

Clouds Hover Over Part Of Drought Area

(Continued from page one) would be better off than with a bumper crop.

The drought had done staggering damage in some states, they said, but it was not nearly as devastating or widespread as the 1934 disaster.

Weather Bureau crop forecaster agreed with the railroad men that a good corn crop was still possible and that fair yields would be made in other crops in some sections.

The result, they said—always counting on moderate to heavy rains—would be that crops would be cut enough to give the farmers as a whole a good price at a good quantity. His income, they went on, would be better than on a market flooded by bumper yields.

Even in the heart of the drought furnace, with thousands of farmers dependent on WPA for a livelihood in the Dakotas, Montana, Wyoming and Minnesota, observers saw hope of saving something from the ruin.

Spring wheat in the fertile Red River Valley in North Dakota and Minnesota—"Nation's bread basket"—was the last to feel drought, scorching breath. The railroad men reported "prospects excellent" in irrigated sections of northern Colorado, Wyoming and Western Nebraska. The winter wheat crop, harvested now, was "better than expected" almost everywhere. In 1934, it was a failure. The rest of the 1936 Spring wheat, however, was gone.

As far as cattle were concerned, C. B. Denman, of Farmington, Mo., president of the National Livestock Marketing Association—500,000 members—said "the drought hasn't been on long enough to force heavy receipts."

WO WED IF THEY 'CAN FIND TIME'

Lily Pons, the opera star, is going to marry Andre Kostelanetz, the orchestra conductor, as soon as they can "find the time." The little singer hinted the wo probably would wed before next February. (Associated Press Photo)

ASKS ACTION

NEW YORK, July 20.—(AP)—Dr. Nicholas Murray Butler, president of the Carnegie Endowment for International Peace, called on the United States yesterday, "as the world's greatest creditor nation," to summon an international credit and trade conference and avert "tragic results."

LEGAL NOTICE

IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA, IN CHANCERY.

ORDER AND NOTICE

SLAVIA DRAINAGE DISTRICT, a drainage district organized and existing under the general drainage laws of Florida, petitioner, vs. THE STATE OF FLORIDA, et al. respondents.

TO THE STATE OF FLORIDA AND THE SEVERAL PROPRIETORS, TAXPAYERS, CITIZENS AND OTHERS HAVING OR CLAIMING ANY RIGHT, TITLE OR INTEREST IN SLAVIA DRAINAGE DISTRICT OR THE TAXABLE PROPERTY THEREIN:

This cause having come on to be heard upon the petition of SLAVIA DRAINAGE DISTRICT, a drainage district organized and existing under the general laws of the STATE OF FLORIDA in Seminole County, Florida, presented before me the 18th day of July, 1936, praying, among other things, that I should issue an order of sale of the County said retarding bonds aggregating the principal sum of THIRTY-ONE THOUSAND DOLLARS (\$31,000.00), each dated January 15, 1935, and Bonds numbered 1 to 7, both inclusive, and 8, 9, 10, 11, 12, and 13 to 22, both inclusive, are each of the denomination of ONE THOUSAND DOLLARS (\$1,000.00), and mature on January 15 in any of the years 1936 to 1945, both inclusive; and Bonds numbered 2, 11, 12, 13, 14, 15, 16, 17 are each of the denomination of FIVE HUNDRED DOLLARS, and mature on January 15 of any of the years 1935 to 1941, both inclusive; and Bond No. 14 is of the denomination of FIVE HUNDRED DOLLARS and matures on January 15, 1935; each of said bonds bearing interest at the rate of four per cent per annum, payable semi-annually on the 15th day of July and January of each year in the form of coupons for the proportionate amount of said interest, said bonds to be issued

for the purpose of refunding and retiring outstanding Drainage District bonds of said SLAVIA DRAINAGE DISTRICT in the principal amount of EIGHTY THOUSAND DOLLARS (\$80,000.00) and all matured and unmatured coupons and said outstanding indebtedness to be reduced and refunded into said issue of THIRTY-ONE THOUSAND DOLLARS (\$31,000.00) by and through a loan of said sum of THIRTY-ONE THOUSAND DOLLARS (\$31,000.00) to the District by the RECONSTRUCTION FINANCE CORPORATION pursuant to the provisions of Section 36, Part 4, of the Emergency Farm Mortgage Act of 1932 as Amended, and the Court being fully advised in the premises;

IT IS ORDERED, ADJUDGED AND DECREED that the State of Florida through the State Attorney in and for the Ninth Judicial Circuit of the State of Florida and the several property owners, taxpayers, citizens and others having or claiming any right, title or interest in SLAVIA DRAINAGE DISTRICT or the taxable property therein be and they are notified and required to show cause at the chambers of the Circuit Court of the State of Florida in the City of Sanford, Seminole County, Florida, on the 14th day of August, 1936, at the hour of 10 o'clock A. M. why said refunding bonds in the principal amount of THIRTY-ONE THOUSAND DOLLARS (\$31,000.00) should not be validated

and confirmed.

IT IS FURTHER ORDERED that a copy of said Petition and this Order be served upon the State Attorney for the Ninth Judicial Circuit of the State of Florida, in which these proceedings are pending, at least thirty days before the 14th day of August, 1936, which date is hereby fixed as the date for hearing said matter.

IT IS FURTHER ORDERED that prior to the hearing of said cause the Clerk of the Circuit Court of Seminole County, Florida, shall publish this Order and Notice in a newspaper published in Seminole County, once a week for three consecutive weeks commencing the first publication at least thirty days prior to the date of said hearing, and the last publication shall be not more than eighteen days prior to the date of said hearing.

DONE AND ORDERED at Sanford, Seminole County, Florida, this 18th day of July, 1936.

M. B. SMITH, Judge.

NOTICE OF SPECIAL MEETING OF STOCKHOLDERS

Notice is hereby given that there will be a special meeting of the stockholders of The Sanford Herald to be held in the office of The Sanford Herald, in Sanford, Fla., on Aug. 5, 1936 at 10:00 A. M. o'clock for the purpose of reducing the capital stock of the Sanford Herald.

W. GORDON DEAN, Secretary.

Dr. Townsend Walks Out On Suit Hearing

Pension Plan Founder Tells Questioning Lawyer "It's None Of Your Business"

Gomer Smith To Resign Position

Mid-Western Region Organizer Throws Support To Demos

CLEVELAND, July 21.—(AP)—Dr. Francis Townsend walked out on the deposition hearing on the Townsend Plan today, telling the attorney conducting the hearing, "It's none of your business."

Dr. Townsend emerged late from a post-convention meeting of the Townsend Board of Directors and hurriedly left the hearing.

Smith, who left Cleveland Sunday night, said in New York he would participate in the presidential campaign "as I always have, on behalf of the Democratic party."

The board of directors approved an increase in membership dues from 10 cents a month to \$2 a year.

Firemen Quench \$25,000 Early Morning Fire

City firemen rushed this morning to 1211 East Seventh Street where a lighted oil stove had caused a residence to catch fire.

Reckless Driving Charge Draws Fine

Charge of reckless driving lodged against Harry Gray, revealed yesterday in the city of a \$10 fine or 10 days in jail.

"Whistlin' Willie" Back On Job In Florida Exhibit

Sanford Negro Played On Major Bowes' Amateur Circuits, Now Attracting Attention In Cleveland

By RUSSELL KAY
CLEVELAND, July 21.—Mayor of you folks remember "Whistlin' Willie," the colored boy who was featured on Major Bowes' program last winter. Well, after making a tour with one of the Major's amateur units, Willie is back among the palms and orange trees again at his old job of bathing the flowers and dusting off the Florida Exhibit.

Temperatures On Fruit, Vegetable Upgrade Again Exchange Opens As Rains Cease Orlando Offices

Rain And Wind Hit Texas Centennial, Damage Is \$100,000

CHICAGO, July 21.—(AP)—Temperatures rose over most of the corn belt today with cessation of showers which broke the heat wave and to an extent loosened the grip of the drought.

Forecaster J. R. Lloyd predicted no rain of consequence today or tomorrow in the drought area.

The extension of the WPA relief program to Colorado added 4,096 needy farmers to the total of 89,000 in Western states who will get subsistence labor.

In Wisconsin, Gov. Phil La Follette said a survey showed about 80 percent of the state's pasture had been destroyed for the season.

CITY NEWS BRIEFS

Wednesday's tides low, 4:20 A. M. and 4:45 P. M.; high, 10:57 A. M. and 11:04 P. M.

City officials today had been invited to Daytona Beach to attend a celebration in connection with observing the city's 60th anniversary and the Chamber of Commerce's 25th birthday next Monday.

The Sanford Lodge 62, F. and A. M. will convene at 8 o'clock tonight to confer the fellowcraft degree on one initiate.

Plans for a Coronado Beach picnic Thursday will be made Wednesday night by the Sanford Lions Club during its semi-monthly meeting at 7 P. M. in the Mayfair Hotel.

M. E. Forsyth, president of the Central Labor Union of Daytona Beach and former vice-president of a state labor body, was in Sanford today on a business call.

Mostly cloudy tonight, scattered showers Wednesday. Expectations for Thursday, occasional showers tonight and Wednesday.

Several members of the Sanford American Legion Post plan to attend the annual steak roast of the Orlando Legion Post to be given at 8 P. M. Wednesday at Palm Springs.

Park Avenue Will Remain Home Region

Commission Says Majority Of Property Owners Could Lift Business House Ban

Until a decided majority of improved and unimproved property owners in the residential district of Park Avenue indicate a desire to open the thoroughfare to business buildings, the avenue will remain as it is today, the City Commission decided last night.

Controversies were opened two weeks ago when G. W. Spencer asked permission to erect a filling station at the intersection of Park and Thirtieth.

Individuals appeared before the Commission with personal pleas both for and against the proposition.

Mrs. Ethel B. Ewing, a property owner in the vicinity, pleaded against the "influx of business establishments, pointing out that in another instance a gas station erected near her holdings greatly depreciated the rental value.

On the other hand G. H. Brown said Park Avenue is where the "blood of travel" flows and consequently thought business should be allowed to establish there.

National Fruit and Vegetable Exchange was organized in 1931 by co-operative marketing associations, done with the assistance of the federal farm board and has since been supervised and assisted by the farm credit administration which deals with financing agriculture.

Officials here said the organization has developed outlets which depend on it for regular supplies of all fruits and vegetables. It was for this reason that Florida was included in the marketing scheme.

Coast Guard Fails To Find Slightest Trace Of Nunoca

TAMPA, July 21.—(AP)—Ten United States Coast Guard boats, three Cuban gunboats and service planes from the Florida Coast Guard bases failed again today to find any trace of the missing British motorship Nunoca which dropped out of sight after sailing July 9 from Georgetown, Grand Cayman Island, for Tampa.

The Coast Guard sent a cutter to investigate a report that oil drums similar to the ones carried on the missing boat were seen floating in the sea near the Dry Tortugas on July 13.

The Nunoca was provisioned for only about five days and port authorities here feared for the lives of the 22 persons aboard if the ship still is afloat.

Col. Lytle To Be Posted In Miami

Col. E. S. Lytle, stationed here with the 124th Infantry of the Florida National Guard, will be transferred to duty in Miami about Aug. 25, it was announced today.

Col. Lytle, a Regular Army officer, explained that there are three units of infantry basing in Miami at present which have no regular officer in charge.

The colonel pointed out that he will continue his connections with the 124th Infantry at his new post.

LEMKE BACKING TOWNSEND

Waving a bank note in his hand, to emphasize his ideas on national currency, William Lemke, Union party candidate for the presidency, is shown addressing the Townsend national convention in Cleveland. He announced his alliance with Dr. F. E. Townsend "in the great fight he is making on behalf of the citizens of our country." (Associated Press Photo)

Junior Chamber Seeks To Bring Firemen To City

Will Contact Chiefs In Over 10,000 People

Sanford's Junior Chamber of Commerce last night initiated a movement to bring America's retired firemen here for the winter season.

Arrangements were made to contact fire chiefs in all United States cities boasting a population over 10,000, and to obtain from these department heads names of men, now retired, who have served under them.

U. S. Soil Plan Moves Rapidly, Nears Enactment

New Applications For Participation Arrive By Mails

County Agent C. R. Dawson today began the titanic task of classifying, qualifying and checking data by which more than 50,000 Seminole County farm acres will be included in the federal soil conservation program.

With a stack of work sheets, indication of conservation participation, already on hand, the mails are bringing more daily and adding to the steadily mounting average total.

While the deadline for filing work sheets fell yesterday, Mr. Dawson is still accepting applications and will attempt to get them pushed through the Department of Agriculture under whose jurisdiction the conservation program is being operated.

Another method by which one may obtain his government payment is through treatment of land with approved chemicals.

As an illustration, Mr. Dawson pointed out that a grower will be paid somewhere in the neighborhood of \$60 per acre for omitting the production of celery on any portion of his land up to 15 per cent of the entire area.

Commission Writes Approval On Plans To Widen Streets

Proposed widening and repaving operations on Magnolia Avenue and Oak Street will cost \$17,500, City Engineer Fred Williams told the City Commission last night.

Northern Spanish Provinces Fall To Pamplona Rebels

Ruling By High Court Gives City New Bond Angle

Present Debt Service Levy Is Attachable By All Creditors

A Florida Supreme Court ruling of July 15 has developed another twist in the Sanford municipal bond situation according to information which has been placed before the City Commission.

The court, in deciding the case of A. M. Lester against West Palm Beach, held that debt service levies made by any municipality and on its own free will for a specific creditor is attachable by any other creditor.

Locally, the situation is applicable to the holders of 15 percent of this city's bonds who are not represented by the Bondholders' Protective Committee.

This small group is able, under the court decision, to lay legal claim to its pro rata share of the 15-mill levy which the City authorized to meet the obligation in the hands of 85 percent of the bondholders, or those who are represented by the committee.

An agreement with the committee made it possible for the city to levy a 30-mill municipal tax, the proceeds from which are divided equally between the two parties.

It has been pointed out that had the levy been forced by a mandamus, only the party securing the compelling order could claim the revenue.

City Attorney Fred R. Wilson said there had been no move on the part of the minority to attach any part of the levy.

Athletic Clubhouse Plans Are Drawn By Local Architect

Elton J. Moughton, Architect, Today Had Submitted To City Officials Plans For A \$1,000 Clubhouse And Dressing Room Proposed For Municipal Athletic Field

Under the original plans, the building would be 70 feet long and 20 feet wide. Local sports enthusiasts have suggested that the length be increased to 90 feet so that a major league team might be accommodated here.

Proponents of the enlargement move have pointed out that the City is in a possible position to bring a major league club here for spring training year after next provided adequate field facilities are available.

The City Commission last night discussed the proposal to submit the completed plans to the WPA in the near future.

Commissioners found a way by which the City may escape with the least possible cash contribution. They propose to use materials from the city dock building which has been ordered torn down.

W. P. Rowe Is Fined For Alleged Part In Auto Accident

W. P. Rowe, Alleged To Have Caused An Automobile Accident Near Here Yesterday In Which Mrs. Virginia West, Decatur, Ga., Sustained Injuries, Was Fined \$5 and Costs on a Charge of Drunkenness When Arraigned Today Before County Judge James G. Sharon

County deputies were of the opinion that Rowe grabbed the steering wheel of the car which Mrs. West was driving, causing her to crash into the rear of a truck near Park and French Avenues.

Mrs. Josephine Snyder, mother of Rowe, was uninjured as was Anne West, daughter of Mrs. West.

Three Hundred Dead As Loyalists And Revolutionists Meet In Barcelona

Peasants Rally To Government

Conflicting Reports Confuse Observers Of Morocco Revolt

(Copyright 1936 by the Associated Press)

VERA, Spain, July 21.—All of Navarre and Guipuzcoa provinces of Northern Spain, including the City of San Sebastian were reported today to have fallen into the hands of rebels from Pamplona.

Reports from Perpignan, France, said a bitter conflict between rebel soldiers and loyal government forces in Barcelona left at least 300 dead. Government planes bombed the city, reports said, but the rebels continued to fight.

French correspondents who reached Barcelona, France, from the scene of the rebellion said the northern rebel army had advanced to a point only 35 miles from Madrid, capital of Spain.

Conflicting reports on the activities of loyal troops and the rebels and the rigid censorship imposed on news made it difficult to determine who actually was winning.

The government radio announced repeatedly it is in command of the situation but sources outside the capital told of rebel gains in many places following the opening of the revolt in Spanish Morocco Friday.

MADRID, July 21.—(AP)—Armed masses of peasants and workers concentrated in five marching columns today and thrust toward rebel strongholds while thousands of civilian militiamen formed a cordon which circled around Madrid.

Loyalists' radio broadcast said the government had acknowledged news (Cont. on Page Two)

Mrs. H. G. Lingle's Auto Crashes Near Henderson, Georgia

Mrs. H. G. Lingle Sustained Minor Cuts on the Face Yesterday Afternoon When Her Automobile Crashed on the Highway Near Henderson, Ga., 30 Miles South of Macon, According to Communications Received Here Last Night

Mr. Dentzel, Mrs. Lingle's father, received minor bruises and scratches. Sunny Lingle, 7-year-old son of the injured woman, escaped with no injuries.

Mr. Lingle left late yesterday for the scene of the accident. He was accompanied by Max Stewart, local insurance representative, Ralph Wright, Sanford automobile dealer, also made the trip.

Word of the crash was received by Chase and Company with which Mr. Lingle is affiliated. Details as to how the mishap occurred were lacking today.

BIBLE VERSE FOR TODAY

REAL VALUES IN LIFE: The life is more than meat, and the body is more than raiment.—Luke 12:23.

ALONE MY THOUGHTS

This wild, prophetic thing,
This hand that's like a wing,
Draws from my forehead every bitter sting.

This white, indelible mark,
This sweeping curve, this arc
Is all that can delay me from the dark.

O hand, O vivid bird,
This urn whose dust you stirred
Cries out in wonder but can speak no word.

Now is the time to build. Don't forget that and remember where you heard it.

That girl who got kissed 407 times in one day recently, wouldn't she have a dull time if she only got kissed fifteen or twenty times like the average girl of today?

When anyone tells you how much money a new kind of tax will raise, take it with a grain of salt. Florida's new gross receipts and occupational license tax passed by the last legislative session was supposed to raise four million dollars a year. Actually up to July 1, 1936, it had produced only \$740,301.

News from Europe continues alarming. The threat of war between England and Italy no sooner subsides than a revolution breaks out in Spain, and France is in the throes of an internal turmoil from which anything could happen. George Washington's advice to what he was talking about when he advised Americans to stay European politics.

Dr. Nicholas Murray Butler, the head of the university from which most of the brain trusters come, Columbia, says that "the power of many governments to borrow money will probably be ended during 1937 and that after that there may be tragic results of great magnitude." Few of us realize just how bad it is for a national government not to be able to borrow money.

The drought is making millions for speculators in the Chicago grain markets, the Associated Press reveals. They bought wheat, corn and other grains, before the drought began; now that the dry weather has wiped out hundreds of thousands of acres, their grain is worth many millions more than it was a few weeks ago. It is not easy to drive money changers out of the temple.

It pays to advertise. Charles C. Stech, a research specialist and advisor on better selling for Boston merchants, reports that advertising is 16 per cent more important in selling women's dresses than low prices, 27 per cent more important than style, and 24 per cent more important than quality. And why shouldn't it be? No matter what the price, how stylish, or how good, can you sell it if people don't know you've got it?

It used to be considered a virtue to save for a rainy day, to accumulate a little nest egg by the time you died to help your wife and children along after your death. "Frugality" was something which Benjamin Franklin and believed in by the American people for 150 years. Now, however, people feel differently about such things. Recently a United States senator, who had held public office for some 20 years at salaries ranging as high as ten or twelve thousand a year, but who died leaving an estate of only \$100, was widely praised by newspapers and others because he had spent every cent he made, had in his entire life-time accumulated nothing.

Why So Much Crime

It is not because the American people are not willing to pay for crime protection that the United States is the most crime-ridden nation in the world. Almost any taxpayer can tell you that the cost of our police and sheriff forces, our courts, our jails and prisons, is stupendous. No, we don't have crime in this country because we are not willing to pay to get rid of it.

But no matter how efficiently all of our law enforcement agencies may work, no matter how many criminals we lodge in jail, it won't do much good if they are immediately turned loose to prey again upon the public. The practice of pardoning and paroling prisoners is not confined to Florida where the abuse of this privilege is so widely known, but is more or less the custom throughout the entire nation.

"J. Edgar Hoover informs us, from his store of statistics," says the Tampa Tribune, "that in the United States each year more than 3200 persons convicted of murder are discharged from prison; of these, more than 52 percent through the pardon and parole route. More startling is Mr. Hoover's figure on the extent of penalty paid by persons convicted of murder. The average time served in prison by those convicted of the various degrees of homicide is 43 1-3 months! And of life sentences for murder, the average time served is 10 years! Mr. Hoover does not tell us the percentage of those condemned to execution who actually go to chair or gallows.

"We may well understand these statistics when we know that the longest term ever served in the Florida state prison by any convict was 15 years, although thousands have been sent there with life sentences. Florida's record in this respect may not be greatly at variance with the nation's—but it comes nearer home to us—and it demands improvement."

Avoid Week-End Tragedies

Don't let the week-end holiday outing turn into a terrible tragedy as the result of faulty brakes, a loose steering wheel, or careless driving. This is the advice of Asher Frank, state safety director, who calls attention to the increasing number of highway fatalities which occur over the week-end.

"Death too often is a passenger in the family automobile when folks are out on week-end outings," said Asher Frank, state safety director, in speaking of the death toll in Sunday drivers.

"Many people are getting injured and killed during the course of Sunday trips. We want to have one week-end without fatalities in Florida," he continued.

All that is necessary to give this enviable record to Florida, Mr. Frank says, is for motorists to use their good, common sense and normal intelligence. The rules he outlines stress the point of making sure that the family car is in proper condition before risking the life of a family, and driving accordingly. Speed should be regulated by the volume of traffic, rather than desire to lead the parade. And observance of fundamental traffic regulations, with adherence to common courtesy and decency will supply all else that is required.

"Let's make this coming week-end one without fatalities and regrets," urges Mr. Frank. He reminds Florida drivers that a few minutes saved is a short time when compared to eternity and that no kind of good time is compensation for the death of a wife or the maiming of innocent children by automobile accident.

ACQUAINTANCE is an asset or a liability. We must know people in order to be truly interested in them. Gold mining and good men are alike. The deeper you dig into their value, the more values you are sure to find. Get acquainted with men.—The Case Eagle.

TO MAKE a man happy, fill his hands with work, his heart with affection, his mind with purpose, his memory with useful knowledge, his future with hope, and his stomach with food. The devil never enters a man except one of these rooms be vacant. Cast him out and sweep and garnish the room, and he will return with seven other devils. The only way to be rid of him is to fill the room and take down your "To Let" sign.—Crane.

SANFORD TWENTY YEARS AGO

A party from here enjoyed the day at Daytona Beach Sunday: Mr. and Mrs. R. L. Grier, Robert and Ruth Grier, Mr. and Mrs. W. Dressor and Helen, Mr. and Mrs. A. A. Marshall, Mr. and Mrs. J. C. Ellsworth, Mr. and Mrs. C. E. Chorpensing, Carl and Alice Chorpensing. A delightful side trip was a drive up the beach to the Inlet.

Argel Cameron is at home from Toxahatchee Ranch, where he operated the big tractor plowing, etc., as successfully as an old time engineer and is now cutting silage, filling the silos in Joe Cameron's farm.

The surprise party given at the home of Mrs. P. D. Truit Saturday night in honor of their daughter Anna Bell's twelfth birthday, was well attended and enjoyed by all.

Miss Elizabeth Donegan of Kissimmee is the attractive guest of Mrs. J. D. Davison. Miss Donegan is the sister of Senator Donegan and is the Grand Chief of the Pythian Sisters.

B. W. Herndon has returned from Wrightsville Beach, North Carolina, where he spent several weeks. Mrs. Herndon and Norma will remain at Wrightsville for some time.

Mr. and Mrs. A. A. Marshall of Cameron City went to Daytona Beach to spend some time. They are located at the Graystones.

Miss Zeta Davison of Hartford, Conn., has arrived in the city and will make her home with her uncle, Mayor J. D. Davison.

Dr. Ralph Stevens has returned from a trip to Philadelphia and other points east where he had important business, the nature of which will be given out later in an announcement.

A letter from Mayor J. D. Davison who is at Saluda, North Carolina says that he is shut in and cannot get mail at all. Tyrone is the nearest place where he can get the mail and at present he is shut off from Sanford. A dam just above Saluda broke and the waters drowned twenty people but bur mayor seems to be in no immediate danger and is able to sit up and take nourishment three times a day. He longs to get back to Sanford and see some of those 'ball games.

Two Brothers Are Detained To Face Charge Of Murder

BECKLEY, W. Va., July 21.—(AP)—(Hubbard Duling, 34, and his brother, Paul, 28, of near Summersville, W. Va., were arrested yesterday and charged with the murder of Deputy Sheriff Clarence "Big Boy" Simmons, 44, of Roanoke county, Va.

Two other brothers, George and Joe Duling, were taken into custody and lodged in jail here pending "further investigation."

Edward H. Richardson, Roanoke county commonwealth's attorney, linked the deputy sheriff's assassination with the death of John Franklin Duling, a fifth brother, who died in a leap from an automobile pursued by Simmons in 1933 near Roanoke. Richardson said the car was loaded with liquor.

The four denied knowledge of Friday's death of the deputy in a hail of buckshot as he drove toward his home.

FIGHT FIRES

HELENA, Mont., July 21.—(AP)—Airplanes and short wave radios were pressed into service today to aid nearly 1000 men battling three forest fires in the Lewis and Clark National Forest. Thousands of acres of valuable timber have been destroyed.

Summer Homes Of Seminole School Teachers Varied

Another list of summer residences established by Seminole County school teachers was released today by T. W. Lawton, county superintendent.

The following includes instructors in Sanford schools from the Junior High down.

H. E. Morris, Stetson University; C. B. Schirani, Stetson University; O. D. King, Daytona Beach; Mrs. Effie Durden, Southern College; Miss Emilie Lingle, Brown's Business College, St. Louis; Miss Elizabeth Buchanan, Aberdeen, Miss.; Mrs. Mrs. Pearl H. Babbit, Phoenix, Ariz.; Mrs. Laura Chittenden, Southern College.

Mrs. Erna Flynn, Gainesville; Miss Georgia Sutton, Asheville, N. C.; Miss Margaret Griffin, Southern College; Mrs. Blanche McKinnon, Clarendon, Va.; Mrs. Frances Stine, Oviedo; Mrs. Kathryn Varn, Duke University; Miss Anna Clark, Stetson University; Miss Ruby L. Peters, Daytona Beach.

Mrs. Stella P. Arrington, Stetson University; Mrs. Jessie Russell, Lakewood, Ohio; Miss Carmela Barber, Stetson University; Mrs. Ella M. McAnley, Tallahassee; Mrs. Irene Watt, Asheville, N. C.; Miss Emma Owen, Tallahassee; Mrs. Ruth Hunter, Culowhee, N. C.; Miss Louise Swain, Birmingham; Miss Ernestine Westphal, Michigan State; Mrs. Elizabeth Mason, Stetson University; Miss Zillah Welsh, Asheville, N. C.

Miss Anna Lenora Brown, Daytona Beach; Mrs. Lottie Nix, Asheville; Miss Elizabeth Rollins, Gainesville; Mrs. Velma Mitchell, Milledgeville; Miss Julia E. Adams, Milledgeville; and Miss Dorothy Stokes, Milledgeville.

Northern Spanish Provinces Fall To Pamplona Rebels

(Continued from page one)

The principal rebel centers, other columns moved on Burgos and Toledo.

The mountainous region of Guadarrama, 40 miles from the capital, was paroled by hundreds of militiamen who swarmed through the passes and manned Leon Peak, dominating all points against any attempt at an insurgent attack.

Five thousand other militiamen concentrated near the University and in the outskirts of Madrid. Everywhere in the country, the government insisted, peasants and loyal workers were coming to the aid of federal forces.

The government announced that rebels in Melilla, Spanish Morocco, and fleeing to the French

A PAIR OF "QUEENS"

"Miss Florida" (Louise Johnston, of Sanford) and "Miss Daytona Beach" (Mary Louise Gormly) will welcome the Beauty Queens from all important cities and towns of Florida, to Daytona Beach, Sept. 6th and 7th when they go there to appear in "Florida's Cavalcade of Beauty". The affair is sponsored by the Chamber of Commerce and Department of Recreation, of the City of Daytona Beach. It is under the supervision of Ed Pauly and Associates. "Miss Sanford" will be selected at the Ritz Theater Aug. 5th. The Kiwanis Club is sponsoring the local contest.

zone, and that federal bombardments heavily crippled the rebels at Ceuta, a Moroccan port.

WASHINGTON, July 21.—(AP)—A British warship is standing by at Malaga, Spain, to safeguard British and American citizens in the Southeastern Spanish seaport during the fierce civil war now raging there.

Herbert Williams, American consul at Gibraltar, today informed the State Department here that Americans so far are not in danger.

Philippine Vessel Crashes On Rocks

MANILA, July 21.—(AP)—The inter-island steamer Isidoro Pons, carrying a crew of 43, ran on the rocks off Palauig Point in the coast of Luzon Island in the China Sea today. The wireless failed in the middle of an SOS. Marine men said the 553 ton craft apparently was caught in a typhoon. It is the third ship to meet disaster in Philippine waters within two weeks.

Twenty-three men were drowned when a typhoon sank the Motorship Marie on July 8.

The Usefulness Of Bank Loans

goes further than merely helping the borrowers who obtain the loans.

Bank loans provide business enterprises with immediate cash for their employees' payrolls.

They enable merchants to lay in stocks of goods to serve the public's regular and seasonal demands and thereby earn deserved profits.

They help the farmer to finance his crops and livestock during the growing season and to make wise purchases of needed material and equipment.

They thus keep flowing through the channels of agricultural industry and trade to the people in the community all their daily requirements in the form of goods and services.

Because these functions of credit are necessary not only to profitable operation for business but also to the comfort and welfare of all the people, the banker deems it a part of his policy to make loans to qualified borrowers.

Life is more precious than pennies

Shocked by the death of so many people—bewildered by the scores stricken—America awoke two years ago to the realization that a new menace threatened the health of our Nation.

Here, in a land where modern science has wrought so many wonders—where citizens boasted of a higher standard of living comfort than any other nation—men, women and children were suffering intense agony and dying of amebic dysentery caused by faulty plumbing.

Doctors, nurses and hospital attendants worked ceaselessly to relieve the suffering, to save lives and to prevent the spread of this insidious malady. But their work means little today and those precious lives were lost in vain, if we neglect our solemn duty to remove forever the real cause of such a tragedy.

Health Authorities agree that the immediate cause of this epidemic and the contributing cause of much sickness can be traced to faulty, improperly installed plumbing. They are waging a vigorous campaign to warn the public of the danger that may result from trusting the important matter of plumbing installations and repairs to the unscrupulous hands of a "handyman."

Millions of dollars are spent by municipalities to insure fresh, pure, filtered water delivered to mains right in front of your home. What happens to this pure water inside your home depends upon your plumbing. Improperly installed fixtures, faulty piping and cross-connections can contaminate or pollute water which may cause sickness and even death. And life is more precious than the pennies you might save using untrained men.

Health Authorities will tell you that it is unwise to trust the plumbing in your home to incompetent hands. Guard against danger by insisting that your plumbing must be inspected, installed or repaired only by the men best qualified by training and experience to protect your health—the Master Plumbers. Their work is so important that states and cities have laws not only regulating the installation of plumbing, but setting a standard for the Plumber himself.

In many states, Master Plumbers are examined as to their qualifications, licensed and registered. Most of the sanitary laws protecting public health and insuring the highest standard of professional skill have been passed through the insistence of the Master Plumbers themselves.

More than ever, the Plumber protects the health of the Nation.

Social And Personal Activities

MISS MARGARET PETERS, Society Editor

Social Calendar

TUESDAY
The Women's Missionary Society of the First Baptist Church is invited to meet with members of the Daytona Beach Society at 2:46 P. M. at the Daytona Baptist Church. Mr. and Mrs. Stamp, missionaries from China, will be the speakers.

Mrs. W. P. Grogan of Paola expects to leave Wednesday for points in West Florida and Alabama. She will have with her when she returns, the Misses Magdaleno and Bonnie Mercer of Chipley, who will be her guests for the rest of the summer at Daytona Beach.

Mrs. William Merritt, of Orlando, is visiting Mrs. S. C. Graham of Myrtle Avenue for a few days.

Mr. and Mrs. W. S. Campbell of South Bend, Ind., arrived Sunday to visit Mr. and Mrs. S. Stahl, Mayfair Hotel. Mrs. Campbell is Mrs. Stahl's sister. They will remain through Thursday.

ANNOUNCEMENT

Mr. and Mrs. E. D. Johnston announce the birth of a seven-pound baby girl, Judith Irene, at the Fernald Loughran Memorial Hospital, Monday, July 20.

Personals

Madame Harriet has returned from Georgia where she spent two weeks.

William "Buddy" Connor of Tampa is the guest of George Anderson, Palm Beach.

Mr. and Mrs. Ray Ellis and daughter, Marjorie, have gone to Daytona for a week or two.

Mr. and Mrs. Homer Little and Miss Minnie Beck left Sunday by motor for Alabama where they will visit friends and relatives for a short time.

Mr. and Mrs. S. J. Davis and children have returned from a two weeks' vacation through Tennessee and Georgia.

John Brooks of Little Rock, Ark., will arrive this afternoon for a stay with Mr. and Mrs. W. P. Brooks, Second Street.

Mrs. J. W. Kay, Mrs. James Holtzlaw and daughter, Kay, returned home Sunday from Daytona Beach where they have been visiting.

The Misses Antonette, Denise and Geraldine Hays left Sunday for Allendale, S. C., to visit their grandmother, Mrs. S. Myrick.

Miss Mildred Wolfe returned Sunday from Jacksonville, where she had spent two weeks as the guest of Mr. and Mrs. E. E. Keene.

Mrs. W. P. Brooks has returned from a two weeks' visit to Savannah, Ga., where she was the guest of her daughter, Mrs. R. F. Curry.

Miss J. J. Cates arrived home last Sunday from the Orange General Hospital in Orlando, where she underwent an operation several weeks ago.

Col. and Mrs. R. S. Lytle, of the Sanford National Guard, have just returned from a visit to Miami, where they expect to make their future home.

Miss Florence Wells left Sunday for Jacksonville where she will spend some time as the guest of Mr. and Mrs. E. E. Keene, her uncle and aunt.

Mr. and Mrs. E. A. Montfort had as their guests over the weekend, Mr. and Mrs. E. E. Keene and their two daughters Dorothy and Juan, of Jacksonville.

Mrs. W. A. Leavitt and Mrs. Victor Green will leave today for Montreal, N. C. En route they will be the overnight guests of Mrs. P. H. Stephenson in Jacksonville.

The Rev. and Mrs. W. P. Brooks, Jr., were called from Blueridge, N. C., to attend the bedside of Mrs. Brooks' father, J. A. Tingle of Forsyth, Ga., who died last night. The funeral will be held tomorrow afternoon.

Robert Scott Lytle, Jr., of San Antonio, Texas, son of Col. and Mrs. R. S. Lytle, will visit his father and mother in Daytona Beach on his way to Washington, D. C., before preparing to enter West Point.

Mrs. Price Heard, Mrs. L. Ryals, of Cordale, Ga., Mrs. T. H. Nelson of Alamo, Ga., Mrs. John Sater of Douglas, Ga., who have been the guests of Mrs. J. L. Strickland at Daytona Beach, will be the recipients of several parties while here. At Ormond Beach, they were the guests of Mrs. M. R. Fickly. A luncheon was given in honor of the visitors this afternoon at the home of Mrs. W. G. Fleming, while tomorrow Mrs. B. D. Caswell will entertain with a luncheon for them.

'Whistlin' Willie' Back On Job In Florida Exhibit

(Continued from page one) porters and feature writers go for him like he was the Prince of Wales or something. But all this hero-worship hasn't hurt Willie a bit. In spite of the fact that he is one of the best advertisements Florida ever had, he's a darn good janitor right on and that's one of the reasons, I guess, why everybody likes him.

Only last week when Ed Wynne, the Fire Chief, and Graham McNamee were featured here with a program over WTAM, they called for the Florida Orange Blossom quartet and Whistlin' Willie to open their program. So gittin' from car to car, Willie shed his janitor clothes, climbed into his Sunday pants, and took another row for Florida.

Willie's home is Sanford, and if I was secretary of his chamber of commerce, I wouldn't care a hoot whether the First National Bank or the County Courthouse was pictured in the literature I sent out, but I'd care and tear a lot of hair if it didn't have an interesting story and a nice picture of Sanford's own "Whistlin' Willie."

I understand that Willie owes around \$300 on his little Sanford home that he's havin' a mighty hard time payin' off. And if he loses it, all I've got to say is "Shame on you, Sanford." This unspiced, Florida-colored boy has been loyal all the way through to his town and his state, and he's given both a million dollars' worth of advertising that money couldn't buy. And the vehicle that made his possible was the Florida Kable.

I don't believe many Floridians really appreciate what a wonderful thing it is for Florida to have an exhibit at the Great Lakes Exposition. Nor do they realize what a remarkable job Fats Brown and his able assistants have done in assembling it.

The fact of transplanting a bit of real Florida on the shores of Lake Erie is no short job, especially when it involves bringing bearing citrus trees, royal palms and hundreds of rare and tropical plants, to say nothing of tons of exhibit material that portrays every phase of Florida's historic, commercial, industrial, and agricultural life.

I'm convinced that this direct contact with thousands of prospective tourists, home-seekers, and investors, backed by interesting and impressive exhibits is the most effective and profitable form of advertising the state has ever known. And I know that in a large measure it is largely the result of the three years in which the rest of us have experienced the last measure the splendid tourist

'POPPY' AND HER 'PAPPY'

W. C. Fields is a famous medicine man and the guardian of his own old English-Belleville Hudson, in the Fields film he that is coming Wednesday and Thursday to the Ritz Theatre. The picture is a record version of the comedian's greatest stage success of 1934.

Machado in Canada For Rest Period

MONTEREAL, July 21.—(AP)—Gervasio Machado, ex-dictator of Cuba, the man without a country, has found haven again in Montreal, the city which gave him refuge for a short time more than two years ago after the overthrow of his island regime.

Machado, a big, bald, gray-haired man, came back to Montreal last night, having a cold, he registered at a hotel and a member of his staff and the ex-president had been granted a residence of 30 days in Canada. After that he must depart. He has a wonderful smile. He fled to Montreal in August, 1934.

He arrived here from Bermuda, where he spent the last few months. He may be joined here by his wife and family, who live in New York.

IONS ASSEMBLE

PROVIDENCE, R. I., July 21.—(AP)—More than 3500 ions from all parts of the United States, as well as many other countries, had gathered here last night, prepared for the twentieth annual convention of Ions International, which begins today.

CHIEF OF THE

More MEN and WOMEN to SERVE You

Twelve hundred additional people were put to work by the Southern Bell Telephone Company in 1935, to care for the increased demand for service and the resultant growth of the business.

This was an increase of 81.2 per cent, and brought the total number of men and women who provide you with good telephone service in the South to 17,000.

Their payroll was nineteen and one-third million dollars, most of which was spent in their home communities.

Through 936 central offices in nine states, they devote their thought and effort to give you the best possible telephone service that skill and training can provide.

They planned and placed in service \$12,428,906 worth of additional telephone "plant" in 1935 to meet service demands, and this year it will expand even more.

Taxes, in 1935, required a record sum of \$6,505,000 from the telephone company by federal, state, county and municipal agencies. This figure, too, will be exceeded in 1936.

Guiding these telephone folks at all times, in fair weather or in emergencies such as fire, floods or storms, is their expressed objective: to give the public the best possible service at the lowest cost consistent with the financial safety of the business.

only 15¢ a day buys a Kelvinator

We find we don't need to say much to people who come in to make an actual inspection of the new Kelvinator.

For here is value you can see for yourself. Imagine *Vivible Cold*. Yet that's what Kelvinator offers you with its unique Built-in Thermometer. No more guessing about cabinet temperatures. No chance of unexpected refrigeration failures. Food stored in Kelvinator is safe. Imagine *Vivible Economy*. Kelvinator offers it in a written Certificate of Low Cost of Operation that tells you in advance that your current consumption will be low.

Imagine *Vivible Protection*—a signed assurance of dependability, the manufacturer's Five-Year Protection Plan. But these aren't all that will catch your eye. You'll be delighted to note the many Kelvinator features, like flexible grids in all ice trays in standard models, automatic defrosting switch, easy accessibility to every square inch of storage space.

And above all, a joy to behold for all-over beauty. You'll be thrilled to own the new Kelvinator, proud to show it off to your friends. And you can own it so easily. Pay for it at the rate of only 15¢ a day. Drop in and examine the new Kelvinator today.

Perry, Von Cramm Sign To Meet In U.S. National Play

NEW YORK, July 21.—(AP)—Fred Perry of England, the world's No. 1 tennis player, and Baron Gottfried Von Cramm of Germany, No. 2 international performer, have entered the national championships at Forest Hills this September, the United States Lawn Tennis Association announced yesterday.

Entrance of these top-ranking players gives the championships robust prospects of staging two of the grandest return matches in tennis history—with Perry and Von Cramm favored to meet in the men's singles final, and Helen Jacobs and her arch-rival, Mrs. Helen Willis Moody favored to settle their long-standing grudge in the women's final.

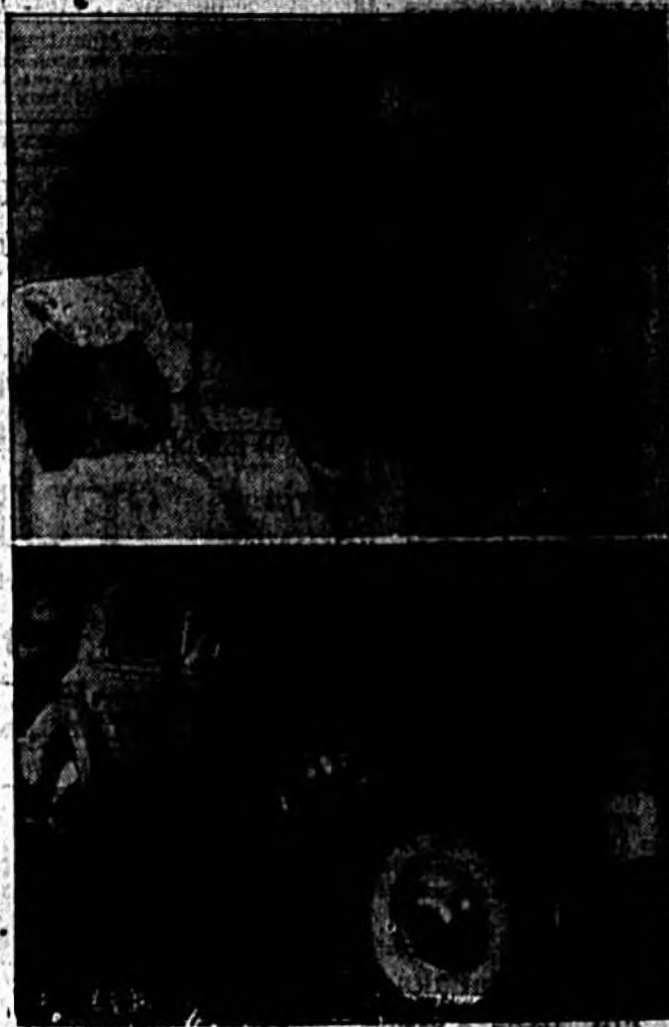

Perry established a modern record at the Wimbledon (England) "world series of the courts" early this month by winning the Wimbledon title for the third straight year. He won it by beating Von Cramm in the final.

It was a disappointing match for the 12,000 fans. But the minute it was over, the officials announced that Von Cramm had strained a muscle in his thigh in the final service. The German had played brilliant tennis in previous rounds.

Now—the Baron will come booming over to America, determined to redeem his poor Wimbledon showing and win the U. S. title now held by Wilmer Allison of Texas. Allison won the title last year under circumstances somewhat similar to Perry's victory over Von Cramm.

The American title trophy can gain permanent possession with another victory.

SENATOR DIES, WIFE HURT IN CRASH

Senator Louis R. Murphy of Iowa was killed, and his wife and their companions, Mr. and Mrs. W. F. Woodward, were injured when the auto in which they were riding near Chippewa Falls, Wis., careened off the road and overturned. Mrs. Murphy is shown above in a hospital. Robert Woodward, son of the injured couple, and a large being with her. (Associated Press Photo)

Amneses Seem Sure To Defeat Germans

WIMBLEDON, England, July 21.—Australia needs only one more victory in her series with Germany to gain the challenge round in the Davis Cup tennis competition for the first time since 1924.

The Amneses assumed a 2-1 lead over the Teutons yesterday in their inter-zone final when the veteran Jack Crawford and Vitas McGrath vanquished Baron Gottfried Von Cramm and Hanser Henkel, 6-4, 6-3, 6-4, 6-4 in the doubles.

The series will be concluded today with two singles matches. A victory in one of them will send Australia into the challenge round against the upholding English team starting Saturday.

Olympic Torch Is On Way To Berlin

ATHENS, Greece, July 21.—(AP)—The Olympic torch, kindled from the sun's rays on Mount Olympus and to be carried to Berlin by a relay of torch bearers for the opening of the Olympic games in the German capital Aug. 1, was started for Berlin yesterday.

The first runner lighted the torch at the altar of the Olympia stadium and then dashed away on a kilometer run to the place where the next runner waited.

Yesterday was a public holiday in Greece for the ceremony coincided with the observance of King George's birthday under the Gregorian calendar.

Harry Cooper Wins St. Paul Links Play

ST. PAUL, July 21.—(AP)—Lighthorse Harry Cooper, Chicago, left another trail of birdies behind him yesterday to capture his third St. Paul open golf tournament championship by a four-stroke margin over Dick Metz of Evanston, Ill. in a 36-hole playoff.

Piling up his advantage on the morning round, which he finished with a five-stroke lead, Cooper had a 36-hole total of 135, and Metz had rounds of 71-68 for 139. The Chicagoan shot a 68 in the morning and 60 on the second 18.

The playoff was the second in the seven-year history of the tournament and was necessitated when the two players completed the regulation 72 holes Sunday with 277 totals after Cooper had overcome a six-stroke advantage in the last two rounds Sunday.

Public Links Meet Opens In New York

FARMINGDALE, N. Y., July 21.—(AP)—America's Dick Whitingtons of golf, young men and boys who can't afford to play the game at exclusive clubs on their average salary of \$22 a week, opened their annual scramble for the national public links championship yesterday with a truck driver, stock clerk, employment manager and a gas station attendant leading the big parade.

An darkness settled over the million dollar Beth Page Park layout, the stinnest club that ever entertained the "poor men" of the fairways, the race for the qualifying medal and team championship, both decided on two courses in 36 holes of play over two days, was so close that no one stood out as a favorite.

MOTOR TROUBLE BLAMED

OTTAWA, Ill., July 21.—(AP)—Elmer H. Crawford, 27, an automobile mechanic, was killed Sunday when a mono-coupe bi-plane he was piloting in a farm relay here, Wilmette said the plane apparently had developed motor trouble.

Japanese Citizens Stage Air 'Defense'

TOKYO, July 21.—(AP)—Eight million Japanese residents from Tokyo to Yokohama yesterday began a series of air maneuvers.

Under rigid army direction, the population was forced to submit to restrictions simulating war time. For four nights all lights in the area have been ordered extinguished, theaters closed and night traffic largely suspended.

The maneuvers are based on the assumption that an imaginary hostile navy with a powerful air force is steaming toward the Japanese capital from the Eastern Pacific.

HOWARD TO COMMAND

AUGUSTA, Ga., July 21.—(AP)—Lieut. Comdr. George T. Howard of Augusta will assume command of the USS Tucker, new 1200-ton destroyer, when the ship is commissioned at Norfolk, Va. Thursday.

Sparkling glasses strewn with bright stars... the new Swankyswig. You'll want to collect a whole set. And while you're doing it, get acquainted with all seven of the delicious Kraft Cheese Spreads. They're marvelous for sandwiches, snacks and appetizers.

SUPPORTS ROOSEVELT

NEW YORK, July 21.—(AP)—The Good Neighbor League, through its executive chairman, Dr. Stanley High, Estelle M. Sternberger and Patrick H. Callahan Sunday issued from its newly opened offices here a statement urging support of President Roosevelt in the coming campaign.

Miami Bowlers Get Clean Tournery Sweep

MIAMI, July 21.—(AP)—Miami bowlers made a clean sweep of prizes in the two-day Miami Florida duckpin sweepstakes, completed here Sunday night.

Gus Schaeffer of Miami won the singles with a set of 369 after pairing with Paddy Watkins in the doubles for a new state record score of 742.

Tom Anderson of Miami was high in the all-events with 1118. The Brunswick Seminoles took team honors, beating Lucky Strike in an all-Miami final match. The Palm Beach alleys and the Dromedary quintet of Tampa were eliminated in the semi-finals.

Harris Wins Annual Miami Golf Tournery

MIAMI BEACH, July 21.—(AP)—Peté Harris of Miami, long-driving former professional baseball player, won the annual Metropolitan Miami amateur golf tournament here Sunday with a 72-hole medal score of 299.

Harris had rounds of 78, 72, 76 and 76 to finish one stroke ahead of young Henry Russell of Coral Gable, former Florida high school champion.

The tournament, which attracted 150 entrants, was played on four successive Sundays over three courses.

PRODUCER REVENUE TALLAHASSEE

TALLAHASSEE, July 21.—(AP)—Florida's much-disputed gross receipts and occupational license tax passed by the 1935 Legislature produced \$746,301.13 up to July 1, 1936.

AIDS SHIP

MIAMI, July 21.—(AP)—The Coast Guard patrol boat Pandora Sunday afternoon took the British motorship Behwarka in tow near Alligator Reef, 76 miles south of here, and headed back to this port with the disabled craft.

Lookouts Lose Another Close Game To Saints, 3-2

Wright Shelled For Nine Blows In First Round

Mote Does Splendid Relief Work Holding Down Hitters

ST. AUGUSTINE, July 31.—Young Bill Butland scattered six Sanford hits here yesterday as St. Augustine piled up an early lead to defeat the bottom-place Lookouts, 3 to 2, in the Florida State League.

The Saints pounded Wright, the starting lookout hurler, for nine hits and three runs in the first innings but were completely fanned by the relief hurling of Mote.

Fitzgerald's double, singles by Kinard and Zupanic and a Maltby error at second, stood out in a two-run spree by St. Augustine in the opening frame. Baker drove McGowan home with the third Saint run in the fourth frame.

Sanford bunched two bases on balls and Duncan's single off

All-Star Outfit To Meet Islets On August 18th

Sportswriters Asked To Select Representative Team

By PAT PATTERSON

Eddie Gilliland, president of the Florida State League, yesterday invited sportswriters in towns supporting state loop ball clubs to choose an all-star outfit that will meet the Daytona Beach Islanders in Daytona Beach on Aug. 10.

This department, in naming its choice for manager, will look squarely into the eyes of "Raw Meat" Bill Rodgers, Lookout boss.

The selection is made on the basis of experience—and Rodgers has nearly three decades of professional baseball life including several terms in the majors.

On this and like departments of state league baseball towns falls the doubly desirable pleasure of delving into the loop roster and hauling forth a pair of catchers, the same number—only applied to pitchers this time—that made Mrs. Dionne famous, four regular and one utility infielders, three regular outfielders and two utility garden patrolmen.

We haven't completed our selections as yet, however, we would like to offer Owen Wright as one of our pitchers because he seems to be as good at relief work as he is at starting games.

Wright would be our choice for the man behind the plate, and we base our judgment on the fact that he can slap the gate with a bat as well as handle pitchers.

Here we stop selecting until we've had a chance to look over the rest of the crop and attempt to pick a representative team that will boast at least two players each from Sanford, DeLand, Gainesville, Palatka and St. Augustine.

The all-star game originated with Ernie Padgett, president of the Daytona Beach outfit. He got the idea from the recent all-star game in the major leagues.

TOWNS WINS OLYMPIC PLACE

Forrest (Spoo) Towns, the sensational Georgia track star, is shown (right) winning the 110 high hurdles in 14:3 seconds during the final Olympic try-outs at New York. He easily won a place on the United States team bound for Berlin. (Associated Press Photo)

Azalea Players Assessed Fines For Arguments

Andrews Docked \$50; Manager Emerson Is Set Back \$25

DELAND, July 31.—As result of their actions in protesting decisions of Florida State League arbitrators almost two months ago, George Andrews, centerfielder, and manager Jeff Emerson, both of Palatka, have drawn fines from Judge W. G. Bramham, head of the organized minor league ball. It was revealed here yesterday in a letter received by President G. E. Gilliland.

"A fine of \$50 is assessed against Player Andrews and a fine of \$25 against Manager Emerson which must be paid into the office not later than July 25. The players will be suspended until payment is made, if not paid upon the date mentioned," Judge Bramham notified President Gilliland.

Both players have already paid President Gilliland fines of \$10 for the incidents which brought about action by Judge Bramham, who several weeks ago threatened suspension in addition to fines.

"I feel that in letting these players escape without a substantial suspension is more or less a splendid performance upon my part," the minor league head wrote. "I can not consider the size of a league, the position of a club in a race, nor can I ever consider whether the league folds up or not in the matter of enforcing rules of baseball and putting rowdism down," he added.

Concerning the imposition of fines alone, Bramham said he was taking the action purely in view of President Gilliland's "earnest plea in behalf of your little league, but you just might as well notify a' comes it is not the standard by which future performances may be judged."

Andrews became involved when he shoved Umpire Sheffield at a game in Daytona Beach nearly two months ago when protesting a decision of the arbiter's at first base. Manager Emerson's fine was the result of his action at Gainesville when he unstrapped the first base sack from its peg, threw it into the air following a close play called by Umpire Maddock, and then attempted to climb into the stands to get at heckling fans.

Sparkman Misses Hall Of Fame By Single Base Hit

Low, Pinch Hitter, Spoils Perfect Game For Azalea Southpaw; Palatka Wins By One Run Margin

PALATKA, July 31.—(AP)—Little Joe Sparkman, Waldo southpaw, nearly crashed the portals of baseball's hall of fame here yesterday afternoon when he limited the G-Men to a single blow to post a 1-0 shutout over the Gainesville also and gain a veritable tie for second place for the Azaleas.

Palatka's lone tally came in the last of the ninth frame when pinch hitter, Calvin Lowe, another local southpaw with a one-hit game in the record book, lined a clean single to right to score Guerra from third base.

Sparkman held the G-Men hitless through the first seven frames and had disposed of one man and walked another in the eighth when Milton McDougal, Gainesville receiver, lined a clean single between third and short to give Sparkman's no-hit record.

McDougal's blow sent McMullen from first to third but an attempted squeeze play failed and McMullen was trapped between third and home for the second out of the inning. He walked the next hitter but fanned the following to come out unscathed for his shutout in the only threatening inning.

Sparkman fanned seven and walked three during the contest while Elbert Padgett, Gainesville eighthasden who has been Palatka's nemesis for the past month, was nipped for eight hits, three of them in the ninth inning. Padgett struck out five and walked one.

Guerra started the ninth with a one timer to left center and raced clear to third on Andrews' rubber over second. Lowe's single to right ended the hit.

Guerra was the only player in the game to hit safely twice.

Sharkey To Meet Brown Bomber In August Comeback

Ex-Champion, Now 33, Is Tavern Keeper In Massachusetts

NEW YORK, July 31.—(AP)—Joe Louis, Detroit's erstwhile "Brown Bomber," will launch his comeback campaign against former heavyweight champion Jack Sharkey of Boston in Yankee Stadium, August 18.

Both fighters were signed for a 10-round yesterday by the 20th Century Club.

The fight will be staged in place of the Barney Ross-Tony Canoneri welterweight title scrap which Mike Jacobs, 20th Century promoter, was trying to negotiate for that date.

Sharkey will be the fourth former champion Louis will face. After disposing of Mark Essex Primo, Carrera in his masterful climb to a title bout with Jimmy Braddock, Joe was knocked out in the twelfth round by Max Schmeling of Germany, another ex-titleholder, in June.

The Louis scrap will be the fifth bout in the comeback campaign of 33-year-old Sharkey. After disposing of Mark Essex Primo, Carrera in his masterful climb to a title bout with Jimmy Braddock, Joe was knocked out in the twelfth round by Max Schmeling of Germany, another ex-titleholder, in June.

His initial return engagement was the "fiasco" with unknown Winston in Boston. Then he lost

America Enters Complete Teams In All Game Events

Great Britain Only Fractionally Represented; Germany Ranks Next To U. S.; Entries Close Saturday

BERLIN, July 31.—(AP)—The official Olympic handbook which says specifically that all entries must be received by midnight July 18.

A German Olympic official, questioned about the discrepancy, said, "There has been some trouble with the applications of four nations, wherefore we are unable to give out the entire list. Everything will be in order by Monday and the final list probably will be available Tuesday."

Great Britain is only fractionally represented to date, with only entries in any of the flat races up to the marathon. Entries have been received in the hurdles, races and all the field events except the javelin and shot put. Canada has forwarded only one entry, and that for the javelin. Neither Great Britain nor Canada has entered its women's athletes as yet.

Many nations are completely lacking in representation in several events insofar as the provisional list is concerned.

The largest entry list for any event is in the 100-meter dash, which to date shows 62 competitors.

United States is the only nation which has entered a complete track and field team—three men in each event—in the Olympic games, a checkover today of the entries received to date showed.

Germany is a close second, with three men in every event except the 110-meter hurdles and pole vault in the men's division and the high jump in the women's division. The Nazis have entered two each in the three events mentioned.

A total of 921 entries—834 in men's track and field and 87 in women's—have been received thus far. In addition to these individual entries 18 nations have entered teams in the 400-meter relay and 15 in the 1600-meter relay. Seven nations have entered teams in the women's 400-meter relay.

The entry list is expected to swell appreciably during the next few days as the official German News Agency announced today that all entries mailed up to Saturday midnight for Germany will be considered valid. This announcement is at variance with

Sanford's Lookouts will meet Palatka tomorrow in the Azalea Bowl, there. Today the locals are tangling with St. Augustine here.

Bonner's glove at short to tally a run in the fifth and Kinard's error on Davis' drive to left into another run in the last round.

Although both sides committed errors the game was featured by four fast-double plays, three of which were pulled by the Saints.

Fitzgerald, Kinard and Zupanic led St. Augustine's attack with two hits each. Langston, Davis and Duncan duplicated the feat for the Lookouts.

STOPS QUICKER THAN ANY OTHER TIRE

Because it has the

WRINKLES OF SAFETY

The General Dual-10 Tire tread is a totally new principle in tread design. The Dual-10 tread is flexible. When you put on the brakes the tread wrinkles. The wrinkles act like a squeegee. They wipe the pavement clean and dry—provide firm traction footing—stop your car on wet pavement quicker than ordinary tires can stop on dry pavement. And every stop is straight in line—no side slip or tail spin.

TAKE A RIDE

Prove to yourself that Dual-10's will double your driving safety by permitting you to stop your car in half the usual distance. Come in and drive our demonstration. Make your own tests.

NEW WRINKLE

The General Dual-10 tread is flexible—it wrinkles into a squeegee action when brakes are applied—squeezes the pavement clear of water and loose dirt—provides firm traction footing—STOPS and HOLDS—without tail spin or skid. The World's Safest, Latest Tread.

Second Heat Wave Will Hit U. S. Thursday

Chicago Forecaster Says Temperature Will Climb Beyond One Hundred Mark

Rain Predicted For Lakes Area

Brought Of 1936 To Rank With Torrid Period Of 1934

CHICAGO, July 22.—(AP)—A new heat wave with temperatures from 100 to 105 degrees will spread over the corn belt tomorrow, Government Meteorologist J. S. Lloyd predicted today. He said the 100 mark would be exceeded in Kansas, Nebraska, Western Iowa and Northwestern Missouri.

States to the East, he said, could expect the mercury to climb to the lower and middle nineties.

It was warming up today in Kansas, Missouri, Iowa, Southern Nebraska, Illinois, Indiana and Lower Michigan. There is no rain in sight for any of the north central states except in Michigan and the area immediately around the Great Lakes, he said.

A continuation of June aridity like the first three weeks of July, said Secretary Wallace today, the month would rank the 1936 year with that of two years ago.

Yesterday in Washington, the Federal Crop Reporting Board said its latest communication of July 20, 1936, showed that July about as severe as that of 1934 at the same date and much more serious than any previous months since the country was settled.

Higher prices in the sensitive corn market here followed quickly on reports of a general reversal of weather and continued still weather. Corn rose the maximum allowed, four cents, July closing at 91 1/2 cents.

Iowa dispatches said corn crops had suffered a 50 percent reduction during the past two weeks of excessively high temperatures.

Heat deaths advanced to nearly 2,000 during the day with Oklahoma still in the "sweltering belt" contributing 12 to being the total to 77. Nebraska's climbed to 22.

Oil Drums May Relate Fate Of Vanished Vessel

Fishermen Believe Nanook Sank After An Explosion

TAMPA, July 22.—(AP)—The search for the missing British motorship Nanook, with 23 persons aboard, so far had resulted only in the discovery of two oil drums of the same kind carried by the 110-foot craft when it sailed from Georgetown, Grand Cayman Island, July 4.

Captain Cecil Gabbett, commander of the Coast Guard District, said the agents of the Nanook are making every effort to determine if the drums came from the missing ship. If they did, he said, fears that the vessel had sunk in the water and sank with all aboard would be strengthened.

One of the drums was found yesterday near Alligator Reef in the Florida Keys. The other was found today near Molasses Reef north of Alligator. Both drums appeared to have been in a fire.

Five patrol boats were ordered out today to join the 12 cutters and several airplanes in the search. The patrol boats are instructed to comb the Keys for additional oil drums.

The searching cutters reported that fishermen in the Keys around the shores of Pine Key and Isle of Pines believe the Nanook sank rapidly following an explosion and all aboard were lost. No traces of wreckage has been found.

Townsend Cited For Contempt In 'Walkout' Event

Deputy Sheriff Uses Auto In Pursuing Pension Move Head

CLEVELAND, July 22.—(AP)—Dr. Francis M. Townsend staged another "walk out" yesterday, but in an auto chase a deputy sheriff brought him back to resume a deposition hearing about the Townsend Old Age Pension organization.

The pension leader walked out of a hearing being conducted by Benjamin F. Beharow, attorney. It was a scene reminiscent of a hearing by a congressional committee investigating the Townsend movement.

"It's none of your business," Dr. Townsend replied to one of Beharow's questions. He picked up his notes and abruptly departed.

"It's another walkout, boys," said Sheridan Devine, his counsel. Together they left the hotel room in which the hearing was conducted.

Dr. Townsend immediately said he was leaving for Erie, Pa., to keep a speaking engagement. Beharow issued a citation for contempt of court from a notary public.

Deputy Sheriff Joe Tedeo armed himself with a heavy detachment, Beharow and the deputy, accompanied by Beharow's brother, set out from the hotel in a taxicab, following Dr. Townsend's departure.

Dixie Reports More Deaths From Disease

Wave Of Affliction Said To Be Sweeping More States; Precaution Urged

MONTGOMERY, July 22.—(AP)—Infantile paralysis continued to develop in Alabama and Tennessee today despite the combined efforts of federal and state health authorities who are fighting the disease in the epidemic zone.

Twelve new cases and one death were reported in two states which increased the total number of persons affected in the tri-state outbreak since June 1 to 235.

Alabama registered 181 cases and eleven deaths; Tennessee had 45 cases and four deaths; Mississippi recorded 11 cases.

Alabama health authorities said the latest reports indicated the disease gradually is creeping southward and the speed of spread is being kept under close observation.

Georgia has had the most reported in the past few weeks but health authorities said the infections are purely sporadic and no more numerous than usual.

State And County Tax Sale Is Billed For August 3rd

Properties on which certain state and county taxes are delinquent will be sold at public auction on Aug. 3 at the Court House, Jno. D. Jenkins, Seminole County tax collector, announced today.

The county official qualified the statement by adding that the sale would apply to lands whose 1935 taxes are delinquent and on which there are no outstanding state tax certificates for the year of 1935 or subsequently.

Under the Florida law, a tax certificate draws interest at the rate of 18 per cent for the first year, 10 per cent for the second year, and eight per cent for each succeeding year until redemption is made.

"The owner of a piece of property has two years in which to redeem his holding before a tax deed can be issued," the collector (Continued on page three)

Loflin Says Senate Bill On Railroads Is Termed Invalid

A Senate bill, endorsed by the Seminole County Chamber of Commerce opposing government ownership of railroads, is dead, according to a communication received today from Sen. Scott M. Loflin and Congressman W. J. Sears and E. A. Green.

Senator Loflin pointed out the proposed legislation died when it failed to be reported by the Senate committee on interstate commerce before adjournment of Congress.

Local endorsement of the bill was taken at the instigation of Harry A. Wheeler, chairman of the Transportation Conference in Chicago.

Lindberghs Pay Visit To Berlin

BERLIN, July 22.—(AP)—Col. and Mrs. Charles A. Lindbergh landed at the Berlin airport here today in their own plane.

The famous flying couple were greeted by German fliers and members of the American embassy.

Col. Lindbergh, it was reported, is expected to meet Adolf Hitler during the stay in Germany.

It was believed the American fliers dropped in here to attend the Olympic Games which are scheduled for August.

Mrs. Lingle, Son, Father Resume Journey To Cairo

Mrs. H. G. Lingle, her son "Sonny," and her father, Walter Densel, today continued by train their journey to Cairo, Ill., which was interrupted Monday by an automobile accident near Henderson, Ga., nine miles south of Perry.

Comprehensive details of the crash were not received here until this morning.

Mr. Densel, it is reported was driving the Lingle car when it met a Ford pick-up truck which was speeding about 70 miles an hour on the left side of the highway and rounding a curve.

Mr. Densel attempted to avoid driving into a ditch on the right side of the road and cut across to the left in an effort to miss the roaring truck driven by a Mr. Boatwright of Cordale, Ga.

Crashing into the middle of the Lingle auto, the truck reversed down the road for 100 yards, then overturned twice. Both vehicles were demolished.

Mrs. Lingle, Mr. Densel and Mr. Boatwright sustained numerous cuts and bruises, but otherwise were not seriously injured. "Sonny" Lingle was unhurt.

Mr. Lingle, who rushed to the scene of the accident Monday night, returned to Sanford today.

County Judge Hears Trespassing Trial

County Court docketed through the morning and started the afternoon today with the trial of L. T. Hunt who is alleged to have trespassed.

The case is centered about a tax deed the ownership of which is in dispute.

Early this afternoon James Jerry entered a plea of guilty of drunkenness when he was arraigned before Judge Barrow.

Loyal Spanish Forces Gain Land Victory

Rebels Are Reported Triumphant At Sea; Revolutionists Fight With Miners

Radio Describes Sinking Of Ships

American War Craft Ordered To Remain In Danger Zones

Victory on land and disaster at sea for the Loyalist Spanish government was reported today as Italian whines an accompaniment to bitter battles for supremacy between loyal and rebel forces from San Sebastian to Spanish Morocco.

The scene of the two-day struggle, San Sebastian is said to have been recaptured from the rebels who held it since yesterday morning. Two thousand Italian loyal to the government, were said to have ousted the rebels.

Radio broadcasts from Seville, Spain, described the sinking of three Spanish ships, and the boarding of Cadix by rebel airplanes.

Spanish warships opened a heavy bombardment on the rebel stronghold of Lelina, aided by airplanes. Spanish warships also were reported in Gibraltar Harbor and it was believed they planned to bombard the rebels in Algeiras.

The United States battleship Oklahoma was ordered to sail for Bilbao, Spain, at midnight to pick up any American refugees. The heavy cruiser Quincy, now en route to England, was ordered to Gibraltar for the same purpose.

The most of the bitter fighting of the day appeared to center in San Sebastian, summer vacation of the American ambassador Charles G. Bowers and other foreign dignitaries, but disorders were reported in progress throughout Northern Catalonia.

Great Britain sent warships to Spain to protect its national interests, the center of the civil war which is flaming throughout the country.

Negro Woman Held For Mad Driving; Wrecks Residence

"Sugar" Nelson, a negro woman, was held by police today and booked for reckless and careless driving after an escapade Sunday which took her roaring off the highway and into a residence at Spanish Street and Congress Avenue.

The defendant is said to have taken an automobile without the owner's permission and started out on a pleasure drive. The car, according to police, jumped a curb, rolled between two trees, crashed into a front corner of a house, then pushed on around the building to ram a rear corner where the drive ended with four flat tires.

Police Chief Roy Williams said the woman then fled and remained unidentified until today.

It was understood that the owners of the residence did not plan to prosecute. Despite the fact that several pillars were knocked from under the automobile, a search for the driver was abandoned on the front porch.

Police Hold Three Negroes On Charges

Marion Kelley, an 18-year-old negro, was arrested by police last night near the City gas house where he was found with several pieces of electrical equipment in his possession.

Other activities by local officers yesterday included the arrest of Frank Hicks, negro, who was booked for larceny, and Gus Williams, also colored, alleged to have been drunk and fighting.

An report from 900 Locust Avenue was received by police that a number of children had been stolen during the night.

New CCC Quota Will Be Drawn In August

Another allotment of CCC boys will be drawn from Seminole County about Aug. 1. It was announced today by Mrs. J. F. Blane, county welfare director here.

All parents who are interested in children who will be interested in the drawing of the boys should contact the office of the county welfare director.
