VOLUME 1

TO BUILD CLUB HOUSE FOR THE BENEFIT OF VISITORS TO SANFORD

Building Will Include A Large Auditorium MANY AMUSEMENTS

FOR ALL TOURISTS WILL BE
EMBODIED IN THE PLANS
OF THE BUILDERS

The "13" Club which is composed of thirteen members of the Sanford Board of Trade have organized themselves into a dinner club as it were, taking lunch together every Tuesday at noon and discussing the affairs that are of vital interest to the city and county. In other words by this action they can put important items into concrete form and get quicker action than by waiting for the big meeting where everybody eats and few listen.

At the last meeting of the "13" club this week it was decided to go ahead on many improvements for the Sanford headquarters of the Anglers Club or the Sportsmen Club or whatever they might call it. Any how it will be the headquarters of the winter visitors to the city as well as the gathering place for all of the winter visitors to the city as well as the gathering place for all of the people of Sanford winter and summer and will also be the convention hall of the city, something that is badly needed here now for all the big meetings.

It has been decided that the new building should be somewhere on the lakefront possibly on the land near the Clyde line dock as the Clyde Line officials have expressed their interest as being heartily in favor of such a project and will help it in every way. The building will be a one story affair that will not be of an expensive type as the main idea is to get it built at once. It will have a fine floor that can be used for dances and card parties and all kinds of amusements. There will be lockers for the use of the sportsmen who wish to take advantage of the hunting and fishing here in the season. There will be a tennis court and golf and other play grounds for the older tourists. It has been decided by the club that the merchants have been asked to contribute to so many ventures lately that it would be much better to raise the money in other ways and the first one will be a dance at the Valdez Hotel with good music to take place at an early date.

Other forms of amusement are under way among them being the bringing of Johnny J. Jones' carnival here for a big week of fun and pleasure and for the purpose of raising the money for the new resort.

THE EMIGRANTS FROM HOLLAND ARE WELCOME

HOLLAND OVERCROWDED AND
DUTCH WANT TO COME
HERE

(By The Associated Press.)

New York, Oct. 6.—Assurance has been given to St. L. Veenstra, secretary of the Netherlands Immigration League by Immigration Commissioner Wallis of Ellis Island, that the United States will aid in placing many immigrants from Holland who are planning coming to America. Mr. Veenstra said that many thousands of Dutch were applying for passports to the United States and that he had established a branch of the Immigration League here.

"There are three principal causes for the people wanting to come here," said Mr. Veenstra. "First there is naturally an accumulation of immigrants because of the years of war. Secondly, Holland is being overcrowded by thousands of war refugees from other countries and, thirdly many of our people are simply sick of Europe and all things European. But, let it be understood that they are not leaving Holland because they cannot make a living there. They are a most prosperous people and most of them will buy homes in the United States. They are here farming and for that reason I am sure they will be welcome here."

HARDWICK IS CHOICE FOR GOVERNOR

FORMER U. S. SENATOR GETS
DEMOCRATIC NOMINATION
FOR GOVERNOR OF GA.

(By The Associated Press.)

ATLANTA, Oct. 7.—Elections returns of yesterday in the runoff primary confirmed the nomination of Thomas Hardwick, as Democratic candidate for governor. Hardwick was the former United States Senator for Georgia and was supported by Thomas Watson.

According to the returns to the Constitution, several notable switches were made by counties since the regular primary on Sept. 8, when John N. Holder also was in the gubernatorial race. Clarke, Rabun and Wilkes counties, which at that time were reported to have switched to Walker today.

Ben Hill county, according to the figures received, switched to Hardwick, as did also Clay, Clinch, Jones, Macon, Stephens, Thomas and Webster. Other counties reported to have switched to Walker included Dawson, Hancock, Pike and Ware.

DEMOCRATIC EXECUTIVE COMMITTEE

HAD IMPORTANT MEETING IN
THE COURT HOUSE
YESTERDAY

The Democratic Executive Committee for Seminole county met yesterday in the county court house at ten o'clock and the roll call showed the following members present:

Felix Frank and R. J. Holly, of Sanford; L. J. Hartley, of Lenoir; J. W. Oster, of Altamonte; W. V. Dunn, of Lake Mary; D. H. C. Rabun, of Lake Monroe and J. H. Lee, Jr., of Oviedo.

Felix Frank was unanimously chosen as chairman and the meeting was called to order for business. The meeting being called to order a vigorous campaign for the coming election day many matters of importance were taken up by the committee, chiefly being a rally in every precinct in the county and instructions for the new voters.

J. J. Dickinson, Geo. A. DeCotes, Judge Householder and Judge Maines all made vigorous appeals for a campaign setting forth the principles of true Democratic nominees as the choice of the people expressed in a Democratic primary.

It was decided to make a campaign throughout the county with the assistance of the members of the committee in their precincts and an itinerary was mapped out starting in Sanford next Saturday night.

Many good speakers have signified their willingness to assist in the campaign and the county will be aroused to the importance of registering every Democrat both men and women and voting on election day in November. The various meeting places and dates are given in another part of this paper.

The committee also decided to give \$50 to the campaign fund as a starter and this sum was immediately supplemented by \$25 from J. J. Dickinson and the committee will lend their aid in soliciting campaign funds in their respective territory.

The meeting of the committee was one of the most important and one of the most interesting in their history and it demonstrated that the old Democratic spirit is rampant in the county of Seminole.

HARDING REJECTS COVENANT

SAYS HE WANTS NOTHING TO
DO WITH LEAGUE, AS WRIT-
TEN AT VERSAILLES.

(By The Associated Press.)

DES MOINES, Oct. 7.—Speaking here today Senator Harding came out flatly for the rejection of the League of Nations covenant as now proposed thus accepting the Democratic challenge to make the League an issue in the campaign. Brushing aside problems of clarifying any of the reservations Senator Harding declared he would favor staying out of the covenant as written at Versailles. "I do not want to clarify American's obligations," he said, "I want to turn my back on them. It's not interpretation but rejection I'm seeking."

ATTENDANCE AT GAMES NOT LARGE

ON ACCOUNT OF SMALL SEAT-
ING CAPACITY OF PARKS
BUT AVERAGE WILL
BE THERE

(By The Associated Press.)

New York, Oct. 5.—It has been pointed out that because of the seating capacity of the parks where the world's series games are to be played there is little likelihood of a new attendance record being made, but a new mark in total gate receipts.

The record for receipts was established last year when nearly three-quarters of a million dollars were paid by 236,928 fans to witness the games between Cincinnati and the Chicago White Sox.

With the prevailing prices for admission tickets this season and capacity crowds for seven or eight games there is a chance that the total receipts will exceed those of last year.

The sixteen world's series that have been played, including the one of 1903 not under the jurisdiction of the National Commission have attracted a total attendance of 2,225,842, or an average of 23,467 for each of the 94 games that have been played.

The receipts have amounted up to a total of \$4,202,135. Of this sum \$2,122,918 represents the share of the club owners, but the owners have not pocketed the entire amount. For several years the regulations required the owners to return a percentage of their share of the receipts to the portion now being at least 50 per cent.

The players who have taken part in the world's series games since 1903 have divided \$1,663,177 and the National Commission has received from the big games \$44,031. The governing body of major league baseball got nothing from the world's series of 1903; that series having been arranged entirely between the Boston Americans and the Pittsburg Nationals.

STATE NEWS

The Tucker Company, of Kissim-
mee has plans under way to make
paving brick of sawdust.

The Board of Commissioners of
Everglades Drainage District has en-
tered into supplemental agreement
with the Ben Johnson Company of
LaBelle, said company now having
contracted for the construction of
the Indiana Prairie canal is looking
to facilitating work in completing
this canal, extending northwest from
Lake Okeechobee.

Lake county has 400,000 acres of
arable lands, as good as are to be
found in the state, but it has also
125,000 acres of wild lands, and the
latter are sought at low rates by
promoters to sell by mail-order cam-
paigns on the strength of the prosper-
ity abroad in the county on the
good land.

At last the farmers of the upper
Everglades are to have railway ship-
ping facilities. The A. C. L., which
now has a line running into Moore
Haven, on the southwest shore of
Lake Okeechobee is extending its
line along the south shore of the
lake to Sand Point, where a new
town, Clewiston, is being built.

"We expect to make sugar in this
county in October, 1921," declared
Capt. H. A. Johns, local representa-
tive of the United States Corpora-
tion, in announcing the purchase of

a refinery site at the junction of
the Hastings, Palatka and Federal
Point roads, on the eastern banks of
the St. Johns river.

"The two-story Tavares packing
house, second to none in the state, is
about to receive the finishing touch-
es," says the Tavares Herald. "Part
of the machinery and stock have been
removed from the old building and
put into position in the new." Tava-
res will have one of the largest and
most up-to-date packing houses in
Florida at work this season.

According to reports from Okeechobee
the women of that place are
wideawake to the possibilities of their
newly-acquired suffrage and have
stepped into the political arena with
a vim and determination to employ
their organized efforts to rid that
section of bootleggers and similar
pests.

Keeping pace with the remark-
ably rapid growth of Lake county
the Lake Region Printing Company
has applied to the governor for ar-
ticles of incorporation for the new
company, which is capitalized at
\$40,000, and plans are now under way
for the erection of an attractive
building.

The little town of Crooked Lake,
situated on the shores of the nine
miles long sheet of water of the same
name is rapidly forging to the
front as a winter resort for the
northern tourists, and the wideawake
citizens are alive to the knocking of
opportunity at their doors, as is evi-
denced by the large project, now well
along toward becoming a certainty,
of a handsome 100-room tourist hotel.

Talking about sugar cane the Eus-
tiss Lake Region says that Lake county
offers unusual advantages for the
growing of cane and those who have
undertaken to plant sugar cane in
that section have been delighted with
the success obtained. The Lake
Region recently told of the cane
Region on the farm of Barney Dil-
lard, in Astor, near the St. Johns
river, which is said to be sixteen feet
high, and still growing. Florida is
certainly "raising cane" this year,
and particularly fine cane at that.

"Building permits for September
reached and overtopped the \$20,000
mark Wednesday, when the building
inspector issued permits for new
structures costing over \$17,500,"
says the St. Petersburg Times. The
permits issued for August amounted
to \$261,500. The Sunshine City has
been active all summer and newcom-
ers will find that every possible ef-
fort has been made to provide for
the rush. Hundreds of new houses
and bungalows and a number of fine
apartment houses have been con-
structed since last season. The work
goes merrily on and there will be no
let up in construction in the near fu-
ture.

HEAVY ROADS IN SOUTH GEORGIA

More than a score of firemen, two
high pressure motor pumps and
many lines of hose are throwing
streams of water on the burning
debris. No new outbreak of fire is
expected, although small explosions
occur at intervals, throwing material
high into the air.

Work of checking stock reports to
determine the actual amount of
material continues. When final
checks are made the cost of the fire
can be estimated, officials say. Es-
timates made by Frank I. Wheeler,
a vice-president of the Wilson &
Toomer Co., is that if the entire
building and contents are ruined the
loss will amount to more than a mil-
lion dollars. The loss estimated by
W. M. Mason, jr., president of the
Mason Forwarding Co., is approxi-
mately \$2,000.

Titusville's market day, which is
on the order of a street fair, and is

JACKSONVILLE, Oct. 6--The

Jacksonville-Waycross road, south of
Folkston, Ga., is impassable, accord-
ing to word reaching Miss Marguer-
ite Riley, of the information bureau
of the Jacksonville Automobile Club.
Autoists coming to Jacksonville were
forced to take a train at Folkston.
Miss Riley was also informed that
a bridge east of Maddox, Fla., on
the Lake City road between Baldwin
and Macclenny has been washed out.
Traffic over this road will be sus-
pended for three or four days.

BIG FIRE IN JACKSONVILLE VILLE STILL BURNING

JACKSONVILLE, Oct. 6--After
burning fiercely for more than thirty
hours, the fire which originated in
the main factory of the Wilson &
Toomer Fertilizer works, on Talley-
rand avenue, at 3 a. m. Monday,
causing destruction amounting to ap-
proximately \$1,000,000 damage to
the plant and properties of the Mas-
on Forwarding Co., is still burning
today.

SHERIFF BRADY WILL RUN ON INDEPENDENT TICKET

One of the surprises of the fall
campaign is the announcement that
E. E. Brady, one of the defeated can-
didates, will run on an independent
ticket for the office of sheriff, the
office which he now holds. C. M.
Hurd was the choice of the voters
with four men in the race and the
result was not close enough to call
for any contest but Mr. Brady seems
to think that he would like to try
it again as an independent candi-
date and petitioned the County
Commissioners at their meeting Monday
to place his name on the ticket and
the petition with the names of the
petitioners will be published in the
proceedings of the county commission-
ers.

Big things in store for Sanford. And they will make this city the best in the state.

Those things that the Herald has been talking about for ten years.

Well, we are to have those houses built. Only a few each month but if enough people start it will mean something.

The Campbell-Lossing Post will wake them up here on Armistice Day. We should all turn in and help the boys celebrate this big day.

The tourists need a recreation place and Sanford is just about to start one where they will be most comfortable this winter and it will be equipped with everything needed for amusements.

While the Southern Utilities Co. are fixing up their electric lighting plant we wish they would get busy on the gas plant.

The many new firms starting in Sanford this season shows the way the wind is blowing. They know that Sanford is offering and will offer more in the business line in the next ten years than any other city in the state.

Our many good friends think we should send them the Daily Herald whether they order it or not. We know they want the paper but we cannot anticipate their wants by sending it without orders. If you want it tell the boy, Tell F. P. Rines, or telephone the Herald office. Every family in Sanford must take the Daily Herald and we expect to camp on their door step until they do.

"THE TIN-CAN TOURIST"

The expression "tin-can tourist" has been used more or less in derisive fashion by Florida people and Florida newspapers. But the Lakeland Telegram pictures the "tin-can tourist," as he has been known in Florida, as a worth-while part of the winter population which makes Florida's strenuous season profitable. Here's how the Telegram regards this class of winter tourists:

One of the most interesting and charming features of winter life in Florida is the tin-can tourist.

They come from all parts of the North. They include farmers, business men, an occasional professional man, with their families and friends, who care little for high society, but come here for rest, recuperation, mild amusement, and to escape the rigors of the winter climate.

They rent "light housekeeping" rooms, do their own shopping, cook their own meals, and look out for their own comforts. For a time being they are bona fide citizens. They take a keen interest in what is going on about them. Sometimes they are tempted to make invidious comparisons, but that is always done in a helpful spirit. They patronize the movies, the stores, the garages, and spend their money carefully, but not niggardly. Often they secure temporary employment, and become a valuable factor in the industries of the state.

The front porch is their social center. There they gather of evenings; the family from Indiana gets acquainted with the family from Missouri; the retired barber from Cleveland makes friends with the retired farmer from Illinois; people from many states and many conditions of life meet on terms of the most intimate equality, exchange experiences, widen their knowledge of life, and form life-long attachments.

The porch is an open forum for all manner of vital questions. Politics and political leaders are dissected without mercy. All the defects of the government are tabulated and the remedy presented. Somebody is always present who knows the big league baseball players by sight. Somebody else has shaken hands with Jack Dempsey and given him a few pointers about his punch. Every subject is in order, and everybody has the floor.

It is a period of keen enjoyment for the tourists, most of whom have known the hardships of toil sufficiently to appreciate the joy of rest. And

Farina

Quaker Quakies

Milk Spaghetti

when they go back home they have something to tell, because they have used eyes and ears to advantage. The tin-can tourist may be set down as the most valuable of Florida's visitors, not only for the joy they receive but for the happy, comfortable and interesting life they live, and the strong possibility that they will become permanent additions to our population.—St. Petersburg Times.

STATE HIGH SCHOOL ATHLETICS TO BE IMPROVED BY ASS'N.

ELIGIBILITY RULE NOT TO BE OBSERVED UNTIL SECOND SEMESTER OF PRESENT YEAR

Gainesville, Oct. 5.—The Florida State High School Athletic Association held their first meeting of the present year on Saturday afternoon in the University of Florida gymnasium, and discussed many important questions bearing on the activities of the high schools over the State, in athletics this term.

The most important action of the meeting was the waiving of the eligibility rule for the first semester of this year, owing to the fact that so few of the schools were acquainted with it at the beginning of the season. This rule provides that no man is eligible to represent the school of which he is a member unless he has passed at least four subjects during the semester previous to the one that the State football team this fall will be of much better class than was at first thought.

Notices were also sent to all high schools in the state that unless they were members of the association they would not be allowed to have any athletic relations whatsoever with those schools which were members. No doubt this will bring many new members into the association. This association was organized at the State High School Track Meet last April and will take care of all the athletic difficulties which may arise among the State High schools.

Mr. J. M. Waits left Sunday for Lakeland and other points. We certainly hate to see Mr. Waits and family leave Longwood.

Miss Mildred Houston returned to her home in Sanford Saturday after spending the week with Miss Olive Linkle.

Wilber Waits is visiting his home folks.

Mr. Woodcock and Mrs. West returned Sunday from Maine where they spent the summer.

DEATH OF J. H. LEE.

The community was shocked today to learn of the death of Hon. J. H. Lee, of Oveldo, one of the oldest and most highly respected citizens of this county. Mr. Lee had been in ill health for the past two years and had been sent to a sanitarium about a month ago where it was hoped that he would improve but his age was against him and he passed into the great beyond late yesterday evening. The funeral will occur from the late residence at Lake Charm near Oveldo tomorrow afternoon at four o'clock, being in charge of the Masons. Deceased had been a resident of this and old Orange counties for the past fifty years and leaves a wife, five daughters and three sons to mourn the loss of loving husband and father. The sympathy of hundreds of friends goes out to the bereaved family in their hour of affliction.

Masons' Attention!
A special meeting of Sanford Lodge No. 62 is hereby called for 2:30 p. m., Friday, Oct. 8th, at Masonic Hall, Sanford, for the purpose of conducting the funeral service at Oveldo of deceased Brother J. H. Lee. This by request of Oveldo Lodge.

EAST SANFORD.

Mr. and Mrs. Nick Zernovean are very happy at the safe arrival of their adopted daughter, Marinica, who reached here last Thursday after landing in New York from Finland the previous Saturday.

On leaving Roumania for America she traveled through Servia, Switzerland, Italy, France and Belgium to take the Lanland at Antwerp but was too late and had to wait for the sailing of the Finland. She was in company with a party whom the consul in Roumania selected as chaperones for the little girl is not 15 years old as yet.

Mr. and Mrs. Zernovean feel very much indebted to Mr. Whitner, of the National Bank and appreciate his securing the services of the consul to arrange for Marinica's safe enroute. A representative of the Irving Bank & Trust Co., in New York, met the little girl at the boat and saw her safely on her way to Sanford. She is a niece of Mr. Zernovean. Her mother died when she was an infant.

George Harvey Steel, Ezele Hasty, Clifford Bell, Jr. and Frank Cowan, Jr., are some of the little 6-year-olds out here to begin school life.

Rev. Mr. Hillman, the presiding elder, will be at Moore's station church to preach Sunday, Oct. 10th at 1 o'clock in the evening, the quarterly conference meeting.

A daughter was born to Mr. and Mrs. George Mitchell, Sept. 29.
