Mullet Lake Park near Geneva has been turned into a fine picnic area. There are tables, barbecue pits and restrooms.

J. C. Lavender, county road superintendent, was commended by the Seminole County Board of Commissioners for doing a fine job in developing the park.

The Seminole Booster Club closed out the year with a small surplus to turn over to the incoming administration. The club took in \$3,004 last year but failed to get one of its projects off the launching pad — lighting of the track and baseball field. A worthy project for the new officers to undertake.

The All-Sports Banquet at the Seminole High was a very fine affair thanks to Roger Harris, outgoing Booster Club president; Athletic Director Fred Ganas and the Seminole County School Food Service Association.

Who's right? Fishing camp operators say the fish kill is not at all in the proportions claimed by State Biologist Harold Moody. Moody called us from Leesburg to say check of the water chemistry is the basis for his findings.

Residents along 25th Street must be mighty pleased now that sprinkler trucks are operating in an effort to hold down the choking dust. Many residents have been complaining about the dust and the difficulty it caused in breathing.

Speaking of 25th Street and the work being done to widen it, one resident has complained loudly about the addition of sidewalks to the job. We don't need them, the woman said, and all it means is that all the kids will come out here to use their skateboards.

Mrs. Harold Kastner's Doberman Pinscher, Bahia Potente Lucky Lady and her litter of ten pups, took second place in the dog show held in Orlando, Sunday.

In third place in the three to six month old puppy class was Mrs. Peggy Stringer's Princess Isha, also of Sanford.

The DeLand Chamber of Commerce has indicated it will not support the proposed Lake Monroe Causeway plan. Officials call it "too costly."

A \$14 million port facility, including a modern terminal for loading of bulk phosphate rock, is in the works for Port Manatee at Bradenton.

A professional nurse licensing examination will be given by the Florida State Board of Nursing in Jacksonville June 22-23. Deadline for applications is May 31.

A camera will be added to the equipment of the Seminole County Road Department. It will be used to show conditions on roads before and after maintenance and for other purposes.

**Auto Tax Plan Verified Here**

Verifying news reports from Washington that automobile sales prices will be retroactive to May 14, in line with President Johnson's request for an excise tax cut, and that Congress is rushing the legislation to benefit consumers and to stave off a "buyers strike," the following telegram was received here this morning by Bill Memphis Motors:

"President Johnson has proposed that if a reduction in the present 10 per cent federal excise tax on new passenger automobiles is adopted this year it be made retroactive to retail purchases of new passenger automobiles after May 14, 1965. You may inform your customers that General Motors will refund to qualified retail purchasers the amount by which the tax may gradually be reduced."

### Vote Precincts Upped Due To Area Growth

By Paul Brookshire

Ten new voting precincts will be added in Seminole County and the five commission districts will be reshuffled under a resolution adopted by the Seminole County Board of Commissioners Tuesday.

The board said the addition of precincts and the shifting of the commission districts was necessary because of population changes.

Too many of the voting precincts were too populous while others had too few voters, the board said in announcing its new redistricting plan.

The addition of 10 precincts increases the voting units from 23 to 33. Voting population in each precinct has been kept around 1,000 in the new alignment.

Constant and justice of peace districts also are being redrawn and will be announced soon. Redistricting of these requires legislative action and the proposal will be rushed to the Florida Legislature for action this session.

Major changes in the five commission districts include reduction in the size of District 3 currently represented by W. Lawrence Swafford of Altamonte Springs.

District 3 was reduced due to increase in population. Part of Altamonte Springs now will be in District 4 represented by Commissioner Lee Gary of Oviedo.

Oviedo and Casselberry will be the only municipalities represented by one commissioner. All other cities will be split.

All of Lake Mary will be in one district, where formerly it was split between Districts 2, 3 and 5. It now will be in District 2, represented by Chairman John R. Alexander.

District 2 has been enlarged slightly.

Gary's district has been enlarged in mileage under the new proposal. Longwood will be split between District 4 and 2. Altamonte Springs will be divided between District 4 and 3.

Sanford will be represented by three commissioners: Alexander, Edward Varborough and John Fitzpatrick.

North Orlando will be split between Alexander and Gary's districts.

Each district will include approximately 14,000 to 15,000 persons.

Present commissioners and their districts: Edward Varborough, District 1; Alexander, District 2; Swafford, District 3; Gary, District 4; and Fitzpatrick, District 5.

**Father To Speak In Luci's Honor**

WASHINGTON (UPI) — President Johnson will be the commencement speaker when his 17-year-old daughter, Luci, graduates from the National Cathedral Girls School on June 1.

Luci and 58 of her classmates will graduate at a ceremony at the Washington Episcopal Cathedral.

Mrs. Johnson and Luci's sister Lynda, 21, also will attend.

The President's younger daughter is planning to enter Georgetown University school of nursing in mid-September. She will work this summer as an assistant to a Washington optometrist.

**Dirksen Ill**

WASHINGTON (UPI) — Senate Republican Leader Everett M. Dirksen (Ill.), hospitalized Monday for a new checkup for an abdominal ailment, plans to return to work Thursday.

### U. S. Planes Underscore Determination

SAIGON (UPI)—Forty U.S. Navy planes bombed targets in North Viet Nam today in another raid that underscored American determination to press on with the air war against the Hanoi regime.

It was the second consecutive day of air strikes on North Vietnamese territory following a six-day pause to watch for signs of Communist readiness to negotiate a settlement. There were no signs.

In South Viet Nam, a large force of U.S. Army paratroopers swept through the Vietnamese countryside today in an area known to be crawling with Communist guerrillas.

Vietnamese dive-bomber attacks killed an estimated 85 Viet Cong Tuesday night in a raid that resulted from the spotting of a Communist company by a U.S. observation pilot. The attack took place about 100 miles east of Saigon.

Officials announced, meanwhile, that last week's Viet Cong attacks were the heaviest of the year, killing or wounding 1,020 Vietnamese soldiers and 67 Americans. Viet Cong losses were set at 270 killed or captured.

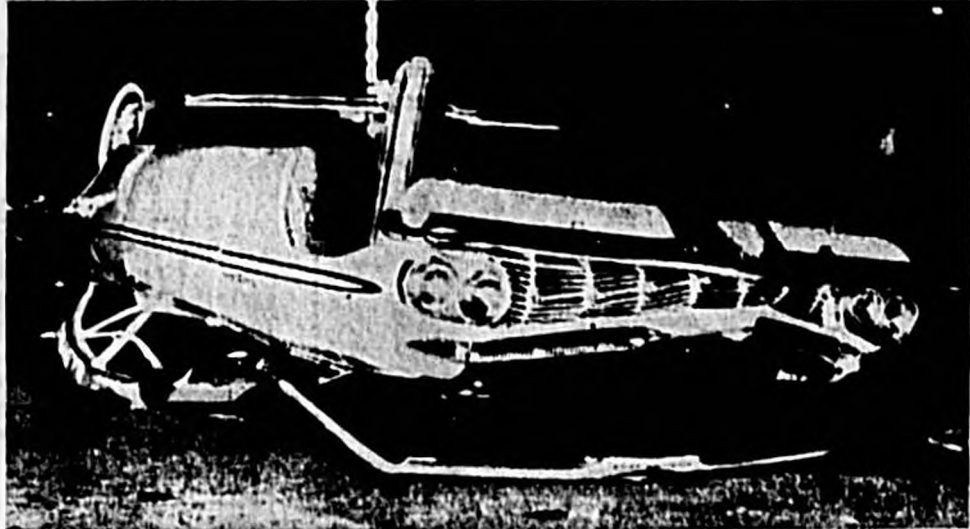

Today's raid inflicted "severe damage" on military barracks and a military radio station, according to an American spokesman.

Navy pilots operating from the aircraft carrier Coral Sea reported three buildings destroyed and the supply area heavily damaged in an attack on barracks at Hoan Lo, about 40 miles north of the border with the South Viet Nam.

The spokesman said a separate strike on the Chanh Ho region, near Hoan Lo, destroyed another building and left the administration building in flames.

A total of 50 tons of bombs and rockets were dumped on the two targets.

Pilots said they encountered only light anti-aircraft fire. No enemy aircraft were sighted and all planes returned safely to the Coral Sea from the 45-minute raid, the spokesman said.

WRECK TUESDAY EVENING sent driver of this car, Roland R. Canfield, 25, VAH 11, Sanford Naval Air Station, to hospital for treatment of apparent head injuries, after his car went out of control, overturned and landed on its top. State Trooper J. L. Sikes said auto, total loss, travelled about 300 feet from time it first left road until it came to rest in middle of intersection of Hwy. 17-92 and Seminola Boulevard. (Herald Photo)

### Vote Official's Son Killed

HAZELTON, Pa. (UPI) — An FBI team joined local and state authorities today in an effort to determine what kind of explosive was used to kill an election official's son when he started his father's car.

Michael Ruggiero, 17, was the victim of the blast which rocked a residential area and sent bits of metal flying in all directions.

It was election day Tuesday and Mike was home from school. His mother, Antoinette, 43, had to do some grocery shopping so he decided to drive her to the store in his father's automobile.

Mike walked to the firehouse where his father, a power shovel operator for a

strip mining firm, was on duty Tuesday as an election judge and got the key to the 1958 model car, parked only half a block away.

The youth turned on the ignition and the car was blasted to bits in a puff of black smoke.

Mike was killed instantly. Authorities were unable immediately to determine a motive in the case. They said neither Ruggiero nor his son had any known enemies nor had either received any threats.

And Police Chief Frank Uzman said it was unlikely that Ruggiero had any explosives in the family car.

The blast rocked a residential area and sent bits of metal flying in all directions.

The elder Ruggiero heard the explosion and raced from the polling place, ignoring cuts and burns, he dug into the blazing hot wreckage and reached his son's body.

Residing in his home, Ruggiero screamed desperately for Mike to give him some sign of life.

Mike was hurled into the back seat of the demolished auto. The force of the blast was so great that it tore his clothes and shoes from his body.

Mike, one of eight Ruggiero children, was a member of the high school track team and tuba player in the band. He was scheduled to be graduated June 7.

Representatives of area organizations and churches will meet Thursday night at 8 o'clock at the Casselberry Women's Club on Overbrook Drive to formulate fund-raising plans to aid the Ruggieros affected.

Alderman Edward Lunn has been named to guide arrangements for "Operation Helping Hand."

Residents of the disaster area whose homes were damaged or destroyed have been informed that their insurance will not cover the loss and banks have stated full payment of mortgages is expected.

Town officials are working today to obtain clearance from property owners in the vicinity of the 90-by-20 foot hole to bring in heavy machinery to fill the hole.

Mal Ogden, administrative assistant to Gov. Haydon Burns, said in a telephone interview this morning the State Road Department is ready to move in equipment from DeLand as soon as written permission is received from the property owners and the City of Casselberry.

He said reports of state geologists and road engineers, ordered to the area by Governor Burns, reached his desk this morning and will be handed to Burns Thursday when he returns from Washington.

The hole remained about the same size Tuesday, but began to fill with water and by nightfall had about seven feet of water in it.

John's legislative retirement plan, which was based on a fictitious salary of \$7,500 a year, was killed by a 14-22 vote in the upper chamber, which is traditionally touchy about granting itself more money.

The House, working on a non-controversial calendar, passed a host of bills Tuesday, including one to put a chancellor over the state's vast university system.

**DeGaulle Meets Price Protest**

NANTES, France (UPI) — President Charles de Gaulle was met by 1,000 demonstrators protesting his price policies today when he opened a meet-the-people tour in this city in western France.

The demonstrators threw rocks at the riot police called out to protect the president. The police kept them from getting closer than 200 yards from de Gaulle's motorcade.

### Casselberry Eyes Fissures Of Old Sink

By Jane Casselberry and Harry Lawes

Settling ground around the cavernous Casselberry sink-hole, which already has swallowed one home, is anxiously being watched for signs the hungry earth has not yet devoured its fill.

Old earth fissures extending from a depression at least 50 years old some 75 feet north of the new hole are apparently widening as the earth continues to seek a settling point. However, no great concern is being expressed over the new trend and it is believed all immediate danger has passed.

Meantime, Casselberry town officials are attempting to put the "good neighbor" policy into effect to aid victims of nature's rampage.

**Davis Proposes Home Rule Law**

TALLAHASSEE (UPI) — Rep. S. J. Davis, of Seminole County, introduced a proposed constitutional amendment today that would permit the people to amend the constitution and pass laws independent of the Legislature.

The measure contained a self-starter clause which would direct the Secretary of State to put on the ballot an act or constitutional amendment proposed by petition and signed by a number of electors equal to eight per cent of the number of votes cast in the last gubernatorial election.

The bill also contained a provision for submission of proposals to the Legislature, which would be subject to referendum of the people after action by the lawmakers.

The children are six years old. Luigi Solorio, the chief surgeon, said the post-operative condition of the twins was more satisfactory than expected. He said it would be three months before the girls could begin to walk.

### San Antonio Flooded With 11-Inch Rain

United Press International Thunderstorms dumped more rain on flood-stricken San Antonio, Tex., today and spread to Tennessee, Oklahoma and Missouri.

Funnel clouds moved over southeast Texas as San Antonio, soaked with more than 11 inches of rain in a little over 24 hours, fought floods which washed away scores of shanty homes and flooded hundreds of others.

Corpus Christi, Tex., received more than an inch of rain in the six hours up to mid-night.

West Plains, Mo., got an inch and a half. More than an inch of rain fell across northeast Oklahoma and southern Missouri.

A tornado touched down near Joplin, Mo., Tuesday night and another hit eight miles west of Columbus, Kan.

Rain pelted coastal sections of the Carolinas, New England and Oregon.

Clear, cool weather spread through the North Central states with temperatures ranging down to 34 at Grand Forks, N. D.

One child was crushed to death and four were injured at Raynosa, Mexico, across the Rio Grande River from McAllen, Tex., Tuesday when heavy rains collapsed an overpass on them.

A mother and her infant daughter were rescued from the roof of their flooded home near San Antonio by a radio station's traffic spotter helicopter.

The heavy rains flooded all major thoroughfares into San Antonio's downtown.

Police said the flood was "the worst since 1944."

Officials said several hundred persons were driven from their homes, mostly in the city's west side populated largely by Latin Americans.

South Dakota Gov. Nils Bos planned an aerial inspection today or Thursday of his state's Black Hills resort and goldmining area, severely damaged by floods caused by torrential rains on top of a 30-inch spring snowstorm.

Bos said he would ask President Johnson to declare the region a disaster area.

### DeBary Warned Of Threat In 17-92 Change

Citizens of DeBary were alerted to threat to the community in the proposed relocation of Highway 17-92 through Enterprise via a toll causeway over Lake Monroe to Sanford at the May meeting of the DeBary Chapter, American Association of Retired Persons, which at last report boasted a roster of more than 250 members.

Rev. Augustus C. Summers, pastor of First Presbyterian Church of DeBary, pointed out that the proposed new route would by-pass the community completely, thus taking it off a "main highway."

He stressed the need for "united action" to counter the move and urged all present to write their representatives as being against the change.

In other business, Elmer Crumbacher, chapter insurance chairman, led a discussion and question period on health insurance. He warned against contracts that promise liberal benefits but exempt the companies from payment on grounds of "pre-existing" conditions, advising that responsible contracts usually provide for such exemptions in the first six months of the agreement provided hospitalization or treatment for said condition has been received within 12 months preceding signing of contract.

Samuel Boardman of Chicago, originally scheduled as speaker, was called back to Chicago on urgent business.

Van Clay of DeBary will discuss automobile insurance and present plans for group coverage at the June 11 chapter meeting.

## Male Chorus Captivates Its Audience

By Anne Aiken

Twenty-five men who love to sing poured out their souls to a capacity audience assembled at the Sanford Civic Center.

Under the direction of Robert Carnie, the Sanford Male Chorus captivated the audience with its opening number, "Let There Be Music." This was followed with such favorites as "Hello Dolly," "Come To The Fair" and "The Happy Wanderer."

Top notch performances were given by soloists Shirley Ryan, Paul Lewis and B. E. (Dick) Aiken. Mrs. Ryan sang "Wayfarin' Stranger" then joined the chorus in "Kentucky Babe." Schubert's "Ave Maria" was a crowd pleaser as sung by Paul Lewis with the chorus. Aiken did an obligato solo to "I Believe," followed by "Water Boy" and "One Alone."

The final selection, "Asleep in the Deep," gave the bass section a "hey day," and brought thunderous applause from the audience, as they called for encore upon encore.

Carnie's versatility as a musician was shown as the chorus sang his own composition, "Sanford on the Lake." Piano accompaniment by Mrs. Betty Smith was true to her usual fine performances.

Other members of the chorus include Warren Adams, William Brown, E. B. Carter, William Cross, Douglas Fear, Dr. H. W. Garner, Howard Green, Gary Helms, Arthur Hook, Harold Howe, Harry Johnson.

Art Lee, Dr. Frank Leone, Evans McCoy, Drennan Neiswander, Harvey Payne, Vernon Rice, Dr. H. W. Rucker, Raymond Setala, Martin Stinesipher, Ivan Walker, Albert Williams and George Wright.

## Girl Staters Attend Session For Briefing

Girl State Candidate Cynthia Legg and alternate Carolyn Thomas, both Lyman High School Juniors, attended a briefing session for Girl Staters held Saturday afternoon at the American Legion Post Home in Kissimmee.

They were accompanied by Mrs. Leonard Casselberry, Girl State Chairman for American Legion Auxiliary Unit 256 of Casselberry, which is sponsoring the girls. The meeting was conducted by Sixth District President Mrs. John Brown and Mrs. Fern Kenton, District Girl States Chairman.

Girl State will be held June 11-June 18 in Tallahassee.

## Summer School Schedule Set

Summer school at Seminole High School will begin June 11 and extend through July 30 with classes from 8 a.m. to noon each weekday morning except July 5, Principal A. J. Bracken announced today.

Students will be permitted to sign up for one subject only, which may serve for either make-up or new credit. "Registration will be on a first come, first served basis and students planning to attend are asked to sign up on the bulletin board in the school office," Bracken said.

R. A. WOODEN, dental officer at Sanford Naval Air Station, has been promoted to lieutenant commander in the Navy. (Navy Photo)

GRADUATION EXERCISES for eighth grade students at Forest Lake Church School will be held at 8 p.m. Saturday. In the class are Vicki Crist, Sherry Sager, Judy Moon, Tammie Trimble, Marie Butterfield, Jeanette Hamrick, Karen DeMott, Rose Iva Porter, Ann Leadley, Carol Stubbs, Judy Bowyer, Diane Whitten, Judy Crawford, Bonnie Turner, Barbara Johnson,

Janet Greene, Barbara Russ, Pat Lay, Lynn Allen, Cindy Walden, Madelyn Hamilton, Bob Harlan, Ricky Schreier, Mike Millard, Mike Schmidt, Steve Maddox, Jack Regal, Roger Early, Eddie Meeks, Sherry Shaffer, Mike Doherty and Mike Thayer. James Duke is teacher. (Herald Photo)

Funeral arrangements are in charge of Gramkow Funeral Home.

## Convict Is Envy Of Housewives At Food Spree

GREENVILLE, S. C. (UPI) — Convict Paul Babb, serving 21 years for safecracking, was turned loose in a supermarket to the envy of onlooking housewives.

Babb, 35, darted through the store, picking up everything he could get his hands on and stacking the articles on a counter.

It was all strictly legal. Babb was the regional winner of a soft drink company's shopping spree contest and he was allowed to keep everything he could carry to the checkout counter within a 10-minute period.

When time was called, the breathless Babb had collected \$396 worth of food, including 34 canned hams, 20 cured hams, five cases of instant coffee and 30 packages of meat.

Babb, whose name was drawn from among entries sent in with bottle caps, said half of the groceries would go to his family, which includes three children. The rest will be sent to the Miracle Hills School for children from broken homes.

Described as a model prisoner, Babb was sentenced in 1962 for cracking a safe in a store at Greer, S. C. He was transferred this year from the South Carolina Penitentiary in Columbia to the central prison camp in Greenville County, where he is head cook.

Prison Camp Supt. Fred Thompson and a guard accompanied Babb, of Roebuck, S. C., on his trip to the supermarket.

## Prisoner-Suicide's Father Sues County

Only about 45,000 acres out of the designated 190,000 acres in Seminole County infested with fire ants has been sprayed so far because pilots have run into higher winds than anticipated, County Agent Cecil Tucker reported to County Commissioners, Tuesday.

Tucker said if the present winds continue, the spraying job will run seven or eight weeks. Most of the spraying so far has been confined to the southwest corner of the county.

In other action commissioners were informed that a suit has been filed against the county by Embury Lane of Fort Lauderdale, father of John Lee Lane, a prisoner who hanged himself in the county jail on May 9. Lane was being held in the hospital ward on three charges of breaking and entering and incompetency.

Mrs. Martha Kilpatrick, chairman of the Red Cross water safety committee, asked commissioners by letter to consider hiring a life

guard to watch over swimmers at the Lake Mary public beach. She reported that bottles and cans are thrown into the water and that older children are too boisterous and conditions are dangerous for persons swimming there. The matter was referred to Commissioner John Fitzpatrick for recommendation.

Seminole commissioners have been invited to attend a meeting of the East Central Florida Regional Planning Council on May 28 in Titusville, along with commissioners of six other counties to hear a report on the recent surveys made by the council.

They also were invited to meet with Orange County commissioners on proposed water control action, involving both routes. Commissioner Lee Gray was asked to set up the meeting with Orange County officials.

The commission agreed to the joint maintenance of Sandford Avenue in Altamonte Springs, a clay road running from SR 427 to Mercury Avenue.

WARMACK, GUY C. — Funeral services for Guy C. Warmack, 55, who died Tuesday at his home on Old Orlando Highway, Sanford, will be held at 2 p.m. Friday at Christ Methodist Church with Rev. Charles H. Hogg officiating. Burial will be in Oakwood Memorial Park. Gramkow Funeral Home in charge.

Sometimes people forget it's a station wagon.

You can get things into a Volkswagen Station Wagon that would never fit into an ordinary wagon.

Two truck-like doors in its side leave a gaping 4' by 4' hole.

And once inside, the usual things that get in your way aren't there.

There's no hump in the floor, because there's no drive shaft. The engine's in the rear.

Also, its roof is quite a bit higher than the average wagon roof.

And 2 of the VW's 3 bench seats come out completely.

On top of all that, there's a sliding sunroof. Even if something is too big to fit in, it can stick out!

That's why, when you've just bought a rolloff desk, or a piano, or a hutch, you might forget it's a station wagon. We don't mind.

As long as you don't forget it's a station wagon, when you're shopping for a station wagon.

## Shopping Guide

## Weekend Food Buys Plentiful

The following guide to the nation's food buys for the weekend was prepared by the U. S. Department of Agriculture and Interior for United Press International.

WASHINGTON (UPI) — Weekend food shoppers generally will find that food stores have excellent variety in fresh produce, as well as meat and poultry.

Meat counters will feature plenty of beef roasts and steaks, ground meat, bacon, ham, pork roasts, and smoked picnic.

At poultry counters will be lots of broiler-fryer chickens and turkeys.

Generous supplies of eggs along with canned pink and chum salmon and frozen fish sticks and fish portions provide other good choices in protein foods.

A colorful variety in fresh produce includes plenty of asparagus, carrots, celery, corn, cucumbers, salad greens, lettuce, onions, potatoes, radishes, and tomatoes.

For desserts, salads, snacks there is plenty of fresh fruits, including bananas, cantaloupes, lemons, oranges, pineapples, rhubarb, strawberries, and watermelons.

## Oviedo Starters Enroll Tuesday

Parents whose children will attend the first grade at Oviedo Elementary School next fall have been asked to register them between 2:30 and 3:30 p.m. next Tuesday.

A birth certificate or other legally accepted record must be presented at the time of registration. Readiness tests will not be given at this time, but parents will be given an opportunity to enroll their child in the summer kindergarten orientation program which begins July 13. The program will run for four weeks from 9 a.m. to noon, Monday through Friday.

## Strikes... Spares

By John A. Spelaki  
The interest and enthusiasm exhibited this past week for the Best of the Champ Tournament gives indication we'll have excellent representation on behalf of Jet Lanes and Sanford when these folks meet professionals Tommy Tuttle and Olga Gloor.

Each week we'll have the top three entries, including their handicap, to announce to you with the final week of May the cut-off date. And then on Sunday, June 6, all of these bowlers will meet in a three-game series match to see who will be the top three men and three women journeying to Winter Park to bowl against these professionals and maybe come home with some of the \$300 in prize money.

Leading the girls in qualifying this past week was Darkie Owens with her 624 set, followed by Mada Wilshire's 620 and third was Thelma Unger—586.

Going strong for the girls was Bill Meek's 62 with Gerald Kerner and Marshall Wilshire tying for the next two places with identical 644 series.

All of the above scores include handicap.

None of the above have to qualify again. However, those that didn't make it this past week still have two more tries at it for the "local roll-offs" on June 6.

There are six attractive all-ver bowls for the winners of the roll-off match.

**FINE TURN-OUT**  
We had a real fine turn-out for the Sunday Night Scotch Doubles with the number one position dropping to Al and Rose Phillips of Chuluota.

They banded home a 960 series. Nice shooting! Phillips family. Second place was awarded to Marge and Jesse Carathers with a 912 set, again all scores including handicap.

The kids of our Saturday AM Junior Bowling League are getting "much" excited about their annual awards luncheon. It'll be held right here at the lanes on Saturday, May 29, with more than sixty trophies going to be presented. And this doesn't include the many arm patches, scrolls, etc., which are normally awarded at this time.

By now all of you adults who have youngsters participating in this league should have received your invitation, too. The kids get in for free and the parents are tagged a very nominal charge.

Since the meal will be catered, it's necessary that we have the information by this Saturday in order that we may make our plans accordingly.

**HIGH AVERAGE**  
Purely as a matter of information, Sanford has twelve men bowling with an average of 180 or higher in league play. And only John Kneeland's been averaging above 190. Betcha thought there'd be more than that, didn't you?

Talking about averages, look for the Second Annual Sanford Herald All Seminoles County Bowling teams to be

**LIKE FATHER, ETC.**—Larry Barra, Jr., is taking up where his dad is leaving off. Young Barra is making his bowing debut this spring with the Seminoles County team of New Jersey. The Barra Barra, Jr., of the New York Mets, is mainly a pinch runner.

announced in the very near future. Selection is based entirely on an individual's average.

A real close battle in the final night of bowling in the Sand Spurs League had OK Tire Shop naming out Betty Ann's Hair Styling by a mere half-game for the league pennant.

Third and fourth places were settled with only a game and a half between Howe Tire Shop and St. John's Realty, respectively.

High average in this league was topped by Jean Kreck with a 172.

The girls will be having their awards banquet this week and already are making plans for their summer league. Marion Parella will be doing the work of organizing a big summer league.

Last year we had twelve teams bowling during the summer months. With all of the new people coming into the area, I should think that we'll be able to duplicate that number of teams again this summer. Sign up now.

The Sunday Night Mr. & Mrs. League is in the process of organizing for the summer and Fred and Jo Brown tell me that they have six or seven couples signed to date. Could use a couple more for this popular group.

## Kegler's League Sels Formation Meet Thursday

An invitation to all men who are interested in joining the Thursday evening Jet Lanes Kegler's League, which is a handicapped league bowling at 7 o'clock, is extended to attend a meeting at Jet Lanes Thursday at 6:45 p.m. at that time an election of officers for the coming summer season will be held, in addition to accepting the proposed rules governing the summer schedule of the Kegler's League.

Individual applications, as well as for complete four-man teams is being encouraged. Complete teams already entered into the league are Sullivan's Camera Servicenter, the champions of the fall league; Credit Bureau of Sanford; Chief Petty Officers of VAH-4; Sanford Atlantic Bank; Wal Plumbing, and another CPO team with Willie (Firecracker) Maglio in charge.

## Chick 'N Treat Nine Stops LeRoy Robb, 13-8

Chick 'N Treat took the role of spoiler last night in side-tracking LeRoy Robb bid for the City League first bid championship. Chick 'N Treat outplayed Robb by the score of 13-8. The loss dropped Robb one full game behind Kingswood. Each team has one game remaining in the first half.

Ed Hamm, the winning pitcher, Larry Watson, Lloyd Freeman, Alex Szabo and Fred Spickard each had a pair of hits to pace the winners. Chick 'N Treat tallied six runs in the fourth inning and added two in the fifth and five in the sixth to complete their scoring.

Don Griffin, of Robb, had the game's only home run, clearing the left field fence in the fourth inning. Rick Sires was top hitter for the losers with three hits.

The Mighty Kilowatts moved into a second place tie with Robb by nailing out Panning Lumber 5-4 in a thriller. Terry Echols doubled into right-centerfield with two out in the bottom of the seventh inning, scoring Jim Warner with the winning run. Warner and Don Harvey each had two hits to lead the Kilowatts while Soup Helms, Glenn Spivey and Larry Balmer each had two strikes for Panning.

The Knights of Columbus, who have already clinched the first half pennant in the Church League, remained unbeaten by winning their tenth game in a row, overpowering Congregational, 19-4. Pat Nolte, Larry Pivec, Fred Galletta and Rad Jansen all had homers for the Knights. Carlos Oravets was the winning pitcher, giving up only six hits to the Congregational outfit.

The Church of God of Prophecy beat Pinecrest Assembly 7-2. Steve Cain allowed only five hits in gaining credit for the victory. He also homered for the winners. Bob Dorn and Dan Miller each had two hits for the Church of God. Bob Clifton hit safely twice for Pinecrest.

In Little League activity, Chase took an easy 13-2 win over Hunt's Comets. Rick Smith was the winning pitcher. Ronnie Nobles hit a pair of home runs for the Little League leaders.

Kenny Alford and Glenn Meyers were top hitters with three hits apiece.

Sanford Atlantic defeated Florida State 9-7. Milt Volino received credit for the pitching decision. Darby and Enloe each had two hits for Sanford Atlantic. Steele hit the game's only homer in a losing cause.

At present, there are 2,323 professional and amateur hopefuls seeking the 119 berths still available for the tournament proper at the Bellerive Country Club, St. Louis, Mo., June 17-20. Another 31 players are totaling exempt from all qualifying.

The list of U. S. Open candidates will be cut to 418 following the preliminary rounds, to be staged at 48 sites on May 24 and seven sites on May 25. These survivors then will take part in 13 sectional championships on June 7 or 8 to determine the final field for the tournament proper.

Included among those who are exempt from all qualifying are defending champion Ken Venturi as well as former Open titlists Julius Boros, Jack Nicklaus, Gene Littler and Arnold Palmer.

It just may be that Ray Sadecki is a slow starter and the slumping St. Louis Cardinals have been waiting for him to get rolling.

Last season Sadecki lost his first five starts and wound up with 20 victories. So, after seeing him lose his first four decisions this season, small wonder that his teammates crowded around him with congratulations after he defeated Philadelphia 8-2 Tuesday night in his first triumph.

The victory put the Cardinals barely over .500 and lodged them in a tie for fourth with the Phillies and Braves. Sadecki went the distance, scattering five hits. He fanned five and walked only three.

In other National League games the Cubs outlasted the Giants 7-4, Milwaukee edged the Mets 4-3 and Houston halted Los Angeles 4-1. Pittsburgh and the Reds were rained out at Cincinnati.

In the American League the Yankees beat the Red Sox 4-3 in 12 innings. Cleveland eked past Baltimore 1-0, Washington outslugged Detroit 15-9, Chicago defeated Kansas City 5-4, and Los Angeles beat Minnesota 3-1.

The Cardinals backed Sadecki with an 11-hit attack. Julian Javier had three hits in four trips, driving in two runs. Tim McCaver and Bill White each had two RBIs.

The Phils got their runs on fourth-inning home runs by Richie Allen and Alex Johnson.

## But Doesn't Think He's 'Greatest'

## Dempsey Guesses Clay To Win

NEW YORK (UPI)—Former heavyweight champion Jack Dempsey doesn't believe Cassius Clay is the "greatest" as the present champ contends, but he does concede that Clay is good enough to whip Sonny Liston in their title bout next Tuesday night in Lewiston, Maine.

"Clay is a pretty good fighter," contends the man who is considered by many boxing experts as the greatest heavyweight champion in ring history, "but he isn't the greatest. He's the best talker, though."

Dempsey admittedly doesn't think too highly of either fighter and based his prediction mostly on age.

"Just guessing, I would pick the younger fellow to win," said the famed Manassas mauler. "The older a fellow gets, the harder it is for him to keep in shape naturally. I don't think Liston has been keeping in the shape he needs to be in."

Liston was to undergo a pre-fight physical examination today. A spokesman for the Liston training camp said the challenger probably would undergo a light workout following the physical.

The spokesman said Liston, who arrived in Poland Spring, Me. Saturday from his training camp in Dedham, Mass., would be examined by a physician representing the Maine Boxing Commission.

Champion Clay, who shied away from his usual pre-fight predictions, was examined Tuesday at his Chicopee, Mass., training camp and pronounced "100 per cent ready" for the bout by Dr. Leo Lemieux of Casco.

"He's 100 per cent ready for Liston, or, for that matter, Jack Dempsey, or anyone else," Lemieux announced following the 15-minute check-up in the champ's dressing room at his headquarters in Chicopee's Shine Inn.

**20 Seek Starting Positions In American Legion Baseball**

Sanford American Legion baseball got underway last Saturday when 20 hopefuls turned out to seek spots on the team. Eleven players returned from last year's championship squad. They are:

Pitchers, Jim Courier, Donnie Griffin, Steve Harris and Eddie Eldridge.

New faces seeking positions on the team include Danny Tillis, Ronnie Hinson, Bernie Barbour, Chris Akers, Ray Pivec, Chuck Mandle, Jim Woods, Don Anderson, Billy Fitzgerald, Frank Whigham, Buddy Stump and Ken Hopkins.

A year ago the team won its conference play with an 8-4 record and then placed second in the Central Florida Tournament at Fort Pierce.

With all the good material this year, Manager Frank (Casey) Thomas and Coach J. W. Kuykendall are taking a "wait and see" attitude on the starting lineup.

An intersquad game is scheduled for Saturday morning at 10 o'clock at Pinehurst Field. On May 29 the team meets Post 242. This game will be followed up with doubleheaders at Ocala on June 4 and against Albany, Ga., here on June 13.

## 'Mouse That Roared' Gets High Acclaim

By Jane Casselberry  
An enthusiastic audience filled the Lyman High School auditorium to view what many termed the most successful production yet presented at the school, "The Mouse That Roared."

Lyman Little Theater players heading the well chosen cast were Barbara Foresio, as Duchess Gloriana; William Wharton, as Tully Bascom; Daniel Casselberry, as Count Mountjoy; John Masciantoni, as David Benter, and Charles Dome, as the president of the United States.

Frank Renew, who attempted to grow a beard for his part, played the role of Professor Kokintz, the wild eyed inventor of the ultimate weapon... the "Q" bomb.

Other parts were taken by Robert Yazel, as the secretary of state; Pamela Eldridge, the page; Frank Evans, General Snippet; Candace Potter and Susan Edwards, his WAG daughters; Sharon Tucker, a peasant girl whose feet are stained purple from stamping grapes; Darlene Tatum, Joanne Chubb, Judi Kacar and Bonnie Layman, tourists; Linda Duncan and Marcia Easterling, ladies-in-waiting; Elisabeth Lunn, Ann Trawick and Allie Beuses, students; Ruth Keim and Nancy Porter, secretaries; Patty Congrove, Mrs. Bascom; James Jarrard, radio announcer; Dorothy Muir, Mrs. Reiner; and Loran Perry, air raid warden.

Fearless men of Fenwick who invaded New York City with bows and arrows were Gary Gunter, Robert Baird, Michael Sewell, Richard Leonard and Stephen Taylor.

Mrs. Carolyn Durak, Lyman speech and drama teacher, directed the production, assisted by Ruth Keim, student director, and Ann Trawick, technical director.

The costume department under Nancy Porter designed and sewed the many interesting costumes, which will be donated to the school for the beginning of a wardrobe collection. The drama club also is constructing a wardrobe closet backstage for proper storage.

## Kipp Addresses SAR Meeting

By Jane Casselberry  
The Sons of the American Revolution had as their guest speaker, Monday night, Earl Kipp, Orange County Vocational Education Administrator and former county school superintendent.

The dinner meeting was held at the TradeWinds Cafeteria in Casselberry.

A distinguished new member inducted at the meeting was Mayor Robert Carr of Orlando.

ST. PETERSBURG (UPI)

—Young women, most of whom have never had a chance to make a life for themselves, are getting the opportunity to prepare for a useful role in society by enrolling in the Women's Job Corps program.

Officials of the federal program that operates under the Office of Economic Opportunity, were here for a look at the Nation's first center for the Women's Job Corps and to outline what the program hopes to accomplish.

Women enrolling in the Job Corps range in age from 16 to 22 and come from all parts of the country.

What they have in common is that when they applied, they were unemployed and out of school and come from broken homes, poor schools and economically deprived communities.

The length of stay in a Job Corps training center will depend upon what area the individual goes into.

Education is a big part of training under the program, because 63 per cent of the girls have not completed high school. But there also is vocational training, along with training in homemaking skills and social graces.

The Job Corps program hopes not only to put into society a young woman capable of holding down a job and providing for herself, but also young women "who can take their place in society and become producing citizens."

The center here, which is in a former hotel, was the first in the nation to open and is one of only two now open. It opened April 6 with a capacity for 262 women and currently has 90 enrolled.

The other center open now is at Cleveland. It opened April 29 with a capacity of 325 women and has a current enrollment of 46.

New centers will open next month in Los Angeles, Charleston, W. Va., and Omaha, Neb., and plans call for a total of 18 centers to be open by the end of 1966.

## Deltona Club Plans Summer

By Mildred Hancy  
The executive committee for the Welcome Wagon Club met at the Little Red School House and discussed many interesting plans for the summer season.

The June meeting will be in the form of a picnic at New Smyrna Beach. A Hawaiian Luau is planned for September with husbands and friends as guests.

This busy and active club is enjoyed by the new residents moving into Deltona who are invited to come and get acquainted with their neighbors.

A "Gala" meeting will be held in September at a local restaurant when all the clubs of Central Florida will attend. Committees were formed to take care of the many important details of this meeting and will give their reports at the next meeting to be held at the Community Center Tuesday. Members are urged to attend as this is to be a very informative meeting.

A climber's blood has little reserve of oxygen in rarified mountain air and he must pause every few steps to catch his breath.

## Intention Of Sale

Notice of intention to purchase under bulk sales law to all persons having claims or demands against WESTERN AUTO ASSOCIATE STORE, owned by Fred M. Smith, 615 Seminole Blvd., Sanford, Fla., the undersigned intends to purchase in bulk the stock of goods, wares or merchandise and/or the business fixtures or equipment used in connection with that certain business or enterprise known as the WESTERN AUTO ASSOCIATE STORE, 314 E. First Street and to conclude purchase on May 26th, at Sanford, Fla., at 4:00 p.m. and all persons having claims or demands against the vendor are admonished to notify the undersigned at that address on or before said date.

BUYER: James C. Noon- ing  
ADDRESS: 314 E. First Street  
CITY: Sanford STATE: Florida.

Young women seeking to enter the Job Corps program are interviewed and tested by Women in Community Service, an organization formed by women from the National Council of Catholic Women, the National Council of Jewish Women, the Na-

tional Council of Negro Women and the United Church Women. Those selected for the program then are assigned to a specific center. The center operates some- what along the lines a young

girl might encounter while living in a college dormitory. Girls are assigned to rooms in twos, threes and fours, with occupants of each room responsible for cleaning their own rooms. During the day the girls attend classes, some in build-

ings adjoining the hotel, others for vocational training at Tomlinson Vocational School, Mirror Lake Junior High School, and Dixie Hollins High School. Evenings, the girls are free to go out but the center has 10 p.m. closing hours on

week-nights and at midnight on Friday and Saturday. The girls receive a living allowance of \$30 a month, plus room, board, clothing and medical and dental care. In addition, \$50 a month is set aside as terminal pay for each girl during her stay. A

girl may allot up to \$25 of the terminal pay to a dependent parent or other relative, with the Job Corps matching the amount. Thus, while the girl is helping herself at the center, she also can be helping her family at the same time.

## NHS To Tap New Members

By Jane Casanberry  
The South Seminoles Junior High School Chapter of the National Junior Honor Society has voted to call itself The John Angel Chapter in honor of the school principal.

New members of the chapter will be tapped from eighth and ninth grade students at an all school outdoor assembly at 1:30 p.m. Friday.

The group enjoyed a swimming and skiing party at the home of Robert Likens, faculty sponsor, on Lake Seminole Saturday afternoon. Refreshments were provided by the members. Chaperones were Principal and Mrs. Angel, Assistant Principal and Mrs. Richard Barnett, and Mr. and Mrs. Fred Taylor.

Not until early 1980's was glass fiber, one of the most versatile manufacturing materials known to housewives and drapers.

ROBERT CRISS

## Winn-Dixie Store Opens Thursday At Deltona

Winn-Dixie Stores, Inc., will open two new stores in the Jacksonville Division Thursday one in Deltona Plaza Shopping Center, Deltona, and the other new store at 2861 Delaney Street, Orlando.

Recognizing the needs of this fast growing area, Winn-Dixie has erected these stores designed to provide the last word in customer convenience and comfort. Winn-Dixie customers can shop in the most modern convenient manner. They can breeze down the aisles or shop at their leisure. The new Winn-Dixie stores has thousands of tempting menu ideas right at the customers finger tips.

Manager of the new Winn Dixie Supermarket in Deltona is Robert Criss and assistant manager will be John Lynch. Criss has been with the food chain for 20 years, having started out as a bag-boy, "right at the bottom" and coming up "through the ranks."

Lynch, who lives in Sanford, has been assistant manager of one of the Winn Dixie Stores in Deland before being transferred to the new store.

Creation of a matching grant program to encourage the increased financial support of higher education by its employees was announced today by Winn-Dixie Stores.

The company, with approximately 12,500 full-time employees, is the largest retail company, and is predominantly owned, in the South. It operates more than 600 supermarkets in this and nine other states.

## Miss Robson Feted At Bridal Tea

Miss Jeanne Robson, whose wedding to Samuel Schwartz will be an event of May 28, was guest of honor at a tea Wednesday given by her aunt, Mrs. J. N. Robson Jr., at her home in Mayfair.

Greeting the guests at the door were Mrs. Edward S. McCall Sr., Mrs. Clarence L. Powell and Mrs. Charles Meeks. In the receiving line with the honoree were her mother, Mrs. Harry Robson, and the hostess.

Lovely corsages of pink and white shasta daisies were presented to Jeanne and her mother. Miss Robson also received a gift of silver in her chosen pattern from the hostess.

Jeanne wore a blue linen sheath with insets of tiny pastel handkerchiefs scattered over the dress; her mother wore an imported blue lace bodice with blue silk skirt and the hostess wore a white lace shift over green.

A color scheme of white, green and pink was carried out in elaborate decorations throughout the lovely Robson home. The tea table was overlaid with an imported cutwork Irish linen cloth and held a beautiful arrangement featuring a bridal bouquet in a candelabrum, consisting of all white stock, Queen Anne's lace, baby's breath and gardenias with white satin ribbon. This was made by Mrs. Ruel Robson.

The coffee table was adorned with peach roses and baby's breath arranged in an antique iron stove tourneau and the hall, Florida room and fireplace held arrangements of magnolia blossoms and leaves and in a niche in the fireplace was a magnificent bride's candle, surrounded with greenery and lilies of the valley. Other artistic arrangements of stock, white gladioli and greenery were placed at vantage points throughout the party area.

Lime sherbet punch, bite-size chicken tarts, petit fours in green with pink rose bud decorations, glazed nuts and butter minis were served. All table appointments were silver, including serving trays and the punch bowl.

Assisting with the serving were aunts of the bride-elect, Miss Pearl Robson, Mrs. Herman L. Anderson, Mrs. Jack Robson, and a cousin, Mrs. Marion L. Raborn Jr.

The full detachable chapel length train was attached to a Dior bow at the waist. Her elbow length imported illusion veil fell from a matching, pearl-encrusted pill box headpiece and she carried a bouquet of yellow tea roses.

The maid of honor and bridesmaids wore identical gowns of pale yellow peau de soie, featuring scoop necklines, elbow length sleeves and bell shaped skirts. The waistlines were accented by large diagonal bows. They wore matching accessories, short white gloves and carried bouquets of white carnations.

The bride's mother wore a pale blue sheath with scalloped Schiffler embroidered waist and matching accessories.

Floating hostesses were Mrs. William E. Bristol, Mrs. Ruel Robson, Mrs. Lamar Beal, Mrs. Fred Williams, Miss Lin-

da Robson and Miss Angela Hurt.

About 125 guests were invited to call between the appointed hours of 4 to 6 p.m.

Following the ceremony a reception was held in the social hall of the church. Assisting with the serving and entertaining were the Misses Sue Koke, Grace Marie Stine-

elpher, Margaret Taves, Gara Smith, Lynn Smith, Elyse Gassman and Paulette Gorman.

For traveling Mrs. Gorman chose an aqua silk suit dress with white accessories.

The couple left for a two-week wedding trip to Cincinnati, Ohio, and will make their home in Lake Mary.

Splashing Party Honors Seniors

Miss Peggy Bower and Miss Linda Webb were guests of honor at a graduation party at the La Sesta Motel in Winter Park. Hostesses were Mrs. Lippincott and daughter, Mar-

cia.

The group enjoyed refreshments of cake, chips and dips and cold drinks and swimming in the pool.

The honoree's gifts from the hostesses were informal with their names printed on each one.

Other guests enjoying the party were Elizabeth Evans, Patsy Foy, Karen Vickers, Becky Tanner, Claudia Bom-

gardner, Betty Kellett, Cheryl Jones, Neil Richard, Bucky Smith, Charles Stein, Elliot Toole, John Horner, Bill and Chae Crowell, Glen Ansley, Joel Fehd, Rob Jones, Cindy, Robin and Marcia Lippincott.

Miss Barbara Jeanne Miller, daughter of Mr. and Mrs. Elbert H. Case, of Lake Mary, and Donald Edward Gorman, son of Mr. and Mrs. Paul C. Gorman, Lake Mary, were

married May 1 at 7:30 p.m. at the First Baptist Church in Sanford.

Rev. Fred B. Chance officiated at the double ring ceremony. Mrs. Marvin Milam, organist, presented a program of wedding music and accom-

panied R. Willard Warfield, soloist.

Miss Peggy Miller served her sister as maid of honor and Miss Marianne Williamson was bridesmaid.

Danny Tillis was best man and groomsmen and ushers were David Scott, Bobby Hopkins and Bruce Nelson.

Given in marriage by her stepfather, E. H. Case, the bride was radiant in a formal gown of white silk tulle and lace.

The fitted bodice featured a lace-trimmed scoop neckline and long tapered sleeves. The A line skirt was styled with a deep unpressed front pleat and accents of lace from the neckline to the hemline.

The full detachable chapel length train was attached to a Dior bow at the waist. Her elbow length imported illusion veil fell from a matching, pearl-encrusted pill box head-

piece and she carried a bouquet of yellow tea roses.

The maid of honor and bridesmaids wore identical gowns of pale yellow peau de soie, featuring scoop neck-

lines, elbow length sleeves and bell shaped skirts. The waistlines were accented by large diagonal bows. They wore matching accessories, short white gloves and carried bouquets of white carnations.

The bride's mother wore a pale blue sheath with scalloped Schiffler embroidered waist and matching accessories.

## Medical News

For every four babies born in New York City's municipal hospitals, one abortion is completed in these same institutions.

In 1964, according to Dr. Ray E. Trussell, the city's hospital commissioner, some 9,768 abortions which were begun elsewhere were completed in city hospitals. And almost half of them were done in the two institutions serving the poorest section of the population.

Women who simply could not face having a child feed- arlized their lives by going to quacks to have their unwanted pregnancies ended. Or, driven by despair, these women tried to abort themselves. They ended up in the municipal hospitals, often maimed

Boldly new in design: a group of gold pins, each a departure from the classic pin shapes such as flowers, circles and leaves. These finely etched gold pins have swooping lines in which space is as important in the design as the movement of the gold itself. Large enough to be an accessory that makes the whole costume, each pin has pearls in shapes that are chosen to emphasize the pin's moving lines.

A new all-cotton stretch knit is practically shrink-proof, according to the manufacturer, Almarac Knitting Mills. In addition to being easy-care, the new knit has a silky look and feel which puts

it in the class of fashion fabric.

The Wool Bureau says gabardine is a very loose term covering everything from true gabs to tricelines, satin weave gabs, honeycomb weaves with smooth gab surfaces and covers.

Patterns and designs in suitings and jackets for men must always be in scale with the anatomy, comments Ron Postal, director of the National Council of Men's Fashions. They should be bold for tall or large men, but a large check or stripes on a small man gives the impression he's touting the third race at Santa Anita.

## Graduate Honored At Tea

Miss Cherie Pennington was guest of honor at an informal graduation tea given by Mrs. Ben Wade at her home on Grove Manor Drive, Thursday afternoon.

Receiving the guests with Miss Pennington were her mother, Mrs. O. E. Pennington, and the hostess.

Assisting Mrs. Wade during the party hours were Mrs. J. G. David, Mrs. Tom Mero and Mrs. Jimmy Wade. The hostess presented the honoree, her mother and each of the co-hostesses with a corsage.

The refreshment table was covered with a white lace cloth over blue with silver and crystal appointments. The beautiful center arrangement was made of white star chrysanthemums and greenery flanked by matching candle lamps with blue tapers. The clear crystal punch bowl was banded with silver.

Carrying out the class colors of blue and white, arrangements of gladioli, gardenias and jasmine were used throughout the party area.

A traveling alarm clock, a gift from the hostess, was given to Miss Pennington who will be entering Troy State College in Alabama this fall. Refreshments of tea sandwiches, cookies, mints, nuts

The church was decorated with baskets of white chrysanthemums, gladioli and statice.

Traditional wedding music was played by the organist, Mrs. Charles Pierce, and the soloist, Mrs. L. L. Werley, sang "O Promise Me," "O Perfect Love," and The Lord's Prayer.

The bride wore a full-length gown trimmed with hand-clipped Chantilly lace. The bell skirt featured a detachable chapel train. Her veil of silk illusion was attached to Chantilly lace petals outlined with seed pearls and she wore a single strand pearl necklace.

She carried a white Bible attached to a bridal bouquet of a white orchid and carnations.

Mrs. Ronald Shannon, matron of honor, and Miss Carol Highsmith and Miss Jacki Miner, bridesmaids, wore matching floor length gowns of light blue tissue taffeta topped with Chantilly lace shells. Short illusion veils were attached to their headpieces and each carried a bouquet of blue and white daisies.

The flower girl, Patty Jane Pyle, dressed in blue silk organza, carried a basket of daisies and rose petals.

John Kerrigan of Gettysburg, served as best man for his cousin the groom. Ushers were Barry and Howard Griffith, brothers of the bride.

The bride's mother wore a two-piece ensemble of pink embroidered silk organza with matching accessories. The mother of the groom wore a light blue textured afternoon dress with white accessories. Both mothers wore corsages of pink throat orchids.

Following the ceremony a reception was held in the church annex and the bride's book was kept by Mrs. Margaret Gehl. Assisting with the reception were Mrs. Mary Pyle, Mrs. Pat Highsmith, Mrs. Delores Adams, Mrs. Rolfe Swafford and Mrs. Lillian Halmer.

The blue and white color scheme was carried out in the daisies decorating the serving table and the refreshments. A lovely three-tiered wedding cake was decorated with blue wedding bells and white roses and topped with a miniature bride and groom. Blue and white mints, nuts, punch and coffee also were served.

After the reception the couple left for a wedding trip to Daytona Beach. The bride

chose for her going-away outfit a two-piece silk jersey ensemble in navy blue and white stripes.

They will make their new home in Glasgow, Mont., where the groom is stationed with the United States Air Force.

Out of town guests included Mrs. Martha Schmucker, grandmother of the bride; Mrs. Mary Shaulis, aunt of the bride, and her daughter, Miss Tracey Jo Shaulis, and Mrs. Ruth Kister, all of Somerset, Pa., and Mrs. Jean Price of McKeesport, Pa.

## Homemakers' Installation Set June 24

Seminole County Sheriff J. L. Hobby, guest speaker at the May meeting of the Lake Monroe Extension Homemakers Club at the Community Building, told members of the traffic rules and regulations on the new interstate highways.

Hobby stressed the fact that causes of most accidents and deaths on such highways are from failure to yield the right of way and driving on the inside lane.

An interesting question and answer period was conducted following his talk.

In business, the group made plans for a covered dish supper and installation service to be held June 24 at the Community Building with Mrs. JoAnna DuBois as chairman and Mrs. Lenora Andrews as installing officer.

New officers are Mrs. DuBois, president; Mrs. H. L. Johnson, first vice president; Mrs. Marion Lee, second vice president; Mrs. Betty Mann, secretary; Mrs. Alice Carroll, treasurer; Mrs. Naomi Sapp, delegate, and Mrs. Audrey Roberts, alternate delegate.

Reports were heard during the business session conducted by Mrs. C. E. Hunter from Mrs. Kathryn Malloy, clothing chairman, and Mrs. Johnson, 4-H leader. Mrs. DuBois and Mrs. Johnson reported on the recent meeting of the County Council of Extension Homemakers Clubs.

Mrs. Hunter told of attending the USO Appreciation Dinner.

Announcement was made that the club will have a creative arts class on May 27 at Mrs. Mann's home.

Mrs. Andrews and Mrs. Roberts, hostesses, served refreshments at close of the meeting. Attending, other than those named, were Mrs. Ruby Sjoblom, Mrs. Thelma Emerson, Mrs. L. C. Tillis, Mrs. Mable Carroll, Mrs. Louise Rushlow and Mrs. Gwen Muse.

## Theodore Leigh DeBary Fishing Club President

DeBary Fishing Club installed Theodore Leigh as president for the coming year at the May meeting of the group held in the Firemen's Recreation Hall.

Other officers installed are Anthony McNair, vice president; Mrs. John T. Sharkey, secretary, and Archie Long, treasurer.

The group voted to set aside 45 pounds of fish from the recent deep sea fishing trip to be used for a picnic scheduled at Blue Springs Park July 14. Appointed to be in charge of planning the event were Jim Greenlee, Norvin Roach and Clyde Wright. Further plans will be made at the June meeting.

Program for the evening featured the color film, "Tampa Tarpon Tournament," which was shown by Howard Middleton.

One new member, Mrs. Ella W. Petterson, was welcomed.

## CAR Installs New Officers

By Jane Casselberry  
The Ft. Gattin Chapter of the Children of the American Revolution installed officers for the coming year at a swimming party and barbecue held Sunday at the home of Carl F. Schunemann, 2111 Geronimo Trail, English Estates.

They are Earl Zeigler, president; Betty Lou Rogers, vice president; Ruth Costello, chaplain; Sally Schunemann, secretary; Candy Taylor, treasurer; Charles Howlett, registrar, and Veronica Howlett, historian.

A special guest was Harold Marten, exchange student from Norway, who will return home in six weeks.

The group will adjourn for the summer months and the next meeting will be held in September.

Practice of carving figureheads for ships grew out of the ancient practice of decorating bows to attract benevolent spirits.

## Cadette Scout Rendezvous Held At Lanoche

By Jane Casselberry  
Cadette Girl Scout Troop 338 of Casselberry attended a Cadette Rendezvous at Camp Lanoche near Paisley where 425 girls participated in pioneer camping.

The girls lashed their own furniture from bamboo for the campsite. They demonstrated Indian tap sticks and "lemmie" sticks, and conducted a special flag ceremony for Seminole County troops.

Each unit had their own special "swaps" to trade with the girls they met at camp and Troop 338 made miniature blue jeans for theirs.

The girls were commended for their scouting skills and singing ability.

Those attending from Troop 338 were Karen Donaldson, Karen Cass, Debbie Webber, Susie Webber, Barbara Andrews, Joan Higgins, Esta Leonard, and Melinda Casselberry.

They were accompanied by their leaders, Mrs. Nance Russell and Miss Pam Cannon.

## Anstey Issues Proclamation On Poppy Days

By Jane Casselberry  
Mayor Owen Anstey of Casselberry has officially proclaimed Friday and Saturday, May 21 and 22, as Poppy Days in the community.

Poppy days will be sponsored in Casselberry by American Legion Auxiliary Memorial Unit 256, with Mrs. Kenneth Green as Poppy Chairman.

In his proclamation Anstey said that "this observance gives the citizens of Casselberry an opportunity to salute those brave defenders of our way of life who gave their health and strength in their country's defense."

"Whereas, each of us owes an individual debt to those brave and courageous men and women whose sacrifice made the continuation of our liberty possible, I urge all citizens to participate in the tribute by wearing a memorial poppy," he concluded.

Donations will finance the Auxiliary's veteran rehabilitation work and child welfare projects.

## Allen AME Church Rites Sunday

By Robert B. Thomas Jr.  
322-3756

Allen Chapel AME Church will have its corner-stone laying ceremony Sunday. The stone is from the original church built in 1894 and destroyed by fire in 1927.

The Crooms High School band will begin the festivities at 2:30 p. m. as Masons march from the lodge hall on 13th Street and Mangoustine to the Church.

Rev. T. R. Griffin, 35-degree Mason and member of the MBA Board will deliver the sermon.

Grand Master David D. Jackson, 35-degree Mason, will be introduced by W. C. Jenkins, Leviticus Pierce, grand architect, will lay the stone. The church's choir will give a musical selection.

W. L. Hamilton will be the presiding officer.

Hopper Elementary School's PTA held its last meeting of the 1964-65 school year. After the regular meeting, the group was feted with a program. It was a most impressive program as the students demonstrated their talents in singing, creative dancing, and instrumental music.

Hopper's chorus and Sixth Grade Ensemble were exceptional as the students blended their voices in song.

Midway Elementary's instrumental group was special guest. Carol Stapler presided over the activities.

Pvt. Henry Smith is home on a 10-day furlough after completing training for the Medical Corps at Fort Hood, Tex. A graduate of Crooms High School, his mother, Mrs. Benie Collins, resides at 1841 Collidge Avenue. He is a member of New Salem Primitive Baptist Church. Smith is leaving Wednesday for Korea where he will spend 13 months.

Remember Hildrad Green? He is the blasting fullback who did such a tremendous job for the Panthers. He played his last year at Union Academy of Bartow. This writer talked with Green Sunday. He has a four-year scholarship at Florida A and M University.

THEY BLEND THEIR voices in song: Members of the Sixth Grade Ensemble at Hopper Elementary are seen singing with delight.

Dr. Matthies Evans, of East Lansing, Mich., is visiting in our city with his mother, Mrs. Elizabeth Evans.

One thing that I have always wondered, and that is thus: Why do persons envy others? There is a saying that "The envious person grows lean at the success of his neighbor." This, I believe, is very true. In these crucial times, such persons will inevitably suffer even more. The way to combat such an attitude is to begin doing something constructive.

There is no time for one to sit around and engage in face-lous thoughts—because the challenge of change is too great. Now is the time for us to become cognizant of this period of transition and make the adjustment with an intelligent and open mind. Such most certainly will do more good than harm.

Many of us, who are in positions where we help mold and guide the lives of our future leaders, are going to have to revamp and re-dedicate ourselves to our tasks.

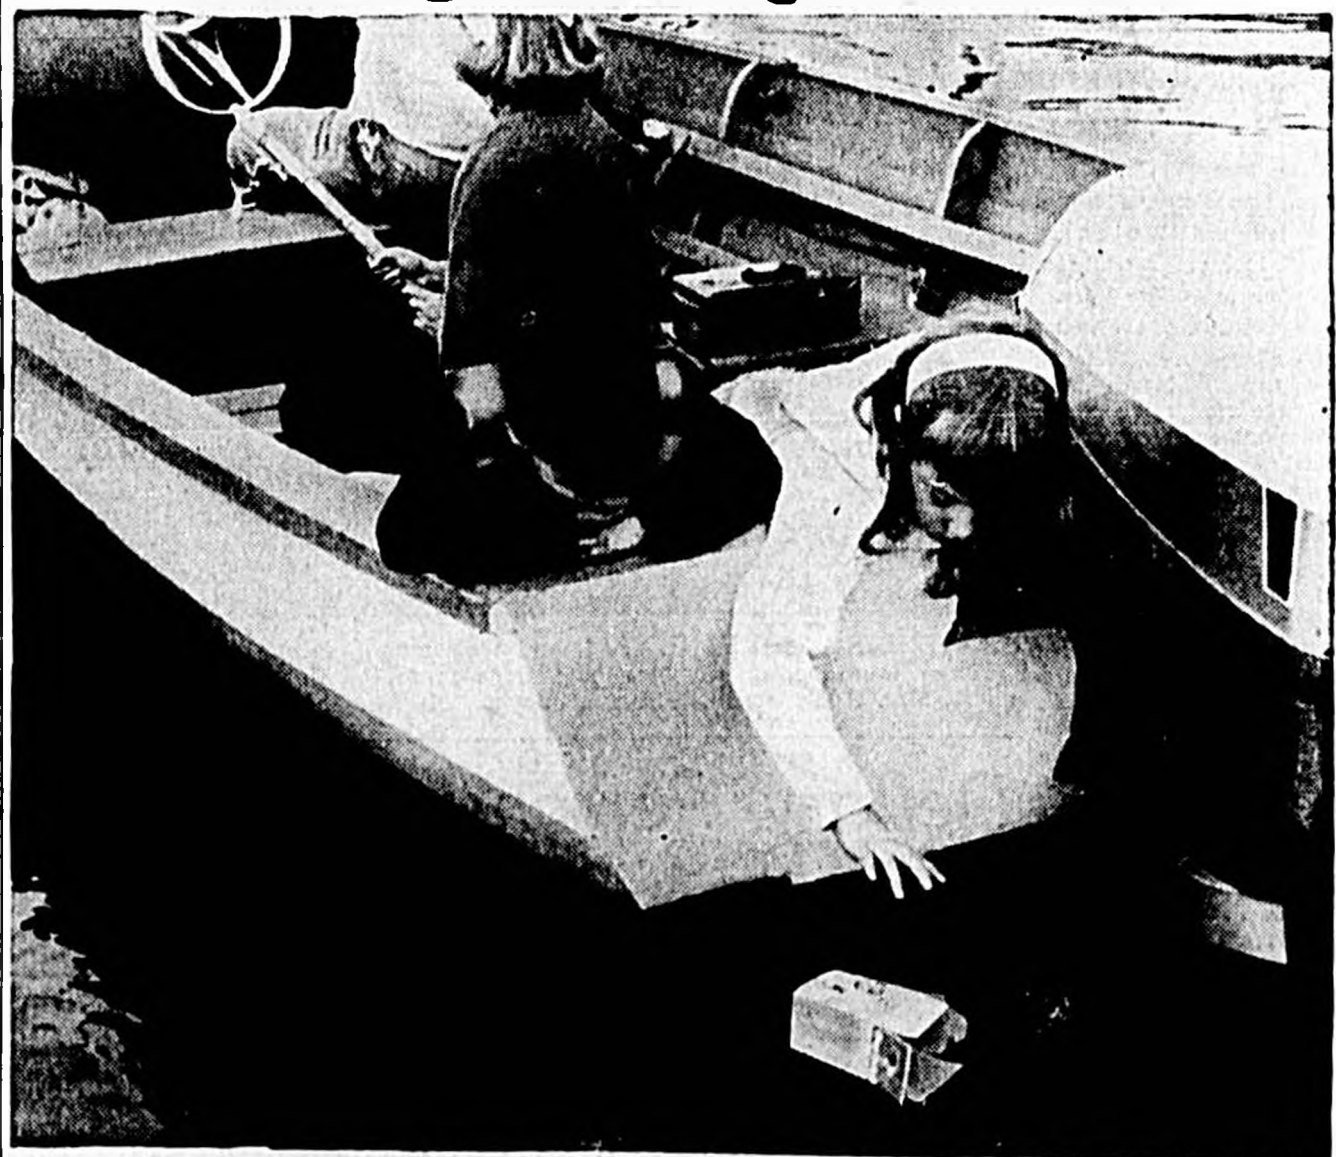

Mrs. Lorraine L. Graham, program administrator, Seminole County unit, Central Florida Tuberculosis and Respiratory Disease Association, presented a program on "The Effects of Smoking on Health" to approximately 305 students of the fifth and sixth grades at Goldsboro Elementary School. A similar program was presented at Bookertown Elementary School.

MAKING PLANS for corner-stone laying ceremony Sunday at Allen Chapel AME Church are (top) E. L. Blackshear, Austin Tunsil, Dr. J. C. Ringling and (bottom) W. L. Hamilton, Rev. E. C. Ross and Rev. A. W. Dingle. (Herald Photos)

## Don't grown-ups know?

**Every litter bit hurts**

Grown-ups know. But they forget. And the careless habit of littering on land or water, is unhealthy and unattractive. Floating litter is a safety hazard. Litter causes pollution of waterways... spoils good fishing spots and the natu-

## Redwoods Must Be Saved

At least three major plans have been proposed in recent months for saving the best remaining virgin stands of California's great redwood trees for the recreational enjoyment and spiritual ennoblement of present and future generations.

One by the National Park Service would establish a National Redwoods Park, California, under Gov. Edmund Brown, is working on its own plan. The American Forestry Association, the oldest conservation organization in the United States, has advanced another.

Now a group called the Redwood Park and Recreation Committee, composed of representatives of lumber companies and leaders of communities in the redwood region dependent upon the industry, has presented a fourth plan.

Under this program, some 8,000 acres of the most handsome redwoods, which for years have voluntarily been withheld from logging by their private owners, would be turned over to the appropriate government agencies by equitable sale or exchange.

These areas include the world's tallest trees, discovered only last year, as well as superlative parklike groves near the famed Avenue of the Giants and 20 existing state parks.

In addition, the redwood indus-

try would open more than 230,000 acres of tax-paying timberland to the public under the multiple-use concept of conservation, recreation and managed harvesting.

The committee believes that these lands, combined with those already under state and federal ownership, would be entirely adequate for the needs of the public for generations to come.

Some defenders of the redwood will undoubtedly disagree. But the important thing is that the need to preserve certain irreplaceable, original stands of the inspiring redwood is recognized by both public and private interests. The will is there.

A final plan that strikes a just balance between the rights of the people and the economic health of the redwood region should not be impossible, or even very difficult, to achieve.

### Thought For Today

What do you mean by crushing my people, by grinding the face of the poor? Says the Lord God of hosts.—Isaiah 3:15.

You can't help the poor by attempting to destroy the rich. You can't raise up the wage earner by pulling down the wage payer.—Abraham Lincoln.

## Political Notebook

WASHINGTON (NEA) —

Probably few uprisings in U.S. history have won more undeserved support than the now celebrated rebellion of last December on the University of California's Berkeley campus.

Since this 27-hour revolt is being widely taken as a reference point by many who seek to understand today's college youth, some aspects of the event merit considered review.

The general impression is that, in protest against school edicts limiting campus free speech, 1,300 students staged a passive sit-in in the university's Sproul Hall until they were rudely ousted by hordes of police on orders from Gov. Edmund G. (Pat) Brown.

Free speech was not at issue. The protest was really aimed at limits on campus political action by students belonging to off-campus organizations.

Furthermore, the rebellion was a good deal less than totally "passive."

Demonstrators assaulted and injured four policemen—one badly enough to send him to the hospital for five days. They broke school windows. They barricaded a main entrance at Sproul.

At all times during the 12-hour removal of 773 arrested demonstrators from the four-story building, 200 officers were needed to keep an outside lane clear of harassing, obstructing demonstrators.

Twice, police squads withdrew from trouble areas, when to have remained would almost certainly have led to full riot. A faculty member who tried to help police remove the entrance barrier was threatened with bodily harm.

During the long removal process, demonstrators on the second floor of Sproul set up

a public address system on a balcony and shouted for help from demonstrators assembled outside.

In the context of the existing situation, with police busily hauling off arrested persons, "help" could only have been meant some form of physical resistance to the police. Officers were prevented bodily from cutting off the dangerous exhortations to the crowd.

Obnoxious to their own safety, demonstrators resisted police who removed them from a crowded balcony in danger of collapse. Only with great difficulty were officers able to take to a hospital an outside demonstrator who suffered an epileptic seizure.

From the moment the arrests began, demonstrators—including leader Mario Savio—spread wild, irresponsible rumors of "police brutality." Typical was the charge that "the cops are clubbing girls in there."

A Berkeley city councilman, Joseph Bort, later asserted that two months after the revolt no significant charge of abuse had been filed with any law enforcement agency. The Berkeley police chief, A. H. Fording, underscored this. Checks of hospitals and of the jail physician turned up no cases of brutal treatment.

As a matter of fact, the removal of the demonstrators was a carefully rehearsed, immensely detailed operation aimed at forestalling just such charges.

According to a lengthy inquiry by Charles Moore of the International Association of Chiefs of Police, the Berkeley police—alarmed by previous disturbances on the campus—trained arrest squads in simulated sit-in situations. Officers "arrested" and removed each other, so they could learn how it felt to be handled when they went limp or struggled in the grip of officers who dragged or carried them off. They practiced removing men from corners and narrow hallways, and devised techniques for unlocking arms.

When the removal took place, all conversations between arrested persons and arresting officers were tape-recorded, and the subjects were photographed at the point of arrest and often while being dragged or carried outside. Identity was established and rechecked.

Thus was executed perhaps the largest mass arrest in history. A later report will look into the truly passive part of the revolt.

## The Lighter Side

United Press International

WASHINGTON (UPI) — It appears that recently I did an injustice to Lt. Gen. Bruce K. Holloway of the Air Force, for which I now apologize.

When the general appeared before the House Foreign Affairs Committee, I reported that he identified himself only as "Deputy USCINCEAF-SA." Which he did.

But to give him full credit, I should have listed his title as "Deputy CINCSOUTH-SCINCEAF-SA." I have since learned, wears two hats. Under his USCINCEAFSA hat, he is Deputy United States Commander-in-Chief of the Middle East, Africa South of the Sahara, and South Asia.

Under his CINCSOUTH hat, he is Deputy Commander-in-Chief of the Strike Command.

I am delighted to set the record straight and also to report that the Deputy CINCSOUTH-SCINCEAF-SA makes his headquarters at MacDill Air Force Base, which is somewhere in Florida.

Florida, the last time I checked, was somewhere west of the Sahara. So, as you can see, it's a small world after all.

The hats, however, are rather far flung. And now, while I have you on the line, permit me to clear up another matter on which I apparently filed an incomplete report.

A few months back, we had in Washington a conference on executive tensions. It dealt with the stresses and strains that impose themselves on persons who reach the decision-making level.

In covering that event, I got the impression that being handed the key to the executive washroom automatically opens the door to hypotensions.

It turns out, however, that I may have pounced upon the wrong conclusion.

According to a recent study by the Mitchell Co., less than 15 per cent of a group of several thousand top executives were found to be tense because of their jobs.

The Mitchell Co., by the way, is an underarm deodorant manufacturer. It undertook the survey "to ascertain the major emotional factors causing perspiration."

I am not certain how its researchers went about gathering such information. Presumably, they gave the executives a sweat test of some sort.

Anyway, they found that perspiration induced by tension or anxiety differs from that resulting from physical exertion.

"Perspiration from heat or exercise rarely causes an odor problem," they reported.

So now I have a good excuse for not keeping physically fit. Exercise makes me nervous.

## Party To Conflict

By K. C. Thaler

LONDON (UPI) — Critics of Prime Minister Harold Wilson's Viet Nam policy contend that Britain is prevented from playing her traditional role of conciliator by identifying herself too closely with the United States in the Southeast Asia conflict.

These critics in Britain and among the European Allies claim that Britain might be able to push more vigorously and convincingly for a negotiated settlement if she were less firmly aligned with America on Viet Nam policy and strategy.

The uncompromising support the Labor government has given to American Viet Nam policy is said to have made Britain virtually a party to the conflict not only in the view of the Communists but also in that of some of the unaligned nations in the world.

This criticism is distinct from the complaint about the British government's Southeast Asia policy, raised by left wingers in the Labor party.

These Laborites oppose Wilson's all-out support of United States Viet Nam strategy because they disagree basically with the American position.

Wilson has shown no intention of yielding to this pressure. He maintains that his government considers the United States to be in the right and the Communists in the wrong in the current conflict.

Lately a body of independent responsible opinion in this country and among some of

the West European Allies has joined the chorus of Wilson's critics but for different reasons and considerations.

While basically in agreement with United States Viet Nam policy and tactics, they argue Britain could do a better job if she were less firmly committed.

These "independents" recall that Britain was able to play the role of conciliator and pave the way to the 1954 Geneva Indochina peace settlement by staying more or less clear of Washington.

Britain's recent appeal to members of the Geneva conference to cooperate with her in Viet Nam peace soundings has had little concrete re-

sponse to date.

Red China and Communist North Viet Nam have told London that by backing the Americans Britain has virtually forfeited the right to act as co-chairman of the Geneva conference. Britain was co-chairman with Russia of the 1954 conference.

The influential Times of London has suggested that "well disposed anglophiles" in the U. S. administration feel Britain's interests are not best served by the Labor government's constant support of American Southeast Asia policy.

The argument seems to be, the Times said, that constructive criticism is necessary "if the alliance is to survive the present introspection in Washington and the cold dislike of the United States in Paris."

## Barbs

Social climbers seem to think the rungs of the ladder are made of gold and brass.

Folks who live in ivory towers get a fine view of nothing in particular.

There are 40,000 known species of flies. Mom expects to see them all before Dad gets those window screens up.

The James Bond books were a spoof on spy stories. Now we're flooded with spoofs on James Bond. Is nothing a spoof proof?

Experts say half the population will be under 25 years old in another 10 years. How come, when everybody's growing older?

Dr. Crane's

## Worry Clinic

Lorna's case is ample proof of the tremendous educational value of the modern newspaper. For when readers obtain the proper insight into their domestic troubles, they can often remedy the problems and thus avoid divorce, delinquency, illicit affairs and even school dropouts. So send for the booklet below.

CASE V-493: Lorna S., is now 33 years old and a changed woman.

"Dr. Crane," her husband began, "I can hardly believe the wonderful improvement in Lorna."

"She no longer cares for liquor, though you didn't give her any medicine to make her nauseated by its taste. So please tell other readers how we prevented what seemed to be a wrecked marriage."

Every day this column offers 60,000,000 Americans a frank "newspaper clinic."

Not all of you 60,000,000 find that every case fits your own problem but before the week is over, you generally find several that apply to your family and friends or coworkers.

So be grateful that modern journalism has taken the lead in this preventing delinquency, divorce, immorality and even school dropouts.

For the newspaper is the most influential educational agency in America, barring none!

Lorna's case is a typical bit of proof. She was a scared wife with an inferiority complex based on her lack of children.

Sterile woman often become neurotic, as was true of Hannah as well as Rachel in

Bible times. (See I Samuel, Chapter 1, and also Genesis, Chapter 30).

Women, as well as men, are especially vulnerable in their sex ego.

Thus, when a wife has no children, she grows restless, fearful and subconsciously in a "testing" mood.

Repeatedly I have warned you readers that women are relatively frigid creatures, as measured against the male standard.

But they are very sensitive to any affront to their sex ego, for woman's chief sex organ is her brain!

That's one of the basic sex differences.

Take a wife who is sterile and then let her confront her 30th birthday, and you often have the "makings" for trouble.

For young women, even who aren't sterile, often panic at the idea they will be 30 years old on their next birthday.

For they falsely imagine the No. 30 will put them "on the shelf."

Remember, it isn't sexual escapades that women crave but the mere thrill of being

sought after!

When I checked Lorna more fully, I found no organic evidence to indicate she couldn't become pregnant.

So I gave her and her husband a typical premarital or pre-Cana Conference type of interview, showing them all the modern medical facts about pregnancy.

And I explained to Lorna, as well as to her husband, how she was resorting to drunken affairs to flatter her wounded female vanity.

Then I gave them the booklet offered below and told them to try the simple home methods for increasing the likelihood of pregnancy.

Within two months, Lorna became pregnant, thus banishing the major fear that had goaded her into drunken sexual episodes.

Now she and her husband have a baby boy. Lorna finds that there is no longer any special dread in that No. 30. So send for the booklet, "Facts About Pregnancy and Foster Children," enclosing a long stamped, return envelope, plus 20 cents.

And adopt children if you are organically sterile.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

## Dear Abby:

DEAR ABBY: I know this will never get in your column but I am going to write it anyway just to get it off my chest. You always take the position that if a man cheats on his wife, and friends of the wife know about it, they should not tell the wife. I disagree with you. I have tipped off three of my friends when I

found out their husbands were cheating on them. I didn't just "hear" that they were, I made it my business to get proof. All of these women thanked me for telling them. If my husband ever cheated on me, I would want my friends to tell me about it.

NEWPORT

DEAR NEWPORT: Don't worry. They will.

DEAR ABBY: I am 28, have six children and another one on the way. My problem is my husband. He likes women. Last winter I caught him trying to kiss my sister. I couldn't take it, so I threw him out. I've been on welfare ever since. My husband keeps coming

home for meals, to get his laundry done up, and he even sleeps here sometimes. He isn't supposed to be here at all. If my case worker at the welfare knew about it, she'd stop my checks. I told my husband if he liked home life so much he should live here and behave himself, but he says the kids make him too nervous for a steady grind. Should I let him stay? I miss him when he's gone.

BATON ROUGE

thing, and she would be lucky to get this man?

HER SISTER

DEAR SIS: You probably can't. A woman who would make such a "rule" must feel that she has little else to offer other than money. I don't blame her for wanting to be sure no man marries her for the "rocks in her box"—but she must have rocks in her head if she hasn't thought of marrying a man of her choice and protecting her assets with a pre-nuptial agreement. Her attorney can explain it to her.

DEAR ABBY: The man who insisted that both men and women were all washed up romantically at 60 should have known my father and his second wife. Daddy was a handsome widower at the age of 68. He met a dynamic little widow from San Francisco who said she was 56. He told her that he was 58 and she believed him. They married, and their 13 years together amounted to one long honeymoon. It ended when she suffered a heart attack while he held her in his arms as they waited. Only after she died did he learn that she was really 69 years old when he married her.

## Jacoby On Bridge By Oswald Jacoby

Father and son reminisce today.

Oswald: "How long ago did we start playing that an overcall might be a very good hand?"

Jim: "I don't know when you started but I think it was before you went to Korea in 1950. When you came back in 1952 and I started playing with you, it was your standard practice."

Oswald: "Yes, I guess we got away from the old theory that you had to double to show a good hand a long time ago."

Jim: "All modern experts follow the theory and Edgar Kaplan shows how it works in 'Competitive Bidding in Modern Bridge.' South has a good

bid would bring cries of horror from the 1930 bidders. The modern idea is that it can't hurt. If South has a really poor overall he may not be able to make two spades, but in that case the hand surely belongs to East and West if South has a fair overall he will pass. With his actual hand he jumps right to game."

Jim: "Four spades is a very good contract although careful play is required to bring it home. South should knock out the ace of clubs before going after trumps and in that case may wind up making an overtrick. East can kill off the overtrick by shifting to a diamond at trick two, but there is no way to beat four."

## We The Women: By Ruth Millett

"Never mention your age unless you're asked a direct question. Then tell the truth." That's the advice of the speakers at recent college-sponsored career clinic for mature women.

The word of wisdom was meant for the mature woman who is job hunting. But it's good advice for any woman who is no longer young.

The older woman who is always bringing her age into the conversation by such phrases as "at my age" or "if I weren't so old" or when you've lived as long as I have" makes others conscious of her age and of its limitations.

That tends to set her apart from all those who are younger than she is.

It also has another bad effect. By constantly mentioning her age, she never lets herself forget it. And if you can't forget your age, you almost automatically start to limit the things you think you can do and that are proper for you to do "at your age."

An older woman who is very age-conscious will tend to dress in drab clothes that make her look older than she need look, because she is afraid that she will look ridiculous in brighter-colored younger-looking clothes.

She will also become more cautious about what she can do—thinking she can't travel alone "at my age", or live alone, or keep up an active social life.

She may even hesitate to make new friends, because "What's the use—at my age." And she all too often falls into the bad habit of speaking her mind when she should be more tactful because she feels that the old have a right to say what they please.

The less a woman thinks and talks about her age, the younger she seems—and the younger she really is in the ways that count.

## Highlights

10:30-11 p.m. ABC. ABC Scope "VDI: Epidemic." It's adult TV at an adult hour and the sort of thing TV should be encouraged to investigate without sensationalism. The show discusses venereal disease in light of its recent increase in the U. S., what's being done to combat it, how to combat it and how primitive taboos still held by the ostrich-minded members of our society impede the fight against it. The show includes interviews with doctors and patients.

7:30-8 p.m. CBS. Mr. Ed "Ed The Artist." Ed gets philosophical and decides he wants to leave more than a hairy body and a tail behind. Apparently destined to be the next Picasso, he paints Carol as unfatteringly fat and, as usual, poor Wilbur gets the blame. Standard for the series.

8:30 p.m. ABC. Patty Duke Show "Patty, The Chatterbox." A variation on "Nothing But The Truth." Patty makes a bet that she can go three days without speaking and she actually shuts her big mouth and keeps it shut. It's a field day for almost everyone else and they're all quick to take advantage of her (except Boss). Cathy proves to be Patty's lifesaver.

## TV Time Previews

8:30-9:30 p.m. ABC. Shindig. A couple of good singers are buried in this musical morass. Ray Charles makes a welcome appearance and sings several selections. Joe Williams is another worthwhile guest. The rest of the show is a typical Shindig and what less need be said?

9-9:30 p.m. CBS. Dick Van Dyke Show (Rerun) This was the season premiere and it's a good one. Rob is embarrassed when newspapers play up Laura as a heroine who subdued a brawling drunk with judo after he floored Rob. Rob vows to take up judo even if it lands him in the hospital (which it does). Plenty of laughs.

9-11 p.m. NBC. Wednesday Night Movie. "Julie." (Rerun) This picture is proof that Doris Day did make movies without Rock Hudson. She stars with Barry Sullivan and Louis Jourdan in this suspense film about a young

John Thomas of Boston finished second behind Poland's Edward Csernik in the high jump.

## Increases Lead

ROUEN, France (UPI) — Hugh Anderson of New Zealand increased his lead in the world championship standings to 32 points by winning the French 150cc motorcycle grand prix yesterday.

Anderson, driving a Japanese Suzuki, averaged 93.2 miles per hour over the 80.7 mile course.

wife and a deranged killer, her second husband. When she discovers he killed her first husband she leaves and the chase is on. Also in the cast are Frank Lovejoy and Jack Kelly of the old "Maverick" series.

9:30 - 10:30 p.m. ABC. Burke's Law "Who Killed Everybody?" (Rerun) It isn't bad enough that women already outnumber men in this country, if this series continues on tonight's path, the odds will be even worse. The mortality rate among husbands is extremely high, as four of the fun-loving chaps perish. Their wives are suspects: June Havoc, Margaret Leighton, Ariane Dahl and Corinne Calvet.

10-11 p.m. CBS. The Danny Kaye Show. Art Carney and Danny first portray a twoman carpool, with Art as a loudmouth and Danny in his timid Harry Wittner character. Later in the show Art is a prohibition era gangster and Danny a song and dance man in a three-part "movie" entitled "Murder, Maestro, Please." Pearl Bailey sings "Who Cares?" "Personality" and "Who Wants To Be A Millionaire?"

"New" Island  
 Nearly as big as Connecticut, an island in Canada's Foxe Basin north of Hudson Bay, was discovered for the first time in 1948. Long hidden from ships by snow and ice, the land mass was discovered by an RCMP pilot on a routine flight and named Prince Charles Island after the heir to the British throne.

## Beauty after Forty

EDYTH THORNTON MCLEOD  
 "My problem is a lazy disposition. I know I am fat, and really look it, but I just dislike fooling with diets. Is there any other way than dieting that I can get rid of some weight? I could make myself take medicine.—Z."

Either you go on a diet or continue "looking" fat. Doctors do not look with approval on so-called diet pills, and the one way to a better figure and better health is through a proper diet. You and you alone can solve your problem. If you decide to do that, send for my "Figure Perfection Diet," enclosing a long self-addressed, stamped envelope and TEN cents in coin. To expedite matters, send your letter to me at 336 West 46th Street, New York 10036, N. Y. And be sure to use the diet after you receive it. I will also include a gift leaflet, "Diet Breaks."

"I am forty-nine, have gray hair and a fair figure. I have a lovely print afternoon dress; the colors are deep purple, green, black and a sort of fuchsia. What color should I get for shoes, hat, etc.? I also have another print, mostly in white, black and green. I have black accessories but would like a color.—S. W."

I would suggest green. This is a "nature color" as leaves are green and flowers follow that idea. The green would look well with both print outfits.

"I have a black brocade ensemble; the dress is very simple as is the coat. I have several black dresses and one in wool. Could I wear the coat with these other dresses? My outfit was made by a great designer.—Reader."

Yes, of course, the coat

## Club To Give Free Dinner To New Members

By Maryann Miles  
Bear Lake Community Club will sponsor a covered dish dinner from 6 until 8 p.m. Thursday at Bear Lake Elementary School.  
Dick Ostrander, president, has announced that any person joining the club at this time will be entitled to a free dinner. Others will be requested to make a small donation to cover costs of the meal.  
Members only will bring covered dishes. However, all planning to attend are asked to bring their own silverware, Mrs. William Carpenter, supper chairman, advises.  
Ostrander reports that the Bear Lake front end auto tags have gone at a rapid rate and that another shipment has been ordered.

## Horoscope Forecast

Thursday, May 20, 1965

### GENERAL TENDENCIES:

If you forego temptation to go off on some pleasure expedition you can keep your mind and attention focused upon utilizing this day to improve your health. Also, get in touch with highly placed persons to get their aid in advancing your career or personal ambitions. You can now gain the good will of all and make big headway.

**ARIES** (Mar. 21 to Apr. 19) Your most interesting pale hold the key to the finest solution of problematical affairs, so get in touch with them. Be more sociable. Many puzzling affairs can be clarified that way.

**TAURUS** (Apr. 20 to May 20) Look to the most powerful individual you know for assistance that will help you to get ahead much faster. Better both credit and career. See that you are more efficient in the future.

**GEMINI** (May 21 to June 21) You can find new methods and better suggestions for your advancement at this time. Following the right leads take you to proper sources. Impress others with your ability.

**MOON CHILDREN** (June 22 to July 21) A more progressive attitude on your part can increase productivity and efficiency easily today. Keeping promises made to wife, or husband is very important. Be ethical in all that you do.

**LEO** (July 22 to Aug. 21) Associates expect far more productivity with co-operation from you, so be sure to comply immediately. Don't be so very independent. There is power in harmonious union with others.

**VIRGO** (Aug. 22 to Sept. 22) Working in harmonious alliance with partners and co-workers is best way to make progress. You can improve health by carrying through with duties intelligently. Be alert.

**LIBRA** (Sept. 23 to Oct. 23) Your friends are desirous of your company, but be sure first you get important work handled, and well. Take time to plan for summer's vacation. Get into hobby of importance to you.

**SCORPIO** (Oct. 24 to Nov. 21) Be alert to the ideas of others for increasing harmony at home. Show close ties that you are truly devoted to them. The main trouble is that they feel they are being taken for granted.

**SAGITTARIUS** (Nov. 22 to Dec. 21) A little excursion to rather unusual places will give you an opportunity to acquire articles, culture that enriches your life. Look for support from those you already know. They are enthusiastic.

**CAPRICORN** (Dec. 22 to Jan. 20) Financial and property affairs are vital at this time so be certain to contact the right persons. Increase abundance appreciably. Get repairs to real estate started.

**AQUARIUS** (Jan. 21 to Feb. 19) A day for pursuing your most important aims with true vigour and getting results you want. Expansion should be your goal. Supporters can be found socially tonight.

**PISCES** (Feb. 20 to Mar. 20) Don't be in a rut—get out and confer privately with those able to make your life more as you subconsciously want it to be. Dress up in P.M. Attend social functions worthy of the name.

**IF YOUR CHILD IS BORN TODAY**, he or she will be a product of the New Era and will understand many of the complicated systems, etc. of the future and thereby make quite a success of life in such directions. There is the ability to comprehend the purposes behind the actions of others and this will also be helpful as well as be a lucrative field to follow—psychiatry, psychology.

## Milk Price To Go Up?

Dairies which supply the Sanford area were in doubt today about the effect of a Florida Milk Commission order hiking the wholesale price of milk three cents a gallon.

The increase, which becomes effective Aug. 1, was strongly opposed by distributors.

Dan Ballinger, manager of Perfection Co-operative Dairies of Sanford, said he did not believe the increase would result in higher over-the-counter prices to consumers.

William Hale, business manager of T. G. Lee Dairies, Inc., in Orlando, said the action was "controversial" and he didn't know what effect it would have on consumers.

However, he indicated that an increase in wholesale prices usually resulted in higher retail prices.

## More Racing Sought Here

TALLAHASSEE (UPI) — The Senate received a bill today that would allow the Seminole harness track to have flat-racing in addition to harness and quarterhorse racing.

The bill, by Sen. Mack Cleveland, of Sanford, also provides an additional tax reduction to the track, based on a daily pari-mutuel pool of less than \$150,000.

New counties could be established and present county boundaries changed only by constitutional amendment under another measure proposed today by Sen. Mack Cleveland of Sanford.

It would take a constitutional amendment to put the restriction in the state law. Under existing law, the Legislature can change boundaries or form new counties by simple statute.

Cleveland and Sen. Merrill Barber, of Vero Beach, said today they will make an all-out last-ditch fight to resurrect the controversial Fourth District Court of Appeals bill.

The House-approved proposal to authorize creation of the additional court for a 10-county area stretching from Brevard to Broward County was killed.

But Barber and Cleveland will try to get the Senate to reconsider today in the hopes that enough votes can be attracted from the opposition to swing it.

If not, Cleveland said he'll try to bring up the Senate bill which is not identical though it is similar to the House measure.

The milk industry still did not give Gov. Haydon Burns an answer on what it wants to do about the Milk Commission.

The industry had been given an ultimatum by the Governor to decide under what conditions it would keep the commission operating and said if the industry wanted it abolished, that he would do it.

The industry asked last week for more time to consider its decision and Burns said the industry would have until Wednesday's meeting.

There was no discussion at the Orlando meeting on the matter.

The Commission said the milk pool increase order is aimed at stabilizing the marketing situation. The Commission ordered that current prices will remain in effect until Aug. 1.

This means the minimum price to producers in the Tallahassee, northeast and central portions of Florida will remain at least 55 cents per gallon till Aug. 1, while in the Pensacola area it will stay at 52 cents.

R. D. Saunders, a distributor member of the commission from Tampa, said the pool order is the result of a year of studies and work and said he thought it would be accepted by the producers. But he said "There may be some opposition from the milk distributors. I hope the differences can be worked out."

"I think everyone has been in agreement that a market wide pool was needed to stabilize the market," he said.

"I think it will work providing we have the complete co-operation and support of the different segments of the dairy industry," he said.

## Farm Supports Win Approval

WASHINGTON (UPI) — The House appropriations committee today put up another year's installment of \$5.6 billion for price supports and other farm programs. It said such outlays must be continued indefinitely.

The committee, recommending its annual Agriculture Department money bill to the House, rejected suggestions that price supports be abandoned and that small farmers be re-trained for jobs in the city.

FIELD ELECTED GAINESVILLE (UPI) — H. H. (Pete) Parrish, of Orlando, and Joel S. Field, of Sanford, were elected president and vice president, respectively, of the Florida Federation of Pairs, the Agricultural Extension Service announced.

## House Earmarks Area School Funds

TALLAHASSEE (UPI) — A House subcommittee has recommended \$305,885 for a new junior college in Seminole County in an appropriations bill it approved Wednesday.

Also included in the measure was an appropriation for \$11,197,000 for the East Central Florida University near Oviedo.

Final version of the bill will be thrashed out by the full House appropriations committee today or Friday.

The subcommittee of the House appropriations committee was named to work out differences between lawmakers backing separate vocational facilities and those proposing that state vocational money go to the junior colleges.

The measure was an attempt to spell out projects to be financed by a \$75 million higher education bond issue and surplus utility taxes.

Specifically the measure would put into law \$110.6 million worth of university, junior college and vocational technical education projects. But it would limit junior college expenditures to not more than \$37 million, universities to not less than \$43.5 million and vocational facilities to not more than \$8 million.

The \$8 million inserted for vocational programs was in a lump sum with no projects spelled out in the measure.

By placing \$110.6 million worth of projects in the bill

but prohibiting expenditure of more than \$88.5 million, the lawmakers sought to give state education officials some freedom in selecting which projects would be built.

## Developer Donates Plot To Altamonte

By Donna Estes  
Lee Cohn, Oakland Estates developer, donated a lot of his subdivision, to the town of Altamonte Springs at regular meeting of council Wednesday evening.

Cohn stipulated that the lot be used only as a recreation and playground area and not as a "storage" area, and that the town maintain the property.

The board had had the lot appraised and at an earlier meeting had discussed purchasing the property as a site for additional water facilities, including a pumping station and water tank. Nearly property owners had protested its use for such purpose.

Cohn requested that the town provide water lines to the area stating that three homes already are under construction there and present plans call for building 13 more homes soon. He agreed to pay \$125 per home in advance for the tapping fee.

But proponents of separate vocational centers said they feared language in the proposal, which still must be approved by the full House appropriations committee, would

funnel little or no money to separate vocational-technical facilities. At least 16 of the schools have been proposed to date.

Rep. Ralph Carter, of Washington, said the language "not more than \$8 million" would enable the department of education to spend nothing or any amount up to the maximum. The intent to spend the money is there but the funds are not," he said.

After extended discussion as to which account funds could be taken from for the project, council agreed to authorize the maintenance supervisor, A. C. Brown, to bring in bids on needed lines and laterals for the work.

Also discussed with Cohn was the possibility of the town's purchasing from him a lot on Maitland Avenue as a prospective site for the needed water facilities.

Mayor W. Lawrence Swoford again stressed the need for an additional facility, stating that pumps at the present station average 800,000 gallons per day and on several occasions had reached one million gallons a day.

## Acting Acting Mayor Raborn Takes Office

This is a bad year for mayors in the City of Sanford.

New "Acting Acting Mayor" Commissioner M. L. (Sonny) Raborn has now taken up the reins since Acting Mayor A. L. Wilson underwent surgery Tuesday.

Raborn was appointed by acting Mayor J. H. Crapps, who still is confined to his home after an illness of several months.

Whether commissioners will be able to hold their regularly scheduled meeting Monday is in some doubt also. Commissioner Joe Baker is scheduled to be out of town leaving only Raborn and Commissioner Earl Higginbotham to carry on the city's business.

## How's That Again Dept?

GOSPORT, England (UPI) — Dolly, a 23-year-old mare owned by the Royal Navy at the dockyard here, has stunned the sailors by producing a fine foal.

"I don't know how it happened," said keeper Robert Lee. "There isn't another horse within miles..."

## Three Qualify For Election

Three candidates to date have filed qualifying petitions to have their names placed on the ballot for the special election scheduled June 1 in the city of Longwood.

The election is being held to fill the unexpired Council term recently vacated by R. C. Carlson. It runs to December, 1966.

Candidates who have qualified are two former councilmen, James Reiter and H. A. Scott, and a newcomer to city politics, John Deaton.

A petition also has been taken out for an unidentified candidate.

Deadline for filing qualifying petitions is noon Saturday, according to City Clerk Mrs. Onnie R. Shomate.

Mrs. Shomate also has issued a reminder to persons who have not yet registered to vote that registration books will close this Friday.

## Sanford Bills Put In Hopper

TALLAHASSEE (UPI) — Rep. S. J. Davis, of Seminole, introduced a proposed constitutional amendment prohibiting change of county lines or creation of new counties except by constitutional amendment.

Davis also introduced two measures affecting the City of Sanford. One measure would set the municipal election on the first Tuesday after the first Monday in December of each year, and changing from 15 to 10 days the notice necessary for a public hearing on regulations concerning setting of district boundaries.

Davis also tossed in a bill paying \$1,500 to Mr. and Mrs. Harvey L. Stone, of Longwood, for damage to their automobile by an escaped convict, who was later shot to death by officers.

## Third Worst Air Disaster In History

CAIRO, UAR (UPI) — A Pakistan Airlines jet establishing the first commercial air link between Communist China and the Middle East crashed near here today, killing 121 persons. At least one was an American.

Six persons, all Pakistanis, survived.

U. S. Embassy in Karachi said one American, identified only as Donald Love, Riverside, Conn., was among the victims.

The airline said it was also possible that three other Americans, identified as Joseph Layous and a Mr. and Mrs. Howard, may have boarded the plane at its stopover in Dhahran.

Ten of the victims were identified as Chinese, and a Chinese Communist diplomatic pouch and anti-American propaganda from Peking were found scattered among the wreckage. It was not known if any of the Chinese on the plane were officials or diplomats.

The plane crashed in the desert while approaching Cairo Airport.

The crash was the third worst single plane disaster in aviation history. Only a 1964 crash in Paris and a 1958 crash near Tokyo were worse.

The American-built Boeing 720B jet was on an inaugural flight from Karachi to Cairo and then was to continue to Geneva and London.

Pakistan Airlines has been flying to Communist China since 1963, and today's flight was thus widely billed as the first direct air link between Communist China and the Middle East.

Six gravely injured survivors, all Pakistanis, were removed from the plane's charred wreckage, which was scattered over a half-mile area of the Halamou Valley about 10 miles from the airport.

One of the survivors, Djelal Elkarami, said he and the others who escaped death were in the back of the plane. "It's a miracle that any of us lived. We all should have been killed," he said.

A rescue team member reported that when he reached the wreckage, about 300 or 300 Bedouin tribesmen were searching through it, "pillaging and doing nothing to help the survivors."

## Road Program Over Hurdle

TALLAHASSEE (UPI) — The Governor's \$300 million road bonding program cleared another hurdle today when the Senate version of the measure cleared the House public roads committee with only one dissenting vote.

There was no debate on the measure, which was quickly amended four times to make the bill read exactly like the House version which cleared the constitutional amendments committee Tuesday.
