

JANUARY 2, 1956
THRU
MARCH 1956 ANNUAL TOURIST EDITION

Each Day Will Have Special Significance To Local Folks

There are 364 days of prosperity ahead in the New Year.

Each one of them will have a special significance for Sanford and Seminole County, for in some unusual way, we will be benefited by the events to come.

Politicians are beginning their leap year gambles and are either feeling their way into the forthcoming races or are beating the drums of eventual success even before the time comes for making known their intentions.

Congress will convene on January 5th for the second session of the 84th Congress and ten of Florida's representatives will move into the nation's capitol to take their seats and in their own individual ways to set the property of their home State.

January 5th will see Senator Holland, the Senior Senator in Washington along with Senator George Smathers, the Junior Senator.

Congressman Bill Crumer (R) of St. Petersburg will be representing the 1st District; Congressman Charles Bennett of Jacksonville, the 2nd District; Congressman Bob Jones of Crestview, the 3rd District; Congressman Dante Fascell of Miami, the 4th District; Congressman Syd Herlong of Leesburg, the 5th District; Congressman Paul Rogers of Ft. Lauderdale, the 6th District; Congressman Jim Haley of Sarasota, the 7th District, and Congressman Billy Mathews of Gainesville, the 8th District.

Important legislation will come before the Washington representatives to guide the destinies of Florida, its individuals, and the nation. 1956 will be an important year on the national scene and the 364 day future for Florida.

Aside from politics, there is a greater hope of economic security to be developed in Sanford and Seminole County 1956.

Construction of homes and industrial property has reached an all-time high during the twelve months behind us, but even greater gains are predicted for the next twelve months less the two days in which we have celebrated.

New subdivisions are being planned, some of them extensive, some are not so large. Adding them together, however, for an overall picture of what might be ahead for us shows that more homes will be constructed in 1956 than in any other previous year.

With the addition of the new subdivisions and the uptrend in the construction of homes, brings added impetus to the growth of the county.

TODAY'S BIBLE VERSE

"But if from thence thou shalt seek the Lord thy God, thou shalt find Him, if thou seek Him with all thy heart and with all thy strength."—Deuteronomy 4:29.

HAL BOYLE

Everyone Likes Peek At Future

NEW YORK (U)—Everybody likes an advance peek at what lies ahead.

This curiosity is a human trait, of human as having mother-in-law or the nosebleed.

Each year the editors of the City Almanac try to satisfy this curiosity by taking a look in their fancy office crystal ball and making a few pertinent forecasts for the year coming up.

Here are their picks for '56:

POLITICS—A drive will be launched to get both the Republican and Democratic parties to back a bipartisan presidential election ticket—but cooler heads will prevail. Both major party platforms will denounce racism and endorse motherhood, but each will remain silent on the crying question of the hour, "shall the national flag be made America's national flag?" It's too hot an issue for a campaign year.

WEALTH—As usual, only more. The nation will hit a 400 billion dollar income, and 9 out of 10 Americans will ask "wonder who got my share?"

SEX—It will go on as usual, too. Really significant developments in the important field appear on the horizon, although no slugs in the present widespread popularity.

INTERNATIONAL AFFAIRS—The year, the cold war between the United States and the Soviet Union will continue, but no open wars will flare. Five nations besides the other three diverge or converge.

ENTERTAINMENT—A new year in the motion picture industry will see the

appearance in Las Vegas, so patrons can lose their cash without wearing out their arms pulling those levers.

INDUSTRY—Motor car sales, after a brief lag, will spurt tremendously after all firms announce they will give a car's free parking space with the purchase of each new automobile. Color television will become so common you no longer will have to run to the back porch to watch a beautiful sunset; you can gallop over to your wealthy neighbor's house and see it on his TV screen. A washing machine will be developed into which you can dump your dirty children as well as your soiled laundry. An oil well will discover a Texas.

SPORTS—Britain will finally uncover a promising heavyweight boxer with a plastic instead of a glass jaw, but Rocky Marciano will break it in 1957 anyhow. The New York Yankees will lose the American League race and go on a vegetable diet. An attempt will be made to include girl watching as an Olympic sport.

WOMEN'S FASHIONS—The style world will be startled by a revolutionary new corset which slips up the front, thus enabling a fat wife to dress without asking help from her churchish husband. Some strange new shapes in ladies' hair are in the air, but is this new?

WOMEN'S FASHIONS—Charcoal white shirts will gain favor among white collar workers who complain they can't afford laundry bills on their present white-white shirts.

HEALTH—A man will be afraid to admit he has a corn or bunion for fear people will think it is a sign he is too poor to buy a car and has to walk to work. Women will go on living longer than men, and men will go on wondering why. Three eminent doctors will say the best way to stay healthy is to avoid emotional enmity, and three other equally eminent doctors will say the best way to stay healthy is to blow your top whenever you feel like it.

THE ANIMAL WORLD—Some rich ally cat will die and leave all its money to a poor old lady who once poured it a dish of cream in its friendless youth. A new dog whistle will be invented which poodles can put in their teeth and blow to inform the master if it is time for him to leave the bar and walk them back home.

LABOR—As little of this as possible. New labor-saving devices will give most workers more free company time in which to ask the boss for shorter hours and more pay.

WEATHER—Feeble gusts early in the year from Washington, D.C., followed by storm clouds over Chicago and San Francisco in mid-summer. Winds of hurricane force, accompanied by much thunder, will sweep all parts of the nation in September and October. A year in November, the rest of the year will be fair and clear.

END ADV FOR PMS—There Dec. 28

The town of Lampon, the first Los capital of Lam, was founded about 875 A. D.

Your City Charter

Part II
Section 100. ELECTION NOT NECESSARY TO AUTHORIZE LOAN. Any such loan as provided in the next five preceding sections shall not be required to be submitted to a vote of the electors of said City.

Section 101. TAX DEED, LIMITATION OF ACTION TO RECOVER POSSESSION OF PROPERTY CONVEYED BY TAXES, VALUE OF IMPROVEMENTS TO BE PAID UPON RECOVERY. When the holder of land under a City tax deed goes into actual possession of such land, no suit for the recovery of the possession thereof shall be brought by the former owner or claimant, his heirs or assigns or his or their legal representatives, for the recovery of the possession of such land, unless such suit be commenced within four years after the holder of such tax deed goes into possession of said land, and the holder of such City tax deed, where such real estate is in the adverse actual possession of any person or persons, shall not be entitled to recover possession of such real estate acquired by such City tax deed, unless suit for such recovery shall be brought within one year from the date of acquiring such tax deed. When a recovery is had by any person or corporation of any land sold for taxes under this Act either in an action of ejectment or by bill in chancery to set aside the tax deed, who has not prior to the sale paid the taxes thereon for which the land was sold, the person or corporation having such recovery shall pay to the party from whom recovery is had, all the taxes he has paid upon the land at the time of the sale and the costs of said tax deed, and all the taxes he has paid since said sale, with eight per cent interest thereon, and the value of all permanent improvements made upon such land, bona fide.

Section 102. PUBLIC IMPROVEMENTS, POWER TO MAKE; SPECIAL ASSESSMENTS FOR PAYMENT OF COST. The City Commission shall have power by resolution to provide for the construction, reconstruction, paving, re-paving, repair and maintenance, by contract or directly by the employment of labor, of streets, boulevards and alleys, and to provide for the payment of all or any part of the cost of any street improvements by levying and collecting special assessments on the abutting, adjoining and contiguous or other specially benefited property.

Section 103. SPECIAL ASSESSMENTS, HOW MADE. Special assessments against property deemed to be benefited by local improvements, as provided for in the preceding Section, may be made upon a foot frontage basis

News Of Men In Service

SEVENTH ARMY, Germany—M/Sgt. Charley R. Hodge, 23, son of Mr. and Mrs. A. E. Hodge, Lake Monroe, recently took part in "Fido Ball," a Seventh Army command post exercise in Germany.

The exercise tested communications clothing, equipment and supply operations in snow, rain, mud, cold and wind.

Sergeant Hodge, a platoon sergeant in the 49th Engineer Battalion's Company C, entered the Army in 1949. He arrived in Europe in June 1955.

Hodge's wife, Barbara, is with him in Germany.

JANY CHILDREN

WHITESBURG, Ky.—Uncle Bill Lucas, 51, announced the birth of his 14th child yesterday with the hope "there will be many more children to bless our home."

Thirteen children were by his first wife, who died several years ago, and six by his second wife, whose age was not learned.

New Year Shaped With Confidence

NEW YORK (U)—Seldom have Americans looked up to a new year with more confidence. But here and there a businessman is having some sober thoughts.

Times look good in general for the next six months — but that means good on average, and not

for every individual, every company, every industry. There are predictions of a alidback from the peak for some kinds of business.

Scattered warnings are at hand for dealers in such things as cars, new houses, home furnishings, apparel, electrical appliances, tires, lumber and even for the makers of steel.

In most cases it would be only a moderate backing away from heady heights.

Autos and housing have led the parade in 1955, with steel and metal products pressing close.

Now the building industry predicts a drop of 100,000 to 200,000 in new homes built next year — although still counting on more than one million, and larger and more expensive ones to boot.

The auto industry already is trimming back output. Although long its most optimistic spokesman, Harlow H. Curtis, General Motors president, says production next year may drop 13 per cent—

this would still seem more than seven million new cars at the assembly lines.

Dealers in used cars report sales slump now, with prices in the last six months.

Another generally expected soft spot is agriculture. Some observers think prices of farm products may slide in the second half of next year. Coupled with possible average cuts, this could pull on farm income down by 3 per cent from this year.

Electric appliance dealers worried about a price tug-of-war among competing manufacturers, in some cases involving paring of merchants' profit margins.

Steelmen mostly predict their business will go full blast till summer. A few outsiders see a chance of a drop in 85 per cent of capacity in the closing months of the year.

Some in the textile industry, which enjoyed a comeback in 1955 — fear a tapering off in the last half of 1956.

Mrs. John Wynn Celebrate Golden Wedding Anniversary

Mr. and Mrs. John H. Wynn, who were married Dec. 27, 1905 near Lake City Columbia County, celebrated their Golden Wedding anniversary Sunday from 2 to 6 p. m. at their home on the old Orlando Highway.

Mrs. Wynn wore for the occasion an afternoon dress of sheer crepe in a deep plum color cut low in the neckline. The top was accented with a piping of pink satin. In the front was placed a rhinestone pin. The skirt was slightly flared and scattered with tiny tucks.

On her shoulder was pinned a purple tone orchid. The home was beautifully decorated with gold magnolia leaves and fern. Golden tapers were burning and natural greenery was used in various spots. Mums and pom-poms accented the various creations. Mrs. George Means of Oviedo was in charge of the decorating.

Miss Jean Townsend, granddaughter, served punch. She wore a corsage of lily-of-the-valley roses. Cake, wedding squares trimmed with gold wedding bands, toasted pecans and yellow floral mints were served to the many guests attending.

The table was covered with a lace cloth to harmonize with the lovely lace curtains in the room. Crystal appointments were used and yellow tapers carried out the theme. Mrs. Minnie Means, Gainesville, sister of Mrs. Wynn served cake.

Mrs. Clarence Wynn and Mrs. Clifford Wynn wives of the nephews of the couple served as aids. Mrs. H. L. Wynn, daughter-in-law from DeLand, kept the guest book.

Mr. and Mrs. Wynn came to Sanford on New Years Day in 1906 and have resided here since then. He was employed by the A.C.I. Railroad for some time. They have three surviving children: Harvey Lawrence Wynn who now lives in DeLand; Mrs. Granville H. Crabtree (Gladys Wynn) of Zonguldak, Turkey; and Mrs. Glenn W. Townsend, (Blanche) of Clearwater. They have eight grand children and two great grandchildren.

Major Triumphs Achieved By Many During Past Year

By Mark Burron
An exciting season of petticoat fever, the year of 1944 found both veteran and fledgling feminine stars achieving a number of major triumphs in the Broadway theater.

Helen Hayes had a heart warming salute to her 50th anniversary as a stage actress by playing "The Skin of Our Teeth" in Paris as part of the U. S. Department of State's "Salute to France" program. She then returned to repeat her performance of the same role of Mrs. Astrobus in a revival of the Thornton Wilder comedy on Broadway.

Outstanding among new stage actresses is 17-year-old Susan Strasberg, daughter of actor-director parents, who gives a tender moving performance of a 16-year-old fleeing from the Iron Curtain in the hit drama, "The Diary of Anne Frank." This is Miss Strasberg's Broadway stage debut, but she has played previously in Hollywood films and she recently played Juliet on television.

Helen Traubel broke through from her classical confines of Metropolitan Opera to play a bawdy madame in the new Rodgers and Hammerstein musical, "Pipe Dream," and she won bouquets in this down-to-earth mood far removed from her Wagnerian operatic roles.

From her previous prize-winning performances in "A Member of the Wedding" and "I Am A Camera," Julie Harris returned to Broadway for additional accolades in her sensitive performance of a young Joan of Arc in Billian Hellman's dramatization of "The Lark."

DOUGHNUTS FOR DUNKING!

Whether you dunk or whether you don't, if you're like most Americans you like doughnuts. And for the light-hearted sugary yeast-raised doughnut—look no further than this recipe! Serve these doughnuts at breakfast, do, but don't forget to have them on hand to feed a large crowd after a day outdoors or to tuck into children's lunch boxes.

RAISED DOUGHNUTS
1 1/2 cups milk
1/2 cup sugar
2 teaspoons salt
1/2 teaspoon nutmeg
2 tablespoons butter
1/4 cup warm, not hot, water (lukewarm for compressed yeast)
2 packages or cakes yeast, active dry or compressed
5 eggs, beaten
6 cups sifted enriched flour

Scald milk. Remove from heat and stir in sugar, salt, nutmeg and butter. Cool to lukewarm. Measure water into bowl (warm, not hot, water for active dry yeast; lukewarm for compressed yeast). Sprinkle or crumble yeast in water until dissolved. Add lukewarm milk mixture. Stir in well-beaten eggs and half the flour (3 cups); beat until smooth. Cover and let rise in a warm place, free from draft until yeast mixture more than doubles in bulk (about 30 minutes). Stir down and beat in remaining 3 cups of flour. Turn dough out on lightly floured board; knead lightly to shape into a smooth ball. Divide dough. Roll each half into a circle 1/2-inch thick. Cut with doughnut cutter and place on greased baking sheets. Cover with towel; let rise in warm place free from draft until double in bulk, about 30 minutes. Fry in deep hot fat 365° F., until golden brown, turning once. Do not peck with a fork or it will sink. Drain, sprinkle with granulated sugar. Serve hot. Makes 3 dozen Raised Doughnuts.

Oviedo Cub Scouts Get Many Awards

OVIDEO—Den One and Two of the Oviedo Cub Scouts, troop 243, met for a pack meeting Thursday at the Oviedo High School.

The den presented two stars under the direction of Mrs. John Courrier Jr. and Mrs. Ruth Wilson, assistant for Den One and Mrs. Theron Reynolds of Den Two.

Awards were given out by cub master, John Evans. Those receiving the den honors awards were Al McCall, Jimmy Courrier, Den One; and Bobby Shoemaker and Douglas Reynolds of Den Two.

Wolf badges were given to Jimmy Courrier and Bobby Shoemaker. A silver arrow for executive accomplishments was given to Jimmy Jones.

Three of the boys, Billy Shoemaker, Bruce Packard, and Jimmy Jones will start their Webelos

Calendar

MONDAY

First Lt. Ben H. Williams Jr., left yesterday by plane for Galveston, Tex. where he will continue his studies at the John Sealy Hospital, after spending the holidays with his parents, Mr. and Mrs. B. H. Williams.

Miss Nancy Rountree and Miss Rosemary Garner spent the weekend in Jacksonville attending the Cary-Weatherford wedding where Miss Rountree was a bridesmaid. While there the girls stayed with Miss Kitty Culppeper who is a college Phi Mu Sorority Sister.

BIRTHS

Mr. and Mrs. Richard Van Deyne announce the birth of a daughter, Mary Ellen at the Fernald Loughon Memorial Hospital. The young miss weighed 8 lbs. and 9 oz.

Mr. and Mrs. Dan A. Jarvi of Ely, Minn. are visiting her parents, Mr. and Mrs. R. W. Lord at their home on S. Sanford Ave.

B. L. Perkins Sr. and B. L. Perkins Jr. are in Miami and will return Tuesday. They attended the Orange Bowl Game there Saturday.

Roll Anderson of Columbia, S. C. was the guest of Mrs. L. Boyle and her daughters during the Christmas holidays.

Jane R. Jackson of Fayetteville, N. C. was the holiday guest of Mrs. Lloyd Boyle.

Mr. and Mrs. Robert Frisch of Highland Park, N. J. are visiting Mrs. Frisch's mother, Mrs. L. Hoyle.

Gene LeGettes Are Honored Recently By Mrs. L. Boyle

Wednesday night Mr. and Mrs. Gene LeGettes, who were recently married, were honored with a party by Mrs. L. F. Boyle at her home on McDeville Ave. at 9 p. m.

A Christmas theme was used through the home with white dominating the dining room. Mrs. Jan Crapps served with Mrs. Roy Hollar, Mrs. Wallace Bell, Mrs. Robert Frisch and Miss Dial Boyle assisting.

An operna with white carnations and rice plants was used in the center of the table and on the buffet a lovely creation of rice plants and white camellias was seen along with silver andiebras holding burning tapers. The couple was presented a hostess memento during the evening. Approximately 70 persons called at the home.

College Football Roundup

By ED COBBMAN
The Associated Press
College football reached a frantic crescendo today when eight of the top 11 teams of the land, sporting a handful of All-Americans, met in the four big post-season bowl games.

The Rose Bowl at Pasadena, Calif., the granddaddy of them all, pitted Michigan State against UCLA; the Orange Bowl in Miami sent Oklahoma, the No. 1 team in the country, against Maryland; the Cotton Bowl in Dallas paired Texas Christian against Mississippi; and the Sugar Bowl in New Orleans matched Georgia Tech and Pitt.

All were down for full radio and television coverage as follows:
Rose — 5 p.m. (EST), NBC radio and TV.
Orange — 3 p.m. (EST), CBS radio and tv.
Cotton — 2 p.m. (EST), NBC radio and tv.
Sugar — 3 p.m. (EST), ABC radio and tv.

All games were figured to be close and, in fact, no team was rated better than a one-touchdown favorite at kickoff time. Michigan State rated one touchdown over UCLA as did Oklahoma over Maryland. Texas Christian over Mississippi and Georgia Tech over Pitt.

The official weather forecasts were favorable in all four cities. The sun was out everywhere except New Orleans where there was some cloudiness.

STOOGES COMEDY - "MUSTY MUSKETEERS"

NO ONE HURT BY ACCIDENTAL SHOT

CORPUS CHRISTI, Tex. (AP)—Mrs. Fete Tunches, operator of a snack bar at the police station, was accidentally shot by a detective yesterday—but nobody got hurt.

Sgt. Bob Simmons dropped his cigarette lighter. When he bent over to pick it up his pistol fell out of his belt and fired.

The bullet went through a plate glass window, hit the ceiling of the lobby and then ricocheted off to strike Mrs. Tunches over the heart. The bullet, already spent, rolled off her blouse and onto the floor.

The sixth annual Masters bowling tournament will be held at Rochester, N. Y., May 18-19.

For Some Men It's Just Work

For the grimy, dust-covered men on the bulldozers, the draglines and the great earth movers, it is not a job.

But for 2,877 miles from Duluth to the Atlantic Ocean this vast concentration of heavy construction equipment along the international shores of the St. Lawrence River is a mighty dream coming true.

The dream? The job? Harness the river. Add 2,000 miles of deep water coastline to the United States. Cut a wider door into the industrial heartland of America and Canada.

With the dream and the job embrace two separate projects—seaway and power. The seaway is a joint U.S.-Canadian venture. The power development is being carried out by the province of Ontario and New York State. Both will cost in excess of a billion dollars.

By the time the whole job is completed, perhaps by 1962, the electric power capacity of the two nations along the St. Lawrence will have been boosted by 13 billion kilowatt hours and three quarters of the world's shipping will be able to sail into the heart of the Middle West.

To reach the far end of Lake Superior, ocean going ships will be able to travel a 27-foot channel rising progressively through 15 locks, instead of the present 26; to more than 600 feet above sea level.

Once a ship is afloat on the 85,000 square miles of Great Lakes, the riches of 17 states in the great inland basin will be available for transport. These states produce 31 per cent of the nation's industrial goods and 24 per cent of its agricultural products.

Moreover, certain cities along the St. Lawrence and Great Lakes will be closer to Europe than are some Atlantic ports.

But the big factor, according to seaway supporters, is the fact that shipment by water direct to Europe from Great Lakes ports will be cheaper than the present system of shipping by rail to the East Coast, then by freighter across the Atlantic.

For the 88 million people in the lakes basin cheaper water transportation may mean cheaper goods from all corners of the globe. Further, the drop in transportation costs may enhance their competitive position in world markets.

All along the projected route of the channel cities are busy assessing needs, raising money and making plans.

In Detroit the auto makers are awaiting completion of the seaway with great hopes.

Chrysler Corp., for example, which now moves only six per cent of its exports by way of the lakes, predicts this figure will jump to 20 per cent when the seaway is completed.

Shallow draft vessels along the lakes now carry 65 per cent of the export trade of the Burroughs Corp., makers of business machines. Burroughs figures it will up this figure to 90 per cent.

No city along the waterway has moved more rapidly than Chicago to develop a first class port. The Chicago Port District authority, a state agency, already has issued \$4 million dollars worth of bonds and begun expansion of docks and warehouse facilities on a 200-acre tract. In time Chicago plans to spend \$85 million.

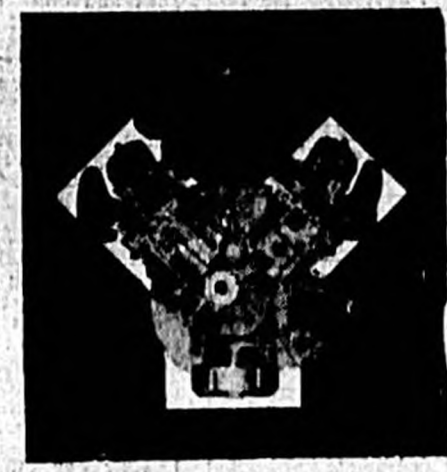

Maxim M. Cohen, general manager for the Chicago authority, anticipates that the present foreign freight traffic of about 180,000 tons will jump to around a million tons in 1959.

Along the Atlantic Seaboard the coming of the seaway has been greeted glumly, by and large, though some profess a measure of optimism.

John Holleran, manager of the Maritime Assn. of the Greater Boston Chamber of Commerce, said that in his opinion the seaway "undoubtedly will result in a loss of 20 to 30 per cent of the total import-export cargo. Our only possibility is to provide a reduction of inland railroad rates."

In Philadelphia, Port Commissioner Harry G. Sched observed that the city would lose business "but I don't think it will lose nearly to the extent that Baltimore and New York will."

The Y'S take over where the V'S left off!

Ford's new Thunderbird-proven Y-8 engine, will give you a new and thrilling experience in both power and performance.

The Thunderbird's own engine—the engine that made the Thunderbird the performance star of the American road—can be yours, at no extra cost, in Ford. It's the standard eight for all Ford Fairlane and Station Wagon models! You'll be able to pass other cars with greater confidence. Hills will dissolve. You'll take off faster than a jet.

Ford eight's are Y-8's, too! The rigid, extra-deep block that gives them that Y-like look; really separates them from the "V's." It pays off in longer life—smoother, quieter "GO."

Get Thunderbird Style; Lifeguard Design

Ford also took its styling cue from the Thunderbird! And that means you get style that will stay in style... long, low lines that are years ahead in every detail.

Lifeguard Design is another Ford exclusive that really pays off. It gives you extra protection against the major causes of injury in accidents. Come in and get all the Ford fine-car facts!

Come In! Test Drive the fine car at half the fine-car price

Brown Miller Selected County Board Leader

Sugar Cane Grind Slated By Volusia At Hubbard's Mill

An old-fashioned Florida cane grind has been scheduled for this evening by the Volusia County Wildlife Association.

The party will be held at the Lake Helen municipal park east of DeLand and the grinding will be done by the Hubbard cane mill, located a few yards from the picnic grounds.

Hubbard's mill is one of the few left in the area, and will be dismantled at the end of this winter's syrup season. Lawrence Hubbard, the operator, has made syrup for many years and constructed his own plant.

Largely supplanted by modern machinery and large corporations, the private cane mill, powered by a mule and hand fed, has almost disappeared from the Florida scene. The cane grind was a social highlight of the southern community many years ago.

Sugar cane is first topped and trimmed and then hand-fed into a grinder, which produces cane juice and pulp, the latter sometimes used for livestock roughage. The juice is then boiled in a huge kettle, the foam skimmed off and the "cooked" syrup removed.

Today's grind will start at 6 p. m. and will continue until 10 o'clock, according to Ted Strawn, retiring president of the Wildlife Association. He explained there will be pancakes and sausage as well as fresh cane juice and syrup.

It will be "pay as you go". Strawn explained with the guests getting only what they can eat. A picnic shelter at the Lake Helen park will be utilized in case of adverse weather.

One Accident Mars Holiday Records

One accident marred the New Year Holiday in Sanford according to the records at the Sanford Police Department.

The collision occurred Sunday morning shortly before 10 o'clock at the intersection of French Ave. and ninth Street.

A 1933 Ford sedan traveling north on French Ave. driven by K. C. Baker, 43-year-old negro laborer, collided with a 1940 Chevrolet sedan traveling in the same direction and driven by Charles Frederick Robbins, 28-year-old unemployed Lake Mary man.

Property damage to the Ford was estimated at \$150, to the Chevrolet at \$110, and to the newly constructed concrete curb at \$100.

According to the investigation conducted by patrolmen Arnold Williams and Ben Butler of the Sanford Police Department, Baker was traveling about 14 feet from the curb and started to make a right turn from French Ave. into ninth St. when Robbins attempted to pass on the right, smashing into Baker's car and skidding 87 feet and 8 inches.

Charges of "improper right turn" were placed against Baker and Robbins and negligent driving against Robbins.

January Is Named March Of Dimes Month In Florida

January has been proclaimed March of Dimes month in Florida by Governor LeRoy Collins, it was announced today by Wendell C. Heaton, Florida State Chairman, 1935 March of Dimes. The drive for funds, to continue the fight against polio, will be conducted January 3 through 31.

Witnessing the signing of the Proclamation was Little Miss Leah Pierson of Tallahassee, a polio victim who is well on her way to recovery thanks to help received from the National Foundation for Infantile Paralysis, Inc.

Governor Collins' Proclamation follows: WHEREAS, the Salk polio vaccine comes too late for tens of thousands of Americans who need continued care in overcoming the crippling effects of this disease; and WHEREAS, our people still need the protection of emergency polio-fighting skills and facilities which have saved many lives and restored much human usefulness; and WHEREAS, the cost of patient aid, scientific research and professional education essential to the fight against polio runs to many millions of dollars; and WHEREAS, the people of this State and this Nation in past years have given their full support to the fight against polio through the March of Dimes;

NOW, THEREFORE, I, LEROY COLLINS, by virtue of the authority vested in me as Governor of the State of Florida, do hereby proclaim the month of January, 1935, as MARCH OF DIMES MONTH in Florida, and appeal to the generosity and self-interest of every citizen to contribute to the March of Dimes.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida, to be affixed at Tallahassee, the Capital, this 15th day of December, A. D. 1935.

(Signed) LeRoy Collins, Governor

Attest: (Signed) R. A. Gray, Secretary of State

BETTER WATCH APPETITE. ST. LOUIS (AP)—Have an appetite like a bull sea elephant? If so, better watch that waist line.

The one acquired by the St. Louis zoo last spring weighed in at 2,500 pounds at the time and since then has gained more than 1,000 pounds.

Sixth Prisoner Is Caught In Virginia

RICHMOND, Va. (AP)—The last of six prisoners who celebrated Christmas by breaking out of the Orange County jail at Orlando, Fla., has been captured.

Richmond police seized Clarence Garlan Murfee, 35, of Hollywood Fla., an hour after he registered at the downtown hotel yesterday.

He faces charges of passing worthless checks here in October, the same charge against him in Florida.

OLD FASHIONED CANE will be used tonight at cane grind at Lake Helen in Volusia County.

Cancer Society Set For Series At Mayfair Inn

The Florida Division of the American Cancer Society has set one of a series of District Meetings to acquaint the organization's many volunteers with its program, with emphasis on the importance of public information, its various media and techniques, in Sanford on Sunday, Jan. 13, at the Mayfair Inn.

Volunteers in the Central Florida District have been invited to the meeting staged by the Planning Committee of the organization.

Mrs. Ralph Hansel, District Director of the Central Florida District, said that the program will include talks by representatives of the State and National organization, a medical panel, and several workshop sessions to discuss individual problems.

The meeting has been set for 10 o'clock and will continue through 4 o'clock in the afternoon and will include luncheon at the Mayfair Inn.

Increasing Tide Of Local Spending Is Shown In Report

An example of the increasing tide of spending in Seminole County is the December report from the office of Ray Green, State Comptroller.

Green reports that gasoline dealers paid \$54,738.25 to his office in December for the seven cents per gallon tax on their November sales of gasoline in Seminole County.

He distributed \$19,749.34 of this tax for road bonds or road building purposes in this county. Sales of gasoline in the entire state totalled 103,054,360 gallons in November and the tax collected was \$7,313,803.28. This is approximately \$737,000 more than the same month last year, and represents an increase of 12 per cent.

THINGS BACKFIRE. CORPUS CHRISTI, Tex. (AP)—Things backfired when 16-year-old David Hernandez struck a 22-caliber bullet in a wall crack and fired at it with an air rifle.

The bullet slug didn't cause any trouble but the shell blew backward, striking David in the head.

Mrs. Lundquist Is Added To Staff

A new employe in the office of Clerk of Circuit Court O. P. Herndon began her duties this morning.

Mrs. Arla Jane Lundquist has been added to the staff of employes in the Clerk of Circuit Court's office to help in the added load of work that is being filed in Seminole County.

Golden Jubilee Exhibition

In conjunction with the Golden Jubilee Anniversary of the organization of the United States Lawn Tennis Association, the management of the Mayfair Inn, owned and operated by the New York Giants, announces an exhibition of tennis as it was played at the turn of the century and as it is being exemplified in its modern acceptations.

The exhibition will be staged on the Mayfair Inn courts tonight at 8:00 o'clock. Several prominent local tennis stars will participate and will be joined by some old timers who are still devoted to the sport, although they are in their sixties.

Sidney Summerfield, tennis professional of Daytona Beach, T. E. "Gene" Tucker, local banker and men's singles champion, with W. Gordon Dean, Phil Filbert of the Sanford Naval Auxiliary Air Station and Frank Deane, who has done much to encourage the youngsters of our community in proper tennis technique and Charlie Morrison, local "grandfather of tennis" will take part.

Frank N. Mebane Jr., manager of the Mayfair Inn, extends a cordial invitation to local tennis fans to witness the exhibition.

Heated Argument Breaks Out At Meet

ONE MAN WAS KILLED as this automobile went out of control on the Forest City Road in Seminole County. James Bob Chumley of Lockhart was driving and 26-year-old Curtis Dalton Holt of Fairville was killed. (Staff Photo)

Scores Of Masons Plan Celebration In Apopka Jan. 14

One of the oldest institutions in the world will mark a milestone in Apopka on Saturday, Jan. 14, when Orange Lodge No. 26 F & A M, celebrates its tenth birthday.

This will be a gala day and a solemn day. A spirit of gladness prevails among the Craft because of past achievements. The future is faced with solemn dignity.

Orange Lodge commemorates the meeting together of a small group of Master Masons in a sawmill on the little Wekiva River to receive a warrant from the Grand Lodge of Florida empowering Orange Lodge No. 26 to confer degrees in Masonry. Brother James G. Speer was chosen first Worshipful Master, Campbell Lassiter, first Senior Warden, and Amos Newton, first Junior Warden. The Lodge still operates under the original warrant.

This was the first Masonic Lodge to be instituted in Central Florida. Craftsmen came from great distances, traveling forest paths as there were no roads. The time of meeting was set as the Friday on or before the Full Moon, the Craft depending upon moonlight to aid them in their journeys to and from Lodge. When the members arrived at the Temple the Master called them to assemble by causing a horn to be sounded.

The Centennial program will be inaugurated at the Local Masonic Temple, built by slave labor, at Apopka on Highway 441 just at the brow of a hill, the oldest Masonic Temple in the State of Florida.

All Masons and their Ladies, as well as non-Masons and their Ladies, are invited. The ceremonies will begin at 2 p. m. Jan. 14 with an informal reception for Roy T. Lord, Grand Master of the Grand Lodge of Florida and other distinguished guests, by Stanford Overholser, Master of Orange Lodge and by the officers and members of the Lodge.

Everyone is invited to register on arrival at the Masonic Temple and guests will be shown through the century old building.

At six o'clock p. m. a banquet, by reservation only, will be served in the dining room of the Apopka Memorial High School on Rock Springs Road.

At 8 o'clock that evening there will be a program in the school auditorium directed by Dr. C. H. Damsel, at which the Grand Master, Roy T. Lord, will be the principal speaker.

New Commissioner Will Be Sworn In

A meeting of the Sanford Board of City Commissioners will be held tonight as set by City Charter.

According to Section 7, Page 8, of the City Charter, the first meeting of the year will be held on the first Tuesday following the first Monday of the year following the year in which any commissioner is elected.

Commissioner-Mayor J. Denver Cordell retires from his office and will be replaced by commissioner-elect David Gatehel who will be sworn in at this evening's meeting.

Report Indicates French Ave. Work 68 Pct. Completed

More than \$45 millions in road construction projects were under way in the state during November, according to a monthly progress report issued today by Wilbur E. Jones, Chairman of the State Road Department.

In addition to the \$45,101,722 of projects already under construction, Chairman Jones said that bids were received for \$6,932,153 in new construction. During the month contracts were formally awarded for other road construction totaling \$6,722,062 while work completed and accepted by the Department in the period amounted to \$1,058,032.

William H. Dial of Orlando, Road Board Member from the Fifth District, reported that construction under 46 contracts in the 12 counties comprising this district accounted for \$17,738,910 of the state total.

Under construction in Seminole County and reported 68 percent completed is the grading and paving of French Ave. in Sanford.

Hyacinth Control Is Subject

A heated argument between a representative of the Fish and Game Control Division of the Game and Fresh Water Fish Commission and fishing camp operators broke out this morning during a report to the Board of Seminole County Commissioners.

Field Supervisor James De Jean, of the Hyacinth Control Division reported to the Board of Commissioners on the progress of hyacinth eradication in Seminole County.

De Jean reported that the total budget for a two year period for Seminole County amounted to \$4,185.91.

Of this total, he said, \$41,000 had been expended for chemicals. Two hundred sixty four gallons of the chemical materials had been used. De Jean reported a cost of 2.43 a gallon.

Through the application of the chemicals by plane, about 200 acres of hyacinth had been killed.

According to the budget set up by auditors in Tallahassee, he said, the cost of applying the chemicals was about \$5 to \$1 for labor and other costs including equipment.

De Jean told the commissioners that their entire operation so far had been in Lake Jessup.

However, fish camp operators attending the meeting entered the questioning of the Field Supervisor, Jim Crowe, operator of Crowe's Fish Camp and he asked to be better off without a hyacinth control program if the money is to be spent in the present manner.

Richard Van Camp, operator of a fish camp at Black Hammock said, "We pay the Game and Fresh Water Fish Commission a license for each boat and we want some action on the eradication of hyacinths. We can charge a fee to come into our camp and give the boats away if that will help get the action we want."

However, Leslie Fisher, a co-operator of Riley's Fish Camp on Lake Jessup said, "Two wrongs won't make a right. There must be some way to solve our problem which has become an emergency."

The fish camp operators appealed to the Board of County Commissioners for an emergency appropriation to furnish chemicals so that the Game and Fresh Water Fish Commission could help eradicate the hyacinths which out the extreme high cost of labor charged against the Hyacinth Control Division budget.

1956 Auto Licenses Go On Sale Today

Automobile license tags for 1956 went on sale this morning at the office of Tax Collector John Galoway in the Seminole County Court House.

A line extending from the collector's office through the building and into the street formed shortly before 9 o'clock with hundreds more joining the line to keep a constant flow of tag buyers into the office.

IDEAL LOCATION

TULSA, Okla. (AP)—The Ideal Co-operative Investment Co., located within a block of the police station, was robbed yesterday of \$800 by an armed bandit.

Hyacinth Control Is Subject

A heated argument between a representative of the Fish and Game Control Division of the Game and Fresh Water Fish Commission and fishing camp operators broke out this morning during a report to the Board of Seminole County Commissioners.

Field Supervisor James De Jean, of the Hyacinth Control Division reported to the Board of Commissioners on the progress of hyacinth eradication in Seminole County.

De Jean reported that the total budget for a two year period for Seminole County amounted to \$4,185.91.

Of this total, he said, \$41,000 had been expended for chemicals. Two hundred sixty four gallons of the chemical materials had been used. De Jean reported a cost of 2.43 a gallon.

Through the application of the chemicals by plane, about 200 acres of hyacinth had been killed.

According to the budget set up by auditors in Tallahassee, he said, the cost of applying the chemicals was about \$5 to \$1 for labor and other costs including equipment.

De Jean told the commissioners that their entire operation so far had been in Lake Jessup.

However, fish camp operators attending the meeting entered the questioning of the Field Supervisor, Jim Crowe, operator of Crowe's Fish Camp and he asked to be better off without a hyacinth control program if the money is to be spent in the present manner.

Richard Van Camp, operator of a fish camp at Black Hammock said, "We pay the Game and Fresh Water Fish Commission a license for each boat and we want some action on the eradication of hyacinths. However, Leslie Fisher, a co-operator of Riley's Fish Camp on Lake Jessup said, "Two wrongs won't make a right. There must be some way to solve our problem which has become an emergency."

The fish camp operators appealed to the Board of County Commissioners for an emergency appropriation to furnish chemicals so that the Game and Fresh Water Fish Commission could help eradicate the hyacinths which out the extreme high cost of labor charged against the Hyacinth Control Division budget.

MANY CARS CROSS

TALLAHASSEE (AP)—More than 18,000 vehicles crossed the Sunshine Skyway over Tampa Bay during the five days of the Christmas holidays.

Ralph Hartsfield, director of revenue projects for the road department, said yesterday holiday business helped swell this year's average to 2,460 cars a day compared to 2,337 a day in 1954.
