BIBLE VERSE FOR TODAY: DO NOT TRUST NOR LOVE MATERIAL THINGS CHIEFLY. WE NEED SPIRITUAL FOOD TOO!

At The Firemen's Exhibition: (From The London Times Literary Supplement)

NIGHT: and London's ancient hallows... Friends, not fire, hold in abhorrence... On my gridiron cry I laurence.

Day: and on his wanted hill... Margaret Pattens, Catherine Cree, for hath any bitter draught...

We don't object to one cup of coffee a day. In fact, we don't object to three or four.

They say the girls will have to wear red woolen underwear this winter, but "they" don't know.

They say the Germans retreat... According to news reports from Berlin last week, Dr. Goebbels celebrated his 45th birthday...

We don't believe in repeating the hour week, but we believe something ought to be done about people who are working 48 hours or less.

We understand that no rationing of food is contemplated by the government for the immediate future.

There is no Eleanor club in Sanford... The Klansman Gazette publishes a list of 10 cities this month on which the public must register for various rationing books...

We're glad to see those old friends of ours, Sid Barrani and the boys getting back in the news... Florida: Who ever heard of such things?

It is my hope that Mrs. Barrani's news have been very interesting. Well, she could do it in a while... Florida: Who ever heard of such things?

A New Offensive

What appears to us to be about the best news of the war so far came during the weekend from North Africa where American troops aided by British naval units effected a landing on the Northern Coast of Africa and immediately went into action against French colonialists who resisted feebly.

President Roosevelt's announcement that we are taking French Morocco and Algiers into our "protective custody" had a familiar ring to it.

With Marshal Rommel in full retreat in Egypt and with nothing but a few Italian divisions standing between him and complete annihilation by the British, it now appears certain that North Africa will be cleared of Axis troops and the Mediterranean will once more be opened to commerce and military convoys.

Also the way is paved for knocking Italy out of the war. From North Africa it is but a short jump to Sicily and Sardinia from which bombing planes could soon demonstrate to Mussolini the folly of his alliance with Germany.

Soldiers' Names

Running the eye over lists of names of men entering the fighting forces, many people must be surprised. To anyone who hasn't got used to it, the names are such a incredible mixture.

But if the names look and sound queer, the men do not. At least, this is true of the younger generation, nearly all of whom were born here, and have grown up in typical American schools, and worked or played with the Smiths and Browns and Joneses as well as their own kind.

Henry George said: "We speak of Liberty as one thing, and of virtue, wealth, knowledge, national strength and national independence as other things. But of all these, Liberty is the source, the mother, the necessary condition."

The Gypsies

Word comes from Meridian, Miss., of the death of the king of the gypsies, 85-year-old Emil Mitchell. Every town harboring a settlement of these wanderers possesses a king, usually self-appointed, and accepted only by those families of his race whom he can help.

In these respects the gypsies have fallen in with the customs of the country. In most others they are willing to remain a race apart. It is this failure to assimilate that makes them interesting to Americans.

To most people their origin and racial relationship are utterly obscure. To students of the tribe, however, they are no mystery. It is now generally agreed that the gypsies came originally from North India, expelled about the 14th century. Their language is related to Sanskrit, the oldest language of the Aryan world.

Rhodes Declares Farmers Essential To Winning War

(Continued from Page One) England is already drawing heavily on the United States for food, to keep her people going.

"No matter how many men and women are drafted and trained, or how many different battle fronts they are sent to, they must be supplied with food by farmers or less the war, farming is as essential as fighting."

It is extremely difficult for the average person to realize the magnitude of the gigantic assignment given to the agriculturists of this country by our Government during this war period and food emergency.

that its farmers are passing thru this feverish drama of war emergency production with as much gallantry, courage and patriotic determination and results per man as the farmers of any other nation.

"During the past season Florida produced equivalent to 800,000 cars of fruits and vegetables valued at \$143,378,549 field crops, miscellaneous crops, livestock and dairy and poultry products \$78,007,507—a total of \$221,376,057. If we add to this \$14,125,648 worth of fish and other seafoods, we have a total of \$235,501,705, more than \$235,000,000 of which is food products.

ONE BILLION and Three Hundred MILLION in WAR BONDS—

GIANT, THE "JACK" KILLER

Westside PTA Has Monthly Meeting

The Westside P. T. A. held its monthly business and social meeting yesterday at 3:00 P. M. in the school auditorium.

Mrs. C. R. Jones, president, presided over the meeting and regular routine business was discussed. A bingo party to be held in the school auditorium was planned for sometime in the near future.

After the meeting, a program was given by the Cogburn Studio of Dancing. Mrs. Lillian Vickers, La. Rue McNeill; Tap Dance; "Levee Blues," Ann Whitaker; Tap Dance; Peggy Anne Pippitt; Ballet (from "Rosalind"); Alayne McNeill; and "Moonlight Cocktail" tap dance, Norma Jean Sawyer. The dances were accompanied by Lenora Whiddon.

Elwin W. Harrison, officer candidate, spent the week-end with his parents enroute to Fort Hill, Okla.

Mrs. Minarik Honors Elizabeth Ruprecht

Mrs. M. Minarik was hostess to a party honoring Miss Elizabeth Ruprecht, bride elect, last night at her home on Park Avenue.

Gladoli and pink roses were used in the decoration where the bride was enjoyed by the guests and Miss Mary Chapman was awarded high score in bridge and high for checkers was won by Miss Boyd.

A salad and sweet course was served by the hostess to the following: Mrs. R. W. Ruprecht, Miss Elizabeth Ruprecht, honoree, Mrs. C. M. Boyd, Misses Corvino and Janet, Mary Chapman, Miss Ruth Hand, Miss Barbara Ruprecht, Mrs. Hamilton Owen, Mrs. John Tatum, Mrs. Robert Peares, Mrs. Lester Phillips and Miss Marjorie Cogburn.

Red Cross Notes

By MRS. ROY MANN

Have you been over to the Surgical Dressing Room, yet? If you haven't, you are missing an opportunity to do some really worthwhile war work, and work that is easy and fascinating to do all at the same time! Remember the room at the Grammar School is open on Mondays, Wednesdays, and Fridays from 10:00 A. M. to noon, and 2:00 to 5:00 P. M. The only way to be sure and get there, is to just set aside these days—use your spare time and by all means call a neighbor and take her with you.

The regular Board Meeting of the Seminole County Chapter of the Red Cross will be held Thursday morning at the First Street Room at 10:00 A. M. At this time, the nominating committee will be appointed by the chairman to bring their report to the members meeting at which time the officers for the coming year will be elected. Do plan to attend and bring any suggestions you might have as to prospective women to fill these offices.

The Red Cross wishes to acknowledge a check for \$25.00 given by Douglas Scott of Altamonte for the purpose of purchasing yarn to be made into knitted garments for the men in the armed forces. Thank you, Mr. Scott.

Wouldn't you like to be one of those riding on the Red Cross float in the Armistice Day parade? If you would, call the Red Cross Room, Telephone 180, on Tuesday before noon, and register.

E. E. Kipp, Junior Red Cross chairman, has handed to your publicity chairman the names of the enrollment chairmen in the various schools in the county who will have charge of enrolling all war boys and girls in the Junior Red Cross drive that is under way at this time. Here they are: Seminole High, Mrs. Lucy Smith; Junior High, Miss Charlotte Moughton; Grammar, Mrs. Mary Alice Hixson; Bonfield, Mrs. Stella P. Arrington; Westside, Miss Dorothy Stokes; Lake Monroe, E. C. Stees; Wilson, Mrs. Mary Polka; Lake Wales, Mrs. Olay Cochrane; Lyman, Clarence Iabill; Oviedo, Mrs. Annie Thompson; Ocoee, Mrs. Walter Thompson; Geneva, Mr. Irving Croome; Academy, N. Croome; Hopper Academy, David Brower; Pupils become members of the Junior Red Cross through their enrollment—10 cents for each elementary school classroom enrolling or one dollar for every one hundred pupils of the school enrolling. Each child's membership entitles him to receive the Junior Red Cross insignia, and to sign any letter that his parents or your child has a part in his war to help!

According to information sent Alice Hixson, secretary of the Red Cross Room, Sanford. The Japanese have reported some 3,000 American prisoners of war in the Philippines, but the news of prisoners, other military or civilian taken in the Philippines, were being received from the Japanese Government. The Japanese

Government has not yet agreed to the appointment of a delegate of the International Red Cross Commander in the Philippines. On the exchange ship, Gripsholm, relief supplies including 107 tons of food, 14 tons of drugs and medicines, 13 tons of toilet articles, four tons of clothing and shoes, 1,000,000 cigarettes and 10,000 cans of smoking tobacco were sent by the American Red Cross. The Swiss delegate of the International Red Cross has been instructed to forward these supplies to all Japanese-occupied points where American prisoners are detained, including the Philippines.

The Red Cross Room is badly in need of an oil heater for this winter. If any one has one in workable condition and would be willing to loan it to the Room, please telephone 80, and some one will call for it.

IVEY'S

The Celery Fed NEWS of SEMINOLE COUNTY SCHOOLS

Student Lists SHS Alumni In Branches Of U. S. Armed Forces

Well "studier" your reporter is back again with some news about the alumni of Seminole High School.

Oh yes, Gussie Clause is working at the Naval Air Base. Lanky (G) isn't she? Company "G" of the 1st Cavalry Division is in Birmingham, Alabama, where he is waiting to be called into Uncle Sam's Armed Forces.

Marjorie June Burdick is also working at the Naval Air Base. These lucky girls! I'll bet you'll guess you all know Paul Moore or do you? Well, he was working in the Pap Roll department of the Naval Air Station but is leaving to become a member of the Naval Reserve as a O. P. C.

Delphine Hasty and Stuart Quarman are still working in Savannah, Georgia at the Air Base. Stuart is coming home the tenth though. He is planning to join the Navy.

Lambert Palmer resigned as an airplane mechanic at Savannah Air Base to join the Navy. While waiting to be called he is working for the Sinclair Oil Company. He is attached to Fort Benning.

Billy Harrell is a corporal, being Ca. with the Medical Department of the 124th Infantry. Robert "Tiger" Howell is with the 1st Cavalry.

Charles Vining, who graduated last year, has joined the Navy and will work in the field of radio. Ross Harkey is a sergeant and is living here with her mother while she is training in the Navy at the Great Lakes.

Kathryn Ferguson Jones is here with her mother, while her husband, Abby, is training at Norfolk. He is an honor man. Will Hild's that's all for the time but will have more later.

P. E. H. you have a friend or relative in the armed forces write him. He'll appreciate it a lot.

Mechanics BY OUIDA FENNEL

Mechanics is not what it is supposed to be. It certainly is hard work. If you don't believe it ask anyone who takes mechanics. There are a thousand and one parts to a motor.

Our first two weeks in mechanics were spent taking notes on the elements of electricity. The third week we were in the garage and started taking a "37" Packard apart. It was in perfect running condition. Now it is in pieces all over the garage wall. All the parts were cleaned and painted before they were hung up on the wall.

Each person has to work on the "37" Packard. Mr. Hofmann decided how they function and where they are placed.

When we first went down to the farm there was no tool chest for the tools. Mr. Hofmann decided that one was needed and he assigned Jimmy Ridge, Sam Thurmond and "Rabbit" Daniels to make a tool chest. Sam Thurmond worked the hardest on the chest. He held his finger on the door to hold it up while the hinges were being put on. Finally, it was done and we all had all the tools in place.

Mimi Altman, when she first started taking mechanics, knew nothing about cars except that if it stopped she thought it was out of gas. Now she gets out of the car puts up the hood and with a brief survey, says: "The gas line is stopped up." I myself knew no more, now I can at least identify the parts of the engine.

We are planning to make a wash basin out of an old crank case. We are sure to need it and we are sure to wash it with soap either.

Winners Of Cheer Contest Announced

After careful consideration, the judges of the cheer-contest, not "it" between the cheers submitted by Mildred Bennett and Sally Kate Williams. These cheers appeared in last week's edition.

The first prize of one defense stamp will be given to each of the winners at the next chapel.

VALARIE WELLS

Student Opinion BY MARJORIE JONES

I think that in addition to the study halls we now have we need some extra-curricular activities.

There are more students that ride the buses to school than there are that walk, and unless we have a period when all the students are together, we are unable to participate in the extra-curricular activities, as they are unable to remain after school.

Many students who needed extra help last year and who were unable to remain after school, received help at activity period as they could do so without disturbing the class.

If the school is to have extra-curricular activities this year we should have a period set aside during school hours for them.

Why can't we run on the chapel day schedule every day? This would leave us four periods a week for extra-curricular activities and make up work.

S. H. S. Fashions EDITH CHESTNUT

Suppose we browse around a little and see what's new in the fashion world today.

Here we see Martina Page dressed in a green plaid skirt and jacket with white blouse. Doris Dunn is lovely in a blue skirt, yellow sweater, and blue plaid jacket.

Betty Moore has on a darling brown and white checked skirt and brown jerkin, and Annette Abrams is dressed in a brown silk with white ditsie. What is all the excitement in this group?

Ann Wiggins has just arrived and is wearing a black sweater over a blue and white flowered dress. There is "Furry" Morrison wearing a green plaid skirt and Bobby Proctor in a red one. Ouida Davis seems to be the center of attraction in a plaid skirt and yellow sweater. Her hair is styled in a bun.

The girls seem to think that winter has arrived. All of them have put away their thin, frilly dresses and have donned skirts and sweaters. Red and yellow seem to be the most popular colors among the girls. Some of those wearing red sweaters are Helen Quarman, Alma Grantham, Mary David, and Betty Sue Hatcher. Among those wearing yellow ones are Jane Thigpen, Lucille Altman, and Gene Manning.

And speaking of sweaters, the boys also have gotten chilly. Frade Jelis and Charles Dawson have tan sweaters and Wesley Jackson has a two tone brown one.

Marty Perkins and Sadie Williams have new permanent and do they look cute! For her first day in S. H. S. Dorothy Morrison chose a gray and mustard sweater. Charlotte Trupe and Martha Brown looked too cute for words in their white sweaters. Charles wears a gray, blue and white checked dress and Martha wears a white dress and sweater. Red and yellow seem to be the most popular colors among the girls. Some of those wearing red sweaters are Helen Quarman, Alma Grantham, Mary David, and Betty Sue Hatcher. Among those wearing yellow ones are Jane Thigpen, Lucille Altman, and Gene Manning.

Well, enough of fashions for today so—so long!

Junior Red Cross

Seminole High School is all out for victory. We began to prepare early last year and all the girls took First Aid. Thirty-six boys completed the course.

The Red Cross Drive in the "The student" raised money for the "March of Dimes" drive in the beautiful portrait of our President. (The students acted as pages during the event.)

Our school is a member of the American Red Cross Association last year. This year it is even more important, and we know that every student will respond to any call from Uncle Sam.

Stamps and bonds are being collected here at S. H. S. every day. The scrap metal drive was the important thing for three weeks. Several students are still continuing to serve as airplane spotters.

Come on! Join the Junior Red Cross (November 1-15) and March scrap drive. Let's win the Victory Medal for Uncle Sam's army.

Jennie Lee Hutchins

Sally Staff

The members for the 1941 Sally Staff have been chosen. They are as follows:

Editor: Kathleen Bryant, Fred Price, Alvin Herbert, Norman, etc.

LYMAN SCHOOL

For the past week, Lyman has been grieving over the death of Lawrence Parins, a friend and fellow classmate. He was 18 years old and member of the sixth grade. He was also president of his class. Five beautiful wreaths were donated by the school.

The football game on Friday, Oct. 30, was very exciting. We didn't win but the boys played a hard game against the Winter Park. Many spectators turned out even if they had to stand in the rain. The next scheduled game was with St. James last Friday.

The Senior Class enjoyed a Halloween party Friday at the home of Richard Willis.

Julia Rollins blue skirt. Betty Bennett's new hair cut and tan rain coat. Hilda Brate's adorable new sweater. June North's jersey blouse.

Who Wonder Why Colleen Clark has quit wearing make-up? Who Lib Jackson dated Monday and Wednesday nights. If Betty Bennett liked dating her at school.

If Lois Walker had a nice time Monday night. (Milton of the Week Dorothy Holland.) Secretary Colleen—Station College—Dancing Pastime—Reading Favorite Song—Serenade in Blue Favorite Actor—Cary Grant Favorite Actress—Gosnell Ross.

We Think The Ideal Boy Should Have Hair like—Hills Fetter Eyes like—Charles Stum Teeth like—Richard Willis Lips like—Glenn Swofford Physic like—Robert Hammond Disposition like—John Forward Sense of Humor like—Elsie Williams So long for this week kids.

South Side News

In chapel recently, the following health program was given by the First and Second Grades: Psalm 23—by Babool Prayer Song—by School Song—"Happy Friday Morning"—Song—"Our Chorus" by Mrs. Jacob's Class.

Health Exercises—Miss Welch's and Miss Stum's. Pledge of the Builders—Miss Robinson's Second Grade Poem—"My Toothbrush"—Mrs. Sharon's Second Grade Health Questions—Mrs. Mitchell's Second Grade Song by the Glee Club were: "Moonlight Bay" "A Smile Will Go A Long, Long Way" "Keep The Home Fires Burning".

The "Hallowe'en" special sponsored by the P. T. A. was a decided success in every way. Everyone had a good time. The Spaghetti supper and the play in the auditorium added much to our fun.

Chapel Program BY PETER BUKER

A very fine program was held in the Seminole High School auditorium Thursday morning, in which the Junior High School took part. After the usual opening ceremony, Robert Evans played the piano solo, "The Serenade in Blue."

The Junior High School's part of the program opened with the hymn singing "Get a Gail in Kalamazoo," followed by the Junior High choir singing "I've Got a Pocket Full of Dreams."

This program, I think, was one of the best done this year, and the audience showed their approval by their grand applause.

Scrap Metal

The Scrap Metal Drive of Seminole County Schools was very successful. This scrap metal will aid our country in many ways to win the war.

The total that was taken in by Seminole County Schools was 795, 000 pounds.

Junior High School took in the most scrap metal, which came to a total of 21,000 pounds and Seminole High School came in second with a total of 128,000 pounds.

Cherokee having only 12 pupils averaging 1,800 had the highest percentage for each pupil.

All parts: Art, Kathleen Bryant, Fred Price, Alvin Herbert, Norman, etc.

Tri-Hi-Y Entertains For Freshmen Girls

The freshmen girls had a very successful time at the "Tri-Hi-Y Party" last Tuesday night. Marty Perkins, Ann Wiggins and Shirley Echols planned the party which was enjoyed by everybody there.

The trio were by Marty Perkins, Beatrice Robinson and Ann Wiggins together with a piano solo by Helen Hutchins.

The following are some of several comments made by some of the freshmen. Daphne Connolly thought the Tri-Hi-Y party was a huge success and enjoyed it very much.

Handshakes are made in our High School Days" she said. Evelyn Matthews said, "I had a lot of fun and the girls made me feel right at home."

Ann Lovell thought the Tri-Hi-Y and the party they gave for the freshmen girls helped to bring the freshmen and the upperclassmen closer together.

Margaret Dingfelder appreciated the thoughtfulness and kindness bestowed upon the freshmen girls by the Tri-Hi-Y. "It shall always be a cherished memory in my heart of my days in Seminole High School," Nancy Jo Gonsler thought the party was "swell" and that it was "fine of the Tri-Hi-Y to have it for them."

Rosemary Burdick said she enjoyed the party because of the other freshmen who were so friendly and kind to us as if they had known us all our lives. I like the games we played and I'm sure all the other freshmen had as good a time as I had."

Sally Morrison thought the Tri-Hi-Y was a "swell party" and she enjoyed the games and musical interludes very much. "All the Tri-Hi-Y girls were so nice to us as we will never forget them."

Student Council BY MARY RABUN

The resignation of Emmett Herndon, a Senior Representative of the Student Council, was announced at the luncheon meeting Friday, because of his other activities. A new member will be elected from the Senior Class at the next meeting.

The Athletic and Social Committees are to meet and plan the Homecoming this year. With Helen Hutchins acting as chairman of the Finance and Welfare Committees reported that plans have been made to further the sale of War Bonds and Stamps in Seminole High School.

Mr. McKay came before the Council and gave reasons why nothing the Student Council proposed had been progressed to be acted upon.

Girls Gym BY BETTY JO BROCK

The girls of S. H. S. are studying Volley Ball six weeks at the regular gym time. Miss Takahashi has been giving them the regular instruction for the past two days.

The girls are doing their best to receive letters, stars and emblems. It takes twelve points to get a letter, eighteen points for stars and thirty-two for an emblem. The stars and letters are given at the end of each year. The award of emblems are given when you are a senior. The way you receive these rewards are by playing after school for practice "teamwork." When you are an emblem you receive one point. If you are a squad leader you receive one point. You do not have to be on the varsity team. You do it on your own. So let's all come out and try, girls!

The Hurricane BY PETER BUKER

Though Tornado, a south sea island, is situated in the Atlantic Ocean, it is a very important island to our country. It is a very important island to our country.

Originally he had been assigned to six months, but because of his illness and his condition he was allowed to return to his home.

Tornado finally accepted and returned to his home. He was very happy to be home and to see his family.

Celery Feds Defeat Winter Park Wildcats By Narrow Margin, 6-0

Battling an aggressive, scrappy team of Winter Park "Wildcats," the Celery Feds won by the narrow margin of 6 to 0 at Seminole High School Field, Friday evening.

The Wildcats had been particularly anxious to win, having dedicated the game to Jack Wagner, former Winter Park player, who was killed in action overseas. They brought their best with them, which went through some colorful drills.

Sanford's touchdown came at the end of the second quarter, just after things looked black for them, and following a futile 90 yard run by Fleming, only to have the play nullified by the decision of the referee that one of the Sanford players was holding.

Called back to their own 10 yard line, the determined Feds started raining with a fine pass by Daniels to Hugh Carlson for a first down, and the game gains good for first downs by Daniels and Fleming. On a fast reverse play from Daniels, Fleming grabbed the ball and went hurtling around left end for a 30 yard touchdown. Daniels however, missed the kick for the extra point.

Fleming's long run was a great disappointment to Celery Fed fans as the futile run of Wolfier in the DeLand game, when the latter ran a bit out of bounds.

The elation of local fans had known no bounds when the Wildcats, coached by Ballard, were just about to score when they fumbled, and Sanford recovered.

On the very next play, Fleming's shifting
