

Kitchen Of 1945 Satisfies AP Writer

BY CYNTHIA LOWRY AP NEWSFEATURES WRITER My kitchen is the product of 1945, practically medieval when compared with today's streamlined jobs.

But at this moment, I wouldn't swap it for the newest kitchen money could buy. I encountered a modern kitchen the other weekend, and had a frightening experience.

I was the house guest of Miss Estell Karn, business manager of radio's Mary Margaret McElde and, most of the time, a practical woman. Miss Karn has remodeled her farm-house outside New York City.

The kitchen is a thing of beauty, if you stand carelessly in the middle of the floor and look around. It's all shining aluminum and white porcelain. Huge cabinets, handily placed. Wonderful broad working surfaces of proper height. Indirect lighting. Cupboard lights. Everything, including a built-in washing machine and incinerator.

I wandered into the kitchen, found a glass and turned on a faucet marked "C." In my house, that's the way you get a glass of water.

This time, however, a loud, grinding, gulping noise filled the room and, to my horror, a roaring metal gadget in the sink started spinning around. My cries brought my hostess on the run.

"You," said Miss Karn accusingly, "have turned on the garbage disposal unit. You mustn't touch the sink again until you have read the book of instructions. You might hurt yourself. You might even get it out of order."

My New York

NEW YORK--There is a tendency among Norman Rockwell's painters to hoot loudly when the abstractionists, the surrealists, and the cubists (for are the cubists passé now?) consider Mr. Rockwell, if they spend any time on the subject at all, as a mechanic, a putter-together of jigsaw puzzles, or--horror!--an illustrator.

U. N. Meet

Israel since May 15, in brazen contempt of the (U. N.) Charter. Egyptian foreign minister, told reporters Egypt would speak in the council "for the whole Arab and Moslem world, including Turkey."

Hollywood

HOLLYWOOD, Oct. 8--(AP)--News from the literary front: James Mason and his wife are writing a book--about cats, naturally. The volume will be released in January, with illustrations by the actor.

Alabama Court

(Continued From Page One) Mrs. Smith and her sister sued the radio station for \$50,000 after a broadcast in May, 1946.

RAPIST SENTENCED CLEARWATER, Oct. 7--(AP)--Felix Comba, convicted negro rapist, was sentenced to death in the electric chair today by Circuit Judge John U. Bird.

CLAY PIGEON. Bob Hope will hit the road with his air show in January, playing benefits en route. Asked about the danger of giveaway shows to comedy programs, Hope was calm: "Some day they'll go too far--give away NBC. They'll dissipate themselves."

DASHY KAYE is hot for appearing in "The Bandwagon" after "Happy Times" if he'll be able to keep some of the money he would earn there. English income laws favor variety artists, but he doesn't know about Australia's ratings.

Rev. Charles

(Continued from Page One) said the Rev. Charles, "and will secure the prayers of our followers as we go."

After a year in Batavia, they will move into uncharted areas to "introduce Christian living."

Both have contemplated missionary service in Brazil for a number of years, they revealed.

Their initial trip will be to former homes at Laurel, Va. and New Britain, Conn. prior to embarking for Brazil.

The Rev. Charles was born at Laurel, Va. near Richmond, received his B. A. degree at Austin College at Sherman, Texas, and his M.D. degree at the Union Theological Seminary.

During his 17 months here he has served as an active member of the Jaycees, as a professional representative in the Sanford Merchants Association, as chaplain of Campbell-Lossing Post 53 of the American Legion, and as a chaplain in the National Guard.

His permanent address of the Rev. and Mrs. Charles will be care of Executive Committee of Foreign Missions, Box 330, Nashville, Tenn. Their address here is, 801 1/2 East Second Street.

Legal Notice

NOTICE TO APPEAR: GEORGE H. BOSTON, whose residence and place of business is No. 1322 South Longdale, Chicago 22, Illinois.

You are hereby notified that a suit has been instituted against you in the Circuit Court of the Ninth Judicial Circuit of Florida, Seminole County in Chicago, under the title of E. V. A. BOSTON, plaintiff vs. GEORGE H. BOSTON, defendant, and that due notice is being given to you.

You are therefore required to appear in said court in person or by attorney at the Court House in Sanford, Florida, in the city of Sanford, Florida, on the 15th day of October, 1943.

WITNESSE my hand and official seal at Sanford, Florida, on this 10th day of October, 1943.

O. P. HERNDON, Clerk, Circuit Court, Seminole County, Florida.

AT THE CHURCHES

All Church Notices must be presented at The Herald office on the day before publication.

ASSEMBLY OF GOD CHURCH

FRIDAY OCT. 8, 1948

BIBLE VERSE TODAY

No, David, he was far from safe, and you should have asked that question when the young man was living in company with lewd and fast youth while you attended to your own pleasures. You should have shed your tears earlier! And the king said, in the young man Absalom safe.—II Sam. 18:29.

Former Secretary takes wants to know where Dewey stands on oil. Not where, but how.

Those 44 whales that swam ashore at Crescent Beach were just trying to get away from it all. We know just how they felt.

We see where the price of meat is coming down. The first thing you know we may be able to buy a hot dog or a hamburger without mortgaging the old homestead.

Most Americans we fear are far more interested in whether Mao was safe on second than they are in what the United Nations does about the Berlin blockade.

As if to prove that the national Democratic Party is now run by fatheads, it now appears that they traded 140 Southern Electors for a handful of votes in Harlem and then forgot to get them registered.

Governor Thurmond makes the front page cover of Time News-magazine this week, while inside is a long article proving how little its editors know about racial relations and the Southern revolt.

Paul Robeson, negro Communist singer, is being boomed by Henry Wallace's Progressive Party for Secretary of State. And how about Joe Louis for Secretary of War and Father Devine for Secretary of the Treasury?

Henry Wallace speaking in San Francisco the other night said American industry doesn't care whether "it crams down the throats of the American people a tweddledum or a tweddledewey." By "dum" we suppose he means Truman.

The killing of Peter Del Pozzo in New York, the murder of William Granato, Republican politician in Chicago, the revival of interest in the attempted assassination of Walter Reuther in Michigan, all give rise to the belief that what this country needs is not so much a federal anti-lynching law as one to prevent gangster murders in our big cities.

It does not make any difference whether you vote for Truman or Thurmond down here, Governor Dewey is going to be elected, so you might as well vote for Thurmond, and let the people up North know where we stand on the so-called "civil rights" legislation. Fifty of the nation's leading political writers, polled by Newsweek, unanimously predict that Dewey will be elected.

New York City's total registrations for the November election, with the books now closed, are 234,591 below the figure for 1944, and making allowance for what it should have been in view of the population increase, it is 700,000 short, indicating a lack of enthusiasm for President Truman which shows that his ability to stir up racial, sectional and class prejudices and hatreds has failed.

We hear too much about what is wrong with the world. The American Medical Association is rapidly condemned for opposing socialized medicine. Doctors are denounced for charging so much and keeping you waiting in their outer offices. But the other day one of these doctors belonging to the American Medical Association operated on the heart of a 12-year old boy. Twelve years ago he had been born blind with a bad heart condition. A few years ago another operation had given him his sight. Now his heart is all right and he can live like other boys. What was the worth to him?

Intellectual Norway

Observers of post-war educational conditions in Norway say that university education and training for the professions is a common goal in that country.

The teaching profession, particularly, is honored and there is no shortage of young people preparing for teaching careers. The trend toward professional life is so strong that there is a great lack of technical workers. This problem is expected to be solved by an emphasis on engineering which, however, is not intended to narrow the education of young men. Technical training will be added to the arts courses.

Sparsely populated school districts which cover wide distances form a major problem in Norway. It is solved in part by free boarding schools, which are supplemented by mobile libraries, carrying literature to the far corners of the country. It is planned to have these vehicles augmented by others which will carry films, slides, records and lectures to the outlying districts.

The future belongs to nations where education is general, and intellectual standards are high. Minds given freedom by education are not likely to submit to political tyranny, which thrives on ignorance and superstition.

Purpose Of Prisons

In sentencing two convicted murderers to life imprisonment, an Ohio judge proposed that each year they should spend the anniversary day of their crime in solitary confinement. Reflection on this proposal is bound to raise the long-debated question whether prisons should exist to punish criminals or to protect society from them while attempting to reform them.

The question is not an idle one in the case of offenders sentenced to life imprisonment, for commutation of sentence and parole are possible even for these. Either a murderer or a petty thief may be restored to liberty after the penal system has done nothing more than punish him. This is foolish, for a person with criminal tendencies is not any more likely to be deterred from crime by fear of punishment after tasting it than before.

Students of the criminal mind say that fear of punishment does not weigh heavily in the thinking of the confirmed criminal, because he firmly believes that if he is reasonably careful he will not be caught. A prison sentence which punishes him, without effort to straighten him out, will not change that idea.

Good Word For Scarcity

Now that summer is over some people might look back at it and regret that the feared shortage of gasoline for tourists did not develop. A general scarcity of gasoline has one good effect, it may be recalled from war days; it makes drivers more conservative, because conservative driving saves gasoline.

Numerous demonstrations have proved this. For instance in Cleveland recently four taxicabs made fuel consumption tests on a 20-mile trip through city traffic. Two drivers made careful starts and stops, adjusted their speed to the pace of traffic. The other two indulged in "cowboy" starts and stops, and raced at top legal speed as much as possible. The two "cowboys" saved five minutes on the trip, but used almost twice as much gasoline as the other two.

If the motorist apparently no longer must worry about obtaining gasoline, he still has the high price of it to think about. Traffic and safety officials sometimes despair of arguing for careful driving on the basis of safety or good sense. They might try pointing out the cost of a tankful of gasoline.

Too Late To Classify

By RUSSELL KAY

Lutz, an enterprising rural community, located a short distance north of Tampa, in typical thousands of other farming communities scattered throughout the nation.

It is made up of small farms, groves and country estates, with neighbors scattered over a wide area. As is the case with most rural communities, these neighbors are brought together through a civic association where affairs and problems are discussed.

Since the rural home is more or less isolated, the ruralist lives in constant fear of fire or accident. They have seen homes destroyed and lives sacrificed that might have been saved if help had been available quickly.

At a recent meeting of the Lutz Civic Association this problem was under discussion. The suggestion was advanced that the community purchase fire fighting equipment and organize a voluntary fire department.

A better plan was advanced by Col. W. E. Myers, a retired Army officer, who has purchased an attractive lake front home in the area. Backed by many years of practical organization experience, he volunteered his services in working out an emergency map that would link every member, and through the use of the telephone bring aid quickly anywhere in the widely scattered district through a system of alerts.

This plan has been perfected and put in practice and has proven so practical and successful that the community has patented it and copyright a published description of its operation.

The whole plan hinges on an accurate, detailed map of the entire area, which shows the location of each member, gives the phone number and shows the shortest route to each home or farm by road. Key phone numbers include nearest fire station, sheriff's office, hospitals, ambulance and the State Highway Patrol in type large enough to be read at a glance when hung on the wall.

Membership of the association is broken down into units of ten each unit has one General Alert member, whose duty is to get the members of his unit to the emergency location as quickly as possible; each member bringing such equipment as they have available for use in meeting the emergency. In case of fire they would bring extinguishers, ladders, buckets, rope, fire aid equipment and so on. In case where members do not have phones arranged, they can help to notify those by means of a chain of calls between their homes.

Purge Of Papers In Latin America Asked

VATICAN CITY, Oct. 8.—(AP)—Pope Pius XII appealed to Latin America last night to purge its newspapers and movies of "everything that might cause scandal or perdition for youth." Speaking in Spanish by short wave radio from the summer pontifical residence at Castel Gandolfo, the Pontiff addressed the inter-American congress of Catholic Education at La Paz, Bolivia.

Atlanta To Allow No More Public Dressing

ATLANTA, Oct. 8.—(AP)—There'll be no more dressing in public here in Atlanta.

From now on, says Police Chief Hubert Jenkins, the blondes, brunettes and red-heads will have to get their clothes on in private. Jenkins said last night he had received hundreds of complaints, mostly from women, that too much dressing was going on in front windows.

He sent Mrs. Ruby Barrett, a policeman, to all department stores with an ultimatum that in the future shades must be drawn on show windows when mannikins are being dressed or undressed.

The droplets of water in a cloud are electrically charged.

Nothing else to revive the old American spirit of neighborliness and understanding. It has served to closely knit the entire community and developed a civic spirit that that presents a united front for progress and development. Unselfishly, Lutz offers to share her plan with other rural communities and offers to provide information and details concerning it to such rural sections interested enough to make inquiry. This information may be obtained by writing Lieut. Col. Walter E. Myers, Ret., Lutz Emergency Committee, Lutz, Florida.

Seminole High Celery Feds Set To Meet DeLand Tonight

Contest Could Set East Florida Conference Championship In '48 Season

By ARTHUR BECKWITH, JR., Herald Sports Editor

The Seminole High School Celery Feds and the DeLand High School Bulldogs meet tonight at the Seminole High School Athletic Field at 8:15 o'clock in an East Florida Conference football battle.

The contest may easily decide the winner of the conference championship for the 1948 season since both teams have been ranked high in conference competition.

Sanford, fresh from their 20 to 0 victory over the Eustis Panthers, will test for the hard charging Bulldogs. Sanford will probably be a slight favorite, on paper at least, when the two clubs step out on the field for the opening kick-off tonight.

DeLand and Sanford have played the Eustis Panthers. DeLand dropped the Panthers by a 19 to 14 score, but Sanford trimmed the Eustis aggregation.

Coach Spec Martin of the Bulldogs reports he has been sending his charges through "Operations Mud" at their practice field. "We certainly have been having a tough time of it this week," Martin reports.

Yesterday afternoon Coach Carl Kettles drilled his youths in full game regalia on offense and defense plays designed to combat formations used by DeLand eleven.

Tonight's starting lineup for the Sanfordees will probably include Wallace Tyre and John Keeling at ends, John Krider, Jr. and Peanut Galloway or Ed Myers at the tackles, Richard Bass and Gene Harper at the guards and George Dague at center. The backs will probably include Ray Dunbar at blocking back, Charles Anderson at the spinner and Don Deal and Cedrick Dunbar at the wings.

Gonzales, Schroeder Head List In Hard Court Tournament

SAN FRANCISCO, Oct. 8. (AP)—Dick (Pancho) Gonzales and Ted Schroeder, top seeded in separate brackets, headed the list of surviving tennis stars in the first annual National Hardcourt Championships today.

Schroeder gained the semifinal round by coming from behind to eliminate unseeded Tom Brown of San Francisco, 4-6, 6-4, 6-3, 6-2.

Gonzales plays his quarterfinal match today with sixth-seeded Harry Likas of San Francisco.

CIVIC-MINDED

That's the man in your U. S. Army and U. S. Air Force recruiting station. He takes an interest in your community. He wants to make himself more useful as a citizen and as a resident of your community. Yes, and he brings this same attitude of helpfulness to his work in the recruiting station. There this qualified representative of the largest—and most important—business in the world helps young men in choosing a worthwhile career.

Talk to him yourself, about your partnership with Uncle Sam. Get the full story from him at your U. S. Army and U. S. Air Force recruiting station, it's at Old Post Office Bldg., 42 S. Central Ave., Orlando, Fla. For further details of special opportunities, see "MEN WANTED" in today's classified advertising columns.

Wolf Makes Final Plans For Auburn Contest Tomorrow

GAINESVILLE, Oct. 8. (AP)—Coach Ray Wolf planned to put the finishing touches to his University of Florida grid machine today in preparation for the Saturday night encounter with Auburn's Tigers at Tampa.

With rough work over, the Gator mentor is concentrating on drills to give the Florida string attack greater momentum and to stop an Auburn passing game engineered by Travis Tidwell.

Gator coaches also are not neglecting their own aerial attack and worked on it extensively yesterday with quarterback Bussell Hadden and receivers with improving regularity.

Florida's squad is expected to be in pretty good shape for the encounter. Tackle Corlis will probably be the only first stringer not ready for at least some action, however, will have three regulars and a reserve on the injured list and unable to play.

World Series Notes

BOSTON, Oct. 8. (AP)—The players wives in the grandstand boxes at yesterday's series game were easy for celebrity hunters to spot.

Each of them wore a large orchid stem them by the Braves management.

One elderly gentleman who was on the station platform as the Braves entrained for Cleveland last night must have been a proper Bostonian with a dislike for noise and crowds.

"Who are these people," he asked.

"Those are the Boston Braves heading for Cleveland," a sports writer told him.

"Good," the elderly gentleman replied.

Here's one about Leroy (Satchel) Paige:

He was one of the battery men in the Cleveland bullpen yesterday and apparently wasn't prepared for the time he'd spend there in the far reaches of the outfield.

At the end of the game, walking toward the dressing room he was seen carrying—a magazine.

Barons Defeat Cats To Win Dixie Series

FORT WORTH, Tex., Oct. 8. (AP)—Birmingham, which could finish only third in the regular Southern Association season, wrapped up the Dixie Series title with a 3-1 decision over Fort Worth last night.

The Barons won the series with the Texas League champion, four games to one.

It was Birmingham's third championship in five Dixie Series participations and the Southern Association's eleventh success against 15 for the Texas League.

Birmingham lost the first game of the series to the Cats, then took the next four.

Royals Nip Saints

ST. PAUL, Minn., Oct. 8. (AP)—Montreal and St. Paul go into the third game of the Little World Series today at one victory apiece after the power-hungry Royals waxed the Saints last night.

In last night's game, the Royals exploded for two big innings to account for all their runs.

The floodings of the hostess (South American bird) have well-developed claws on each wing and can climb trees like a quadruped.

WITNESSES: O. P. Herndon, Clerk of said Circuit Court at Sanford, Florida, and the undersigned, clerk thereof, this 8th day of September, 1948.

O. P. HERNDON
Clerk.

Fed Jayvees Trim Mainland "B" Team

The Seminole High School Baby Feds drubbed the Mainland High Junior varsity in Daytona Beach Wednesday evening by an 18 to 6 margin. It was reported yesterday by Coach Fred Ganas.

Don Smith, Sanford, back, intercepted a Mainland pass and scampered 70 yards for a touchdown. Marion Butler tallied the second touchdown of the affair for the Sanfordees on a 12 yard buck, then Smith added the third score on a two yard plunge.

Idzik Is Outstanding Maryland U. Back

COLLEGE PARK, Md., Oct. 8. (AP)—In casting about for future star Southern Conference football backs, at the University of Maryland Johnny Idzik is it.

Coach Jim Tatum put his finger on the small but rugged Idzik as a freshman last year. Although a first-year man, he broke into the starting lineup a couple of times, and this year he has been there at the kickoff in both Maryland games.

But Tatum, blessed with several top runners, isn't pushing the sophomore and that's why Idzik belongs in the future book. Idzik has been sharing the left half-back duties with Hubie Werner, a senior, as Coach Tatum keeps bringing his 19-year-old youngster along slowly.

Big Weekend In College Football Games Are Slated To Begin Tonight

By AUSTIN BEALMEAR

NEW YORK, Oct. 8. (AP)—A big football weekend on the nation's collegiate gridirons gets off to an early start tonight. Penn State and Alabama, which usually confine their activities to Saturday afternoon, meet underdog opponents under lights.

Penn State, which opened its season last week with a 35-0 conquest of Bucknell, visits Syracuse in an attempt to keep alive its bid for a second straight all-victorious season and another eastern championship.

Alabama, looking for its first triumph of the campaign, welcomes Tugue to Tuscaloosa, after losing to Tulane and being held to a tie by Vanderbilt.

Other major games on tonight's night program find San Francisco at Detroit, Villanova at Miami (Fla.), Richmond at Furman, Colgate at Boston University, Colorado A. and M. at Denver, Arizona State at Utah State, Colorado Mines at Colorado State and Wichita at Drake.

Much of the interest in tomorrow's full program will be centered on three big nine clashes which should narrow the list of title threats in that conference to two or three, despite the eagerness of the date.

Minnesota, pre-season favorite in the loop and winner of two non-conference tests, opens its title bid at Northwestern, which still is unscathed on after convincing victories over UCLA and Purdue.

Michigan, having disposed of Michigan State and Oregon, opens the defense of the Big Nine title at Purdue and Iowa invades Ohio State, the conqueror of both Missouri and Southern California.

The Midwest also will be the scene of three games involving teams from the nation's current top ten—Notre Dame, Army and Southern Methodist—each looking for a third straight triumph. Notre Dame will be at home against Michigan State, while Army invades Illinois and Southern Methodist visits Missouri.

One of the South's Saturday headlines sends North Carolina,

UNION CHALLENGED

WASHINGTON, Oct. 8. (AP)—The government today challenged leaders of the CIO United Electrical Workers Union to disprove charges of Communist ties. The alternative the union's quick and complete ouster from A-bomb plants.

Under the new victory act, the authority is the vested as Mayor of the City of Sanford, Florida, by Ordinance No. 122 of said City of Sanford, Florida. I hereby call a primary election to be held throughout the City of Sanford, Florida, on Tuesday the 2nd day of November, 1948, for the election of two City Commissioners, each for a term of three years, said Commissioners to be voted upon in two groups, designated as "Group A" and "Group B" and the election to be held at the City Hall in said City in conformity with the laws and ordinances relating to elections now in force in the City of Sanford, Florida, and to be over at 6 o'clock P. M. on said day.

I hereby appoint Miss Margaret P. Harrow, Mrs. Ralph Austin Smith and J. H. Beck, as Inspectors, and Mrs. P. L. Hounshell as Clerk, of said election.

IN WITNESS WHEREOF I have hereunto set my hand as Mayor of the City of Sanford, Florida, this 8th day of October, 1948.

LHA P. LASHNER
Mayor

(SEAL)
City of Sanford, Florida.

W. B. WATERS
City Clerk

POWER PACKED AND SET TO GO!

No Waiting for This Brand-New Fireball Engine. Get This Thrill Today!

YOU can dish yourself up a full portion of the zip and go that make today's Buick engine the leader of the parade.

You can thrill again to the surge of brand-new Fireball power—under the hood of your prewar Buick. And you can get action—and action now.

In from one to two working days, we can take the wussy engine out of your faithful 1937 or later model Buick—replace it with a sparkling new 1948 Fireball engine fresh from the factory.

It's a complete power package. You get all the items listed in the panel—everything new from carburetor to clutch, valves to oil pan. You get every design and construction feature that puts today's Buick engine out in front. Best of all—your engine is waiting for you in our shop right now—because engine output has outstripped new-car production at the factory.

The cost—varying a bit from model to model—is low enough to make this power package a price bargain. So why delay any longer the thrill of owning and driving a 1948-powered car? Come in today to see how simple the whole thing is.

Atlantic Fleet To Hold Big Maneuver

NORFOLK, Va., Oct. 3.—(AP)—Some 65 ships and 80 aircraft squadrons of the Atlantic fleet will take part in tactical exercises in the tactical exercises in the northwestern Atlantic next month to obtain information on fleet operations under cold weather conditions.

Announcing this today, Atlantic fleet headquarters said the exercises will begin Nov. 1 and continue through Nov. 23. Vice Admiral Donald B. Duncan will have overall charge of the exercises. His flagship will be the battleship Missouri.

Approximately 1,600 Navy, Army and Marine personnel will participate in the maneuvers.

Dewey Calls

(Continued From Page One)

families have had to double up with other families or live in rooming houses. Another million and a half of our families have had to do the same.

Dewey said the federal government must stand ready to lend a hand to the states to encourage programs of community improvement and development.

ABOARD TRUMAN CAMPAIGN TRAIN, Oct. 3.—(AP)—President Truman told a rain-drenched crowd in Albany today that it was in their own interests to retain the Democratic national administration.

"What in the world would you want to upset the apple cart now and throw out an administration that brought about this prosperity?" Truman asked.

He addressed a crowd estimated by police at approximately 15,000 from the platform of his special train in this upstate New York Democratic stronghold.

President Truman said that the income in New York state had increased three-fold since the Democrats took over the national administration in 1933.

He said that business, the farmers and labor were prosperous under the Democratic rule.

He said further that there had been better distribution of income "and that's why the Republicans don't like it."

He said "the Republican Party still stands for its old policy of taking care of the rich and letting the rest of the people shift for themselves."

Yesterday under the guiding genius of former Mayor Frank Hague, the Democratic leader, Jersey City mirrored cheers, screams and whistling with a constant, breath-taking display of fireworks.

One of the features of the pyrotechnical display—streams of brilliant cascading down from overhead like water flowing over the edge of Niagara—almost hurtled Truman.

They caught a filmy piece of decoration on the hood of the car carrying the first lady and Rep. Charles McNary. The paper flamed. A secret service man beat it out with his hat. It was all over in a minute. No one was hurt. But, for a moment the excitement was intense.

Machine Developed

(Continued From Page One)

and conveyed on a roller and dropped into cylinders which cut the film, and a rotary movement at the bottom uncovers and pivots the material around the fruit, which is tightly wrapped regardless of whether the orange is large or small.

Housek revealed that vegetables such as sweet corn and pumpkins had been successfully wrapped in similar machines which he had developed. He does not manufacture machines for sale, but develops them for manufacturers, he said. He has lived in Sweden for the past 15 years.

Scientific wrapping of fruit not adds greatly to its preservation, but insure sanitation as well, he pointed out.

Why Retonga Standby for Thousands

Men and Women Keep Retonga Standby for Thousands

Thousands of homes you will find Retonga in the hands of men and women who are Retonga because they know Retonga is the best machine for their home.

Retonga is the machine that has been used for the past 15 years.

Retonga is the machine that has been used for the past 15 years.

Baseball Game

(Continued From Page One)

to the bag, Judnick walked. Mike McCormick took Robinson's high fly in short center.

No runs, no hits, no errors, one left.

THIRD INNING

Beaves

Stanky lined a single into right field. Bickford laid down a sacrifice bunt. Hegon lagged in the batter for the out. Bearden threw out Holmes as Stanky moved to third. Dark lined to Judnick.

No runs, one hit, no errors, one left.

Indiana

Hegan fouled to Mast back of home plate. Bearden whacked a long double over Holmes' head. Mitchell walked. Doby appeared a sharp grounder to Stanky who threw to Dark forcing Mitchell. Dark's relay to F. McCormick for a double play was wild allowing Bearden to score the first run.

Doby to advance to second. Bearden walked. Gordon sent an easy fly to M. McCormick in short left.

One run, one hit, one error, two left.

FOURTH INNING

Beaves

M. McCormick lined a single into center. Elliott lofted to Doby. F. McCormick hit back to Bearden who started a double play. Bearden to Gordon to Robinson.

No runs, one hit, no errors, none left.

Indiana

Keltner walked. Judnick fanned. Robinson singled into left field. Keltner stopping at second. Hegon singled to center, scoring Keltner and sending Robinson to second. Bearden rifled a single into left. Bearden was forced. McCormick's throw came through to Voiselle. Mitchell fouled to Elliott. M. McCormick got Doby's wicked grounder and tossed to Voiselle, who covered first, for the put-out.

One run, three hits, no errors, three left.

FIFTH INNING

Beaves

Keltner threw out Conatser. Keltner also tossed out Mast on a nice play. Stanky flied to Mitchell.

No runs, no hits, no errors, none left.

Indiana

Boudreau sent a towering pop fly to Elliott. Gordon rolled out to Elliott. Mike McCormick caught Keltner's lacy liner near the left field foul line.

No runs, no hits, no errors, none left.

SIXTH INNING

Beaves

Voiselle bounced out. Boudreau to Robinson. Holmes was an easy out. Gordon to Robinson. Dark doubled off the left field wall. Gordon made a nice running catch of McCormick's fly in short center.

No runs, one hit, no errors, one left.

Indiana

Conatser hauled in Judnick's long hit. Stanky made an over the shoulder catch of Robinson's high pop. Hegon sent a short fly to Holmes.

No runs, no hits, no errors, none left.

SEVENTH INNING

Beaves

Elliott rammed a ground single past Keltner. Frank McCormick struckout. Keltner flied. Conatser's sharp rap down the third base line and started a double play. Keltner to Gordon to Robinson.

No runs, one hit, no errors, none left.

Indiana

Dark threw out Bearden. Dark caught Mitchell's pop fly. Doby singled. Boudreau fouled to Dark.

No run, one hit, no errors, one left.

EIGHTH INNING

Beaves

shall be suspended, with the proviso that all necessary maintenance shall not be affected thereby.

The coal industry was on notice that Lewis has another major contract aim for the near future—a share-the-work program for lean years.

Lewis disclosed his goal to the 3,000 delegates to the United Mine Workers convention. He said it already was being tried out on a small scale in the anthracite field.

But he could not get his job stabilization plan across in the soft coal industry up to now, he said, "simply because there is no national leadership in the bituminous industry."

Nevertheless, he added, if conditions get so tough—in the event of a depression—that the stability of the contract is threatened, "the UMW itself may find it necessary to advise our members how many days a week they need to work."

"We have that contractual right," he said, "because the contracts are written to permit that."

(Continued From Page One)

talk opened the final day of the assembly.

Eby, a former minister in Ekhart, Ind., called for a "counter-revolution" that is even "more radical and more humanitarian than the Communist." Christians, he said, must be "more radical" in emphasizing job security, racial equality and peace.

Eby said Christianity must work toward the development of five major aims if it is to succeed in this new era:

(1) Long range Democratic planning for peacetime production (2) The substitution of cooperative and group ownership for competitive exploitation and monopoly (3) The development of a system where increased wages as well as profits, (4) A living annual wage for everyone able and willing to work, and (5) Inclusion of the worker in the planning of production—real labor-management relations.

Chief Albert Luthall of the Zulu tribe, last night's main speaker, said that unless Christians will help the African people attain the same missionary standard in Africa as exists in other overseas regions.

"We especially need help in the field of education and social rehabilitation, with special emphasis on assisting and training African leadership, both clergy and lay," he continued.

WALDEN DIES

LAKE BUTLER, Oct. 3.—(AP)—The Rev. E. Walden, chaplain and reading clerk of the Florida Senate for nearly 30 years, died of a heart attack in Monroe Baptist Church yesterday.

CREAMED CORN AND MEAT ON TOAST

Ingredients: One 1 pound 4 ounce can whole-grain corn (this is the No. 2 can containing about 5 1/2 cups), 3 tablespoons butter or margarine, 3 tablespoons all-purpose flour, 2 cups corn liquid and milk, 1 1/2 cups sliced luncheon meat or cooked ham, salt and freshly ground pepper (to taste), 12 slices toast (spread with butter or margarine) 6 small sprays parsley or 2 tablespoons finely chopped green pepper, if desired.

Method: Drain liquid from corn into a measuring cup; reserve corn. Melt butter or margarine in a medium-sized saucepan over moderate heat, add flour and blend well. Remove from heat. Add milk to corn liquid to make the 2 cups called for and add slowly to fat-flour, stirring until smooth after each addition. Return to range and cook over moderate heat, stirring constantly, until thickened and bubbly. Add reserved corn and luncheon meat; allow to cook until very hot, stirring frequently. Taste for seasoning (if used, ham may be quite salty and flavor sauce) and add salt and freshly-ground pepper to taste. Serve immediately over toast and garnish with green pepper, if desired. Makes 6 servings.

HIMM BURS CHAMBERS

BALTIMORE, Oct. 3.—(AP)—Alger Himm today said Whittaker Chambers for another \$25,000 and charged the magazine editor further slandered him in commenting on the original suit.

Himm, former State Department official, filed a \$50,000 action against Chambers in federal court here Sept. 27.

1 Killed, 30 Hurt In Paris Strike Riot

PARIS, Oct. 3.—(AP)—A worker was killed and 30 men, including eight soldiers, were injured today in strike violence in northern France.

The worker, a native of Yugoslavia, was killed near Metz when about 1,000 coal miners left a Communist-organization meeting and made for one of the pits at Moerlebach. They began stoning a police cordon. Four of the workers were injured seriously enough to be hospitalized. Sixteen others were less seriously injured.

SPANISH RECOGNITION

MADRID, Oct. 3.—(AP)—Erie A. Johnson said he told Generalissimo Franco today that the U. S. ambassador return to Madrid as the first step. The United Nations in 1946 called on all members to take their ambassadors and ministers from Madrid.

He said he would recommend resumption of full diplomatic relations when he returns home and that he will urge that the U. S. ambassador return to Madrid as the first step. The United Nations in 1946 called on all members to take their ambassadors and ministers from Madrid.

MARSHALL TO ARRIVE

Italian Midget Sub Sinks At Naples

NAPLES, Italy, Oct. 3.—(AP)—An experimental Italian midget submarine took an unassisted dive today—and it sank. No one was aboard.

The submarine is Pietro Vassena's C-3, a cross between a midget and a regular submarine. It is 25 feet long and four and one-half feet wide, shaped like a barrel and equipped with pinners fore and aft to grapple for treasures on the floor of the sea. It carries two men.

Its inventor, who tested it last year at Lake Como, said it could go 2,400 feet underwater and stay there 30 hours.

Vassena brought it here to dive in reported 1,700-foot depths between Naples and Capri. While being towed there today it went under suddenly and sank in 330 feet of water within 40 seconds. Vassena said an air pocket had been left open.

He had hopes divers could raise it.

MARSHALL TO ARRIVE

Marshall Says U. S. Foreign Policy United

Secretary Is Hopeful That Meeting With Truman Will Aid In Cold War

WASHINGTON, Oct. 11, (AP)—Secretary of State Marshall left for Paris today with the comment that bipartisan statements over the weekend showed the world "we have a completely united foreign policy."
Marshall took off in Mr. Truman's plane, the Independence, at 1:01 P. M. (E.S.T.). With him were Walter Bedell Smith, the ambassador to Russia, and Paul G. Hoffman, administrator of the European Recovery Program.
Marshall repeated again his statement Saturday that the President's proposal for sending Vinson to Moscow was "conclusively settled last Tuesday afternoon." He said Mr. Truman and he discussed the Vinson incident in their Saturday conference here only because it first was reported publicly Friday night although it had been "conclusively settled" Tuesday.

By JOHN M. HIGHTOWER
WASHINGTON, Oct. 11, (AP)—Secretary of State Marshall heads back for Paris today hopeful that his weekend's work with President Truman has averted a major American setback in the cold war with Russia.

Marshall was expected to take off around mid-day, this winding up a critical period in which he and the President decided (A) to give the world an official version of the proposed Vinson mission to Moscow.

Two Jacksonville Youths Are Found With Throats Cut

JACKSONVILLE, Oct. 11, (AP)—The bodies of an 18-year-old youth and a 12-year-old girl, their throats cut, were found today in a field used as a baseball park by neighborhood children.
The boy was identified as Lorenzo S. Darby, Jr., and the girl as Winell Etheridge. Both resided in the sector where they were killed.
The girl was lying on her stomach and the boy on his side, his head cushioned on her back. A bloodstained pin knife was found nearby and there was a larger knife in the youth's pocket.
The girl had been keeping company with Darby for almost a year, investigators reported, although her parents had forbidden their dating.
The girl's father, A. W. Etheridge, said she was sent to a neighborhood store at 7 o'clock last night. He reported her missing to police about midnight.
Papers found on Darby's body indicated he had enlisted in the Army earlier this year.
Justice of the Peace Genevieve Medlock says "It looks like a case of murder and suicide but we also are investigating the outright murder angle."

Negroes Stage Riot In Carolina Prison

STATESVILLE, N. C., Oct. 11, (AP)—A riot of armed negro prisoners erupted in a prison camp here last night by reinforcements of highway patrolmen and deputies.
The negroes held the superintendent for half an hour and a guard for an hour and a half before releasing them unharmed when prison reinforcements arrived. Twelve of the ringleaders were taken to Central Prison in Raleigh.
C. W. Knox, superintendent of the prison camp, six miles north of here said it was not a premeditated break, but started when a guard tried to take a knife from one of the prisoners who tried to attack another at supper.

Florida Voters Will Settle Row Over Seventh Cent Of Gasoline Tax

(Editor's Note: This is the first in a series of articles explaining the proposed amendments to the Florida State Constitution which will be subject to ratification or rejection in the Nov. 2 general election.)
TALLAHASSEE, Oct. 11, (AP)—Florida voters in the November general election will settle an inter-agency argument over what use should be made of the \$6,000,000 annual yield from the seventh cent of tax on a gallon of gasoline.
A proposed constitutional amendment would earmark proceeds of the seventh cent for highway construction and maintenance, just as the first six cents now are earmarked.
At present, the law gives half of the seventh cent to the school fund and half to the state general revenue fund—which is a sort of statutory double-talk because all school appropriations come from the general revenue fund anyway.
County commissioners, the State Road Department, various road-builders and highway users' associations are backing the amendment.
County school boards, teachers' associations and school people generally form the core of a militant opposition.
Here are the arguments, pro and con:
The road people say the gasoline tax is a use tax which would go to the benefit of the users—in this case the motoring public.
The school people reply if that is so why shouldn't the cigarette tax go to smokers, the whiskey tax to drinkers.
Advocates say the state needs the roads, and if the gas tax isn't earmarked for the purpose local property taxes must be raised to meet the demand.
School people say if the amendment is passed, diverting \$4,000,000.

Truman Greeted Marshall In Capital

FOLLOWING A FLIGHT from Paris aboard the Presidential plane "Independence," Secretary of State George C. Marshall (right) is greeted by President Truman at the National Airport, Washington, D. C. The Chief Executive had summoned Marshall to Washington for a first-hand report on the critical international situation. (International Southphotos)

Work Completed On St. Johns River 12-Foot Channel

Higgins Tells Rotary Of Progress Made In Developing River

Work on the 12 foot St. Johns River channel project was completed this morning at 6:00 o'clock, Manager Ed Higgins of the Chamber of Commerce told the Rotary Club at its noon meeting. This provides a 12 foot channel all the way from Sanford to Trenton, N. J. via inland waterways.
Mr. Higgins, who was introduced by Sam Martina, said that he had been working on the development of the St. Johns River for over 15 years and had had so much to say about it in years past that he had become known as "Old Man River." Following his talk he was commended.

J. W. Flynt, 83 Year Old Geneva Resident, Dies

J. W. Flynt, 83 year old resident of Geneva, died this morning at 3:00 o'clock. He had been ill in health for some time.
Born July 17, 1865 in High Falls, Ga., Mr. Flynt came to Geneva 62 years ago. He was married to Miss Mary Holden of High Falls in December, 1892. Last Dec. 25 they celebrated their fifty-third wedding anniversary.
For more than 25 years he operated a mercantile business in Geneva, as well as citrus groves and the cattle business.
Survivors include the widow, Mrs. J. W. Flynt, Geneva; one daughter, Mrs. W. G. Kilbey, Geneva; one son, Jack Flynt, Sanford; two grand daughters, Barbara and Mary Jane Flynt, Sanford; two sisters, Mrs. D. A. Watkins and Miss Jane Flynt, (Continued on Page Two)

Britain Says Reds Seeking To Oust West

New White Paper Is Sent To Soviet In Negotiations Over Berlin's Blockade

PARIS, Oct. 11, (AP)—British and American spokesmen reported the United States, Britain and France said today they are "not unwilling" to accept a Berlin settlement calling for a combined lifting of the blockade and a meeting of the Big Four Foreign Ministers on the whole German question. The spokesmen did not reply directly to an inquiry whether "combined" meant simultaneously. They said they were unable to elaborate. The Western Powers have held previously the Russian must lift the blockade before there is any further direct negotiation on the Berlin crisis.

By ALEX H. SINGLETON
LONDON, Oct. 11, (AP)—Britain accused Russia today of trying to run the Western Powers out of Berlin, of keeping thousands of Germans in concentration camps and of attempting to sabotage Europe's economic recovery.
The charges were laid down in a 4,000-word white paper on the Berlin crisis negotiations in Berlin and in Moscow.

In general terms, the statement duplicated that issued by the United States Sept. 27. But it was in greater detail, with conclusions which took in issues ranging from control of the mineral-rich Ruhr Valley to Soviet claims for \$10,000,000,000 in reparations.
The British paper said:
1.—The Soviet government has no intention of reaching agreement over Berlin, save on its own terms.
2.—Soviet authorities in Berlin have tolerated attempts by minority groups sympathetic to the military government of the city.
3.—Russia has "embarked upon a carefully prepared attempt to compel the Western Occupying Powers to abandon under duress their rights in Berlin."
4.—Acceptance of Russian terms would mean "immediate or progressive absorption of Western sectors of Berlin within the Soviet economy and whittling away of the rights and obligations of the Western Occupying Powers to a point where the whole city of Berlin was under exclusive Soviet domination."

The document charged that "Soviet authorities were violating in their zone fundamental personal and political freedoms prescribed by the Potsdam agreement."
"Within the Soviet Zone, the population is not accorded freedom of movement or of religion."
"The judiciary is not independent and thousands of people, including children, have been arbitrarily arrested and confined in concentration camps within their rights and liberties."
"Skilled workers also have been forcibly removed to the Soviet Union. In addition, Soviet authorities have used pressure and discrimination against all political opponents."
(Continued on Page Two)

UMW Votes Lewis Big Salary Boost

CINCINNATI, Oct. 11, (AP)—The United Mine Workers' convention today voted John L. Lewis a salary of \$50,000 a year and proposals that his pay be boosted to \$75,000 or \$100,000.
The union's constitution was amended to do it, as the salary of the president had been fixed at \$25,000.
Pay of Vice-President Thomas Kennedy and Secretary-Treasurer John Owens were increased from \$18,000 to \$40,000 per year, respectively.
HESS JEWEL CASE
WASHINGTON, Oct. 11, (AP)—Mrs. Kathleen Nash Durant lost today her appeal to the Supreme Court from a court-martial conviction in the \$1,500,000 Hesse crown jewel theft case.

Three U.S. Businesses Are Burned In Manila

MANILA, Oct. 11, (AP)—A spectacular fire today destroyed three American owned business establishments in the Philippine capital. The fire chief estimated damage at \$3,000,000.
The fire wiped out the Singer Sewing Company branch, the McCullough Printing Company plant, and a firm handling books, papers and Christmas toys.
SHIP SAFE
LONG BEACH, Calif., Oct. 11, (AP)—The motorship Malibu lines, believed lost after reaching a BOE last Thursday, is safe and due in San Diego Oct. 20, the Coast Guard reported today.

Cleveland Edges Boston By 4 To 3 To Cop World Series

Truman Claims Dewey Refuses To Make Stand

By ERNEST H. VACCARO
CINCINNATI, Oct. 11, (AP)—President Truman said today that Governor Thomas E. Dewey refused "to tell the country where he stands on any of the issues" in which "the people are interested."
He did not mention the Republican standard bearer by name, but said the "Republican candidate" had made "A good many headlines with talk about unity," but "I won't tell the country where he stands on any of the issues" the people want to hear about.
Mr. Truman spoke at a Democratic breakfast rally in the Hall of Mirrors in the Netherlands Plaza Hotel.
John L. Lewis, president of the United Mine Workers, was a guest of the same hotel. Lewis was called the President and his UMW has indirectly endorsed Governor Dewey.
And in San Francisco Sen. Alton Barkley said jinking reciprocal tariffs would control the European Recovery Program.
His address, prepared for delivery before the Commonwealth Club, credited the Democratic Party with the trade program and commended voters in examining the tariff attitude of "All candidates from President all the way down through both branches of Congress."
Barkley said that in the ERP law specifically stated that "the rule be invoked after each reciprocal trade agreement" among themselves and with the U.S. in order to qualify for American aid.
He predicted the American people will not permit collapse of the trade agreements program at the end of the present one-year extension next June 30.

F. A. Dyson Enters Commission Race In Group No. 1

F. A. Dyson, local contractor and former member of the Board of County Commissioners, qualified Friday afternoon to run for the office of City Commissioner in Group No. 1 in which R. F. Gaus and Dr. Henry McLaughlin are also running to succeed Len K. Lester.
Mr. Dyson served as a county commissioner from 1936 to 1944. He was born in White Lake, N. C., attended schools in North Carolina and entered construction work. He came to Sanford in 1925 and followed construction work and, in connection with street paving, was superintendent of a construction company.
Unable to pass a physical examination for Army duty in World War I due to a foot injury, he immediately enlisted in Civil Service in the mechanist division at the Charleston Navy Yard, where he served for two and a half years.
Mr. and Mrs. Dyson live at 201 West Seventeenth Street. Their daughter, Elizabeth, is engaged in secretarial work for the Episcopal Diocese of South Florida. An only son, F. A. Dyson, Jr., lost his life in Austria during World War II while serving as a bombardier.
In announcing his candidacy Mr. Dyson today made the following statement: "I feel that through my previous experience in engineering and construction work, together with eight years of service as a member of the County Commission, that I am well qualified to render efficient service as a city commissioner."

Larger Rate Hike Is Sought By Rails

WASHINGTON, Oct. 11, (AP)—The railroads announced today they will seek a 13 percent increase in freight rates. They cited new wage hikes.
The industry asked for an 8 percent boost in a petition before the Interstate Commerce Commission on Oct. 1. This will be amended tomorrow to the higher figure.

Sgt. Keith Urges Speeding Up Of Safety Program

Cost Of Accidents In City Last Year Estimated At \$130,000
Speeding up of a program of safety education, establishment of a Traffic Court separate from Municipal Court, and formation here of a Safety Council, were among the recommendations made by Sgt. C. W. Keith of the State Highway Patrol in presenting the 1947 Safety Report of Sanford as prepared by the National Safety Council at a meeting at the City Hall, Saturday afternoon. Twenty-two persons were present.
The cost of accidents in Sanford last year was estimated at \$130,000, including the expense of medical care of those injured and property damage, Sgt. Keith revealed, according to Gordon Bradley, city deputy clerk.
Sgt. Keith pointed out that he should accelerate an educational program in order to bring it up to present traffic conditions.
He also declared that people fail to realize the extent to which automobile traffic.

Bright Outlook Is Forecast For Florida's Citrus

Kiwanians Hear Walker Tell Of Better Distribution Needs
LAMPA, Oct. 11, (AP)—Thousands of Florida citrus growers are looking up in the Florida citrus industry. General Manager Marvin H. Walker of the Florida Citrus Commission said today.
Speaking before the state Kiwanis convention, Walker said he believes fruit growers will get a "reasonable profit" for their fruit this year. This is a far cry from the large losses the industry has suffered in the last two years.
Walker gave these reasons for his favorable outlook:
1. This season's crop will be a much better quality than last year's output, which produced the "sour est" fruit in 20 years.
2. Vast development of the frozen concentrate orange juice business. Last year the frozen juice processors put out 1,200,000 gallons more.
3. This year they expect to produce 7,000,000 gallons. This will mean an additional consumption of 5,000,000 boxes of oranges.
4. California is winding up its summer Valencia crop earlier this fall than it did last year, when it competed directly with Florida's early fruit.
5. Prospects of increased exports of fresh and canned citrus.
It is not until in the industry, however, Walker cautioned.

Billy Tison Named Winner Of Herald Football Contest

Billy Tison was declared winner of "The Herald's" pick-the-winner contest sponsored last week by the Raymond Studio and the Ritz Theatre.
M. L. Tills was named second place winner and W. H. Duncan, Bobby Art and Donald Ludwigson third through fifth place winners.
Young Tison will receive three \$10 portraits from the Raymond Studio, and Mr. Tills will receive one \$10 portrait. The Ritz Theatre awarded passes for two to the third through fifth winners. The passes are good to see Fuller Brush Man with Red Skelton on Oct. 17 or 18.
The first place winner selected 13 games correctly from the list of 16. Mr. Tills marked 12 winners as did Mr. Duncan, but Mr. Tills' ballot was received at an earlier time. Fourth and fifth place winners named 10 correctly.
The Touchton Drug Company and the Ritz Theatre are sponsoring the contest for this week.
Touchton's is giving a Ransom cigarette lighter and a one pound box of Whitman's Sampler candy for the first and second prizes. The Ritz will give two passes to each of the next three winners to see "Apartment for Peggy" with Jeanne Crain and William Holden on Oct. 24 or 25.

Legion Will Climax Membership Drive With Program On Oct. 18

Legionnaires will climax their membership drive here on Oct. 18, with a program to be given at the Legion Hut entitled "Operation E.B."
All veterans, regardless of whether they are members of not, are invited to attend the program to find out what takes place in "Operation E.B.," said James Wright, commander of Campbell-Lossing Post 53.
John Sauls will preside at the meeting in place of Commander Wright who will attend the National Legion Convention in Miami at the time.
The Legion Post is conducting an intensive membership campaign in an effort to equal or exceed the 351 membership of last year. It has termed the campaign, "The March of the Legionnaires."
To further the campaign, brief radio speeches over WTRB were recently made by James L. Ingley, Douglas Stenstrom, Sheriff P. A. Muro, Post Adjutant James J. Coleman, Ralph L. Moran, H. E. Sigmans, B. L. Perkins, Jr. and Bernard D. (Buddy) Lake.
Mr. Ingley, speaking on "Boys Girls" termed it one of the Legion's outstanding accomplishments and told of the 90 minute trip in a Florida Airways plane

Gene Bearden Saves Contest For Lemon; Spine-Tingling Tilt Witnessed By 40,103

By JACK HAND
BRAVES FIELD, Boston, Oct. 11, (AP)—The Cleveland Indians won their first World Series since 1920 today by outlasting the aroused Boston Braves, 4-3, in a spine-tingling sixth game witnessed by 40,103 frantic fans.
Choking off a Boston rally that fell but one run short of tying the score in the eighth inning, left-handed Gene Bearden saved the day for starter Bobby Lemon.
It was as thrilling a finish as has been seen in some time with the Braves leading but a run to get even, heading back in line fashion after the Indians appeared to have the game all sewed up.
Cleveland took a 4-1 lead in its half of the eighth with Lemon seeming to gain more zip as he went along. Then he suddenly lost it.
Tommy Holmes' single to center started the spurt that came so close to victory. After Al Dark lined out, Earl Torgerson smashed a double to right. When Lemon walked Bob Elliott, he was replaced by Bearden.
The slim southpaw who had won the big playoff game with the Boston Red Sox and who had shut out the Braves Friday on five hits, checked up the second out on a fly to deep center by pinch-hitter Clint Custer, scoring Holmes.
Phil Masi, batting for Bill Sal-keld, hit a double high off the left field wall, driving in Torgerson. The big crowd went mad as Mike McCormick stepped up with the tying run on third base and the potential winner on second. Bearden, working smartly, made McCormick hit back to the box for an easy third out.
Again in the ninth the Braves threatened. Peck Eddie Stanky, daring Bearden to get the ball over the plate, worked him for a walk on a 3-2 pitch.
Manager Billy Southworth sent Connie Ryan in to run for Stanky, who still is bothered by an ankle injury. Mike McCormick stepped up for Pitcher Warren Spahn, was up with orders to shut it.
Stanky failed miserably. His bunt attempt was a 10-foot pop in front of the plate which catcher Jim (Continued on Page Six)

Swanson Funeral To Be Held Tuesday

Funeral services for Nels Swanson, pioneer resident and orange grower in Union for many years, who died this morning at the home of his son, Norman Swanson in Jacksonville, will be held at 11:00 o'clock Tuesday morning at the Erickson Funeral Home Chapel with the Rev. E. U. Brownlee officiating. Burial will be in the Lutheran Cemetery in Upland.
Mr. Swanson who was born in Sweden, had lived with his son Norman for the past eight years. Surviving also are two sisters, Miss Ellen Swanson of Sweden and Mrs. Christine Turquist of Denver, Colo., one granddaughter and one grandson.

High Court Upholds AFL Bargaining Case

WASHINGTON, Oct. 11, (AP)—The Supreme Court today refused to review a decision that an employer must bargain with a union before he gives "merit raises" to individual workers.
The decision was given by the U.S. circuit court in Cincinnati in a case affecting J. H. Allison and Company, Chattanooga meat packer. The circuit court ruled 2 to 1 that the National Labor Relations Act requires bargaining on merit increases.
The refusal of the Supreme Court to review the case has the effect of upholding the decision.
The company asked the Supreme Court to reverse the circuit court. It explained that for 16 years it had been accustomed to giving merit raises to individual workers, without notifying employees or union. The practice was protested (Continued on Page Two)

Gene Bearden Saves Contest For Lemon; Spine-Tingling Tilt Witnessed By 40,103

By JACK HAND
BRAVES FIELD, Boston, Oct. 11, (AP)—The Cleveland Indians won their first World Series since 1920 today by outlasting the aroused Boston Braves, 4-3, in a spine-tingling sixth game witnessed by 40,103 frantic fans.
Choking off a Boston rally that fell but one run short of tying the score in the eighth inning, left-handed Gene Bearden saved the day for starter Bobby Lemon.
It was as thrilling a finish as has been seen in some time with the Braves leading but a run to get even, heading back in line fashion after the Indians appeared to have the game all sewed up.
Cleveland took a 4-1 lead in its half of the eighth with Lemon seeming to gain more zip as he went along. Then he suddenly lost it.
Tommy Holmes' single to center started the spurt that came so close to victory. After Al Dark lined out, Earl Torgerson smashed a double to right. When Lemon walked Bob Elliott, he was replaced by Bearden.
The slim southpaw who had won the big playoff game with the Boston Red Sox and who had shut out the Braves Friday on five hits, checked up the second out on a fly to deep center by pinch-hitter Clint Custer, scoring Holmes.
Phil Masi, batting for Bill Sal-keld, hit a double high off the left field wall, driving in Torgerson. The big crowd went mad as Mike McCormick stepped up with the tying run on third base and the potential winner on second. Bearden, working smartly, made McCormick hit back to the box for an easy third out.
Again in the ninth the Braves threatened. Peck Eddie Stanky, daring Bearden to get the ball over the plate, worked him for a walk on a 3-2 pitch.
Manager Billy Southworth sent Connie Ryan in to run for Stanky, who still is bothered by an ankle injury. Mike McCormick stepped up for Pitcher Warren Spahn, was up with orders to shut it.
