Sanford Police Arrest 2, Shut Down Bar In Goldsboro

By DAVID M. RAZLER
 Herald Staff Writer

Sanford's Police Department began its crackdown on Goldsboro loiterers Wednesday night, despite the lack of a city ordinance against loitering.

The crackdown resulted in two minor arrests and the shutting down of one bar on West 13th Street, police say.

The action was taken after the Sanford City Commission voted unanimously Monday night to do something about people hanging out near bars and a grocery store on West 13th, who residents of the area say harass them, throw bottles and cans at them and prevent people from sitting on their porches.

Sanford Police Chief Ben Butler said this morning his officers would be back tonight on 13th Street and anywhere else in the city the department receives complaints that people are causing trouble for local residents.

Butler says he does not believe the police will be hampered by the city's lack of a loitering law, explaining other ordinances will cover the undesirable behavior.

The city commissioners voted unanimously Monday night to appoint city attorney Vernon Mize as special prosecutor to take loitering cases to court. But a day later, Mize informed the commissioners there was no law on the city's books covering unlawful assembly or loitering.

He immediately began writing an ordinance to outlaw such behavior.

But Butler says Mize will prosecute cases brought by police under other city and state laws outlawing fighting, throwing rocks or other missiles, and barring unlawful assembly.

Mize will prosecute many of these cases in County Court, he said.

The action by the city commission ordering the crackdown was made after several Goldsboro residents complained they suffer verbal abuse and are hit by flying beer bottles and cans from patrons of the bars and people who hang out outside of stores along the area.

Butler says he receives one or two complaints a day from area residents.

Most of the complaints come in during the night, but at least one local businessman has repeatedly complained to police that people loitering outside his shop, drinking beer and smoking marijuana, have cut down his business.

Butler said the city's anti-loitering campaign would be extended to anywhere problems were reported.

Wanda W. Brewington, 23, of 35 William Clark Court, was arrested at 10:10 p.m. outside the Goldsboro Bar, W. 13th St., on a charge of assault.

Sanford police say they saw Brewington knock down an unidentified woman, arrested her and took her to the Seminole County Jail, where she was held in lieu of \$525 bond.

Shirley Burch, 30, of 1000 Bay Ave., was arrested moments later on a charge of disorderly intoxication by police, who say she tried to interfere in the arrest of Brewington.

She was ordered held in lieu of \$105 bond.

Butler says police also closed down the Zodiac Bar for the night after receiving complaints about its patrons behavior.

Reagan: Bush No 2nd Choice

DETROIT (UPI) — Ronald Reagan today declined to characterize his hand-picked running mate George Bush as a second choice to Gerald Ford — saying the situation was “so unique, precedent-shattering” that there was no first or second choice.

Bush appeared at a nationally broadcast news conference and said, “We’re delighted... I’m very pleased to have been selected.”

But many questions focused not on Bush but on the dramatic collapse of negotiations to get former President Gerald Ford on the ticket.

Reagan said that because the situation of negotiating with a former president to take the No. 2 spot was “so unique,” he simply would not call Bush his second choice to Ford.

“At no time, had he (Ford) ever said yes, or a yes on any condition” to taking the second spot, said Reagan. “He was most hesitant and most reluctant from the beginning.”

He said the division of powers that were discussed were, “How we could take advantage of the fact of his previous position... a former president would make the job more meaningful.”

Finally, Reagan said, Ford “decided he could be of more help, more value on the campaign trail as surrogate.”

Bush, reminded by several questioners how he had differed on many issues with Reagan during a sometimes bitter primary campaign, reacted sharply saying he did not intend to stand on the podium and “be nickled and dimed to death” over differences with the former California governor.

Bush, who clashed with Reagan in the primaries on abortion and the Equal Rights Amendment, said the big issues this fall will be unemployment in the economy and foreign affairs.

“I oppose abortion. I favor equal rights for women. I’m not going to say I haven’t had differences with Governor Reagan... I’m going to emphasize the common ground. I am not going to get nickled and dimed to death with detail. I’m not going to let myself get bogged down and let you emphasize the differences.”

Asked whether being the second choice bothered him, Bush replied, “I’m not bothered. Absolutely not. The fact that Governor Reagan did discuss it with President Ford... as he said it’s unique, very unique given the standing President Ford has.”

“What difference does it make? It’s irrelevant. I believe the governor wants me on his ticket, and I’m going to work for his election.”

Reagan chose Bush as his surprise running mate because Ford demanded far too much power for the No. 2 seat in government, key Reagan aides said today.

“Former President Ford asked for Henry Kissinger as secretary of state, Allen Greenspan as Treasury secretary and for virtual domination over foreign and economic policy as conditions for seeking the vice presidency, the aides told United Press International.

“He wanted, in effect, to be co-president and that was unacceptable. There’s no way that could work,” said a source after Reagan, 69, announced his surprise choice of Bush, 56, to the GOP National Convention at 12:20 a.m. EDT today.

The Ford-Reagan “dream ticket” was so close to reality late Wednesday night that the Chicago Sun-Times, bowing to deadline pressure, splashed this headline across the top of its early morning edition: “It’s Reagan and Ford.” That was corrected in a later edition.

For weeks, many top Republicans have been saying that Bush, a former U.N. Ambassador, former CIA Director and politically moderate Texan, was the man to balance the ticket and steal enough liberal votes to win the White House for Reagan Nov. 4.

Lake Mary To Consider Big Paulucci Project

By DONNA ESTES
 Herald Staff Writer

Plans for construction of a multimillion dollar apartment-townhouse-shopping center complex by Paulucci Enterprises will be unveiled to the Lake Mary City Council at its 7:30 p.m. meeting today.

Paulucci representatives will also ask for a change in zoning from agriculture to apartment and shopping center designations. The property is located on Rantoul Lane at State Road 46-A.

The city planning and zoning commission previously turned down the request, saying it does not comply with the city's proposed land-use plan. The advisory board said it would consider planned unit development zoning for the parcel.

City Manager Phil Kulbes said the Paulucci interests have already modified original plans for the parcel and now are asking permission to construct about seven units to the acres, including 80 apartment units, 70 townhouses and a small commercial area.

The city manager said the Paulucci interests are willing to pledge funds for a future traffic signal and for turning and acceleration lanes.

The apartments will rent for about \$384 per month when constructed, Kulbes said.

The city council will also consider a budget for the 1980-81 fiscal year presented by Kulbes.

A total \$614,696 budget including general fund expenses of \$475,881 for the new fiscal year beginning Oct. 1 is being recommended by Kulbes.

The general fund budget would require a property tax levy of \$4.43 per \$1,000 assessed valuation of real property. The current tax levy is \$2.84 per \$1,000 assessed valuation. The council previously discussed the proposed budget in workshop.

In other business, the council will consider rezoning the area along Lake Mary Boulevard from Four to Ninth streets from residential to office commercial. The zoning designation has been considered by the council several times in workshop session previously with input received from adjacent property owners.

A public hearing will be held on the city's comprehensive land use plan

Jessup Fish Dying

A massive fish kill is taking place on Lake Jessup, according to J.T. Turpin, president of the Friends of the St. Johns.

Turpin says the fish began dying Wednesday along portions of the lake near Oviedo.

He says he has counted scores of dead shad, sunfish and eels along with a few bass and other fish drifting on the lake near Hiley's Fish Camp.

Lake Jessup was the site of the worst recorded fish kill on the St. Johns, when its entire fish population died due to lack of oxygen in 1963.

Local biologists have been saying lakes Jessup and Harney have been on the brink of the kind of kills which last month destroyed about 10 million fish, the entire aquatic population along a six-mile stretch of the St. Johns River near Lemon Bluff, east of Sanford.

The State Game and Freshwater Fish Commission office in Eustis said this morning it has sent staff biologist Harold Moody to the river to check on the cause and extent of the kill.

Moody said last month that an excess of nutrients in the river and the lakes which connect to it were causing excess algae, which often quickly die due to an overcast day or other minor changes in conditions.

School Board Drops 22 Teachers, Hires 26 New Ones

By DIANE PETRYK
 Herald Staff Writer

A grievance on behalf of 22 teachers who were doing satisfactory work but not rehired due to staff cutbacks was dismissed by the Seminole County School Board 4-1 Wednesday. The board then approved hiring 26 new teachers.

Board member Roland Williams voted against both actions.

The Seminole Education Association (SEA) charged that teachers who were told they were not reappointed due to economic reasons should be rehired before new teachers are brought in.

Bill Moore, SEA interim executive director, told the board the 22 teachers have done satisfactory or better jobs and should be recalled under Articles 18 and 19 of the teachers' contract.

Article 18, Section 2, Paragraph C states: "No new teachers shall be hired in a laid-off teacher's subject or grade level until all certified and fully approved laid-off teachers from that subject area or grade level have been recalled or decided to say they will not be recalled."

Moore said the 22 teachers were told they were losing their job for economic reasons, which is the definition of a lay-off.

But School Board Attorney Ned Julian Jr. said the board cannot assume the 22 were laid off.

"The mere fact they were not reappointed does not mean they were laid off," he said. "Maybe the principal just didn't want to reappoint them."

"A non-tenured teacher does not have a constitutional right of employment. The union is saying a non-renewal of an annual-contract teacher for economic reasons is a lay-off."

Moore contended, however, that the grievance had been filed before the teachers' contracts expired.

He also said the teachers' chances of getting rehired if their names were put forth would be slim.

Seminole County Superintendent of Schools William P. Laver called that a "terrible" accusation.

But in a private conversation, SEA President Pam Russell said the allegation is true.

"Yes, it's terrible all right," she said. "The 22 would never have a chance to be re-employed in this county if it were known they grieved."

Russell said it may be true that the board has no legal obligation to rehire the teachers.

"But with the exception of Mr. Williams, the board feels they have no moral obligation to these people at all," she said.

Williams said he voted against dismissal of the grievance because he wanted more information to find out if the dismissal is "ethically correct."

Russell said a class action lawsuit may have to be the SEA's next step.

School Board Member Robert G. Feather said he objected to Moore telling the board it should rehire 22 "satisfactory" teachers before it can hire new teachers when there are 3,000 teacher applications on file with the board.

"If our contract tells us to hire teachers who are just satisfactory before we can hire teachers more than satisfactory, then I think we need to change the contract," he said.

Moore replied that the teachers not rehired are more than satisfactory and charged that many of the new teachers are to fill the same jobs the 22 were laid off from.

Helen Goodson, SEA treasurer, said if Feather assumes the 26 new teachers are exceptionally good just because they're being hired by the board, "what about the 22 that were hired last year?"

Williams said the board does not personally know the background of the 26 new hires, or necessarily of any teachers whose employment it approves.

The board takes the recommendation of the superintendent, he said.

Superintendent Laver said he takes the recommendation of the principals.

"The principals make evaluative judgments based on their long experience," Laver said. "It's a subjective judgment."

Russell said some of the 26 new hires have never taught before and cannot be classified as exceptionally good, or better in any way than the 22 teachers who lost their jobs.

"I have nothing against new hires," Williams said. "We need new blood. But we shouldn't displace people already living and working in Seminole County who are doing a good job."

Maitland Man Charged In Warehouse Burglary

By DAVID M. RAZLER
Herald Staff Writer

An 18-year-old Maitland man has been arrested on a charge he burglarized a Sanford warehouse July 8.

Police claim they were able to find their suspect because they found his wallet at the scene of the crime.

Jerald Smith, 24, of 783 Weatherfield Ave., Maitland, was placed under arrest Wednesday at 1:30 p.m. after he was questioned by Sanford police about the break-in at the Rich Plant Home Service food distributing company, 40 W. 13th St.

Police say they arrested Smith after finding a wallet containing his identification outside the window through which thieves entered the warehouse.

Smith was ordered held on \$5,250 bond pending first court appearance today.

ATTEMPTED KIDNAPPING REPORTED
A Maitland woman told police two men, one armed with a

shotgun, attempted to abduct her as she stood at the corner of Third Street and Sanford Avenue Wednesday morning.

Susan Carr, 24, of 783 Weatherfield Ave., told police she was called over to a car occupied by two men at 7:30 a.m.

One of the two then pointed a shotgun at her and ordered her into the car, police say.

Instead of complying with the armed man's demand, Carr

ran across the street to get help, police say. The vehicle, a 1969 or 1970 black Mustang with gold stripes, drove off in an unknown direction, police report.

UNLAWFUL ACCIDENT
An Orlando man suffered minor injuries when a truck he was riding in overturned as a friend drove it through a Forest City sandpit early this morning.

Ken Lacette, 5681 Londondary Blvd., Orlando, was treated and released from Florida Hospital-Alamonte for minor injuries suffered in the 1:30 a.m. accident.

Deputies say a truck, owned by Walter Tyler, 3221 Marimont Court, overturned in the pit at the corner of Hunt Club Boulevard and Hunters Place as he drove it through the banks of sand.

Tyler declined to file an accident report on the incident.

BURGLARY AT GAS STATION
Burglars broke into a Forest City gas station late Tuesday

night and made off with \$650 in cash plus more than \$2,000 in tools, beer and cigarettes, deputies report.

The theft was discovered Wednesday morning by station owner Melvin Lemary, of Altamonte Springs, when he opened for business, they say.

The thieves managed to enter through a garage bay door, and left with Tuesday's receipts, a large collection of tools, a case of beer and several cartons of cigarettes, Lemary told deputies, adding the theft occurred the only night he had ever left a day's receipts at the station.

MOTORCYCLE TAKEN
A motorcycle belonging to Felton Carter, 725 Logan Dr., Longwood, was taken from the yard at 2824 Grove, Sanford, sometime between 9 p.m. Tuesday and noon Wednesday, police report.

See BOMR, Page 5A

Seminole GOP To Mix Business With Pleasure

Republicans from throughout Seminole County will gather at 7:30 p.m. today to celebrate the nomination of presidential candidate Ronald Reagan.

A 5-foot television screen is to be placed at the Westmore Recreation Center in Spring Oaks in Altamonte Springs for those attending to see Reagan's acceptance speech and the nomination of George Bush of Texas as vice president. Special guests will be Lou Frey of Winter Park and Ellis Rubin of

Miami, both U.S. senatorial candidates.

At 8 p.m., members of the Seminole County Republican Executive Committee will go into formal session to accept the resignation of Vince Perry of Winter Springs from the chairmanship of the committee. Perry was elected to the post in April, replacing Bill McCollum, a candidate for Florida's 17th Congressional District.

Perry is resigning because he and his family are moving out of the area. Mrs. Perry

this week is attending the Republican National Convention in Detroit, Mich., as an alternate delegate for Reagan.

A nominating committee is expected to be named at tonight's meeting to replace Perry in the chairman's position on an interim basis through the November elections.

Mrs. Mary Ann Morse, state committee woman from Seminole County, said today she has been approached to accept the interim chairmanship. She said an election

probably will take place at the executive committee's August meeting.

If Mrs. Morse is elected chairman, she will be the second woman in the local Republican Party's history to serve as chairman.

Two other women — Mrs. Jane Adriatico of Goldenrod and Mrs. J.D. Morrison of Altamonte Springs — have served as chairman of the local Democratic Party locally.

WORLD IN BRIEF

Leading Iran Clergyman Urges Release Of Hostages

By United Press International
One of Iran's leading clergyman has branded the taking of the U.S. hostages by Moslem militants as "illegal" and in a bold challenge to Ayatollah Khomeini, says the Americans in their 25th day of captivity today should be released as soon as possible.

Tehran Radio, meanwhile, announced that security forces are carrying out searches and watching the nation's main highways in an effort to capture more of the plotters involved in last week's abortive coup attempt.

Freed Hostage Sees Press
WIESBADEN, West Germany (UPI) — A healthy looking Richard Queen, wearing pajamas and a hospital robe, joked and chatted with reporters today for the first time since his release from 250 days of captivity in Iran.

"See, I can stand up," said a smiling Queen as he rose a bit haltingly from a green plastic chair in his airy third floor private room of the U.S. Air Force hospital.

The 28-year-old diplomat, who is suffering from multiple sclerosis, is to return to Maine Friday.

Shah Better After Surgery
CAIRO, Egypt (UPI) — The former shah of Iran showed improvement with his temperature dropping in response to minor surgery for a blood infection, two Egyptian newspapers said.

But an Egyptian doctor attending the 60-year-old deposed monarch and the shah's U.S. spokesman both denied the surgery was performed, with the doctor saying antibiotics were being used to treat the infection.

Teachers, Board Negotiators To Seek Mediation

Unable to reach a contract agreement after negotiations that began in May, the Seminole Education Association (SEA) and school board negotiators declared an impasse Wednesday and agreed to call in a mediator.

SEA past President Rick Harris said agreement could not be reached on contract status, days and hours and compensation and expenses.

"The last salary proposal from the board

was a base of \$10,450 providing we give up a lot of teacher rights," Harris said. "We felt their proposals were so severe we couldn't agree to that."

The teachers 1979-80 base salary was \$9,650.

"The SEA's last salary request was for \$10,000 provided the board accept our proposals under the three articles. They obviously felt that that was too severe," he said.

The SEA's first request was for a base salary of \$11,580.

The mediator is expected to be called in for a 9 a.m. Tuesday, he said.

A mediator, he explained, tries to get the sides to compromise, but cannot impose a settlement of his own.

"We've been successful in mediation for the past two years. Hopefully we will be again,"

he said.

But if after mediation the sides still cannot agree, he said, the school board can decide to continue with the impasse and call in a special master who will listen to both sides and act as an arbitrator.

Harris said, however, the board is not required to accept the decision of the special master.

3 Dozen High Temperature Records Set

The National Weather Service said some three dozen high temperature records were broken or tied Wednesday. It was the 29th straight day of 100-plus heat at Del Rio, Texas, and the 25th straight day for Dallas.

Forecasters say an increase in child abuse cases.

At least 807 heat-related deaths have been reported since the record temperatures began breaking the Southwest and spreading northward and eastward.

In Arkansas, the arid heat wave that first killed millions of chickens is now taking its toll of cattle and turning farms into dust bowls.

The SEA's first request was for a base salary of \$11,580.

The mediator is expected to be called in for a 9 a.m. Tuesday, he said.

A mediator, he explained, tries to get the sides to compromise, but cannot impose a settlement of his own.

"We've been successful in mediation for the past two years. Hopefully we will be again,"

he said.

But if after mediation the sides still cannot agree, he said, the school board can decide to continue with the impasse and call in a special master who will listen to both sides and act as an arbitrator.

Harris said, however, the board is not required to accept the decision of the special master.

AREA DEATHS

EMANUEL ROBINSON
Emanuel Robinson, 16, of 85 Castle Brewster Court, Sanford, drowned Sunday while swimming in Washington State, where he was stationed with the U.S. Army. Born in Sanford, he enlisted in 1973. He was a member of the Providence Baptist Church, Lake Monroe.

Survivors include his mother, Mrs. Katie Smith, Sanford; father, Albert Robinson, Sanford; five sisters, Mrs. Willie C. Thompson, Apopka, Mrs. Sharita Hall, New York City, Mrs. Clara Bell Manuel, William, N.Y., Mrs. Corine Brothers, Oklahoma City and Mrs. Venelle Stephens, Lake Monroe; four brothers, Jessie Brooks, Starke; Eddie Smith, Starke; Walter Smith, Spring Lake, N.C.; and Clannith Smith, Oklahoma City; two uncles, seven aunts and numerous nieces and nephews.

Brown's Paradise Memorial Chapel, Sanford, is in charge of arrangements.

JACOB DINAH
Jacob Dinah, 81, of 1005 W. 17th St., Sanford, died Sunday at Seminole Memorial

Hospital, Sanford.

He is survived by his wife, Mrs. Mamie Dinah; sister, Ms. Nellie Bryant; niece, Ms. Katie Booker; great nephew, Jessie Booker; stepson, Arthur Hayes Jr.; five step-grandchildren and eight step-great-grandchildren.

Wilson-Eichelberger Mortuary is in charge of arrangements.

FUNERAL NOTICE
DINAH, MR. JACOB — Funeral services for Mr. Jacob Dinah, of 1005 W. 17th St., Sanford, who died Sunday at Seminole Memorial Hospital, will be at 3 p.m. Friday at the Salem Primitive Baptist Church, 1300 W. 17th St., with the Rev. G.W. Williams officiating. Burial in Restlawn Cemetery, Wilson-Eichelberger Mortuary in charge.

100,000 Volkswagens Cars Recalled For Polluting

WASHINGTON (UPI) — For the second time, 100,000 Volkswagen Rabbits and Scirocos are being recalled to correct problems with the cars' pollution control systems.

The action announced Wednesday involves 1975 models with manual transmissions and 1976 models with both automatic and manual transmissions.

The Environmental Protection Agency said the recall was necessary because the cars may be polluting the air more than the law permits.

Carter Testimony Sought
MIAMI (UPI) — A Panamanian fisherman wants President Carter to testify at his July 23 trial on charges of importing undocumented Cuban aliens into Florida.

Gregorio Quintana-Rosero, skipper of the fishing boat Silver Sea, is one of 124 boat captains and crew members who have been indicted for their activities in the Cuban seizure, which Carter ordered halted on May 14.

An attorney for the Panamanian contends that the president announced an "open-coast, open-arms" refuge policy May 14 and reneged on it May 14 when he told all vessels in the Mariel, Cuba, socialist harbor to return to America without passengers.

Aluminum Pots Criticized
BOSTON (UPI) — Aluminum from worn-out pots and pans can leach into cooked food and cause mental disorders, a Yale University medical school physician warns.

In a letter Wednesday to the New England Journal of Medicine, Dr. Steven Levick said aluminum cookware often corrodes, leaving a pitted surface with a white powdery deposit around the pits.

Research shows ingesting aluminum causes several forms of madness, Levick said. "Large numbers of people in our aluminum-using society may be the victims of slow aluminum poisoning from several sources," he wrote.

Jacksonville Awaits Carter
JACKSONVILLE, Fla. (UPI) — President Carter is slated to end a week-long vacation today with a campaign-style visit to Jacksonville, which includes a rally, a fund-raiser and a town meeting.

Later in the day, Carter will address the International Transport Workers Federation in Hollywood, Fla.

Carter's three-hour stop in Jacksonville will be his first visit to the northeast Florida city since the 1975 presidential campaign. Mayor Jake Gosbold, a Democrat and Carter supporter, has pulled out all stops for the visit.

A crowd of 3,000 people was expected for the rally in front of the Duval Office Building, where agitators will give onto a barge in the St. Johns River and helium-filled, multi-colored balloons will be released.

Escambia (Pensacola) and Madison county authorities are awaiting autopsy reports on several more suspected heat deaths. And police at Panama Park, south of Palatka, say an 84-year-old man found dead in his non air conditioned home Tuesday appears to have been heat related.

Too Little, Quite Late?

The dismal slump setting over the American automobile industry didn't develop overnight. The conditions that produced it have been building for years.

But for most of the last 3.5 years, Jimmy Carter and his principal appointees seemed oblivious to this gathering storm.

Two years ago, for example, Henry Ford II wondered aloud whether his company and other domestic automakers could generate the \$80 billion in capital needed to finance the conversion to production of a new generation of small, fuel-efficient cars for the 1980s.

As recently as two months ago, Jimmy Carter was still publicly rebuking automakers for clinging to so-called gas guzzlers even as the public transferred its allegiance to subcompacts.

Now, of course, Mr. Carter is nimbly shucking off the mantle of industry critic and instead posing as its would-be patron saint.

And recently, the president stopped off in Detroit to announce a rescue plan for the stricken industry.

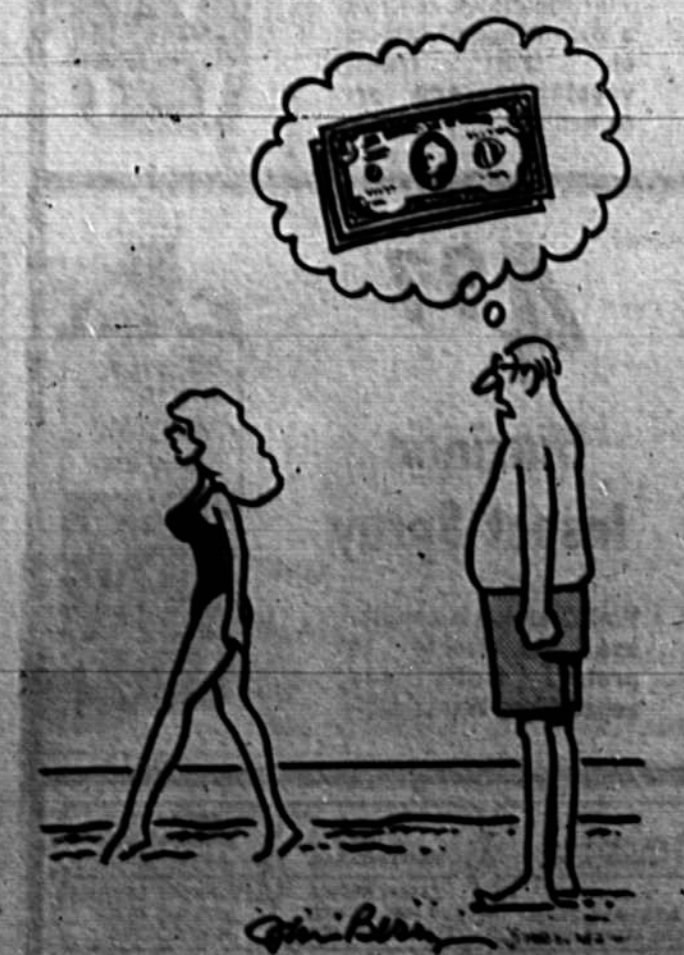

Proposing an attack on excessive regulation combined with liberalized depreciation schedules to pump more cash into the industry's depleted coffers.

The White House remains officially, and wisely, opposed to import quotas on foreign cars.

Regulatory reform and changes in tax law are, to be sure, steps in the proper direction.

A shaken White House may be willing to cease its gratuitous harassment of the auto industry, but the time is long past when that alone could have rejuvenated what is still the centerpiece of the nation's industrial base.

Aspin To Save \$2 Billion

WASHINGTON (NEA) — Defense spending has emerged as one of the chief issues in the fight over the 1981 federal budget.

Now comes a congressman who believes he knows how to cut \$2 billion or so annually from the defense budget without affecting national security.

Unneeded installations. Aspin says \$400 million could be saved annually by closing unneeded bases.

Moving costs. The Pentagon spends \$3 billion a year to move personnel and their families from base to base.

Empty housing. On-base housing stands empty at many installations while servicemen and servicewomen are paid millions of dollars in housing allowances so they can live off base.

Message sending. Aspin cites General Accounting Office estimates that \$20 million could be saved annually if the military sent non-urgent messages by mail rather than by wire or teletype.

Hospital stays. One recent survey found that average stays in military hospitals are one to seven days longer than civilian stays.

Special specifications. The military writes special specifications for thousands of its purchases, thus requiring suppliers to custom make or modify products ranging from soap and room deodorizers to cars and pick-up trucks.

Finally come Aspin's pet peeve: commissaries. Last year the Pentagon spent \$757 million to subsidize supermarkets and department stores for military personnel and their families.

Other Hollywood sources confirmed this, noting that Reagan couldn't stand the idea that Wyman's stature as an actor eclipsed his movie career.

Most moviegoers agree that Reagan has developed into an amiable, lovable, whose instincts are decent and whose conduct is gracious.

JACK ANDERSON

Reagan's Ex-Flame Recalls 'How It Was'

DETROIT — Ronald Reagan's old associates — including a one-time girlfriend — have described what he is really like, and their recollections lend valuable insight into the character of the former actor who may be our next president.

In his Hollywood days, Reagan never became a superstar. And though his movie assignments were usually a cut above "B-movie" for Bama, when he played second banana to a chimpanzee, there is a strong possibility that his mildly successful professional career played a part in his political development.

Most moviegoers agree that Reagan has developed into an amiable, lovable, whose instincts are decent and whose conduct is gracious.

The staunch opponent of the Equal Rights Amendment believes women should be treated and respected of their husbands," according to a former girlfriend who saw Reagan socially in the years between his divorce from Jane Wyman and his marriage to Nancy Davis.

Reagan's long career in "B" movies, with their simple-minded approach to life's problems, may have shaped his "public persona," the yearning for a return to the good old days.

WASHINGTON WORLD

Worried About 'Iffies'

WASHINGTON (UPI) — One of the things that State Department officials worry about these summer days is that the United States is losing out in the Iffies.

International Financial Institutions, multilateral lending groups such as the World Bank or the African or Inter-American Development Banks.

That will disappear if the United States remains in arrears.

That is the proposed figure. But the administration proposes and Congress disposes.

More important, from the viewpoint of the State Department, the United States would lose its influence at a time when the Third World is becoming increasingly turbulent.

According to figures released by the Agency for International Development, the communist world has contributed \$600 million in the developing world in 1977.

At the State Department, where people just as the Great Hollywood Red Scare was being produced and directed by headline-hungry congressmen, Reagan was a valued front man for the frightened movie moguls.

Reagan's long career in "B" movies, with their simple-minded approach to life's problems, may have shaped his "public persona," the yearning for a return to the good old days.

ROBERT WALTERS

Host City Sting

DETROIT (NEA) — The bitter-sweet relationship between presidential nominating conventions and their host cities bears a disturbingly similar resemblance to the mating process between a male and a female.

Every competitor boasts of a downtown renaissance of epic proportions, cultural opportunities unmatched by any city this side of Paris.

After sorting through all the grandiose claims and unfulfilled promises, the two parties eventually pick one location apiece — and that's when the "Hot City Sting" begins.

For the Republicans, the audacious practice first surfaced last autumn, during national negotiations with the Michigan Bell Telephone Co.

That company normally charges \$36 to install a basic, no-frills business telephone in this city, but the GOP convention was offered a special rate — \$40 for each line, plus a \$42.50 minimum monthly service charge.

The installation charge subsequently was reduced to a mere \$20.50 per telephone (plus \$2.25 per month) but that episode was only the first in a continuing series.

Behind the glamorous facade of the national political conventions lies a highly profitable operation — and price gouging can be brutal when a city like Detroit expects to gross as much as \$45 million from the event.

15 Arrested In Renewed Violence

Miami Police Thwart School Bus Hijack

MIAMI (UPI) — Black youth, one armed with a gun, stopped a school bus today and stormed aboard in the latest violence to rack the Liberty City area of Miami torn by three days of bloody rioting in May.

Ten youths, one carrying a gun, hijacked the bus about 5:45 a.m. EDT as it was being driven through the James E. Scott housing project, scene of much of the renewed violence, Dade County police spokesman Tom Banks said.

He said they forced the driver, who was unharmed, to drive away from the housing project but were stopped at a police roadblock and surrendered peacefully. They were not immediately charged but were being held.

Police said about 15 people have been arrested so far during the renewed violence and more than 35 people — six of them police officers — have been injured.

Earlier today, a pregnant, 16-year-old Latin girl was shot in the elbow when she and her husband stopped to ask directions from a group of youths on the sidewalk beside the housing project. And youths set a bonfire on nearby railroad tracks that burned for two hours.

But the rock-throwing, name-calling and sniping by small groups of youths are being called "hooligans," which has gone on for three days, in little evidence, Banks said.

"This morning, it's looking pretty good," Banks said. "There's nothing major."

Police maintained a single roadblock on 22nd Avenue, a major north-south artery through Liberty City that passes the Scott project, to advise white motorists away. "It'll probably be coming down but we want to see what the situation is," Banks said.

Shortly after midnight, he said, a young Latin couple driving along 22nd Avenue "became disoriented" and stopped beside the project to ask directions from a group of black youths, Banks said.

"One of them opened fire, striking the pregnant woman in the elbow," he said. "Her husband drove out of there as fast as he could to the police roadblock."

Fulgencia Acosta was treated at Hialeah Hospital and released, Banks said.

The sporadic violence has been going on since Tuesday afternoon, when a white truck was shot in the back as he tried to arrest a black youth he had caught trying to rob a motorist, police say.

The latest trouble in predominantly black Liberty City is far less in scope than the three days of rioting that began May 17 when four white former Dade County policemen were acquitted in Tampa in the beating death of black insurance agent Arthur McDuffie.

That riot caused 18 deaths, and scores of buildings burned. Damage was estimated at \$100 million.

Only one building — a gas station up the block from the housing project — has been burned this week. Three policemen have been shot but not injured seriously. A black youth apparently shot by a sniper is in serious condition.

Wednesday, sniper fire felled two men, rocks injured a policeman, black youths beat a 75-year-old white man and pelted a Metro bus with bricks and bottles.

Two white men — Robert P. Magnuson, 21, and Thomas Warren Thompson, 22 — were arrested Wednesday after they were seen firing into a black-owned grocery.

...Bomb Threat At Terminal

Continued From Page 2A

Police and sheriff's deputies sealed off the Sanford Greyhound Bus terminal Tuesday afternoon and removed a suitcase reported to contain a bomb.

But when the suitcase was blasted open, it turned out to be filled with clothing, not explosives.

Sanford police say the Winter Park Greyhound terminal received a call from a man shortly before 4:30 p.m. claiming a suitcase containing a bomb was mistakenly left off at the Sanford terminal instead of the Orlando bus station.

The caller said the brown suitcase containing the explosives had been shipped in from California.

Police and sheriff's deputies driving a truck carrying the county's bomb disposal trailer arrived at the Sanford terminal at 1:05 p.m. and began searching for luggage matching the description given by the caller.

One brown suitcase bearing tags indicating it had come from the depot attached ropes to the case, pulled it from the station they lowered it into the disposal trailer.

A caravan of patrol cars and the truck carrying the suspected bomb and trailer rolled down Park to 25th Street, then out to the county's depot east of the Mayfair Country Club.

Deputies attached explosives to the outside of the case, attempting to detonate any inside without risking the dangers of opening it. But when the case was blown open it was found to contain only clothing, they say.

Deputies say they still have not determined who owns the damaged suitcase and whether its owner was the man who made the bomb threat.

CHARGE DECISION PENDING

A decision will be made within a few days on whether Arthur Hayes, 57, of 103 W. 17th St., Sanford, will be charged with murder in the death of his 80-year-old stepfather.

Jacob Dinah, 1605 W. 17th St., died Sunday morning, a week after he allegedly was shot twice by his stepson during an argument.

An autopsy Monday revealed Dinah died when a blood clot broke loose and stopped his heart, said County Medical Examiner G.V. Garay. The clot was caused by surgery needed to repair damage done by the shots, Garay said.

Assistant State Attorney Norman Levin said he will be making the decision on whether Hayes, currently charged with murder as soon as he gets investigator's reports and a full report of the autopsy.

For someone to be convicted of murder, the injury inflicted only has to contribute to the cause of death, not be the immediate cause of death, Levin explained.

Hayes was arrested at the home of his stepfather on July 6, a short time after police say he fired two shots into his stepfather's abdomen with a .38 caliber pistol.

Police say the shooting occurred during an argument between the two men.

Hayes was released from the Seminole County Jail on July 7 after posting \$2,525 bond.

CASH STOLEN

Three hundred dollars in change in a piggy bank was stolen from a residence at 2513 Highlawn Ave., Sanford, between 2 p.m. Wednesday and 9:10 a.m. Friday, police report.

FREE SPINAL EXAMINATION

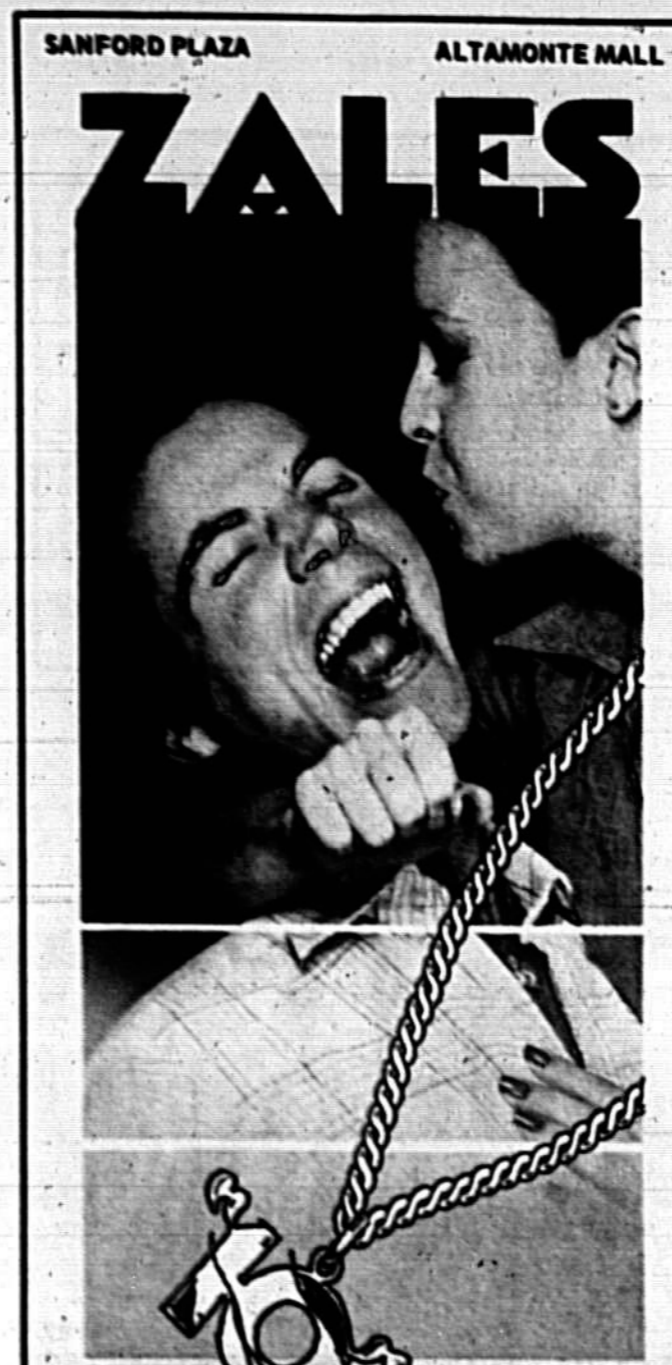

Danger Signals of Pinched Nerves: 1. Headaches, Dizziness, Loss of Sleep, 2. Neck Pain, Tight Muscles, 3. Pain Down Arms, Shoulder Pain, 4. Numbness in Hands or Feet, 5. Pain between the Shoulders, 6. Painful Joints, Nervousness, 7. Lower Back Pain, Hip Pain, Pain Down Legs

Why FREE? Thousands of area residents have spine related problems which usually respond to chiropractic care. This is our way of encouraging you to find out if you have a problem that could be helped by chiropractic care. It is also our way of acquainting you with our staff and facilities.

Examination includes a minimum of 10 standard tests for evaluating the spine and a contour analysis photo as shown above. What we are accepting new patients, no one need feel any obligation. Meet Insurance Accepted

FLORIDA IN BRIEF

Fellow Inmate Questioned In Killing Of Prisoner

STARKE, Fla. (UPI) — "A real bad actor" already convicted of killing one fellow inmate is being questioned by Florida State Prison officials in the stabbing death of prisoner Roy Huff.

Huff, 41, serving 25 years for an Escambia County robbery, was delivering breakfast to prisoners in a special disciplinary holding cell Wednesday when he was stabbed in the stomach with a home-made knife fastened to a broomstick, said Department of Corrections spokesman Vernon Bradford.

Coffee May Be Cleaned

JACKSONVILLE, Fla. (UPI) — General Foods has prepared a plan for cleaning 68,000 bags of coffee beans allegedly contaminated by a chemical dust at a warehouse four months ago, it was reported Wednesday.

The Jacksonville Journal quoted Jacksonville Port Authority officials as saying that Food and Drug Administration acceptance of the General Foods plan was virtually assured.

The Journal quoted General Foods spokesman Eugene Ritchie as saying the company's plan calls for the vacuuming of a portion of the bags followed by the washing of all beans in the affected lot.

Murder Trial May Conclude

TITUSVILLE, Fla. (UPI) — Three women accused of bashing a Melbourne eye doctor to death with a cast iron skillet have denied from the witness stand that they hatched a plot in jail to have a key state witness killed.

The first of six trials planned in connection with the March 28 murder of Dr. John Bradford — the conspiracy-to-murder case against his second wife, Mrs. Priscilla Ann Bradford — may go to the jury today.

Nicklaus Confident For British Open

Golden Bear Takes Aim At Muirfield

MUIRFIELD, Scotland (UPI) — Jack Nicklaus was the first of the big guns to begin his challenge for the 1980 British Open Golf Championship Thursday on the difficult Muirfield course.

drive was essential and Nicklaus was expected to have few problems on that score. The 46-year-old, three-time winner of the British Open looked in good form with his putter on his final pre-tournament round, which was good news for a man who was most worried about his performance on the greens.

Tom Watson, who was the second of the major challengers to take the course, went out full of confidence. He was happy with his game and the course; it was just the weather he was not very pleased with. It looked as if he would feel the rain and the worst of the day's wind.

Every golfer would have wished to be in the same position as they faced four rounds on a course that is difficult even in the best of weather. Certainly Spain's Severiano Ballesteros did not look confident as he set out to chase the \$60,000 first prize.

Wetbike Regatta Set For Lake Monroe Saturday

The Southeastern Wetbike Regatta will be held on Lake Monroe Saturday and Sunday, July 19 and 20. The public is invited to watch the event which will feature both men and women participants.

The race will represent the regional championships in several categories with trophies and prizes awarded to the winners.

A public address announcer will describe the races and familiarize spectators with the rules and happenings. Crowds of up to 2,000 viewed these thrilling wetbikes in action in Clearwater recently and a large turnout is expected at Lake Monroe.

Entry blanks for competition are available at the Sanford Chamber of Commerce.

Junior Squad Bows In Opener

ORMOND BEACH — At first things went bad for the Sanford Junior League all-stars Wednesday night. Then they got worse.

Sanford started John Scott facing a 2-0 loss to host Ormond Beach and fell into the losers' bracket of the Florida Junior Major League District IV Tournament.

Sanford plays Daytona Beach at 6 p.m. tonight. The loser of that game will be eliminated and the winner will return to play Friday night against tonight's second game loser.

Swim Meet At Sharidan

Plans are now complete for the 1980 Region IV AAU Junior Olympics (synchronized swimming) competition slated for Sharidan Aquatic Club, July 19 and 20. Meet director Gretchen Reese, announced Thursday, July 9.

The Championship meet features 18 events for youngsters between the ages of eight and 18.

Co-sponsored by Altamaha South Seminole Jaycees, the AAU-USA Junior Olympic-Sears meet is designed to promote physical fitness among the pre-Olympic age youngsters.

Winners in the 13-14, 15-18 age group qualify to participate in the National AAU competition to be held in Santa Clara, Calif. on Aug. 11.

An awards banquet for the 13-14, 15-18 age group will be held Saturday, July 19.

Walk Rides Pills

LLOYD'S COPS CITY LEAGUE

Lloyd's softball squad wrapped up the Sanford Women's City League crown recently with a first place finish. Team members are front row left to right: Della Benton, Barbara Michalek, Deje Gracey, Jill Harper, De De Hogan, Ben Robare and Terry Betts.

Second row left to right is coach Bob Jacobs, Cathy Griffith, Sandy Denner, Liz Galm, Dana Younshaw, Betty Runk, Judy Carlton, Debbie Anderson, Deena Flamm, Anne Greime and Gina Bakur.

HAMP'S ANGELS CLAIM SECOND

The runners-up in the Sanford City League Hamp's Angels squad is formed by front row left to right: Jay Jackson, Gail Murray, Alice Bennett, Antoinette Johnson, Angela Campbell, Catherine Bennett and Robin Higgins. Back row left to right is Laverne Hines, Glorie Bennett, Cynthia Pendaris, May Williams, Diane White, May Anderson, Ethel Gordon, Mary Alice Williams, Johnnie Bennett, Brenda Gatlin and coach Heverend Andrew Hamilton.

Stone's Streak Reaches 12

The Baltimore Orioles' Steve Stone pitched his 12th straight victory Wednesday night — a 10-4 decision over the Milwaukee Brewers.

"I'm not a Bob Gilson-type pitcher that can overpower the opposition," said Stone, whose three perfect innings in the All-Star Game displayed just how effective he has become. "I have to work hard."

Rick Dempsey belted a home run and a double to knock in five runs against Mike Caldwell, 8-4. Stone needed relief help from Tippy Martinez and Sammy Stewart in the eighth. Cecil Cooper doubled and slammed his 12th homer for Milwaukee.

In other games, Toronto blanked Seattle, 5-0. New York blasted Chicago, 11-1. Kansas City beat Boston, 5-4. Texas ripped Minnesota, 11-1. Baltimore drubbed Texas hammered Chicago, 11-3. Baltimore drubbed Milwaukee, 10-4. Kansas City bested Boston, 5-1. Toronto shut out Seattle, 5-0. Detroit beat Oakland, 7-3. Cleveland defeated California, 6-2.

Bill Buckner had three hits and scored the tie-breaking run on Bill Russell's sixth-inning error to help Chicago defeat the Dodgers.

Bruce S. Metz 2 Bob Herzer cracked two homers, Gary Matthews added a three-run shot and Larry McWilliams, 8-4, tossed an eighth-inning homer for Atlanta.

John Milner singled in two runs and Bill Madlock added a sacrifice fly to give Pittsburgh its fourth straight win. Cardinals 3, Padres 0. Pete Vuckovich pitched a six-hitter, singled and scored the winning run, and executed a perfect suicide squeeze in the seventh inning to beat St. Louis.

Steve Stroh, 9-4, pitched a three-hitter and John Mayberry hit two home runs and Roy Howell and Ernie Whitte one each, in a game played in 140, shortest game in the AL this season. Yankees 11, Twins 1.

Ducky Carl smacked a two-run single and Bob Watson delivered a base-loaded triple to highlight a seven-run fourth inning for the Yankees.

Derrill Porter and Hal McKea each drove in two runs and George Brett went 4-for-5 and scored a run. The victory was Kansas City's sixth in its last seven games.

Dave Roberts' three-run homer in the fourth highlighted a 15-inning slugfest. Rusty Staub had four singles in four at-bats and drove in three runs.

Billie G. Angel 2 Miguel Dilone collected three hits and scored two runs and Wayne Garland, 6-3, pitched a six-hitter. Dilone raised his average to .351 and stole his 30th base.

His Pain In Hip Needs Diagnosis

Dr. Lamb

DEAR DR. LAMB — For nearly four months now I have suffered from sciatica. This causes pain in the hip. When I stand for more than three or four minutes, the pain proceeds down the large nerve to my ankle and I hurry to sit in a straight chair until the pain subsides.

Ten years ago I had it much worse and I lasted for a year when suddenly it vanished. For the first three months, I had to be in bed. I went to different doctors but none could offer any help but pain remedies. This time I considered going to an orthopedic surgeon but a friend said that pain pills were all he suggested to him.

I'm 70 and would love to get back on the golf course as I'm gaining weight from these four months of sitting. Can you help?

DEAR READER — Yes, I can. My first advice would be to go see the orthopedic surgeon. I immediately washed my eyes out with plain cool water and the pain went away. I take many vitamins and minerals and I was wondering if that reaction was a warning that I am overdoing it.

Sciatica can also be caused from inflammation of the nerves and such diverse causes as the excessive use of alcohol and even diabetes. Clearly, you can't be properly treated without a proper diagnosis. And by that I mean knowing what is causing your sciatic pain.

An intervertebral disc problem is by far the most common cause of the pain you describe. You should see your Health Letter

YOUR BIRTHDAY
July 18, 1980

This coming year you may expect to make some major changes in your lifestyle. However, unless they are well thought out and success is practically guaranteed, it would be wise not to make changes out of boredom or for variety's sake.

CANCER (June 21-July 21)
If the actions of members of your family displease you today, you may say things you'll later wish you hadn't. Mind your tongue. Getting along with other signs is one of the sections you'll enjoy in your Astro-Graph, Mail #1 for each Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

LEO (July 22-Aug. 22)
A perfect opening to represent some juicy gossip may present itself today. While your listeners may enjoy what they hear, they won't respect you for saying it.

VIRGO (Aug. 23-Sept. 22)
This is not a good day to make purchases. You aren't apt to have the necessary wisdom to handle your funds prudently.

LIBRA (Sept. 23-Oct. 23)
Button your lip rather than say a few choice words to those who could hurt your position. If they're in a grumpy mood to begin with, they won't react kindly.

SCORPIO (Oct. 24-Nov. 22)
Avoid all political or philosophical debates today. There is nothing to be gained except dissension with per-

WIN AT BRIDGE

After East cue bid three spades to show a void and an excellent hand interested in suits, West realized the use of spades was a deliberate value in hearts, but good for defense in a suit. It is a warning to warn East that his hand was unsuitable for any high heart contract.

West made what might be a good lead — his low trump. He hoped to gain the lead with his heart queen and continue spades, preventing declarer from scoring too many ruffs in dummy.

Unfortunately for the defense, declarer won the opening lead in dummy and immediately discarded a small heart on dummy's second high diamond. Declarer then led a small club from the table and won East's queen with the king. He returned another club which East won. The state of the contract hinged on East's return. West had played the eight and seven on the previous club lead and showed an even number. East on the previous club lead started with four clubs, one diamond and probably six spades and two hearts.

East had to find an entry into partner's hand to lead the ace and another trump finished declarer. South could ruff one club in the dummy, but at the end he had another club loser. Declarer lost one spade, one heart and two clubs.

HOROSCOPE

By BERNICE BEDE SOOL

For Friday, July 18, 1980

SAGITTARIUS (Nov. 22-Dec. 21)
If your ideas don't perfectly mesh with those of another, don't get involved. You're asking for confusion or even harsh words if you do.

CAPRICORN (Dec. 22-Jan. 19)
Although you are normally your own person, today you are likely to be swayed by one who doesn't really know what he or she is talking about. Be careful.

AQUARIUS (Jan. 20-Feb. 19)
Try not to be overly critical of the work of others. Everything you say should be phrased in the form of suggestions that are tactful and constructive.

PISCES (Feb. 20-March 20)
You could be accused of minding someone else's business today if you're not careful. Play safe. Don't ask questions. Don't offer advice.

ARIES (March 21-April 19)
If you can't discuss a subject calmly and sensibly with your mate today, it would be best to drop the matter until you both have a chance to sleep on it.

TALIBUS (April 20-May 20)
It's not like you to be careless, yet that is exactly what you will be today if you don't keep your mind on what you're doing. Concentrate at all times.

GEMINI (May 21-June 20)
In order to resist the temptation to leap and thoughtlessly today you may have to leave your checkbook and credit cards at home.

Police Arrest 10, Shut Down 2 Bars

By DAVID M. RAZLER
Herald Staff Writer

A force of about 15 Sanford police officers closed two bars and arrested 10 persons along West 13th Street Thursday night in the second night of the city's crackdown on disorderly lotterers in the Goldoboro area.

Police wearing riot helmets, wielding 3-foot nightsticks and carrying gas masks arrested nine adults and one juvenile on charges of disorderly conduct.

The arrests, made in response to an appeal by neighborhood residents complaining of harassment from people gathering outside bars and grocery stores along 13th Street, were made between 7:49 p.m. and 9 p.m. All arrests were made at separate locations, police say.

Police report there were no disturbances caused by the arrests and they were able to do their work without opposition from others gathered in the area. In at least one case, several officers used their nightsticks to subdue an arrestee before handcuffing him and taking him to the Seminole County Jail.

All but one of the nine adults were held in lieu of \$105 bond on one count each of disorderly conduct, a second-degree misdemeanor.

During the sweep along 13th Street, the Seminole County Sheriff's Department Special Weapons and Tactics team stood by at the Sanford Police Station dressed in riot gear. They never moved out of the station until they were sent home, Sanford Police Chief Ben Butler said.

Butler called in more than a dozen off-duty police officers, including all department detectives, most of whom aided in the sweep in uniform. A records clerk and other police clerical workers were also ordered to work the special shift for the arrest. Extra deputies were called to handle looking at the jail.

Butler says he expects the extra patrols to continue tonight and through the weekend, then as often as necessary to keep people from harassing Goldoboro residents.

Joe Frazer, 34, Southwest Road, Sanford, arrested 7:49 p.m. at the corner of 13th Street and Oleander Avenue, "...was causing a disturbance at above location. When the subject was advised to leave, the subject became very irate and began causing more problems."

Joe Frazer, 34, Southwest Road, Sanford, arrested 7:55 p.m., W. 13th St., at Richard's Grocery, "...was stopped holding a stick or table leg, which was removed from him."

John Albert Hill, 30, Olive Avenue, Sanford, arrested 8:10 p.m., 13th Street and Olive Avenue, "...was standing and refused to leave the area until the officer got out of the police car. Then Hill started walking north on Olive talking very loud."

Ransom Mitchell, 24, of 409 Castle Brewer Court, Sanford, arrested 8:30 p.m., at Richard's Grocery, W. 13th
