

### Red Cross Goal Is Within 83 Percent Of Being Attained

A total of \$7,004 has been received in the Red Cross drive in the business section; 98.7 percent of the goal of \$7,089. It was announced today by Mrs. Velma Gonzales, chapter secretary-treasurer.

Of the total Sanford contributed \$4,470 of which \$205 came from the business section; \$687 was advance gifts; \$1,827 was donated in the residential section; \$911 by special groups and \$170 by the Negro division.

The county area contributed \$1,084 to the drive and the Sanford Naval Auxiliary Air Station more than \$114.

In the county the following contributions were received: Ovidio, \$468; Altamonte Springs, \$379; Slavia, \$206; Longwood, \$242; Fern Park and Casselberry, \$181; Geneva and Lake Mary, \$148 each; Lake Monroe, \$65; Bear Lake and Forest City, \$48; Paola and Markham, \$29 and Chuluota, \$19.

The Rev. H. L. Zimmerman, chapter chairman, announced that plans are being made for a meeting of the chapter at the Yacht Club on Thursday night, June 26, at 8:00 o'clock. Members of the board of directors will be elected. The public is invited to attend.

Thomas Stringer is in charge of a Red Cross water safety program which was started Sunday at the Municipal Pool.

### HOLLYWOOD

**By BOB THOMAS**  
HOLLYWOOD (AP) — This interview with Glenda Farrell could be approached from four different angles:

1. Why she prefers New York to Hollywood.  
The smart-cracking blonde who brightened many a Warner film in the 30s is back in Hollywood after a five-year absence. Now playing a role in "Apache Trail," she waxed nostalgic about the old days in pictures. But she hadn't missed the movie routine a bit.

"I have too much fun in the East," she said. "Whenever things get dull, I can always do television or a play. I don't miss my old pals, because I see more of them in New York than I would if I were here. You go to a restaurant in Hollywood and you don't see anybody but agents and producers."

"There's no social life here any more. The only time you see people is when someone throws a big party, and they can't afford to do that any more."

Another reason she chooses to live in New York, her husband, Dr. Henry Ross, has a big practice there. He's the fellow who came to treat her sore throat during a play and ended up by marrying her.

How she prefers the stage to movies.  
Glenda is a battle-toughened veteran of the film business, but when her contract at Warner's ended in 1949, she chose to make the stage her primary career again.

"I went through the mill here," she recalled. "I think I did 20 pictures in my first year at Warner's. Sometimes I would be in three pictures that were shooting at the same time. It was good experience, but I preferred to go back to the stage."

"There's something more satisfying about working in a play. You get that immediate response from the audience, and you feel that your performance is your own. In pictures, you get frustrated because you feel you have no power over what you're doing."

"If you've built up a name, you can always go out every year and play summer theaters. And during the season I generally took any play that showed any promise. Even if it looks like a flop, some good might come of it. 'Life Begins' played only seven performances, but it was the show that got me my first movie contract."

How she likes television.  
"I'm wild about it," she enthused. "I guess I've played about every dramatic show and I'm always doing a panel."

What about the rigors of live TV, which have caused many a movie name to swear they will only do TV on film?  
"It's tough work, all right," she admitted, "but I love it. It's not easy for movie people, because they have to remember all their lines. Also, they have to learn how to conserve their energy so they can sustain a performance for an

### Rossetter Among Those Graduating From Princeton

PRINCETON, N. J. (Special)—Princeton University, celebrating its 205th commencement with ceremonies dating back more than two centuries, tomorrow morning on the tree-shaded north campus will confer 1,000 advanced degrees upon 921 persons, the fourth largest group ever to receive degrees from Princeton at a single graduation exercise.

Before nearly 6,000 persons in the "Commencement Amphitheater," Dr. Harold W. Dodge, President of the University, will present eight different kinds of degrees, ranging from bachelor degrees in the liberal arts and engineering, to Masters of Public Affairs in the Woodrow Wilson School of Public and International Affairs, to doctorates of philosophy.

Residents of 41 states, the District of Columbia and 12 foreign nations will be among the 870 seniors who will complete their undergraduate careers tomorrow. The list of honor graduates includes three Rhodes Scholars—Robert W. Bellwirth, Detroit, Mich.; John R. Brink, Baltimore, Md.; and Hugh A. Burns, Denver, Colo., as well as Richard W. Kasmaier Jr., Maumee, Ohio, All-American football player and one of the outstanding athletes in Princeton's history.

One of the 99 doctoral degrees to be conferred tomorrow will be awarded posthumously to Tor B. Robert, a graduate student of exceptional promise and a former pilot and flying instructor in the Royal Norwegian Air Force, who died last February as a result of injuries sustained while sking near Mt. Washington, N. H. Staver, 30 years old, was studying Physics at Princeton on a fellowship awarded by the Royal Norwegian Council of Industrial and Scientific Research.

The list of graduating seniors from Florida follows: James A. Wright, Coral Gables; John D. Fox, Gainesville; Philip B. May Jr., Frederick II. Schultz, Joseph W. Shands, Gilbert B. Stockton, Jacksonville; Michael Mahoney, Miami Beach; George P. Garrett, Orlando; Ronald H. Wideman, Palm Beach; and Frederick N. Rossetter, Sanford.

**WORK PLAN OFFERED**  
LANCASTER, Pa. (AP) — Two unusual proposals have been offered to employees of the Hearings Co. of America during negotiations for a new contract.

The company, which has not been struck, Monday offered Local 1035, United Steelworkers of America (CIO) a 5 per cent increase in male employees for each dependent child under 17 and a preferential hiring plan for widows of employees who die while actively working for the company.

There are some 330 production employees in the single company plant. The union did not indicate what action would be taken on the proposals.

### Steel Strike

(Continued From Page One)  
to shut down its 3.5-inch rocket plant at Lansing, Mich., on June 23. A spokesman said, however, the company will continue production of 90-millimeter high-velocity tank cannon and loading up to produce internal working parts of the Sapphir jet aircraft engine.

In Detroit, it was reported the Ford Motor Co. may be forced to close down production of 100,000 cars before the end of the week because of a shortage of tubing blamed on the steel strike.

Officials of the General Motors Corp.'s Cadillac tank plant at Cleveland said it has enough steel for from 10 days to two weeks of operation.

The government has been assured by Philip Murray, president of the CIO and the USW, "Count on us to produce the essential military products necessary to carry on our fight against the menace of Communist aggression."

Murray has directed a 4-man committee of the USW to help work out an acceptable plan for defense needs for steel. So far the government has announced no specific way of achieving this output, although it said a plan had been worked out to transport steel stored in truck warehouses to weapons manufacturers.

### Plane Attack

(Continued From Page One)  
said he was jumped by the two Soviet fighters about 60 miles off the Soviet - held Estonian coast, in an area where the Russians are reported to be hiding vast sea and air munitions.

Six of the plane crew were flown back to Stockholm Monday night to appear before an inquiry board of high air force officials. The seventh, who had been shot in the arm, remained in a Hango hospital.

Editorials in Stockholm newspapers of all political shades bitterly assailed the Russian attack as "piracy," "gangsterism," and "senseless terrorism."

### Heat Spell

(Continued From Page One)  
Temperatures ranged from 50 to 100 degrees along and east of the Mississippi River to the Atlantic Coast with the exception of the New England states.

It was 104 in Springfield, O. St. Louis simmered through a second consecutive day of 101-degree temperatures. There was some hope of relief today to end the 12-day heat wave.

Readings continued at record highs in most of the South, with 100 above marks in many areas. Arkansas has not had a major rainfall in 25 days. Washington's top mark was 93 and Philadelphia averaged in 92-degree heat. It was 94 in Harrisburg, Pa., and 93 in Pittsburgh.

New York and Newark, N. J., were comparatively cool with high marks of 84 while in New England the maximums ranged from 64 in Caribou, Me. to 84 in Boston.

### TO PROBE INCIDENT

BUENOS AIRES, Argentina (AP)—Argentina has promised Brazil to investigate thoroughly recent border incidents between the two countries that led Brazil to reinforce her frontier troops.

The Rio de Janeiro government had accused Argentine border police of killing and kidnaping Brazilian citizens in Brazilian territory.

The conciliatory Argentine reply Monday, said the incidents were due to "common faults" and may have resulted from the "energetic repression of crime." It promised to curb Argentine officers in the future.

An atom of heavy hydrogen is called deuterium.

### Anti-Aircraft

(Continued From Page One)  
was announced Monday by the Defense Department after a conference of civil defense directors from all states and territories.

Smith estimated from 50 to 80 volunteers will be needed to man each of the thousands of posts. Their special job will be to spot planes flying at 200 feet—those difficult to pick up on radar.

The network of lookouts will be co-ordinated with the Canadian air defense program.

Observers will be spotted in 27 states stretching from North Carolina northward to Canada, westward to the Pacific Coast and southward to San Diego.

### CARD OF THANKS

Mrs. Fannie Jones of 1201 West Thirteenth Place wishes to take this opportunity to thank her neighbors and friends for their kindness to my husband and me during our illness. I especially wish to thank the Rev. A. C. McQueen, the Choir No. 1 and the two clubs of New Mt. Calvary Baptist Church for their kindness to us and we ask that the Church please pray for us that we will continue to get stronger.

Adv.

### VENIET CHANGE SOUGHT

TAMPA (AP) — John W. Cliffe Jr., accused of torturing and hanging his 4-year-old stepson, asks that he be tried away from his home county of Hillsborough.

He and his wife are charged with beating, starving and finally hanging Wayne Dolman. They are under first-degree murder indictment.

Cliffe asked the court for a change of venue because of a "mountain of distorted publicity" by Tampa newspapers and because of remarks by State Attorney J. Rex Farrow and his assistants.

## Taft Favors 15 Per Cent Cut In Taxes

### Hits At Excessive Expenditures And Decries Influence Of US "Land Generals"

WASHINGTON (AP)—Sen. Taft of Ohio said today he is willing to place a straight 15 per cent cut in taxes "if he becomes President. The Ohio senator, a top contender for the Republican nomination, said he considers taxes at present levels to be inflationary. Taft told a breakfast conference of business paper editors that he believes he could bring government spending down to around 70 billion dollars in the first year. It is now running about 85 billion. In the second year, he said, the budget "ought to be cut to 60 billion"—40 billion for the armed forces and 20 billion for domestic purposes. "I think that can be done," Taft said. "If so, we can have a 15 per cent cut in taxes."

In his speech, Taft hit again at "land generals" he said are dominating Pentagon thinking, and repeated his demand for a supreme air power to stop Russian aggression.

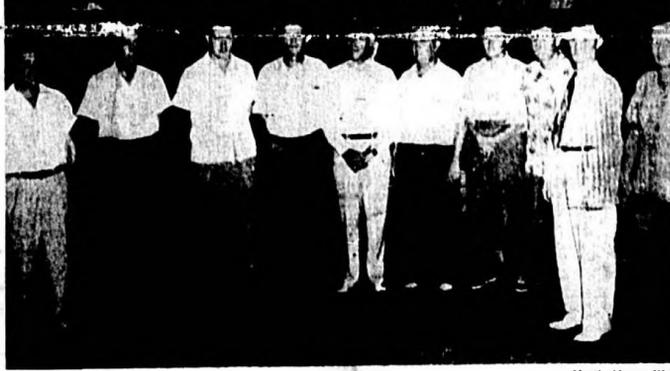

As for keeping American troops on the continents of Europe and Asia, the senator told the editors: "I don't think we should do it as any permanent policy."

He also said he doubted the advisability of any permanent law designed to meet such things as the present steel strike.

"I don't like a permanent law that gives the government the power to take wages, or order compulsory arbitration or seize," he said.

"If you set up a permanent law based on compulsory arbitration, you invade a large field of economic freedom and bring an end to collective bargaining. . . I think there are worse things than strikes, and one of them is the destruction of freedom."

If Congress does decide to legislate in this field, Taft said, (Continued on Page Eight)

The Fleet Reserve Association held their installation of officers and presentation of charter at the Fleet Reserve Armory in Sanford last week. T. A. Davis, past regional vice president of Branch 91 was the installing officer. Z. C. Hanrahan was elected as president of Branch 147. George Powell vice president, and H. D. Robinson secretary, treasurer. Elected to the board of directors were J. J. Davis, J. Clark, E. W. Bauer, C. B. Simpson, and J. C. Shriver. J. C. Brown, USN retired, was presented with the most meritorious award. Members from Branches 91, 117, and 120 were present at the installation exercise. Branch 147 was organized by D. M. Thompson, ADC of the 1st Squadron 31, Cavalry Air Group Three. From left to right are J. C. Brown, J. C. Shriver, J. Clark, D. M. Thompson, T. A. Davis, Z. C. Hanrahan, J. J. Davis, E. W. Bauer, H. D. Robinson, and G. Powell.

## Harriman Tops Kefauver In DC Voting Tuesday

### All-Out Supporter Of Harry And FEPC Ex-honorary Winner

By The Associated Press  
Averell Harriman parlayed all-out support of President Truman and civil rights to a runaway victory Tuesday over Sen. Estes Kefauver in the District of Columbia Democratic presidential preference race.

It was Harriman's debut at the ballot box. Now mutual security administrator, he has served in many appointive government posts but never before sought election. He won two prizes: The District's six votes at the July 21 Democratic presidential nominating convention and the prestige of beating the vote-getting senator from Tennessee.

Kefauver has won all but one of 13 previous presidential primaries—that one being Florida's on May 6, topped by Georgia Sen. Richard Russell.

Harriman claimed President Truman's approval—but not formal endorsement of his campaign. The President reportedly said, although he has said all the good men and qualified for the presidency.

Complete returns from the District's 45 precincts gave Harriman 14,075 to Kefauver's 3,377. There were the only names on the ballot. Write-ins included 95 for Russell, 150 for Illinois Gov. Adlai Stevenson and 50 for President Truman.

The vigorous campaigns waged by Harriman and Kefauver were a treat for normally voteless District residents. The record turnout more than doubled the Republican primary's 7,567 vote last month.

Kefauver still leads the pre-convention race for delegate strength, as tabulated nation-wide by The Associated Press. With 616 needed for nomination, Kefauver has 236 to Russell's 114 and Harriman's new total of 915.

There was very little smoke rising from the Republican camps. The top contenders—Clayton Kistner, Eisenhower and Ohio Sen. Robert Taft—were in Denver and Washington, respectively.

Eisenhower was meeting with GOP leaders in Oregon and Arizona after talking Tuesday with delegates from Colorado, Utah and Wyoming. His strategy in these states is still a matter of speculation.

Kefauver still leads the pre-convention race for delegate strength, as tabulated nation-wide by The Associated Press. With 616 needed for nomination, Kefauver has 236 to Russell's 114 and Harriman's new total of 915.

## Florida Crewmen Of Bomber Record Impressive Kills

### Attack Squadron 35 Proved Its Might In Korean Theater

TOKYO (AP)—Three U. S. bomber crewmen who have flown 20 non-stop missions as a team were credited today with killing 250 Reds of 500 planning to attack a United Nations position on the Korean west coast.

Air officers said it probably was the most successful one-plane blow of the war.

The airmen are: Lt. Robert L. Mosley, pilot, son of Mr. and Mrs. Z. T. Mosley, Stuart, Fla.; his wife, Carol, lives at 525 E. Prudie, West Palm Beach, Fla.; and his brother, Comdr. Strip Artist Zack Mosley, in Miami.

Cpl. Robert Virkakis, gunner, son of Mr. and Mrs. John Virkakis, Grand Rapids, Mich.

Capt. William R. Sanders, navigator, Abilene, Tex.

Mosley gave this story of the recent single B-29 raid:

"We were called in to hit this area on the Korean west coast. Our forces were equipped with a bit of fuel, but the concept which was an island by day and a minefield at night when the terrific tides receded.

"The U. N. troops on the ground told us about 500 Reds were massing for an attack across the mud flats. We made a couple of passes to locate them and then dropped two bombs.

"The troops down below told us we were right on target. So we made eight more passes, dropping bombs and plastering the area with the 14 machine guns on a B-29. Our boys down below got pretty excited."

We left at daylight and returned the next night. The U. N. troops told us they had investigated the area we hit and found we had killed about half the 500 Reds, knocked out their command post and artillery and mortar positions. "They were pretty happy about it."

## Conger Of Air Station Heads Fighter Group

### Attack Squadron 35 Proved Its Might In Korean Theater

U. S. Navy Photo  
Lt. Comdr. James W. Conger is at present heading Attack Squadron 35, which is one of the oldest and most decorated squadrons in the Atlantic Fleet. He has recently received Lt. Comdr. J. G. O'Brien, who was transferred to Washington, D. C. Department of the Navy.

Lt. Comdr. Conger, who joined VA 35 in February of 1951, is a graduate of the U. S. Naval Academy at Annapolis, class of 1942. Immediately after leaving Annapolis, he served aboard the USS Chatham as Gunnery Officer. From there he went to the Naval Air Station, Pensacola, where he received his flight training.

Assigning him in the task of commanding VA 35 is the Squadron Executive Officer, Lt. Comdr. H. S. Strong. Also an Annapolis graduate, Lt. Comdr. Strong has been with VA 35 since December of 1951.

Attack Squadron 35's history is truly one of fame and achievement which dates all the way back to the year 1933. The squadron insignia, which is a crescent moon and a star, was first introduced at this time and has remained with the squadron all these years.

In the year 1934, VA 35 was known as Bombing Squadron 3 and operated aboard the USS Saratoga from 1939 to December of 1941.

Following their tour of duty with the Saratoga, Air Group Bombing Squadron Three left the USS Saratoga and transferred to the USS Enterprise, the USS Essex, and was operating aboard the USS Yorktown when the (Continued on Page Four)

## Lewis To Help Steel Strikers With Millions

### Mine Worker Boss Declares His Union Is 'In Fight With You' On Present Impasse

WASHINGTON (AP)—John L. Lewis told the striking CIO Steelworkers today his mine workers are "in the fight with you" and said his union is getting up a 10 million dollar fund to help them win their strike.

Lewis, head of the 100,000-member Mine Workers Union, pledged the full support of his union in a message to Philip Murray, leader of the CIO unionists who walked off their jobs 17 days ago in a dispute over wages and a union shop.

The Mine Workers' chairman said Murray's Steelworkers are engaged in a fight with "rapacious and predatory interests" and he is confident the Steelworkers will win their objective "by the strength and fortitude of your great membership and by the legitimate support of America's labor."

Lewis said any attempt to invoke the Taft-Hartley Act to stop the steel strike would be "a heinous crime against American labor, an insult to the concept, and possibly destructive of confidence in the principles of our American republic."

Murray's union could draw on the 10 million dollar fund as needed to finance its strike and could repay it whenever able.

Lewis spoke up shortly after Lemmon Stahlizer Roger L. Putnam reported that the steel industry has been assured "friendly and sympathetic" consideration of a steel price band if a strike settlement is achieved.

Putnam told a news conference that he and John H. Steelman, acting defense mobilizer, discussed a \$150 a ton increase during the negotiations which broke down 10 days ago.

Putnam said the figure was necessary "among other things, to make up for the loss of the 'Festina' tonnage—perhaps designed to pad for a settlement of other developments."

The 17-day strike of 650,000 CIO Steelworkers was beginning to pinch munitions production seriously. A plant at Cleveland halted making of mortar shells and two firms at Detroit said they would soon have to stop making rockets.

In addition to the strikers, more than 100,000 workers in allied industries were idle because of lay-offs.

2. White House talks were going (Continued on Page Six)

## Swedes Charge Red Airmen Are Liars; Danes Are Alerted

### Kiwians Hear Expert Expound On Concentrate

UNITED NATIONS, N. Y. (AP)—Sweden's angry charge that the Russians had bombed the Danes' airfield by Soviet planes to lead back to attacked by Soviet.

The Swedish cabinet met in an open session today to discuss the incident in detail. Monday by Soviet planes to lead back to attacked by Soviet.

The cabinet had before it the transcript of the Soviet minister's statement that the Swedish plane was over Soviet territory and had opened fire in it. The Russians claim their territorial waters extend 12 miles into the Baltic. The government limit is three miles.

Thursday the government's Foreign Policy Council, the Premier, foreign minister and representatives of both houses of Parliament met to discuss the incident.

In Copenhagen, Adm. E. J. C. Quastad, chairman of Denmark's parliament, had alerted Danish pilots to look back and be ready to take on any Soviet plane, either inside or outside Danish territory. He revealed that Danish military units have had standing orders since March to shoot back to kill without awaiting further orders if Soviet ships or planes fire on any Danish unit.

Both Danes and Swedes were outraged by the Soviet contention that the incident took place in the Baltic instead of last Monday.

The Soviet claims were contained in a note handed the Swedish ambassador in Moscow by Foreign Minister Andrei A. Vishinsky. The note, as broadcast by Radio Moscow, said that the Swedish plane flew over the Russian-held island of Danzig near the Estonian coast, opened fire on Soviet fighters and was shot down. It said, and the note added the Baltic Sea after the Russian planes returned the fire.

The Swedish note also told a vastly different story of the plane being a civilian flying boat carrying a Swedish transport plane missing over the Baltic since last Friday and it featured a Soviet pilot shot down in the air and was shot down by the Soviet fighters.

There had been two more incidents of treaty violation which have been committed under the recent technique of the big to (Continued on Page Six)

## Kaiser Denies Any Undue Influence In Getting Contracts

WASHINGTON (AP)—A sworn denial by Henry J. Kaiser of any "undue" influence on the government through influence on war contracts appeared in the Congressional Record today.

The industrialist's 85-page statement, in which he accused certain unnamed enemies of attempting to wreck his enterprises, got into the record after an unusual chain of circumstances.

Rep. O'Konski (R-Wis.) hurled the swindle charge last month. Then last Saturday he announced he would present Kaiser's detailed denial to the House.

He planned to do this Tuesday. His office announced, however, that the congressman, up for reelection in November, was delayed on a barnstorming tour in Wisconsin.

O'Konski, at his home in Merrill, Wis., said in a statement Tuesday night:

"No one was given authority to make any insertion on my behalf or in my name in the Congressional Record on any matter pertaining to Henry J. Kaiser or any of his enterprises. When any such statement is made it will come from me and from no other source."

Earlier, in an advance copy of a speech he planned to deliver Tuesday, O'Konski said Kaiser's statement—in the absence of any sworn conflicting evidence—"completely refutes" the charges he had made.

Kaiser, in a letter accompanying his statement, said the "elaborate" sources of the charges were "ruthlessly conspiring to cripple the Kaiser enterprises." He added that these people will not escape "swift and sure retribution in a court of law."

## State Begins Probe Of Convict Escape

POMPANO BEACH (AP)—The state opened an investigation today into the escape of seven white prisoners from a road camp near Pompano Sunday night. All but two of the prisoners have been recaptured.

State Prison Inspector H. D. West was sent to the camp, which operates under the State Road Department. He will conduct an investigation and confer with Capt. J. B. Kirby, the camp supervisor.

Two of the escapees were caught near St. Petersburg Tuesday after they worked along Tampa Bay to Hercules bloodhound off their trail.

A posse of peace officers apprehended Joseph Blorio and Joseph Demario Jr. who had crossed the state from Pompano after fleeing the camp.

A third was apprehended along State Road 7 west of Deerfield Beach Tuesday night. He was William Haxley, 30.

Still at large are Edward Newhill, 22, and Junior Riskey, 21. Those caught shortly after the break were James Ward, 18, and James Roger Hill, 27.

## Citrus Industry Is Told Of Problems

LAKELAND (AP)—"Far too many people have a pet program to solve all the problems of the industry," Dr. J. Wayne Reitz of the University of Florida told Florida Citrus Mutual members at their annual meeting Tuesday.

Reitz, provost for Agriculture at the university, said "at times the industry makes up its mind what to do and suggested people stop 'yelling under consumption' of citrus when fruit prices are low.

Mutual members confirmed the election of 17 new directors, who adjourned without electing a new president.

President Lacy O. Thomas, Groveland, is not eligible for a third year under Mutual rules. A new president will be picked at a later meeting.

In his retiring speech, Thomas said that minimum price programs would not work now but probably would later "out of sheer desperation and as a means of self-preservation."

Mutual's General Manager A. V. Lawrence called minimum pricing "a will of the wisp and that won't work as many would like."

He said only federal acreage quotas have been successful as price programs and that "with decreased production the industry must give up some of the speculation and speculation that now exists."

## Johnson Inflicted Fatal Knife Wound Inquest Declares

WASHINGTON (AP)—The death of Washington John A. Johnson, Negro field laborer, was due to a knife wound inflicted by another Negro from Nassau, Randolph Miller, 21, it was determined by a jury yesterday afternoon at an inquest conducted by U. S. District Judge W. E. Vernon, justice of the peace, and State Attorney Murray Overstreet.

This finding makes Miller, now being held in County Jail, subject to prosecution on a charge of murder, as the jury finding stated that "Randolph Miller did then and there kill and maim Washington Johnson."

Johnson was a foreman of the jury which followed an hour before reaching a decision. Jury members included H. P. McArthur, J. D. Casady, L. A. Smith, J. H. Thomas and H. C. Bennett.

The testimony of Willie Halley, operator of the Orange Blossom Cafe on the Southwest Road and outside of the city limits, indicated that Johnson was the victim of a sudden attack by Miller. Johnson, he stated, had been standing for some time by the juke box in the cafe, when Miller entered the front door, and apparently started to pass Johnson, then, before a word had been spoken, turned and "hit him" with a knife, inflicting a wound in the chest. Johnson had no weapon in his hands at the time, he declared.

Sheriff P. A. Mero, called to the stand, stated that Johnson had been stabbed but once, the knife apparently entering the chest. Examining the body of the victim, found a large, open neck-knife in a left side pocket, he stated. He told of the arrest of Miller on the following day by Howard Hood and Buford Brown, deputy sheriffs, and quoted the arrested man as saying he acted in self defense.

Sheriff Mero also pointed out that Miller had told him that Johnson had owed him \$5 on a gambling debt incurred in Belle Glade a month ago. British subjects, both Negroes, have been living in Nassau and working in Zellwood.

## Mrs. Meriwether Is Elected Chairman Of Childrens Body

The Seminole County Children's Committee met yesterday and elected Mrs. Ruth Hand Meriwether as its chairman for the coming year. Mrs. E. C. Williams announced today.

Mrs. Meriwether succeeded Mrs. A. J. Peterson as leader of the group which during the past year has been active in promoting the passage of the juvenile court act of 1951. The committee has also sought to improve the literacy rate served to Seminole County youth, and has completed a survey of Sanford and Seminole County activities and advances.

Plans for a new year of accomplishment were also discussed at the meeting. Mrs. Williams said. Among these are the effort to secure the aid of a trained psychiatric counselor to assist the juvenile judge, Douglas B. Stephens, in his work with children carrying out its proposed program of emphasis on the health of the child.

The committee also intends to promote the selection of a Seminole County "family of the year" to strengthen family life in the community.

The next regular meeting of the committee will be in the fall but the members will be subject to call by Mrs. Meriwether throughout the summer.

## Kiwians Hear Expert Expound On Concentrate

How frozen orange concentrate is produced and canned at the Foregate Citrus Concentrate Co. operated at Forest City was explained today to Kiwanians today by Jim Fisher, company production manager.

How frozen orange concentrate is produced and canned at the Foregate Citrus Concentrate Co. operated at Forest City was explained today to Kiwanians today by Jim Fisher, company production manager.

## Malik Prepares Blast Alleging Germ Warfare

## Sanford Herald Vacation-Pack

No matter how far away from home you may go your vacation you can readily catch up on the home town news by reading the Sanford Herald when you return. You can arrange with your carrier boy, or through Charlie Morrison, circulation manager, by telephoning 148, to have your regular issues of the Herald saved for you while you are away, to be delivered to your home in one package upon your return. There is no extra charge. The regular weekly subscription rate will entitle all regular subscribers to this additional service. Before leaving on your vacation simply notify your carrier boy or telephone the Herald circulation department.

## Court Is Considering Disbaring Attorney

TALLAHASSEE (AP)—The Florida Supreme Court is considering the state bar's recommendation that Manuel Glover, a Lakeland attorney convicted of conspiracy in gambling operations, be disbarred.

Speaking on behalf of the bar at a hearing before the court Tuesday, E. Harris Drew, Palm Beach, said the "conduct of this man renders him unfit to perform his duties as a member of the profession."

Glover was convicted of serving as a contact man between former Palm County Sheriff Frank Williams and gambling operators in a plan to get protection money.

H. E. Oxford, Lakeland, representing Glover, told the court disbarment would be too harsh and declared the bar "certainly would not be harmed by retaining Mr. Glover."

## 2 Former Wild Life Men Face Charges

BARTOW (AP)—Two former wild life officers have been charged with accepting bribes from two commercial fishermen.

C. E. Collins, Dundee, and E. L. Leland, are charged with conspiracy to violate the state game laws and with taking bribes. Warrants for their arrest were signed by Fred W. Jones, Lakeland, director of the South Florida Division of the State Game and Fresh Water Fish Commission.

Both Collins and Leland were veteran officers in the commission. Jones said the charge of bribery covers a period of one year. He added the two men also had permitted illegal fishing.

Leland resigned from the commission June 5 and Collins, who then was on his vacation, was fired.

That was the day after commission agents had raided a lake near here and pointed on two 400-pound nets and about 400 fish traps.

## Auction Market Will Have New Lighting

Lighting fixtures are being installed in the parkway of the Sanford Farmers Auction, Inc., and other improvements are being planned. C. E. Dawson said today.

The plans include a new brick barbecue pit to be built south of the main platform. This may be used by supper clubs and other organizations. Attendance was exceptionally good at the auction Friday night, Mr. Dawson said.

## Russian Delegate All Set To Attack U. S. At United Nations

UNITED NATIONS, N. Y. (AP)—The Russian delegate to the United Nations is expected to attack the United States at the United Nations today.

The Russian delegate, Andrei A. Vishinsky, is expected to attack the United States at the United Nations today.

## Boy Drowns, Brothers Fear To Tell Parent

BRADLEY, Pa. (AP)—The three McHenry boys, 10, 11 and 12, Peter, Paul and Harry, were at fault in a fatal drowning of their 10-year-old brother, Paul, in a creek near their home today.

Paul and Harry returned home about eight hours later. Their mother, Mrs. Brook McHenry, said when the older brother told her Paul had been drowned, she had been home.

When Lynn told her father that Paul had been drowned, the father, who had been working, the father questioned the two children.

Peter and Harry finally broke out a tear. They said when they saw Lynn struggling in the water, he sank before they could reach him, and no one answered their screams for help.

Then, they told their parents, they agreed "not to tell mother right away."

State police were unable to recover the boy's body immediately. The water in the creek where the boys were swimming is 20 feet deep at some points.

## Bill Passes Which Will Guard Radio From Label Suits

WASHINGTON (AP)—A bill to safeguard radio and television stations from libel suits based on broadcasts of political candidates sent to a Senate House conference today.

The legislation also would prevent the actions from clearing candidates' names up.

And the House on its own the measure will vote late today. The day required that at a certain time to make it available to its opponents.

One provision, offered by Rep. Horan (R-Wash.), provides that stations may not censor the content of political speeches.

The House refused by voice vote to knock out of the measure a provision against newspaper publishers seeking radio licenses.

Some lawmakers preferred that others said it would only put publishers on an equal footing with other applicants.

Except for Horan's amendment which was approved by a 92 to 27 standing vote, the House measure is similar to one passed by the Senate to revise the Federal Communication Law.

House debate on the complicated bill focused on campaign speeches expected to crowd the airwaves during the summer.

The Federal Communication Commission's present policy already says radio and TV stations cannot censor speeches by political candidates and cannot be held liable for what the candidates say. But some broadcasters, fearing they might be sued anyway, asked for a specific law.

Some House members protested that the provision protecting stations from liability for defamatory statements made by politicians might lead to a flood of irresponsible character attacks and would take away local remedies now available to persons libeled.

Rep. Dondero (R-Mich.) called it an "invasion to the lowest kind of a political campaign."

Opponents of the provision said it was necessary because radio stations, particularly on off-the-cuff programs, have no way of knowing what a speaker might say.

## Miss Murray Beaten

THORN, Scotland (AP)—Frances Betty Stephens, England, the 1949 titleholder, named the final round of the British Women's Amateur Golf Championships by defeating Miss Murray, Rutland, Vt., the last American survivor, 6 and 3, today.

## About 100 Attend Navy Center Party

About 100 persons were present last evening for the dance given at the Navy Center by the Dance Committee and the Rose Circle of the Sanford Garden Club. Mrs. Edward F. Lane served as general chairman for the affair. Hostesses with Mrs. Lane were Mrs. W. A. Morrison, Miss Sue Stephenson, Mrs. W. A. Cagle, Mrs. S. C. Graham and Mrs. E. A. Covington.

Green and white was the color theme attractively carried out in decorations throughout the auditorium. Crepe paper streamers gave a gala atmosphere and palm fronds were used on the mantel, piano, and were banded in back of the refreshment table. Silver and crystal appointments were used to serve cake, salted nuts and punch. Games were under the direction of Edward Lane and David Rothschild and dancing was enjoyed.

## "Wear New High Fashion Cottons With Assurance This Year"

That's what Mr. M. L. Raborn, owner of Downtown Cleaners and Laundry told us today.  
"Sure you can launder cotton dresses at home," said Mr. Raborn. "That's easy. The trouble comes when you try to recapture that tissue-crisp feel that lends such charm to the new Summer cottons. If you putter around with a mess of sticky starch chances are you'll get either too much or too little in your dress. Even if you hit it just right, ordinary starches will not last on a humid day. Besides — just imagine the work involved in finishing one of the fancier models they're showing this Summer!"

That's why women all over the U. S. and Canada are halting a new revolutionary method of Cotton service. It all stemmed from the discovery of a new staining material by Emery Industries, a Cincinnati firm, well known as a supplier of finishing agents to the Textile Industry. This new method of finishing cottons is working a minor miracle. It restores body to the cloth, brings back crispness without adding the harsh stiffness of a "starched" finish — and cottons so treated resist wrinkling and wilting even on the hottest day.  
"The new process is licensed to Banitons Dry Cleaners all over the country and is the feature of the new 'Cotton Clinics' set up to care for Summer cottons. This material can be used only under the technical supervision of a commercial dry cleaner and is not available for home use."

## Dependable Class Has Birthday Meet

Mrs. Lowell E. Oster and Mrs. Cyril Butler were hostesses for a meeting of the Dependable Class of the First Methodist Church recently at the Oster home, 118 Summerlin Avenue. This meeting commemorated the fortieth birthday of the class.

A pink and white theme was followed in the flower arrangements in the living and dining rooms. The lace covered table was centered with a pink and white birthday cake. Mrs. Roscoe Taylor read the class history which told of the organization of the class in 1912 with 10 charter members.

Each member contributed to the birthday bank for missions and a gift of \$15 will be sent to Korea. Miss Louise Sipple presided over the business session during which the following officers were nominated and elected for the new year beginning in October: president, Miss Sipple; vice president, Mrs. C. L. Wallis; secretary, Mrs. J. Paul Horton; corresponding secretary, Mrs. E. H. Arwood; and treasurer, Mrs. Virgil Smith. Mrs. John Rehler Jr. led the devotional based on the subject: "What Prayer Can Do." The meeting was closed with the singing of the class song. Those present with the hostesses were Mrs. Harold Appleby, Mrs. Wallis, Mrs. J. H. E. H. Pitzer, Mrs. Taylor, Mrs. Arwood, Mrs. E. G. Kilpatrick Jr., Mrs. J. M. Leonard, Mrs. Porter Lansing, Mrs. Schirard, Mrs. J. G. Adreer, Mrs. Virgil Smith, Miss Sipple, Mrs. W. S. Thornton, Mrs. James A. Wright, Mrs. Burke Steele, Mrs. Horton, Mrs. W. B. McCall, Mrs. A. L. Skinner, Mrs. R. W. Herzon, Mrs. Roy Williams, Mrs. C. R. Jones and Mrs. Leo Wilson.

## Fidels Meet With Mrs. B. K. Hardison

The home of Mrs. B. K. Hardison on Holmes Avenue was the scene last night for the meeting of the Fidelis Class of the First Baptist Church. Members of Group Two served as co-hostesses.

Mrs. M. D. Bumgarner presided over the business session during which time plans were made to hold a picnic at the home of Mrs. Homer Little on Lake Markham on July 2. The group will meet at the church at 3:30 p.m. on that day and go out to Mrs. Little's home. Each member is to bring a covered dish.

Mrs. Bumgarner appealed for help for the Vacation Bible School which is now in session at the Baptist Church. She stated that on Monday the attendance reached 270 children.

Mrs. Evans McCoy directed charades which were enjoyed by the group after which refreshments of ice cream and cake were served.  
Those present were Mrs. F. B. Gathel, teacher; Mrs. McCoy; Mrs. Little, Mrs. Bumgarner, Mrs. W. M. Nixon, Mrs. Arnold Williams, Mrs. Charlotte Ireland, Mrs. John Fox, Mrs. Hardison, Mrs. V. C. Messenger, Mrs. Sperry Willie, Mrs. S. C. Graham, Mrs. A. E. Dolson, Mrs. Carl Moss and Miss Lorene Franklin.

The custom of sealing a living human being in the construction of buildings did not die out until the 16th Century.

Word has been received that Mrs. Simon Dingfelder and daughter Jan arrived over the weekend in Germany to join L. Dingfelder who is stationed there. Mrs. Dingfelder is expected to return in the near future from New York City where she was present at the departure of her daughter-in-law and is now visiting relatives.

Miss Barbara Rucker returned on Sunday to Emory Hospital School of Nursing after visiting for a week with her parents, Dr. and Mrs. H. Wayne Rucker, Wayne Rucker Jr. has also returned to Baltimore, Md., accompanied by his cousin James Cooper of Winston Salem, who has been visiting with the Ruckers. They had as their guests on Friday Dr. L. G. Horn and son, Leuit, who were on their way home in a twin-engine plane following a fishing trip in the southern part of the state.

Many places within the Arctic Circle have had a few summer temperatures of 50 degrees Fahrenheit or over.

**WOMEN WORSHIPERS** are near tests of the Roman Catholic Votive Shrine of Regina Peiris, in Brooklyn, N. Y., as Monsignor Coffey displays the two jewel-encrusted crosses, valued at \$100,000, that were stolen from the shrine a week ago. The Monsignor, who had promised to "forgive and forget" if the thieves returned the sacred loot, told parishioners the return of the gems was "a miracle." (International)

## LAKE MARY

By VIRGINIA P. ANDERSON

Lt. and Mrs. Stanley Donahue and children have returned from a furlough spent in New York.

Thursday, Mrs. J. H. Cowan went by plane to Pensacola, where she is visiting her son and daughter-in-law, Mr. and Mrs. George Cowan.

T. E. Spirey who has spent the winter at a Sanford Trailer Park, moved his trailer June 3 to the property of his son, D. C. Spirey, on Crystal Lake, where he plans to remain.

Chief and Mrs. J. R. Lettner and three children have moved into the William Hugh house, which they have purchased. Chief Lettner is stationed at NAAS, Sanford.

During the week of June 8-14 the Coon community Pre-Methodist Church conducted a Vacation Bible School for the children of Lake Mary. There was an average daily attendance of forty-six. Leaders and their assistants were: Misses L. W. Scott, J. R. Williams, H. H. Grier, P. C. Castleberry, L. E. Roberts, Howard Butler and the Misses Dorothy Lee, Kay Stubbings, Carol Taylor and Mary Virginia Robinson.

Mrs. Ida Kough and Mr. and Mrs. W. Kough and son, Craig, returned Saturday from Waterboro, S. C. where they visited Mr. and Mrs. Ralph Kough. Miss Pat Kough will remain with her brother and sister-in-law, for the balance of the summer.

Mr. and Mrs. C. P. Washington accompanied by their daughter, Mrs. Robert Wetting arrived in Lake Mary, June 14, after visiting their children in Cincinnati, Ohio.

Mrs. Wetting has returned to her home there, after a few days with her parents here.

Mr. and Mrs. Lester Tilling and Wayne were the guests of the parents, Mr. and Mrs. L. C. Tilling. Roger Tucker spent the past weekend in Daytona Beach.

Prof. and Mrs. H. R. Hecker, back and son Jimmie left Sunday for Chicago, Ill. where they will spend the summer with his parents.

Mr. and Mrs. Miles Keuch and children were the guests of the mother, Mrs. Ida Keuch, Fanning, Wednesday evening. The business women's club of the Community Church met with Mrs. C. P. Washington. The devotions were led by the hostess. Following the secret report summer activities were discussed as well as plans for the year which will take place in December. I was published.

Mr. and Mrs. W. A. Adams and daughter Miss Ada Adams plan to leave on Thursday to return to their home in Bladell, La. after visiting Mr. and Mrs. R. A. Newman and attending Miss Ada Adams' graduation from Seminole High School.

Mr. and Mrs. George D. Bishop have as their guest at their home in Rose Court, their granddaughter, Niki Ashby, daughter of Mr. and Mrs. Nicholas Ashby of Raleigh, N. C. Mr. and Mrs. Ashby are expected to arrive in several weeks to visit with the Bishops.

Mr. and Mrs. Byron Stephens left yesterday to return to their home in Tampa after spending several days with Mrs. Stephens' mother, Mrs. J. B. Ray, at her home on Palmetto Avenue. Friends will be glad to learn that Mr. Stephens is improving after being injured in an automobile accident recently.

Word has been received that Mrs. Simon Dingfelder and daughter Jan arrived over the weekend in Germany to join L. Dingfelder who is stationed there. Mrs. Dingfelder is expected to return in the near future from New York City where she was present at the departure of her daughter-in-law and is now visiting relatives.

Miss Barbara Rucker returned on Sunday to Emory Hospital School of Nursing after visiting for a week with her parents, Dr. and Mrs. H. Wayne Rucker, Wayne Rucker Jr. has also returned to Baltimore, Md., accompanied by his cousin James Cooper of Winston Salem, who has been visiting with the Ruckers. They had as their guests on Friday Dr. L. G. Horn and son, Leuit, who were on their way home in a twin-engine plane following a fishing trip in the southern part of the state.

Many places within the Arctic Circle have had a few summer temperatures of 50 degrees Fahrenheit or over.

## HOLLYWOOD

By BOB THOMAS

**HOLLYWOOD**—Three actors recently ended film contracts to launch independent careers. They now seek to avoid being permanently identified as Tarzan, Valentino and Billy the Kid.

The trio is composed of Lex Barker, Anthony Dexter and Jack Beutel. Since each is in just about the same fix, I asked them about their past careers and future hopes.

First was Dexter, who prefers to be called by his stage name, Walter Craig (real name: Walter Reinhold Alfred Frederick Fleischmann). Dexter, a stage actor, was selected by Producer Edward Small to star in the film reincarnation of Rudolph Valentino. The actor made one more film for Small, and then they parted company.

"The break was by mutual agreement," Dexter remarked. "If Small has another film for me, I'll be happy to do it. But I prefer not being tied down. It's a gamble, but the freedom is worth it."

Does he think doing Valentino was good for his career?  
"Time will tell," he replied. "I know you can't live career-wise by following in somebody else's footsteps. That's why I hope my next picture will be a modern story. Then I can go back to costume films."

Right now he is preparing for a dance tour this summer in South America, where the Valentino epic was a big success. He has a 2 picture deal pending in Argentina and other possibilities here.

Jack Beutel's career is a fantastic one. In 2 years under contract to Howard Hughes, he made four pictures. And three of them have been in the past two years. His big hit was as Billy the Kid in the prewar "The Outlaw." He was almost lost in the seller of publicity about Jane Russell, but the film also carried him to fame. If not to activity. After he got out of the service, he spent most of his time taking drama lessons.

"It was nice having the money come in," he said, "but you can't just sit around in this business. When my option came up last time, I had to go to work. Hughes wanted to keep me on at the same salary instead of giving me raise. So I decided it would be better to get out on my own."

All of Beutel's films have been Westerns, and he'd just won some take a film at another kind of film. "I like action pictures, but I'd like to do a war or prison picture or something like that," he said. He has been getting offers, but many producers still

can't get used to the idea that he no longer belongs to Howard Hughes.

I had trouble reaching Lex (Tarzan) Barker, who may have been living in a tree for all I know. But we finally made connections and he too said his contract was dissolved by mutual agreement. I have yet to hear of a film contract that wasn't.

"The main thing was that Sol Lesser didn't want to pay me \$6,000 for doing nothing," Barker reported. "That was my option price for the coming year, and they don't intend to make a Tarzan picture this year. Also, I wanted the chance to do outside films. I had the right to do one a year, but the studio always made it impossible for me to do other pictures."

He has done four Tarzans in five years with Lesser, but no outside pictures. I asked him if he ever regretted tying his professional life to the King of the Jungle.

"No, I'll never knock the Tarzan films," he said. "The publicity gave me overnight what would have taken eight years to build normally. This is especially true in Europe, where they love the Tarzans. I have three chances to make films over there."

Barker is also discussing a deal with MGM. He said he would again go back to bread-eating for Lesser — if the price is right. But he hopes that producers won't think that all he can do is give the Tarzan yell!

Small has been a U. S. possession since 1908.

## LAKE MARY

By VIRGINIA P. ANDERSON

Lt. and Mrs. Stanley Donahue and children have returned from a furlough spent in New York.

Thursday, Mrs. J. H. Cowan went by plane to Pensacola, where she is visiting her son and daughter-in-law, Mr. and Mrs. George Cowan.

T. E. Spirey who has spent the winter at a Sanford Trailer Park, moved his trailer June 3 to the property of his son, D. C. Spirey, on Crystal Lake, where he plans to remain.

Chief and Mrs. J. R. Lettner and three children have moved into the William Hugh house, which they have purchased. Chief Lettner is stationed at NAAS, Sanford.

During the week of June 8-14 the Coon community Pre-Methodist Church conducted a Vacation Bible School for the children of Lake Mary. There was an average daily attendance of forty-six. Leaders and their assistants were: Misses L. W. Scott, J. R. Williams, H. H. Grier, P. C. Castleberry, L. E. Roberts, Howard Butler and the Misses Dorothy Lee, Kay Stubbings, Carol Taylor and Mary Virginia Robinson.

Mrs. Ida Kough and Mr. and Mrs. W. Kough and son, Craig, returned Saturday from Waterboro, S. C. where they visited Mr. and Mrs. Ralph Kough. Miss Pat Kough will remain with her brother and sister-in-law, for the balance of the summer.

Mr. and Mrs. C. P. Washington accompanied by their daughter, Mrs. Robert Wetting arrived in Lake Mary, June 14, after visiting their children in Cincinnati, Ohio.

Mrs. Wetting has returned to her home there, after a few days with her parents here.

Mr. and Mrs. Lester Tilling and Wayne were the guests of the parents, Mr. and Mrs. L. C. Tilling. Roger Tucker spent the past weekend in Daytona Beach.

Prof. and Mrs. H. R. Hecker, back and son Jimmie left Sunday for Chicago, Ill. where they will spend the summer with his parents.

Mr. and Mrs. Miles Keuch and children were the guests of the mother, Mrs. Ida Keuch, Fanning, Wednesday evening. The business women's club of the Community Church met with Mrs. C. P. Washington. The devotions were led by the hostess. Following the secret report summer activities were discussed as well as plans for the year which will take place in December. I was published.

Mr. and Mrs. W. A. Adams and daughter Miss Ada Adams plan to leave on Thursday to return to their home in Bladell, La. after visiting Mr. and Mrs. R. A. Newman and attending Miss Ada Adams' graduation from Seminole High School.

Mr. and Mrs. George D. Bishop have as their guest at their home in Rose Court, their granddaughter, Niki Ashby, daughter of Mr. and Mrs. Nicholas Ashby of Raleigh, N. C. Mr. and Mrs. Ashby are expected to arrive in several weeks to visit with the Bishops.

Mr. and Mrs. Byron Stephens left yesterday to return to their home in Tampa after spending several days with Mrs. Stephens' mother, Mrs. J. B. Ray, at her home on Palmetto Avenue. Friends will be glad to learn that Mr. Stephens is improving after being injured in an automobile accident recently.

Word has been received that Mrs. Simon Dingfelder and daughter Jan arrived over the weekend in Germany to join L. Dingfelder who is stationed there. Mrs. Dingfelder is expected to return in the near future from New York City where she was present at the departure of her daughter-in-law and is now visiting relatives.

Miss Barbara Rucker returned on Sunday to Emory Hospital School of Nursing after visiting for a week with her parents, Dr. and Mrs. H. Wayne Rucker, Wayne Rucker Jr. has also returned to Baltimore, Md., accompanied by his cousin James Cooper of Winston Salem, who has been visiting with the Ruckers. They had as their guests on Friday Dr. L. G. Horn and son, Leuit, who were on their way home in a twin-engine plane following a fishing trip in the southern part of the state.

Many places within the Arctic Circle have had a few summer temperatures of 50 degrees Fahrenheit or over.

## THE SANFORD HERALD

Wed. June 18, 1952 Page 5

I had trouble reaching Lex (Tarzan) Barker, who may have been living in a tree for all I know. But we finally made connections and he too said his contract was dissolved by mutual agreement. I have yet to hear of a film contract that wasn't.

"The main thing was that Sol Lesser didn't want to pay me \$6,000 for doing nothing," Barker reported. "That was my option price for the coming year, and they don't intend to make a Tarzan picture this year. Also, I wanted the chance to do outside films. I had the right to do one a year, but the studio always made it impossible for me to do other pictures."

He has done four Tarzans in five years with Lesser, but no outside pictures. I asked him if he ever regretted tying his professional life to the King of the Jungle.

"No, I'll never knock the Tarzan films," he said. "The publicity gave me overnight what would have taken eight years to build normally. This is especially true in Europe, where they love the Tarzans. I have three chances to make films over there."

Barker is also discussing a deal with MGM. He said he would again go back to bread-eating for Lesser — if the price is right. But he hopes that producers won't think that all he can do is give the Tarzan yell!

Small has been a U. S. possession since 1908.

# Manager Chuck Aleno's Suspension Is Lifted By League

## Veteran Outfielder Signs With Blues As Further Shift in Players Looms

By KENT CHELSEA.

Sanford's power hitting manager, Chuck Aleno, was reinstated to the playing roster officially this morning by Florida State League President John Krider after the big Seminole Blues pitcher served three days on the sidelines on an indefinite suspension charge that grew out of a fracas in the Sanford-Palaska game last Saturday night with umpires Bill Borowy and Ken Burkhardt.

The return of long-hitting Aleno to the Blues line up greatly bolsters their final effort to remain in fifth place in the FSFL for the first half. This evening Daytona Beach plays host to the Seminoles and the winner of this game will take over fifth place. At present Sanford is tied with the Islanders for the No. 5 spot in the standings.

A win for Daytona would assure the Islanders of fifth place for the initial half since they would go into the slot a full game ahead of the Blues, who could pick up only half a game before the season ends in their tilt with Orlando here tomorrow night.

The active Seminole front of field reported that veteran outfielder Henry Kane has been signed. With Aleno returning tonight it will give the Seminoles five veterans of one over the limit in the FSFL. Obviously another veteran has to be released before tonight's game in Daytona Beach.

General Manager John Krider admitted that some player changes would have to be made before tonight and stated that they would be. Krider was slated to have a meeting this morning with Aleno to figure out the necessary shuffle in personnel.

The acquisition of Kane gives the Blues a left-handed hitting outfielder who hit .276 in the Class C Northern League last season. Kane is very fast as his 20 stolen bases in 121 games prove and the "Dusty" Rhodes slashed out 12 triples in 1951.

Dusty Rhodes is Sanford's three-base hit leader with only two so far this season. The addition of a fast outfielder can help the Blues defensively. Krider stated at the time of the announcement.

Newcomer Kane swatted out seven homers and scored 71 tallies, batting in 48 runs. His presence on the Sanford roster will necessitate a change in some fashion. A veteran will have to be dropped within five days as one extra player is permitted on the club for a five-day look.

Kane joined Lewis Remeas, Puerto Rican rookie hurler, and veteran infielder Frank Santora as the three newly acquired players. The Blues have signed in the last two days. Bill Godwin, veteran second baseman signed last week was given his release yesterday. Sanford now has five veterans on the roster in Joe Parris, Chuck Aleno, Santora, Sody Grant and Kane.

# Blues Meet Daytona I's Tonight, Play Orlando Here Tomorrow

## "Go-Go" Chicago White Sox Are On Go Again 1/2-Game Out Of 3rd

By JOE REICHLER.

Associated Press Sports Writer

Was poked-faced Paul Richards talking with tongue in cheek the other day when he praised the New York Yankees to the skies and moaned "How can you beat 'em?"

Those who know the clever Chicago jolt believe he was trying to jolt the world champions into a false sense of security and at the same time present a challenge to his own White Sox.

In any event, from a listless bunch of second divisioners, Chicago has again become the "Go-Go Sox" of the early 1951 campaign. Giving every evidence that they have pennant designs of their own, the White Sox Tuesday night swept a doubleheader from the Philadelphia Athletics, 13-1, and 2-1, to roll up their eighth and ninth wins in the last 11 games.

The double win moved them to within a half game of the faltering Cleveland Indians and boosted them to within only three games of the front running Yankees. Chicago picked up ground on all the leaders as Detroit tipped the Yankees, 7-6, the St. Louis Browns beat Boston's Red Sox, 3-1, and Washington whipped the Indians, 4-3.

Brooklyn increased its National League lead to four games, walloping the Chicago Cubs, 9-1, as Pittsburgh upset the second place New York Giants, 6-2. Dodgers moved into a sixth place tie with Philadelphia, crushing Cincinnati, 5-1, while the Phils were held to a split in their doubleheader with the St. Louis Cardinals. After Curt Simmons had pitched the Phils to a 2-1 triumph in the opener, Al

## Seminole Vic For 5th Place Finish In Initial Half; Corrales To Hurl

This evening the Seminole Blues will wage a last-ditch stand for fifth place against the improved Daytona Beach Islanders in the coastal city. The Seminoles are going into the game tied for the fifth spot with Daytona in the Florida State League standings.

The outcome of this evening's encounter will determine which team will occupy fifth place and sixth place. It was from this sixth place position that the Blues launched their tremendous 17 out of 10 game winning offensive earlier this year that saw them rip through the league points of displacing the circuit leading Deland Red Hats. This, by the way, is the closest an FSFL team has come to displacing the well balanced Hats since they came within .014 percentage points of displacing the circuit leading Deland Red Hats. This, by the way, is the closest an FSFL team has come to displacing the well balanced Hats since they came within .014 percentage points of displacing the circuit leading Deland Red Hats.

Since that prodigious onslaught, Sanford has tallied up from second place to a 4-6 for fifth, winning 10 and losing 23 for a miserable .302 average.

Last night's rain washed out the scheduled Blues-Orlando tilt, but it will be played in the Memorial Stadium tomorrow night during the open date provided for in the interim between the two halves. This will end the initial half for both Sanford and Orlando.

Manager Chuck Aleno will be back in the Seminole line up this evening and he will have the least two newcomers with him. Frank Santora, signed just yesterday, will be at second and Henry Kane, left-handed hitting flycatcher, will be in the outer pasture.

Pitching choice for this game will either go to "Chico" Corrales or possibly another newcomer, Lewis Remeas. The latter is a rookie from Puerto Rico and has had experience in the Puerto Rican winter league.

While it is Corrales' turn to go to the hill, the slender right-hander has been complaining of a sore back for the past two days, so he might be passed up in favor of Remeas.

Tomorrow night's contest will be highlighted by the personal battle for the home-run leadership of the FSFL by managers Chuck Aleno and Ed Levy of Orlando, who are both tied for the lead with 18 apiece. Levy has hit seven in 31 tilts here.

The Blues will be seeking to end a personal 4-game losing skid against the Islanders this evening. Sanford fell from the first division by losing nine of the last 10 contests played. The reversal of form almost brought an end to baseball in Sanford. But for the financial assistance the fans gave during a recent two-day "Bucks for Baseball" drive, Sanford would have dropped from the ranks of the FSFL.

### Robson's-Navy And Hunt-Wilson Clash

Robson's Sporting Goods softball team will open up tonight's twin bill card at the Lakefront diamond against the Navy at 7:30 p.m. Wilson-Maier Furniture Store will clash with Hunt Mercury at 9:15 p.m. in the second game of the doubleheader.

Max Fundom is the manager of Robson's, Hal Leedom, the pilot of the Navy, Hubert Baggett is in charge of Hunt Mercury and Chuck Flanders manages Wilson-Maier.

### Blues Release Both Smith And Sherba

Utility infielder Sherry Sherba and right-handed pitcher George Smith have been released. General Manager John Krider announced this morning. Both players were cut loose to make room for new additions. Henry Kane Lewis Remeas, Smith won five and lost five for the Blues this season. Sherba has been batting only .250 for Sanford. Smith was returned to the St. Louis Browns farm system from which he was sent to the Blues earlier this season. Sherba had signed with Sanford as a free agent.

## Loss Of Sullivan To Cripple U-F, Says Bob Neyland

TAMPA 19—Brig. Gen. Bob Neyland lists Alabama, Georgia Tech, LSU and Mississippi as the chief threats in the Southeastern Conference next football season.

Neyland, who has been football coach at Tennessee since 1923, was his usual pessimistic self when he observed "We'll be lucky to finish in the first half of the conference."

He didn't mention the fact that Tennessee had a perfect last season and only lost to Maryland in the Sugar Bowl.

His views on football were contained in a column by Byron Hollingsworth, Tampa Tribune sports editor.

Neyland said there was nothing to rumormongers who were planning to retire in the near future. He's at Sarasota overseeing construction of a new home. He said when he does retire he will live at Sarasota.

Commenting on Florida's football prospects—Tennessee plays Florida next season—he said Coach Bob Woodruff's team had gotten "some tough breaks lately."

"The loss of Sullivan will greatly cripple them," he said.

He was speaking offhandedly. Sullivan who signed with the Boston Red Sox for a reported bonus upwards of \$50,000. That will take him out of football.

The football coach also referred to the possible loss of Rick Casares, Florida football star who took his physical exam Saturday for the draft.

### Giant Killer Bill Harris Of Miami Triumphs Again

By GENE PLOWDEN.

Associated Press Staff Writer

Bill Harris led a parade of pitchers in stellar performances around the Florida International League Tuesday night, but the list also includes Sam Brewer of West Palm Beach, Monte Lopez of St. Petersburg and Dinty Moore of Lakeland.

Harris pitched and batted Miami to a 2-1 13-inning decision over Tampa's Dale Matthewson. Harris scattered seven hits and drove in both Miami runs with singles for his 11th win against two losses. The game drew 2,527 spectators and fattened Miami's league lead to 2 1/2 games.

Brewer allowed no hits but scattered them and West Palm Beach handed Havana its fifth straight loss, 3-2, in 10 innings.

Moore gave Miami Beach only one hit and Lakeland lost the Flamingo, 3-1, while Lopez shut to the All Stars in St. Petersburg, giving the Saints an 8-0 decision and all home teams a victory.

## Jax Beach Moves Within Half Game Of Leading Hats

By NEIL GILBRIDE.

Associated Press Staff Writer

Jacksonville Beach moved within half a game of the Florida State League lead by defeating Cocoa twice Tuesday night and has a good chance of beating out first place Deland before the first half of the season closes Thursday.

The Deland Red Hats, who whipped Leesburg 8-1 Tuesday night, have only tonight's game with Cocoa left to play. Jacksonville Beach has three more, against Leesburg tonight and a doubleheader with Palatka Thursday night.

In Tuesday night's one other game, Palatka beat Daytona Beach 8-7. Orlando at Sanford was rained out.

Jacksonville Beach won the first game 10, when Red Colson tripled to rightfield and scored on Pitcher Dave McCrickard's outfield fly for the only run. Bill Herman relieved McCrickard with the bases loaded in the seventh and retired the side to end the game.

In the 6-1 second game, Bill Cooper pitched a 6-hitter, hit the singles, scored two runs and drove Jerry Shuck, losing pitcher in both games, was relieved in the fourth after he gave up four runs.

John Fetter pitched a 5-hitter for Deland's win over Leesburg. Manager Charlie Brewster hit three doubles in three times at bat to lead Deland hitting.

John Mallard accounted for four runs with a homer and a double to lead Daytona Beach's win over Palatka.

Some mountain peaks near the equator remain snow-covered all year.

### Blues Release Both Smith And Sherba

### U.S. And State To Air Everglades Oil Question

TALLAHASSEE (AP) — Some of the troublesome questions about restrictions on drilling for oil in the Everglades National Park may be threshed out between the Florida Cabinet and the U. S. Department of the Interior.

The Interior Department owns and controls the park, which is a huge area in South Florida that was either given to the federal government by the state or bought with two million dollars furnished by the state.

Oil leasing and drilling is permitted on land bought with the state's money from private owners, but not on land which the state gave directly to the federal government.

The issue may come to a head as early as next Tuesday on a proposal by the Commonwealth Oil Co.

The company holds leases on 960 acres within the park boundaries. It acquired them from the state before the park was established, and can drill on them as it pleases.

But agents for the company claim they can't get their well on the 960 acres financed unless they get a contract with the state for lease of 34,000 adjacent acres if and when the federal government releases its restrictions on the larger area.

The federal government owns the 34,000 acres by deed from the state. Terms of the deed provide for the state to get a royalty of one-eighth of any oil produced on the land. They also provide that no new leases or changes in leases outstanding when the park was established shall be made without

mutual agreement between the state and federal governments.

The Interior Department has protested the contract between the oil company and the state.

So the board of trustees of the State Internal Improvement Fund Tuesday held up acceptance of Commonwealth Oil's bid of \$1,050 for the contract, plus a dollar an acre annual rent whenever a lease might be entered.

### Cheating On Federal Operations Charged

WASHINGTON (AP) — An investigator testified today the government was defrauded of at least three million dollars by inclusion of sand and waste materials in flaxseed bought under price support programs. And he declared an Agriculture Department official squelched an order designed to halt the frauds.

The testimony came from Kirk Johnson, chief of the St. Paul Office of Investigation for the General Accounting Office (GAO), at a hearing before the Senate Agriculture Committee.

Johnson named George Prichard, chief of the Fats and Oils Branch of the Production and Marketing Administration (PMA) in Washington, as the man who vetoed an order aimed at tightening the program.

He said cheating had become so widespread during the 1948-49 flaxseed support programs that James A. Cole, regional director of the PMA Purchasing Office at Minneapolis, halted purchases and recommended tighter restrictions.

"Mr. Prichard told him to resume," Johnson added.

Prichard is to be a witness later in the hearings.

What was going on, Johnson said was this:

Some sellers of flaxseed to the government were dumping sand and other heavy waste materials into the bottoms of boxcars to run up the total weight.

### THE OLD HOME TOWN

### Kiwanis

(Continued From Page One)  
of from about 16 to 1, and does not approve lower than 11 to 1, or higher than 18 to 1. Low ratio juice is kept in concentrated form to mix with that of the late season which has a sugar to acid ratio of as high as 25 to 1. Some California juice, which is of low sugar content, is sometimes secured to mix with the high ratio Florida product, he added.

Mr. Fiske stressed the speed factor required in producing the concentrate, and said that the cans are filled at a rate of 375 to 400 a minute. A carton, holding 24 cans of juice requires one and a quarter field cartons of oranges to produce, he declared.

Guests introduced by Howard Monteth were Walter Smith, son of Kiwanis secretary Ralph A. Smith; Dwight Sullivan, Jacksonville; Phil Arvey, Tavares; and Jim Hasenore, Daytona Beach. J. Martin Stuechler presided.

### Cut In Taxes

(Continued From Page One)  
might have to consider a ban or limitation on nationwide bargaining. He said it's difficult to draw up a law dealing with that.

And, he said, he is not himself suggesting any such law.

At the moment, the senator said, he believes President Truman should invoke the Taft-Hartley Law in the steel strike.

### Widespread use of coffee in England dates from the 17th Century.

The basic question the country and Congress have to face today, Taft told the business editors, is the fiscal situation.

"We have a tremendous budget that imposes tremendous burdens," he said. "I think it is inconsistent with the continued existence of a free economy if it goes on."

There is no psychology of war, no psychology of sacrifice in evidence now, the senator said, yet the country is asked to spend \$5 billion dollars in the year beginning July 1.

In 1948, Taft went on, the federal government cost 6 per cent of the income of the people, whereas the \$3 billion program that President Truman wants for the year ahead would cost 29 per cent. State and local governments, he said, would cost another 7 or 8 per cent.

In contrast, Taft said, he has seen analyses by economists that arrive at the general figure of 25 per cent of income as "about the limit you can take from people for government."

Great Britain is taking about 40 per cent, the senator said, and the result is a bogging down of the program and even Mr. Churchill seems unable to pull them back from a socialist state.

On actual proposals for trimming government spending, Taft saw himself and Gen. Dwight D. Eisenhower, his leader, "at the Republican north," as not too far apart.

While Eisenhower was quoted once as saying about a 40 billion dollar cut in taxes, Taft said, it seems he meant a 40 billion slash in spending instead.

The issue in cutting spending, Taft said, lies in "this tremendous

Don't be a press headline! Newspapers these summer days are filled with stories of water tragedies, involving non-swimmers who ignored the basic safety rule of avoiding unknown waters until they could swim well. You can enjoy the pleasures of water sports simply by playing safe. And a good way to play safely is to join a Red Cross lifeguarding class. ### Commander Gibbs Again Assigned To Sanford Station

The newly appointed skipper of Fighter Squadron 34, Lt. Comdr. Harry B. Gibbs, has returned to the Naval Auxiliary Air Station, Sanford, Florida, for the second time in his Naval career.

Formerly of Wheeling, West Virginia, Lt. Comdr. Gibbs was first stationed here during World War II from 1945 to early in 1946.

Lt. Comdr. Gibbs just recently relieved Lt. Comdr. R. A. Sweat of his duties as skipper of VF 34, as a Lt. Gibbs result of the latter being transferred to the Commander, Fleet Air Force in Norfolk, Virginia.

After graduating from the Naval Air Cadet Program in Pensacola, Florida, he was shipped to the Pacific where he operated aboard the USS Yorktown. Returning from one of his many missions, Lt. Comdr. Gibbs arrived just in time to see the "Big Y" going down, after being hit by the enemy. For his outstanding service during the last war, he was awarded the Distinguished Flying Cross, the Navy Cross, and an Air Medal.

Prior to his job as skipper of VF 34, he served as the squadron Executive Officer for 14 months.

His wife and two daughters are presently residing here in Sanford with him. Both of his daughters were born in this city during his last tour of duty at the Naval Air Station.

Helping him with his duties as head of Fighting 34 is Lt. Comdr. Haskell E. Toll, the present Executive Officer.

VF 34 was originally Fighter Squadron 20 of World War II fame. Early in 1945, VF 20 was reformed to make up Fighting 9 Able which also distinguished itself during the last war.

From Fighter Squadron 9 Able to VF 91 in 1948, and as a result of another change, the squadron became the present Fighter Squadron 34.

### Steel Strike

(Continued From Page One)  
on aimed at making arrangements for reopening some plants under a special union management agreement to produce steel for the most vitally needed munitions. Government officials said "considerable progress" had been made and some definite announcement might come later in the day.

3. There were signs the House might go along with the Senate and vote to request that President Truman use emergency provisions of the Taft-Hartley Law in an effort to get the mills reopened. The law permits the government to seek a court order, good for 90 days, against a strike which creates a national emergency. No House vote was expected before Thursday.

4. The House Labor Committee voted that the Wage Stabilization Board (WSB) should be abolished. The board has been under congressional fire for its recommendations in the steel case, particularly its proposal for a union shop — one requiring all steelworkers to join the union.

Putnam said that what steel price increases should be allowed is something that cannot be settled until management reaches a contract agreement with the union and brings to stabilization officials its reasons for a price boost.

\* This is the local delivered price for the Buick SPECIAL 2-door, 6-passenger Sedan MODEL 40D (Illustrated)

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

We put the price of this Buick in big type because we're proud of it.

It's the price of the six-passenger, two-door SPECIAL—ready to roll.

When you put this price against the local delivered prices of other cars that folks usually associate with Buick—you'll have a hard time finding a single one as low.

When you put this price against what you'll pay for cars with the reputation of being "lower priced"—you'll find why this Buick gives them such keen competition.

And—if you want to go in for extras—you can still add up what goes on the bill of sale of other cars and a Buick—you'll find out that Buick's an even greater buy.

We know that price is important to a lot of folks, especially with the price of groceries—and even baby shoes—where they are today. But you also want some fun for your money—and that's where a Buick really shines.

Just wait till you give a gentle nudge to the power that's under that big, broad hood and feel your shoulders sink back as this beauty takes off.

You'll feel like the million dollars it cost to perfect its ride, when you sample the steady smoothness of its gait.

It's eager, alert, alive—makes each mile a new experience.

Want to try it? Why not? We're willing to let this beautiful bundle of high-powered energy speak for itself.

Equipment, accessories, trim and models are subject to change without notice.

Save it true for '52

## Howard Beffa Named Shrine Imperial Head

### New Potentate Given New Car And Cake Weighing Two Tons Honoring Birthday

MIAMI — Harvey A. Beffa, St. Louis, was elected imperial potentate of the Ancient Arabic Order Nobles of the Mystic Shrine today on his 52nd birthday.

He was given a new car by members of the Temple Shrine, St. Louis, and a cake weighing more than two tons by delegates attending the Shrine's 77th annual national convention.

Beffa succeeds Robert Gardner Wilson Jr., Boston, moving up from deputy imperial potentate according to Shrine custom. Other present officers also moved up a notch.

Immediately after Beffa's formal election by the Imperial Council Shrine members put on a colorful pageant showing highlights in the life of the new imperial potentate.

Then Beffa stepped outside Hayfork Park Auditorium and cut the first slice of the 4,865-pound cake. Selection officers highlighted today's business session. It will be followed by a mammoth 5-hour parade ending in the Orange Bowl tonight.

The only contest was for imperial outer guard, at the bottom of the list of officers. Voting was still in progress for this office.

Beffa cut the first slice outside Hayfork Park Auditorium and after those present had a piece the cake was hauled around the streets and helpings given to all comers.

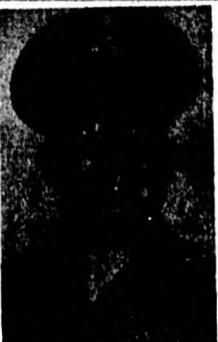

Vic Iliana, Miami, who baked the cake, claimed it was the biggest ever. It weighed 4,865 pounds, 20 feet long and 7 1/2 feet wide.

The cake was white, topped with a giant red flag of frosting which alone weighed 1,000 pounds. A black tassel of frosting tipped the beam at 120 pounds.

For the cake, Beffa used 8,000 eggs, 945 pounds of sugar, 750 pounds of butter, 150 pounds of shortening, 150 pounds of butter, 140 pounds of milk, 60 pounds of vanilla powder, 25 pounds of salt and 2 1/2 gallons of vanilla.

Interest in the cake was high. More than 1,200 pounds of powdered sugar, 400 pounds of butter, 35 gallons of milk, 16 pounds of salt and 1 1/2 gallons of vanilla.

## Jones

Clarence R. Jones, Jr., son of Mr. and Mrs. Clarence R. Jones, 309 West Fifth Street, has been commissioned a Second Lieutenant, Artillery, after completing 22 weeks of training at the Air-Cadet School at Fort Benning, Ga.

He was a member of the third class to be graduated from the school. Following his graduation from the Officer Candidate School, Lt. Jones was assigned to the Medical Field Service School, Brook Army Medical Center, Fort Sam Houston, Tex.

## U. S. Will End Up Fiscally Better Off By 3 Billion

### Better Showing Still Leaves Nation Deep In Deficit Position

WASHINGTON — The government is going to wind up its year two to three billion dollars better off than it expected. But it still will be deep in the red.

Government experts, speaking privately, said today the deficit—the amount by which the government overpays its income—is likely to be less than \$4 billion when the fiscal year ends June 30, 1952, as low as \$1.4 billion.

President Truman, in his budget message last January, figured the government would go in the hole by \$2,200,000,000.

The President estimated total spending would jump 50 per cent above last year due to a huge expansion in rearming the U. S. and friendly foreign countries. But the military expansion hasn't taken place on that scale.

Officials say any spending will fall at least 2 1/2 billion, and possibly more than four billion, below Mr. Truman's \$70,000,000,000 estimate.

Whatever its effect on Western defenses, this dropoff will much more than compensate for a depletion of revenues below the expected total.

Taxes are up—ans who doesn't know?—but they look like falling some \$1 1/2 billion dollars short of the \$62,700,000,000 Mr. Truman budgeted.

On the spending side, slower-than-expected military deliveries are likely to continue and to keep outlays for the year beginning July 1 below the \$53,400,000,000 level aimed at by the President. Congress may trim that further by cutting appropriations.

Even if the government goes six billions in the red this year, it will be ahead for the postwar period. Taking the 6-year outcome as a whole, federal income will have exceeded outlays 1 1/2 billions. For the fiscal years 1947-51, there was a cumulative surplus of 7 1/2 billions.

## Steel Allocation For Florida Bridge Work Is Increased

TALLAHASSEE — Florida has received an allotment of 25 per cent increase in its steel allocation for bridge and road building.

Freeman Seay, engineer of construction for the State Road Department, said the increase in steel allocation today on his return from Washington where he discussed the state's steel needs with the U. S. Bureau of Public Roads.

Seay said Florida has been allocated 8,156 tons of bridge steel for the fourth quarter of 1952, an increase of 1,811 tons over the allotment for the third quarter.

The steel allocation will meet the state's needs for the year on the two major projects now underway, the Jacksonville Expressway and the Lower Tampa Bay Bridge.

It also will provide any steel that might be needed in the latter end of the year on the Southeast 17th Street Bridge in Fort Lauderdale, first unit in to be constructed in the proposed Broward County bridge and tunnel project.

Seay stressed, however, that while the state's situation is "favorable on paper," there is a question of whether the steel actually can be obtained.

"Whether we can get delivery of the steel will depend on settlement of the steel strike," he said.

## Jury Asks Warren To Re-instate Spicola

TAMPA — The 6-man jury which heard the case of a suspended justice of the peace and his chief clerk asked Gov. Warren to put the ousted official back in office.

Joseph G. Spicola, who was removed by Warren, was cleared of 11 charges of extortion, embezzlement and conspiracy upon order of Circuit Judge Truman G. Futch.

In its telegram to the governor, the jurors said "We feel an injustice has been done this man." Spicola and Milton were charged with taking money from defendants to fix cases in justice of the peace court.

In its telegram to the governor, the jurors said "We feel an injustice has been done this man." Spicola and Milton were charged with taking money from defendants to fix cases in justice of the peace court.

The regular weekly subscription rate will include all regular services to this additional service. Before leaving on your vacation, please call the carrier or telephone the circulation department.

## Living Costs Move Upward To 1952 High

### Government Index Is Now 189 Percent Of 1935-39 Average; Rents And Food Up

WASHINGTON — The government's latest cost-of-living barometer moved up today under pressure of rising food and rent costs to within 1/2 per cent of the record high reached last January.

The living cost index, measuring prices of food, clothing, shelter and a host of other things climbed during the month ending May 15 to 189 per cent of the 1935-39 average. That is 4 1/2 per cent over the mark of 18 months ago when price and wage controls took effect. The peak figure last January was 190.1.

A million and a quarter rail workers will get an automatic 2 cent hourly wage boost as a result of the latest increase in living costs. Their work contract ties wages to the cost-of-living index and adjustments are made each three months.

Another 100,000 wage earners in textiles, aircraft and oil refining industries also get at least a one-cent boost.

Leading the over-all living cost rise was a boost of four tenths of 1 per cent in rent across the country. The price of food at the grocery store moved up three tenths of 1 per cent.

But the price of clothing, of fuel and electricity and of house furnishings all dropped fractionally.

Although prices on most items have climbed, Office of Price Stabilization (OPS) officials announced Wednesday ceilings would be suspended this week and on bottled whisky and on winter clothing. They have been selling for months below ceiling levels.

The price drop in these items was attributed to big stocks and lagging sales. The decline in sales has been sharp since a new federal tax went into effect.

## Academic Liberty Power Company Defended By Dean To Move Location At Jaycee Meet During Weekend

### Group Announces Bar-Formal Opening Will Be Held At Country Club Friday Night

Speaking at the Junior Chamber of Commerce luncheon today, Hols Dean, a student at Yale University, spoke on the subject "A Reply to Buckley," in which he defended American colleges and universities against the charge that they are "infested" with communists and failing in their duty to inculcate the basic principles of Americanism.

Introduced by T. E. Tucker, program chairman, Mr. Dean said that the Buckley book, entitled "God and Man at Yale," attacked the "superstitions of academic freedom" and urged the establishment of an official orthodoxy of Americanism to prevent the teaching of un-American ideas by university professors.

Mr. Dean denied that there is an orthodox "American" creed and said that Buckley's proposal "does not correspond with the one belief which deserves to be named American, the belief in the free formation and expression of individual conviction."

The American way of life, Mr. Dean said, cannot be propagated by the university since it consists, so far as education is concerned, in the presentation of a variety of points of view, a variety of opinions, a variety of non-nominal attitudes, from which the individual student is to make his own selection, but in "a religious, economic and political dogmas."

Mr. Dean concluded with the assertion that the real danger to liberty is not so much the "un-American" but the "un-Americanism" which is the best lack of conviction." He added: (Continued on Page 5)

## Blood Donations Day To Be Held At Navy Air Station

Armed Forces Blood Donor Day will be observed Tuesday at the Sanford Naval Auxiliary Air Station, and Navy wives headed by Mrs. J. L. Chittenden will serve as voluntary workers for the blood donation program which is sponsored by the Reminiscence Chapter of the American Red Cross, Mrs. Velma Gonzalez, executive secretary, announced today.

Lt. J. R. Miller will be in charge of recruitment of donors. The volunteer group will include staff aides, nurses and enlisted workers. Wives of officers of Squadron No. 85 will donate cookies and other refreshments. All other supplies will be donated by the Navy.

Thomas Stringer, chapter safety chairman, is conducting Junior and senior lifesaving classes at the Municipal Pool Tuesday through Friday of each week at from 9:00 to 11:00 a.m. Those completing the course will be eligible to receive Red Cross lifesaving certificates. Those desiring to register for the course are advised to telephone Red Cross headquarters.

The annual meeting of the Chapter will be held next Thursday night at 8:00 o'clock at the Youth Club.

## Chases Re-elected In Shippers League

ORLANDO — Directors of the Growers and Shippers League of Florida Wednesday re-elected R. D. Keene, Winter Garden, president for a 14th term at the league's 20th annual meeting here.

Gordon Stedman, Orlando, was reappointed secretary manager. Randall Chase, Sanford, was elected first vice president; Phil C. Peters, Winter Garden, elected second vice president, succeeding Fred W. Davis, Tampa; J. C. Hutchison, Sanford, elected third vice president, a new post; S. G. Chase Jr., Sanford, re-elected treasurer.

Stedman recommended that a study be made of the entire ratification on fresh citrus fruit in bringing it down to a more reasonable, workable and practical basis and that "our every effort be expended to defeat any legislation proposed to restrict the transportation facilities we now have."

## Increase Reported In Polio Sickness By Health Service

WASHINGTON — The Public Health Service today reported an 18 per cent increase in infantile paralysis cases so far this year.

The number of cases last week was 83 per cent above the same week one year ago.

The report listed 290 cases of infantile paralysis last week, compared with 218 in the preceding week and 102 cases in the similar week a year ago.

The 5-year (1947-51) median for the week was 236 cases.

The service said California and Texas have been reporting about half of all the cases in the nation since the "disease year" started with the week ended April 5.

For this "disease year" the service listed 2,850 cases, compared with 2,377 in this date a year ago. Texas had 103 cases last week and California 40.

Eight states and Hawaii have had significantly more cases of poliomyelitis this year than last, the service said. They are Ohio, 24 cases this year and six up in this time a year ago; Iowa, 30 and 9; Missouri, 15 and 8; Florida, 12 and 5; Mississippi, 8 and 1; Louisiana, 8 and 6; Texas, 47 and 27; California, 202 and 108; and Hawaii, 30 and 1.

DOING SOME STREET CAMPAIGNING before the District of Columbia's Democratic Presidential primary, Sen. Estes Kefauver (Tenn.) stops to chat with Mrs. Eugene Arshaleff and her daughter, Rita Kefauver, who was opposed in the primary by W. Averell Harriman, Mutual Security Director. Looking on is Mrs. Kefauver. (International Soundphoto)

## Taft And Ike To Cut Taxes If Victorious

### Kefauver Confident Of Victory Next Month, Denounces Isolationist GOP

By The Associated Press

The top contenders for presidential nomination were on record today to cut taxes if elected. The Democratic front runner, President Truman, said isolationism would dominate their part of either gets to the White House.

Taxes were a topic in talks Wednesday by Ohio Sen. Robert Taft and Gen. Dwight Eisenhower, running one-two in the race for Republican presidential nomination.

They, in turn, were a topic in an address by Sen. Estes Kefauver of Tennessee, who has more delegate votes lined up than any of his rivals going into the Democratic presidential nominating convention.

In Denver, Eisenhower told Oregon's GOP convention delegates he would advance the national interest if he were President. This, plus the fact that the Allies are an militarily strong as Russia, would make tax reduction possible, he said. He estimated the cost of the war would be a "steady shrinkage" in the tax load.

Taft, in a Washington speech, said that if he becomes President he will seek a straight 15 per cent cut in taxes and a 25 billion dollar cut in federal spending. (Continued on Page Two)

## Drew Pearson Gets Punch On Cheek By Angered Attorney

WASHINGTON — Drew Pearson, who punched a year-old Charles Patrick Clark, says a "punch" on the cheek was a "punch" on the cheek.

Pearson was not in court. He was represented by his counsel, Charles Patrick Clark, who has freely admitted to reporting that he threw the punch Wednesday.

WASHINGTON — Drew Pearson, who punched a year-old Charles Patrick Clark, says a "punch" on the cheek was a "punch" on the cheek.

Pearson was not in court. He was represented by his counsel, Charles Patrick Clark, who has freely admitted to reporting that he threw the punch Wednesday.

## Dog Shooter Who Protected His Son Is Freed By Court

LOS ANGELES — A judge dismissed charges against a father accused of shooting a dog that bit his son, saying "Too many dog bites."

Andrew Medrano, 36, told Municipal Judge Roger A. Pfaff Wednesday that the dog, a year-old collie belonging to a neighbor, bit his 9-year-old son as the lad walked along the street. Another of his children had been previously bitten by the same dog, Medrano said.

Medrano was charged with cruelty to an animal and firing a gun within the city limits.

"I think the father was justified in going over and shooting the dog," Judge Pfaff said. "This brings us to the second count—firing a gun in the city. What about that?"

Medrano's lawyer argued that "the Constitution gives a man the right to protect his life and that of his family."

Judge Pfaff then dismissed the firearm charge.

## Charges Dropped In Petersburg

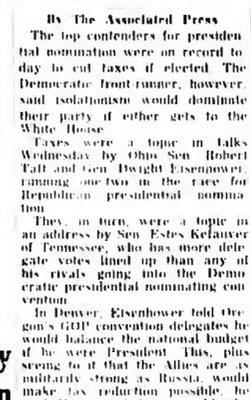

ST. PETERSBURG — Charges of shooting up a state highway patrol car were dropped Wednesday against Talbot VanCott, an automobile mechanic.

It was accused of firing bullets into a car assigned to Patrolman Ted Zeuch. Police said in Municipal Court the bullets found in the car did not match a pistol owned by VanCott.

Zeuch, who later resigned from the patrol, said he had parked his vehicle in an alley to investigate a prowler.

## President Truman Says No Democrat Can Reduce Taxes

### Acc Back In U. S.

COLEMAN F. FRANKS, U.S. Air Force, says a "punch" on the cheek was a "punch" on the cheek.

## Senators Given Military Report About Formosa

WASHINGTON — The Senate today was given a report on the military situation in Formosa, China, and the United States would be unable to defend the island against Red forces.

The report, which was prepared by the Joint Chiefs of Staff, said that the Chinese Nationalist forces in Formosa were being driven back by the Chinese Communist forces.

The report also said that the United States would be unable to defend the island against Red forces.

## Reds Driven Back With Heavy Losses By United Nations

SEOUL, Korea — United Nations forces, including back-parade Communist assault in East Central Korea today and killed more than one-fourth of the attacking force.

U. S. Eighth Army headquarters estimated 80 Red soldiers were killed as well as supported Allied troops successfully defended their forward position southeast of Kum-ong.

For the second successive day Red guns were silent near the Allies' newly won U-shaped hill mass west of Chongju on the western front. U. S. Shooting Stars made eight air strikes on Reds still dug in on the rocky ridge.

The Chinese Communist Kuman assault began with fire from self-propelled artillery on Wednesday night. Then five infantry platoons attacked and before dawn the Reds upped their strength to around a battalion, about 750 men.

Grounded by exchanges of small arms, mortar and artillery fire, U. S. soldiers crippled a non-time attack with their own counter-assault.

Grounded by bad weather Wednesday, Fifth Air Force fighter-bombers reappeared today on "close support" missions against the front line of Allied Shooting Stars killed or wounded 75 Communist and shot up three caves reported shielding Red soldiers, the Air Force said. Land-based Marine planes attacked Red supply building 20 miles north of Pyonggang, on the central front.

## Sec. Steel Strike As Serious; And Says He Still Remains Eisenhower's Friend

### By DOUGLAS R. CORNELL

WASHINGTON — President Truman said today the steel strike is creating a serious situation, Gen. Eisenhower still is a friend of his and no President can cut taxes 15 per cent.

Mr. Truman raved through those comments and a few others at his news conference. He said that he isn't running for office, so he can give the fact about cutting taxes. Actually, he said, they ought to be increased in order to meet the deficit.

Sen. Robert A. Taft of Ohio, who, along with Gen. Dwight D. Eisenhower is a leading contender for the Republican presidential nomination, said Wednesday he would put in a 15 per cent tax cut if he became President.

Mr. Truman was asked if he thought any Democratic President could trim taxes that much. No, he said, he still thinks it is a nice idea, but he would not do it.

Then, when a Republican President "cut taxes 15 per cent?"

Sen. McCarver said not unless he wants to put the country farther in the hole than it is.

Eisenhower has not gone as far as Taft in promising a tax reduction, but he has said a reduction could be possible in about two years.

Well, after all the speeches Eisenhower has been making, does Mr. Truman still take the general's word for it? He is a nice idea, but he would not do it.

Mr. Truman chuckled and said he couldn't say that adding the tax cut would be all right. He would have to consider Eisenhower a friend.

Do you "wish him luck?" Mr. Truman chuckled and said he couldn't say that adding the tax cut would be all right. He would have to consider Eisenhower a friend.

While the steel situation is being worked out, Mr. Truman said he would not say that adding the tax cut would be all right. He would have to consider Eisenhower a friend.

## Colonia Friends S. Gabreski, U.S. Air Force, says a "punch" on the cheek was a "punch" on the cheek.

WASHINGTON — The Senate today was given a report on the military situation in Formosa, China, and the United States would be unable to defend the island against Red forces.

The report, which was prepared by the Joint Chiefs of Staff, said that the Chinese Nationalist forces in Formosa were being driven back by the Chinese Communist forces.

The report also said that the United States would be unable to defend the island against Red forces.

The service said California and Texas have been reporting about half of all the cases in the nation since the "disease year" started with the week ended April 5.

For this "disease year" the service listed 2,850 cases, compared with 2,377 in this date a year ago. Texas had 103 cases last week and California 40.

Eight states and Hawaii have had significantly more cases of poliomyelitis this year than last, the service said. They are Ohio, 24 cases this year and six up in this time a year ago; Iowa, 30 and 9; Missouri, 15 and 8; Florida, 12 and 5; Mississippi, 8 and 1; Louisiana, 8 and 6; Texas, 47 and 27; California, 202 and 108; and Hawaii, 30 and 1.

## Charges Dropped In Petersburg

ST. PETERSBURG — Charges of shooting up a state highway patrol car were dropped Wednesday against Talbot VanCott, an automobile mechanic.

It was accused of firing bullets into a car assigned to Patrolman Ted Zeuch. Police said in Municipal Court the bullets found in the car did not match a pistol owned by VanCott.

Zeuch, who later resigned from the patrol, said he had parked his vehicle in an alley to investigate a prowler.
