

Coal production in the United States during 1946 would have filled 79,000 miles of railroad coal cars.

Thirty-four percent of the population of the Hawaiian Islands in 1941 was of Japanese ancestry.

The fundamental process in making modern paper reduces wood pulp and mixes it with water.

Fund Aids Young Artists In Debuts

By JACK O'BRIAN NEW YORK—For a good many decades young folks of concert caliber, whose lack of platform experience has forced them to remain amateurs, have been forced to pay for their own concert debut in such hallowed waiting premises as Carnegie Hall and Town Hall. The attendant "grunt," or cost, has been large; in some cases prohibitive.

The result has been a glut of youngsters growing into balding bachelors and frustrated old maids whose abilities are recognized by themselves and their friends. But without the wherewithal to knock back at opportunity, their fancy performing had to remain in the parlor, back room and bath.

These operatic shower-room baritones, classic fiddlers, road-company Rubenstein and hall-the-way Heifetzes now have a chance to be presented to the major music critics in Manhattan. Young fellow named Sherman Pitluck dreamed it up, to the great gratitude of several artists who already have gone their way a few rungs up the ladder of celebrity, without the basic necessity of ponying up from \$1,000 to \$2,000 for the privilege.

Three years ago Sherman dreamed up the idea of arranging for the same program with artists of reputable musical stature, thereby assuring a financially successful debut, even though in most cases the youngsters received little or no remuneration. But since what the tyros want most is a chance to be heard by New York's first string music critics, this was all to the musical mustard with the kids. At this point it has proved workable and has started several lads and lassies along the road to renown.

The Gulet String Quartet, for instance, received its first attention with the help of young Mr. P., and the result was a series of tours on the secondary circuits, and the group later was signed by RCA Victor for a series of recordings.

Ethel Kramer, a violinist, is in her first full season of bookings throughout this country, and a junket abroad in the works. "The debut performers are not music pupils," Sherman points out. "They are finished artists, starting out on their careers. Some have appeared in minor parts in operettas or other musical productions, but have not had their opportunity on the Big Time. Appearing on the program with a celebrated artist gives the young musician confidence and a standard of performance at which to aim, and augments his chances for a successful debut."

Pitluck says the established concert stars seldom balk at supplying the helping hand for the beginning of young careers. Sherman's idea has been turned into a prosperous business. Debut and Encore Concerts, Inc., now in its third-annual season in Town Hall.

"I feel that I am in charge of the first couple of rungs on the success ladder," Sherman says. "The upper reaches call for individual attention, and that leaves it up to the young artists themselves."

126 Florida Airports Owned By Taxpayers

MIAMI, Apr. 24, (FNS)—Florida taxpayers have \$220,700,000 investment in 126 publicly owned airports in the state it was revealed this week by a state survey.

William C. Lazarus, state aviation supervisor who made the survey, said growth of airports in Florida during the past five years had exceeded that of any other state. He added that Florida's airport landing facilities "are seven years ahead of their times."

The state official reported that maintenance in 1947 for the federal state-owned airports would amount to \$753,361. He did not list maintenance costs for the 130 private owned and military airports throughout the state.

"The runways, taxiways and parking aprons in the airports in this state contain enough pavement," said Lazarus, "to pave a highway from Miami to St. Petersburg, which is a distance of 4,340 miles."

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA. IN PROBATE.

Notice is hereby given that the ESTATE OF E. D. STRICKLAND, deceased, TO ALL WHOM IT MAY CONCERN: Notice is hereby given that Ruby E. Strickland filed her final report as administratrix of the estate of E. D. Strickland, deceased; that she filed her petition for final discharge and that she will apply to the Honorable R. W. Ware, County Judge of Seminole County, Florida, on the 5th day of May, 1947, for approval of same and for final discharge as Administratrix of the estate of E. D. Strickland, deceased, on this 3rd day of April, 1947.

NOTICE TO APPEAR TO: JOE OWENS, whose residence is unknown. You are hereby notified that suit for divorce has been filed against you by ARLE LEE OWENS, in the Circuit Court for the Ninth Judicial Circuit of the State of Florida, in and for Seminole County, in chambers, and that you are required to file your answer and appearance in said cause on or before Monday, May 5, 1947, and in default thereof said cause will proceed EX PARTE. The general nature of this suit is for divorce, and the style of said suit is Arle Lee Owens, plaintiff, vs. Joe Owens, defendant. Witness my hand and official seal of said court at Sanford, Florida, this 2nd day of April, 1947. O. B. HENDERSON, Clerk of said Court. By O. L. Hunt, D. C.

NOW SHE SHOPS "CASH AND CARRY"

Without Painful Backache Many sufferers relieve nagging backache, neckache and dizziness, the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. A disorder of kidney function permits poisonous matter to remain in your blood. It causes many ailments, including pain, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with stinging and burning sometimes show something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a mild, natural diuretic, and successfully rid your system of kidney waste from your blood. Get Doan's Pills.

Approval Of Tax Cut Urged By Executive

CIO Representative Attacks Measure As Not Relieving Those In Need

WASHINGTON, Apr. 25—The National Association of Manufacturers and the CIO expressed widely different opinions of the \$4,000,000,000 income tax cut bill today. Speaking for the NAM was Harry Humphreys, Jr., a United States Rubber Company executive who asked for prompt passage of the bill and said that it would release what he called "productive energies."

Stanley Rutenberg, representing the CIO, attacked the measure which would provide cuts ranging from 20 to 30 percent in the low brackets and 10 1/2 percent at the very top. Rutenberg said that the bill would give the greatest tax relief to those who least need it, and it would grant tax relief "to the greedy and not to the needy."

Both men made their remarks in prepared testimony before the Senate Finance Committee which is ending its first week of hearings on the bill. Meanwhile the Senate resumed work on its bill to curb labor unions and Senator Joseph Ball of Minnesota predicted that more restrictions will be written into it. But Senator George Aiken of Vermont said that will assure a presidential veto.

Also the House Banking Committee submitted for House action a bill to continue national rent controls at least until Dec. 31. The committee reversed itself and killed a provision for a 10 percent increase in rent ceilings. A floor battle was regarded as likely, beginning next Wednesday, on other provisions of the bill. These include abolition of government controls over building materials and construction under the Veterans Housing Act.

Pending Motorist's Bill Is Endorsed By Sanford Lions Club

The Sanford Lions Club today endorsed a Financial Responsibility bill passed at Tallahassee by the House and pending action in the Senate, which would require every motorist in Florida to be able to respond to damages in involved in an accident.

This approval of the bill followed the reading of a letter by King Lion Witte from the Florida Safety Council urging such legislation and stating the State Chamber of Commerce had endorsed it. It was stated in the letter that more than 30 states had already adopted such ordinances and that it is not a compulsory insurance bill.

Quite a lively discussion followed the reading of the notice. King Lion Witte pointed out that if the bill should be made law that it was probable that a motorist who is involved in an accident, and is financially unable to pay claims resulting from damage or injury, would lose his or her driver's license.

King Lion Witte gave a report on actions taken at the recent meeting in Mt. Dora. Managers of Junior League teams were urged to present a game and to keep close track of equipment after games. Harry Rolson showed a sample of the new lettered jerseys to be ordered for the players of the boys teams.

Tall Twister Dick Elsberry was fined 10 cents for not wearing his Tall Twister badge.

Bennett Services Set For 2:30 P. M. Sunday

Funeral services for Mrs. Mattie Bennett, who died early yesterday morning in the Fernald-Laurelton Memorial Hospital will be held Sunday at 2:30 P. M. in the Erickson Funeral Home with the Rev. K. I. Wright, pastor of the Assembly of God Church, and W. P. Brooks, Jr., pastor of the First Baptist Church officiating. Interment will be in Evergreen Cemetery.

Active pallbearers will include F. J. Willink, V. H. Williams, T. B. Middleton, H. M. Willis, George Hines and John Davis. Honorary pallbearers will be C. C. Priest, Jack Davidson, H. D. Dargun and P. A. Mero.

The deceased was born June 10, 1877 in Leno, E. C. and is survived by five daughters, two sons, 23 grandchildren and 12 great grandchildren.

Responding to President's Plea

APPROVING LOOKS are cast by townfolk of Newburyport, Mass., as John Swanson, a local hardware merchant places signs on his store's window announcing a lowering in prices. Stores throughout the city, which has a population of 15,000, cut their prices 10% in response to the President's plea to lower costs. Many businesses reported marked increase in sales after adopting the plan. (International Newsphoto)

Ex-Convict Gets \$10,000 From State For Undeserved Sentence

CANON CITY, Colorado, Apr. 25—Loren Hamby was given \$10,000 by the State of Colorado today for six years spent unjustly in the penitentiary.

Hamby won't get a dime of it personally, he plans to turn over the entire amount to his mother who considered no sacrifice too great to clear her son of a murder charge.

The story began when George Carnes was killed at his Waldenburg, Colo., filling station June 22, 1917 and Hamby was charged with the slaying.

But Hamby claimed he was listening to the broadcast of the Louis-Braddock heavyweight fight at the time of the holdup murder. The jury failed to believe him and he started a life sentence at the Colorado Penitentiary in Canon City on Oct. 23rd, 1919.

Hamby's family then began a fight to clear their son of the charge. First they sold a cotton plantation in Texas. The family home in Colorado was mortgaged.

Milton Vergose of Orlando also presented the Winter Park club with an American flag and standard, a Rotary banner and standard, a Rotary gong and gavel, a speaker's stand, identification badges and a case to carry them in, and 50 song books and to the club.

Pilot Convention To Be Held This Weekend At Marion Hotel, Ocala

A state convention of Florida clubs affiliated with Pilot International, business women's organization, will be held at the Marion Hotel in Ocala this weekend. It will feature a number of the Sanford Pilots plan to attend.

Miss Mary Reynolds of Columbus, Ga., Georgia district governor, and Miss Ruby Newhall of Gainesville, International representative, will attend as will Miss Allie Lee Iush of Ocala, Florida district governor. In addition, all 21 clubs in the state will have delegates for the sessions. Registration will open Saturday afternoon, followed by a clinic for all officers and committee members. A business meeting will be held Sunday morning, after which a dinner in the Marion hotel will complete the program. A feature of the program will be a barbecue at Anthony Farms, Brahmam cattle center, Saturday night.

Churchill Denounced By Prime Minister

ST. ANDREWS, Scotland, Apr. 25—British Prime Minister Clement Attlee today lashed out at Winston Churchill with a bitter denunciation of the former prime minister's attack on the labor party.

Churchill, Attlee declared, has directed "a torrent of abuse" against the labor government without offering "a single alternative." Speaking to the trade unionists at St. Andrews, Attlee replied sharply to Churchill's comment of last week that the government is "living upon the American dole."

"It is incredible," Attlee said, "that he should stoop to such meanness."

Senate Okays Salaries Of County Body

Bill Introduced Confirming Ordinances In Sanford Closing Streets, Alleys

TALLAHASSEE, Apr. 25—The Florida Senate today passed the bill pertaining to the salaries of the Seminole County Commissioners. This measure has already been approved by the House.

Representatives Brailey Odham and M. B. Smith introduced a bill in the House confirming all Sanford ordinances pertaining to closing streets and alleys.

The Florida House of Representatives lent to the Senate a constitutional amendment to raise the pay of the lawmakers from \$6 to \$10 a day.

In addition, the amendment would provide \$250 per day for subsistence and four round trips home at 12 cents per mile.

The vote was 74 to 5 on the move to raise legislative pay.

The House also sent to the Senate bills to establish uniform statewide closed season for mullet and salt water trout fishing. There was little discussion on these measures, which in former years have provoked long and bitter debate.

The state-wide closed season for mullet would be from Dec. 1 to Jan. 20, the same season now prescribed by a general law, but 25 of the 67 counties are exempt by special acts.

The trout fishing bill would set the closed season from May 20 to June 20. In the Senate, a resolution was presented to provide for a referendum on the question of calling a constitutional convention. The convention would submit a revised constitution back to the people for a vote. The resolution was offered by Senator Baynard of Tallahassee.

Telephone Strike Is Discussed At Cabinet Meeting

WASHINGTON, Apr. 25—The telephone strike was discussed by President Truman and his Cabinet today as federal negotiators made new efforts to settle the 19-day dispute.

Cabinet members told newsmen that the strike came up at the meeting and Interior Secretary Krug said the only thing is that the negotiators are starting all over again.

As the union management negotiators were resumed in the afternoon, telephone maintenance men left their jobs in Pennsylvania. They are demanding a 15-cent hourly wage increase.

Meanwhile, reports of sabotage and destruction of telephone company property, including cables, telephone booths and coin boxes, continued to pile up. The slaying of long-distance telephone wires now has been reported from 11 states.

The telephone federation has stressed that member unions are offered rewards for the arrest and conviction of anyone found guilty of such practice.

Strike Director Carlton Weiss said in a statement: "We're not a bunch of hoodlums. We neither take part in, nor condone, wild damage to company property."

Weiss further stated: "We suspect release of this information at this time to be a company publicity stunt to discredit the union."

Teachers Of County School System Are Appointed At Meeting Of Board

The Seminole County Board of Public Instruction, including L. E. Jordan, chairman, Walter Haynes and J. A. Bastine, yesterday approved recommendations of teachers for the county school system. It was announced by Supt. T. W. Lawton in whose office the meeting was held.

Miss Ruth Hand continues as general supervisor of instruction; Mrs. Ecar Price as supervisor of music and Mrs. Mildred Babcock as supervisor of art.

The Seminole High School faculty includes: Herman E. Morris, principal; Alex R. Johnson, vocational agriculture; J. B. Root, English, Latin and American History; C. F. Kettles, physical education and coach; F. R. Canas, physical education; M. V. Wilkins, mathematics; and Roger L. Harris, biology and history.

Women teachers at the high school are: Mrs. June Winn, girls' physical education; Mrs. E. F. Darden, Mrs. Lucy Smith and

Quiz Kids' Boss Kills Burglar

The famous radio quizmaster Joe Kelly, (left), shows Currier A. L. Brodie the sun with which he shot and killed a burglar in his Chicago home. At the right, detectives are shown looking over the body of the shot intruder. The shooting occurred when two men entered the darkened home of the quizmaster as he and his wife and their 23-year-old son, Joe, Jr., an ex-gladiator sitting in the front room discussing the boy's wedding plans. (International Newsphoto)

Wallace Plans 15 Date Lecture Tour In America

PARIS, Apr. 25—The former president Henry Wallace put his lecture tour upon his return to the United States from his current European trip. Wallace will begin the lectures, he said with a nationwide radio address, Apr. 30.

The former Cabinet officer said he would present in his speeches in the United States the same views he has expressed in western Europe.

On this score, Wallace declared: "I am certain I shall find among the warm-hearted people of the United States the same kind of response I have found among the peace-loving peoples of western Europe."

The announced Wallace dates: (Continued on Page Three)

Children's Home To Open Orlando Branch

JACKSONVILLE, Apr. 25—A branch of the Children's Home Society of Florida is to be established in Orlando to serve the counties of Orange, Seminole, Lake and DeSoto. It was announced today through county welfare representatives upon the suggestion and direction of the society's Jacksonville headquarters.

The new branch will hold a meeting in Jacksonville yesterday. The directors also endorsed a proposed retirement plan for social workers under which both the workers and the society contributed to an old age pension.

Crews Try To Reach Buried Gold Miners

MALABRIC, QUEBEC, Apr. 25—Rescue teams were fighting their way today toward 11 men who have been trapped for 36 hours some 2,000 feet underground in the East Malabric Gold Mine.

An official of the mine said it is difficult to tell whether the men are alive. They were trapped yesterday when an underground fire broke out on the mine's tenth level. The mine official said that the rescue crew has worked its way to the eighth level but he could not say how long it would take to reach the tenth level.

Mother Offers To Serve Life Sentence

QUINCY, Mass.—A mother telegraphed President Truman today offering to serve the life sentence imposed on her son for desertion. The wire was sent by Mrs. Connie Di Bartolo, who told the President she still will call her son a hero of World War II.

The son, 21-year-old Michael, was sentenced in Livorno, Italy, by an American court martial. Michael said he was suffering from amnesia, but Army doctors ordered him to stand trial. Mrs. Di Bartolo also sent a wire to her son which said: "Don't give up hope."

Marshall Is En Route To Washington

Secretary of State Marshall is flying the North Atlantic route to Washington and is expected to reach the capital at noon tomorrow it was announced today.

Postmasters Are Welcomed To City By Joel S. Field

Postmasters from all over Florida, members of the Florida Chapter of the National Association of Postmasters, were welcomed by Joel S. Field in the ballroom of the City of Sanford at the 19th annual convention of the Florida Postmasters Association.

The convention was opened by Legationaries of Campbell Lanning Post 33, the National Association of Postmasters, who were accompanied by Mrs. Lillian Moran accompanying, accompanied to the Hotel by Dr. F. D. Reynolds.

Prospects appear favorable for the holding of a Shrine Ceremonial in Sanford as the new building, according to Hubert M. Vance, president of the Sanford Shrine Club, will be completed by the end of the month.

George Touhy Named Business Manager Of Baseball Association

George Touhy has been named business manager of the Sanford Baseball Association. It was announced today by George Stone, president of the association.

The association has been signed to play ball for the Fall season, and is expected to report on duty today.

Released Officers Say Treatment Okay

PEIPING, Apr. 25—The two American Army officers who were interned for 55 days by Chinese Communists said today that they were treated alright. One of them, Capt. John Collins of Easton, Ill., recalled that their captors tried to convert them to Communism. He added that the Communists wasted their time.

The other officer, Maj. Robert Page of Chicago, was given an enthusiastic reception by his wife and five-year-old child when the two men arrived at a Peiping airport.

Both men looked fit and healthy. They were on the way to Nanking to tell the United States Embassy of their experiences.

2 Killed, 7 Missing In Palestine Bombing

JERUSALEM, Apr. 25—Two persons were dead and seven others missing in British Mobile Force headquarters near Tel Aviv after the explosion of two bombs today. The attack was believed to be the first sign of "blood-fueled" vengeance threatened by the Jewish underground.

British authorities made the official report, saying that two bombs were used. The orderly room and telephone exchange of the police barracks were destroyed.

The explosives were planted in police uniform. The truck passed through the barracks' gate, parked next to the orderly room, and the blast occurred less than two minutes later.

THE WEATHER

Partly cloudy, continued warm through Saturday. Scattered afternoon showers, mostly numerous Saturday.

VALUE OF DDT IS INCREASING THROUGH TESTS

By ALEXANDER R. GEORGE AP News Features Writer WASHINGTON (AP)—The value of DDT to farm and city people is being increased steadily.

Extensive tests of the war-borne insecticide by agricultural scientists show promise for control of many pests which damage field crops, gardens, orchards, forests, and livestock. Meanwhile, more and more people are using it for protection against human diseases carried by houseflies, mosquitoes and lice.

DDT sprays or dusts have "increased amazingly" the beef and milk production of cows pastured by ferns, booted potato yields, and reduced the damage of certain cotton pests. They controlled the European corn borer in several experiments and destroyed heavy infestations of Japanese beetles, and gypsy moths.

Emulsions containing DDT have given good protection to shade trees and shrubs against many other defoliating insects, including the locust leaf miner, elm leaf beetle, cankerworm, and locust. DDT is also on control of carpenter ants and other insects that attack logs and woodwork of buildings.

However, the insect experts warn that DDT is not a cure-all for all insect problems. They say, moreover, that its indiscriminate use may cause important food insects which help certain injurious insects under control.

The Department of Agriculture, in cooperation with various state agricultural experiment stations and other agencies has been testing DDT for more than four years.

The department's Bureau of Entomology and Plant Quarantine suggests these precautions in using the potent insecticide:

- 1. Care should be taken to avoid excessive exposure to DDT on fruits and other parts of plants or plant products to be used as human food.
- 2. Persons should avoid repeated or prolonged exposure to DDT in its readily absorbed form.

DDT is highly effective against most of the common pests of stored seed. It is best used in combination with a carrier dust or oil. Extra caution should be taken when using oil sprays in buildings because of its inflammable nature. Oil sprays should not be used on animals because DDT may be absorbed by the skin.

It's a good idea to consult your county agricultural agent or extension agent about the use of DDT.

The bureau says that in field tests, DDT has given excellent control of Japanese beetles on green, early apples, peaches, and miscellaneous trees and shrubs.

Experiments show DDT to be a potent weapon against the cooling moth, a fruit pest. However, in tests in nearly all sections of the country, destructive control developed to serious proportions in DDT-treated plots except when

HAMBONE'S MEDICATIONS By Alby TOMMY BOY BOB TAKIN' THEM TOO EASY AGIN I RECKON—I SEE DE LAW'DONE TUCK HIM!!

AMERICA'S PERENNIAL FAVORITE IS BUILT IN FOUR BASIC TYPES Captivating Colonial

HOUSE STYLES come and go, but the Colonial home is still one of America's favorite architectural types. While there are dozens of different styles of Colonial houses, most of these are adaptations of four basic types of Colonial houses: New England, Southern, Dutch, and Garrison.

General, the Southern Colonial is large and should have a large wooded lot. Dutch Colonial has the roof separated into two slopes, giving a low appearing bowler. Dutch Colonial has the roof separated into two slopes, giving a low appearing bowler.

millions of them later in the summer. The Department of Agriculture says a preferred spray is a 50 percent wettable powder. It is pointed out, however, that county agricultural agents and state college people can advise how to mix DDT and how best to apply it.

DDT is highly effective against most of the common pests of stored seed. It is best used in combination with a carrier dust or oil. Extra caution should be taken when using oil sprays in buildings because of its inflammable nature.

DDT's largest single contribution to the nation's wealth, excepting its protection of human health, has been a great increase in beef and milk production. Its use in control of horn flies and other flies which pasture cattle is already worth \$100,000,000 annually, according to H. V. Garrison, administrator of research for the Department of Agriculture.

TO SOLVE this new type of puzzle, fill in the words in the first set of definitions with the first letter of each definition. Then place each letter according to its number in the diagram. If you miss any of the words in the first set, try the second set which is a different arrangement of the same letters as the first. When you have completed the diagram you will have a well-known quotation from...

BIBLE VERSE FOR TODAY

GOD WILL GLADLY GIVE US
GUIDANCE IF WE MAKE OUR
HEARTS RECEPTIVE TO HIS
INNER VOICE: The steps of a
good man are ordered of the Lord
and he delighteth in his way.—
Psalm 37:23.

Welcome, Postmaster, to San-
ford!

Henry Wallace is certainly do-
ing his best to sell Communism
to the people of Europe.

Orlando has decided to follow
Sanford's example and install
parking meters.

They say you can't believe any-
thing you read in the newspapers.
May be you think you can believe
all you hear on the streets.

Glad to see some interest being
taken in reviving the Sanford Soft-
ball League this summer for young
fellows whose waitlines aren't
getting any smaller.

Congratulations to Jim Spencer,
local golfer, who won the medal
in the qualifying round of the
Florida Amateur Golf Tournament
at Daytona Wednesday.

Next year is sure going to be a
big election year... what with
all the candidates there will be
for president, governor, county
commissioners, and so forth!

Give to the Red Cross. Help
the local chapter reach its \$10,000
goal. Give because it is good
to help other people in distress.
But if you must, give because
you never know when you may
be in distress yourself.

Henry Wallace wants the United
States to embark on a 50 billion
dollar world-wide reconstruction
program, with a loan of between
10 and 17 billion dollars to Rus-
sia as a starter. All right, boys, it
is a fine idea, but how much will
you contribute?

The president of the newly or-
ganized Winter Park Rotary Club
is Kenneth Wacker, former San-
ford man, now living at Maitland,
who was stationed at the Sanford
Naval Air Station for several
years during the war. The presi-
dent of the Orlando club, Paul
Stines, is a former Sanford man,
and the president-elect of Rotary
International, Ken Gunnsey, of
Jacksonville, is a former Orlando
man.

We have heard a good deal
about the hazards of coal mining.
But Dr. Theodore R. Van Dellen,
who writes a newspaper column
on "How to Keep Well," says that
"mining is the most hazardous of
all occupations," and he cites sta-
tistics to prove it. Included in
these are figures which show that
in agriculture the mortality rate
is 53 per 100,000 whereas in all
other industrial groups it is only
31. During the past nine years
more than 38,700 farmers have
been killed by falls into farm ma-
chinery, attacks by livestock, and
similar farm accidents.

Not all juvenile delinquents
come from the homes of the very
poor, or the very dumb, by any
means. Earlier this week a 23
year old youth, with a delinquency
record running back to childhood,
shot and killed two policemen in
a wild automobile chase in
Philadelphia. He was the adopted
son of Dr. Dorothy Kern Hallowell,
consultant psychologist for the
Children's Aid Society and Phila-
delphia General Hospital, and Dr.
Alfred J. Hallowell, anthropology
professor at Northwestern Univer-
sity. So busy looking after other
people's children, they did not
seem to take care of their
own, even if only adopted.

What Is A Liberal?

During the past few years political terms have been
so warped and twisted by governmental opportunists and
political demagogues that no one knows any more the dif-
ference between a Democrat and a Republican or what a
Liberal is, or a Conservative, much less a Socialist, a Social
Democrat, or a Fascist, or a Communist.

Herbert Hoover, only living ex-President of the United
States, says that true American liberalism is largely a
frame of mind. It stands "for the dignity of the individual
man and woman. It insists that liberty lives by faith in
the decency of average human nature." And it seems that
Jim Farley, well known Democrat, at least partly agrees
with him when he says, "Every sincere American is basi-
cally liberal."

But Henry Wallace is not so generous. He sees Amer-
ica divided into two, perhaps three or four great warring
camps, with all the good people in one group and all the
bad people in another, with various shades of decency in
between. The good people he calls "Liberals" and the bad
"Reactionaries." And he defines a "Liberal" as a person
"who believes in both the dollar and the man, but in case
of conflict between the two believes in the man before the
dollar."

William Green, head of the American Federation of
Labor, defines a "Liberal" as "one who is the opposite of
conservative, radical and reactionary. He is broad-minded
and generous both in action and thinking." But how can a
Liberal be the opposite of both a Conservative and a Rad-
ical at the same time? And if Liberals are broad-minded,
what about Senators Borah and Norris, two great Liberals
of their time, both of whom voted against the first World
War and American participation in the League of Nations?

And Mr. Green goes on to define a Reactionary as
"one who attempts to block progress. He is not only against
changes politically and otherwise but favors a return to
some antiquated position in both our social-justice and
political life." Then under that definition Mr. Green "and
most of our great labor leaders today are Reactionaries for
aren't they trying to block progress toward the enactment
of labor legislation which would restore harmony between
management and labor and bring industrial peace to Amer-
ica? And weren't they "against changes politically" when
they supported Roosevelt for a third and fourth term?

And we, we are right back where we started from.
Just what is a Liberal anyway?

The Journalist's Creed
By Walter Williams

I believe in the profession of journalism.
I believe that the public journal is a public trust; that
all connected with it are, to the full measure of their re-
sponsibility, trustees for the public; that acceptance of a
lesser service than the public service is a betrayal of this
trust.

I believe that clear thinking and clear statement, ac-
curacy, and fairness are fundamental to good journalism.

I believe that suppression of the news, for any con-
sideration other than the welfare of society is indefensible.

I believe that no one should write as a journalist what
he would not say as a gentleman; that bribery by one's
own pocketbook is as much to be avoided as bribery by the
pocketbook of another; that individual responsibility may
not be escaped by pleading another's instructions or
another's dividends.

I believe that advertising, news and editorial columns
should alike serve the best interest of readers; that a single
standard of helpful truth and clearness should prevail for
all; that the supreme test of good journalism is the measure
of its public service.

I believe that the journalism which succeeds best—
and best deserves success—fears God and honors man; is
stoutly independent, unmoved by pride of opinion or greed
of power, constructive, tolerant but never careless, self-
controlled, patient, always respectful of its readers but
always unafraid; is quickly indignant at injustice; is un-
swayed by the appeal of privilege or the clamor of the
mob; seeks to give every man a chance, and, as far as law
and honest wage and recognition of human brotherhood
can make it so, an equal chance; is profoundly patriotic
while sincerely promoting international good-will and ce-
menting world comradeship; is a journalism of humanity,
of and for today's world. — Southern Newspaper Publishers
Association.

For Action On Schools
TAMPA TRIBUNE.

It is a heartwarming sign to
note that two Florida House com-
mittees have stamped their unani-
mous approval to the state public
school reorganization and finance
bill. The measure now goes to the
House floor for debate and possible
final action today.

Such unanimity will be applauded
by forward looking citizens and
patrons throughout the state. It
says tribute to thoroughness of the
survey made by the Citizens Com-
mittee on Education. It testifies
to the sound thinking and hard
work of committee members. It
shows they are conscious of the
fact that the people of Florida
want good schools and are willing
to pay for them.

Perhaps some Floridians feared
that the committees would nibble
at the program recommended by
the Citizens Committee and Gov-
ernor Caldwell instead of hitting
it. Those fears are now calmed.

The bill provides for deep reor-
ganization of the school set-up in
addition to higher salaries for
teachers. It would establish a re-
vised method of distributing state
school funds to equalize educational
opportunities and to encourage
maximum local effort for school
support. It contains provisions to
straighten out the whole cumber-
some structure built up of innum-
erable school districts, with ad-
ministrative costs inordinately
magnified. County school board
members, under another provision,
would serve without pay and would
be elected from districts by county-
wide nomination. All these features
are geared to the fundamental
point that localities should help
themselves and function efficient-
ly in fair proportion to their ability.
If they are to receive increased
state aid.

There is no denying the fact
that Florida faces a critical teach-
er situation. Drastic action is
needed to hold fast to our best
teachers and to fill the ranks with
the ablest minds and the finest
teachers that the state produces.
Nor is there any argument that
the bill approved by the House
committee contains the essential
provisions to revitalize the state

public school system and place
Florida among the more progres-
sive states in the field of public
education.

Against the current imperative
need of teachers, and for the
brighter future of all Florida
citizens, it is essential that this
minimum program be adopted. The
people are waiting for the House
and Senate to act.

Light travels about two-thirds
as fast in glass as it does in wa-
ter.

ODDITY IN NUMBERS

WRITE down any number
containing three figures.
If the first and third figures
equal the second figure, then the
number can be divided by 11
without remainders. For ex-
ample, take the number 478, into
which 11 goes 43 times. Other
examples are 393, 242, 165.

Always a Winner

WRITE the 36 numbers
below on paper:
1 1 1 1 1 1
2 2 2 2 2 2
3 3 3 3 3 3
4 4 4 4 4 4
5 5 5 5 5 5
6 6 6 6 6 6

Choose an opponent and tell
him the object of the game is to
check off a number in turn until
one person reaches a total of 50,
thereby winning.

There's a trick to it: you can
arrange to be the winner nearly
every time. How?

IN THE GARDEN OF ECONOMICS

Convention President

Charles S. Ashbrook, Brookville
postmaster and president of the
Florida Chapter of the National
Association of Postmasters, will
take charge of the business ses-
sions of the convention and will
serve as master of ceremonies at
the banquet on Friday evening. He
has distinguished himself as a
Kiwanian having served as presi-
dent of the Brookville Kiwanis
Club and as a district lieutenant
governor. He was also active in
the American Legion.

Inquiry Board Finds
Ignorance Prevailed
Prior To Texas Blast

GALVESTON, Apr. 25—A re-
cord of carelessness, confusion and
ignorance developed further evi-
dence that handlers of the ammonium
nitrate cargo of the ship which
exploded here last Wednesday's
disaster at Texas City, across Galveston
Bay, with little indication so
far of any certainty of success
in the efforts to fix responsi-
bility.

Testimony before a United
States Coast Guard board of in-
quiry developed further evidence
that handlers of the ammonium
nitrate cargo of the ship which
exploded here last Wednesday's
disaster at Texas City, across Galveston
Bay, with little indication so
far of any certainty of success
in the efforts to fix responsi-
bility.

While something of a scramble
was developing among attorneys
of some agencies involved to fix
the liability on one agency or an-
other, the death toll stood at 250
tonight and was expected by the
Texas State Department of Public
Safety to reach 575. The damage
was estimated at more than
\$50,000,000.

Rear Admiral Gordon T. Finlay,
commandant of the 8th United
States Coast Guard District, head
of the board of inquiry, pointed
out that the primary purpose of
his investigation is to determine
how regulations for the handling
of such a cargo should be changed.

Admiral Finlay reiterated that
it may be months before the cause
of the initial blast is determined.
Samples of ammonium nitrate
found in wrecked boxcars from
which the two ships that blew
up were being loaded, were taken
today for chemical analy-
sis.

W. H. Sanberg, vice-president
of the Texas City Terminal Rail-
way Company, which handled the
transfer of the ammonium nitrate
from boxcars to the ships, was the
star witness today at the inquiry,
held in the postoffice building.

Mr. Sanberg testified that while
between 75,000 and 80,000 tons of
ammonium nitrate had been ship-
ped through his facilities month-
ly since last year, he never knew
that the stuff was dangerous or
required special handling and had
never received any instructions
from the manufacturers or any
government agencies for special

fusion that reigned after the blast
of the French freighter Grand-
camp and the fears of workers
sought, to help move a second
freighter, the High Flyer, which
blew up thirteen hours after the
first explosion.

The same procedure was used on
the High Flyer as that aboard the
Grandcamp—the Hatches of holds
loaded with hundreds of tons of
the nitrate were battened down.
Hours after the first blast the
second ship blew up, taking the
wheat-laden freighter Wilson B.
Keene with her.

Ben Lapham, Jr., of Mission,
Tex., second mate of the High
Flyer, testified that stowaways
were smoking aboard the ship
even after the explosion on the
Grandcamp and that no effort had
been made to lower her away from
the dock.

Ships in the Galveston water-
front area are still being loaded
with the material, the main pre-
caution taken being a strict pro-
hibition—mostly voluntary—
against smoking aboard such ves-
sels.

GERMAN BRIDE
AND G. I. LAND IN
HOUSING CRISIS

NEW YORK CITY, Apr. 25—
Former Sergeant Peter Rupeka,
the first G. I. to be married to a
German girl in Germany with
official approval, arrived at La
Guardia Field with his bride from
Frankfurt am Main. Although the
bridegroom's mother, Mrs. May
Rupeka, owns a bungalow in
Hempstead, L. I., the couple
couldn't go home because of a
repatriant tenant.

When her son enlisted in 1941,
Mrs. Rupeka rented the five
rooms on the main floor to Miss
Stella Sebeaki for \$30 a month,
reserving for herself only a single
room in the basement. Miss Se-
beaki refuses to get out. She de-
clined again yesterday. Only a
court order can move her, she

There are almost a million few-
er farms in the United States
than there were 20 years ago.

Day-Dreams Come True For Reporter

By JACK O'BRIAN
NEW YORK—When I was a hardly bashful reporter chasing murders and suicides in my home town of Buffalo I became for a swift few weeks a night-club-doo-doo-doo and dated a beautiful young lady with a swell sense of humor, a figure which compared nicely with the fanciest and a personality which all but busted right out of her corset.

Lieut. James E. Carter will arrive over the weekend to visit his parents, Mr. and Mrs. E. H. Carter, for a few days after which he will leave for New York where he will be married.

Mr. and Mrs. J. E. Rowland, Jr. will leave on Saturday for Louisiana, La. to attend the wedding of Robert Lewis Rowland to Jean Brown which will be held on April 27.

Mrs. J. A. Tipton, Sr. was left for Miami en route to Arkansas, Texas, California and Kansas. Mrs. Tipton has been the house guest of her niece, Mrs. Herman E. Morris, and family for the past six weeks.

Mr. O. P. Herndon, president of the Sanford Woman's Club, Mrs. Fred Williams and Mrs. Ralph Austin Smith returned Thursday from West Palm Beach where they attended the convention of the Florida Federation of Woman's Clubs.

Mr. and Mrs. Guy D. Wood Jr. and sons Darry and Wayne left today for Miami to visit Mrs. Wood's mother, Mr. Wood will return on Sunday to Sanford and Mrs. Wood and their sons will remain for some time in Miami.

Among the girls from Central Florida attending Florida State College for Women who were elected to become Sorority Council members in tapping ceremonies on the campus Monday night are Miss Jo Ann (Tom) of Orlando, Miss Kathryn Farnell of Sanford, Miss Nancy Jo Gonzalez of Sanford, Miss Helen Smith of Sanford, Miss Mary Ann of Sanford, Miss Mary Ann of Sanford, Miss Mary Ann of Sanford.

Like SHIRLEY SMITH has been elected to a wonderful job. She was home last week and also will be home this weekend. Sounds like to me—just a second look at my constantly overwhelming pile of homework makes me think twice. In fact it practically speaks out loud and tells me out loud anything but it. Just because we had our SPRING HOLIDAYS in March, the boys from BOY'S TOWN (Gville) had their last week. Among those home were: GLENN LINGLE, EGGIE HURD, KEIL POWELL, BILL SHOOK, MAMIE J. D. GROGAN, BOB CUMBLEY, PAUL HODGINS, KEN FLEPLER, BILLY BRUMLEY, GLENN ODHAM, TONY HIDDLESTON, ROBERT and EMMETT HERNDON, PETE and AL BROWN, FRANK BRANSON, and CULLEN WRIGHT. Guess that about covers it all. Of course, we'll all still be keeping our fingers crossed about the co-education bill. You should have seen the special issue just full of co-education news and features which was published by THE TRIBUNE. As the grapevine has it, the legislators were immensely surprised and impressed (in MANY ways) over their personally delivered copies... By the way, have YOU written your letter yet?

Mrs. Ruth Is Given Honors At Convention

Mrs. Sybil Ruth was elected state vice president of the Department of Florida, America Legion Auxiliary, at a meeting held recently in Miami. She was also installed at this meeting as the president of the sixth district of the auxiliary. Mrs. Ruth has served for two years as president of the Campbell-Lessing Post 64 Auxiliary. She is well-known in Sanford and has taught for 21 years at the Sanford Grammar School.

Day-Dreams Come True For Reporter

By JACK O'BRIAN
NEW YORK—When I was a hardly bashful reporter chasing murders and suicides in my home town of Buffalo I became for a swift few weeks a night-club-doo-doo-doo and dated a beautiful young lady with a swell sense of humor, a figure which compared nicely with the fanciest and a personality which all but busted right out of her corset.

Lieut. James E. Carter will arrive over the weekend to visit his parents, Mr. and Mrs. E. H. Carter, for a few days after which he will leave for New York where he will be married.

Mr. and Mrs. J. E. Rowland, Jr. will leave on Saturday for Louisiana, La. to attend the wedding of Robert Lewis Rowland to Jean Brown which will be held on April 27.

Mrs. J. A. Tipton, Sr. was left for Miami en route to Arkansas, Texas, California and Kansas. Mrs. Tipton has been the house guest of her niece, Mrs. Herman E. Morris, and family for the past six weeks.

Mr. O. P. Herndon, president of the Sanford Woman's Club, Mrs. Fred Williams and Mrs. Ralph Austin Smith returned Thursday from West Palm Beach where they attended the convention of the Florida Federation of Woman's Clubs.

Mr. and Mrs. Guy D. Wood Jr. and sons Darry and Wayne left today for Miami to visit Mrs. Wood's mother, Mr. Wood will return on Sunday to Sanford and Mrs. Wood and their sons will remain for some time in Miami.

Among the girls from Central Florida attending Florida State College for Women who were elected to become Sorority Council members in tapping ceremonies on the campus Monday night are Miss Jo Ann (Tom) of Orlando, Miss Kathryn Farnell of Sanford, Miss Nancy Jo Gonzalez of Sanford, Miss Helen Smith of Sanford, Miss Mary Ann of Sanford, Miss Mary Ann of Sanford, Miss Mary Ann of Sanford.

Mothers Will Find Baby Clothes Scarce

By DOROTHY ROE
Associated Press Fashion Editor
With the national birth rate expected to break all records in 1947, the question of baby clothes as a major problem for harassed mothers is being attempted to solve by manufacturers who are producing a variety of new styles and designs.

However, the prospective mother who does her baby shopping early should be able to gather together the necessary items without too much difficulty. Supplies are not only much larger than in the past year, but manufacturers are working overtime to keep up with the demand.

The mother may always solve the problem by two alternate methods: by buying a few extra sizes or by laying in a supply of disposable diapers.

Most young mothers find that the baby has more freedom of movement when the baby is in a two-piece outfit than in a one-piece outfit.

HOMONYM

The homonym is a verse puzzle using keywords of like pronunciation but different spellings. The keywords may be concealed by ONE, TWO, etc., or FIRST, NEXT or by asterisks corresponding in number to the letters in the words. For example:

As *** for an *** so * have heard

Was the ancient way of evening things,

Today we say, an *** for a No is what an even issue brings.

The answers are eye, eye, I and eye. Now try this:

"Some" rubless floor wax, please," she said,

The clerk politely shook his head,

Replied: "Our stock that item lacks;

All that we have is plain FIRST wax."

"Don't be so silly!" She was vexed,

Because by homonym perplexed;

"Who'd ever want to wax a NEXT?"

Feds Tripped By Pirates In 7 To 4 Contest

Daytona Beach Here Tomorrow Night; Saints Play In Sanford Sunday

By ARTHUR BECKWITH, JR., Herald Sports Editor

Sanford's inability to cover sacrifice hits resulted in a Leesburg Pirate 7 to 4 victory at the Municipal Ball Park last night.

Six Celery Fed errors, most of them coming as a result of the Pirates' ability to drop perfect sacrifice hits, marred the contest from the opening gun.

Leesburg opened the contest with a pair of runs. Ridgeway opened the contest with a single to left field. Stebbins reached first on an error by Jerry Silverman, Ridgeway advancing to second on the play. Manager Good placed a perfect sacrifice midway

between the mound and first base, allowing Ridgeway and Stebbins to advance. Johnson was safe at first on an error by Buddy Lake. Ridgeway and Stebbins tallied on the play.

Sanford scored a single run in the last of the initial frame on two free ducks issued to Danny Lastra and Johnny McManus, followed by a single by Dave Bride, scoring Lastra.

The locals forged ahead in the bottom of the fourth on a pair of markers. Lake and Joe Stico singled. Silverman advanced both runners on a sacrifice down the first base line. Don Ricketson lashed a triple against the left centerfield wall to send Lake and Stico marching home.

Leesburg added another in the fifth on a pair of singles and a fly ball which allowed Ridgeway to score on the tag-up. Sanford made their final run

in the fifth. Johnny McManus walked and Lake tripled into right field, allowing McManus to score.

Sanford's free-for-all error-spreed came in the sixth inning. Salter walked; Kelly placed a sacrifice in front of the plate which was error by catcher Martin Zaba. Herrington sent another sacrifice between first and the pitcher's mound which Silverman booted, filling the sacks. Heckler flied out to left field. Salter scored on the play.

Munch immediately followed suit in the bunting department, sending Kelly home. Ridgeway singled Herrington across the platter for the final run of the frame.

Leesburg added another score in the seventh on a pair of singles and a double.

Sanford moves to Daytona Beach for a contest tonight, and will return to the Municipal Ball Park for a tilt with the Islanders tomorrow night.

The Feds entertain the St. Augustine Saints at the local park Sunday afternoon at which time a commemorative service in honor of Babe Ruth will be held. All students will be admitted free of charge for the contest.

STUDENTS TO BE ADMITTED TO ST. AUGUSTINE GAME

All students will be admitted to the Municipal Park Sunday afternoon to see the Sanford-St. Augustine baseball game. It was announced last night by the Sanford Baseball Association.

Sunday has been designated "Babe Ruth Day" throughout the country, and the local Association is decided to allow the youngsters to see the Sunday contest in honor of the all-time baseball great.

Ruth will be present at the Yankee Stadium in New York for a commemorative program, which is to be broadcast across the country by a leading network.

This program is scheduled to be recorded and played over the public address system at the Municipal Park prior to game time Sunday.

The Babe that the country will be remembering will be the big-bodied fellow who used to lumbering out of the dugout at Yankee Stadium on legs that seemed too slender to support his weight. There was always a feeling of suspense when Babe stepped up to the plate. Even if the big fellow fanned out, there was a feeling that the fans had watched their money's worth in every move of the top player in the country.

Back in those days, everything Babe did was news and he had a habit of doing things that made news.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

The problem of getting the Pirates to come to Sanford next Spring really began brewing at the Junior Chamber of Commerce meeting yesterday.

Sanford has had no better chance of landing a big league club than they have right now. (The Pirates are a club with plenty of money. That is evident. Frank McKinnis and Bing Crosby both have large sums of cash tied up in the club. Roy Hamey, another gentleman with cash to spare, is connected with the club.)

If Sanford wants a Major League club to come to the city, now is the time to act. If a team of this caliber is not wanted by the townspeople, it should be so stated.

Sanford could have the Pirates here if the people could realize the value of the club and really get behind the effort in getting them to come here.

The publicity value derived from the daily news releases from a training camp are worth nothing short of a million dollars. The city could not buy the publicity derived from those releases. The city would not be able to afford the cost of the publicity alone.

Sanford would receive over \$30,000 in cash receipts for the stores in the event the team would locate here. There would be nearly 100 men associated with the club in the area.

Bing Crosby would likely be here. Crosby's being here would be worth the necessary cash outlay.

One of the most ardent Sanford admirers is at present working on the Pirates to come here. The admiring is none other than George Barr, who conducted an umpire school here last year, and thinks enough of us to return next year.

Everyone seems interested in getting the club here, but the people who have the ability will have to do something about it.

Jimmie Lynch Death Dodgers To Present Program Sunday

Stuntmasters with the Jimmie Lynch Death Dodgers congress of auto racing pilots, movie stuntmen and other personnel who defy death to live, will tour into action at the Seminole Speedway, now known as the Azalea Driving Park, at Casselberry Road, Sunday afternoon, April 27th, starting at 3:00 o'clock.

Innovations introduced to the thrill show field by the Jimmie Lynch organization in its 1947 tour include the jostling of general cash purses, on horses, 241-foot Roman steepchase and high jumping rams vs. with automobiles and the ever-popular Australian Pursuit Handicapped driving.

The Lynch legion of daredevils, which has become an American institution in its entertaining, is introducing 1947 convertible stock coupes in its presentation of automobile stunts this season.

Thus, drivers wheeling the cars through all the spectacular events will be in full view of the spectators, although their chances on safety will be reduced to a minimum.

Carrying a personnel that includes the outstanding performers of the late Lucky Teter's Hell Drivers, stars of the automobile and motorcycle racing world, and doubles for the luminaries of Hollywood's movie colony in their hazardous parts, the Jimmie Lynch Death Dodgers have added purse money to its 1947 edition, calling for the ultimate in daredevilry in chance-taking automobile driving.

LIKELY PROSPECT

PALMYRA, Penn., Apr. 25—Here's another likely prospect for Major League baseball scouts. A 16-year-old Palmyra, Penn., High School lad has pitched two no-hitters and one one-hitter in four games this season. The youngster is Dick Fidler. Incidentally, he was beaten in the one game in which he failed to stifle the enemy bats.

Morton Suspended By Bill Steinecke

DELAND, Apr. 25—Mgr. Bill Steinecke yesterday announced the suspension for an indefinite period of Deland Pitcher Glenn Morton on grounds of insubordination and not being in condition.

The action came after continued poor showings this season by the young Zellwood hurler who won eight and lost five for Deland last year. Morton gave up four walks and two hits for five runs in losing to the Orlando Senators at Orlando Wednesday night.

In 12 years with Detroit Hank Greenberg hit 306 home runs.

Molasses is rich in iron, which is important in the diet. Use this sweetening instead of sugar occasionally in cooking.

SPORTS ODDITY

By Associated Press

Many old timers state flatly that the athletes and teams of a generation ago were far better than present day counterparts. But no so venerable Amos Alonzo Stagg, the man who has coached splendid football teams for more than half a century. Stagg recently observed that any good class football team of these times could lick the immortal eleven of 40 years ago. He says the boys of today are bigger, faster, stronger and more agile than the men who made up the squads of old Yale, Harvard and Princeton. Why? Well, more boys play football, so coaches have better material. Kids begin playing football on the sandlots when they are 10 or 11 years old. By the time they are 15, they know more about proper form than did the old heroes their fathers and grandfathers so much admired. Then, too, Stagg believes the improvements in coaching, rules and equipment can't help but make for better football teams.

In 1942 when Ernie Bonham won 21 games he issued only 24 walks. Mel Ott has hit in a homer in Shibe Park, Philadelphia.

Roy Cullenbine has played with seven different ball clubs, including Detroit twice.

It requires about 195 minutes for the sun's meridian to cross the United States.

SERVICE BEYOND THE CONTRACT

H. JAMES GUT AGENCY

SPORTS LAUGH

By Associated Press

The late fight promoter, Tex Rickard, was one of the best-known men in America.

On July 2, 1921, when Jack Dempsey defended his heavyweight crown against George Carpentier in Boyles Thirty Acres in northern New Jersey, promoter Rickard arrived at the arena and hurried through the gate.

A husky policeman immediately collared him and bellowed, "Where do you think you're going, mister? Put up a ticket or take a walk."

"But I'm Tex Rickard," exploded the promoter.

Replied the policeman, "Applesauce. You're the fifth Tex Rickard that's tried that stall. Get out."

And the man who had engineered the great sports spectacle had to wait at the gate for about one hour until a fight manager known to the policeman had identified the promoter to the cop's satisfaction.

SPENCER DEFEATED IN DAYTONA TOURNAMENT BY VASCO LANDRUM

DAYTONA BEACH, Apr. 25—Defending Champion Jim Lee, Jr., of Tallahassee and other favorites had little difficulty today in advancing through the initial match play rounds of the thirtieth Florida Amateur Golf Tournament.

Lee defeated Bill Stember of Miami 4 and 2 in the opening round and then eliminated J. A. Fowkes of Orlando one up on the nineteenth hole in the afternoon contest.

The exception to today's advance of the favorites was C. E. (Jim) Spencer of Sanford, who posted a two-under-par 70 over the 6,188-yard Daytona Beach Country Club Course yesterday to take the qualifying medal.

Spencer was defeated 3 and 1 by Vasco Landrum of Ponte Vedra Beach in the first 18-hole round today.

Charlie Harper, long-hitting Jacksonville linksmen, breezed through the first two rounds with ease. He defeated Larry Smith of Orlando 5 and 4 in the morning contest and beat Henry Camp of Ocala 6 and 5 in the afternoon round.

Tomorrow's quarter-final pairings: Lee vs. Berner, Rodgers vs. Hayes, Harper vs. Landrum, Colter vs. Paragon.

The quarter-finals will be run off tomorrow morning with the semi-finals scheduled for the afternoon. The 36-hole finals will be played Saturday.

DERBY TOO TOUGH

LXINGTON, Apr. 25—Trainer Bert Alexandria says he has just about decided not to start Cornish Knight in the Kentucky Derby. Despite the thoroughbred's good record on New York tracks this Springs, Alexandria says he believes the mile and one-quarter route of the Derby is too tough an assignment for Cornish Knight.

MINE TOLL DROPS 37 PER CENT IN 4 YEAR PERIOD

WASHINGTON, Apr. 25.—Coal mine fatalities declined from 1,471 in 1942 to 928 in 1946, a drop of 37 per cent, the Bureau of Mines informed the House Appropriations Committee.

A tabulation, made public in printed hearings on the Department of the Interior appropriation bill, shows that the number of accidental deaths from all causes in bituminous mines fell from 1,246 in 1942, when the Federal coal mine inspection act became effective, to 758 in 1946. For anthracite mines the figures were 226 in 1942 and 170 in 1946.

Falls of roofs and mine facings were the chief causes of death, accounting for 529 deaths in bituminous mines in 1942 and 425 deaths in 1946. For anthracite mines, the figures were 132 in 1942 and 102 in 1946.

The tabulation shows that the fatality rate is higher in anthracite mines than in bituminous mines. The rate of fatalities per million tons of coal mined in 1942 was 3,708 for anthracite and 2,139 for bituminous. In 1946 the rate was 2,801 for anthracite and 1,422 for bituminous.

Going Down for Five Years
Dr. R. R. Sayers, director of the Bureau of Mines, told the committee that the number of coal-mine fatalities—bituminous and anthracite combined—has been "going down for this five-year period of Federal inspection, and that is the first time that has ever occurred during the whole time we have had a history of statistics on coal-mine accidents."

Another tabulation given in the committee report shows that the number of deaths from coal-mine explosions declined from 136 in 1917 to 80 in 1946. The figures are for deaths caused directly by explosions and to deaths from explosions of gas and dust caused by blasting or explosives.

The tabulation lists the death rate per million tons of coal mined in 1917 at 208. In 1946 it was 104.

The deaths from explosions were listed by years as follows: 1917, 186; 1920, 175; 1925, 195; 1930, 88; 1931, 41; 1932, 74; 1933, 34; 1934, 37; 1935, 50; 1936, 52; 1937, 46; 1938, 86; 1939, 61; 1940, 110; 1941, 40; 1942, 41; 1943, 37; 1944, 55; 1945, 48; 1946, 20.

Lack of Funds Cited
"They (the uninspected mines) are small and there is lack of funds," he said. "We do not have enough personnel to get around to all these mines. Therefore, we take those where there are the greatest hazards. We have to do a selective job."

He said there are 157 inspectors and this number probably will be increased to 200. He said 400 mines a month are being inspected, which means that each mine is visited once a year.

But, he added, "that certainly is not enough."
He said that in general the bureau was receiving co-operation from the mine operators and workers.

A House Labor Subcommittee is planning to check mine safety in seven or eight states—Missouri, Alabama, Indiana, Illinois, Kentucky, West Virginia, Montana and perhaps Oregon. The chairman, Representative Max Schwabe, Republican, of Missouri, told a reporter the group will split into two teams and probably will set out next week.

The House Appropriations Committee said in its report on the Interior Department fund bill that

if the bituminous coal industry needs statistics it should compile them itself. The committee denied funds for the Bureau of Mines to continue such statistical work because "if there is sufficient demand for the collection of such statistics the work should be performed by private industry which is the beneficiary of such information."

CAPITAL ENJOYS CONCERTS GIVEN IN SUMMERTIME

By JANE EADH
WASHINGTON—Each summer since 1935 the National Symphony Orchestra has played on a barge moored about 40 feet out in the Potomac river just below the Lincoln Memorial.

Concerts are held three times weekly. Capital music lovers look forward to hearing select music in a natural setting, despite kicks that airplanes taking off and landing at the National Airport down the river a little way some times drown out some of the music.

Chairs are arranged along the bank for the Watergate, or Sunset concerts, as they have come to be known. The chairs, which are rented from Government Services, a private concern which also supplies a watchman, are put up and taken down before each concert.

But people can hear the concerts from Memorial Bridge, from canoes tied up near the barge, from autos parked in the surrounding driveways. Lots of people sit on the velvety grass in front of the Memorial. Last season some 208,000 people heard the concerts, but only 68,000 paid admission.

All winter the barge is kept at the District of Columbia docks in the Anacostia river and brought up around the first of May. The season begins on June 19.

The barge is the property of the National Capital Parks. This is the third barge and was built in 1938 by WPA workers. It is in pretty bad shape . . . keeps sinking an inch or two. Engineers

have to keep pumps in the bottom.

The first barge was an old mud scow used for dredging in the Potomac. The second barge was the first barge "revived."

"There was a lot of comment, favorable and otherwise, last year when the Symphony association decided to make the barge setting 'more decorative and gay,' as a barks official put it.

Up until then the barge shell was merely painted blue, and the only "prop" was the American flag.

"We put in a sort of symbolic background with painted red columns and so on to make it look more like a stage than a hole in the wall," said the official.

There are tentative plans for building a new barge. The National Capital Parks has acquired a hull from the War Department's surplus property list and it has been brought here from St. Eustace, Va., where it saw service all during the war.

"It is metal and the experts say it ought to last for the next 50 years if it's handled right."

MENU

- (Serves Four)
- Shrimp on Cocktail
- 2 pounds cooked shrimp
- 1 clove garlic
- 2 tablespoons flour
- 2 tablespoons melted butter or margarine
- 1 cup cream
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- Paprika
- 1/2 cup catsup
- 1 1/2 tablespoons Worcestershire sauce

Buttered Bread Crumbs
Rub pan well with a split clove of garlic. Blend flour with melted butter or margarine. Add cream gradually and cook, stirring constantly until smooth and thick. Add seasonings and shrimp. Fill shells or ramekins. Sprinkle with crumbs and place in a hot oven (400 degrees). Cook 10 to 12 minutes until nicely browned on top.

Clover and grass to be seeded in the spring of 1947 will be fed as hay in the winter of 1948-49 and later.

Director Declares Public Health Nurses Are Needed In Florida

JACKSONVILLE, Apr. 25 (Special)—Florida is taking time out this week to pay tribute to her blue-clad army of mercy—her more than 305 public health nurses and 35 supervising nurses—joining the rest of the country in observing Public Health and Nurse Week.

Specific objective of the celebration this year, according to Miss Ruth Mattinger, Director of the State Board of Health's Division of Nursing, here and over the country is the recruiting of public health nurses—vitaly needed to show individuals and families how to protect their own health. Thus, preventing sickness and suffering.

To carry on their many duties effectively, the public health nurses in Florida need 36 new members to fill their ranks. At present, five counties in Florida are without a public health nurse and many counties have only one. And, eight supervising nurses are needed.

Many and varied are the "good" deeds done by these nurses as a matter of routine. They help private physicians and health officers break the chain of infection. They direct patients to available sources for diagnosis and treatment. Their activities cover the fields of child hygiene, maternity service, venereal disease, tuberculosis control and industrial,

school and home sanitation. Specifically, they demonstrate bedside nursing care to people who are sick at home and they teach other members of the family to give necessary care.

Service rendered by them is NOT charity. It is a community service to which everyone may turn for help.

All public health nurses are registered, graduate nurses and are expected to have special postgraduate training.

During this week, in order that the public might become better informed about the work being done by their nurses, there will be special radio programs, newspaper articles, exhibits, films showing the public health nurses on the job and talks to various groups.

About half of all the oranges and lemons, and practically all the grapefruit produced in the world this season were grown in the United States.

Union Rejects Wage Offer Of Iowa Company

Union Spokesman Says \$2.50 Offer Is Not Enough, Gives \$6.00 Raise As Minimum

DES MOINES, Iowa, Apr. 28—Striking telephone workers in Iowa today definitely rejected a raise of \$2.50 a week as a condition for ending the walkout. The offer was made last night by the Northwestern Bell Telephone Co.

The offer was later extended to 17,500 telephone employees in five midwestern states, including Nebraska, Minnesota and the Dakotas as well as Iowa. The position of the union in Iowa was stated by A. R. Tappier, secretary of the Northwestern Union of Telephone Workers in that state, as follows:

"As far as we're concerned, a \$6-a-week boost is the minimum offer we'll consider at present. They've got to come across with something better than \$2.50 before we'll consider it."

This attitude put a dent in hopes that the nationwide strike might be settled with acceptance of the offer from Northwestern Bell as a starter. Henry Mayer of New York, attorney for the Northwestern Union, had said the strike could be settled if the \$2.50 offer were accepted.

The fourth week of the nationwide telephone strike began this morning with the prospect that the day would produce the first real break in the issues since the walkout started.

There was new optimism among both government and union officials that the strike might be near an end. This view was spurred by an offer of a flat pay increase of \$2.50 weekly to 17,500 employees of the Northwestern Bell Telephone Company.

This wage offer was the first proposed by any Bell System company. It covers northwestern Bell employees in five states: Minnesota, the Dakotas, Iowa and Nebraska.

The Northwestern negotiations are among the more than 20 in a country-wide effort to settle labor disputes throughout the nation. All the companies have offered to arbitrate the wage issues involved.

Senator Bridges Hails Marshall's Firmness

WASHINGTON, Apr. 28—Republican Senator Styles Bridges of New Hampshire said today that Secretary of State George Marshall did an excellent job at the Moscow conference of foreign ministers. Bridges, chairman of the Senate Appropriations Committee, attended last night's White House conference in which Marshall gave a private review of the Moscow meeting for President Truman and key lawmakers.

Bridges disclosed that the White House conference revived entirely around the Moscow meeting, with other subjects brought up.

"I feel that General Marshall's firm stand at Moscow on the principles we believe must be carried out if there is to be a lasting peace that will give hope and courage to all the people of Europe, the Soviet Union and the United States," Bridges said.

"From his report I believe he has clarified the issues in such a way that we may hope for eventual progress."

Britain-Poland Trade Pact Is Agreed Upon

LONDON, Apr. 28—Britain and Poland today agreed to sign a \$222,000,000 trade agreement. If the pact goes through, it would make Poland the first nation in the Soviet sphere to agree to a major trade accord with the western powers. A well-informed Polish source, sympathetic to the Communist-dominated Warsaw government, said the agreement could be interpreted as what he called "a thin edge of the wedge" coming between Poland and Russia.

It was said that Prime Minister Stalin was informed of the move by the Poles and was told the step had to be taken because Poland needs goods which Russia could not provide.

Last Rites for Motorcyclist

A CATHOLIC PRIEST administers last rites to Joseph S. Nufer, 22, as he lays under the wheel of an automobile a few minutes before he died. Nufer was riding a motorcycle when he was hit by one car and thrown in front of another (above) driven by William H. Allen. Police are seeking the first driver, who sped away without stopping. (International)

Many Are Injured In Two Railroad Train Accidents

Derailment In California Is Followed By Indiana Wreck

ONTARIO, Calif., Apr. 28—Sixteen cars of the Southern Pacific's New Orleans-bound Argonaut passenger train were derailed last night's here and 25 minutes after the train left Los Angeles.

Thirty-seven passengers are said to have been injured, seven or eight of them seriously. There was no mention of fatalities in early accounts of the wreck.

The locomotive and two baggage cars of the 18-car train remained on the rails, but the first chair car left the track and the next car ripped the side off the derailed chair car. Timmen said there were only three passengers in the first car.

About 300 yards of track were ripped up. A Pullman conductor, H. E. Lindblom of Los Angeles, said there was no panic among the passengers.

Ambulances were rushed to the scene from nearby communities to take the injured to hospitals. The train left Los Angeles with its 176 passengers at 8:20 P. M. Pacific Standard Time. The wreck occurred near Guasti, Calif., as the train was running at about 65 miles an hour on a straight level stretch of track. There was no immediate explanation for the wreck.

The Southern Pacific sent another train from Los Angeles to pick up the uninjured passengers and continue the trip.

WARSAW, Ind., Apr. 28—Ten cars of the Pennsylvania Railroad's Dearborn Limited left the tracks in the center of Warsaw today. All of the 147 passengers were shaken up but only four persons, including a crossing watchman, were hurt seriously enough to need hospital attention.

Railroad workers said the Limited apparently tore a rail loose at the crossover of the Big Four and New York Central lines. The double line of rails was torn up for about four blocks.

Several cars were leaning to one side but none overturned, neither did the engine leave the rails.

Most of the passengers were taken back to Columbia City. (Continued on Page Three)

GI Mental Patient Remains At Large

SAN FRANCISCO, Apr. 28—The search continued today for one of the four dangerous mental patients who escaped from the Army's Letterman General Hospital in San Francisco Sunday. In making their break, the four patients took along a hospital orderly as a hostage.

Three of the fugitives were released last night. The search now has widened for the fourth escapee and the orderly.

The patient who is still at large is 24-year-old Frank Wallrath of Long Island City, N. Y.

This orderly who has not yet been found is Wallace Williams of Fort Worth, Tex.

Hearings End Wednesday On Tax Cut Bill

OPA Frees 28 Areas In 22 States From All Rent Control; Florida Unaffected

WASHINGTON, Apr. 28—Chairman Eugene Millikin of the Senate Finance Committee today set Wednesday as the deadline for the group to wind up its public hearings and start coming to a decision on an income tax measure. That will give the committee two or three days to reach decisions on essential points.

The measure in the fire is the House-approved bill which would provide 30 percent cuts for those in the low income brackets, 20 percent for the so-called middle brackets and 10 and a half percent reductions for those in the top brackets.

Under the House bill, these slashes would be retroactive to last Jan. 1. What the Senate committee must decide is: Either adopt the House formula or some other tax-cutting measure such as the one put forward by Democrat Scott Lucas of Illinois.

He said he doesn't think any cuts should be made before next Jan. 1. He advocates personal exemptions increased by \$100 and two percentage points should be dropped off each surtax bracket.

Today the Senate Committee heard testimony from the United States Chamber of Commerce in support of the House bill.

The Office of Price Administration ordered 28 areas and portions of 11 others freed from rent ceilings. The order becomes effective Thursday. Meanwhile, Congress is moving nearer to a showdown on divergent House and Senate bills to extend rent controls beyond June 30.

The OPA de-control order issued today is expected to be the last before the OPA rent division is transferred to the office of Housing Expediter Frank Greenwood. The transfer is to take place on May 4.

Rent controls abolished by the government in 248 areas and portions of 11 others in 22 states affect only one Florida section, a portion of the Panama City area. The decontrol in other sections applies to all living accommodations in the areas concerned, including homes, apartments, hotels, tourist camps and rooming houses.

OPA Commissioner Max McCallister said today that the transfer is to take place on May 4.

At present, the only item on the agenda for the special session is a British proposal. The British want the Assembly to set up a fact-finding committee to study the Palestine problem and report to the regular assembly meeting in September.

But the five Arab states, Iraq, Syria, Saudi Arabia, Lebanon and Egypt, have asked that the special session also consider their demand for an immediate end to Britain's mandate over the Holy Land.

The steering committee was suggested by Dr. Oswaldo Aranha of Brazil and accepted without opposition.

Earlier, Dr. Aranha was elected president of the extraordinary session. The representatives of the United States, France, Britain, Russia, China, Ecuador and India were elected vice presidents.

The Assembly officers, plus the chairmen of the Assembly's six standing committees, will make up the steering committee.

In a surprise move, the official Jewish Agency announced that it would not sit in on the Assembly meeting unless it was recognized formally.

JERUSALEM, Apr. 28—Apparently there will be no truce in the Jewish underground campaign against the British during the United Nations debate on the Holy Land.

In a radio broadcast over a secret transmitter the militant Jewish underground organization, Irgun (Continued on Page Three)

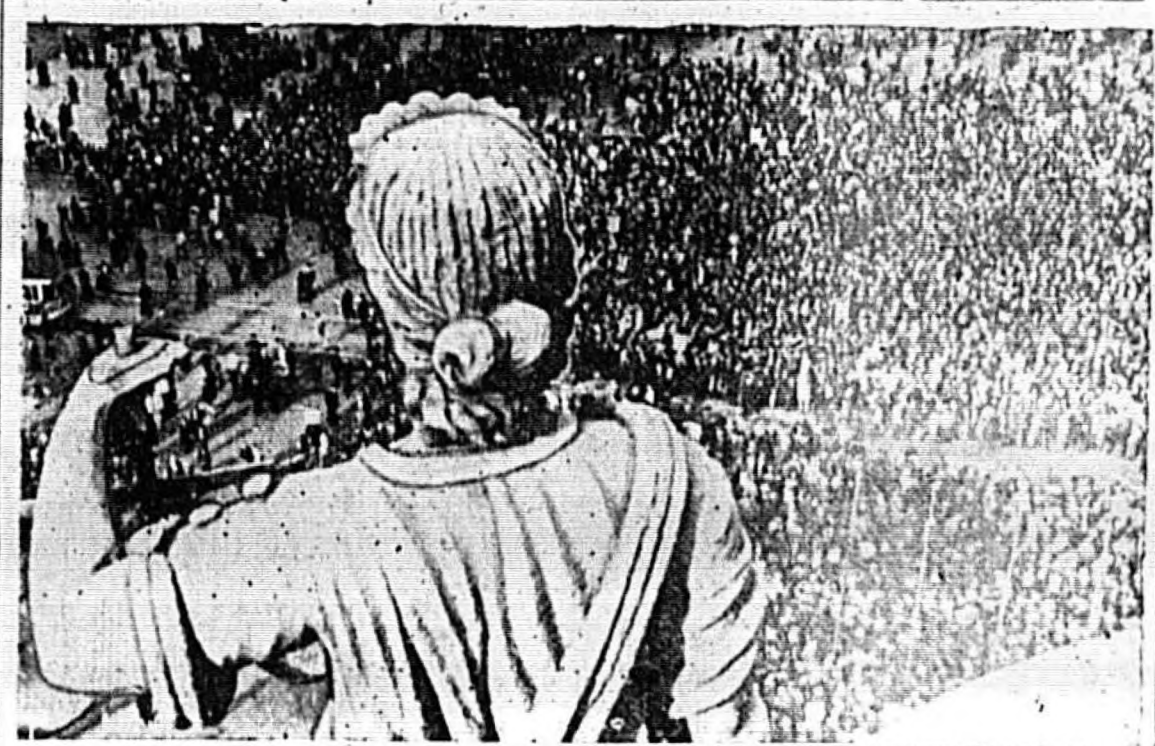

Evictions During OPA Lapse Are Outlawed

WASHINGTON, Apr. 28—The Supreme Court today upheld the right of the OPA to bar evictions which were started when the agency died temporarily from last June 30 to July 25. The high tribunal, by a vote of 8 to 1, ruled that the OPA can ban the carrying out of eviction judgments won against tenants during that period when price controls lapsed.

The ruling reversed a federal district court decision that the present price control law was unconstitutional because landlords could not take advantage of eviction judgments won at that time.

MAIL SCHEDULES
Due to changes in train schedules the city mail carriers will be approximately 90 minutes later on each trip than has been customary. It was announced this morning by postmaster Joel S. Field. The new schedules went into effect today.

Detroit Workers Hold Giant 'Save Labor' Rally

SHOWN AT A MASS DEMONSTRATION in Cadillac Square, Detroit, Mich., April 27, 1947, are some of the thousands of workers who sacrificed a half-day's pay to protest labor legislation. The picture was taken by the Associated Press. (International)

Sanford Radio Station To Go On Air May 5

Rivers And Parrish Tell Rotarians Of Plans For Station

The new Sanford radio station WTRR will begin broadcasting on May 5, or at the latest by May 7, Joe Parrish, commercial manager, told the Rotary Club today at its regular weekly luncheon. James S. Rivers, owner, revealed that the towers will be 250 feet high in order to provide for Frequency Modulation broadcasting.

Introduced by Orville Touchton, who had charge of the program, both speakers expressed their appreciation for the cooperation they have received here from the business leaders of the community. The transfer is to take place on May 4.

Rent controls abolished by the government in 248 areas and portions of 11 others in 22 states affect only one Florida section, a portion of the Panama City area. The decontrol in other sections applies to all living accommodations in the areas concerned, including homes, apartments, hotels, tourist camps and rooming houses.

OPA Commissioner Max McCallister said today that the transfer is to take place on May 4.

At the suggestion of G. W. Spencer, it was decided to hold the annual Rotary Club boat ride on May 23. Arrangements were referred to a committee headed by Earle Turner. Roy Holler, who presided, announced that President G. A. Speer and H. H. Coleman are attending the Rotary Convention in Daytona where the principal speaker last night was Suffragan Bishop Henry Loutit, a past president of the Sanford Rotary Club.

Optimism Over Russia Is Felt By Marshall

Report Of Meeting To Be Given On Radio At 8:30 Tonight By State Secretary

WASHINGTON, Apr. 28—American hopes for the easing of tension between the United States and Soviet Russia were raised today by word that Secretary of State Marshall believes that this country's firmness on peace treaty issues may cause Russia to give ground.

Marshall's view was presented to congressional leaders at a White House conference Sunday night. The Secretary of State is going on the air at 8:30 P. M. EST tonight to report to the nation on the results of the Moscow conference of foreign ministers.

Some of those who attended the two-hour session with the President and his Cabinet Sunday night said they came away with the impression that Marshall believes the unbounding attitude he displayed at the Big Four meeting already has had the effect of making the Russians less sure of themselves.

The soldier-diplomat was said to have advised patience with the Russians in the hope that as they digest the American position they may go to London in November more amenable to suggestions from their wartime allies.

The Secretary of State was understood to have related to the proposed American action to support Greece and Turkey against Communism appears to have made a profound impression on the Russian people and their leaders.

In dealing with his talk with Prime Minister Stalin, near the close of the Moscow sessions, the Secretary was said to have told the White House meeting that he talked for 90 minutes with the Soviet leader and for more than an hour of this time, they discussed America's position on world issues.
