ODHAM & TUDOR

Eleven Months ago this month...

The impressive panorama of homes pictured in the above aerial view was a tangle of palmetto, scrub oak and pine. The land was cleared then all modern city conveniences installed—sewers, water, electricity and paved streets. Soon, as if by magic, modern Florida homes appeared until now, just 11 months later, 108 families live in this beautiful community.

SOUTH PINECREST

WE ARE PROUD

THAT WE HAVE BEEN ABLE TO BUILD AND SELL MORE HOMES IN SANFORD IN THE LAST 11 MONTHS THAN ALL OTHER BUILDERS COMBINED. WE FEEL THERE ARE SEVERAL IMPORTANT REASONS FOR THIS:

We are interested in building you a home — not just a house. So we carefully selected our architects who would design individual homes. Each home designed to take full advantage of Florida climate and weather.

Our homes have twice the usual amount of windows for better light and ventilation. Each of our homes have long roof eaves to allow your windows to remain open during light summer showers.

Our floors are all of marble terrazzo, life time floors, no rot warping, no termite damage to be concerned about.

HAVE YOU SEEN SOUTH PINECREST LATELY?
WHY NOT DRIVE OUT?

from **\$11,000** to **\$15,000**

All roofs are 5 ply built up with asphalt and marble chips. Throughout each home we have used only the best workmanship and best materials.

Our finance plan is the best. We offer V. A.—F. H. A. and Conventional Financing.

We know how to qualify our buyers without delay. In 30 minutes we can tell you yes or no. If your answer is yes you can move in while we process the papers.

For 1 year we fully guarantee you that any defects, major or minor that occur in your home will be corrected at our expense.

Don't take our word for this, ask our home owners. They are our best sellers.

We sincerely believe we are offering the best dollar buy in home values today. We invite you to compare our homes with all others.

... see our Model Home Today

GREETING A NEWCOMER in DeBary at one of the season's social functions. (Left to right) are co-hostesses Mrs. Alonso McCalley, Miss Doris Cline and Mrs. W. A. Yung with their guest of honor Mrs. Robert L. Elmer. (Staff Photo)

Vice-Admiral Rees Tours Local Navy Base Yesterday

Vice Admiral William L. Rees, USN, Commander Air Force, U. S. Atlantic Fleet, arrived aboard Sanford Naval Air Station yesterday by A-3D, the Navy's fastest and longest ranging bomber in operation.

Admiral Rees is currently making his initial tour of bases under his command since assuming the position of Commander Air Force U. S. Atlantic Fleet on May 29, of this year.

Upon his arrival, he was rendered official honors by eight sideboys. The Admiral was greeted by Captain Robert W. Jackson, USN, Commanding Officer of Sanford Naval Air Station, Captain J. T. Blackburn, USN, Commanding Officer of Heavy Attack Wing (Continued on Page Eight)

Coffee Club Hears Talk On Hospital

Harry Weir, Administrator at Seminole Memorial Hospital, spoke to Seminole County Chamber of Commerce Coffee Club members this morning.

In the informal talk before the Chamber of Commerce group, Weir said "There are 87 employees at our hospital or 1.3 employees per hospital bed."

"We have to have so many employees because we are open 24 hours a day, 365 days a year," he said.

"I wish we could get over to the public," said Weir, "the necessity for the number of employees at Seminole Memorial Hospital." He said, "We have 20 to 25 specialized departments ready to serve the community at all times."

Weir pointed out "It is an expensive operation if we do not have enough patients and contrary to rumors, we have averaged about 80 per cent occupancy."

"We should average about 70 per cent," he said.

Speaking on the number of patients occupying hospital beds at Seminole Memorial Hospital, he told the Chamber of Commerce group that there have been up to 88 or 70 patients in the hospital at one time but there have also been as few as 32 a day.

"We have a difficult time securing employees because of the housing problem here and it is hard to get across the idea to the public that hospital employees work for something other than just service."

And he pointed out that it is difficult to maintain a fair standard of living on the salaries (Continued on Page Eight)

Utah Businessman To Head Kiwanis International

Reed C. Culp, Salt Lake City businessman, has been named President of Kiwanis International. He was elected to the number-one Kiwanis post Wednesday, June 20th by delegates attending the 41st annual convention of Kiwanis International at San Francisco, California. News of Culp's election was received by officers of the Kiwanis Club of Sanford today.

As head of Kiwanis International, Culp will be official spokesman for a quarter million Kiwanis in 6000 clubs located throughout the United States and Canada, and in Alaska and the Hawaiian Islands. He succeeds Dr. J. A. Raney, Director of the Indiana State School for the Deaf, in Indianapolis. Raney has held the Kiwanis post since August of 1955.

Culp, who is a life-long resident of Utah, operates a wool-livestock brokerage firm. He is a member of the National Woolgrowers Association, the Salt Lake City Chamber of Commerce, and all Masonic bodies. He is currently a member of the Board of Regents of the University of Utah, where he serves on the executive committee and as chairman of the buildings and grounds committee. He has served also as a member of the Mayor's Committee on Juvenile Delinquency in Salt Lake City, and as former chairman of the Advisory Council (Continued on Page Eight)

Benjamin Hornsby Re-Enlists In Navy For Six More Years

Being administered the oath upon re-enlistment for six years June 22, by Commander W. W. Stetson, Commanding Officer of Fleet Aircraft Service Squadron Fifty One, Naval Air Station, Sanford, was Benjamin Franklin Hornsby Jr., Aviation Electrician First Class.

Benjamin Hornsby, son of Mrs. Benjamin F. Hornsby Sr., of Davenport, first enlisted in the Navy in July, 1947, at Orlando.

Prior to reporting to this command for duty in February 1955, he was stationed at the Naval Air Station, Norfolk, Va. By re-enlisting in the Navy, Hornsby received a very liberal bonus and 30 days leave.

He is married to the former Miss Kathryn Juanita Rogers of Winter Haven, and they with their three children reside at 402 Orange Ave.

Big Year Predicted For Bisbee

By PIERCE LERNBECK

Ham Bisbee of Sanford teams with Ronnie Schoenburger of Pittsburgh, Pa., this fall to give Florida State University one of the strongest end combinations in the southeast.

Bisbee, a 19-year-old 175-pound junior was good enough as an 18-year-old last year to keep 6-foot-7, 237-pound Tom Feamster on the bench for a great part of the season.

The gigantic Feamster was said to be collegiate football's largest player last year. He's now with the professional Los Angeles Rams.

Bisbee says his biggest threat lies in his offensive ability, but FSU head coach Tom Nugent thinks he's a fine defensive player.

"We place great stress on the way a boy plays defense for us," Nugent commented. "Bisbee stacks up to everything we want in an end."

Alternating at right end with Feamster last season, Bisbee scored only one touchdown. But he pulled in five passes to lead the team as a running end with 24 yards per try.

Nugent predicts great things for the slight six-footer.

"He's one of the youngest players on our team and he still has two seasons to go. He'll be playing first string this fall and with the experience he should gain, he'll be great in his senior year."

As a star performer for Seminole High School in Sanford, Bisbee was all-conference, all mid-state and he made the second team all-state eleven.

Moving into their second year of major college football the Seminoles open against Ohio University here Sept. 22.

HAM BISBEE

Gas Tax To Go Up One Cent

Motorists of Sanford and Seminole County were reminded today that on Sunday the federal tax on gasoline will go up one cent a gallon, as part of the \$13 billion increase in federal automotive taxes enacted by Congress this year for financing the 13-year federal highway program.

Glen F. Woodard Jr., Executive Secretary of the Florida Petroleum Industries Committee, noted that this increase, added to the present 2-cent federal tax and the 7-cent state tax, will bring total state and federal taxes on gasoline in Florida to 10 cents a gallon. This, he added, is equivalent to about a 48 percent sales tax on gasoline.

Commenting on the "amazing growth" in motor fuel taxation in this state through the years, Woodard pointed out that the Florida gas tax, first imposed at a 1-cent rate in 1921, brought in only \$638,000 the first full year it was in effect. He added:

Now, with this new increase in the federal tax, highway users of this state will be paying an estimated \$118 million a year—about 180 times as much—in state and federal taxes on gasoline.

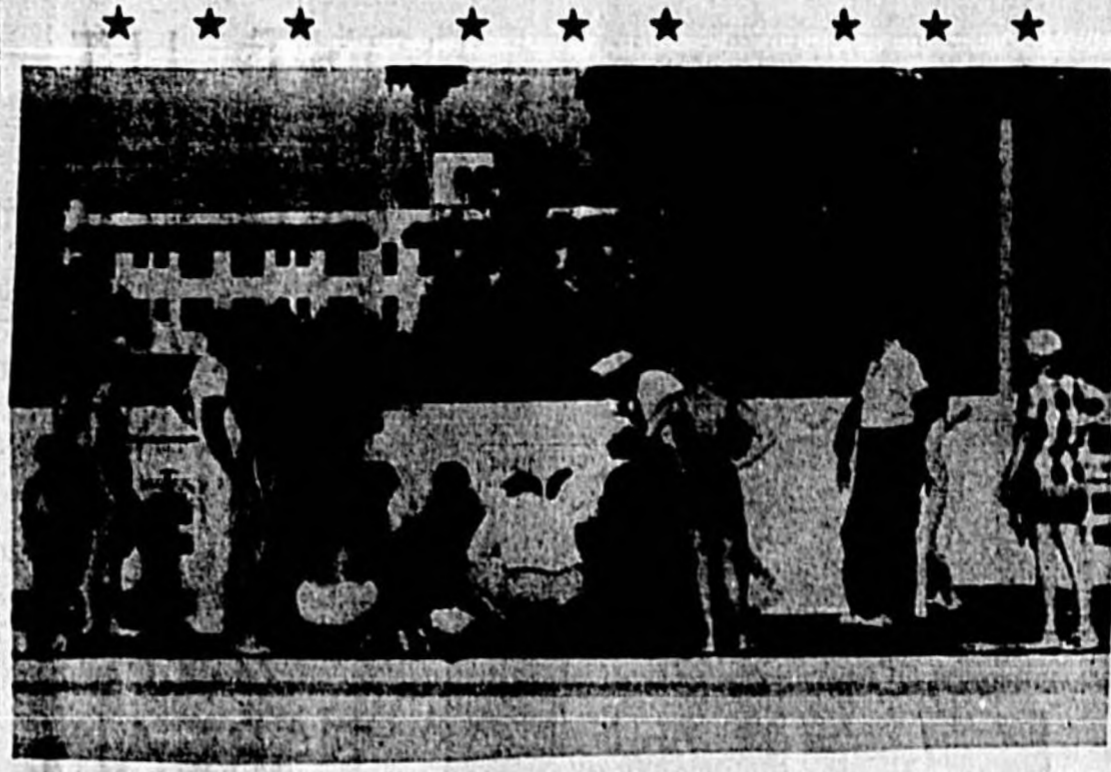

He said the recent federal increase, expected to yield more than half a billion dollars a year nationally, will bring to about \$34 million the amount of federal gas tax collected annually in Florida.

Motorists have a great stake in highways, Woodard said, but certainly they are paying for them. He noted that the present tax hike is the eleventh general increase in gas tax rates motorists of this state have been called on to pay in the 35 years that gasoline has been taxed here.

Following is the history of state and federal taxation of gasoline in Florida:

In 1921, State gasoline tax first imposed at 1c a gallon; in 1922, 3c a gallon; in 1923, 4c a gallon; in 1927, 5c a gallon; in 1928, 6c a gallon; in 1931, 7c a gallon; in 1932, Federal tax imposed—total 8c a gallon; in 1933, Federal tax increased to 1.5c, total 9.5c a gallon; in 1934, Federal tax reduced to 1c, total 8.5c a gallon; in 1940, Federal tax again increased to 1.5c, total 10c a gallon; in 1951, Federal tax increased to 2c, total 10c a gallon; in 1956, Federal tax increased to 3c, total 13c a gallon.

8-Year-Old Boy Drowns In Local Pool Yesterday

EVERY EFFORT WAS MADE BY City Officials in administering oxygen and artificial respiration to Frederic "Rickey" George Bicknell, 8-year-old youngster who drowned yesterday in the Municipal swimming pool. (Staff Photo)

Diver's Masks Banned

An 8-year-old boy was pulled from eight feet of water yesterday at the Sanford Municipal Swimming pool at approximately 4:45 p. m., a victim of either drowning because of a diver's mask he wore or from strangulation.

Frederic George Bicknell, only child and son of Mr. and Mrs. Ernest D. Bicknell, was found about midway of the pool, at the bottom, by 8-year-old Sanford Williams.

The youngster who found the boy immediately notified Lifeguard Wiley Jarrell, 21, who dived into the water and pulled the drowned boy to the surface and handed him to Johnny Williams, 16 who began artificial respiration until the Sanford Fire Department arrived with oxygen.

Lifeguards Wiley Jarrell and Joann Perry were keeping a close watch on a crowded pool.

Pool manager Haskey Wight told City Manager Warren E. Knowles that the drowned boy had, only 10 minutes before he was pulled out of the water, bought two candy bars from the pool concession.

City Manager Knowles, at the pool to investigate, immediately ordered the use of masks, goggles, snorkels or any apparatus on the face banned from the pool.

There was no city recreation program in progress at the time of the youngster's drowning. The City Recreation Department's swimming classes are conducted during the morning hours under the direction of John Anderson.

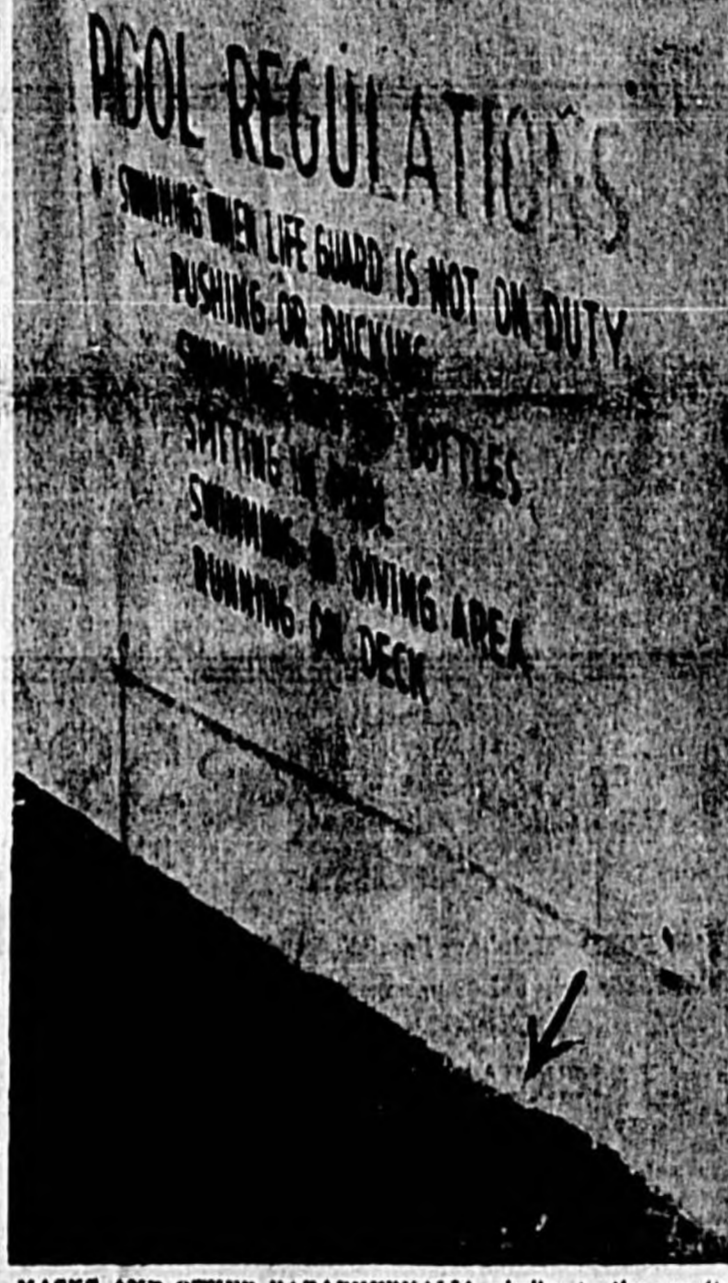

Orders were amplified with the Sanford Fire Department's Mediator by Lieutenant George Harriet and Fireman Bob White Jr., under the direction of Fire Chief Mack N. Cleveland Sr., for approximately 40 minutes until Dr. John M. Morgan, called to the scene, pronounced the youngster dead.

"I am certain," said Senator Stenstrom, "once this road is completed that the traffic count will be increased so greatly that a new modern bridge across the St. Johns River at the base of Calvary Ave., will become a necessity.

"Such a bridge," he said, "together with our modern bridge over the St. Johns at the base of Geneva Ave., will give our county two fine bridges on the two state roads, 415 and 46, leading from the East Coast to Seminole County."

State Road 415 road improvement will be from two miles east of the present Osteen Bridge to the new DeLand-New Smyrna Beach highway at Samsulla.

Senator Stenstrom added today "It appears that the actual construction on U. S. 17-92 in Seminole County from the Orange County line to Five Points will also begin at an early date."

MASKS AND OTHER PARAPHERNALIA, similar to the one (to which arrow is point) shown in this picture, are banned in the Municipal swimming pool. Mask here was worn by "Rickey" Bicknell when he drowned yesterday. (Staff Photo)

415 Right-Of-Way Expected To Be Cleared Soon

Senator Douglas Stenstrom said today that he has received a letter from William H. Dial, Road Board member from this district, in which he has been advised that the Volusia County Attorney expects to have right-of-way cleared for State Road 415 by July 10 and that the State Road Department would issue a work order at that time.

Senator Stenstrom said that it appears that actual construction of 415 will get underway this summer.

"I am certain," said Senator Stenstrom, "once this road is completed that the traffic count will be increased so greatly that a new modern bridge across the St. Johns River at the base of Calvary Ave., will become a necessity.

"Such a bridge," he said, "together with our modern bridge over the St. Johns at the base of Geneva Ave., will give our county two fine bridges on the two state roads, 415 and 46, leading from the East Coast to Seminole County."

State Road 415 road improvement will be from two miles east of the present Osteen Bridge to the new DeLand-New Smyrna Beach highway at Samsulla.

Senator Stenstrom added today "It appears that the actual construction on U. S. 17-92 in Seminole County from the Orange County line to Five Points will also begin at an early date."

M. Wright Retires From Post Office After 46 Years

By SANDRA BERG

M. L. Wright, who came to Florida in 1906, and has lived in Sanford since Nov. 17, 1909, retired from the Sanford Post Office with 46 years of service last night.

Mr. Wright "started out on a salary of \$30 a month and out of that I saved \$20," he said.

"Back then we didn't have civil service," he related. If a man was needed for a job in the post office you "went out on the street to find one."

"Back in the old days," he went on, "the train would come in anywhere from 7 to 10 at night and no matter how late the mail was, it was sorted and taken care of. There was no carrier service at all as it was all open general delivery."

"I worked seven days a week from 5 in the morning until the mail was out," Mr. Wright then said that the post office was located where the Smoke House is now, later moving to where Mather Furniture company is situated. It moved to its present spot in 1915. Charles F. Haskins was the post-office manager at that time. (Continued on Page Eight)

Canal Project Will Be Discussed Tonight

"We are ready for our meeting tonight," City Commissioner John Krider said this morning.

Krider said that he did not know how many people in the community are interested in the revitalizing of the Sanford-Titusville Canal project but there should be a good crowd to attend.

The meeting will be held in the Commissioners Room of the Sanford City Hall beginning at 7:30 p. m.

Many plans have been studied relative to the opening of the Sanford-Titusville Canal from Sanford to the East Coast, however, none have been successful up to the present time.

Congressman A. S. "Byrd" Herlong, revealed several days ago in a telegram to The Sanford Herald that the Corps of Engineers could make additional recommendations and studies since the third year is expiring since their last report was submitted on the project.

Krider said "The opening of the Sanford-Titusville Canal would add exactly what thousands have been looking for, some basis for the conservation of water.

"In addition," he said, "there would be a sure thing for the docks and wharves project as well as the yacht basin should the canal come into being."

"Thousands upon thousands would use the inland waterway including those who operate their boats for pleasure and would come through the Sanford area."

Registration Deadline Set For Day Camp

Registration for the Brownie day camp will definitely be closed on July 2, leaders of the Brownie organizations revealed today.

Any registered Brownie or Fly-up can register for the camp that will be held August 6-10 by mailing \$1.50 along with the signed parents consent form to Mrs. I. J. Butler, Jr., 2427 Elm Ave. or to Mrs. Ralph Wight III, 1817 Paloma Ave. Sanford.

"There will be a week of fun and activity the Brownie Scout way, for those who register and attend the camp," leaders said.

Funeral To Be Held In Windsor, Vt. For F. Bicknell

Frederic George Bicknell, 8, died at 9:30 p. m. yesterday when he drowned in the Municipal Swimming Pool in Sanford.

His residence was at 1974, Locust Ave.

He was born on Jan. 19, 1948, in Claremont, N. H., and his official residence with his parents was in Windsor, Vt.

Frederic George Bicknell is survived by his father and mother, Mr. and Mrs. Ernest D. Bicknell, Sanford; and one aunt, Mrs. Arthur Cripps, Danielson, Conn.

Remains are being sent to Windsor, Vt., this afternoon at 2:30 p. m. with the funeral and burial in Windsor.

Funeral Home is in charge.

Thrilling Triple Play Seen In Ball Game Last Night

A triple play by W. Atlee Burpee softball team last night provided the thriller in a game which ended with Hunt-McRoberts in front to take the game 11-3.

The play happened this way: the bases were loaded when the batter for Hunt-McRoberts grounded to shortstop James Davis — Davis to catcher John Jones to force the running from third, then Jones to first baseman Robert Samuel to put out the batter and from Samuel back to Jones to tag the runner sliding into home.

The winning team earned 11 runs on six hits with the batteries Dan Bauman and Ed Lockett. Dan Bauman hit a three-bagger to clinch the lead.

W. Atlee Burpee got two hits and three runs with batteries Herman Tickle and Johnny Jones.

Weather

Partly cloudy with scattered showers through Friday; low tonight 70 to 74.

Organizing Development Commission Would Benefit Growth Of Sanford

We heard of an excellent idea the other day—one that should be studied and adapted to use right here in our own community. The reason that our interest is so keen is that the plan has been highly successful in other communities comparable in size to Sanford.

All of us must realize that new ideas—new talent—new citizens, are constantly streaming into the Sanford area. Citizens that are interested in their adopted community, so interested in fact that they would readily be of immediate service to those of us who have become more or less apathetic to growth and progress.

Then—there are those who say—well, it's a good idea "but let John do it." From the very beginning, as this new idea was explained, and its plan unfolded, it was seen that "it's just what we need."

Some few people have taken the bull by the horns, and when it comes to progressive thinking about projects which would develop into something tremendously beneficial to every citizen. We are thinking of the development of our county's highways, the French Avenue Throughway, the causeway, the Sanford-Titusville Canal, the Seminole Memorial Hospital, and other projects which have been completed to the delight of every person in the community.

That's where we come to the plan that was proposed for Sanford.

It was suggested that a Sanford Development Commission be established, headed by energetic, responsible, deep thinking citizens of our community.

This commission would be composed of hundreds of citizens, literally the whole community, for the scope of all that could be done within such a body is literally so large that it is beyond the actual present-moment thoughts.

The Sanford Development Commission would be composed of numerous committees working on various projects and plans for the community.

For instance, just to start, committees on traffic, industry, streets, juveniles detention home, parking, recreation, recreation facilities, beautification, civic improvement, street lighting, slum clearance, waterfront usage, the Sanford-Titusville Canal, docks

and terminals, commercial expansion, shopping area engineering and survey, law enforcement, housing development, and a myriad of other ideas that would embody much study, many meetings, and citywide cooperation.

Such an organization would be of invaluable aid to Sanford's Board of City Commissioners, not for a dumping ground for problems that come before the commission for action, but as start for the newest ideas that are concerned in the growth of Sanford.

We could think of one item that could have received a huge share of study, a cross section of thinking in the community and out, on the question of annexation.

At the present time the City is confronted with the problem of traffic and parking—two subjects that demand two committees to come up with the proper answer. It is through these committees that expert information could be obtained since it is believed that they would seek out the opinions of those thoroughly familiar with the subjects and problems brought before them.

Definitely, we think there would be some expense to the organizing of a Sanford Development Commission. But from the organization would come opinions and recommendations worth thousands upon thousands of dollars, many times more than the cost of such an organization.

We feel that the Sanford Development Commission should be completely free of political influence—that the thinking of the commission and the committees formed under it should be the thinking of the citizens versed by proper information from invaluable sources and not thinking because of pressure and political patronage.

From such a commission as the Sanford Development Commission, there would emerge ideas that would parallel the growth of Sanford—our growth would be easier and more pleasant—our projects would parallel the wishes of the citizens of Sanford, those who pay the taxes.

There are those in our community capable of studying the feasibility of the Sanford Development Commission, and with the organizing capabilities necessary to put a project into full swing.

The position in which Sanford finds itself at the present moment, it behooves our community to dig out from the list of citizens all who want to serve their community loyally and faithfully and place them on the committees to which they would be best fitted.

We're thinking that the sooner such a Development Commission is put into effect the sooner the benefits would begin rolling in. It is an idea well worth trying—it is an idea that is worthy of an experiment.

We have seen what a body of interested citizens can do when their sights are set on a certain project. Their work is tireless, their ideas can be counted among the millions, their goals would be the highest, and their output as a benefit to Sanford would be beyond an estimate.

It would be the consolidated effort of a City and its citizens to provide the finest facilities of every description, of every nature.

There is no doubt that such a commission would be far reaching, not only in its benefits, but as a means of reaching out and bringing thousands of people to our area to make their permanent homes.

There is such a thing as setting such a brilliant example that the people of a nation would be cognizant of its worth.

NO. 1 HEADACHE OF NO. 10 DOWNING STREET

US Reds Sheep In Russian Pasture

BY JAMES MARLOW
Associated Press News Analyst
WASHINGTON: US — The leaders of the American Communist party, who have acted like arrogant shepherds toward their own members, are still sheep in the Russian pasture. Some of them may be shorn.

There is rising discontent in the party with this leadership which recently confessed to a whole series of disastrous mistakes over the past 10 years and now pretends to be surprised to hear Stalin was a dictator and murderer.

Party members, writing to their newspaper, the Daily Worker, charge dictatorship against the American leaders: directly against the old and ill chairman, William Z. Foster, indirectly against Secretary Eugene Dennis, the real boss, and others.

The leadership itself has conceded the rank-and-file should have more say in the decisions which have been handed down from the top.

The top American Reds had approved every action of Stalin. Dennis recently acknowledged they looked upon Stalin as "infallible." Then Nikita Khrushchev, the Russian Communist boss, put them on the spot.

By revealing Stalin's one-man rule in all its horror, Khrushchev invited Communist everywhere to be self-critical and critical of one another. He left it up to them to figure out how critical.

As if helpless to know what to do or say until they got the clue from Moscow, the American Communist leaders kept silent for months after Khrushchev's revelations. This week the Central Committee finally spoke up.

It raised critical questions about the part played by Russia's new leaders in Stalin's usurpation of power and his crimes. But it did this only after the Italian, French and British Communists had asked the same questions.

"We... are shocked," the committee members said of the revelations. The delay in speaking up made them look afraid to take the lead in criticizing Russia or even knowing what to say or how far to go until others showed the way.

Since it was common knowledge for 20 years that Stalin had one-man rule and slaughtered people, the Central Committee, in saying it was shocked to hear all this, put itself in the position of being considered dumb or hypocritical. No one has accused the Reds of being dumb.

But Dennis himself provided another example of continued subservience to Russia. Almost as if saying, "Oh, thank you, sir," he

Radio, "Cowboy Jones," "Lord Invader," "Attila the Hun," and "The Mighty Sparrow."

Calypsos singers—there are about 100—average \$1,200 a year income.

Many of the singers complain that visitors have stolen and exploited their tunes without paying them any royalties.

A gentlemen named Vital Angel has just started a music publishing firm here with the hope of stamping out tune robbing by foreigners.

"Some calypsoes are being played all over the United States," he said, "while the calypsoeans here who originated them do not get enough money to buy a set of teeth."

That line was laid down by Khrushchev: Everywhere Communist parties should try to look like national parties and form united fronts. How could the present U.S. leaders, already convicted of trying to teach overthrow of the government, be persuasive?

Herlong Report

So called civil rights legislation has again hit the center of the stage in Washington. It does seem a shame when there are so many real problems in the world that something like this takes up so much time when the whole idea of civil rights legislation is so obviously conceived and nurtured only for political purposes.

If the bill which the Rules Committee has been considering his week comes before the House, it will pass because there are enough northern and western members of both political parties who will vote for it. We only have about 118 members from the South whom we can count on to oppose the bill. Of course we do not want the bill to pass and we are going to use every tactical method and parliamentary maneuver possible to keep it from passing.

An interesting sidelight is that sometimes we get unexpected help from surprising quarters. This week the Rules Committee had already over-ridden Chairman Smith of Virginia and had agreed to vote on the bill last Thursday. A few hours before voting time for some reason the Committee found itself without a quorum. The majority of the Committee is on record as favoring this legislation, but they also know what the Committee Rules are. Any time the Committee finds itself without a quorum any member may make a point of order that the Committee is without a quorum and the chairman must automatically adjourn the meeting. Enough members who were on record in favor of the legislation for some reason had business elsewhere during the early hours of the afternoon and the point of order was raised. The Committee then had to adjourn without voting.

This means that there will be at least another week in the Senate. If it is brought up it will be filibustered until Congress has to adjourn for the conventions.

Some people have asked me why we didn't do something to curb the power of the Supreme Court. I agree that they need to be curbed. Many bills have been introduced along this line. Most of them are of such a nature that they obviously will not pass and do not even do what the

Pacific Northwest Eyeing Atom

BY SAM DAWSON

SEATTLE — The Pacific Northwest—long known for abundance of water power—now is eyeing the atom even as it calls for more "bathtubs."

The region expects to grow industrially so much and so steadily that the time will come when nuclear energy will help meet the demand for electric power.

That time won't be tomorrow or probably for many years. But the power companies are studying nuclear plants today—and also keeping an eye on the steady approach of the natural gas pipeline from New Mexico.

They struggle meantime with their perennial problems: Public vs. private utilities; disputes with the fishing industry and sports fishermen who contend that power dams imperil the salmon runs; criticism from nature lovers who fear loss of scenic and recreational attractions at dam sites; and the need for more giant "bathtubs" in which to store the spring tuffs.

The immediate worry of the

power companies now: Will the water supply this fall be enough to meet the expected peak power load in December, or must they turn to more expensive steam plants? If the water supply falls too low, aluminum and chemical plants will lose some of their cheap electrical energy.

Part of the trouble will be from the delay, due to the Westinghouse strike, in the scheduled installation of five generators at the new Chief Joseph Dam on the Columbia River.

But L. E. Karrer, vice president of Puget Sound Power & Light, says the fall problem is always with the utilities—it depends in last analysis on the weather. Right now the Columbia River is dropping from flood stage in spots. By late fall it will be low.

Byron L. Price, assistant administrator of Bonneville Power Administration, says future power demands in the northwest call

for 45 new projects in addition to those already licensed or under construction. This would mean spending "at the rate of one million dollars a day—indeinitely."

Jack D. Stevens, engineer for the Puget Sound Utilities Council, says that the industrially growing area within a 100-mile radius of Seattle alone should add about 1½ million kilowatts of new generating capacity in the next seven years on the basis of foreseeable demand.

One project on which the entire Columbia basin is counting, is the proposed Mica Creek storage reservoir on the Columbia in Canada. Stevens says "this would add about 2,700,000 kilowatts of prime power to new loads in Canada and the United States." Canadian and U.S. interests are now deadlocked on the proposal. The northwest hopes the U.S. State Department will step in.

Try and Stop Me

By BENNETT CREEP

THE PASTOR of a church in a small town was loved and respected by his congregation, but his salary was necessarily small, and when a prosperous congregation in a large city offered him double the fee to shift his allegiance, the local church could not possibly match the offer.

"I suppose," mourned a member of the flock to the preacher's son, "your father will accept the call to that big city."

"Dunno," admitted the boy. "Dad's on his knees in the study at this very moment praying for guidance."

"And your ma?"
"She's upstairs packing the trunks."

TODAY'S BIBLE VERSE
Whoso hearkeneth to Me shall dwell securely, and shall be quiet without fear of evil. Proverbs 1:33—One of the most amazing episodes in human history is the failure of the great Assyrian army under Sennacherib to capture Jerusalem. Isaiah prophesied that they would not capture the city, but the plague of mice that ate the bow strings of the Assyrians' bows thus disarming them is as dramatic a deliverance as humanity ever beheld.

Trinidad Girls Courted With Music

BY HAL BOYLE
PORT OF SPAIN, Trinidad — You don't have to be able to write love letters to court a girl in old Trinidad. You tell her with music. And you don't even need to be a musician yourself. You simply fork over a little ready cash to the nearest impoverished calypso singer and he creates a quinc' ballad extolling in song the charms of the girl you're after. A movie company here now

making a film with Rita Hayworth recently had her immortalized in this manner. Total cost—\$100. Calypso songs originally were improvised ditties on current events sung to an African rhythm at the annual pre-Lenten carnival. Today, however, the calypso industry is not much more spontaneous than the art of canning tuna fish. It gets more like Tin 'n Alley every year. The ad 'nna fish. It gets more like Tin

libra aren't vocal. They're written out ahead of time.

"The calypsoes are becoming more commercialized," said Charles E. Espinet, assistant editor of the Trinidad Guardian and an authority on island folk music.

"But at parties, where the singers know the guests, they still sing improvise."

Calypso singers are a breed apart. Most of them have little education, little formal knowledge of music. They usually come from the other side of the tracks, or, as the saying here goes "behind the bridge."

But they have a keen sense of rhythm and a quick eye for the absurdities and pretensions of the human race.

They all go by colorful or high-sounding names—such as "Lord Melody," "Lord Creator," "King

PRESENTLY HALF ERRECTED is this Butler type building located east of Building Two at Sanford Naval Air Station. The building of this type are presently under construction at the SNAS. June 24 Wedding Rites Unite Patricia Rossman, H. Summerlin

June 24 was the date for the wedding of Miss Patricia Ann Rossman, daughter of Mr. and Mrs. Jack H. Rossman and Hubie E. Summerlin, son of Mr. and Mrs. Jack Summerlin.

The rites were held in the Upala Presbyterian Church at 3 p.m. with the Rev. C. C. White officiating.

The couple repeated vows before a background of pink and white gladioli and asters. Palms decorated the altar.

Miss Norma Rans was organist for the wedding playing the traditional wedding marches. Miss Janet Luxon, soloist, sang "Because."

Given in marriage by her father, the bride was lovely in a gown of white lace over satin, a shoulder length veil fell from a beaded pearl coronet and she carried a bridal bouquet of white carnations. Miss Linda Rossman, sister of

the bride, acted as maid of honor, and only attendant and wore a gown of blue lace over blue taffeta. She had a matching head piece of net and rose buds and carried a nosegay of rose buds and baby's breath.

Leslie Summerlin, brother of the groom, was best man and ushers were James King and George Pezold.

For her daughter's wedding Mrs. Rossman wore a lavender lace dress over taffeta with white accessories. She had a pink carnation corsage.

Mrs. Summerlin wore an aqua taffeta creation with white accessories and also had a pink carnation corsage.

A reception was held in the Upala Presbyterian Sunday School rooms which were decorated with pink and white gladioli along with white asters and roses.

Assisting were Katherine Carlos, Betty Edwards, Mary and Betty Mikolajick.

For a short wedding trip to the east coast the new Mrs. Summerlin wore a pink and white linen dress with an applique trim. She planned on her shoulder a corsage of white carnations.

The couple will be at home at rural Longwood.

The bride was born in Mayfield, N.Y., and attended Mayfield schools moving here in 1951. She is a Seminole High School graduate and is employed at McCrory's.

The groom was born in Santa Rosa and attended schools there and in Apopka. He is employed at Harry & Doug's Service Station in Sanford.

Dawn M. Bishop, Bruce Whitener Tell Final Plans

Miss Dawn Marie Bishop, daughter of Mr. and Mrs. Guy Kent Bishop and Bruce Carroll Whitener, son of Mr. and Mrs. M. S. Whittener of Panama City are revealing today the final plans for their wedding which will take place Saturday, June 30 at 4 p. m. in the First Baptist Church.

The Rev. W. P. Brooks Jr. assisted by the Rev. David Carnell will officiate the double ring ceremony.

Organist will be Mrs. Marvin Milam while soloist is Mrs. Sam Frank who graduated from Florida State University with the bride-elect last month.

Mrs. Raymond F. Kraft of Jacksonville and sister of the bride will be matron of honor while bridesmaids are Miss Boots Harris, Pompano Beach; Miss Charlotte Abney, Sebring; Mrs. Bruce Lane, Tallahassee and Mrs. Nick Pfeilaut, Sanford.

Paul Whitener, brother of the groom will serve as best man while ushers are Raymond F. Kraft, Jacksonville; James A. Vailington, Daytona Beach; G. Pat Johnson, St. Augustine and Calvin D. Hasbrouck Jr., Tallahassee.

Little Miss Julie Ann Louise Kraft, niece of the bride will be flower girl and Terry Lee Kraft, nephew, will be ring bearer.

A lawn reception will be held at the home of the bride at 874 E. 20th Street.

SEWING LESSONS PAY OFF! Miss Marchetta Campbell, left, recently started taking sewing lessons at the Home Demonstration Club house and at the recently held dress revue displayed three dresses she had made after taking only a few lessons. Mrs. Hugh Brady, center, also made her dress and Miss Katy Griffin, far right, shows an ice blue formal trimmed in silver sequins which her mother made. (Staff Photo)

Morgan Finds Self In New Racket

HOLLYWOOD, Fla.—At the age of 52, bandleader Russ Morgan is finding himself in a new racket—dramatic acting.

The old coliseum's musical buddies will doubtless flip their lids to hear the news. Russ is pretty amazed by it, too.

"But I'm having a ball," he admits.

It all started when Universal-International talent man Phil Benjamin happened to flip the TV dial to a local variety show Russ came on for a seven-minute routine, went over so well he stayed for 17. Benjamin thought of Morgan for the role of a bandleader in "The Great Man."

"But I don't appear in front of the band at all," Russ added.

"It's a real dramatic part; I'm the only guy who says he liked 'The Great Man.' I deliver a eulogy at his grave and everything."

Russ came to the studio to read for the role. He said that after he delivered just a few lines, the director exclaimed, "This is the one!"

Now Russ is back in greasepaint for the same studio, playing a tough night club mucker who doublecrosses Tony Curtis in "Mister Coy." And he has been sought for movies at Paramount and 20th Century-Fox.

Strangely enough, he started out as an actor. In his early years, he appeared in plays with Raymond Hitchcock in Detroit. But he found he could out more regularly as a musician, and Russ is the kind of a guy who likes to act regularly. He took jobs as bandleader-emcee in Detroit movie houses in the late '20s.

After that, he played with hands all over the country, but never until 1938. Rudy Vallee persuaded the management of New York's Hotel Baltimore to hire Russ and that was the start of music in the Morgan manner.

Footnotes to Fashion

As we said before fashion may be created in clothing, furniture, or even in foods and parties. Now that summer has come to Sanford let's give a party that's unusual, and becoming to the weather. Perhaps, a Moonlight Buffet.

Set your next buffet dinner in the moonlight, an idea veiled in by the gay old Romans, the most successful party throwers in history.

Your guests should be enchanted, whether they are young and romantic or in the nostalgic storytelling age.

A mid-summer night party might have one fly in the ointment—bugs. Foll them early with a couple of good DDT sprays an hour apart before the guests arrive.

First, consult your almanac to find the full of the moon. Then make your invitation read "Moonlight Party." It should insure full attendance.

This party deserves the best of everything—linen, silver, china, glassware—all those lovely sparkling table appointments you never use. (Let's hope this event convinces you how silly it is to keep them locked up.) If your guests are to be seated to eat their buffet dinner, bridge tables are ideal (and easy to borrow of you must) for a party of this type.

Individual tables will require centerpiece and candlelight. Take your sterling silver bowl out of its grayannel overwear to make a gleaming centerpiece for flowers. If you haven't one use a china tureen, or perhaps you have a sterling vegetable dish or other bowl that will not be in use on the table and can serve as the centerpiece. Charm your guests with elegance on this occasion. A linen table cloth or one with little silver threads running through it should sparkle in the moonlight.

Plan your menu with the moon and your own time schedule. Prepare dishes that may be chilled and served whenever everyone seems to be in the mood to eat. A

little printed menu goes a long way to increase the festive note. Your menu might include melon moonballs, cold veal and vegetable salad and a moon ice with macaroons.

Bring the record player outdoors and choose moonlight music—Moonlight Sonata, Moonlight and Roses, Moonlight Madonna, Moon over Miami, or on the Ganges, or on the campus, or what have you.

And what if the moon fails to shine? Perish the thought! But if it doesn't, make your own moon out of a light, an extension cord, cardboard and Oriental paper and put it up in a tree or other suitable place.

What if it rains? The Romans believed the battling average to be high against that prospect. But if it does, set your party on the terrace, screened-in porch or any suitable place. Have your fake moonlight handy and you'll still have fun.

The moon ice, a simple old Tennessee recipe; is delicious. Pour three cups of boiling water over three cups of sugar. Add juice from three oranges, three lemons, allow to freeze partially. Add three bananas and beat with beater or in mixer and set to freeze. Beat again when partially frozen to add smoothness to prevent crystallization. Serve with ice-cream ball scoop for further dimensional moon effect.

The veal—Vitello Tonnato—is sliced roast of veal allowed to chill for the day in a sauce made of a cup of mayonnaise, a cup of beef bouillon (or veal broth), a tin of white tuna fish, a tin of anchovies and a half bottle of capers. Blend in mixer or put through sieve until homogenized. Garnish your sterling platter with watercress or parsley.

between you 'n me

BY SANDRA BERG

The Junior High students are going head-long into the recreational activities each week. Every Wednesday night dancing lessons are given at the Crute from 7:30 to 10:30 p.m. For those of you who will feel you have two left feet, sit on down and learn the latest. Tonight a dance will be held at the same time scheduled along a "Horn Yard" theme. As one student put it "Ya'll Come!" Seems as though the grapevine relates that Ray Lundquist was "bored to tears" the other night as his gal, Frances Strickland, was in the hospital after an appendectomy. Harry Robson and Rosemary Southward were enjoying themselves thoughtfully, along with many other couples.

My little garden book says that in this hot weather keep the spray gun busy as bugs have more energy than the local gardeners. Plants like carnations and chrysanthemums should be pinched back for the development of strong, bushy plants; many of the annuals will bloom for a longer period if drying flower heads are kept picked. It is better to water the garden once or twice a week thoroughly than to sprinkle the ground frequently with the hose. Plastic or canvas soakers are the best tools for this job. Be sure and drench the soil so that the root systems will go down instead of turning upwards to take their moisture and food.

How nice and friendly are the Seminole Memorial Hospital Auxiliary members! While visiting a friend the other night I was hesitant about the room number so one member escorted me right to the doorway. Mrs. Ben Katz, who

was on duty behind the refreshment counter, looked fresh and helpful in her bright pink uniform. Congratulations on such a fine job, ladies.

Mrs. S. G. Harriman and her husband left for a visit to Ft. Myers before I could drive out and see the new material she was weaving. She modestly protests that she is just a student and has much to learn but I say it must be wonderful to weave your own dress material. After returning they will be off again to visit their children for the summer.

Mrs. Earl Faust looked cool as a cucumber yesterday in a crisp brown cotton striped dress with white shoes trimmed in brown. To accent the color she wore a shiny metal belt around her waist. The brown brought out the lovely highlights of her fair hair which was pulled back in a bun effect.

Saw Mrs. Robert Browning and she said that her lovely daughter, Sheila, who is working in Chicago, will be home for a visit in July sometime. Sheila is really going places with modeling and I predict a bright future for her someday. She has perfect features plus being tall, blond and being blessed with big blue eyes.

THURSDAY

The Junior Choir of the First Presbyterian Church will rehearse at 3:45 p.m. at the church.

The Youth Choir will rehearse at First Presbyterian Church at 7:30 p.m.

Vacation Bible School for all children, 3 to 12 years of age, continues at First Baptist Church from 8:30 a.m. to 11:30 a.m.

The Junior Choir rehearses at First Baptist Church at 6:15 p.m.

The Intermediate Choir rehearses at First Baptist Church at 7:00 p.m.

The Adult Choir rehearses at First Baptist Church at 8:00 p.m.

Seminole Rebekah Lodge No. 43 will meet in the I.O.O.F. Hall at 8 p.m. A memorial program will be observed.

Vacation Bible School will be conducted at Elder Springs Baptist Chapel from 9 a.m. to 12 Noon.

The Junior Choir will rehearse at First Baptist Church at 6:15 p.m.

The Intermediate Choir will rehearse at First Baptist Church at 7 p.m.

The Adult Choir will rehearse at First Baptist Church at 8 p.m.

The Junior Choir of the First Presbyterian Church will rehearse at 3:45 p.m. at the church.

The Youth Choir will rehearse at First Presbyterian Church at 7:30 p.m.

FRIDAY

Vacation Bible School will be conducted at Elder Springs Baptist Chapel from 9 a.m. to 12 Noon.

Meeting of the Friendship Class of the First Christian Church and a business meeting at the church at 7:30 p.m.

The Philathea Class of the First Presbyterian Church will have their annual picnic at 6 p.m. at the home of Mrs. John Wilson, Golden Lake. Mrs. Watson Wallace is Chairman and Co-hostess.

The Boy Scouts of the First Presbyterian Church will meet in the Scout Room at the Church at 7 p.m.

TUESDAY

The Woman's Society of Christian Service of the First Methodist Church will have a Board Meeting at 9 a.m. followed by the regular Business and Program meeting at 9:45 a.m.

Vacation Bible School will be conducted at Elder Springs Baptist Chapel from 9 a.m. to 12 Noon.

The pioneer Fellowship and Recreation of the First Presbyterian Church will meet at 7:30 p.m. at the Church.

Vacation Bible School will be conducted at Elder Springs Baptist Chapel from 9 a.m. to 12 Noon.

The midweek prayer service will be held at First Baptist Church at 7:30 p.m.

Roy Britt will lead the Sunday School Workers' Conference at First Baptist Church at 8:15 p.m.

The G.M. Scouts will meet at First Presbyterian Church at 8:30 p.m.

The Mid-Week Bible Hour will be conducted by Rev. A. G. McInnis, Pastor of the First Presbyterian Church at 7:30 p.m.

The Chancel Choir will rehearse at First Presbyterian Church at 7:30 p.m.

Circle No. 9 of the Women of the First Presbyterian Church will not meet until July 11th.

WEDNESDAY

Vacation Bible School will be conducted at Elder Springs Baptist Chapel from 9 a.m. to 12 Noon.

The midweek prayer service will be held at First Baptist Church at 7:30 p.m.

Roy Britt will lead the Sunday School Workers' Conference at First Baptist Church at 8:15 p.m.

The G.M. Scouts will meet at First Presbyterian Church at 8:30 p.m.

The Mid-Week Bible Hour will be conducted by Rev. A. G. McInnis, Pastor of the First Presbyterian Church at 7:30 p.m.

The Chancel Choir will rehearse at First Presbyterian Church at 7:30 p.m.

Circle No. 9 of the Women of the First Presbyterian Church will not meet until July 11th.

Jordan Government Will Never Settle Peace With Israel

AMMAN, Jordan (AP) - Premier Said Mufli says Jordan's new government will never conclude peace with Israel.

The new government chief told Parliament he would seek the return to their former homes in Israel of the Arab Palestine refugees, nearly half a million of whom live in Jordan.

He also told the legislators he would work for anti-Israeli military alliances with other Arab nations similar to those Jordan recently concluded with Syria and Egypt.

"The intent, he said, is to encircle 'the usurped part of the Arab world' with a ring of bases."

Said Mufli reiterated that he intends to seek revision of Jordan's 1948 treaty with British, which gives the British right to military bases in this country in exchange for subsidizing Jordan's army.

The British Foreign Office said May 2 that Jordan wants the subsidy, which has averaged some \$30 million dollars a year, paid directly to its treasury rather than to a military bank account in London whose use has been supervised by British officers attached to the Jordan forces.

The Premier added that his government welcomed offers of financial aid from Egypt, Syria, and Caudia Arabia, who have military alliances under Egyptian command.

The three nations want to supplant the British subsidy entirely, but so far Jordan has declined to give it up.

Hen Lays Egg With 4 Yolks

EUREKA, Calif. (AP) - Someone's hen laid a real bargain egg - one with four yolks.

It turned up Wednesday at the Poultry Producers of Northern California plant here - the first in more than 20 million eggs candied there in 30 years. Manager Frank Eggerer said he's seen lots of double yolks and an occasional triple.

The quadruple yolk was much larger than a normal egg.

YOU'RE TELLING ME!

Eddie Fisher Is Making 1st Movie

BY BOB THOMAS
HOLLYWOOD (AP) - Now it's Eddie Fisher, star of records, radio, TV - and movies.

Sweet-voiced Edwin from Philadelphia is now making his first movie. It's called "Bunnie of Joy," and he's appearing opposite Tabby Reynolds, of all people.

Despite such pleasant and familiar surroundings, he's worried about the outcome.

"Liberace does a picture, and it doesn't turn out so good," he mused. "George Gobel does a picture, and business isn't so hot. What are they going to do to me?"

I volunteered that this was a different case. Neither the Liberace nor the Gobel picture was exactly an artistic triumph. Gobel wasn't funny as his fans expected. As

SNAS Undergoing Expansion Program

Sanford Naval Air Station is currently undergoing a varied expansion program.

Nine buildings are now under construction, with construction on two additional buildings scheduled to begin Friday.

In addition to the buildings, two wells are being drilled by the V.G. Hasty Construction Company of Sanford. A 500 gallon per minute flow is expected from each well from which the station's water supply will be greatly increased.

The two Butler type buildings located East of Building Two, are at present half erected. They will house the Public Works Maintenance Division of SNAS, while Building 11 (present PW Building) is scheduled to be converted to a Fire Control shop. The other four Butler type buildings are to supplement squadron office and shop spaces.

Other buildings being erected are Mobile Trains, Home Station, and Recreational Facility. The two buildings on which construction is scheduled to start Friday, will be a Jet Engine Facility, and a new Security Gate House at the restricted area.

M. Wright Retires

(Continued from Page One)

master when Wright first started working.

While in Sanford he met and married the former Blanche Johns. They are members of the First Baptist Church in Sanford. They have three children, two boys and one girl, all grown. Mr. Wright proudly states that he has five beautiful granddaughters.

He holds the title as a C.O.D. Clerk, but "I have done almost any of the jobs here."

Since he has been working in the Post Office, Mr. Wright has worked under these post masters: Mr. Haskins, Mr. Elder, Mr. Holly, Mrs. Holly, (acting) and Joel Field.

When asked about the change of the service he stated there wasn't much "except there was no parcel post and no postal savings."

"Of course we have better lighting and heating in the building since Sanford is growing in leaps and bounds this old building is very inadequate right now."

"The windows are out of style for handling mail like we do."

Mr. Wright who is full of energy, and has graying hair, plans to "see the states" after his retirement and to travel "quite a bit."

He is a big shuffleboard man and belongs to the Tourist Club attending meetings at every opportunity he gets.

He and his wife live in their home located on 718 Magnolia Ave. "I was just a farm boy from Georgia when I came here," he reminisced. "I owned a cleaning business but when my brother, who also worked at the post office offered me a job in Sanford I jumped at it."

Utah Businessman

(Continued from Page One)

Civil Defense Committee. He attended the University of Utah, and graduated from the University of Michigan.

Kiwanis' president-elect has been a member of the organization since 1937. Immediately prior to his selection to the number-one Kiwanis post, he was treasurer of the organization. During his career, he has risen through the Kiwanis ranks, holding the positions of club president, governor of the Utah-Idaho Kiwanis District and as a member of a number of district committees. He has served two terms as a trustee of Kiwanis International. In 1946, and again in 1947, he was chairman of the International Committee on New Club Building for the United States.

Delegates to the San Francisco convention, Kiwanis' 41st numbered approximately 14,000 to make the convention the organization's largest. In addition to naming Culp president, the delegates chose two vice-presidents, a treasurer and six international trustees. They are: H. W. Driver, Cleveland, Ohio and Kenneth Loheed, Toronto, Ontario, vice-presidents; H. Park Arnold, Glendale, California, treasurer; Harold Doolen, Billings, Montana, Hal J. Fraser, Prince Albert, Saskatchewan, Cecil L. Morris, Springfield, Illinois, Armand J. Rodhorst, Sr., New Orleans, Louisiana, J. O. Talp, Jr., Fayetteville, North Carolina and I. R. Khlthubn, Milwaukee, Wisconsin.

Firemen's Assn. To Seek Financial Aid From Board

LONGWOOD—The third meeting of the newly organized Seminole County Firemen's Assn. was held in Longwood last night at which time the bylaws recently drawn were read and approved.

Departments now actively engaged in the association are Longwood, Sanford, Altamonte Springs, Casselberry, Lake Mary and Orlando.

Discussed by the group were plans to ask the Seminole County Commissioners for financial support to aid the organization in its efforts to provide better fire protection to the county by mutual aid between member departments.

At present there are approximately 165 active members in this organization. Officers are president, Chief Mack N. Cleveland Sr., Sanford; vice-pres., Don Van Daley, Altamonte Springs; secretary-treasurer, Charles Morrison, Longwood.

Reception Is Held In DeBary Recently For New Resident

By MARY FOWLER

"It's so delightful to come to a new community and be entertained at a party right away and then in greeting guests find a number of residents here from our own Michigan locality," stated Mrs. Robert I. Elmers, formerly of Birmingham, a suburb of Detroit. "I've just recognized Mrs. Wallace Gabler whom I knew in a political party in Royal Oak and others who are either moving here for retirement or are about to buy and build in DeBary."

The occasion was an afternoon reception at the spacious home of Mrs. W. A. Yone and Miss Doris Cline, with Mrs. Alonzo McCally as co-hostess. Fruit punch floating cool mounds of sherbet, tiny sandwiches and petit fours decorated a long, lace covered table where 40 women gathered to get acquainted with the guest of honor and to stroll through the lovely gardens, colorful in their summer bloom.

Among those attending were: Mrs. Rachael Alley, Mrs. Roy Becker, Mrs. Hazel Berringer, Mrs. Charles Bertach, Mrs. Theodore Broome, Mrs. John M. Byrn, Mrs. Huuo Brun, Mrs. Lois Campbell, Mrs. Alice Elliott, Mrs. Wesley Dockray, Mrs. Arne Erickson, Mrs. William Ferguson, Mrs. Wallace Gabler, Mrs. Frank L. Hartline, Mrs. Harry G. Hunter, Mrs. Bessie Killingworth, Mrs. Frank Kohler, Mrs. Arthur Lambert, Mrs. Marjorie Lambert, Mrs. Henry Lasher, Mrs. Ralph M. Leonard, Mrs. Harold Lynch, Mrs. Michael McDermott, Mrs. Earl Pickford, Mrs. Marion Roberts, Mrs. David Runkel, Mrs. Harry Rose, Mrs. William Schwab, Mrs. Harry Sellers, Mrs. Raymond Swett, Mrs. Talman Van Arsdale, Mrs. George Wakefield, Mrs. William Watson, Mrs. Arthur L. Willgoose, Mrs. Henry L. Wood, Mrs. C. V. Woodard, and Dr. Gertrude Walton. From Enterprise, Mrs. Lee Heaton; from Sanford, Mrs. S. C. Dickerson; from Geneva, Mrs. Charles Cole, Mrs. Brumely, Mrs. D. M. Ladd and Miss Rose Levy.

Coffee Club

(Continued from Page One)

which we are forced to pay because of the high cost of housing and living, and we added, "if we could pay salaries commensurate with ability the problem could be easily solved."

Weir said "The hospital is a vital industry to the community and plays an important role in attracting new industry."

"We have the equipment and facilities here for any type of operation and medical treatment and about 40 doctors from Orlando on our consulting staff—specialists and others—who may use our facilities."

"There is no reason for anyone to go out of town for medical treatment with our fine hospital here at their disposal," he said. "I hope the community will continue to support the Seminole Memorial Hospital as they have in the past."

Inquest Postponed Until Next Friday

The coroner's inquest into the hit and run death of Raymond McDonald has been postponed, according to Coroner W. Hugh Duncan.

The inquest, originally scheduled for 2 o'clock tomorrow, has been postponed until Friday, July 6, at 2 p. m. at the County Court House.

Vice Admiral

(Continued from Page 1)

One, and Commander H. C. Colce, USN, Executive Officer of Sanford Naval Air Station.

Admiral Rees toured the Sanford Naval Air Station and lunched at the station's Bachelor Quarters, prior to departing for the Jacksonville Naval Air Station.

Admiral Rees was accompanied on his visit to Sanford Naval Air Station by Commander P. F. Stevens, USN, Commanding Officer of Heavy Attack Squadron One, Chief Aviation Electronics Technician A. W. Lavy, and Chief Aviation Fire Control Technician R.G. McKee.

Air Task Group 202 Practices 'Field Mirror' System

The extraordinary aircraft noise heard by residents of the Sanford area Monday, was created by planes of Air Task Group 202 from Cecil Field Naval Air Station practicing the "Field Mirror" landing system at Sanford Naval Air Station.

The Field Mirror landing system is designed to be used aboard Aircraft Carriers. In using this system, the pilot follows a path of light projected by a mirror located on the landing strip, or ship's deck, which guides him to a landing by the reflected images from the mirror.

Retiring Post Office Employee Honored

Mahlon L. Wright, Sanford Post Office employee since 1909, was cited at a banquet given last night in Jim Spencer's Restaurant by his fellow workers and the Postmaster Gen. Arthur Summerfield.

The affair was held at 7:30 p. m. in the private dining room at which time a "man-sized" meal was served the almost 50 guests present.

A. C. Madden, president of the National Federation of Post Office Clerks, Sanford Local, presented Wright with a retirement pin from his organization after which Superintendent of Mail, Dick McLaulin, read a letter from the Postmaster General congratulating him and wishing him "continued life and happiness in his retirement."

Postmaster Joel Field then gave a citation from the letter referred to by McLaulin.

Robert F. Crenshaw, who retired in 1952 along with Mrs. Crenshaw and O. M. Harrison, who retired in 1953 were introduced.

Assistant Postmaster, Harold Appleby presented Wright with an electric razor as a special gift.
