Reporter Relates Observations

Editor's Note—Lois Mitchison is a 29-year-old British newspaper reporter and daughter of a Laborite member of Parliament. NEW YORK (AP)—There's a suspicion of macabre imagination in the household of the female Judith, who is the mother of Carol (Repeat, mother of Carol.) Judith decides to marry the male, Kevin, whom she hates, and who, in turn hates Vanessa. They plan to recover Carol so that Judith can inherit a fortune from her father, who is not yet dead.
Next, in segment "Search for Tomorrow," there was much gossip about the collapse of a marriage. The segment distinct evidence of a housing shortage on earth since both the females involved with the male in question, who did not appear, were billeted in the same house.
Finally, segment "Guiding Light" continued the depressed mood.

Army Experiments With New One-Man Flying Machine

WASHINGTON (AP)—The Army is experimenting with a new one-man flying machine which it says an infantryman can learn to pilot in 20 minutes.
Twelve of the contraptions, called "aerocycles," have been bought for tests that are part of the Army's continuing effort to increase the mobility of foot soldiers.
The Army said yesterday the machines were purchased from the machine by leaning in the direction of the rotor blades, which developed them.
The aerocycle bears a resemblance to the pilot stands on a platform blance both to small helicopters and the Navy's "flying platform" over rotor blades and guides the pilot he wants to go. Speeds up to 45 miles an hour are attained by manipulating a hand throttle.
Modern airliners require a reserved block of air space almost 30 miles long, during instrument flight, as a safeguard against collision.

Police To Conduct Experiments By Mixing Alcohol, Gasoline

LOUISVILLE, Ky. (AP)—New fuel for the slogan that gasoline and alcohol don't mix will be sought in an all-out experiment next month. Ten motorists will get their alcohol free.

The experiment will be the climax of a seminar on "alcohol and road traffic" Feb. 13-24 at the Southern Police Institute here. It will be held Feb. 23.

Plans are to have 20 volunteer motorists. Eight will get about half a pint of 100 proof bourbon each. Two will get around eight bottles of beer apiece and ten will drive cold sober.

They will submit to one laboratory test and six driving tests. The laboratory tests will consist of the volunteer's response to a flicker of light, to a jet of air against the eye to measure pain sensitivity, ability to stand steadily, to touch the tips of the forefingers together, to do simple mathematical problems and to cross out certain letters in a printed page.

On the driving course, the guinea pigs will drive in and out of a

stimulated garage, attempt to hit small wooden blocks with the car wheels, try to back onto planks, turn around in a narrow road, drive in and out of loose sand and park in a tight space.

Directing the experiment, as well as the seminar, will be Robert F. Borekstein, director of the Indiana state police laboratory and inventor of the breathalyzer, a device to test the amount of alcohol in a motorist's bloodstream.

A dozen physicians, laboratory technicians and chemists will participate.

Brokers Must Keep Separate Accounts

Investigators of the Florida Real Estate Commission are currently making an office-to-office check of all real estate brokers to see that they have established separate trust accounts in which funds belonging to their clients are held apart from the brokers' own personal or business funds.

Such separation is required under 1933 amendments to the Florida real estate license law, which provides that all monies entrusted to brokers must be segregated by them in special accounts maintained for this purpose with Florida banking institutions, or in escrow with accredited title companies.

Failure to comply with this section of the law makes a broker liable to suspension or revocation of his license. The state real estate chairman of the Commission, ordered the inspection now going on, saying that a large percentage of the cases coming before the Commission today arise from carelessness by brokers in safeguarding such funds.

Atac M. Smith, executive of the Commission, declared the current inspection would be continued until all real estate offices had been covered. Earle L. Mann, chief investigator, is directing the activity.

No One Talks Of Famed Woman

ARMENTIERES, France (AP)—Most of the people in the home town of one of the most famed and libeled ladies of song—Madeleine from Armentieres—never heard of her and those who did with they could forget it.

The first seven citizens of this town between Lille and St. Omer, in the northeast corner of France (most on the Belgian border, who were asked about the fabulous female of World War I, could furnish no information.

"Mademoiselle from Armentieres" asked an incredulous French policeman "Monsieur, we have many, but a policeman is not precisely the person of whom to inquire."

A businessman hurrying along a cobblestoned street to a wool brokerage office was next in the line of inquiry. He raised his hat at the question, but he raised his bushy eyebrows higher.

"Monsieur," he suggested, "would do better to look in Paris for such a person. Paris is gay and cosmopolitan, while here in Armentieres, we are dull and provincial and our girls, well—"

At last, a man driving a team of brown horses hitched to a beer wagon said that if we would ask at the corner bistro for Monsieur Guy Grandjean, he might know what we were talking about.

Monsieur Grandjean, fortunately, was in his inn. He was short and grey. He had watery blue eyes, a drooping grey mustache and a nose the color of wall paper pink. He saddened visibly when he heard the question.

"Please, monsieur," he said, "don't sing the song about her. You are an American. That is nothing against you, but I've heard enough of that song about the Mademoiselle from Armentieres."

Monsieur Grandjean tightened his lips.

"Several persons," he said, "have claimed to be the original Mademoiselle of this song that went 'pinkie, pinkie pa-lax vous'."

"Fifky, dinky, parties vous," I corrected him.

"No matter," he said, "she is

not here now and I doubt if she ever was here."

"No monument to her?" I asked. "No little plate on any house?"

"Monsieur," he gasped, a little shocked at the suggestion. "Do you know the words of this song?"

I told him I did. Most emphatically.

He held up his hand in protest. "Monsieur, if you please. You promised not to sing."

Calmed and assured by the interpreter, Monsieur Grandjean answered a lot of questions about the lady whose name came so lightly to the lips of so many American soldiers of the first world war.

He said a lot of the veterans had returned to France on trips after the first war and after the second. He explained that many traveled to Armentieres to inquire about the mademoiselle. He said some of their sons must have heard about her for he'd had many inquiries from veterans of World War II.

He added that Armentieres was not, as far as he knew, occupied by American troops in World War I, but by the British. He said that over the years he has been telling people that no one of her description ever lived in Armentieres.

At this point I asked the interpreter to interrupt him.

"He speaks of her 'description,'" I said, "obviously he never heard all the words."

"No matter," said Monsieur Grandjean. "I am tired of the subject. And if there ever was such a person she probably came from some place such as Clermont-Ferrand."

"If you are going to guess," I said, "Toulouse would be better."

End adv for Pms Tues Dec. 20.

Search On To Find Five Outstanding Young Men In State

The search is on to select Florida's Five Outstanding Young Men. Distinguished Service Award Chairman for the Florida Junior Chamber of Commerce, Don Lester of Winter Haven, announced today that the Jaycees are again seeking the public's help in nominating candidates from which Florida's Five Outstanding Young Men will be selected.

Annually the Florida Jaycees select and give recognition to the five young men in the State who have made outstanding contributions to their community, their business or profession, or the State. The candidates must be between the ages of 21 and 35 in order to be eligible.

Lester said that the Jaycees would like to be advised by anyone in the State of Florida who knows of any young man who has performed some outstanding service in his community and who might be eligible for the award. Contact the local Jaycee organization for nomination blanks or write to the Florida Jaycee State Headquarters, Lakeland. Deadline for nominations is Jan. 10.

The five outstanding young men selected will be presented their awards at a special banquet to be held during the Florida Jaycee Winter Conference in Tallahassee on Feb. 11.

Swisher To Serve As Drive Chairman For Cancer Society

Carl E. Swisher prominent Jacksonville manufacturer and civic leader will serve as chairman of the 1936 Cancer Crusade of the Florida Division of the American Cancer Society according to an announcement of Division President Dr. Donald Gahagen of Ft. Lauderdale who stated that the Cancer Control program is most fortunate in receiving Swisher's acceptance of this important assignment.

The Society's combined educational and fund raising campaign is usually conducted during the month of April, which has been designated as National Cancer Control Month by an Act of Congress. In 1936 the Florida Division hopes to exceed the receipts of 1935 which totaled \$462,000 obtained under Swisher's leadership.

In accepting the appointment Swisher called for the support and cooperation of every individual, organized group and business establishment in the state to join hands to combat a disease that today will strike approximately one in every three persons, according to a recent announcement from the National Cancer Institute. He also requested all volunteer Cancer Crusaders to intensify the program of public education in order to bring individuals to their doctors earlier for examination since many cancers can be cured if discovered and treated properly.

Public Installation Is Held For New OES Officers Dec. 31

Dec. 31 public installation was held for the new officers of Seminole Chapter No. 2 OES, at the Masonic Temple. The chapter room was beautifully decorated with baskets of red and white gladioli tied with blue ribbons and placed advantageously around the hall.

The 1955 officers entered with partly burned candles depicting that their year was almost finished. Mrs. Virginia Anderson, worthy matron, presided, after introducing the installing officers for the evening as follows: Mrs. Mary Eula Holzclaw, installing officer; J. P. Holzclaw, assistant installing officer; Mrs. Margaret Golt, installing marshal; Mrs. Ada Mae Crenshaw, installing chaplain; Mrs. Maude

Humphrey, installing organist; and Mrs. Mary Bell Cole, soloist. She was then presented gifts and a farewell song was sung after which the officers retired.

The new officers were led into the chapter room by Mrs. Margaret Golt, installing marshal. They were Mrs. Mary Alice Wyatt, worthy matron; Phil H. Wyatt, worthy patron; Mrs. Grace Cordell, associate matron; Robert Williams, associate patron; Mrs. Augusta Bilbrey, secretary; Mrs. Henrietta Raines, treasurer; Mrs. Mae Sheppard, conductor; Mrs. Lenale Moyer, associate conductor; Mrs. Virginia Anderson, chaplain; Mrs. Marjorie Sheppard, marshal; Mrs. Helen Leinhardt, organist; Mrs. Mary Elizabeth Thompson, Adah; Mrs. Essie Cole, Ruth; Mrs. Kay Schmidt, Esther; Mrs. Ethel Peurlfroy, Martha; Mrs. Bennie Brady, Electa; Mrs. Marge Brademeyer, Warder; and Leslie T. Sheppard, Sentinel.

Cecil D. Becks Are Hosts For Supper To Honor A. R. Key

Mr. and Mrs. Cecil D. Beck were hosts for a buffet dinner at their home in Orlando Thursday evening at which time A. R. Key was honored for his 25 years of service as a representative of the Equitable Life Assurance Society in Sanford and Seminole County.

Following the dinner Cecil Beck who is District Manager for Central Florida, represented the Home Office in New York when he presented Mr. Key with a gold watch in honor of his long association with the Equitable.

The guests included beside Mr. and Mrs. Key, their son-in-law and daughter, Mr. and Mrs. Donald G. Merrill, Mr. and Mrs. Eugene Reasor, Mr. and Mrs. George Bennett, Mr. and Mrs. J. Ward Smith and Mr. and Mrs. D. Fohl of Orlando, also Mr. and Mrs. F. C. Somers and Mr. and Mrs. Ray Trivillion of Winter Park and Mr. and Mrs. Leslie Burdine of Leesburg.

Visiting Guests Present At Wynn Anniversary Sunday

Among the many out-of-town guests at the recent Golden Anniversary of Mr. and Mrs. John Wynn were Mr. and Mrs. Earl Niblack of Daytona, Mr. and Mrs. Monty Harlett of Palatka and Mr. and Mrs. Ed Bowman of West Palm Beach.

An interesting fact to note is that Mrs. B. J. Overstreet Sr. of Longwood, Mrs. Bowman and Mrs. Minnie Means of Gainesville, present at the occasion, were also guests at the Wynn wedding 30 years ago.

As a surprise Mrs. Wynn received a telephone call from Mrs. Crabtree, her daughter, who had flown from Turkey to New York, saying she would be down later in the week.

SUNDAY DINNER Suggestions

YEARS ago it was the custom to visit relatives on the farm on an occasional Sunday—the drive was pleasant and the food was fine. Nowadays, if you're one of those families that would rather stay home on Sunday (because you lack rural relatives or don't want to drive) you can still enjoy country cooking—the A & P Service For Homemakers has the means: a Sunday dinner recipe for country-style steak, berries etc.

Have two pounds round steak cut into serving pieces. Dredge them in flour seasoned with salt and pepper. Melt quarter cup butter or margarine in a large skillet and add two medium onions, sliced, and half pound peeled and sliced mushrooms. Cook until onions are tender and mushrooms are lightly browned. Remove onions and mushrooms from pan. Add another quarter cup butter or margarine and brown steak on both sides. Stir in the following: half cup water, two tablespoons grated cheese, teaspoon salt, dash of pepper, quarter teaspoon paprika and half cup sour cream. Cover skillet and cook until meat is tender enough to cut with a fork.

For dessert, how about a lemon chiffon pie? Beat four egg yolks and put in top of double boiler with half cup lemon juice, half teaspoon salt and quarter cup sugar. Cook over hot water until mixture reaches outside consistency. Add tablespoon unflavored gelatin (pre-soaked in quarter cup cold water). When gelatin has dissolved stir in teaspoon grated lemon rind. Cool mixture and when it begins to thicken fold in whites of the four eggs, stiffly beaten with half cup sugar. Fill nine-inch baked pie shell and chill in refrigerator. Top with sweetened whipped cream.

BIRTHS

Mr. and Mrs. W. B. West announce the birth of a son, William Timothy, weighing 7 lbs. and 12 oz. Dec. 23. The young man was born in the Fernald Loughton Memorial Hospital.

Sat. and Mrs. Earl C. Cole are the proud parents of a daughter, born Dec. 26 in the Orlando Air Force Base Hospital. The young lady weighed 5 lbs. 14 oz.

Final Plans Made For Benefit Card Party By Pilots

Plans have been completed for the Pilot Club's annual benefit card party which will be held this year in the Mayfair Inn Ballroom. Playing will start at 8:00 p. m. Monday, Jan. 9 and the public has been extended a cordial invitation to participate. Proceeds will go toward the club's main project, which is the maintenance of a room in the Seminole Memorial Hospital. The club recently presented a check to the hospital administrator for an electrically operated Hi-Lo bed to be used in the Pilot room. The club has for a number of years maintained a room in the present hospital, which was also completely furnished by the members.

Mrs. Ruth Scott is general chairman of the party which promises to be one of the outstanding social affairs of the season. Prizes will be awarded winners in a number of games and refreshments will be served. Tickets may be purchased from any member of the Pilot Club or at the door on the evening of Jan. 9.

Persons playing are requested to bring their own cards.

Mr., Mrs. P. Stone Are Visiting Here

Mr. and Mrs. L. Paul Stone, of Pabellon, Aguascalientes, Mexico, are spending ten days with his parents, the Rev. and Mrs. Perry L. Stone, of Sanford.

Mr. and Mrs. Stone are missionaries serving in a rural area, where he manages the "Mountain Light" farm and teaches agriculture, and Mrs. Stone takes time after caring for their small daughter, Rebecca, to plan meals and buy food for 20 people, 13 of them Mexican school boys, and to teach music, algebra and civics. In many other ways she helps to build better family life in the community. This is end of their vacation period and they expect to fly back to Miami early next week.

New York Moving Closer To Being Boxing Ghost State

By JACK HARRIS
NEW YORK (AP)—Will Madison Square Garden follow ancient St. Nicholas Avenue into the dim shadow of a ghost state with no fight to be seen or heard today as New York moved closer to becoming a ghost state by being with the loss of its only regular weekly fight show.

The London Sporting Club, which has 50 consecutive weekly telecasts shows at St. Nick's, announced it was moving to Baltimore, effective Jan. 23, because of the reported bids from "two cities" but planned to continue for at least four or six months in New York.

St. Nick's can't make money in New York is the reason, said Julius Helfand, chairman of a New York State Athletic Commission, sitting Jan. 16 in session, setting a Jan. 16 deadline for the managers to quit the boxing guild of New York.

"We are not interested in the kind or what trouble commission have with guilds," said Tom Sullivan, whose London Sporting Club shows are seen on Du Mont TV. "We just cannot get fighters to sign for bouts here after Jan. 16. When I talk to managers, they tell me the fighters 'aren't ready' or 'my guy's still bothered by cuts' or something like that."

Madison Square Garden has a show this Friday, but no more until Feb. 3 while an ice show takes over the arena. However, the International Boxing Club, which runs two weekly televised shows (Wednesdays from various cities and Fridays from New York) had planned to operate from Syracuse Friday, Jan. 20, with a heavy-weight match between Hurricane Jackson and Bob Baker. The match hasn't been made yet and probably won't be made for Syracuse.

Jim Norris, IBC president, was due to return from Miami soon to make a decision on future plans. Harry Markson, IBC managing director, pointed out that the promoters had definite TV contracts to fulfill. He said here are "a good dozen Friday boxing dates" in the Garden in February, March and May under the current contract.

Helfand was due back from a vacation in Florida. Pending his return, officials of the commission refused comment. He had banned the guild after a long inquiry, on the grounds it was "detrimental to the best interests of boxing" for its "monopolistic," "abominable" and "deplorable" practices.

REVIEW OF THE YEAR—By Alan Maver

College Basketball Has Accent On Offense

By BEN OLAN
The Associated Press
Almost everywhere you look in college basketball the accent is on offense and more offense. At that rate it probably won't be long before 200-point games will be the rule rather than the exception.

Richmond and Furman pumped 222 points through the basket with Richmond winding up on the long end of a 130-92 score.

Score, Mossi Sign With Cleveland

CLEVELAND (AP)—The Cleveland Indians announced today that Herb Score and Don Mossi, the Tribe's brilliant southpaw hurling duo, have agreed to terms for the 1956 season.

West Virginia came mighty close to the 100 mark in trampling Washington and Lee 96-54.

Miami Gets Berth In International

MIAMI, Fla. (AP)—Miami will replace Syracuse when the International Baseball League opens its 154-game schedule April 18.

North Carolina walloped Louisiana State 95-60. The Tarheels almost certainly would have gone over 100 if they hadn't played substitutes a good part of the way.

Cassady Chosen Top Athlete

COLUMBUS, Ohio (AP)—A freckle-faced redhead who thought he was too small for big-time college football today was named the nation's top male athlete of 1955.

The libeable kid who "always dreamed of playing in that big stadium" ran away from the other contenders for the honors with the same, clear-cut effectiveness as he did enemy players in his four glorious years at Ohio State.

Nichols To Be Here For Golf Exhibition

A one-armed golfer par buster will appear at the Mayfair Inn Seminole Country Club golf course next Tuesday, Jan. 10, for an exhibition and will probably play the course with Lee Armstrong, pro at the local golf course and two amateurs.

JIMMY NICHOLS

Jimmy Nichols, the one-armed famous golfer to appear here, along with other great golfing personalities such as Bobby Jones, Jimmy Thomson, Lawson Little, Gene Littler, Jerry Barber, Marlene Bauer and Marilyn Smith is a member of A. G. Spalding's famous staff of golf consultants.

Four Athletics Send In Contracts

KANSAS CITY (AP)—The Kansas City Athletics received signed contracts yesterday from Vic Power, Hector Lopez, Alex George and Tom Saffell.

Power led the Athletics in batting with a .319 average last year, second in the American League.

Jimmy Nichols, formerly a right-hander, who lost his right arm, took a right-hand golf club in his left hand and succeeded in shooting the course of 72.

Jimmy shot his highest round of 1850 while on exhibition, a 77.

Key Men Leaving Posts With City, Says W. Knowles

"We're losing good men," City Manager Warren E. Knowles said last night at the first meeting of the Board of City Commissioners in 1934.

Faced with the loss of two key men in the City's staff of employees, one who has already tendered his resignation and another who has been offered a better position and plans to resign, City Manager Knowles faced the commissioners with his problems.

"The problem gets more acute every day," Knowles said as he explained that each of the men involved in the discussion had been offered salaries of \$15 to \$20 more per week than they were receiving with the City.

The commissioners, diving into the question through discussion, asked if any remedy had been proposed.

Said Knowles, "A schedule of salary classifications was prepared and submitted to the Civil Service Board over a year ago and was piecemealed."

Commissioner Jack Ratigan asked Police Chief Ray Williams, "Would such a schedule and classification help you?"

Williams answered, "It would help solve our problems."

Commissioner Patton announced that "we write the Civil Service Board explaining that the City has trained these men and that they answer as fast as possible." He said, "I don't know whether a joint meeting would help but we could sit down and talk over our problems."

Commissioner John Kridler suggested that "we look over our financial situation first and see where the money is coming from."

However, it was explained that any new schedule and salary classification would take effect at the beginning of a new budget year.

"The budget comes up in just six months and it's time that we start planning right now," said City Manager Knowles.

Cases Appealed To Higher Courts Discussed By City

A list of more than 25 cases appealed to a higher court from the Sanford Municipal Court was presented to the Board of City Commissioners last night as its first matter of business to be considered by the group.

Commissioner Earl Higginbotham asked, "What is holding up these cases?" In the discussion of these cases, including liquor arrests by City Policemen and liquor violations brought before the City Judge Higginbotham, the group don't see why we have to go along a year or more with these cases hanging fire." And he added, "More than \$500 has been spent and nothing done but throw a file on the Clerk of Circuit Court's desk."

Commissioner Jack Ratigan said, "I propose that we write a letter to each of the attorneys representing the City in these cases and ask for a report by our next meeting."

Higginbotham said, "It's embarrassing for us to face the

Home Repairs Do's & Don'ts

WRENCHES

Do... buy good quality wrenches, not merely because they will last longer, but because of the better service they will give.

Do... whenever possible, pull on a wrench, rather than push, in order to avoid banging your knuckles if the nut gives way suddenly.

Do... keep at least one adjustable wrench and at least two pipe wrenches in your workshop.

Do... remember that a pipe wrench is seldom used alone; in most cases, one pipe wrench is used for gripping, the other for turning.

Do... be sure that your wrench is free of grease before using it; a slippery wrench is an invitation to an accident.

Don't... ever increase the leverage of a wrench by placing a piece of pipe over the handle; you'll break the wrench, spoil your work or hurt yourself.

Don't... use a pipe wrench on a square or hexagon nut; it is made for gripping cylindrical objects.

Don't... forget that, when it is necessary to push a wrench, do it with the heel of your hand and with your fingers open.

Don't... overlook the use of a vise wrench (or locking pliers-wrench) when it is necessary to hold an object and yet not retain your grip on the tool.

WOOD BLEACHING

Do... for best results, use a commercial wood bleach even if you have heard that somebody did a satisfactory job with a home-made bleach.

Do... carefully follow the directions which come with the bleach you purchase, because there are different types applied in different ways.

Do... consider a trick sometimes used by professionals—bleaching the wood even lighter than necessary and then using just a touch of a non-grain-raising stain to give the wood exactly the right tint.

Do... cover such a stain with a coat of white shellac, diluted half and half with denatured alcohol, followed by varnish, lacquer or whatever finish you desire.

Do... be certain to remove all hardware from the piece of furniture being bleached so that the metal will not be marred.

Don't... forget that bleaching is the name given to the lightening of wood by the use of chemicals; it should not be confused with the lightening of wood by the application of a pigmented undercoat.

Don't... attempt to bleach over an old finish, which must first be thoroughly removed.

Don't... neglect a thorough washing of the wood after the bleaching is completed; the directions will tell you what to use for the washing.

WANTS PAPERS EAT

LOUISVILLE, Ky. (AP) — Wolf Diamond would like to have his \$300 sock, but he'd rather have his citizenship papers. A bandit, using a knife in the ribs as a persuader, took the money and papers from Diamond at his shoe repair shop. Diamond, a native of Lithuania who became a citizen about 40 years ago sobbed: "I'm worried more about my citizenship papers than the money."

BOME INVASIONS

FRAMINGHAM, Mass. (AP) — A recent outbreak of home invasions by robbers today led the Massachusetts Police Chiefs Assn. to issue the following recommendations:

1. Don't brag about how much money you have.
2. Don't leave doors unlocked after dark.
3. Don't open a door until you have turned on the porch light and found out who is calling.
4. Call the police at once.
5. Keep calm and memorize details of the bandit's clothing and appearance.
6. Keep money in the bank.
7. Don't be a dead hero.

Biggest Cities Try Desperately To Settle Problem

CHICAGO, W. — America's biggest cities enlisted record money outlays, science and ingenuity in 1955 in a desperate battle to stem the tide of growing traffic congestion caused by booming auto sales.

A survey of the nation's 25 most populous centers shows the problem is acute in all sections of the country. Cities are using every feasible means to cope with it, often showing little or no gain.

Los Angeles pushed its freeway construction program at a record clip, but city Traffic Manager Lloyd M. Bruff said the program still is too slow—new expressways are overtaxed as soon as they are completed.

Local traffic experts describe conditions as "a nightmare" during peak rush hours in Pittsburgh and "miserable" in Newark.

Despite millions poured into new roads and street widening projects, San Francisco says it is just keeping abreast of the growing traffic. The flow is no faster than eight years ago when the volume was 30 per cent less.

Virtually all the cities are building new multi-lane expressways. But this is not the only approach being tried.

Some cities are trying reversible one-way streets—toward downtown in the morning and away in late afternoon.

Buses are replacing the less maneuverable street cars.

City parking lots are multiplying and parking restrictions are growing tighter.

Some cities have an eye on helicopters, which can supply information on congestion to radio stations for broadcast to motorists.

Some major bridges will become double-decked.

Television promises to play an increasing role in spotting traffic jams.

Buses are making more mid-block stops, to alleviate congestion at intersections.

MAN FINDS REASON FOR GATHERING CROWD
LOS ANGELES W. — Harold Chester, 28, looked out his hotel window and saw a crowd gathering.

Curious, he left the hotel and discovered a young woman had jumped to her death from a nearby bridge. After a closer look, he exclaimed:

"My wife."

Police listed the death of Mrs. Belle Chester, 28, a suicide. The husband said they had come here recently from Dallas, Tex., and that his wife had been suffering from cancer.
