

Lions Club Will Furnish Schools With U. S. Flags

The Lions Club voted to furnish every class room in Seminole County with small American flags, each equipped with a stand in order to place on teachers' desks. This action, made to foster patriotism in the schools, was taken at a meeting today at the Tourist Center.

J. E. Howland, Jr., reported to the Lions that, according to Supt. T. W. Lawton, there are 176 school class rooms in Seminole County, white and colored.

John Byron Beard, co-captain of the Celery-Fed football team, expressed appreciation for the trophy presented to him by the Sanford Lions Club as the best blocker on the team during the past year. He was introduced by Assistant Coach and Lion member, Fred Adams, who also introduced him as president of the student council and as vice-president of the senior class.

Robert S. Billhimer, manager of the Touchdown Drug restaurant and a former past deputy governor of Lions in Maryland, was inducted as a member of the local club by Richard Deas.

Financial reports were given by Robinson, treasurer, and Mary Robinson, secretary. Guests introduced were Harry Kudell, who accompanied the slugging, Tom Trent of Vero Beach, Wallace Phillips and Robert LeFils. King Lion W. O. Livingston thanked members who had helped to make the club's Christmas party at the Seminole Country Club a success.

Gut Presented

Trygve Lie

(Continued from Page One)

council has the power to set up a force.

In an address prepared for delivery at the opening of tense deliberations by the five-country UN Palestine Partition Commission, Lie declared:

"You are entitled to be confident that in the event it should prove necessary, the Security Council will assume its full measure of responsibility in implementation of the assembly's (partition) resolution.

"You have the right to assume, as I assume, that in such a situation the Security Council will not fail in exercise, to the fullest and without exception, every necessary power entrusted to it by the charter in order to assist you in fulfilling your mission."

Lie underscored in his prepared text the words "to the fullest and without exception."

The Secretary-general pointed out that the partition plan had been approved by more than the necessary two-thirds majority vote of the general assembly last Nov. 29 and added: "Your mandate, therefore, is a firm and clear."

"You are to take the necessary measures," he said, "leading to the establishment in Palestine, not later than Oct. 1, 1948, of an independent Arab state and an independent Jewish state."

The resolution of the general assembly which you have before you is the full authority of the United Nations in discharging your responsibility."

Lie did not minimize the difficulties ahead.

After referring to the "unfortunate and deplorable incidents which have been occurring in Palestine recently," he said:

"I am under no illusions. You have a hard road to travel. I am, however, calmly confident of your ability to surmount all obstacles. In the interest of the United Nations I wish you full success. I pledge to you every resource at my disposal to that end."

He made it clear that these "resources" did not include military support and that assistance of this type was something the commission would have to work out with the security council.

Stassen Hits Dealers

(Continued from Page One)

a holder of 60,000 bushels of wheat futures. He said he ordered his broker to sell two days after Mr. Truman declared in a speech Oct. 5 "the cost of living in this country must not be a football to be kicked about by gamblers in grain."

Pauley, Graham and Ralph Davis, an Administration official during the war, have been named as commodities market traders. Stassen referred to all three today, and then told the committee, investigating the effects of commodity speculation, that he preferred not to name other Administration officials who have not already been identified.

"I think it would be preferable that they be developed from the exact evidence," he said. "I would prefer to give you the leads and indications."

Stassen testified that market activity by government insiders had tended to force prices up. Chairman Ferguson (R-Mich) asked whether Stassen was familiar with a letter the late President wrote in 1937 saying it as the policy of the Administration that none of its employees should hold stocks, bonds or commodities for speculation.

He also criticized what he called "the clumsy nature" of government purchasing operations. Congress should be set up to review purchases week by week "so they may be called to account."

But Stassen said he is not

Florida State News In Brief

VESSELS IN DISTRESS
MIAMI, Jan. 9. (AP)—The Coast Guard today reported two vessels in trouble, one aground and the other lost and running short of fuel.

A Navy tug from Guantanamo Bay was sent to the aid of the banana boat, Amie, aground on Cay Labos at the southeastern end of the Bahamas Island string. The vessel is of Honduran registry.

Another small boat, the Maribel Latham, reported it was lost in the Caribbean somewhere south of Jamaica with only 12 hours' fuel left. Immediate efforts to locate the boat were unsuccessful.

DAYTONA BONDS
TALLAHASSEE, Jan. 9. (AP)—The Supreme Court today valued \$1,350,000 worth of bonds to be issued by the city of Daytona Beach to finance construction of a stadium, auditorium, beach, and negro recreation center.

The court, upholding decision of the Volusia County circuit court, said the purposes for which the bonds are proposed are in the public interest and the necessary majority vote of the general assembly last Nov. 29 and added: "Your mandate, therefore, is a firm and clear."

"You are to take the necessary measures," he said, "leading to the establishment in Palestine, not later than Oct. 1, 1948, of an independent Arab state and an independent Jewish state."

The resolution of the general assembly which you have before you is the full authority of the United Nations in discharging your responsibility."

STREPTOMYCIN
HOLLYWOOD BEACH, Jan. 9. (AP)—Dr. Leon Herman of Philadelphia said here today that streptomycin, a new drug related to penicillin, has shown promise of arresting tuberculosis, especially when located in the "difficult to treat urogenital tract."

The Herman spoke before the meeting of the southeastern section of the American urological association at the Hollywood Beach hotel.

15 YEAR SENTENCES
TAMPA, Jan. 9. (AP)—Two convicted fishermen who admitted they threw a comrade into Hillsborough River during a drinking bout were today sentenced to 15 years apiece under for his drowning.

Ernest K. Weese, 24, and Godfrey W. Weese, 23, pleaded guilty yesterday to manslaughter in the death of Robert Townsend, 50, last Sept. 21.

Both told the court they bore Townsend no ill-feeling and tossed him into the water in a moment of irresponsible frolicking.

RELOCATION UPHOLD
TALLAHASSEE, Jan. 9. (AP)—The Supreme Court today ruled the State Road Department has authority to relocate a section of road in Putnam county "so as to eliminate dangerous right angle turns and inconvenient curves."

Authority of the Road Department to carry out the project was upheld by a 4-3 vote. The road was located and officially designated by legislative act.

BEGINS SENTENCE
RAIFORD, Jan. 9. (AP)—Don M. Stevens, Jacksonville refrigerator salesman, entered the state prison here yesterday to begin a life sentence for killing Richard Melvin Aug. 30.

Stevens said he was forced to shoot Melvin because the latter threatened his life and refused to pay off a 500-1 number's gamble Stevens had won. Melvin was slain in the gun battle at the Melvin home and a indictment for this killing is still pending.

400 ADDED
AUBURNDALE, Jan. 9. (AP)—The Adams Packing Company has added approximately 400 workers with opening of its canned grapefruit sections division. Lee Becker, division superintendent, said today.

Bank Robberies
(Continued from Page One)

ered eight women employees into one locker room and about six men into another. They then turned to the manager, forcing him to open the vault.

They began mopping up all the cash and silver in sight and escaped in a waiting automobile, which, one witness said, bore a license plate which resembled those on state-owned cars.

Police are conducting a split-whipped by one of the bandits when he protested their "roughing up" one of the bank's women employees.

"You can't do that to her," he told the thugs. The bandit struck him several times over the head with the barrel of his revolver.

The bank was the Mid-City branch of the Hibernia National Bank. It is on the corner of Carrollton and Canal Streets, one of the town's busiest intersections.

Police Superintendent A. A. Walters took personal charge of the investigation. Witnesses said bank employees are being questioned but Walters has refused any additional information.

State police said they had been asked to be on the lookout for a black Ford which was believed carrying Florida license plates. The 1948 Louisiana plates and 1947 Florida plates are both cream numerals on a green background.

One witness to the escape said a Florida tag, with the figures "40" as the first two numerals.

CAMBRIDGE, Mass. Jan. 9. (AP)—Two gunmen today ran up the Harvard Cooperative Society and escaped with from \$30,000 to \$50,000—throwing smoke bombs to cover their getaway.

Working with split-second timing, the gunmen grabbed the cash just as it was delivered from a bank by special policemen in an armored car.

Panic broke out in the big store in busy Harvard Square—just outside the entrance to Harvard Yard—when cries of "fire" startled about 200 customers as the fleeing gunmen threw their smoke bombs.

A third man waited at the wheel of the getaway car.

Police who had delivered the cash were just leaving when one of the gunmen jumped into the maker's cage, brandishing a pistol. He grabbed the bag containing the cash.

The second bandit tossed a smoke bomb at the entrance of the store—sending up a cloud of

one to blame every political party for primary responsibility for high prices, saying that "the primary cause is the worldwide shortage in the war of war."

The hearing was resumed at 11:30 P. M. until next Tuesday morning. Graham did not testify today because the questioning of Stassen used up the time previously set aside for today's session.

Marshall Says

(Continued from Page One)

with everything he had learned in the government service.

On other subjects Marshall told his news conference:

1. Next June 30 is simply a target date for the State Department to take over from the Army administration of Germany's assignment of 1,000 Marines to its Mediterranean force could be done quietly but as it turned out it could not be done that way.

The purpose of the assignment, he said, was to raise, ship, complement to full strength. The total of 1,000 was not very large, he said, in terms of the foreign policy interests of the United States in the Mediterranean. He said he had no comment on the Navy's announcement of a transfer of four submarines to Turkey.

3. He expects to see envoys now en route here from the Chinese government to discuss an American aid program for China, but he does not yet know when he will see them.

4. The Greeks have been given an allotment of \$25,000,000 worth of surplus property, such things as clothing and construction material, by the United States. Aides told Marshall in the presence of reporters that the sum in addition to the \$300,000,000 main Greek assistance program. As to the future Greek aid, Marshall said that the government had not yet come to final conclusions about asking Congress for additional funds.

5. Marshall plans to attend the inter-American conference at Bogota, Colombia, beginning March 30 and knows of no plans to postpone it.

6. He understands that the latest Soviet proposal demanding a "Big Four" meeting on a Japanese peace settlement has been turned down by the Chinese and the United States. He sees virtually no change in this proposal from an earlier Soviet plan which the United States rejected. Russia wants to keep the great power veto over the Japanese settlement; the United States does not.

U. S. Marines

(Continued from Page One)

British government officers are situated.)

Earlier tonight the Arab office reported "strong rumors" that Britain had agreed to landing of Marines in Palestine "to protect American institutions." The Arab office, which is maintained by Arab governments of Middle Eastern countries fighting the partition of Palestine ordered by the United Nations, stated:

"If these rumors are true, the Arabs will take the gravest possible objection to what Great Britain has done."

"The arrival of American military personnel in Palestine, no matter what guise or how few, will not intimidate the Arabs. On the contrary they will see in it a reckless, provocative challenge."

JERUSALEM, Jan. 9. (AP)—Two Arabs and a British policeman, were injured today by an explosion of a crude shoebox bomb planted in an Arab bus in Jerusalem.

Passengers in the bus smoke curling from the box and hurled it from a window just before it exploded, thereby probably averting greater casualties.

"All vessels except the submarines will be delivered to Turkish crews at the United States yards preparing them."

The submarines, all of the fleet type, will be delivered by United States crews to a Turkish port."

Many In Germany Stage Hunger Strike
ESSEN, Jan. 9. (AP)—Thousands of workers streamed out of the bombed-out remains of the Krupp plant and other factories in Essen at noon today in a general strike for more food. Five hundred coal miners also participated.

Trade union officials estimated that 60,000 persons had walked out, bringing to 85,000 the total number of Ruhr workers protesting against low food rations.

Police mobilized 400 men, including mounted police to patrol Ruhr area. Some of the strikers were called to a mass meeting.

British military government officials said the strike has been refused to have appeals to trade union leaders to return to the pits at Essen.

At Solingen, famed for its cutlery works 55,000 workers began a two-day strike yesterday and held a mass demonstration in the town's main square this morning.

Other miners, outside the Essen area were reported, functioning as usual.

Miners receive the biggest food rations of all workers in Germany, with supplementary overseas food packages as an added incentive.

Prices of fire started a rush in the store among the customers and about 75 employees—and somebody rang in the fire alarm.

Each handle then made a dash for a side door—turning to toss another smoke bomb to cover their getaway.

FEC Railway

(Continued from Page One)

the proposed merger of the East Coast Railway with the Atlantic Coast Line Railroad.

State Senator Frank D. Upchurch, representing St. Johns (St. Augustine) county, criticized Pepper for "not submitting himself to cross examination."

"We should see if we couldn't draw out some season for all this activity on his part, Upchurch said.

Upchurch, joined spokesmen from Miami, Jacksonville and New Smyrna Beach in supporting a proposal that the Florida East Coast Railway be turned over to the DuPont estate and operated independently.

The commission endorsed reorganization of the FEC and its merger with the ACL last April 8, and reversed an examiner's recommendation that the DuPont estate be allowed to acquire the FEC and operate it independently.

It is now hearing oral arguments on which to base a final decision.

The DuPont estate holds more than \$25,000,000 worth of defaulted FEC bonds, more than 50 percent of the total. The line has been in bankruptcy court several years.

Upchurch argued that headquarters of the FEC now located at St. Augustine would be consolidated with that of the Atlantic Coast Line at Wilmington, N. C. If the ACL acquired the East Coast system, he also contended that the FEC shops at St. Augustine would be closed.

Referring to Pepper's support of the ACL plan, Upchurch said: "I don't know whether the Coast Line is getting into politics or politics is getting into the Coast Line."

Emt Choate, representing the Miami Chamber of Commerce and the Greater Miami Traffic Association, accused "all sides" of using propaganda in the FEC reorganization case, and urged the commission to study the record and not reply on the arguments of attorneys.

He said Miami favored independent operation of the FEC and that its witnesses came voluntarily to commission hearings on the reorganization proposals.

Doctors Report On Blood Condition Which Effects Future Child Bearing

CHICAGO, Jan. 8. (AP)—Transfusion of the RH-positive blood to RH-negative women "may be disastrous to future child bearing even though many years may intervene," two physicians reported today in the journal of the American Medical Association.

The authors, Dr. L. M. Hellman and Dr. R. V. Vomburg of the Johns Hopkins Hospital and University School of Medicine, said creation of blood banks and increased use of blood transfusions accentuated the danger.

"In cases of dire emergency when time does not permit RH determinations, only RH-negative blood should be given," they said.

The researchers said that if an RH-positive woman (a combination of the marriage) the infant usually will be RH-positive.

There are only two ways in which the RH-negative woman (about 15 per cent of all women fall into this group) can acquire enough RH antibodies in her bloodstream to give birth to a baby suffering from blood incompatibility (a combination of jaundice and anemia called erythroblastosis).

The first is by repeated bearing of RH-positive children—a process which gives her a growing concentration of antibodies, producing after several pregnancies mild and then more severe erythroblastosis.

The second is administration of an RH-positive transfusion which "will produce no outward reaction if she has not been previously immunized but serves as a much more powerful immunizing agent than the repeated bearing of RH-positive children."

The authors added: "Even a small transfusion will give a high and persistent antibody titer (concentration). Women so sensitized produce RH-positive children with the severe form of erythroblastosis who usually do not survive."

The vast majority of deaths from tuberculosis among white, male Americans are among men aged 35 to 64.

Only about 10 percent of the blind people of the United States were born without sight.

Marshall Says Way Is Open For Others To Join Aid Plans

Secretary Says There Is Hope That Other Nations May Join After Aid Begins

WASHINGTON, Jan. 12 (AP)—Secretary Marshall said today the way is open for additional countries to come into the European Aid Program and there is no intention to draw a "Western Curtain" across Europe.

Sitting sideways in a red leather chair, the Secretary of State was answering questions from members of the House Foreign Affairs Committee about the proposed multi-billion dollar, four-year program of helping Europe to economic health.

First Rep. Vorys (R-Ohio) complained that he believes Russia and her satellites could qualify for aid under the plan merely by saying they adhere to a "European Recovery Program."

Then Rep. Richards (D-SC) asked whether other countries are likely to join after the program gets under way.

"There is that hope," Marshall replied. "There is that probability."

"I say that because I have learned of the concern of other European countries that this program involves a western curtain, which it does not at all."

Vorys told Marshall he was entirely sympathetic with aims of the plan but "dreadfully disappointed" in the administration's bill to authorize it.

The Ohioan said a declaration of purpose is so general that

Anderson Asks For Stand-By Meat Authority

Agriculture Secretary Thinks Control Of Wholesale Prices May Be Sufficient

WASHINGTON, Jan. 12 (AP)—Secretary of Agriculture Anderson today asked Congress for stand-by authority to control wholesale meat prices, but expressed the opinion there will be no need for retail price ceilings on meat.

The Secretary told the Senate Banking Committee: "We do need and we may have to use select price controls" on meat, and added:

"If we have meat price control at wholesale, that probably would be sufficient."

He did not make it clear whether he favors ceilings on live cattle, such as were in effect under OPA, or whether he felt controls should be applied only to meat sold by packers.

Chairman Tobey (R-NH) said in advance of the committee meeting that it "may be necessary to do some unorthodox things" and mentioned the possibility of rationing next spring.

Anderson, in advocating wholesale ceilings, was testifying in support of an administration bill sponsored by Senator Barkley (D-Ky). In line with one of the sections of President Truman's 10-point Anti-Inflation Program, the measure provides for "selective" authority to impose price and wage controls on a selective basis.

Under the Barkley bill, price controls would be applied first at wholesale. Retail ceilings would be imposed only if wholesale controls failed to do the job.

Anderson renewed his prediction of a meat shortage in the Spring and his belief that rationing will be needed. He said:

"I do think we have to ration it. I don't say we have to do it today. It would be too hard if we had a great scarcity of meat next Spring and had done nothing to get ready for it."

He added that he believes it would be possible to ration meat without controlling the price, although he would prefer both.

Anderson said that although there will be about 146 pounds of meat available for every person, it will be available for every person.

Truman Asks 2 Billion Dollar Hike In Biggest Peace Budget

President's Budget Estimate For 1949 Is Summarized In Brief

WASHINGTON, Jan. 12 (AP)—Here, in brief, is President Truman's budget estimate on how the government will spend and collect in the 1949 fiscal year which starts July 1.

Total outgo: \$39,669,000,000. This compares with \$37,738,000,000 during the current year.

Total income: \$44,477,000,000. Income this year is put at \$45,210,000,000.

Surplus: \$4,808,000,000. For this year the surplus is estimated at \$7,500,000,000.

The national debt: A reduction is forecast from \$228,000,000,000 on June 30, 1947, to \$246,000,000,000 by June 30, 1949. This is based on a budget surplus of more than \$7,000,000,000 this year and more than \$5,000,000,000 next year.

Where most of the government dollars go in the President's budget: \$11,025,000,000 to national defense; \$7,000,000,000 to international affairs and finance, including the Marshall Plan; \$4,100,000,000 for veterans services and benefits; \$2,250,000,000 interest on the national debt; \$1,800,000,000 for tax refunds; \$2,028,000,000 for social welfare, health and security; \$900,000,000 for agriculture and agricultural resources; \$1,616,000,000 for transportation and communications; \$1,157,000,000 for general government.

Where the government looks for most of its income: \$22,500,000,000 in individual income taxes; \$10,000,000,000 in corporation income taxes.

The Atomic Energy Commission to promote the use of atomic energy. This category with \$450,000,000 being spent this year.

Estimated Expenses For Coming Year Are Set At Over 39 Billion Dollars

WASHINGTON, Jan. 12 (AP)—President Truman fired an unprecedented peacetime budget of \$39,669,000,000 at Congress today to meet "the realities of our existing international and domestic requirements" during the 1949 fiscal year beginning July 1.

He told the hostile Republican Congress nearly four-fifths of the spending estimate represents the aftermath of World War II and efforts to head off World War III.

Although it exceeds by \$2,000,000,000 the budget request for the current year, Mr. Truman declared its preparation was governed by "rigid standards of operating economy" in the government.

"The plain fact is," he said, in his accompanying message, "that our budget must remain high until we have met our international responsibilities and can see the way clear to a peaceful and prosperous world."

In an obvious reference to the hoped-for effect of foreign aid in curbing the spread of Communism, Mr. Truman said:

"Should failure of these programs result in a further extension of totalitarian rule, we would have to re-examine our security position and take whatever steps might be necessary under the circumstances."

Mr. Truman declared that 79 percent of the expenditures he proposed "directly reflect the costs of war, the effects of war, and our efforts to prevent a future war."

In the case he listed the two biggest items in his budget: \$11,000,000,000 for national defense, 28 percent of the total and \$270,000,000 higher than this year; \$7,000,000,000 for foreign and other international affairs, 18 percent of the total.

Premium Prices Are Reported In State Produce Markets

JACKSONVILLE, Jan. 12 (Special)—Premium prices were reported during the last week on several lines of produce handled through Florida State Farmers Markets, with pepper up to \$7.25 per field crate at Fort Myers. Tomatoes reaching a peak of \$13.10 in Fort Pierce, and strawberries at Plant City returning growers a gross of \$49,890.60 for 170,532 pints handled during the report period. These highlights in the State-wide produce picture were pointed out by William C. Wilson, Director of State Markets, in a review of conditions, market by market, which revealed the movement of a wide variety of products in good seasonal volume.

"The handling of gladioli blooms through an auction sale system on our Fort Myers State Farmers Market has been delayed, because of weather conditions in the North," said Director Wilson. "This item, of news, to my mind, points up the interdependence of our economy in this country—and at the same time spotlights anew Florida's excellent climate. Many

Mrs. Cooke Loses To Pauline Betz By 8-6 And 6-1

Pauline Betz, four times Women's National Singles tennis champion, yesterday afternoon defeated Mrs. Sarah Palfrey Cooke at the Miami Inn court by a score of 8-6; 6-1, to mark the start of her Florida tour. It was Mrs. Cooke who came back out of retirement after the war in 1946 to snap Miss Betz's winning streak, and as in 1941, win the singles championship.

The defeat yesterday brought exclamations of delight from a large and enthusiastic gallery from all over Central Florida which was thrilled at the shots of the two greatest women tennis players in the world. The defeat set a record for the Sanford Bath and Tennis Club. Elwood Cooke defeated Eddie Copeland, Rollins College coach, by a 6-2 score and then teamed with his wife to defeat Miss Betz and Mr. Copeland, 6-3. Charles

Mrs. Ochiltree Talks To Rotary About Ladies' Hats

Mrs. Paul Ochiltree of Miami addressed the Rotary Club today at its regular luncheon at the Tourist Center on the subject of ladies hats and flower arrangements. She was introduced by Mrs. A. W. Epps, Garden Club president, who introduced Mrs. C. L. Gunn and Mrs. S. C. Dickerson. Charles Morrison was in charge of the program.

President Guydon Brisson announced that next Wednesday is "Frank Mulholland Day" at the Lenoir Rotary Club and urged as many Sanford Rotarians as possible to attend.

Pointing out that there is a growing interest among men in flowers and gardening, Mrs. Ochiltree said that it is no longer considered effeminate for a man to be interested in gardening or to participate in flower shows. She called attention to a group of men orchid growers in England and the Men's Garden Club of Daytona which had entered some fine exhibits in the Ohio Rose show.

As the originator of the "flower trimmed hat idea," Mrs. Ochiltree explained how she became interested in the use of flowers on hats, and how the idea was developed. She exhibited several of them, one, worn by Mrs. Epps, made of camellia blossoms, and another made of sea grape leaves. Stressing the importance of the

High Court Rules In Negro's Favor On School Rights

WASHINGTON, Jan. 12 (AP)—The Supreme Court today ordered Oklahoma to provide immediately for the education of a negro who desires law school training.

The court did not specify how the state should meet its requirement. It ordered that a negro student who has applied for admission to the all-white law school of the University of Oklahoma must be given facilities equal to those provided for white persons.

The court further directed that Oklahoma must provide those facilities "as soon as it does for applicants of any other group."

The court's action was taken in an unsigned order of only five paragraphs.

In their unanimous order, the justices took no action on a request that they declare segregation of white and negro students unconstitutional. Negro attorneys had asked the court to strike down a long standing legal view that states may provide separate educational facilities for negroes if the facilities are equal to those given whites.

In the case refused today, Ada Lois Sipuel desired admission to the Oklahoma University law school when the state had no similar educational facility for teaching law to negroes.

The court acted with unusual swiftness in deciding the case.

St. Johns Project Is Included In Budget

WASHINGTON, Jan. 12 (AP)—Rep. Engel (R-Mich.) today released a list of projects making up the \$547,060,000 budget estimate of the Army engineers for flood control and rivers and harbors construction.

The remainder of the \$668,219,000 in the budget for river and harbor construction is for maintenance and operation of the projects, Engel said.

Engel, chairman of the House appropriations subcommittee handling funds for the waterways projects, emphasized that the estimates are recommendations only and subject to revision by the committee and congress. Following were included by Engel as making up the budget estimate for construction work only, totaling \$107,850,000 for rivers and harbors projects:

St. Johns River, Fla., Jacksonville to the ocean, \$1,201,000; St. Johns River, Fla., Jacksonville to Lake Harney, \$285,100; Hollywood Harbor, Fla., \$99,000; Tampa Harbor, Fla., \$18,000; St. Johns Bay, Fla., \$178,400; Annapolis, Chesapeake and Plover Rivers, Ga., and Fla., \$5,000,000.

Sheriff P. A. Mero Offers Candidacy For Re-Election

Sheriff P. A. Mero announced Friday that he is a candidate to run for the office to which he was appointed, March 4, 1947, following the death of Sheriff Charles Hand, whose unexpired term ends on Jan. 1, 1949.

Sheriff Mero has lived in Seminole County since 1919, and prior to his appointment as sheriff had served since 1941 as a supervisor of the State Beverage Department. He is a veteran of World War I, and past commander of Campbell Post 53 of the American Legion, and has served as chairman of the Sons of the Legion. He owns his home on Silver Lake.

He has a wife and three sons, two of them veterans of World War II and one now in Navy flight training at Pensacola.

In announcing his candidacy Sheriff Mero declared today that he wishes to thank civic groups, churches and law enforcement agencies, including the Sanford Police, State Highway Patrol, and State and County officials for the fine co-operation given to him and his department.

Phillip W. Roberts Dies At Mims Home

TITUSVILLE, Jan. 12 (AP)—Phillip William Roberts, 70, well known citrus grower and former member of the board of Brevard county commissioners, died suddenly at his home in Mims early Saturday morning after a short illness.

Born in Mims in 1878, Roberts planted some of the finest groves in this section and led the fight for good roads and bridges while serving the county government. A strong Masonic worker the deceased was a member of Indian River Lodge No. 90, Royal Arch Masons, Morocco Temple in Jacksonville, Junior Order United American Mechanics and Woodmen of the World. He was a veteran of the Spanish-American War.

Transport Connolly Abandoned As Fire Disables Controls

NEW YORK, Jan. 12 (AP)—The Army transport Joseph V. Connolly, which brought the first war dead back from Europe, caught fire early today and was abandoned by its crew of 46 and one passenger in winds of gale force, about 400 miles east of New York.

The ship was en route to Antwerp with about 8,000 empty caskets aboard.

The Coast Guard said the Liberty Ship Morrison II, White escorted the Connolly's last reported position shortly after 7 A. M. (EST) and was searching.

Merchants Favoring Wednesday Closing

Ned Smith, president of the Sanford Merchants Association, today recalled that he has found some misunderstanding among merchants regarding Wednesday closing hours.

He stated that he wanted to reiterate a statement made early in December, at which time a comprehensive survey, made by the Association among merchants indicated that the majority preferred closing on Wednesday afternoon after Jan. 1.

At that time the Board of Directors of the Association recommended that the preference be adopted as a universal policy as far as possible, he said.

Mr. Smith pointed out that the Board is now in no position to change the recommendation. However, at a general meeting of members to be held later this month for the purpose of electing officers, he said it is his intention to bring the matter up again for the membership to discuss and concur which to arrive at a satisfactory conclusion.

Wilson F. Freeman, 69 Years Old, Dies

Following a lengthy illness Wilson F. Freeman, 69, died at 12:25 this morning in the local hospital. He had resided here since 1929 and at the time of his death made his home at 1113 Celery Avenue.

Born in Hampton, S. C. Oct. 11, 1878, Mr. Freeman is survived by the widow, Mrs. Mattie Freeman and five daughters, Mrs. W. L. Hiers, Mrs. H. A. Gooding, Mrs. E. D. McCall, Mrs. E. G. Osborn and Mrs. T. R. Oldens, all of Sanford; one son, W. F. Freeman, Jr., of Sanford; one brother, W. D. Freeman of Brunswick, S. C.; and sister, Miss Minnie Freeman of Brunswick, S. C.; nine grandchildren and five great grandchildren.

Funeral services will be conducted at the Bethlehem Funeral Home Tuesday at 2:30 P. M. with Rev. N. W. Terry of Hampton, S. C. and the Rev. J. W. Austin of Orlando officiating. Interment will take place in Evergreen Cemetery.

Joshua C. Chase Eulogized By Dr. Holt At Memorial Services

Memorial services were held Saturday afternoon for Joshua C. Chase, who died Wednesday at the age of 89, at the Knowles Memorial Chapel in Winter Park with hundreds of relatives, friends and business associates from all over Central Florida attending. Dr. Hamilton Holt, president of Rollins College, delivered the eulogy.

Dean Melville E. Johnson of St. Luke's Cathedral of Orlando, offered the prayers and the Rev. Theodore S. Darragh, dean of Knowles Memorial Chapel read the benediction and offered the benediction.

Under the direction of Choirmaster C. O. Honas, the chapel choir sang "How Lovely is Thy Dwelling Place, from Brahms' Requiem, and the congregation joined in singing the hymns, "Dear Lord" and "Father of Mankind" and "Fight the Good Fight." Dr. Herman Slewert was at the organ.

Dr. Holt's tribute to Mr. Chase was as follows:

"We have come to this beautiful vesper service this afternoon to pay our last formal tribute of respect, admiration, affection and love to him who is voyaging across the bar to that far off land where the pastures are green and the waters are still."

"It is the blessed season commemorating the birth of Him who went about doing good. This is the blessed season where our hearts glow with special warmth to those we love and to those who love us. This is the blessed season where our hands stretch out to all who are weary and heavy laden in a prostrated bad war torn world. In fine this is the blessed season of faith, hope and charity, of peace on earth and of good will to men."

"We are doubly moved, there-

Dr. Smith Explains Value Of Soil Study

"Advantages of a soil survey in Seminole County and the value of a soils map were explained by Dr. B. F. Smith, head of the Soils Department at the Gainesville Experiment Station, in a talk to a large group of members of the Seminole County Farm Bureau and their wives at the Bureau's initial meeting of the year Friday evening at the Seminole High School Agricultural building. Francis T. Meriwether presided. County Agent C. R. Dawson brought about the nomination for the Board of Supervisors for the Seminole County Soil Conservation District which is in process of formation. Nominated were: Victor Green, Francis T. Meriwether, Mr. Endor Curlett of Geneva, C. S. Lee of Oviedo and C. A. Wales of Longwood.

For the first time the Bureau members brought their wives to the meeting and this made for a better atmosphere and livelier meeting, according to Mr. Dawson. Victor Green of the entertainment committee had charge of arrangements for the supper which was served by Mrs. M. D. Gatchell, starting at 7:00 P. M.

Ratigan To Speak

Jack Ratigan will be the guest speaker at the Sanford Junior High School PTA meeting at the end of the month and will discuss the need of a Civic Center in Sanford and what school tomorrow at 2:30 o'clock. It would do for the children of the community and the tourist program.

Mrs. Anna Bartlett Died Early Saturday

Funeral services were held this afternoon at 2:30 o'clock at the Erickson Funeral Home for Mrs. Anna Julia Bartlett, who died at the home of her son-in-law and daughter, Mr. and Mrs. B. H. Guthrie, early Saturday morning.

The Rev. Douglas Charles officiated at the service and interment was made in Evergreen Cemetery.

Born in Jefferson, N. H. Sept. 14, 1862, Mrs. Bartlett had lived in Lake Monroe and vicinity for the past 25 years. She had been in ill health for several years.

Survivors include another daughter, Mrs. Frank A. Pittman of South Portland, Me.; one son, William F. Bartlett of Sanford; four grandchildren, F. Pittman, Jr. and Verna B. Winslow of North Conway, N. H.; Donald Bartlett of Harbor Creek, Pa.; and Mrs. Horace Daggott of Waterville, Me.; also nine great grandchildren.

Ned Smith Returns From Furniture Mart

"The furniture outlook appears better than it has for some time," declared E. C. Smith, Jr., who returned yesterday aboard the Steamliner from Chicago where he spent the last week at the Mid-Winter Furniture and Merchandise Mart.

Mr. Smith stated that while prices are not showing any decline, one consoling factor is that quality is very noticeably improved. While the public is still paying high prices for furniture they at least have some protection in the better quality.

The volume of business was about normal, said Mr. Smith, who was able to secure an assortment of all types of furniture for his store, the Sanford Furniture Company. Early shipments were also promised on most items.

Exclaiming "I'm surely glad to be back in the sunshine state!" Mr. Smith said the weather was in the low 20's most of the time and when he left the snow was beginning to melt and get slushy. Going up, the trains were quite crowded, so much so that it was necessary to start in line in order to get into the diner for food. The trip back was made on schedule, however.

Salvation Army

Capt. Byrd Hudson of the Salvation Army post today announced that Lieut. Col. and Mrs. Ray Gearing who are in charge of Salvation Army work in Mexico will hold special services at 7:30 o'clock Tuesday evening at the local headquarters. The public is cordially invited to attend.

Williamsburg Renewed

Interrupted by the war, the reconstruction work at Williamsburg, Virginia, is now being resumed. It is planned to complete the restoration and reconstruction of about 100 additional buildings in the area, to increase the capacity of the Williamsburg Lodge by 40 rooms, and of the Inn by 40 rooms. The program is expected to cover from five to ten years and to cost \$1,000,000.

Kinds of Parties

One of the blessings of American politics, if there can be any particular blessing in such matters, is the simplicity of the American mind. Foreign politics, especially in the Continent of Europe, tend to be overwhelmed with so many kinds and degrees of parties that it is usually difficult to establish and maintain the main issue at stake.

What Do You Want?

"Our life is frittered away by detail... The nation is ruined... by want of calculation and a worthy aim... It is hard to get things done in this world."

Henry Thoreau, our greatest natural philosopher, had his own solution to the problem. He wanted to write a book, and for two years he lived a hermit-like life in the woods, cultivating beans and corn to bolster up his rations.

Joshua Chase

(Continued from Page One)
of the great Commonwealth has played such an honored role in the history of the United States. This is neither the time nor the place to discuss in detail the activities of this Joshua Chase as he has lived his life in the United States, but it is interesting to recall that he was a member of the first Congress of the United States.

THE WORLD TODAY

By DEWITT MACKENZIE
AP Foreign Editor Analyst
 Moscow details of rumors that Premier Stalin is dead, who, it is said, is recovering with relief in the capital of the Russian Democratic Republic, the Soviet Union.

It is a fact that the Russian Communist Party is not a party of the people, but a party of the state. It is a party of the state, and it is a party of the state.

Seminole Cagers Defeat Panthers In 48 To 25 Game Friday Night

The Seminole High School victory over the Panthers in the 1948 basketball season at the high school gym Friday night when they ripped the Eustis Panther aggregation for a 48 to 25 victory. The Baby Feds dropped one of the most exciting contests witnessed on the local court in many a day to the Baby Panthers by a 22 to 20 score in the curtain raiser.

The Feds were out to turn in a victory from the opening gun. They scored eight points before the visitors could make a goal, and by the end of the first quarter were pacing the Panthers with a 10 to 4 score. At the end of the first half the Feds had a commanding 36 to 17 margin.

Floyd Cooper, ratty Fed forward, paced the attack with seven field goals and one free throw for 15 points. He was closely followed by Fred Seigrest, who bucketed 12 points.

The game was played in remembrance of Francis Temple, Seminole High School student, who passed away recently.

Adison Martin

(Continued from Page One)

Born June 11, 1917 in Nichols, Fla., 30-year-old Mr. Martin has been employed for several years by the American Fruit Growers, Inc., and for the past year and a half has served as office manager at the company's headquarters in Sanford Atlantic National Bank Building. He is survived by a widow and children, Joyce M. Adison R. Martin, Jr. and Lawrence, and the parents, Mr. and Mrs. W. C. Martin, four brothers, David, Hilmer, W. C. Jr., and Fred, all of Summerfield. Assistant State Attorney George A. DeCoteau was summoned by Sheriff Mero and declared that no criminal jury would be necessary. By Saturday evening the bridge was fully repaired.

Market Returns

(Continued from Page One)

thousands of dozens of lovely gladioli blossoms are produced annually in the Fort Myers area, through the late Fall and Winter months for marketing to other states—but just now, the movement is held up by the recent record snowfalls and consequent traffic disruption throughout a vast, less-favored section of the Nation. Market Manager W. F. Neffling hopes to start the gladioli auction on the Fort Myers Market, in the near future.

"A report from the Fort Myers Market" in addition to revealing the peak price paid for pepper during the week, told of the sale of 1,500 bushels of this product in one day during the week for \$10,000. Tomato prices there have had a wide range—going from \$3 to \$7 in a single day. The sprig plant movement has just started, and cucumbers are being planted for the Spring harvest.

Transport Connolly

(Continued from Page One)

for the Connolly's lifeboats. Almost three hours later the Coast Guard said the Waite had not sighted either the lifeboats or any wreckage.

The New York Port of Embarkation said earlier no injuries or deaths were reported among the Connolly's crew. The weather bureau said, however, that winds of up to 40 miles an hour were reported in the area and that the area had been hit by showers.

The first call for help from the Connolly was intercepted here at about 4:30 A. M. (EST). The message said the 422-foot, 7,176 gross ton ship was adrift and out of control as a result of a fire which started in the engine room. The last report from the Connolly said the fire was spreading, but the full extent of damage was not known because the ship's radio went out of commission before it was abandoned, the Coast Guard said.

The Port of Embarkation said the ship's master was a Capt. Hostelman. The transport commander is Capt. Charles H. Collins of Camp Kilmer, N. J.

The Army, Coast Guard and Air Force cooperated in directing rescue efforts.

In addition to the Waite, the Coast Guard said the Army transport General Callan, carrying dependents of service men, the freighter Josephine Lykes and the Coast Guard cutter Tanager, were en route to the area of the fire.

5 Quiniela Races To Be Run At Dog Track

The third week of greyhound racing tonight at the Sanford-Orlando Kennel Club with Black Larry going to post in the feature ninth event, the Nora Drake Handicap. Black Larry won his first start last Friday night and gave every indication of returning to last season's form when he was the track's top money winner.

Robert G. Baird, Kennel Club general manager, announced that a fifth quiniela race would be added to tonight's program, following repeated requests by many fans. It is planned to run this new quiniela on the ninth and feature event. With this change in policy the daily double will be run on the second and third races with quiniela events staged nightly on the fourth, sixth, eighth, ninth and tenth contests.

TODAY'S ENTRIES

Thomas Trading

(Continued from Page One)

Stassen told the committee last week that Pauley had made almost \$1,000,000 in the markets and contended the former Democratic national treasurer had not told the group all of his operations.

Pauley insisted in the telegram that he already had given the committee the information and added:

"Why not stop the pretense as well as the evasion?"

Senator Thomas acknowledged over the weekend that he had dealt in commodities and other markets for years but, like Pauley asserted he had not made use of any inside information in his telegram last night. Pauley insisted that Stassen had not made any "disclosure" about Pauley's speculative profits of almost \$1,000,000. He said:

"Instead of openly admitting that it was I, get you, who disclosed this figure and that you were simply reading from the certified figures which I had voluntarily submitted and which had been handed you for your use before and during your appearance before the committee hearing and cross-examination, Stassen attempted to mislead the public by making it appear that you made a 'discovery' and were making a 'disclosure'."

"When you return before the committee, if you do, I intend to prove where you faltered again and again to expose you," Pauley concluded.

Stassen, at Cheyenne, Wyo., declined comment on the telegram.

Pauley has asked for the right to confront Stassen at another hearing and cross-examine him. Ferguson arranged for Stassen to appear again Jan. 23, but declined to allow Pauley the right to conduct the questioning. All questions will be submitted in writing through committee members, Ferguson ruled.

Ferguson told a reporter that Stassen got a look at the committee figures on Pauley's market operations by making a direct request to see a certain item in the committee's files.

Ferguson's committee—in recess since last week—plans to resume its inquiry tomorrow by calling Brig. General Wallace H. Graham, President Truman's personal physician whose name turned up on one of the earlier lists of grain traders.

High Court

(Continued from Page One)

and Thursday. Ordinarily declared arguments last Wednesday sessions are not given until three or four weeks, or sometimes months, after arguments are heard.

Presumably the court acted quickly in order that the student may be admitted to a law course by the January 15 date the new law school semester begins.

During argument of the case, Justice Frankfurter asked attorneys for Oklahoma what steps the state could take if the Supreme Court ordered that Ada Sipuel be provided immediately with educational facilities.

Frankfurter asked whether (1) She could be admitted to the Oklahoma University law school; (2) A separate class could be set up in the university law school; (3) She could be admitted to the university law school temporarily until a separate law school could be set up at Langston University; (4) Langston University could establish a law school quickly. Langston is a state institution for negro students.

Council for Oklahoma said the State Board of Regents had full power to order any one of these courses. Justices Jackson, Douglas the argument, commented that a class or school with only one law student would "not be much of a law education."

The court's order today did not refer to any one of the four possibilities mentioned by Frankfurter.

Among other actions today, the court:

Set aside in a 5-4 opinion by

Barr Appeals For Hangers, Books For His Students

George Barr, veteran Major League Umpire who will conduct the George Barr School for Umpires at the Municipal Airport again this year, appealed today for several hundred used suits or coat hangers to be used by the students at the school.

Barr also stated that discarded issues of magazine will also be appreciated by the boys.

The hangers or magazines can be left at The Herald office or with Charlie Morrison at Fricerson's in downtown Sanford.

Anderson Authority

(Continued from Page One)

son in the country during this year, there will be a period in the Spring when the rate may drop to .125 pounds per person.

Agriculture Department figures show the supply in 1947 was 157 pounds and in the pre-war 1935-39 period, 172 pounds.

In discussing his price control proposals, Anderson said he felt that "retail competition" would "fairly well" take care of what he called the spread between wholesale and retail meat prices.

He told the committee that under OPA, the policing of retail ceilings required a big staff and diverted attention from enforcement of wholesale controls. He added:

"I think that if we had better control at wholesale, the situation would not have gotten out of hand. I think there would have been much less talk of black markets."

The Secretary's prediction of a meat shortage allowed for cattle this year as compared with 81,000,000 beef last year.

The Spring pig crop, he added, will be about 10 percent less than last year. He said hogs will be lighter, providing not only less meat per animal but less lard.

He said there probably will not be "much relief" from the expected Spring shortage "until the 1948 corn crop is safe."

Senator Flanders (R-Vt.), who is planning to introduce legislation this week to set up meat rationing machinery on a stand-by basis, wanted to know whether "all this talk" of meat rationing was causing beef producers to hustle their animals to market.

Inventer Comes Up With Gadget To Stop Women From Borrowing Clothes

By HAL BOYLE

NEW YORK Jan. 12 (AP) - An old man here has figured out a way to defeat one of America's most troublesome small-time racketeers - the woman shopper who takes out clothing on trial, wears it to a party tonight and returns it to the store tomorrow.

MAJ. GEN. LAURENCE S. KUTER

This man... it would be a man - is Walter W. Artzt, 43, a major manufacturer of infants' wear, whose hobby is inventing. He holds eleven patents in fields as various as dentistry and textiles. One of his latest is a sealtag which a salesman can automatically attach to any garment taken out on trial.

"The woman cannot wear the garment out in public with the sealtag showing," said Artzt with soft pride, "and she can't remove it without destroying it. If she does that the store of course can refuse to take the garment back."

This simple little gadget, he said, will help solve a \$40,000,000 problem to the nation's department stores.

"It costs them that to clean blouses, dresses and fur coats which women now take out and wear with no intention of buying."

Artzt is one of those businessmen with ideas who also perhaps more to change American patterns of life than do statesmen or poets.

"It is a matter of fact I used to write poetry," he told me, "but I gave it up - no money in it."

There has been money in most of his ideas, however, but not in all. In Vienna when he was eleven years old a family friend showed him a movie and happened to mention that the film was made of the same substance as the photograph record.

"In that case," the boy suggested logically, "why don't you put voices and music on the film, too, so you can hear as well as see them?"

His startled parents, fearful his mind had been affected by the new flicker novelty, wouldn't let him see another movie for two years.

"But sound movies are doing pretty well now," Artzt mused.

He came to America at the age of 18, saw a sign "fry parking" and exultantly thought: "what a wonderful land - everything here is free!"

He got a job as a dental technician and at 22 had four patents for devices in that field.

"But they aren't profitable," he said. "You can't go around poking into people's fillings to see if somebody cheated you out of a royalty."

Artzt switched to the textile business and spent the week-end taking knitting machines apart and putting them back together to learn their operation. In three months he had patented a new acoukian knit that enabled the ladies to get more stretch where they needed it. Now he has a factory and sells his \$2,000,000 annual output himself from a small office here.

His current interest is a new four-color deck of playing cards which he invented after he saw two bridge players get in a fist fight because one mistook the red nine of diamonds for the red nine of hearts.

He came up with them just before Christmas and sold 70,000 decks in a few days.

I told Artzt that since his new sealtags would annoy so many women shoppers he ought to at least placate them by inventing a useless stocking.

"That can be done," he said, "but who would manufacture it? Who would sell you the material to make it? A useless stocking would be a calamity to the hosiery business."

For a man with an original mind Artzt has one completely unoriginal ambition.

"I want to write a book," he said. He hopes it won't need sealtags.

J. A. Blatline To Exhibit His Poultry

J. A. Blatline of Longwood will compete for top honors with more than 10,000 entries from all sections of this country and Canada at the 100th annual Boston Poultry Show to be held at the Mechanics Building in the Bay State capital on Jan. 20-24.

Entries will compete for more than \$55,000 in prize money set up for this anniversary show which will commemorate the centennial of the American poultry industry. The five-acre expanse of the Mechanics Building will be crowded with a gala array of exhibits and demonstrations representative of all the phases of the three million dollar industry.

Among principal attractions will be the A & P Food Stores' Hall of Fame where champion birds of the show, receivers of top awards from the food com-

Mrs. Ochiltree

(Continued from Page One) use of flowers in decorating homes, she said, "most men like any color just as long as it is red, and any flower just so it is a rose." The importance of "whimsies" in getting children to eat vegetables, of flower arrangements in churches and the pronunciation of botanical names was also mentioned.

Florida State News In Brief

STORM WARNINGS MIAMI, Jan. 12 (AP)—The Weather Bureau ordered small craft warnings, dispayed today along the Florida East Coast from Daytona beach southward as fresh winds from a high pressure area blew in from the Atlantic.

VACCINATIONS MIAMI, Jan. 12 (AP)—Two hurricanes and the worst flood conditions in 40 years gave the county health department its busiest anti-pneumonia period in the latter part of 1947.

DUKE GETS LICENSE TALLAHASSEE, Jan. 12 (AP)—The Duke of Windsor today obtained a special alien hunting license from the Florida Game and Fresh Water Fish Commission.

DIGS FOR GOLD GREEN COVE SPRINGS, Jan. 12 (AP)—G. B. Mabley, 80-year-old resident who in 1945 started digging in the middle of town for what he said was \$4,000,000 in hidden gold, went back on the job today—this time with a dragline and apparently new and heavy financing.

ROAD-BRIDGE BIDS TALLAHASSEE, Jan. 12 (AP)—The State Road Department will receive bids here Feb. 10 for construction of a concrete and steel bridge over New River in Fort Lauderdale.

SANITARY REQUIREMENTS TALLAHASSEE, Jan. 12 (AP)—The State Beverage Department's campaign to require beer, wine and other establishments to meet State Board of Health sanitary regulations is gaining headway.

State Wide Conference To Be Held To Investigate Planning And Zoning TALLAHASSEE, Jan. 12 (AP)—A state-wide conference on zoning and planning will be held in Jacksonville March 29-30, Director C. H. Overmann, of the State Improvement Commission announced today.

Overman said that Florida "through lack of practical planning and zoning is jeopardizing its position as the premier tourist state" and urged all counties and municipalities to send representatives to the Jacksonville meeting to form a federation of local planning and zoning boards.

The chief purpose of the federation, Overman said, will be to increase public support for existing zoning and planning boards and to stimulate interest in formation of boards which have not now been established.

Britain Asks Syria For Invasion Details

LONDON, Jan. 12 (AP)—Britain has "called for information" from Syrian government on details of the Arab "invasion" of Palestine Friday, a foreign office spokesman announced today.

British diplomatic representatives saw Syrian and Lebanese government leaders over the weekend and, expressing the country's concern over the attack, asked that action be taken "to prevent the situation from being aggravated," he said.

The spokesman specifically avoided describing the British representations as protests, when asked at a news conference to say what form they took.

Britain last week drew up a new treaty of friendship with Iraq. Official sources reported today it provides that air bases at Shaiba and Habbaniya, used by the British Royal Air Force since 1931, will be turned over to Iraq. The British will continue to train Iraqi army officers and supply equipment to the kingdom.

pany, will be displayed in specially decorated cages. According to Chairman Paul Jones, continued emphasis at the show will be placed on the economically significant and commercially important breeds of poultry.

Truman's Budget

(Continued from Page One) percent of the total and up \$1,500,000,000. After allowing for veterans benefits, interest on the public debt and tax refunds, Mr. Truman said, only 21 percent of the outlay would remain for social welfare and ordinary expenses of government.

KILLED BY AUTO MIAMI, Jan. 12 (AP)—Mrs. Marion D. Hill, 54, a music teacher here for 24 years, was fatally injured early today when struck by an automobile in a heavy rain.

TITLE DISPUTE TALLAHASSEE, Jan. 12 (AP)—Attorney General Tom Watson today asked the Supreme Court to review an order of the Dade circuit court stemming from the record his pleadings in a dispute over title to 50 acres of slab Biscayne Bay bottom lands.

THE WEATHER LAKELAND, Jan. 12 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Tuesday morning was partly cloudy and mild in all districts, slightly warmer in north and central districts.

THE WEATHER LAKELAND, Jan. 12 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Tuesday morning was partly cloudy and mild in all districts, slightly warmer in north and central districts.

How Your Tax Dollar Is Spent

WASHINGTON, Jan. 12 (AP)—This breakdown in pennies shows how each dollar of the \$39,700,000,000 budget proposed by President Truman today would be spent in the 12 months beginning next July 1:

Table with 2 columns: Category and Cents. Categories include National Defense (Army, Air Force, Navy), International Affairs, Interest on National Debt, Social Welfare, Health and Security, Refunds on Taxes, Transportation, Communication, Natural Resources, General Government, Agriculture, Education and General Research, Finance, Commerce and Industry, Reserves for Contingencies, Labor, and Housing and Community Facilities.

Mrs. Cooke

(Continued from Page One) Morrison umpired the matches. In the match of women champions, Miss Bets was leading Mrs. Cooke 4-1 when the latter started hitting them with every stroke at her command and won four straight games to go into a 6-5 lead (Miss Bets having won the seventh game, leading at 5-2). Then Miss Bets broke Mrs. Cooke's service, tying it up at 5 all, held her own service and again broke that of Mrs. Cooke to win the set, 8-6.

Legal Notice

NOTICE OF PUBLIC HEARING FOR THE CLOSING OF CERTAIN STREETS TO WHOM IT MAY CONCERN: You will take notice that the Board of County Commissioners of the County of Seminole, Florida, on Tuesday, the 3rd day of February, 1948, at the County Commission Room in the Seminole County Court House, Sanford, Florida, held a public hearing pursuant to and as provided by Chapter 2418, Laws of Florida, 1947, to consider and determine whether or not the County will vacate, abandon, discontinue and close or remove and disclaim any right of the County and public in and to any land or interest therein delineated upon any map or plat recorded in Seminole County, and which streets, roads or highways are more particularly described as follows:

TRUMAN'S BUDGET (Continued from Page One) air navigation aids and research a \$37,000,000 increase; \$233,000,000,000 to the maritime commission for "limited" new ship construction; a \$125,000,000 decrease; \$171,000,000 for rivers and harbors; a \$40,000,000 increase.

TRUMAN'S BUDGET (Continued from Page One) Education and research—\$387,000,000, or one percent of the total and \$110,000,000 more than this year. This includes \$200,000,000 for a new program of federal grants to states for grammar, grade and high school education and \$5,000,000 for a proposed new "national science foundation."

TRUMAN'S BUDGET (Continued from Page One) Finance, commerce and industry—\$190,000,000, or 0.5 percent of the total and about \$182,000,000 less than this year. The total cost of these functions was artificially high this year because of \$100,000,000 in profits from war damage and insurance was turned over to the treasury as an "expenditure." The proposed 1949 outlay would include \$80,000,000 to administer Mr. Truman's requested compulsory anti-inflation program, if Congress adopts it.

TRUMAN'S BUDGET (Continued from Page One) Labor—\$118,000,000, 0.3 percent of total spending and about \$20,000,000 more than this year. This provides for spending \$1,000,000 to set up a "national commission against discrimination in employment" proposed by Mr. Truman as a successor to the Fair Employment Practices Commission, and more money for the Labor Department's mediation and information services, plus Taft-Hartley Labor Act enforcement.

TRUMAN'S BUDGET (Continued from Page One) Housing and community facilities—\$38,000,000, 0.1 percent of total spending and \$75,000,000 less than this year. The President said he will recommend later a comprehensive, long-range program for federal housing aid.

TRUMAN'S BUDGET (Continued from Page One) While Mr. Truman laid great stress on what he called the "unprecedented challenge" of the Administration's foreign aid undertaking, he declared that there also is urgent need for his domestic program.

TRUMAN'S BUDGET (Continued from Page One) "Failure to improve our educational system or to expand flood-control work would mean risking the loss of precious resources—human and material," he said.

TRUMAN'S BUDGET (Continued from Page One) "Failure to adopt a program of health insurance would mean that many families will continue to go without adequate medical care."

TRUMAN'S BUDGET (Continued from Page One) "Failure to broaden the coverage of present accident insurance and to increase benefits on a permanent basis would mean too much reliance upon relief, whereas more reliance on insurance is our national objective."

TRUMAN'S BUDGET (Continued from Page One) "Failure to adopt a long-range housing program would mean failure in achieving decent housing standards."

TRUMAN'S BUDGET (Continued from Page One) "Failure to devote needed sums to our atomic plant would mean that we would be derelict in the use of one of our most valuable resources."

Mrs. Cooke

(Continued from Page One) Morrison umpired the matches. In the match of women champions, Miss Bets was leading Mrs. Cooke 4-1 when the latter started hitting them with every stroke at her command and won four straight games to go into a 6-5 lead (Miss Bets having won the seventh game, leading at 5-2). Then Miss Bets broke Mrs. Cooke's service, tying it up at 5 all, held her own service and again broke that of Mrs. Cooke to win the set, 8-6.

Tuesday evening at 8:00 o'clock sound motion pictures of the 1947 Davis Cup Challenge Round tennis matches between Australia and the United States which were held at Forest Hills last August, will be shown at the Mayfair Inn. It was announced today by Lind Weber, general manager.

THE WEATHER
Cloudy and showery this afternoon, clearing and much colder tonight. Wednesday fair and cold.

Graham States He Quit Grain, But Not Cotton

General Under Oath Before The Senate, Assumes Full Blame For All Trappings

WASHINGTON, Jan. 13 (AP)—Brig. General Wallace H. Graham's broker testified today that under written instructions he held Graham's wheat trading account open until Nov. 23, 1947, seven weeks after President Truman had criticized grain speculators.

Harry Brinker, customer's man for Bache & Co. brokers, also told the Senate Appropriations Committee he does not remember specifically that Graham called him after the President's Oct. 6 blast against speculating.

WASHINGTON, Jan. 13 (AP)—Brig. General Wallace H. Graham testified today that he got out of the wheat market—except for one small trade—after President Truman criticized commodities speculators last October. But he said he continued to deal in cotton until Dec. 18.

Under oath before the Senate Appropriations Committee, the President's personal physician said, too, that he assumed personal responsibility for the trades. Previously, he had said publicly in a statement that his broker made commodity purchases for him without his knowledge.

Graham told the committee that all of his dealings on the commodities exchanges, including cotton and cottonseed oil, were made through his broker.

5 Killed, 4 Injured As DC-3 Cracks Up In Grove Of Trees

WASHINGTON, Jan. 13 (AP)—An Eastern Airlines plane with nine persons aboard crashed on the outskirts of Washington during a rainstorm early today, killing five and injuring four.

The plane, enroute from Houston, Tex., to Boston, plowed into a grove of trees on the Maryland side of the Potomac River a few miles from the National Airport shortly after reporting it was coming in for a landing.

The twin-engine DC-3 was demolished, but there was no fire. Eastern Airlines said the cause had not been determined, adding that the pilot checked in with EAL by radio at 4:27 A. M. EST but failed to make contact with the airport control tower later as scheduled.

The dead were three passengers, (Continued on Page Six)

Blood Is Donated At Health Clinic

A total of 21 pints of blood was donated to the Central Florida Blood Bank at the clinic held here Monday at the Seminole County Health Unit. It was reported today by Mrs. Beth Woodruff.

Three pints of this blood was immediately dispatched to the use of hospital patients. Of the remaining 18 pints, six pints were sent to the use of Mrs. L. I. Barneau, Sanford resident who is now seriously ill in Orlando. The other 12 pints has been deposited in the blood bank to the credit of Seminole County.

The Jaycees, American Legion, V.F.W. and P.T.A. members all responded to the appeal for donations said Mrs. Woodruff. If 12 pints of blood can be guaranteed as a donation, the unit will come to Sanford on Feb. 6, she declared.

GOP Attempts 5 Billion Cut In Demo Budget

Chairman Declines To Specify Items To Be Cut; Notes High Foreign Aid Outlay

WASHINGTON, Jan. 13 (AP)—Republicans set out today to chop some \$5,000,000,000 out of President Truman's \$39,669,000,000 budget for the year starting July 1.

The Foreign Aid Program appeared likely to be the main target of the money saving drive. A \$5,000,000,000 slash was the tentative goal set by Chairman Taber (R-N.Y.) pending a meeting of the Senate House Budget Committee to go over details of the unprecedented peacetime spending estimate Mr. Truman sent to Congress yesterday.

While Taber declined to specify just what items most likely would be singled out for cuts, he noted that the President's estimate of actual foreign aid outlays during the year and his requests for funds to finance other projects not yet authorized by law run well over \$5,000,000,000.

For example, he said, the President wants half a billion dollars to finance Universal Military Training legislation, which Congress has not enacted and which some of its top leaders expect it to be set aside for at least another year.

Taber pointed out that while the Marshall Plan for European recovery contemplates a \$6,390,000,000 appropriation for the first 15 months, the budget says only \$4,000,000,000 of that sum will be spent during the 12 months starting July 1.

The New Yorker termed even that "too much."

And Taber added, "The President's proposals for huge outlays" (Continued on Page Six)

Williams Is Elected Head Of Odd Fellows

Graver Williams was elected as Noble Grand of the Independent Order of Odd Fellows at their meeting at the I.O.O.F. Hall last evening. F. D. Jones was elected as vice noble grand, Ralph T. Spotts as secretary and J. T. Hardy as treasurer.

Other lodge officials elected were I. G. Byron Squires, D. C. Howard, A. B. Lovelock, Edwin L. Lunsford, Harry M. Huffner, W. H. Abdnun, Phillip Kistler, W. H. Folds, C. J. Wilkinson, Albert Hawkins, C. L. Wynn and H. M. Gleason. A light luncheon was served after the lodge session.

Closing Hours Fixed For Liquor Places

Closing hours of from 2:00 A. M. to 8:00 A. M. during the week for establishments selling intoxicating beverages and from 2:00 A. M. Sunday to 8:00 A. M. Monday were established last evening by the County Commission which met in adjourned session. It was reported today by O. P. Herndon, county clerk.

This ruling applies to places selling alcoholic and other beverages outside of municipalities. The Sunday closing rule does not affect places selling beer along with other beverages. The law is termed non-intoxicating, said Mr. Herndon.

The reason for passing this resolution is "so that Seminole County may have a uniform closing time for liquor places with that of adjoining counties," said County Commission Chairman H. B. Pope this morning. Sheriff P. A. Mero and Alfred Haven, State Beverage Department District Supervisor, were present at the meeting.

106-DAY FLIGHT

MIAMI, Jan. 13 (AP)—Ten American business men left here today aboard a flying showboat for a 100-day, 45,000-mile business trip around the world. The plane was airborne at 9:48 A. M. (EST).

Sanford's Biggest Shuffleboard Tournament

Sanford enjoyed the biggest shuffleboard tournament in its history last Thursday afternoon when a team from Euclid arrived here to play members of the Sanford Tourist Club. Above are shown the players in action and the spectators, numbering in all, more than 125. Euclid won 16 games and Sanford won eight. E. M. Armitage, director of tourist activities of the Seminole County Chamber of Commerce, arranged the meet and entertainment of the winter visitors, which included serving of refreshments at the Tourist Center.

Jewish Demolition Squads Raid Arab Sniper Outposts

Jewish demolition squads attacked Arab sniper posts on the outskirts of Jerusalem today and a Jewish spokesman limited dynamite assault may be used in Jerusalem's old city to lift an Arab siege of 1,500 Jews.

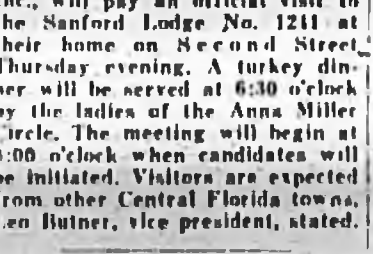

The Jewish anti-sniper raid centered on the Shickah Arab quarter, where Arab gunmen have blocked all traffic between Jerusalem and Jewish institutions on Mount Scopus. The Jews, attacking with gasoline bombs and grenades, fired a three-story house and damaged 16 others, after warning occupants to flee.

New violence erupted in the (Continued on Page Six)

Agency Predicts Disaster Will Result If Arabs Persist

JERUSALEM, Jan. 13 (AP)—Jewish anti-sniper squads attacked Arab sniping posts on the outskirts of Jerusalem today and a Jewish spokesman limited dynamite assault may be used in Jerusalem's old city to lift an Arab siege of 1,500 Jews.

Elks President

Cullen H. Talton, president of the Florida State Elks Association, will pay an official visit to the Sanford Lodge No. 1211 at their home on Second Street, Thursday evening. A turkey dinner will be served at 6:30 o'clock by the ladies of the Anna Miller Circle. The meeting will begin at 8:00 o'clock when candidates will be initiated. Visitors are expected from other Central Florida towns. Len Lutner, vice president, stated.

All 46 Rescued From Transport Connolly

NEW YORK, Jan. 13 (AP)—All 46 survivors who abandoned the Army's flame-awep funnel transport Joseph V. Connolly were safe today aboard two other vessels when a dramatic rescue from life boats in which they had been for 11 hours in raging North Atlantic seas.

Comdr. E. D. Scott To Head Delegation

Post Commander P. D. Scott was named head of VFW delegates who will attend the State VFW Conference in Ocala, Jan. 24 and 25 at a meeting of VFW Post 3282 held last evening at the Legion Hut. The other delegates named were Ray Wright, J. A. Wright, L. P. Boyle, Jack Gordy, Volie Williams, Jr. and John Sauls.

RUMBLEY APPOINTED

The appointment of Robert Alexander Rumbley of 510 Palmetto Avenue to the position of Employment Interviewer in the Florida State Employment Service was announced today. Mr. Rumbley is the son of Mr. and Mrs. H. M. Rumbley and is a life-long resident of Sanford and Seminole County. He has been assigned to duty in the Sanford Office of the Employment Service.

Roosevelt Bolters Force Selection Of GOP Delegate First Time In Years

TALLAHASSEE, Jan. 13 (AP)—It appears a lot of Florida Democrats, by bolting away from the Roosevelt ticket in 1944, have forced selection of the rival Republican Party presidential nominating convention delegates by popular vote for the first time in years.

Attorney General Tom Watson advised Secretary of State R. A. Gray yesterday that since the Republicans polled more than 20 percent of the total vote cast in the 1944 general election their candidates for national convention delegates this year "must" win in primary elections.

Democratic convention delegates long have been chosen by primary election states, but heretofore the Republicans have been allowed under a "minority party" law to select their delegates in state and district executive committee meetings.

Although there were only 35,397 registered Florida Republicans in 1944, and only 9,220 of them voted in a party primary contest to nominate a candidate for governor, there were 143,215 votes for the highest Republican presidential elector in the general election.

That means if you want to go as an official delegate to the Republican National Convention this summer you must qualify with the secretary of state for a place on the May Republican Party primary ballot from either your congressional district or the state at large.

Movies Of Davis Cup Play Will Be Shown

Sound motion pictures of the 1947 Davis Cup Challenge Round tennis matches between Australia and the United States which were played at Forest Hills last August will be shown at the Mayfair Inn tonight. It has been announced by Lind Weber, general manager.

Tourist Club Hears Address On Hymns

J. A. Lee of Cincinnati, Ohio, who is spending the winter with the Fellowship Front at the Municipal Airport, was the principal speaker on the program presented at the Tourist Club last night for the benefit of the Tourist Club. Mr. Lee, who is a hymn writer of note himself, spoke on the subject of "Immortal Hymn Writers."

12 States Represented In Three Day Southeastern Church Meet

ATLANTA, Jan. 13 (AP)—More than 400 religious leaders from 12 states, representing eight denominations of the Protestant Church, today began a three-day Southeastern Church Convocation.

Theme of the Southeastern Convocation is "Protestantism faces its task in the South."

Arranged by the advisory committee of the Southeastern Inter-council office, the meeting is under joint sponsorship of the Federal Council of Churches, the Inter-national Council of Religious Education and the Home Missions Council of North America.

City Approves Resolutions For More Efficiency

Seven resolutions designed to promote a more efficient administration of city government and a more thorough understanding between City Commissioners and City department heads and employees, were submitted by Mayor Robert A. Williams at a City Commission meeting last evening, and adopted unanimously.

The resolutions, according to City Manager H. N. Sower, were as follows:

"This commission will expect the City Manager and all department heads to carry out all their duties in an efficient and courteous manner, realizing at all times that they are working for and being paid by the public."

In the past there has been some discussion within certain departments as to the efficiency of the city government and a more thorough understanding between City Commissioners and City department heads and employees, were submitted by Mayor Robert A. Williams at a City Commission meeting last evening, and adopted unanimously.

Mayor Submits Nine Plank Program For City Administration

Seven resolutions designed to promote a more efficient administration of city government and a more thorough understanding between City Commissioners and City department heads and employees, were submitted by Mayor Robert A. Williams at a City Commission meeting last evening, and adopted unanimously.

Ghandi's Fast For Peace Said To Be Endangering Life

NEW DELHI, India, Jan. 13 (AP)—Mohandas K. Gandhi started a life-endangering fast for communal peace in Delhi and India at 11 A. M. today.

The Indian patriot and prophet of non-violence, frail and 74, rejected last minute appeals from Hindu, Sikh and Moslem delegations that he give the people 16 days to restore peace before beginning his fast. He received them in the garden of a million-acre Gandhi's home here.

Cold Weather Spreads Over Part Of U.S.

Colder weather spread over a wide section of the country today as temperatures ranged from sub-zero levels in parts of the Midwest to below freezing across Alabama and northern Texas.

The fresh icy blasts from Canada sent the mercury to 12 below in Minneapolis—at Duluth and International Falls—and to one below at Minneapolis. Below zero readings also were reported in parts of North Dakota and in northwestern Wisconsin.

Denver's early morning low was 6. As the cold air spread southward from the sub-zero belt across the Ohio Valley temperatures all along the Ohio River were below freezing. Oklahoma City's minimum was 24 and Fort Worth's was 30.

Secretary Denies Seeking Power To Ration Meat, Food

Broadcast Leader Says Pettilo Is Economic Pirate

WASHINGTON, Jan. 13 (AP)—Justin Miller, president of the National Association of Broadcasters, told the House Labor Committee today that James C. Pettilo is an "economic pirate" who has become "the American public's symbol for bad union leadership."

Miller testified that Pettilo, through non-aid control of the American Federation of Musicians, is seeking to destroy the record-making industry by "inventing the phonograph." He said this is "hunting the real professional musicians."

The NAB president testified in a Hollywood-like setting before the House Labor Committee today that James C. Pettilo is an "economic pirate" who has become "the American public's symbol for bad union leadership."

Miller testified that Pettilo, through non-aid control of the American Federation of Musicians, is seeking to destroy the record-making industry by "inventing the phonograph." He said this is "hunting the real professional musicians."

As the hearings began, committee Chairman Haggley (R-N.Y.) recalled that he had testified and testified Pettilo in Los Angeles last year. He said the group reported that Pettilo and his union "exercise monopolistic control over all commercial phases of musical production, including recording, radio, movies and television, and have achieved great power to block technological development of frequency modulation (FM) radio and of television."

Haggley said his subcommittee recommended that the Taft-Hartley law and other federal statutes be amended so that the monopolistic practices of labor unions which are inimical to the public interest be forbidden.

The objective of these hearings was to seek the best means to determine whether or not additional legislation is necessary, Haggley said.

After industry witnesses have testified Pettilo will be heard starting Jan. 19.

Miller accused Pettilo of seeking through his restrictions on the use of musicians, a return to the days when American music was controlled by a few men.

"You must prefer Gandhi or lawlessness. You can't have both," delegation members said. He told them in Hindustani. They added he asserted life had no value nor attraction without peace and love.

Promptly at 11:00 A. M. Gandhi pointed to the remnants of his breakfast of goat's milk and vegetables, from which he had been eating sparingly, and said, "Take it away. It is time."

He timed the start of the fast exactly with his watch. He then rinsed his mouth with water and (Continued on Page Six)

Senator Asks Question After Anderson Said U. S. Can Meet Aid Shipments

WASHINGTON, Jan. 13 (AP)—Secretary of Agriculture Anderson vigorously denied today that Administration requests for standby rationing and price controls power over meat and other foods stem from shipments planned under the European Recovery Program.

Chairman Vandenberg (R-Mich.) of the Senate Foreign Relations Committee raised this question after Anderson said the United States can meet huge food shipments to Europe under the aid plan.

The administration is seeking \$6,800,000,000 for the first 15 months of the proposed four-year recovery program known as the Marshall Plan.

Anderson commented that "no meat" for two years under the Plan and Vandenberg said the effect of the proposed exports upon domestic consumers is a big worry.

"Do you mean that if we have meat rationing, the export program would have no effect?" Vandenberg asked.

"Yes, it has no relationship to this program (foreign aid)," Anderson replied, adding that the present meat shortage results from a "very large slaughter" and a short and high-priced corn crop.

"That's a most persuasive statement," (Continued on Page Six)

Committee Of Vets Urges Restoration Of Price Controls

WASHINGTON, Jan. 13 (AP)—The American Veterans committee today recommended restoration of limited rationing and price control, but opposed President Truman's companion request for standby power to control wages.

The committee, which is headed by the organization's national secretary, urged the organization's views to the Senate Banking Committee.

The proposal clashed sharply with the ideas of many Republican Congress members on Mr. Truman's 40-point anti-inflation program.

Their hostility was pointed up by Senator Taft (R-Ohio), chairman of the Senate group policy committee, who said in advance of today's hearing that meat rationing, for example, would raise black market prices and lead to even higher prices.

Among other bills designed to implement Mr. Truman's program, one by Senator Taylor (D-Ill.) would restore rationing. The committee expects to receive another measure later this week providing for reversion of meat rationing machinery.

Clearly read to the committee an AVC resolution adopted last Fall which endorsed virtually all went a step further in calling for of the President's program and government subsidies to roll back food prices.

"Unless drastic steps are taken, we anticipate a bust," Clardy said, adding that it would be patterned after the economic collapse of 1929.

Clardy declared that "essential, basic commodities," including food items and particularly meat, should be placed under price control and rationing.

YOUTH INDICTED

ATLANTA, Jan. 13 (AP)—Four youthful members of prominent Atlanta families were indicted by a Fulton County grand jury today on charges of malicious mischief in connection with the thrill wrecking of automobiles.

The indictment charged the four with eleven incidents of automobile wrecking. Those accused are Harold Forst, 17; Ed Evans, 17; Leonard Haas, 16, and Danny Payne, 19.

TRIPLE TROUBLE

BAY CITY, Mich., Jan. 13 (AP)—The automobile of John Sanborn of Midland, Mich., broke through the ice of Saginaw Bay while he was fishing nearby.

So a Pincanning, Mich., firm sent a wrecker to retrieve it. That broke through and sank too. A pilot, attracted by the crowd on the ice, landed to see what was going on. His plane broke through also.

The problem now is to retrieve all three vehicles.

MRS. RECTOR DIES

STAMFORD, Conn., Jan. 13 (AP)—Mrs. George Rector, died last night, whose husband, the nationally known restaurateur, died last November.
