Y.M.C.A. OFFICERS PLAN TO RECEIVE MANY DELEGATES

Two-Day Convention in This City Expected to Bring in Large Number of Visitors; Prominent Speakers Listed

Preparations for the housing and the entertainment of delegates to the state Y. M. C. A. convention, which opens in Sanford Monday, are being completed today by local "Y" officials. Many of the delegates are expected to arrive in the city tomorrow.

Among the speakers who are to address the convention is W. D. Weatherford, president of the Southern Y. M. C. A. College, of Nashville, Tenn.; J. C. Penney, of Miami and New York, is also on the lists of speakers. Mr. Penney is said to be one of the largest chain store operators in the United States and one of the prominent bankers of the Y. M. C. A. R. H. King, of Atlanta and George O. Draper, of New York, are the others who are to be heard during the two day session.

The first state convention session is to get under way in the Presbyterian church at 9 o'clock Tuesday morning, the first day having been scheduled for committee meetings and hearings on the past year's activities.

Boy's demonstrations and book, maps, charts and pictures exhibits are also included among the activities planned for the two-day convention. The Halifax Boy's Band is to furnish music for all occasions. Tuesday evening there is to be a banquet for the visitors in the Woman's Club home on Oak Avenue. It is scheduled for 6:30 o'clock p. m.

Boy Scouts Guide City Traffic Today

Sanford Boy Scouts were stationed today at the principal street intersections, where the "stop" traffic regulations are in effect. The scouts politely reprimanded drivers who failed to stop at "through" streets of the new traffic law handed them a copy of the new ordinance adopted six weeks ago.

Leopold Is Witness In Trial of Convicts

JOLIET, Ill., Nov. 20.—(AP)—Nathan Leopold who left behind a name of wealth when he and Richard Louis Slayback were convicted of slaying of Bobby Franklin and Lloyd Garrison, was today in the courtroom as a witness.

RUINS OF SHIP GIVE UP 8 OF 16 BELIEVED DEAD

Check Made by Pilot of the ill-Fated Tanker Mantilla Indicates Twelve of Crew Died in Explosion Friday

Two Score Others Are Seriously Hurt

Accidental Ignition of Gas in Fuel Tank Is Believed To Have Caused Tragedy

BALTIMORE, Nov. 20.—(AP)—Search of the cooling ruins of the Norwegian tanker, Mantilla, vent apart by an explosion in its hold while in dry dock at Sparrow's Point today had accounted for only eight of the 16 men believed killed.

A check made by Captain Nils Daneska indicated that the death toll included 12 of the Mantilla's crew of 35. Four unidentified bodies were apparently those of seamen. The other bodies recovered were believed those of employees of a ship cleaning company.

Accidental ignition of gas generated from oil that remained in a fuel tank when the Mantilla went into drydock was believed the cause of the blast which ripped the vessel's steel plates like tissue. Flames licked from the fissures, searing workmen from the docks and drydock scaffolding.

Rescue workers who penetrated billows of smoke which blanketed the drydock after the explosion found disabled men frantically attempting to escape from advancing streams of burning oil. Many were taken out with their clothing on fire.

A thorough search of the interior of the vessel was impossible until several hours after the explosion. At that time no trace of bodies could be found.

Officials believed the missing men might have been hurled into the water or consumed in the flames.

City Planners to Meet next Monday

The city planning commission will meet at 10 o'clock Monday morning to consider minor changes requested by the citizens in the boundaries of several of the districts, as outlined in the proposed zoning ordinance. The changes were requested at a public hearing held in the City Hall council chambers Thursday night.

School Girl, Hurt By Bus, Recovering

Sarah Elizabeth Rossiter, 13, injured when she struck the pavement in alighting from a school bus Thursday morning, was reported today as much improved.

South Carolina Man, 30, Who Shot Sheriff In Attempted Arrest, Remains At Liberty

COLUMBIA, S. C., Nov. 20.—(AP)—Harold Wheeler, 30 year-old son of a prominent Williamsburg county farmer, remained at liberty early today after dangerously wounding Sheriff Henry Gamble who attempted to arrest him on a charge of trying to wreck Atlantic Coast Line passenger trains passing near his home.

After waiting around the Wheeler home near Cades, most of last night, trying to capture Wheeler, police were induced by J. Wheeler, the young man's father, to leave on the chance that he might return to his parents who would turn him over to the authorities.

QUEEN RECEIVES PUBLIC HEARING CHEERING WORD ON WIDENING OF FROM BUCHAREST STREETS CALLED

QUEEN MARIE'S TRAIN ENROUTE TO NEW YORK, MARTINSBURG, Va., Nov. 20.—(AP)—Cheered by a retransmitting message from home concerning the health of her husband, King Ferdinand, of Romania, Queen Marie set out today for a brief sightseeing trip before undertaking the last leg of her journey to New York.

The historic Shenandoah valley along the route from Martinsburg to Harper's Ferry, Charleston and Winchester, attracted the Queen today. The schedule for the morning raised her Majesty from bed soon after daybreak for a 7 o'clock departure by motor over famous battlefields and the region that saw the picturesque rise and fall of John Brown.

MARTINSBURG, W. Va., Nov. 20.—(AP)—Queen Marie and her royal party arrived here at 7:15 o'clock this morning on the final lap of their journey to New York.

Pensacola Gets Next Civitan Convention

LAKELAND, Fla., Nov. 20.—(AP)—With the selection of Pensacola as the convention city for 1927, the Florida Association of Civitan Clubs in session here two days, adjourned shortly after noon today.

Pope Attacks 'Bloody Tyranny' In Mexico

ROME, Nov. 20.—(AP)—Pope Pius in an item published today condemns the "bloody tyranny" suffered by the clergy and faithful in Mexico, exhorts those in other lands to continue prayer in behalf of the Mexicans and expresses faith in the final victory of the church.

Sanford Avenue Business Men Make Plans For Curbing Peddlers Here

Matters pertaining to publicity and plans for an attempt to curb itinerant peddlers' activities in this city were the main topics of discussion at Friday night's meeting of the Sanford Avenue Merchants Association, held at 8 o'clock in the Seminole Cafe.

COUNTY C. OF C. Manley Found TO ASK AID ON ROAD PROJECT By Jury, Gets To Ten Years In

Special Committee Selected Friday Night to Confer With Martin and Hathaway On Geneva-Titusville Road

Conference Date Sought by Bebout

Senator-Elect Parrish Heads Committee From Titusville Conferring With Local Men

A special committee was appointed last night by the Seminole County Chamber of Commerce to wait on Governor J. W. Martin and Dr. Foss Hathaway, chairman of the State Highway Department, and request action on the improvement of the Geneva-Titusville road project known as state road No. 44. This decision was made at a meeting of the board of governors in the Seminole Cafe.

Secretary L. C. Bebout was instructed to ask the governor and state highway chairman at once for a meeting date. An improved highway to the East Coast from Sanford via Geneva and Titusville has been contemplated for 10 years or more, and the project is now a certainty except for a short stretch in Volusia County, according to officials of the chamber.

Senator-elect J. J. Parrish, W. F. Allen, mayor of Titusville, and W. A. Donaldson, a commissioner of Brevard County, attended the meeting and made brief talks. The highway can be completed by the united action of Seminole and Brevard counties, Senator Parrish declared. He assured the board that he would leave no stone unturned to have the highway finished.

Mayor Allen said that the Brevard County bond issue to be placed before the voters on Nov. 23, included an allotment of \$100,000 for construction of the Geneva-Titusville road to the Seminole County boundary line.

Commissioner Donaldson asserted that the united efforts of citizens of the two counties would result in the completion of the road within the next 18 months.

50 Cars Needed for 'Y' Visitors Monday

Fifty automobiles are needed for the transportation of visitors to the state convention of the Florida Y. M. C. A. on a sight seeing trip in Sanford Monday, E. J. Trotter, secretary of the Sanford Chamber of Commerce said today.

Automobile Wrench Leads to Divorce

SAVANNAH, Nov. 20.—(AP)—An automobile wrench has wrecked the marriage machinery of Mr. and Mrs. William Joseph Farnelle. The couple were married yesterday morning. In a petition for divorce drawn up several hours later Farnelle set forth that he soon discovered his mistake. His wife announced that she would leave him when he returned the wrench back to her.

Body of Negro Boy Found

The body of a Negro boy, later identified as the 12-year-old Washington, D. C., boy who was missing since the morning of Nov. 15, was found near the Atlantic coast here today.

Defendant Emotion as In Road to He Remains

Motion For Trial Is

January 8 Is Date for Argument

ATLANTA, Ga., Nov. 20.—(AP)—W. D. Manley, president of the Trust Company, was found guilty of "fraudulent taking" by the Superior Court here. Punishment was the jury at from which the state price Howard after having polled, sentenced the case to the state prison for a term of 10 years.

Manley appeared and heard the verdict and sentence sitting down. He, who has directed since the trial began ago, listened intently to the jury's verdict with no emotion.

Attorneys for Manley motion for a new trial. Howard filed Jan. 8 to hear arguments of Solicitor General J. E. Rife, who said that he was unable when the remaining in trial against Manley would be held.

The jury was given the last night but decided deliberation until 9 o'clock morning.

Manley went on to see under the Florida law that he was not to be held in custody until he had paid the balance of the bank's debt.

C. Of C. Will 'Courtesy' To Visitors

Visitors to the Chamber of Commerce are being given special courtesy by the Chamber of Commerce. The courtesy is being extended especially for the boys coming to the Sanford convention.

Body of Negro Boy Found

The body of a Negro boy, later identified as the 12-year-old Washington, D. C., boy who was missing since the morning of Nov. 15, was found near the Atlantic coast here today.

MADE FRIDAY AT LONGWOOD

Theodore Guy Takes Hotel Forrest Lake Purse in Two Fast Heats for Record

Best Time Made Is 2.04 1-2 For Mile

Princess Iroquois Is Winner of Another Program Feature

By Robert L. Hooker

Theodore Guy, who was three years old champion pacing gelding in 1924, stepped around the oval in two fast, record breaking heats at Seminole yesterday afternoon to capture the Hotel Forrest Lake Stake. His time for the first heat was 2.05 1/2 and for the next it was 2.04 1/2, just two seconds slower than his own world record made three years ago. His share of the purse \$2,142.50 for winning yesterday's premier event. Sep Pallin was in the sulky.

Theodore Guy is by Guy Axworthy, out of Princess Margrave. He arrived at the course in the pink of condition—just a few days ago and his start has been anxiously awaited by many race followers. Their patience was amply rewarded yesterday.

Norman Gratton, with A. K. Vall in the sulky, bested Lulla Forbes, the Walter Candler entry, for second money by outting the latter in a stretch battle. Lulla Forbes had raced second to Theodore Guy in the first two heats and was easily the favorite in the third.

Princess Iroquois won her second start yesterday by capturing the first two heats of the opening race. Previous to the race she was purchased, for a reported \$5,000, by E. J. Baker, of St. Charles, La., nephew of the famous "Betcha Million" Gates. Sep Pallin was the winning driver.

Joe Patch captured second money by outgaming Thais Direct in the third heat by a nose. The heat winner was driven by Louis Huber.

The third event went to Robert G. with apparently little effort on the latter's part. Tippi Frisco took the third heat and second money, with Stokes in the sulky.

Ladies' Day Today

Today is Ladies' Day at the new plant. The first of these was carded for last Monday but owing to the rain the program was cancelled for that day. From now on officials expect fair weather—and on Ladies' day they expect many of the fair sex.

The crowds are improving in size as the meeting wears on, showing that a great amount of interest is being created in the sport in this section of the state. Daily arrivals from the north are adding to the ranks of veteran horsemen.

Nicaraguan Appeal Stirs Captial But Coolidge Is Silent

(Continued from page one)

Diaz government might be permitted to obtain arms from the United States through a lifting of the embargo on such shipments to Nicaragua. With the exception of Mexico, all other Central American governments emulated the United States in establishing this embargo. Official notification of the decision to the Mexican government, however, merely brought a reply that the question would be taken under advisement.

Out of the silence that veils the situation here has come no indication that new instructions have been forwarded, since the receipt of President's Diaz's request, oi-

lan L. Latimer, commanding American naval forces in Central American waters, six or seven vessels are under Admiral Latimer's command, settled at various points in Nicaragua, Honduras, and Guatemala and presumably they are alert to the gun running situation. If such action should be deemed warranted, they are in position to run down and capture the Mexican filibusters, and might have the cooperation of the Central American governments which have established embargoes.

While the filibustering activities and attendant developments have overshadowed the other elements of the strained relations between Mexico and the United States, they are not being overlooked. Charge Schoenfeldt, at Mexico City, has just been instructed to make representations to the Mexican government to removal of agrarian trespassers on property owned by Mrs. Virginia King, an American.

Skeptical Over Report

The statement at Los Angeles last night by Adolfo de la Huerta, former provisional president of Mexico, that 20,000 men were in arms in a general rebellious movement in Mexico, was received here with skepticism. In making this announcement, he took occasion to renew the charge of bolshevistic tendencies against the Calles government.

Mexico City was not the only Central American capital in which the Washington government's recognition of Diaz caused intense interest. San Jose, Costa Rica, having found the news sensational with the Diario de Costa Rica suggesting that it represented a change in American policy. Nicaraguan liberals there said the fight against the conservative administration in their country would be continued, and that 5000 men were under arms.

Maryville College Trims Carson-Newman, 10 To 6, In Championship Battle

Maryville trimmed Carson-Newman yesterday in the annual classic between the two Tennessee colleges at Maryville, 10 to 6.

Yesterday's victory is the fifth game which the Highlanders of Maryville, Tenn., who will invade Florida Thanksgiving Day to meet the Stetson Fighting Hatters in Sanford, have won this season. The Highlanders defeated L. S. U., King, Cumberland, Georgetown and Carson-Newman. The strong Maryville team hewed in defeat to Tennessee and Kentucky, losing to these powerful aggregations by a narrow margin in both games.

The game between Maryville and Carson-Newman determined the mythical championship of East Tennessee, according to the Knoxville Sentinel. Carson-Newman

while possessing not near the punch it did two and three years ago, has had a big season this year, Maryville was doped to defeat Carson-Newman. The Highlanders are said to have a "thorough coaching system," and a great player in Shorty McCall. L. S. Honaker is the head football coach at the big Presbyterian school.

Stetson plays the Georgia Aggies on Cummings Field in DeLand today. Coach R. H. McQuillan's boys should have no trouble disposing of the team from the Cracker state.

Tickets for the Thanksgiving Day battle will go on sale today at drug stores in Sanford and DeLand. Legionnaires of Sanford and Stetson student organizations will wage a ticket sales campaign between now and next Thursday.

NASH

Leads the World in Motor Car Value

7 Bearings in ALL New Nash Models
7 Bearings Latest Crankshaft Design
7 Bearings For Extreme Quietness
7 Bearings For Ultra Smoothness
7 Bearings The Maximum Number for a "Six"
7 Bearings For Greatest Crankshaft Rigidity
7 Bearings Minimize Motor Maintenance

The Truly Modern "Six"

Must have a Seven Bearing Crankshaft

If you are considering a "Six" then the FIRST thing to find out is whether or not it has a 7-bearing crankshaft motor.

For if it has only a 3- or 4-bearing crankshaft you know at once that the motor does not follow the most modern engineering.

ONLY 7 bearings will positively assure the highest degree of smooth, silent crankshaft operation.

That's why the performance of the new 7-bearing motor Nash, whether a Light Six, Special Six, or Advanced Six, will prove a revelation to you in power-smoothness and power-quietness. Try one out TODAY.

SOIL SURVEYS HELPFUL

Soil surveys conducted by the Bureau of Soil of the United States Department of Agriculture have proved of immense value to farmers, indicating the best products for various soils and the most profitable type of cultivation.

HIGH TRIBUTE IS
PAID TO LIBERTY
COUNTY BY MAYO

Progress of Section Together
With Its Climatic Conditions
Make It One of Most
Attractive, Says Mr. Mayo

BRISTOL, Fla., Nov. 20.—(AP)—A high tribute to the climatic conditions of this section, to Liberty county's progress in farm development, and to the initiative taken by local farmers in raising the standard of their live stock was paid by Nathan Mayo, commissioner of agriculture, in one of the feature addresses of the Liberty County Fair, in progress here.

Mr. Mayo was also on the program to officiate at the crowning of Liberty county's "queen," a duty originally assigned to Gov. John W. Martin, but falling to the agricultural head when the chief executive found it impossible to attend the ceremonies.

Liberty county, the commissioner revealed, has 526,720 acres of land, of which only 4,083 were re-estimated by the government as in cultivation in the year 1924. He added that it was "easy to judge the future possibilities" of the county by considering the small cultivation and the showing at the fair.

Mr. Mayo told of having received a letter from a Virginia editor that a number of Pennsylvania farmers, who had recently returned from a trip to North Florida, had made the statement that that section of the state "offers great advantages for raising and raising, especially the counties along the Appalachian river that..."

Jack Onslow Given
Release by Pirates

PETERSBURG, Nov. 20.—(AP)—Jack Onslow, Pittsburgh Pirate coach, has been given his unconditional release. When Donie Bush was made manager a few weeks ago he was given a free hand to select his own aides, and it is presumed that he has selected Onslow as his coach.

BLAST WRECKS HALL

SAN DIEGO, Cal., Nov. 20.—(AP)—A terrific explosion, said to have been caused by black powder, partly wrecked a hall used by the Ku Klux Klan here late last night. No one was in the house at the time. The explosion shook the entire suburb of University Heights, where the hall is located.

Tampa Shipping In
October Is Given
At Over 31 Millions

TAMPA, Fla., Nov. 20.—(AP)—The valuation of all cargo handled through the Tampa harbor during the month of October was placed at \$31,204,984, as compared with \$10,278,443 for September, an increase of \$11,926,541, according to figures compiled by Francis M. Sack, statistician of the board of trade.

During the month, goods to the value of \$27,825,846 was shipped into Tampa, while outbound cargoes were valued at \$2,325,368. The value of coastwise shipments was placed at \$1,255,750.

Vessels entering and clearing the port last month included six sailing vessels and 107 steamers, ten of which were foreign ships.

Value of various cargoes brought in during October included: Bananas and plantains \$113,970; asphalt \$204,960; gravel and stone \$98,472; paving brick \$90,500; kamite \$62,320; oils and gasoline \$12,030,480; coal \$63,200; fertilizer \$17,600; bone meal \$20,000; machinery, autos, etc., \$570,044; and general cargoes \$14,363,500.

Value of the principal outgoing cargoes included: Phosphate \$422,405; lumber \$21,963; and general cargoes \$1,809,000.

EXCELLENT WOOL CROP

The Canadian wool crop for 1924 is estimated at 11,000,000 pounds, an increase of 1,000,000 pounds over 1925. Eastern domestic wools have been up to standard and the westerns were possibly the best ever taken.

When Clara Bow appeared with

Erskine Six Scores
Auto Show Success

Another record breaking success was scored by the Erskine Six, Studebaker's new car, at the Olympia Show in London, according to cables received by A. R. Erskine, president of the Studebaker Corporation of America.

"The showing of the Erskine car created the biggest sensation of any new models at Olympia," cabled L. J. Ollier, managing director of Studebaker of Great Britain, Limited; London. "Our stands are crowded from early morning until close of show. Dealers enthusiastic and I confidently predict that we will sell 10,000 Erskines in 1927. We congratulate you all on the marvelous product."

The success of Studebaker's export car at the Olympia Show follows its triumphant introduction earlier in October at the Paris Salon, where for the first time in the history of this international motor car exposition an American car proved to be the sensation of the Salon.

Movie Sidelights

Desire for authenticity in photoplay settings provides movie companies with world-wide travel. Only recently, London and the ancient village of Denham Bucks in England were exterior "sets" for the screening of Hutchinson's "One Increasing Purpose." Paris is the locale of "Seventh Heaven," for which Director Frank Borzage has been directing "locations" for his company.

When Clara Bow appeared with

a Chow dog the hair of which matched her flaming red locks in color, the combination was so appealing to other stars that a fad was started. Dogs, kittens and birds of colors matching the hair of their mistresses now are sought as pets.

The age of a photoplay makes little difference to fans in the Bahama Islands, reports Charles Stallings, production manager of a picture being made in the islands. He said he recently saw Kathleen Williams in "The Man, the Girl and the Lion," which was made "when Hollywood was a potato patch. Tom Mix was an extra, and Charlie Chaplin was singing in the English music halls."

"Hank," an educated dog, which plays "Tob" in "The Return of Peter Grimm," had to be rehearsed several times so as not to bark when he saw the image of his master in the house when "Oom Peter Grimm" returns from beyond.

Chester Conklin, comedian, is seeking to popularize pipe-smoking at banquets and other social gatherings. At a recent banquet Conklin suggested to a group of friends that they retire during the after-dinner speeches for a smoke. Their plan was revealed, and a toastmaster invited them to smoke pipes at the tables.

Castles go up in smoke at Metro-Goldwyn-Mayer's Culver City studio. Sets that once appeared as gay cafe scenes, a castle on the Rhine, and the "bed of roses" in "Three Weeks," were burned as waste material in the furnace that heats the studio boilers.

Times have changed since Tom Mix was chaperoning cows in Texas and Oklahoma.

"When I was a cowpuncher, it took money to buy a girl a meal," he said, as he dined at the chuck wagon on location. "Now, when I'm able to buy a cafe, should I want it, I couldn't find a girl who would eat more than a slice of toast and a tomato! Seemingly, ideas on forms have changed, too."

Gloria Swanson, John Barry-

more and Buster Keaton, are completing their first independent productions. Miss Swanson is well advanced in her work on "Sunya," at the New York studio. Barrymore has another month's "shootings" scheduled on "The Loved Rogue," at Hollywood and Keaton is cutting and titling "The General," also in Hollywood.

Finding new and attractive titles for motion picture plays is be-

coming a difficult task of the thousands of stage and screen productions yearly. The legal files in Washington kept busy searching for titles in Washington to clearing a title.

In addition to being motion picture titles as they are generally electric sign displays are costly money.

Out on the road it says, "Watch me!" more than makes good. It is the Studebaker Standard Six Custom Sedan—a car that fills the eye with beauty, stirs the pulse with power, and saves the pocketbook with its economy! Only Studebaker One-profit facilities could achieve such masterpiece of custom quality at the Studebaker price. Lustrous duotone laquers, luxurious mohair upholstery and broad-lace trim—but a few of its features of custom finish and refinement—and its famous Studebaker L-Head engine makes it the most powerful car of its class and weight.

Here Are The Improvements

Review this impressive list of improvements—a notable twelve-months' record of progressive engineering:

- A new five-bearing crankshaft (replacing the three-bearing type).
- A new two-unit starting and lighting system (replacing the single-unit type).
- Air cleaner of improved design.
- Spark and throttle levers placed above the wheel for greater convenience.
- Rumble seat for Sport Roadster.
- Stylish new body lines.
- Rich and attractive new colors.
- Improved all-steel body construction.
- Increased driving vision.
- Indirect dial lighting for De Luxe and Sport types.
- Far greater riding comfort.
- Impressive new smoothness and silence of engine operation.

Greater beauty, greater convenience and remarkable new silence and smoothness of engine operation have followed these vital betterments.

Yet Dodge Brothers low prices remain unchanged—values certainly that no motorist can now afford to overlook!

NEWS FOR THE MOTORIST

ADDITIONAL SOCIETY

Ellsworth Harper Goes to Members Lottaphun Club

Monday evening Mrs. Ellsworth Harper entertained most delightfully at bridge at her lovely home in Magnolia Heights, the members of the Lottaphun Club.

The members of the club were used with pleasing results in the living and dining rooms the tables had been set for play.

Used for the card game was the form of Thanksgiving filled with fruits. When each added it was found that A. C. Foster was holder score while the low score game was held by Mrs. Matthews.

Guests served frozen fruit, coffee, cake and coffee as guests at the conclusion of the evening.

Playing were: Mrs. M. King, Mrs. P. M. King, Mrs. Matthews, Mrs. Forrest McArthur, Mrs. A. C. Foster, Mrs. Lathen, Mrs. Stephenson and Mrs. Harper.

C. C. Chaffee, Mrs. P. M. King and Mrs. Chris Matthews among those from Sanford who attended the all-day meeting for the local Guild, Friday at Park.

Mrs. Edward Lane motored to Orlando Saturday where he will spend the week-end with his mother, Mrs. A. T. Roscoe, Magnolia Avenue.

Herbert Messer, who is a student at University of Florida at Gainesville, is spending the week-end here with his mother, Mrs. A. T. Roscoe, Magnolia Avenue.

Miss Sara Evelyn Williams, who is attending Florida State College at Tallahassee, is spending a few days here with her parents, Mr. and Mrs. Fred T. Williams.

Mission House Source Of Fine Chinese Art Exhibit Coming Here

The name of the mission house with its hospital and industries in Wu-Chang China, which is the source of the marvelous display at the Woman's Club on Nov. 24, is the Cross Stitch House on Checkerboard Street.

The Literature Department of the club has been fortunate in obtaining such a showing. Besides the embroideries, tapestries and prints, there will be an important exhibition of arts and crafts in the way of pearls in brocade boxes, pearls, pink and green and black from Peking.

Some very choice crystals will also be displayed, and genuine topaz and amethysts in beads and pendants. There will be strings of Japanese crystals with white gold and crystal clasp, and carved ivory pendants.

The Literature Department invites everybody to be present. There will be a nominal charge for admission.

Mr. and Mrs. Rolland L. Dean returned home Thursday from Miami where they spent a week as the guests of the former's parents, Mr. and Mrs. S. Bobo Dean. They were accompanied home by Mr. and Mrs. Dean, who will remain here as their guests for several days.

C. C. Jones of Fort Myers arrived here Friday evening for a short visit with his son and wife, Mr. and Mrs. Earle E. Jones, while enroute to Asheville, N. C.

William McGriff returned to Sanford Friday evening to spend the winter after an extended visit with relatives at Pensacola.

Auto Men Will Eat Either Turkey Or Beans On Thursday

Turkey or beans—what? Win and you feast on turkey—lose and you diet on beans.

This is the novel inspiration in the nation-wide sales contest being conducted this month within the Chevrolet Motor Company. Winners will be those who deliver the largest percentage of their November quota. In thousands of cities throughout the country, those who have won the right to dine on turkey will sit directly opposite their less fortunate bear-eating brethren.

The contest involves two assistant sales managers, C. E. Dawson and H. J. Klingler, six regional sales managers, 21 zone sales managers, 400 Chevrolet representatives, 8,000 direct and associate dealers and 14,000 salesmen.

Mr. Dawson is directing the Flint, Atlantic Coast and South Eastern regions against the Great Lakes, Middle West and Pacific Coast Regions, led by Mr. Klingler.

In addition to the regional contest, every Chevrolet zone within the regions is matched against another zone and every dealer organization within the zone is matched against another dealer.

The turkey-bean banquets of the dealer organizations will be held early in December, while the assistant sales managers, together with the regional and zone sales managers will eat either turkey or beans at the regional and zone sales managers' convention in Detroit about Feb. 1.

Miss Margaret McKee, Miss Tressie McKee and G. A. Maffett were among those from Sanford attending the show in Orlando on Friday evening.

William McGriff returned to Sanford Friday evening to spend the winter after an extended visit with relatives at Pensacola.

National Sales of Chandler Increase

Chandler continues to increase its sales nationally, states Sid Black, vice president in charge of sales and advertising for the Chandler-Cleveland Motors Corporation.

In August, 1926, Chandler enjoyed a 60 per cent sales increase over August, 1925. September, 1926 sales are now ahead of August, previous peak month this year, Vice President Black reports.

In September, 1926, Chandler showed a 150 per cent sales increase over September, 1925. The popularity of Chandler's Big Six series is reflected by a sales increase of 172 per cent over Big Six sales in September, 1925. The special and standard six series show an increase of 138 per cent over September, 1925 sales.

Chandler's Canadian sales show a 257 per cent increase the first eight months of 1926 as compared with the same period last year. The company's Canadian distributing organization has grown 400 per cent in the same period.

The Chandler-Cleveland Motors Corporation new dealer appointments in September, 1926 continue to mount—figures showing a 67 per cent increase over the total of last month.

Unfilled orders on the company's books assure peak production for the balance of the year, Vice President Black states, and Chandler will enter 1927 in an enviable sales position.

Frank Markwood and Hamden Duffee motored to Orlando Friday where they spent the evening.

More Quality Less Money

—that's the new Chandler Message!

THOUSANDS of people seem to have the impression that Chandler is a high-priced car because Chandler looks expensive, and because many Chandlers are owned by families of wealth.

This is all very complimentary to Chandler, but let's get the facts straight. The new prices of the 1927 Chandler closed models now start as low as \$995 and do not go above \$1795, f.o.b. factory. The lowest price is for the new Chandler Big Six 7-passenger sedan.

And these new Chandler models are the smartest—the best-performing Chandlers ever built—all equipped with Chandler's "One Shot" oil tank centralized chassis lubrication; an air cleaner and air filter; 4-wheel brakes; shock absorbers; coil springs; self-adjusting spring shackles—the advantages as long as your arm!

Don't jump at buying a car until you take a spin in a Chandler.

Longwood Is Famous As Tourist, Recreational Center Of This Section

By L. C. BEBOUT

The town of Longwood had its origin in 1878, and in its early years was the southern terminus of the "Coast Line" and a center of activity in many lines.

Located as it is in the southwestern section of Seminole County, it has grown to be one of the most important cities in the county. Its interests are varied and many notable achievements have been realized by its wide awake and high spirited citizenship.

Longwood is noted principally as the center of the poultry industry of Seminole County, there being a number of well-maintained poultry farms in this section. The poultrymen have succeeded in raising many prize-winning fowls during the year and their stock at the different fairs and the Sequelcentennial at Philadelphia carried off many honors. This industry is becoming one of the county's most important assets. The back country in the vicinity of Longwood is the beginning of the "backbone" of Florida and the soil in the ridge section is adaptable to the raising of citrus fruits while the lower lands or heavier soils are ideal for commercial vegetable production, ferns and other horticultural products.

Industrially, Longwood has established within its confines a number of business enterprises. The Longwood Ax-handle Factory and the Walter Hagen Golf Producers, Inc., have well equipped plants and are turning out a first class line of goods adding to the wealth of the community and county as a whole. In a transportation way, Longwood is on the main line of the Atlantic Coast Line Railroad between Jacksonville and Tampa and supplemented by a network of hard surfaced highways leading into the productive back country the facilities for handling manufactured and agricultural products are of the best. The Dixie Highway passes through the center of the town and the new state highway crosses the eastern portion of the city making Longwood of easy access from every direction.

During the last few years Longwood has become tourist and recreational center. The Seminole Jockey Club and race course has been established and during the year the races and other activities carried on by this organization draw patronage from every section of the country. The grounds comprising the Seminole Race course give to Seminole County one of the best fair grounds in the state. Over 35 well constructed stables for livestock are available for exhibiting purposes; the club-houses may be easily converted into ideal agricultural display buildings and the \$250,000 grandstand with a seating capacity of 3,000 would provide additional space for exhibition purposes as well as commanding a view of the mile track where races and other fair activities would be staged. The approach to the grounds is a paved boulevard and in addition

rail facilities are easily available for the transportation of all fair paraphernalia. Every advantage will be taken of this well-planned plant for the holding of an annual inter-county fair. A modern hotel is open the year 'round for entertainment of the tourist and prospective resident of Longwood. The Bible Conference composed of men and women interested in religious instruction has taken the initial steps toward the establishment of an institution on a tract of over 500 acres of land with cottages for the convenience of missionaries and other Bible students. This institution will be the means of bringing to Longwood a high class citizenship from all sections of the country.

Longwood in addition to its industries, tourist facilities stores and business enterprises necessary to the development of the community, has its educational institutions and churches. The Lyman School, accommodating over 100 children, is a well-built structure with well lighted and ventilated classrooms. The faculty is composed of efficient and untiring teachers. The school is located between Longwood and Alamo and children from both districts attend classes there; the county board furnishing transportation for the convenience of the pupils. The churches are well attended and the ministers are men well versed in religious teaching and in the presentation of the gospel. On Sunday, as in many other small cities, all business activity ceases and the people gather at the place of worship to renew the faith of the martyrs and teach the youth the better ways of life.

Longwood is enjoying a steady growth and new homes are being erected and the prospects are that several new business and industrial enterprises will be located in close proximity to the city. The many beautiful lakes, springs and woodlands appeal to the sportsman and pleasure seeker. The ideal location and the fertility of the soil in the Longwood country is attracting many new farmers and fruit growers to open up the rich but yet unimproved agricultural districts.

The city of Longwood proper within the last few months has made great headway in beautifying its parkways and properties. The streets are being uniformly laid out and paved and attractive shrubbery planted throughout the town. New brick and stucco business blocks have been recently completed or under construction and a modern water supply system installed. Electric current for power and home lighting is now available from the high-tension lines of the Florida Public Service Company. New and well planned houses are being built throughout the community and many new projects are contemplated. Every facility is available for the making of a modern city and it is truly "The town of Opportunity" which designation has been sponsored by its progressive citizenship.

Variety of Vegetables Are Raised In Large Quantities Near Oviedo

Oviedo a city of over 1,200 energetic citizens, located in the southeastern section of Seminole County, is one of the county's most prosperous communities. Over 6,000 acres of highly productive farm lands constitute the back country of Oviedo. Many varieties of vegetables are raised in large quantities each season and thousands of boxes of citrus, oranges, grapefruit and tangerines are harvested by a number of successful citrus growers of this district.

The business section of Oviedo is made up of a number of well-stocked stores in all lines and the Oviedo Bank is one of the county's oldest financial institutions. Citrus fruit packing houses and lumber mills add to the industrial activities of this town. The Atlantic Coast Line Railroad and the Seaboard Air Line Railway afford transportation facilities throughout this rich agricultural area. The Black Hammock lands in the vicinity of Lake Jessup are Seminole's most beautiful lands, constitute some of the most productive acres in the state.

The Oviedo section is well favored with a network of hard-surfaced highways leading into the agricultural producing area and to all other cities in the county and connecting with the through state and county roads to all sections of the county. The woodlands, lakes and the famous Leoncrockhatchee Creek provide in the Oviedo country every phase of sport for the pleasure-seeker. The woods abound in wild turkeys and quail during the season, and the lakes and streams present to the followers of Brook Walton every "thrill" a fisherman could desire—it is indeed a sportsman's paradise.

The children of Oviedo and vicinity have a well-equipped and modern playground. The annual year-round picnic is of the best and the children of the county are invited to attend.

The people of Oviedo have recently completed a \$30,000 church which stands in the center of the town on a slight elevation just outside of the business section. Rev. Cook the pastor is accomplishing a most commendable work in the community.

The fruit and vegetable packing houses of Oviedo prepare and ship hundreds of carloads of agricultural and horticultural products each season which make it one of the most prosperous districts in the county and as there are thousands of acres not producing there is a great opportunity extended to prospective settlers to become well established in this thriving community.

New Building for Lake Mary C. of C.

The Lake Mary Chapter of Commerce is erecting a new home to cost approximately \$6,000, according to an announcement made yesterday. The new structure is to house all the Chamber activities and is also to be used as a community center.

The building will be one story in height and to measure 70 by 32 feet over all. It will stand on Third Street near Crystal Lake Avenue. It is to have oak floors throughout and all modern equipment.

Included in the several features are a kitchen and dining room for luncheon and banquet purposes, not only of the commerce body, but also of other civic bodies.

TO HAVE NEW COACH

RALEIGH, N. C., Nov. 19.—(AP)—A new head coach for the North Carolina State football team will be obtained next season. President E. C. Brooks, announced today, "Back Garity" as a possible candidate.

The Woman's Day

(By Associated Press)

They took photographs of the rooms in Buckingham palace before they began house cleaning. Close-ups were taken of King George's desk, of his bureau top, his chiffonier drawers, of Queen Mary's dressing table, her work basket, everything. Explanation that the royal pair were apt to be peeved if they found anything out of place or disarranged.

The china closet shelves were photographed before the china was removed and dusted. And all the priceless pictures in the picture gallery were photographed before taken from the royal walls for a dusting free and aft.

Merely proving that humans who wear crowns and lay coronets aren't much different from lesser mortals. My neighbor John Smith was on a trade this morning because his wife cleaned up his desk in the midst of her house-cleaning orgy, and he can't find "a blamed thing."

Once upon a time, yellow-haired Mille Gude Corson, first mother to swim the English channel, tried to get a job as usher in a theater. They laughed at the very idea when she said she wanted to "usher." Now Mrs. Corson gets a big kick out of the fact that she is headlining at the very theater which laughed at her humble plea to "usher."

Only human, this Mille, too! None of us get such a thrill as coming back in trailing clouds of glory to haunts that knew us in callio and home-again.

As I have talked in this column about some women in the new books—courageous, conquering women—Susan Shane, Ellen Toller, Sabine Callender, Lily Shane, Jane Thorndike. But I neglected to speak of the most courageous, strongest of them all—Sophy Desiring, heroine of Larry Barrett's "Walls of Glass."

Sophy's husband was killed. Sophy's baby had to be fed. Sophy tried doing this and that, cooking for the racetrack men, selling preserves. But the town talked and fussed, and Sophy's baby squalled from hunger. Sophy was afraid they'd take her baby. So she took the job offered her by Martin Green, rich and with an insane wife. Sophy, badgered by fate, facing it clear-eyed, doing the only thing she sees to be done. Prudes may howl at Sophy! You'll think her grand!

There's no reason in the world why girls shouldn't curl their own hair on a Sunday morning, just as their mothers and grandmothers did before her. So I pinned an eastern magistrate in fixing a hair dresser for curling hair on Sunday. This "what-your-mother-did-you-can-do" philosophy is hardly worthy of a magistrate. Any girl or woman who tired of doing things today just as her mother and grandmother did, would soon find herself in a sorry plight.

Our mothers who curled their own hair on Sunday may or may not have curled it in the first place. Straight hair wasn't so conspicuous in those days. Neither did they need to spend their Sundays in washing and ironing lingerie, darning silk hose, pressing dresses, tacking on fresh collars, and manicuring their nails, in order to fittingly adorn the working world for the next six days.

TREAT SEED WHEAT

Thousands of bushels of seed wheat are being treated this fall with copper carbonate dust in an effort to get rid of smut, says B. F. Markland, Oklahoma county agent.

New Country Club Highway Gives Lake Mary Needed Outlet To City

BY L. C. BEBOUT

Lake Mary, a thriving little city in the lake jeweled highlands of northwestern Seminole County, is fast becoming one of Seminole's most progressive communities. Over 700 people make up its high-spirited citizenship and by co-operation many noble achievements have been accomplished during the last few months.

The recently completed Country Club road passing through Lake Mary gives to the city a much needed outlet to the county seat as well as forming a connection with the Dixie Highway leading through central and southern Florida. The highway opens up a most beautiful and picturesque country of lakes and woodlands passing through the center of the Sanford Golf and Country Club and merging into the Dixie Highway at Robinson Springs.

Within the limits of Lake Mary there are a number of large lakes the principal ones being Crystal and Mary. These bodies of water cover a large area and are ideal recreational centers. On Crystal there is the casino with every facility for fishing and a pavilion for dancing and other social activities. On the shores of Lake Mary are located many lodges and cottages occupied the year 'round by those enjoying the peace and quiet of the woodlands. These lakes abound in many kinds of fish and the wooded shores afford ideal hunting grounds in the winter season.

Lake Mary is making great strides in city improvements. A number of streets have been paved connecting with the Country Club road, substantial business blocks completed and many new homes are under construction. There are now 165 homes and 17 apartment buildings in the residential section. A beautification program is being planned which will involve the planting of flowers and shrubbery along the parkways and around private homes. A modern water supply system has been installed and an analysis shows the water to be the best in the state. The high-tension lines of the Florida Public Service Company serve Lake Mary with electric current for street and home lighting and industrial purposes.

The foundation is now being laid for the new Chamber of Commerce building in Lake Mary. The building will face the Country Club road near the center of town. Every facility will be incorporated in this first exclusive chamber of commerce house in the county, for the convenience of the citizens of Lake Mary. An auditorium, dining room and moderate

Pan American Cut Reduced Two Cents

ATLANTA, Nov. 20.—(AP)—A cut of two cents a gallon on all gasoline sold at Pan-American stations in Georgia became effective today, making the price 21 cents a gallon.

The reduction is the third announced by the Pan-American Petroleum Corporation in the last 30 days, and was made, R. S. Gibbs, divisional manager said, because of "price concession allowed to a privileged few" by competitors.

In the Exeter Museum, England, is a volume bound in the skin of George Cadmore, who was executed in 1830 for poisoning his wife. The Philadelphia, Pa., hospital medical library is said to contain six volumes bound in human skin.

SANFORD

PACKING HOUSES LOCATED IN THE "HIGHLAND CITY"

Carload Shipments of Citrus Fruits Are Made at Geneva; Fruit Preserves and Jellies Are Also Shipped

Geneva is a bustling city of over 700 people in the northeastern section of Seminole County. Because of its high rolling country it is exceptionally well adapted to the culture of citrus fruits and is the center of this industry in the county. It numbers among its business enterprises several fruit packing houses in which are prepared carload shipments of oranges, grapefruit and tangerines for distant markets.

Supplementing the citrus industry in Geneva is the Wakefield Preserving Company and the Levy Brothers' Meat Packing Plant, the former producing a high grade line of fruit preserves and jellies and the meat packers maintain a well-equipped plant and distribute choice meats and meat products over a large area. Geneva is known as the "Highland City."

In the vicinity of Geneva are some of the best poultry plants in the county. Several prosperous poultrymen maintain large flocks of chickens, producing large quantities of eggs and poultry for local consumption as well as distant markets. The raising of choice vegetables and berries is also a part of Geneva's agricultural production. The choicest strawberries are raised in this section and the propagation of grapes is growing into a profitable business.

The social life of Geneva centers around the Community House and the well ministered churches. The newly constructed school with every facility for the education of the children is a great asset to the town. Mrs. T. H. Phinneeze, principal, together with her efficient corps of teachers, gives the Geneva School a high rating and furnishes the best available instruction to the pupils in attendance. The school building is of modern construction and includes every feature for the proper training of the scholars.

With the high-tension electric lines of the Florida Power & Light Company entering the Geneva territory ample current is available for industrial power and home-lighting. The water supply is developed by analysis the best available. The Geneva country is one of

Osceola One Of Seminole County Industrial Centers Is Located On Lake

Osceola is one of the principal industrial communities of Seminole County. It is located in the northeastern section on the St. Johns River at the entrance of that scenic stream with picturesque Lake Harney and is served by the Florida East Coast Railway.

At Osceola is located one of the largest modern cyprus lumber and planing mills in the State, producing the famous Florida Red Cypress, with a capacity of sixty thousand feet each day. The Osceola Cypress Company has sufficient timber rights to warrant operation of the mill for many years. The plant employs several hundred men, who with their families, form a greater portion of the population of this busy Seminole County town composed of neat attractive bungalows. A hard-surfaced highway connects Osceola with the other sections of the county. Osceola can boast of a

the most picturesque in the county. Lake Harney, one of the three large lakes in Seminole County, furnishes every opportunity for the sportsman and pleasure seeker to engage in his chosen outdoor activity. Supplementing this large lake are many other beautiful bodies of water and streams abounding in many kinds of fish and along the wooded shores may be found wild game of most every description. Lake Harney, the St. Johns river and the other large lakes of the county form an incomparable scenic boat cruise and with the completion of the proposed St. Johns-Indian River canal, yachts from Atlantic Coast ports may cruise through interior Florida to the southeastern extremities of

Interesting Lake Mary Announcement . . .

About the middle of January, a Drug Store with modern fountain will be opened in Lake Mary, with novelty attached which is new and original and which will appeal to practically every motorist in Seminole County.

This novelty will give the young people of Seminole County an opportunity to have an hour's pleasure every day in the year (except Sundays), during the hours of 8 a. m. and 11 p. m.

To the best of our knowledge it will be the first and only Drug Store of its kind in the United States.

Lake Mary Chamber of Commerce

Is Fast Growing Community Supported By Productive Back Country

The southeastern radius. Many attractive homes have recently been completed and civic improvements in the way of water supply and street paving have been accomplished.

A newly constructed school has been built accommodating nearly a hundred children. The school is under the able supervision of Principal Mrs. Maude Tupper and an efficient staff of teachers.

Chuluota produces a large quantity of citrus fruits and winter vegetables and many acres of high rolling pine lands offering excellent opportunities for the culture of oranges, grapefruit and tangerines are available. The flowing well lands are adaptable to the raising of vegetables in commercial quantities. Ten-acre farm units are being prepared for the raising of poultry where every facility is offered the newcomer to become firmly established.

Monroe, Located On The Dixie Highway, Is Gateway To The County

of carloads of the finest celery and other vegetables are shipped to northern markets thus producing wealth with which to build an even greater town. The men and women throughout this district are taking advantage of every opportunity for the progress and prosperity of their city. New homes are being erected and properties improved. Lake Monroe is the first community in the county through which people from the north pass and is virtually the vestibule to fair Seminole and for this reason alone the citizens are endeavoring to make it attractive and give an impression that will be favorable and lasting to the newcomer.

In addition to the rich back country surrounding Lake Monroe it affords many pleasures for the sportsmen and tourist. A magnificent view of one of the county's largest and most beautiful lakes through which passes daily steamers from Jacksonville and points north accommodating both freight and passengers. A new scenic highway is under construction and a gigantic constructed bridge will span the St. Johns River at this point.

ALTAMONTE IS PARADISE FOR THE TOURISTS

Beautiful Winding Drives, Trails and Large Lakes Chant the Siren Call to Sportsman and Home Lover

Sanlando Club Has Attractive Course

Fern Business Brings Many Thousand Dollars Yearly To Altamonte Residents

Altamonte, as the name implies, is nestled among wooded hills and pleasant vales of southwestern Seminole County. The setting is indescribable and it is only the eye of which can really impress the mind with the beauty of this country.

Moss-draped oaks arch the streets and highways, the lofty pines cast their shadows on the crystal waters of the numerous spring-fed lakes and grace the brow of a thousand hills. This is just a word picture of a thriving progressive town of several hundred people midway between the Seminole County seat and that of the adjacent county of Orange on the famous Dixie Highway.

Altamonte is truly the tourist mecca of fair Seminole. With its beautiful winding drives, trails and mirrored lakes chanting the siren call to the sportsman and the lovers of a cozy home nestled in a woodland bower.

Hotel Altamonte offers every convenience to its guests in addition to unparalleled living quarters: A private golf course that will test the skill of the best golfer, and lakes in which are found the "thrill" for the craftiest fisherman. Bond verandas and vine-clad summer houses for complete

relaxation by those desiring peace and quiet. The plan is American and in accord with the surroundings the dining service is the best.

Altamonte as a city is developing into one of Seminole's most prosperous communities. Each home is of attractive architecture in a picturesque setting on the shores of pretty lakes and amidst every kind of tropical planting, the habitat of the red fox squirrel and other animal life. The boulevards and drives encircle lakes and wind through an attractively back country. The springs of Altamonte flowing 50 thousand gallons each minute furnish most refreshing bathing waters in existence.

The eighteen-hole golf course at the Sanlando Golf and Country Club is one of the best in the state with its recently completed clubhouse commanding a magnificent view of the course, sparkling lakes and woodland environment. A roomy lounge with every comfort. An alluring open fire-place with its blazing backlogs. The men's smoker and ladies' parlor attractively furnished. A well appointed dining saloon with modern kitchen equipment in charge of a competent chef. Locker rooms and showers and well equipped "alibi" room where all tales are told. A broad screened veranda with comfortable rockers in which to relax and witness a most glorious sunset after a thrilling game.

Altamonte is not only a paradise for the pleasure seeker but is likewise a most desirable country for the industrious agriculturist and horticulturist. Thousands of acres of citrus groves are in bearing and carloads of oranges, grapefruit and tangerines are shipped each season from the Altamonte district. The citrus trees are prolific producers of the choicest fruit and many growers have realized profitable crops for years in this section. Over 100 acres are devoted to the culture of the asparagus plumosus which is utilized by the leading florists throughout the United States and Canada. This industry alone pours thousands of dollars into Altamonte yearly. Vegetables of

many varieties are grown in this rich country and it is an ideal location for the poultryman and dairyman.

The business section of Altamonte is composed of the usual shops and stores. New business blocks are in course of construction. New streets are being graded and paved and an attractive white-way has recently been completed. Electric current for power and home-lighting is now furnished by the high-tension lines of the Florida Public Service Company. Modern water supply system has been installed. Transportation facilities for handling the freight and passenger traffic include the Atlantic Coast Line Railroad and a network of highways bringing the distant sections of the productive back country within a few minutes of the loading stations. The postal receipts have increased to such an extent because of the fern business that Altamonte can boast of a first class postoffice.

The Lyman School located between Altamonte and Longwood provides educational facilities for the children of Altamonte. The Lyman institution is of modern design with well equipped classrooms and every convenience for the comfort of those in attendance. The building is in the midst of lofty pines with a beautiful lake as a background, an ideal spot for such an institution. The faculty, headed by Herbert J. Chaffer, is efficient and untiring in its effort to give the pupils a well rounded training. The spire of the Altamonte Church may be seen to the right of the Dixie Highway as you pass through the city. Each Sabbath worship is enjoyed in the quaint old church.

Public Meeting Palm Beach December 1

PALM BEACH, Fla., Nov. 29.—The first step in the reorganization of the drainage district will be made here when the drainage advisory committee of 15 members convened at 10 o'clock today at the home of Governor Martin. The committee will be organized by Governor Martin, who was the guest of honor.

According to plans, an expert engineer will be selected as soon as possible, and put in charge of the new office here. Fred E. Elliott, chief engineer of the Everglades drainage district, who has been the subject of considerable criticism from some quarters in connection with the Moore Haven disaster of Sept. 18, will be retained in office, it has been definitely stated, and will continue to make headquarters at Tallahassee.

The engineer placed in charge here will have supervision of controlling the water level in the canals and Lake Okechobee and will regulate the drainage of the levees of the dams. Mr. Elliott, it is stated, will continue to plan the work in the district.

The personnel of the advisory committee as appointed by Governor Martin follows:
W. C. Kyle, bank president, Ft. Lauderdale, and Horace A. Stillwell, publisher of the same city; Frank R. Shuts, C. D. Leffer and George F. Bond, president Greater Palm Beach chamber of commerce, and Dr. S. G. Koehn, publisher, Palm Beach, county, State Senator Albert H. Waig, Palm Beach county, State Senator I. W. Jennings, Okechobee county, State Senator E. J. Ethridge, Highlands county, A. C. Kanner, lawyer, Martin county; Ed Lambright, editor Tampa Tribune; Peter C. Knight, lawyer and banker, and Dr. H. Mackay, editor Tampa Times, Hillsborough county.

The principal object of the committee, it has been announced, will be working out of recommendations for future financing of the drainage projects and to arrange the employment of three leading engineers of the United States to make a survey of the drainage area as the basis of a report which the next session of the legislature will act on.

Under an approved motion picture John C. Tunney, state treasurer and a member of the internal revenue board, then of the head drainage engineers, it is announced that a thorough and extensive survey of the work already accomplished in the past 21 years to reclaiming the 1,500,000 acres of the Everglades, or as much as possible to make habitable, will be made, and that the committee will estimate the probable cost and time that will be required for the work.

St. Petersburg Lodge Plans To Ask Grand Lodge for an Okey on Proposal to Build on Site of Present Home

ST. PETERSBURG, Fla., Nov. 29.—A Masonic home for old members will be constructed on the grounds of the present home of the Grand Lodge of Florida, approved a request for an appropriation of \$75,000 for this purpose, made by the trustees of the Masonic Home.

The new building, according to tentative plans will have 50 rooms and will be used for old members, the children remaining at the present home.

Decision to request the appropriation was made at the semi-annual meeting of the board of trustees, and an agreement also was reached to purchase 40 acres of land near the city for a new dairy and truck farm for the new home.

Many improvements have been added to the present home during the past year, it was reported. A new building has been erected for a vocational school where the children are instructed in various branches of manual arts. There is also a printing plant where they are taught this trade. Within the past two months, a steam heating system has been installed and a thoroughly up-to-date laundry for the home established, it was also reported.

Request for the \$75,000 appropriation will be made in the president's report to the annual convention of the Grand Lodge of Florida, it was announced.

Supreme Court to Review County Case

TALLAHASSEE, Fla., Nov. 29.—The State Supreme Court today took under consideration the request of Governor John W. Martin as to whether a tax collector for Manatee county had been legally chosen in the recent general election.

The trustees told the court that a vacancy had occurred in the office 12 days before the election, that the Manatee county commissioners had made provision on the ballot for the election of another collector and that the name of one of 17 persons voted for had been certified as elected by the county canvassing board.

The chief executive stated that he desired to know if the commission should be signed or an appointment made for the unexpired term.

World Trip for Blind

LONDON, Nov. 29.—Lady Arthur Pearson, widow of Sir Arthur Pearson, who was blind, has set herself the task of a journey round the world to visit all the blind people in the Empire, so that she can get into personal touch with the various sightless men trapped at these institutions.

Like her late husband, Lady Pearson spends the whole of her time working in the interests of the blind.

... Sherrard's mother was
... her father English. She
... in Brazil.

All Sections of County Are to Have Extensive Exhibits With Wetsdale Again Mak- ing Big Bid for High Honor

OCALA, Fla., Nov. 20.—(P)—
The Marion county fair will make
its annual appearance here next
Tuesday and will continue as long
to hundreds of citizens who are
expected to attend the fair, through
the 28.

Together with many of the us-
ual exhibitors, several former en-
tries will have displays, it is an-
nounced. Anything, out for sev-
eral years, will enter the contests
with a creditable display, fair of-
ficials have been advised.

Wetsdale will make a strong bid
for honors after being absent from
the fair for the past several years,
it is stated. Representatives
from this section will enter a gen-
eral community exhibit.

Other sections of the county who
have announced participation in the
contests include:
Orange Lake, by J. B. Durry,
fancy fruit display.
Bellevue, by the South Marion
County Poultry Association, poul-
try exhibit.

One of the features of the fair
this year and which is attracting
wide attention will be the pageant,
in parade form "Marion county in
the Making." Prizes in this event
have been offered as follows: Most
original float, \$25; second \$15;
best float outside of Ocala, \$20;
and \$10; best decorated car, \$25
and \$10; best clown \$2.50, and
best bicycle entry \$2.50.

FIELD FORMERLY USED BY WRIGHTS TO BE AIR CENTER

Plans Will Soon Be Complete
For Most Gigantic Peace-
Time Undertaking in the
History of U. S. Aviation

DAYTON, D., Nov. 20.—(P)—
The little pasture where Orville
and Wilbur Wright conducted their
early experiments in flying years
ago is the nucleus for the greatest
center of aviation activities in the
United States, now in the final
stages of materialization.

Completion of a few buildings
and the removal here from Wash-
ington of the headquarters of the
material division of the U. S. Army
Air Corps are all that are needed
to bring the most gigantic peace-
time undertaking in the history of
aviation to fruition. Air Corps of-
ficials say it will be accomplished
by July 1, 1927, although move-
ment of certain sections from Mc-
Cook field to the new field will be-
gin in December.

The "little pasture" has grown
to a 5000 acre tract which includes
the new Wright field and the Fair-
field Air Intermediate Depot.
Wright field, which was given to
the War department by citizens
of Dayton and surrounding ter-
ritory, ranks today among the larg-
est of the government's military
projects.

To Do All Testing

The engineering section will be
responsible for all experimental
and development work, including
testing. The procurement section
will have charge of purchasing and
production, and the field service
section will direct the supply and
maintenance of field units and the
disposal of worn-out and salvaged
equipment.

Severa Headquarters Grouping

Removal of the supply division
headquarters here from Washing-
ton into itself a revolutionary step,
and the Air Corps in the first
branch of the army to this sever-
al procurement service from army
headquarters.

REMOVAL OF LICENSES

Report of Licenses Issued by the Tax Collector, Licenses of which have been filed with the County Judge for the period beginning on the first day of October, A. D. 1926, and ending on the first day of October, A. D. 1927.

WHEN COLOR THE PICTURE

When Glowy told the Tymmites that he had eaten up their brains, they were quite surprised. Glowy quickly realized that, just to make up for it, he'll have to do his part.

"I don't bring back the food," he said. "That I can furnish fun in plenty. I'm sure that you will all like the thing I have in store."

So he told them what he had planned and they all agreed that it was a grand idea.

So Glowy climbed up on the table and said, "Come on, enjoy my treat. A lot of you can push me, but the thing, while others sit with me. And, did they jump? Well, I should say. They all got in with other's way. The thought of having a good time was exciting as could be."

They clung to every word he said. Then Coppy cried, "Well, I'll push you good, for we was stand on the ground with they by his side. And as the swing swing out in air, the Tymmites got quite a scare. 'Twas then that something happened, and it nearly spoiled their ride."

So Glowy said, "Well, pretty soon they reached a spot, and Glowy said, 'See, what I got? I found this just last evening, and it's sure a dandy thing.' The boys looked up with open eyes. They couldn't seem to realize that right before them, from a bush, there hung a monstrous sawing.

So Glowy climbed up on the table and said, "Come on, enjoy my treat. A lot of you can push me, but the thing, while others sit with me. And, did they jump? Well, I should say. They all got in with other's way. The thought of having a good time was exciting as could be."

They clung to every word he said. Then Coppy cried, "Well, I'll push you good, for we was stand on the ground with they by his side. And as the swing swing out in air, the Tymmites got quite a scare. 'Twas then that something happened, and it nearly spoiled their ride."

So Glowy said, "Well, pretty soon they reached a spot, and Glowy said, 'See, what I got? I found this just last evening, and it's sure a dandy thing.' The boys looked up with open eyes. They couldn't seem to realize that right before them, from a bush, there hung a monstrous sawing.

2 Knoxville Papers Are Consolidated By Scripps-Howard

KNOXVILLE, Tenn., Nov. 30.—(AP)—An announcement was made today of a consolidation of the Knoxville Sentinel and the Knoxville News into the Knoxville News-Sentinel, an afternoon and Sunday morning newspaper.

The consolidation resulted from negotiations between Senator L. D. Tyson, owner of the Sentinel and Roy M. Howard, chairman of the board of the Scripps-Howard newspaper, owner of the News.

The transfer becomes effective tomorrow.

The Sentinel and the News will be continued as separate newspapers until such a time as the consolidation is completed. All of the best features of both newspapers will be retained and others will be added from time to time, according to the announcement.

Edward Neenan, editor of the News, will be in charge of the editorial department of the new publication and H. G. Chambers, business manager of the News, will be in charge of the business department. Roy M. Howard, president and general manager of the Sentinel, has consented to continue temporarily with the News until the new publication is ready to begin publication.

The combined properties in an advisory capacity.

Boy Scouts To Aid Police In Enforcing Stop Street Laws

Sanford Police Department is to assist the police department in the enforcement of the "Stop Street Laws" again tomorrow when they will be posted at various street intersections throughout the city.

The new ordinance is being enforced by Chief Roy G. Williams.

Last Saturday the boy scouts rendered valuable assistance. Chief Williams stated that their efforts have proven so productive that he has decided to call on them again this week.

The new ordinance will be enforced at the intersection of 10th and 11th streets, and at 10th and 12th streets, and at 11th and 12th streets, and at 12th and 13th streets, and at 13th and 14th streets,
