senger Service To Florida Will Is Not To Be Curtailed For Freight

Contractors already have one to work upon construction of the contracting to and the freight congestion will be done unless the railroads to live decide to adopt such a method. For several weeks augnitude have come from various quarrar that the railroada might had more freight if they would the number of passenger not to be effect were sent to Senator numbers the Senator passed them on to the Interstate Communication has informed the Senator, according to the Washington correspondent of the Florida Times-Union, that it has no power to order a reduction in passenger service.

The freight altuation has been to work upon construction of the Coast Line's Coast Line's Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, Perry-Monticello line, which will give it a new western route into South Florida from Thomastille via Monticello, line,

The freight altuation has been trowing better gradually with each lay witnessing the movement of When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't sufferials the volume of freight received at a destination depends to be upon the rapidity with which shipments are unloaded after they are received. There is a limit to the capacity of every rall-road yard in Florida and such yards nearly always receive the limit in the number of cars they can accomodate. Cars are being moved out as rapidity as they are unloaded and replaced with other cars bearing freight.

St. Jacobs Oil and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your sching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. greater tonnage to various cen-

Insofar as the movement of freight into South Florida is con-terned the railroads now are in position to handle virtually all that can be offered, it is said, but the provement naturally hinges upon the sapecity of yards at terminals and the speed with which the freight is unloaded. The Florida East Coast Railway now is operating over nearly all of its double track between Jacksohville and Miami and its capacity for moving freight has almost doubled as a result of use of the second line.

a result of use of the second line.

The Hanboard Air Line virtually doubled its capacity for the movment of freight into South Florida when it began operating resently, over its new line between inverness and Brooksville, which tonnecting the Waldo-Archer and the Tampa-Brooksville branches. the Tampa-Brooksville branchos, gives it a second through line from Waldo to Tampa. All freight for the Pinelias peninsula is being moved over this route and its delivery is several hours faster because it is unnecessary to handle it-through the yards in Tampa, the cars being diverted to the Tampa & Gulf Coast division near Bulphur Springs, on the outskirts

of Tampa.

The Atlantic Coast Line, with three lines into South Florida, has never found it impossible to find room for trains enroute, its trouble, as with the other ronds, being confined to unloading at termhals. The Coast Line has a main ine from Jacksonville to Tampa via Palatka, Sanford and Lakeland, another from Jacksonville to Tampar and St. Petersburg via Gaines-ville. Ocala, Leesburg, Trilby and Lakeland and a third from Way-ergs to Tampa via High Springs, Dunellon, Trilby and Lakeland Numerous short lines through the peninsula connenct, the three through routes and by diverting traffic from one to the other at strategic points it is posible to handle an enormous tonnage.

Rub Backache away with small trial bottle of old "St. Jacoba Oil."

less and doesn't burn the skin. Nothing else stops lumbago, sciatica, backache or rheumatism impromptly. It never disappoints.

One of the best locations in Florida. For Doing good business. See Plummer.

OF BUSINESS IS DOING FOR YOU

Cor. Park & Com

'I have a three burner Perfection stove my

and rent two apartments furnished with Perfection stoves-"

Writes Mrs. S. E. Drew, 207 W. Peachtree St., Lakeland, Fla.

"I've used Perfection stoves for fifteen years and expect to use them as long as I use oil stoves. I like them just fine and wouldn't have any other kind. I do all kinds of cooking on my Perfection. I like it for jelly particularly because I can keep the temperature perfectly even." mrs. S. E. Dier.

"Ive just bought one"

Writes her grand-daughter, Mrs. Paul Meddick, 111 Ecst Peachtrée Street.

"I'm perfectly delighted with it. It's so clean and so easy to use, doesn't smoke at all and cooks just fine. I tried another kind of oil stove and every time

I turned my back it smoked. My Perfection doesn't smoke at all; I feel I can go away and leave things cooking on it in perfect safety."

More Paul Machit.

Thousands of Perfection stoves are used in Florida-in private homes and in apartments. Grandmothers recommend them to their grand-daughters. And each user is a Perfection enthusiast. There are many reasons why.

Clean, intense heat pours directly into your cooking through the long blue chimneys, which burn every drop of oil and convert it into ample cooking heat be-fore it reaches the utensils. Kettle bot-toms stay as bright and clean as when

Touch a match to the wick for instant heat. The flame is visible at all times through the mica windows. To extinguish, turn wick 'way down. Immediately all heat is gone. No smoke. No odor. No hauling of coal, or ashes, for you use only kerosene, the safe, household fuel.

And Perfections need no watching, as Mrs. Meddick says. Set the flame for a particular cooking need—high, with yellow tips 1½ inches long, for quick frying; or low for simmering—and you can trust it to remain for hours as you set it. Each burner is independently operated, and gives every range of heat, as you want it. Buy a Perfection now for your Florida home. Equipped with from one to five burners, prices vary from \$7.00 to \$120.00 for our finest range with built-in oven.

Long Chimney PERFECTION STOVE COMPANY, Cleveland, Ohio

Masek Says Orlando Man Who Violated Real Estate Law Was Not A Realtor

ORLANDO, Fla., Jan. 8.—(P).

John S. Masek, executive secretary of the Orlando Realty Board has issued a statement denying that L. E. Hamilton, recently convicted of violating the new real estate law, was a "realtor" as published in papers throughout the state. The secretary of the local realty board which is affiliated with the state association of realty boards, explained that while Mr. Hamilton was a real estate dealer he was not in the proper sense a realtor as he did not belong to the local board.

Hamilton, who had his license suspended for a period of 60 days for "conduct unbecoming a real estate dealer," had stated that he will appeal thosessa.

will appeal the case. will appeal the case.

"The designation of realter can only be used, in the United States and Canada by members of the real estate board affiliated with the national association," Mr. Masek said. "This exclusive designation is the property of the national association and that property right has been upheld by court the collection of the case.

boards affiliated with the national organization, to point out to the public that the word "realter' is not synonymous with 'real estate dealer."

"In order for Mr. Hamilton to be able to use the term realter or to be referred to in press stories as a "realter' he would have to been upheld by court the Orlanda Real Estate. erty right has been upheld by court decisions in every part of the Uni-ted States where it has been con-

VENETIAN ISLES—Gems of America's Mediterranean—VENETIAN

Where Your Home Will Enjoy An Environment and Atmosphere of

VOR the man or woman who is seeking the maximum in beauty of location, delightful surroundings and artistic development, VENETIAN ISLES have a peculiar appeal.

The very situation of these island gems, out in the heart of sparkling, Biscayne Bay, gives them at once both solitude and accessibility—qualities that are so eminently desirable for your home. Because of their very location, and arrangement, they can never become congested, though every lot be built upon. and at the same time they will be quickly and easily reached from the heart of the city via Venetian Way, and the great 100-foot Drive of the Campanili which crosses this island chain northward to connect with the Miami Shores causeway.

that waterfront property is always the most desired and the most sought for; that Biscayne Bay waterfront property, in the Miami district, is paramount; that Venetian Isles are in the heart of Biscayne Bay. an Island of the house here a little and the

You cannot reproduce Biscayne Bay. Only Nature could have created such a magnificently beautiful setting.

Imagine, if you will, the outlook from Venetian Isles over the bay toward either Miami or Miami Beach—by day or by night! Picture in your own mind what it will mean to enjoy the environment

and atmosphere surrounding a home built on such a magnificently developed property in such a magnificent setting!

Where you have a property of superlative disirability, of which the supply is definitely and posi-tively limited, your own good judgment will tell you that ever-increasing values are inevitable.

ADVERTISEMENTS TELL YOU WHAT THE OF BUSINESS IS DOING FOR YOU

MARVANIA

-- the best in Sanford Development

Compare Marvania with any of the present day developments in price, location, improvements and you are sure to realize the investment value that it embodies either from the standpoint of a home site or of profit.

> Sanford broke all previous building and construction records during the past year, greater records are sure to be established during 1926, even if the same progress is shown Marvania will enhance in value more than any other development due to the city's natural eastwardly growth, and its close proximity to the business section.

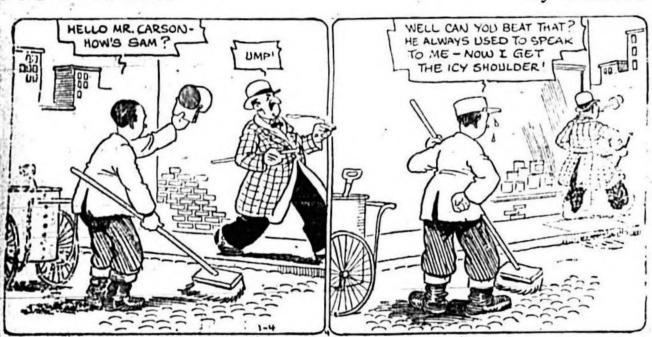

Secure homesites in this ideally located community, where the city's greatest activity is now in progress. Profits are sure in Marvania, therefore it is not a speculation but just a good sound gilt edge investment.

HOTEL OR OFFICE BUILDING.

AN UNEXCELLED LOCATION FOR APARTMENT HOUSE

Park Avenue and the Lake Front

362 Feet On Park Ave. 117 Feet on Seminole Boulevard Or Lake Front.

The location itself can not be equalled. The property is almost adjoining the Court House, directly across from the City Hall, Masonic Temple and other municipal buildings. No other corner in the entire business section has such a commanding location. Its nearness to everything make it most desirable.

The site will be divided into lots of 25 feet or more. This will enable any one desirous of securing a central investment an opportunity to get in on the ground floor. The owners, non-residents have instructed us to sell. We feel that the price they have given us, and which we are quoting, is at least \$250.00 under the market.

OUR PRICE TO SELL

\$1,000.00 per foot. Convenient Terms.

If you are interested in a proposition of this type get in touch immediately with our office.

Real Estate Values Are Increasing

One hundred years ago, Fifth Avenue New York City was a cow path, today it is the greatest and most valuable street in the world. There is no up telling the average American how real estate values grow. Mothers bringing children into the world, give real estate its value.

Some property in Denver, Col., which is how worth many millions of dollars, was traded with \$25.00 in return for a horse, saddle and bridle.

The territory which comprises the State of Pennslyvania was granted to Win. Penn in payment of a personal debt of \$16,000.

Real Estate values are increasing and will alway, increase. Buy real estate now from one of the Realters listed on this

ed Bribe Plot Register On Stand In Own ROBBERS HOLD Date Of First Regatta Of Bound Robber Robber Postponed From Jan. 23 Months Postponed From Jan. 24 Months

OPLANDO, Jan. 11 .-- (P)-Argument by the state was comted this morning in the case of Haywood Register, 22, of Sanford and Jasper, on trial here for the alleged murder of Peacch Peepols, negro taxi driv-

er on the Ft. Christmas road last July. The prosecution was given time to prepare its argument and court was recessed until 1:30

o'elock. Only one witness was presented by the defense. It was Haywood Register, who took the stand and denied every statement that had been made by all witnesses of the state.

Register testified that

Walker, constable of Seminole county, came to him in the Miami jail and told him that Joe Tracy was going to swear out a warrant for him charging him with the murder and tried to get him to swear out one for Tracy, which he refused to do.

Register declared that Walker suggested to him that he and Tracy rob the Atlantic Coast Line office in Sanford but that he told Walker that he would

not do it. The prosecution announced that its argument would be brief and the case is expected to go to the jury early this after-

because of the rail embargoes, and largely upon the advice of officials of the Florida Power Boat Association, the first annual regatta of the Sanford Yacht Club has been postponed from the original date of Jan. 23 to some day during the latter part of February, according to a statement made this morning by Commodore J. R. Emory.

By delaying the date of the regatta approximately a month. Mr. Emory believes that n larger number of boating enthusiasts will be attracted to Sanford, and that better prevailing conditions will contribute more to the success of the locating history, and we don't want to go off half cocked."

"Plans are progressing rapidly," he added, "and by February every little detail will be worked out for the largest sail and power boat meet ever held in this section of Florida."

Mr. Emory stated that favorable replies had been received from yachting enthusiasts inm any sections of the state who had been asked to enter the meet, and that present indications pointed toward a record crowd being on hand for the program, which will include events for many classes of sail and
