

DRY LAW TALKS IN DEFENSE

Wickensham Declares
Wets Should Take
More Comfort In It
Than Dry Cohorts

BOSTON, Mar. 12.—(AP)—

Chairman Wickensham of the law enforcement commission today interpreted the dry law as nothing more comfort than the dry's expressed surprise that most vehement criticism came from anti-prohibitionists, adding he thought the wets would have derived more satisfaction from the report's statements of the commissioners' attitude to it.

In speech before the Boston Chamber of Commerce he struck at critics of the report, saying it was untrue that the commissioners' conclusions and recommendations were utterly at variance with the report.

He said that the dry law during the year was about \$200,000, saying the total expenditure was about \$37,000. He explained the differences between the individual reports of the 11 commissioners and their conclusions were mainly confined to remedies suggested for the recognition of civil rights.

Apparently many wets expected the commission to find a way for them to obtain liquor with ease and were enraged when we failed to do so."

Newton D. Baker, who is secretary of war, was in charge of the mobilization of the American industry.

The remainder of Baruch's plan, for controlling war profits by price-fixing rather than by drafting civilian and labor, was endorsed by Baker and also by Edward E. Beale.

Regular Chamber of Commerce meeting was held Monday evening in the C. of C. Hall with a good attendance.

The men of the Community Church are planning to give a play this month for the benefit of the building fund. The play is entitled "The Transvaal Convention." The date will be announced later.

Beds, round Robin, Standard, and other models will make up the show. Wright Bros. Co., which is in charge of Ralph Wright head of the firm.

Every radio, refrigerator, motor car, tire, and other accessory used in this city is expected to be represented at the show. A dozen or some size, while a few leading automobile show exhibits, in advance, will find all of the leading insurance agents represented.

In a story carried in yesterday's

Sunday Record, it was reported that the automobile industry here, will be on hand during the show to assist prospective purchasers.

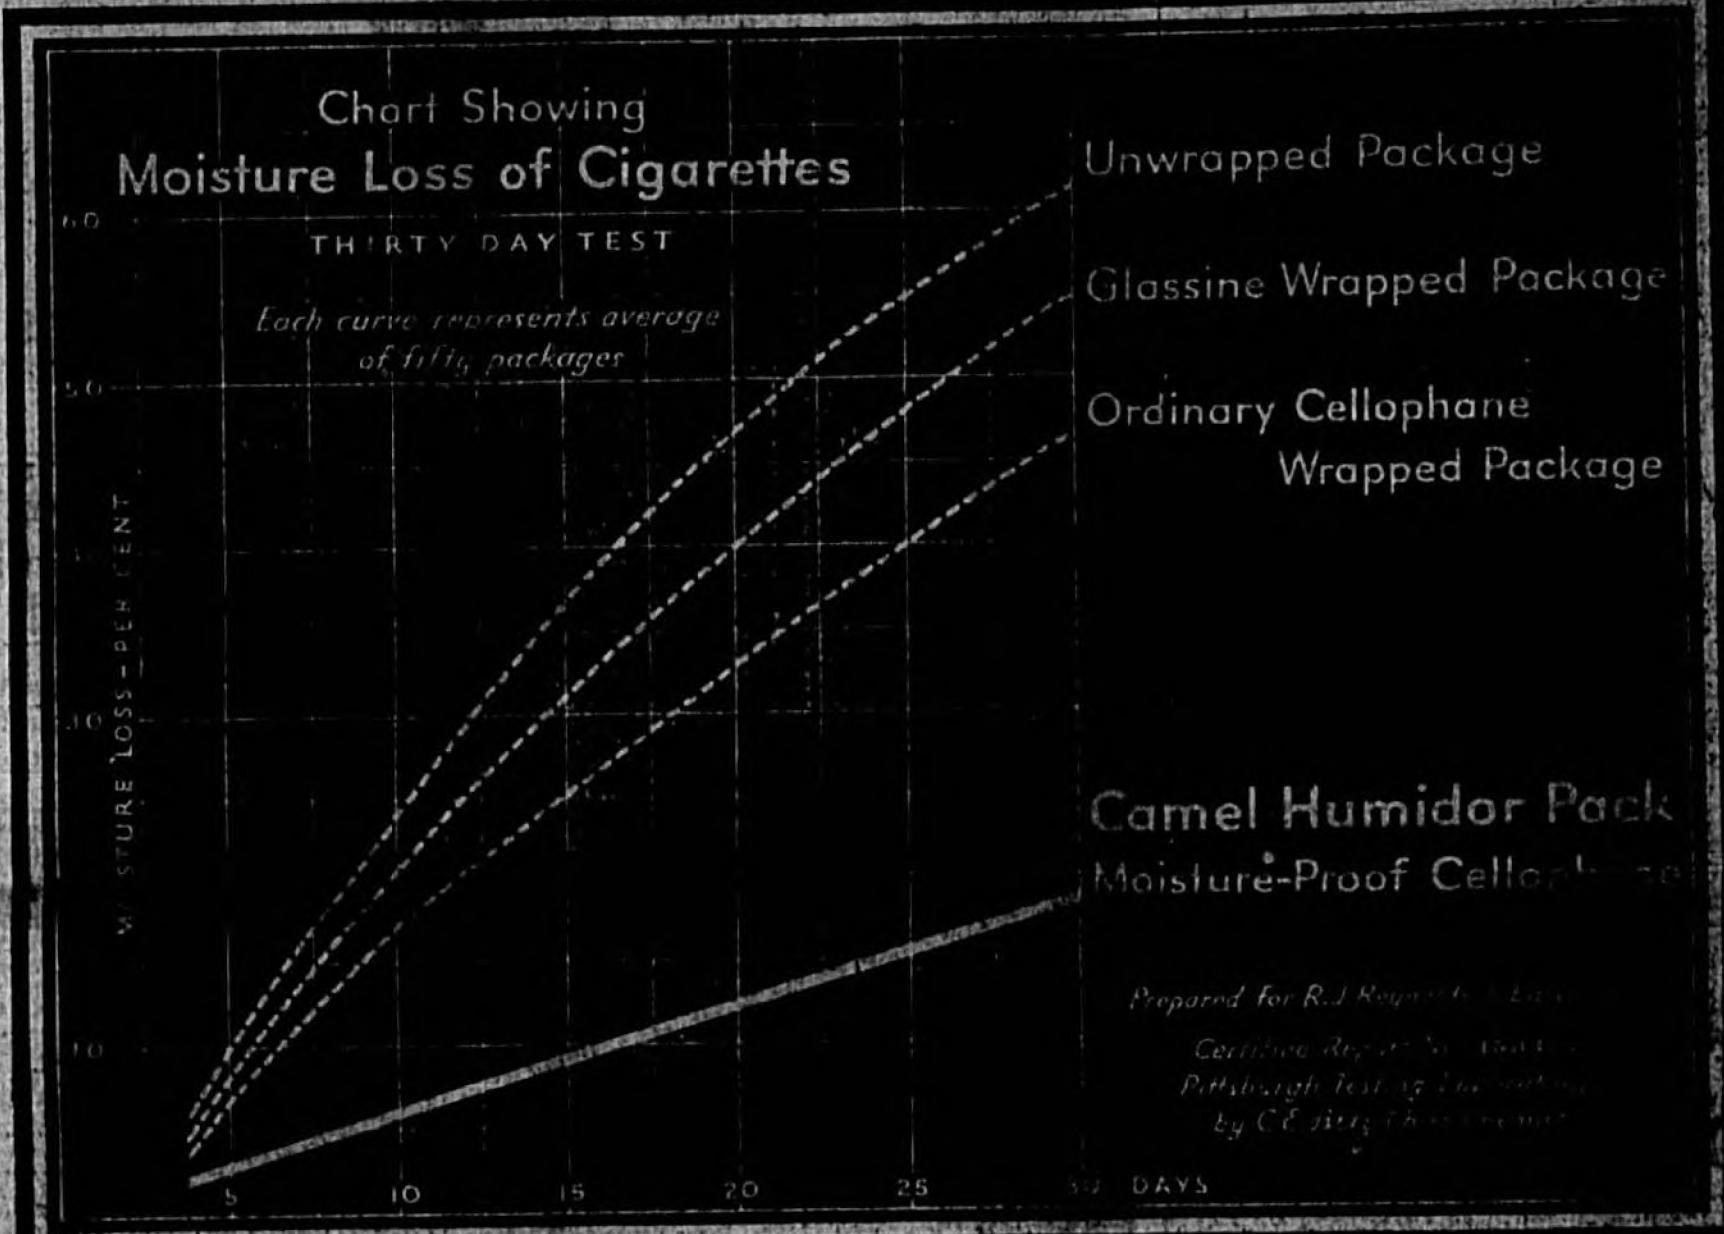

The show will be open until midnight each day. In connection with the free dance which begins at 9:30 o'clock each night, members of the Sanford Women's Club will have charge of booths at which light lunches and soft drinks may be purchased.

choice Turkish and Domestic tobaccos of which Camels are blended.

Make these tests yourself

It is so easy to tell the difference between parched dry cigarettes and fresh prime Camels that it is no wonder everybody is reaching for a fresh cigarette today.

Your fingers identify stale, dried-out tobaccos at once. While a Camel is flexible and pliant.

Your nose can tell the difference too. For a dant-dry cigarette crackles under pressure.

But the real test is taste and there is simply no comparison between the rich mildness of a Camel and the hot, harsh smoke from a stale, dry cigarette.

Switch to Camels just for today then leave them tomorrow if you can.

Entire Squad Participates In Spirited Scrimmage Session

GAINESVILLE, Mar. 12.—Florida's Gator gridiron brought their spring football drill to a close here yesterday with a practice game. The entire squad saw action in a wild scrimmage in which both teams were held scoreless. This ends all gridiron activities on the Florida campus until next September.

Coach Charley Bachman expressed himself as being very pessimistic in regard to his 1931 team. The Gator mentor stated that he had some likely freshman material but that lack of experience was going to be a big factor against Florida's prospects for next Fall.

Most of the 1931 varsity squad will be sophomores. According to Coach Bachman, Clyde McClellan at fullback, Sam Davis at half and Shaw Buck at the signal post have

top-notch performers in the Spring session. Drayton Barnard and Bob Anderson will bear watching in the line.

Mink Dorsett, 1930 varsity quarterback, was the only letter-man in the game yesterday. Captain-elect Carlos Proctor, one of the most consistent tacklers in the South, did not report for practice.

Neither team was able to score in an hour of fast play. Shaw Buck did some nice punting and Clyde McClellan and Sam Davis broke loose for several long gains. Orange

Auto Runs 59 Miles On Gallon Of Gas

American Automobile Manufacturers, after years in an effort to reduce gasoline consumption have found the solution in a marvelous invention that fits all cars. An actual test made by one of the engineers showed 59 miles on a gallon of gas. Thousands of car owners have already installed this new invention. They not only report amazing gas savings but are also surprised to find quicker pickup, instant starting, smoother running motors and more power. The Whirlwind Mfg. Co., Dept. 2113-N, Station C, Milwaukee, Wis., for a limited time is offering a free gift to those who will help introduce it. They also offer many customers to make up to \$100 a month in their own pocket book. Write for details. 12—(AP)—Gainesville, Fla.—Gainesville's Negro baseball team continued to win their hitting punch in winning their third straight training game from New Orleans Southern association team Wednesday 14 to 5. Joe Venable, right fielder, was described yesterday as allies in the fight against "boss rule" in the state.

Chairman Walter Faulkner of the committee, explaining his broadcast of Tuesday night against "boss rule," said it was not intended as a slap at Crump, as it had been interpreted.

During its survey of the state's situation, the committee has been concerned largely with the \$6,000,000 of state deposits caught in the failure of a number of banks. So far it has touched lightly the various departments and agencies of the state government, which it was authorized to investigate.

It is the committee's plan to give the general assembly to prolong the life of the investigation. A report of its activities to date will be ready for the assembly when it reconvenes Monday.

Three men whose names have been mentioned before in testimony before the committee face indictment.
