### Capt. R. Jackson Inducted As New Member Of Kiwanis

Tab denoting 195 years of perfect attendance were presented at yesterday's noon luncheon meeting of the Sanford Kiwanis Club as Martin Stinescoper, chairman of the club's attendance committee, staged the program.

Looking on and nodding approval of the excellent attendance as D. J. Scott, of Altamonte Springs, a past international trustee, past international vice president, past president of the Winnipeg Club and past president of the Chicago Club, Scott is also a member of the local club.

Prior to panel discussion on "Attendance" conducted by Stinescoper and in which attendance committee members took part, Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Auxiliary Air Station was inducted into the club as a new member.

Center Tharp, chairman of the Membership Committee of the Sanford Kiwanis Club, assisted by committee members Mack N. Cleveland Jr. and the Rev. Milton Wyatt, conducted the brief but interesting ceremony making Captain Jackson a member of the local organization.

Using, for the first time, a Builder's Apron, Captain Jackson was presented the white linen apron by Tharp with the explanation that signatures of all club members are to be secured and written on the white cloth apron which is significant of the Kiwanis Club slogan, "We Build."

Kiwanis Club President Al Wilson said, at the conclusion of the induction ceremony, "We are happy to have you aboard."

Captain Jackson said, "I am happy to be aboard and consider it a signal honor to be the first to wear the builder's apron."

In announcing the winning of the "Achievement Award" by the Sanford Kiwanis Club, Ralph Smith, secretary of the club and immediate past Lieutenant Governor, said, "We're proud of our club at all times but when it hits the top, we're doubly proud." And he added, "This is the second time in the history of the Sanford Club we have achieved this goal."

Those taking part in the panel discussion on attendance were, Richard Packard, Harvey Hale, Gordon Frederick and Douglas Stenstrom.

## Atomic Power Plant Project Undertaken

A large atomic power plant project is being undertaken jointly by Florida's three major utility companies, it was revealed today by Robert Pitt, President and General Manager of the Florida Power and Light Company.

Florida Power and Light Company, Tampa Electric Company of Tampa and the Florida Power Corporation of St. Petersburg have entered into an agreement with Babcock and Wilcox Company and Allis Chalmers Company looking to a target date of 1962-1963 for the construction and operation of a major power plant using atomic energy for fuel to be located at an appropriate site within suitable transmission distances of all three companies, Pitt revealed.

## Touhy Named Vice Chairman Of Public Relations Group

George Touhy, executive vice president of the First Federal Savings and Loan Association of Seminole County, has been appointed Vice Chairman of the Public Relations Committee of the United States Savings and Loan League.

The appointment was announced today by Walter H. Dreier, Evansville, Indiana, president of the league, which is the national trade organization of the savings and loan business and represents more than 4,200 savings associations and co-operative banks.

The Public Relations Committee studies methods of developing public knowledge of and enthusiasm for the thrift and home ownership services of savings associations and co-operative banks.

Fish Camp operators in the Lake Jessup area are becoming angry over the "light efforts" being made to control the growth of hyacinths in the lakes of Seminole County.

Four of the operators have written a letter to the Director of the Hyacinth Control Board of the Game and Fresh Water Fish Commission asking for an explanation and to be advised of the facts and figures on hyacinth spraying in Lake Jessup.

According to the letter, signed by the operators of Black Hammock Fish Camp, Hiley's Fish Camp, Crowe's Fish Camp, and Myer's Fish Camp, "The public and land owners around the lake wish to find out why we haven't gotten something done."

The group of operators stated in their letter that they were advised at a meeting of the Board of Seminole County Commissioners meeting early in November, by a representative of the Hyacinth Control Board, that \$1,000 would be spent in the control of hyacinths on Lake Jessup.

"They did spray," the letter read, "with one plane for about half a day, and we venture to say that there wasn't two per cent of the hyacinths killed."

However, the Fish Camp operators claim that in a few months, the hyacinths multiply at the rate of 25 per cent more average. "If the hyacinths are to be eradicated," W. W. Hiley said, in explaining the operators' view toward the program now being used, "One area must be eliminated at a time with a thorough job of eradicating the pesky water plants before going to another area."

"The state is just wasting the taxpayers' money," Hiley said. "Everybody seems to be entirely dissatisfied with your light efforts, and expect the state to carry on with the promise to control the hyacinths in Lake Jessup," the letter to the State Board said.

"Fishermen and sportsmen are willing to help in eradicating the hyacinths," Fish Camp Operator Hiley said, "But they don't want to see their money wasted."

## Lake Mary Annual Pioneer Night Set Tuesday At 7:30

The Lake Mary 31st Annual Pioneer Night will take place at the Community Building in Lake Mary on Tuesday evening at 7:30 p.m. March 6.

This Annual Pioneer Night is set aside to honor the older citizens. It is Lake Mary's contribution in giving the older folks a chance to meet their friends and some of Seminole County's most outstanding citizens will pay homage to the old folks.

"See and hear the man who spoke at the First Pioneer Night, 31 years ago. Also, enjoy a good entertainment, see the 10 most beautiful girls in Seminole County, and hear Henry Rust, and Robert Armstrong," a Lake Mary resident stated. There will be gifts for the five oldest ladies and for the five oldest men; and a gift for the couple who has been married the longest number of years. A ribbon marked "Lake Mary 31st Annual Pioneer Night" will admit any qualified holder to the Ritz Theatre, as the guest of Ezra Kimbrell, manager.

The Sanford bus will leave the corner of Magnolia Ave. and First St. at 6:55 p.m. For bus transportation, telephoned Sanford 1444. The bus will go out Park Ave. to 20th St., through Grapeville and Maynard, bring them out to Lake Mary and it will stop along the way to pick up passengers.

"If you know an elderly lady or man, bring them out to Lake Mary Community Building Tuesday evening. They will enjoy it, and you will be well rewarded for your time," it was stated.

AT THE KICK OFF BREAKFAST this morning at the Mayfair Inn for the Seminole County American Red Cross fund campaign are: (seated) Mrs. Alton Bridgers, General Chairman of the fund campaign and Mrs. Stanley Kupf, Advance Gifts chairman. (Standing left to right) are the Rev. Milton Wyatt, Seminole County Red Cross Chapter chairman, A. B. Peterson Jr., Jaycee president, Captain Robert W. Jackson, Commanding Officer, SNAAS, Edwin Shinholser, representing Seminole County attorneys, and Lt. Raymond Luce of the Salvation Army. (Staff Photo)

## Board Of Health Gives '55 Report

Based on preliminary figures and tabulations, births, deaths, marriages and divorces in Florida all increased in number in 1955. The continued growth of the population of the State is the principle factor responsible for these increases, according to the Vital Statistics Report of the Florida State Board of Health.

In Seminole County, according to the report, there were 310 marriages with 174 divorces granted. The increase in population came through births registered in the County which totaled 871 for 1955, with 425 white births and 430 colored.

There were 294 deaths said the report in its tabulations county by county, of which 107 occurred were white, 120 colored.

Infant deaths, said the report, totaled 37 for Seminole County during the past year, eight of them being white, 29 colored.

Resident deaths from various causes were tabulated by the Florida State Board of Health in its annual figures.

There were three from tuberculosis, one from syphilis, 48 from cancer, six from diabetes, two from anemias, 12 from influenza and pneumonia, 27 from cerebral vascular disease, 95 from heart disease, 41 from all other circulatory diseases, seven from nephritis and nephrosis, six from motor vehicle accidents and 10 from other accidents.

Heart diseases continue to head the list for death causes with cancer taking the next largest toll, with 27 from cerebral vascular diseases third.

**SABRE JET TRAINING WING**  
TSUJIKI, Japan (AP)—Four Japanese and four American pilots in F86 Sabre Jets took to the skies today to mark formation of Japan's first Sabre Jet training wing. In a tight formation of two flights they swooped low over this booming training base.

One of the Japanese, Lt. Col. Masanobu Ibusuki, piloted a Navy Zero in the Dec. 7, 1941, attack on Pearl Harbor that brought America into World War II.

## Hobby Will Not Enter Race For Sheriff

J. Luther Hobby, suspended Sheriff of Seminole County, this morning said, "For obvious reasons, I had hoped the Federal Court jury would acquit me of the charges trumped up against me, not by the Federal Government, but by local political enemies of mine, so that I might, without any hesitancy, offer myself as a candidate for re-election to the office of Sheriff of Seminole County."

He said, in his statement today, "The fact that the case resulted in a mistrial prevents my doing this, because I long ago decided that no one should offer himself as a candidate for public office were there any possible reason for the public to question his integrity or character."

"In choosing not to run at this time," said Hobby, "I am not announcing my voluntary retirement from politics. I merely want time enough to clear my name so that my wife and children need not suffer for any further embarrassment and heartbreak."

In making this statement, Hobby said, "I would also like to say that I am hopeful the people of Seminole County will look favorably upon the candidacy of my Chief Deputy G. H. Owen."

He said, "He has served the people of this county faithfully and well. He is a high-type Christian person and possesses the qualifications necessary to make a good sheriff. Even the people who were all out to get me were not able to find the first shred of evidence to besmirch his character as they have assassinated mine."

Hobby concluded, "He will make you a good sheriff."

## P-TA Meets Tonight

Mrs. Randall Chase will head a panel tonight at Southside School for the program of the P-TA. Topic discussed will be "Juvenile Protection."

This meeting, the first since December in the Dec. 7, 1941, attack on Pearl Harbor that brought America into World War II.

## Many Issues Will Be Solved At Family Life Institute Here

What are your problems or needs in regard to family life education? Do you need some help with the questions asked by your youngsters? Special problems with your teenager? What is expected of you as a parent? What does it mean to grow up? The differences between love and infatuation? Going steady—is it just a fad?

These are some of the questions that may be bothering parents and adults.

These and all other problems that face Seminole County parents of school age children will be answered at the Family Life Institute to be conducted by Dr. Hubert J. Schmidt, Monday and Tuesday night, March 5-6 at Seminole High School.

The institute will begin at 7:45 p. m. in the High School Auditorium.

Dr. Schmidt comes to Sanford from the General Extension Division of the University of Florida in cooperation with the Seminole County Parent-Teachers Association.

Officials of the P-TA organization here say "We are fortunate to secure such a qualified instructor."

Thursday night, March 8, there will be a joint panel discussion between youth and adults. There will be no admission charge.

## PAYROLL INCREASES WASHINGTON (AP)—The federal government's civilian payroll increased by 3,491 in January to reach a total of 2,346,691, the Senate House Committee on Non-Spent Expenditures said today.

# Red Cross Campaign Gets Underway Today With \$8,000 Goal

## Officials Cracking Down On Persons Littering Highways

Seminole County officials are beginning to crack down on violators of State laws preventing the dumping of garbage along highways.

The Board of Seminole County Commissioners, at their last meeting, became aware of the growing violation of a law that prevents garbage dumped along highways and left to become a hazard, health menace, and an unsightly landscape.

Various sections of the County have been littered with paper bags stuffed with bottles, tin cans, kitchen garbage, and paper apparently thrown from automobiles in prominent locations.

Complaints of the trash and garbage dumping menace began to seep into the reports to the commissioners.

Dumps are provided for the purpose of disposing of garbage, Commissioner John Meisch said this morning. One dump is located at the abandoned clay pit on the Upsala Road, another in back of Lake Mary between Lake Mary and Longwood, as well as another.

However, said Meisch, the Board of County Commissioners will provide additional facilities for dumping garbage if the needs are made known.

"Not only is the dumping of garbage along the highways unsightly," said Meisch, "but it is a health hazard as well as dangerous. We are mowing the right-of-ways now and tin cans, bottles, pieces of metal and other objects dumped along with garbage will damage our mowing machines."

"Citizens should have enough pride in their community to keep its roads and highways clean and free from trash, garbage and litter," one commissioner remarked.

However, if citizens continue to abuse the law, the Board of County Commissioners, at its last meeting, voted unanimously to notify the public of the prevailing law and the penalties for the violation of it, in order to avoid future prosecution.

The Florida Statutes point out "It is unlawful for any person to dump, or cause to be dumped, or place or cause to be placed, any garbage, refuse or rubbish of any kind whatsoever on or upon any public park, state designated highway, county road, city street or public lands, or upon private property less than 400 feet by imprisonment in the owner."

The statute also points out that the violation of the provisions shall be punished by a fine of not more than \$50 or by imprisonment in the County Jail for not more than one month, or by both fine and imprisonment.

## Christian Church To Take Special Offering Easter

The First Christian Church will attempt to double the amount in its education building fund by taking a special offering Easter, Apr. 1, Pastor Perry L. Stone said today.

The minister explained, "Christ was betrayed for 30 pieces of silver. The plan is to get every member who will to turn the price of betrayal into a love offering for Christ by saving during the month of March and bringing to church on Easter morning 30 pieces of silver for the building fund. This project is primarily for our children and those who come after them; and what we do for the least of these it is as if we were doing it for the Lord himself. Plastic bags and an explanatory letter are being sent to the membership. We can more than double the amount in our fund if, over and above regular giving, between Mar. 2 and 31 we put in the plastic bag each day a silver coin for the Easter offering. Any sacrifice for the cause will bring us a blessing."

The proposed building is expected to cost \$40,000.00. George W. Morgan is the chairman of the building committee.

## Kickoff Breakfast Held

The 1956 Seminole County American Red Cross Drive got underway this morning spearheaded by a kickoff breakfast at the Mayfair Inn.

Captain Robert W. Jackson, Commanding Officer of the Sanford Naval Auxiliary Air Station pledged \$1000 for first contribution in this year's all out effort to raise a budget of more than \$8000 in Seminole County.

Captain Jackson, told the group assembled at the Mayfair Inn for last minute instructions, "I am representing the service personnel in your midst."

And he said, "The President of the United States supports the celebration of the 75th anniversary of the Red Cross and has said, 'we in the Federal service, as by our example, inspire our fellow citizens everywhere to join as members of the Red Cross.' The Navy Department endorses the humanitarian programs of the Red Cross, especially because of its services to members of the Armed Forces and their families."

"Today, we are commencing the first annual Charity Drive at the Sanford Naval Auxiliary Air Station, to raise a sum of \$10,000," Captain Jackson said. "We have set aside the amount of \$1000 from this total for the Red Cross, he said. "I am here to pledge this sum to the Seminole County Red Cross campaign, a third more than we contributed last year," he concluded.

Mrs. Stanley Kupf, chairman of the Advance Gifts Committee of the Seminole County Red Cross campaign organization, presided at the meeting. She told the work was, gathered for the kickoff breakfast, "I can tell you personally of the wonderful work of the Red Cross in Europe. I have visited Europe seven times since World War II and have seen, firsthand, the work done in the concentration camps, the devastated areas, and in the giving of a helping hand in the tragedies there."

Others speaking briefly on behalf of organizations and efforts in Seminole County and for the Red Cross campaign fund were: Lt. Raymond Luce of the Salvation Army; A. B. Peterson Jr., president of the Seminole County Junior Chamber of Commerce, Ed Shinholser on behalf of the attorneys of Sanford and Seminole County, and Mrs. Alton Bridgers, chairman of the fund raising campaign committee.

Mrs. Bridgers said, "I am pleased with the progress so far in our campaign. Red Cross isn't just a charity. It is humanitarian in its aims in the emergencies when the Red Cross comes in."

The campaign is now underway throughout the County in an all out effort to go over the top in reaching its quota.

## Ground Observer Corps Operating On 24-Hour Basis

The Ground Observer Corps is operating on a 24-hour basis throughout Florida and the Country, Gordon Frederick, supervisor of the Ground Observer Corps here and a member of the local American Legion Post, said today.

However, Sanford is not yet in operation at all, he said. Frederick explained that some of the units of the Seminole County Ground Observer Corps organization are in operation, but in Sanford there is no activity at all.

An attempt will be made to put the Ground Observer Unit here into operation on a 12-hour basis beginning Sunday at the American Legion Hut. Frederick said that the plane spotting group, an important segment in the defense of our country, will operate from 8 a. m. to 8 p. m.

Those interested in serving with the Ground Observer Corps and would like to volunteer, can do so by calling Mrs. Harry Russell at 681-R between 6 and 7 a. m., 11 a. m. and 1 p. m., or from 8 to 7 p. m.

## Mack N. Cleveland To Seek 3rd Term As Representative

State Representative Mack N. Cleveland Jr. today announced his candidacy for a Third Term as a member of the Florida House of Representatives, Group One, during the 1955 Session of the Legislature.

Representative Cleveland served on the Rules and Calendar and Finance and Taxation Committee, two of the three most important committees in the House, and also was a chairman of Public Utilities Committee, and also served on the Constitutional Amendments, Savings and Loan and House Administration Committees.

Representative Cleveland is currently serving as a member of the Senate House Interim Legislative Auditing Committee created during the 1955 Session in an effort to institute uniform accounting procedures in all of the agencies of State government and supervise the work of the State Auditor. Cleveland says:

"That in the short time this Committee has been functioning, it has already brought about revisions in several of the agencies resulting in better efficiency in these agencies," he says. "This will in turn result in an economic saving for the State."

"I have sincerely appreciated the opportunity and privilege to serve the people of Seminole County during my two terms, and feel that with the experience acquired I can render an even greater service to all of the citizens of Seminole County if elected. I humbly submit my candidacy for a Third Term with the express desire and hope of continuing to serve the people of Seminole County."

Cleveland is an overseas veteran of World War II, and after his discharge in February, 1946, from the Army Air Corps entered Stetson University where he received his B.S.A. in 1949 and his law degree in 1951, and since that time has been a practicing attorney in Sanford.

He was born in Sanford and attended Seminole County schools, graduating from Seminole High School in 1942.

He is a member of the Senior and Junior Chambers of Commerce First Baptist Church, Sanford Masonic Lodge No. 62, American Legion, Elks, VFW, Kiwanis, The Florida Bar, 40 et al., and the Sanford Merchants Association.

## Mrs. Eminisor, 74, Dies Wednesday

Mrs. J. L. Eminisor, 74, died at the Seminole Memorial Hospital at 11:20 a. m. Wednesday after a short illness.

Born Nov. 13, 1881 in Ogdensburg, N. Y., she had made her home at 2015 Palmstein Ave. for the past five years.

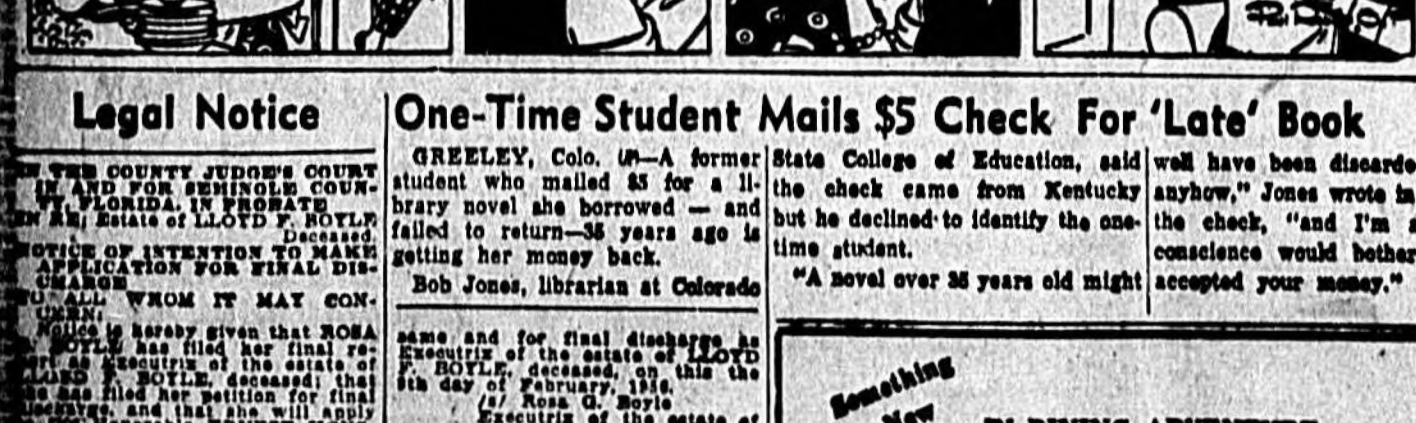

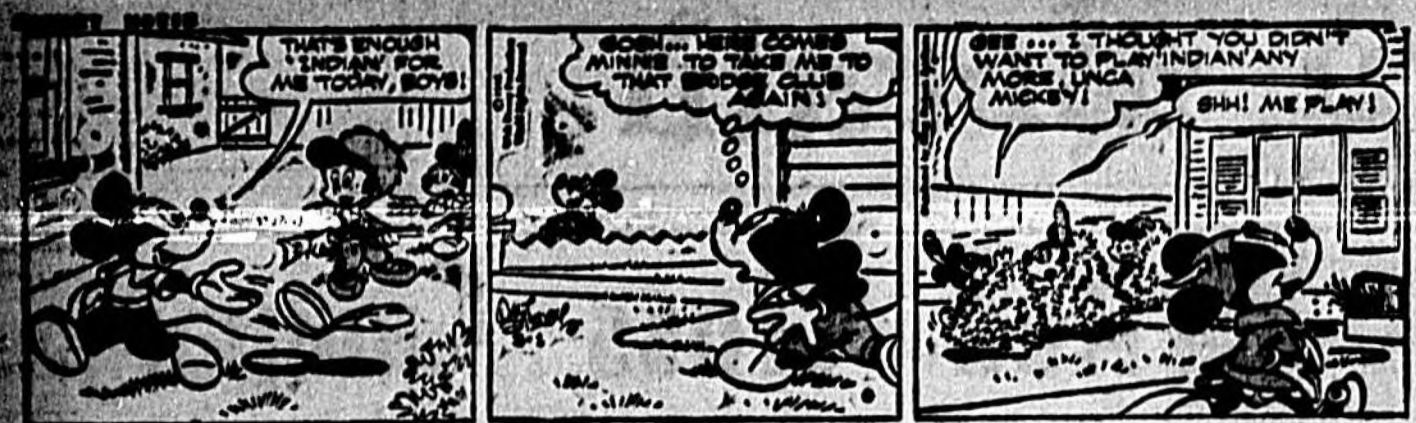

She had come to Sanford from Daytona Beach and was a member of the First Baptist Church, Port Huron, Mich. She is survived by her husband, three sisters, Mrs. Lila Lichstein, Mrs. Anna Della Chadwick both of Detroit, Mich.; Mrs. Faith McDonald, Flint, Mich. and one nephew.

Funeral services will be at 10 a. m. Friday at the Brison Funeral Home with Dr. Fred P. Kamminger officiating. The remains will be taken to Anthony for interment.

CAPTAIN ROBERT W. JACKSON, COMMANDING OFFICER, SNAAS, is welcomed into the Sanford Kiwanis Club by D. J. Scott, Past International Trustee, Past International vice president, and past president of the Winnipeg, Ontario and Chicago, Ill. Kiwanis Clubs. Looking on, at the right, is Lester Tharp, chairman of the Membership Committee of the Sanford Kiwanis Club. (Staff Photo)

### Salt Water Producing Electricity

MORRO BAY, Calif. (U. S. — Salt water from the sea is producing electricity to power the pumps that spread fresh water over the lush green fields of California's San Joaquin Valley, one of the world's richest farming regions.

The sea power project, recently ventured, was forced by necessity. But it is no turnabout trick experiment of science nor a pilot plant test.

It is a big scale, hard-headed, profit making operation by one of the world's largest private-owned utilities, the Pacific Gas & Electric Co.

P. G. & E. has spent more than 44 million dollars on its big and sparkling new steam electric plant here beside the chill blue waters of Morro Bay.

From the start of Morro Bay's planning, says Norman Sutherland, P. G. & E.'s president, "we knew that if we got locked in, we could always go to the sea. It was the last source, and expensive, but it was sure."

The evaporators, costing 14 million dollars, went in service last April with the first 145,000-kilowatt generator unit. The second 145,000-unit will go into operation this April.

Morro Bay has proved, says Albert W. Bruce, P. G. & E.'s senior mechanical engineer, that a generating plant can be located on the seashore "if the site is desirable, even if it does not have fresh water."

Company engineers advised that sea water evaporators could be used—and that they would be economical in the overall plant operation.

### Legal Notice

NOTICE OF APPLICATION FOR TAX DEED: Dec. 18, 1943, Florida Statute of 1943. NOTICE IS HEREBY GIVEN THAT MRS. J. M. WALKER, the holder of the following certificate, has filed said certificate for tax deed to be issued thereon.

DESCRIPTION OF PROPERTY: Lot 10, Block 10, of the subdivision known as the 'Palm Beach' Subdivision, located in the City of Palm Beach, Florida.

MECHANICAL ARM Will Now Be Used By Janitor Willie: DALLAS (A-Willie) Ingram, 35-year-old theater janitor, is going to put to work a right arm that has been gathering dust in a pawn shop.

After reading that a local pawn shop had a mechanical arm waiting when the store opened Tuesday, he promptly made a \$3 down payment on the artificial limb, which had a price tag of \$22.50.

"I never knew I could buy an arm secondhand," he said. "I'm real happy about this. It needs a little adjustment but it fits me fine."

## Men Flashing Through Space May Turn Gray

BERKELEY, Calif. (AP)—Men flashing through space at fantastic speeds may age more slowly than earthbound people but their hair may turn gray from cosmic ray bombardment. And they may not know which way is up.

Interplanetary ships may have to be rotated to produce a small amount of gravitational pull for the peace of mind and physical comfort of the people aboard.

These are some of the things which researchers in space medicine are talking about at a current symposium at the University of California.

The slow aging idea will be hard to prove or disprove unless there is an actual trial in space, said Dr. Nello Pace, University of California physiologist and director of the White Mountain high altitude laboratory in the California Sierra.

The relativity theory has it that time slows down for anything traveling at velocities approaching the speed of light, 186,000 miles per second.

At 181,000 miles per second, an hour of space time is about two hours of earth time. For all scientists know now, Dr. Pace said, a person who travels for several years at such speed might come back to earth and find that he had aged less than the people at home.

Prof. Herman B. Chase of Brown University reported finding a significant amount of graying in mice sent aloft 30 miles or more in balloons. There the animals were subjected to primary cosmic rays.

This indicates that a cosmic ray hazard exists, Prof. Chase said, but that it may not be as serious as other factors.

Johnny Logan, Milwaukee shortstop, played in every one of his team's National League games the last two seasons.

## Panther at Large

American homes, from ranch houses to city apartments, will be playing host soon to panthers—Black Panthers. Sleek and exciting, the Black Panther will be a pet in the best homes where quality always counts. The Black Panther, you see, is the latest in new designs by Kem Playing Cards, pure plastic playing cards that don't crack, erase or chip.

More and more people... a choosing Kem as the playing cards that stay fresh and new. Years later, the Black Panther will look as if he just emerged from the jungle because Kem cards stay clean with just a simple once-overlightly of a damp cloth. No matter what your score, you are bound to be the winner when Black Panther joins your bridge or pinocle game.

## To Outwit Cancer Be Informed, Alert

By HERMAN H. HANSEN, M.D.

SIX hundred and fifty Americans will die of cancer today! That's one death about every two minutes. The same number will die tomorrow and the day after that, for that 650 is the daily average.

Pray high, isn't it? Well, maybe these figures will amaze you even more.

There were 33,417 Americans killed in the Korean War. Yet during that same three-year period, cancer took the lives of 584,000 Americans, nearly 20 times as many as did enemy fire.

**Cancer Toll**  
Remember the Titanic disaster back in 1912? The sinking claimed 1,517 lives. Yet cancer exacts an even greater toll every three days.

And the toll is rising. All told, about 235,000 Americans will die of cancer next year. Will you be one of them? Probably not—if you know some of the fundamental facts about cancer, the sites where it usually begins and its most frequent symptoms.

No one is immune to cancer. A recent survey, however, showed that the death rate among surgeons is only 68 percent of the general rate. Why? Probably because medical men not only have proper knowledge of cancer facts, but they act promptly on that knowledge.

**Danger Increases**  
Your chances for developing cancer increase as you grow older. Fewer than 10 persons out

## Important Changes Told In Personnel Of Southern Bell

Two important changes in the Headquarters Executive Personnel of Southern Bell Telephone and Telegraph Company were announced by President Fred J. Turner today following a meeting of the Board of Directors.

John G. Bradbury, vice president-operations since Jan. 1, 1943, was elected executive vice president in this position he will assist President Turner in the overall operations of the business.

Ben S. Gilmer, formerly of Southern Bell but more recently vice president of the Pacific Telephone and Telegraph Company, was elected a vice president and a director. Gilmer, who served with Southern Bell for 26 years of his 30-year telephone career, will succeed Bradbury as vice president-operations. The changes are effective March 13.

A native of middle Tennessee, Bradbury has risen through telephone ranks to positions of increasing responsibility. After attending Peabody College in Nashville he joined Southern Bell there in 1911. He held several important positions in Tennessee before being transferred to Atlanta in 1923 for assignment in the Engineering Department. Later he served successively as Tennessee Division Plant Engineer, Carolina Division Plant Engineer, Carolina Construction Superintendent and Charlotte District Plant Manager.

In 1934, he returned to Atlanta as General Plant Engineer and in 1935 was appointed Florida Plant Superintendent. Three years later he was elevated to General Plant Manager with company-wide responsibility and in 1943, was elected vice president and appointed in charge of operations in the nine-state area served by Southern Bell.

Long identified with public spirited undertakings in Atlanta, Bradbury has been particularly active in the leadership of the Community Chest and the Red Cross. He is a member of the First Presbyterian Church. He also holds membership in the Chamber of Commerce, The Civitan Club, The Capital City Club and The Peachtree Golf Club.

Mr. Gilmer, who is vice president of the Pacific Company, in charge of California Operations, was Southern Bell's General Commercial Manager with headquarters in Atlanta when he was elected a vice president of the North-eastern Bell Telephone Company in 1952. He directed Operations in the Minnesota area of that company until his election to the vice presidency of the Pacific Company in August, 1953.

He was born and reared in Montgomery, Ala. and entered telephone ranks in 1926 after his graduation from Alabama Polytechnic Institute. He gained experience in a variety of important positions with the Company until his entry into Military Service with the Army Air Force in 1942. He attained the Rank of Lieutenant Colonel and upon his return from active duty in 1945, he served succeeding assignments as General Development and Revenues Engineer and as Assistant Vice President, both with offices in Atlanta, and then as Louisiana Manager, with headquarters in New Orleans.

In 1950 Gilmer was appointed General Commercial Manager with responsibilities for commercial activities in the entire Southern Bell area.

## News Of Men In Service

FORT DEVENS, MASS.—Specialist Third Class Decker D. Powell, whose wife, Bertha, lives in Wrightstown, N.J., is a member of the 21st Quartermaster Petroleum Company at Fort Devens, Mass.

Powell, a cook in the company, entered the Army in 1943 and was last stationed at Fort Dix, N. J. He is a veteran of service in Europe. His parents, Mr. and Mrs. Willie D. Powell, live at 1503 W. 11th st.

Willie D. Petty Jr., 17, son of Mr. and Mrs. W. D. Petty Sr., 609 W. Eighth St.; Jack D. Petty 20, son of Mr. and Mrs. A. J. Petty, Rt. 1, Box 138; and John E. Smith, 19, son of Mr. and Mrs. Sonny M. Smith of Rt. 1 have enlisted in the Marine Corps for three years.

They are currently undergoing recruit training at Parris Island, S. C.

Vernor W. Nelson Jr., 18, son of Mr. and Mrs. V. W. Nelson Sr., Box 194, Lake Mary, enlisted in the Marine Corps Reserves and was assigned to immediate active duty for two years.

A former student at Seminole High School, Sanford, Nelson is currently undergoing recruit training at Parris Island, S. C.

## Series Of Military Plane Crashes Is Causing Concern

WASHINGTON (AP)—A rash of military plane crashes—without any apparent pattern of cause—is giving the Air Force considerable concern.

Since early January, 28 airplanes have died in seven air accidents, not including crashes of jet fighters in routine operation and training flights.

These crashes have involved some of the oldest and newest planes used by the Air Force—a C-47 transport and a B-52 jet bomber, for example.

Officials decline to disclose the exact number of accidents. They contend this information would be valuable to Russia.

Because there seems to be no immediately discernible pattern in this upsurge of accidents, officials are hesitant about pointing to possible causes. They mention many things that happen in civilian as well as military flying—things like pilot deficiencies, they talk about "unairworthy" airports and navigational aids.

**WRONG BOX**  
LOUISVILLE, Ky.—Mrs. George M. Fly's letters weren't addressed to the fire department, but they brought two hook and ladder trucks and a water tower in a hurry.

Mrs. Fly, of Nashville, Tenn., a guest in a hotel, told the panting firemen she asked a maid the location of the mail chute.

"Next to the red alarm box," the maid replied.

Mrs. Fly inadvertently punched the fire alarm.

## Cereal And Milk Combine In Strawberry Chiffon Flake Pie

April is the month breakfast cereal and dairy industries sponsor the Third Annual Spring Cereal and Milk Festival to promote the food value of cereal and milk. Few foods can equal the nutritional contribution of the cereal and milk serving at such low cost.

Rarely is so much nutritional goodness, taste appeal, and glamour so readily available to the homemaker. Strawberry Chiffon Pie with Cereal Flake Crust is easy to make. The directions are carefully explained in the recipe below. This pie is only one of the many ways of combining cereal and milk in food preparation. You never outgrow your need for cereal and milk.

**Strawberry Chiffon Pie With Cereal Flake Crust**  
**Cereal Flake Crust**  
1 cup whole wheat flakes  
3/4 cup melted butter or margarine  
5 tablespoons sugar  
Crush whole wheat flakes very fine. Add sugar. Mix in melted butter or margarine thoroughly. Press mixture evenly into 9-inch pie pan, making the bottom slightly thicker than the sides. Chill thoroughly before adding filling. Yield: One 9-inch pie shell.

**Chiffon Filling**  
1 envelope plain gelatin  
1/4 cup water  
1 1/2 cups milk  
Combine gelatin and 1/4 cup water. Let stand 5 minutes. Add milk to pudding mix. Blend. Cook over low heat until thickened, stirring constantly. Beat egg yolks. Mix 1/4 cup hot pudding mix into egg yolks. Return to pudding mixture, blend. Cook over low heat additional minute. Add softened gelatin; stir until dissolved. Cool until mixture sets around edge of pan. Whip egg whites to soft peak. Add sugar, 2 tablespoons at a time, beating well after each addition. Whip cooled pudding until smooth. Fold egg whites into pudding mixture. Pour filling into pie shell. Chill until firm. Cover with strawberry topping. Yield: Filling for one 9-inch pie shell.

**Strawberry Topping**  
Add 1 cup fresh strawberry halves to 1 cup of strawberry flavored gelatin, chilled to slippy consistency. Pour over cooled pie. Chill until firm, garnish top, if desired, with whipped cream and sliced berries.

**QUESTION AND ANSWER**  
T. Y. Please give me some information concerning epileptic seizures.

Answer: There are several varieties of epilepsy. In the petit mal form, there is loss of consciousness for a very brief period of time. In the grand mal form, there are convulsions as well as loss of consciousness. Treatment consists of rest and the use of various drugs prescribed by a physician to control the seizure. The diet should be well-balanced.

ARRIVING in Hollywood to start a new movie, Marilyn Monroe starts spectators by wearing a two-piece suit with high-necked blouse and tie. Marilyn has lately shown a deep interest in literature. This is her first return to show after a 14-month absence. (International)

## Paint Thinner Is More Alcoholic

DENVER (AP)—When Ernest Hagler made the purchase, he thought it was paint thinner.

But a closer look told the Denver war surplus goods dealer it was alcohol, and he notified federal officials. They seized 1,700 gallons of the non-taxed 190-proof grain alcohol yesterday.

Hagler told the U. S. Alcohol and Tobacco Tax Division he purchased the alcohol last December from the U. S. Army Area Support Center at St. Louis, Mo., for approximately 15 cents a gallon.

Federal officials said a more realistic retail price on the black market would be \$10 a gallon, or about \$17,000.

**TEXAS INDEPENDENCE DAY**  
DALLAS (AP)—Five hundred pounds of chili, tamales, beans and tortillas are on their way to Karachi, Pakistan, to help a colony of transplanted Texans celebrate Texas independence day, March 2.

William H. Brooks, former Texas now foreign investment and trade advisor to the International Cooperative Administration in Karachi, said he needed the huge quantities of ingredients for the chili supper because "over here I find almost everyone is either a native Texan, married to a Texan, or aspiring to be a Texan."

## Veterans Corner

Here are authoritative answers from the Veterans Administration to four questions of interest to former servicemen and their families:

Q. I have a World War II GI term insurance policy. When I went back on active duty, I arranged to have my premiums waived. I am about to be discharged, and I want to resume my premium payments. Do I have to file an application with VA to pick up my insurance?

A. An application is not necessary. Merely resume your premium payments within 120 days after your discharge. Be sure to identify yourself fully when you pay—full name, address, date of birth, branch of service and insurance number.

Q. I enlisted under the Armed Forces Voluntary Recruitment Act early in 1946. I am eligible for a GI loan under the World War II GI Bill. Am I also subject to the World War II deadline of July, 1957?

A. The World War II GI deadline does not apply to you. Instead, your deadline will be 10 years from the end of your first enlistment period, under the Voluntary Recruitment Act.

Q. I was discharged from the Army in January, 1955, so my deadline for starting Korean GI training is January, 1958—three years from discharge. I recently reenlisted for three years, which means I will be on active duty when my starting deadline comes around. Can an exception be made in my case, so that I

will be able to begin training after I leave service?  
A. An exception to the three-year starting deadline is not possible. The law states that veterans must start Korean GI training within three years from their first discharge. It doesn't provide any exceptions.

Q. I am a disabled Korean veteran and I am planning to apply for vocational rehabilitation training under Public Law 894. Is there any limit on the amount of training I may receive?

A. You may train for as long as it is necessary to rehabilitate you, up to a maximum of four years.

Veterans living in Central Florida who wish further information about their benefits should write the VA office at 42 E. Central Ave., Orlando.

**SURVEY TO BE CONTINUED**  
JACKSONVILLE (AP)—Civil Defense wants to conduct a survey to determine what data it needs to work out a survival plan for Florida.

A. You may train for as long as it is necessary to rehabilitate you, up to a maximum of four years.

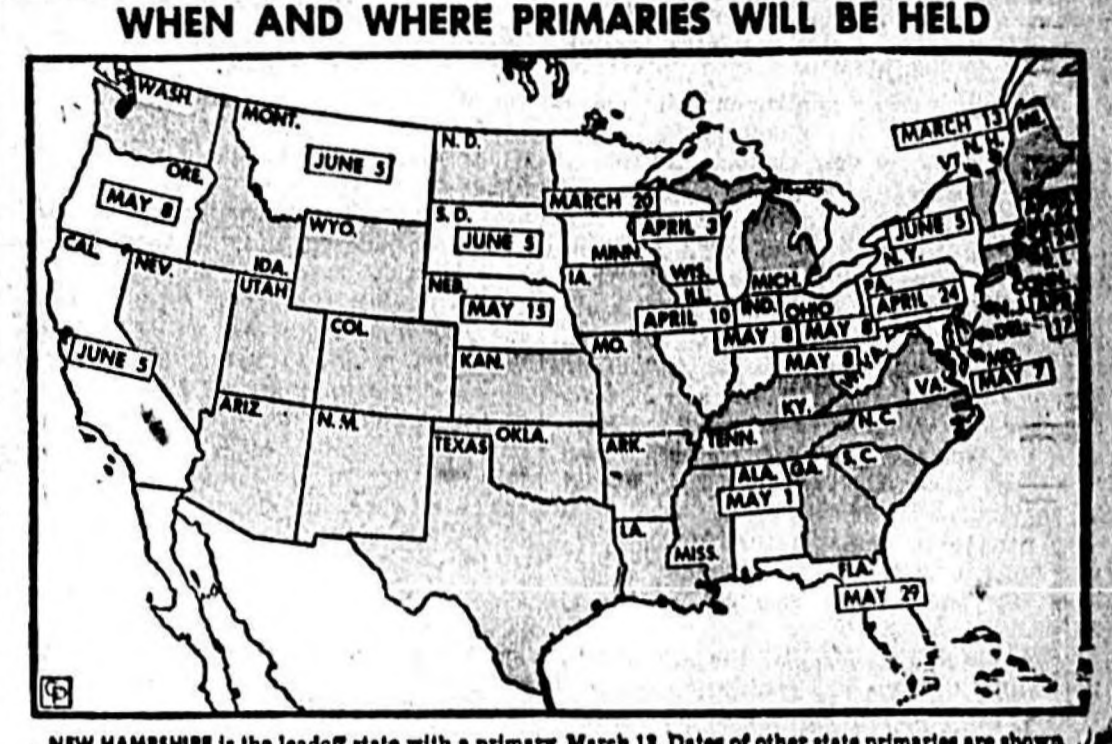

Veterans living in Central Florida who wish further information about their benefits should write the VA office at 42 E. Central Ave., Orlando.

## THE SANFORD HERALD

Thurs., Mar. 1, 1956 Page 9

Col. H. W. Tarkington, state director, said yesterday the proposal will go to Gov. Collins and if approved will go to the federal civil defense administration with a request for funds to make the squadrons' ready room upon way.

Hurt continued to add to his laurels by turning in a 78 score for eighteen holes.

NEW HAMPSHIRE is the leadoff state with a primary March 13. Dates of other state primaries are shown on map above. Alaska will have one on April 24. The District of Columbia holds its primary on May 1. The states that are shaded select candidates without primaries. (Central Press Association)

before moving on to another infested zone. If griping can get a job done—the fish camp operators—surely accomplish their purpose.

We're for the eradication of the hyacinth too!

## Sometimes Repeating Helps

One might think, that from reading this column from day to day, many questions, ideas, opinions or problems are brought up too often.

However, we think that if a suggested improvement is important, if a situation becomes too alarming, or if problems are flagrantly ignored, these topics bear repeating over and over again until the corrections have been achieved.

Worthwhile things are very seldom accomplished with just one editorial. It takes time and effort to get things done—you just keep pounding at it.

One editorial on some of the important improvements just won't do for these big jobs can't be done overnight—and we admit that even then, however good and beneficial such plans might be, they're never done.

So remember, when you read an editorial on a subject that we deem of vital importance to Sanford and Seminole County, there may be another one soon after, and still another, until some day the suggestion is adopted.

## March 9 Important

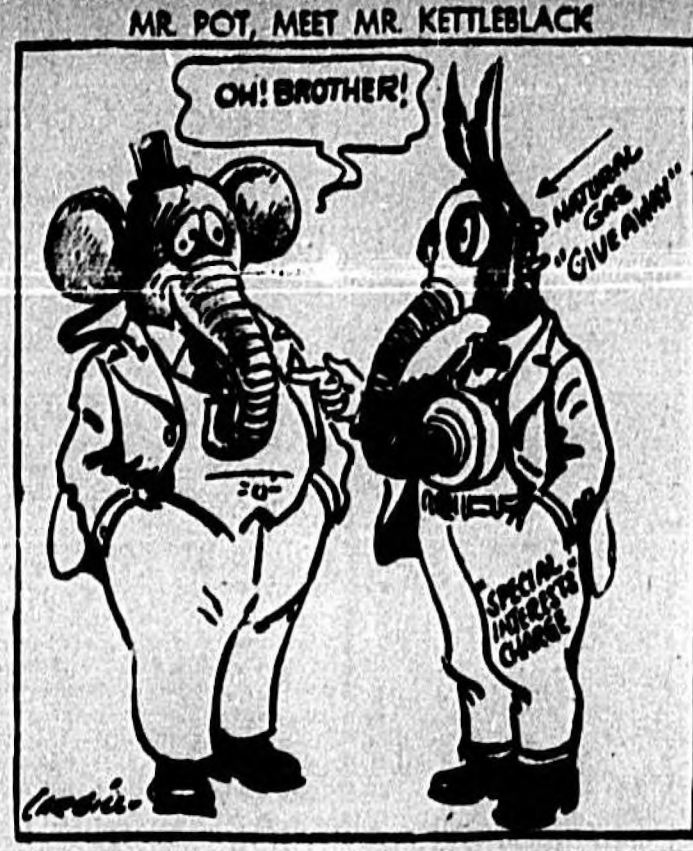

Friday, March 9, is an important date in Sanford and Seminole County.

It is then, at 4:30 in the afternoon, that French Avenue will be dedicated and officially opened for the public.

For the folks here, there will hardly be anywhere else to go, for the merchants are being asked to close from 3:30 to 5:00 p. m. in order that their employees might have an opportunity to attend the ribbon-cutting event. The City Hall will be closed so that City employees may attend the opening of a project to which they have been attached for a long period of time. The Seminole County Court House will close so that county employees will have an opportunity to be there.

In short, the gathering place for Sanford citizens will be on French Avenue at Seminole High School.

We think that it's important for everybody to be there.

## Methodist Church Launches Series Of TV Programs

By CHARLES MERCER

NEW YORK (AP)—The Methodist Church has launched a series of dramatic television programs that should have a wider appeal than any TV dramas yet produced under the leadership of any church.

In both concept and execution the series of 13 films entitled "The Way" represents a significant step in organized religion's growing consciousness of the TV medium. The series shows preaching, is non-denominational in its appeal, and is solely concerned with dramatizing various aspects of Christian principles of living.

The first drama, "An Eye for an Eye," was shown here last Saturday afternoon on the ABC network's local station. Distinguished by superior acting, it told this story:

A gang of boys wreck a church recreation room. The minister, a calm, strong man, loses an eye when he tries to restore order. The police regard the boys as "wild animals" who cannot be tamed; to fail to prosecute them, the police maintain, is to turn their viciousness loose on society. But the minister opposes prosecution. At his request the boys are released in probation in his custody. The failures and the successes are delineated in down-to-earth fashion.

A viewer is left with the conviction that the answer to delinquency is no simple matter. One sees the power of the gang over its members. But the strong influence of people who care is shown in a most convincing manner.

It's not a subtle story. But it gives a feeling of reality—in sharp contrast to many TV "religious" dramas which leave one with a

reaction of unreality and sentimentality. In no formal sense is it preaching. But it is the best kind of preaching in the sense that what one is and does speaks more clearly than any words. Through the excellent characterizations of the minister and his wife there flows a strong practical idealism.

What they sought... and gained was the unique joy that comes from creating and sharing.

He said it would be "tragic" if Americans now "became so attracted by mercenary considerations, by the lure of the market place, that they lost the missionary spirit."

CHARLIE CHAPLIN makes one of his rare public appearances as he announces to London newsmen that he will make a new picture. It is to be called "The King in New York." Chaplin designed the sets and costumes and wrote the music for the film, in which he stars. (International)

## Intruder Breaks Out Instead Of In

LAWRENCEBURG, Ky. (AP)—Police were confused when Mrs. Melvin Torstrik reported an intruder had broken out of her house, but she meant it. While upstairs, she heard a noise from the first floor. She called but got no answer. She checked, found no one, locked the front and back doors and returned upstairs. Then came a crash. The intruder had fled but the front door had been broken open.

The leek does not have the strong taste of the onion, although it looks very much like it.

# Ladies Can Go To Races For Haircuts

NEW YORK (AP)—Typewriter parlor originated with Vincent Pellegi, of the Philadelphia firm of Vincent and Joseph. He figured that such a shop might provide a refuge for wives bored with watching their husbands bet the family budget on the ponies.

The beauty parlor caught on at once. Vincent has a staff of four now.

But he quickly learned one thing. The little woman who accompanies hubby to the racetrack isn't bothered by boredom. She wants some action, too.

Vincent is kept busy running upstairs placing bets on the next race by the ladies sitting under the dryers. He has thrown away his stock of women's magazines.

The girls prefer to study the racing form, the green sheet, the horsemen's journal. They don't gossip about clothes, men or babies. They swap tips on horses.

If ladies have a one-track mind, the mind of these ladies is on the track outside. Some insist that their hairdresser keep a turban handy, so they can wrap it around their heads and rush outside to watch a particularly exciting race.

The beauty parlor staff is fascinated by the betting habits of the women. Some are inveterate students who wouldn't think of laying their money on a horse unless they know his ancestry for three generations—and what he ate for breakfast. Others depend on feminine intuition, dreams, or

merely close their eyes and stick a hairpin through the racing program. The systems work out about the same.

The ladies, especially the hunch players, are addicted to daily doubles. Vincent recalls one who "wound a \$1,029 double after finding a 193 penny on the way into the track. She bet on the No. 1 horse in the first two races.

The "dream" players don't depend merely on their own dreams. They'll bet on anybody's dreams, including those of their chambermaid at the hotel.

Women may like tall, dark and handsome men, but they don't feel that way about horses. They prefer to bet on grey rather than dark horses. No telling what they'd do if there were bald horses.

Vincent is an outspoken foe of the pony tail hair-do. He thinks it's only for the ponies.

The track hair style he is trying to popularize is something he calls "Flamingo cut." It is based on the wing arrangement of the big pink birds that live on Hialeah's inside lake.

One lady liked her new coiffure so well she insisted on carrying the realism even further by having her hair tinted pink.

Vincent's unusual game has succeeded so well he now plans to open another beauty parlor soon at one of the northern tracks. It seems he's been getting a lot of good tips himself.

STANTON, Ky. (AP)—The proposed Powell County Hospital will get 25,000 bricks free—it's all in a day's work for the Sipple Brick Co. and its employees. Owner H. B. Sipple had offered to donate half the bricks needed for the eight-bed hospital. He raised the offer when his employees asked to donate a day's work to the project.

MT. ETNA ERUPTING  
CANTANIA, Sicily (AP)—Mt. Etna, Europe's tallest active volcano, hurled tons of lava into the air in rumbling explosions every two or three seconds early today.

The great central crater of the 10,765-foot volcano burst into flaming eruptions last night after six months of snow-capped silence.

Most of the lava fell back into the seething caldron. Flames could be seen 50 miles away. Fine ash sifted down upon villages at the foot of the mountain.

The situation was not considered serious enough to evacuate nearby residents.

PEACE MISSION  
LONDON (AP)—Foreign Secretary Selwyn Lloyd left by air today on a mission aimed at preserving peace in the Middle East. He will visit seven countries in two weeks.

His top objective is to try to find a formula for a Palestine peace settlement. Underlying the trip is Britain's concern at the spread of Soviet influence in the turbulent Middle East.

Lloyd also will attend the meeting of the foreign ministers of the Southeast Asia Treaty Organization opening at Karachi March 6.

NUMERICAL ORDER  
MEMPHIS, Tenn. (AP)—The Calendar lines up in numerical order Sunday, something it hasn't done for 11 years and won't do again for 11 more.

Sunday's the fourth day of the third month. So the short-form date reads thus: 3-4-34. That hasn't happened since 13-3-43. It won't happen again until 43-47.

## Try and Stop Me

By BENNETT CERF

AWAY BACK in 1687, a Danish scholar named Thomas Barholin pointed out that "Without books, God is silent, justice dormant, natural science at a stand, philosophy lame, letters dumb, and all things in Cimmerian darkness." And of your public library, where these precious books may be obtained absolutely free, the American Library Association adds, "The library is not a shrine for the worship of books. It is not a temple where literary incense must be burned or where one's devotion to the bound book is expressed in ritual. A library, to modify the famous metaphor of Socrates, is the delivery room for the birth of ideas—a place where history comes to life."

James Michener has just received a valuable suggestion from an enthusiast who came upon "Tales of the South Pacific" in northernmost Canada. "Your characters," he wrote Michener, "are extraordinarily vivid. Have you ever thought of putting them into a play?"

# Dulles Faces Endless Dilemma

By JAMES MARLOW

WASHINGTON (AP)—Secretary of State Dulles—who says his foreign policy combines "enlightened self-interest" and "missionary spirit"—faces the endless dilemma of trying to solve one problem without making another one worse.

He has to worry not only about foreign affairs—like keeping the Russians away from the Egyptian—but also local affairs, like getting farmers and voters in Congress, when they affect the foreign field.

These two fields can get pretty tangled, and they just did. Yesterday Secretary of Agriculture Benson, with White House and State Department approval, announced the government will sell some of its surplus cotton abroad at cut-rate prices. Whether this drives Egypt closer to Russia remains to be seen.

The announcement came just as the Senate was debating President Eisenhower's new farm program and some legislators were blaming the administration for "failure" to work harder to get rid of

cotton and other farm surpluses.

The government, which artificially keeps up the American cotton price at home by taking cotton off the farmers' hands when it falls below a certain price, now has 12 million bales in which it has invested two billion dollars.

At once the Egyptian Embassy criticized Benson's announcement as a "very unfortunate step at this time." Egypt is not only in the cotton business too, but has a big surplus and depends almost entirely on cotton sales for its foreign income.

If American cotton sold competitively on the world market cuts into the Egyptians' sales, they may be forced to do more business with Russia, which has shown a willingness to accept Egyptian cotton in exchange for things Egypt needs.

Yet, the United States doesn't want Egypt or any other Middle Eastern country to get closer to Russia. This country just came out on the short end, diplomatically, of an Egyptian-Russian deal.

Recently, when Egypt asked the United States to sell it arms, this country, as Dulles has explained, wanted cash. Egypt is short on American dollars and couldn't pay the price. So it bartered some of its cotton with the Communists for arms.

Since the Egyptians sold their cotton to Russia, this country has been pushing hard the sale of American cotton abroad. As a result the Egyptians may be puzzled by Dulles' statements about "self-interest" and the "missionary spirit."

In his first broadcast to the American public in 1953 Dulles said his foreign policy would be based on "enlightened self-interest." Later, and again in a broadcast last Sunday, he added these ideas:

"We need to recapture the spirit which animated our missionaries, doctors, educators, and merchants who during the last century went throughout the world carrying the benefits of a new way of life.

"For the most part these persons were not seeking to make

## Mr., Mrs. Humphrey Announce Marriage Of Daughter Jan. 20

Mr. and Mrs. E. L. Humphrey of Lake Mary are announcing the marriage of their daughter Betty to George Lewis Blodgett, son of Fred Blodgett and the late Mrs. Blodgett of Silvis, Ill. The wedding took place in the First Baptist Church of Moline, Ill. on January 20. Attending the couple were Mrs. Beverly Sheidon, sister of the groom and Raymond Wynne, Mrs. Blodgett graduated from Seminole High School in Sanford, with the class of 1948. Mr. Blodgett attended school in Moline and later served four years with the U. S. Air Force. He is now employed by the John Deere Plow Works of Moline. The couple is residing at 3213 9th Street, Moline, Ill.

## 'Bosses Night' Is Held By Pilots Tuesday Evening

Mrs. Troy Ray had charge of the program for the dinner meeting of the Pilot Club which was held in the Yacht Club Tuesday evening in celebration of the club's annual "Bosses Night." Mrs. Harvey Swanson presided over the meeting and hostesses were Mrs. George A. Stine, Mrs. M. L. Raborn Sr., and Mrs. Walter L. Carter. A mock TV program was held by E. B. Randall Jr. and Troy Ray, serving as panelists. A note of comedy was injected into the program by the appearance of Mrs. Carter impersonating a colored "mammy" as the mystery guest. Short talks were given by Joel S. Field, D. K. McNab and Mr. Randall and group singing was enjoyed with Mrs. McNab accompanying at the piano. Mrs. Swanson announced that Pilot members will meet at the home of Mrs. Raborn Tuesday, Mar. 6 to fold and stuff seals for the Easter Seal Drive. Those enjoying the party were Mr. and Mrs. Stine, Mr. and Mrs. Randall, Mr. and Mrs. Field, Mr. and Mrs. Raborn, Mr. and Mrs. Ray, Mr. and Mrs. McNab, Mrs. Leon Bryan, Mrs. Sue Stevenson, Mrs. Carter, Mrs. V. C. Messenger, Mrs. Swanson, Mrs. J. P. Hill, Mrs. Esther Ridge, Mrs. Al Hunt, Mrs. Nancy Brock, Mrs. B. E. Chapman, Mrs. Lucille Hipier and Mrs. Selma Pearce from the Lake County Club, Miss Elsie Farley and Fred Murray.

## Personals

Mr. and Mrs. F. P. Austin of Atlanta, Ga. are visiting Mr. and Mrs. M. R. Strickland for a short time. Mrs. Richard TenEyck has had as her guests for the past several weeks her son-in-law and daughter, Mr. and Mrs. James R. Bond of Toronto, Canada. Mrs. Donald Baron has returned home after spending a few days in the Pinecastle Air Force Base Hospital. The Rev. and Mrs. John L. Miller and sons, Jackie and David will return to their home in Hypoluxo after visiting their son-in-law and daughter and family, Mr. and Mrs. Don Baron.

AM NOW PRONOUNCE YOU MAN 'N WIFE. "Preacher" Roger Harris begins the ten-cent marriage ceremony with Lil' Abner, Robert Carter and Daisy Mae, Elizabeth Woodruff, who were elected by the students, to rule over the Sadie Hawkins Day events held at High School yesterday. (Photo by Jameson)

## Bolander To Speak At Tourist Club

On Friday, Mar. 2, Karl Bolander will give a lecture on hobbies at the Sanford Tourist Club. Bolander is a national lecturer, has been featured on the Chatauque series as well as having lectured at leading schools and colleges. At one of the colleges it was said, "of all the lecturers we have heard he is one of the most dynamic." Bolander has lectured before an estimated 3 million people. Following the program refreshments will be served.

## Anna Miller Circle Initiates Two New Members Tuesday

Mrs. Evelyn DeMatto became members of the Anna Miller Circle Tuesday evening when initiation services were held at the Elks Club. President Mrs. James Blankenship presided over the ceremony and also conducted the business meeting. Routine reports were submitted by standing committee chairmen and other business was discussed. During the social hour that followed, delicious party refreshments were served to the ladies by the hostesses, Mrs. A. P. Bowersox, Mrs. A. Menendez, and Mrs. Peter J. Bukur. Enjoying the evening were Mrs. H. F. Hale, Mrs. Clayton Smith, Mrs. James Rosenow, Mrs. J. R. Hoohehan, Mrs. E. J. Moughton Jr., Mrs. Richard Mapes, Mrs. Eddie Stout, Mrs. Ray G. Brown, Mrs. Lowell E. Ozler, Mrs. Gene Walter, Mrs. Roy Chorpensing, Mrs. W. J. Clarke, Mrs. R. S. Billhimer, Mrs. Ralph Wight II, Mrs. Gordon Frederick, Mrs. Esther Barber, Mrs. Dorothy Via, Mrs. Mickey Beck, Mrs. Mary Rontiger, Mrs. Harry Adair, Mrs. Harry Canell, Mrs. Gladys Skates, Mrs. Josephine Gordon, Mrs. Evelyn DeMatto, Mrs. M. Moses, Mrs. H. C. Dishrow, Mrs. James Blankenship, Mrs. Harry Kent, Mrs. Harold Kastner, Mrs. J. Cameron, Mrs. C. Stafford, Mrs. W. O. Livingston, Mrs. Clara Williams, Mrs. P. Bowersox, Mrs. A. Menendez, and Mrs. Peter J. Bukur.

## Your Girl Scouts

Hello! Hello! Hello! Today we will tell you of some of the things the Girl Scouts of Sanford have been doing in the past few years. Since they have been reactivated in town. Within the past four years all these ten troops have been organized. Through the constant efforts of a few workers we have been able to receive some training courses in the Orlando Council. Mrs. Robb, one of our first leaders even worked in a Day Camp for Brownies in Orlando to give a few Brownies from Sanford the chance to attend. Under only a handful of workers we have had two successful Day Camps here at the Scout Camp site on Silver Lake. Both Brownies and Scouts were participants of these camps. Swim programs have been held each summer and Mrs. Frances Cobb and others have taught a large number of the Brownies as well as Scouts to swim and some have even had their Life Saving Tests. We have had a yearly cookie sale. They have been the only means of obtaining materials and field trips which are all a part of our program. Don't you feel the urge to become part of this organization in one way or another and be able to stand by with pride and watch our girls become useful, patriotic and honest citizens? By until another day and until then don't forget those good Girl Scout cookies that are being sold by the Scout or Brownie on your block. Good Scouting. Menendez, and Mrs. Peter J. Bukur.

EVERYBODY WINS AT THE GAME! Several Dog Patchers try their luck at throwing darts at one of the booths which was sponsored by a club at the Seminole High School's Sadie Hawkins Day events. Various contests were held and the students, dressed in authentic costumes, later participated in a square dance held in the school gym. (Photo by Jameson)

Copyright 1934 by Phyllis A. Whitson. All rights reserved. Published by King Features Syndicate, Inc.

"I was all a great deal as a child. I wasn't my father's son, much as I'd liked to be. He should have had a hysterical, active child, and since I was neither, he lost interest in me. I lived inside my own head too much to suit him."

"Virginia gave me back my head in my sleep," Wade said.

He fell silent and Lora reached out with cool fingers to stroke the place between his eyes that sometimes throbbled with pain.

"Be like this always," he murmured. "Be the way she was."

For just an instant she wanted to snatch her hand away, but she controlled the impulse. She sat quietly beside him until he fell asleep.

At supper, Wade entertained them with an amusing story of the company cook and the ingenious way in which that inventive Irishman could also out-revile when the ladies were low. And he told a story of a young drummer boy and how he had saved them all from danger early one morning when the enemy had tried a surprise attack.

The latter story appealed to Jimmy and he watched his father wide-eyed and without the look of vaunted resentment which he usually turned upon him. There was even a grudging admiration in Lora's eyes and, observing him, Wade knew the truth with a sudden stab.

Jimmy's attitude toward his father was a shell of self-protection and nothing else. At the moment his small person betrayed his secret for anyone to read. But only Lora's attention was upon him; only Lora recognized that here was a small boy who longed to love and admire his father and to be loved and admired by him in return.

When there was a pause in the talk and they were still smiling over Wade's antic account, Lora drew a breath and plunged into the matter nearest her heart.

"What are we going to do about Christmas?" she asked. "It's only two weeks off and Jimmy and I have some plans."

Jimmy's eyes sparkled. "Papa, do you suppose we could have a Christmas tree?"

"What Christmas tree?" said Mrs. Tyler before Wade could speak. "I see no point in going to such fuss and bother. That is too worldly a way to celebrate Christ's birthday."

Wade put out his hand and covered his mother's. "I can remember how much fun we used to have at Christmas parties. When I was Jimmy's age I thought a Christmas tree was the most wonderful thing in the world."

"Oh, please let's have one!" Lora cried.

Mrs. Tyler shrugged, but her sense of well-being held and she seemed not to regard this as a major rebellion. "I can see you're all against me. Very well, if Peter can find a tree, I will offer no objection. But understand—there is to be no mess about the house either before or afterwards."

"I'll clean up everything," Jimmy promised.

Lora winked at him secretly. "I have some ideas about presents. Let's go in the library after dinner and shut everyone out, Jimmy."

They worked in the library until Jimmy's bedtime, and then Lora went upstairs with him. She heard Wade and his mother talking in the rear sitting-room, but she had no desire to join them.

As Jimmy lay in bed, he paused, holding her candle light. "Call me when you're ready and I'll come back to you," she said matter-of-factly.

The solemn look came into his eyes, turning them to midnight blue in the dim light. For just an instant she thought he was going to move away from her as he had the night she had come to this house. But she was his friend now and all day long he had been accepting her in small ways. If it was the memory of his mother kissing him good-night, tucking him beneath the covers, that made his eyes darken, he did not at least hold this against Lora now.

"All right," he said briefly, and vanished into his room.

She went into her own room across the hall and released her breath in a long sigh. What a strange day this had been, with its moments of rebellion and of happy peace, too. She had a feeling that Jimmy already considered her an ally and was beginning to like her. His voice reached her thinly through the door she had left ajar and she hurried across the hall to find him snug in his narrow bed.

"Too warm?" she asked.

Just his nose stuck out over the edge of the quilt. "Warm as toasty Lora, do you think we can really get a tree?"

"We're certainly going to try," she assured him. "And I'll have a surprise for you Christmas morning, too. A special surprise from me."

She wished she dared to lean over and kiss him. But she knew better than to rush things. So she said good-night and took her candle away, leaving him to dream she hoped would be happy ones.

(To Be Continued)

## AAU Lashes Back

By WILL GRIMSLEY  
The Associated Press

NEW YORK (AP)—The Amateur Athletic Union, in meeting out a lifetime ban to Miller Wee Santee, did not—as has been suggested—get rid of a goose which laid it some golden eggs.

Santee, for all his drawing power at the gate, represented exactly 50 cents a year to the AAU, no more. That's the price of a registration card.

So said Dan Ferris, AAU secretary and treasurer, today in lashing back at reports that the AAU had used the great Kansas miller to fatten its coffers and then suspended him on the matter of a couple of thousand dollars extra expense money.

"We don't receive a penny from these various invitation track meets," Ferris said. "They are promoted privately. Our only connection with them is to see that the competitors meet amateur regulations."

"In fact, in most of the meets the directors aren't even AAU men. They are outside promoters."

The AAU, Ferris added, had no fingers in the tills at the Fresno, Los Angeles and Modesto, Calif., relays in which Santee was charged with receiving more than allowable expenses for both himself and his wife.

"The lone exception is the AAU championship meet itself, such as the one we had a couple of weeks ago at Madison Square Garden," Ferris said. "That's our project. If we are able to do so, we make some money on it. But our outdoor championships usually just break even."

The AAU is the watchdog for America's amateur athletics. It includes 47 district associations, which govern themselves, and cover 33 sports, ranging from track and field to horseback pitching. The big sports, besides track, are boxing, basketball, swimming, gymnastics, wrestling and weight lifting.

Some 70,000 athletes fall under the AAU jurisdiction. Prime exceptions are golf and tennis, which have their own ruling bodies. College athletes are involved only when they enter open competition.

Officers of the AAU, both district and national, are non-salaried, volunteer workers who serve for the love of the sport. The only paid workers are members of the administrative staff, headed by Ferris.

## Si Green Named Basketball All America Today

By ED WILKS  
The Associated Press

SI GREEN, named today to the Associated Press basketball All America, is a jumping jack-of-all-trades for Duquesne, shooting, rebounding, passing and defending, but the springy-legged 6-2 kid from Brooklyn practically has made a trade mark of cutting Dayton down to size.

A year ago in the title game of the National Invitation Tournament, it was Si who canned 23 points and paired with All America Dick Ricketts to score all of Duquesne's points in the first 27 minutes while bailing the Flyers 70-58.

With Ricketts graduated, Si finally looked as if Dayton was too much for Green, beating the Dukes 66-52 last month despite Si's 30 points.

But last night Si was back at the old stand, peppering home 40 points—including the clinching basket on an easy layup with 10 seconds left—as the Dukes rallied to upset the Flyers, ranked No. 3 in the AP poll, 87-86. It was only the third defeat in 25 games for Dayton this season while upping Duquesne's 50-50 record to 14-9. Both again are headed for the NIT.

The upset doesn't change the NIT picture much. Dayton and Louisville still rate the favorites with the Dukes a bit too thin, perhaps, for a tough tourney grid.

Louisville wrapped up its best regular season ever with a 23-3 record last night, avenging an earlier 40-point thumping by belting NIT-bound Xavier of Ohio 83-70. Phil Rollins and Jim Morgan hit 7 of 8 jump shots in the first 10 minutes of the second half as Louisville spurred to a 66-51 lead.

St. Joseph's of Philadelphia came a step closer to gaining the Mid-Atlantic berth in the NCAA Tournament by outlasting Muhlenberg 74-63 for a 19-4 record.

Texas Tech made it to the NCAA by clinching an undisputed Border Conference championship in its final league game, 67-66, over New Mexico A&M.

Canisius, an NCAA at-large entry, defeated Syracuse 75-73 by sinking 42 of 52 from the foul line. Niagara, headed for the NIT, bested past Siena 78-44, but Marquette, another NIT entry, was dumped by Notre Dame for the second time in nine days 87-69.

Max Conhall, San Jose State's 165-pound NCAA boxing champion, also competes in soccer and runs the 880 on the track team.

## NEW ICE STAR . . . . . By Alan Mayer

## Baseball's Spring Training Season Gets Under Way

By BEN OLAN  
The Associated Press

It's "batter up" for real today as baseball's spring training season officially gets under way in 16 major league camps.

And from the looks of things this one's not going to be any different from the others.

Optimism? It's rampant. The rookies are sure to make the grade. The vets are certain to come back with a good year and if you take some predictions at face value, they're liable to have eight first-division clubs in each league this season.

Let's start with the veterans. Willie Jones, a nine-year man with the Philadelphia Phillies, reports he's in the best shape of his career.

"Just six pounds overweight," he glared. "I'll be a streamlined gazelle when the season opens. Best shape you'll ever see. I'm the Phillies first baseman. Don't forget that."

Dale Mitchell, who's been around even longer than Jones, showed up in Cleveland's camp yesterday and worked out at first base.

"Just so I stay in shape. They maybe they'll use me somewhere," he said.

And in the Chicago Cubs' quarters in Mesa, Ariz. pitcher Russ Meyer, obtained from Brooklyn during the winter, indicated he was ready to work in one of the intrasquad games this weekend. This despite some arm trouble he developed earlier this week.

Jim Hearn, Johnny Antonelli and Hoyt Wilhelm, three veteran pitchers, were named to pitch in the New York Giants' first camp game Sunday.

Now for the rookies.

Bonus pitcher Jim Brady pitched three more hitless innings in Lakeland, Fla., and Detroit Manager Bucky Harris called him "impressive." Brady now has hurled six hitless camp contests.

Glen Cox, a big right-hander from Kansas City A.C. bought from Brooklyn, figures his knuckle ball will help him make the grade in the majors. He was 11-3 for Montreal in 1933.

In Vero Beach, Fla., Bob Wilpon, 26-year-old outfielder who hit .317 for Montreal, was touted as the newcomer most likely to make the Dodgers.

Dartmouth led three indoor track meets in 1933 by identical scores, 64 1/2-64 1/2.

## Stockholders Approve Sale Of Cleveland

CLEVELAND (AP)—Sale of the Cleveland Indians for \$3,061,000 was approved last night at a meeting of the baseball club's stockholders.

Formally ratifying action club directors took Feb. 14, the stockholders voted to sell at \$1,350 a share to a new company headed by William R. Daley, 43, president of Otis & Co., an investment firm; Ignatius A. O'Shaughnessy of St. Paul, president of the Globe Oil Co., and Mack Greenberg, Tribe general manager since 1930.

The name of the property will be changed from the Cleveland Baseball Club to the Cleveland Indians Baseball Co. Involved in the sale are the American League franchise, a 19-year lease for use of municipal stadium, players' contracts, current assets, radio and television contracts, and stock of the Reading, Pa., club in the Class A Eastern League.

The deal represents a profit of around three million dollars to holders who paid \$100 a share for stock when Bill Veech purchased the club 10 years ago.

Mambo Dancer, from the E. L. Cannon stable, is being primed for the Florida Derby.

## Globetrotters Will Tour Russia Soon

NILES, Mich. (AP)—Abe Saperstein plans to take his famed Harlem Globetrotters basketball team on a tour of Russia some time this year, a team spokesman reports.

Leo Levitt, booking agent for the Negro professional basketball club, said last night that Saperstein has made arrangements through Soviet Union officials in Tokyo. All that remains now is clearance from the U. S. State Department, he said.

The Globetrotters will compete against top Russian teams.

## Middlecoff, Kroll Tee Off In Baton Rouge Open Today

BATON ROUGE, La. (AP)—Cary Middlecoff and Ted Kroll, double winners in the winter golf tournament, today open their bids for a third win as they tee off in the \$12,500 Baton Rouge Open.

Kroll took over as top money winner last Sunday with a three-stroke victory in the Houston Open. He also won the Tucson Open.

Middlecoff was a winner in the Bing Crosby tournament and the Phoenix Open, and also runner-up to Jimmy Demaret in the Thunderbird Open.

The two face top opposition, including Demaret and Mike Souchak each with a victory in the 1933-34 winter tour.

Calvin Coolidge Ermer, getting ready for his fifth season as manager of Chattanooga's Lookouts, is dean of the Southern Area, pilots.

### Legal Notice

LEGAL

Notice will be received in the office of the Commanding Officer, Company 18, 18th Airborne Infantry, Florida until March 7, 1934. Contract to paint Sanford Armory.

Specifications—Available on request.

The Company Commander reserves the right to accept the lowest bid and/or best bid and to reject any or all bids for the best interest of the Florida National Guard.

Joe Bryant  
Commanding Officer

NOTICE IS HEREBY GIVEN that the undersigned, Robert (Bob) Brisson, of the County of Seminole, Florida, and that I intend to register said name with the Clerk of the Circuit Court, Seminole County, Florida, in accordance with the provision of the Florida Name Statute, Section 84.01 of the Florida Statutes, 1933.

Robert (Bob) Brisson

## Kennel Course Graduate

NEW YORK (AP)—An 8-month old Kerry Blue dog named Patty Finnegan was graduated yesterday after a two-month kennel course in burglar detection and capture.

Taken home by his mistress, Patty Finnegan looked in and it was too late even to bark.

The place had been burgled of \$2,000 worth of jewelry.

Brook King, 8-year-old pacer owned by Glen Bice of Galesburg, Ill., led the nation's harness horses in 1933 with 27 victories. He made 42 starts and earned \$4,410.

# News of the World in Pictures

ARMY DEPARTMENT plans to introduce the Hawk pilotless bomber (top), a swept wing missile designed to hit a target 5,000 miles away, and the Army's Redstone rocket which is shown striking toward a target within a 200-mile range. Above, the Redstone is shown on a 15-story high static test stand at Redstone Arsenal, Ala. The Hawk is at Patrick Air Force Base, Florida.

ULF SCHMIDT, 23, of Stockholm, takes a practice drink from the U. S. National Indoor Tennis Championship cup in New York after winning the title in the second all-foreign final in 29 years. He defeated his heavily-favored fellow countryman, Sven Davidson, 26-year-old Davis Cup veteran, 6-1, 6-3, 8-10, 6-3. (International)

MRS. FRANCIS GRAY, of Belmont, Mass., shows a picture of actress Grace Kelly to her daughter, Elizabeth, 7, after accepting an invitation to be a bridesmaid at the wedding of the film star and Prince Rainier III in Monaco on April 19. Mrs. Gray, mother of two children, was a fellow student with Miss Kelly at the American Academy of Dramatic Arts in New York in 1947. (International Soundphoto)

AN ARDENT SUPPORTER of the 1956 Heart Fund Drive, Frank Sinatra is being crowned by Grace Kelly (left) and Celeste Holm in Hollywood, Calif. after he was voted "King of Hearts" in a poll of disk jockeys throughout the country. (International Soundphoto)

## Before and After

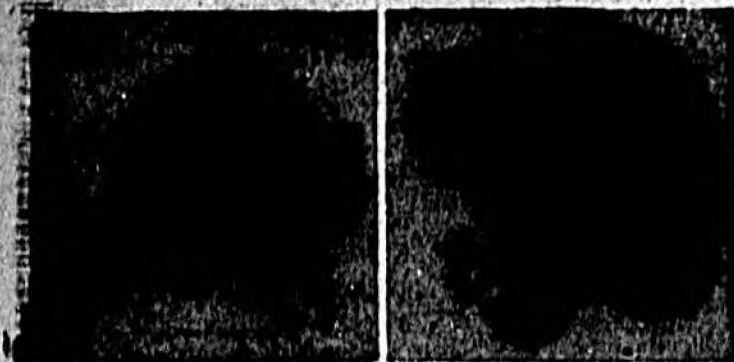

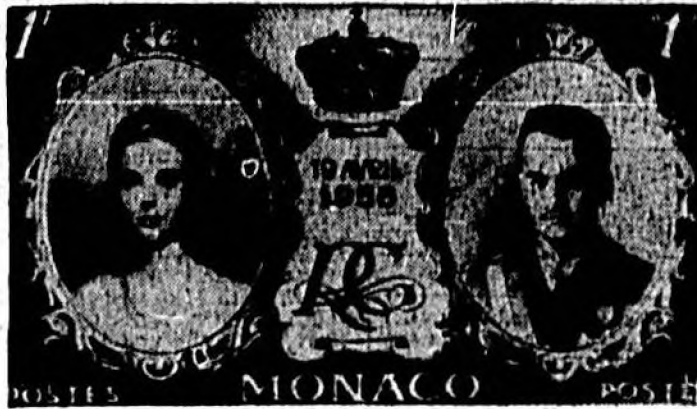

Photo: Courtesy Canadian National Railways  
 In St. Joseph, probably the most publicized pet rescuer in North America, Fred heavily teased the perch warden of an Algonquin Park fishing camp near the main trans-continental track of the Canadian National Railways and didn't quite make it before the warden's gun. A rescue from Montreal, came along the way. Call the City of St. Joseph, where the pet was rescued by a hot water bottle. The warden, Quinlan J. Williams, asks the railway claims people what are you going to do about it? (International)

DONNA JONES, 17, of Hamilton, Ontario, Canada, suffers from an ailment that causes periodic spasms of internal bleeding. She refuses to have blood transfusions even though doctors have told her that it is the only thing that can save her life. The girl is a member of Jehovah's Witnesses and her decision is in accordance with the teachings of the sect. A magistrate has ruled that any doctors giving the girl a transfusion against her will could be charged with assault under the law. (International Soundphoto)

THIS IS THE POSTAGE STAMP accepted by the Principality of Monaco to commemorate the April wedding of actress Grace Kelly and Prince Rainier III. It bears photos of both and is decorated by reproduction of the royal crown and the wedding date. The denomination of the stamp will be one franc. (International Radiophoto)

THIS IS AN ARTIST'S CONCEPTION of the new super-beacons being installed atop the Empire State Building, 1,092 feet above Fifth Avenue in New York City. Generating almost two billion candlepower of light, they will be the brightest continuous man-made source of light in the world. Engineers claim the beams will be seen from a 300-mile distance by air and 80 miles from the ground. They hope to have the installations ready by Easter Sunday, April 1, when special dedication ceremonies are scheduled. (International)

THIS IS THE new post card that is being sent from Monaco currently. In anticipation of the royal wedding in mid-April, the card shows pictures of soon-to-be princess Grace Kelly and Prince Rainier III, the coat of arms and a view of the Monacan palace. (International)

Young Stuart Spencer, 6, looks a little worragone, while Becky Pierce, 8, seems a little late, as Miami policeman, Dave Shulman prepares a parking ticket on their flashy little car. This scene might be repeated years from now when the kids are grown up, for the car in question is an exact miniature working model of Pontiac Motor Division's famous dream car, the "Club de Mer." The miniature really runs on battery power, and is currently being shown around the country in conjunction with the 1956 GM Motorama, where its big brother, the "Club de Mer" is attracting thousands of eager, sports car enthusiasts to the Pontiac exhibit. (International)

GIVING HER TENTH CHILD a loving lick, this 19-year-old mama gaur at the Washington, D. C. Zoo is full of mother love. The gaur's native habitat is India, Burma and the Malay Peninsula, where she is called a seladang. The animal is considered one of the most merciless adversaries a hunter can meet. (International Soundphoto)

FLYING HIGH over the Pyramids, the last operational jet squadron of the Royal Air Force leaves Egypt under the Anglo-Egyptian Suez Canal Zone bases agreement. Special permission was granted by the Egyptian government for this farewell flight over the famed desert wonders by the 20th Fighter-Reconnaissance Squadron. (International)

QUEEN ELIZABETH II of England and other members of the Royal Family are shown at Guildhall, London, where they attended the traditional home luncheon given to celebrate the Queen's safe return from her tour of Nigeria. In the group (l. to r.): Queen Elizabeth II, Queen Mother Elizabeth (rear); Mrs. Cuthbert Akroyd, wife of Lord Mayor; the Lord Mayor; Princess Margaret (rear); and the Duke of Edinburgh, husband of the Queen. (International)

ACTRESS Betsy von Furstenberg is surrounded by flowers as she helps in arrangements for the 50th annual International Flower Show which opens at the Wausau Show Palace in New York City, March 11. Some 800,000 roses, tulips, lilies, dahlias, orchids, and other flowers will be on display at the show. (International)

SWEDISH film star Anta Ekberg wears a happy smile on her arrival in Hollywood from London. A thoughtful friend met her at the airport with her pet poodle, Robert, whom she hadn't seen in the six months she was abroad making two pictures. (International)

DR. ANNA I. SAKM, recently named "the woman who helped others most unselfishly in 1955," talks with a young patient in her New York office as she plans to start on a new mercy mission. The only woman plastic surgeon with the U. S. Medical Corps in World War II, Dr. Sakm is preparing to go to Hiroshima and Nagasaki to help scathed victims of the atomic bombings. After the war she attended, without charge, about 800 patients in Greece and the Middle East. (International)

TWO FUTURE kings of the jungle tussle up to a German shepherd dog when a cold wave hits the zoo in Duisburg, Germany. The foster mother adopts a particularly protective attitude. (International)

Weather Partly cloudy through Saturday with a few showers this afternoon and tonight.

VOLUME XLVIII Established 1904 SANFORD, FLORIDA FRIDAY, MARCH 3, 1934 Associated Press Local Wire No. 43

## Jaycees To Hear Farris Bryant

### Committee Passes SNAAS Warrant For Over \$6 Million

The House Armed Services Committee, in Washington, Wednesday, approved the requested authorization for \$6,000,000 for aircraft maintenance facilities, airfield pavements, personnel facilities and utilities at the Sanford Naval Auxiliary Air Station.

Representative Farris Bryant of Ocala, a candidate for the gubernatorial race in the May Primary, will be the featured speaker at the Junior Chamber of Commerce luncheon here Thursday March 15.

All of the candidates for governor have been invited to speak before the local Jaycees organization during March and April. Bryant is the first of the candidates to accept the local Jaycees invitation.

Other civic clubs have been invited to join the Jaycees to hear Bryant when he comes here to speak.

CAPTAIN J. T. BLACKBURN, USN, Commander of Hatwing One, (ext. left) and Captain R. W. Jackson, USN, Commanding Officer of Sanford Naval Auxiliary Air Station, (third from left) present Lt. C. M. Kroll, USN, Administrative Officer of Hatwing One, (second from left) and Cdr. J. R. Wilson, USN, Operations Officer of NAAS, (far right) with checks for their day's pay respectively kicking off the Station's 1934 Combined Charity Drive. (Official Photo, U. S. Navy)

### Jackson, Blackburn Are First Donors To Charity Drive

The first annual Sanford Naval Auxiliary Air Station Hatwing One Combined Charity Drive was kicked off Wednesday by initial contributions by Captain R. W. Jackson, USN, Commanding Officer of Sanford Auxiliary Air Station, and J. T. Blackburn, USN, Commander of Hatwing One.

### Board Is Certified Payment Of \$12,738

The Office of Education, Health and Welfare certified the payment of \$12,738 to the Board of Public Instruction, Seminole County, according to a telegram this morning to The Sanford Herald released jointly by Senators Spenard, Holland and George Smathers and Congressman A. S. "Syd" Herlong Jr.

The payment is made according to legislative entitlement pursuant to public law 87, the telegram reveals.

Superintendent of Public Instruction R. T. Milnes this morning said that the payment of more than 12-thousand dollars "helps tremendously" in the financing of Seminole County's schools.

## Plans Are Completed For French Avenue Dedication, Banquet

### Red Cross Issue Gets In Full Swing With \$1300 Pledge

The Seminole County Chapter, American Red Cross fund raising campaign got into full swing yesterday with a gigantic spurt in contributions amounting to \$1,300 in one pledge from the Sanford Naval Auxiliary Air Station.

Captain Robert W. Jackson, announcing the pledge, on behalf of the personnel at the local Navy Base, added the impetus to get the drive into action from the very first moment.

Mrs. Stanley Kupf, Advance Gifts chairman for the Seminole County Red Cross fund and membership campaign, told the group attending a kickoff breakfast yesterday that two events will highlight the month's activities to raise funds for the more than \$8000 goal.

### Eminent Visitors To Attend

Plans have been completed for the French Avenue dedication and ribbon cutting ceremony to be held here in Sanford next Friday afternoon at 4 o'clock, according to James A. Wright, chairman of the Seminole County Chamber of Commerce French Avenue dedication Committee who released the roster this morning of distinguished visitors who will be here for the event.

Senator Charley E. Johns and Mrs. Johns will be here for the ribbon cutting ceremonies to be held in front of the Seminole High School. Johns was Acting Governor and President of the Senate when the contract for French Avenue was let, said Wright.

Other distinguished guests will include Francis P. Whitehair, a member of the Road Board when the contract was let for the thoroughway; William H. Dial, present Road Board member of the fifth District; Justice Campbell Thorne, a member of the Road Board before receiving his appointment to the State Supreme Court; Carl Rose of Ocala; Henry Balch and Roland Dean of Orlando, Al Rogers of Clearwater; McGregor Smith of the Florida Power Corp of Miami; Richardson Edgerston of St. Dorc; James H. Craig, head of Tragg Construction Co. of Ocala; Robert H. Fink of the Florida Power and Light Co. of Miami; Willbur Jones, chairman of the Road Board, of Tallahassee; and Sumpter Lowry, of Tampa, gubernatorial candidate in this year's race for governor.

Senator W. A. "Bill" Shands of Gameville will head the list of State Senators who will be in Sanford for the French Avenue dedication and banquet. Other Senators to be here include Senator Bill Pearce of Palatka, Senator Bill Gaultier of New Smyrna, Senator J. B. Rodgers of Orlando, Senator Ed Baker of Umatilla, Senator Nick Conner of Inverness, Senator J. C. Getsen of Bushnell, and Senator L. K. Edwards of Ocala.

State Representatives in Sanford March 9 for the French Avenue dedication event will include Henry Land of Orlando; Bill Coleman of Orlando; Jim Sweeney of DeLand; Farris Bryant, of Ocala who is also a gubernatorial candidate in this year's primary; Charles Uina of St. Augustine; Max Brewer of Titusville; and J. A. "Tar" Boyd of Leesburg.

Also here for the ribbon cutting ceremonies will be District Engineer Richey Green of the State Road Department's DeLand Office and H. L. Edwards.

LT. CHARLES L. ARNOLD (Official Photo, U. S. Navy)

### Lt. Charles Arnold Will Assume Duty As NAAS Chaplain

Lt. Charles L. Arnold, USN, will assume duty as Chaplain of the Sanford Naval Auxiliary Air Station March 15, succeeding Lt. F. W. Kempton, USN, who has received orders to the U.S.S. Piedmont at San Diego, Calif.

Lt. Arnold is the son of Mr. Albert J. Arnold, 208 W. Harrison Ave., Villa Grove, Ill. A veteran of 12 years of Naval Service, Lt. Arnold reported here from the Second Air Wing, at Cherry Point, N.C., where he served as Chaplain.

Lt. Arnold entered the Navy under the Naval Cadet program, and received his commission as Ensign, Aug. 4, 1942. Serving on active duty until April 2, 1946, he was then released from active duty, and entered the Southern Baptist Theological Seminary.

A graduate of Eastern Illinois State College, and the Southern Baptist Theological Seminary, Chaplain Arnold has the B.S. and B.T.D. degrees.

Since re-entering the Navy in 1950, Chaplain Arnold has served aboard the U.S.S. Missouri, at the Marine Corps Recruit Depot, Parris Island, S.C., and with the Second Marine Air Wing, at Cherry Point, N.C.
