

Hi-Guide Competes With Fine Sprinters In Featured Race

LONGWOOD, Jan. 4. (Special)—The first futurity distance feature race of the season goes to the post tonight at the Sanford-Orlando Kennel Club, sending Hi-Guide into action against a fine field of sprinters.

Lined up against the great greyhound are Stay Sweet, South, Jack Frost, Ray McGee, Mental Image, Merry Kay and Stay Leader. All of the other featured races run so far this season have been over the 5-16th mile distance.

Due to the shortness of the race, odds on Hi-Guide will probably be higher than in either of the two starts this year. The uncertainty of the scramble to the first turn with a field of extra fast-breaking dogs is too great to allow any dog to be made a prohibitive favorite.

Hi-Guide is unquestionably the class of the field, but whether he can outbreak Stay McGee, Jack Frost and several of the others is a moot question.

Greyhound races at the Sanford-Orlando Kennel Club will be resumed last night as the second week of the eighth season of activities at the club gets underway. Featured in the eighth race, a futurity, will be some of the favorite dogs of the kennel.

Saturday night races marked the close of the first week of the season, with numbers of fans attending the events each night after the opening Monday, Dec. 29.

In the races this evening, Hi-Guide, owned by the late Dr. C. M. Hall, with a big following around the tracks will match his speed with that of such runners as Stay Sweet, Merry Kay, South, Jack Frost, Stay Leader,

Red McGee and Mental Image. (The big Hi-Guide has an enviable reputation at the tracks here, and last year won all but two of his starts. In at least one start here, this year, he was victim of a knockdown, and finished a dead last.)

Red McGee, in a late race came through to take first place, after showing a failure of dropping out of an established lead before the finish of his race.

Other races on the program for tonight will furnish thrills for the enthusiasts in the futurities and 5-16 distances.

NEW YORK, Jan. 4. It looks as though next season will give us a pretty good snow as to the real value of Spring baseball training.

That is, if the clubs train in the north near home or make a short trip to the Carolinas, as some now seem likely to do.

Along about June there may be some evidence as to whether the lack of the usual warm seasons in Florida, or California, has handicapped the players in getting in shape, particularly the pitchers.

In past several years, many players and several managers have said the Spring drills were too long, that three weeks would suffice instead of the customary six weeks.

Then some have held that the early training over such a long period has done more harm than good. Several Brooklyn players feel that the hot Havana sun took too much out of them.

It is certain that the publicity value of the trip has been one of the chief reasons for Spring training. It served to get baseball news in the home town papers weeks before the season opened. It also spread the gospel of baseball in the hinterland, particularly the exhibition games on the way north.

It was a peevish ground for recruits. But most clubs bring their likely prospects up to the major league level in the regular season, and get perhaps a better chance to inspect them then. And even after Spring experiments, it often is mid-season before a manager has definitely made up his mind as to a rookie's ability.

I recall two instances when managers changed their minds very quickly down South. At Sarasota in 1938, Joe Cronin of the Red Sox spoke very highly of a Coast League youngster named Ted Williams. Well, before I could get yarn out about the kid, he had been shipped to Minneapolis. And, at St. Petersburg the same year, Frank Frisch was raving about the baseball possibilities of pro football's new set star, Sammy Baugh. But, a few days later, just about the time the papers were using my little profile on Singing Sammy, Baugh was shipped off to the Rochester farm. So, baseball writers have learned to keep their fingers crossed when they write pieces about rookies, even when managers are enthusiastic.

Some of the Spring trips were pretty expensive but several clubs, through economics and guarantees which the Southern cities managed to get back a good slice of their expenditures. And the rest could be written off as advertising.

Ray Ames started it all. Back in 1896 he took his champion Chicago White Stockings to Hot Springs, Ark. And a decade later, the Baltimore Orioles went to Macon, Ga. In 1901 Connie Mack's Athletics trained at Jacksonville, Fla. And five years later, John McGraw created quite a sensation by taking across the country to Los Angeles. Savannah and Hot Springs were favorite spots for years but in recent seasons Florida and California have drawn most of the clubs.

should not let petty annoyances keep us from performing our patriotic duty of seeing that the men who do the fighting are adequately fed," he said.

Landis Presents Streamlined Plan For Ball Clubs

CHICAGO, Jan. 4. (AP)—A five point plan, streamlined to great 1945 baseball with time travel restrictions, was expected to be presented by Commissioner K. M. Landis Tuesday at his emergency session with officials of the National and American leagues.

Although Landis refrained from discussing his ideas until the periphery, it was believed his plan received hearty approval of ODT Director Joseph H. Eastman when the two conferred in Washington last Wednesday.

After that meeting, the commissioner wired officials of the 16 major league clubs, announcing the special policy to discuss Spring training and any item of business connected with it.

The meeting was expected to end the "hazy boozing" most clubs have gone through since the travel question was brought up a month ago in a letter from Eastman urging curtailment and suggesting methods of reducing mileage.

Many minor leagues looked to Tuesday's conference for their cue in drawing up definite programs for the coming season. Frank Colley, publisher for the American Association, said Association officials would meet in Chicago Wednesday, possibly to pattern their season on decisions reached by the majors.

The Landis plan was believed to embody these points:

1. A reduction in the major league schedule from 164 games to 140.
2. Selection of April 27 as the season's opening day instead of April 15.
3. Longer trips so as to reduce interleague series from the currently planned three to two. (The clubs made four east-west swings last year.)
4. Open dates between long "jumps" so as to make the use of Pullmans unnecessary.
5. Reduction of the size of traveling squads from 25 to 20 players.

Landis also may have suggestions on Spring training—as base greatly muddled since some lengthy trips to California, Florida and other warm climates, have been abandoned. Only the Boston Red Sox and Chicago White Sox and Cubs have selected definite sites near their home base. Other clubs have tentative training arrangements which they can swing over to pending the outcome of the conflict Tuesday.

Country Shipments Will Be Lighter Due To Weather

Shipping Will Re-Open Markets In North, Concluded Since Holidays

Due to present cool weather, shipments of celery from Seminole County are expected to be much lighter during the present week, M. L. Cullum, sales manager for Chase and Company stated today.

Shippers, he said, look upon this slackening in shipments as a godsend, as this will relieve northern markets, which are somewhat congested by holiday caravans. It is felt by shippers, he added, that this condition will clear up during next week.

At a luncheon meeting of shippers held here yesterday, it was revealed that with some celery already shipped much earlier than usual, that there would be available from the first of the year, less supplies than normal, Mr. Cullum said.

This, he pointed out, would be due to the fact that as of Jan. 1, some 17,000 acres of winter celery have been planted this year in Seminole County than last. This year's acreage was stated to be 3,947 as compared to 3,475 acres last year.

Another question discussed was the present government policy of concentrating its celery buying on the number four size. This size is reported to be scarce in this section, and in big demand throughout the South and West, and consequently commands a premium price.

It was reported that the government is planning to buy celery in this section, and that it is expected that the government will be able to get the range and open it.

Mr. Cullum stated that in this section, there would be no celery available for the government to buy, and that the government would have to buy celery from other sections.

New Positions Put On List Of Jobs Essential To War

WASHINGTON, Jan. 5. (AP)—Twenty-two new jobs have been added to the list of essential activities so that eligibility for draft deferment will be extended to some of those on a proposed list of essential activities.

The new jobs were added to the list of essential activities on the basis of a report from the War Relocation Authority, which is in charge of the evacuation of Japanese-Americans from the West Coast.

The new jobs are: (1) work in the production of war materials; (2) work in the production of food and clothing; (3) work in the production of fuel; (4) work in the production of transportation; (5) work in the production of communication; (6) work in the production of health care; (7) work in the production of education; (8) work in the production of public safety; (9) work in the production of government; (10) work in the production of the arts and sciences; (11) work in the production of the social sciences; (12) work in the production of the humanities; (13) work in the production of the physical sciences; (14) work in the production of the biological sciences; (15) work in the production of the medical sciences; (16) work in the production of the agricultural sciences; (17) work in the production of the engineering sciences; (18) work in the production of the mechanical sciences; (19) work in the production of the electrical sciences; (20) work in the production of the chemical sciences; (21) work in the production of the mathematical sciences; (22) work in the production of the physical sciences.

U.S. Troops In Solomons Repulse Japs

Knox Says Attempt By Nips To Reinforce Guadalcanal Is Foiled By Allies

WASHINGTON, Jan. 5. (AP)—A Navy communique today announced the American troops on Guadalcanal have gained strategic high ground overlooking their airfield and repulsed six counter-attacks killing 150 Japanese.

Meanwhile, Secretary of the Navy Knox said Japanese destroyers which reached the waters off Guadalcanal Saturday apparently were driven off without landing although drums of supplies were unloaded and a few probably drifted ashore.

A Navy communique indicated today that the Japanese had made their most successful attempt in six weeks to get supplies to their forces on Guadalcanal in the Solomons.

Eight enemy destroyers reached the vicinity of the northwestern end of Guadalcanal Saturday. They were attacked by torpedo boats which scored a hit on one and possibly three hits on two others. Enemy airplanes in turn bombed the PT boats but inflicted only slight damage.

The communique did not say whether any of the destroyers got through to Guadalcanal but since only one was definitely reported damaged it was entirely possible, unless there was further American action not yet reported, that some of them at least did land supplies and even some reinforcements.

Before the mid-November sea battle off Guadalcanal in which a powerful Japanese armada was decisively defeated, the enemy landed supplies and reinforcements on the northwestern hump of the island about every other day. These usually were delivered by destroyer or cruiser-destroyer task groups.

Since mid-November, however, such attempts have been extremely rare and until last Saturday resulted in heavy damage to the Japanese ships.

The Japanese ships which were reported to be on the island recently were reported to have been damaged by the American forces.

WASHINGTON, Jan. 5. (AP)—A Navy communique today announced the American troops on Guadalcanal have gained strategic high ground overlooking their airfield and repulsed six counter-attacks killing 150 Japanese.

M. M. Minarik Is Named President Of Men's Group

M. M. Minarik was elected president of the Men's Club of the Holy Cross Episcopal Church at a supper meeting in the Parish House last night. Other officers elected were Edmund Melch, vice president, and Ralph Smith, secretary and treasurer.

Following the supper which was served by the ladies of the Women's Auxiliary, the Rev. Frank Falley delivered a short address outlining possible objectives of the Men's Club for the coming year. He suggested that one of its primary goals should be increasing church attendance.

The retiring president, E. W. Spreckel, presided over the meeting. A number of plans for strengthening the organization of the Men's Club and for stimulating interest in the Church and its various activities were discussed.

War Rages On 5 Fronts In Soviet Fight

Russians Lack Only 30 Miles Of Forging Final Link In Trap For The Nazis

(By Associated Press)

Heavy battles raged on five great fronts in the Russian campaign today, imperiling the Germans on the 1,000-mile line.

Soviet dispatches said the two Russian forces lacked only 30 miles of forging the final link in the new trap around the Germans in the Don bend 100 miles west of Stalingrad following the capture of Chernikavka and a Nazi air base 40 miles to the north.

In the north Caucasus, the Soviet command reported its troops were continuing their advance and occupying several populated places. Apparently in small force, RAF bombers smashed at Germany's war industry in the Ruhr valley last night, with the Berlin radio acknowledging casualties.

Chernykhovskaya, on the east-west railway bisecting the Don bend, apparently fell to Red Army forces pushing westward along the line from Obilvskaya, 12 miles to the east, which was captured last week.

Huge stores of spoils passed into Russian hands with the capture of Chernykhovskaya, including 17 planes, 2,000,000 shells and 500,000 air bombs, the brief special communique of the Soviet High Command said.

The German invaders of the East-Caucasus region reported falling back rapidly on a front hitting Red Army onslaughts from captured Mezok and Elkhotovo in the direction of Prokhladnensk.

Later the Red Army announced in its midnight communique that the Russians pounded the German defenses in Stalingrad destroyed numerous fortifications, among them blockhouses in the northern factory district.

Soviet troops continuing their widespread offensive south and southwest of Stalingrad captured the city of Krasnodar, a major industrial center, and a German tank and infantry "reel back," leaving more than 1,000 dead and 24 disabled tanks.

The Red Army was reported on the offensive in some sectors of the central front and in others engaged in consolidating newly won positions.

Pressing southwestward from captured Volkoi Luki, a Soviet detachment smashed into an inhabited locality and, in bloody street fighting, captured considerable booty.

In the north Caucasus "out troops developed their offensive," the midnight communique said.

Front reports said Red Army spearheads striking west and north were approaching Prokhladnensk, all day German base on the Rostov-Caspian railroad, in an offensive which threatened to trap and wipe out the advanced elements of the Nazi salient in the East-Caucasus.

A midday communique said the Russians who captured Mezok yesterday, breaking the threat to the German oil fields, were pursuing the Germans westward toward Prokhladnensk, 28 miles distant. Another Red Army was reported pressing up from Elkhotovo, 38 miles to the south.

(By Associated Press)

Heavy battles raged on five great fronts in the Russian campaign today, imperiling the Germans on the 1,000-mile line.

Local Solon Made Appropriations, Finance Chairman

State Senator Ernest F. Houder was appointed chairman of the State Senate Appropriations and Finance Committee, according to a release from Panama City by Florida Senate President Philip D. Beal, who has completed appointments, with one exception, to that committee and the finance and taxation committee.

All appointments are: Appropriations and Finance—Ernest F. Houder, Sanford, chairman; K. Griner, Cross City; J. Edwin Bakker, Umatilla; W. A. Shambaugh, Gainesville; William Elliott, Brooksville; J. Slater Smith, Green Cove Springs; James A. Franklin, Fort Myers; A. L. Wilson, Quincy; Harrison E. Bartinger, Sarasota; Ernest R. Graham, Miami; W. F. Davis, Madison; and Wallace E. Sturgis, Ocala.

Taxation and Finance—Leslie Collins, Tallahassee, chairman; J. Slater Smith, Walter W. Rose, Orlando; Harry E. King, Winter Haven; Jay A. Shuler, Apalachicola; A. E. Drummond, Bonifay; Anna Lewis, Marianna; John R. Heatham, West Palm Beach; William Elliott, H. S. McKenzie, Palatka; N. Ray Carroll, Deer Park; and R. B. Adams, Jasper.

Local Hostesses And "Sailorens" Meet To Discuss Duties

New services, including a "snack bar" shaving and shoe-shining equipment, a checking service and a registry for sailors' wives who desire positions, have been installed in the Services Men's Club on Lake Monroe which has been taken over by the United Service Organization, William Weiskopf, director, announced this morning, following a meeting last night with team captains who are in charge of hostesses and "Sailorens."

Duties of the hostesses and "Sailorens" were listed by Frank Shames, chairman of the Defense Council's Recreation Division, reported and samples of the 80-hour service pins were displayed.

In explaining how to be eligible for a civilian defense pin, Mr. Shames said that each girl or woman will have a schedule of the number of hours on the day she has volunteered to serve and she receives a pin after 80 hours of scheduled service.

While women may serve any extra hours and visit the USO club at any time, only scheduled hours may be counted towards the 80-hour goal, Mr. Shames revealed and in conclusion, he reminded members of the Recreation Division of the regular meeting Thursday evening.

Louisiana Accused Of Violating Rationing

WASHINGTON, Jan. 5. (AP)—Price Administrator Leon Henderson last night angrily accused Gov. Sam H. Jones of Louisiana of encouraging violation of gasoline rationing regulations and attempting to "undermine and destroy" administration of a war measure decreed by the government as "essential to victory."

In a blunt and biting letter to Jones, the OPA chief noted that the State Executive had written OPA regional directors in Louisiana urging them to "soften the blow" because the State had plentiful gasoline supplies and to "make the best of a bad situation until the bureaucrats see fit to relax the harsh regulations."

Supply Of Beef Is 50 Percent Below Need

(By Associated Press)

WASHINGTON, Jan. 5. (AP)—The supply of beef in the United States is 50 percent below the need, according to a report from the War Relocation Authority.

The report states that the supply of beef is 50 percent below the need, and that the government is planning to take steps to increase the supply of beef.

New Services Are Installed In USO Recreation Club

New services, including a "snack bar" shaving and shoe-shining equipment, a checking service and a registry for sailors' wives who desire positions, have been installed in the Services Men's Club on Lake Monroe which has been taken over by the United Service Organization, William Weiskopf, director, announced this morning, following a meeting last night with team captains who are in charge of hostesses and "Sailorens."

Local Solon Made Appropriations, Finance Chairman

State Senator Ernest F. Houder was appointed chairman of the State Senate Appropriations and Finance Committee, according to a release from Panama City by Florida Senate President Philip D. Beal, who has completed appointments, with one exception, to that committee and the finance and taxation committee.

Local Hostesses And "Sailorens" Meet To Discuss Duties

German Air Force In Tunisia Reported Losing Its "Punch"; Libyan War Lags

ALLIED HEADQUARTERS IN NORTH AFRICA, Jan. 5. (AP)—Associated Press Correspondent Wes Gallagher said today Adolph Hitler's attempt to keep the Mediterranean blocked to Allied shipping war into a major effort with thousands of Italian and German troops deployed from Bizerte to the Tripolitanian border along with part of the first line strength of the German air force.

Whirling sandstorms forced a halt in the Libyan desert operations, while in Tunisia the German air force was reported to be losing its punch.

But in bolstering Mediterranean sea lanes United States Liberator bombers rained 1000-pound bombs in heavy salvos on the German fighter and bomber base at Kairouan, 100 miles southeast of Tunis, in late last Saturday, it was disclosed by a Reuters correspondent who made the disclosure.

The correspondent told in the Liberator "Tangerine" in the first night of bombers smashed at the base in the second daylight attack on the base. The raid was announced by Allied headquarters yesterday.

The correspondent gave this explanation: "I saw 1000-pound bombs fall in salvos from the bellies of the huge four-engine aircraft flying in perfect formation over the base."

"Our cargoes had all been returned before the ack ack gunfire began snipping at their midday meal, were able to get the range and open it."

"More than 100 heavy bombs were dropped on the enemy air base as part of a carefully planned and well executed daylight attack delivered soon after noon."

"Our raid was only one in a series of daylight attacks on Germany's principal remaining base in the Mediterranean."

"The Liberator's part in this important operation was to damage the runways so enemy fighters would not be able to take off."

"This a strong force of United States twin-engine bombers following our formation at an interval of a few minutes delivered the main attack from a much lower level against enemy fighter and bomber concentrations on the ground."

"We are going for those Junkers 88's," said Brig. Gen. Patrick Timmerlake, the commanding officer of the United States Ninth Bomber Command before we took off."

State Justice Steps From Court Bench

TALLAHASSEE, Jan. 5. (AP)—Justice James B. Whitfield stepped down from the Florida Supreme Court bench Monday with the grades of public official and citizens for his unparalleled judicial career.

He had served continuously on the court since Feb. 15, 1904, longer by several years than any other Florida justice. He will be succeeded tomorrow by H. L. Babington of Gainesville, former judge of the Eighth Judicial Circuit of Florida. Several years ago he served as football coach at the University of Florida.

Governor Holland said U. S. Sen. Claude P. Holland joined scores of lawyers and citizens in a ceremony recognizing Justice Whitfield's voluntary retirement.

Flag Saluting Issue Is Brought Up Again

WASHINGTON, Jan. 5. (AP)—The supreme court agreed Monday to review a lower court's decision that school children need not be required to salute the flag in violation of religious scruples.

Thus the possibility was raised that the high tribunal might reverse its own decision that such a requirement was constitutional.

The decision to be reviewed was handed down by a three-judge federal circuit court at Charleston in the case of three West Virginia members of Jehovah's Witnesses and was written by Judge John J. Parker of Charleston, N. C., who has been prominently mentioned as a possible appointee to the supreme court to succeed James F. Byrnes.

War Head Commends Production System

WASHINGTON, Jan. 5. (AP)—Undersecretary of War Robert P. Patterson, declared today the production of military equipment is a job that only the Army can plan, and therefore only the Army should control it.

"The present system is working, and working extremely well," said Patterson. "Why change it in the middle of the war?"

BIBLE VERSE FOR TODAY
 AFTER ALL, GOD HAS A PLAN FOR HUMANITY AND HE HAS A WAY OF HELPING US. GOD IS OUR REFUGE AND STRENGTH, A VERY PRESENT HELP IN TROUBLE. THEREFORE WILL WE NOT FEAR, THOUGH THE EARTH BE REMOVED, AND THOUGH THE MOUNTAINS BE CARRIED INTO THE MIDLAND OF THE SEA.—Psalm 46:1, 2

DIDACTOS
 (From Poetry)

Never be lone;
 Have that for death,
 Not while you live
 A place
 Only your own,
 Or draw dry breath
 From sky and space,
 Mammals of
 Every face,
 Regardless of
 Your sombre mood,
 Take not your love
 In solitude.

Enjoy the bright
 Carefree mind,
 The voice heart,
 The strict right,
 The hidden land,
 The self below.

Let you, as I,
 Discover what
 Were better found
 Beneath the ground,
 When still you lie
 In one thin spot,
 And all around
 You there is not.

WILLIAM HESTER

Specialty list—see how being
 finished. War at its worst. The
 list is casually lists that aren't
 published.

Mrs. Gilbert Freeman, wife of
 the editor of the Good Tri-
 bune, is now a full fledged WAAC
 stationed at Daytona Beach. She
 is so far as we know the first
 newspaperman's wife in Florida
 to join the WAACs.

It is hard to understand the
 government's policy toward war
 factories which have been award-
 ed V flags by the War Depart-
 ment for excellence in armament
 production, and have been in-
 spected by the Justice Department for
 price-fixing.

The United States government
 is expected to run a neat little
 budget for the last 12 months of
 the 40 billion dollar year. That
 means some \$40,000,000,000 more
 than was taken through
 taxation, and that is to be raised by
 the sale of new bonds.

Two newspapers are going up on
 the peninsula. Two Balti-
 more newspapers, as well as two
 Washington newspapers, announced an
 "alliance" which will raise
 money to help the war effort.
 The alliance is a new all-time
 high in newspaper cooperation.

People were sold enough
 by the government to decide to
 buy more of their
 bonds. The government is
 selling them in favor of
 the war effort. There is no
 doubt that the government is
 doing a good job of raising
 money for the war effort.

As Jeffers Sees It

A promise that if car owners will cooperate, there is only one year of trouble ahead for American motorists is made by William F. Jeffers, Rubber Director of the War Production Board, in a signed article in The American Magazine in which he analyzes the tire situation in detail.

"Already we are giving retreats to civilians," he writes, "for essential driving. As production of synthetic rubber increases in 1943 and the fruits of our rubber savings mature, we will be able to increase retreading. If all goes well, in 1944, there will be new tires and retreads for almost everybody, and our passenger cars and trucks will be as well shod and the production of synthetic will be so great that tire rationing will exist only to the extent necessary to prevent waste."

Charging that if "selfish interests and misinformed persons" who opposed rationing had had their way the country's transportation system would have broken down within six months, Mr. Jeffers stated that the Nazis understood the situation and "spread propaganda far and wide in an effort to convince Americans that rubber rationing wasn't necessary."

"It would have been a tremendous Axis victory if they could have fooled enough Americans," he added.

Regarding the synthetic rubber situation, Mr. Jeffers reports:

- 1) In two or three weeks the first butadiene plant, at Institute, W. Va., will be opened. It will produce at the rate of 20,000 tons a year from grain alcohol and will be the first unit of an 80,000 ton plant.
- 2) At about the same time a butadiene plant will be opened in Baton Rouge, La., calculated to produce at the rate of 15,000 tons a year, from petroleum.
- 3) Before July 4 there will be other butadiene plants in operation in Los Angeles, Charleston, W. Va.; Baytown, Texas; Pittsburgh, Sarnia, Canada; Port Neches, Texas; Borger, Texas; Toledo, Ohio, and Louisville, Ky. Plants will be building in Houston, Texas, and Lake Charles, La.
- 4) All told, these plants, when they are going at full capacity, will produce at the rate of 800,000 tons of synthetic rubber a year. They'll all be in operation—and other new plants will be building—by November 1.

In conclusion Mr. Jeffers reports:

"We are in an uncomfortable spot but if we have the complete co-operation of American car owners, there's only one year of real trouble ahead. If Americans drive slowly, use only the amount of mileage that is necessary in their work, share their rides, take care of their tires, we'll come out of this era of rubber rationing on the bounce."

War and Health

The most foolish thing any man, woman or child can do is to work so hard that illness follows. Illness means that work goes undone, school lessons are missed that the time of someone else must be used to take care of the sick person, and in case of bad cold or other infectious disease, it means that probably three or four other people will catch the infection.

Dr. Malcolm Goodridge, president of the New York Academy of Medicine, gives five simple rules for keeping well. Here they are—and they deserve the attention of every citizen:

1. Eat right. Milk, butter, eggs, meat, cheese, fish, beans and peas, fruit, green leafy vegetables and yellow ones, whole-grain or enriched cereals and bread are the key foods. Some of the first five are growing scarce, but there will be enough so that some of them can be eaten every day. Don't miss a meal and try to make up on the other two. Eat three simple ones, balancing the foods over the day.
2. Get plenty of rest, regularly. No one can catch up on lost sleep. Late hours pull down the general resistance. Go to bed and rise on time.
3. Check with your doctor once a year at least. If he finds anything wrong, take care of it in good season.
4. Keep clean. Use plenty of soap and water outside, drink plenty of water for the inside. Keep hands, clothes, houses and beds clean. Get air and sunshine.
5. Play some every day. Walk, visit, play games, take any pleasant change from work. Everybody needs some relaxation.

Learned Fast

Even in Wall Street, maybe there's such a thing as trying to make money too fast. A couple of weeks ago one of the outfits hired a new office boy and among other things let him handle the petty cash. A few days later the box was short, and the office manager was investigating.

"Look here," he said to the boy. "The petty cash box is \$10 shy."

"Well," answered the lad, "let's each put back \$5 and say no more about it."—Investment Dealers Digest.

WEEKLY NEWS COLUMN
 By JOE HENDRICKS

CHAMPION MAXWELL — MOBILE, Ala., Dec. 18. (AP) — One year and three days after Colin F. Kelly, Jr., sank the Japanese battleship Haruna, a 10,500-ton Liberty cargo ship bearing the American air hero's name was christened by the nation's scrap champions today. The key note was sounded by 9-year-old Dale Maxwell of Tallahassee, Fla., who led the country in scrap collections with \$22,000. He told the laughing crowd: "I never dreamed of ever being a champion. . . I wish I could have gotten more scrap to help heroes like Colin Kelly beat our enemies."

OCALA NATIONAL FOREST MOST OUTSTANDING — The Ocala Forest is at the present time doing its bit in our war activities. There is a bombing target area located on the forest which is about 9 miles long and 3 miles wide. In addition to that large divisional maneuvers as well as smaller unit maneuvers are held on the area where different military problems are worked out. Forest lookouts on the Ocala, as well as on the other Florida forests, are at their posts during the winter months. Wildlife plays an important part in the management of the Ocala National Forest. It is estimated that there are 1,132 hunters in the hunt; 1939 had 1,600; 1940 had 1,700; and 1941 had 2,446. Of all the National forests in Florida, the Ocala is the most outstanding insofar as outdoor recreation is concerned. Located on the Ocala is the beautifully developed Juniper Springs recreation area. There are deep (open) white and one covered. These are used primarily for unaccompanied children. In addition to these, there are 14 hunting camps, grounds and miles of road leading and some streams and numerous large lakes. It is estimated that about 100,000 people used the Ocala National Forest one year, before the fire and gas season.

A Real Service — When a child comes to the park with his parents, he is a very happy person. Recently a young boy, a twelve-year-old girl of Clermont, Florida, Gladys, brought a note for National Forest. She said she wanted to know how she could help. She is a very good girl and she is very interested in the war effort.

Farmers Have Big Job Producing All For Their Nation

A P Features
 PANAMA CITY, Jan. 5. — The hired man's airplane rider, son Johnny's in the Army and the milking machine's wear-out, but Farmer Brown, America, U. S. A., has been asked to boost his output of almost everything except wheat and cotton.

Getting higher and higher prices for his products but short of labor, short of machinery, and faced with rising costs of the

of January and aside from the Seventy-seventh, which was unaware of the problems facing it at the time we convened, I am sure that no Congress has ever been burdened with such responsibilities. I can only pray that in this New Year and this new Congress we shall be able to meet these responsibilities as states-

things he must buy, the American farmer is a key figure in military and diplomatic plans for war and post-war strategy.

During the past year he turned about \$16,000,000,000 or 36 percent bumper crops, and was paid about \$15,000,000,000 or 36 percent more than in 1941.

The farmer's job as outlined by Food Administrator and Agriculture Secretary Wickard, for the coming year includes production of 17 percent more meat, 26 percent more poultry, 2 percent more milk.

In addition, he's being asked to hike his egg output, grow 32 percent more peanuts and bigger crops of soy beans, flax, potatoes and feed grains like corn, oats and barley.

But he is expected to cut his wheat crop 2 percent—we expect to have 840,000,000 bushels left over on July 1, 1943—and to reduce his cotton by 6 percent.

The U. S. already has shipped hundreds of tons of food to North Africa for the natives as well as for our armed forces. The government plans to ship thousands more tons to Africa, to Russia, to Allied soldiers, sailors and civilians all over the world and in addition to feed the people freed from Axis domination.

Some farmers don't think they can meet these goals—not with rationing of gasoline and tires for trucks and tractors, not with rationing of farm machinery, not without more help and not with some fertilizers and insecticides either sky-high in price or unobtainable.

Farmers were promised, however, that crop prices would be maintained if necessary, and Congress appeared ready to back that up with a provision that the rising cost of scarce farm labor be included in parity price formulas, on which farm loan and some benefit payments are based.

War Production Chief Donald Nelson "romanced all the help possible on farm machines as balanced against other essential war items and assured that:

"We consider the production of food, and fiber materials to be just as essential as the weapons, factories of tanks and airplanes. Manpower officials ordered de-

Can Have Wives In Own Barracks

By TED FARAH

A P Features
 WASHINGTON, Jan. 5. — There is one peculiar difference between the Ethiopian army, now standing guard in Halle Selassie's restored kingdom, and other armies. The Ethiopians are allowed to have their wives with them in the barracks.

British sources here, unveiling the existence of a modern, mechanized army in Ethiopia, also made known that when the rookie takes up the marital life over there, he doesn't necessarily give up the marital.

The Ethiopian army has been "built from scratch" by a British military mission under Major-General Stephen Seymour Butler, who has spent a lifetime as a soldier in Africa.

It is composed of infantry, artillery, field company, engineers and field works companies, sign-

ment of essential farm workers and in some government offices there was talk of drafting help for agriculture.

Nearly all British troops have been withdrawn from Ethiopia since the first Allied nation to be taken from Axis hands. The few British who remain are assigned under treaty to guard such strategic points as the Jibuti railroad and Addis Ababa.

Meanwhile, the Ethiopian army moves toward modernization. Without murmur, the soldiers agreed to have their long fuzzy hair cut short. They wear green berets.

FAMOUS NOW
 NOVATA, Okla., Jan. 5. (AP) — Bill Painter says that ever since he was appointed a member of the gasoline rationing committee everyone has been addressing him as Mr. Painter.

TUESDAY

The Daughters of Wesley Class party will meet in the church annex at 8:00 P. M. Hostesses for the evening will be Mrs. J. L. Clark, Mrs. E. E. Baggett, Mrs. Stuart Denton, Mrs. W. L. Harrison, Mrs. Clarence Smith and Mrs. C. H. Winn.

The Alabamian Class party at the First Baptist Church will meet in the church annex at 7:30 P. M. Hostesses for the occasion will be Mrs. A. C. Madden, Mrs. G. E. Balm, Mrs. W. L. Harrison, Mrs. M. S. Nelson, Mrs. J. B. Lawson, Mrs. C. M. Hand, and Mrs. W. P. Garner.

The board meeting of the Sanford Garden Club will be held at the home of Mrs. O. P. Herndon, 1800 Sanford Avenue, at 10:00 A. M.

The regular monthly meeting of the Women's Club will meet with a business luncheon at 12:30 o'clock. Hostesses for the meeting are Mrs. C. E. Dawson, Mrs. L. P. Hagan, and Mrs. William C. Erickson. Sponsor for the program is Mrs. H. M. Papworth and the guest speaker will be Rev. Frank Pinsky.

The Townsfolk Club will meet in the Court House at 8:00 P. M. with L. P. Hagan presiding. The public is cordially invited.

Grammar School, Junior High and High School students are cordially invited to attend the Young Peoples Club. There is no admission.

Regular meeting of Seminole Chapter No. 2, O. E. S., at the Masonic Hall at 7:30 P. M.

F. E. L. Class of the First Baptist Church will meet at the home of Mrs. Lillian Vickery, 304 West Third.

The Rose Circle will meet at 10:30 A. M. at the home of Mrs. Walker S. Coleman, Dreamwood.

Jack Russell will speak on "Trees for Democracy."

The Friendship League of the Congregational Church will hold its regular meeting at the Parish house at 8:00 P. M.

The Sanford Home Demonstration Club will meet at the home of Mrs. M. N. Cleveland, 2483 Palmtoe Avenue, at 8:00 P. M.

Jack Russell will speak on "Birds of Seminole County." Dues are payable and election of officers will take place.

The Bundles for America will meet at 3:30 P. M. at 114 Macmillan Avenue.

The Central Circle of the Sanford Garden Club will meet at 10:00 A. M. with Mrs. S. O. Ehlhoffer at her home at 1408 Oak Avenue. The program will be on "Decorative Plants."

Each member is urged to bring a specimen of her favorite azalea.

Mrs. H. C. Morgan Entertains Circle

Mrs. H. C. Morgan entertained Circle No. 1 of the First Methodist Church at her home on Myrtle Avenue Monday afternoon with Mrs. R. L. Knight co-hostess.

The meeting was presided over by Mrs. W. J. Smith and officers were appointed for the coming year. Those appointed were: Mrs. A. C. Sparks, chairman; Mrs. J. E. Crawford, vice chairman; Mrs. L. T. Doss, treasurer; Mrs. E. C. McKee, sunshine treasurer; Mrs. R. L. Knight, program chairman; Mrs. A. B. Smith, spiritual light; Mrs. W. E. Smith, social reporter; and Mrs. J. P. Thurmond, secretary.

Refreshments were then served and the following program followed: Mrs. J. E. Crawford, Mrs. R. T. Warren, Mrs. W. H. Goodspeed, Mrs. E. D. Doss, Mrs. L. L. Love, Mrs. L. T. Knight, Mrs. H. C. Morgan, Mrs. C. A. Sparks, Mrs. W. C. Smith and Mrs. Belle Ray, visitor.

Eastern Star Order Installs New Officers

The installation of officers for 1943 of Seminole Chapter No. 2 Order of the Eastern Star was held Monday evening in the Masonic Temple at 8:30 P. M. with Mrs. G. E. McKay, Past-Grand Matron, as Grand Installing Officer. Other installing officers included Mrs. H. J. Johnson as Grand Chaplain; Mrs. Marjory Jarvis as Grand Marshall and Mrs. Jack Bernay as Grand Organist. A song was sung to the newly elected Matron, Mrs. McKay, by Mrs. B. C. Moore accompanied by Mrs. Jack Bernay. Mrs. Fordyce Russell, retiring Matron, was presented with a bouquet of flowers by the chapter. The presentation was made by Mrs. C. L. Irwin. Mrs. Hughson, newly elected Matron, received a basket of flowers from the chapter presented by Mrs. G. E. McKay. All installing officers received a corsage from the chapter.

Newly installed officers are: Worthy Matron, Mrs. Charles Hawson; Worthy Patron, Mr. Harry Wright; Associate Matron, Mrs. Joe Corley; Associate Patron, Mrs. D. F. E. Starr; Conductress, Mrs. Sidney Nix; Assistant Conductress, Mrs. Mackey Wright; Secretary, Mrs. R. W. Turner; Treasurer, Mrs. Harry Kent; Chaplain, Mrs. R. W. Combs; Steward, Mrs. A. G. Backer; Grand, Mrs. J. E. Doss; Adm. Mrs. Robert Williams; Ruth, Mrs. W. A. Bagley; Martha, Mrs. W. A. Bagley; Martha, Mrs. O. M. Pearson; Warden, Mrs. James Quinn; Sentinel, Mr. Robert Williams. A large number attended the meeting.

Mr. and Mrs. DuBose Are Honored At Tea

Mr. and Mrs. H. C. DuBose were honored on their fortieth wedding anniversary New Year's Day with a lovely tea by their friends at their home on Oak Avenue. Guests were greeted at the door by Mrs. L. I. Frazer and Mrs. H. J. LeRoy. A profusion of roses, carnations and gladioli decorated the rooms where the guests assembled. In the dining room the perfectly appointed lace covered table was centered with a crystal bowl of red roses and balanced with candelabra of lighted candles on each side. Tea and coffee were served from each end of the table and those pouring were Mrs. F. S. Bernay, Mrs. H. J. McCallin, Mrs. E. D. Mobley and Mrs. E. D. Brownlee. Others that helped serve the hostesses are Mrs. Charles Selbridge, Mrs. Frank Woodruff, Mrs. Roy Mann, Mrs. Harry Woodruff, and Mrs. L. F. Boyle. Around 75 guests called during the afternoon.

DAILY MENUS

By MRS. ALEXANDER GEORGE

Citrus Fruits Victory Special Grapes, peaches, oranges and langes are decreed by Uncle Sam as Victory Food Specials Jan. 7-16. These fruits are delicious in appetizers, salads and desserts. They can be served "as is," which takes little preparation and conserves all the valuable vitamins and minerals.

Dinner For 3 or 4
Baked Sweet Potatoes
Baked Apple Sauce
Enriched Bread Butter
Celery

Tangerines Pastry-Cooked Cookies
Tea of Milk

Escalloped Oysters
2 cups rolled bread or cracker crumbs
1/2 cup butter melted
1/4 teaspoon salt
1/4 teaspoon paprika
1 pint oysters
2/3 cup milk
2 tablespoons cream

Mix together crumbs, butter and seasonings. Sprinkle a thin layer on bottom buttered baking dish. Add a layer of oysters and half the milk and cream. Add next crumbs and rest of oysters. Then remaining milk and cream. Bake with remaining crumbs. Bake 45 minutes in moderate oven.

Baked Apple Sauce
3 cups sliced apples
1/2 cup corn syrup
1/2 cup sugar
1/2 cup water
1/2 teaspoon cinnamon
1/2 teaspoon salt

Mix ingredients and pour into buttered baking dish. Cover and bake 30 minutes. Stir several times. Add 1/2 cup sugar and 1/2 cup water. Bake 15 minutes.

To see yourself conditioned for the next fall, to come, start now. You need not purchase a new pair of shoes. If you have a pair in your closet...

Each shoe being made only in part. One part made with three parts canvas, one part of leather. This makes a shoe that is both comfortable and durable.

Each shoe being made only in part. One part made with three parts canvas, one part of leather. This makes a shoe that is both comfortable and durable.

Personals

Pat and Mrs. Herman Echols of Daytona Beach spent the week-end visiting their families.

Mr. and Mrs. J. J. Knight and Miss Nell Knight had as their Christmas guest W. G. Ingle and R. B. Michener of USNAS.

Mrs. Colin Morse of Charleston, S. C. has returned home after spending the holidays with her sister, Mrs. Hugh Duncan.

Mr. and Mrs. Robert S. Klahn are moving to Daytona Beach, where Mr. Klahn will work at the Air Base.

Miss Laura Mae Brown has returned to Montreat College after spending the holidays with her mother, Mrs. G. H. Brown.

Mabrey Garner has returned to Oglethorpe University after spending the holidays with his brother, Dr. W. H. Garner.

Hilary Lee Jr. has returned to the University of Florida after spending the holidays with his parents, Mr. and Mrs. Hilary Lee.

Edgar Bignazee, who attends the University of Florida, has returned to school after spending the holidays with his parents, Mr. and Mrs. E. W. Bignazee.

Edward Laine has returned to the University of Florida after spending the holidays with his parents, Mr. and Mrs. Edward Laine.

Miss Betty Hodge has returned to Hollis College in Winter Park after spending the holidays with her parents, Mr. and Mrs. J. E. Hodge.

Miss Mildred Knight arrived Friday from Tyndall Field, Fla., where she is stationed, to visit her parents, Mr. and Mrs. J. J. Knight, for a few days.

Miss Nancy Lee Stallworth, Miss Betty West Oliver and Mrs. Howard King have returned to Columbia, Miss. after visiting relatives and friends for the past few days.

Cadet Billy Stallworth returned to McCallie Military School yesterday after spending the holidays with his parents, Lieut. Comdr. W. S. Stallworth and Mrs. Stallworth.

Cadet Corp. Walter Beale has returned to Fork Union Military School after spending the holidays with his mother, Mrs. Lorraine Beale.

Mrs. W. G. Langley has returned from Riverside Hospital in Jacksonville. Friends will be glad to learn that she is much improved.

Cadet Ralph Smith, who attends McCallie Military School in Jacksonville, has returned after spending the holidays with his parents, Mr. and Mrs. R. A. Smith.

Barbara Fitzgerald Weds H. F. George

A wedding of quiet simplicity was the marriage of Mrs. Barbara Fitzgerald of West Palm Beach and H. F. George of Miami on Sunday 31, at the All Souls Catholic Church. Father William Nachtrieb officiated in a lovely single ring ceremony.

The bride wore a beautiful tailored suit of pale blue wool with a white chiffon blouse and accessories were of Christmas white trimmed with green and red ribbon.

The couple is now residing at 300 1-8 Park Avenue.

POBJONEMENT

The scheduled meeting of the Azalea Circle at the home of Mrs. L. E. Spencer with Mrs. Henry Russell co-chairman at 7:30 Friday will not meet this week.

ANNOUNCEMENT

Mr. and Mrs. Sam Kents announce the engagement of their daughter, Christinity, to First Sergeant William O'Neill, son of Mr. and Mrs. Owen O'Neill, of Santa Barbara, Calif.

ANNOUNCEMENT

Mr. and Mrs. T. S. Crawley announce the marriage of their daughter, Mary Alston, to Arthur Wade Williamson of the United States Naval Reserve, on Sunday, Jan. 3, in Sanford. Mr. Williamson's parents are Mr. and Mrs. G. E. Williamson of Jacksonville.

DANGER OF WOODS FIRES

Dry weather and the shortage of labor to remove timber make it necessary for fire departments to be on guard with fire.

Woods should be burned only under supervision and never when wind is blowing.

Woman Doc Tells Ladies To Keep Physically Fit

By MARIHART KERNOHLE
AP Features Writer
WASHINGTON, Jan. 3.—Dr. Dorothy LaSalle is a worried woman.

The thing she's worried about is the way women are losing their chance to be physically fit for war work. They must do to enable more men to leave civilian life for military duty.

What's happening in too many places, she says, is that school administrators, intent on making boys fit to fight, shove their sisters out of their own gymnasiums.

Dr. LaSalle is traveling about the United States, appearing in institutes designed to encourage a better program of physical fitness for both sexes in high schools. (Later there will be a college program too.) In New York and Boston more than 1,000 educators turned out for the institute, and Dr. LaSalle says they were eager to put up the physical training program.

An expert consultant to the office of Education, Dr. LaSalle is on leave of absence for a year from the East Orange, N. J., school where she is physical education director.

She has studied American women and children extensively as a sex. She was a member of the White House Conference for Child Health and Protection called by President Hoover in 1933. She's been in administrative work in New York and Chicago and in Lexington, At Her undergraduate and graduate studies was at the University of Oregon and the University of Michigan.

Veteran Grace Gets Chance In "Hot Box" Race Tonight

LONGWOOD, Jan. 6, (Special)—The veteran Grace, owned and trained by Cliff Waller, gets her chance at victory in the featured "hot box" tonight at the Sanford-Orlando Kennel Club.

Grace qualified for a try at top money in the eighth race with a easy victory Saturday night in the 10th race when she covered some of the dogs she will meet tonight.

In the secondary feature, the ninth race, Lotta's Jim will try for his second straight victory against a field of sprinters that includes White Jones, Bert Worth, Tawny Tweed and several others.

Racing starts each night at 8:15, Sunday's excluded. Ten races are on each program, matching some of the best racing greyhounds on the Eastern seaboard.

Big money on individual races, a daily double paying \$14.50, and a quinella filled out to \$71.00 as well as track records for the season, set by Hi-Guide, who took the featured eighth race, a futuristic, and Double, who has won the last three starts, were features of last night's races at the Sanford-Orlando Kennel Club.

The daily double was paid off on a 7-6 combination, made up of Captain Bud and Lucky Gypsy. The big quinella paid off on a 1-4 combination.

Bobbie, running the sixth futurity race in ahead for the third time. The greyhound was first Friday night in the fourth race, also a futurity, and Saturday night, in the same distance. All the races were taken in 30 flat.

Hi-Guide, the greyhound owned by the late Dr. C. M. Hall, and one of the favorites of the track, came into his own again last night to cut the futurity distance, in 29 flat.

The big dog broke slower than usual, and outsmarted the field by saving ground next in the race, going to the first turn. He moved up fast through the back stretch, and went on to win easily. In the race, Ray Sweet broke with the pack, and showed

a good effort, but was not able to run with the winner, Jack Frost, who broke well, took a long lead and never was in danger.

Among the big payoffs was \$22.50 to Captain Bud, to win in the second; \$43.40 to Railroad Roll, to win in the fifth; and \$17.20, to Big Business, to win in the first.

Racing will be underway again tonight.

COAST GUARD TOPS
 NEW LONDON, Conn. Jan. 5. Although the United States Coast Guard academy did not begin playing football on an intercollegiate basis until 1922, newspaper files show that the academy had a winning team in 1917. The Cadets organized a team for a wartime benefit game and won a 7-6 victory over the U. S. R. Chicago eleven.

FAILURES DECLINE
 NEW YORK, Jan. 5, (AP)—Commercial and industrial business failures during 1942, as reported by Dun & Bradstreet, Inc., mercantile agency, were sharply un-

By Head Got Out From Behind In 1942 Season

By DILLON GRAHAM
 A P Features Sports Editor
 NEW YORK, Jan. 5.—Sammy's Sammy Snead finally got out from behind golf's eight-ball this year.

The handsome ex-Millbill from West Virginia, who bow the National open three summers ago, slammed his long-time jinx to earn his first major title. He beat Corp. Jim Turnesa 2 and 1 for the Professional Golfers' crown.

That was the only national tournament on the links in 1942, all others having been cancelled because of the war. But the year had its golfing highlights, such as Ben Hogan's triumph in the patriotic Hale America tourney that served as an unofficial open championship.

By midyear, manufacture of golf clubs had been halted and many fixtures, including the Los Angeles and Augusta Opens, had been cancelled for 1943.

Do not add soda to cooking vegetables; it destroys Vitamins B and C.

Internal Revenue Adds To Office Force

JACKSONVILLE, Jan. 5, (Special)—John L. Fahn, collector of Internal Revenue for the District of Florida, recognizes the need for rendering more service to the people in the Orlando area, and has increased the personnel and is establishing office hours in the Orlando office from 8:30 to 12:30 A.M. and 1:00 to 5:00 P.M. daily, including Saturdays.

Those office hours will be observed commencing Jan. 11, 1943. The local office will be closed Wednesday, Thursday, Friday and Saturday of this week as the employees will be attending a school of instruction at the Jacksonville office, and will re-open on Monday, Jan. 11, 1943, to give information and assist taxpayers in the preparation of returns for the current income tax filing period.

ments through playoff triumphs, shipping Hogan in the Texas Open and Dutch Harrison at St. Paul. Clayton Heafner turned in the season's best score—a 264 that won the Mahoning Valley Open.

Craig Wood's Ryder Cup squad beat Walter Hagen's "Challengers" 10-5.

By midyear, manufacture of golf clubs had been halted and many fixtures, including the Los Angeles and Augusta Opens, had been cancelled for 1943.
