Turkey Prices Mean Meaty Holiday Meal

By DONNA ESTES Herald Staff Writer

Turkey, more than ever, will be the choice of most households in Seminole County for Thanksgiving dinner this year, especially with the favorable prices available at most local super markets.

An Associated Press survey showed that while the cost of most of the ingredients of a Thanksgiving dinner has gone up, turkey prices have dropped by about 30 cents a pound to an average of 49 to 69 cents.

Poultry producers, meanwhile are saying the reason for the decline is an abundant supply and are complaining they are losing money on their birds.

In Seminole County, prices are not only favorable on turkey, but also on most meats generally, priced well below last year at the same time.

Park and Shop market on South Sanford Avenue meat manager Leonard Deal said the current price at his store for turkey is 43 cents a pound, much less than last year and there is a plentiful supply on hand.

Eye Koel of the same store, said, on the other hand, cranberry sauce — another Thanksgiving tradition — is, along with all other products containing sugar, — up in price over last year.

Celery prices are also up over last year, but potatoes and onions cost less, she said.

Sanford Plaza's Publix Meat Manager Dick Heath said per pound prices on turkeys are down 20 to 30 cents right now. Butterball turkeys are now selling at 59 cents a pound. A shipment of other turkeys are scheduled to arrive and go on sale at the store over the weekend. The price on these birds has not as yet been established.

"As a matter of fact, the majority of meat prices is way below last year," said Heath. Ham is a particularly good buy, he said.

Canned food prices are up, he said, largely because of the shortage of cans as well as foods which have sugar as an ingredient.

"Forty-nine cents a pound is the price for turkey currently on sale at Meat World in Oviedo, the manager Joe Sgarlata said today, pointing to window signs touting the sale.

"We have all the turkey anyone could want. Do you want to buy a case?" Sgarlata said. As for the fittings that go with the turkey for dinner, Sgarlata said just about everything is up. "What isn't up over a year ago, except turkeys?" he asked.

The price of turkey will be advertised for sale at the Fairway Markets beginning Thursday, but is a secret right now, but Alexander Dow, meat manager of the Sanford store, promised that the price will be very inviting and much below last year's level.

The prices of meat have gone down in general, too, he said.

Poultry producers are claiming a loss of up to 42 per cent with the decline in prices. They said it costs about 35 cents a pound to raise a turkey and the producers are receiving about 28 cents a pound for the birds.

The supermarket prices for the birds vary according to size.

These Kids Know All About Inflation

CENTRALIA, Ill. (AP) — About 200 Centralia third graders sat down to define something that's been a central problem for their elders lately: inflation.

With their concrete grasp of things, the youngsters came up with answers considerably more graphic than those of the experts who have been grappling with inflation.

"To me inflation means food prices going up. For one week plums cost 45 cents and the next week they were \$6.65. That's ridiculous," said Tuiya. "Even though I am in the third grade I know what's going on."

"What's inflation?" "When you go to the cash register with the buggy and you have to put some groceries back," Erica said.

"To me inflation means high rising prices...Boy, even bubble gum has gone from a penny to two," Jobnetta declared. "We're going to have a depression yet."

Peter would sooner you didn't ask: "Inflation is very bad. You shouldn't talk about it. Somebody might get mad. Don't talk about inflation. You might start a bad conversation. You hear it on the news."

Some kids hinted at solutions: "I went to the store and bought a pint of milk. The milk cost 11 cents and I went back there again and it cost 20 cents," Dwight. "I got so mad I could have eaten a cat and a dog."

Said Kevin in despair: "I don't like inflation. I just don't have the money."

County Again Considers Waterworks Rate Hike

By BILL BELLEVILLE Herald Staff Writer

Seminole County commissioners will consider once again Tuesday night a request for an increase in rates from General Waterworks.

And for the first time, newly elected commissioner Harry Kwiatkowski will be sitting on the board, instead of former Fourth District Commissioner Greg Drummond.

The proposed increase to be presented at a 7 p.m. continued meeting would double, and in some cases triple, present bills for customers.

According to county utility consultant Harold Hartsock, a typical Waterworks customer would have his bill increased from \$4.22 to \$6.24 and his sewer rates from a \$3 minimum to a \$10.87 minimum.

The total monthly increase for the average customer would jump from \$7.22 to \$16.89.

The commission, acting as the County Utility Control Board continued the public hearing from last month because three of the firm's chief witnesses could not attend the meeting then.

At the hearing last month, commissioners also asked the utility company for more information on their operations, including:

- a breakdown of personnel by name and salary
- a determination of how much money from Seminole and Seminole customers is going into the firm's main office in Miami
- comparison of rate schedule for Orange and Seminole customers
- figures to indicate number of gallons used by Seminole customers, as compared to that used by Orange customers in a 12-month period
- The utility firm serves an area in the county south of Lake Howell Road, and east and west of SR 436 to the county line. There are 1,995 sewer and 2,520 connections in the county.

Customers, unhappy with the proposed rate increases are expected to be on hand to register their protests.

Also Tuesday, the commission will take action on a dredge and fill application for Lake Mills park. The 50-acre lake front land is one of several Seminole county parks in various stages of construction.

Funds for the purchase of 50 acres around Red Bug Lake were approved by the state last week and the county hopes to acquire the land within several weeks. Lake Sylvan has 120 acres and Lake Jessup has 300 acres earmarked for park land.

During their daytime meeting Tuesday, commissioners will hear a presentation by the Library Facility Advisory Committee.

Family Homeless After Fire

A Lake Monroe family is homeless today after a Sunday morning fire destroyed their residence.

The fire, which investigators said may have erupted in the kitchen, nearly took the life of 14-year-old Teresa Patingale, who was asleep at the time.

Her 18-year-old brother, James Strickland, had arrived home moments before the flames burst through the mobile home. Smelling smoke outside, and saw the flames. He was not aware his sister was at home, until he heard what he thought were her screams. He shouted to her through her bedroom window, and pulled her to safety. The screams were those of one of the two family cats, both of which died in the fire, along with the family dog.

Mr. and Mrs. James Patingale, and four other children were visiting friends at the time the 2 a.m. fire broke out.

Members of the VFW, Fleet Reserve and Knights of Columbus, all of which Patingale is a member of, spent Sunday collecting clothes, furniture and money for the family. Patingale was uninsured. The Patingale family will move in with relatives in the neighborhood, until other arrangements can be made. Fleet Reserve has opened an account at Florida State Bank for contributions made to the family.

Walkathon Nets \$19,800

The blister count isn't in yet but otherwise Sanford's weekend March of Dimes Pledge Walk was a success by any standards.

The marchers, some 912 in number — an increase of about 400 over last year — collected \$19,800 in pledges for the March of Dimes and probably, a lot of sore "dags."

Officials of the "exercise" reported that most of the 912 who participated finished and one unidentified hiking enthusiast toured the course in three hours.

Along the way the walkers consumed an enormous amount of Pepsi Cola, hamburgers from MacDonalds, pastries from the Ranch House and ice cream from Winn-Dixie, according to Sally Gross, a March of Dimes public relations official and walk coordinator.

Ford's Tokyo Visit Protested

TOKYO (AP) — Some 400 helmeted radicals clashed with armed riot police today as President Ford arrived in Japan and about half of them were arrested.

Another 2,000 demonstrators shouted anti-Ford slogans.

The outburst took place two miles from the airport where Ford landed for the briefest of welcomes and did not mar the ceremonies. Ford then took a helicopter to downtown Tokyo for an overnight rest in a heavily guarded palace.

After a 15-hour flight from Washington across the International Date Line, the first American president to visit Japan scheduled a 17-hour respite to rest up before calling on Emperor Hirohito Tuesday and opening talks with Prime Minister Kakuei Tanaka.

To minimize the chance of interference by radical leftists, neither the president nor Tanaka went to the airport, and the arrival ceremony there lasted only 11 minutes.

Busloads of carefully screened Japanese waved American and Japanese flags and applauded as Ford left Air Force One and shook hands with U.S. Ambassador James Hodgson, Takeshi Yasukawa, the Japanese ambassador to the United States, and Japanese protocol officials.

Howitzers fired a 21-gun salute required by protocol, and the President waved to the crowd as he was escorted to a waiting helicopter for the 10-minute trip to the Wasekaka Palace in downtown Tokyo.

Leftist demonstrations against the President's visit have so far been largely non-violent. But the government threw a massive security screen around the presidential visit, with 25,000 Tokyo police on full alert and another 100,000 on standby orders in other parts of the country.

The threat of demonstrations and the uncertain political future of Prime Minister Tanaka, who is accused of using his official position to profit financially, caused some questioning of the value of Ford's trip. But at a send-off ceremony on the White House lawn, the President said he was making his "first trip overseas as President with full confidence that this timely undertaking is in the highest national interest of the United States...."

Secretary of State Henry A. Kissinger, who was with Ford, told reporters aboard Air Force One that no decisions are expected to emerge from Ford's four days in Japan. He said the aim is to expand on current good relations and determine how the "United States and Japan can work together on a global basis."

Farm-City Week Market Days Near

All farmers are welcome to participate in the Greater Sanford Farm City Week farmers market, Tuesday and Wednesday of next week. This invitation was jointly issued today by the Greater Sanford Chamber of Commerce and two area merchants associations.

The two-day farmers market, Nov. 26 and 27, will feature in-season produce on sale at both the Sanford Plaza and in the downtown Sanford business district along First Street from 10 a.m. to 5 p.m.

Any local grower wishing to participate should contact either Frank Jass, the Seminole County Agricultural agent, Cecil Tucker of Tucker Farm and Garden Center, or the Chamber of Commerce. Volunteer workers will be available to sell the produce and the farmer need not be present during the two-day event.

Among produce available will be cucumbers, celery, beans, squash, eggplants, peppers, and carrots, along with starter sets for the do-it-yourself farmer. Ornamental plants, honey, and fancy fruit, ideal for gifts are also planned.

This is the first such venture in the Sanford area, and is a prelude to an expanded farmers' market scheduled for next spring.

DEAR ABBY Hairnet Law For Men, Too

DEAR ABBY: I work in the kitchen of a restaurant and the law says all WOMEN have to wear hairnets...

Avid 'Moby Dick' Fan Revives Scrimshaw Art

New York (NEA) — Diamonds may be "best friends" for some girls, but for Barbara Johnson it's always been whales.

Barbara Johnson displays modern scrimshaw etched on a plastic 'whale's tooth'

"The most likely to be hidden away are scrimshaw juggling wheels (pie crust crimpers), corset busks (stiffeners) and swivels (yarn winders) of ivory etched with whaling scenes or romantic themes."

DR. L. E. LAMB Up Exercise Little Help For Reader

DEAR DR. LAMB — In your column you advised a small lady to build some muscles. How do you do that? I am past 50, 5-foot-4 and only weigh 107, but have no stamina.

"Classes at the Museum of American Folk Art are featuring this new legal way to revive classic scrimshaw designs, along with instructions in other American folk arts. With the Moby Dick Scrimshaw Kit, for example, a crafts enthusiast works on a simulated sperm whale's tooth to etch a scrimshawed sailing ship."

Lyman High Presents Henry VIII

By ELDA NICHOLS Herald Correspondent

The terror of the Tower of London and tales of racy royal romance in dark castle corridors will be conjured up by Lyman High School Drama Club players next month as they assume the roles of notorious Henry VIII and his six wives for a dramatic production of "Royal Gambit."

Two Anne Boleyns — Valerie French and Juli Hagler — with director Cher Stempler

The highly intellectual play is a first for the Lyman High Drama Club and a change of pace from the musical comedies presented the last few years at the Longwood school. The double cast is now in rehearsal for performances to be presented Dec. 4, 5, 11, 12 and 14 at 8 p.m. and Dec. 7, a matinee performance at 2 p.m. in the school auditorium.

Lyman drama teacher Ms. Cher Stempler, who is directing the play, was in the original cast while a student at University of South Florida, so has first hand experience to enrich to the production.

Russell G. Whaley is the set designer and the student cast is thrilled about renting the 16th Century costumes for the play from a professional costumer.

"Royal Gambit" is modern in concept and the imagination of both actors and audience are called into play in the absence of real props.

Advance reserved seat tickets are available and proceeds will go into the drama club treasury to purchase stage equipment and finance the next play scheduled for the Spring.

Parents are urged to have their child's schedule and teacher's names so procedures will go smoothly.

Future Homemakers of America (FHA), Lyman High School Chapter, recently hosted the District 6 HERD meeting. Checking the program are (from left) Mrs. Zula McLeod, Lyman home economics teacher; Rolanda Morey and Cindy Hykaski, FHA members. (Herald Photo by Elda Nichols)

MIDNIGHT SUN FURNITURE CORP. SANFORD PLAZA NOW OPEN

LEE GEIGER Pinney Takes On Rossman In Battle Of Undefeated

One of Central Florida's most popular fighters John Pinney will take his boyish charms and undefeated record to New York on November 22 and do battle with "The Jewish Bomber" Mike Rossman.

It will mark the third time within a month that one of Florida's unbeaten, fair-haired boys has sought out Madison Square Garden when he was ready to take on a name opponent.

I hope the good looking Pinney will fare better than his two predecessors since both were easily defeated. First Vinny Curto and then Mike Koranicki saw their win streaks broken and in rather easy fashion.

I was unable to question Pinney's manager, Lou Viscusi, as to the reason for this sudden exodus of Florida fighters to New York rings. He couldn't answer that, but he did explain Pinney's thoughts behind this apparently ill-advised move.

"New York asked me if I wanted the fight (with Rossman) and I told them 'no', but I would talk it over with John," Viscusi explained.

I went to John, Lou continued, "and told him, 'they want you because they figure they can take you. This Rossman and his people are smart. He took his mother's maiden name so he could appeal to the Jewish fight fans in the north-east. He is pretty good right now and it looks like he is getting better with every fight. It will be tough to beat him up there and they don't think you hit hard enough to stop him. I think it's not in your best interest to take it but if you want the fight I will get it for you.'"

Viscusi then finished by telling me, "I told him what I thought but he wanted the fight because John Pinney believes in John Pinney. The kid thinks he can win and who am I to argue?"

I believe in John Pinney too. But not in this fight. I have to believe our Southern Middleweight Champ will lose for the first time in 28 fights and Rossman will run his unbroken win streak to 18.

Florida's Oliver Wright was stopped in nine rounds by Oscar Bonavena over in Rome. The bout was described as "very slow," a term that seems to follow all of Wright's efforts. Mike Quarry seems to be back in the Pete Ashlock fold as he is scheduled to meet Terry Daniels in Houston on the Nov. 19 and then take on Bobby Rascon a week later in New Mexico. Asklock will promote both bouts. Vinny Curto's fight with Rodrigo Valdez, the W.B.C.'s middleweight title holder, was far from an artistic success. Curto ran all night while the fans sat in their \$15.00 seats and hooted at the lack of action. Valdez got the lip-sided decision, but Curto was able to claim he won the distance with a champion and the fans got "look". The under card to the Valdez-Curto walk was exciting but disastrous for the Summerhayes family of Canada. Both Johnny and Terry Summerhayes were stopped in the sixth round by the Benitez brothers, Wilfredo and Frankie. The light heavyweight Summerhayes, Gary, also tasted defeat when he dropped a split decision to Pedro Soto in a close eight rounder. In the opening bout Mike Rossman took the measure of Mike Morgan with a unanimous decision. Look for the Ali-Foreman tape on A.B.C.'s Wide World of Sports on the 23rd of this month. Bobby "The Bodyguard" Lloyd's famous temper is back in the news. It seems the Florida light heavyweight went over to Rome to appear on the same card as Bonavena and Wright. Lloyd's opponent was the former Italian Light Heavyweight Champion, Domenico Adinolfi.

The two refused to stop fighting when the bell rang ending round one. Soon their cornermen were into it and a riot broke out that took the police to stop. The final Verdict was "No Contest". Ernie Shavers appeared in New York for the first time since he was bombed out in one round by Jerry Quarry. The power punching Shavers was upset by Bob Stallings on a unanimous 10 round decision. Look for Central Florida to be the scene of two professional matches in early December. Tampa figures to go on the 2nd with the United States Middleweight Champion, Tony Licata going up against "Irish" Gene Wells of Mobile.

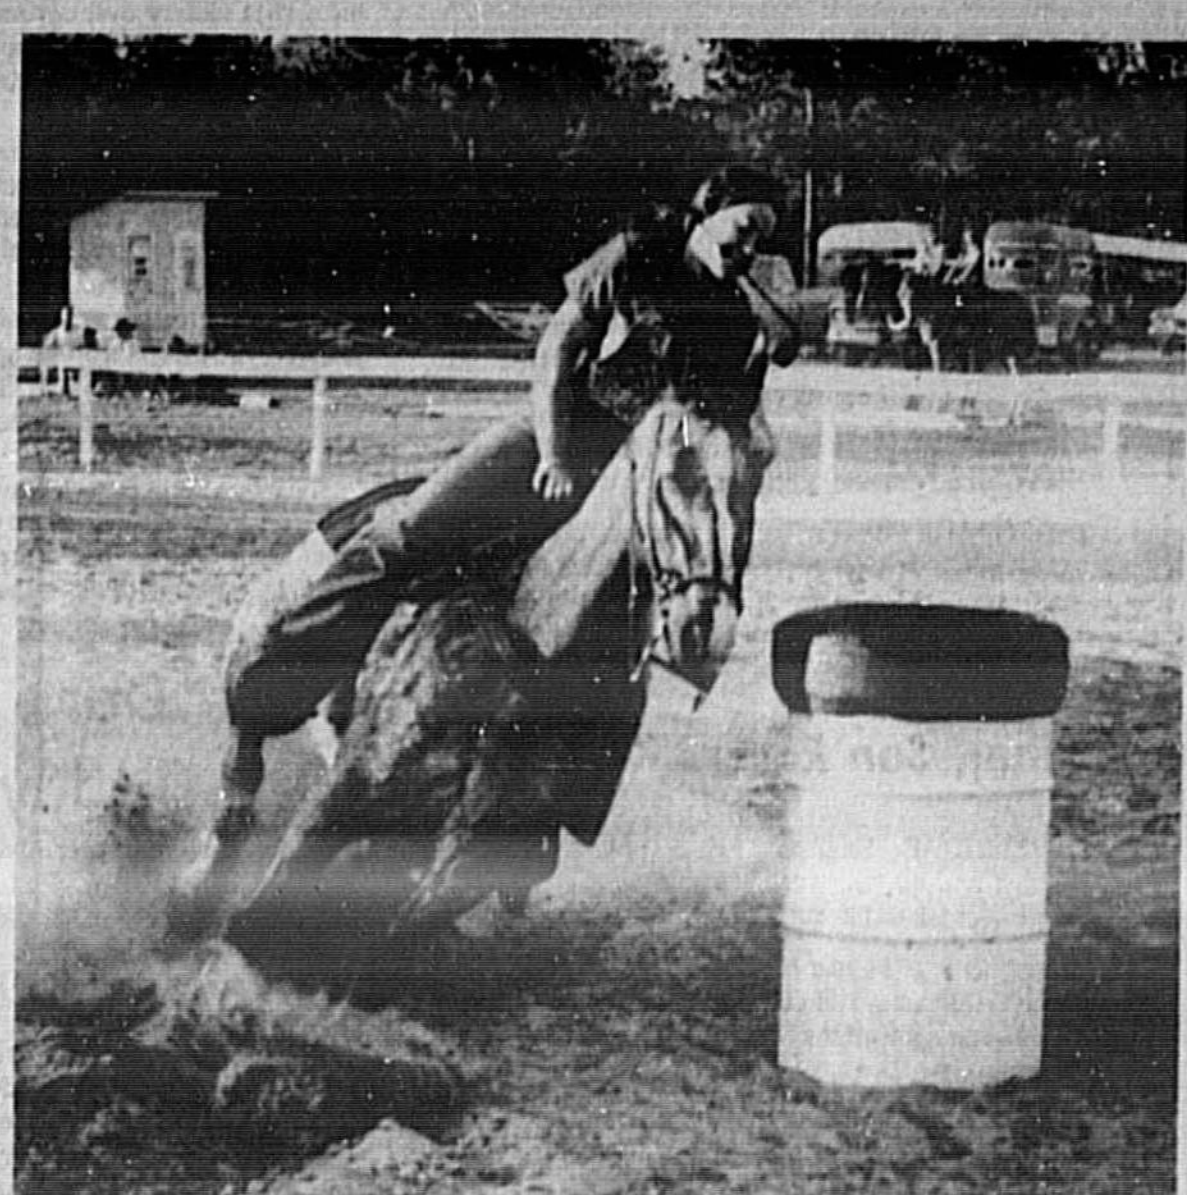

Pinneaste tight end Robert Sanderson heads up field after pulling in a pass.

Football Holds Court Cincinnati Bengals linebacker Bill Bergey plays a game of tennis. Bergey plans to jump to WFL in 1975 — if it's still here.

Over 300 horsepeople turned out for the second Dusty Boots Horse Show of the season at their arena near Paola on Sunday. During the day-long activities, riders participated in events like "Barrel Racing" shown here, and were evaluated by Judge Fred Burnett of Orlando. The next show will be held on Jan. 19 at 10 a.m. Seminole county riders who received awards for their performance in the show, are cited in the Scoreboard on this page (Herald photo by Linda Stephenson)

Gators Sugar-Logged

GAINESVILLE, Fla. (AP) — The devastating 41-24 loss to Kentucky on Saturday left Florida with a 7-3 record and a Nov. 30 regular season game left against Miami. Nebraska has two losses and still faces top ranked Oklahoma before meeting Florida in the Sugar Bowl on Dec. 31.

"We're going to finish the season in the spirit of Fighting Gator football," Dickey pledged. "I'll guarantee you nobody is saying this season is over by any means."

The early bowl invitation boosted the incentive of Georgia and Kentucky for upsets over Florida the past two Saturdays, Dickey said. "But I don't think it has affected our team in the desire to play in the clutch, we have just not performed. It's something I'm not happy with at all."

Mistakes were costly to the Gators after they led Kentucky 17-0 in the second quarter on a 17-yard touchdown run by full-back Jimmy DuBoise, a 42-yard Don Gaffney pass to Lee McGriff for another touchdown and a 22-yard field goal by David Posey.

Eastbrook loses in Kumquat Bowl

ORLANDO — Poor defensive clipping call held the Rams and took over at their own 12-yard line.

After picking up a couple of first downs the Cobras punted, forcing the Rams back to their own 31.

Fadem once again tried to use the passing lanes to get the Rams offense moving but the Cobras Mike Stephens intercepted and ran it back to the Ram 10.

After Stephens completed a screen pass to John Harvey, he called his own number and swept around right end for the first six points of the contest.

The extra point was picked up by Brian Barganier and the Cobras took a 7-0 lead that they held till halftime.

At this point the Cobra defense stiffened and aided by a clipping call held the Rams and took over at their own 12-yard line.
