

# Sems Win, 5-3, 6-2, From DeLand To Clinch All-Star Game

**Hayes, Daugherty Outpitch Toones And Lefty Harper Before 887 Fans**

**Sanford Batters Shell DeLand Hurters For 10 Hits In First Game And 14 Hits In 7-Inning Nightcap**

Make way for the All-Star first and put them in the lead. Single, before 887 spectators, the largest crowd of the season at the new stadium. When the two teams had been in DeLand last night, 5-3 in the All-star game, and 6-2 in the evening, Bill Daugherty, pitching his first game for the Sems, had the ball in his pocket. With the second, 6-2, he had a crowd of 200 to 300 Sanford fans forming a barrier around him. His mother, Mrs. Eddie Howington, will be rewarded at White Sox Park.

The men's beauty contest was a pleasantly plump young player, who had the best winning ways to run their race. The Sems' players were effective with men on base, but not in the field. The game is enough to try any pitcher. However, judicious from the first, he reached him for four innings which ran the streak of shut-out innings by the Sems to one-half games.

Both teams played a single game in Lester's and

Wade's, and the Sems won.

Although Hayes had 13 hits, and kept Sanford fans in suspense, he was ineffective with men on base, and only one scoring hit in the fifth. He had to work for four innings which ran the streak of shut-out innings by the Sems to one-half games.

## Wickard Will Be Secretary Of Agriculture

President Roosevelt  
Appoints Farmer  
From Indiana As  
Cabinet Member

Appleby Named  
Undersecretary

Wallace Resigns Effective September 5 To Begin Campaign

WASHINGTON, Aug. 19  
(AP)— Claude R. Wickard, Indiana farmer, was nominated today by President Roosevelt to succeed Henry A. Wallace, Democratic vice-presidential nominee, as secretary of agriculture.

Since last winter, Wickard has been undersecretary

of agriculture.

Wallace sent to the Senate the nomination of Paul H. Appleby of Maryland, to succeed Wickard as undersecretary. Appleby has served as assistant to Wallace since he entered the cabinet in 1933.

Wallace's resignation, effective Sept. 5, was announced in an exchange of letters released at Hyde Park, N. Y., on that date.

Wallace said, he would probably begin active campaigning as Roosevelt's 1940 running mate.

Ten Re-Appointed As Advisors For Farmers' Market

William L. Wilson, state market director at Jacksonville, was re-appointed to the committee of the consumers' advisory committee on agriculture and markets in the operation of the market.

Wilson, a member of the committee, was formerly one year, but this year the length of time has been staggered so that a completely new committee can never be named. H. J. Lehman, manager of the Farmers' State Market explained.

Committee members, all local men with farming interests in their towns of office, are H. M. Pendergrast, two years; Benjamin F. Moore, one year; Charles E. Moore, three years; John Meisch, three years; Charles Dunn, two years; Ralph E. Wright, two years; Henry Nichols, two years; William A. Leffler, one year; Guy Schaub, one year; and C. R. Dawson, ex-officio member as county agent of Seminole County.

July 1 was the date on which the men began serving on the committee.

City Issues \$700 In Permits Today

Two building permits totaling \$200 were issued at the City Hall today. The Glass Line Manufacturing Company received permission to renovate a garage at 1000 South and John Street, and the People's Building Co. received a permit to build on a plot of land on McPherson Avenue, a cost of about \$200.

## Willkie Challenges Roosevelt To Debate

## U.S., Canada Link Defenses To Keep Peace

### President Says That Canadians Are As Much A Part Of America As We Are

PHILADELPHIA, Aug. 19  
(AP)—The United States and Canada linked their defenses last night in an unprecedented step to preserve their safety against any threats from across the seas.

President Roosevelt and the Dominion's Prime Minister Mackenzie King, concluded a lengthy historic conference on continental defense with a joint announcement that:

"It has been agreed that a permanent joint board of defense shall be set up at once by the two countries."

Consisting of four or five members from each nation, chiefly from the armed service, the board will meet shortly, they said, and begin "immediately studies relating to sea, land and air problems, including personnel and material."

"It will consider in the broad sense," they said, "the defense of the north half of the Western Hemisphere."

Whether the agreement, reached in a private railway car over the St. Lawrence River boundary between the United States and Canada, was broad enough to contemplate a definite military and defensive alliance was not disclosed.

In any event, it marked a departure in American foreign policy by uniting together, defense bonds with a country at war.

The far-reaching implications of the agreement underscored deeply Roosevelt's declaration two years ago that the United States would not stand idly by if Canada were threatened with attack. He said yesterday that those remarks, made at the dedication of an International bridge at Kingston, Ontario, still were true.

The references in the former statement to sea, land and air problems gave emphasis to speculation that the United States might acquire strategic bases or soil of the British empire to help guard the approaches to North America.

And the mention of personnel and material opened up an ever-wider field of conjecture on whether he had a gun or is a member of the club, is invited to attend the lectures.

The main points in shooting a pistol, such as, lining up the sights on the gun, getting the correct elevation, and developing muscular control to get a steady squeeze on the trigger and prevent flinching as the shot is fired, will be discussed and demonstrated. Special charts and targets will also be used in the training.

Everyone who is interested in learning to shoot regardless of whether he has a gun or is a member of the club, is invited to attend the lectures.

The main points in shooting a pistol, such as, lining up the sights on the gun, getting the correct elevation, and developing muscular control to get a steady squeeze on the trigger and prevent flinching as the shot is fired, will be discussed and demonstrated. Special charts and targets will also be used in the training.

Mr. Goode, president and range officer of the local club, is well qualified as a teacher. He was pistol instructor for the New York police forces for three years and has been instructor for numerous New York banks, and has been president and range officer for several New Jersey cities.

The Buchanans had no trouble at all in passing the border line between the United States and Canada. "They just stopped us and asked if we were American citizens," Mrs. Buchanan said.

"We had to stop several different times, but they didn't even search our luggage. They were

returning Friday from a four week's trip which took them to Washington, New York, Canada, and Niagara Falls. Mr. and Mrs. S. H. Buchanan of Lake Monroe reported they had a "grand time" but were "glad to be back in Sanford."
