Black Delivers Opinion Sustaining Drive To End Independent Labor Union Lower Court's Action Overruled AFL Suffers Defeat In Another Hearing Made By High Court

WASHINGTON, Jan. 2.—(AP)—Unhinging the broad powers claimed by the NLRB, the Supreme Court today overruled a lower court decision which had held that the National Labor Relations Board's order compelling the Federal Oil Corp. to bargain with the union was invalid.

The court's decision was a sweeping victory for the NLRB, which has been fighting for years to establish its authority to force employers to bargain with their employees. The lower court had held that the NLRB's order was invalid because it was not based on a finding of unfair labor practices.

The Cost Of Wars

When we learn that the United States is still paying the cost of the War of 1812, we are moved to wonder when we will get through paying for the last war in which this country engaged. Under the circumstances good business judgment demands that we stop our future wars at least until we have paid for our old ones.

Mr. George Digby, an Englishman, recently motored across America with his wife. He reveals a weekly publication in London. Mr. Digby made a discovery concerning U. S. war pensions, payable to the widows of pensioners even when marriages are contracted two generations after the pensioner's service has ended; they are still being paid to widows of men who served in the 1812 war!

A girl of seventeen who married one of these war veterans of ninety-five in 1890 would be only sixty-five today, with many more years of pensioned widowhood probably ahead of her. Any of these widows who become centenarians will still be drawing pensions in 1978.

"On this basis, Mr. Digby adds, it will be A. D. 2079 before the last pension cheque payable in respect to the 1914-1918 war is endorsed by its last widow, who will not be born for another fifty-seven years!"

THE NEXT EVENT WILL BE A WRESTLING MATCH

WASHINGTON DAYBOOK

WASHINGTON, Jan. 2.—(By Reuters) Cruisers from refueling within the neutrality zone, Jamaica and several other important spots are entitled to shelter and refuel British ships.

Germany, too, might reap some benefit from the shipping neutrality zone. They have put more out of the three-mile limit because of patrolling British cruisers.

With a 200-mile zone of safety there are for German ships to refuel close to their own time and place from which to start their operations.

German ships would be particularly discommoded by the tentative suggestion put forward that any belligerent ships which committed a warlike act in American waters would be denied the right to refuel in the zone.

The fewer the German ships in the zone, the better the British will like it. They have patently refused to get caught themselves which could later be used as precedents for German demands.

Monster Diving Bell To Be Used To Explore Deaths Of Silver Strikers

MONROE, La., Jan. 2.—(By AP) A monster diving bell, submerged and lowered into the Gulf of Mexico, will be used to explore the deaths of silver strikers who were killed in the mine shafts of the Silver Bell mine.

The huge silver mine, built in 1898, is located in the heart of the Silver Bell mine. The mine is now owned by the Silver Bell Mining Co. of New York.

The diving bell, built by the Silver Bell Mining Co., is the largest ever built. It is 100 feet high and 10 feet in diameter. It is built of heavy metal and is capable of withstanding a pressure of 100 pounds per square foot.

Analyzing Propaganda

Those who find it difficult in these confusing days to separate the wheat from the chaff in all they hear and read, may profit from the observations of Clyde B. Miller, director of the Institute for Propaganda Analysis, in the Rotarian Magazine.

Every man can learn to analyze propaganda for himself, Mr. Miller asserts, by stopping when he hears what he may be propagandized, and by asking himself: "Who says it? Why? What are the motives of those who influence him? What does he want me to do? Such a process is not too hard to learn, because persons are so often raised by their emotions that it can be done.

"Few of us are in a position to answer the propaganda campaign that is being waged to influence our thinking," says Mr. Miller, "but all of us can analyze propaganda. If you do not want to be taken in by propaganda, think of the facts. Weigh the points on behalf of every side."

Behavior Code

A "Code for Congressmen" has recently been presented the august House of Representatives by a "freshman" member from Indiana who all members might well strive to follow. After one year in the House, Representative George W. Miller says:

"Don't talk too much.
 "Don't make too many promises, but live up to the ones you make.
 "Don't worry about what your opponents say about you.
 "Don't go high-hat after you're elected.
 "Don't fail to give the best service of which you are capable.
 "Don't compromise with your conscience."

Cultural Picture Advances Widely In Last Decade

By JOHN KELLY

NEW YORK, Jan. 2.—(By AP) Because of the influence of the federal aid projects, by and large, these proved their worth. The cultural picture of the United States has changed in 10 years. Now the village doctor helps support the New York Philharmonic and the Metropolitan Opera.

There was a day when the cultural picture of the United States was a very different one. The Metropolitan Opera was almost wholly controlled by the owners of the house. Now the owners thereof are trying to sell their holdings to the Metropolitan Opera Guild, which has been formed to help the Metropolitan Opera Guild in its financial straits.

FLORIDA HIGHLIGHTS

SALT WATER IN THE HEART OF FLORIDA! SALT SPRINGS NEAR Ocala FLORIDA

THE PERIWINKLE HAS OVER 4000 TEETH

SALT SPRINGS, near Ocala, represent another example of Florida's many wonders of nature. Although many miles from ocean or gulf, the water is of a very high sodium content, an indication of a very salty water. It is interesting to know that not only many salt water fish are found in the spring but also numerous crabs. The water from this spring is said to contain great medicinal qualities.

THE PERIWINKLE found on both coasts of Florida is only about an inch in length, yet it has about 4,000 teeth. Like most round-mouthed snails, it is a vegetarian and feeds on sea weeds with its long radula or tongue. This tongue has 200 rows of sharp curved, tricuspid teeth, seven in each row, a very efficient weapon for scraping off the algae growing on rocks near the shore.

Georgia Tech Wins Missouri 21 To 7 In Orange Bowl Game

MIAMI, Jan. 2.—Georgia Tech's magnificent display of deception today to humiliate the Big Six champions, 21 to 7, in the eighth annual Orange bowl game.

After the mighty Paul Christman had passed Missouri to an early touchdown, Tech hurled the big Boesch aerial shots and countered with three scoring sorties, two of them on lengthy runs by Rob Jones, the Engineers' All-American end, and Earl Wheby, a sophomore halfback. Jones' 50-yard touchdown dash on an end-around stood out in a game replete with flashy plays.

It was tiny Johnny Boesch, however, who started the scoring surge. His bullet tosses secured a 44-yard drive that tied the score in the first quarter.

Missouri, clearly outplayed, made a valiant but futile gesture in the waning minutes, only to lose the ball two yards short of a touchdown.

Tech proved its superiority in virtually every department, out-rushing the Missourians 240 yards to 151 and outpassing them 91 yards to 70.

The game was scarcely five minutes old when Christmas unlimbered his strong right arm and sent Missouri on the way to first blood. Bob Waldorf had recovered Howard Victor's fumble on Tech's 45-yard line, and Fullback Bill Cunningham had failed to make any headway through Tech's hard-cracking line.

Diala, Paul immediately titled a 17-yard pass to Elaine Curran at end, and three plays later he whipped the ball to reach Tech's 5.

From there the Missourians pounded over, with Christmas hitting guard for the final yard. Cunningham placed the extra point on his second try, after Tech drew an offensive penalty, and Missouri appeared briefly to have the situation in hand.

The boys from Atlanta, however, had other ideas. They received the kickoff and didn't give

Southern Cal Is 14-0 Winner Over Tennessee Vols

ROSE BOWL, PASADENA, Calif., Jan. 2.—(AP)—Winner and still Rose bowl champion—Southern California.

Rolling against the vaunted Tennessee defense with the regularity and power of the waves that wash in from the nearby Pacific, the Trojans inundated the men from the South to win this twenty-sixth intersectional football classic by a score of 14 to 0.

A packed and partisan crowd of 92,000, which filled every seat in the giant stadium and spilled over onto the surface of the playing field, saw the Southern Californians crunch their way to touchdowns in the second and fourth quarters.

The victory marked the sixth Rose bowl triumph for the Trojans and completely smothered the great record of the boys from the Volunteer state. Tennessee went into the game riding the crest of a 23-game winning streak and until 20 minutes of the first half of today's contest hadn't been scored upon in 12 games.

Then, with the hands of the big clock only 60 seconds away from the half-time rest, Southern California hammered to a score. It was Ambrose Schindler, 190 pounds of whiplike and whipcord and the best player on the field yesterday, who drove his cinder into the nod beyond Tennessee's goal line. When he knifed across, it allowed a 7-yard drive, in which he was the standard bearer. When he plowed across with gold-shined southerners hanging on him at half a dozen places a sixth went up from the Tennessee backfield shot above the exultant goals of the California native son.

When Jones kicked the point and put the home squad ahead 7 to 0 it was apparent to even the most rabid singer of Diala that the game was over because Tennessee had tried everything it knew without success against the Southern California giants. The team that had scourged the south for nearly three years couldn't make headway against the Tro-

Kimbrough Carries Best 5-16 Field Goes To Post Texas To 14 To 13 Win Over Tulane

NEW ORLEANS, Jan. 2.—(AP)—Jarvis Johnny Kimbrough, driving, crashing and swinging his 210 pounds of force and muscle with savage abandon, led the Texas Aggies to a 14-13 victory over Tulane yesterday before 72,000 wild-eyed fans in the sixth annual Sugar bowl football game.

It was the largest crowd ever to see a sports event in the southland, and they saw one of the greatest demonstrations of fullbacking ever staged on any football field. The Aggies' great All American back crashed the middle, ran the ends, blocked and tackled through 60 minutes of searing play like no back ever seen in these parts before.

It was Tulane's only defeat of the season, and the Green Wave put up a valiant battle before succumbing to the Aggies' final touchdown late in the fourth quarter. Kimbrough, who had driven Texas to its first touchdown in the opening period, carried the ball like a demon to bring the Aggies from behind and insure victory with only three minutes to go.

Driving head-on into tacklers and throwing his huge shoulders into Tulane defensesmen, Jarvis John rained 150 yards personally, more than half of the yardage piled up by the Aggies' running attack, which was made even more deadly by Watson (Tony) Price's effective passing.

ORLANDO, Jan. 2.—The best 5-16th's field of the young meeting at Sanford-Orlando Kennel Club, nine miles North of Orlando, goes to the post Tuesday night in the ninth and featured race.

Land Baby, Smoky Ranger, Lady at Arms, Court Action, Sam Colin, Miss Fortune, Happy Jolley and Rita's Girl, comprise a distance field that would be hard to equal in Florida greyhound racing circles.

Probably favorite will be Lady at Arms, Lester Cole's fine young blonde female who has shown more late "lick" than any other dogs among the 500 quarters at the track.

Saturday night, she came from almost dead last at the head of the home stretch to overhaul a field of futurity dogs that included Bobby Chris, Kropp's Pet and Just Fox. She passed the field like a shot and was two lengths the best at the wire.

She proved by that that she was ably qualified to go the longer route. On the basis of that performance it is difficult to prove how some of the more highly regarded dogs can even stay on the same track with her.

But after two disappointments, the fans will probably not give up on Smoky Ranger, Gerald Pasley's youngster. Twice he has gone to the post a favorite, only to finish fourth after running in to all the tough luck imaginable.

McFadden Sparks Clemson To Victory

DALLAS, Jan. 2.—(AP)—All-American Banks McFadden turned the ball-carrying chores over to a sophomore, Charley Timmons, but his punting and defensive work brought Clemson a 6-3 victory over Boston college yesterday in a thrilling Cotton bowl battle.

Twenty thousand chilled fans saw the two teams do all their scoring in the second period. Boston college straying first blood with a 25-yard field goal by Alex Lulachik, a substitute end. A 110-yard later Timmons led a Clemson drive that ended with the 185-pound youngster from Abbeville, S. C., plunging over for a touchdown. Brad Bryant missed the point.

Timmons was the offensive star of the game that ended with Boston college threatening the Clemson goal line most of the final period.

Birthday Greetings!

As we commemorate the Twelfth Anniversary of the opening of The Sanford Atlantic National Bank, we wish to take the opportunity to commend our City and County Officials for their earnest and well directed efforts looking toward the development of Sanford and Seminole County.

Especially noteworthy we consider the recent efforts to encourage the principal of trading in Sanford and Seminole County, which we are assured have produced excellent and we hope lasting results.

To these visitors and to our new investors in Sanford, we issue a cordial invitation to call and get acquainted at The Sanford Atlantic National Bank where they will find us anxious to extend to them all of the services of a modern city bank.

To our many local friends and patrons whose confidence and support has been a constant source of encouragement, the directors, officers and employees of The Sanford Atlantic National Bank wish to extend their thanks and also best wishes for a successful 1940, pledging anew that which we have consistently tried to practice these twelve years:

"Sound Protection and Friendly Cooperation in all Financial Matters"

Roosevelt Pleads For Unity, Requests New Defense Levies

**President, In Annual
Speech Says Security
Not Armed
Defense Alone**

**Asks Extension Of
Reciprocal Trade**

**FDR Reveals Budget
To Call For Slash
In Most Items**

WASHINGTON, Jan. 3.—(AP)—President Roosevelt today coupled an emphatic plea for national unity in the face of war-born disintegration abroad with a recommendation that Congress vote new taxes to finance "emergency spending" for "common sense" national defense.

But, he said in his annual message, the "permanent security of America in the present crisis does not lie in armed force alone."

He said what we face is the set of worldwide forces of disintegration—religious, racial, destructive of all moral, religious and political standards that have been common to mankind. Personally delivering the message before a joint session of Congress, which convened at noon, the President asked an extension of the reciprocal trade program as part of the foundation of a "durable peace."

He stressed that a budget which would call for reductions in "practically all other important items" except defense. He asked special taxes to meet that extra cost.

He declared an answer must be found to the unemployment problem because we have not yet found a way to employ surplus labor which industry's efficiency has created.

**Capone Condition
Still Serious Is
Doctor's Comment**

BALTIMORE, Jan. 3.—(AP)—Capone's "three weeks" in Union Memorial hospital lengthened to almost seven today, but the condition of the former top man in Chicago's gangland remained as much a secret as the day he entered the hospital.

Dr. Joseph E. Moore, who has attended Capone since his release from federal prison Nov. 18, refused to say whether the faller "has" or "has not" responded to treatment for a chronic brain disorder.

Neither would he say whether there was any prospect for a complete recovery.

Capone entered the hospital a few hours after he completed a seven-year term for evasion of income tax payments. At the time, federal officials said they believed the treatment there would require weeks.

Since the outset, Dr. Moore, who never spoke of Capone's condition, has refused to say whether the faller "has" or "has not" responded to treatment for a chronic brain disorder.

**Calls Issued For
Bank Statements**

WASHINGTON, Jan. 3.—(AP)—The United States Commissioner of Currency today issued a call for a statement of earnings on national banks and Florida State Comptroller Lee for Florida State Bank, both on condition of closing on Dec. 28.

**Fine Record In
Traffic Deaths
Is Held By City**

**Safety Campaign Results In 166 Lives
Saved In Ten Years**

KANSAS CITY, Jan. 3.—(AP)—A decade ago Kansas citizens paid an average of 100 lives a year to operate their automobiles. Then an aroused citizenry learned "traffic deaths need not be the cost of operating motor cars" and saved 166 lives in five years, 1925 through 1929.

Then the safety council appealed to police to "crack down" on the police and police judges did.

Traffic fines totaled only \$12,000 in the first 11 months of 1939. They were \$105,900 in the same 1938 period, on approximately the same number of tickets issued.

Russian Troops
Are Being Massed**

**Defense Line Holds
Despite Repeated
Soviet Assaults**

HELSINKI, Jan. 3.—(AP)—Finland heard reports today that Russian troops are massing for a new major offensive after a further Finnish success, while Germany and Britain disputed the results of a North Sea air battle and the Irish Parliament heard that United States money is financing the outbreak in Ireland.

Most occupants awoke to find the 25-apartment building already searching for bodies. Four hours after the alarm sounded, four were killed as they jumped from top windows of the three-story brick building.

**Nazis Keep Eyes
On Allied Aid To
Finland's Armies**

BERLIN, Jan. 3.—(AP)—Authoritative German sources today said they were keeping a close eye on the aid of all which Great Britain and France give to Finland, leaving the impression that Germany might actively support Soviet troops in their invasion of Finland.
