By The Associated Press
Dan McCarty carried his campaign for the governorship to Broward County today while J. Odham made plans to be in a 24-hour radio broadcast next week in Tampa and St. Petersburg during Thursday.
McCarty, runner-up to Fuller Warren in the 1948 Democratic primary, planned stops at Deerfield Beach, Oakland Park, Wilton Manor, Dania, Hallandale and a night rally at Hollywood.
Monday night the Fort Pierce candidate addressed a rally in West Palm Beach's Flagler Park and pledged "full co-operation" of the state with federal agencies on flood control and water conservation.
Odham headquarters at Sanford said his radio marathon would be at 8 p. m. Thursday in Tampa and last 12 hours. Then he will go to St. Petersburg for four hours, returning to Sanford for the wind-up. Radio station WFLA-FM at Tampa will carry the entire broadcast, with other stations picking up in rotation.
The radio marathon will be similar to one Odham conducted in Miami last weekend, with questions from the public.
Meanwhile, Kirk Landon, chairman of the Florida for Eisenhower committee, told the Miami Herald that nine of the state's 18 Republican delegates to the National Convention in Chicago favor Eisenhower and the others have "open minds."
The Republican delegates were uninstructed when they were named at a Gainesville meeting Feb. 25. At that time Landon said he was "antagonized" with the state which reportedly leaned to Sen. Robert A. Taft of Ohio.

Brady Odham's precedent setting 24-hour Miami radio broadcast noted the Sanford gubernatorial candidate over \$5,000 in campaign contributions and 750 new Dade county workers for what Mr. Odham's campaign manager Rep. Volie Williams Jr. termed today a tremendous success.
The Seminole County gubernatorial aspirant spoke over all seven Miami radio stations at one time or another from 1:00 p. m. Thursday night until 8:00 p. m. Friday evening in the most prodigious broadcast ever staged by a Florida gubernatorial candidate.
After Mr. Odham's 24-hour speaking stint last Friday night he went to Miami's Bayfront Park and spoke in person to what Miami newspaper estimated as a crowd of over 1,000 people.
Of the \$5,000 Mr. Odham received from the Dade county voters all but two donations were for less than \$10. One \$50 gift came from a South Carolina visitor who

today Secretary of Agriculture Brannan "is playing President" while Mr. Truman is in Florida and practicing up writing letters," Williams appeared before the Senate Agriculture Committee as it began an investigation into charges that big profits were made in the lease of government grain-storing buildings at Camp Crowder, Mo.
The charges were made in a Senate speech by William C. Cramer, R-Mo., last month.
Brannan hit back at Williams Monday by putting out an 11-page letter in which he said Williams knowingly misled Congress and the public in his accusations about the Camp Crowder situation.
The secretary said he was "utterly amazed" at Williams' charges that "fantastic profits" were made by private operators of the camp's storage facilities.
Sen. Aiken (R-Vt.) called the Brannan letter "an attack on Sen. Williams" and asked the committee to find out if the letter was "subject to questions and cross-examination on the matters, instead of writing letters."
But Sen. Williams said he was unconcerned about Brannan's "personal references to me" and noted that "the President is out of town and the secretary is playing President and practicing up writing letters."
The committee had called as its first witness Arleia H. Myers, president of Midwest Storage and Realty Co., Kansas City, Mo.
It said it wanted to know how he and others leased government properties at Camp Crowder for \$1,000 a month and rented them back to the government for grain storage purposes for a reported 20 months total of \$32,201.

Eisenhower and Taft write-in drives put steam into the Nebraska campaign.
Rep. Huffert of Nebraska, back home to direct the Taft drive, told a Young Republicans meeting that "on the record, Taft cannot be defeated because he never has been defeated and he has run for office time after time."
Nate Holman of Lincoln, an Eisenhower hater, told the same group that Eisenhower's write-in campaign will succeed because "the people of Nebraska feel so strongly about him."
In New York Monday, W. Walter Williams, Seattle, Wash., took over as head of the Citizens for Eisenhower organization. Williams, formerly chairman of the Committee for Economic Development, replaced Arthur H. Vandenberg Jr.,

told Mr. Odham that if he would come to his state and use the same speaking tactics, then South Carolina would elect him governor.
Tonight Mr. Odham will speak before an Orange county rally in the Eola Park Orlando at 8:00 p. m. In case of rain the Odham rally will be shifted to the Memorial Junior High School gymnasium.
The Odham headquarters announced that the Sanford candidate would launch his Tampa radio marathon on Thursday night at 8:00 p. m.

Several Grass Fires Put Out By Firemen

A gigantic woods and grass fire buffeted by strong South westerly gales broke out in the Rosalind Heights section of South Sanford outside the city limits yesterday and had to be extinguished by City firemen twice, Chief M. N. Cleveland reported today.
Several calls warning the Fire Department came in during the late morning, but other fires kept the City's firemen from answering these alarms. At 12:15 p. m. a fire truck was finally available and rushed to the scene subduing in a two-hour fight.
At 4:00 p. m. the Fire Department was called out again as the grass fire broke out with menacing 25-foot flames slowly eating their way up near new homes in the Phillips housing subdivision in south Sanford. The blaze swept across Florida Avenue, a new street between Palmist Avenue and the Orlando highway.
Several more hours were required before the blazing fire was finally extinguished.
Early this morning the firemen put out a vacant house fire on the corner of Nineteenth Street and Pecan Avenue, Chief Cleveland stated that the home was damaged considerably.

Warren declined to make public the text of the memorandum he sent Road Department Chairman Alfred McKethan ordering a halt to new construction work in Marion County.

South Dakota Republicans have a choice in their June 8 primary between two states of 14 delegates, one for Taft and one for Eisenhower. Taft backers decided at Hurns Monday to enter a slate. Eisenhower supporters took similar action a month ago.
In Cookeville, Tenn., two more Taft-instructed GOP presidential delegates were elected, assuring Taft 14 of Tennessee's 20 National Convention votes.
At a Jefferson-Jackson Day dinner in Casper, Wyo., Vice President Alben Barkley said America faces "a fateful decision in this political year."

Blues In The News

By BOB ANTHONY
The past weekend offered a wonderful opportunity to attend the many beaches around Tampa and back in the sun. Many of the men here on the station took advantage of it and the result has been quite a few sufferers of too much sun.
George "Red" Gallagher is still complaining about getting too much of Mother Nature's golden rays but I understand he has no complaints at all while he was lying on the beach at Daytona all afternoon Saturday.
Dottie Von Herbulis is coming along very well with her driving lessons. She devoted most of her weekend to the art and, except for a very few hair-raising moments, she had no trouble at all. She did get nervous at one point and stall the car in the middle of a railroad track with a train coming, but she thought fast, acted quickly, and got the car off the track in plenty of time to sit and watch the one engine go by. Although she isn't quite ready to take her driver's test yet, I'm sure that, after another week's practice, she'll be driving like a veteran.
The Sanford Yacht Club was really jumped Saturday night as the Vagabonds staged another of their famous dances. The highlight of the evening was the floor show which turned out to be bigger and better than most.
Richie Salatte and Don Dies performed as masters of ceremonies and Richie's slap-stick comedy was almost comparable to Jerry Lewis. When Don Dies began singing a hush fell upon the crowd and you could have heard a pin drop. Don held the crowd's attention during his vocals with his excellent vocal style somewhat like Mario Lanza.

More talent, keeping in line with the superbness of Don's vocals, was offered by Peto Van Dusen, who played boogie on the piano that had the audience clapping their hands and stamping their feet in time with his boogie beat.
Variety was brought into the program by a girl introduced only as "Lisa". Lisa got into the classic vein on music with an offering on the piano of Chopin's Polonaise.
The remainder of the program included John Schulte, who crooned a few numbers and "Stu" Zanecki, who did a modernistic dance with his beautiful partner, Miss Norma Faye Harvey.

Five men returned to NAAS over the weekend from leaves, three of which were spent in the state of Florida. John Heas, Arthur Carpenter, John Wheeler, Donald Clements and Tony Maslott all returned from their homes in Melbourne, Florida City and Orlando and Bartlett, New Hampshire and Troy, N. Y. respectively.
Thomas DeMaris, first class air controller, left the station today with orders to the navy's CGA Class "C" Operators school at the Naval Technical Training Unit in Dayton, Kas. Tom will be taking his family with him and after completion of the school, he'll be ready for an assignment to sea duty.

The battle was fought near the Manchurian border between 32 U. S. F-86 Sabres and about 60 Russian type MIG-15s.
The Fifth Air Force said the new victory brought to 18 the number of Communist jets destroyed or damaged in two days. American losses, if any, are announced once a week.
Capt. Brooks J. Liles, Clayton, N. C., was credited with shooting down a MIG Tuesday, bringing his total to three destroyed, two probably and one damaged.

Li. John M. Marvin, Tucson, Ariz. added one probably to his record of one MIG destroyed and another damaged.
Elements of three U. S. air wings blasted 56 new cuts in the railway network between Chongju and Sinanju. U. S. Marines cut the Suncheon-Pyongyang line in 14 places and Republic of Korea (ROK) fliers added four cuts near Saitwon.
Australian pilots concentrated their bombs on five supply buildings near Haeju on the west coast.
The U. S. Eighth Army reported only two patrol clashes along the 153-mile battle front Tuesday morning. Both were on the western front.

One skirmish, west of Yonchon, lasted an hour and a half. The Army said one Chinese Communist was killed. In the other battle, north of Kwanju, five Reds were killed in a 20-minute rifle duel.
Allied artillery killed an Communist troops on the western front. U. S. B-26 light bombers attacked Red road traffic Monday night. Pilots reported 83 supply-laden trucks destroyed. B-29 Superfortresses dropped 30 tons of air-bursting bombs on the Communist front lines.

Taft's Name To Remain On Jersey Ballot

Court Holds Interest Of Public Is Paramount In Decision; Stassen Aids Ike

By The Associated Press
A New Jersey judge ruled today that Sen. Robert A. Taft's name must remain on the presidential primary ballot in that state.
Taft had asked that his name be taken off the ballot. He said he acted because Gov. Alfred E. Driscoll broke his word when he announced support of Gen. Dwight D. Eisenhower for the GOP nomination for President.
The effect of the ruling is that the New Jersey voters will be given a ballot choice between Taft and Eisenhower, favoring Republican candidates. This will mark the second and last direct primary battle between the two.
Eisenhower secured a shutout over Taft in the New Hampshire primary.
Judge Ralph J. Smalley of the New Jersey Superior Court said in dismissing the petition for withdrawal filed on Taft's behalf that: "In view of overriding public interest and in view of the programs I have received from county clerks, I feel now that the sentiment of the public is for Taft's name to remain on the ballot."
Held E. Stassen, former governor of Minnesota, also is entered in the New Jersey primary.
Stassen made the somewhat surprising announcement Tuesday that he would split his delegate strength in Wisconsin with Eisenhower.
And the chief of the Ohio group backing Stassen for the nomination said today, a similar move probably will be made in Ohio.
Elsewhere on the political front, the simmering feud between Sen. Benton (D.-Conn.) and McCarthy (R.-Wis.) got out into the open today when McCarthy filed a two million dollar suit accusing Benton of "libel, slander and conspiracy."
The suit was based on Benton's assertion last September that McCarthy committed perjury, fraud and deceit in pressing his charges against Communists who infiltrated the government.
Benton at that time began a move to have a subpoena issued from the Senate.
Stassen's announcement would have the effect of withdrawing one-half of the delegates he wins in Wisconsin to vote for Eisenhower at the Republican convention in July.
Benton's backers called this an announcement "an evidence of weakness." They said it would bring additional votes to their man.
Earlier, the backers of California's Gov. Earl Warren in Wisconsin said that the delegates Warren wins in that state will go for Eisenhower if it appears that Warren is nominated for Vice President.

Miami News Reveals Road Deals With "Mr. Big's" Corporation

Second Lieut. Smith

MIAMI (AP) — The Miami Daily News said today in a copyrighted story that checks totaling \$30,000 and signed by William H. Johnston were deposited to the account of the Jaxon Construction Co., Jacksonville, three months after the company was formed in 1949.
The story by Don Pett under a Tallahassee dateline said that since formation the Jaxon Construction Co. has been paid more than a half million dollars by the State Road Department in road work.
Johnston is president of the Miami Beach Kennel Club and three other Florida tracks.
The story said each of the checks was dated Aug. 4, 1949, and was for \$10,000.
One check was made out to the "Jaxon Const. Company," Pett wrote, the second to "Joe Sears" and the third was made payable to "John R. Bush and John R. Bush and Jaxonville attorneys."
Rush told the Senate Crime Investigating Committee during Miami hearings that he once was a partner in a gambling establishment at Jacksonville.
The Jaxon Construction Co. was formed three months after the inauguration of Gov. Fuller Warren in 1949. The News reported that articles of incorporation were filed with Secretary of State R. A. Gray by Sears who said he was attorney for the firm.
Johnston was one of the three biggest contributors to Gov. Warren's 1948 campaign for office. He contributed more than \$100,000, the story said.

Huge Profits Reported On Grain Deals

Small Town Man Testifies On 1,400 Percent Profit He Made In 2 Years

WASHINGTON (AP) — Harry Easley swore today — "on word of honor" — that his friendship with President Truman had nothing to do with his profits in a grain storage venture.
WASHINGTON (AP) — Harry Easley, a self-styled "small town" investment man, told Senate investigators today he made \$3,000 in a grain storage venture that lasted less than two years.
He said he and four partners put up a total of \$35,000 in the project which he said he spent about one third of his time on. Easley, who describes himself as a friend of President Truman in the witness chair for the second straight day as the Senate Agriculture Committee inquires into charges of "fantastic profits" by private businessmen in the government grain storage program.
Sen. William (R.-Del.) who made the original charges that resulted in the probe, said salaries and profits made by executives of the Midwest Storage and Realty Co., Kansas City, Mo., amounted to \$200,000.
Secretary of Agriculture Brannan, who has been feuding with Easley for some months about grain storage, said the profits were about \$40,000.
Easley and his partners leased facilities at Camp Crowder, Mo., and then rented them back to the government at a profit of at least 1,400 per cent.
The company was formed in September, 1949, to set up a grain storage operation at Camp Crowder. It moved out of the camp in May of last year when the Army asked return of the building.
Easley from Webb City, Mo., about 20 miles from Camp Crowder, said there were no salaries or profits until June, 1950, although the first shipment of grain moved in October, 1949.
He said he was the most active of officers of the storage firm and received \$10,000 in salaries, bonuses and another eight or nine thousand for insurance commissions.
Easley told a reporter before the hearing that he "bought" a new car, a new house and a new kitchen of corn as long as \$150.
He learned about the grain trust (Continued on Page Two)

Acheson Says U.S. To Push Europe Union

Germany Invited To Play Part In Western Community Despite Red Protests

By JOHN M. HIGHTOWER
WASHINGTON (AP) — The United States "will not be deflected" by Russian maneuvering in its drive to unify Europe, Secretary of State Acheson said today.
The United States conference emphasizes "the need for a rapid development of a close European community" in that community, he said, "Germany must be allowed to play its part."
Acheson questioned Russia's sincerity in proposing that the Big Four move for a peace treaty that would unify East and West Germany.
The State Department, Acheson said, believes the Soviet proposal was aimed at blocking—if possible—the integration of Western Germany into the political and military organization of Western Europe.
The U. S., Britain and France replied to Russia's proposal Tuesday by a suggestion that any agreement on a peace treaty be preceded by a United Nations' field study in East Germany to determine whether free elections could be held there.
This proposed declaration, according to a new Soviet proposal of March 10 to start work on a German peace treaty, did two things.
It served notice on the Kremlin that Western nations, in close cooperation with the anti-Communist government of West Germany, are firmly committed to tying Germany in whole or in part to the Western defensive European community.
State Department officials, who helped draft the note said this meant the European defense community being formed to enable West Germany to put military forces into the hands of the Western defense army.
It challenged the Russians to prove the sincerity of their desire to permit free elections in Germany in connection to go into the Soviet Zone and find out what opportunities exist there for holding free elections.
The note also powers that, in addition to the free peoples of Western Germany and other Western countries, their decision not to be diverted from the path of treaty-making.

CIO Demands Steel Industry Acceptance Of WSB's Proposal

Wilson Sees HST On Steel Crisis

DIRECTOR OF DEFENSE MOBILIZATION Charles F. Wilson talks to newsman on his arrival at the Howard Chan Naval Air Station in Key West, Fla. prior to conference with President Truman on the steel dispute. Wilson said he had no plan or formula for settling the issue but added that he hoped there would be no strike, for a tie-up in the industry would have a "trifling" effect on U.S. economy. Talks Begin Between Murray And U. S. Steel Corporation Over Wage Dispute

PITTSBURGH (AP) — The CIO United Steelworkers demanded steel industry acceptance of the Wage Stabilization Board's proposal for settling the steel dispute as negotiations opened today with one major producer.
Negotiations got under way today and Executive Vice President U. S. Steel Corp. John Murray told newsmen.
"We're going to present the recommendations of the Wage Stabilization Board to the company in full and we expect the company to accept the recommendations which were handed down if they don't, they'll be responsible for any steel plant shutdown that follows."
The WSB has recommended that the union and industry sign a new contract calling for a 1 1/2 per cent hourly pay boost and other benefits. Other union negotiators with other steel companies on the recommendations will follow in rapid fire order.
President Philip Murray of both the CIO and the UAW became talks with the giant U. S. Steel Corp. at 10:30 today, after companies begin their negotiations with union leaders. Thursday.
Comment from U. S. officials to a reporter: "We're glad to see the company and the union negotiators begin their negotiations with union leaders. Thursday."
Any agreement from the company before we actually go into negotiations would be premature."
A strike of more than 650,000 workers in basic steel producing plants is threatened for April 8 if the industry have agreed both sides to work for a speedy settlement to avert a walkout.
Meanwhile, a bitter scrap among high administration officials in Washington over the matter continued down a negotiation trail.
The administration now centered around Defense Mobilization Director Charles F. Wilson has launched it off by labeling Wage Stabilization Board WSB's proposal for settling the steel dispute as a "serious threat" to inflation control.
Wilson's proposal would be the starting point for a settlement, according to a source who had changed by name the WSB plan was "appropriate as a basis for bargaining in such case as a settlement."
W. J. Harrison, National Federation of Laborers' president, had had a hard time in Washington for what looked like a "breakdown" fight between the WSB and the industry. President Truman could not get the deal.
The deal would be a "breakdown" deal, but it would be a "breakdown" deal. (Continued on Page Two)

Volie Williams Speaks On Law At Pilot Meeting

Appeal Is Made For Cancer Drive By Miss Dingfelder

Volie A. Williams, Seminole County Commissioner, spoke on "The Importance of Law" at the meeting of the Pilot Club last night in the Yacht Club. He was introduced by Mrs. R. M. Hall, program chairman.
Williams opened his talk by asking if anyone could give him a definition of law. After several responses Mr. Williams said that he thought the definition given by Woodrow Wilson was "just about the best." He quoted "Law is a rule of external human conduct enforced by the sovereign power of the state." A state was described as a group of people organized for law within a certain territory.
Proceeding Mr. Williams' talk Mrs. V. C. Messenger introduced Miss Margaret Dingfelder, a member of Beta Sigma Phi Sorority and chairman for the "Cancer Crusade" beginning April 5. Miss Dingfelder pointed out the importance of cancer education and the urgent need for funds with which to carry out the Cancer Educational Program. Beta Sigma Phi Sorority has adopted the Cancer Education Program as a year round project, she said.
She appealed to the Pilot Club to assist them in reaching the goal of \$100 set for the Seminole County Chapter of the American Cancer Society. Volunteers were requested to meet at the City Hall Monday, Mar. 31 at 8:15 p.m. to receive literature to be distributed when making the canvass for funds.
Mrs. Messenger, president of the club, was nominated to represent the Pilot Club as "Queen" of the Educational Program. Mrs. L. G. Joseph, C. Hutchison was nominated as "King" for the Kiwanis Ministers on Apr. 5. Winners will be crowned on the stage immediately following the meeting.
Miss Allie Lee Rush of Ocala, a past district governor of District 4, Pilot International, was welcomed as a guest at the meeting. (Continued on Page Two)

Highest Honors In Livestock Exhibit Won By Jack Dodd

Top Honors at the Initial Livestock Exhibit at the Seminole County Fair

Top honors at the initial livestock exhibit at the Seminole County Fair went yesterday afternoon to Jack Dodd, Goldenrod and member of the I-H Club.
The youth's Guernsey bull, Judy's Emperor, won the grand championship placement and blue ribbon. He also won blue ribbons on two heifers, one under 18 months old and the other over two years old.
In the Guernsey heifer group of six to 12 months old, Dick Parker and Dr. C. W. Baker were winners.
Red ribbons in Guernsey heifers 12 to 18 months old were won by Dick Park, Gordon Lake and David Wilden. Andrew Tesla won a blue ribbon for his Guernsey heifer of 18 to 24 months of age.
Andrew Tesla won a blue ribbon and Dr. Baker a red ribbon for Jersey heifers of 6 to 12 months. Dr. Baker was blue ribbon and grand champion winner for his Holstein heifer of the six to 12 month division. In the Holstein heifer group of 12 to 18 months, Tommy Woodruff won a red ribbon.
Among Brahman beef cattle heifers the winning exhibitor was Mike Rotunda who received a blue ribbon and grand championship. Frank and John Anders of Geneva took white ribbons in the same class.
The Seminole County Chapter, Future Farmers of America, got a red ribbon for a Hereford bull. R. W. Williams won a blue ribbon and an Angus heifer.
The judges were G. W. Reeves, University of Florida extension dairyman, and J. F. Pace, animal industrialist. Starting at 2:00 p.m. they judged 10 beef and cattle entries.
Dr. F. W. Wessanary, Dr. R. L. Bass and Dr. C. W. Baker checked the health of the animals entered. Henry Swanson assisted the 4-11 boys with their entries and K. M. Eddy of BHS directed the Future Farmer exhibitors.

Cancer Crusade To Open In Seminole County On Apr. 1

Miss Margaret Dingfelder, Chairman of the 1952 Cancer Crusade, Announced Today

Miss Margaret Dingfelder, chairman of the 1952 Cancer Crusade, announced today that the drive will open here on April 1. The drive will raise \$100 as part of the national Cancer Crusade which hopes to raise \$10,000,000 for programs of research, services to patients and public and professional education. A little more than \$16,000 has been contributed to the 1951 Cancer Crusade.
Miss Dingfelder said that her first step had been to obtain chairman for important committees dealing with organized groups, trades and industries, special gifts and information. All campaign chairmen are members of Beta Sigma Phi, International Sorority which is sponsoring the Crusade.
Mrs. George Andrew Speer and Mrs. Gerald D. Lossing will direct the information program. They will be in charge of reporting to the public the progress of the Crusade, supplying information to newspapers, preparing radio programs and announcements and distributing pamphlets and posters.
Mrs. Debi Scott, Jr. will head the Special Gifts and Trades and Industry Committee. This group will solicit contributions from larger contributors and will conduct its program during the first week of the Crusade. They will also solicit all business firms in the community.
Mrs. Jack Anderson is in charge of the Organized Groups Committee. She will be responsible for soliciting among various service clubs, church groups and other organizations here.
Mrs. Ralph Wright II has been selected to plan a fashion show and benefit bridge for the Crusade on Apr. 24, at the Sanford Woman's Club.
Miss Shirley Turner, Mrs. Alice Willink and Miss Shirley Moreland are in charge of tag day sales and canvasser solicitations. They will also select a representative of the Sanford Naval Air Station to collect funds.

McGrath justified the first open hearing of a House Judiciary subcommittee that is looking into his department's operations.

Truman Reported Krider Outlines Asking Stevenson To Take His Place

Illinois Governor Is Quoted As Against Seeking Presidency

WASHINGTON (AP) — The fact that Truman reported today that he had asked Illinois Gov. Adlai Stevenson to take his place as president of the United States was reported today by a Washington source.
The source said that Stevenson had refused the offer and that Truman had asked him to do so because of his long record in public life and his reputation for integrity.
Stevenson had not completely closed the door against a draft by the Democratic National Convention but even in the event of a draft, he would have to be convinced to accept the nomination.
The source also mentioned that Stevenson had been asked to do so because of his long record in public life and his reputation for integrity.

State Road Group Hit By Candidates For Governor

By The Associated Press

Florida's highway came in for comment from two Democratic candidates for governor Tuesday night.
Mr. Adams said in a radio broadcast originating at Panama City that the State Road Department has added 1,700 employees to its payroll in the last five years and that it doesn't make sense for the agency to have more inspectors than common laborers.
Adams said the Road Department is "just one example" of the growing state payroll and added: "There is no telling how many times it is being multiplied throughout the published assortment of boards and bureaus which have taken over our state government."
Dan McCarthy told a Hollywood audience that Florida's road and traffic program "have become critical because of our great growth."
"We must widen and expand our arterial highway system. It's a matter of self-preservation for us and a good investment for all Florida."
McCarthy also said he is opposed to any increase in state taxes and pointed out that "as most revenue comes from the consumer level, it is certain to increase with the state's growth in population."
Red Cross Goal Is Raised By Tornadoes
In order to aid stricken families made homeless by tornadoes and floods in Arkansas, Tennessee, Missouri and Mississippi, the Red Cross fund campaign route for Seminole County has been increased \$425. Mrs. Roy Mann announced today. The total quota is now \$9,829.
The National Red Cross, she declared, has rushed supplies of plasma, whole blood, food, clothes, and medical supplies into the stricken areas. At least \$5,000,000 will be needed, and the reserve fund is being depleted.
Those who have given to the campaign are asked to contribute additional amounts, and those who have not given are asked to increase their planned support. She urged the persons who have not been contacted to call the Red Cross office.

Truman Reported Krider Outlines Asking Stevenson To Take His Place

Illinois Governor Is Quoted As Against Seeking Presidency

WASHINGTON (AP) — The fact that Truman reported today that he had asked Illinois Gov. Adlai Stevenson to take his place as president of the United States was reported today by a Washington source.
The source said that Stevenson had refused the offer and that Truman had asked him to do so because of his long record in public life and his reputation for integrity.
Stevenson had not completely closed the door against a draft by the Democratic National Convention but even in the event of a draft, he would have to be convinced to accept the nomination.
The source also mentioned that Stevenson had been asked to do so because of his long record in public life and his reputation for integrity.

High School Band To Play At Meet In Orlando Friday

The Seminoles High School Band

The Seminoles High School Band will participate in the 14th annual A band contest at Orlando Friday morning.
Accompanying the band to Orlando will be five chaperones, Mrs. A. H. Wilkinson, Mrs. V. H. Hester, Mrs. J. H. Hester, Mrs. J. H. Hester, and Mrs. J. H. Hester.
The band will play at the state contest at Tampa in May.
At the district contest a number of players will compete in solo and ensemble work and winners will participate in the state contest. The public is invited to listen to the concerts and solos.

Lions Are Told Of 243 Deaths In 1952 On State Highways

A total of 243 persons have been killed on the highways of Florida since the first of the year, Cpl. Jack Dempsey of the State Highway Patrol told the Lions yesterday, and asked their co-operation in sponsoring a program here early in May for voluntary tests for commercial vehicle drivers.
At this time last year, 228 persons had been killed in the state in traffic accidents, he said. In the year, 276, said Cpl. Dempsey, who predicted a death toll of more than 1,000 from this cause in 1952. He was introduced by Sheriff P. A. Mero, who accompanied to the meeting by State Highway Patrolman A. D. Harrison.
On motion of Jack Messner, and following the suggestion of Mr. MacNeill that he will not co-operate in the program, the Lions voted to sponsor the tests which will be given in a specially equipped semi-trailer.
Harry Robson urged the Lions to aid in securing money for the Seminole County Road Clinic, Monday, Apr. 7 at the Episcopal Parish House.
Patrolman Harrison pointed out that 80 percent of the blood alcoholism required in fatal accidents lately have been by persons and requested the co-operation of the Lions in sponsoring a program here early in May for voluntary tests for commercial vehicle drivers.
Cpl. Dempsey is conducting the tests for truck drivers and said that they will not be done until the fall to allow the tests which will be given in the trailer within 15 minutes. The tests include commercial vehicle tests, vision tests, reaction time tests, and other tests.
Mr. MacNeill pointed that large commercial organizations employ drivers of trucks and he suggested that they be contacted for their cooperation in the program.
Cpl. Dempsey gave an estimate of the cost of the tests on the basis of the tests in the Lions' County program.

Casselberry Held On Assault Charge

Sheriff P. A. Mero this morning arrested Edward Casselberry, for whom the town of Casselberry is named, on a warrant based on an affidavit by Sam Gerson, a resident of the town, charging assault and battery. Judge Douglas E. Peterson issued the warrant.
Mr. Casselberry immediately posted bond of \$150 pending the trial of the case in County Court (April 1).
Sheriff Mero stated that he served the warrant at 9:00 a.m. today, and said that Gerson showed scratches on his neck, which he said were inflicted by Casselberry.
The alleged attack occurred at the town hall Monday night, following a special meeting of the town council of which a number of persons were present. Sheriff Mero charged Mr. Gerson with assault on Mr. Casselberry that he could not bluff his way out.
Casselberry's meeting had been called by Mayor Norman S. Jones to study the town charter to determine the possibility of having town or a bonded assessment against the property of citizens.

New Housing Program Is Begun By Phillips

One of the largest home building operations in the history of Sanford was started last week by Phillips Properties, which will erect 49 new homes valued at \$274,750 as a means of lessening the shortage of homes in this "critical" defense area.
On Monday and Tuesday, City permits were issued for 32 houses by Phillips Properties. The homes range from \$7,000 to \$7,000 in cost, and are located in Phillips Terrace on Yale, Princeton and Geneva Avenues and on Willow Street in the Santa Park subdivision.
Value of the new houses in the city total \$274,750. In addition, 10 houses costing \$7,000 each are being built in the Wynewood subdivision outside of the city limits. Of these, 10 are of the two-bedroom type. The homes are being built under direction of Wilburn Phillips.

TODAY'S BIBLE VERSE
 The Golden Rule is a sure pre-emptive of sin. Ye shall not oppress one another.—Lev. 19:11.
 An armored car carrying some \$400,000 was held up and robbed the other day near Boston. We think we have trouble with criminals down here.
 Rioting mobs in Rome demand the return of Trieste to Italy. They seem to forget that Italy lost the war... and that Italy started it. Or maybe it is a habit with them, and they want to start the next one, too.
 "DeBary Day" will be observed in Sanford on Apr. 24 as a fitting occasion for paying our respects to the new and thriving little community immediately to the north of us. A fine program of entertainment is being planned to be topped off with a big fish fry that night.
 If Senator Taft is "knocked down," General MacArthur may pick up the standard, giving the Republicans two military men as possible candidates. In Mississippi the other day he was quoted as saying, "I do not actively seek or covet any office, but I would be recreant to all my concepts of good citizenship were I to shrink from accepting any public duty to which I might be called by the American people." And presumably that includes the presidency.
 When the New Deal came into power in 1933 it was going to "run the money-changers out of the Temple," or something like that, as we recall. But a Baltimore liquor dealer testified the other day that he made \$5,000,000 in 29 months recently on a \$1,000 investment. Of course he couldn't have done that if he had paid his income taxes, so the government has filed a \$7,000,000 tax claim against him. But the instinct of the money-changer seems to be with us as much now as ever, only the law violators are the only ones who can get away with it.
 As General Eisenhower's views on various controversial subjects become more generally known, his popularity is liable to suffer. And so his opponents are anxious for him to come home and speak his piece on a number of domestic issues. Meanwhile, David Lawrence reports that in 1950 General Eisenhower told him that the United States is drifting too far to the left, that he should have as little interference by government in business as possible. If that is so, that won't sit very well with those who seem to think that political job-holders are the only ones who can put the fear of the Lord into business men.
 Fuller Warren and Truett Drake were old friends of 30 years standing until they "fell out" recently over road contracts. They were such good friends that Governor Warren appointed Drake to the State Road Board, one of the most jobs at the Governor's disposal. But now Drake says that the Governor tried to "high pressure" him into building roads for profit, and the Governor was "nervous breakdown" by suggesting that Drake "make strange bed-fellows" and also makes strange enemies.
 The Wage Stabilization Board made up of three members representing labor, three members representing management, and three members representing the public, has approved a 2 1/2% wage increase for the steel industry. The board is also making strange enemies.

Women Are Gaining
 Old-time ways of thought are giving way, even among the conservative Latin Americans. While the Honduras congress has just rejected a constitutional amendment giving women the right of suffrage, the margin was only three votes. Costa Rica already gives women full political rights.
 Other Latin American countries as liberal as Brazil, Cuba, the Dominican Republic, Ecuador, Panama, Salvador, Uruguay and Venezuela. Guatemala allows women to vote if they can read and write. Men do not have to pass these tests. If that seems unfair to women, Ecuador on the other hand gives them a special privilege. They need not vote if they do not wish, whereas for men voting is compulsory.
 Three Latin American nations allow women to vote in local elections, Peru, Bolivia and Haiti. Haiti will grant women full rights of suffrage three years after their first voting in local elections. That will be some time in 1953. The countries which already permit women to vote in local contests will doubtless go the rest of the way before long. Similarly in the United States a number of states permitted women to vote for the school board years before sex restrictions were done away with in national elections.
 The concessions already made are really remarkable, considering the strong belief that woman's place is in the home, and that if she ventures outside of it, there must be something wrong with her. Evidently the spirit of progress is alive in Latin America as elsewhere.

Isenhower Family Gets On Bandwagon
 LOS ANGELES (AP)—The Isenhower family of Los Angeles is really climbing aboard the general's bandwagon.
 Everett W. Isenhower, 27, an electrical company salesman; his wife, Wynne, 24, and their children, Gary and Wynne, 10 and 8, respectively, are ready to add the strategic "E" to their name and make it Eisenhower.
 Their father, Isenhower, originally was Eisenhower but Everett's grandfather dropped the "E" about 50 years ago. Isenhower says he's a third cousin of Gen. Dwight D. Eisenhower.
 "Yes," said Mrs. Isenhower, "we're Republicans and we're for Gen. Eisenhower for President."

Steel Strike
 (Continued From Page One)
 The steel companies have a lot to lose if the steel workers go on strike. The WSB's proposals call for a 10-cent hourly pay boost—of which 5 cents worth would be paid in the future—plus other benefits, including the union shop. The latter proviso would require all steel workers to belong to Philip Murray's CIO union.
 A spokesman for Wilson said he definitely still feels the union ought to take less than the WSB recommended. Wilson had planned to talk with Murray and steel firms, but Murray refused to attend, calling Wilson a "biased big business man." So the Wilson meetings were in doubt.
 Wilson formerly was head of the General Electric Co.

Pilot Speaker
 (Continued From Page One)
 Mr. Williams said that the earliest law givers were the shepherds who guided their flocks and heads of the family who regulated its encampments and employments.
 The term law as we shall use it, said Mr. Williams, "refers only and solely to the actions of men. The purpose of law is to administer justice. Justice is administered by a body of fixed rules called law."
 "Law is a rule of civil conduct prescribed by the supreme power of the state," he said. "We are told there is a law eternal, itself unknowable, but which may be revealed to man, either by the light of the eternal unchanging which gives us the law of reason, or by a heavenly revelation, which gives us the law of God."
 Mr. Williams pointed out that American writers are in the habit of saying that civil law is the expression of the will of the majority of the people. While it is true in a general way, he stated that in a government such as ours we must depend upon majorities to enact laws and depend upon the good sense of the people and their inherent sense of justice to keep the lawmaking authorities faithful to the preservation of their natural and inalienable rights.
 "What constitutes law in one country may be entirely without foundation for law in another," Mr. Williams pointed out. He told of some remote country where even now fathers sell their daughters to become wives of the men who have the most cows to give in exchange for them. Each country, he said, built up its set of customs, many of which have been turned into law.
 "Without law there would be anarchy. That is the real importance of law," he said in conclusion.
 Mrs. Messenger announced that the Business and Professional Women's Club is sponsoring a supper and fashion show for the benefit of its dental clinic at the Woman's Club on Friday, Mar. 28 at 8:30 p.m. She also announced a talk on health and nutrition and a film "The Magic Alphabet—Hidden Hunger" to be given at the Yacht Club tomorrow night at 8:00 p.m.
 Mrs. E. H. Laney, chairman for the sale of baseball tickets, called for a report of her team captains and urged the members to put forth every effort to sell the books. A percentage of the sales will be given to the club's "Milk Hank," she said.

Platform Pledges
 President Truman thinks that national party conventions should be held every two years instead of every four. Their duty in between presidential years would be to lay down a party platform to guide their representatives in Congress.
 Platforms now contain much rhetoric praising one party and attacking the other. This is harmless if not particularly useful. Unfortunately when they do get down to cases, their recommendations are not apt to be followed.
 Thus both Republicans and Democrats in 1948 called for statehood for Alaska and Hawaii. The bill admitting Alaska was voted down in the Senate by a combination of Republicans and Southern Democrats, who evidently did not feel themselves bound by their platforms. How to build up a feeling of responsibility for carrying out party pledges is a question so far unsolved.
 One help might be to have shorter platforms. A statement of principles and of promises short enough to go on a post-card would command widespread attention, and therefore be harder for Congress to ignore. The Truman plan for conventions every other year might strengthen the feeling of responsibility.
 Till something is done, the old saying will still hold true, that platforms are made not to stand on but to get in on.

Governor Candidates
 (Continued From Page One)
 Adams said since 1946 the state's payroll has more than tripled and that there are more than 25,000 people drawing paychecks from the state.
 Adams' charges were denied by Road Department Chairman Alfred A. McKelhan who said: "Apparently Justice Adams is confused and continues to be confused. In talking with some of his friends, I find that they are confused at his confusion."
 McKelhan said most of the maintenance work on highways is done by convicts and most of the construction work is done under contract with common labor on payrolls of contractors.
 Gov. Fuller Warren also replied to Adams in his state-wide radio broadcast. Warren said: "A certain candidate for governor is either attempting to mislead and deceive the people of Florida or he himself is grossly ignorant about the facts of our state government. He has been running around over Florida telling the people that about 80 state boards and commissions are under control of the governor. The State Board of Education is headed by a man who serves at the pleasure of the governor. He added that heads of others appointed by the governor have commissions which can be suspended only for six constitutional grounds."
 "This added and confused candidate wants to abolish the State Board of Education as now constituted," Warren said. "It would not be surprising to hear him start hollering to start moving the state capital."

Mr. Big's Deal
 (Continued From Page One)
 The business the hard way, he said, when the floor of one of his buildings collapsed under the weight of corn that arrived by the train.
 Easley also said he is a friend of President Truman, having been active in Democratic politics in Missouri.
 "And I hope this does not get him involved," Easley told a reporter.

Body Recovered
 SOUTH BAY (AP)—The body of Mrs. Grace Durham, 40, who drowned in the North New River Canal Sunday night in an automobile accident, was recovered Tuesday, seven miles from the scene.
 Mrs. Durham's husband, Grover, 40, and John A. Atkinson, 33, both of Miami, also lost their lives when their automobile collided with a truck and careened into the canal. The Florida Highway Patrol reported.

Swords To Mushrooms
 The world's largest underground arsenal, constructed in Japan during World War II, will soon be converted into a mushroom farm. It was built when American bombers harassed Japanese war plants during World War II, virtually stopping production of guns and munitions. The underground location is probably well adapted to the growing of mushrooms.
 Most mushrooms are parasites. In a sense the manufacture of weapons of war is a parasite industry, too, since it saps energy which would otherwise be used to produce goods of peace which benefit rather than destroy life. But until the day comes when there are no longer men and nations of ill in the world, arsenals will be necessary. It is comforting that the parasites being produced in the former Japanese arsenal are the kind which taste so well with steak.

NOT GUILTY
 OAKLAND, Calif. (AP)—A Superior Court jury says a Navy chief was not responsible for the Bay Bridge bus plunge that killed eight persons and injured 21 seriously.
 Orville C. Russell Jr., 25, formerly of Independence, Kas., was prosecuted because his automobile had hit a bridge abutment and knocked a large concrete block into the traffic lane.
 A few minutes later, a Greyhound bus crashed into the block and plunged over a bridge railing and 42 feet to the ground.
 The crash occurred in October. Russell was acquitted Tuesday of both manslaughter and drunk driving charges.
 And their supporters: "Give us anyone but Odham."

MISSING WOMAN
 KEY WEST (AP)—A Monroe County grand jury investigating the disappearance last Jan. 4 of Mrs. Hughette LeMay planned today to visit Tom's Harbor Bridge in the Key West area.
 Mrs. LeMay vanished while fishing from the bridge with her husband, George, 26, Montreal, Canada, real estate man.

Taft Ruling
 (Continued From Page One)
 There was much talk in a number of states about write-in votes. Eisenhower got 107,000 write-in votes in Minnesota where Eisenhower was the winner in a contest for 25 delegates.
 "Stassen" incidentally made no offer to split those delegates with Eisenhower.
 Write-in votes are not counted in Wisconsin. They are in Nebraska and Illinois. In West Virginia they could have an unofficial significance.

Industrial South And North
 The Lynchburg Advance
 song for so many generations? Already New England management has been telling its workers that higher production and lower wages are necessary to keep their plants going. The basic answer would be that New England should develop new things, or industry more suited to the region and its raw materials and skills and natural advantages.
 Meanwhile the industrial South is expanding and becoming more prosperous because the elements of expansion and prosperity exist in the South. It is the land of opportunity in the United States. And proof of it lies, in addition to what has been mentioned, in the increasing migration of talent to the South from other regions; not only talent, but capital.
 A significant development in the South, again in textiles, is the diversification, the development of an enormous scale of textiles from synthetic fibers as well as from cotton. This in turn means less obsession with and dominance by use of other raw materials such as wood pulp for synthetic fibers. These things mean a more varied, healthy industrial development in the South and mean capital for other ventures, in kind and new. The New England governors refer to migration of industry to the

Florida Day Program Planned At School

Pupils of the South Side Primary School will participate in the first observance of Pascua Florida Day in a program at 1:00 o'clock tomorrow afternoon in the school auditorium, Mrs. J. C. Mitchell, principal, announced today.
The program is planned to mark the beginning of an annual observance of Florida's "State Day", which was proclaimed two weeks ago by Gov. Warren.

Secretary of State Robert A. Gray will represent the State at a similar program Thursday morning at John Gorrie Junior High School, Jacksonville.
The proclamation, calling on the entire state to join in observing the discovery of Florida by Ponce de Leon on March 27, 1513, will be read by Mr. Gray, who will also speak briefly on "Pascua Florida," or "Flowers Easter," so named by Ponce de Leon because he first saw the coast of this state on Easter Sunday.

Observance of the day was in accordance with the suggestion of Miss Mary A. Harrell, social studies teacher at the John Gorrie school.
It is hoped by the originators that "Pascua Florida Day" will become a time for community celebrations as tourist attractions, and will serve to acquaint children with Florida lore, creating strong ties with the past and instilling new loyalties.

Patricia Ann Jones, Buell Duncan Wed

Miss Patricia Ann Jones, daughter of Dr. and Mrs. Thee Allen Jones, and Lt. Buell Gard Duncan Jr., son of Mr. and Mrs. Buell Gard Duncan were married in impressive ceremonies at 8:30 p.m. yesterday at St. Luke's Episcopal Cathedral in Orlando.
The couple repeated vows and exchanged rings in the presence of a large assemblage of members of the families and friends. The Very Rev. Mettelle E. Johnson, Dean of the Cathedral, assisted by the Rev. Paul Reeves, pastor of All Saints Episcopal Church in Winter Park, officiated at the nuptial rites.

The bride, given in marriage by her father, was radiant in her wedding gown of antique satin and Dutchess lace. Fashioned with a light-fitting basque waist, the off-shoulder round décolletage was outlined with a deep bertha of Dutchess lace. The full puffed skirt was caught up at intervals with tiny satin roushons, revealing Dutchess lace underneath, and ended in a full court train.

She wore a half-hat of tulle which held in place the four-tiered full length veil. Her only jewelry was an heirloom strand of pearls, gift of the bridegroom, which had belonged to his great-grandmother, the late Mrs. Samuel Douglas McEnery, of Louisiana. The bride carried a white prayer book topped with a spray of orchids.

Miss Eleanor Owens, of Warrenton, Va., formerly of Miami Beach, served as maid of honor, and bridesmaids were the Misses Elsie Mae McCoy and Jeanne Davis, cousin of the bride. Bridesmaids included Mrs. David Foerster, cousin of the bride, from Jacksonville; Mrs. John W. Sterchi, of Hendersonville, N. C.; Mrs. Thomas Kenney Jr., of Biloxi, Miss.; and Mrs. Milo Smith, of Tampa.

Mr. Duncan served as his son's best man, and usher-groomsmen included T. Allan Jones Jr., brother of the bride, Parks Duncan, brother of the bridegroom, Charles J. Collins Jr., A. G. Pattillo Jr., all of Orlando. Also Lt. Charles Currie of Atlanta, Ga., Ens. Comer Jennings, Eufaula, Ala., Richard Owens, West Palm Beach, and Thomas Kenney Jr., of Biloxi, Miss.

The mother of the bride was gowned in a hyacinth chiffon model trimmed with Alcon lace, and wore a corsage of baby yellow orchids.
The mother of the bridegroom wore a soft rose starched chiffon and Chantilly lace formal, and her corsage was of baby orchids, shading from white to pale pink.

Mrs. Minnie Evans Jones, of Sanford, paternal grandmother of the bride, wore an ice blue crepe model trimmed with seed pearls, and Mrs. Warren Parks, of Gainesville, the bridegroom's maternal grandmother, was gowned in a pale green chiffon and lace model. Both wore orchid corsages.
Dr. and Mrs. Jones entertained with an elaborate reception at Sorosis immediately following the ceremony.
Out of town guests included the following from Sanford: Mr. and Mrs. Claude Herndon, Mr. and Mrs. G. W. Spencer, Mr. and Mrs. George Harden, Mr. and Mrs. James Spencer, Mr. and Mrs. Spencer Harden.

Refreshments were served by the hostesses, Mrs. M. J. Morris and Mrs. J. G. Waits, to other members present who were Mrs. E. E. Lloyd, Mrs. Nettie Tillis, Mrs. T. E. Wilson, Mrs. Nellie Vaughn, Mrs. Elgie Brown, Mrs. W. P. Chapman, Mrs. R. W. Turner, Mrs. W. F. Thornton and Mrs. C. A. Ponder.

GOOD NEWS

Effective now, the 10% down payment heretofore required on F.H.A. Title on loans is waived.

So, if you are contemplating making repairs or remodeling, you can borrow up to \$2500.00, without having to use any of your own cash.

This type loan can run for 1, 1½, 2, 2½ or 3 years.

We have the applications in our office, and will be glad to make them out for you. We also have a good stock of lumber and other materials that you will need.

Many people are now applying asbestos siding on their homes. We carry Keady-Mattison Century Asbestos siding in white and three colors. This is eligible for an F.H.A. loan.

Rita Hayworth Is Not Planning To Return To Prince

By BOB THOMAS
HOLLYWOOD (AP)—Rita Hayworth says she will take a month's motor tour of the Southwest and then drive to Reno for her divorce from Prince Aly Khan.

The flame-haired actress finishes work for her picture today. She has purchased a station wagon and will drive to Southwest sun resorts with her secretary, Margaret Potter. Then she will report to Reno to pick up her divorce from the playboy son of Aga Khan, Moslem leader.

In an exclusive interview, Miss Hayworth scooped recurrent rumors that she is planning a return to Europe to reconcile with Prince Aly. She told me she has not been in touch with him. She agreed that the Aly Khan chapter in her fabulous life is ended.

Miss Hayworth will retain full custody of Yamin, their daughter. She offered no comment on other terms of the separation. She will not be required to remain six weeks in Reno for the divorce, since she is legally a citizen of Nevada.

"I am a resident of Glenbrook, Nev.," she explained. "I established residence there when I returned to this country. The divorce could be a matter of hours, but I may stay around Reno for a few days. I like Nevada very much."

"When I saw her Tuesday night, the actress remarked that she was weary from the movie-making routine. She said she had not been started out with six weeks of divorce rehearsals."

"I don't know where I'll go on this trip. We'll stop wherever we feel like it, for I do want to get some sun. We'll probably spend some time in Tucson and Phoenix, Ariz."

The island of Djerba in the Mediterranean is believed to be Ulysses' land of the lotus eaters.

vined that his election would prevent a collapse of Allied unity against aggressive Communism, the Post-Dispatch said.

Stevenson appears firm in his determination to devote his present energies to being re-elected governor, the story continued, and to be neither an active nor passive candidate for the presidency.

There is strong evidence that he has told Truman so," the Post-Dispatch said. "Whether Truman will be content with this answer is not known here (in Washington)."

The Illinois governor has reportedly said that he is a candidate for re-election as governor, and nothing else.

Progress Is Seen In Secrecy Meet On POW Exchange

New Strategy Is Taken By UN In Effort To Move Reds

MUNSAN, Korea (AP)—Truce negotiators displayed "much more progress" today in seeking a compromise on exchanging prisoners—one of the three key issues blocking a Korean armistice—an Allied spokesman reported.

"Some slight progress" was made behind the screen of a news blackout, Brig. Gen. William P. Nuckols said, "but they have not gotten down to brass tacks."

Simultaneously he disclosed a change in the U. N. Command strategy on the key to the deadlock. The Allies have rephrased their demand for "voluntary repatriation" of prisoners to "no forced repatriation."

"There is no fundamental difference in the two concepts," Nuckols said, but the new term might be more palatable to the enemy. No forced repatriation means the U. N. Command does not endorse and will not employ force to compel a man to go over to the other side if he does not choose to go.

Simultaneously, Nuckols said, U. N. negotiators have been telling the Communists repeatedly "there is every indication that the great majority of their captured personnel now in our hands desire to return."

The Communists have been insisting they want all prisoners returned and have objected to Allied proposals for interviews to determine the prisoners' wishes.

The U. N. Command took the new tack on the problem more than 10 days ago, Nuckols said. But he disclosed it to newsmen for the first time today.

Apparently this new policy did not enter directly into Wednesday's off-the-record talks. Nuckols said off-the-record talks. Nuckols said a broad scale largely couched in general terms and dealt primarily with the Reds' latest proposals.

His disclosure came after a second group of staff officers cleared the decks for tackling the sole key issue remaining before it—whether Russia should help supervise the truce.

A U. N. Command communique said they cleaned up the last of their minor problems by reaching "complete agreement on the points of entry question."

The Allies then proposed the key issue be solved by dropping Russia and Norway, leaving four "neutral nations" to police the armistice. The Communists wouldn't consider it.

The deadlock is so firmly established that Russia was not even mentioned by name during the discussion.

The third deadlock in the way of an armistice is Communist insistence they be allowed to repair airfields. The airfield question is not now under discussion.

Claude Whiten To End Naval Course

Claude M. Whiten, fire chief at the U. S. Naval Station, Sanford, is scheduled to graduate with the Disaster Relief Class on Friday at the U. S. Naval School, Civil Engineering Corps Officers, Naval Construction Battalion Center, Port Huenehme, Calif.

The Disaster Relief Course is designed to acquaint officers and key civilians of the Naval establishment with the principles of Disaster Relief Planning, particularly as it applies to engineering requirements for disaster operations. Basic instruction is given to enable graduates to organize units for the protection of personnel, control of damage and restoration of essential services in the event of a catastrophe.

Fire Chief Whiten saw service during World War II with the U. S. Army in Italy. After the war he resumed his duties as a lieutenant in the Fire Department of the City of Sanford resigning in August, 1951 to be fire chief of the naval station in that city. His wife, Mrs. Mary E. Whiten and four children reside in Sanford.

Fish Commission To Meet On Monday

TALLAHASSEE (AP)—The Game and Fresh Water Fish Commission will hold a formal meeting here at 10 a. m. Monday, April 7, Director Ben L. McLaughlin announced today.

Any matters of interest to sportsmen and others may be considered, he said. All persons wishing to appear were requested by McLaughlin to apply in writing before April 5 so that their names and subjects may be placed on the agenda. Subjects not on the agenda will not be considered, he said.

Items already listed for discussion include:

Prohibition of airboats on the marshes of Lake Okechobee during the duck hunting season.

Appeal of a law specifying that duck hunters may not legally shoot from a boat in a blind if the motor is attached to the boat.

Declaration of snook as a species of fresh-water fish.

ELECTOR'S OATH
TALLAHASSEE (AP)—A person registering to vote for the first time in Florida must subscribe to the elector's oath in the presence of the supervisor of registration of the county of his legal residence, Attorney General Richard Ervin held today.

WHITE WALL TIRES
WASHINGTON (AP)—The government today lifted its ban on white sidewall tires and increased the amount of natural rubber that may be used in passenger car tires.

COUNTY UNIT VOTING
WASHINGTON (AP)—The federal government today asked the Supreme Court to consider the validity of Georgia's county unit voting system.

In a brief filed with the court, Solicitor General Philip B. Perlman said the Georgia State Supreme Court made a "patently erroneous ruling" as to federal constitutional issues in a decision upholding the voting system. He said the federal court should set aside the Georgia court's decision.

Kiwanis Meet

(Continued From Page One)
State League is building a new ball club.

He told of the co-operation given by the Seminole County Chamber of Commerce, and a committee which he headed in securing funds to get the team under way, and of the selection of 15 directors who are also stockholders on a non profit basis.

Expressing the opinion that the club can operate or break even on a \$50,000 income this year, he pointed out that in 1949 more than 75,000 persons attended the games. He praised City officials for their wonderful co-operation and complimented local sportswriters for their loyal coverage.

Joel Field appealed for Kiwanis attendance at the games, and told of plans for selling tickets, including that of the 1st 100 Club.

Rupert Strickland and Howard Monteith, who recently attended the Kiwanis Minirel in Kissimmee which will appear here on Apr. 5, reported that the show was better than ever and predicted that more than 1,000 tickets will be sold for the local show, benefits of which will go to the Kiwanis underprivileged children's fund.

Guests present were A. W. Sherman, Sidney, Ohio; A. W. Lawrence, Winter Park; A. S. Van Middleen, Gainesville, and D. N. Jones.

New Plan Is Tried On Rent Problems

The landlord-tenant conference plan, a new device for clearing up misunderstanding on rental problems without recourse to official procedure, has proven a great success in this area, W. R. Williams, Area Rent Director, said today. Many cases have been handled in this area since last Jan. 24.

Mr. Williams also said the plan brings landlord and tenant together face to face in the local office to settle the problem on the spot.

He said the conferences are pterodactyls, now extinct.

What's Your Notion of Magnificent Motion?

What admit that we're taking in a lot of territory when we use a word with the definition shown above. But no lesser term can do justice to all the things that make a Buick such a joy to drive and to own. Splendor and sumptuous adornment you'll certainly find in its rich interior—precisely you'll certainly find in the masterwork of its power. But there's only background for what is the million-dollar ride. Yes, magnificent is the word for this Buick in motion. There's a smooth, earth-heating, mile-a-minute ride as it rolls along

It holds a straight course without weave or wander—seems to snug down to the road on curves. A massive X-braced frame gives it solidity. A torque-tube firms its keel. End-way and side-roll are neutralized. The engine is Hi-Poised mounted on rubber pillows—and big, soft-acting coil springs on all four wheels soak up the jabs and jolts. float you over road-ripples, "washboard gravel" or weather-pocked macadam as if they weren't there. Even its Dynaflow Drive* contributes to the smoothness of its forward motion by cushioning the transmission of its power.

How about taking one of this year's Buicks—SPECIAL, SUPER or ROADMASTER—on a cruise of discovery all your own? Touch off its Fireball 8 Engine that's a gas-saving high-compression valve-in-head—head it out for the roads you know by past experience—and let it speak for itself. Even the price tag is eloquent proof that this is the car for you.

Sure is true for '52

Ike Reported Set To Resign At Any Time

Chicago Daily News Says General Plans To Return To U. S. Last Part Of May

MILWAUKEE (AP)—Gov. Earl Warren's call today for Eisenhower's resignation "can best serve their own interests" by voting for Warren in next Tuesday's Republican presidential primary. The California Governor, whose 20 delegates candidates already have served notice they will support Gen. Dwight D. Eisenhower if Warren drops out of the race, thus leaving Gov. Harold E. Stassen of Minnesota in leading for Eisenhower backing in a race where the general's name is not entered.

CHICAGO (AP)—The Chicago Daily News said today that Gen. Eisenhower will resign his present job at any moment pending news of a satisfactory settlement of the "from sources usually regarded as completely reliable."

The newspaper, in a story without any date line, said it was told Eisenhower plans to submit his resignation as chief of the North Atlantic Command through Secretary of Defense Lovett.

"The general will explain," the newspaper said, "that his political position makes it desirable that he leave SHAPE (Supreme Headquarters, Allied Powers, Europe) before the Republican convention, which is expected to return to the United States in the latter part of May, the informed sources said."

The Daily News added that its informants stated that one of Eisenhower's major backers, Sen. Lodge of Massachusetts, will visit the general in Paris within "the next few days."

Truman Will Sit Next To Stevenson At Annual Dinner

KEY WEST (AP)—President Truman, looking toward reelection, today left for Washington to attend the annual dinner of the Democratic National Convention at the Waldorf-Astoria Hotel. Truman will sit next to Stevenson at the dinner.

WASHINGTON (AP)—Democrats arranging the annual dinner at the Waldorf-Astoria Hotel today said the seating of party bigwigs has been planned with careful attention to both political and social feelings.

If so happens that President Truman will sit at the same table with Gov. Adlai Stevenson of Illinois, a reported Truman choice for the Democratic presidential nomination if the President declines to seek another term.

Party officials at the Waldorf-Astoria today said they had there will be two head tables this time in the big National Guard armory, with the President sitting at the south table and speaking at the north table.

By placing 50 of the top guests at each table and calling on the President to divide his time between the two tables, it was explained, the more important party leaders and their wives will be brought closer to the President and Mrs. Truman than on former occasions.

Also, the more than 3,000 guests seated at floor tables will be brought closer to the central attraction.

Gov. Stevenson will sit at the same table with the President as he will be held a dinner seat removed from him. Other guests will be seated at other tables.

Housing Authority To Move Office

The Sanford Housing Authority is planning to move its present office to a new building on the corner of Main and Duval streets.

The new building, which is being constructed by the Sanford Housing Authority, will be a two-story structure and will contain approximately 100 units.

The new building is expected to be completed by the end of the year and will be ready for occupancy at that time.

The Sanford Housing Authority is a public agency and is responsible for providing housing for the low-income population of Sanford.

28 Candidates At Lake Mary Political Rally

Large Crowd Gathers To Hear Candidates Give Qualifications

An enthusiastic crowd of citizens jammed the Lake Mary Chamber of Commerce Building last night to hear and applaud 28 candidates for state and county offices who told of their qualifications at the first Democratic rally prior to the May 6 primary.

The speakers included: James H. Lee, Seminole County Democratic Committee chairman, introduced the speakers. Seated on the platform were: Andrew Gerraway, secretary of the committee; and Ray Howell, committee member.

A woman candidate for the State Legislature, Mrs. Ruth M. Hamilton, Casselberry, drew prolonged and hearty applause when she proposed to abolish what she termed a "decadent statute" which allows the formation of tax free towns dominated by one person, and warned against a gangster method of government in Seminole County, comparable to those behind the Iron Curtain.

Mack N. Cleveland, Jr., another candidate for state representative, reviewed his background, expressed favor for salary increases for teachers, but opposed any increase in taxes. He proposed that the names of chieftains be taken off the welfare lists in Seminole County, comparable to those behind the Iron Curtain.

Odham To Go On Air For 24 Hour Stint In Tampa Tonight

Brewer Blasts Boyle For Retainer Fees From Racing Tracks

TAMPA (AP)—Bratley Odham will take to the air waves tonight in his campaign for Governor with an around-the-clock question and answer radio broadcast starting at 8:00 o'clock.

The opening hours of Odham's 24-hour radio "talkathon" will be put on the air from a battery of microphones set up at Jackson and Morgan Streets, with stations in Tampa and St. Petersburg rotating the broadcast.

Part of the talkathon will be staged in St. Petersburg and from an automobile making a trip across the bay and return. Odham arrived in Tampa last night to complete arrangements for the long broadcast, and to rest up for it.

"I will clearly define my stand on every issue," Odham said, "and I will answer questions from any one and every one regarding them. I will answer them on the air."

3 Candidates For Senate Address Jaycee Meeting

Brewer Blasts Boyle For Retainer Fees From Racing Tracks

The three state senatorial candidates from District 37 and the Jaycee State aspirant John Rupp of Sanford for his "incumbable position" as attorney representing the Sanford-Orlando Kennel Club and as District 37's senator at their luncheon in the Yacht Club today.

"Max" Brewer rapped incumbent Senator Lloyd P. Boyle of Sanford for his "incumbable position" as attorney representing the Sanford-Orlando Kennel Club and as District 37's senator at their luncheon in the Yacht Club today.

Boyle's charges saying that while he was employed as the dog track's attorney in 1949, he has not let his influence dictate his actions in the state legislature.

"My record as your senator for the past eight years is an open book which you can verify in the official state journals which I will be glad to have anyone see," he asserted.

Federal Man Is Excused In Grain Probe

Alfred O'Neill Admits His Answers To Senate Queries Might Incriminate

WASHINGTON (AP)—A Senate committee investigating scandals in government grain deals excused a witness today after the committee chairman told him "if I were in your place I would not make answers."

The witness, Alfred O'Neill, is a former Agriculture Department aide. He is currently under investigation by a federal grand jury which is looking into charges that he misappropriated large quantities of grain stored on his farm near Ipswich, N. D.

O'Neill was sworn as a witness before the Senate Agriculture Committee and then asked "what you man think about whether he should testify."

Chairman Ellender (D-La.) told him that if he were O'Neill he wouldn't answer questions for fear his testimony might be used against him in the grand jury investigation.

After O'Neill was excused, Committee Counsel Paul Cotter called Allen J. Goodman, assistant committee counsel, who had interviewed O'Neill about the alleged grain shortages.

Ellender promptly excused Goodman as a witness. He said "We sought to exclude any testimony which would disclose what he (O'Neill) said."

WSB Chairman Says Wilson Not Seeking New Steel Formula

Defense Mobilizer Is Heard At Conference Of Top Government Leaders

A reporter talks to a detective outside a police station in the Bronx, Mass., after a trio of bandits had stolen \$500,000 from the armored truck in the photo. The robbery was the biggest in the area since masked gunmen robbed Bankers Co. of \$1,200,000 in Boston in January 1950. International Soundphoto.

WASHINGTON (AP)—Chairman Nathan P. Feinsinger of the Wage Stabilization Board (WSB) told reporters "Hell no" today when asked if Defense Mobilizer Charles E. Wilson has asked the WSB to reduce its recommendations for setting the steel price.

He had just left a meeting with Wilson, who has said the WSB's soft wage limit, calling for a 17 1/2 cent wage boost, was a serious threat to anti-inflation efforts.

Wilson also talked with Economic Stabilizer Roger Putnam and Price Stabilizer Ellis Arnall. Wilson apparently was trying to work out some plan to help settle the steel labor dispute. A strike of Philip Murray's more than 650,000 CIO Steelworkers in the basic steel industry is scheduled for April 2.

A spokesman for Wilson's office of Defense Mobilization refused to confirm or deny that he plans to keep hands off the steel wage dispute for the present in hopes of progress in union management negotiations, which started Wednesday in Pittsburgh, and resumed today.

The situation was such that it even appeared possible that, with President Truman due back from his Florida vacation in late afternoon, someone in the mobilization hierarchy may quit soon.

One thing appeared certain: That the CIO Steelworkers Union, headed by Philip Murray, will get nowhere in negotiations with steel firms until the administration makes up its mind. The companies said they'll need price boosts of \$12 a ton if they grant the WSB recommendation.

Bargaining talks between Murray's union and U. S. Steel Corp. and Jones & Laughlin Steel began Wednesday in Pittsburgh, but they looked to Washington for guidance.

The Navy today is considering a plan to send water to Key West, Fla., by barge until the city's water supply can be expanded.

Chief Adm. Joseph F. Jelley, chief of the Bureau of Yards and Docks, met this morning with Sen. Holland and Smathers and Rep. Eastland, Florida Democrats.

Afterward, the Congress members told a reporter the Navy is looking into these possibilities.

An immediate study of the possibility of providing a supplemental water supply through barge service from the Florida Peninsula.

A request for \$200,000 for an emergency pumping station at Tavernier and Marathon.

Jelley told the Floridaans that the Budget Bureau has been asked to authorize appropriation of \$195,000 to enlarge present facilities.

This would include a new well at Florida City and additional pumping stations at Tavernier and Marathon.

Key West now gets its water by pipeline from wells in the Florida City area. Expansion of the island city's civilian and military population has brought about a water shortage and created cases where water fails to reach the second floor of some buildings.

NO TELEVISION ALABAMA, N. Y. (AP)—Gov. Dewey today signed a bill prohibiting the televising, broadcasting or taking of motion pictures at any official proceeding in which witnesses are subpoenaed.

The drastic measure covers all proceedings conducted in New York State by a court, commission, committee, administrative agency or other tribunal.

BURNED TO DEATH SOMERSET, Pa. (AP)—Eight persons—six of them children—burned to death today in a farmhouse at nearby Hopedale.

Only Franklin Whipkey, 10, one of the seven children at home at the time, escaped unhurt. He jumped out a window.

NEBRASKA SANDHILLS SCOUTED BY PLANES IN HUNT FOR SLAYER

MERRIMAN, Neb. (AP)—A shotgun-wielding assailant opened fire on a ranch home near Merriman today and by the time he was through had killed three persons.

One of the dead was a neighbor, a telephone call for help.

Two others, including a 10-month-old baby, were wounded.

Authorities immediately road-blocked this entire sparsely settled Northwest Nebraska sandhills area. Plans after plane was sent into the air in the search for the unidentified slayer.

First speculation by authorities was that the slayings must have been by someone carrying a "grudge" or someone gone berserk.

Killed were George Menninger, 24; Mrs. Menninger, his 23-year-old wife, and a neighbor, Don Gardner, about 50.

Wounded about the Menningers' baby and another neighbor, Cliff McDonald, about 35.

Marvin Hansen, state safety patrolman stationed at Valentine, said the assailant apparently had not entered the Menninger ranch home five miles south of Merriman but shot through doors and windows.

Mrs. Menninger apparently was felled as she stood by the telephone, trying to summon help.

McDonald, who lives about a mile and a half away, had heard Mrs. Menninger's general call a series of short rings on a party line. Scanned to call all subscribers to their phones.

As McDonald approached the farm, he apparently encountered the slayer.

IRANIAN LOAN TEHRAN (AP)—Premier Mohammed Mossadegh said today Iran is dropping its request for a U. S. loan to help meet financial difficulties caused by a loss in oil revenue.

The U. S. State Department said a week ago a loan could not be justified as long as Iran refused to reach a settlement with Britain for reviving the dormant oil industry.

WARREN TRIP TALLAHASSEE (AP)—Gov. Warren will spend "the next few days" in New Orleans where Mrs. Warren is recovering from an operation on the thyroid gland.

He left for Louisiana late Wednesday. Mrs. Warren is hospitalized at the Foundation Hospital in New Orleans.

PROTECT FORMOSA TOKYO (AP)—U. S. Secretary of Navy Dan A. Kimball believes the United States Navy will continue to protect Formosa regardless of what happens in Korea, a Navy spokesman said today.

The spokesman, who is traveling with the Kimball party on the U. S. Navy transport, said: "That is the secretary's interpretation of the present policy in Washington."

AIR CRASH TUCSON, Ariz. (AP)—Twelve military airmen were killed in two plane crashes on the Southwest Wednesday. Eight died in the damage of a B-50 bomber from Davis-Monthan Air Force Base here and four perished in the crash of a B-57 Stratofortress bomber from Luke Field on the edge of Albuquerque, N. M.

Both crashes occurred shortly after the planes had taken off from their bases.

U. OF M. MEDICAL SCHOOL ANNOUNCED TODAY IT IS ACCEPTING APPLICATIONS FOR ENROLLMENT IN A SCHOOL OF MEDICINE. IT IS THE FIRST TIME THAT MEDICAL STUDENTS CAN BE ENROLLED IN FLORIDA.

DR. BOWMAN F. ASH, president of the university, said 28 students will be accepted for the 1952 fall semester. The university said it expects to start classes in late September or early October.

CUBA RECOGNIZED HAVANA, Cuba (AP)—The United States today became the 18th nation to recognize the revolutionary government of Fulgencio Batista.

The announcement of American recognition came as ousted President Carlos Prío Socarrás appealed from exile in Miami, Fla. to the Cuban Senate to recognize the Batista regime, which seized power March 10.
