### Bombers Keep Up Air War

By EDWIN Q. WHITE . SAIGON, South Viet Nam (AP) - U. S. fighter-bombers kept up the intensive air war against North Viet Nam. striking another blow at a strategic oil depot near the port of Hai-phong and wrecking a surface-to-air missile site 15 miles west

of Hanol.

Three Soviet-designed missiles were fired at the Air Force pilots who let loose their five inch rockets against the launch-er. One exploded close enough to the four F105 Thunderchiefs to send vibrations through the supersonic planes but did no damage, a spokesman said. The pilots saw an orange fire hall rise from the revetment that house the missiles and reported heavy damage to the

control radar van. While the Air Force jet edged close to the North Vietnamese capital Sunday, Navy fliers from the 7th Fleet carrier Constellation sent up clouds of smoke and dust as they pounded the Do Son fuel depot 12 miles southeast of Haiphong for the second time in five days. Last Wednesday U. S. planes hit the tank farm while also hitting a fuel complex three miles from Hanoi and unloading and stor-

Haiphong.
In all, U. S. pilots flew a near record 9 missions against the Communist North, although an American spokesman empha-sized that the number of planes involved was not a record. He said Air Force F4C Phan toms and B57 Canberas dam aged or destroyed all 20 trucks in a convoy southeast of Dong Hoi in the Panhandle and hit nine vehicles in another 20-truck

convoy south of the city.
