Reds Accused Of Share In Seamen Strike

Union President Said To Have Attended Meeting With Communist Party Heads

NEW YORK, June 17, (AP)—The World-Telegram said today that Harry Bridges, president of the International Longshoremen's and Warehousemen's Union (CIO), held a secret conference yesterday with top officials of the Communist Party.

Present with Bridges at the meeting in the apartment of Murray Winocur, secretary of the CIO Maritime-Joint Policy Committee and one of the leaders of the current maritime stoppage, the World-Telegram said, were William Z. Foster, national chairman of the Communist Party; John Williamson, C. P. national labor secretary; Robert Thompson, New York state secretary, and Al Lannon, the party's national coordinator for the maritime industry.

The World-Telegram story, by Pulitzer prize winner Frederick Woltman, said that Foster, Williamson and Thompson left the building in which Winocur lives, shortly before Bridges' departure.

The story said they entered a chauffeur-driven automobile whose license plates were registered in the name of William E. Foster, the name under which the Communist chief earlier this year was issued a passport.

Bridges was the subject of (Continued on Page Eight)

Ruprecht Elected Head Of Infantile Paralysis Chapter

Dr. R. W. Ruprecht was elected chairman of the Seminole County Chapter of the National Foundation for Infantile Paralysis at the annual meeting of the board held at the Tourist Center yesterday afternoon. Ned Smith, former chairman, presided at the meeting.

Mrs. George A. Speer was re-elected secretary, and H. W. Deane, treasurer. Rolland Dean was elected vice chairman. The board of directors was re-elected with Mrs. John Galloway as a new member. Randall Chase, who was commended for his work on the March of Dimes campaign this year by Mr. Smith, was elected to head the drive again next year.

Dr. Frank Quillman reported that so far this year there have been no cases of infantile paralysis in Seminole County and only four in the state. He was presided with about 400 at this time last year.

The treasurer's report showed that the local chapter had receipts of $2,113.75 and disbursements of $1,819.48. The operating deficit was taken care of out of cash on hand at the beginning of the year of $1,172.26, leaving a balance on hand at the present time of $585.78.

The March of Dimes campaign was successful in raising $3,114.54 of which $1,009.07 was contributed to the national fund. However, some $2,113.70 was spent by the local chapter to direct aid to infantile paralysis patients in Seminole County.

Truman Nominates Envoy To Argentina

WASHINGTON, June 17, (AP)—President Truman today nominated James Bruce, Maryland corporation executive, to be ambassador to Argentina, succeeding George Messersmith, who resigned.

Bruce, 54, is vice president of the National Dairy Products Corporation and a director of 14 corporations. He is a graduate of Princeton University and the University of Maryland. In World War One he was assistant military attache to Italy and representative of the Italian peace conference in Montenegro and Albania.

He is a resident of Eccleston, Md., but maintains offices in New York. He is married and has two daughters.

PAINTERS TO MEET

Painters Local No. 1597 of the American Federation of Labor which recently received new members on a list seven charter, will meet tonight at 8:00 o'clock at the Carpenters' Union hall. Painters in the vicinity are invited to attend.

Florida Fashions Brings New Industry To Sanford

A new and expanding industry for Sanford of tremendous potentialities was revealed to City officials and representatives of the Seminole County Chamber of Commerce this morning by Frank Shaines who said that he hopes to make Sanford the fashion center of America and explained that he is already shipping thousands of dresses weekly from this city to every state in the union and many foreign countries.

Under the firm name of Florida Fashions, Inc. the company began operations last September at 402 East First Street where more than 70 persons are now employed in the largest mail order business in this part of the state. All the materials produced exclusively in the South, garment manufacturers from a number of Southern states supply the more than 30 models which are sold under such trade names as "Florita," "Am-rita," "Whirligig" and "Honey-Belle."

A mailing list of over one hundred thousand names has already been built up through advertising in 80 metropolitan newspapers and 20 national magazines. Such publications as Life, Look, Country Gentlemen, True Confessions, Real Romances, Parade, New York Daily News, Chicago Tribune, Los Angeles Times, Baltimore Sun, Des Moines Register and the San Francisco Examiner have been used to secure over 125,000,000 insertions for a single month alone.

That Sanford is getting more publicity from this advertising than anything that has ever happened here is revealed by the fact of sample advertisements which contain such phrases as "Florida Fashions—Brings Florida Glamour to You—Sanford, Fla." That is the slogan of the company, and the letter head of its stationery as well as its advertisements invariably contain an outline of the state of Florida with a palm tree.

Following a tour of the organization's offices today in which they saw thousands of bolts and of dresses being prepared for the three daily mailings, Sanford civic leaders enjoyed a short fashion show in which various styles now being sold were displayed by Miss Emily Matthews, Miss Lillian Arenberg, Miss Jane Thigpen, and (Continued on Page Eight)

Red Premier Of Bulgaria Hits U.S. Criticism

Hope Is Expressed No Action Will Hurt Friendly Relations

BUDAPEST, Hungary, June 17, (AP)—Dezso Sulyok, outspoken leader of the Anti-Communist Freedom Party, said today that, unless guaranteed freedom of assembly, he would schedule no more political addresses risking open brawls with the Reds.

SOFIA, Bulgaria, June 17, (AP)—Communist Premier Georgi Dimitrov took issue today with a United States criticism of Bulgaria but said he hoped no action would be undertaken which might hinder the establishment of normal and friendly relations between the two countries.

Dimitrov commented on a formal statement issued by the State Department in Washington June 11 with reference to the arrest in Sofia five days earlier of Nikola Petkov, leader of the opposition Agrarian Party, who was accused of plotting against the Bulgarian government.

He said he personally was "not informed" that all freedom supporting people outside Bulgaria had authorized the State Department to declare that they would place the present Bulgarian regime on trial. He said he hoped nobody was informed to that effect.

(The U. S. statement said that just as certainly as Petkov went on trial, so will the present Bulgarian regime be on trial in the minds of many Bulgarians and certainly in the opinion of all freedom-loving peoples outside Bulgaria.)

Dimitrov said the current Bulgarian administration was arrived at by and consciously supported by a large majority of the Bulgarian people.

"The hopes of some native, shortsighted people are that the arrest of Nikola Petkov will be followed by stormy protests and disturbances and even partisan activities against the fatherland (Continued on Page Three)

Jews Lay Claim For State To UN Group

JERUSALEM, June 17, (AP)—Moshe Shertok, head of the Jewish Agency, laid before the United Nations Security Commission today a "factual and statistical introduction to our claim for a Jewish state."

Enid Sandstrom, white-haired chief justice of Sweden and chairman of the commission, presided at the first public session, attended by 300 reporters and visitors having special cards.

George Symeonides, commission press officer, said Palestine authorities had assured him that normal censorship of Palestine newspapers would be lifted for coverage of the hearings.

MASONIC NOTICE

The Magnolia Lodge No. 62 will meet tonight at 8:00 o'clock at the Masonic Hall at which time the Master degree will be conferred.

Truman Calls Training Bill Vital To U.S.

Country's Pledge To Aid Free Nations Makes Plan Military Necessity

By ERNEST B. VACCARO

PRINCETON, N. J., June 17, (AP)—President Truman said today this country's pledge to help free nations resist the "encroachment of totalitarian pressures" makes universal training a "military necessity."

"We must remember above all," the Chief Executive asserted, "that these men would not be training in order to win war, but in order to prevent one."

The President came here by special train from Washington to receive his tenth honorary doctor of laws degree at a Princeton University bicentennial convocation in which similar honors were bestowed on 36 other outstanding leaders.

Peace-loving nations," Mr. Truman said in his prepared address, "can make only slow progress toward the attainment of a stable world, in which all peoples are free to work out their own destinies in their own way, unless their moral leadership is supported by strength.

"Weakness on our part would stir fear among small or weak-minded nations that we were giving up our world leadership. It would seem to them that we lacked the will to fulfill our pledge to aid free and independent nations to maintain their freedoms, or our commitments to aid in restoring war-torn economies.

"In such an atmosphere of uncertainty, these nations might not be able to resist the encroachment of totalitarian pressures. They might think it would be a bargain to go by default."

The President said universal training is "vital to the national welfare." He declared:

"Universal training represents (Continued on Page Three)

Clay Reports Youth Of Germany Are Not Becoming Democratic

BERLIN, June 17, (AP)—Gen. Lucius D. Clay said today that Germany's youth had not absorbed many of the principles of democracy since V-E day, and blamed lack of good German leadership for the slow progress made.

Clay asserted in his report that some strides had been made towards democratization, but said that a prime requisite for the development of sound youth organizations is the former Reich was the re-awakening of certain moral and spiritual forces among German youth.

Also needed, he said, is development of a willingness to respect the youth movement along democratic and peaceful lines, reformed school systems, improved economic and political conditions in Germany and increased contacts of youth groups with the outside world.

In the American zone of Germany there are 2,299,507 youths between the ages of 10 and 18, Of this number only 890,416 are enrolled in youth groups, 40 per cent of them in religious groups and 31 per cent in sports organizations. Clay said. Those not enrolled in handicraft, cultural, labor union and miscellaneous groups.

The report disclosed that more emphasis has been placed on cultural and educational programs in the past six months in contrast to the concentration on athletic activities in 1945, and 250 army officers and 600 enlisted men now devote their full time to youth activities.

Rape Sentence Upheld By Supreme Court

TALLAHASSEE, June 17 (AP)—The Supreme Court today upheld the death sentences for rape of a 4-year-old white girl.

The court, in an opinion by Circuit Judge George Holt of Miami, ruled a confession by Malcolm was not obtained by force or threats, and if it was admitted at the trial were erroneous "the remaining testimony is overwhelming that it would be a harmless error."

Appellant received a fair trial in every respect; he was treated with every possible care and consideration; he had able counsel; every opportunity to present his defense in the trial was granted him," the court said.

Britain And France Start Organizing Aid To Europe Plan

PARIS, June 17, (AP)—President Vincent Auto said today France welcomed the initiative, "audacious" statement of U. S. Secretary of State Marshall, who has proposed American help in the economic rehabilitation of Europe.

"Light has just illuminated the path open by the foreign ministers," said France, who throughout the day has never ceased searching for the fraternal cooperation of the peoples in the economic and political field, is firmly resolved not to let this flame be extinguished."

The president spoke at a luncheon given by the foreign press association as top diplomats of Britain and France gathered here for the first of a series of international conferences on the suggestion that Europeans draw up a program to restore their continent without U. S. aid.

British Foreign Secretary Ernest Bevin flew to Paris from London for conversations with French Foreign Minister, Georges Bidault on means of implementing Marshall's plan. They planned to hold their first meeting at dinner tonight.

City-Wide DDT Fog Spraying Is Contemplated

Spraying of alleys with Southern Chemical Company's fogging machine using a DDT solution to rid the City of insect pests and promote public health may take place in the near future if the City Commission approves of said spraying at its meeting Monday evening, City Manager H. N. Sayer said this morning.

The City has on hand 55 gallons of concentrated DDT supplied by the State for this purpose, according to Dr. Frank H. Quillman, director of the Seminole County Health Unit, who has described the fog spraying machine as much more effective than the pump and spray outfit used last summer in alleys when the polio scare was at its height.

Dr. Quillman today urged that communities throughout the county use this method of getting rid of flies, mosquitoes, gnats and any vermin which carry disease germs. Persons who have their homes fog-sprayed can rid the premises of insects for six months, he declared. This can be done by arrangement with the chemical company.

Several months ago the City tested fog spraying on the Municipal Zoo, the Tourist Center building and the Public Library. The spraying machine is reported to be able to progress down alleys at up to five miles an hour.

Widow Of Nazi Leader Fined And Sent Home

BERCHTESGADEN, Germany, June 17 (AP)—Mrs. Fritz Sauckel, widow of the German labor leader hanged as a war criminal, was convicted today of being a Nazi.

The German denazification court fined her 1,000 marks ($100) and ordered her to live henceforth with this admonition:

"You can break thrust out your sins by going home and educating your children in a democratic way."

She was the first of the widows of leading German war criminals to be tried.

A tractor was damaged by fire today shortly before noon at the Porter Lansing Garage, 413 West Thirteenth Street. Firemen upon arrival found that the blazing tractor had been hauled by a jeep out of the garage. Damage was estimated at about $40 by Fire Chief Mack Cleveland.

Palestine Commission Takes Off

READY TO TAKE OFF for the Holy Land, three members of the United Nations Committee on Palestine are pictured at LaGuardia Airport, New York. They are (l. to r.): Dr. Alfonso Garcia Robles of Mexico, the principal secretary; Dr. Emil Sandstrom of Sweden, the commission chairman and Dr. Victor Hoo, China, who is the personal representative of Trygve Lie, United Nations secretary general. (International)

Sheriff Reports Busy Week-end With 3 Arrests

Lake Howell Resident Charged With Intent To Murder

Three white men were arrested during the week-end on warrants issued by Judge R. W. Ware; one for assaulting a 17 year old youth with intent to commit murder, and two on rape charges, it was reported today by Sheriff Percy Mirro.

Clarence Richards, who lives in a cabin near Lake Howell, was arrested last night and his bond was set at $50 on a charge of assault with intent to commit murder against a 17 year old youth, Billy Bamburg, also a resident of the Lake Howell district. The warrant charges that Richards struck, bruised and ill treated the youth. (Continued on Page Eight)

Witness At May Trial Stricken In Court

WASHINGTON, June 17 (AP)—Joseph H. Freeman, wartime Washington girl for the Garson munitions combine, collapsed today and was sent to a hospital "in very bad shape" after testifying at the May-Garson war fraud trial.

Austin Canfield, Freeman's attorney, told reporters Freeman suffered a "serious heart attack" and "is in very bad shape."

Freeman, after being allowed to leave the witness stand on a complaint that he was ill, suffered the heart attack a few moments later and was taken to a Casualty Hospital.

Freeman was a defendant in the war fraud trial but Justice Henry A. Schweinhaut directed his acquittal in federal court upon conclusion of the government's case several weeks ago.

Use Of Citrus For Foreign Relief Urged

WASHINGTON, June 17, (AP)—Florida, Texas and California citrus interests will attempt today to convince the Department of Agriculture their products should be used in foreign relief.

Robert C. Evans, general manager of the Florida Citrus Commission, said the industry feels especially that canned and processed citrus fruits should be used in relief supplies.

"Canned and processed fruits," he told a reporter, "are easy to handle, require little refrigeration and are nutritious."

The industry representatives were to meet late today with Sylvester H. Smith, director of the fruit and vegetable branch of the Production and Marketing Administration.

VEGETABLE MEETING

ORLANDO, June 17 (AP)—Vegetable producers of the nation must reconstruct price and merchandising methods to meet the watchful eye and curtailed budget of world housewives, E. A. Meyer, administrator of the Research and Marketing Act of 1946 for the U. S. Department of Agriculture, told delegates to the fourth annual meeting of the Florida Vegetable Committee here today.

Payment Stopped On Buying Land For Glades Park

Watson Gets Circuit Court Order Holding State Funds

TALLAHASSEE, Fla., June 17, (AP)—Attorney General Tom Watson today obtained a circuit court order temporarily stopping payment of $2,000,000 to the U. S. Department of the Interior for purchase of private lands for the proposed Everglades National Park.

On petition by the attorney general, Circuit Judge W. Moss Walker signed an order restraining State Treasurer Ed Larson from paying out any funds on a warrant already drawn and sched- (Continued on Page Eight)

New Smyrna Beach Hit By Freak Wind Storm Yesterday

NEW SMYRNA BEACH, June 17, (AP)—A funnel shaped storm which struck here yesterday afternoon causing minor damage and injuries.

On the mainland there was no evidence of damage but on the beach side a roof was partly torn away, off the Sakeen an apartment house. Windows were broken out of the casino and several residences.

Spectators at the beach said they could see roofings, palm leaves, and other debris twisted through the air as the wind advances.

Several children walking to the beach were cut by flying glass. William Shafer, life saving corps captain, administered first aid. Other children injured on the beach were knocked flat when the twister hit them.

Mrs. Tilen Matthews, driving to the beach ahead of the wind, said she got there just in time to take to cover. A car turning a corner was overturned, spun around by the force of the blow.

Shafer said life rafts were blown to sea and beach signs torn up. Two water spouts could be seen as the twister advanced East over the ocean.

Ex-Convict Killed In Subway Gun Fight

NEW YORK, June 17, (AP)—A man said by police to have been a former inmate of Alcatraz, San Quentin and Folsom prisons was killed early today in a gun battle with a subway patrolman who recently won a gallantry medal.

Police identified the victim as Fernando Lacasse, about 40, of Boise, Idaho, who was wanted on parole violation by authorities in Phoenix, Calif.

John Keegge, the 25-year-old subway patrolman, told police that Lacasse stepped up behind him on a subway platform and with a drawn pistol in his hand said, "Don't move; I'm hot."

A train roared into the station. Lacasse turned his head to-ward it an instant, and Keegge ran for a change booth in the subway station. Lacasse fired four shots at him, all misses. Keegan then fired twice from the booth, one striking Lacasse in the head.

Tax Bill Veto Is Upheld In House By Narrow Margin

Democrats Applaud As Measure Killed; G.O.P. To Use As Campaign Issue

WASHINGTON, June 17 (AP)—The House accepted today a joint congressional committee's recommendations on the terms of a measure to extend rent control until Feb. 29, 1948. The legislation now goes to the Senate.

Included in the bill is a controversial provision permitting a 15 per cent rise in rents when landlords and tenants "voluntarily get together in good faith" and agree to the boost in exchange for a lease through 1948.

WASHINGTON, June 17, (AP)—The House today upheld President Truman's veto of the $4,000,000,000 tax reduction bill, thus killing it finally and completely.

The vote was 268 to pass the bill over the veto and 137 against. Thus it was two votes short of the two-thirds majority necessary to pass a law over the President's disapproval.

When that count turned up on the roll call, Republican Leader Halleck of Indiana demanded and obtained a recount, but no votes were changed. Voting to override the veto were 233 Republicans and 35 Democrats.

Supporting the President were 134 Democrats, two Republicans — Carl Anderson of Minnesota and Hull of Wisconsin — and the (Continued on Page Three)

Giants To Send Millers Here For Spring Training

Approximately Fifty Players Will Stay At Mayfair Inn

By ARTHUR BECKWITH, JR.
Herald Sports Editor

The Minneapolis Millers of the American Association will maintain their Spring training headquarters in Sanford during 1948, Carl Hubbel, chief of the New York Giants farm system notified John Krider, vice president of the Sanford Baseball Association, yesterday evening.

Hubbel confirmed by wire an agreement reached between the Sanford Baseball Association and the Giant farm head earlier yesterday in a telephone conversation.

King Carl inspected the baseball facilities and talked over arrangements for the farm club to train at the Municipal Park. Arrangements were also completed to quarter approximately 50 men, coaches, sportswriters and trainers for the segregation at the Mayfair Inn.

The exact time of arrival for the American Association team will be announced at a later date, Hubbell stated.

Minneapolis held their Spring workouts in Ocala last year, and their sister club, the Jersey City entry in the International League, worked in Jacksonville.

Several years ago the Millers trained in Deland. The Volusia County city was considered for the site again this year, but upon convenient facilities in Sanford prompted the Giant heads to choose the local park and modern hotel facilities, it was reported.

Movement Begins To Draft Wallace For U. S. President

BERLIN, June 17, (AP)—Hundreds of newspapers here gave banner headlines today to Henry A. Wallace's suggestion that President Truman and Prime Minister Stalin confer in Berlin.

Wallace speaks with the voice of reason," said the Soviet-licensed Nachi Expressz.

WASHINGTON, June 17, (AP)—A "Draft Wallace for President" movement began to take shape today as the former vice president awaited any official response to his call for a Truman-Stalin meeting to settle the East-West differences.

Democratic Chairman Robert E. Hannegan, who has said he will support Truman for the 1948 nomination, declined to comment on the proposal.

Senator Pepper (D-Fla) said he believes Wallace "is making a big contribution to the cause of peace."

Senator Langer (R-ND) said he thinks Wallace's proposal is "a step in the right direction."

Senator Taft (R-Ohio

Veto Upheld

(Continued from Page One)

American Labor member, Marcantonio of New York.

Applause broke out on the Democratic side as the vote was announced. The House action means the Senate will not even vote on the issue of overriding the veto. It means, too, that Republicans have in issue they already have made clear will figure prominently in the 1948 presidential campaign.

Before the vote, Speaker Martin had declared that if the Senate or House upheld the veto it would mean no new attempt this year to reduce taxes.

The Massachusetts legislator made the statement to reporters as the House began a vote on the question of sustaining the veto.

"This is the last say on taxes this year," he said. "Apparently the Democrats have little interest in cutting expenditures and reducing taxes. "We may have to wait until we get a Republican President before we get tax reduction."

House Republican Leader Halleck of Indiana issued a statement saying the Republicans flatly reject "the argument of President Truman in his tax bill veto message that the government must continue to impose back-breaking, war-time taxes."

Premier Hits U. S.

(Continued from Page One)

front government," he went on. "Now the friends of Petkov here and abroad can be convinced that nothing of the sort exists. Complete calm reigns in the country."

SZEGED, Hungary, June 17, (AP)—Dezso Sulyok, anti-Communist Szabadsag (Freedom) Party leader, promised today to speak "very soon" in a new freedom-of-speech test at Miskolc despite the fact that a rally of the party here last night was interrupted by stick-swinging intruders who cheered Communist leaders.

Sulyok, who charged in the National Assembly last Thursday that "political terror reigns in Hungary," had been expected to address the rally here, heralded as a test of the right of assembly, but did not appear.

The meeting last night in this city, 100 miles southeast of the capital and near the Yugoslav border, was adjourned by police after the intruders, numbering almost 150, had lost a fight with an audience of some 700 men and women.

Uncounted casualties resulted from the brawl, which started in the Tisza Hotel's second-floor ballroom, and in fighting in the square outside between some 500 policemen and about 15,000 persons waiting to hear the political speeches through loudspeakers.

The ballroom interlopers heckled speakers with cheers for Soviet Prime Minister Stalin and Hungarian Communist and Social Democratic leaders and then charged the audience with brass knuckles, rubber hoses and other weapons.

Training Bill

(Continued from Page One)

the most democratic, the most economical, and the most effective method of maintaining the military strength we need.

"It is the only way that such strength can be achieved without imposing a ruinous burden on our economy through the maintenance of a large standing armed force."

A report by a presidential commission recommending a universal training law has been forwarded to Congress, but no action is expected at this session.

The President also took occasion to cite what he long has contended is the need for higher salaries in the government service to attract "the kind of executives required to manage its vital activities."

And he suggested a program for "the systematic training" of civilian employees once they have entered the public service, both "on the job and on the campus."

He added that the nation's schools must "train future leaders in all fields to understand and concern themselves with the expanded role of government, and equally important, to see the need for effective administration of the government's business in the public interest."

First Globe-Circling Air Service Started By Pan American

NEW YORK, June 17 (AP)—Pan-American Airways' giant clipper plane, The America, was ready today at La Guardia Field for its 1:00 P. M. (EST) takeoff on the first leg of a globe-girdling flight which will inaugurate the airline's world passenger service.

Juan T. Trippe, president of the airline, and a party of American newspaper publishers and editors will make the first trip, which is expected to cover 21,426 miles and require 93 flying hours.

The flight in the new type four-engined Lockheed Constellation is East-bound and includes stops at Gander, Nfld.; Shannon, Eire; London, Istanbul, Karachi and Calcutta in India; Bangkok; Manila; Shanghai; Tokyo; Guam; Wake; Honolulu and San Francisco.

The regular service will include once weekly an East-bound round-the-world flight from New York and a West-bound flight from San Francisco. It marks the beginning of the first globe-girdling air service in history. Flights which follow the first trail blazing trip will require a longer time, about 120 hours.

Curley Asks For Last Church Rites

COHASSET, Mass., June 17 (AP)—At his own request, Mayor James M. Curley of Boston today was given the last rites of the Catholic Church. The 72-year-old former governor of Massachusetts, received rites from the Rev. Thomas Devlin, pastor of St. Anthony's Church in Cohasset.

In a relief bulletin, his attending physician, Dr. Edward Schott said:

"He was very restless and nervous and much concerned over his condition. He requested the priest and received the last rites of the Catholic Church."

Curley faces a jail term of from six to 18 months and a fine of $1,000 on federal charges of mail fraud. Authorities on court procedure have reported that only a presidential pardon or leniency by the judge who imposed sentence can now alter the conviction and sentence. Curley was told last night the Supreme Court had refused to reconsider his conviction.

Synthetic rubber is preferred for uses totalling about 100,000 tons in the United States each year.

Treacle originally was a medical compound used as a remedy against snake-bites and poison generally.

and uncle, Mr. and Mrs. W. G.
Anders.

Mrs. Leona McLain and Mrs.
Elizabeth Long went to New
Smyrna Saturday evening to a
tea given by worthy matron, Mrs.
Opal McCormick honoring Mrs.
Opal Barton, Grand Worthy Matron of the Order of the Eastern Star.

Miss LaVerne Dunkel, hostess, and Miss Lillian Moran, co-hostess, entertained with a bingo party for Miss Lalun Braddy, bride elect, on Tuesday evening at the home of Mr. and Mrs. Henry Kretzer. A gift of crystal was presented to Miss Braddy by those present who were the Misses Mary Louise LeFils, Betty Summersill, Mildred Mathieu, Faye Yarborough, LaVerne Dunkel and Lillian Moran.

Mrs. Margaret Goit and Mrs. R. N. Strevel were guests at the meeting of the Order of the Eastern Star in Daytona Beach honoring the Most Worthy Matron, Mrs. Opal Barton.

Raisin vineyards are planted east to west so that sunshine can reach the grapes all day.

Miss Jean Whigham Honored With Tea

Mrs. Barney Beck honored her niece Miss Jean Whigham, whose marriage to Donald Jones will be an event of June, with a tea on on Friday afternoon between the hours of 4:00 and 6:00 o'clock at her home on Laurel Avenue.

Gladioluses were the predominating flower used in the rooms of the Beck home which were thrown open en suite. Roses, astors, gerbera daises and greenery were also used in attractive arrangements around the rooms.

The guests were greeted at the door by Mrs. A. W. Lee and Mrs. Herman Morris, and shown to the receiving line by Mrs. H. Wayde Rucker. Forming the receiving line were Mrs. Beck, Miss Whigham, Mrs. Porter F. Whigham and Mrs. T. W. Jones.

Mrs. Beck was gowned in light blue crepe of Grecian design. Miss Whigham chose to wear a powder blue gown fashioned of taffeta with a full skirt. Mrs. Whigham wore a flower print gown of bemberg sheer and lace and Mrs. Jones' dress was of blue lace. They all wore white gardenia corsages.

A green and white color scheme was used in decorating the dining room. The bride's table was covered with an Italian cut-work cloth and centered with a low arrangement of white gladioluses flanked with silver candlesticks holding white burning tapers. Silver compotes held green and white mints and at one end of the table were a miniature bride and groom. The punch bowl placed at the other end of the table was presided over by Mrs. B. L. Perkins, Jr. Fruit punch was served with dainty green and white sandwiches and other refreshments carrying out the color scheme. Assisting in serving were Mrs. John Hughes, Miss Kathryn Wiggins, Mrs. Gene Harrison, Miss Jean Harper, Miss Martha Wight, Miss Elizabeth Fite, Mrs. C. E. Benton, Mrs. Emmet Clark and Mrs. William Neville of Eufala, Ala.

About 150 guests called during the appointed hours.

Hints To Housewives

Weekly from Home Demonstration Specialist, Tallahassee

SAVING THE BABY

Each year 3000 infants under 1 year old die from accidents in the United States. A very high percentage of these accidents occur in homes and might easily be prevented. This is one of the facts which the National Conference on Home Safety is calling to the attention of parents this year. To save babies from common home accidents, they offer these simple suggestions:

Safety in the Crib. See that blankets do not cover the baby's face. Secure them to mattresses or side of crib with safety pins or clips. Use sleeping bags or patented crib blankets only on the doctor's recommendation. Never use a pillow.

Safety in the Kitchen. Keep the baby in a high chair as far possible from the stove and sink to avoid scalds and burns. Keep hot pans well out of reach. Small babies can reach suprisingly fast and far for shiny pots and pans.

Safety from Falls. See that carpeting on stairs is tacked down firmly and all small rugs are anchored. Use non-skid finish on floors. Have bars at top and bottom of stairs until the baby is old enough to climb with safety. Keep stairs well lighted and free from litter. Keep toys off the floor except when the baby is playing with them. When carrying the baby up and downstairs, always hold the rail with a strap attached to bottom of seat and inside edge of tray.

Safe Toys. Toys should be too large to swallow; with no points or sharp edges, washable, preferably made of one piece so they do not come apart, and if any paint is used it should be non-poisonous.

AN "INDUSTRIAL CLIMATE" AS HEALTHFUL AS OUR WORLD-FAMOUS NATURAL CLIMATE . . .

Florida's excellent "industrial climate" is man-made—by vigorous far-sighted representatives in state, county and municipal government—backed by citizens, cooperative chambers of commerce, and other civic groups—who are well aware of the importance of industry in the pattern of our great and growing state.

Additional industrial advantages in Florida include:

CONTENTED EMPLOYEES—
Lots of outdoor recreation, happy families, healthy children, good schools, healthful foods—people like to live in Florida.

INCREASED EFFICIENCY—
Contented, happy workers produce better—high morale keeps production high. And ideal health conditions keep lost time to a minimum.

THE DOMESTIC MARKET—
Florida, fastest growing state in the nation, adds buying power to the great and growing Southeastern market—all just hours away by train.

VAST FOREIGN POTENTIAL—
Florida is just next door to booming Latin America, the ideal point for selling and servicing this vast market.

PLENTY OF POWER—
Florida Power & Light Company is now in the midst of a huge expansion program. You will be assured of plenty of dependable power from our interconnected system.

FLORIDA POWER & LIGHT COMPANY
GROWING WITH FLORIDA

We will be glad to send you the following brochures prepared from information supplied by the Florida Chamber of Commerce and other authorities. They shed new light on industries particularly adaptable to Florida. Write today.

Cattle Industry ★ Processing of Florida Citrus Fruits ★ Utilization of Citrus Processing Waste ★ Florida Clay and Clay Products ★ Florida's Forest Products ★ Florida's Mineral Pigments ★ Florida Mineral Industry ★ Naval Stores ★ Florida Peanuts ★ Phosphate Rock and Its Uses ★ Products from Scrub Palmetto ★ Sweet Potatoes from Farm to Factory ★ Tanning ★ Tung Oil Industry.

BIBLE VERSE FOR TODAY

THOSE NATIONS THAT OPPRESSED THE POOR HAVE PAID FOR ALL SLAVERY AND CRUELTY BY WARS, REVOLUTIONS AND DESTRUCTION. IT IS UNSOUND PRACTICE: Oh ye that would swallow up the needy, and cause the poor of the land to fail.—Amos 8:4.

When the U. S. Congress voted to lend $400,000,000 to Greece and Turkey, it was just starting the snow ball down the hill and the longer it rolls the bigger it will get. A State Department official now advises that Europe may need 24 billion dollars in the next four years. And they don't expect to get it from Cuba.

Boston taxicab drivers are being urged to sing the praises of Boston instead of giving the town and its institutions a slam whenever they can get a tired customer to listen. The president of the Chamber of Commerce says, "Cab drivers, instead of complaining about traffic jams, sneering at policemen, and criticizing the narrow Boston streets, should become conversant with the city history and strong points and sell them to visitors." As much might be said for Sanford, where knocks are apt to be more prevalent than boosts, and many another American city.

The difference between success and failure is often a matter of cents, between safety and disaster a matter of seconds. The pilot involved in the recent crash of a DC-4 in Virginia, says an airline official, was "within 30 seconds of safety." He had almost crossed the last mountain barrier between Chicago and Washington. That one little word "almost" spelled death for 50 persons who were on board. How seldom do we realize the ultimate consequences of our daily acts! How little do we realize that "giant oaks from little acorns grow," what frightful tragedies from such little slips!

Henry Wallace says the United States would fight if the Russians invade Turkey. First, he said, the United States "should fight," then he changed it to "would fight" and added that he meant to say "would fight." There is a lot of difference. And the implication is that, in Mr. Wallace's view, the American people would favor war in case of such an invasion, but that they ought not to. Although he says Russia should be told how far she can go in her conquests of eastern Europe, and where the line is beyond which she cannot go, one gets the impression that Mr. Wallace would favor withdrawing the line from time to time as Chamberlain did before the advances of Hitler.

If you want a practical application of how democracy works in Hungary, consider yourself the chairman of a meeting in any club or organization in America. An important issue has been laid before the meeting by one of the members. A discussion ensues in which both sides have their say. The talk drags on; finally someone calls for a vote, and the chairman asks for a show of hands. The "ayes" have it, 34 to 12. But the 12 won't take "aye" for an answer. They begin throwing pop bottles. Someone slugs the chairman. A rabble rouser takes over and harrangues the mob. Strong arm men circulate around effectively silencing anyone who starts to speak. Pretty soon another vote is taken. This time it is unanimous, "Forty-six "nos." That is democracy in Hungary.

Tax Reduction Veto

When President Truman vetoed the tax reduction bill, he laid himself wide open to a barrage of criticism of which he is likely never to hear the last and whose reverberations will probably grow more acute the nearer next year's election approaches. Because he is the heir of a political philosophy founded on a spending policy, his veto is likely to be regarded as further proof that the taxpayer is still the forgotten man.

For, although the tax bill was said by its political opponents to give more relief to the rich than to the poor, the average taxpayer knew that he stood to save from 20 to 30 percent of his annual income taxes if the bill were signed, and in most cases he already had this money spent, whether it was a matter of $20 or $30 or $300 or $400. There is nothing for him to do now but to give up that little trip to the mountains he was planning.

However, the veto will serve a worthy purpose if it succeeds in proving that the federal government can no more than the head of a family spend money it does not have. We are now paying the price of foolish and reckless public expenditures in years gone by. For President Truman to have signed the tax bill at a time like this would only have postponed the evil day and made matters worse for the American people.

We have an enormous bonded debt on which the interest at least has to be paid. We have a tremendous annual budget which even the Republicans have had difficulty in cutting. We have virtually unlimited foreign commitments the ultimate cost of which can only be guessed. It simply is not possible to spend money in any such grandiloquent fashion and reduce taxes at the same time.

If President Truman's veto serves to show the American people that if they want tax reduction, they will first have to cut government expenses, it will be worth the cost.

Useful Bequests

People who wish to leave money for the help of their fellow men should donate their funds to flexible trusts, says Edward L. Ryerson of Chicago, president of the National Community Chests and Councils, and chairman of the board of the Inland Steel Co.

Poor farms, orphanages and homes for the aged will be a thing of the past in a generation or two, he prophesied. Instead, these dependents will be cared for in private homes. He cited as an example the present program of the Illinois Public Aid Commission, which is converting all county "homes" into hospitals for the chronically ill.

If dependent children are to be placed in foster homes, obviously endowments left for orphanages, for instance, will become obsolete grants, with the money accumulating uselessly. Mr. Ryerson pointed out, in illustration, the present plight of the Snug Harbor Fund in Brooklyn, established to help now non-existent "needy sailors before the mast," the St. Louis fund dedicated to the sole use of stranded pioneers going west in covered wagons; and the agency created to supply spinning wheels to worthy girls.

No man is astute enough to foresee the changes the future may bring. Modern philanthropy must have faith that the generations to come will administer funds as needed. Legacies in general trusts, without strings, are the best way.

Minimum Wage Politics

New York Herald Tribune

The program of a number of Senators, led by Mr. Pepper, of Florida, to raise the minimum-wage requirements in the fair labor standards act deserves very careful scrutiny. The legal minimum today is 40 cents an hour. These gentlemen would raise it immediately to 65 cents, to 70 cents at the end of a year and at the end of two years to 75 cents. "In our opinion," according to an announcement by Senator Pepper, "the ultimate minimum wage of 75 cents under our bill would bring economically defenseless workers who are grossly underpaid a step closer to a decent minimum standard of living."

A boost to 65 cents has been advocated repeatedly in Washington, specifically by President Truman less than a month ago and last week by four Republican Senators, including our own Mr. Ives. Their argument is, of course, that the increase in the cost of living since the fair labor standards act was passed, in 1938, fully warrants the jump. Mr. Pepper has said that increase is 85 per cent, but he appears to forget that the 40-cent minimum did not become generally effective until 1944 and that, in any event, a rise to 65 cents would register an increase of 62½ per cent.

But there are more important factors to be taken into consideration about which one hears very little from either the White House or the Capitol. It may well be that to raise the minimum today would be simply to recognize that in no category, except possibly in isolated instances, are workers protected by the act receiving as little as 40 cents an hour. In which case an increase, perhaps even to 65 cents, would not affect the wage structure as a whole. But this particular should be carefully ascertained in advance, since an excessive increase at the bottom of the structure would require increases in proportion at every level of skill up to the top to maintain existing differentials, and this would cause a degree of inflation which would defeat the whole purpose of the legislation, to say nothing of its injury to the national economy.

But if assurance on these grounds is essential to any immediate increase, what can one say of the Pepper proposal of future increases, about which there could be no such assurance? One can only say that his is a reckless bid for votes at the risk of disruption and disaster.

WIFE of the Soviet delegate to the United Nations Security Council, Mrs. Andrei A. Gromyko is shown as she spoke over the radio for the first time from the U. N. Information and Hospitality Center in New York. Delivering the talk in English, she told of Russia's social and industrial plans. (International)

Film Troup Moves From Sarasota To Miami On Location

MIAMI, June 17 (AP)—Equipment and personnel from the Metro-Goldwyn-Mayer troupe filming "On An Island With You" was expected to arrive from Sarasota today to shoot the final sequences that will be taken "on location" in Florida.

Miss Esther Williams, feminine star in the film, arrived by plane last night from Sarasota.

Bill Golden, public relations man with the company, said that about five dayys of filming was scheduled on Biscayne Key, site of the filming of the movie "They Were Expendable."

The troupe, which includes about 65 technicians and actors, is being transported by bus and automobile from the West Coast city, as well as seven truck loads of equipment.

Co-starred with Miss Williams are Peter Lawford and Cyd Charisse. Jimmy Durante, also in the film, did not come to Florida.

STOCK MARKET

NEW YORK, June 17 (AP)—The stock market moved through a quiet session today with some pivotals drifting fractionally lower.

Steels and motors paced a moderate midday improvement that wiped out many early declines only to encounter fresh selling and resume their slow retreat. Total transfers contracted to around 800,000 shares. With a few exceptions, gains and losses were widely distributed and limited to fractions.

Those present were Mr. and Mrs. P. Zeola, Mr. and Mrs. Douglas Stenstrom, Mr. and Mrs. Ben Currie, Mr. and Mrs. Taylor Brown, Mr. and Mrs. William White, Mr. and Mrs. James Lee, Mr. and Mrs. Otis Jones, Mr. and Mrs. David Gatchel and the Misses Lucille Atlman, Martha Wight, Joyce Hetzel, Katherine Spencer and Betty Wilkinson. Also Dick Meriwether, Walter Haynes, McKay Trulock, Harry Lee, Kirby Fite, Mack Cleveland and Robert Newman.

Casselberry News

By Mrs. Williams Casselberry

Talley Hatteway returned home Saturday from the University of Florida at Gainesville where he spent the past week attending a meeting of the Water Works Association of the Florida State Board of Health.

Mr. and Mrs. Leonard Casselberry are the proud parents of a son, Daniel Leonard, born June 3 at Orange Memorial Hospital.

Col. and Mrs. Clark Coleman and son left Sunday for their new home in Washington, D. C.

Hibbard Casselberry, Jr., left Friday spending two weeks vacation with his wife and daughter who are spending the summer on the Cape of Harwichport, Mass.

Mrs. Mary Yetka and son, Norman, of New Kensington, Penn., are making their home with Mr. and Mrs. Rowland Bevan of Lake Triplet Drive.

The W. S. C. S. of the Community Church announce a Church Supper, covered dish, to be held Tuesday evening June 24 at 6:30 P. M.

Mr. and Mrs. Wm. A. McConnell and family left Saturday for Waltham, Mass., where they will spend the summer. They have rented their home, No. 10 Lake Ellen Drive to Mr. and Mrs. Vincent, Salvo of New York City.

Mrs. Bill Williams, the former Ruth Weaver, is at Bay Pines Hospital for observation.

Mr. and Mrs. E. Lewis Bernhardt of Westville, New Jersey, have purchased the Gordon Kibbe home, 240 S. Dixie Highway, Casselberry and will move in their home in the early fall.

Mr. and Mrs. A. J. Tillmon of Aiken, S. C., are the new owners of the Gene Melton home, 330 S. Dixie Highway.

Cowrie shells have been used for centuries as money in remote areas of the globe.

Lalun Braddy Weds William T. Tindall

The Geneva Baptist Church was the setting for the candlelight ceremony performed on Sunday evening when Lalun Braddy, daughter of Mr. and Mrs. Bernard C. Braddy, became the bride of William Thomas Tindall, son of Mrs. George A. Edwards of Jacksonville and grandson of Mr. and Mrs. A. A. Wilson of Geneva. Rev. W. B. Kyser, officiated in the presence of a large assemblage of relatives and friends. The church was decorated with gladioluses, fern and antigonon leipatus with floor standards holding lighted candles.

The program of nuptial music was rendered by Miss Lillian Moran, pianist, and Mrs. Joe Corley, soloist.

The bride, given in marriage by her father, was lovely in a wedding gown of imported Swiss brocaded organdy. The gown featured self trim of tiny ruffles outlining the yoke and waistline. She wore three-quarter length mitts of white satin and carried a white Bible with a spray of pink rose buds and white fern.

Miss Hazel Williams of Oviedo, the maid-of honor, wore a gown of pale blue marquisette which featured a fitted bodice with a drop-shoulder neckline. The bridesmaids were the Misses Betty Geiger, Joyce Batts, Mildred Mathieux and Betty Summersill. They wore gowns of pastel colors and carried bouquets of pink gladioluses.

Roland A. Wesson, uncle of the groom, served as best man and ushers were Hugh Braddy and Windel Braddy, brothers of the bride, Francis Wilson and Olin Greer.

The flower girl was little Miss Irma Jean Corley and Earl Summersill served as ring-bearer.

Following the ceremony Mr. and Mrs. Braddy entertained with a reception at the Community Hall. The hall was lavishly decorated with mixed flowers and greenery. The bride's table was centered with a tiered wedding cake.

Mr. and Mrs. Tindall are at present enjoying a short wedding trip he will soon be at home to their friends in Geneva.

Out-of-town guests for the wedding included Mr. and Mrs. A. W. Braddy, Mrs. Don Walker of Plant City, Mrs. J. W. Braddy and Miss Bessie Braddy from Vidalia, Ga., Mrs. Walter Roan and daughter, Miss Doris Roan of Douglas, Ga., Mrs. George A. Edwards of Jacksonville, Mr. and Mrs. Richard Batchelor and Miss Mildred Douglass of Winter Park.

MENUES

Cheese Baker

1 quart diced potatoes
3 tablespoons butter or margarine
3 tablespoons flour
¾ teaspoon salt
1/8 teaspoon pepper
1½ cups milk
½ teaspoon Worcestershire sauce
1½ cups shredded sharp cheese
1/3 cup chopped dill pickle

Cook potatoes in boiling salted water to cover until almost tender. Drain. Meanwhile melt butter or margarine over low heat. Add flour, salt and pepper and stir until blended. Remove from heat. Gradually stir in milk. Return to heat and cook, stirring constantly, until thick and smooth. Add Worcestershire sauce, cheese, and pickles and stir until cheese melts. Add potatoes and mix gently. Pour into greased casserole. Bake in a 350 degree oven 30 minutes.

Personals

Leo Butner, Jr., has left for Duke University in Durham, N. C.

Jack Moye left on Saturday for New York City to spend several weeks.

Mr. and Mrs. James T. Hardy, Jr. announce the birth of a daughter, Diane Carrie, on May 27 in Quonset Point, R. I. Mr. Hardy is the grandson of Mr. and Mrs. D. S. E. Starr of Sanford.

Playwright Augustus Thomas once was a page boy in Congress.

Tomato seeds were brought to South America by the Spanish.

Mrs. S. J. Davis, Jr. Honored At Shower

Mrs. S. J. Davis, Jr., a recent bride, was honored recently with a bridal shower given by Mrs. R. T. Johnson and Mrs. Stinson Kinlaw at the home of the former at 1508 Elliott Avenue. Beautiful arrangements of assorted flowers decorated the rooms of the Johnson home.

The dining table was covered with a lace cloth and centered with an arrangement of pink roses. A crystal punch bowl was placed at one end and at the other was a two-tiered wedding cake topped with miniature bride and groom.

The cake was cut late in the evening and served with fruit punch and dainty sandwiches. Contests were conducted during the evening by Mrs. Johnson. A prize was won by Mrs. Raymond Kader.

Those invited to be with Mrs. Davis were Mrs. S. J. Davis, Sr., Mrs. Kader, Mrs. J. P. Thurmond, Mrs Emmet Kinlaw, Mrs. Roy Tillis, Mrs. John Watson, Mrs. W. L. Dassinger, Mrs. Herbert Stoothoff, Mrs. O. D. Landress, Mrs. Thomas Cobb, Mrs. Audrey Pollock and the Misses Betty Thurmond, Mary Edna Landress, Sara Barnett, Thelma Turner, Betty Sasser and Verna Woodcock.

Mrs. James Ridge Honors Miss Whigham.

Mrs. James Ridge entertained with a breakfast on Saturday morning honoring Miss Jean Whigham, whose marriage will be an event of this month, and her wedding attendants. Roses and mixed flowers decorated the living room of the Ridge home on Elliott Avenue.

A linen cloth covered the dining table which was centered with an arrangement of orange blossoms and white gladioluses. Wedding ring place cards marked the seating arrangement of the guests and other arrangements of pale pink sweetheart roses beautifully decorated the dining room.

Mrs. Ridge presented the honoree with a piece of china in her chosen Lennox pattern. A prize was given to the person who had the coffee cup with a tiny mark of lipstick on the bottom. Mrs. Porter F. Whigham was the winner.

Mrs. Ridge was assisted in serving by Miss Joyce Hetzel. Those invited to be with Miss Whigham were her mother, Mrs. Whigham, Mrs. T. W. Jones, Mrs. John Hughes, Mrs. Gene Harrison, Miss Jean Harper, Miss Elizabeth Fite, Miss Kathryn Wiggins Elizabeth Whigham and Miss Martha Wight.

Miss Whigham Given Party On Saturday

Miss Jean Whigham was honored on Saturday afternoon with a party given by Miss Lois Meriwether at her home on Celery Avenue. Guests called between the hours of 4:00 and 6:00 o'clock. The rooms of the Meriwether home were beautifully decorated with yellow and peach gladioluses and greenery.

A lace cloth covered the dining table which was centered with yellow gladioluses. Compotes and trays holding tiny cakes, sandwiches and salted nuts were placed on the table and served with coca colas.

Those invited to be with Miss Whigham were Mrs. Gene Harrison, Mrs. Richard Brown, Mrs. James Crapps, Mrs. Edward Higgins, Jr., Mrs. William White, Mrs. Lee Moore, Mrs. B. L. Perkins, Jr., Mrs. John Hughes, Mrs. T. E. Tucker, Mrs. P. F. Whigham, Mrs. T. W. Jones, Mrs. H. R. Beck, Mrs. C. E. Benton and Mrs. E. P. Clark and Mrs. William Neville of Eufala, Ala. Also the Misses Camille Batten, Audrey Bach, Ann Black, Betty Jo Brock, Jackie Brotchie, Nancy Collum, Daphne Connelly, Dorothy Crumley and Margaret Dingfelder.

Also Elizabeth Dyson, Oleda Dyson, Shirley Eick, Elizabeth Fite, Jean Harper, Joyce Hetzel, Janet Hetzel, Elise Hutchison, Lolo Lee, Caroline Lee, Connie McCall, Martha Perkins, Mildred Robson, Shirley Smith, Margaret Spencer, Catherine Spencer, Jane Thigpen, Mary Whelchel, Kathryn Wiggins and Martha Wight.

Photo by Raymond Studio

Mr. and Mrs. Donald Hayward Myers whose marriage was solemnized Sunday at the First Baptist Church with Rev. W. P. Brooks, Jr. officiating. Following the wedding the couple left for a short wedding trip to be spent seeing points of interest in Florida. They are now at home to their friends in Sanford.

GENEVA NEWS

By MRS. A. E. MORAN.

Mrs. Margaret Gott and Mrs. H. N. Strevell were guests of the meeting of the Order of the Eastern Star in Daytona Beach honoring the Most Worthy Matron, Mrs. Opal Barton.

Raisin vineyards are planted east to west so that sunshine can reach the grapes all day.

Miss Jean Whigham Honored With Ten

Mrs. Harney Beck honored her niece Miss Jean Whigham, whose marriage to Donald Jones will be an event of June, with a tea on on Friday afternoon between the hours of 4:00 and 6:00 o'clock at her home on Laurel Avenue. Gladioluses were the predominating flower used in the rooms of the Beck home which were thrown open en suite. Roses, asters, gerbera daises and greenery were also used in attractive arrangements around the rooms.

The guests were greeted at the door by Mrs. A. W. Lee and Mrs. Herman Morris and shown to the receiving line by Mrs. H. Wayde Rucker. Forming the receiving line were Mrs. Beck, Miss Whigham, Mrs. Porter F. Whigham and Mrs. T. W. Jones.

Mrs. Beck was gowned in light blue crepe of Grecian design. Miss Whigham chose to wear a powder blue gown fashioned of taffeta with a full skirt. Mrs. Whigham wore a flower print gown of bemberg sheer and lace and Mrs. Jones' dress was of blue lace. They all wore white gardenia corsages.

A green and white color scheme was used in decorating the dining room. The bride's table was covered with an Italian cut-work cloth and centered with a low arrangement of white gladioluses flanked with silver candlesticks holding white burning tapers. Silver compotes held green and white mints and at low end of the table were a miniature bride and groom. The punch bowl placed at the other end of the table was presided over by Mrs. B. L. Perkins, Jr. Fruit punch was served with dainty green and white sandwiches and other refreshments carrying out the color scheme. Assisting in serving were Mrs. John Hughes, Miss Kathryn Wiggins, Mrs. Gene Harrison, Miss Jean Harper, Miss Martha Wight, Miss Elizabeth Fite, Mrs. C. E. Benton, Mrs. Emmet Clark and Mrs. William Neville of Eufala, Ala.

About 150 guests called during the appointed hours.

Hints To Housewives

Weekly from Home Demonstration Specialist, Tallahassee

SAVING THE BABY

Each year 5000 infants under 1 year old die from accidents in the United States. A very high percentage of these accidents occur in homes and might easily be prevented. This is one of the facts which the National Conference on Home Safety is calling to the attention of parents this year. To save babies from common home accidents, they offer these simple suggestions:

Safety in the Crib. See that blankets do not cover the baby's face. Secure them to mattresses or side of crib with safety pins or clips. Use sleeping bags or patented crib blankets only on the doctor's recommendation. Never use a pillow.

Safety in the Kitchen. Keep the baby in a high chair as far possible from the stove and sink to avoid scalds and burns. Keep hot pans well out of reach. Small babies can reach surprisingly fast and far for shiny pots and pans.

Safety from Falls. See that carpeting on stairs is tacked down firmly and all small rugs are anchored. Use non-skid finish on floors. Have bars at top and bottom of stairs until the baby is old enough to climb with safety. Keep stairs well lighted and free from litter. Keep toys off the floor except when the baby is playing with them. When carrying the baby up and downstairs, always hold the rail with a strap attached to bottom of seat and inside edge of tray.

Safe Toys. Toys should be too large to swallow, with no points or sharp edges, washable, preferably made in one piece so they do not come apart, and if any paint is used it should be non-poisonous.

Gainesville G-Men Score 10 To 7 Victory Over Sanford

Mason Leeper Taken From Tilt After Walking Eight Men; Tomat Hurls Tonite

By ARTHUR BECKWITH, JR.
Herald Sports Editor

The Gainesville G-Men toppled the Sanford Celery Feds in a bevy of excitement att the Municipal Park in a 10 to 7 tilt that was a hotly contested game from the opening until the last man was out.

Big Goose Kettles opened on the hill for the Feds but was removed in the fourth canto. Glenn Garrett assumed mound duties and completed the contest.

Mason Leeper, star southpaw of the Gainesville aggregation, was removed in the second frame and Manager Myril Hoag tossed the final seven and one-third innings.

One Gainesville player was removed from the contest by Manager Hoag for the use of obscene language.

Tonight the Feds invade Harris Field in Gainesville for a contest. Tomorrow the locals play in Leesburg. The game is scheduled to get underway at 3:00 o'clock and will be part of the feature program during the Water Melon Festival to be held in Leesburg tomorrow.

Thursday night the locals will entertain the up an coming Pirates at the Municipal Park.

Johnny Tomat will likely get the mound assignment from Manager Don Murray for the tilt with the G's tonight.

YESTERDAY'S STARS

Harry Taylor, Dodgers, paced six hits to defeat the Chicago Cubs 2-1 and end the Dodgers' five-game losing streak.

Tommy Henrich, Yankees, tripled in the eighth inning to score two runners and tie the game which was won by the Yankees over the White Sox in the ninth 6-3.

Slaughter, Boudreau Batting Leaders Of Major Ball Leagues

NEW YORK, June 17, (AP)—Outfielder Enos Slaughter of the St. Louis Cardinals and playing Manager Lou Boudreau of the Cleveland Indians were the respective batting leaders of the National and American Leagues today.

Slaughter, undisturbed by the second division playing of the St. Louis Cardinals, through games of Sunday, June 15, topped both leagues with a mark of .59. Boudreau's average was .350.

Sidelined for a few days as a result of a home plate collision with Walker Cooper of the New York Giants, Slaughter resumed his heavy slugging to overtake Harry Walker of the Philadelphia Phillies, who dropped to second place with .56. Carl Furillo, part-time Brooklyn outfielder, got into enough games during the past week to take over third place in the National League with .540. Bert Haas of Cincinnati fell from third to fourth with .533 nine points above fifth place Bob Elliott of Boston.

Boudreau actually backed into the American League lead, dropping six points from his .356 of last week. However, Joe DiMaggio of the New York Yankees, who shared the lead with him last week, skidded 23 points to a fifth place .333. George McQuinn of the Yankees boosted his mark 14 points to claim second place with a .348 average. Stan Spence of Washington was third with .341 and George Kell of Detroit fourth with .337.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

ALL-STAR TEAM

We want to take this opportunity to remind all the baseball fans of the area to keep a watchful eye on the players of the Florida State League for the next few weeks, since the fans will be alled upon to select two all star teams by ballot for the first annual Rookie-veteran All-Star game to be played on Sunday July 13.

The classic is slated to be played in the city whose team is leading the league on midnight, July 4.

Balloting will be held in all league parks on July 2 and 4. To insure each town has an equal vote, only the first 800 adult admissions will receive ballots to cast for the teams.

On July 4, the first 800 fans buying tickets at the Municipal Park to witness the contest between the Sanford Celery Feds and the St. Augustine Saints will receive a ballot.

Patrons receiving the ballots will be asked to fill out the slips with their selections of two teams of 14 players each, and return the ballots to the ushers by the time the game is over.

Peter Schaal has recently taken a poll of the eight sportswriters in the circuit and included the umpires in the straw vote. The results of the early ballot should be forthcoming shortly, and it will be interesting to check their teams against the ones selected by the fans.

Last year sportscribes picked an all-star team, but no contest was played.

This year the fans are going to select the rookies and the veterans they think are the best in the league and these teams will play the tilt.

MISSIONS

We were quite interested to note that the San Antonio Missions have released Jimmie Adair, jovial manager of the Texas League entry.

Adair, a former Chicago Cub keystone sacker, was one of the most cooperative and well liked skippers in minor league baseball and it is with deep concern that we read the account of Adair's release.

The St. Louis Browns really jumped into the fire, so far as the people of San Antonio are concerned, the Sporting News reports.

It is reported that the action aroused the ire of the players, fans, sportswriters and sportscasters of the area alike, and it is no wonder that the announcement did rather surprise them.

Last year Adair took a gang of bush league players and piloted them into third place in the Texas League, and the team set an all-time attendance record, playing before 295,000 fans.

Mark Carrola, Mission backstop, has been named skipper of the aggregation since Adair was released.

Many Sanfordites will remember the likeable Jimmy Adair, since he was here with the San Antonio Missions during their spring training activity at the Municipal Baseball Park.

NEWS NOTES

We note that 6,000 bass have been poured into Lake Joanna under the direction of the Florida Game and Conservation Department in Tallahassee. Lake Joanna is in Lake County near Eustis, so remember this for about two years and there will be some good fishing over there. We noted with interest our headline on the game with Gainesville last night. We had Sanford playing Daytona Beach. Tch, tch. Rookies now on the Fed roster include Don Ricketson, Mickey McManus, Bill Stanton, Glenn Garrett, Johnny Tomat, Tim Tyler, Jim Blalock and Ernie Mottler as rookies. All other Feds are rated as veterans so far as the all star ballot will be concerned.

Royal Ascot Opened Today With English Notables Present

ASCOT, Eng., June 17 (AP)—The Royal Ascot, the world's most fashionable racing meet, opened today with almost prewar splendor and with the British Royal Family in attendance.

King George, Queen Elizabeth and Princess Elizabeth drove from nearbyy Windsor Castle in open landaus drawn by the Windsor greys: Postillions in blue and gold livery, powdered wigs and black velvet caps rode ahead of the Royal carriages.

Men in morning dress and women in the brightest display of fashions seen in England since before the war filled the Royal enclosure. In other enclosures, dress was less formal.

HOPE OF A'S - - - - - - - By Jack Sords

The actual throne of Great Brition is not the coronation chair, but the oaken Gothic chair in the House of Lords occupied by the sovereign at the opening of the Parliament.

The death rate in the United States reached a record low in the first few months of 1947.

Ralph Lane, first governor of Virginia, is generally credited with taking an Indian pipe to Sir Walter Raleigh and teaching him how to use it, thus introducing pipe-smoking to Europe.

Ancient Egyptian beer jugs could be opened only by smashing the tops.

Tonsure, a religious observance of the Roman Catholic and Orthodox Eastern Churches, consists of shaving or cutting part of the hair as a sign of dedication to special service.

Among shortages developed during World War II are lighthouses, owing to wartime destruction and lack of maintenance.

National League All Star Third Base Job Still Open Chase

CHICAGO, June 17, (AP)—Bob Elliott of Boston today went back into the leadership in the poll for third baseman on the National League all-star team. George "Whitey" Kurowski, of St. Louis, had passed Elliott, Sunday, but was unable to maintain his slim margin.

Elliott had 9,418 votes in the latest tabulation, to 36,672 for Kurowski. Frankie Gustine of Pittsburgh was in third place with 27,143 and Stanley Hack of Chicago fourth with 23,807.

Ted Williams, Boston Red Sox left fielder, was the top vote-getter in either league, with 74,854 votes.

Baseball officials meeting yesterday to set up rules for the game, to be played in Wrigley Field on July 8, decided that the players selected in the poll should remain in the game for at least three innings. After three innings, the manager for each league may substitute at his discretion.

The Clubhouse

By HAROLD V. RATLIFF
AP Newsfeatures

DALLAS—The Texas Association of Left-Handed Golfers is attempting to show that southpaws are muchly-maligned athletes.

Somewhat plaintively, Allan E. Mitchell, secretary of the association, says:

"They (the left-handers) usually get undesired publicity (and puns)—and are the forgotten men of golf."

Thus the association whose members dig the divots from the port side is busy as a hive of bees getting the names of all southpaw linksmen in Texas. The idea is to show there are enough of them to insure attendance and financial aid so that the National Left-Handed tournament may be brought to this state in 1948 and 1949.

Mitchell sent us a membership card with the note: "I do hope you play golf and left-handed!"

We do not play left-handed; in fact, our golf score indicates we must be playing without hands—merely kicking the ball around. However, we hastened to assure the association secretary that our sympathies were with the southpaws. Always helping the underdogs, that's us.

Anyway, the association already has more than 900 names on its list and expects others to come in.

Left-handers have been the butt of jokes and angry outbursts from time immemorial. A southpaw in baseball usually is considered wild in two ways—throwing the ball and in the head. Thus the portsiders down through the years have gained a reputation for being screwballs.

Eddie Dyer, now manager of the St. Louis Cardinals, was presented a trophy once while skipper of the Houston Buffs of the Texas League. On it was inscribed: "A left-hander who thinks right."

Old John King, one of the most colorful players and umpires that ever lived, still expresses an aversion to left-handers. But this anathema was because he just couldn't hit them.

Old John was attributed with saying that "50,000 left-handers went off to war and every blankety-blank one of them came back." Today he admits he said something like that but not with such specific figures.

He also admits that he once put a quarter into a blind man's cup but noting that the man played his fiddle left-handed snatched the money back.

He's still made because folks got out a report that his son was a left-hander.

Mitchell would remove the doubts in people's minds about left-handers. He wants it understood that they are human beings and do the same things as other nice people—except that they tie their neckties left-handed.

And they know right from left!

The art of felting, or pressing hair into fabric, is believed to be older than the art of weaving.

The artichoke is believed to be a cousin of the thistle family.

THERE NEVER WAS A RIDE LIKE THIS!

No Car Designed Before the War Can Even Compete with the Ride You Get in a KAISER or a FRAZER

You be the judge! You have driven and ridden in a lot of cars. You know how they ride. Now, get in a KAISER or a FRAZER and *compare the ride!* You're in for a pleasant surprise. For all your present standards of riding quality will become obsolete before you have gone a mile! You will agree that *no* car designed before the war can even compete with the KAISER or the FRAZER—for there *never was* a ride like this! You *drift* over rough roads. You *glide* along the pavement. It's a *horizontal* ride—with the *up and down travel* removed.

It's not just a matter of spring design and shock absorbers. Power, brakes, and ease of steering, all play a part. So do superior roominess, extraordinary visibility and extra-low center of gravity—with all the weight of passengers *between the wheels!* But what's the use of telling you *how* it's done! You are interested in the ride. *That* can't be described. It *must* be experienced. So, before you buy *any* car, learn for yourself—*compare the ride!*

KAISER

Committee Reports On $1,000,000 TB Research Findings

SAN FRANCISCO, June 17 (AP)—A $1,000,000 research test and other extensive tryouts by the Army, the Navy and the Veterans Administration have yielded no positive evidence that streptomycin is the solution to the greatest tuberculosis problem, a committee of experts reported today.

The tests indicated that streptomycin could reduce the 100 percent fatality record of two comparatively rare forms of the disease and could be used to advantage in a few others, but that it could not yet take the place of bed rest and surgery in the most common type of tuberculosis, that which attacks the lungs.

There still is hope that the drug eventually can be rated as a valuable supplement to the old standby forms of treatment of lung tuberculosis but more testing will have to be done to determine its precise worth, said Dr. H. Corwin Hinshaw, of the Mayo Clinic, reporting to the American Tuberculosis Association.

Dr. Hinshaw is chairman of the association's committee which evaluated the researches. The report was by far the most comprehensive thus far made on the value of streptomycin against tuberculosis.

To make the test as extensive as possible a group of American drug manufacturers donated $1,000,000 worth of streptomycin. It was used by members of the committee to supplement information already gained from experiments in medical research centers and Army, and Navy and Veterans Administration hospitals.

Board Reports Army War Penalties Fair

WASHINGTON, June 17, (AP)—An independent board which investigtaed charges of too-harsh Army wartime punishments reported last week that a two-year study of 28,717 cases showed the War Department "has dealt fairly with military offenders."

The War Department Clemency Board, composed of civilian lawyers, penal experts and Army officers and headed by Owen J. Roberts, retired Supreme Court Justice, upheld the Army in not granting a general amnesty to military prisoners when the war ended. "Such a wholesale release would have been unfair to the great body of soldiers who fulfilled their obligations with honor and would have been harmful to discipline and morale of the Army in the future," reported the board.

FOOD REPORT

BERLIN, June 17, (AP)—American and British taxpayers paid out approximately $180,000,000 to ship 1,482,000 metric tons of food into their combined zones of Germany during the first five months of this year, an official joint announcement said today. The statement said about 86 pounds of food was shipped in for each consumer.

Nagy Plans Fight To Make Hungary Free

WASHINGTON, June 17 (AP)—Hungary's self-exiled former prime minister said today he will stay in the United States to lead a fight to restore the freedom of his homeland which he asserted was lost by "direct intervention of the Soviet Union."

The former prime minister, Ference Nagy, told a news confer- for the cause of Hungary." He said he has not yet decided whether he deems himself "a trustee or to set up a government in exile.

The events in Hungary as well as in many other countries in Southeastern Europe, make it definitely clear that the Soviets and Communists do not seek fair and genuine cooperation, but dominance," he said. "To them, the coalition is only a means to save the appearance of representative government, and nothing short of unconditional surrender is considered by Russia as a final gesture."

Delicate Operation Performed On Youth

MIAMI, June 17 (AP)—Richard Keener, 10-year-old Fort Lauderdale boy, was recovering in a hospital for removal of a foot-long rubber tube from his stomach.

His mother, Mrs Fay Keener, brought the child to the hospital Thursday after he swallowed the tube which he had been wearing in his esophagus for a year.

A Miami specialist cut an incision in the stomach to extract the heavy tube which had coiled and threatened to puncture the stomach wall.

The physician called the operation "the most delicate and difficult" in his two years of stomach and intestinal surgery. The tube was inserted in Richard's esophagus a year ago after he accidentally swallowed lye.

President of the organization is Mr. Shames. Mrs. Shames is vice president, and secretary and treasurer is Michael Ginson who has recently come here from Detroit, Mich. Mr. Ginson is now building a home in Mayfair and expects to bring his family here as soon as it is completed.

Heads of the various departments are Sam Martina, mail order supervisor, who conducted the tour of the mail order department and explained how each order is received and filed, Frank Sandler, merchandise controller, and Mrs. Louise Dorsay, head of customer service.

Maritime Strike

(Continued from Page One)

lengthy deportation proceedings several years ago. The department of Justice asked that he be deported to his native Australia in 1940 on the grounds that he was a Communist.

After two hearings, one of which was in Bridges' favor and the other against him, the United States Supreme Court ruled he had not been proved a member of the Communist Party.

Meanwhile, an embargo on loading of freight consigned to foreign ports in American ships "probably" will be put into effect at 3:00 P. M. (EST) today because of the CIO seamen's stoppage which has tied up hundreds of vessels, George C. Randall, manager of port traffic here for the Association of American Railroads announced.

Randall said he had recommended the embargo to the association's national office in Washington to prevent clogging of port facilities. He said the embargo he recommended would provide no exceptions in freight destined to be loaded on American Flag vessels.

At the same time, W. R. Godber, Interstate Commerce Commission agent here, announced restrictions have been placed on shipments of coal for export into the ports of New York, Philadelphia and Baltimore.

NMU seamen aboard the America, largest American Flag passenger ship, meanwhile postponed plans to walk off the vessel at noon in the first scheduled demonstration during the work stoppage. The 250 crewmen voted to defer action pending a meeting of the men with Capt. Harry Manning, master of the ship. Longshoremen continued to load luggage of almost 1,000 passengers booked to sail on the America tomorrow.

The stoppage, which has tied up a union-estimated 500 ships since yesterday, was ordered at the expiration of contracts at midnight Sunday. The union has charged it was "locked out" and operators have said the unions were striking.

Streetfighting Takes Place In Manchuria

NANKING, June 17, (AP)—Streetfighting between Chinese Reds and government defenders was underway today in battered Szepingkai, Manchuria, Chinese dispatches said, after government gunners used artilery to repulse four Red regiments which smashed into the city from the southwest.

The independent newspaper Hsin Min Pao said half of the Communists in the four regiments were destroyed and the other half retired. Members of a fifth regiment gained a foothold within the city's walls and engaged the garrison in battle, the newspaper reported.

Pravda Says Consul Of U. S. Had Unusual Interest In Mongolia

MOSCOW, June 17, (AP)— A Pravda dispatch from Shanghai said today travelers from Sinkiang reported that J. Hall Paxton, U. S. consul in Tihwa, visited the frontier between Russia, the Mongolian People's Republic and China in April at the instruction of Gen. Dwight Eisenhower and photographed the area.

"They (the travelers) say," the Pravda correspondent wrote, "that Paxton has exhibited a special interest in recent months in the frontier districts. "They say that in April he made a trip to these districts along with his driver, at the instruction of the Chief of Staff of the U. S. Army, Gen. Eisenhower. He photographed the frontier districts, was interested in the peculiarities of the local situation and other intelligence of an informative character.

"In newspaper circles in Shanghai, a statement of the (U. S.) State Department representative on a provocative report of the Chinese Central News Agency in connection with the violation of the frontier of the Mongolian People's Republic by an armed Chinese squad causes great interest.

Meanwhile, a Tass dispatch from Kiev today quoted V. V. Khomyak, Soviet chief of the UNRRA supplies department there, as saying much of the aid dispensed in the Ukraine "did not come up to the established standard because of the unfair attitude of some American firms."

The same dispatch quoted Paul White, Chief of the UNRRA mission ending its job June 30, as saying that 400,000 tons of goods, worth $170,000,000, had been received in the Ukraine.

Khomyak expressed gratitude to the mission and to White for deliveries to the Ukraine. But he added:

"Many tractors from the 'International' company had cylinder blocks, engines' and radiators damaged. Army surplus equipment such as cranes and excavators were not complete. Most of them were damaged, requiring capital repairs."

Officials of the Southern Conference for Human Welfare, which sponsored the rally, said $5,000 was collected from the audience in donations ranging from $1 to $500.

A TEN-YEAR sentence faces the Rev. W. F. Ballard, 35, Washington Springs, N. D., following his conviction on a charge of assaulting a 15-year-old girl member of his congregation. Ballard, whose wife appeared in his defense, is a former prize fighter. (International)

Any Teachers interested in taking this Examination may apply at the Court House, Sanford, Florida.

St. Louis Strike Starts To Hurt City's Retailers

ST. LOUIS, June 17, (AP)— Downtown retailers today estimated their trade 30 to 40 per cent below normal as the strike of streetcar and bus operators which has paralyzed public transportation entered its fifth day.

While most workers managed to get to their jobs by ride-sharing and hitchhiking, thus holding absenteeism to about normal, spokesmen for many downtown stores described business as poor. The usual Monday night swarm of shoppers was missing. A large furniture concern advertised that it salesmen would call for customers at their homes, bring them to the store and then return the shoppers to their front doors. Mass turnouts of automobiles continued to congest traffic along main thoroughfares.

Mayor Aloys P. Kaufmann scheduled another conference today with representatives of the public service company and the striking operators, members of Local 788 of the AFL Amalgamated Association of Street, Electric Railway and Motor Coach Employes.

The union was due to reply to a company proposal to let the courts determine the validity of an arbitration award rejected by the operators.

The workers contend that a 17½-cent-an-hour basic wage increase agreed upon by two members of a three-man arbitration panel was illegal and that the board actually was dissolved four days prior to the award. The arbitration award boosted the basic wage to 87.22½ cents an hour. The union sought $1.40.

Glades Park

(Continued from Page One)

uled to be delivered to the federal agency this week as a further step in setting up the huge wildlife area in southeast Florida.

Governor Caldwell, who is in Washington conducting final negotiations on the long-sought park, could not say what effect the court action would have on the park proposal.

Watson refused last Saturday to join other cabinet members of the Board of Internal Improvement fund trustees in turning over to the federal agencies 7,680 acres of school lands and mineral rights to the federal government as part of the park area.

The 1947 Legislature appropriated $2,000,000 for purchase of the private lands around an 800,000 acres area already donated to the federal government for the park. Watson contended the appropriation is an illegal and premature gift of State funds to the federal government.

He alleged the U. S. Secretary of the Interior has not determined the official boundaries of the proposed park and that the amount of money necessary to acquire all the needed property has not been fixed.

He also contended development of the park would stop widespread oil explorations in the Everglades area and "the possibility of finding oil, gas and other minerals in Florida will be greatly and permanently hampered and retarded and large revenues possibly lost to the people" of Florida.

The crowd applauded Wallace's call for the Berlin conference and cheered when he remarked that an election is coming up in 1948.

Three Arrested

(Continued from Page One)

and that at the same time he had a pistol in hand.

An argument over a trout line in Lake Howell between a party of men who were visiting Richards and Bamburg and his 14-year-old brother, during which the visitors shot away bottles on the boys' trout line, was described by Sheriff Mero as the cause of the disturbance. The younger boy trying to get away on a scooter to warn authorities, was blocked on the road by the automobiles of the visitors, he said. Two women residents notified the Sheriff.

Richards was said to have entered the premises of the Bamburgs Sunday afternoon at 5:00 o'clock and attacked the youth. The mother was home but the father of the family was away at the time, said Mero. At noon today Richards had not been released on bond from County Jail.

William Ireland and William B. Wellman, both white and of Winter Park, are charged with criminal assault against Edna Emerson, white, in Altamonte at 4:00 o'clock Monday morning, and at 5:00 o'clock both were in County Jail after having been arrested in Winter Park by the chief of police there and turned over to Seminole County deputies.

E. G. Gano, resident of the Big Tree road, was exonerated by Judge Ware following investigation of the Sunday morning shooting of Wallace Burlond, 22, of Lake Mary. Burlond was reported by Sheriff Mero to have been shot by a .22 caliber bullet that entered the arm and hip after he threatened Gano and attempted to enter his house after being warned to stay out. Burlond is said to be resting well at Fernald-Laughton Memorial Hospital where he was taken after the shooting.

RFC Audit May Show $9,000,000,000 Loss

WASHINGTON, June 17, (AP)—Rep. Jensen (R-Iowa) said today a General Accounting Office report may show net losses of $9,000,000,000 by the Reconstruction Finance Corporation.

Jensen told reporters that T. Coleman Andrews, director of the GAO corporation audits division, has said the losses were largely on the financing of war plants, strategic war supplies, rubber development and metals reserves, on which Congress expected to lose money.

Letters On Labor Bill Flood Truman; Majority Seek Veto

President Will Send Congress Message Friday Regardless Of Action Taken

WASHINGTON, June 18, (AP)—The House Veterans Committee recommended today that all veterans benefits be denied to Communists, Communist sympathizers and those owing allegiance to any government "subservient" to the Soviet Union.

The committee also voted to send to the House floor a bill boosting the government's subsistence allowance for veterans going to college under the G. I. Bill of Rights.

WASHINGTON, June 18, (AP)—President Truman decided today to forego his weekly news conference to work on a message to Congress on the Labor union control bill. Mr. Truman will send a message Friday, regardless of whether he signs or vetoes the bill.

Eben Ayers, assistant press secretary, said a heavy volume of mail continued to pour into the White House concerning the legislation with "a heavy majority favoring a veto." Ayers said the volume of communications about the measure is by far the greatest ever received by Mr. Truman on any single legislative issue or other controversy.

Top Democratic and Republican leaders have predicted that the House will vote to override in event the President decides to veto the legislation. But they were uncertain of the outcome in the Senate.

Ayers estimated that 157,000 to 158,000 letters, more than 500,000 cards and 25,000 telegrams had been received through Monday. Ayers said one pile of letters in the White House mail room is "larger than a cord of wood," measuring 16 feet long, 5 feet high and 4 feet wide.

He said around 10,000 letters a day still are coming from individual groups and organizations. He did not estimate the percentage favoring a veto other than to say the majority was "heavy."

Caldwell Predicts Everglades Park Will Be Saved

WASHINGTON, June 18, (AP)—Governor Millard Caldwell of Florida said today an agreement has been reached with the War Assets Administration for the State to acquire the historic Live Oak reservation at Town Point, near Pensacola, for park purposes. Caldwell said the State will pay $100,000 for the 1,200-acre tract. He described this amount as "only a fraction of the property's true value."

TALLAHASSEE, June 18-(AP)-A hearing on a motion to dissolve Attorney General Tom Watson's temporary injunction preventing payment of $2,000,000 to the federal government for purchase of Everglades National Park land was set today for tomorrow afternoon.

However, Assistant Attorney General Sumter Leither, representing Watson, immediately sought to have the hearing postponed for a week or more. Circuit Judge W. May Walker of Leon county is expected to decide today whether the postponement will be granted.

Attorney Leroy Collins, representing State Treasurer Ed Larson, against whom the injunction was brought, said he would contest the delay because it may expedite formal federal acquisition of the park property, set for Friday.

Meanwhile in Washington Governor Millard Caldwell predicted the courts will dissolve a temporary order restraining Florida from cashing a $8,000,000 warrant for the purchase of lands for the proposed Everglades National Park.

Caldwell said he had the $2,000,000 warrant with him to turn over to the Interior Department, which has pledged itself to create the park as soon as the money is paid. The money will be used to purchase privately owned land around an 800,000-acre already donated to the government for a park.

Juan Nicot, French ambassador to Portugal, sent tobacco seeds to Queen Catherine de' Medici, and the word "nicotine" was coined in his honor.

Seamen Strike Extension Avoided

NEW YORK, June 18, (AP)—Settlement of a dispute between Atlantic and Gulf Coast tanker lines and the CIO National Maritime Union which threatened extension of the current work stoppage of CIO seamen was announced today as ship operators and union leaders met in further negotiations over the larger dispute.

Russian Denies Soviet Part In Hungarian Coup

Manager Of Allied Officers Club Is Seized, Questioned

BUDAPEST, June 18, (AP)—Soviet Lieut. General V. P. Sviridov told the Allied Control Commission today that the Russians "had nothing whatever to do with the recent change in the Hungarian government."

Sviridov, questioned by Brig. General George H. Weems, U. S. member of the commission, said the Russian "exercised no influence at all in forming the Hungarian government."

Ferenc Nagy was ousted as premier of Hungary under Communist pressure, and now is in the United States in voluntary exile.

Earlier, Imre Fold, Hungarian manager of the Allied Officers Park Club, said he had been seized and questioned by the Communist-dominated political police and that he expected to be thrown in jail "within a short time."

General Weems, head of the U. S. military mission here, said he did not bring up in the commission session the report that the new premier, Lajos Dinnyes, had been named to the post in direct orders of Sviridov. He added that the discussion was "a calm one."

During the session, Sviridov once again declined to hand over to the British and Americans the depositions which the Russians said they had taken from Bela Kovacs, former secretary general of the Small Holders Party. The Russians have said that the depositions implicated Nagy and former Speaker of the House Bela Varga in a plot against the Hungarian Republic.

Officers at the American Military Mission said this morning that Fold had been arrested on charges of being a "pro-Nazi" and on suspicion of being involved in a plot to overthrow the Hungarian Republic. Fold said this afternoon that he had been questioned at length by the political police concerning certain relatives and expected to be arrested shortly.

The seizure and questioning of Fold, whose club is used principally by American and British military officers, was the first such move by the political police since they threatened last August eventually to arrest Hungarian employees of the American and British missions.

Social Security Tax Frozen By House Bill

WASHINGTON, June 18, (AP)—The House passed unanimously today a bill freezing the Social Security payroll tax at present rates for two years.

If passed by the Senate and accepted by President Truman the measure will block an automatic $2,000,000,000 annual increase in the levy on Jan. 1.

The legislation provides, however, for an increase in the tax in 1950 to from 1 percent to 1.5 percent each against employees' pay and employers' payrolls. In 1957 the tax would jump to 2 percent against each.

Citrus Juice Sent To Flood District

TALLAHASSEE, Fla., June 18, (AP)—Florida citrus canners today made arrangements to ship a railroad carload of citrus juice to flood stricken Midwestern states for distribution by the Red Cross.

Railroads will transport the juice free of charge. At the same time, Governor Caldwell wired governors of the states affected advising them of the shipment and extending Florida's sympathy.

Ban On Cheap Imports Urged By Convention

Vegetable Committee Asks Congress For Proection Against Fruits And Truck

ORLANDO, June 18, (AP)—Congressional aid to prevent "expatriated Americans operating in foreign countries with peon labor, cheap materials and low production costs" from flooding American markets with fresh vegetable crops at prices lower than the cost of local production was sought in a resolution adopted unanimously today by the Florida Vegetable Committee Convention.

The resolution was presented by a resolutions committee and asked enactment by Congress of a tariff of sufficient size to protect American growers of fresh vegetables and tropical fruits, such as avocadoes and limes.

Another resolution adopted in the closing day of the convention asked Congress for legislation permitting the U. S. Department of Agriculture to assist vegetable growers in recruiting and routing of seasonal farm labor to prevent labor shortages at critical harvesting periods.

Committee officials expressed belief the USDA is more completely informed as to periodic labor needs than the U. S. Employment Service which in the past has handled labor situations.

A second portion of the labor resolution called on Congress to maintain for the time being the federally owned and operated labor camps in the vegetable centers of the country so that itinerant crop labor may be given housing conditions sufficiently comfortable to meet needs.

Election of directors was delayed and a director's meeting set for later today to elect officers promised to be postponed on this account.

7 Cars Of Sanford Squash To Be Used Making Baby Food

Seven cars of Boston Marrow squash, a variety relatively new to this section, were today being loaded into freight cars at the Sanford State Farmers Market for shipment to a maker of baby foods at Canajoharie, New York.

The squash, which are of bright orange color and which weigh up to 40 pounds each, were grown on the west side by Bill Ludwig on his 15 acre tract. The deal is being handled by John Eick, local shipper. A representative of the firm is here to direct loadings and the weighing.

William Wilson, director and J. G. Michael, comptoller of state markets, yesterday stopped at the market to visit H. J. Lehman, manager of the market. They had been attending the fourth annual meeting of the Florida Vegetable committee in Orlando.

The Market yearly report is now being made up, Mr. Lehman said. He reported that he had recieved eight applications for stall rentals.

Posse Hunts Negro Murder Suspects

COMMERCE, Ga., June 18, (AP)—State police, federal agents and deputized local citizens converged on a wooded area about three miles south of Commerce today in armed search for three negroes suspected of slaying a U. S. revenue agent.

The posse was estimated by local police officers "more than a hundred," and most of the men were armed with shotguns, rifles and pistols.

The revenue agent, Moll Clark, was fatally wounded in a fusillade of bullets yesterday when he and other agents closed in on an illicit distillery in Banks county, about nine miles north of here.

France Forms Plan To Balance Budget

PARIS, June 18, (AP)—The French Cabinet put the finishing touches today on a new financial plan for raising 140,000,000,000 francs ($1,166,000,000) to balance the budget. A cabinet spokesman said a general agreement had been reached on Finance Minister Robert Schuman's plan.

Looming for taxpayers were increases in the price of tobacco telephone calls, postage rates, railroad fares and a new tax on automobiles. Details were temporarily withheld.

The spokesman said Premier Paul Ramadier probably would go before the National Assembly with the plan Saturday.

They Sought To Avert National Ship Tie-Up

THIS PARLEY ON THE MARITIME CRISIS, held in the U. S. Conciliation Service offices in New York, failed and as a result some 200,000 members of the CIO maritime unions refused to unload or sail vessels until the ship owners offered new and satisfactory contracts. Present at the meeting are (l. to r.): Joseph Curran, president of the National Maritime Union; William Margolis of the U. S. Conciliation Service; Frederick Livingston; Frank Taylor of Atlantic and Gulf Coast ship operators and E. A. Jimison, for the others. (International)

Wealthy Potentates Of India Are Headed For Eventual Extinction

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

India's turbulent progress toward independence, sadly divided as she is religiously, racially, politically and socially, is producing acutely the problem that close observers anticipated in connection with the disposition of the more than 560 princely states which are governed by autocrats of great wealth who broadly speaking have the power of life and death over their subjects.

These potentates, by and large, are anachronisms who have fallen down to us from out of medieval times on their regally caparisoned elephants, to continue their Arabian nights lives in the midst of a primitive splendor which has to be seen to be believed. There are, of course, great and good princes who have caught up with the times and have served their people well. However, there are many more who still not but view life through the eyes of ancestors who lived on the sweat of their unhappy subjects.

These relics of by-gone days now stand bewildered and un

(Continued on Page Six)

Father Kills Two Children, Wounds Neighbor Couple

Suicide Attempt Fails After Parent Goes Berserk In Miami

MIAMI, Fla., June 18, (AP)—Police today held a 59 year old father in the slaying of his two children and the shooting of a couple who lived next door to his small cottage.

Detective Sergeant John L. Deas said the father, Chris Russell, 59, operator of a cafe, was being held after the blood stained and battered bodies of Peggy Russell, 11, and John Russell, 6, were found in a bedroom of their little home in the northwest section this morning.

A few minutes before, Deas said, Mr. and Mrs. Walter L. Wolfe were found on the floor of the real estate office, next door to Russell's, cottage, suffering from bullet wounds.

Deas said as detectives rushed into Russell's cafe, the man pointed a revolver at his own head but the plunger snapped on an empty cartridge.

Deas said another business neighbor of Russell's, Mrs. R. Pompelauer, told him Russell had shattered her, stove and shot at her "point blank" but had missed.

Russell was taken to police headquarters where Deas said he broke down and admitted that he had killed his two children. He was returned to the home where the bodies were found in a little bedroom.

Russell, bursting into sobs, told

End Of Freight Car Shortage Seen Near

WASHINGTON, June 18, (AP)—The Association of American Railroads said today the end of the freight car shortage is in sight.

Warren C. Kendall, chairman of the association's car service division, said the railroads have "assurances" that materials "will shortly be available for building as many as 10,000 new cars per month."

This would compare with an average of 3,000 per month built for the last 20 months, Kendall said in a statement prepared for the House Commerce Committee. He added the railroads already have orders on the books for 100,000 new cars and are ready to order 75,000 more.

"With the acquisition of an additional supply of cars," Kendall said, "we may look forward to the end of car shortage difficulties."

Secret Court Martial Acquits Navy Officer

WASHINGTON, June 18, (AP)—A secret court martial which lasted 97 days acquitted Lt. Cmdr. Edward N. Little of accusations that he maltreated fellow Americans in a Japanese prisoner of war camp. The court martial, which was closed to the public at Little's request, heard 80 witnesses.

The Navy had identified the main charges against the defendant as maltreatment of a person subject to his orders, conduct to the prejudice of good order and discipline, and conduct unbecoming an officer and a gentleman. The Navy did not elaborate on its verdict last night.

Visiting Realtor Stresses Beauty Of City Lakefront

The favorable impression made by Sanford's beautiful waterfront was stressed by Norman G. Hamilton of Daytona Beach, second district vice-president of the Florida Association of Realtors, in a talk to members of the Sanford Board of Realtors at a dinner meeting Monday evening at the Mayfair Inn, according to Raymond M. Ball, secretary. Edward F. Lacy presided.

Mr. Hamilton spoke of the nation-wide co-operation among realtors and of benefits derived by the property owners through the National Association of Realtors. The committee representing the Association is working for the interest of property owners and the general public in the adjustment of rents and fair property values, he declared. He stressed to realtors the value of conventions.

Mrs. Violet Dunham, executive secretary of the Florida Association of Realtors, also pointed the value of co-operation among members. She pointed out that there are in excess of 1,400 real estate operators in Florida bearing the title, realtors.

"The term, realtor", Mr. Ball today pointed out, "is a copyrighted word and can be used only by real estate brokers who qualify as members of the National Association of Real Estate Boards. To become a realtor it is necessary to qualify with both the State and National Associations."

Local realtors present included Pres. Lane, R. M. Ball, Fred W. Bender, John W. D. Moore, H. James Gut, Robert A. Williams and Fred Black of Longwood. Salesmen present were J. L. Perkins, Raymond Lundquist, Charles Vodopich and Mrs. H. M. Joffman of Longwood.

CORRECTION

The Herald regrets an error in yesterday's edition in which it was stated that Clarence Richards of the Lane Howell section was charged in a warrant with "assault with intent to commit murder" against Billy Bamberg, 17. Actually he was charged of "aggravated assault," County Judge R. W. Ware stated this morning.

Richards was released on bond of $350 yesterday afternoon pending trial of the case in County Court.

Brailey Odham Tells Kiwanians Of Legislation

Representative Says Receipts Will Meet State Expenditures

J. Brailey Odham, state representative of Seminole County, was today warmly congratulated by his fellow Kiwanians at the meeting today at the Tourist Center following a talk in which he outlined some of his problems in the House of Representatives, also told of its accomplishments.

He described his intensive six weeks' study of state financial problems while a member of the subcommittee of the House Finance Committee, and said that he was satisfied that appropriations would meet all expenses authorized by the Legislature. He pointed out that State receipts from revenue from June 1, 1946 through May of this year were 14 percent over the 1945-46 yield.

He pointed out that $72,000,000 had been recommended for schools by the education committee; that a $82,000,000 ceiling had been proposed in the House and that finally a $74,000,000 ceiling was passed for schools.

The Seminole delegation worked well together, said Rep Odham and he described the phrase "Nothing Legislature" and pointed out some of the bills passed. Among these were an education for the University of Florida and the Florida State College for

Greece Outlines Recovery Plan In Note Of Thanks

WASHINGTON, June 18, (AP)—Greece promised the United States today that it will undertake a great and continuous effort to restore order and economic well being in its country.

The pledge was made in a note expressing thanks for the United States interest in Greek welfare as evidenced by the $400,000,000 Greek-Turkish aid program. The State Department made public the exchange of communications between Washington and Athens.

The Greek government outlined its own recovery plans and accepted responsibility for carrying them through but asked American expert assistance such as has already been arranged to aid the work.

The notes, covered formal notice

W. J. Krohne Enters Texas Soaring Meet

WICHITA FALLS, Tex., June 18—Walter J. (Pop) Krohne of Sanford and Maitland, Fla., will be a contestant at the National Soaring Contest to be held in Wichita Falls July 4-20, contest officials have announced.

Although Krohne holds a power plane pilot certificate, he has been a "motorless flight" enthusiast for only six months. He was equipment manager at the Sanford soaring meet Mar. 1 & 2, 1947, and does all of his soaring at the Sanford Airport. Krohne has not announced what type ship he will fly at the Texas contest next month. His flight instructors, Stephen and Virginia Bangia of Sanford, believe him to be the oldest man to receive the "C" rating of the Soaring Society of America.

France And Britain Form Plan To Use Marshall Project

Senate Approves $15,000,000 Flood Relief Measure

150,000 Acres Under Water And 200,000 More Threatened

WASHINGTON, June 18, (AP)—The Senate took less than a minute today to approve an emergency $15,000,000 bill to aid Mississippi valley and other areas damaged by recent floods. Approved last week by the House, the measure now goes to the President for signature.

Senator Revercomb (R-WVa) asked the Senate to put aside all other business temporarily in order to pass the authorization measure. He told his colleagues that "thousands are homeless and over a million acres are inundated."

At that Senator Aiken (R-Vt), who is floor leader for the approval of a good price support measure, demurred but Senator Hickenlooper (R-Iowa) from rain drenched Iowa assured there would be no objections.

After agreed to a try for unanimous consent, But Senator Vandenberg (R-Mich), presiding officer, avoided delays by simply announcing:

Without objection the bill is passed.

The legislation authorizes Army engineers to use $15,000,000 of available funds for repair of levees, dikes and other protective works in the flooded areas.

Hickenlooper told the Senate that the Army engineers had no money for the emergency work.

He said that all southeastern Iowa had been flooded, much of it three times in recent weeks, "its main cities evacuated" and many farms flooded for the first time in history of the state.

"This is a matter of life and death, literally," Hickenlooper said.

ROCK ISLAND, Ill., June 18, (AP)—Some thousand acres of rich farmland are under water along the Iowa and Mississippi Rivers and several hundred thousand more are threatened, Army engineers estimated today.

Col. W. N. Leaf, engineer here, said 100,000 bottomland acres along the flooded Iowa River were inundated and 50,000 more below flooded sky, old Mississippi and tributaries between Muscatine, Ia., and Clarksville, Mo.

Additionally, Col. Leaf said 200,000 acres were in danger of flooding along the Father of Waters, which is close to expected record crests as far south as Louisiana, Mo.

The engineer district office at St. Louis said 130,000 acres along the district levee in the bright of Quincy, Ill. will be endangered if the cracked levee yields to the crest expected there tomorrow or Friday.

If the flood should equal that of last week the waters would spread over 404,000 acres along the Mississippi between Keokuk, Ia., and Cairo, Ill.

China Denies Starting Mongolian Incident

NANKING, June 18, (AP)—A government spokesman denied today as "absolutely false" charges in an Outer Mongolian communique broadcast by Moscow that Chinese raiders started the recent Sinkiang border dispute.

Hollington Tong, minister of information, said no Chinese troops have entered outer Mongolia either before or after the clash at Peitashan, Sinkiang, 50 miles inside Chinese territory. He said a small police detachment has been maintained there since 1945.

The Mongolian Republic, in denying Chinese assertions that its troops attacked Chinese forces on June 5, declared the Mongolians were "compelled to take measures for driving out raiders from territory of their country."

DAV CONVENTION

PANAMA CITY, Fla., June 18, (AP)—Lewis H. Clark of Daytona Beach was named state commander of the Disabled Veterans of Florida at the last session of the group's annual convention here yesterday. Mrs. Bessie Clark, also of Daytona Beach, was named head of the auxiliary. Miami was selected the 1948 convention city.

Russia To Be Invited To Participate; Economic Treaty Formally Okayed

LONDON, June 18, (AP)—Britain's overseas trade chief, Harold J. Wilson, will fly to Moscow with 18 advisers Friday to carry forward Anglo-Soviet talks for the conclusion of a full-scale trade pact, a board of trade spokesman said today.

A highly placed government informant said Britain wanted a trade agreement with Russia whether or not the Soviet Union came in on the Marshal aid-Europe plan.

By JOSEPH E. DYNAN

PARIS, June 18, (AP)—France and Britain agreed today to convoke a European economic commission "within the framework" of the United Nations Economic Commission for Europe to implement Secretary of State Marshall's offer of U. S. aid.

The French Cabinet then voted formal approval of the French-British Alliance signed this Spring in Dunkerque. The Alliance provides for the closest possible economic cooperation.

A cabinet spokesman said France and Britain would jointly invite Russia today to participate in the new commission's work. Foreign Minister Georges Bidault and British Foreign Secretary Ernest Bevin reached the agreement to convoke the new commission in conversations here and the French cabinet immediately approved.

The cabinet spokesman said the creation of the European Commission had been determined on the basis of French proposals to place reconstruction plans in the hands of several technical committees, dealing with such problems as transportation, food, power, steel, iron and machinery.

Benjamin V. Cohen, U. S. State Department counsellor, said in an address last week that $24,000,000,000 assistance would be needed to succor Europe during the next four years.

The cabinet spokesman said the European Economic Commission would work "within the framework" of the U.N. Economic Commission for Europe, established earlier at Geneva. He explained that the E.N. Commission is lar-

James Wilson Of Lake City Named VFW Commander

SARASOTA, June 18, (AP)—James V. Wilson of Lake City, state representative and an attorney, was today elected state commander of the Veterans of Foreign Wars.

Marshall O. Mitchell of Vero Beach was selected as senior vice-commander and Chester Whittle of Orlando, junior vice-commander.

Carl Linden of Lakeland was re-elected quartermaster and adjutant of the group which ended its 17th annual encampment here.

Other officials chosen included Hugh McArthur of Tampa, Judge advocate; W. C. Atkins, Jr., of Jacksonville Beach, department chaplain and Dr. John Black of Jacksonville Beach, department surgeon.

Among new resolutions adopted by the veterans group was one asking Congress to designate Dec. 7 as Preparedness Day. Another resolution asked the veterans administration not to eliminate 700 extra beds at Pratt General Hospital in Miami.

Cab Company Moves To New Location

The Silver Fleet Cab Company has moved from its former location at First Street and Oak Avenue to the new Greyhound Bus terminal at Commercial Avenue and Hood Street. The company operates five taxicabs.

Work is progressing in the interior of the terminal building where much of the plastering has been completed. Plumbing and fittings are now being installed and fluorescent lighting fixtures are already in place. Except for a portion west of the building, all concrete runways have been laid. The station is expected to open on July 8.
