Miss Elizabeth Musson, secretary; Miss Vera Woodcock, treasurer; Mrs. H. H. Chappell, teacher.

After the business meeting a social hour was enjoyed, and refreshments of pineapple sherbet and cake were served.

There were sixteen members present at this meeting.

For office supplies, stationery, etc., come to the Herald office.

Mr. Tourist

Ever Think of Owning Your Own Home in Florida—instead of Renting?

Ever think of the solid comfort and freedom of your own home, so essential to real quietude and rest?

Ever think of the economy possible in and resulting from the erection of a small, winter bungalow?

For these and other convincing reasons

QUICKBILT HOMES

are popular as the logical winter home in Florida.

An investigation will give ample proof of their stability, beauty and practical method of construction.

Our illustrated catalogue sent free on request shows a number of attractive designs, one of which should appeal to you.
