THIS CURIOUS WORLD

By William Ferguson

THE MAN-O-WAR BIRD LIVES LARGELY ON FISH... YET IT CHASSES SWIMMING FISH FROM THE SURFACE, OR CATCHES THEM FLYING IN THE AIR.

REPTILES ARE RATED THE HIGHEST OF ALL COLD-BLOODED ANIMALS

ANSWER: European weather travels from west to east; thus the allies get weather warnings first and can plan military operations accordingly.

New President Of University Of Florida Has Straight 'A' Record

GAINESVILLE, May 6.—(Special)—When students at the University of Florida named Charles Sherman as their new president...

Sherman, who hails from Avon Park, in Highlands county, isn't just a brilliant student in the classroom...

He turned down a \$1,000 music scholarship to another institution when he elected to enroll in the University of Florida in the Fall of 1938...

To cap it all, Charles is still a right young man. Many college students can do more than vote in their campus elections...

He is one of, if not the youngest man elected president of the Florida student body.

He is the third non-law student within the next 15 years to be given the highest student office at the State University.

And it appears as if in the same length of time, he is the first third-year man on the same to get the top honor.

It has been an almost unbroken rule in recent years that a fifth or sixth-year student—usually in the law school—gained the presidency.

Charles did not enter the University of Florida with any ambitions in student politics...

As has been indicated, Charles didn't enter Florida with any openly expressed, or secretly nurtured political ambitions...

It happened when a student elected the year previously to the student executive council did not return to school.

Charles tossed his hat into the ring at the time of the special election...

—first sophomore in the university history to attain such a post in the student government.

And so early next month over 3,000 students will officially usher into office next year's student "prexy."

A grand looking boy who has a great brain and a great heart inside his six foot, 185-pound body.

Justly proud can be Mr. and Mrs. C. D. Sherman, his parents, his sister Betty, a sophomore at Florida State College, and Ed, a brother, who is a Junior in high school.

dances at the Clearwater Yacht club during the month of May. The committee in charge is George W. J. Carr, Paul McElveen, Victor Curtis, Jr., Harry Clark and Dwight Showers.

The Advantages Of The Initiative

Speaking in the United States Senate yesterday Senator Pepper of Florida urged that this country immediately resort to convoys in sending aid to Britain, that it occupy Greenland, the Azores, Canary and Cape Verde Islands and Dakar in French Africa, and that it join the British in Iceland and at Singapore, and he suggested that American aviators make a shambles of Tokyo.

While there might be no particular military advantage in precipitating upon the Japanese the havoc they have wrought upon Chinese cities, there is much to be said in favor of taking immediate action toward securing adequate military and naval bases sufficiently far from American shores to keep any possible enemy at a respectful distance and even such additional action as might further guarantee American security.

We have heard a great deal about the jump which Germany got on the democracies in preparing for this war, but the thousands of airplanes which the Nazis had manufactured before Britain even got started, about the tanks, armored cars, submarines and guns which, some say, give Germany an unbeatable position in this war, but there is one asset which Hitler has had ever since his war began superior to all the rest, and that is the advantage of the Initiative.

Partly because Germany is a dictatorship and does not have to await the formation of public opinion before striking, partly because Germany the aggressor while other nations which haven't a chance of keeping out of the war are still hoping for peace, the Nazis have taken on their enemies one at a time and moved them down whenever it suited them best. They have struck whenever and wherever the element of surprise was most to their advantage. Their enemies never knew when or where to defend themselves.

Though England and France accepted the challenge when Germany invaded Poland, they remained entirely on the defensive while the brave Polish army was being annihilated. This was due to a policy of slow strangulation without the loss of any lives. Though they could have attacked while Germany was occupied in the east they sat down behind their Maginot line hoping that it would protect them from German bombers.

If they figured that an attack would come some day, they could not tell when or where it would strike. If they could not tell when or where it would strike, they could not tell when or where to defend themselves. They could not tell when or where to defend themselves. They could not tell when or where to defend themselves.

The Initiative is still with Hitler, and it is a terrific advantage. The British dare not send many troops from the British Isles to the Near East lest Hitler land his invasion attempt. If they take troops from Egypt to strengthen Gibraltar, the Germans may attack through Turkey and seize the Suez. Churchill could have sent more troops from Australia to the Gulf of Persia had he not been afraid of a stab in the back by the Japanese at Singapore.

The United States could take this initiative away from the Axis powers. Instead of waiting until Britain is defeated and Hitler in his own west line picks the precise moment and the exact spot on the ten thousand miles of coastline which our army has to defend, while our army suddenly finds itself attacked by the Axis powers, we could take the Axis completely by surprise by striking the first shot.

In the case of night without any advance notice of fanfare, without any warning, without any herald words than have already been uttered, a few American bombers and submarines stationed at strategic Far Eastern points could descend upon the Japanese Empire and the preoccupation of the United States Embassy to get in its dirty work, and send it to the bottom of the ocean. This might not be in the interest of international law, but we'll bet the American people would sleep better once the Japanese navy was out of the way.

And our Navy would then be free to take the initiative in the Atlantic.

WEDNESDAY, MAY 7, 1941

did a bill which would take the "odd-cent" break from the tax tracks for the old age pensions. He estimated it would produce about \$300,000 a year. And Representative Luman of Bradford county introduced a bill signed by the house committee, appropriating \$200,000 annually for another office without first requiring the office they would not need years.

Other highlights of the week were the agreement reached by various groups on a unified program, which eliminated another controversial issue from the agenda, and the passage of a bill to create a state board of public institutions, which would have the power to establish a hospital for the deaf, blind and feeble-minded, and to support the state of public institutions.

The Senate approved a bill which would take the initiative in the Atlantic. The Senate approved a bill which would take the initiative in the Atlantic. The Senate approved a bill which would take the initiative in the Atlantic.

NOT SINCE THE RIGHTS of citizenship in this country were first established has there been so much cause as there is today for pride and thankfulness as we enjoy our rights in the United States, ones to be found in few other lands. Freedom of speech, freedom of religion (even the right to follow any religion except state worship) has been lost in some foreign lands, the right to move freely from place to place, the right to engage in the occupation of your choice, the right to start your own business and take your own chances—we Americans are so used to these and other principles that we seldom give a thought—Exchange.

HOW ABOUT YOUTH? Well, they are thrill seekers just like my generation and every other generation that went before. But they have aspirations and ambition, go to college in large numbers, prepare for vocations and citizenship, marry and have children, and are headed for a steady middle age. The only distressing thing about them is their intellectual curiosity, their perceptive sensibilities. They've grown up to doubt that there's any progress in the world. How can I prove to them that they run rings around anything we had in my generation? Doubtless they'll discover that in time. Meanwhile, I note that the good old days are gone forever—and I see no cause for tears—William F. McDermott in the current Rotarian magazine.

Summary of Legislative Activity... The Attorney General, Watson, held a conference with the members of the Senate on May 6. He discussed the bill which would take the initiative in the Atlantic.

WEDNESDAY, MAY 7, 1941

WACHULA, May 7.—(Special)—Monday's Spring vegetable receipts at the Wachula State Farmers' Market set an all time high. It was disclosed yesterday.

A total of 28 carloads of mixed vegetables were received and sold at the stand, and growers packed nearly 650,000 for their offering.

The regular business meeting of the Women's Club for the Red Cross will meet at 8:30 P. M. with Mrs. J. H. Hestick, Mrs. W. A. Patrick and Mrs. Charles Morrison as hostesses.

# Saints Put Down Seminoles With Total Of 8-1

## 14 St. Augustine Hits Prove Too Much For Sanford

Fourteen hits banged out against the pitching of stookies Hindy and Ashton gave the St. Augustine Saints an 8-1 victory over the Seminoles in a game played at the East coast city last night. Another rookie, Pitcher McGee held the Sanford bats to only five hits and one run.

Sanford opened the attack by scoring the first run of the game in the second inning. The Saints came back in the fourth to make a lone tally and tie the game. A sixth inning rally of the Saints set the game on ice as their bats drove out singles and doubles to account for six runs. Another tally in the seventh inning finished the scoring of the game.

Skipper Whitlock got going and drove out two doubles for his fourth times at bat. Joe Justice collected a double but the Sanford hits were not timely and Whitlock and Justice died on base.

Of the eight Sanford men who reached base, one came in for a run, two were lost on double plays and five died on the sack. Seven Saints were left stranded on the bags when the innings closed but eight came home for a tally, one was caught on a double play.

Williams, with one hit to his

## Rollins 8 Game Grid Schedule Of 1941 Is Released

WINTER PARK, May 7.—An eight-game 1941 football schedule for Rollins College, S.I.A.A. conference champion last year, was released today by Jack McDowall, Tar coach.

Hold-over games are listed with Davidson College, U. of Miami, U. of Tampa, and Presbyterian College, while Mercer University, Davis and Elkins College of Elkins, W. Va., and Howard College of Birmingham, Ala., will be met for the first time in McDowall's regime. Newberry College, which has been met in past years, is again on the schedule.

All eight games will be played at night with the contests with Mercer, Davis and Elkins, Presbyterian, and Howard, being played in the Greater Orlando Stadium, Central Florida's fine new plant which seats 12,000 persons.

McDowall declared that the schedule was uniformly stiff. He pointed out that several years ago, Davis and Elkins gave Rollins' "Seven Blocks of Granite" a scare and that Howard College would face three southeastern teams next fall.

The schedule:

Sept. 20 Davidson College at Davidson, N. C.

Sept. 26 Newberry College at Newberry, S. C.

Oct. 17 U. of Miami at Miami.

Oct. 21 Mercer U. at Orlando.

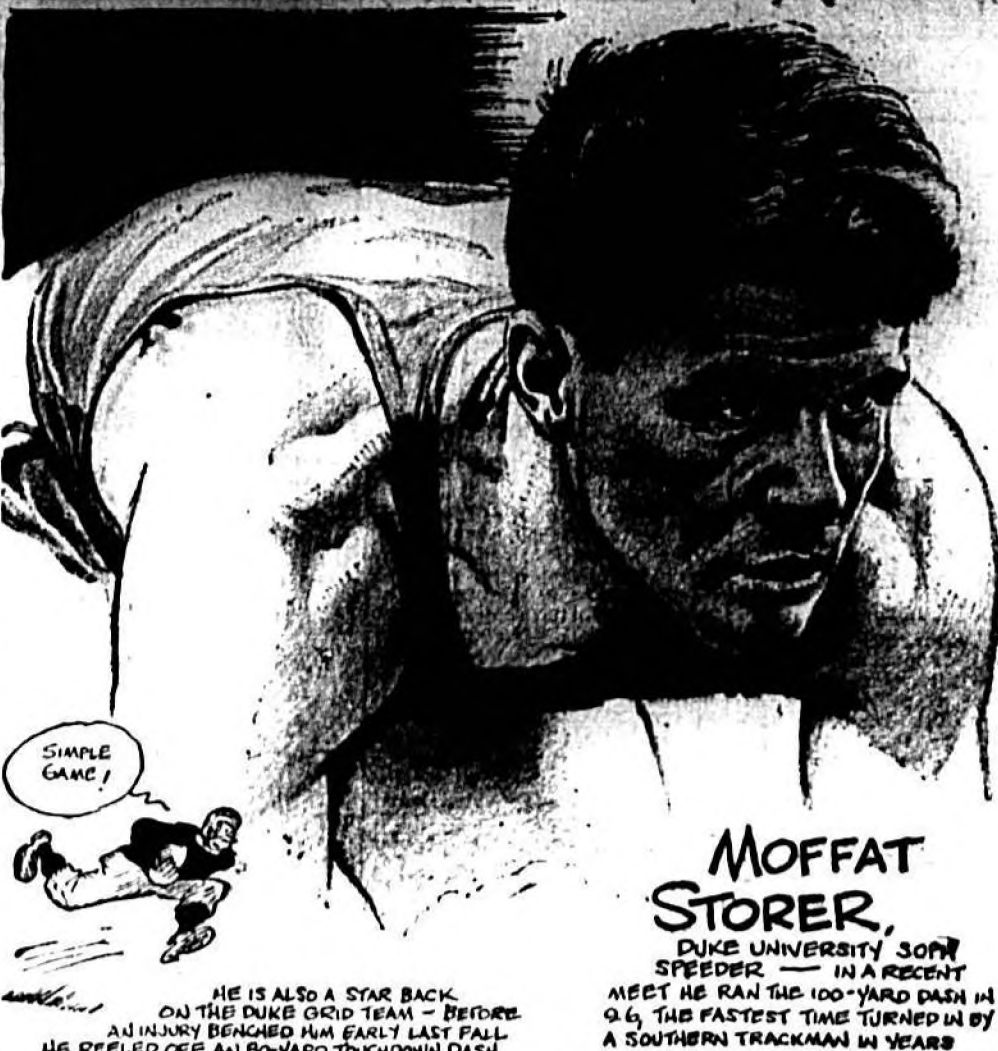

Nov. 7 Davis and Elkins College at Orlando.

Nov. 14 U. of Tampa at Tampa.

Nov. 21 Presbyterian College at Orlando.

Nov. 28 Howard College at Orlando.

## Ocean Blue Earns Preakness Chance Winning Survivor

BALTIMORE, May 7.—(AP)—Ocean Blue flashed into prominence as a probable Preakness starter yesterday by winning the Survivor Stakes in record time at Pimlico and at the same time Bold Irishman's stock took a sharp nose dive.

Ocean Blue, owned by Crispin Oglesby, stepped the mile and one-sixteenth in the smart time of 1:48 4-8, a new record for the stakes. The old mark of 1:48 3-4 was set by Gilded Knight in 1939.

Jockey Ira Hanford said Ocean Blue was merely breezing at the finish and Trainer J. P. (Doc) Jones said the three-year-old son of Blue Larkspur and Anchor Ahead probably would go in the \$50,000 added Preakness Saturday.

Most of the crowd of 10,000 who made Bold Irishman the 2-10-5 favorite had looked upon the Survivor as a test to prove whether the Wheatley Stable runner could presume to match strides with Whirlaway, the Kentucky Derby winner which arrived yesterday.

But the Irishman falled his backers miserably. He and his running mate, Choppy Sea, followed Ocean Blue's pace closely in the early stages, but when the big test came in the home stretch, Bold Irishman just didn't seem to be able to move and in the last sixteenth faded from third to last in the field of six Preakness candidates.

Ocean Blue returned \$10.50,

\$6.80 and \$5.40 across the board and picked up a purse of \$2,000. Alaking paid \$8.40 and \$5.90 and Kansas \$6.20.

## Stewart Says—

**Liberties Group O. K.'s Propaganda "Disclosure" Bill**

By CHARLES F. STEWART  
Central Press Columnist

ANY TIME the American Civil Liberties Union (Roger N. Baldwin, national director) can't see an invasion of our civil rights in a piece of legislation, enacted or proposed, it's a pretty safe conclusion that no such danger is involved in the enactment or proposal of the Civil Liberties Union is as essentially to that sort of peril as a thermometer is to the slightest change in temperature.

Well, we have a law now requiring all agents in the United States representing foreign principals, except purely commercial, to register with the state department. It's intended to identify the communists, propagandists and the like, here to create sentiment in behalf of overseas governments. Representatives of democratic governments aren't excepted, but of course the statute really is intended to spot totalitarian agents.

The law is O. K. in the Civil Liberties Union's announced opinion. A plan also is pending in congress to regulate publication in this country, by foreign principals, agents, of printed matter. The scheme is to compel the agents to publish, with the literature, their names and addresses and those of their principals, too. This aim, likewise, is to exclude from the United States all foreign-published propaganda, except as inclusive of the names and addresses of its responsible authors. Senator Alexander Wiley of Wisconsin is sponsor of the O. K. says the Civil Liberties Union again.

But the Union draws the line against prohibition of anonymous publications by Americans in their own home land.

Senators Guy M. Gillette of Iowa and Raymond F. Wolfe of Indiana are working for a law to this effect in the upper congressional chamber and Representative George W. Gillette has one on the docket in the lower house.

Similar state laws and municipal

## Billy Herman Lured By Dodger Manager

NEW YORK, May 7.—(AP)—Larry MacPhail, who has spent a million dollars for players in four years, lured Second Baseman Billy Herman away from the Chicago Cubs Tuesday in a deal he hoped would stop the last link in the Brooklyn Dodgers' pennant plans.

Piece by piece, with indefatigable optimism, MacPhail has rebuilt the Dodgers from step to step since he took charge of the club in 1938. His "all-out" raid on the cash drawer in the last 11 months has amounted to approximately \$345,000.

ordinances are being urged in various legislatures and city councils. The Union opposes them all. It draws a sharp distinction between foreign propaganda in our midst and domestic agitation in favor of policies in which Americans themselves, though in a minority, believe.

One Argument

I'm not particularly attempting to advertise the Union's opposition to our domestic so-called "disclosure" bills. Personally I'd think that even a minority, with a good cause to speak for, shouldn't object to subscribing to its remarks, even up to the point of suicide, if necessary.

What I'm seeking to emphasize is the fact that an outside or wholeheartedly pro-civil liberties group seems to be perfectly legitimate to make foreign propagandists tell who they are.

Incidentally, the Union broadly calls a reminder that certain of its members have a habit of affiliating themselves with other organizations that, maybe, the Union isn't in sympathy with a bit. This gets the Union in bad. It urges them not to do it without previously discussing their proposed connections with the executive committee.

## Former Mayor Leads In Miami Election

MIAMI, May 7.—(UP)—Clifford H. Reeder, mayor of Miami from 1929 to 1931, yesterday polled 17,190 votes to lead 15 candidates in a first primary for the city commission seeking six places in next week's runoff election, complete unofficial returns showed last night.

Both incumbents, R. C. Gardner who received 14,334 votes and Mayor Alexander Orr, Jr., with 7,694, won renomination. Commissioner C. D. Van Orsdel, the third incumbent, did not seek reelection.

Others who will be candidates in the runoff for the three seats are Ale Aronovita, former city attorney, 8,223; Robert R. Williams, mayor from 1937 until his recall in 1939, 6,143; and I. D. MacVicar, lumberman, 6,090.

# News Of The World In Pictures

Mary Jane Cassidy, 22-year-old model, is reported by New York police to have identified Morris Mardavich, 22, with whom she is pictured, as one of the men who killed Harry B. Maxwell, 41, advertising executive. Maxwell and the girl were sitting in a car in front of her home when two men forced their way in and shot him. Mardavich, thrice-convicted as a footpad, was arrested at his home.

Prince Abdul Ilah Seeking to regain the post he lost in the military coup of April 1, Amir Abdul Ilah, deposed Iraqi regent, is reported organizing an Arab army in Palestine to lead back into Iraq. He says he will help oust the present pro-Axis government there and restore friendly relations with Britain.

DELAND, May 7 (Special)—Stetson law graduates returning here Saturday heard the United States assistant attorney general lead of the criminal division of the U. S. Department of Justice, as leading speaker for an afternoon defense symposium. Wendell Hoge, pictured on the left above, headed the symposium with the topic "The Public and National Defense." On the right is Dean Paul E. Raymond, head of the Stetson University College of Law and recently elected president of the Florida Probation Association, who arranged the third annual Law Day program. The event also brought Lee C. Hill, president of the Florida Federation of Women and Grover Loring, founder and past president of the Academy of the Chamber of Commerce of America to the Stetson campus and vicinity.

## THE OLD HOME TOWN By STANLEY

Senator Henry Cabot Lodge of Massachusetts does his bit for the veterans of Foreign Wars by buying one of their Buddy Poppies from little Ann Scott in Washington. More than 6,000,000 of the poppies, made by ex-servicemen in government hospitals, are being sold to raise relief funds.

Actress Jean Rogers testified in Los Angeles that when her husband, studio executive Daniel Winkler, asked her to divorce him, she tried to dissuade him, but that he insisted. So she sought, and obtained, an interlocutory decree.

Here is a copy of the postal savings stamp which will go on sale throughout the country May 1, 1941 in connection with the sale of national defense savings bonds. The bonds run up to \$10,000 each.

## OUT OUR WAY By J. R. WILLIAMS

Stage Is Set For Fireworks At Sea; Next Step Is Declared Up To Hitler

By MORGAN M. BEATTY
WASHINGTON, May 7—(AP)
It is possible to draw on a
part of the answer to the
question, "How close is war to
American shores?"

During the first World War,
President Wilson created an
American precedent, backed by a
majority of the American public
of that day.

When you have done all these
things you have a mid-Atlantic
"spot" where American
patrols, British convoys, and
German blockade runners meet.

More recently, the Congress
and the President amended that
law to provide all aid to Britain
short of war. The bill is known
as the lend-lease bill. But so far,

## Disposition Of Murphy Money To Be Argued

### Legislature Advances On Holland's Program, Making Way For Finance Talk

### Governor Lauds Session's Speed

### Chief Executive Retains Firm Stand On Race Track Tax

TALLAHASSEE, May 8.—(AP)—Responding to Governor Holland's request for action on a few pending problems, the Legislature advanced a step farther today on the administration program to make way for the chief executive's address on finance early next week.

The Senate agreed to debate tomorrow morning on the Governor's bill to turn \$750,000 of accumulated Murphy tax money into the general state treasury—a proposal that was approved by the House after a sharp debate.

A Senate committee rejected the bill and proposed as an alternative that the money be used for old age pensions and aid to dependent children. The bill was not in the calendar in the House at the time of the Senate substitute.

Announcing delay of his address on finance matters until next week, the Governor raised the Legislature for the week which he had proposed to be held through the week.

All the same time he stated that his program for raising \$2,000,000 annually for old age pensions and aid to dependent children is a part of his program to make way for his address on finance.

The House approved the bill to turn \$750,000 of accumulated Murphy tax money into the general state treasury.

The bill was introduced by Representative Carlisle, and was passed by a vote of 10-4.

The bill provides that the money be used for old age pensions and aid to dependent children.

The bill also provides that the money be used for the construction of public buildings.

The bill was passed by a vote of 10-4.

## Boy Scouts Will Gather Tomorrow For Annual Silver Lake Camporee

Between 100 and 150 Boy Scouts, members of troops throughout Seminole County, will meet tomorrow afternoon for an overnight camporee at Silver Lake, about four miles from Sanford, where contests will be held in fire building, handicraft, bridge building and other activities.

An annual affair, the camporee will attract Scouts from Sanford, Longwood, Oryledo, Ocoola and Geneva.

Troops will be divided into patrols of six boys each, and the patrols will compete among themselves. The Scouts will choose their own camp sites at Silver Lake, and will be responsible for their own cooking, and for recreation there will be boating, fishing and swimming.

Last year the boys held the camporee on the shores of Lake Monroe, but decided this year to pitch camp "in the woods." Though the various troops in the county camp at Silver Lake throughout the year, this is the only time that all Boy Scouts of the county assemble in one body.

Some of the boys will go to the camp in automobiles, while others plan to hike.

Victor Greene has been chosen as director of the camporee. Camp craft directors will be Dr. Luther T. Doss and W. E. Kader, E. L. Kelsey will be chief judge, and will be assisted by A. C. Madden, Cullen Wright, John Kader, Joe Davis, Ralph A. Smith and others. Herman Morris will be activities director and Lewis Wright will be chief clerk.

Purpose of the camp is explained by Mr. Smith is to choose patrols which will participate in the council camporee at Camp Weva near Apopka May 16 and 17. Each patrol will be scored at the camporee this weekend, and those receiving 325 or more out of a possible 500 points will be eligible to go to Camp Weva. Scouts from six or seven other counties will also be present at the camp next week.

Judges will score the boys on the packs they carry, the sanitation, and projects.

Friday night skits will be presented by each patrol around a campfire, and visitors will be welcomed to attend.

An outline of the program to be followed is listed below:

Friday, registration, 8:30 P. M.; flag lowering, 9:45 P. M.; supper and cleanup, 10:00 P. M.; campfire program, 11:00 P. M.; Saturday, reveille, breakfast and cleanup, 6:00 A. M.; free time and projects, 8:00 A. M.; free time, swimming, 9:00 A. M.; lunch and cleanup, 11:30 A. M.; projects, 1:00 P. M.; break camp, final inspection, 4:00 P. M.; leave camp, 5:00 P. M.

Members of the troop committee of Troop 5 which are assisting in arrangements are Dr. E. D. Brownlee, Father J. J. Keilaghan, Ben Wiscup, Judge R. W. Ware, and Dr. Doss. Those who will stay at the camp overnight with the Scouts include Mr. Greene, Roland King, Guy Jones, assistant scout executive of Orlando, and Lewis Wright.

## Additional Men Will Sign For Draft July 1

### Nearly Million Have Reached 21 Since First Enrollment; Many To Be Called

DETROIT, May 8.—(AP)—The Labor Relations Board announced today it will conduct an employe election to determine the collective bargaining agency for the Ford Motor Company workers May 21. Approximately 90 thousand workers will vote in the largest election of its kind ever held by the Labor Board.

WASHINGTON, May 8.—(AP)—The Army and selective service officials were reported to have decided on July 1 as the date for registration of approximately 8 million men who have become 21 since the first selective service enrollment last October.

It is expected that a large proportion of them will be called for training within a few months after they have registered.

Volting 268 to 120, the House passed President Roosevelt's ship seizure bill yesterday and sent it on to an uncertain future in the Senate.

The measure, requested by the Administration, would empower the President to seize foreign vessels idle in American ports and put them to any use he sees fit. Thus he would be enabled to use Italian, German and Danish vessels recently taken into protective custody and others not yet requisitioned in the help to England program.

Voting in favor of the bill were 212 Democrats, 51 Republicans and three Progressives; opposed were 119 Democrats, 100 Republicans and one American Laborite.

The bill was passed after the House had defeated 230 to 160, a motion by Representative O'Quinn, Republican of New York, to send it back to committee with instructions that a provision be inserted forbidding the President to seize Axis-owned vessels over to Britain.

This proposal, presenting the biggest dispute connected with the measure, had previously been rejected, without a record vote. Those behind it contended that to seize the ships of one belligerent and transfer them to its enemy would be an act of war on the part of the United States.

## British Coastal Defenses Attacked By Nazi Planes

### Yugoslav Ship Under U. S. Guard

Streets In Southeast Town Are Machine-gunned By Airmen; Liverpool Assaulted

22 Enemy Craft Are Shot Down

2 English Boats With U. S. Supplies Are Torpedoed By Subs

German planes stabbed at British coastal defenses with mounting violence today, machine-gunning streets in a southeast town, attacking the Dover balloon barrage and clashing with R. A. F. fighters over the English Channel.

British night fighters shot down 22 Nazi bombers last night for a new one night record, the British reported, but failed to prevent the Luftwaffe from heavily damaging vital British port areas, including Liverpool, which was assaulted for the seventh night in a row.

The R. A. F. continued its offensive tactics by hammering the British Middle East headquarters and the situation yesterday bombed the airport at Baghdad, capital of Iraq.

In New York, maritime circles said the British passenger liner Union and the Norwegian freighter Eastern Star, ferrying American supplies to England, were torpedoed by Nazi submarines.

British troops and the R. A. F. were alerted officially last night to have seek crushing blows to the Iraq forces of Premier Rashid Ali Al Gailani, and military quarters expressed belief the conflict was near an end because Germany sent him no aid.

British airmen systematically destroyed most of the Iraq air force, ground troops regained control of a pumping station near Hutha on the vital Mosul-Haifa oil pipeline, and the Iraq fleet fighting with the British to rout the Iraqis holding dominating plateau positions around the airfield Tuesday.

Heavy losses were inflicted by a closely coordinated British ground and air attack, the British said. More than 300 Iraqis were reported captured.

The shattered forces retreated eastward toward El Faluja.

Prime Minister Churchill told the House of Commons in London that approximately 1000 Iraqis had been killed or wounded, and that 484, including 26 officers, were captured.

British losses were officially described as negligible.

Dispatches from Beirut, Lebanon, said Iraq was feverishly preparing to resume fighting.

The Mokrarr al Raheed airbase destroyed several Iraq planes and tipped up the airport's apron, a British communique said, against "practically no opposition."

The British reported all three remaining strongholds of Italian resistance in Ethiopia were threatened, with progress indicating their reduction soon.

In the northwest, one of the columns converging on Am Alaji was said to be only 30 miles away. The 80,000 odd Fascist defenders of the town were described as in a "distinctly uncomfortable" position.

The Suez Canal Zone was raided for two hours last night the British announced in Cairo today. Official sources reported some damage to the Egyptian State Railway property but said there were no casualties. Anti-aircraft guns opposed the raid.

German fliers returning from reconnaissance today reported big fires raging in Manchester, English manufacturing center. The German High Command had attacked last night on the parts of Liverpool, Hull, Hartlepool, Middlesbrough, Bristol and Plymouth.

## Sanford Woodmen To Attend State Meet Next Week

### 15 Members Of Club Will Depart For Pensacola Sunday

Fifteen Sanford members of the Woodmen of the World Camp No. 625 will leave Sunday morning for Pensacola to attend the biennial head camp convention, it was announced today.

Representatives of the Sanford camp will be C. C. Collins, senior past head camp, and B. F. Swagerty, Ben Crawford, Bernard Collins, H. L. Worthen, L. A. Brown, Jr., G. K. Houghton, T. E. Smith, Randall Collins, Eugene St. Johns and K. S. Allison, team members.

The team members will enter the competitive drill contest with three other teams of the state.

The Pensacola convention will continue through Monday and Tuesday. Sanford members, who will travel by automobile will leave early Sunday in order to be in Pensacola for the opening session Sunday afternoon.

The head camp convention is one of 25 such meetings being held all over the nation, it was explained. Reports of the progress of the Woodmen of the World, addresses by national officers, a mass initiation of new members and election of officers and delegates to the sovereign camp convention are included in the program.

Mrs. C. C. Collins, juvenile director, and Mrs. C. B. Rudd, secretary of the juvenile lodge, will attend the convention.

## Casselberry Is City Asparagus Built, Says Paper

Describing Casselberry as the Florida Town that Asparagus Built, the Miami Herald told in its Sunday issue the story of the small community between Sanford and Orlando which is the nation's largest grower of asparagus.

Illustrated with 12 photographs of scenes of Casselberry, the article points out that the "asparagus town" is not really a town at all. The story was written by W. F. Threlkison, and appeared in the All Florida page.

Thriving industry is also a thriving industry at Casselberry, the article points out, stating that there are in excess of 2,500,000 asparagus in various stages of growth.

Casselberry having made a success of asparagus, experimenters with asparagus, Mr. Threlkison writes. "High shades were built, and today the propagation of the flowering plants grows on with unabated energy and spread."

Many acres of ground are covered with enormous flat houses and in them are millions of asparagus plants, the article says. "Scores of men are engaged in cultivation general care and in the picking of asparagus. These cuttings are hauled to the packing houses where many women carefully grade and bunch the asparagus for market. It is explained.

Declaring that \$45,000 a year is expended on asparagus charges by the Casselberry Ferneries, the article says, "Florida's production of this increasing popular green is indeed an important business. California and Texas produce some, but Florida grows more than all other 'outdoor' areas in America combined."

## 10,000 Americans Believed Fighting In Allied Forces

### Most Of Volunteers Are Enlisted With Army From Canada

LONDON, May 8.—(AP)—Robert Hutchinson, chairman of the American Eagle Club, estimated today that 10,000 Americans are fighting in British and Allied forces. Most of them are enlisted in the Canadian forces.

As chairman of the Eagle Club, Hutchinson said he is in a position to give an accurate estimate. The club is a voluntary organization of men who have served in the armed forces.

Germany's long range bombers and huge guns missed their target and only today in sudden death and destruction on England's coast, and in Liverpool landed a seventh straight night.

Dover was shelled briefly but not by guns set upon the coast of France, two women were killed, German bombers followed the evening shelling with sudden centering to west coast towns but also reaching East Angles and southeast coastal districts.

The attack on Liverpool was described as an medium scale—similar to that of the previous night.

Liverpool has been undergoing a week long blitz in what appears to be a German attempt to smash major west coast ports before aid from the United States reaches the port. The Germans lately have been giving London a rest while concentrating on British and Northern Irish ports.

Three bombers were reported to have crashed on the flames. A number of persons were killed and houses were demolished by heavy bombs in one town.

## Sanford Grammar School May Day Program Features Athletic Events

The annual May Day program of the Sanford Grammar School featuring basketball, volleyball and a track meet will be held at the school building Friday beginning at 10:00 o'clock in the morning.

The program has been planned by the school committee and will be held on the school grounds. The public is invited to attend. The athletic program will include basketball, volleyball, track and field, and a track meet.

The complete program is as follows:

1. Drill exercises by the whole school.
2. E. J. Johnson recited by the whole school.
3. Lord's prayer—led by Miss Ruby Peters.
4. Star Spangled Banner by the student body.
5. Military tap dance by Norma Jean Sayer, with Mary Bell, in the piano.
6. Minuet danced by Peggy Pippen, Ruth Hodson, Emily Matthews, Dolores McLeilan, Robert Faircloth, Phyllis Bach, Frank Dursey, Phyllis Dingfelder and William Ludwig.
7. Routine tap dance by Gordon Wright, with Mrs. Dore at the piano.
8. Presentation of blue ribbon awards by Mrs. Dorothy Lamb, county health officer.
9. Presentation of the P. T. A. award by Mrs. J. J. King.
10. Presentation of the League of Women Voters award by Mrs. J. J. King.
11. Presentation of the League of Women Voters award by Mrs. J. J. King.
12. Presentation of the League of Women Voters award by Mrs. J. J. King.
13. Presentation of the League of Women Voters award by Mrs. J. J. King.
14. Presentation of the League of Women Voters award by Mrs. J. J. King.
15. Presentation of the League of Women Voters award by Mrs. J. J. King.

## Negro Is Killed As Streamliner Runs Into Auto

Clifford Andrews, negro who is employed at Lane's Dry Cleaning, was killed last night shortly after 6 o'clock when the new Atlantic Coast Line streamliner, Tamiami Champion, crashed into his automobile at the Thirteenth Street crossing, police said today.

The negro, who would have been 22 years old today, was unconscious when brought to the hospital and died soon after his arrival there.

Driving an old model Lafayette sedan, the negro was driving west on Thirteenth Street and started to cross the track despite the warnings of pedestrians, witnesses told police. The car was completely wrecked, police said, and the motor was knocked out of the chassis.

E. E. Tolar of Sanford was engineer of the train, which was bound from Tampa to Jacksonville, and Captain P. V. Singletary was the conductor. The negro lived at 1409 West Ninth Street.

## Animals At Zoo Have Moving Day And Investigate New Neighbors

It was moving day at the zoo today and Betty Ann, the black cat, Jiggs the mandrill, and the two scaly manatees were shifted around in their cages.

Reason for the change was to give Betty Ann more room to move around and separate the manatees, which have been pulling the scaly hair, Phil King, zoo keeper, said today.

Part of one of the big bear cages had been partitioned for Betty Ann's exclusive use and she was carried in by Phil. Since the black bear is getting to be a long walk and a long haul to carry her down again and she still looks wryly at the other cats with the two big bears, Betty, the big cinnamon bear, seems very interested in the new arrangement.

## Unusual Run Upon Post Office Halted

DELRAY BEACH, May 8.—(Special)—Wednesday afternoon and Thursday morning of last week were busy times at the post office, Postmaster LeRoy E. Diggins was unexpectedly besieged for unusual demands for withdrawals of sums that totalled in the vicinity of \$3,000—all by colored depositors.

The run was finally stopped when Clint Moore, Sr., called a meeting of employes on his farm and announced that he would personally be responsible for the deposits. It was decided that if Mr. Clint was backing the government, everything was all right, and the money might as well be left in the post office.

## Boys State Will Be Held In Tallahassee

TALLAHASSEE, May 8.—(Special)—The second annual Boys state will be held June 14-21 at Tallahassee, sponsored by the American Legion. Boys selected from the senior and sophomore classes of high schools throughout the state for scholarship, character, courage, leadership and understanding of the social sciences, will assemble to elect a governor, cabinet and house of representatives and a senate, and will virtually take over the state government, performing all the functions of the office for which they are selected for the week's period.

The governor and high state officials will advise and help the boys in their problem. American Legion posts and civic clubs throughout the state are cooperating in sponsoring the affair, which is patterned after the Boys Town of Nebraska.

## General Motors Has Record Auto Sales

NEW YORK, May 8.—(AP)—General Motors Corporation today reported that April sales of 177,183 units were the greatest for any month in its history.

## U. S. Marines To Arrive At Danedin

DUNEDIN, May 8.—(AP)—The first contingent of U. S. Marines to be sent to New Zealand to assist in the evacuation of Japanese prisoners of war will arrive at Danedin today.

The contingent consists of 100 Marines and is being sent to assist in the evacuation of Japanese prisoners of war who are being held in Danedin.

The Marines will be sent to assist in the evacuation of Japanese prisoners of war who are being held in Danedin.

## Future Farmers To Give Bridge Party To Obtain Money

To raise funds for their summer activities, the Seminole Chapter of the Future Farmers of America will sponsor a benefit bridge and Chinese checkers party at the Future Farmers Building next Thursday night.

Alex Johnson, adviser, said today. Prizes ranging from baby chickens to a bottle of perfume will be given winners of the games, Mr. Johnson said. Honorees will be Mrs. Alex Johnson, chairman; Mrs. D. B. Smith, Mrs. Henry Thurston and Mrs. Ralph Thurston. Refreshments will be served.

During the summer the Future Farmers go on camping and fishing trips and are also planning to go to Galvestone for the state F. F. A. convention. Mr. Johnson explained, and funds are needed for these activities.

Bridge prizes and the merchandise who give them are: 25 baby chickens, 25 pounds of starter feed, Xmas Feed Company; 15 gallons of gasoline, General Oil Company; bottle of perfume, Rosell and Anderson; pyrex dish, Hill Hardware Company; and a year view vanity mirror, Birch and Moore. Refreshments will be served by Mrs. Alex Johnson, chairman; Mrs. D. B. Smith, Mrs. Henry Thurston and Mrs. Ralph Thurston.

## Sanford Men Are Given Patent For Cleaning Device

Jay A. Young of Lake Monroe and James E. Ahernally, former Sanford resident who now lives in Miami Beach, both employees of the Florida Power and Light Company, have been granted a patent for an apparatus they invented to clean preheaters.

The device was invented three years ago, and has been successfully in use at the Lake Monroe plant ever since, but the patent was just recently awarded. The two men now plan to make the apparatus available to other power companies.

In the patent brief, it is stated that the device automatically and progressively removes soot and other foreign materials from the surface of preheaters, and that one of the objects of the invention is to provide a cleaning device which will clean a liquid or the cleaning medium.

Disadvantages of the old method of cleaning preheaters and furnaces are said to be overcome by the new apparatus.

It is explained that the invention permits the removal of the soot without any discontinuance or interrupting in any way with the operation of the preheater. The device is described as a liquid or the cleaning medium.

## City News Briefs

Reebok fans will meet at 8:00 o'clock tonight at the City Hall to discuss the problem of attendance at the games.

The vocational training class will meet at 8:00 o'clock tonight at the City Hall on the lake.

## LOCAL WEATHER

Fair, preceded by showers in the evening, with a few showers today, Friday fair.
