EXTRA SESSION OF LAW BODY NOW ASSURED

House Votes Exoneration Of Comptroller Amos Upon Impeachment Charge

TALLAHASSEE, June 4.—(AP)—The legislative mill ground steadily today through masses of minor legislation toward a special session when taxation and finance, barely touched upon in the 60-day session, will be considered.

Governor Carlton formally announced he would call an extra session but did not say when the session would begin. He hoped to have the call ready late today. The regular session ends tomorrow. Deferring consideration of the Governor's veto on the racing bill until the afternoon session, the House meanwhile exonerated Comptroller Ernest Amos from impeachment charges brought by Representative Tom Watson, Hillsborough.

The appropriation bill, its initial estimate placed approximately \$14,000,000 to \$11,000,000 was favorably reported by the House appropriations committee, but Chairman McKenzie said no attempt would be made to consider the measure before the extra session.

The House passed a bill to standardize milk and milk products and spent much time on minor road designation bills. The Senate devoted the entire morning to local bills.

The Senate passed the House bill for relief of R. W. Fearman and L. E. Jordan of Sanford in the \$245.50 loss of auto tax money in the closing of the Seminole Bank. A cashier's check had been sent to the comptroller for payment but the bank closed before the check cleared.

The House last night passed a bill granting a pension to Mrs. L. M. Passmore, of Sanford.

DO-X Forced To Land Sixty Miles At Sea

PORTO PRAIA, Cape Verde Islands, June 4.—(AP)—The seaplane DO-X, which left for Brazil, made a forced descent 60 miles out in the ocean and a tug was dispatched to its assistance. Reports here said the plane had fallen into the sea. No further information was immediately available. The plane left Switzerland last winter intending to cross the Atlantic by easy stages but the flight has been delayed frequently. It arrived here last week from Portuguese West Africa.

CHARGES HURLED AGAINST HORTON IN HOUSE SESSION

However, Some State Proceedings Are In Progress By Initiative

NASHVILLE, Tenn., June 4.—(AP)—Demands for impeachment of Gov. Henry H. Horton and charges that the proceedings against him were inspired by political motives were heard in the Tennessee House of Representatives Wednesday as debate opened on the first of eight presentments against the governor.

Conspiracy with Col. Luke Lea, publisher, and Rogers Calwell, financier, to let them control certain governmental departments in exchange for their political support and the influence of their newspapers was charged to the governor in the first article. Fifty of the 99 house votes are required to impeach.

"This article paints the picture of the rotten condition of State affairs for the last four years," said Representative John Tipton, leader of the debate with a plea arranged before the Senate for trial.

"Strike down this damnable in matter of prejudice and kill the thing dead," countered Representative W. Y. Boswell, heading the forces seeking to prevent impeachment.

Boswell said he agreed with Tipton about a "conspiracy," but added:

"That conspiracy is nothing more and nothing less than an attempt to overthrow the State government in Tennessee and seize the reins of that government by a few political and ambitious men of this State."

Tipton reviewed the allegations in the conspiracy presentment, pointing to the alleged influence in State affairs of Lea and Caldwell and to the "official head-choppings" of officials not satisfactory to them.

He said that under the alleged agreement between Horton and Lea and Caldwell the governor was to give them practical control of two or three State departments of highways, banking and insurance and finance and taxation.

Tipton declared that the people of Tennessee are rapidly losing confidence in their own State government and added:

"If Governor Horton is innocent, why doesn't he appear before this House and demand that it return these articles of impeachment so he can stand a trial and vindicate himself?"

Boswell declared anyone who judged the senate would know conviction was not possible there. Besides, he added, a member of the Senate could qualify to try a "bootlegger" in any court because there "is not a man in the Senate with sense enough to go home tonight but he formed and expressed his opinion." Two-thirds of the Senate are necessary to sustain impeachment charges.

CUBA IS FACING WORST CRISIS, SAYS MACHADO

Economics, Not Politics Seen As Cause Of Present Grief; Advises Calmness

By GENERAL GERARDO MACHADO, President of Cuba. (Written for The Associated Press) HAVANA, June 4.—(AP)—Cuba at the present moment is facing a great crisis—a crisis greater than at any other time in its history—yet without political origin. Economic distress which is searing the whole civilized world has visited our republic because of its unique position as a one-crop country and the Latin mind is perhaps quicker than any other to attribute economic ills to administration faults.

When I became president of Cuba six years ago I realized that the task might be a thankless one. During the war-time inflation period when sugar was king, the people of Cuba acquired expensive tastes because they could afford them but very economist knows that temporary prosperity is generally false prosperity and that its momentary brilliance makes the shadows which come afterwards seem deeper than before.

My political enemies started making capital of the economic straits we have encountered. But one of the least important of the moves made by the more timorous.

My greatest sin directing the government of Cuba is that I have not been so tolerant. My enemies, nevertheless, have pictured me as a dictator with an insatiable lust for power. This is not true and they know it. I am a patriot, a man of liberal ideals, and as such I could never attend the heights of egotism a dictatorship implies.

Cuba at the present time needs to do but one thing; avoid becoming panicky during this period of economic stress and work together to survive it in the best manner possible. All Cubans should work together to prevent agitation evolving into chaos.

What this nation is going through now the whole world is experiencing in a lesser degree. Cuba enjoyed the miracle during the famous "dance of the millions"; now it must be content to listen to slower and sadder strains for a while until the period of convalescence, already started, can be complete and Cuba's economic ills are cured.

ADVERTISING IS EULOGIZED AT PRESS PARLEY

'It Has Unparalleled Opportunity To Improve Merchandise' States Agency Head

ATLANTA, June 4.—(AP)—Delegates attending the annual convention of the National Editorial Association spent yesterday afternoon in the mountains of North Georgia following business sessions and a luncheon.

Speaking on "Working Along Lines of Mutual Interest," John Benson of New York, president of the American Association of Advertising Agencies told the delegates yesterday "the greatest opportunity in history now faces advertising."

"It has unparalleled opportunity," he continued, "to improve merchandise and at the same time make it more attractive."

Mr. Benson said radio does not have the power to become a dangerous competitor of the newspaper, that "it has a field of its own," and "it is very foolish to fight radio." He explained "Radio has a legitimate place in advertising and newspapers should aid rather than oppose its development, because advertising, no matter what its medium, when given impetus, gathers momentum, with consequent advantages to publishers as well as to the radio broadcasting agency."

"The Newspaper and its Place in Community Building" was the subject of an address by Karl Lehmann of Orlando, Fla., secretary of the Orange County Chamber of Commerce. Mr. Lehmann praised American editors for their participation in a community enterprise, their sacrifice of time and energy to continue their cooperation with civic bodies.

Award of the National Editorial Association's "Better Newspaper" trophy, selection of next year's convention city and election of officers will feature the closing business sessions. The editors will leave after adjournment of the business phase of the convention for an 8-day tour of Georgia by special train.

Sanford City Commissioners Give Out Statement Upon Coming Election

In a statement issued today the Sanford City Commissioners explained the significance of the proposed charter amendment, providing for a more effective system of forcing tax collectors, and urged that the freeholders vote in favor of it at the election June 8. The statement is as follows:

"As the City Commissioners of the City of Sanford, we urge the freeholders of our City to vote for the amendment to the City Charter at the election on June 8, 1931.

"By so voting, we, the Commissioners, are convinced that the citizens will be voting for the best interests of the City, and enable the City government to continue functioning in a satisfactory way. The Charter Amendment as passed by the Legislature to be acted upon at the referendum by the people provides that foreclosure of delinquent taxes will not be made until the expiration of two years after delinquency, with the exception of taxes delinquent for the years 1929, 1928 and 1927, which have been re-assessed, and for years prior thereto; these taxes are subject to foreclosure immediately after the close of the books June 15, 1931, but inasmuch as foreclosure proceedings will be conducted in an orderly way, we feel that the delinquent taxes for 1929 will probably not be reached for some time to come.

"The City Commission has no disposition or desire to work undue hardships upon its citizens and tax payers but realizes that our tax collection laws must be strengthened in order that the

DRIVE BEGUN IN ITALY AGAINST FASCISTI FOES

Mussolini Puts Clamp On All Groups That Are Hostile No Matter What Alliance

ROME, June 4.—(AP)—Premier Mussolini Wednesday declared war on anti-Fascism in Italy, "under whatever banner," and, according to news from the Vatican at least one of the Catholic Action society leaders was under arrest.

The person named by the Vatican arrested was an attorney named Corzango. It was said he probably would soon be on his way to political exile on the island of Lipari.

Other reports said a dozen of the Catholic Action leaders had been arrested in various cities. It was said they were all men who had opposed Fascism previously.

Premier Mussolini's "declaration of war" against anti-Fascists was made at a special meeting of a small body of Fascist leaders which formed the directorate of the party. The premier presided at the meeting, and it was said he definitely mentioned the Catholic Action society.

Orders were issued to the 6000 Fascist groups in Italy, with more than one million active members, to be guided by the thought that Fascism "is firmly determined not to permit whatever remained of anti-Fascism, and which thus far has been spared, to find refuge and protection."

The groups were told that those who "endanger their lives for enemies of the state" should be defended as such.

The directorate charged that some sections of the Catholic Action society had been "openly and surreptitiously hostile" to Fascism.

With this blunt statement of policy the Duce and his group of leaders began to formulate plans to take into Fascism's fold the young Catholics from the dissolved groups. Various provisions were made to strengthen the Fascist groups of men, women and youths with the idea of making able to incorporate thousands of recruits into a stronger body of them.

Chinese Peasants Are Fleeing Homes Before Red Army

SHANGHAI, June 4.—(AP)—Thousands of peasants are fleeing from their homes in Southern Kiangsu province to escape the Red army, which has overpowered the province.

Hundreds of children have been taken and sent to headquarters by the Communist revolutionaries, reported last night said they had fled from their homes.

Leaving areas long despoiled by Red and bandit armies of looting, burning and massacre, the multitude headed toward Kwangtung province, hoping to reach comparatively safe in Canton's vicinity.

The flight was precipitated by the reported withdrawal into Kwangtung of the Nationalist government forces opposing the Communist revolutionaries.

Blinded by Communist and bandit outrages in Kiangsu and several other provinces, Chiang Kai-shek was said by the government's Kwangtung news agency to have decided to take personal command of the forces which have accomplished little in Kwangtung's campaign against the Communists.

Fleeing from bandits in Kwangtung, the Nationalist government forces are reported to have been defeated in several battles.

Alleged Murderer, Election Aspirant, Can't Secure Bail

LOS ANGELES, June 4.—(AP)—David H. Clark, former deputy district attorney awaiting trial on charges of murder, yesterday found bail bonds as difficult to obtain as votes in the municipal election of Tuesday, when he was defeated as candidate for municipal judge.

He remained in jail, having been bound over to the Superior Court Tuesday in connection with the killing of Charles H. Crawford, political boss, and Herbert F. Spencer, newspaper man.

Band brokers who were prepared to get him out quickly on \$100,000 bail Tuesday, when his friends thought he would carry the election, did not appear so eager since his defeat.

His friends announced \$36,000 still was needed to complete the bail, \$44,000 having been supplied by two bail brokers concerned.

Meanwhile, Joseph Ford, special prosecutor who vigorously opposed the admission of Clark to bail, investigated the prisoner's activities preliminary to the killing. Ford indicated he would take advantage of the full 30 days allowed by law before proceeding with the trial.

Clark presented no defense in his preliminary hearing in Municipal Court, his attorneys joining with the prosecution in request that he be held for trial.

Salvation Army Budget Appeal Drive Is Being Pushed Towards Final Goal

The Salvation Army Budget Appeal campaign had passed the \$2500 mark at noon today, and officials in charge of the drive said that the goal of \$4000 necessary to operate the local Army post here during the next year, would be raised by Saturday night if the people continued to respond.

H. J. Lehman and W. A. Laffler, chairman and vice-chairman respectively of the committee, expressed themselves as highly gratified over the splendid response which all workers had received from Sanborn residents. On the opening day of the drive, Tuesday, nearly 200 workers turned in cash amounts totaling \$1655.55.

Yesterday afternoon, with a force of workers, \$822 in pledges was turned in.

Asheville Banker Gets Prison Term For False Report

ASHEVILLE, N. C., June 4.—(AP)—Wallace B. Davis, for 10 years a leading financial figure in Western North Carolina, was sentenced yesterday to five to seven years for making and publishing a false report of the condition of the Central Bank and Trust company while he was its president.

Defense served notice of appeal to the state supreme court and Davis was released under \$10,000 bond. The court granted 90 days for completion of the appeal.

Davis took the sentence calmly but his wife, who had been by his side throughout the two weeks of the trial, burst into tears at the words "state's prison."

Sentencing of Davis, convicted nearly three weeks ago, brought to an end the first growing court term called to try cases growing out of DuPont county bank failures last fall.

During Convicted Of Murdering Girl

NEW YORK, June 4.—(AP)—Rudolph Durlinger, Ossining truck driver, was convicted today of the first degree murder of Virginia Brannen, dance hall hostess. Justice Cohn said he would pronounce a mandatory sentence next Monday which would condemn Durlinger to the electric chair.

Miss Brannen was shot during an automobile ride in the Bronx Apr. 27. Durlinger said he shot her accidentally when she clutched his revolver. He then drove to Yonkers and tossed the body behind a hedge. Francis Crowley, under death sentence for the slaying of a policeman, was also a member of the automobile party.

DUMAS TALKS AT KIWANIS CLUB ON COMING ELECTION

Urges That Citizens Vote For Amendment Next Monday

Mayor T. L. Dumas, bringing a message which had for its purpose the clarification of the points at issue in the coming charter amendment election, was the principal speaker at the Kiwanis Club luncheon held at the Montezuma Hotel yesterday.

An attendance of 98 per cent of the members heard Mayor Dumas' talk, while Ralph A. Smith and Julius Dingsfelder, local business men, were also present as guests. The program was under the direction of Kiwanians Howard Long and C. A. Byrd, while A. C. Fort presided over the meeting.

Mr. Dumas prefaced his remarks by stating that during 1930 a mandamus was secured by the creditors of the City of Sanford requiring assessment of practically 100 mills. He called attention to the fact that the citizenship felt that this burden could not be borne and that their property would probably be sacrificed.

His address was as follows:

"The city commission, after a series of meetings held with the bond holders committee, succeeded in convincing them that the greater number of Sanford's citizens deplored defaulting upon their in-

PURDON CASE IN CIRCUIT COURT IS CALLED MISTRIAL

Belief Is Expressed That New Trial Will Be Held Next Week

"Mistrial" was the verdict rendered by a Seminole County Jury of six men, who, sitting in the case of the State of Florida versus Mrs. Emily B. Purdon, charged with embezzling property she knew to have been stolen, spent nearly four hours in the jury room before appearing before Circuit Court Judge Wallace W. Wright last night, where, after rendering the verdict, they were discharged.

The trial of the case began yesterday morning, shortly after a jury composed of H. C. Baxton, Jasper Williams, J. F. Mitchell, F. A. Stone, J. C. Matthews, and J. E. Parlin, had been selected. During the day the State offered Francis Eddins, Alex Mitchell, Sheriff J. F. McClelland and Joe Meinch as witnesses, while Mrs. Purdon offered herself, her son, Carl Bruton, and her daughter, Mrs. Annie Mae Stokes.

Mrs. Purdon denied any implication in the purchase of the three sacks of fertilizer which were offered as the stolen property, maintaining that she knew nothing of the transaction. Her son, Carl Bruton, declared that he purchased the fertilizer from a negro man, and that he did not know it was stolen when he bought it.

Court attaches said today that a new trial would probably be held next week.

During the time the jury was out yesterday afternoon, Judge Wright ordered that George Wills, young white boy who was indicted some months ago for uttering a forged instrument, be brought before him. The youth had been placed on his good behavior with a warning that if he fell into any trouble that Judge Wright would immediately order his arrest and impose a stiff sentence on the indictment. All reports before Judge Wright yesterday indicated that

Fishing Licenses Are Now Available For Local People

Seminole County anglers who contemplate fishing expeditions in the surrounding lakes and rivers may now secure 1931 fishing licenses. A large supply of these arrived at the offices of County Judge James G. Sharon this morning, and for the next 30 days, Judge Sharon says he expects to be a busy man, for local anglers are among the most ardent fishermen in the State, and already large numbers of them have visited his offices, only to learn that they had not yet arrived.

The 1931 license is similar to those issued in previous years, except that each license is now good for one year from the date of its purchase. In other years, a fishing license was good only to June 1 of each year.

Persons who wish to secure licenses must first sign an application blank which carries the following requirements: Applicant must be a citizen of the United States and a resident of Florida for the past six months; must give his name, address, age, color, sex, color of hair, eyes, height, weight and occupation, and the application must be accompanied by either cash or a check for the cost of the type license he wishes to purchase.

There are four types of licenses: resident state fresh water fishing license, \$3.25; non-resident county fresh water fishing license, \$3.25; non-resident state fresh water fishing license, \$10.50; and resident additional county fresh water fishing license, \$1.25. No license is required for residents to fish in the county of their residence.

Seaman Is Killed In Pensacola Accident

PENSACOLA, June 4.—(AP)—Lester Thomas Murphy, second deck seaman, was killed, and Chief Boatswain aviation mechanic, was slightly hurt when an airplane piloted by Lieutenant Richard Mann tumbled into the water on which two men were working at the naval air station today. Murphy, whose home is in Dallas, Texas, was killed by the propeller of Mann's plane.

Lindberghs Planning Flight Over Pacific On Air Tour Of Orient

WASHINGTON, June 4.—(AP)—Colonel Charles Lindbergh will leave within a month for a flying tour of the Far East making the trip by air across the North Pacific, it was learned today. His wife will accompany him. The exact date of departure has not been determined but at his request the state department is asking the Japanese and Chinese governments for permission for him to land in those countries.

Although the trip across the North Pacific will not involve any long water hops, the Colonel is taking every safety precaution. His monoplane will be equipped with pentons and he will make fueling arrangements at necessary points. The Lindberghs will not take their young son with them. Plans for the return trip from the Orient have not been arranged. Lindbergh stated he had not determined whether to return by boat or by northern air route.

REDS READY FOR COCOA INVASION; LOPEZ TO PITCH

Line-Up Will Be Nearly Same As Last Game; Bat Averages Issued
By FRED SCHAAAL
Manager George Deetz and his Coney Reds are ready for their invasion of Cocoa tomorrow afternoon. They confidently expect to take that outfit into camp without a bit of trouble, for, in a game here about 10 days ago, the Reds had a chance to see that, unless some important changes are made, the Cocoa Indians aren't going to be so hard to handle for the first half at least.

Manager Deetz, experts in what almost the same combination at Cocoa that was the game here last Sunday, Pete Schirard will do the catching, and, since he is one of the fastest men on the club, will lead off at bat. Jack Peters, another speed merchant, will be second. Jack is one of the best batters on the club, and, with Schirard on first, can always be counted on to lay down that needed bunt which will put Pete in position to score when Manager Deetz gets that single, double, triple or homer. Manager Deetz will play short and, but third, George and Lefty McLanahan are the only two regular batters who are hitting over .300 in six or more games by the way. George is hitting the old apple at a .323 clip, while Lefty is hitting for .409, to put him eighth on the list of the league leaders.

Lefty McLanahan will bat in clean-up position, and play center field to start. He is expected to continue his great hitting. Lefty's only trouble just now is that a bad case of boils has hampered his stride. He can hit them but when it comes to running, it's not his good fortune. Fortunately, the Reds have a couple of fast runners in the persons of Wright and Lake, so, any time Lefty or Lopez find themselves on the sacks after a hard drive, Jimmy Wright or Bud Lake will be sent in to do their running. Fair enough.

"Coke" Lopez will do the hur-ling at Cocoa, and will probably bat in fifth place, right back of George Deetz and Lefty McLanahan. Boy, there are three power-ful batters in a row. If they don't push over runs, there is something amiss. Pat Miller will start in right field, and will bat sixth. The youngster sat on the bench for seven innings last Sunday, just aching to get his hands on a bat, and, when he did get into the con- test, he poled out the longest hit ball of the day, a triple to the right field foul line in the tall grass.

Roy Britt, the 10-second high school star will patrol left field, and come to bat seventh, to make it exactly five potential hitters in a row. Roy has a knack of field- ing that makes the heart of any fan glad, and every effort will be a big way, and who can see their way clear to furnish any kind of a job, please get in touch with Oh Yeah at once. Even soda-jerk- ing would not be frowned on by some of the players, as long as they were able to amass as much as \$15 each and every week during the summer.

MAILMAN'S Y.M.C.A. AT DIAMOND BALL

Fighting Of Barkers Too Much For Local Team, Losing 7 To 1
By E. E. COLLUM
In the game of diamond ball be- tween the Sanford Y. M. C. A. and the Mailman's yesterday night, Mailman's came out victorious, the score standing Mailman 7, Y. M. C. A. 1 at the end of the 9th in- ning.

It was simply a case of too good pitching on the part of Mailman. Mailman brought along with them a young pitcher by the name of Barker, who does mound duty for the Cudaby Packing Company team in Orlando, and who to date has proved himself to be the pitch- ing sensation in the Orlando Class B league this season, being one of the few pitchers of diamond ball with a record of seven or more hit- tings to his credit. He has the two main essentials of a good pitch- er, speed and control, and the Y. M. C. A. boys last night could ab- solutely do nothing with his de- livery. However, they did manage to eke out five hits for one run before the game was over.

Stinson Kinlaw was on the mound for the Y. M. C. A. and pitched a mighty good game him- self, striking out 12 of the Mail- land batters. On the defensive the entire Y. M. C. A. team proved to be equal to any team in the league, the team according to Kinlaw, practically 100% support, and when they got used to hitting speed this team will prove to be the sensation of the league.

The writer is not at all discour- aged at the showing the Y. M. C. A. boys made last night. Games of this nature are exactly what they need to gain the experience, and if they continue to put up the defensive game they did last night, they won't be long until they will be able to meet that old pill, no mat- ter how fast it comes to them, and when they do, Oh, boy! it is simply going to be too bad for any team they hook up with.

Tomorrow night the same team will meet the Mailman's at the Y. M. C. A. building.

Sanford should have wholeheartedly to the support of the Salvation Army. The first two days of the drive saw the contribution of some \$2,475.25, indicating the splendid success of the various teams. However, four thousand dollars are needed in order to carry on this essential work during the coming year and before the campaign as a whole can be terminated successfully.

OPEN BOOK

I saw the book and gazed at it before the book was opened. The book of life, and the words which were written in it according to their works.

THE DEAD

Dry and here
Are the old
Whose minds hold
Only fear.
They, who young,
Never knew
Where leaves blew
Or wind hums.
Whom love missed,
Who's stern lip
And duty whipped,
(Whom missed)
Never gave
Themselves away
And died today
Without a grave.
Merry N. B. Whitely.

THE GOVERNOR

The Governor intercepts to say he will veto the bill anyway and someone else says it is unconstitutional, but the minority is determined not to have its show spoiled by others who would steal their glory and the insurance contest goes on. This becomes a little dull after a day or so, like a six-day bicycle race, as a fight without benefit of the American Legion is thrown in and there is a bit of ballyhoo about storming the doors of the House and stopping clocks the wrong way. Finally, another 20 days, a special session, for more economizing and tax relieving is assured, and no one knows what happens. The filibuster ends. This children is the legislative branch of our government.—Miami Daily News.

Work, The Only Relief

The easiest and surest road out of the valley of depression lies through hard work and closer application to one's job. Those who thought they could take some sleeping powder and dream peacefully while the world got itself in order, are waking up to find that they are right where they were when they went to sleep and that the rest of the world is moving on. Political panaceas and artificial stimulants to revive business have been found wanting.

The Herald hopes that those who have will give to their utmost ability, in order that those who have nothing will find relief. The Salvation Army will need every dollar of this campaign fund, and ninety percent of it will be spent right here in Sanford. Give, and give generously!

It is well to point out that far-seeing executives have been introducing economies, reducing costs and equalizing production to demand. Plants are being modernized and obsolete machinery and old unprofitable methods are being replaced. There is coming about a concentration on essentials, with the realization that a higher standard of business and industrial management is being reached. Production has been put upon a sounder basis, it is timely now to suggest constantly increasing sales effort which wisely guided will inevitably produce a greater volume of business.

PARTY HINTS

By LEATRICE GREGORY
Boys and girls will find picnic the jolliest method there is for entertaining their classes or clubs. Invite your friends to a "Glepy Trail" picnic, writing the invitations on orange correspondence cards folded in half like booklets. Decorate the covers with all-bonneties of trees cut from red paper, a camphire cut from red, and the ink drawing of a trail leading away over rounded hills. Include with the invitations with covers for the guests to wear when they come.

First of all, find a suitable place for the picnic. Select a place within walking distance unless you can be furnished. A sheltered spot in the woods is ideal. Visit the spot before the picnic and take out the bulkiest packages if the spot can be guarded.

Buy a few with dry goods, twigs, and come first and larger number on top ready to be used when the picnickers reach the spot.

Take each bottle of "antiseptic" to hot park and bring back the refreshments and food and anything else you need.

INEXPENSIVE MEATS
The secret of cooking the tougher cuts of meat is slow cooking with moisture. A casserole is used advantageously to utilize the less expensive cuts of beef, veal, lamb, mutton and pork, and it saves considerable on the fuel bill by permitting the entire meal to be cooked in the oven at the same time.

Don't Rasp Your Throat With Harsh Irritants

"Reach for a LUCKY Instead"

The great Lord Tennyson in a beautiful poem refers to a woman's Adam's Apple as "The warm white apple of her throat." Consider your Adam's Apple. Touch it—your Adam's Apple—That is your larynx—your voice box—it contains your vocal chords. When you consider your Adam's Apple you are considering your throat—your vocal chords. Protect the delicate tissues within your throat. Be careful in your choice of cigarettes. **Don't rasp your throat with harsh irritants! Reach for a LUCKY instead.** Here in America LUCKY STRIKE is the only cigarette which brings you the added benefit of the exclusive "TOASTING" Process, which includes the use of modern Ultra Violet Rays. It is this exclusive process that expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. And so we say "Consider your Adam's Apple."

Rogers Caldwell Is Scheduled For Trial Next Monday

NASHVILLE, Tenn., June 4.—(AP)—Denying applications for a postponement and a change of venue, Judge Chester K. Hart yesterday scheduled the opening of Rogers Caldwell's fraudulent breach of trust trial for Monday in criminal court.

Caldwell was president of Caldwell & Co., \$39,000,000 investment banking house, which collapsed last fall. It was following this failure and that of a subsidiary, the Bank of Tennessee...

At noon he has "dinner" in the old-fashioned New England way. And it is a hearty meal. Supper, usually is very light.

Coolidge enters an afternoon nap. It is a habit from which he rarely deviates, sleeping soundly from 1 o'clock until 3 o'clock.

When riding on the train, to attend each month the director's meeting of an insurance company, he drops off to sleep as easily as if he were at home, and awakes after an hour refreshed.

Occasionally, when he has been called back to the office on important business directly after dinner, he has been known to transcend the business, and then quietly fall asleep in his chair.

Coolidge's business includes more than meeting visitors and dictating replies to such letters as his voluminous mail as requires his personal attention. He handles all his household financial affairs himself.

Friends have observed an unusual trait in the part of Coolidge for many years. He has a "penchant" for the "dog" and a "hat" that harmonizes with the "dog".

SILENT COOLIDGE LINKS TO TALK TO HIS ANIMAL PETS

Ex-President Always Makes Offtaking Nap During Day

By JOSEPH E. LYMAN. NORTHAMPTON, Mass., June 4.—(Copyright, 1937, by the Associated Press.)—Calvin Coolidge, commonly pictured as one of America's most silent and uncommunicative men, likes to talk to his dogs.

On his strolls about the grounds of his recently acquired home, "The Beeches," he is frequently accompanied by "Beauty," a handsome white collie.

Some time back he owned another white collie "Bob Ray," a White-House gift. Bob Ray was deaf, and Coolidge was remarked to his friends that this was a serious disadvantage, for he couldn't talk to the dog and feel that he was being understood.

The former president calls his pet "doggie." When he bought "The Beeches," he told reporters the extensive grounds would afford a better place for my doggies to play. The reporters hesitated to quote this word verbatim. None the less, "doggies" is what was said.

On automobile rides Coolidge often will take notice of some particularly fine dog in the street and remark to Mrs. Coolidge, or others in the car, "There's a pretty doggie."

James T. O'Connell Kivans Club Coming Election

Continued from Page 1. The Kivans Club of Sanford is planning to hold an election on June 15th. The club has a long history and is one of the oldest in the city.

Mr. Dumas will meet with the committee on June 10th. The committee will be made up of representatives from the club and the city.

Without this vote of confidence the commission can not hope to secure concessions from Sanford's creditors, as a failure to pass the bill would indicate clearly to our creditors that the members of the city commission, as now composed, do not represent the wishes of the City of Sanford in its effort to satisfactorily adjust the City's indebtedness now outstanding and would militate against any refinancing scheme that might be possible within the next several years.

The people of Sanford have expressed their appreciation, through the press, of the efforts of the Commission in securing a 30 mill assessment for 1936, and it would be deplorable if the voters undo, by their vote at the polls, what has been done looking toward restoring Sanford in the eyes of the financial world. It is my belief that it would certainly be very difficult, if not impossible, for Sanford to liquidate its present indebtedness. I do not think that our creditors hoped for any such solution of our troubles, but that the Commission and the representatives of the creditors had been able to work in such harmony that great hopes were set that the Commission would eventually be able to effect a settlement satisfactory to all concerned.

Attention is called to the fact that the present referendum gives the tax payer the same time, namely, two years, in which to redeem their property as is provided in the present charter, and is provided by the law of the State of Florida. The people are being erroneously impressed with the possibility of adjustment from their homes immediately after they become delinquent in tax payment. This is entirely wrong and I hope that the voters will inform themselves upon the issues, and vote intelligently. Efforts are being made in certain directions to secure tax relief from the State of Florida and a view to wiping out some tax assessments held by Florida cities. I say that city taxes and liens should be of equal dignity as state and county taxes.

At the conclusion of Mr. Dumas' talk questions were asked of from his hearers which indicated that many of them did not understand that two years would be allowed in which to redeem property upon which taxes have become delinquent. It was my duty to bring out that some of the citizens favored a mandamus compelling the commission to take on property which would revert to Sanford's creditors.

Mr. Dumas' address is 100 North Main Street, Sanford, Florida.

Effort Abandoned To Thwart Merger Of Oil Companies

WASHINGTON, June 4.—(AP)—The Government yesterday abandoned its effort to prevent the merger of the Standard Oil Company of New Jersey and the Vacuum Oil Company. Announcing its intention not to carry the case to the Supreme Court, the Justice Department said an appeal "undoubtedly" would sustain the facts found by the District Court of Missouri, which declined to enjoin the merger. "It has been determined that the Government is not justified," the department said, "in prolonging this litigation by a futile appeal to the Supreme Court." It is intended to merge the \$450,000,000 capital stock and \$700,000,000 assets of Standard Oil of New York and the \$125,000,000 capital stock and \$205,000,000 assets of vacuum in a world-wide petroleum products corporation. Three judges of the Federal Circuit Court of Appeals held the merger would not be a violation of the historic Standard Oil dissolution decree of 1900. They held the decree was intended to prohibit only a merger which would actually violate the law against combinations in restraint of trade.

Fall's Friends Are Hopeful He Will Be Spared By Pardon

WASHINGTON, June 4.—(AP)—Only a few days remain before Albert B. Fall will learn whether his dwindling hopes of escaping prison have vanished. The Supreme Court ended the former interior secretary's effort to reverse his conviction on a charge of accepting a bribe from Edward L. Doheny Monday by refusing to review the sentence of a year in jail and a fine of \$100,000. Fall's friends, however, are still hoping that he will receive either a presidential pardon, or suspension of the prison term. Only a few legal papers are necessary to complete the bulky mass which tells the story of the criminal trials growing out of Fall's lease of naval oil reserves to the Doheny and Harry F. Sinclair. The mandate from the District of Columbia Court of Appeals to the District of Columbia Supreme Court is expected this week. Court officials said there was only one more step. Atlee Pomeroy, who once served in the Senate with Fall, will ask for a warrant of commitment.

Schiff, Banker And Philanthropist, Dies

OYSTERBAY, New York, June 4.—(AP)—Mortimer Schiff, banker and philanthropist, died today at the age of 54. He was a member of Kuhn, Loeb, and Company and the New York Stock Exchange. He was found dead at his home seated in a chair apparently the victim of a heart attack. His philanthropies were varied including gifts to the British Boy Scout movement, for promotion of International fellowship, to the building and endowment fund of Taft School, Jewish Theological Seminary, and to the cathedral of St. John the Divine.

How One Woman Lost 102 Lbs. of Fat

Almost Unbelievable—Nevertheless True. Dear Friends: You advertise Kruschen Salts for reducing, so I finally tried them and when I started I weighed 219 pounds and when I took them for a year and 3 weeks I lost exactly 102 pounds. I am 23 years old and I look at least 8 years younger now than I did when I was fat. I have a picture of myself before and after so if you want to see them let me know. I am always telling my friends about the wonderful salts. I am always advertising them. I took 3 bottles every month for a year and 3 weeks. It amounted to \$35 for reducing 102 pounds but it was worth it. If I can be of any help to you let me know. Mollie Sloan, 208 S. 1st St., San Juan, P. R.
